LEFT TO RIGHT—CHIEF OF POLICE BOUREAU AND HARRY K. THAW. PHOTOGRAPHED BY N.Y. HERALD PHOTOGRAPHER AT COATCOOK TOWN HALL.

The photograph herewith shows Harry Thaw on the steps of the Coatcook Town Hall and Chief of Police Boudreau. It was Chief Boudreau who on the instigation of Sheriff Kelsea, of New Hampshire, made the arrest of Thaw.

CASE ENDED ABRUPTLY AND CROWD CHEERED VERDICT FAVORING THAW

New York State Lawyers Told by Judge That There Was Nothing Doing For Them--What's Next? That is the Question Which is Bothering Everybody--Details of the Great Case.

[Canadian Press Despatch] SHERBROOKE, Que., Aug. 27.—After an almost sleepless night, during which attack and counter-attack were discussed by the leaders, the opposing forces in the case of Harry Thaw, held in the Sherbrooke jail a night from Matheawan were in a battle array this morning prepared for a struggle to determine whether Lord White's slayer shall remain in his cell indefinitely or be arraigned in court, freed of the charge on which he is held and turned over to the immigration authorities to be sent to England. Thaw's lawyers, having served notice yesterday that they had withdrawn the habeas corpus writ on which Thaw was to be brought to court to-day, maintained that this insured his detention in jail until such time as he saw fit to elect to stand on the charge of being a fugitive, either before a magistrate or before the King's bench, criminal in October. In withdrawing the writ they contended that they were within their legal rights.

Dr. Mawson and Party Saved in Nick of Time Relief Just Got There—Party Famished After Living on Hearts and Tongues of Sea Elephants.

CHRISTCHURCH, New Zealand, Aug. 27.—Relief arrived just in the nick of time to save the lives of Dr. Douglas Mawson, the Australian Antarctic explorer and his five companions who were left in March last on MacQuarie Island in the Antarctic Ocean, when the remaining 24 members of Dr. Mawson's expedition returned to Tasmania on board the Aurora from their South Polar trip. The six men were believed to have simple provisions to last them until the Antarctic spring, but the commander of the government steamer found that the men had been living on some time on the hearts and tongues of sea elephants. All of them were obviously in a very weak condition when the relief ship reached them.

STRIKING ADDRESS OF THE PRESIDENT TO-DAY IN CONGRESS ON MEXICAN MUDDLE

[Canadian Press Despatch] WASHINGTON, Aug. 27.—President Wilson appeared in person before congress to-day and laid bare to the world the details of this nation's efforts to bring about peace in Mexico, the fact concerning Huerta's rejection of the peace proposals and the policy to be pursued now by the government.

The president announced the position of the United States to be as follows: "No armed intervention; strict neutrality (forbidding the exportation of arms or munitions of war of any kind from the United States to any part of the republic of Mexico)." Under no circumstances "be the partisans of either party to the contest that now distracts Mexico, or to make ourselves the virtual umpire between them."

To urge all Americans to leave Mexico at once and assist them to get away in every way possible. To let everyone in Mexico who assumes to exercise authority know that this government "shall vigilantly watch the fortunes of those Americans who cannot get away and shall hold those responsible for their sufferings and losses to a definite reckoning."

Reception of a Mexican ambassador in Washington. That the United States send a new ambassador to Mexico without restraints. Strict observance of the neutrality laws and see to it that no American monetary assistance is given to the rebels. Unconditional recognition of the Huerta government.

Magistrate Livingston Is Surely a Good Samaritan

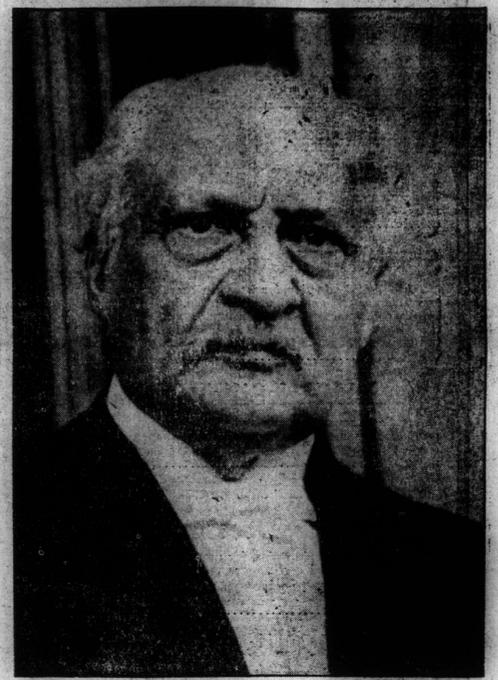

He Hands Thirty Cents Out to a Commercial Traveller Charged With Beating a Restaurant Keeper Out of Meal Money.

Another heavy docket faced Magistrate Livingston this morning and until nearly noon, the court officials were kept decidedly busy. John Ryan was charged with a breach of the market by-law in that he did sell meat by retail on the public street. To this he pleaded not guilty and the evidence of a number of witnesses was taken, these people claiming that they bought meat from Ryan on the street. The accused pleaded that the people in question had stopped him while he was on his route and asked to buy meat. Peddlers of vegetables and fruit could be seen on the streets of Brantford every day except Sunday, the accused declared.

Magistrate Livingston expressed the opinion that Ryan had not solicited orders on the street and despite the strenuous objections of Crown Attorney Henderson, dismissed the case.

Wesley Lutes has only been married four months but this morning he appeared on the carpet charged as a drunk and with assaulting his wife. To the first charge he pleaded guilty but regarding the assault charge he said he did not remember. Mrs. Lute endeavored to refresh the memory of the accused when she told the court of a lively struggle which took place last night, when Lute came home under the influence of liquor and attempted to choke her. Witness called for help and neighbors ran to her rescue. In the meantime Lutes received a beautiful black eye, while the wife got away with a number of marks on her body. Magistrate Livingston told Lutes that he ought to be ashamed of himself and warned him that a similar offense again would mean the lash. He adjourned the case for a week and stated that Lutes' conduct in the

HIGH TENSION LINE ON RAILWAY ROUTE RIGHT INTO THE CITY

Arrangements have been completed whereby the high tension line of the Hydro-Electric from the Brant sub-station near the Paris Road will be taken care of on the right of way of the Lake Erie & Northern Railway right into the city to the Greenwich street sub-station. This move on the part of Engineer Ireland is a most commendable one, as it will mean that the 26,000 volt line will be away from any residential streets, and the danger will be reduced to a minimum. The expense will also be reduced. It is likely that the power for Paris will also go in over the Lake Erie & Northern Railway right of way, although arrangements in this regard have not been completed.

Some worry was occasioned last week as a result of a visit to the sub-station which is far from being completed. Engineer Ireland took the matter up at Toronto and was informed that the cause of the delay was in the steel construction. He was assured that the station would be ready to connect up by January 1 next. The local Hydro-Electric work is being rushed ahead with all possible despatch and while Engineer Ireland refuses to make any definite announcement as to when the "juice" will be turned on in Brantford members of his committee are confident that he will have things in great shape by December so that the new Hydro lights will be on in full blaze in January.

Rural Mail Routes Vastly Increased

About 1,000 Added Since Conservatives Assumed Office.

OTTAWA, Aug. 27.—The rural mail delivery system has undergone an immense increase within the past year. At the present time eighteen hundred routes are in operation. This is an increase of about a thousand since the present Government assumed office. While a number of routes are being established in the West, the service is much more largely centred in the East, especially in Ontario, which has displayed a much greater tendency to utilize it. The result has been the closing of a large number of country post-offices.

Edmonton is Wonderful City With a Great Future Before it—Touring Brantfordite Enthusiastic.

EDMONTON, Aug. 23.—It's a nice little faunt' shiegly of prairie, eight hundred miles from Winnipeg to Edmonton on the North Western division of the C. P. R., but its well worth the effort to see this splendid capital city of Alberta. The "going" is made by the excellent service supplied by Canada's Premier Western line. Why is it that in the West, train accommodation is so superior to that afforded in the East? Well equipped observation cars are a feature on all the railways in the West, the latest English, Canadian and United States magazines are supplied for the edification of the traveller. All the berths are electrically lighted and another capital feature which is greatly appreciated by the traveller is the posting from time to time of a "pony news service," covering the important events transpiring in the world, stock market quotations and sporting events. Certainly this is travelling de luxe!

VERY BRIGHT GIRL CALLED TO REST

Miss Jean Stewart, Local Bookkeeper, Passed Away This Morning.

A very bright young life ebbed away at the hospital this morning shortly before 8 o'clock in the person of Miss Jean Stewart, second daughter of Mr. and Mrs. John Stewart, William St., Paris. The young lady underwent an operation for appendicitis last night but slept away peacefully this morning.

Last Wednesday the deceased who for the last two years has held the position of bookkeeper for Joseph Broadbent and for the four years previous for Messrs. Calbeck and Barber, left to spend her vacation at the home of her brother Hector in Galt, while there became suddenly ill. She was taken to her home in Paris on Saturday where she became worse.

A consultation was held at her home in Paris yesterday afternoon, and the doctors decided that an operation should be performed at once, and she was brought to the hospital here.

The deceased who was in her 25th year was an exceedingly bright young lady and her sudden death will come as a great shock, and will be much regretted by her many friends. She was a member of the Paris Congregational church, and also a member of the St. Andrews young people's society of this city.

MR. R. H. REVILLE WRITES A BREEZY WESTERN LETTER

(Continued from Page 1)

Grand Trunk Pacific is already completed from Winnipeg to Edmonton and some 250 miles beyond on its long outpour to the Coast. From Edmonton onwards the G.T.P. passes through a great soft coal and mineral belt. Shale and marl are also present in large quantities in the near-neighborhood and big cement works are being installed along the line.

The city is the centre, almost plumb, of the vast Alberta Province. Here are the handsome new Provincial Governmental buildings with their St. Paul-like dome. Here are the University buildings of the province. Here, too, the Grand Trunk Pacific is erecting the Hotel Macdonald on a superb site overlooking the swift current of the river, rivaling in situation almost the far-famed Chateau Frontenac in Quebec.

Recently the municipality has acquired, with commendable enterprise, the Edmonton golf links at the foot of the rising ground, on which the main portion of the city is built, for public park purposes. The city fathers will continue to run the links for the benefit of the followers of "the naughty little sporty little golf ball."

Edmonton is not worrying very much about financial stringencies. Edmonton is sure of its own natural resources. Has confidence; has courage in the future and the bountiful harvest that this autumn is assured and will bring millions into her treasury.

McAleer's chief argument to prove that McBride will not manage the Red Sox next year is an agreement with Bill Carrigan for the latter to do the work. Bill admits that they have agreed on the figures, but the papers have not been produced yet.

CANADA.

At the annual meeting of Canadian Clubs held in Hamilton, the President, Mr. W. M. McClelland, during the course of his address struck a note which it is not too much to say will jar on most of us who reside in the Dominion.

The Toronto Globe in a leading editorial heartily endorses his views, but then the Globe never has possessed any higher idea of Canada than to see the country made subservient to Uncle Sam, first by its advocacy of Commercial Union, and then of Reciprocity.

Here is what Mr. McClelland said in part:

"What is the true ideal of Canadian citizenship? Canada is essentially a civilian and not a military country. The true education of Canadian youth should be for good citizenship and not for good soldiering. But what of the future? Under the present feverish war scare, under the contemplated action of the Canadian Government and the policy of the Opposition, under the almost universal war spirit of her public press and the influence of the School Cadet and the Boy Scout movement among our rising generation—under these conditions what future is there for Canada? Militarism receiving its impetus in Canada from such conditions may grow and may corrupt our civilian ideas."

It would be a sorry thing for Canadian and Empire spirit if such views as the above generally prevailed.

They don't, and what is more they won't.

The man, or nation, unprepared to fight when warranted, and necessary, never amounted to shucks, and never will. You can call it primeval nature or what you like, but the feeling is there in every virile man, or woman, with good red blood flowing in their veins and with a proper idea of self respect.

The militia movement is a good thing in Canada, and so is the Cadet and the Boy Scout propaganda. In addition the fact that this country should help the Old Land in connection with its navy burden for all of us, is generally conceded to be the proper course by those giving the subject any level headed consideration.

Where would the union jack, with all the glorious liberty which it typifies, be to-day if the people of the British nation held such views as Mr. McClelland has expressed and the Toronto Globe endorses.

"What will Canadians do with Canada?" that paper asks.

The answer is very plain. They will continue to do with it just what they have done—maintain its proud status as a nation within the great old Empire.

THAW'S CASE.

This paper confesses that it is disappointed over the fact that there threatens to be a lot of dilly dallying with Thaw before he is trucked out of the Dominion.

No one wants to see injustice but the truth might as well be faced that if he and his friends were not in the millionaire class he would have been deported as an undesirable in less than twenty-four hours, without legal entanglements.

Just what money can accomplish for an admitted murderer, was only too fully demonstrated in the United States, and it is to be sincerely hoped will not be duplicated here.

The New York Times places the estimated outlay up to date as follows: First trial, 1907, \$200,000; Second trial, 1908, \$150,000; First hearing, 1908, \$65,000; Second hearing, 1909, \$50,000; Third hearing, 1912, \$75,000; Incidentals, \$100,000; C. W. Hartridge (expenses), \$103,000; To Evelyn Nesbit Thaw, \$70,000; Paid detectives, \$50,000.

Total, \$863,000. Now, there will have to be added the expenses at the Canadian end. Thaw's sister brought \$25,000 along with her as a starter and that apparently will be only the commencement.

There is a lot of misplaced sympathy over this pernicious product of bad and utterly selfish upbringing. He says that he killed White because of what his wife told him regarding that man of lechery, but his own record has been shown to be equally bad. In fact he could have been shot more than once for just such conduct as that of White, supposing that what "Evelyn" alleged, was true.

It has been a nasty business with a nasty lot of people involved from first

to last, and a more demoralizing story all round it would be hard to conceive.

The duty of Johnny Canuck is clear. It is that without any unnecessary delay this debaucher of girls, who killed another so-called man of the same ilk, should be sent back where he belongs—to an institution where he can no longer practice the role of an immoral vulture.

WILY KING EDWARD I.

Peopled the Rebellious Welsh With the Prince of Wales.

After a lifelong struggle with the Welsh, Edward I. of England sought to ascertain the cause of their constant rebellion and was informed that they would never be content until they had a prince of their own.

The wily old monarch asked them if a prince born in Wales who could not speak a word of English would be satisfactory, and they received the offer with great enthusiasm, presuming that the king meant one of their own flesh and blood.

His queen, about to give birth to a child, was hurried to the famous Caernarvon castle, where 600 years ago Edward II., the first prince of Wales, was born. Thereupon King Edward, carrying the newly born babe on the ramparts of the castle, announced to the multitude: "Here is your prince, born in your own country, who knows no word of English and who, I promise you, shall be reared by a Welsh foster-mother and shall learn your language. Accept you him as your prince?"

In all the six centuries intervening the eldest son of the king of England has been invested and known as the Prince of Wales. In the year 1911 the present Prince of Wales and the future king of England was invested on the same spot as his predecessor 600 years ago.—T. Owen Charles in National Magazine.

HEAT AND THE BODY.

We Are Able to Drink Liquids That Would Scald Our Hands.

The human body can stand far greater heat if it be dry than if it be wet, and strangely enough, it can stand far hotter liquids inside than out.

For example, the average tea drinker sips tea at a temperature of about 140 degrees F.—sometimes as high as 145 degrees. But he cannot bear his hands in water at 120 degrees or his feet in water higher than 112 degrees. Few people can stand a bath in water at 105 degrees.

In parts of central Australia men live in an average temperature of 115 degrees F. in the shade and 140 degrees in the sun, while 151 degrees has been registered. In the Persian gulf the thermometers on ships vary between 122 degrees and 140. A recent explorer in the Himalayas reports that he found at 9 a. m. in December and at more than 10,000 feet altitude a temperature of 131 degrees F.

Drs. Blyden and Chantree, two English scientists, desiring to ascertain how high a temperature the human body could stand, shut themselves in an oven, of which the heat was gradually raised, and they were able to bear it until the thermometer registered 212 degrees F., the boiling point of water.—St. Louis Post-Dispatch.

Ruskin as a Patient.

Matlock, so dear to John Ruskin, brought him within sight of death in 1871. It was a wretched, wet summer; he went out in a miserable morning to paint, took a chill, and aggravated the internal inflammation that followed to a dangerous degree by refusing to take the doctor's medicines. The sequel is delightful. Irritated at the doctor's remonstrances, he demanded what was the worst thing he could take. Beef, they told him, and beef he insisted upon having at once. It was late at night and Matlock was scoured for some time before beef could be found. Then says Mrs. Arthur Severn, he "enjoyed his late supper thoroughly, and though we all waited anxiously till the morning for the result, it had done him no harm. And when he was told pepper was bad for him he dredged it freely over his food in defiance."

The Least He Might Do.

Little Faith was possessed of a most friendly disposition, but had not yet reached the age where she could understand the silence that may wrap itself around a wordless intimacy. In fact, she demanded speech, frequent and loving.

One night her brother was studying most assiduously his arithmetic lesson, and after calling to him several times without receiving an answer, she appealed to her father.

"George is busy," said father. "I know," replied Faith, "but he might at least have said, 'Shut up.'—Woman's Home Companion.

Curious Mixture.

A want advertisement in a serious French journal reads:

"A young person having received an excellent education, including writing, geography, history, mathematics, dancing, music and art, would like to enter a respectable family to do washing and ironing.—Everybody's."

Only One of a Kind.

"Why do you think he is such a remarkable man?"

"Eh? the only one I ever knew who had nerve enough to make the responses in the marriage service loud enough so that any one could hear him."—Chicago Post.

Enlightenings.

The Student—I always get these two terms mixed. What is the difference between matrimony and matrimony?

The Professor—Matrimony is engineered by the mother and the necessary matrimony is supplied by the father.—Kansas City Star.

CASE ENDS ABRUPTLY WITH VERDICT IN FAVOR OF THAW

(Continued from Page 1)

Mr. Kennedy said that in his mission to Ottawa, where he sought to convince the acting minister of the interior that Thaw should be deported direct to New York, he had placed all the facts before the department and "hoped for results."

After yesterday's cold drizzle a gorgeous day of sunshine and crispness dawned in Sherbrooke to-day. Hotel corridors began to fill early with the many emissaries brought here by Thaw's escape. Judge Globensky was due in his chambers at 10 a. m.

In his speech last night at the Board of Trade banquet, Mr. Jerome spoke of intellectual reciprocity between Canada and the United States and did not mention the Thaw case once.

They Were Prepared.

Prepared for any contingency, Mack brought with him Sheriff D. M. Berlin, N.H., and Sheriff Richard Beattie and Deputy J. Brown of Maidstone, Vt.

"If they put Harry Thaw across the border we want to be ready to seize him in either state," said Mack. Mr. McKeeown and J. J. Green-shields, Thaw's chief counsel reached the court house shortly after 9 o'clock and went into conference with the judge. Crowds began to collect in the court room waiting for developments. It was apparent that the first skirmish would be over the habeas corpus writ issue.

Hurrying from his chambers the judge instructed the sheriff that while he was undecided whether to sustain the withdrawal of the writ, Thaw should be brought into court during arguments on the question.

Nearly all of the lawyers for both sides were in court when this announcement was made. The news spread swiftly and the crowd began to grab seats and standing room.

Jerome came into court at 9:50 and took a seat in the front row, directly in front of the judge's bench. He had to convince an attendant of his connection with the case, before the latter would give him a chair. A touch of color was added to the scene by the presence of four Dominion federal police, wearing spiked helmets. Mr. Conger stood talking to Jerome. Three hundred persons were standing up back of the seating spectators.

Thaw came into court at ten o'clock. He was calm and took a seat with his back to the spectators. He immediately began talking easily with his lawyers.

Thaw Not Shackled.

Thaw was brought to court in a cab in the custody of a high constable and Governor La Force of the jail. He was not handcuffed. His hair was brushed neatly and otherwise he showed evidences of having made a more careful toilet than has been his custom of late in the jail. A battery of camera men scaled the judge's bench and snapped the prisoner again and again. The old sheriff, Aylmer, greeted Thaw cordially beamed at him, then began talking.

Preliminary to Trial.

Thaw's face was flushed, counsel lounged about the tables, growing impatient for the judge's appearance. A newspaper photographer rapped for order and when the crowd looked up, took a picture. Thaw appeared to enjoy the attention he was attracting and laughed outright at the antics of the photographers. Now and then he adjusted his gray-striped necktie.

The judge entered at 10:30. Every-body rose as he took his seat.

"No. 967 exparte—the case of Harry K. Thaw," read the clerk.

All for Thaw.

The court took papers in the case and began perusing them. W. L. Shirriff, for Thaw, then addressed the court. "Your lordship," he said, "since this petitioner obtained a writ of habeas corpus he has filed a notice of discontinuance, thereby declaring that no other proceedings be had in this course. This action, I believe is covered under our code of civil procedure."

Here the lawyer referred to clauses in the code bearing on the case.

"Therefore," he continued, "we stand in the position of having made no application for a writ."

Hector arrayed counsel for New York state, interrupted the proceedings to say that New York desired to resist the abandonment of the writ. "I do not wish to hear from your side of the case," said the court. "This is an exparte proceeding."

And Everybody Cheered.

As this practically sustained Thaw's lawyers, the crowd in the court room rose to its feet cheering madly. While the cheering was at its height the clerk cried out that the case was adjourned until 3 o'clock this afternoon.

STRIKING ADDRESS OF THE PRESIDENT TODAY IN CONGRESS

(Continued from Page 1)

authorities at Mexico City had been grossly misinformed and misled," upon the spirit of the American people in the matter, "and upon a mistaken belief that the present administration did not speak for the people of the United States. So long as such a misunderstanding continued," the president asserted, that this nation "could only await the time of their awakening to a realization of the real facts."

"The situation," declared the president, "must be given a little time to work itself out in the new circumstance."

He then outlined the position this government should take. Concluding his address the president predicted that the steady pressure of moral force will before many days break the barriers of pride and prejudice down and we shall triumph as Mexico's friend sooner than we could triumph as her enemies."

WASHINGTON, Aug. 27.—

Early to-day the Mexican situation remained unchanged and President Wilson was willing to appear before a joint session of congress at 1 p. m., to read his address. He was to have the house meet as usual at noon and adjourn at 12:45 to await the arrival of the Senate in the house chamber.

Possibility of another eleven-hour delay such as occurred yesterday when President Wilson postponed the reading of his address 24 hours at the request of Mexican Government seemed quite remote to-day. The general understanding among congressmen in the president's confidence was that he intended to wait no longer before laying the situation here before the world.

Paris News

(From our own correspondent).

PARIS, Aug. 26.—A very sad death occurred on Friday morning in Paris when Geo. H. Brown passed away after a three-days' illness from typhoid fever. He was only thirty years of age and prior to the sudden illness which carried him away had scarcely ever been ill a day. He was married a few years ago to Miss Mary Cunningham who will receive the heartfelt sympathy of the community in the loss she has sustained. The body was taken to his father's residence, 56 Forbes street, Galt from whence the funeral was held on Sunday afternoon to Mount View cemetery.

John McDowell, the young man convicted of the theft of a horse from Mr. Roy Maus, appeared for sentence on Friday and was given one year and ten months in Central prison. An effort will be made to have his sentence served on the prison farm.

A local young man who has hitherto borne an extra good character, was given a term of twelve months for the theft of hosiery from Penman's No. 1 mill, where he was employed. A battery of his friends who thought his sentence severe for a first offender, will make an effort to secure a lighter term for him, more especially as he has a young wife depending on him. The Penman company has suffered very severely from petty thefts among the employees and it was thought an example should be made of the first offender who was caught and this young man chanced to be the unlucky one.

The Flower Show held Friday and Saturday by the Paris Horticultural society far surpassed their most sanguine expectations both in point of entries and in attendance. Notable among the exhibits were splendid showings of gladioli by Mr. A. J. G. H. McCormick and Mr. C. B. Robinson. Also gladiolus by Mrs. Willett. The prize list will appear later.

Both the International Harvester Co. and the Sacred Heart Club were victors in the town baseball league on Saturday over No. 1 Mill and the Sacred Heart, respectively. This leaves the H. I. Co. and the S. H. C. a tie for the championship with five games won and one lost to the credit of each, and an extra game will be played on Saturday, Sept. 6th to decide supremacy.

PARIS, Aug. 26.—The regular

monthly meeting of the town council was held last night with all members present but Ald. Layton.

A communication was received from Miss Capron, asking that Laurel street be opened to give access to the Capron farm. Referred to streets and sidewalks committee.

A petition was received from A. W. Russell, and other residents of the South Ward, complaining of the lack of fire fighting appliances in that part of the town. They asked for a reel house and reel and two fire alarm boxes. Referred to fire committee to report at the next meeting of the council.

The much discussed drainage of Catharine St. again came up. There are twelve new houses and houses in course of erection on this street, and the residents ask that a drain be laid at a depth sufficient to drain the cellars. They agreed to pay 40 per cent. The question was discussed at length, with Ald. Evans championing the Catharine street property owners, and the council finally passed the motion that they pay 50 per cent and the ratepayers 40 per cent.

Miss Lottie Howell, a former Brantfordite and very well known in this city arrives from Natchez, Mississippi, early in September to assume the duties at the local Y. W. C. A. made vacant by the departure of Miss Kate Haycock for Brooklyn, N. Y.

SWIMMERS FAILED TO CROSS CHANNEL

Two Started From Opposite
Shores and Covered
Long Distance.

HELPED BY TRAINERS

LONDON, Aug. 27.—Henry F. Sullivan, a long distance swimmer of Lowell, Mass., and Jabez Wolfe, the English amateur long distance swimmer started from the English and French coasts, respectively, yesterday to swim the English Channel. Both failed in the effort to duplicate the feat of Captain Matthew Webb, in 1875, and William T. Burgess, in 1911. Sullivan made a fine effort, but had to give up after a swim of 10 hours owing to the prevalence of a high wind which made the sea very rough. Wolfe abandoned the attempt after he had covered 24 miles.

Sullivan started from South Foreland Light at 6.45 yesterday morning, while Wolfe went into the water on the French coast near Cape Gris-Nez at 5 o'clock. Both men were accompanied by trainers and were followed by motor boats. The water was slack at the start, but in a short time the sea became very rough, and the men were compelled to give up their attempt.

BRANTFORD FRIENDS HOPE FOR THE BEST

Two Local Barbers Reported
to be Critically Ill
To-Day.

Two well-known Brantford barbers are reported to-day to be very critically ill. They are Mr. Tom Gilbert and Mr. William Heasley.

Mr. Gilbert is at the Brantford hospital, suffering from blood-poisoning. Recently he was paring in corn on his foot, and the instrument went too deep. Blood poisoning developed and it was stated to-day that his life was almost despaired of.

Mr. William Heasley has been ill at his home on Church street for over a year. He is suffering from anaemia. Friends have frequently been consoled by reports that Mr. Heasley was improving, but his illness has been of such a nature that these periods have only been temporary.

In both cases many Brantford friends will hope for the best. Both men have been well-known and popular residents of Brantford for many years.

BROWN'S TAXICAB GOES UP IN SMOKE

Paris Road the Scene of an
Exciting Blaze Last
Night.

A new taxicab, belonging to Messrs Brown and Kickey, proprietors of the Colborne St. garage, was destroyed on the Paris road near the first toll gate shortly after 10 o'clock last night. The taxicab, which was conveying a party of gentlemen to the city was in charge of R. Lowe, and it is surmised that some part of the machinery in the car became overheated and in an instant the car was on fire. As there was no fire fighting apparatus at hand the occupants of the taxicab had to stand by and watch the machine burn. The loss will be over \$500.

During the evening vocal and instrumental selections were given, also readings and short addresses.

PURSE OF GOLD FOR REV. HOBBS

Scotland People Said Fare-
Well Last Night to
Popular Pastor.

A very pleasant event transpired at the parsonage of the Congregational church in Scotland last night when a large number of members of the congregation assembled to bid farewell and Godspeed to their pastor, Rev. E. Hobbs and his good wife who are leaving shortly for Washington, D. C.

On behalf of the congregation Mr. C. B. Baldwin presented Rev. Mr. Hobbs with a purse of gold containing \$500.

Short addresses were given by Rev. P. Kelly of this city and Rev. Mr. Simmons of the Scotland Baptist church.

A number of the deacons of the church also spoke and referred to the good work accomplished by the Rev. Mr. Hobbs while pastor of the church.

During the evening refreshments were served after which a story musical programme enlivened the evening.

Rev. and Mrs. Hobbs will carry with them the best wishes of their host of Scotland friends.

Edmonton City Council Has
a Real Storm Session.

EDMONTON, Alb., Aug. 27.—In one of the most sensational council meetings ever held here the majority of the council, after attempting the dismissal of City Commissioner Chalmers and failing to get the two thirds majority necessary, appointed him to the nominal position of supervisor of health and relief in order to force his resignation. City Auditor Richardson was dismissed and the gas department of which James Brodie is the head, was abolished. A special committee prepared a long report charging Chalmers with incompetency.

The re-arrangement of departments, which is under way here now, is being favorably commented upon by everybody. True, it is momentarily a bit awkward, and perhaps a wee bit uncomfortable, but that condition will pass immediately. Certain it is, everybody will approve of the changes.

Ostrich Ruffs, Muffs, Etc

Paris emphatically says that the Marabout and Ostrich Ruffs, Muffs, Capelines, and Stoles are exceedingly good style. They certainly are pretty, and very suitable for early autumn street wear, as well as being very dressy for afternoon teas, operas, etc. Our collection is very extensive, shown in white, black, brown, grey, and some delicately combined colors, and the prices are very moderate owing to the fact that our buyer visited the factories in France, thus getting these goods from the fountain head.

Dainty Neckpieces, starting at 2.50 and at 3.50, 4.50, 5.00, on up \$12.00
Muffs at 3.50, 5.00, 6.50, and so on.

During the day Chief Slemin took extra precautions to guard against occurrences which usually happen on circus day, and the large crowd which was in the city, was exceptionally well handled. Fear of Influx of Non-Saxon Stock Becomes Serious Problem in West

(Canadian Press Dispatch) WINNIPEG, August 27.—Delegates are arriving from Western dioceses for the opening to-morrow afternoon of the triennial Anglican Provincial Synod.

This synod is likely to prove historic in the development of the Anglican Church of Western Canada. The progress of the West in material things presents its demands to the church and calls for important readjustments. Thus resolutions will be presented on behalf of the two dioceses of Rupert's Land and Calgary asking for their division and other reflection of the peculiar problem of the West is furnished by the resolution of Principal Lloyd to the effect that the synod views with considerable concern the increasing foreignization of Canada and asking that an effort should be made to discourage this influx of non-British and non-Saxon stock.

A pastoral address will be delivered by Archbishop Matheson, primate of all Canada, to the assembled clergy and laity at St. John's Cathedral tomorrow morning. Among those present will be the bishops of Qu'Appelle, Calgary, Saskatchewan, New Westminster, Athabasca, Yukon and McKenzie.

British News

LONDON, Aug. 30.—A rifle range is the latest acquisition of the militant suffragettes. Its location is kept a close secret, but an official of the Women's Social and Political Union has admitted its existence and stated that the range was in use every day by members of the organization, who are rapidly becoming expert shots.

This week's issue of the Suffragette, the official organ of the W.S.P.U., contains an advertisement offering to teach women to shoot straight. The official who gave the information in regard to the rifle range said that the militants were preparing for the next repressive step for the government, which they fear will be the use of the recently enacted Mental Deficiency bill to confine the suffragette leaders in asylums where they will not be amenable to the usual court procedures. If any of the leaders are confined under the new act, the official in question declared, the resolution not to endanger human life would be rescinded and the skill acquired at the butts would be brought into play.

Home Secretary Reginald McKenna, the best hated of the Cabinet ministers because his department has been responsible for the forcible defence of the Cat and Mouse act, is living in a house almost surrounded by the homes of militant agitators. Mrs. Emily K. Marshall, whose records of acts of violence is well known, recently moved into a house adjacent to the town residence of Mr. McKenna and ever since the Home Secretary has had two stalwart policemen on guard over his windows. Mrs. Marshall does not deny that this precaution is altogether useless, for she declares that the Home Secretary's windows are a constant temptation to her.

Mrs. Marshall is the wife of the attorney for the Women's Social and Political Union, and the possessor of a long window smashing record. She now has as neighbors two other militants, who this week leased houses within a few steps of the McKenna home which is in Westminster, near the Houses of Parliament. This influx of militants into the neighborhood hitherto almost entirely given over to the homes of cabinet ministers and members of Parliament, has caused some alarm among the politicians whose opposition to woman's suffrage has brought them threats of vengeance. Mrs. Marshall has already served time for breaking windows in the homes of cabinet ministers, and she was arrested a few weeks ago for assaulting a Scotland yard detective. Mr. McKenna does not regard her as a desirable neighbor, nor does he care about her friends. She was asked for the names of her comrades who have taken the two houses so close to her own, but declined the information. She did, however, express the fervent hope that their presence would not add to the comfort of the Home Secretary.

Dropped Second Game of Series by a 10-0 Score—London Works in Triple Play—Sensational Fielding Featured the Game.

From all appearances the London club is trying to establish a record in the Canadian League for consecutive scoreless innings. Yesterday they again handed Brantford a shut-out, 10 to 0, making the run of 30 innings without being scored against them. Boldt, in the box for Manager Deaneau's clouters, has also the distinction of not being scored against in 21 innings. While London fielded almost faultlessly behind Boldt yesterday and enabled him to bud forth with another shut-out, they hammered Gero to all corners of Tecumseh Park for nine of the 10 runs scored.

Summer Time is Cycle Time

Do you remember when summer time was marked by unbounded enthusiasm for the bicycle on the part of almost every young man and young woman in the country? Those were the days when the bicycle was a fad.

Perhaps you would be surprised to know that it is hailed just as heartily to-day by people who find in the bicycle its real use and its real pleasure. Last year was the biggest year bicyclists ever knew in some countries. This year we find the bicycle is going to have the best year it has had in the last ten years.

Surely this recommends to you the possible use and pleasure that you might get from a good wheel. There is keen pleasure in wheeling through beautiful country, there is genuine health in the fresh air exercise provided by the bicycle, which brings good digestion, strong nerves, and a clear brain.

But you should be careful in your selection of the wheel. You should select a

Cleveland Bicycle

because for years it has maintained an immense popularity, based on sterling construction and unsurpassed merit. Some of the principles of construction that enter into the makings of this wheel are famous in all parts of the world.

The power plant of the Cleveland wheel is a wonderful example of strength, reliability, simplicity of adjustment. It gives maximum speed with minimum effort.

Won't You Let Us Show You This Beautiful Wheel?

C. J. MITCHELL BRANTFORD Ontario

London's stage was set in almost every inning, as not a single session went by but what they had one or more hits and when they got more than one it meant runs. Gero was relieved in the seventh by First Base-

man Ivers, who did creditable work. Start With Four Runs. London did not score until the fourth inning, but an error by Keenan paved the way for this, as Boldt was safe to start off with. Linneborn sent him to second on a sacrifice and scored on Matteson's single, which was closely followed by Bierbauer's second hit. Stewart tried to the center field fence, driving in both runners. Dunlop grounded out and Neale drove in Stewart on a clean single to center, but was out stealing second.

In the sixth and seventh London grabbed six more runs. In the sixth Dunlop opened with a single and Neale was safe on a sacrifice hit on Wagner's error. Reidy sacrificed both men to another base. Smith walked and Dunlop scored on Boldt's sacrifice fly to Coose. Linneborn next was hit by a pitched ball and Neale and Smith scored on Matteson's single.

Bierbauer Steals Home. In the next inning Bierbauer opened with a two-base smash to Hackbush, and with one out Dunlop walked, and on a double steal Bierbauer scored. Dunlop crossed the plate on Neale's triple along the first base foul line. Reidy was hit by a pitched ball and Neale scored on Boldt's single. Linneborn left two men on when he flew out to Hackbush.

In the eighth three men were left on when Reidy retired the side by striking out.

Matty Gets Locket. On the first time to bat Matty Matteson was called by Umpire Daly to the front of the stand, while he read a little address on behalf of the Fat Men's Fraternity of London, who presented Matteson with a beautiful gold locket as a token of their appreciation of his good work in upholding the fat man's ability. The score:

TORONTO, Aug. 27.—The Jersey City toboggan gathers speed. Yesterday it flew past the nineteenth mile post. Seventeen defeats were charged against Larry Schaft's management, not that Larry was responsible for the greatest exhibition of the ways but it seems to be part of baseball to make the manager the goat. The eighteenth consecutive defeat was marked up against Acers. Manager Billy Purcell on Monday and yesterday Bill was nowhere to be found. Mique Donlin and Walter Blair appeared to have their caplets shoulders under the nineteenth loss. It was some loss to bear up, too, the score sheets reading 17 to 7.

GEORGE BELL WAS GIVEN A RECEPTION. ROCHESTER, Aug. 27.—The Hustlers got to Bell for six hits and five runs in the first inning of yesterday's game with Newark, and Schacht was sent in with two out. Simmons and Priest both got home runs. Score: Rochester 13, Newark 6.

THE BUFFALOS HAD ON THEIR BATTING TOGS. BUFFALO, Aug. 27.—The Bisons overwhelmed Baltimore yesterday in a weird game. They batted the ball at will and piled up 20 runs. Score: Buffalo 20, Baltimore 4.

NAPS ASK WAIVERS ON CY. FALKENBERG. The Clevean club has asked waivers on Long Cy. Falkenberg, who at one time this year held the season's record of ten straight victories without a single defeat. It is argued that his winning streak was a fluke and that the big fellow is not the kind of pitcher that will help win a championship. The Naps desire to use him in a deal, with some minor league club that has asked for him, but President Sagers will not say what one. Clark Griffith of Washington, however, has refused to waive, and it is likely that the waivers will be withdrawn.

THE DUTCHMEN MADE A DESPERATE RALLY. BERLIN, Ont., Aug. 27.—Berlin and Hamilton engaged in another interesting game here yesterday, which resulted in the Dutchmen getting the short end of a 3 to 2 score. Sporting Comment

Mr. Samuel Fox denies authoritatively that he is dickering for the Brantford franchise in the Canadian League.

Ottawa has a jump of four and a half games on London. Everybody is pulling to-day for Guelph to beat the leaders.

A notable figure in football in Dr. Smirle Lawson will not be seen on the gridiron this year. Lawson was a great player, but there are other Lawsons coming up.

Well, your last chance to witness baseball this year, St. Thomas vs. Brantford.

TO-MORROW FRIDAY SATURDAY LABOR DAY, TWO GAMES—BERLIN VERSUS BRANTFORD.

As purveyors of goose eggs the Brantford Red Sox are establishing a cold storage reputation. It will be a good thing for everybody's nerves when the present outfit goes into cold storage itself. In fact, it has got past the stage where nerves are at all affected.

"Big Ed" Walsh wants to get back in the game so badly that he asked for a job in the outfield. The iron man of the White Sox was laid up so long with his game arm that he became tired of it. "I can field and bat even if I can't pitch" is the way he put it up to Manager Callahan. When Walsh put his arm out of commission "a great spitballer" went out of business. Whether Walsh will ever slam over his puz-

zling curves again is a question, but Walsh is optimistic and claims the doctors say he will be able to be in the box next year.

COMSTOCK MADE AN IMPRESSIVE DEBUT

But Tigers Fielded Badly Behind Him—Athletics Won Again.

DETROIT, Mich., Aug. 26.—Backed by miserable support and a victim of one batting rally, Ralph Comstock, Detroit's \$72,000 "beauty," pitched a heart-breaking game against Boston yesterday and lost. Comstock's major league debut was far more impressive than the score would indicate. Boston 7, Detroit 6.

THE SENATORS WERE OFF TO A GOOD START. CHICAGO, Aug. 26.—Washington got the jump on Chicago in the first innings yesterday and piled up a five run lead, which the locals were unable to overtake. Manager Callahan gave his latest pitching recruit, Scroggins, purchased from the Hugo (Okla.) club of the Oklahoma, Texas, League, a try-out. He was unable to locate the plate. Washington 5, Chicago 3.

THE YANKS COULD DO NOTHING WITH GREGG. CLEVELAND, Aug. 26.—Cleveland took the final game of the series from New York yesterday, making it three straight. Gregg pitched shut out ball, while Caldwell was found for hits in the pinches. Outside of Gregg's pitching, Liebold's offensive work was the feature of the game. Cleveland 3, New York 0.

CLOSED THEIR WESTERN TOUR WITH A VICTORY. ST. LOUIS, Mo., Aug. 27.—Cal. Brown was invincible at critical stages yesterday while his team mangled St. Louis. Philadelphia winning its last game of the season in the west by 8 to 0.

THE WHITE CAPS BROKE WILKINSON'S STREAK. ST. THOMAS, Aug. 26.—The Petyes by winning the first game of yesterday's "double-header" broke Pitcher Wilkinson's record of six straight wins with no losses. Baker was in form in the second game, allowing the Petyes only two hits, the Saints winning 2 to 1. Sterling was hit hard in both contests, but kept the bingles well scattered. Three double plays were made by the Saints in the second game. To-day is Booster Day, and the last two Canadian League games of the season will be played here. The score: First game—Peterboro 6, St. Thomas 3; second game, St. Thomas 2, Peterboro 1.

Joe Sugden tells a new Tim Hurst story. Tim had forgotten his mask one day at St. Louis and so wore Sugden's mask when the home team was at bat and the visiting catcher's mask the rest of the time. Along in the middle part of the game Sugden had an argument with Tim over a decision and Tim put him out of the game. "Give me my mask then," ordered Sugden. Hurst snapped back, "You get away from here, I'm going to wear this. Make any more noise and I'll suspend you five days and fine you fifty dollars."

TWO CANADIANS IN U. S. CHAMPIONSHIP

Champion Turpin and C. B. Grier, Both of Montreal Entered at Garden City

NEW YORK, Aug. 26.—With an entry list of 145 amateur golfers, including two from England and a pair from Canada, the annual national championship tournament of the United States Golf Association, which will begin at Garden City, L.I., next Monday and lasts throughout the week, promises to be unusually interesting. The Canadians are C. B. Grier and Geoffrey Turpin of the Royal Montreal Golf Club.

The British players who will strive for the American title are Victor Maude of Princes Golf Club and Abe Mitchell of the Cantalupo Golf Club, England. The latter, one of the longest drivers in the world, was the runner up to John Ball in the final of the British championship in 1912, which was decided on the 38th hole.

Among the most prominent of the American players are Jerome D. Travers of Upper Montclair, N.J., three-time winner and present holder of the title; Walter J. Travis of Garden City, another three-time winner, as well as Findlay S. Douglas, Nassau, N.Y.; E. M. Byers, Allegheny, Pa., W. C. Fownes, jun., Pittsburgh, and R. A. Gardner, Hinsdale Golf Club, Illinois, each of whom is a former national champion.

TAKING THE BLAME. "I was a fool ever to marry you," sobbed Mrs. Winks. "Now, my dear said Winks, nobly. "I cannot permit you to take the blame for that. It was I who was the fool for ever asking you. The mistake was not yours but mine."—Harper's Weekly.

TWO TIMELY TRIPLES BEAT THE DODGERS. BROOKLYN, N.Y., Aug. 27.—Triples by Archer and Sauer, the former with the bases full, the latter with two on, were responsible for Chicago's second successive victory over Brooklyn yesterday. The score was 6 to 3.

JOHNSON AND MATTY IN PITCHERS' DUEL

Cincy's Indian Twirler Gave Only Three Hits—But Giants Won.

NEW YORK, Aug. 26.—New York made it two straight from Cincinnati and Christy Mathewson had the best of Johnson in a great twirler's battle by the score of 7 to 3. The visitors made eight hits against three for the champions, but one of the locals' hits was a long triple by Merkle in the seventh. Murray's sacrifice fly followed, permitting Merkle to score the only run of the game. The score: New York 7, Cincinnati 0.

"COZY" DOLAN IN A PITTSBURG UNIFORM. PITTSBURG, Aug. 27.—Pittsburg beat Boston yesterday 3 to 0 in a game featured by light batting. Adams held the locals to three scattered singles, while in only one inning, the ninth, were the visitors able to get more than one hit off Hess. The score: Pittsburg 3, Boston 0.

MILLER AND BYRNE MADE A GOOD START. PHILADELPHIA, Aug. 27.—Pinch hitters won yesterday's game for Philadelphia from St. Louis by 6 to 1. Miller and Byrne, formerly of Pittsburg, went in as pinch hitters and both scored. In the eighth Pas-kert batted for Luders and made a home run. The score—St. Louis 5, Philadelphia 6.

BEAT THE DODGERS. BROOKLYN, N.Y., Aug. 27.—Triples by Archer and Sauer, the former with the bases full, the latter with two on, were responsible for Chicago's second successive victory over Brooklyn yesterday. The score was 6 to 3.

Red Robertson Accepted Psychological Moment To Turn The Trick

Some Dope From Ottawa After the Great Contest on Last Saturday Afternoon—What Ottawa Fans Think.

(Ottawa Free Press). Opportunity knocked at "Red" Robertson's door in the last half of the ninth Saturday afternoon and "Red" won undying fame for himself by taking advantage of it in the most approved manner. The settings were perfect for a thrilling climax. The score stood London 5, Ottawa 4. Two men were down, the bases loaded and a pennant virtually hanging on an outfield hit. Added to this over seven thousand fans keyed up to the high pitch of excitement fairly pleaded Mr. Robertson, who was at bat, to deliver.

The count was two and two. Pitcher Bob Heck shot a fast one straight up the groove. Robertson took a vicious cut at the ball. There was a sharp crack like the report of a pistol, something streaked on a line toward left field, and all the runners were instantly in motion. Then came a wild yell from the vast crowd, one of the most spontaneous outbursts ever heard. The crowd quickly saw the ball was going into safe territory and that Crowder, who was on third base, was coming over with the tying run. The hit, however, was an extra long one and a second runner was seen rounding third en route for the plate. It was Lefty Rogers. The din increased in volume as it was quickly discovered Rogers would score the winning run. He was across the plate before Left Fielder Neale retrieved the ball.

When the hit was made attention was diverted from the batter to the ball and the runners. Hence Robertson was perched on second base before anyone thought of looking up the man who had broken up the game. Manager Shatghnessy ran out from the third base coaching lines and grabbed Red by the hand. Other Ottawa players rushed up to the hero of the afternoon and escorted him to the bench. The London players came in from the field absolutely dazed.

Swinging the moving picture machine around from the field to the grandstand one gets a film that would head the bill of any "movie" in the world. There was one wild tumult. The crowd stood with a raging sea of hats coats hands and umbrellas. Women folks participated in the celebrations with some enthusiasm. One lady removed the pins from her hat and

The Department of Justice, which has for some length of time been engaged in an inquiry into the New Haven Railroad monopoly, is now deep in facts which will result in startling indictments if the facts are found to warrant them. Attorney General McReynolds said that the longer he stays on the New Haven trail the bigger are the tracks he finds.

shied that expensive article through space. The outburst was continuous for five minutes.

Over on the new Bank Street bridge where hundreds of deadheads were taking in the contest the excitement was just as keen. One boy lost his balance and fell to the ground near the north approach to the bridge. Fortunately the drop was only twelve feet and no damage was done.

Robertson, the hero of the hour, was very modest about his achievement. Last year "Red" had the happy faculty of cracking out a hit near the end of many games that pulled on his team. His hitting this year has not been so opportune as formerly but that one smash on Saturday makes up for all past delinquencies. When he is in his stride he is one of the most dangerous sluggers in the league. His favorite place is down the third base line or a line drive to left. He is always at his best when shooting them in that direction.

At 6:30 on Saturday night seven thousand fans passed the following resolution:

"Resolved: That we have just seen two of the greatest games of baseball ever played for one admission price. That Red Robertson will be given our unstinted support for mayor at the next election, if he runs. That we don't mind Frank Shatghnessy for crabbing since he looks sure to give us another pennant. That while Robertson drove in the tying and win-

PUGILIST WORRIED BY BAILIFFS' VISIT

Jack Johnson's Plans to Be Seen in Music Hall Seriously Affected.

TALKS WITH PASTOR

LONDON, Wednesday, Aug. 27.—The Standard says the prospect of Jack Johnson, the American negro pugilist, appearing in London is becoming daily less hopeful. An unexpected incident has seriously affected the fighter's plans. This was the sudden appearance on Monday night at the house in Bayswater, where Johnson is staying, of a number of bailiffs sent by a firm of solicitors who got judgment for \$74,500 damages for breach of contract against the pugilist the last time he was here. Johnson then broke his engagements with some of the McNaughten syndicate music halls and skipped to Paris. MacNaughten then got the judgment against him.

The bailiffs stayed at Johnson's house all night, but a conference on Tuesday morning resulted in a settlement.

Rev. F. B. Meyer, formerly president of the Baptist Alliance, who has been fighting against Johnson's appearance here, says he has not received Johnson's invitation to call on him and discuss various matters in the presence of newspaper men. Johnson, however, conferred with another reverend opponent, Dr. A. J. Waldron, who, after a serious talk with the negro said he was impressed by Johnson's simplicity and honesty, but agrees with Reverend Meyer that if Johnson wants to stand right in England he must return to America and face the music.

French Aero Scandal.

PARIS, Aug. 26.—The French Club committee met yesterday and decided to make no change in the arrangements for the international aviation cup races at Rheims next month in spite of the strong opposition of many active members. The decision it is thought will involve the resignation of Louis Bleriot, who threatened to withdraw from membership if the club persisted in utilizing the Rheims aerodrome, which is the property of Armand Depredussin, who was arrested recently for alleged fraudulent practices. The committee protests against the accusations made in the newspapers by active members, constructors, and pilots, that the committee has sacrificed everything to social considerations, ignoring the real needs of aviation as recalls that it has distributed nearly \$1,400,000 in prizes.

A MESSAGE FOR THOSE WHO SUFFER

Mrs. E. J. Talbot Tells Them to Find a Cure in Dodd's Kidney Pills. She Had Rheumatism, Lumbago and Neuralgia and Found the Remedy She Was Looking for in Dodd's Kidney Pills.

HAMILTON, Ont., Aug. 25.—Special—"I know there are a lot of people who suffer and do not know what will cure them. Dodd's Kidney Pills will."

These are the words of Mrs. E. J. Talbot who resides at 29 Wellington street north this city. And Mrs. Talbot speaks out of her own experience. "Last July I was very sick," Mrs. Talbot continues. "My heart bothered me, my limbs were heavy, and I had a dragging sensation across the loins, Rheumatism, lumbago and neuralgia added to my sufferings and the doctor I called in did not help me much. I finally decided to try Dodd's Kidney Pills. I have used seven boxes and I am so much stronger and better that I feel I must recommend them to others."

Mrs. Talbot's complication of troubles all came from sick kidneys. That's why Dodd's Kidney Pills cured them. For Dodd's Kidney Pills are no cure-all. They simply cure kidney disease of any kind. They never wait to do that.

BASEBALL NOTES

Once again Nap Lajoie announces the date of his retirement. "When they tear the uniform from my back," he says. "I'll retire."

Pincup, the Indian pitcher signed by the Phillies, is so big that none of the spare uniforms on hand would fit him and one had to be made to order for him.

Joe Wood may not pitch again for over a week, according to word from Boston, which says that his injured hand still gives him trouble.

Nap Lajoie has struck out eight times this season, Ray Keating doing the trick three times. Walter Johnson has not fanned him once in three games he has pitched against the Naps.

It is said that Larry Schally of Jersey City will succeed Bill Clymer as manager of Buffalo next season, the latter taking charge of the Wilkes-Barre team. Who will take Schally's place in Jersey City is not known.

Walter Johnson denies that he would refuse to play ball if the Senators should fail to offer him \$12,000 for next year's work. "I have never told anyone what I wanted for next year's work," he says, "for I don't know myself. I expect to sign the first contract Griffiths offers me."

Rochester Herald—There are two players, aside from Derrick, on the Oriole squad who would now be wearing Hustler uniforms if the local management had not broken with the New York Americans. They are Bert Daniels and Ezra Midkiff. Early in the season both were slated to become Hustlers, but New York was unable to get the necessary waivers on them. Later in the season when the waivers were received, the wind had shifted and the players in question are wearing Baltimore and not Rochester uniforms.

CHAPTER IV. IN his stately bedroom on the second floor of the quietest house in Russell square Mr. Thomas Oscar—card—the eccentric Oscar—lay, perhaps, a-dying.

back until he was forced to let go his hold on the bottle. "Get back to bed!" said the son breathlessly. "Get back to bed!"

His thoughts cannot have been disturbing, for presently his eyes closed and he appeared to be snoring. If it was sleep, it was the light unconsciousness of the traveler; for a sound so small that waking ears could scarce have heard it caused him to lift his lashes cautiously.

For a moment there was a deadly struggle. He was to be administered at once, for the consequences would be fatal. But Thomas Oscar refused to take it.

Then Guy Oscar sprang up and wrenched the glass away from him, throwing the contents into the fire, which flared up. Quick as thought, the bottle was at the sick man's lips. He was a heavily built man, with powerful limbs. Guy seized his arm, closed with a deadly strength, while the pungent odor of the poison filled the atmosphere.

The sick man still gripped the bottle, but he could not get it to his lips. He poured some of the stuff over his son's face, but it fortunately missed his eyes.

Squeeze Play—Common practice of lovers in the night time. Not daylight sport, especially on a base ball field. Box—Is there anything on a ball field outside of the grand stand that resembles one?

Ball Stories

In connection with the recent suggestion by the high browed editors of that wonderfully conducted news agency, the Associated Press, that there is too much slang in baseball...

The other day a sport writer filed the base ball copy on the wire, using the word "boot" in it, to indicate that a runner had scored because the fielder had booted the ball. The editor on the other end came back with a correction for all points, saying to eliminate boot, because it's slang, and use single instead.

Muff—It doesn't apply to base ball; seldom seen in Southern climate, but is an article of wearing apparel used by both sexes in the far North to prevent freezing.

Double-header—Fraternalism; sometimes seen in managers; does not apply to two games of base ball; slang.

Walk—Mr. Weston has a monopoly on the right to participate in the sport of years ago; too slow for big leagues, also for the minors, and hence should not be used by players of writers in base ball.

Hit—Popular pastime of strike sympathizers. Banned in base ball. Triple—Imagine a stork swooping down on a ball park and presenting a player with three kiddies! Shocking; must not be used in base ball except in such cases.

Home—A Greek poet; no Greeks in base ball and hence is not applicable unless muskets and cannon balls are used.

Slide—A common occurrence in the construction of the Panama canal. Colonel Goethals won't approve of the use of the word in base ball.

Shortstop—Ed. McKean made the only good use of the term when he called it the "Shortstop Inn." There was a bar in connection.

Safe—A strong box in which to store jewels and money. Did one ever hear of a ball player in the minors having a great collection of either Southpaw—Must be part of a wild animal. Might pass if caged.

the result of the battle with the Cleveland Napslanders. There is such a thing as watching one's own individual record and forgetting all about that of the team and Milan gave every proof yesterday that he is doing that. With one down in the fourth Milan arrived at first base on Chapman's bad throw to Olson. In a thrice he was off for second, sliding in under O'Neill's poor throw neatly. The throw got away from Chapman, and Milan, quickly picking up his heels, slid for third where he arrived safely. Gandil was still at bat. He is the best hitter on the team, the only one in the .300 class. It was good betting that he would at least land on the ball with considerable weight. A long fly meant a run. A hit cinched it.

THE RESERVE

Chief Mr. M. Elliott has been engaged by Dr. Goldenweiser, L.L.D., Professor of languages, ethnology and anthropology in Columbia University, New York City, as the head of the staff of Indian informants on the Six Nations under the direction and authority of the anthropological branch of the Dominion Geological Survey. Chief Elliott's duties embrace the congregation of all verbs in the Indian language and their rendering in the English language, and also declensions.

It is a subject of wonder that today Chief Elliott, who is verging on his 60th birthday, should be sought out to do this, in spite of the fact that some of our Indians on the Reserve are now Bachelors of Art, yet it is well understood that they do not understand their own language. It might be said that in this instance the job sought the man, Chief Elliott is well known by all ranks in the city, and all his friends will rejoice in his appointment to so responsible, yet easy a position, by a Department in which the Indians have no say nor interest. The citizens of the older Brantford, committed Chief Elliott, as it is understood that his appointment will cover many years in the future in the service of the Geological Survey of the Dominion.

If a maled of praise might be further given it should come from the Six Nation Indians. The office hours of the position entail work from 9 a.m. to 12 and from 2 to 4 or 5. Overtime, 50c per hour.

Are Celebrating Peace At Sarnia

SARNIA, Ont., Aug. 27.—The International Peace Assembly is now in full swing at Sarnia Island. A jubilee celebration of peace between English speaking nations. The assembly is receiving the warmest reception of such prominent workers for international peace as Hon. Theodore Roosevelt, Sir Wilfrid Laurier, ex-President Taft, John Adams, and others of equal renown. No better illustration of the possibility and practicability of international peace can be had than the hundred years of uninterrupted friendship between the English speaking people, said Mr. Louis P. Lochter, during his address to the assembly last night. "Commerce is the bulwark of peace," stated he. Here we have two peoples, the Canadians and Americans, living side by side without a fort, arsenal or man of war along four thousand miles of frontier, yet with never a thought of war.

Loss of vitality is loss of the principle of life, and is early indicated by loss of appetite and diminishing strength and endurance. Hood's Sarsaparilla is the greatest vitality-builder—it acts on all the organs of the system, and builds up the whole system.

LONDON, Aug. 26.—"The difficulty of the mission of John Lind to Mexico was from the beginning that the American Government had nothing to offer to Provincial President Victoriano Huerta if he acceded to its request," comments The Westminster Gazette in the article regarding the Mexican situation. It adds: "It is easy to smile at the position in which President Woodrow Wilson find themselves, but it is no worse than the position in which the European powers have landed by the refusal of Turkey to respect the treaty of London."
