Concrete Sidewalks are Safe, Sightly and Everlasting

LUMBER used in damp places and on wet ground—as, for instance, in walks—has a very short life. It requires almost constant repairing and, in a few years, needs replacing. Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder—until neither time nor traffic can affect it. The best of wooden walks keep getting out of repair, and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to eat up the original cost in repairs before they are replaced. Concrete walks are sightly, everlasting and safe. They cost less to build and need no repairing nor painting. Write for our free book, "What the Farmer Can Do With Concrete." It tells in plain, simple language, how you can save money on farm construction by using cement for Barns, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitching Posts, Stalls, Silos, Stairs, and so forth. The Book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal to-day. Simply address it to—

P. E. ISLAND CHILD BURNED TO DEATH

Spark From Stove Ignited Little One's Clothes; Mother Absent at Time Attending to Chores.

Charlottetown, Nov. 18—A deplorable accident occurred at Iona today, when the two-year-old child of Benjamin East, section foreman on the railway, was burned to death. The child, while sitting by the wood stove, flew out and ignited the little one's dress. Two neighbors who were passing heard the child's cries and rushed to her aid, but she was so badly burned that death came a few hours later.

SENT INNOCENT MEN TO PRISON

Two New York Merchants, Sentenced for Forgery, Ordered Released by Appellate Court—Judges Doubtful if any Crime was Committed.

New York, Nov. 18—An order for the immediate release from Sing Sing prison of Morris Taub and Louis Brown, formerly engaged in the cotton goods business here, as Brown & Taub, was issued, tonight by the appellate division of the supreme court. The men were convicted in February, 1910, by a jury in general sessions and were sentenced by Judge Malone to Sing Sing for not less than two years and six months on a charge of forgery in the third degree. According to the appellate division, they should not have been prosecuted at all on the charge of forgery, and it appears to be a case of grave doubt if any offense warranting criminal prosecution was committed. It was charged by the district attorney's office that Brown & Taub "with intent to defraud," made an entry in their ledger of \$26,345.84, which purported to indicate that the share of Brown in the business amounted to that sum, whereas the share of Brown in the business was \$5,787.32. The order of the court will be taken to Sing Sing tomorrow by a lawyer.

A TRAIN ROWDY RECEIVES A LESSON

Fined for Swearing on a Train and Acting Disorderly.

Amherst, Nov. 18.—The summary manner in which Johnston Cameron of Charlottetown, Cumberland County, dealt with the Police of the Intercolonial Railway yesterday, should be a warning to young men who think they can use profane and insulting language on railway trains.

On the evening of the 15th, inst., Cameron, No. 84 train at Amherst, had been drinking and on the way back he received an idea that he would show the passengers and train crew just what a terror he was. He pulled out of his coat he dared any of the passengers to fight. The train crew kept him within bounds until Maclean was reached and he was put off. Not feeling that he had sufficiently distinguished himself, he proceeded to take charge of the station. On the morning of the 16th, Special Agent Tingley was advised of the matter and immediately had Inspector Jones go to Amherst and get a warrant for Cameron's arrest. Armed with the warrant Mr Jones proceeded to Charlottetown and placed Cameron under arrest. He was brought to Amherst the same day where he was fined \$15.00.

IT GROWS HAIR

Here are Facts we Want You to Prove at our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course in none of these cases were the hair roots dead, nor had the scalp taken a glazed, shiny appearance. Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We guarantee that Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, Thos. Wran

BIG CUT IN FLOUR

PRICE IN MONTREAL

Montreal, Nov. 20.—The Lake of the Woods Milling Company on Saturday reduced their quotations for flour 30 cents a barrel. Apparently, notwithstanding the fact that the wheat markets lately have appreciated in value and the foreign demand for flour has also improved, this reduction is put in force on account of the cutting in price in the domestic market.

CAMPBELLTON, N. B., NOVEMBER 25th, 1910.

A correspondent of the St. John Telegraph hits off the condition of the Hazen boulevards excellently. He says there is on them too much water for an automobile and too little for a motor boat and so the farmers have to stay at home having neither.

There has been a remarkably sudden drop in the prices of meat food in New York city during the past fortnight. Fresh pork dropped 5c. per pound and ham 4c. per pound. Compared with two months ago, beef steak has dropped from 2 to 3c. per pound; chickens 5c. per pound; 3c. per pound. Traders say it is due to the bumper crops, but the people maintain it is due to the result of the recent bye and general elections.

If you are a kicker and see the shadows of failure in everything that is proposed to help the town, for heaven's sake go into some secluded canyon and kick your own shadow on the clay bank, and give the men who are working to build up the town a chance. One long-faced, hollow eyed, whining, gasping, chronic kicker can do more to from a town than all the drouths, short crops, cinch bugs, cyclones and blizzards combined.—Millet Packet.

CANADIAN MAGAZINE FOR NOVEMBER.

The significance of the co-operative movement among farmers in Western Canada is strikingly shown in an article by George Fisher Chipman in the November Canadian Magazine, entitled "The Voice From the Soil." According to Mr. Chipman, Western farmers are now in a position practically dictate to the Government. Another noteworthy contribution to this number is a chapter, entitled "My Early Connection with London Journalism," which is taken from the Reminiscences of Goldwin Smith soon to be published. Mr. Newton MacTavish gives a sprightly account of the visit of 169 school-teachers of Manitoba to Great Britain, and James Cooke Mills has a fine article on the new tunnel under the Detroit river. "The Golden Nickel Plate" is another article by Harold Sands on the romantic aspects of British Columbia mining. These articles are well illustrated. "The Settlement in South Africa," by Hon. Lionel Curtis, is a splendid article summing up the situation in the new British Dominion.

There are also short stories by Clare Giffin, Fred M. White, and Tessie M. Scott, with poems by Isabel Ecclestone Mackay, May Austin Low, Theodore Roberts, and Margaret O'Grady.

CAMPBELLTON IS ENCOURAGED

All Brick Buildings on Water Street Gives New Town Solid Appearance.

The St. John Standard's Campbellton correspondent sends that paper the following accurate statement of conditions here.

"Campbellton, Nov. 15—In looking over the town one can scarcely realize that only four months have elapsed since the disastrous fire of July 11th, so great has been the progress made in rebuilding. All along Water street solid business blocks are in course of erection, some of them quite handsome and imposing, while throughout the length and breadth of the town dwellings of all kinds are springing up as if by magic. On the whole the classes of dwellings being erected are more modern in every respect than those destroyed by the fire. Up till a few weeks ago the weather was favorable for rebuilding, but since then there has been a great deal of rain, making it very disagreeable for all concerned.

Contractors have been at a disadvantage from the start owing to the insufficiency of skilled labor as well as the difficulty in procuring lumber to keep up the demand. Many times during the summer for instance, there was not a matched board to be had in the town at any price, even with the surplus stocks of factories and mills all over the country being drawn upon continually. Wages and prices for lumber have, as a consequence, advanced considerably. Bricklayers are being paid from \$4 to \$5 per day, carpenters, \$2.50 to \$4. In spite of

the unusual conditions prevailing, the amount of work that has been done is almost astonishing. It is perhaps more perceptible to the outsider, who drops in for a day or two, and in fact, many travellers have expressed their amazement on different occasions.

SLOWEST IN WATER STREET.

Perhaps the part of the town that will be slowest in rebuilding is Water street, owing to the new fire district regulations, which will not allow of anything, but a solid fireproof construction on that street. But those who have found fault with the new regulations and said that they sounded the death knell of the town's future prospects from a business standpoint have an incontrovertible denial in the fact that so many fine business blocks are already rapidly nearing completion and that there are many more in contemplation for next year. In fact with one or two exceptions, every business man is planning for a bigger business than ever.

500 BUILDINGS.

The number of buildings under construction has been variously estimated from three to five hundred, but in talking with the building inspector, some time ago, he placed the number at about 500. Perhaps a list of those on Water street will be of interest:

- Lounsbury Company, large three story brick building containing offices and warehouses for themselves as well as a store and offices for rental.
- Leon Cantin, two story brick building with two stores.
- John J. Gray, three story brick hotel and restaurant.
- McRae Bros, three story brick and stone building, 60x60 feet, with two stores and dwelling.
- Edw. Sullivan, large brick office, residence and warehouse.
- J. R. McKenzie, two story brick and concrete store and residence.
- H. A. Marquis, two story brick and concrete store.
- Bank of Nova Scotia, three story brick and stone building.
- A. McE. McDonald, two story brick and concrete building for two stores and offices.
- Bank of New Brunswick, pressed brick with handsome stone front.
- Geo. Vermette, large three story, brick building, with two story ell, for store, bakery and residence, and suite of offices for rental.
- Dr. L. G. Pinault, fine two story brick residence and office.
- Miss Godfrey, two story brick store and dwelling.
- Joseph Boudreau, two story brick store and dwelling.
- W. H. Wallace, fine concrete residence.
- Dr. A. Martin, two story brick residence and office.
- E. David, two story brick residence and store.

Besides these there are—Wood-working factories of J. & D. A. Harquail; foundry and machine shops of McLennan; foundry and machine works and Duncan Foundry; Jones & Schofield, large brick warehouse and office; Shives Lumber Company, large shingle and tie mill, which will have 20 machines.

NEW I. C. R. BUILDINGS.

The work on the new I. C. R. shops and roundhouse is progressing rapidly. The walls of the structure were completed some time ago, and the roof is now being put on. A large force of men have been kept on the job since the start under the superintendence of Mr. Burpee, and good work has been accomplished in quick time. There will be accommodation for 25 engines in the roundhouse and the offices and shops in connection will be up-to-date in every particular.

Messrs. Harquail have about completed their contract of building forty houses for the relief committee and nearly every family in town has been provided with winter quarters. There are a number of tents still occupied, however, by laborers and others who have found it impossible to get lodging in more suitable quarters.

No new cases of typhoid have developed for some time and it is thought there is no more danger of the spread of that disease. Although some alarming reports were sent abroad about this matter, there was really no ground for them, there being no more than forty or fifty cases altogether, which could hardly be avoided under existing conditions. The work of the relief committee continues and the first fall of snow, which came Saturday brought to their minds with added force their responsibilities. While there is plenty of work the needs of the less fortunate of the fire sufferers will not loom up so large, but when building operations are somewhat retarded by the severe weather and labor is not so much in demand, there may be some suffering and misery.

True Household Economy

MOTHERS, we owe it as a duty to our husbands and families to take good care of them. We all want, of course, to have our loved ones cheerful and comfortable. Our dominant part is to give them the very best that we can make or bake. But sometimes we are tempted to save a few pennies in food and think that in so doing we are economising. But is it so? Is this the kind of economy that is wise and profitable? Is it doing our full duty to our loved ones?

Royal Household Flour

We wouldn't think of buying the lowest priced eggs in the market just for the sake of economy. We would feel that because they were cheap they would be good eggs to avoid. The low price would give us a suspicion of their freshness and quality.

But when it comes to flour, for example, we may be tempted to buy the second best instead of the best because of the few pennies difference in price. We may think that economy in flour is different from economy in eggs. But it isn't. The principle is the same. The difference in cost between the best flour in the world and ordinary flour is so little that in justice to our responsibility as wives and mothers we can not afford to take chances.

From every point of view Royal Household Flour is more economical than any other. It produces more loaves to the barrel. It is richest in food value. It is more uniform. It is best for Pastry as well as Bread and bread or pastry than any other flour.

ROYAL HOUSEHOLD FLOUR furnishes more nourishment, more real food value per pound and per penny's worth than any other flour in the world.

Ogilvie's "Buck for a Cask" will be sent free to the woman who asks for it and sends in the name of her dealer.

BLACK CAPE

A very pretty wedding took place at the manse New Richmond on Wednesday, October 25th at 6 p. m., when Miss Emily Powell was united in the holy bonds of matrimony to Mr. Ernest Campbell. The ceremony was performed by Rev. B. McCallum. The bride was dressed in white with hat to match which looked very charming. She was attended by Miss Jennie Campbell sister of the groom while Mr. Gordon Robertson of New Richmond supported the groom after which the happy couple drove to the home of the groom where supper was served at 9 p. m. The table was beautifully decorated and loaded with delicacies. After the supper was over a very enjoyable time was spent by all. The presents were numerous and handsome testifying to the popularity of both the bride and groom. We all join in wishing them a happy journey through life.

SCIENCE CURES THE KIDNEYS

THROUGH "FRUIT-A-TIVES" The Famous Medicine Made of Fruit Juices

After careful consideration, it has been determined that "Fruit-a-tives" is a thoroughly scientific remedy. It is based on scientific facts and it cures in a scientific manner. In fact "Fruit-a-tives" is known to be the most scientific remedy ever discovered for Kidney and Bladder Troubles. Mr. Placey thinks so, and his experience proves it:

Uxverton, P. Q., March 17th.

I suffered for many years with Kidney Trouble and Pain in the Back. I took every known kidney remedy and kidney pills, but nothing gave me relief. I was advised to try "Fruit-a-tives," and this fruit medicine cured me when every other remedy failed. I used fifteen boxes of "Fruit-a-tives." From the first, "Fruit-a-tives" gave me relief and I am now well—no pain, no suffering—and every symptom of Kidney disease gone.

RESIGNS PRINCIPALSHIP

Blanchard P. Steeves, B. A., for about six years principal of Newcastle Superior school, has resigned. It is understood that Mr. Steeves will go west, where better situations are awaiting well-qualified eastern teachers. Mr. Steeves will be much missed in Newcastle, likewise Mrs. Steeves, who is very prominent and popular in the social life of the town.

The warmest friends of Red Rose Tea are those who have tried some other brand said to be "as good as Red Rose" and for which they paid the same price. Very easy to say a thing is "as good" but not so easy to "make good."

ROGERSVILLE MAN HAS SMALLPOX

Suspects Arrived Here Last Week And Were Quarantined.

The Campbellton Board of Health has been alerted and is endeavoring to keep out a smallpox epidemic. In Northumberland and Kent counties there are a large number of cases, so that it is no easy matter to watch suspects coming here, more especially as there are hundreds of men coming to Campbellton to work or going up river to the lumber camps.

Last week two men named LeBlanc arrived here from Rogersville and the Board of Health deemed it advisable to place them in quarantine and the wisdom of this course was shown as one of the men has already well developed smallpox. They are confined in the isolation hospital and are being cared for by the town Board of Health. These men were brought here by the I. C. B. to work at the new roundhouse and it is the opinion of town officials that the I. C. B. should foot the bills for the case.

MINARD'S LINIMENT CURES Burns, Etc.

GENTLEMEN—In July 1905 I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept. 1906 Mr. Wm. Outridge of Lachute urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and to-day I am as well as ever in my life.

Yours sincerely, MATTHEW HAINES, mark

McEWAN—DRAPER

The marriage of Miss Mary Draper, of Dalhousie Junction to Mr. Charles McEwan of Washington B. C. took place at the home of Mrs W. Draper, 4 Browing Ave. Dorchester, Mass. on Tuesday evening Nov. 15th. The ceremony was performed by Rev. Mr. Wheten of the Harvard congregational church, Dorchester. The bride was becomingly attired in wisteria silk, and carried a handsome bouquet of white roses. She was given away by Mr. Duncan Fletcher. The wedding was very quiet, only immediate relatives of the contracting parties being present. After the ceremony refreshments were served, when the happy couple left for their home in Washington followed by the best wishes of all for a happy and prosperous life.

WILL NOT HEAR APPEAL

London, Nov. 15—The Privy Council to-day gave judgment in the New Brunswick case of Eliza Currey, versus Lemuel A. Currey. The point was whether the petitioner was entitled or not to a divorce on the ground of alleged cruelty by the husband. The petition for special leave to appeal was dismissed.

The effect of this decision is that the original judgment of His Honor Mr. Justice McKeown stands, and the marriage tie is not dissolved.

AN INTERESTING EVENT

The marriage took place yesterday morning of Mr. Charles D. Farrah and Miss Zelia White of Rogersville. Miss Cecelia White sister of the bride, acted as bridesmaid, while Mr. P. Herrall of Rogersville acted as best man. The nuptial knot was tied by Rev. Father Richard. The Advocate wishes Mr. and Mrs. Farrah many years of happiness. The happy couple arrived in Newcastle last night and are now the guests of Mr. and Mrs. A. D. Farrah.

FORTIFY YOUR SYSTEM

Against Throat and Lung Troubles With Father Morley's No. 10.

In our variable climate, a neglected cold or sore throat is apt to lead to serious disease. If every cough had been treated in time, with Father Morley's Lung Tonic, commonly called No. 10, many a person now under the sed would be alive and well. The learned priest-physician, after much study and research, succeeded in making up a Lung Tonic which not only gives prompt relief, but also strengthens the whole system so as to prevent future attacks.

No. 10 is made from the healing roots, herbs and balsams to be found in Nature's laboratory, skillfully compounded in the proper proportions, and contains no opium, morphine or other harmful drug. It has been used with complete success in thousands of cases, and has undoubtedly saved many useful lives. Even in cases of consumption it has proved very helpful, arresting the decline and assisting Nature to restore the wasted system. There are on file numerous grateful reports from those who had previously tried other remedies without success, and yet were in a short time cured by the Lung Tonic.

These people also testify that No. 10 has so strengthened the system that they have more power of resistance, thus conserving their general health, and lessening the chances of illness. In this way they have in due time built up a strong, vigorous constitution, capable of withstanding sudden changes in weather conditions, even in our fickle climate. Do not allow a cough or cold to get serious, for although the Lung Tonic is helpful even then, it is well to take it in time, and avoid unnecessary suffering. Trial bottle 25c. Regular size 50c. At your dealer's, or from Father Morley's Medicine Co., Ltd., Chatham, N. B.

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Belleville, Ont.—"I was so weak and worn out from a female weakness that I concluded to try Lydia E. Pinkham's Vegetable Compound, I took several bottles of it, and I gained strength so rapidly that it seemed to make a new woman of me. I can do as good a day's work as I ever did. I sincerely bless the day that I made up my mind to take your medicine for female weakness, and I am exceedingly grateful to you for your kind letters, as I certainly profited by them. I give you permission to publish this any time you wish." Mrs. ALBERT WICKETT, Belleville, Ontario, Canada.

Whenever you should remember that there is no other remedy known to medicine that will cure female weakness and so successfully carry women through the Change of Life as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 50 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration. If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

NEW BRUNSWICKER WAS MURDERED

Brian Cogger, the Victim--Two Brothers Are Living in St. John.

Rev. E. J. Byrne, on Sunday last in the Sacred Heart Church, Norton, requested the prayers of the congregation for the repose of the soul of Brian Cogger, a former resident of that place, word of whose sad and untimely death reached there.

Some twenty-one years ago Mr. Cogger left his native village, and going to Washington State engaged in the lumbering business, and by work and energy amassed quite a fortune having, it is said, an income of about fifteen thousand a year. A short time ago, leaving his home town, Colpit, Jefferson county, he went to Seattle, to transact some business, and getting through, he was on the return trip. Arriving at the Ferry he informed his wife that he was to meet a certain man on that day, and almost forgotten. He advised her to continue home and that he would return to fix up the little transaction and would follow her the next day. Not arriving as he had promised, the wife grew anxious, as she had a presentiment in the night that he had met with some foul play. She notified the police, and, after a diligent search of five days, his mutilated corpse was found under an old shed, with his throat cut from ear to ear. It is presumed that he was cruelly murdered for his money, as he was known to have entered the bank the day of his visit to Seattle. Neither money nor a gold watch that he had always carried were found on him. So far the police have not discovered the murderers.

Brian Cogger formerly carried on a general merchandise business at Norton in partnership with his brother, Thomas, who now runs a grocery store on Rockland Road, St. John. Patrick Cogger, a farmer, of Norton, is a brother of the murdered man, and so is John Cogger, a storekeeper on Haymarket Square.

Brian Cogger was about 52 years old, and when he left New Brunswick was unmarried. His wife belonged to the State of Washington. St. John relatives had no special news of the sad occurrence.

MAN CHARGED WITH STEALING \$90 IN CAMPBELLTON ARRESTED HERE

A man answering to the name of Frederick Murphy, and claiming Halifax as his home, was Saturday morning arrested at the I. C. R. station on the arrival of No. 31, by Chief Rideout, and locked up in the Moncton police station, charged with the theft of \$90 in Campbellton.

On Wednesday last Chief Rideout was in receipt of a telephone message from Chief Hughes of Campbellton, asking to have a sharp lookout kept for Murphy. Apart from phoning a good description of the man, Chief Hughes gave no further information as to when or from whom the money had been stolen.

When No. 34 arrived in Moncton Saturday morning Chief Rideout was at the depot, and from the description given, located his man in the second class car, lying down, and placed him under arrest. When brought to the police station and searched \$34.15 was found on his person. He admitted that Frederick Murphy was his name and this was substantiated, when letters, bearing such, were found in his pockets. When arrested Murphy was somewhat intoxicated, and in the car was reticent and refused to talk. He admitted later, however, his name, where he claimed to belong, said he was about 25 years of age, and that he had been drunk up north for the last couple of weeks. Chief Rideout acquainted Chief Hughes of the arrest, and obtained the information that the money had been stolen from Connell's restaurant in Campbellton.

Saturday afternoon Chief Seely of Dalhousie, arrived in the city with a warrant issued by police magistrate Matheson of Campbellton, and will leave this morning with the prisoner for Campbellton. Chief Seely recognized in the prisoner the man Murphy who is wanted for the theft in the north shore town.
