

CLOSING THE CANAL  
Various expedients are tried by American politicians to gain the favor of certain classes on the eve of a general election that would be considered puerile in citizens of the most insignificant country. At a crisis of this kind jingoism and bluster are rife and the greatest threats and loudest vociferations against the British empire or its dependencies must be looked for. It is not then a surprise to see that president Harrison has seen fit to close the Saint St. Marie canal to Canadian vessels, or those of other nations trading at Canadian ports via this canal.

This is the only border canal that the Americans can control and the closing of it now when the great grain traffic of the west is in progress is a severe blow at Canada. The intention appears to be to change the course of this traffic to the Erie canal, or ports on Lake Michigan. However, the C. P. R. will be able to manage most of the trade, although the cost must be a little greater.  
The Canadians have a canal in course of construction, to be completed by the end of the year, that will obviate the necessity of their using the American canal. Although the dominion government has not been altogether free from blame in connection with canal management, yet retaliation and bluster during the election year had to be expected. President Harrison's regime has been noted for its various schemes of retaliation and offensiveness yet for nothing has been gained by his constituents. This scheme, like the others, will prove of very little detriment to dominion interests while it will spur this country on to arrange her canal and railway system so that Canada will be totally independent of the foolish whims that from time to time affect our neighbors across the line.

Our dealings with the United States have not been the most statesmanlike, at one time setting the Americans at defiance, next moment treating to their wishes, meeting their fishermen on the Atlantic coast with armed cruizers, while allowing them to assume all rights in Behring sea. Their dealings with us have been similar, making treaties that were plausible and apparently fair and on the first occasion raising issues of the most trivial character, meeting their fishermen on the Atlantic coast with armed cruizers, while allowing them to assume all rights in Behring sea. Their dealings with us have been similar, making treaties that were plausible and apparently fair and on the first occasion raising issues of the most trivial character, meeting their fishermen on the Atlantic coast with armed cruizers, while allowing them to assume all rights in Behring sea.

THE PANIR DIFFICULTY.  
Trouble is again brewing on the Afghan frontier. Russia is again stirring up trouble among several of the tribes in the neighborhood of the Hindoo Koosh mountains. The Panir country is an elevated plateau, a triangular plot of land forming a boundary between China on the east and Russian Turkestan on the west, the apex of the triangle being toward Afghanistan. Not content with aiding and inciting the Hazaras to revolt against the Amer who have again shown that their prime object was the complete subjugation of Afghanistan to Russian rule. The Amer troops have had a battle with the Coosacks and have suffered defeat. The Amer has appealed to England for help, the result of which appeal has not yet been learned.

It is thought in some circles that the great activity of Russia at the present time is on account of the political situation in Britain, and that now is an opportune time to push their borders to India itself. England has for years kept Afghanistan out of the hands of the Russians but the latter are slowly but surely undermining British influence; by oppression or at best bribery they are winning the hill tribes to themselves and peacefully but all the more securely conquering the country. If England does not take a firm stand at the present crisis Afghanistan is lost to her and the gates of India are open to her most insidious foes.

G. HERBERT LEE.  
No greater surprise has taken place lately than that caused by the defections of G. Herbert Lee of St. John. He held a high social position and his defection was most of the monied men of the province. The management of several wealthy estates were entrusted to him. Widows and orphans depended upon his integrity. When it was learned that he had absconded and had put the boundary line between himself and honest people began to consider how they stood with him, and those who had endorsed his paper soon became conscious that they had been trapped.

It appears to be the general opinion that he should not be arrested that he should be asked to make what reparation he can and then be allowed to go. It is all well enough to have this feeling of sympathy for one who by his own acts has rendered himself liable to a long term of imprisonment. If he is allowed to go to seek free people who entrust their money in the hands of others for investment will in a measure lose their security. It will establish a precedent for the next who may have the fortune of speculating with other people's money.

From petty peculations he went on till everything was involved and now is harbored at Boston waiting the outcome. His liabilities are set at \$35,000. It is the worst case that has ever happened in this province.

More or less is being said respecting the transfer of the Intercolonial railway system to the Canadian Pacific railway company. If the great railway corporation secures the government road one thing is certain the dominion will be relieved of the large deficit yearly contracted by the road. If the C. P. R. to make up this annual deficit increases the rates of freight and passenger traffic nothing will be gained, the people paying the deficit, although it may be indirect. It is difficult to see just where any benefit will accrue to the province by the transfer. When the I. C. R. was constructed it was understood, if not implied, that it was to remain under control of the government, and the powers at Ottawa should know the wish of the people before they sell the road. The transfer would not affect Fredericton to any extent, its effect on St. John would depend upon its management under the corporation.

JOHN MORLEY, chief secretary for Ireland, was re-elected at Newcastle on Friday, with a majority of 1,730 over Mr. Ralli (Liberal Unionist). All the members of Gladstone's government have now been re-elected.

AT THE MASTER'S CALL.

Deaths at Moncton, Marysville, Gibson and this City.  
Harry and Louise Miles, of this city, have the sympathy of all in the loss of their little five months old daughter, Martha Kathleen, on the 22d inst.  
Mrs. Geo. Hubbel, one of the well known residents of Oromoco, died on Tuesday morning. She had suffered but a week from erysipelas. Much regret is expressed and her loss will be felt by a large circle of friends.

Mrs. Gunter, relict of the late Andrew Gunter, of Bear Island, and mother of John R. Gunter of this city, died at her residence, Queensbury, on Wednesday evening, after several years of suffering. She had reached the good old age of seventy-five. On both sides of the river she was well known and had many relatives. She will be missed by all.

Word has been received by her friends here of the death of St. Paul, Minn., of Miss Anna M., daughter of J. L. and Sarah Combes. It will be remembered that Mr. Combes was at one time sexton of the cathedral, but several years since with the death of his wife she was well known and had many relatives. She will be missed by all.

Miss Susie Good died on Tuesday morning at Marysville after a protracted illness. A dispatch has been sent to Rev. M. Noble, who was at the Baptist Conference at Bridgeport, N. S., to attend the funeral but he could not come. The Rev. Mr. Downey officiated, the funeral taking place in this city on Thursday morning. About a year since her brother died. Deceased was a young lady of many estimable qualities. She was a daughter of Edward Good, formerly of Millville.

Charles Allen, of Gibson, died suddenly on Thursday, about eleven o'clock. He had been working in an oat field and had a boy with him. After making a while he took a fork and began to munch the oats. The boy heard a groan and in looking round saw Mr. Allen on his face on the ground. He ran for help and when several of the men reached the field it was seen that Mr. Allen was dead. For a year past he has been troubled with heart disease, which was the cause of death. Deceased was a native of Fenwick, but has spent many years at Gibson. He was a brother of Adolphus and John Allen of Fenwick and of Mrs. Fred Peterson of this city. A hard working, prudent man, a consistent Christian, he was held in high respect by a multitude of friends.

William H. Murray, eldest son of James Murray, manager of the grocery store at Marysville, died on Monday morning under extremely sad circumstances. He had had a serious attack of the grip last winter which left him very weak. Since that time he had been afflicted with stomach troubles to alleviate the pain of which a powerful remedy was necessary. Chlorodyne was ordered and by mistake an overdose was taken. Deceased spent his boyhood days at Marysville and after completing his studies entered the bookstore of H. Cropley, this city, where he spent some years. He then took a position in the establishment of J. A. McKinnon at St. John. From that city he removed to Moncton where he carried on a book and stationery business. He leaves a widow and one child. He was interested at St. John. His father, brother and sisters have the sympathy of all in their sorrow. It will be remembered that a month since the youngest son was laid in the grave and now another has gone.

DEATH MEETING.—The third district meeting of the P. C. Baptists will be held at Cross Creek, Stanley, the third Saturday in September. The Rev. J. T. Parsons, Rev. Wm. Downey and Rev. F. C. Hartley will attend, the latter preaching the annual sermon.

RAGBURY FAIR.—The Ragbury fair opens on the 30th inst., to continue on and including the 2nd September. There are 248 entries in the different horse races. Nelson will attempt to win the world's record. Myrtle Peck with her racers will be there. There will be "mile high" balloon ascensions each day.

QUITS ILL.—T. William Bell, of St. John, who with his family was occupying the Ketchum residence below town, had a very bad hemorrhage of the lungs on Tuesday evening, from which he is recovering although yet quite ill.

DECKING.—Pattell's yacht, with a party of five, was on charter for next week. The aboaters will put in a few days on Grand Lake and the Oromoco. As the season opens next week they expect to reap the full benefit.

FOR GOVERNOR.—The latest named aspirant to the lieutenant-governorship of this province is Dr. Bayard, of St. John. Nothing official is yet known respecting the matter, even the doctor's own views have not been made public.

HARVEY STATION.

Aug. 26.—The Foresters of McAdam held their annual picnic yesterday on the grounds by the lake shore. It was well attended by the residents of this place and large crowds came from Vanceboro and McAdam. The forenoon was spent in swinging on Little's mammoth swing, playing base ball and various other sports and enjoying the music of the Vanceboro band which was on the grounds. The weather which in the morning was threatening turned out to be very wet in the afternoon with a greatly marred enjoyment of the day. Dancing was begun in the Grange hall about three o'clock and continued up to a late hour. The chief event of the day was a boat race between Geo. Dalton, of St. John, and John Brittain, an oarsman of McAdam. It was thought at one time during the afternoon that the race would not take place on account of the weather; but the rain having ceased about six o'clock in the evening, the men were got into line and a start made. Dalton took the lead immediately and kept it to the finish winning by about two boat lengths, the course being about 1/2 miles in length.

A little daughter of Wm. Messer, jr., of Tweedside, had her arm broken on Tuesday while at play. It was set by Dr. Keith and the little girl is doing nicely. Two of our young men, Messrs. Geo. and R. Tait Piery, who have been away in New Hampshire for some years, are home visiting their parents and friends.

Wm. Holland is at present laid up with a sore leg. He has been to Fredericton getting a doctor's advice about it, but has not derived much benefit as yet. Most farmers have begun harvesting operations, but as the weather has been unfavorable not much progress has been made. The rust has made its appearance and if the present dull weather continues it will make great havoc in the potato field.

MILLVILLE.  
August 24.—We are enjoying a nice refreshing rain to-day. Most of our summer visitors have left us. The school in this place has re-opened with a fine attendance; B. W. Parker in charge, who has proved himself a pains taking instructor. Mr. Cox's new building is progressing finely. Dr. McNally, successor to our lost favourite, arrived to-day. We all hope he may prove a worthy successor to Dr. Jack. Your correspondent feels that Millville has been "A learning depot, for youthful Medico's, long enough."

Mr. Cox's new building is progressing finely. Dr. McNally, successor to our lost favourite, arrived to-day. We all hope he may prove a worthy successor to Dr. Jack. Your correspondent feels that Millville has been "A learning depot, for youthful Medico's, long enough."

AROUND THE WORLD.

The Week's Events in Brief—The Cream of our Exchanges.  
Hon. E. E. Hutchings is lying seriously ill at his residence, Douglastown. A movement is on foot to form a volunteer battalion of bicycle cavalry in Toronto. John March is appointed city superintendent of the St. John schools in place of the late Mr. Hayes. Ex-policeman Woods of St. John has entered a suit against Chief Clark for defamation of character. Moncton's absconding mayor, Snow, is in Boston. He was seen there last week in connection with his wife. He is still in Moncton, but has had no word from him. Sapper Bray of the Royal Engineers fell over the parapet at York redoubt at Halifax, on Sunday and received such injuries that he is not expected to recover. Joseph Orens and William Law dug and picked fifteen bushel baskets of Early Rose potatoes in one hour and twenty minutes on the farm of N. Otty, Gagetown, on August 3rd.

The residence of Simon Jones, St. John was burglarized on Friday morning. The robbers were supposed to be professional American burglars. They got away with \$200 worth of silver. A story comes from Oromoco that a prominent resident was hotly pursued the other evening from a graveyard by an apparition. Several fences were scaled in the chase, some of them being barbed wire. The government of the Northwest territories was defeated on a motion of want of confidence, Thursday, moved by Mr. Bets of Prince Albert and carried by a vote, thirteen to twelve. Feeling runs high. At Upper Cape, Botsford, on Sunday the new Methodist church was formally opened. The edifice is 60x30, finished inside, with a small tower to the structure. The entire building cost about \$2,000.

The Carleton Crew—composed of P. Buckley, P. McGinnis, H. Pratt and Michael Ramsay—won the four-oared boat race at the F. M. A. picnic at Gagetown on Tuesday. The picnic was well attended. The highlanders of Lake Megantic region will petition the minister of justice for the return of Donald Morrison, known as the Megantic outlaw, who in 1890 was sentenced to eighteen years in St. Vincent de Paul penitentiary. While two men named Sheehan and Forns were fighting at Sheehan, Tuesday, Mrs. Forns went to her husband's assistance with an axe and inflicted wounds on Sheehan's head and shoulders which will prove fatal. Dalton McCarthy, M. P., says no direct offer of a seat in the imperial parliament for Ulster constituency has been made to him, although there has been some talk about it, but that he is determined not to abandon Canadian politics. Toronto Irishmen have resolved to tender a reception to Hon. Edward Blake on his arrival from Ireland. A large committee have been struck with representatives from all over the province to carry out the arrangements. A scene possibly unprecedented in the history of Quebec took place at Maskinonge, Friday, when ten men and one woman were baptized according to the ritual of the Baptist church, being converts from the Roman Catholic church. On Tuesday afternoon Susan Snider daughter of John Snider of Dipper Harbor, aged fifteen years, was drowned while attempting to rescue her two younger sisters, who were out bathing and had got beyond their depth. The sisters were saved.

Geo. Tweedy & Co., London, principal operators of the North Atlantic Trident line of steamships between Philadelphia and London, Swansea, Avonmouth, Bristol and Rotterdam have suspended. The firm was regarded as one of the staunchest in London. One thousand saw mill employes struck for ten hours work and eleven hours pay on Monday at Eau Claire, Wis. The plants of five lumber companies, including all the eleven-hour mills, are idle. No definite reply has been made by the mill-owners. The strikers are orderly. The High Court of Foresters of New Brunswick and P. E. Island opened its eleventh annual session Tuesday evening in the Market Hall Summerside P. E. I., with High Chief Ranger LeBaron Coleman in the chair. About 150 delegates from various parts of the provinces are in attendance. On Monday afternoon the freight ship at Newcastle was discovered to be on fire and the alarm given. The fire had gained so much headway when first seen and spread so rapidly that but a few trifling articles were saved from the large amount of freight stored therein. The loss is a heavy one. Judge Dennis, of Baltimore, has appointed Charles J. Wiener and Jon C. Franco receivers for the Order of the Iron Hall. The supreme officers of the order, who reside in Baltimore, consented to the appointment of the receivers. The receiver will administer the fund of \$135,000 still remaining in Maryland. Stuart Rendell, member for Montgomeryshire, and chairman of the Welsh party, will introduce in parliament a bill fixing a date after which no vested interest can be credited in a Welsh disendowment. This measure is a forerunner to the bill disestablishing the church in Wales. There were 5,502 new cases of cholera reported throughout Russia Wednesday; 1,500 deaths. This is a decrease of 1,801 new cases and 770 deaths, compared with Monday's figures. The cholera scourges with unchecked virulence throughout Persia. Countless corpses lie everywhere unburied. A sad accident occurred on the return of the Carleton Presbyterian church picnic to St. John on Thursday. When near the asylum arena, the fireman a man lying on the track. The engine and the forward trucks of a car passed over the man, mauling him fearfully. His name was Robert Henderson, an inmate of the asylum. The body was left in charge of the caretaker of the cemetery at Sand Cove and a message sent to the coroner.

Suggestion for a Summer Trip  
If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by the Northern Pacific Railway to Yellowstone National Park, Pacific coast and Alaska. The trip is made with the highest degree of comfort and safety. The train carries dining cars and luxurious Pullman sleeping cars from Chicago, St. Paul and Minneapolis to Yellowstone Park. The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession to delight the tourist, who will also find interest in the agricultural, mining, lumbering, industrial and other interests associated with the development of the great Northwest. The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canyons, and to Alaska with its endless icebergs, snow-capped peaks, Indian villages and giant glaciers. You will wish to investigate this suggestion further, send for a copy of the "Wonderland" book, Yellowstone Park and Alaska folders.

SPRINGFIELD.  
August 22.—The farmers in this section have, with some few exceptions, finished haying. Our school opened 15th inst., with the usual number of pupils; the longer vacation not having seemed to have injured them either mentally or physically. Rev. Cal. Currie, preached here last evening from the text found in part of the 21st and 24th verses of the 18th chapter of 1st Kings. "How long halt ye between two opinions? if the Lord will, we will follow him: but if Baal, then follow him. And call ye on the name of your Gods and I will call on the name of the Lord and the God that answereth by fire, let him be God." Jennie Clark is bringing the water from her spring to his house and barns, a distance of some six hundred feet, by means of a hydraulic ram. He is favoured with a large number of visitors, at his work, who ply a countless number of questions regarding the working of the machine. The water is forced up a rise of fifty feet.

SCOTCH LAKE.  
August 22.—Our school, which has been closed during the past term, opened on Monday under the care of Miss H. Hazelton. Mrs. L. C. Jackson has gone to Wakefield, Mass., on a visit to her sister, Mrs. C. E. Sheldon. She was accompanied by her niece, Mrs. H. Butler. Several of the men from this place started for the lumber woods last week.

LUCY & CO.

Lucy & Co. do not believe in packing away Goods for another season. It was for this reason that they a few years ago inaugurated their semi-annual Cheap Sale. It is held regularly twice a year when all Goods are marked away down from regular prices. By this means their customers get bargains and we get ready cash which is better than carrying over Goods for another season. Our Cheap Sale opens this morning.

NEW ADVERTISEMENTS.

OFFICE AND STOREHOUSE,  
CAMPBELL STREET—CITY HALL.

JAMES TIBBITTS,  
MORTGAGE SALE.

To Misses Dillen of the Parish of Burton, in the County of Sumbury, and the heirs of R. R. Dillen, his wife, now deceased, and all their co-heirs.  
Notice is hereby given, that by virtue of a power of sale contained in a certain mortgage, dated the 1st day of June, 1922, in the County of Sumbury, in the State of New Brunswick, and duly recorded in Book 22 of the Registry Office, at St. John, N. B., and made between the said Misses Dillen and Sarah Dillen, and the undersigned, Margaret J. J. Barry, of the County of Sumbury of the City of Fredericton, of the other part.

There will, for the purpose of satisfying the money secured by the said mortgage, details having been made in the payment thereof, be sold at Public Auction, in Trust of the County of Sumbury, in the City of Fredericton, on WEDNESDAY, the 27th day of September, at the hour of twelve o'clock, noon, the lands and premises mentioned and described in the said mortgage, as follows:  
4 1/2 A. of land situate, lying and being in the Parish of Burton aforesaid, and bounded as follows: Beginning at a stake placed on the north-west corner of the lot of Henry Mitchell (Greenland); thence running by the margin of the year 1882 south fifty-five degrees 30' 30" east 30 chains to the place of beginning, except a small portion of the lot of the said Henry Mitchell, together with the privilege and appurtenances thereto, and the same as they may appear on the map.

Dated this 20th day of July, A. D. 1922.  
MARGARET J. J. BERRY,  
R. A. BERRY,

POETRY.

PATIENT WITH THE LIV.ING.

Sweet friend when thou and I art gone
Beyond earth's weary labor,
When small shall be our need of grace
From comrades or from neighbor...

SELECT STORY.

MARRIED FOR LOVE.

A TALE OF THE ROCKIES.

CHAPTER XII.

Jack interpreted the signs rather than
the words, and made up his mind to take
the forlorn man to his tent and feed him
for a few days. By showing his empty
pocket and then pointing towards the
camp, he persuaded the Indian to accom-

Angus asked over their last pipe for the
night.
Jack related the afternoon's experience
with Moose. Angus laughed heartily, and
when he had retired to his tent he found
that he, too, was giggling over the fool-

CHAPTER XIII.

Sunday morning!
The cloudless sky mirrored in the clear
waters of the lake;
The joy-spirit rides on the warm, sweet
air;
The love-messenger wings from the blue
heavens to mingle with mortals, and
The heart-cry of gladness sounds a welcome.

The sun-beams chase the shadows beneath
the underwood;
The mountain-tops serenely gaze over the
horizon;
The sigh-sob of delight comes from the forest;
The sun-spangles drop from earth's green
mantle;
The rippling waterlets lap the moss-clad
shores;

The sun-shine offers incense to the fragrant
flowers;
The sweet-fragrance of the flowers pays
loving tribute to the bright light;
The snow-glister dazzles the mountain
peaks;
The life-foam of being bids welcome to the
fast;

The blessing-voice of action wrenches idleness
from slumber;
The thought-sense awakes the brain to share
the gladness;
The joy-bells peal forth an ecstatic melody;
The earth is crowned with light, and the
heart of life rejoices;

"German Syrup"

Martinsville, N. J., Methodist Par-
sonage. "My acquaintance with your
remedy, Boschee's German Syrup, was
made about fourteen years ago, when I
contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from
filling my pulpit for a number of
Sabbaths. After trying a Physician,
without obtaining relief, I cannot
say how what remedy he prescribed
I saw the advertisement of your
remedy and obtained a bottle. I
received such quick and permanent
help from it that whenever we have
had Throat or Bronchial troubles
since in our family, Boschee's Ger-
man Syrup has been our favorite
remedy and always with favorable
results. I have never hesitated to
report my experience of its use to
others when I have found them
troubled in like manner." Rev.
W. H. HAGGARTY,
of the Newark, New Jersey,
M. E. Conference,
April 25, '90.

A Safe Remedy.
G. G. GREEN, Sole Man'fr, Woodbury, N. J.

THE KEY TO HEALTH.
BURDOCK BLOOD BITTERS
Unlocks all the clogged avenues of the
Bowel, Kidneys and Liver, carry-
ing off gradually without weakening the
system, all the impurities and foul
humors of the secretions; at the same
time Correcting Acidity of the
Stomach, curing Bilelessness, Dys-
pepsia, Headaches, Dizziness,
Nervousness, Constipation, Dryness
of the Skin, Dropsy, Dimness of
Vision, Rheumatism, Eczema,
Erysipelas, Scrofula, Fluctuating
of the Heart, Nervousness, and Gen-
erally all those and many other
similar Complaints which yield to the
happy influence of BURDOCK
BLOOD BITTERS.

INTENSE SUFFERING!
Mr. William Buchanan, 24 years engineer in the Cunard
Steamship Company's service, 8 St. John's Road, Kirkdale,
Liverpool, Eng., writes: "I suffered two years of agony from a
rheumatic affection in the head which six physicians pronounced incurable.
They were divided in opinion as to
whether it was acute neuralgia of the
head or rheumatic affection of the
brain, but all agreed that I could never recover.
In my paroxysms of pain it needed two
and sometimes three men to hold me
down in bed. When at death's door,
ST. JACOBS OIL
was applied to my head. It acted like magic. It saved my life.
I am well and hearty, and have had no return of the trouble."
"ALL RIGHTS! ST. JACOBS OIL DID IT!"

GRAND SALE
OF
WALL PAPERS.
