\$25 A Thousand Paid for Logs On The Miramichi

Fredericton, Gleaner. Thirteen million feet of spruce logs have been sold on the Miramichi at the highest price ever obtained for such a quantity of round lumber in New Brunswick.

The deal referred to was completed at Blackville Friday by Archie Alcorn, of that place, who had just returned from New York in connection with his own business and the affairs of the Nashwaak Pulp and Paper Company, whose manager he is on the Miramichi.

Mr. Alcorn confirmed the report of the sale stating that he had sold the logs to the Fraser Companies Ltd. who paid \$25 per thousand for some of it and \$23 for the balance of the quantity. He said that part of the quantity he sold he had cut on an operation of his own, while the rest of it he had bought and was now turning over. Last year Mr. Alcorn sold some logs to the Ritchie Company of Newcastle on behalf of the Nashwaak Pulp and Paper Company at \$25 per thousand, which was the record price but the quantity was small, being less than two million feet.

Mr. Alcorn declared that in New York the high price of sawn lumber and the high rate of Canadian exchange were the principal topics in business circles. He was charged 20 per cent. on Canadian money when he bought his return railway ticket in New York.

North Shore Curling Bonspiel

The seventh annual North Shore Bonspiel was held this year at Campbellton and was won by the four rinks from the Bathurst curling club. This was Bathurst's third win in the series and that club thus becomes the permanent possessor of the present trophy. Bathurst's score was 255, and Campbellton with 233 was the closest competitor.

The full totals for each club for the two days' play were as follows:

Bathurst	255
Campbellton	233
Chatham	152
Newcastle	145
Dalhousie	143

The Campbellton curlers and citizens gave the visiting curlers a fine reception and treated them royally. On Thursday evening a most enjoyable banquet was given them in the Oddfellows hall where over one hundred curlers and guests sat down to supper. This had been prepared by ladies of the Soldiers Memorial Hospital Committee, who also served light suppers at the rink the proceeds going towards the hospital fund. This supper was much enjoyed by the hard-working curlers and a delightful program of songs, orchestral selections and speeches followed. President John T. Reid of the Campbellton Club presided and speeches were made by the presidents of the five curling clubs assembled and a note was struck in an endeavor to get the North Shore's business interests together in the same way that its curlers fraternize, the idea being thrown out that there should be a North Shore board of trade. This pleasant gathering came to a close a short while after midnight.

REAL CURLING

The unmarried members of the local curling club, who went to the Campbellton Bonspiel and were not satisfied at being left in the cellar position have placed the blame on the shoulders of the married men. These youngsters filled with the fire and enthusiasm of youth challenged the Greybeards to a contest of curling skill for Friday the 20th inst.

The youngsters feel that these poor old worn out married fellows have, in the curling game outlived their usefulness and now should be content to play the game in the curling room, where they can play without any trouble. The youngsters feel that most of these old players should be in the Home for the aged but to the contrary they will persist in trying to play a young man's game.

When interviewed in this regard the Greybeards most emphatically denied the responsibility for the loss of prestige and have awakened from their Rip Van Winkle Sleep and have stated that these same youngsters should be seen and not heard and are of the opinion that if they—the youngsters, were to keep to the old game of marbles it would be more suited to their ability.

Three Arrested For Robbery From Coburn Lumber Co.

Fredericton, Feb. 7.—Charged with complicity in several robberies and having "the goods on them" from their latest break three young men said to belong to Newcastle were arrested last evening in Sunbury Co.

The trio, giving their names as Frank O'Brien, aged 14, George Phair, aged 17, and John Hall, aged 17, spent last night in the local police station and this morning were taken to Oromocto to appear before Magistrate Kimball, charged with breaking into the office of the Coburn Lumber Company at Ripples, Sunbury County.

A short time ago the trio are said to have been implicated in a break at Newcastle with several others. Their companions were sent to the penitentiary while the trio were given one month in jail and two years' suspended sentence. On being released they are said to have broken into a store at Nelson, near Newcastle and then to have come to Fredericton. Here they say they met a man who offered them employment at Ripples, but they had only been there a short time when the Coburn Company's office was robbed, several postal notes, two revolvers, a watch some change and Victory Bonds worth \$300 being stolen.

Soon after the robbery the trio disappeared from Ripples and next were heard of at the residence of a colored family, some miles from Ripples, where they asked to be put up for the night. The two elder members of the party there fell out with young O'Brien, who was later arrested, and yesterday E. M. Coburn had two special constables sworn in and started with them for Fredericton on yesterday's afternoon's Fredericton and Grand Lake Coal and Railway train. At Colter's siding the train stopped long enough for the special constables to arrest the other two men and then they continued along to this city, where Chief of Police Finley and Sgt. Jones met the train and took charge of the trio for the night.

Police Court News

At the Police Court this morning Police Magistrate J. R. Lawlor sentenced Miss Agnes Treadwell to a three months suspended term in the County Goal for the charge of receiving and keeping in her home, liquor which was recently stolen from Liquor Vendor P. J. McEvoy's store. His Honor in his address gave the prisoner much timely advice for the future conduct of her home. He stated that if within the next two years, she were brought before the court, the suspended sentence would be held against her. Miss Treadwell pleaded guilty to the charge of having the liquor in her home.

Francis Muzzarell and Ernest Robinson two returned soldiers both pleaded guilty to breaking, entering and stealing liquor from Mr. P. J. McEvoy's store and were committed by the Police Magistrate to the Common Goal for six months. In addressing the two prisoners His Honor said that he was surprised that two young returned soldiers would be guilty of stealing. He felt that one of the first things taught to a soldier was discipline, but they evidently had come back to Newcastle with very little training in that direction. He was very sorry to say that thievery was getting very common in Newcastle and felt that returned men should be above such mean actions. He strongly advised Robinson, who received injuries in the head while overseas, to take a pledge and leave intoxicating liquors alone, and he also reprimanded Muzzarell for his recent prowlings about the town late at night.

The Greybeards have shown considerable reticence in publishing their line up and it has been reported that they are taking lessons on the quiet from some of the youngsters. By the shade of Sandy McDonald it promises to be some game. On going to press we have been unable to get a list of the Greybeards skips but below are the skips for the youngsters.

J. H. Sargeant	W M Nicholson
A. S. Demers	A. H. Cole
T. H. Atkinson	Wm Gifford

Their youthful minds are wandering from home they went astray. And now they're back to home again. And like the asses bray.

By one of the married curlers who will eat the supper provided by the single youngsters on Friday evening Feb. 20th.

Woodstock Fire Caused Loss Over Hundred Thousand

Woodstock, N. B., Feb. 13.—The disastrous fire which hit this city at 1.45 this morning was the severest that has been recorded here in many years. Destroying one of the best business blocks in the city, entailing a loss of over \$100,000 it delivered a blow that will require some time to fully recover from.

The destroyed building was made of brick and was supposed to be fire proof. It was owned by the estate of J. Albert Hayden and George W. Gibson, and includes the Hayden-Gibson theatre, operated by F. G. Spencer, St. John; the tailoring establishment of G. W. Gibson, the fruit store of P. Bradley, fancy goods department of J. J. Bradley, jewellery department of Miss McDonough, drug store of Stephens Bros., as well as the Dentrick block, which was badly damaged.

During the progress of the fire three firemen, A. Noles, John Lenehan and John Brown, were hit by the falling wall and badly injured, the two former quite seriously but not dangerously. Kenneth McLean, Sam Pickel, John Bragan and John Brown, firemen, were in one group, but the window sill steered the falling walls past them and only Brown was injured. The night staff of the N. B. Telephone Co., in the adjoining building, was found at their post, surrounded by fire and smoke, when the local agent, W. E. Stone, came to their assistance, and their plucky efforts received much praise.

George W. Gibson had a total of about \$15,000 in insurance; Stevens Bros., \$16,000; loss including a \$2,000 soda fountain; P. Bradley had \$500 insurance on stock; Miss McDonough, \$1,000 on stock; George Dent had only \$1,000 insurance, loss \$20,000. There were five streams on the buildings and an abundance of water. The town manager, R. F. Armstrong, ordered both pumps going, but one was sufficient to give the needed pressure.

Received The Mons Star

Pte. Ernest Treadwell, who returned from overseas recently, received his Mons star last week. The Mons star is given to soldiers who served overseas in 1914 and 1915. Private Treadwell has a splendid record as a soldier. Accompanying the star was a letter of appreciation for devotion to duty during the early months of the great war.

Newcastle, - N. B.

\$30.00 CASH PRIZES \$30.00

We had premiums ordered to be given to our customers during this sale as a token of our appreciation of their good will in past years, but unfortunately we received word from the manufacturer that our order can not be delivered in time for our sale, so we offer the above prizes instead and in this manner we can obtain your name and address, which will enable us to send the premiums later on when they arrive. It is very simple to win this prize, follow the explanation carefully, we have divided the \$30.00 into \$5.00 for each day of sale, the \$5.00 is divided into \$3.00 for first prize and \$2.00 for second prize.

MONDAY is Sweater Day, we have most of our Sweaters on display--Guess the number of Sweaters we have in stock or nearest, record your guess on a card provided for this purpose, write your name, address and date, put the card in the closed box on the counter, the same for every day during the six days of sale. At the end of the week the box will be opened and the cards examined by our manager. We keep stock record of all our goods and we know exactly the amount of stock we have. The nearest guess will win first prize, the next nearest will win second prize.

This Sale combines many advantages for our customers. The values are excellent, the goods are of dependable qualities, the assortments are large and varied, besides the prizes and premiums.

Beaverbrook Scholarships

The Lord Beaverbrook Scholarship Committee announces that the first five annual scholarships, founded by Lord Beaverbrook, will be open for award to candidates who pass the University of New Brunswick Matriculation Examinations to be held in July next.

These scholarships, each of the annual value of \$325.00 may be awarded for university courses in arts, science, applied science, theology, law, medicine, engineering and forestry, and will be tenable in each for the period of four years at any Canadian University which (except in the case of theology) is not a denominational institution.

While the University of New Brunswick Matriculation Examination will be adopted as the test of the relative educational merits of the candidates, the Committee in making the awards will, in addition to their scholastic attainments, take into consideration the financial position, moral character and industrious habits of the candidates, so that those may be selected who are, viewed from all standpoints, most deserving.

By the terms of the trust, three of the five scholarships must be awarded to students outside the St. John and Fredericton districts.

WAR ENDED ON JANUARY 10TH

London, Feb. 11.—Announcement was made today that January 10th was the official date upon which the war with Germany terminated. This date was fixed by a royal order.

If time were money the average man would have his watch geared to run forty-eight hours a day.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requiring constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

MAGIC BAKING POWDER

Contains no alum

We unhesitatingly recommend Magic Baking Powder as being the best and purest baking powder possible to produce. It possesses elements of food that have to do the building up of brain and nerve matter and is absolutely free from alum or other injurious substitutes.

Big Strike On February 17th

Detroit, Feb. 10.—The Canadian members of the United Brotherhood of Maintenance of Way Employees and Shop Laborers will not be involved in the strike of 300,000 railway workers, which has been called for February 17, executive officers of the organization said today.

The call affects only the men employed on roads operating in the United States.

The organization has a membership of 28,000 in Canada, but they work under different wage agreements, and are not directly interested in the demand for increased wages made by the American section of the union.

Executives of the brotherhood this morning were going ahead with their strike plans while a committee of heads of the various divisions of the union were enroute to Washington where they will make a final effort, if called into conference by Director General Hines, to avert the big walk out.

The farmer in Ontario is rapidly being convinced that his interests are identical with those of the packer who is the manufacturer of meat from what he grows and who is also the largest buyer, year in, year out, of the products of his farm.

Former Crown Prince Still Shows Conceit

Washington, Feb. 10.—President Wilson had before him tonight a cablegram from Frederick Wilhelm, former crown prince of Germany, suggesting that the allies take him as a "victim" instead of the 900 Germans demanded for trial.

The text of the message, which was sent to the kings of Great Britain, Belgium and Italy, the Emperor of Japan and the president of France, is as follows:

"The demand for the delivery of Germans of every walk of life has again confronted my country sorely tried by four years of war and one year of severe internal struggles with a crisis that is without precedent in the history of the world as affecting the life of a people. That a government can be found in Germany which would carry out the demanded surrender is out of the question; the consequences to Europe of an enforcement of the demand by victors are incalculable, hatred and revenge would be made eternal.

"As the former successor to the throne of my fatherland, I am willing at this fateful hour to stand up for my compatriots. If the Allied and Associated governments want a victim, let them take me instead of the 900 Germans who have committed no offence other than that of serving their country in the war."

THREE YEARS' COURSE AT EATON MEMORIAL COLLEGE

R. Y. Eaton, who has been in Moncton for the past few days, attended the presentation at the Grand Opera House of "Why She Loved Him," on Tuesday evening. Mr. Eaton was very much pleased with the presentation of the play by the Moncton amateurs, under the direction of T. H. Bird, and so favorably impressed was he with the work of Miss Daisy Bishop, who took the part of "Chick Worth," a real girl, that he has offered her a three years' course in the Eaton Memorial School at Toronto.

Miss Bishop, who naturally, is very much elated over the honor conferred upon her, has decided to accept the offer, and will leave some time during the spring.

The Ontario Department of Agriculture and all concerned have started a campaign to sweep out the scrub bull from the herds. Only by producing the best meat can livestock farming get highest prices.

Forestall Colds, Chills and Influenza

Take
BOVRIL

Use Bovril in your cooking. It flavors, enriches, nourishes more.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Fertilizers For The Potato Crop

Of all ordinary farm crops that of the potato is probably the most profitably responsive to liberal feeding. The acceptance of this statement does not in the least ignore the fact that there are several other factors that play a very important part toward success in potato growing, type of soil, character of season and the cultivation and spraying of the crop, but it means that with these factors favorable the crop is a very responsive one to applications of plant food and that the yield will be approximately commensurate with the available plant food supply.

It is generally conceded that there is no better preparation for the crop than a clover or alfalfa sod well manured (10 to 20 tons per acre) and ploughed in the late summer or early autumn. This practice of fall ploughing ensures the decay of the sod and manure and provides a good supply of humus which is so useful in keeping the soil moist, and at the same time allows for the preparation of plant food in forms available for the use of the crop. Spring dressings of manure are not desirable, as they tend to encourage the development of scab.

As is well recognized, soils differ greatly as to their productiveness, a quality largely dependent upon richness in available plant food, indeed there are no two soils exactly alike in this respect, and this fact makes it impossible to lay down hard and fast directions for fertilizing or to give a formula that would be equally applicable for all soils. But with a fairly good soil, from a well manured clover sod as described, we should consider 350 to 700 pounds of 3; 9; 6; commercial fertilizer would represent the limits that may be deemed desirable and profitable. This would mean an application of nitrogen 10 1/2 to 21 pounds, of phosphoric acid 31 1/2 to 63 pounds and of potash 21 to 42 pounds per acre. If the ingredients are purchased rather than the ready mixed fertilizers, (generally the more economical plan) the amounts would be nitrate of soda 75 to 150 pounds, super phosphate 200 to 400 pounds and sulphate of potash 40 to 80 pounds per acre. On light and very poor soils scantily manured the maximum amounts here given may be some what raised, dressings to 1000 pounds or more per acre frequently proving profitable. For soils rich in nitrogen, as from clover and liberal manuring, the nitrogen in the above recommendations may be cut down one third. On clay loams the potash may likewise be reduced one third.

It is considered a good practice by many experienced potato growers to supply a part of the nitrogen in the form of an organic nitrogenous fertilizer, as dried blood. As both fertilizers contain approximately the same percentage of nitrogen this may readily be done by an replacing half the nitrate of soda in the above recommendations by an equal weight of dried blood.

Probably the best plan of application is to broadcast the fertilizer mixture on the prepared land when reworked in the spring and harrow in. If the method of putting the fertilizer in the drill or furrows is considered more direct and more economical, care should be taken that the fertilizer does not come into direct contact with the sets.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

Comb Honey Production

Several circumstances have caused the production of comb-honey in Canada to lag. Of late years there has been a heavy demand for extracted honey, and a colony will produce more extracted-honey than comb-honey, requiring less attention from the beekeeper. On account of the fragile nature of comb-honey, it does not ship so well as extracted-honey. The higher price that comb-honey brings is not always high enough to compensate for these disadvantages. But, for many who keep only a few colonies, comb-honey production is best, because it is a clean job and requires less expensive equipment, and it is a pleasure to produce sections of honey-comb, the finest product of the apiary. Moreover, it has been demonstrated that comb-honey can be produced profitably on an extensive scale both in the St. Lawrence Valley and in Southern Ontario. In every city there is a demand for the better class of trade for good sections of comb-honey at a fair price. As the world's food needs become better satisfied, we may expect the demand for comb-honey to increase.

Comb-honey production requires skill in the management of the bees than extracted-honey production. Too often the small producer does not take sufficient care to produce a well finished article, and sells the inferior product at a price that makes it unprofitable.

The most favourable conditions for producing comb-honey are a heavy honey flow, such as comes from clover, and strong colonies. The bees should be crowded in the hive, the brood chamber reduced to small dimensions, and when the first super of sections is well begun or half finished, another should be given underneath it to keep the bees occupied in working sections in all stages. A third super may be used a few days later if it is likely to be finished.

Each section must be fitted with a sheet of thin super foundation. To help the bees start work promptly, a "bait comb" consisting of an unfinished section from which the honey has been extracted may be placed in the first super given.

The chief problem in producing comb-honey in Canada is the control of swarming. To prevent swarming, plenty of ventilation should be given below, and it is a good plan to examine the brood chamber every week during the honey flow and destroy all the queen cells. If, however, the colony swarms, the parent colony should be removed to a new place and the swarm should be put in a new hive placed on the old stand, this hive to contain only six or seven frames fitted with foundation, and one comb to receive the pollen, the spaces at the sides being filled with division boards, and the partly finished supers should be transformed to the new hive.

Comb-honey can often be economically produced in combination with extracted honey in a shallow super, the extracting frames being placed on the outside.

The Best Tonic For Nervous People

Increase Your Nervous Energy by Building up the Blood With Dr. Williams' Pink Pills

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession have the greatest trouble in finding relief. Irritation, headache, sleeplessness, nervous indigestion, all these discomforts make life miserable but are endured rather than run a doctor's bill without hope of recovery.

Every such sufferer should know the danger of such a condition to the nervous system. Nervous debility and even paralysis may result if the tone of the nerves is not restored by building up the blood. As a tonic for the blood and nerves Dr. Williams' Pink Pills have been used with the greatest success. They have a direct action on the blood and therefore enable it to carry to the nerves the elements they need to fully rest at their normal function—and at the same time improve the general health. The benefits that follow the use of this medicine, is shown by the statement of Mrs. Jenny Marr, R. R. No. 3, Fort Rowan, a well known school teacher, who says:—"Some years ago I became greatly run down, and was in this condition for nearly a year. A doctor whom I called in said I was suffering from complete nervous prostration. It would hardly be possible to tell all the symptoms of my case, but anyone who has passed through a nervous breakdown will know what I suffered. As I did not seem to improve under the doctor's treatment, I decided to try Dr. Williams' Pink Pills, and the decision was a fortunate one for me, as soon found some relief through the use of the pills, and after taking eight boxes I was fully restored to health. To-day I am strong and hearty, without an ache or pain, and for my present physical condition I feel I am indebted to Dr. Williams' Pink Pills, and can heartily recommend them to anyone suffering from nervous troubles."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ontario.

of rates, Southesk, \$1.05, pass. Carried.

On motion of Coun. Gulliver, Hardwicke road account, passed.

Ordered that usual per diem be paid to Councilors.

J. W. Davidson was reappointed Auditor on motion of Coun. Mc Knight.

Coun. Vanderbeck moved that \$500 be voted for payment of old Board of Health bills. Passed.

Mayor Gaynor moved that \$500 be granted to the Natural History Association of Miramichi. Carried.

Coun. L. Doyle moved to increase the Contingent assessment \$1500. Carried.

Coun. O'Donnell asked if it was the intention to collect the dog tax this year, and was told such was the law.

Mayor Doyle moved a vote of thanks to the Warden for the able and impartial manner in which he had conducted the business of the Council.

Mayor Gaynor seconded the motion in a complimentary speech. Carried.

The Warden replied, expressing his appreciation of the vote and the remarks of Mayor Gaynor. He had tried to preside impartially. They were a lot of jolly good fellows.

Mayor Gaynor moved a vote of thanks to the Sec-Treasurer. Carried.

Mr. Williston thanked them from the bottom of his heart. He was one of four survivors of the first Council, 1876.

Coun. E. J. Parker moved a vote of thanks to the official reporter.

J. L. Stewart acknowledged the vote.

Coun. Sinclair moved adjournment, sine die. Carried.

SEND US YOUR FURS

Don't sell furs of an unknown value to unknown peddlers. Send to a reputable House capable of grading and shipping your furs to the world markets where they'll bring the highest price for you. Northumberland Municipal Council

(Continued from last week)

Coun. McNaughton moved the returns of John Ross, Supervisor of Roads, be filed. Carried. That the returns of Malcolm Watling pass. Carried. That Geo. Loggie of Chatham be paid for six sheep and Charles Underhill of Blackville one sheep. Carried. That the Glenelg parish clerk be paid \$6; That the pauper lunatic account (bal. on hand \$91), and road account, pass. Carried.

Coun. Swim reported favorably on the Almshouse Accounts.

Coun. Allain did not think that an item of \$30 charged to Alnwick, had been paid. It was certified by the Com'r.

The Sec-Treasurer—No cheques for the item was issued.

Coun. Watling saw no necessity for the assessment on Alnwick. There was a good balance, \$261, to our credit, and \$50 would be enough to assess this year.

Coun. Swim thought it necessary to have a respectable sum to the credit of the parishes.

Coun. Watling said \$100 was enough to keep ahead. He moved to reduce the assessment to \$75.

Coun. Allain moved to lay the report on the table till 2 p. m. tomorrow. Carried.

Coun. Watling had bills from The World and Commercial for publishing resolutions respecting polling district boundaries in Glenelg, and wanted to know who would pay them—the county or the parish. He moved that they pass. Carried.

Coun. Harriman recommended payment of advt. bills respecting memorial Committee. Carried. He read a letter respecting the Barnaby Station gong, the General Manager declining.

Coun. Harriman read a letter from G. M. McDade, asking for the payment of Dr. Williams, a Board of Health bill, and threatening to issue a writ.

Coun. Vanderbeck—Let him sue. Coun. Harriman recommended that the Blissfield Herd Law remain as it is. Carried.

On the petition of the Board of Health, asking for \$6000 for the coming year, the committee recommended that \$6000 be assessed on the county, was laid on the table till tomorrow.

A letter was read from six residents of Alnwick, demanding the return of dog taxes paid by them \$1 each, in 1918.

Resolved, That the Council has no power to act.

A letter was read from Northesk asking for exemption from dog taxes. Field.

Coun. Thos. J. Parker had been asked to present a petition, with the view of getting an expression of opinion, though the Council had no jurisdiction. The petitioners desired to have objectionable features eliminated from the Prohibition Act before the taking of the referendum. The provision that make an accused person guilty until he proves himself innocent was unconstitutional. Mr. Parker proceeded to make a learned argument, based on the jurisprudence of 2000 years, to prove his statement. The right of appeal was taken away.

Warden Anderson, after fifteen minutes, ruled the orator out of order, and Coun. Parker appealed. The Council supported the Warden's ruling. Coun. Parker was permitted to read his resolution.

The resolution was adopted.

Adjourned till 10 a. m. to-morrow. Newcastle, Jan. 23—The Warden appointed Gaynor, Schofield, E. J. Parker, L. Doyle, J. W. McNaughton—Soldiers Memorial Committee.

Coun. Bransfield said Henry Schofield, col. rates, Hardwicke, was a defaulter, \$21.15. He moved that default lists be handed to a collecting justice.

Coun. Young moved that Blackville road account pass. Carried.

Coun. McKnight moved to pay N. S. Leader's account, \$5, parish of Newcastle. Carried. Also that the report of Hotel Dieu be placed on file and that Alfred Hay, return (\$3.40 due by him) pass. Return of Alfred Hay, collector of road tax passed. Newcastle road account, passed.

On motion of Coun. Baldwin account of district clerk, 1918. Chatham; Sinclair Walsh rest of pound, \$5, passed.

On motion to pay for a French report Mayor Gaynor objected strongly to the payment of anything to a paper for publishing a report.

Coun. Arseneau eloquently defended the rights of the French, in defence of which he was ready to shed the last drop of his blood. (Loud applause)

Voted to send \$10 to L'Acadian for a French report.

Mayor Gaynor reported from the Memorial Committee, that the committee did not propose to make any appropriation this year. He did not acquiesce in the report. A grant of \$30,000, half of it for the Newcastle and half to the Chatham memorial, serial bonds, thirty years, would involve only \$825 assessment in 1920 on the county; \$2622.50 for next year; \$2595 for the following year, also. He gave the amount each parish would have to pay. He also gave the figures for an appropriation of \$15,000 to the Chatham memorial. He asked the members to strain a point and provide assistance for the Miramichi Natural History Association, whose museum was one of the best in Canada and an honor to Northumberland.

Coun. L. Doyle moved that the report be adopted.

Mayor Doyle objected to the wording of the report.

Mayor Gaynor moved in amendment that \$1,000 be granted for the Natural History Association memorial to soldiers.

Coun. McNaughton said the committee sympathized with the proposal, but he was opposed to bonding the county any more.

Coun. Schofield said the report was not right, and would not be accepted.

Coun. Bransfield would not saddle another big debt on the county without consulting the people. Let every parish collect a fund this year. Perhaps every parish will want to erect a monument.

Warden—As the committee does not accept this report as correct, there is nothing before the Council.

Coun. Bransfield moved that the several parishes organize during the year, and then we would know where we were at.

On motion of Coun. Vanderbeck the Derby parish clerk's bill, and E. J. Parker's road account passed.

Coun. Harriman, from the Petition Committee, reported that the petition of E. P. Williston for \$150.00 a month be granted, and that revise of votes get four cents a name Carried. Also recommended that \$20,000 more insurance be placed on the courthouse. Carried. Also that the position of janitor be given out by tender, and the janitor be under control of the Sec-Treasurer. Carried. Also, that T. H. Whelan receive \$30 a quarter instead of \$25.

Coun. E. J. Parker objected to the increase. He was appointed by the Government not by Council.

Coun. Vanderbeck, Watling and others supported the recommendation of the committee.

The committee report carried.

The committee recommended that the sheriff be given 5 cents a name for filling jury lists, and \$5 to \$10 for summoning jurors. Carried.

Johnston of Maloney, who has a fixed valuation of \$4,000, was assessed on \$8,000 and had paid on \$4,000. Recommended that his taxes be considered as paid in full. Carried.

A revised report of the Memorial Committee was read and adopted, after Ald. Tweedie made explanations. No demand was made on the Council, only a request, and he felt sure that the Council might make a grant next year.

Mayor Doyle said the Newcastle committee had \$2000 to give towards a county monument to be erected in front of the courthouse. If \$3000 were voted this year the work might go on.

Coun. Bransfield—Let them collect more to add to the \$2000. The peace of Europe was threatened, we should not forget the living while providing for the dead. The Government should grant us money for this purpose.

Afternoon

On motion of Coun. Walsh list of Nelson parish officers, road account, and a special assessment of \$28 for winter sidewalk work, passed.

On motion of Coun. Allain the returns of John Wishart, \$41. Alfred Muzerall, Wm. Johnston, Hubert E. Richard, Wm. Bowie, Jr., and J. P. Savole, and list of parish officers for Alnwick, pauper lunatic account, road account, and John S. Styliest (12.86), passed.

On motion of Coun. Gill, G. P. Burhill, \$11.48; E. P. Williston, \$100 extra for work on audit; J. F. Benson, printing, \$41.50; jury account, \$85.30; T. Coughlan, \$9; T. H. Whelan, \$190; do registrar, \$145.30; report of Board of Health, \$1644.37 on hand; Wm. P. Troy, \$43.60 (20c a meal); Chipman Bartlett, \$510 (referred to Blissfield Councillors), passed.

The Almshouse accounts committee report was adopted, ordering the following assessments:

Chatham	\$3000
Newcastle	500
Nelson	300
Northesk	325
Southesk	100
Alnwick	450
Hardwicke	900

NERVES ALL GONE TO PIECES

"Fruit-a-tives" Conquered Nervous Prostration

R. R. No. 4, GILBERT PLAINS, MAN.
 "In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.
 The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives".
 I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without "Fruit-a-tives" in the house". JAS. S. DELGATTY.
 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Report of Miramichi Hospital was filed.

On motion of Coun. McKnight the fees of Thos. Barnett, parish clerk, were ordered paid.

On motion of Coun. McNaughton a list of Glenelg parish officers passed.

Ald. Tweedie said the hospitals were having a hard time to make both ends meet. No increase had been made in fees, though the costs had gone up very much. He moved that an extra grant of \$500 be voted to each hospital.

Coun. Gill seconded the motion. Carried.

The resolution appropriating \$6,000 for Board of Health purposes for 1920 was read by the Warden.

Coun. Vanderbeck—I move it be laid on the table.

Mayor Doyle—If we have to pay this money why not have something to say in its expenditure?

Coun. Sinclair said Dr. Desmond had the casting vote in all matters. He was in favor of letting the Government handle the whole business.

Coun. Vanderbeck read a list of Westmorland expenses under the Board of Health Act.

Mayor Gaynor urged the granting of the money.

Coun. Doyle opposed voting the money.

Coun. Allain said the vaccination policy of the Board of Health would eliminate smallpox. He was quite willing to pay his share of the cost. It was a duty to the people to assess this money. He moved that the assessment be ordered. Lost.

Yeas—McKnight, Allain, Doyle, Gill, Walsh, Arseneau, LeBlanc, Gaynor, Tweedie, Thos. Parker, Sutherland—11

Nays—L. Doyle, Harriman, Baldwin, Bransfield, McNaughton, Gulliver, Watling, Schofield, Young, E. J. Parker, Vanderbeck, Swim, Somers, McKay, Sinclair—15

Laid on table.

Coun. Vanderbeck reported from the jail committee. Everything clean. New hot water boiler wanted. Recommended that the jailer's salary be increased to \$500 and he be allowed 20c. a meal for prisoner's board. Adopted.

Mayor Doyle proposed that the use of the old Mechanic Institute building be given to the G. W. V. A. at a nominal rent.

Coun. E. J. Parker—Refer to the Land Committee with power to act. Carried.

Coun. Sutherland moved for payment of bill of Jos. Ferguson, collector. (Continued on another page)

Ideal Strikers

They strike somewhere every day. They strike readily. And they make no splutter or fuss about it. When they have struck they show a clear and steady flame. They are reliable before—and steady after their strike. They are safe! They won't explode when trodden on. Their heads are firm and do not fly off. They perform well their mission in life. Theirs is a merry life, tho' a short one. When they are put out, they stay out. They are guaranteed not to burn again in after life.

They are Eddy's Matches.

THE E. B. EDDY CO., Limited, Hull, Canada
 Makers of Indurated Ware, Toilet Paper, Paper Bags, etc.

There are five simple ways to tell good tea.

- First, by the bright copper color of the tea when steeped.
- Second, by the exquisite aroma.
- Third, by the delightful, refreshing flavor.
- Fourth, by the satisfying richness.
- Fifth, by the economical strength.

Make a brewing and you will find all these qualities combined in Red Rose.

Red Rose Coffee is as generously good as Red Rose Tea

REGAL

The Big Value in FLOUR

IN THE KITCHEN, the big event is baking day. And the important thing on baking day is to use "REGAL"—the ideal flour for bread. "REGAL" means bread of uniform texture, lasting freshness and wholesome qualities.
