Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organo that form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr.

Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription."
Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R.V. Pierce, Pres., Buffalo, N.Y.

Dear Mr. Editor,-Just a few lines om Harbor Main to express the iews of fishermen who are after triking hard luck at the fisheries and inding out the truth of the old sayng, "Tory times are hard times." Th resent Government seems to be the ost extravagant Government that we oing on over the country as in Haroor Main, then we will be on the ooks in a few years, and Confedertion will be the only hope for us. teeping afloat. For the past thirteen ears we had Magistrate Murray perorming the duties of his office iving satisfaction to all; his salary vas \$300 per year. Mr. Murray is a vell preserved, healthy, active man inder sixty. Mr. Murray is pension d at full salary, and a Mr. O'Toolx-Tory candidate, is appointed as M urray's successor at a salary 50 per year: so that in this Harbo ir Edward is paying one thousand and fifty dollars for magisterial work hat was done under Sir. starvation. We notice that the Government have Three Agricultural Lecturers at a salary of \$150.00 per month; we think hat this is a big scandal to see Three Members of the House of Assembly subsidized to talk Agriculture when yen the school children know that not one of them has any practical knowledge of the subject.

Yours truly, COLLIER'S BAY POINT.

Indigestion & Dyspepsia

In all its Forms can be Cured. It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and head-ache, I feel too tired to do anything. I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as the singulest exercion. I leef late as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering, like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription A. A sure cure for per sons afflicted with stomach troubles It can be obtained at

The number in the ranks was very large, and a particularly pleasing feature was the fine display made by the Juvenile branch.

The Society then continued on their earch through the settlement, re urning later to their hall, where His Grace the Archbishop, Rev. Fr. Clarke, and the visiting clergymen and laity were on the platform. In a choice and appropriate address Father Clarke welcomed His Grace to this the 31st anniversary of the Society and to his readiness at all times to extend his sympathy and support. To Spiritual Director he offered varmest congratulations on the sucessful completion of another year in the Society's history, complimented them on the fine parade, given a spec-ial note of praise to the members of the band, whose music was so admir ed and who sacrificed so much o their time within the past few weeks at practice, and concluded by calling

upon the venerable President of the body, Mr. Michael Parsons to address the gathering. In a most interesting on behalf of the Society, welcomed His Grace and the other visitors. He joined with their beloved pastor in thanking His Grace for the continued good-will to the Society which his presence signified, made particular reference to the good work done by he Christian Brothers who also were represented, and expressed the Society's greeting to all their lay friends

His Grace made his usual happy and pleasing response, expressing the satisfaction it gave him to witness the day's celebration, complimenting the worthy pastor and people alike on the purishing condition of the parish, and concluded with a promise to visit Torbay at a latter date and deliver a lecturer to the members of the Society and their friends. His Honor Mayor Ellis, who was present, also

dispersed.

All the afternoon and night the Horwood Lumber Co.'s booth was surrounded by an admiring crowd who watched the operations of two of the girls employed at the works making scrubbing and other brushes. Their deft fingers worked so quickly that we could hardly follow their movements, and the brushes turned out proved to be of splendid quality.

The manual training class exhibition last evening and night was the centre of attraction for crowds of people. Boys from the classes of Bishop Feild College, the Methodist College and St. Patrick's Holy Cross Schools gave exhibitions of their handiwork and this was favourably commented on.

A Workshop **Destroyed by Fire**

Dear Sir,-On Wednesday, October 25th, a fire started in the workshor owned by Henry King, and though the neighbors nearby aided by over one hundred men made a brave fight they were unable to stay the progress of the flames before they had destroyed the entire building. The loss of his shop will be a serious in convenience to Mr. King as the earnings of a lifetime went up in smoke King says his loss will be over \$300 Great sympathy is felt for him owing to the fact of being an industrious fisherman, which profession he was engaged at until worn out.

I think, Mr. Editor, it would be as act of charity if the public would helpoor King to recover some of th tools which he used in carpentering Ever so little donated towards hi loss will be kindly appreciated. Thanking you for space, I remain

New Drawing Course.

Editor Evening Telegram. On Thursday last 30th ult., Pro-Nichols, of St. John's, visited the city and began his course of lectures on Drawing, to the teachers of the District, in the C. of E. High School. Miss Alice Noel, principal of the school, occupied the chair and introduced the lecturer. Mr. Nichols made a strong appeal showing the necessity or drawing as a part of the education of a child, and then showed his audience the many improvements in modern methods of Art education I'wenty-eight teachers and pupil teachers were present, and were kept quite busy taking notes of the lecture and copying the numberless illustrations the lecturer sketched at each session during the two days of Thurs-

day and Friday. At the close a very cordial vote thanks was unanimously passed by the teachers, to the lecturer, on the niotion of Mr. John Davis, Principal of the Methodist Superior School, and Mr. Gilfoyle, of the R. C. School. The envention closed by singing the Na-

tional Anthem. The teachers of Harbor Grace are full of enthusiasm on the subject of Drawing, feeling assured that they can, with the new light and help given, hope to teach it more successfully than before. Their strong desire is that, if possible, Mr. Nichols should come often to watch the progress of

the work.
Yours respectfully, TEACHER. Harbor Grace, Oct. 31st, 1910.

PRIZES AWARDED.

ne Exhibition crowds were in atendance throughout the whole day.
t is estimated that there were ten thousand people entered the Agricultural Hall yesterday. The place looked very attractive when lighted up with thousands of electric bulbs. The decorations were very much admired and reflect great credit on who had any part in the work. The lisplay of poultry was added yester-day, and for variety, beauty, size, etc could not be easily excelled in the most favored farming countries. Over 1,000 people sent in exhibits, a fact which shows the interest that is being taken in the show all over the country. In the fancy work department alone there are over 100 articles, and hey have been sent in from the most listant points of the country. The exhibition of the dairy butter vester-

day was favorably commented on by the judges-Mr. Moore and Dr. Standish. They are very favorably impressed with the whole display and expressed the belief that this Colony should never be obliged to import any of the root crops exhibited vesterday at the Rink. The cabbage, potatogs and turnips were equal to those raised in Canada, a proof that the Newfoundland soil was capable of all that enthusiasts had claimed for it. hay was particularly good, and judg ing from the specimens of oats, at that were required for home sumption could be raised in undland. Dr. Standish is a hig authority on such matters and has knowledge of agriculture second t none in Canada. He comes from th Truro College of Agriculture: Mr. S J. Moore is from the Ottawa Agricultural Department. He also express himself as being very much surprised at the excellence of the specimens

of farm products. The root crops were fine, but could be improved up on with more care and attention, es present at seven such exhibitions th past year and that of Newfoundland would compare very favorably wit the best. He was particularly pleased with the poultry show, which thought the second best that he had seen this season. The Exhibition Halls are becoming a favorite resor for the people of the city. The place was thronged up to the closing hour last night. In the afternoon all the school children visited the Rinks and spent an hour or more viewing the exhibits. The C. C. C. band was present and played excellent music. The following awards were given up

Rotten Bridge Causes Serious Accident.

Dear Sir,—It is not very often you hear from Old Perlican, but it is most likely you will hear from there often. The constable orders to kill off the constable orders the constable orders to kill off the constable orders the constable orders to kill off the constable orders the constable orders t er in the future Lots of things take place here which time and space will place here which time and space will not permit me to report this time. One matter I must mention. We came near losing our doctor a few days age while he was going on a sick call on horseback. His horse went through a bridge and fell. Its head struck the ground and its mouth was badly cut. The doctor was thrown some distance and the horse galloped away.

A gortleman passed that way and

and the horse galloped away.

A gentleman passed that way and saw Dr. Pickard lying prostrate by the side of the road, partly covered with blood. Assistance was obtained and the doctor escorted to a friend's house, where he was well cared for and soon brought to consciousness again. Rev. Mr. Ward hearing of the accident was soon on the snot to rem. again. Rev. Mr. Ward hearing of the accident was soon on the spot to render all the aid the doctor needed, whether spiritual or temporal. Dr. Pickard is a plucky man. He did not give up for a trifle. He made the best of it. Rev. Mr. Ward offered to provide a horse and carriage to take the doctor home, but he refused as he wanted to keep the matter quiet for the time. News of the accident was kept from Mrs. Pickard until the worst was over. Dr. Pickard is much liked, and when people heard of the accident there was much excitement, and the topic of the day was "How is our doctor?"

Laid Up With Lame Back

Pain, helplessness and suffering are overcome by DR. CHASE'S KIDNEY-LIVER PILLS.

Mrs. Frank Bloom, Hardwood Lake, Ont., writes: "I want to tell you of the great benefit I found in the use of Dr. Chase's Kidney-Liver Pills. I suffered so badly with kidney disease that when I lay down I could not get up without help. I was completely laid up with lame, aching back. I read about Dr. Chase's Kidney-Liver Pills in the almanac, got them and they cured me of kidney disease and back.

CATTLE SHOW TO-DAY. The live stock exhibition and in spection began this morning in the grounds to the west of the Rink where the scene was a very lively one. The mettlesome horses decked out with cibbons in their manes pranced around in the area in lively anner. The animals which were in spected one by one and all their oints of merit carefully examined included blood mares and foal colts stallions, truck horses, carriage horses, plough teams and ponies, local and Sable Island. There were four of the latter, which are hardy looking, stocky little beasts. This exhibition seemed to please the horse lovers very much, judging from the fact that about 1,000 men stood around the cold raw east wind watching eagerly till all was over. The num-ber of cows, bulls and heifers was also large and included some admirable looking animals. There were Jersey, Ayrshire and short horns in great variety of age and size. Tinsmiths' Strike

Discussed.

In their rooms at the Star Hall last night the representatives of all the Unions met at the invitation of the Unions met at the invitation of the 'Longshoremen's Union and discussed the attitude that should be taken by them in the strike of the tinsmiths. Presidents McGraht (L.S.P.U.), Gough, (Carpenters), Coohey (Coopers), Colbert (Tailors), McAllister (Firemen), Murphy (Truckmen), Boone and Wheeler (Shipwrights), O'Keefe (Bricklayers) and Ruby (Tinsmiths) were present. The matter of the strike was thoroughly debated and the result was the expression of the result was the expression of the opinion that after the members of the various Unions discuss the matter they will determine to help the striking tinsmiths and extend necessary financial aid. Mr. Ruby an-nounced that only 15 men were now out, but unless their demands were complied with they would not return to work. It was decided to hold a Union card tourney Friday night the Star Hall for the benefit of the striking tinsmiths.

Editor Evening Telegram:

Dear Sir,—Please allow me space in your valuable paper to speak of the intended departure of our beloved pastor, Rev. W. P. Finn.

On October 2nd, 1892, he officiated in our church in Joe Batt's Arm. On the 2nd of October of the present year he was again present in our church.

After celebrating the Holy Sacrifice the 2nd of October of the present year After celebrating the Holy Sacrifice of the Mass, he turned towards his people to address them.

He began to speak of his depart ure from amongst us. He was interrupted by the sobs and tears of the whole congregation, sorrow for the loss of our kind, faithful priest filled our hearts to overflowing. The man who could call forth emotion such as was then exhibited need no other tribute from my poor pen.

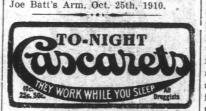

Let me tell you, Mr. Editor, of of the work done by our priest during these eighteen years. We, strange to say, were better off with regard to our church and school than our neighbors in either Tilting or Fogo. Both church and school in Tilting were mere ruins. Go there to-day and you will see a beautiful church, up to date in every respect; a fine school (Superior), also a hall and reading room combined. Whom may we thank for these improvements? Father Finn; seconded, of course, by the help of the "good men and true" of dear old Tilting.

But, Mr. Editor, I regret to say the last named place has produced an ingrate, one so low down as to attemp to throw discredit on our dear priest in the public Press. He styled himself "Vox Populi." To my mind a more appropriate pen name would be "Vox et praeterea nihil." He would thus be coming nearer the mark.

This "Vox Populi," by virtue of the position he occupies, has a certain mount of influence over a certain lot of men-save the mark. These poor misguided creatures help him in his foolish attempts to destroy the peace of one of the best of men. We all know how aggravating it is to b beset by the mosquito pest; well. Mr Editor, we view the attack made by "Vox Populi" in just the same way we would an attack of that most annoying insect. The only remedy is to keen brushing them off until you are well away from them. Our pastor will soon be well away from the petty annoyances to which he has been subjected by the foolish pride o one who refuses to acknowledge

Fogo can boast of a fine church and school built since Fr. Finn has been nere. Our church has been improved by the erection of a spire. To sum up, not one part of the parish has follow him to his new home. May he

e very happy there. Thanking you for space I am Mr Yours. FIAT JUSTITIA RUIT COELUM
