TUESDAY NIGHT'S COUNCIL MEETING

Small Number Present—Matter of 1923 Estimates Left for Special Meeting.

A meeting of the town council was held last night but very little business was transacted as only four councillors attended. Mayor MacKay was in the chair and Councillors St. Onge, Gilber, Graham and Graham were present.

The minutes of the previous meetings were read and adopted.

The matter of Appropriation was briefly discussed as this was the chief reason for the meeting, but owing to the small number present most of the councillors felt it would be better to postpone the matter until a fuller board could be had. His worship pointed out that a quorum of the council was present and they were at liberty to take up the matter at this meeting if they wished. His Worship added however that he was agreeable to having the matter taken up at another meeting in the near future. This course was decided upon.

Several communications regarding different matters were touched upon and left over until the next meeting. Several applications for trucking licenses were taken up and upon vote were referred to the Police and License Committee.

An application from Messrs. Sharpe and Olsen for permission to install a gasoline tank at their garage. Moved by Coun. Gorman, seconded by Coun. St. Onge that application be referred to Police and License Committee.

A communication from the manager of the Electric Light Plant was read and referred to the Electric Light Committee.

The local speedway was the scene of some interesting horse races on Monday. A good crowd attended, the grand stand was crowded to capacity and scores of autos lined both sides of the track along the home stretch.

Five new horses made their first appearance on the local speedway in this event and most of them gave good promise for better work later in the season.

The free for all was won by Billy Be Sure but many of the spectators were of the opinion that Kyo Todd, owned and driven by H. A. Fowles, would have carried off the honors if she had got away to a good start. After winning the first half mile heat in 1:09, the mare began to act badly and broke just at the start of the second. After scoring several times the starter gave the word to go with Kyo Todd nearly fifty yards behind her three competitors. However, he drove in a way that evoked Kyo's best efforts and she finished just half a length behind the winner.

An incident which provided both a thrill and several laughs for the spectators happened when H. P. Doyle, driving Lady Carr met with an accident on the back stretch. One of the tires blew-out and when the wheel collapsed Mr. Doyle was thrown violently from his seat. He escaped injury however and, being unable to secure a proper sulky, drove Uncle Sam in the next heat in an ordinary steel-trail gig—and came in first amid the lusty cheers of the greatly amused crowd.

THE PAULIST CHORISTERS

America's Greatest Male Choir
Here Next Monday—
Seventy Voices

No doubt the most important musical event ever to happen in Campbellton is the forthcoming engagement on Monday evening next, at the Opera House, when the Paulist Choristers, under the leadership of Rev. Father Finn, will grace the stage and with-out question thrill and delight all those who turn out to hear them.

Famous the world over, this organization has won the unstinted praise and commendation of the highest authorities in the land. Column upon column could be taken up in setting forth the many letters of thanks, recommendation and praise that have been showered upon this choir by press and public. They are said to be second to none unless it be the famous Sistine Chapel Choir of St. Peter's, Rome.

In 1912 the Paulist Choristers were awarded the first prize in the Division of Honor in the Great International Competition of Choral in Paris. Father Finn, founder and conductor, was decorated with the Palmes of the French Academy on that occasion. No other concert organization presents so large a number of perfectly trained sopranos and alto voices. The perfection which the critics everywhere recognize in the work of these small boys, is accounted for by their daily training in their residence school at Libby Castle, New York.

While the Paulist Choristers have never sung in Canada east of Montreal, this being their first visit to Quebec and the Maritime Provinces, they have sung in most of the cities of the Atlantic coast and west. On one tour under the auspices of the French War Relief, they gave 251 consecutive concerts.

The Opera House management reports that no announcement of a forthcoming attraction has ever met with such widespread approval as this one and all eyes point to a capacity house on next Monday evening, which by the way is absolutely necessary if Campbellton is going to take its place among the towns able to support the bigger and better entertainment offerings.

HAD EYE INJURED
Hector Roy of Richardsville sustained a painful injury to his right eye on Monday while working at the edge in Richards upper mill. The accident was caused by a small piece of wood splintering off the machine and hitting Mr. Roy in the eye. The unfortunate man was immediately taken to the Hotel Dieu Hospital, where he is reported as doing very well, although his injury will likely require several days treatment.

Primary catechism certificates—Sodile Margaret Dunphy McKenzie, Frances Vera Miller, Eileen Hilda Wood, Mina Catherine Gerard, Lois Robertson Lingley, Marion Kennedy Foulkes.

Shorter Catechism Certificates—Helen Frances Adams, Mary Evelyn Gorman.

ASSEMBLY AWARDS FOR LITTLE FOLK

Over Thirty Young Folks
Receive Diplomas, Etc., For Proficiency in S. S.

St. Andrews Presbyterian Church was the scene of a very interesting and pleasing event on Sunday morning last when over thirty young folks were presented with certificates and diplomas for proficiency in memorizing scripture and catechism. The service was very largely attended. In making these presentations to the little folk the pastor, Rev. Mr. McNair, was assisted by Mr. James Craig and Mr. W. F. Yonston, Superintendent and Assistant Superintendent, respectively of St. Andrews Sunday School. The following are those who won these Assembly Awards:

Cards—Ronald Campbell, George Chalmers McNair, James English, Kenneth Downs, James Lunan, Donald Richards, David Gerard, Allan Miller, Burns Shaw, Jean Campbell Alexander, Cyneth Helen Reid Foulkes, Martha Clara Bulah Flann, Lois Robertson Lingley, Evelyn Agnes Connolly, Eileen Hilda Wood, Maude Blanche Lilly Salmon, Jean Estelle Dickie.

Certificates—Margaret D. Foulkes, Maude Mary Adams, George Chalmers McNair.

Diplomas—Elizabeth Adair Young, Mary Evelyn Gorman.

Many names of young people, Jean Watson Gerard, Helen Frances Adams, Vera Kathryn Shaw.

Primary catechism certificates—Sodile Margaret Dunphy McKenzie, Frances Vera Miller, Eileen Hilda Wood, Mina Catherine Gerard, Lois Robertson Lingley, Marion Kennedy Foulkes.

Shorter Catechism Certificates—Helen Frances Adams, Mary Evelyn Gorman.

Several reports show that only one house has so far been destroyed. This was the property of Alexander Fraser of Moore's Settlement who sustained severe loss in his barn, stock and farm machinery was also destroyed.

Local Fire Brigade Called.

On Monday help was requested from Campbellton and the fire engine and a quantity of hose and other necessary material, accompanied by a detachment from the fire department, was rushed to the fire zone. There firefighters have since been joined by a large number of citizens and some two or three hundred employees of the lumber companies here. Late reports said that no eminent danger threatens any of the settlements in the Matapedia Valley district.

On the I. N. R.

Forest fires also broke out in the I. N. R. district on Tuesday and yesterday several large tracts of lumber land about Upsalquitch and also near Redgwick were in flames. Local lumber concerns forwarded men and supplies by a special train yesterday afternoon so that there are now about four hundred men fighting the fires in the vicinity. So far no homes have been destroyed but the loss of lumber land will probably run into large figures.

Other fires are still burning in the vicinity of Millstream and Milneke. One large number of fire fighters are still at work there also and the danger is by no means past.

SUDDEN DEATH AT RIVIERE DU LOUP

Mr. Joseph Scott Found Dead In His Home By Friends.

The sad intelligence of the death of Mr. Joseph Scott at his home in Riviere du Loup, will be received with feelings of profound sorrow by his many friends here and throughout various parts of the country where he was well and favorably known. The deceased gentleman who was sixty-three years of age was a retired railway engineer, having retired four years ago after a long and faithful service in the employ of the C. N. R., during which time he was on duty for a period of thirty-two years in the railway yard at Riviere du Loup. The death of the late Mr. Scott was something of a shock to his relatives and friends owing to the circumstances which surrounded the event. The deceased's wife, who is a sister of Mrs. E. Atherton Smith, the well-known welfare work organizer of St. Andrews-by-the-Sea, was away visiting at the time Mr. Scott was missed for some days by neighbors and friends from Campbellton who stopped off at Riviere du Loup to visit him. At last, becoming alarmed at not seeing his friend about as usual Mr. Williams, a neighbor of the deceased, attempted to gain entrance to the house. Finding it secure, he secured the assistance of the authorities and forced an entrance only to find Mr. Scott dead in his customary chair. It was later ascertained that the late gentleman had been dead for four or five days. Death it is said was due to heart failure.

The late Mr. Scott leaves to mourn two sons and one daughter. The sons are James of St. Paul, Minn. and Atherton of Seattle, Wash., and the daughter is Mrs. Virbath of Sherbrooke, Que.

The funeral services were held yesterday afternoon from the deceased's late residence and were probably the most largely attended of any funeral ever witnessed in that vicinity. The Brotherhood of Railway Engineers and other railroad orders, also attended to pay their last tribute of respect to a departed friend and former fellow employee who by merit of his sterling qualities had won a warm place in their hearts, both as a friend and as a man.

To the bereaved relatives the heartfelt sympathy of the late Mr. Scott's many friends is extended in their hour of sorrow.

The meeting adjourned to meet Friday evening, June 8th at 8 o'clock at the Curling Rink.

The membership committee report that a large number are joining and as the number is limited, those desiring to become members should make application at once.

When you have a hot head and cold feet and feel sour on the world, then is the time to see Dr. Jack. A laugh is a second is his tonic.

FOREST FIRES ON NORTH SHORE

Several Forest Fires Have Been Raging for Past Week—Villages Threatened

For the past week several forest fires have been raging in different localities on the extreme north shore of the province and in the Matapedia Valley and southern Quebec. In addition numerous other brush fires have broken out along both sides of the Bay Chaleur Coast but so far none of these have developed to any alarming proportions.

In the Matapedia Valley however the situation at times has been serious, the village of Kunymede and Moore's Settlement at times being threatened by the flames.

One House Burned.

So far reports show that only one house has so far been destroyed. This was the property of Alexander Fraser of Moore's Settlement who sustained severe loss in his barn, stock and farm machinery was also destroyed.

COUNTRY CLUB FOR RESTIGOUCHE

Campbellton and Dalhousie Citizens Meet and Begin Organization.

An adjourned meeting of citizens interested in the formation of a golf club was held in the Curling Rink last Friday evening and was attended by representative citizens of Campbellton and Dalhousie.

The meeting was called to order at 8 o'clock and Mr. D. A. Stewart was chosen chairman.

The committee appointed at the previous meeting to look over proposed sites for a golf course reported that they had looked over two suitable properties, but one was financially more than could be borne at this time. The other about four miles below Campbellton was reported as suitable. A nine hole course could be laid out there, and the whole expense would not be great.

It was moved, seconded and carried that a Golf Club be organized.

The following officers and committees were appointed.

President—Mr. M. Mowat.
1st Vice-Pres.—Dr. Fleck.
2nd Vice-Pres.—W. S. Montgomery.
Sec.-Treas.—H. A. Carr.

Governing Board
G. E. Scott, Dalhousie, Rev. W. W. McNair, R. H. Gibson and Wesley McDonald.

Membership Committee—Mrs. W. S. Montgomery, Mrs. H. E. Mott and Dr. Fleck, J. F. Lathourie, Mrs. D. A. Stewart, Mrs. R. H. Martin, Mrs. W. S. Richards, H. B. Anslow, R. J. S. Sly and A. F. Graham, of Campbellton.

Bylaws and Constitution—H. A. Carr, Rev. W. W. McNair and Colin MacKenzie of Campbellton and G. E. Scott, of Dalhousie. Those present at the meeting were ipso facto made charter members of the new club.

It was agreed that the fees should be \$10.00 for gentlemen and \$5.00 for ladies.

The full-rigged ship "Gunda", arrived here this afternoon after discharging her ballast at Dalhousie and is docked at the Chaleur Bay Mills wharf where she will be loaded by that firm. A four-masted bark, the "Audrey" is expected today from Dalhousie where she also discharged her ballast.

MATAPEDIA BOY KILLED IN WEST

Telegram to Father Today Gives No Particulars of Sad Event.

Mr. Allan Adams of Matapedia this morning received a telegram stating that his youngest son Lindsay was accidentally killed yesterday in Washington State, where he was working. No particulars have yet been received. Austin Adams of this town is a brother, and Mrs. Ernest Glidden, Mrs. Robt. McAllister and Mrs. Harry Lyons all of Campbellton, are sisters. The family have the sympathy of all in their sudden bereavement.

HOW PAULIST CHORISTERS STARTED

Those who have heard Father Finn's Choristers say that a good third of the interest is in watching the boys as they sing. They never take their eyes off him. Sometimes they look as though they were hypnotized, and with their bird like faces all turned the one way they make a very attractive picture. What really happens is this. From the moment the first number started Father Finn is listening intently to get an idea of the acoustics of the hall. By what, is learns in that few minutes he decides how certain numbers must be sung. One great number he varies four ways, according to the conditions. As nobody but himself knows what way, everybody has to watch for his signals. He really plays on the boys' throats as if they were so many organpipes, and every one of them knows exactly what he wants. It is a sight worth seeing, and those who see it know the secret of the Choir's success. The Paulist Choristers will be heard at the Opera House next Monday evening, June 11th. Advance seats on sale now. Box office sale open Friday, 10 a.m.

There are still two large steamers loading at the local port, the Lorentz W. Hansen and the Sarmatra. The former ship will leave port today with a cargo of long lumber for Glasgow and the latter, bound for Manchester, England, expects to complete her load by the end of the week. These steamers are being loaded by the Stearns Cutler & Co's interests.

The full-rigged ship "Gunda", arrived here this afternoon after discharging her ballast at Dalhousie and is docked at the Chaleur Bay Mills wharf where she will be loaded by that firm. A four-masted bark, the "Audrey" is expected today from Dalhousie where she also discharged her ballast.

TOURIST TRADE

Denver is advertising the opening of its automobile touring camp for the season. It is probably the most pretentious place of the kind in the country, and cost the city \$250,000. There are comfortable accommodations for taking care of hundreds of campers at a time. Everything necessary is within easy reach. Fifty thousand guests are expected during the season.

Is it worth the money and trouble? Denver thinks so. It expects big profit from the money the tourists will spend in the city, and still bigger profit from the good impression of Denver that they carry away. Whether as a commercial investment, or as advertising scheme, it is considered thoroughly satisfactory.

Hundreds of other cities and towns in the West regard these projects in the same way, and many of them are coming to be known favorably throughout the country because of their kindly and thoughtful reception of, and provision for, summer visitors. The natural beauty of these places and their numerous merits were always there, but it took the tourist camp to make them known. Pleased tourists are voluntary publicity agents.

The Maritime Provinces have been deplorably slow to realize the value of this kind of hospitality, and consequently are losing large numbers of tourists who would otherwise visit us. These historic provinces, by the sea and are endowed in copious measure with attractions which could be easily developed and adopted to this summer activity. Catering to tourist trade is a splendid means of advertising, and whatever outlay might be involved would doubtless pay fat dividends. The government might well consider

taking the proper steps to give some attention to this lucrative summer business. If proper provision were made for its control it would, in time, possibly develop into a very substantial source of provincial revenue.

COURTESY.

The Kiwanis Club has thrown the strength of its 500 clubs throughout the North American continent into an effort to propagate the greater use of Courtesy in every day life. To draw attention to the need, and the reward of Courtesy, they have set aside a week, April 15th to 21st, as "Courtesy Week."

And they have done well to espouse this cause. For Courtesy is not merely a matter of parrot-like "thank you's," rapped out absent-mindedly. Courtesy rightly conceived, is the habitual exercise of a keen appreciation for the feelings of others. It is a constant and consistent practice of treating others as you would like them to treat you. It is the Golden Rule applied to trifles.

Properly seen, therefore, true Courtesy is a virtue of no mean order. The truism that virtue is its own reward is exemplified more apparently by Courtesy than by any other virtue.

The person who is dealing with his fellows constantly watches to give pleasure and to avoid giving pain in so pleasant a manner that people go out of their way to enjoy his presence. If he is a salesman—and who is not a salesman of goods or services?—people will prefer to do business with him to doing it with one who, being careless of their feelings (discourteous in other words), constantly annoys and distresses them.

And, since the world is a mirror everywhere the courteous person goes giving pleasure wherever possible and whenever possible, avoiding giving pain. His gracious presence will be welcome with similar graciousness, so that for him the world will always wear a smile.

OUR SOCIAL HYGIENE COUNCIL

Speaking before the Canadian Social Hygiene Council, Dr. Heagerty, Chief of the Venereal Disease Control Division of the Department of Health, told the Rotarians at Ottawa, that the greatest preventative for venereal diseases had proved to be education. Character, knowledge and protection for the growing boy and girl were the best palliatives for the evil. Segregated districts tended to encourage vice, he believed, and they also served to increase the diseases. Not much headway was being made in the medical prevention of the venereal diseases, and so the best method to pursue was that of education. Free clinics, and free laboratories had been established from coast to coast in Canada under the compact which had

been entered into by the Dominion and Provincial Governments in 1919 and reports for a certain period indicated that 1,000 new cases a month had developed.

When Dr. Heagerty was here a few months ago, on a provincial campaign against venereal disease, under the auspices of the Canadian Social Hygiene Council, much interest was aroused in connection with this most important phase of health and welfare work and we understood that there would shortly be a Social Hygiene organization of some kind organized in Campbellton. So far we have heard nothing more about it. If there is such a local body in existence it must be functioning very secretly. If a council or committee of this kind has not been formed our local physicians and others interested should look into matters at once and see what can be done. This is a branch of health work which must not be neglected.

OBITUARY

John F. Moore

The many friends of John F. Moore here and elsewhere will learn with regret of his death which occurred on Monday after a few days illness from pneumonia. The deceased gentleman who was highly regarded was in his 58th year. He was a returned man having served overseas with the Canadian Expeditionary Forces.

The late Mr. Moore leaves to mourn the loss of a kind and affectionate husband and father a bereaved wife and two sons one residing in Detroit, the other in Ontario, both of whom are at present in town having been called here on account of the serious illness of their father. One daughter also survives who resides in Sydney, but is at present a patient in the Moncton hospital.

The funeral services which were held yesterday afternoon at 2 o'clock, Rev. W. W. McNair officiating, were largely attended. The heartfelt sympathy of the community is extended to the bereaved family in the loss of their beloved and respected one.

Brian LaPointe

On returning from a visit to Campbellton friends last week, Mrs. J. W. Cooke was informed of the unexpected death of her brother Brian LaPointe, in Sumas, Washington, U. S. He was in his fifty-second year. He was a son of the late Lawrence LaPointe, who was one of the pioneers of Nash's Creek, and a man who was very highly respected. The late Brian LaPointe is survived by his wife, formerly Miss Bertha Haley, of Nash's Creek and three children, also three brothers: Joseph at home, Lawrence, New York; Thomas, Victoria, B. C. and three sisters: Mrs. Paul Doyle, Doyle Settlement, Restigouche Co., Mrs. D. J. Nonan, Marysville, Washington, U. S. and Mrs. J. W. Cooke, Dalhousie, N. B. He is also survived by his mother.

BASEBALL NOW

UNDER WAY

Meeting To-Night In Firemen's Hall—Several Matters To Be Discussed.

Another meeting of the Executive Committee and those who wish to give their support to the local Baseball Club will be held this evening at 8 o'clock in the Firemen's Hall. It is expected that the playing schedule for the series of local league games will be drawn up and the various teams re-organized. The executive are of the opinion that the most advisable course offering at present is to accept the terms of the O'Leary field offer as the season is rapidly advancing and no other suitable place for games is as yet available.

Under the direction of the executive some canvassing for financial assistance has been done this week and the committee have expressed their gratitude at the reception given them by the merchants of the town on whom they called and also the kindly interest manifested by several other citizens. The outlook for some time past has not appeared very bright but things are now shaping to better advantage, and there is little doubt but what the baseball movement this season will be as successful as in any former year.

As Urgent Need.

One urgent need which has as yet not received much serious consideration is the matter of securing a fence for around the baseball field. This is a difficulty of several years standing but is something that should be tackled this year. The baseball club will always have considerable difficulty to finance its activities, unless this fence is provided. Those who have taken an active interest in baseball in former years know this to be true. Fencing the ball is alright in itself but the support illicit in this way invariably comes from only a few of the more ardent supporters while many who really enjoy the baseball games contribute very little, chiefly because they entertain the impression that the club has sufficient funds or they would charge a regular admission fee and insist on its payment. This proposed fence is an urgent need and baseball in Campbellton will never be a success until it is provided. We believe that if a delegation from the ball club were to interview the heads of the local lumber concerns they would be given a sympathetic hearing and the result would doubtless be the speedy and satisfactory disposal of this problem. This is one matter which should be taken up at this evening's meeting.

Another Field.

Whether or not the O'Leary field is the wisest solution of the baseball field problem we are not as yet prepared to say. We understand that a certain piece of land, situated in the north-western part of the town, known as "the old I. N. R. property," belongs to the town. This land apparently has been lying in disuse for many years and is not as yet developed for any particular purpose in the near future at least. If such is the case, would it not be a splendid idea for the town council to make some arrangement by which this property could be converted into a sort of ball park. Very little expense if any, would need to be expended by the town and the benefits would certainly be very considerable. We would suggest that a delegation from the meeting tonight appear before the council board and present their request and some definite proposition. There is neither time nor reason for delay.

who lives in Nash's Creek, and to whom the sympathy of many friends will be extended in her sad bereavement.

SINCE OUR FIRE

WE HAVE FOUND BUSINESS BETTER THAN EVER—WHY?

PARTLY because we have worked harder to make up for our losses.

PARTLY because we have had more room to store goods and thus have been better prepared to meet the varied needs of customers.

BUT CHIEFLY because we have been selling at a smaller margin of profit. We have been running on the policy of "a bigger turn-over at lower prices" and we believe our customers appreciate the advantages it offers them.

NEW K. C. AT FREDERICTON.
Eight new King's counsel presented their commissions at the session of the Appeal Division of the Supreme Court of New Brunswick to-day and were called to the inner bar.

The following having presented their commissions were called to the bar: Thomas P. Regan, Charles F. Sanford, W. H. Harrison, Cyrus F. Jones, and H. O. McInerney, all of St. John; J. J. F. Winslow and P. J. Hughes, of Fredericton; and Arthur T. LeBlanc, of Campbellton.

NEW STORE OPENS SATURDAY.
With the opening on Saturday morning, June 9th, of the remodelled new firm name, another fine building takes its place on our local list of spacious, up-to-date and well furnished business stands. The new store as it is now completed has one of the largest floor spaces of any store in Campbellton and the new furnishings and fixtures set off the interior in a very pleasing effect. The store is also exceptionally well lighted through the huge plate-glass front windows which offer a splendid opportunity for display. We have not had time to look over the stock of the new store but we can truthfully say that there is obviously a great variety of everything to choose from. The proprietors of the new store, Messrs. I. Rosenblatt and P. Glickman, both prominent business men here for years, are well known here. Both have a number of years and are also well known all along the coast. It is safe to predict that their new business venture will be a successful one.

FAMOUS TENOR WITH PAULIST CHORISTERS

Farwick Newell, the tenor soloist with Paulist Choristers was born in Waterloo, Quebec, where his father was an official in the American Consular service. He has had a very successful musical career, his engagements running from twenty and thirty years. Many times he has toured from coast to coast, and once he was taken as far as New Zealand on a long engagement. When a New York concert given by the Choristers was broadcasted many of his old friends in and around Waterloo heard him for the first time in years. This concert by radio, said, "I heard the tenor of singing who sang the Irish ballads has made a great hit all through New England."

CHIMNEY FIRE.
The fire department was called out on Monday afternoon about 5 o'clock for a fire on Arden street, in the house owned by Mrs. Crawley and occupied by F. J. Wetmore. The alarm caused considerable excitement as the fire engine and a large detachment of the local brigade had just left for Matapeia where a fire was raging and which it was feared would sweep Moore's Settlement unless checked in time. The blaze in the Wetmore residence, however, was confined to the chimney and little damage resulted.

1912 the Paulist Choristers were awarded the first prize in the Division of Honor in the Great International Competition of Choral in Paris. Father Finn, the founder and conductor, was decorated with the Palmes of the French Academy on that occasion.

No other concert organization presents so large a number of perfectly trained soprano and alto voices. The perfection which the critics everywhere recognize in the work of these small boys, is accounted for by their daily training in their experience school, Lilla Cullin, New York.

Tasty Tested Recipes

GRIDDLE CAKES

1 cupful Borden's St. Charles Milk, 1 cupful water, 2 tablespoons melted butter or butter substitute, 1 egg, well beaten, 3 cupfuls white flour, 1 teaspoonful salt, 4 teaspoonfuls baking powder, 2 tablespoonfuls sugar. Combine the milk and water, add the shortening, sugar, and the egg, and beat in the dry ingredients which have been sifted together. Beat thoroughly and fry as usual on a slightly oiled griddle, or on an uncoiled aluminum or soapstone griddle. If very thin cakes are desired, add two more tablespoonfuls of evaporated milk and water.

HALIBUT BAKED IN MILK

Order two pounds of halibut steak cut half inch thick. Lay it in a dripping pan, or large shallow baking dish. Dust it lightly with a little flour, salt and pepper and a sprinkling of minced parsley and barely cover it with one part of Borden's St. Charles Milk diluted with one and one-half parts of boiling water. Bake in a moderate oven until the fish is tender—about 25 minutes. It should be somewhat browned on top and the liquid will be thickened by the flour and act as a delicious sauce.

A SIMPLE LUNCHEON

One runs out of ideas for a simple, nourishing, tasty luncheon, especially for a day or two for warm weather. Hereunder is a suggestion with recipes which have been carefully prepared.

CREAM OF GREEN PEA SOUP
1 1/2 cupfuls Borden's St. Charles Milk, 2 1/2 cupfuls cold water, 1 teaspoonful sugar, 1/2 teaspoonful scraped onion, 2 tablespoonfuls butter or butter substitute, 1 1/2 tablespoonfuls flour, 1 teaspoonful salt, 1-8 teaspoonful pepper, 2 cupfuls canned or cooked fresh peas.

Mrs. Connor Declares Stomach Trouble Was So Bad She Could Hardly Eat At All

"If I hadn't gotten Tanlac when I did I believe I would have had to go to a hospital," declared Mrs. Wm. Connor, 226 Hess St., Hamilton, Ont., recently.

"My stomach was so disordered that everything I ate made me deathly sick, and caused pains in the pit of my stomach that nearly drove me distracted. Often the agony was so great I couldn't help crying, and for two or three days at a time I wouldn't eat a morsel of food. I was as nervous as a witch, miserable for the want of sleep, and often wonder now how I lasted through it all."

"The splendid results my husband got from Tanlac about a year ago caused me to try it, and the treatment ended by suffering in a few weeks time, and gave me a new lease on health. I don't believe there's a healthier woman in Hamilton than I am now, and I can't praise Tanlac enough."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.

Points to Remember in Furnishing The Summer Porch

The summer porch has become an institution and figures prominently in the summer plans of its fortunate owner. Its furniture, rugs, awnings, flower-boxes and other features are subjects of the utmost importance, and the up-to-date porch has all this at her finger-tips.

The smartest swings are those made of sail-cloth, of white or the rusted-red, or terra cotta, familiar to those who have seen the sails on the Italian fishing boats. Awnings made of the colored awning cloth with white lining are also popular. They do not darken the porch as much as those that are dark underneath as well as on the outside.

The addition of flower-boxes depends upon the shape of the porch, railings upon which they usually rest. They are usually painted to match and form part of the railing. The permanent pottery boxes that look like marble are used, of the cement boxes, in preference to the wooden variety. There is a drainage-trap in each box and a corked or stoppered drain to let out the excess water, so that the flowers do not decay at the roots, or mould in the semi-darkness

Some Attractive New Recipes

FRENCH PASTRY

1/2 cake compressed yeast dissolved in 1/2 cup lukewarm milk, 2 cups sifted flour, 3 well beaten eggs, 1/2 cup chopped Sun Maid seeded raisins, 1/2 cup flour, 1/2 cup butter, 1/2 cup sugar, 1/2 cup Sun Maid seedless raisins, grated rind of one lemon. Add the 1/2 cup flour to the yeast mixture, beat until light and smooth and place in a warm place to rise. Beat to a cream the butter and sugar and add to the well risen sponge with the 2 cups sifted flour, beaten eggs, raisins and lemon rind. Mix well and fill well buttered muffin-tins half full. Place in a warm place until light and double in bulk and bake in a moderate oven. Remove from the oven and cover at once with a frosting made from the following:

1 cup powdered sugar, 1/2 tablespoon hot water, 1 1/2 tablespoons orange juice.

CHOCOLATE RAISIN FROSTING

1 cup milk, 1 cup confectioner's sugar, 4 squares unsweetened chocolate, 1 teaspoon vanilla, 1/2 cup chopped Sun Maid seeded raisins. Cook milk and chocolate together, stirring constantly until thick. Add sugar and cook again until thick. The mixture should drop heavily from a spoon. When cool add raisins and flavoring and spread on a cold cake.

CREAM OF RAISINS

1 tablespoon gelatin, 1/2 cup milk, 2 tablespoon cold water, 1/2 cup sugar, 1/2 cup chopped Sun Maid seeded raisins, 1/2 cup finely chopped nuts, 1 cup hot water, 2 stiffly beaten egg whites, 1 cup whipped cream. Soften gelatin in cold water. Cook raisins and hot water slowly 10 minutes. Heat milk and add sugar and gelatin. Stir until dissolved and add raisin mixture. Chill. When mixture begins to thicken add nuts and egg whites and fold in cream. Mix thoroughly and pour into moulds. Serve with yellow sauce.

YELLOW SAUCE

2 egg yolks, 1-8 teaspoon salt, 2 tablespoon sugar, 1 cup hot milk, 1/2 teaspoon lemon extract. Beat egg yolks and add sugar and salt. Add hot milk and cook in double boiler until mixture thickens. Cool and add flavoring.

ANOTHER FISHERIES ISSUE

That the New Brunswick shippers of frozen smelt may be confronted with a duty imposed by the United States government next winter is a fear expressed by James Connel, secretary of the Canadian Fisheries Association and formerly of St. John. Mr. Connel said that an interpretation by the treasury department at Washington on an obscure section of the Fordney-McCumber tariff law placed on frozen smelts. If this interpretation was confirmed it would be smelts. The question has not been definitely settled.

Interpreted.

First Bootmiller—What does this mean in that feller's quotation on bottles, "I. a. b. Winder?"

Second Bootmiller—Why, "full of booze," of course, stupid!

then two inches or more beyond a yellow, then a lilac, then a pink, then a blue, then a brown. The effect is odd and unusual and there are no pillows alike. Most of the pillows are made in rectangular shape. The tapes are stitched on by the sewing-machine.

In serving meals outdoors, the main dish is the hot-water grill—a hot-water platter which keeps the food hot until served even on a breezy day. All the electric attachments for coffee-pot, tea-kettle, toaster and grill are provided for by having the porch plugged for this purpose.

The porch refrigerator is a wonderful convenience, if there is a shady corner for it where it will be out of sight, or where it may be hidden by permanent screens. It saves many steps if the family eat daily, or even frequently, on the porch.

Another handy thing is the built-in china closet on the porch. This is a step-saver which may be built along the house-wall, painted to match it, and it need be only 14 inches deep, but as long as there is room to make it.

Straw trays of different sizes are most appropriate for porch use and should find a resting-place in the closet. The china for a porch is either the popular peasant pottery, or some of the cottage patterns in open stock that are easily replenished if broken.

Do You Feel Tired After Eating

A tired, nervous feeling may be a sign of poisons in your system which prevent proper digestion. Food turns into more poison and gas, making you nervous and weak. Simple buckwheat bark, glycerine, etc., as mixed in Adierka, expels poisons and gas from BOTH upper and lower bowel. Removes old matter you never thought was in your system which poisoned stomach and made you tired and nervous. Adierka is EXCELLENT to guard against appendicitis. A. A. McDonald, Druggist.

Boys to Help Fire Rangers

One hundred and forty thousand Canadian boys have been organized by the Canadian Forestry Association into a Young Canadian's Forest League and will be on the alert this year to prevent forest fires in all parts of the Dominion. Badges and detailed instructions are being supplied and the entire body will act as an auxiliary force to the fire rangers when occasion offers.

These Quicker Shaves Mean Younger Faces

FREE
Enjoy 10 quicker, easier shaves at our expense

Ordinarily, shaving takes time—adds years to a man's looks. By giving them a shaving cream something to the skin we wipe years from millions of men's faces.

At the same time we cut down shaving time for them.

We spent 18 months—made 130 experiments—perfecting a cream with 5 distinct advantages:

- It softens the beard in one minute—without rubbing-in.
- It makes itself 250 times in rich lather.
- It's rich, it's creamy, it's soft—doesn't dry away.
- Strong-walled bubbles hold hairs over—no easier cutting.
- And the after-effect is lotion-like—moistening.

That's why millions of men today use **PALMOLIVE SHAVING CREAM**. We ask you to try it at our expense. Test for yourself the truth of our claims.

Three Questions You Should Ask When Buying a Storage Battery

1. Is it a GOOD BATTERY?

2. Is it made by a RELIABLE FIRM?

3. Can I get SERVICE EVERYWHERE?

Prest-O-Lite Storage Batteries are standard equipment on the majority of Canadian-built Motor Cars, and, from the beginning, proved themselves superior in power and life.

Prest-O-Lite Storage Batteries are made in the largest and most modern battery plant in the British Empire.

Prest-O-Lite has more than 800 Service Stations in Canada. Wherever you go, you can get expert advice and repairs.

THE OLDEST SERVICE TO MOTORISTS

Between the quality built into a Prest-O-Lite Battery and the organization to take care of it, you get the utmost in battery valuation.

Profit in Low-Grade Ore.

Radium-bearing pegmatites in various districts in Ontario, will eventually be profitably exploited, according to a writer in the Engineering and Mining Journal-Press of New York. He states that the pegmatites of the province undoubtedly contain in the aggregate a relatively enormous amount of radium and thorium minerals, but these occur in a widely disseminated condition. Low-grade ore containing a pound or two of uranium oxide to the ton might, under certain conditions, prove workable, the tailings constituting a refined ground feldspar product, for the pottery industries, that would be the main source of revenue, while the uranium minerals would be a by-product obtainable probably at a little extra expense. The application of a concentration process would remove not only the radium minerals, but also various impurities, such as magnetite, limonite, pyrite and tourmaline, thus improving the quality of the feldspar product and making it desirable to be worked on a large scale. Such operations, however, could probably be successfully carried on only by a company with sufficient capital to produce and market ground feldspar in large quantities, mine mill and recover and refine the rare mineral by-products.

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

"Lydia, backache. For about a year I was troubled with a distressing downward pain before and during the period, and from terrible backaches and backache. I had to go to a doctor, and so I knew several women who had taken Lydia E. Pinkham's Vegetable Compound with good results. I finally bought some and took four bottles of it. I certainly do recommend it to every woman with troubles like mine. I feel the same and hope to be able to keep my medicine on hand at all times, as no woman ought to be without it in the home." — Mrs. OSCAR A. ANDERSON, Box 15, Seattle, Wash.

Mr. Kelsey Adds Her Testimony
Copenhagen, N. Y. — "I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from my back and weakness. I was so weak that I could not walk at times. Now I can do my housework and help my husband over the snow. I am writing for you to publish this letter if you think it will help others." — Mrs. EUGENE KELSEY, R.F.D., Copenhagen, N. Y.

Sick and ailing women everywhere are the Dominion of Lydia E. Pinkham's Vegetable Compound before they give up hope of recovery.

BRITISH EMBARGO WILL AFFECT PRICES HERE Montreal, May 22.—The raising of the embargo on Canadian cattle in England is having an adverse effect here, where the price of meat has been increased two cents—and in some cases four cents—a pound. The reason given is that the supplying of the English market has had the corresponding effect of decreasing the available supply for the Canadian domestic market with the result noted. Whether the increase will be temporary or permanent, local wholesalers do not at the moment indicate.

HOW FATHER FINN CONTROLS HIS SINGERS

This "Most famous Choir in America" is the creation of Father Finn, who always conducts in person. When he was a very young priest Father Finn was attached to the Paulist Church in Chicago. There he worked out his idea of tone production from the voices of small boys, and put into practice a system of training which has made his boy sopranos unlike any others anywhere. The celebrated Bodansky is quoted as having said that "the Choir is in a class by itself, and the only way you can describe it is: It's Father Finn's Choir." Sometimes if one closes his eyes, it is impossible to tell whether it is one boy singing or two, or ten. So good is Father Finn's method that when he took his first Choir to Paris, in 1912, his boys won first prize in competition with nearly 300 other Choirs. The Paulist Choirsters will be heard here next Monday evening at the Opera House. Seat sale opens at Box office tomorrow morning.

Great Interest In The Big Drive; Many People To Compete

**Announcement of Graphic Auto Prize Contest
meets with Approval—Nominations Coming
In—All are Mixing in the "Vote Gathering
Whirl"—Haven't You a Longing to Drive a
Nice New Car, These Nice Spring Days? If
so, You Should Enter Your Name at Once—
Anyone May Enter—Every Active Candidate
is Guaranteed a Prize or Cash Award.**

To-morrow, June 8th, will be a "Red Letter" day in the lives of many young people in the territory covered by The Graphic.

The Graphic's Big Circulation Drive officially opens to-morrow and the people who will share in the splendid rewards to be made, in which over \$8500 in valuable prizes will be distributed, will be "up and doing" from the rise of the curtain. The announcement of the mammoth enterprise in last week's issue evoked the hearty congratulations from many of the advertisers and from those who are already entered in the contest as candidates.

The object of the campaign is to secure subscriptions, both new and renewal, to The Graphic and while the expense of the endeavor will be very great, nevertheless, each will share in the profit, and many young people will be made happy through the awards made and the advertising value of the campaign will be great.

NOMINATIONS COMING IN
Yesterday was a banner day for nominations; more being received than on any other day since the campaign was announced. While the campaign officially opens to-morrow, do not think that nominations will close then. Opportunity will be provided for some time yet to those who have not already sent in their names. However, if you are thinking of entering and competing for one of the big prizes, it is now that you should start, as most votes are given during the early part of the drive, that is during the first period and the first period closes one week from next Saturday night. Enroll your name now and get credit for the big votes.

A great many nominations have been made by friends and by candidates themselves and among those who have received letters from the Campaign Department, there are undoubtedly some who have already made an active start, and most likely have a few subscriptions to report. A number of workers have already been to the office and signified their willingness as to being candidates by turning in one or more subscriptions. Each time that candidates turn in subscriptions they will receive a vote ballot good for the amount of votes.

Jacquet River

The annual meeting of the Woman's Institute was held at Frenette's Hall on Friday evening, the 1st inst. The financial statement for the year was read by the retiring secretary and the following officers were elected.

President—Miss Annie Ullman.
Vice-President—Mrs. M. McDonnell.
Sec'y Treas.—Mrs. Geo. Annett.
Directors—Miss Elizabeth Ullman, Mrs. Arthur Culligan, Mrs. D. McAllister.

Auditors—Mrs. John Culligan, Miss Dora Frenette.
Miss Annie Ullman was appointed official delegate to attend the Convention to be held at Fredericton beginning the 12th inst. Miss Dora Frenette was named a second delegate.

Mr. and Mrs. Ed. Delton and Mr. and Mrs. Leonard Burns of Newcastle, motored through on Sunday and were the guests of Mrs. Catherine Ullman. On Monday they went to Campbellton to attend the races.

Mr. John M. Culligan and Mr. Jerome LeCoffre motored to Campbellton on Friday. Mr. Culligan came back in a new McLaughlin Special which he purchased from F. Sullivan.

Among those from here who attended the races in Campbellton were

many a battle and it is the best motto for a voting campaign or any other sort of campaign, except the motto "Do it right." Delays are dangerous in any undertaking. The man or woman who delays his or her start is handicapped just to the extent of their delay. The time to enter your name as a candidate for one of the valuable prizes is to-day.

Before you lay this paper down, cut out the entry blank which you will find printed below or in the page advertisement of the big drive, and send it to the Campaign Department of The Graphic at once.

SITUATION BAD IN QUEBEC

Minister of Lands and Mines
Names Certain Classes Not
Requiring Permits

Quebec, June 4.—(Canadian Press)—Although there are only a few big forest fires raging in the Province of Quebec, according to official reports received by the department of lands and forests, there are innumerable small fires which are burning in all directions and any of these might at any time assume alarming proportions. The situation is regarded as very serious and should dry the spell which had been prevailing for some days be prolonged for a few days more the situation will become very grave indeed. Among the latest reports is one that a big fire is raging in Meun Township, in Gaspe County, with a small army of men fighting the outbreak.

SAYS CLERGYMEN POORLY TRAINED

Has Something to Say About
Stealing Members From
Other Churches.

Atlantic City, N. J., May 29.—Delegates to the Northern Baptist Convention today are cogitating over some of the outspoken statements made in an address last night by Professor George B. Catten, of Colgate University.

Here are some of the statements which the educator made, with a twinkle in his eye:

"Pastors are poorest trained among professional men and Baptist pastors are perhaps the poorest trained of the lot."

"A minister needs moral training more than he does technical training." "The reports ministers make of conditions in their churches are not always the exact truth, especially if conditions are bad. I know ministers who wouldn't think of stealing a fellow pastor's purse, but who would steal his church members. You can't steal men and women from another fellow's church for the glory of God."

"I don't know of any job better than the ministry where a man can be lazy without anybody ever knowing it. A minister ought to know how to work hard."

"Seminaries don't make your ministers. They do much harm to some I suppose the real training a minister gets is the training he gets from his wife."

POWER
ECONOMICAL—FLEXIBLE—DEPENDABLE

The Studebaker Light-Six

You'll find in the Studebaker Light-Six, an abundance of power—smooth-flowing, responsive, and economical.

From a slow walking gait, it will accelerate to a racing speed in the space of a few seconds. And always with velvet-like smoothness, for the Light-Six is practically free from vibration.

Exceptional economy is an appealing feature of the Light-Six. Through 27 world-wide tests, it set an average of 26.9 miles to the gallon of gasoline!

Maintenance cost is also low—conclusively proved by Studebaker's limited volume of repair parts sales, which in 1922, averaged only \$13 per car for all Studebaker automobiles in operation.

The Studebaker Light-Six is not an experiment. In the hands of thousands of owners it has proved its remarkable power and complete dependability. It will pay you to see the Light-Six before you buy your next car. It is a product that well upholds Studebaker's 71-year-old reputation for quality and value.

DALHOUSIE GIRL IS FAMOUS MODEL

At Eighteen, Miss Erminie Gagnon Is New York's Favorite Model.

(Continued from The Dalhousie Graphic, May 31st.)

Did you ever suffer a great disappointment? Did you ever suddenly realize that promises are not always fulfilled? That it was impossible to attain the skies in one great jump? The little Canadian girl who could shut her eyes and picture her name flung across the city in great flaring lights soon learned that those who aspire to glory attain it through their own efforts, and that if she was to write her name in the city lights, she must not wait for the assistance of those about her. Millions of others before her had learned the value of the adage that if you want a thing well done do it yourself—but it came to her as a brand new idea. And once it had flashed over her she began to take stock of her assets, and to consider what she could do to climb up towards the height.

"I was terribly disappointed in not being given a part in a motion picture right away," Miss Gagnon reminisces; and I didn't hesitate in saying so. One of the girls who heard me, a girl I had met in the beauty contest, came to me one day and suggested that I might be known if I posed for artists. "Of course, I hesitated," she went on, every girl who has been brought up in a convent would hesitate about becoming an artist's model, for the simple reason that in convents, as in most homes, there is an idea that the life of an artist's model is the most devilish in all the world."

"I thought it over for days, wondering if I ought to write to my mother for advice, and then one day the adventure of it suddenly appealed to me, and I decided that I would try posing for one of the artists whose name was on the list that my beauty contest friend had given me. I dressed myself in my best hat and frock, and went out. I tried several studios but they did not need a model at that minute, and finally I knocked on the door of an artist named McClung who does a lot of fashion work in color. I'll never forget Mr. McClung's 'how do you do,' his smile, and the way he swept a lot of oil covered rags off a chair so that I could set down. I was almost too frightened to speak—but after a while I did manage to tell him that I wanted to be a model.

"Will you take off your hat?" he asked me—and I did so. He looked me over very carefully and critically. "All right," he told me, "be here at ten thirty tomorrow." I went there, posed for him—and, well, I've been posing for artists ever since.

It was a very modest beginning, but like many an unpretentious start it was not long before many of the artists in the city noticed portraits of the new model as she smiled from magazine covers or advertisements and inquired of a fellow artist the address or telephone number of that little Canadian girl—I think her name is Gagnon—for in the fraternity of art, one man passes on a good model to his friend.

And so at the end of three years Erminie Gagnon looks back over hours spent as a model for such noted men as Harrison Fisher, who is one of the highest paid painters of cover designs, W. T. Benda, the famous painter of Slavish types, Dean Cornwell, the illustrator. (One of the stories illustrated by Mr. Cornwell, for which Miss Gagnon posed was "Find the Woman," which was a sensational serial novel and motion picture success), Child B. Hassan, the portrait painter, Clarence Underwood, whose work has won him international fame, and who chose Erminie Gagnon as his model for one of the "skin you love" advertising series, because of her complexion and the shape of her hand which was prominently displayed in the picture, C. D. Williams, the Saturday evening artist.

George C. Cutts, famous for his fashion ads and a score of others. She can remember seeing pictures of herself used as advertisements, as for illustration of serial stories in famous magazines, on magazine covers, in an etching or two and in paintings for

Mrs. W. H. Newcombe and baby son of Buctouche, who have been guests of Mr. and Mrs. Philip Robinson for the past four weeks, returned home on Wednesday. Mr. Newcombe met them at Moncton with his car to drive them to Buctouche.

Her many friends are pleased to hear that Miss Ida Barista graduated recently from the Maine General Hospital, Portland, Maine. They join in wishing for her success and happiness in the nursing profession.

exhibition in the great salons of the country.

That various artists see a model in various lights is Miss Gagnon's explanation of why so many of the leading artists of the country demand her services, although in my case, it has been my complexion, hair and eyes that have brought me the most work.

Then, too, while I was not an ideal of the type they were looking for they liked me because I could suggest the type to them. I guess, too, they like me because I don't fuss. Artists don't like flippant girls who are always talking, moving about, and who get tired of a pose quickly. There are plenty of girls who would be very successful models but for the fact that they annoy an artist by fussing. I have had lots of compliments because I was so business like in my work, because I take it all seriously.

Do you know one of the greatest requirements for success as a model? It is minding your own business and letting the artist attend to his. When I was first posing I used to arrange my hair and the costume I was to wear in what I thought was a becoming fashion, and the artist would come along and push back my nicely arranged hair, rumple up the costume until I thought I looked hideous. But the result was pleasing to the artist, so I soon learned to allow them to pose me as they thought best—and not to concern myself in the matter. After all, a model must suggest an idea more than actually live the idea.

Of course, as you work at being a model, just as in any other business, you soon learn a lot of the little tricks of the trade. When I first started to pose I felt that I had to smile, and I used to wrinkle my face so badly that the artists used to laugh at me. That was my worst habit, but I was able to gradually overcome it.

Just another thing I have learned to do is to keep my features perfectly still for minutes at a time. I found that artists don't want a girl who always smiles, and I also found out that I was not getting plenty of work in studios. I have met many number of girls far more beautiful than I am, and have given them cards to let artists, only to learn that they did not make good models. I won't say that a model has to absolutely inspire an

Happenings of The Week

The Mina Grant Mission Band of St. John Presbyterian Church, Dalhousie held a much appreciated missionary concert in the temperance hall Dalhousie Junction on Friday evening, May 25th which was a decided success. The community was well represented and a goodly sum was realized.

Trail Rangers and Tuxis Boys have organized at Dalhousie Junction recently with a goodly number. The officers are as follows: Mentor, John E. Shaw; Pretor, John MacIntosh; Deputy Pretor, Even Blair; Scripter, Wesley MacLean; Comptor, Hartley Miller.

It is very interesting to know that in order to stimulate a spirit of sport in our two most northern towns of Campbellton and Dalhousie, that the shiretown will be well represented in the formation of a Golf Club, as a cording to a despatch from Campbellton, to the Fredericton Gleaner, on June 2nd, twenty five members have already joined from Dalhousie. These were obtained without solicitation. Much praise is due to Mrs. W. S. Montgomery, Mrs. H. E. Mott, Doctor Fleck and Mr. T. G. Scott, for the interest they have taken on behalf of the sporting citizens of the shiretown.

Forest fires have been raging in various sections up-river, and a pall of smoke has hung over the town for the past few days making the sun appear like a ball of dark red fire. Cinders have fallen continually. A crew of men from the Dalhousie Lumber Company left Monday, equipped for fighting the fire at Matapedia.

The Dalhousie Lumber Company's lower mill which was closed for repair on Saturday, resumed operations as usual on Monday.

artist, but she must have enough personality to give him some sort of a mental and physical conception of the girl he is putting on canvas.

And then, too, a girl must be adaptable, which means the more experience she has had in life, the better it is for her work. If you've seen a Spanish girl handle a fan—why you have an idea how she does it. And Mr. George Cutts, who makes ever so much money painting advertisements for men's clothing sends me to dress up as a boy—because I get the boy's idea better than if he were to use a talking, moving about, and who get real youngster of twelve or fourteen years of age who would be too self-conscious because he would be young. I have just posed for two of Mr. H. Watson's out-of-door covers, both of them making me remember trips which I took with my family when we used to camp along St. Mary's River just below the "Soo." It was Mr. Watson who said he liked me to pose for his out-of-door girls, because I wasn't a skinny flapper. And I've just been engaged to pose for Prince Dalhousie of Albania. The Prince is going to do a large painting for exhibition in the large fall art shows, and he told me he interviewed two hundred girls before I talked with him. When I met him he asked me to try a few poses, and then he shook my hand and said I was a true daughter of a land of romance, that he liked my complexion and the glints of red-gold in my hair. The hair and skin I can understand—and I suppose that the romance part of it comes to me from my French ancestors.

"It was a pretty compliment on the part of the Prince, but Erminie Gagnon is used to compliments. They are part of a successful model's life, and do not have any deep personal meaning. They are like the interest that an artist has in his model—it may seem personal, because in a studio there are none of the restrictions of a business office, but in reality an artist's interest in the model with whom he is working goes no further than the engaged.

"After all, very few artists consider themselves other than business men," is Miss Gagnon's belief, and she scoffs at the stories that are told of wild nights in the studios.

(To be continued next week.)

MADE A HIT AT DALHOUSIE

Lyric Dramatic Club Put On "A Pair of Sixes" to Big House.

Seldom have the people of the shire town been treated to a more enjoyable entertainment than what took place on Monday evening, June 4th, when the Lyric Dramatic Club, of Campbellton presented the well known comedy "A Pair of Sixes" at the Convent Hall, Dalhousie.

Long before the performance began every available seat on the ground floor and gallery was occupied, and as people arrived from Eel River, Pt. La Poudre, and Summerside, extra chairs had to be provided from the convent and placed in the aisles.

The opinion here is that there was no exaggeration in the report made in the "Graphic" of May 17th, about the performance given on the evening of May 11th, in the Opera House, Campbellton, by the Club. The act was perfect, each one doing his and her part splendidly. The singing and dancing was much enjoyed. The Komical Kootown Kut-Ups, was one of the most entertaining numbers of the programme and drew loud applause.

Mr. J. J. Bernier, of Campbellton, in a neat speech thanked the people of Dalhousie, for the encouragement given the members of the Lyric Dramatic Club, who as amateurs, were endeavoring to do their part in the theatrical world. Speaking on behalf of the Club he was proud to see such a large audience. The order that prevailed and the appreciation shown, would certainly encourage the members of the Club, to return to Dalhousie at no distant date. He paid a well merited compliment to Mr. Thos. G. Adams, who rather than disappoint the Dalhousie people, left his sick room against the Doctor's advice to be at his post in the play.

The entertainment was staged in aid of the Hotel Dieu Hospital, of Campbellton, and a very neat sum was realized.

Climbs Big Dalhousie Hill!

Do you know of any car—especially a four-cylinder car which can climb the Big Dalhousie Hill in High Gear?

A Studebaker Light Six tried a few nights ago starting at a terrific clip from the bottom in high gear—and failed.

A Durant Four started half-way up the hill from a dead stop, changed to intermediate gear and went over the top at about 25 miles an hour in High Gear.

Those who know the Durant claim it is the most powerful four-cylinder car they ever saw.

A BIG LOBSTER SEASON PREDICTED

A great lobster season just now is the general verdict of factory owners and fishermen from Shediac to Tracadie Gully, with the exception possibly of those at a few obscure points unheard from. Many live lobsters are being shipped from Shediac and vicinity to the United States. Tracadie Gully, Gloucester County, Sepin, Kent Co., and Eumecine, Northumberland Co., report heavy catches this week. The catches are being measured by the ton, over six tons being received in one day at a factory operated by the W. S. Loggie Co. of Loggieville and Chatham.

It is estimated, says the Chatham World, that there are 40,000 traps—fishing in 20 miles of water—ten miles either way from Eumecine. The labor in handling such a vast number of traps is very great, but not so great as in the days of the old sail boat which had to be rowed when the water was calm. Motor boats have aided the fishermen as well as Mr. Rockefeller. The traps are set in 50 or 60 feet of water and are generally baited with herring chopped fine.

The fishermen along the coast have been fortunate in having fine weather. A big lobster business is also being done on Prince Edward Island, Magdalen Islands Bird Rock and Anticosti. Many cars of live lobsters have passed through Moncton on their way to Boston and New York.

HILL-DUNCAN.

A marriage of much local interest was solemnized at St. Andrew's Manse by Rev. W. W. McNair, Thursday evening, May 31st, the contracting parties being Joseph Edward Hill of Athol and Laura Entwistle, daughter of Mr. Henry Duncan, Campbellton. Their many friends extend best wishes for a long and happy married life.

ADVERTISING IS CAPITAL.

Twenty years ago one of the best known names in national advertising was James Pyle's. The advertising of this product has run continuously since 1875. In 1904 the appropriation for advertising was \$50,000, which in those days was looked upon as a great deal of money. In 1907 the concern passed into the hands of an estate and advertising was stopped, as it was thought some money could be saved. Pearnine lost favor rapidly and in 1914 tried to come back. Several thousand dollars were spent but to no avail. In 1915 Pearnine was sold to a competitor for just the cost of the machinery as junk and the stock on hand as raw material. A merchant can build up a splendid business in his own town if he will advertise constantly, and it will continue to grow as long as he advertises.

Advertising is the modern miracle worker, but it must be done consistently and constantly. You cannot stop in the middle of the stream and expect to get across.

DOYLE-SMITH.

The marriage of Miss Rose May Smith, Peel street, daughter of the late Mr. and Mrs. Charles F. Smith, to Capt. Michael Lawrence Doyle, D. F. C. son of Mr. and Mrs. Paul Doyle, of Jacques River, N. B., is taking place very quietly this morning in the Lady Chapel of St. Patrick's church. Immediately after the ceremony Capt. and Mrs. Doyle will leave for their wedding trip and on their return will reside in Montreal. The marriage of Miss Florence Edith Hickson, daughter of the late Mr. W. A. Hickson and of Mrs. Hickson to the Rev. Donald Fraser, M. A. of New York, has been arranged to take place quietly on Wednesday morning, June 6th, in St. Andrew's Church, Newcastle, New Brunswick. The rector, Rev. W. J. Bate, will perform the ceremony.

A FISH STORY

North Bay, Ont., May 28.—One of the largest fish caught in the history of Lake Timiskaming, was landed on Friday afternoon by E. B. Hamlin, one of a party of eight residents of Cleveland. It is a salmon trout weighing twenty four pounds and nearly three feet in length. Mr. Hamlin was fish-

ing with a guide and another member of the party in a canoe, with a light steel rod and a small bass hook. About 8 o'clock in the afternoon and in about ten feet of water, he hooked this beauty, which took the canoe around in circles before he was landed with the gaff when the hook was found just on the upper part of the mouth.

UNVEILING MARTIN MEMORIAL

Above, C.P.R. "Empress of Scotland" arriving at Quebec. Below, F. L. Wanklyn of the C.P.R. addresses the gathering prior to the unveiling.

WHO was Abraham Martin? Had that question been asked one year ago probably not one Canadian in a hundred thousand would have been able to answer it. Today it is different. Most Canadians now know he was first King's pilot on the St. Lawrence river, and the first known Canadian of Scottish extraction—two claims to distinction either one of which might have made him famous. Latterly other things he did have made him known, and they will be recorded in due time.

In the meantime it is not remarkable how little Canadians know of Canada's history—as rich a bit of history as ever was crowded into a space of three hundred odd years. The high points of the Canadian story some of us know fairly well, but the little legends and side-lights, so full of human interest, they lie in a deep obscurity from which they are being rescued one by one, at the patient digging of this or that person or institution, actuated by a love of the past and a realization of its value in building the national life of the future.

Abraham Martin was some figure of a man in his day although most of his just claims to fame seem to have been thrust upon him. It was hardly more than a matter of accident that the "Plains of Abraham" should come to be named after him, and yet that was plenty to set all good Canadians wondering who he was and what services he did.

In the centuries of Quebec, and there are none more interesting, no more faithfully kept, has brought out much information about the man and his times. He was born in France, his father being a Scot, which is probably why Frenchmen called him "le Scot." His father probably came from Perthshire and was one of the Scottish Guards of Louis XI. In 1614 Abraham brought his French wife to Canada and that saw the actual founding of New France may be gathered from the fact that his name was on the list of the 31 white persons who lived in Canada from 1629 to 1632, and he was then known as a pilot. He later had ten children

from whom have come a vast number of descendants among whom are numbered some of Quebec's best families and leading citizens. Bishop Tache of St. Boniface is one of his descendants in direct line. Champlain gave Martin a deed to the farm land on the Plains of Abraham, and documents telling of his living there still exist. He apparently travelled greatly and down the river for Cape Martin in the Gulf of St. Lawrence is also named after him.

All this was distinctive enough to justify the memorial which has been raised to Martin in the Harbor Square at Quebec. The handsome shaft of granite, designed by Henri Hebert and T. Roxburgh Smith, was unveiled early in May by Hon. Alphonse David, Quebec's Provincial Treasurer and the event was marked by a gathering of notables including the Governor of Quebec, Sir Charles Fitzpatrick. Among those who spoke were F. L. Wanklyn, representing the Canadian Pacific Railway Company by whom the memorial was erected, Lieut.-Col. Alex. Fraser, A.D.C. to the Lieutenant Governor of Ontario, Lawrence Burpee, President of the Canadian Historical Society and Monsieur Lafontaine, Curé of the Basilica. The latter spoke as the successor of "warrior's" third child upon which appeared the name of Samuel de Champlain as godfather. The memorial has been set up by the Canadian Pacific in honor, not only of Abraham Martin but of the stout-hearted pilots who for over three hundred years have done so much to make the St. Lawrence River a safe and speedy route to and from Europe. That Company uses the route more than any other, and the arrival at Quebec of the great liner "Empress of Scotland" on her first trip of the season with 731 passengers from Europe later in the day of the unveiling commensates what has been accomplished in the making of the St. Lawrence a great highway for commerce.

60,000 Watching Cricqui-Kilbane

New York, June 2.—In prospect the combat for the feather weight boxing championship of the world that is to take place late today, at the Polo Grounds, between Johnny Kilbane, of Cleveland, and Eugene Cricqui, of Paris, stands as one of the most interesting in the absorbing records of pugilism. A crowd of 60,000 is expected to see the battle.

Kilbane, a gray-headed man out of the west, witty, brainy, fast, clever; Cricqui, a genuine Parisian, smart, quick, hard-fitting; both are old and ring gladiators go—or have generally gone until this year—Kilbane confessing to 24 and Cricqui being just under 30.

Both men were confident today. Kilbane has not trained as hard as his opponent, but he said he never was in better shape. He believed his outdoor activities generally and his preparation before coming to New York made him ready.

"I have recovered judgement of distance and can hit as hard as ever," he said. "I will go into the ring with fullest confidence. I will have no excuse if defeated."

Cricqui, who is credited with a harder punch, but with less boxing ability than Kilbane, said his condition was perfect.

"I am stronger than ever before," he said. "I am strong for Kilbane and will make him go too fast. I expect to win by a knockout. There is no doubt about it—I will win."

McAdam Pitcher Fanned Eighteen

McAdam, N. B. Juniors.—The McAdam Baseball Club added its fourth straight win this season when they defeated Vainceboro, N. B., at Vainceboro on Saturday by a score of 19-4. A. Miller pitching for McAdam struck out 18 opponents and also lined out a home run. A second home run for

McAdam was nipped when G. Miller fell at second base delaying himself long enough to be thrown out at the plate.

The teams were as follows:
McAdam—W. Miller (p.), B. Boone (c.), J. Hawthorne (1b.), E. Blair (2b.), H. Lewis (3b.), A. Miller (ss.), B. Blair (c.), C. Miller (c.), F. McAdams (1b.).

Vainceboro—D. Norton (p. and 1b.), J. McKen (c. & 1b.), J. Keefe (c. & 1b.), F. Blanchard (1b.), P. Crandall (1b.), J. A. 2b., T. Macdonald (1b.), W. Ward (c.), G. Keach (ss.), E. Ketch (ss.).

McAdam boasts a good line-up and Manager E. P. Butterfield is seeking success with local games from Fredericton, Moncton and vicinity.

MANY BUILDINGS DESTROYED BY FIRE

**Bad Fire In Business Section Causes Heavy
Damage in Hustling Kings
County Town.**

Sussex, N. B., June 4.—Swept by a strong wind, first westerly, then easterly, a fire which broke out about one o'clock Sunday in the paint shop of the W. S. Fairweather hardware store destroyed a score of buildings along Main Street and caused a damage variously estimated around two hundred thousand dollars before it was brought under control about five o'clock. Firemen were still fighting the flames Sunday night in the ruins of the burned building.

The day being Sunday very few people were around and nothing was known of the fire until the large Fairweather paint shop was in a blaze.

The flames worked like fury among the paints and oils. They leaped to the store and from there swept along the left side of Main Street, through the wooden establishments before them.

The Fairweather place, Frank Singer's Store and residence, Charles Carr's Music Store, the Imperial theatre, Frank Folkins blacksmith shop, Budd Howe's tailor shop and residence, and a two tenement house fell victims before the fire was stayed on the left side of the street.

On the other side of the tenement a space and some trees aided the firemen in their great efforts and the passage of the flames was stopped in that direction. They jumped the street, however, and attacked Mercier garage, and with a change of wind turned back along the right side of the street. Upwards of a dozen wooden buildings yielded before them before they reached the Royal Bank, a brick building. They ate into this and destroyed the structure but were held up on the other side of it by the brick walls of the Bank of Nova Scotia. Had the flames not been stopped there the entire business section of the town, with the larger establishments, would have been endangered.

Among the buildings that were destroyed were the Imperial Theatre, the Waldorf and Royal Hotel and W. J. McHugh's stable were on Peter street, off Main Street.

Sussex has a good fire fighting force and their greatest efforts alone stopped the flames after a score of buildings were destroyed. Equipment

includes one motor engine, two wagons and a hook and ladder wagon. No injuries were reported.

Buildings Destroyed.
The following places were burned:

W. S. Fairweather, store and paint shop.
Charles Carr, music store.
Frank Singer, store and residence.
Imperial Theatre.
Budd Howe, tailor shop and residence.

Frank Folkins, blacksmith shop.
Double tenement house.
Waldorf Hotel and Barn.
T. J. Mercier, garage, residence and warehouse.

Farmers Co-operative store.
Dodge Car show rooms.
Royal Bank Building, including bank.

George Suffran's jewellery shop and Dr. Teakle's office.
Royal Hotel.
W. J. McHugh's stable.

**FATALLY SCALDED AT
GRIND STONE FACTORY**

Bathurst, June 1.—Word has been received of a serious accident at Stonehaven, a grindstone manufacturing village on the Baie de Chaleur about 15 miles east of Bathurst. Sylvester Landry of St. Leon, an employee of the Read Stone Co., was overwhelmed by a burst of steam from a broken pipe in the plant and was literally cooked to death. Every part of his body was affected. Richard Colton, also of St. Leon, was badly scalded, but is recovering. Landry died soon after the accident.

Landry is survived by his wife and a grown up family. He was highly regarded. His age was 63.

Fredericton, N. B., June 1.—Hon. C. W. Robinson, Minister of Lands and Mines is here on departmental work. He announced this morning that exemptions for certain classes of people in the matter of permits for forest travel has been made. The classes are Boy Scouts, Scout masters, clergymen, school teachers and pupils in the charge of school teachers.

Speaking of the permit system Hon. Mr. Robinson said that it seemed to be working satisfactorily although as might be expected some people objected to any regulation.

He stated also that means of simplifying the system of issuing permits was under consideration and if the arrangements could be made would be announced shortly.

ed out Johnny Kilbane, veteran American holder of the world featherweight crown, in the sixth round on Saturday.

Kilbane who had held the world's title for 11 years, had a shade the better of the defensive fighting, but at critical moments he was unable to stem the tide of Criqui's cyclonic attack. Starting from his corner in the sixth round with determination in his features, Criqui feinted, then whipped in a terrific left to the body that staggered the champion. Kilbane drew away, expecting another left, but Criqui shot in a right cross to the jaw and sent the American back on his heels, and toppling to the canvas. At the count of six Kilbane tried to rise and succeeded in getting to one knee, but, groggy and weak, he fell back as Referee Jack Appel tallied off the count of ten.
