The heavy snow fell this month has been added to greatly by a storm which started Wednesday night and continued all thru yesterday. Trains everywhere were stalled and snowplows sent out were held up at various points. The C. V. train made part of her trip from Kingsport but was unable to reach Kentville. Freight trains were cancelled and the morning express from Halifax did not reach here with the daily mail until after we went to press, the snow plow and train being both at Shaws Bog siding east of Mt. Denson with a mile of snow banks between them at 5 p. m. The express from Yarmouth had reached Digby and probably could not get farther.

Basket Ball

A most exciting and keenly contested game of Basket Ball took place at Port Williams Wednesday evening being a return game between Kentville and Port Williams. The players were all in excellent trim and a splendid exhibition of basketball was the result. The game ended in a tie 26-26. Four five minute overtime periods were played each ending in a tie. In the last period the score stood 31-31, when it was decided to play a deciding game, which will probably be at Kentville in the near future.

Mr. P. Swanson and Private M. Chipman refereed satisfactorily. Mr. Welton was score keeper and Mr. McKay, time-keeper.

At the close of the game the teams were invited to the pleasant home of Mr. and Mrs. K. T. Hibbert where delicious refreshments were served and a social good time had. The Kentville team with a number of supporters drove home in the wee sma hours after a delightful evening's enjoyment.

Owing to the stormy weather the Auction of Mr. Enoch Bishop, Greenwich Ridge, has been postponed from Thursday March 23rd to Monday next, March 27th.

Believed Canadians Were in Fight When British Won Back Trenches From Huns.

Ottawa, March 13th—The midnight casualty list indicates that part of the Canadian corps was in action on March 2, when the British regained a half mile of trenches from the Germans on the Ypres-Comines front. Several members of the 18th Battalion are reported killed in action or wounded on that date, which bears out the impression in military circles here that the infantry, as well as the artillery had a share in the victory, as the Canadian corps was known to be operating in that region.

Sprigs of Shamrock for Irish Guards.

London, March 17.—King George, accompanied Queen Mary today to the headquarters of the Irish Guards where the Queen presented each officer and soldier with a sprig of Shamrock. The King paid high tribute to this Irish regiment, which was created by Queen Victoria to commemorate the heroism of Irish regiments in the South African War. "By splendid achievements in your first campaign," said the King "you have proved yourselves worthy of this proud tribute."

FEARS FOR SAFETY OF SCHOONER ADVENT.

Mr. Jesse Parker of Halls Harbor, Mate.

There is grave fears for the safety of Captain S. E. Rafuse and crew of the Halifax schooner Advent. She left Philadelphia seventeen days ago for Halifax and was reported off the harbor over a week ago but no word about her has been received since.

The members of the crew who signed on at Halifax several months ago are: Capt. S. E. Rafuse, LaHave; Mate J. Parker, Kings County; Steward Edward Meade, West Indies; Seaman Fred Gordon, Georgia; Philip Wright, Fred Dunken and Jos. Higgs, West Indies.

(The above article is taken from the Halifax Herald of March 15th. The schooner is owned by F. W. Bisset Co., Lower Water St., Halifax. The mate, J. Parker, as mentioned, is Mr. Jesse Parker of Halls Harbor. They left Halifax, November, last for Brazil, South America. The last heard from them was that they were on their way home and last reported at passing Delaware Breakwater on February 26th. Mr. Parker wrote his wife saying if all went well they would be in Halifax the first week in March. No word has been heard of them since.)

Lieut. R. W. Chipman, son of Mrs. W. H. Chipman, Annapolis Royal, and brother of Captain L. deV. Chipman, who resigned his position with the Bank of Commerce, Edmonton, Alberta, is now recruiting officer for the 151st Battalion, Alberta. He is at present at Canrose and is meeting with great success. The Lieutenant will go overseas when this Battalion is mobilized, probably early in the spring.

GinPills
FOR THE KIDNEYS
How They Help

ST. RAPHAEL, ONT.
Four years ago I had such pains in my back that I could not work. The pains extended to my arms, sides and shoulders. I used many kinds of medicine for over a year, none of which did me very much good. I read about Gin Pills and sent for a sample and used them, and found the pains were leaving me and that I was feeling better. So I bought one box and before I used them all, the pains were almost gone and I could keep at work. After I had taken six other boxes of Gin Pills, I felt as well and strong as I did at the age of 30. I am a farmer, now 64 years old.

Illicit Still Found By Montreal Firemen.

Montreal, March 17.—A two thousand gallon illicit whiskey still in operation in the heart of the city was discovered last night by firemen while fighting a blaze in the premises at 321 West Craig Street, known as the Barber College. In addition to running an illicit still, the "moonshiners" had tapped one of the Gas Company's pipes and thus secured free fuel. No arrests have thus far been made, the police not being positive of the identity of the operators of the still.

At Yarmouth an offender against the Temperance Act was recently convicted for a fourth offence and sentenced to jail for a term.

IN buying flour, it is some consolation to know that the responsibility for its success doesn't altogether rest with you. It is part of our policy to inspect and test each barrel of Horton Flour before it is shipped. In that way, we not only avoid complaints, but we ensure that the flour shall always be of the same uniform quality, and therefore always dependable. Since it costs no more for this kind of flour, why not at least give it a trial? We believe you'll like it. Nearly every grocer carries and is glad to recommend Horton Flour.

TIMELY ADVICE TO POTATO GROWERS.

Late blight and potato rot caused considerable damage last season to the potato crop particularly throughout the eastern section of the continent of America. In many instances, the loss amounted to 25 per cent of the total crop, and more in certain localities. In consequence, farmers were induced to part with their potatoes more readily than for this commodity for this domestic use. This, it is probable, will result in the scarcity of superior seed, since the general practise is for farmers to use for that purpose the remainder of their potatoes in storage towards spring. Seeing that the crop was much diseased at the commencement of the season and considerably affected by storage rots, and with all or most marketable potatoes sold for table use the quality on hand for seed purposes will be very inferior, when the time for planting comes.

We would, therefore urge farmers to immediately reserve for seed purposes the quantity, and a little more to make allowance for further losses through rot, required for seed purposes. These should be hand-selected tubers, sound, and free from any sign of rot or decay, of uniform size and pure in variety. Tubers slightly larger than a hen's egg are most economic for seed purposes. They should be kept until planting time in a dark, well-ventilated, and cool place of storage, spread out in a layer not more than three potatoes deep.

Inquiries which are reaching us, not only from many sections of the Dominion but also from the United States, indicate that the above caution is justified. There can be little doubt that farmers who have a good quantity of sound seed potatoes on hand, will obtain a high price for them, when others begin to realize the scarcity of such seed. Consult Circular No. 9 for prevention of late blight and treatment of seed tubers to prevent disease, published by the Dominion Botanist, Experimental Farm, Ottawa, and obtainable from the Publications Branch, Department of Agriculture, Ottawa. Specific inquiries relating to disease questions addressed to the Dominion Botanist, Central Experimental Farm, Ottawa, will receive prompt attention.

A RECORD RECRUITING TOUR OVER

Halifax, March 22—Lieutenant Colonel Borden, officer commanding the 85th Overseas Battalion, C. E. F., Nova Scotia Highlanders, has returned to Halifax after concluding a three weeks' tour of the Province in the interests of recruiting. The total number of men recruited during the tour approximates 3,000, or practically a battalion per week, which it is believed is a record for Canada. The three battalions, the 219th, 185th, and the 193rd are virtually up to strength, but recruiting is still going on to allow for shrinkage and other losses of men.

Next week Colonel Borden will start on a tour of Cape Breton Island, assisted by the band of the 85th Battalion which helped during the recent tour.

BABY'S OWN TABLETS GOOD AS GUARANTEED

Mrs. L. Isbell, Kingston, Ont., writes: "I am using Baby's Own Tablets and find them as good as advertised. They are certainly a wonderful remedy for little ones." Mrs. Isbell's testimony is like that of thousands of other mothers. Once a mother has used Baby's Own Tablets she will use nothing else for her little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

That was the Cossack's Plan

It is said after the Turkish defeat at Sarikamysh a Russian officer met a party of 500 captured Turks brought in by 15 smiling Cossacks. There was something obviously the matter with the prisoners; their hands were all mysteriously occupied.

The officer hailed the Cossack in charge and asked: "Have you got a dancing class there or what?"

The Cossack grinned more broadly and replied:

"Well, you see, excellency, there's more than 500 of them, and only fifteen of us, so there was a chance they might be up to something if we were not careful. So before we started round and cut off all their hooks belts and trouser buttons. Now they've got their hands full and it's no use trying to bolt."

Manitoba is to have "mothers' pensions," remarks the Christian Guardian. The Legislature is asked to set apart \$15.00 this year, to be supplemented by a similar amount to be raised by private subscription. Deserving and indigent widows with families be granted \$25.00 a month, the fund to be administered by an unsalaried commission. This will mean only 100 widowed mothers to be helped this year, but even that is a fairly good beginning.

Prince Max of Saxony, cousin of the German Emperor, and the only prince of the blood-royal, who is also a priest, declares that the Kaiser has conspired, permitted, and found satisfaction in unparalleled crimes," adding that "the knowledge of these things makes my heart bleed."

The friction between Great Britain and Sweden has been modified by that country being permitted to import larger supplies of coal from Great Britain than hitherto, under a fresh arrangement with the British Government. The new Dutch Minister of Finance is said to be determined to stamp out smuggling and has asked for two thousand new customs officials, who are to be recruited from the military. Some Dutch merchants are said to have been making immense fortunes by smuggling contraband into Germany, thus creating strong feeling among the Entente Powers as to Dutch neutrality.

Thousands of Persons Witnessed Thrilling Battle in the Air.

Basel, Switzerland, March 20, via Paris—When twenty-three Allied aeroplanes raided Mulhouse, Upper Alsace, the greatest aerial battle of war took place. Accounts just reaching here declare that more than fifty machines were fighting at such close quarters that the German anti-aircraft guns had to cease firing in order to avoid hitting their own machines.

One French airman rammed a German machine which fell in flames.

Five German aeroplanes, and three French fell, the occupants being killed. Even while the Allied airmen were fighting they dropped a number of bombs upon military positions. Many thousands of persons witnessed the combat.

All of Which is True

The teacher of a small class of children recently gave a physiology lesson on the bones of the body. The time to ask questions had come.

"Who will tell me what the backbone is?"

The question was a poser, and no one ventured to reply.

Finally the teacher detected a gleam of hope in Sammy's face and smiled encouragingly at him.

"Well, Sammy?"

"The backbone is a long, straight bone. Your head sits on one end and you sit on the other," answered Sammy.

Mr. O'Brien, M.L.C., Addresses
 Conservative Association

On Tuesday evening the Liberal-Conservative Association of Kentville held the first of a regular course of monthly meetings in their rooms, Advertiser Brick Block. The large hall had seating capacity for 200 and it was completely crowded and many standing in the hallway. The hall is now very artistically decorated and well fitted up.

Lieut. J. D. Spidell, who has just been elected president of the club was chairman and he gave a very able address in opening, speaking in eulogistic terms of Mr. O'Brien, the speaker of the evening who is the junior member for Antigonish Co. winning a signal victory in that Liberal stronghold in the by-election.

Mr. O'Brien explained that he had been substituted for another speaker Mr. Butts and hurriedly made preparations to come to Kentville without any preparation of an address and even not time to gather up his usual political notes for reference. He paid a high eulogy to his leader, Mr. Tanner, saying he was one of the ablest men in public life today and one of the hardest workers. He believed the signs of the times fully warranted the statement that G. H. Murray would never again be leader of the Government.

Mr. O'Brien spoke somewhat rambling at times on account of lack of preparation, but his whole address was practical, convincing and undoubtedly had the element of truthfulness. At times in his address he was eloquent and the applause was frequent. In a trenchant manner he condemned the Government for the increase in the public debt, in the neglect of educational affairs and ruinous road policy. For their oft repeated but deliberately broken promises to abolish the Council they had convinced the public their pledges written and verbal were no better than the German "scrap of paper."

Most interesting addresses were made by Dr. J. W. Miller, L. S. Baxter and G. W. Parker of Canning who spoke of the work in Ward 1, what the Association there was doing and how the Liberal majority in that, at one time impregnable stronghold had now been almost wiped out. Dr. DeWitt of Wolfville gave a truly enthusiastic fighting speech which stirred the assemblage, Messrs. B. Webster, K. C. J. W. Ryan and J. E. Kinsman also added much to the political repast that was of interest and Councillor Nichols of Berwick added a few words of sound advice.

Mr. A. H. Morash and the orchestra gave several selections of music and Mr. F. S. Bennett of Somerset was recalled twice to give patriotic songs in his usual good voice. The members of the Club served coffee, cake and sandwiches to all present and cigars were handed around to end the evening with an enjoyable smoke.

Hearty cheers were given for the leader, Mr. Tanner, and his able lieutenants especially Mr. O'Brien and for the new president, Lieut. Spidell.

Costly Snow Storm For City

From the Worcester, Mass., Telegram we learn that in a severe storm in February, High Surveyor Ernest L. Wallis had out fifty men clearing out the snow from the street and that work cost the town nearly \$400. Mr. Wallis mentioned above is a brother of Mr. Walter Cleveland Wallis of Hillaton in this County.

Another Clergyman Enlists in Highland Brigade

Rev. Arthur K. Herman, of Dartmouth, is another of our brilliant young clergymen, who have enlisted for active service in the Highland Brigade, joining on recently as a Private with the 219th Battalion. Rev. Mr. Herman holds several college degrees being a B. A. of Dalhousie; M. A. of Acadia; B. D. of Newton Theological Institution. Mr. Herman was pastor of the Church at Milton, N. S., until just recently and was also called to a church in New Brunswick. He occupied the pulpit of the Kentville Baptist Church on one or two occasions delivering excellent addresses.

MILITARY NOTES

Lieut. Crawley of the 219th Battalion detachment at Wolfville has been transferred to Bridgetown.

Pte. Arthur Lyons of the 85th N. S. H., who has been in Kentville for some weeks in connection with secretary's work with the 219th Battalion, is now in Berwick looking after similar work.

The following have signed on at Kentville this week for the detachment of the 219th Battalion, N. S. H.: Fred Arenburg, Cambridge; Harold F. Hiltz, Kentville; Wm. Spencer, Kentville.

The detachment of the 219th Battalion, N. S. H., in training here are doing splendidly in their drill work under the efficient training of Lieut. J. G. Stones and Corp. Keylor. The boys were out on a route march Wednesday and made a good appearance.

The following members of the detachment of the 112th Battalion, have been transferred to Windsor leaving for that town Wednesday: J. D'Adder, P. D'Adder, A. A. Adams, Geo. Adams, J. Berry, H. Berry, G. E. Taylor, D. Boylen, H. Boylen, C. Carson.

There is a rumor, which seems to come well founded, although not officially confirmed, says the Gloucester Bay Gazette, that Pte. Murdoch O'Neil of the 25th Battalion has been awarded the Victoria Cross for an act of bravery in saving the life of an officer. Pte. McNeil is a native of Washabuck, Victoria County, and a son of the late John A. McNeil, contractor and inspector, who died in Montreal a couple of years ago.

FIGHTING FOR THEIR KING

Faith what is all this bother that belies the Irish name? That says we've turned our backs on right and bowed our heads to shame? Go tell this truth for Ireland's sake till hills and valleys ring; Three Hundred Thousand Irishmen are fighting for their King!

The Gettysburg of the War.

Paris, March 21—"The offensive before Verdun is crumbling. The check is an immense disaster for Germany. It is the Gettysburg of the great war. Henceforth Germany will be on the defensive. Verdun marks the turning point."

So a high officer of the war office expressed yesterday the inside opinion of the great battles. Confidence here is now becoming a firm belief that France has won a victory which is likely to shorten the war considerably. The press attached significance to the progressively lowered morale of German prisoners. The first prisoners did not conceal their expectation that the fortress would be captured. The latest admit they have lost all hope.

Are mingling with Old England's sons to fight for what is true,

Sure Ireland will not stand aside so wide this message fling; Three Hundred Thousand Irishmen are fighting for their King!

From Belfast town to Skibberreen, from Connemara's hills, To Limerick and Donegal and sweet Killarney's rills, Tell every loyal Irish heart to catch the lilt and sing: Three Hundred Thousand Irishmen are fighting for their King!

ADVERTISER BLOCK

ANNIVERSARY SERVICES AT ST. STEPHEN'S

The anniversary services in St. Stephen's Methodist Church Sunday last were as usual of a very interesting and successful nature and were largely attended.

The preacher for the day was the Rev. A. S. Rogers of Grafton St. Methodist Church Halifax, a man of great ability, a born preacher whose addresses were listened to with rapt attention and the keenest appreciation. His subject for the morning was "Bearing Burdens." The speaker dwelt upon burden-bearing as regards the individual, the Church and the nation.

In the afternoon a splendid musical programme was given as follows:

Solo—Mr. McElhinney of Windsor.

Quartette—Messrs. Bishop, Benson, Cross and Giffen.

Violin Solo—Rev. A. S. Rogers

Duet—Mrs. Anslow and Mr. McElhinney.

Solo—Miss Helen Knowles

Quartette—Misses. E. Spidell and M. Neary and Messrs. S. L. and J. M. Cross.

Solo—Mrs. Anslow of Windsor.

Violin Solo—Mr. E. Harrington.

Quartette—Miss Knowles, Mrs. Anslow, Messrs. McElhinney and J. M. Cross.

Anthem—The Choir.

At the afternoon service a splendid address along patriotic lines was given by Rev. A. S. Rogers, from the subject: "The Test of Revelation."

At the evening service the preacher spoke from the text, "The Power of Memory." Its scope, its resources, its possibilities. An address which must tend to inspire all to higher ideals and nobleness of character.

The appeal for funds to help in church work was met nobly. The fine sum of \$161.00 was taken, which is the largest amount yet taken at the anniversary services of St. Stephens. This amount clears the church and parsonage of all existing liabilities. We commend all those who had this worthy object in view for their untiring energy in accomplishing their task.

St. Paul's Church

The Roll of Honor of St. Paul's Church will be unrolled on Sunday at the morning service. Mr. Layton will give an appropriate sermon, and there will be special music. The following are the names:—Privates Cyril Hyde, James Gallaher, Hallie Lightie, John Andrews, James Black, R. B. Watson, John W. McBride, Vernon A. Grierson, Murray B. The House of Assembly has thrown out the Bill seeking to authorize Windsor to grant a bonus to the Nova Scotia Underwear Co., of \$5000. The offering of a bonus to get an industry from another locality is one our Legislature will not now permit.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOWL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.
Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all along. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. YOST, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.
Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENNA DURRING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—it will be confidential.

Appearance Deceitful

My Gracious boy, said the uncle, you do certainly eat an awful lot for a little boy. Well sir, replied the boy, maybe I'm not so little as I look from the outside. A Bright Outlook For The Bridegroom. Susannah, said the preacher when it came her turn to answer the question "does you take this man to be your wedded husband, for better or worse?" Just as he am, Pehson, said the muscular colored scrublady just as he am. Ef he gets any better Ah'll know ef good Lawd's a-gwine to take him, en ef he gets any wuss Ah'll tend to him myself.

Scott's Emulsion gives in half-teaspoon doses four times a day, mixed in its bottle, will blast a year-old baby nearly a month, and four bottles over three months, and will make the baby strong and well and will lay the foundation for a healthy, robust boy or girl.

REV. R. S. WILSON'S DEPARTURE REGRETTED.

The departure of Rev. R. S. Wilson from Aberdeen for Medway, Ky., is a distinct loss to our little city and this community. When this is said, no special allusion is intended to his valuable services for the past two years as pastor of the Christian Church; it is to his broader services as a citizen generally that we here allude. We do not by this reference intend to in any way minimize the value of the work rendered any denominational church by its pastor, but it is not universal that the minister occupies the larger field of civic and social life open to him. Mr. Wilson's most notable achievement has been his organization and command as Scout Master of the boy scouts; these young fellows, soon to become our leading citizens, love him, and his services for noble living will last through their lives. The occupying, effectively, of the broad field of the church pastor, where he may be all things to all men and thereby save some, and make good the boast of St. Paul, is a splendid achievement, most heartily accorded by this paper to this worthy man. When a Scotch laddie he many times as a sailor dropped anchor at Gulfport and other coast cities; later, as a missionary, he and his good wife penetrated the African jungle; later still, as a minister of souls, he here, too, made good. We trust that his newer and wider field of labor will afford him yet larger opportunities.

(The above is from the Aberdeen Examiner, Mississippi, Rev. Mr. Wilson is a Kings County boy)—Ed.

THE PROHIBITION BILL.
(House of Assembly, Halifax, N. S., March 18th, 1916.)
The Corning Prohibition Bill was the all-absorbing issue in the Assembly during the past week. It was practically the sole topic of discussion for two days and three nights. Introduced over a month ago by a Conservative member, Howard W. Corning of Yarmouth, backed by the Nova Scotia Temperance Alliance and solidly supported by the Conservative Opposition, "Bill Number Ten" has made slow progress, owing to the obstruction of government members and the untiring opposition of Halifax brewers and saloon-keepers.

Mr. Corning introduced the Bill on February 22nd, sought to have it given its second reading on the 23rd but was prevented from so doing by R. E. Finn, the Liberal Whip, and finally succeeded in getting it sent to the Committee on Law Amendments on the 24th. And there it was kept in cold storage till March 10th. During this period of 2 weeks which was utterly wasted as far as any consideration of the bill was concerned, the Opposition repeatedly asked Attorney-General Daniels, the Chairman of the Committee, when it would be reported up to the House. The answer invariably was that Mr. Finn, the pro-saloon advocate, was preparing some amendments to it which required time. The emptiness of this excuse for delay became apparent when it was finally reported up on Mar. 10 in its original state. The Finn amendments were nothing but a fiction devised for purposes of delay. When the Bill finally appeared the Liberal Whip moved "the three months hoist."

But even when the Bill was reported up on Friday, March 10th, the Government refused to allow the House to consider it without further delay. By a government vote the debate was adjourned before it commenced, and consideration of the Bill was postponed till Monday the 13th. When the House met Monday afternoon there was practically no business before it but the Prohibition Bill, but Attorney-General Daniels again moved the adjournment, obliging the Assembly to rise at 4.30 in the afternoon rather than proceed with the discourse. Then Mr. R. E. Finn, Liberal Whip, took the floor and talked in favor of the liquor traffic and licensed saloon till after midnight, whereupon the House adjourned till the afternoon on Tuesday the 14th. Brief but able speeches were made in favor of the measure by Mr. Tanner, H. W. Corning of Yarmouth, A. C. Zwickler of Lunenburg, J. S. O'Brien of Antigonish and R. H. Kennedy of Colchester. Then came 2 cases of death-bed repentance on the government side Hon. R. M. McGregor of Pictou, and J. C. Torey of Guysboro, two inveterate opponents of prohibition, bowed to the storm of popular indignation created by the anti-temperance record of the Murray government, and announced their intention of getting under cover.

The last sinner to announce a change of heart was no less a personage than Hon. G. H. Murray. But his was only a half conversion. He said he would vote against the Finn motion for "the three months hoist," but professed little faith in prohibition, which he said could not be enforced without an army of inspectors, detectives, special constables, informers and prosecuting attorneys, maintained at a ruinous cost. The outstanding feature of the debate was the masterful, logical, and clear cut deliverance of C. E. Tanner, the Conservative leader. He expressed his amazement and regret at the Government's lack of policy on such an all-important public question. He declared that he and the party he led in the House stood ready to join hands with the Government to place the Bill on the Statute Books. Mr. Tanner also announced the Conservative policy to

The vote took place at 12.15 Thursday morning, after an all-night session. Every Conservative in the House voted for the Bill. The three months hoist" was defeated by a vote of 28 to 3, for the stamped in the Government ranks became general after Premier Murray's capitulation. The vote stood as follows:

Germans Making Desperate Flanking Attack.

London, March 20.—The German attack has again shifted to the west of the Meuse. Their ranks replenished after the failure of five other night assaults on Vaux, like alternate blows on Verdun anvil, the Germans have once more turned their attention to Le Mort Homme.

This time, however, instead of attacking from the Corbeaux wood, the Generals of the Crown Prince are attempting to flank the hill. Today violent attacks, accompanied by the use of liquid fire, were delivered in the Malancourt-Avoncourt sector to the south and east instead of the north of the hill. In the Malancourt wood Paris admits a partial success, but does not detail the extent of the German gain.

"West of the Meuse," says the French War Office statement tonight, "the Germans in the course of the day, after an intense bombardment with shells of large calibre, made an attempt to enlarge their front. An attack by a fresh division, recently brought up from a point remote from the front, was directed with great violence and attended by the use of jets of liquid flame against our positions between Avoncourt and Malancourt."

That in the climax of the battle for the mastery of Verdun, and when the issue is not yet clear, the French have appealed for British aid was the inference drawn tonight from the publication of telegrams exchanged between Sir Douglas Haig and General Joffre. Although it has been known that British guns were in service at Verdun, this is the first intimation that British troops might be engaged there.

Wanted to be Sure

A drill sergeant was drilling the recruit squad in the use of the rifle. Everything went smoothly until blank cartridges were distributed. The recruits were instructed to load their pieces and stand at the "ready," and then the sergeant gave the command "Fire at will!" Private Perilous was puzzled. He lowered his gun.
"Which one is Will?" he asked.

WHAT EUROPE WILL DO

An Invasion by Foreign Goods After the War is Foreseen

Industrial conditions in Canada at present are abnormal. They exist only because Great Britain has more than her factories can accomplish, and because the great factories of Belgium and Northern France are in the hands of the enemy. In return for her output of war supplies Canada gets so many million dollars from Great Britain and our allies. Europe has to get back that gold somehow, and when the vast armies engaged in the war are disbanded European factories now out of commission will absorb a great number of men. These former soldiers will be put to work manufacturing goods for export, and these goods under ordinary conditions will be shipped to Canada at prices with which Canadian manufacturers, paying the Canadian standard of wages, cannot hope to compete.

Surely it needs no genius to see that without reasonable protection against the cheap labor and low standards of living of our foreign competitors, the industries of Canada cannot exist, and without industry an agricultural nation cannot prosper. If Canada continues to import what she could make at home, increasing Canadian indebtedness to other countries and failing to support her own industries, Canada will suffer more than any country simply on account of her youth as an industrial nation. With foreign commercial competition, despite any tariff protection, the foreign country can sell to us cheaper than we can make our Canadian wage scale if we are sufficiently unwise to buy its exported goods.

The safety and interest of Canada requires that Canadians as a people must promote such industries as will render us independent of other nations for our essential supplies. When the war is over, and the work of rehabilitation begins, if we are to still worship this fetish of imported goods we shall have opportunity and to spare for foreign goods will again pour into Canada ready to take away the demand for home labor.

Major Downe, the city engineer, Halifax, has been appointed to the 219th Battalion, and will be given leave of absence next week from his civic duties.

Future Theologian—Bobby, do you know you've deliberately broken the eighth commandment and have the candy as to break the 10th and only 'covert' it."

"Well, I thought I might as well break the eighth commandment and have the candy break the 10th and only 'covert' it."

He Got the Candy

My nephew, four, was riding with his father and kept teasing for some candy. His father, impatiently, said, "Oh! Arthur, if it give, give, nothing but give!" Arthur sat for a moment in silence and then said, "The Lord loveth a cheerful giver."

FRENCH STAFF NEVER SURPRISED

Reserves Hold Verdun Safe

Paris March 20, 2 p. m.—"Relative numerical superiority from which an assailant always profits at the beginning of an action," was given semi-officially to the Associated Press today as the explanation for the initial German success in the battle of Verdun.

"At the moment the Germans took the offensive we could not engage more than the forces we had provided for holding the line," says the memorandum, "because the Germans might merely have feinted before Verdun and attacked Nancy en masse, or they might have made their principal assault in the direction of Amiens or Calais."

"The greatest difficulty of the general staff in such emergency is to master its nerves to a reasonable appreciation of the shock that probably is coming, and the counter-blow it is necessary to deliver. The French staff was not surprised at Verdun. What it could not know was whether this was to be the principal attack—whether ten corps were not ready to strike elsewhere while seven corps assailed the eastern stronghold."

"The reinforcing of the troops on the right bank of the Meuse before Verdun with new contingents numbering 250,000, and the bringing up of all needed supplies and ammunition, had been provided for in every detail early in February, and it worked out to perfection as the battle developed; but at the moment the German guns, massed in unprecedented numbers, opened fire on the morning of February 21, the French lines there were held only by the covering troops stationed there for months. It was the same divisions that stood the first shock that defended the ground foot by foot, retarding the advance of the Germans and ploughing wide furrows in their ranks before each position, and finally, by order, holding the line of Douaumont-Bras until reinforcements came up."

Mr. Rowell's Triumph

(Ottawa Free Press)
But, after all, who is responsible for the prohibition the province is to have some time this summer? One man more than anyone else is responsible. Mr. N. W. Rowell. As leader of the Liberal party Mr. Rowell went before the province on a prohibition issue two years ago. He was unsuccessful because a large percentage of the electors would not put aside politics for the sake of reform. But he did not fall. He brought the matter before the people. He made them think about it, and he has been making them think about it since. And he showed that, although so many of the electors placed party before prohibition, there was a strong feeling in Ontario in favor of his policy. The Ontario Government is allowing the people of the Province to have what they want. It was Mr. Rowell who fired the people to insist on having what they wanted. Even despite the influence of the war, it is doubtful if prohibition would have been realized for years to come had it not been for the consistent efforts of the leader of the Liberal party in the Province.

Mr. and Mrs. Harry L. Dennison of Digby are still in Montreal where they went and a serious operation was performed on Mr. Dennison. His friends wish him a speedy recovery.

At a meeting of the congregation of St. Paul's Church, Halifax, a decision was reached by a vote of 84 to 36, to have a vested choir, the decision to go into effect not later than Easter Sunday.

NERVOUS DISEASES IN THE SPRING

Cared by Toning the Blood and Strengthening the Nerves.

It is the opinion of the best medical authorities after long observations, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often overheated buildings. Official records prove that in April and May neuralgia, St. Vitus dance, epilepsy and other forms of nerve troubles are at their worst, and that then, more than any other time, a blood-making, nerve-restoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unfailingly bring new health and strength to weak, tired and depressed men, women and children.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY

Frederick C. Harris.

The death of Frederick Church Harris took place at Bridgetown on March 17th, aged 73 years. The funeral services were held in St. James Church on Sunday, Rector E. Underwood officiating. Interment in the Church of England cemetery.
Mr. Harris had been ailing for many months but it is only since the first of the year that he was confined to his bed. The best care a wife could give and skilled medical attendance could not stay the call of his Creator.
He was the son of the late Edward Harris of Grand Pré and early in life left the farm and became head clerk for Vaux Bros., Halifax. He married Mary, daughter of the late Hon. John Aldous of Charlottetown and afterwards removed to Bridgetown where he continued to reside and engaged in mercantile business. His family of five children all died quite young.
He is survived by a widow, two sisters, Mrs. W. H. Seaman of Kentville and Mrs. S. F. Heals of Wolfville and one brother, Joseph Harris also of Wolfville.

Deaths at Canning

This community has been very much saddened by two deaths in this place. Mrs. Harvey Woodworth died on Thursday and an obituary notice will appear in a subsequent issue.
Miss Minnie Dickie
After a brief illness the death took place at her home on Tuesday morning, of Miss Minnie, daughter of Mr. and Mrs. Charles R. Dickie. She had been on an extended visit to St. John, Springhill and Truro and returned in her apparent usual health. But complications seemed to arise which brought her unexpected and sudden death on the date mentioned. It was a terrible shock to her family and others as she was of such a bright and energetic disposition that she made many firm friends. Her absence in the home will be most deeply felt as she was the only child remaining at home. She leaves a father and mother, one sister, Mrs. Poulis of Otawa, and a brother David in Toronto.

CANAAN

There passed away at his home in Canaan, on February 22nd, 1916, Wallace Eugene, son of Mr. and Mrs. John Adams, at the age of 6 years, after an illness of two weeks, from pneumonia, following an attack of measles. He leaves to mourn their loss three brothers and three sisters. The funeral service was held at his home on Thursday, February 24th, Rev. Mr. Mellor officiating.
"When the shadows of earth are lifted,
And life's secret thoughts are laid bare
By the throne of the Great Eternal,
We shall meet our loved ones there."

WOLFVILLE

Mr. and Mrs. Harold B. Bowlby have been guests at Paradise during the past week of Mr. Bowlby's parents Mr. and Mrs. B. F. Bowlby.
Mrs. N. P. Freeman of Bridgewater has been visiting friends here and at Halifax.
The death of Rev. Edmund C. Spinney, D. D., took place recently at Chicago, and burial at Des Moines, Iowa. He was born at Meadowvale, Annapolis Co., in 1845, and completed full courses at Horton Academy, Acadia and Newton Theological Seminary. He held many important pastorates and then engaged in the insurance business. His father Deacon Eri Spinney resides at Tremont.

NAVAL ENGAGEMENT

A Clash Between British and Germans

London, March 21—An engagement took place yesterday off the Belgian coast between four British and three German destroyers. Two of the German vessels were hit. Four men on the British boats were wounded. The official account follows: "Yesterday morning four British destroyers sighted three German destroyers off the Belgian coast. The German destroyers at once turned and ran for Zeebrugge chased by our destroyers. Shots were exchanged during the short running fight. Two enemy boats were observed to have been hit. Our casualties were four men wounded.

The German Story

Berlin, March 21—The German admiralty account of the battle between British destroyers and German torpedo boats off the Belgian coast, follows: "On March 20th, off the coast of Flanders, a fight, which was successful for us, took place between three German torpedo boats and a division of five British destroyers. The enemy broke off the engagement after he had received several direct hits, and he steamed off of sight at full speed. We suffered only unimportant damage."
