PRAYERS.

The Honourable the Speaker presented to the Senate a communication from the Governor General's Secretary.

The same was read by the Clerk, and it is as follows :—

OTTAWA, 14th March, 1899.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to open the Session of the Dominion Parliament, on Thursday, the 16th instant, at 3 o'clock.

I have the honour to be, Sir,

Your obedient servant,

L. G. DRUMMOND, Major,
Governor General's Secretary.

The Honourable
The Speaker of the Senate.

The House was adjourned during pleasure.

After some time the House was resumed.

His Excellency the Right Honourable Sir Gilbert John Elliott Murray-Kynynmond, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, etc., etc., Governor General of Canada, being seated on the Throne.

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House,—“It is His Excellency’s pleasure they attend him immediately in this House.”

Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

In meeting you for the first time since entering upon my duties, as the representative of Her Majesty in this Dominion, it affords me great pleasure to be able to congratulate you on the large degree of prosperity which the people of Canada at present enjoy, as evidenced by the expansion of trade and commerce, the flourishing condition of the public revenues and the increased number of immigrants who have become permanent settlers amongst us. To these evidences may be added another which is even more gratifying, the almost total cessation of the considerable exodus of our population which at one time was a regrettable feature of our affairs.

The negotiations which were set on foot during the recess between Her Majesty’s Government and that of the United States in reference to the settlement of certain questions in dispute between Canada and the latter country were, I grieve to say, greatly delayed by the illness and subsequent death of two of the most eminent members of the Commission appointed for that purpose. Considerable progress had been made on several of the subjects submitted, but a serious disagreement arose between Her Majesty’s Commissioners and the Commissioners of the United States on the question of the delimitation of the Boundary between Canada and Alaska ; the question was referred by the Commissioners to their respective Governments, the Commission being adjourned to the second day of August next, in the hope that, in the meantime, the difficulty might be overcome.

In compliance with the Act passed last session a Plebiscite was held on the question of prohibition ; the official figures of the vote will be placed before you.

I observe with pleasure that the Mother Country, Canada and other British possessions have recently adopted a Penny Postage letter rate. The satisfaction with which this action has been received by the Canadian people is a further proof of the general desire existing amongst our people for closer relations with the Mother Country and the rest of the Empire.

I am also glad to be able to state that the satisfactory condition of the finances of the country permitted a reduction, on the first of January last, of the Canadian domestic letter rate, from three to two cents, and although such reduction involves a temporary loss of revenue, it is nevertheless confidently expected that the cheapened rate will prove of such service in the promotion of trade and in the general interchange of correspondence that, within a reasonable time, the revenue of the Post Office Department will be restored to its former figure.

Much information has been obtained since you last met relative to the extent and value of the deposits of gold and valuable minerals in the Yukon and other parts of

Canada. The returns from the Yukon have so far proved sufficient to meet the heavy expenditure it was found necessary to incur for the purpose of preserving law and order, and it has been thought expedient in the public interest to authorize the construction of a line of telegraph for the purpose of maintaining speedy communication with the people of those distant territories.

A Bill will be submitted to you for the better arrangement of the electoral districts throughout the Dominion, as also several other measures of less importance.

Gentlemen of the House of Commons :

The public accounts will be laid before you, and also the estimates for the coming year. They have been prepared with a due regard to efficiency and economy, and the responsibilities arising from the rapid progress of the country.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

I am confident that the important subjects I have mentioned to you will receive your serious consideration, and that it will be your earnest endeavour to promote the public interests and prosperity of Canada.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Mr. Speaker reported to the Senate that the Clerk had received several Certificates from the Clerk of the Crown in Chancery, and the same were then read by the Clerk.

By the Honourable Mr. Landry,—Of the Quebec Steamship Company, Limited.

By the Honourable Mr. O'Brien,—Of the Canada Accident Assurance Company and of Richard Wilson Smith and others, of the City of Montreal, in the Province of Quebec, and others of elsewhere.

The Honourable the Speaker presented to the Senate,—The Report of the Joint Librarians of Parliament, which is as follows :—

TO THE HONOURABLE THE SPEAKER OF THE SENATE.

The Joint Librarians of Parliament have the honour to report for the year 1898, as follows.

The usual efforts have been made to provide room for the accumulating contents of the Library. The artistic appearance of the room has been somewhat marred by temporary shelving; but only in this way could the necessary accommodation be had.

The Statistical side of the Library has been the object of the customary attention, and it is to be hoped will be found well supplied. The Librarians respectfully point out that as it is quite impossible, with limited space and means, to provide many copies of books of reference, the rules as to the return of such volumes should be respected by members.

Efforts have been made during the year to fill up the gaps still remaining on our shelves in the Canadian section. Many works have been secured, of general utility, but not of such importance as to require a special mention. To help students in Canadian history, our collection of books bearing on that subject has been made with a view of placing together, 1st, works on the early settlement of the different Provinces of Canada; 2nd, on the French Regime in New France and Acadia; 3rd, on the Intercolonial wars of the 17th and 18th centuries, ending with the seven years war; 4th, on the beginning of the English Regime and military rule; 5th, on Canada under the Quebec Act and under the constitution of 1791, and the division of the country into two Provinces; 6th, on the war of 1775 and 1812; finally, on the political events in all the Provinces and the establishment of a responsible government.

Despite the omissions already mentioned, this collection is now in such a forward state that it can supply material on all questions connected with the history of the country.

Among the special additions to the Library during the year may be mentioned a collection of all the articles, pamphlets and addresses published separately or in the principal periodicals of England, regarding the career of the Right Hon. W. E. Gladstone.

These volumes, together with a similar collection, made on the occasion of the Queen's Jubilee in 1897, will provide, at some time, a most valuable repertory of materials for the history of Her Majesty's reign.

The customary collection of the annals of trade and commerce and general information has been made, and it is hoped that no place of business life will be found unrepresented.

The legal side of the Library has called for many additions during the year. The latest revisions of the laws of the various American States, and the latest editions of necessary text-books, as well as many new ones, have been added to our catalogue.

Among the donations to the Library during the year, the most valuable is that of Mrs. Mary Ford of Pencarron who forwarded to the Government the bust by Behnes of her brother, the Right Hon. Sir William Molesworth, Bart., M.P., Secretary of State for the colonies in 1855. The Prime Minister has placed the bust in the Library, where, as the *Toronto Globe* has appropriately said, it shares with the bust of the Duke of Newcastle by Boehm (presented by Sir Edward Watkin to Sir John Macdonald) the merit of artistic distinction. The early death of Sir William Molesworth in 1855, deprived the Colonial Office of a Minister who would probably have enriched its traditions by a wise and liberal policy. The Library also possesses the fine edition of the works of Thomas Hobbes, edited and published by Sir William Molesworth at his own expense, and presented by him to the Canadian Government. Sir William Molesworth was one of those who in a time of indifference took interest in colonial questions and was at great pains to bring them before the Parliament and people of England. His labours deserve our grateful remembrance.

The Librarians desire to acknowledge the receipt of a large collection of the civic reports of Toronto, made by Mr. John Blevins the City Clerk. These materials for history will one day prove very useful.

The Library is also indebted to Col. White, C.M.G., late Deputy Postmaster General, for a number of interesting books and pamphlets.

The catalogue of accessions for the year elapsed since the preparation of the previous number, has been compiled and will be distributed at an early day.

The list of donations is appended as usual.

All of which is respectfully submitted.

The Honourable Sir Mackenzie Bowell called attention of the Government to the following telegraphic despatch which was published in the "Evening Journal" on the 12th of April instant, a newspaper printed in the City of Ottawa, as follows:—

GRAVE CHARGE OF CORRUPTION.

HOW QUEBEC'S BIG VOTE AGAINST PROHIBITION IS SAID TO HAVE BEEN MADE UP—LIBERALS ARE CHARGED WITH FALSIFYING RETURNS.

(Special to the Journal.)

Toronto, April 12.—George M. Webster, vice-president of the Quebec branch of the Dominion Alliance, and a Reformer in politics, has made a statement to a press representative, strongly denouncing the Laurier Government on the question of the plebiscite. Mr. Webster's statement has caused consternation in prohibition circles. Mr. Webster stated that the taking of the vote on the plebiscite in Quebec was attended by the grossest corruption.

"Ever since the plebiscite in Quebec," said Mr. Webster, "strong and persistent rumours have reached the executive of the provincial branch as to the gross amount of fraud which occurred all through the province. This finally became so repeated and seemingly definite that the Quebec branch sent two men to investigate. Each went independent of the other, and neither knew that the other was in the field.

The first, when he came back, reported universal appearances of fraud, but was unable to lay his hand on any concrete cases. The second man was William Henry Parent, of Ottawa, a man whose father was at one time a Liberal member for Rimouski, and who himself had been employed as an election agent and general party representative of the Liberal party for years, being sent into different constituencies to organize for elections, and at other times drawing revenue from ministers or from the departments. This man reported when he returned that he had visited some thirteen constituencies.

"In every case, without a single exception, fraud was apparent and could be proven. His report showed in detail that say, in the county of Quebec at poll No. 1, parish of Beaupré, such a man was deputy returning officer, that at the day of voting 36 votes were polled and yet the next day the deputy returning officer would add from 50 to 120 votes against prohibition.

"This emissary returned from Quebec and brought a letter purporting to be written by E. Pacaud, editor of *Le Soleil*, the leading Liberal newspaper in the district, which contains a promise that the department would offer a position under the government to the emissary if he did what was requested of him. He did what was required.

"In the case of Three Rivers a deputy returning officer did the work only on consideration that he was to be made a forest ranger. This position was promised, and he is at the moment in the woods as ranger, drawing pay from the provincial Liberal government.

"In another case the deputy returning officer of one of the polling places, believing that the whole thing looked like a farce, as the officer was not sworn, went up to Quebec to ask for instructions as to what was meant. He there saw some of the chiefs of the Liberal party, whose names were given, and asked them what was required. They laughed and told him that if he did not know enough to know that, he had better resign his position and allow others to be appointed. This hint was enough for the gentleman, and the day after the elections he put 75 votes in against prohibition.

"These are only sample cases of what went on all over the province, particularly in the French districts.

"In Quebec and Montreal gangs of men were driven from poll to poll, some voting as often as eight or ten times. The provincial branch, being much more anxious to benefit the temperance cause than to hurt or further any political party, submitted the evidence to a member of the Government who was supposed to represent the tem-

perance people. He recognized the seriousness of the allegations, all of which were sworn to before a justice of the peace. As a result, the Alliance was informed that the whole story was a fabrication, that the names of the deputy returning officers were not correct, and that the total number of votes given as being both genuine and those given as fraudulent were wrong. Indeed, the reports seemed to be a tissue of falsehoods.

“Permission to inspect the returns was asked for and refused on the ground that it might not be pleasing to all the members of the Government, and so all the executive did get was a list of alleged officials made out by the Government employees.

“With a view of verifying matters, an effort was made to bring Parent forward to give evidence, but unfortunately, and here is the ‘snap of the whip,’ Parent, between the time this information was given to the Government with Parent’s sworn declaration as to the truth of the information and the time we wanted him to give evidence, had been appointed immigration agent and sent to Wisconsin, though not even then could any one be found who could give his address.”

And inquired:—

1. Whether William Henry Parent, the person referred to in the said telegraphic despatch has been appointed an Immigration Agent, or to any other position by the Government of Canada, or by the Government of any of the Provinces in the Dominion.

2. Whether the Government intends to appoint a Royal Commission to investigate and report upon the grave charges which have been made of ballot stuffing, and other frauds in connection with the said Plebiscite vote on the 29th day of September, 1898.

Debated.

Then the Honourable Sir Mackenzie Bowell moved, seconded by the Honourable Mr. Ferguson,

That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, all correspondence with the Government or any member thereof, relating to the subject of the introduction of a prohibitory Liquor Law by the Government, together with all affidavits and other documents having relation to the vote cast upon the question of prohibition on the 29th day of September, 1898, and the alleged frauds in connection therewith.

After Debate.

On motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Mills, it was

Ordered, That further Debate on the said motion be postponed until to-morrow.

Then, on motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott,

The Senate adjourned.

THE SENATE,

COMMITTEE ROOM No. 2,

WEDNESDAY, 19th April, 1899.

The Standing Committee on Debates and Reporting have the honour to make their First Report, as follows :—

That as the cost of translating the Senate Debates into the French language under the present system of paying a sum per page was, for 1897, \$1,292.50, and for 1898 will be \$1,733 75, making for the two sessions a total of \$3,026.25, your Committee are of the opinion that it will promote economy and will also, as far as possible, keep the translation alongside of the English Reports during the session if an additional French translator was placed upon the permanent staff of the Senate, whose duty it would be to do all the translating, proof-reading, revising and attending to the printing of the translation of the Debates, he to be under the control and direction of the Clerk of the Senate, and to do such other work as he may require him to do.

Your Committee recommend that Mr. Joseph Bouchard, of Ottawa, be appointed to such position of an additional French translator, and that his salary be placed at one

thousand two hundred dollars (\$1,200) per annum if he performs his work satisfactorily to your Committee, but that for the current year it be only one thousand dollars (\$1,000), and that his appointment date from the commencement of the present session.

Whereas a Petition has been presented praying for the passing of an Act to incorporate a Company to construct and operate a railway, from a point near Bedlington, in the Province of British Columbia, to a point at or near the Town of Nelson, and branch lines in connection therewith, as hereinafter specified, with all necessary and proper powers, rights and privileges incidental thereto ;

And whereas it is expedient to grant the prayer of the said Petition :

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows :—

1. Alfred St. George Hamersley, Robert Garnet Tatlow and Joseph Walter McFarland, together with such other persons and corporations as shall hereafter, in pursuance of this Act, become shareholders of the Company hereby incorporated, are hereby constituted a body corporate and politic under the name of the "Bedlington and Nelson Railway Company," (hereinafter called "the Company," which expression shall be deemed to include and comprehend the successors and assigns of the said Company).

2. The capital stock of the Company shall be one million dollars, divided into ten thousand shares of one hundred dollars each, which shall be applied first to the payment of all costs and expenses incurred in the passing of this Act, and the remainder for the purposes of the Company's undertaking, but the capital stock may be increased from time to time by a vote of a majority of the shareholders representing two-thirds in value of the subscribed capital of the Company present or represented by proxy at any meeting specially called for that purpose.

3. The shares of the Company shall be transferable in such manner and upon such conditions and subject to such restrictions as the by-laws of the Company may provide, and if no such by-laws or regulations are provided, then in manner prescribed by the "British Columbia Railway Act," and such shares may be granted and issued as paid-up shares for value received, or services rendered to the Company by engineers, contractors and other persons or corporations who have been or are engaged in promoting the undertaking, or for any other purposes in connection with the interests of the Company, and such shares shall be fully paid up and unassessable thereafter for any purpose.

4. The head office of the Company shall be at the City of Vancouver, or at such other place in the Province of British Columbia as the Company may from time to time appoint.

6. At least thirty days public notice of any meeting of the shareholders of the Company shall be given by advertisements published in the *British Columbia Gazette*

and at least one newspaper published in the place where the head office is situate, and by notice in writing to each shareholder, delivered to him personally or properly directed to him at his last known place of abode, in which notice shall be specified the place and the day and the hour of meeting. All such notices shall be published at least weekly, and a copy of such *Gazette* and newspaper containing such notice shall, on production thereof, be evidence of the sufficiency of such notice.

(c.) To build, acquire, own, charter, equip and maintain steam or other vessels for the purpose of carrying cars, freight and passengers, or for such other purposes as the Company shall determine.

13. No Act of this Legislature requiring the Company in case efficient means are devised for carrying telegraph, telephone or electric wires underground, to adopt such means and abrogating the rights given by this Act to continue carrying lines on poles shall be deemed an infringement on the privileges granted by this Act.

14. No person shall be eligible as a director of the Company unless he is the owner and holder of at least twenty-five shares in the capital stock of the Company and qualified to vote for directors at the election at which he is chosen; but no director shall be disqualified from being elected or holding office by reason of his being connected directly or indirectly with any other Company, or on account of his receiving any pay or remuneration for attending to the affairs of the Company in any capacity.

The Company may lay out, construct, equip, maintain and operate a line of railway of standard or narrow gauge as the Company may determine, from a point at or near the International Boundary Line between this province and the United States of America, at or near the town of Bedlington, thence by the most feasible and available engineering route, to a point at or near the town of Nelson, with power to construct, maintain and operate branch lines, not exceeding twenty miles in a direct line from the main line, at any point or points along the said main line to all mines lying in the vicinity thereof, and the said line of railway with the branches that may hereafter be acquired or constructed shall constitute the line of railway herein called the "Bedlington and Nelson Railway."

19. The Company may undertake to transmit for profit any messages for the public by any of its line or lines of telegraph or telephone or any part thereof.

20. It shall be lawful for the Company, with the consent of the Chief Commissioner of Lands and Works, to take from any public lands adjacent to or near the line of the said railway, all stone, timber, or gravel, and other material which may be necessary or useful for the construction of the railway, and also where necessary to fill in upon any public lands.

22. The Company shall commence the construction of the main line of said railway within two years from the date hereof, and complete the same within five years from the date hereof; but failure to complete any portion of the said railway within the time limited in this section shall not prejudice the rights and privileges of the Company in respect of so much of the said railway as is constructed within the time hereinbefore limited.

23. The Company shall, within six months from the passage of this Act, deposit with the Provincial Government of British Columbia, a bond for the sum of three thousand dollars, not as a penalty, but as liquidated and ascertained damages due to Her Majesty, in the right of the Province of British Columbia, in case of default conditional that actual construction shall be commenced and prosecuted on the line of railway hereby authorized within the time specified.

24. The said Company shall have power to collect and receive all charges subject to which goods or commodities may come into their possession, and on payment of such back charges and without any formal transfer shall have the same lien for the amount thereof upon such goods and commodities as the person to whom such charges were originally due, and shall be subrogated by such payment in all the rights and remedies of such persons for such charges.

PRAYERS.

The Honourable Mr. Baker, from the Standing Committee on Railways, Telegraphs and Harbours, to whom was referred the Bill (42) intituled: "An Act respecting the Portage du Fort and Bristol Branch Railway Company," presented their Report.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows :—

THE SENATE,

COMMITTEE ROOM No. 8,

WEDNESDAY, 28th June, 1899.

The Standing Committee on Railways, Telegraphs and Harbours, to whom was referred the Bill (No. 42 from the House of Commons) intituled: "An Act respecting the Portage du Fort and Bristol Branch Railway Company," have, in obedience to the Order of Reference of Friday, the sixteenth of June instant, examined the said Bill, and now beg leave to report that the preamble of the said Bill has not been proved to their satisfaction.

The grounds on which Your Committee have arrived at such decision are, that if the said Company's line, the construction of which was authorized by Acts of the Province of Quebec, but has not been begun, were extended as proposed by the Bill, it would be parallel to that portion of the Pontiac Pacific Junction Railway Company's line which has already been constructed and at but a short distance therefrom, and would therefore compete unduly therewith.

All which is respectfully submitted.

GEORGE B. BAKER,
Chairman.

On motion of the Honourable Mr. Vidal, seconded by the Honourable Mr. Power, it was

Ordered, That the said Report be taken into consideration by the Senate on Monday next.

In the event of the Company or any company in which it may become amalgamated, acquiring the railway, it shall maintain within one mile of the intersection of Arthur street with Court street, in the town of Port Arthur, such stations and other buildings as may be necessary and sufficient for the traffic of the district of Thunder Bay, and the said town shall be a divisional terminal point of the railway and all regular passenger trains shall arrive and depart from the said station, and the Company shall also maintain in the said town such workshops as may be necessary and sufficient for the divisions terminating in the said town.

2. Any company in which the Company may become amalgamated shall be bound by and entitled to all the benefits of and rights under the agreement dated 15th May, 1897, made between the Company and the corporation of the said town, respecting the company's terminals at Port Arthur and the municipal taxation of the company there.

3. Nothing in the said agreement shall prevent any company from extending the railway eastwards from Port Arthur if authorized so to do.

4. In the event of the Company or amalgamated company exercising rights of running powers over the Port Arthur, Duluth and Western Railway, and making use of the terminals of that railway in Port Arthur, such use shall be deemed a compliance with the terms of the said agreement respecting the Company's terminals in Port Arthur.

5. The provisions of this section shall not come into force unless and until the corporation of the town of Port Arthur assents thereto and duly agrees under its corporate seal with the Company or amalgamated company to be bound thereby."

"2. "3. A duplicate of the agreement referred to in subsection 1 of this section, duly ratified and approved, shall within thirty days after its execution, be filed in the office of the Secretary of State of Canada, and notice thereof shall be given by the company in the *Canada Gazette*, and thereupon such amalgamation shall be deemed to be complete and operative according to the terms of the said agreement, and the production of the *Canada Gazette* containing such notice shall be *prima facie* evidence of the requirements of this Act having been complied with."

Clause B.

“The Company shall not, nor shall any company in which it may become amalgamated, nor shall any of the branch lines thereof, or any line of railway leased by the Company or amalgamated company or under its control, be at any time amalgamated with the Canadian Pacific Railway Company, or any of its branch lines, or with any branch lines leased by the Canadian Pacific Railway Company or under its control; and such amalgamation and any arrangement for making a common fund or pooling the earnings or receipts of the said two railways or their or any of their branch lines, or of any railway lines or parts thereof leased by the said companies, or either of them, shall be absolutely void; this provision, however, shall not extend to traffic or running arrangements made with the assent of the Governor in Council.”

1. This Act may be cited as *The Usury Act, 1899.*

2. The expression “money-lender” in this Act shall include any person who carries on the business of money-lending, or advertises, or announces himself, or holds himself out in any way, as carrying on that business, and who makes a practice of lending money at a higher rate than ten per cent per annum, but does not comprise registered pawnbrokers as such.

3. Notwithstanding the provisions of chapter 127 of the Revised Statutes, no money-lender shall stipulate for, allow or exact on any negotiable instrument, contract or agreement the principal of which is under five hundred dollars, a rate of interest or discount greater than twenty per cent per annum ; and the said rate of interest shall be reduced to the rate of ten per cent per annum from the date of judgment in any suit, action or other proceeding for the recovery of the amount due.

4. In any suit, action or other proceeding concerning a loan of money by a money-lender the principal of which was originally under five hundred dollars, wherein it is alleged that the amount of interest paid or claimed exceeds the rate of twenty per cent per annum, including the charges for discount, commission, expenses, inquiries, fines,

bonus, renewals or any other charges, but not including taxable conveyancing charges, the court may re-open the transaction and take an account between the parties, and may, notwithstanding any statement or settlement of account, or any contract purporting to close previous dealings and create a new obligation, re-open any account already taken between the parties and relieve the person under obligation to pay from payment of any sum in excess of the said rate of interest; and if such excess has been paid, or allowed in account, by the debtor, may order the creditor to repay it; and may set aside, either wholly or in part, or revise or alter, any security given in respect of the transaction.

5. The *bona fide* holder, before maturity, of a negotiable instrument discounted by a preceding holder at a rate of interest exceeding that authorized by this Act, may nevertheless recover the amount thereof, but the party discharging such instrument may reclaim from the money-lender any amount paid thereon for interest or discount in excess of the amount allowed by this Act.

6. The principal of any sum of money, as expressed by section 4 of this Act, due and payable before the date of the passing of this Act in virtue of any negotiable instrument given to a money-lender or of any contract or agreement entered into with such money-lender in respect of money lent by him, shall not, from and after the said date, bear a rate of interest greater than twenty per cent per annum; and from and after the said date no rate of interest greater than ten per cent per annum shall be recovered upon any judgment, rendered before the said date, upon any such negotiable instrument, contract or agreement for the payment of money lent by a money-lender and which allows a greater rate than ten per cent per annum.

7. In the case of any such negotiable instruments maturing after the date of the passing of this Act, and in the case of any such contracts and agreements to be performed after the said date, the foregoing provisions of this Act shall apply only from the date of maturity or performance as the case may be.

8. Nothing in this Act shall operate to increase the rate of interest that may be recovered in any case where by law the rate is fixed at less than twenty per cent per annum.

9. Every money-lender is guilty of an indictable offence and liable to imprisonment for a term not exceeding one year, or to a penalty not exceeding one thousand dollars, who lends money at a rate of interest greater than that authorized by this Act.

Your Sub-Committee appointed by the Joint Library Committee of Parliament for the Session of 1899, to audit and report upon the account of Receipts and Expenditure connected with the Library of Parliament, since the 30th of April, 1898 (the date of the last audit), report as follows:—

They have examined the statements and vouchers, as well as the account books submitted to them by the Accountant, said vouchers being numbered 5129 to 5771, both numbers included; also, the vouchers for Bills of Exchange, lettered A, B and C of 1898-99, respectively, and find them to correspond.

They also submit, herewith, for the information of Parliament, an abstract of the account current of the Library from the 30th April, 1898, to the 8th July, 1899, together with other requisite subsidiary statements, including a statement, classified by subjects, of the expenditure for books during the same period, as prepared by the Accountant.

Your Sub-Committee desire again to express their appreciation of the great thoroughness and care with which the Accountant discharges his duties. The accounts and vouchers are kept and arranged in a most systematic manner, rendering the work of your Sub-Committee much lighter than it otherwise would be.
