"\$8,000."
To the Editor of The Evening Mercury.
Sir,—Wherever the eye turns it now meets with gigantic posters announcing central shows, fairs, or exhibitions. These shows are certainly a great improvement upon our little township affairs, which we once thought so much of. I cannot help thinking, however, that the amount on the heading of the posters should agree with the price-list. For curiosity's sake I totalled up the Hamilton price-list and make it hardly, if I am right, reach \$6,000, and the same result I found with the London one last year. Now, I am glad to say, that I find the Guelph Central Exhibition offers \$8,000, and that the price-list exceeds this amount by some hundreds. Good for Wellington!

Sad Accident at Galt.
A sad accident happened on Monday morning. It seems that as a man named Kilpatrick, and a boy named Patrick Norris, were coming down the road from the tollgate with a load of oats, which they were engaged hauling for Mr. Cladwell, of the Galt Nursery, the horses were frightened by some of the sheaves falling on them, causing them to run away. Kilpatrick was thrown out of the wagon on one side and young Norris on the other. The wheels passed over the right breast of Norris, killing him instantly; while on the other side they passed over Kilpatrick, breaking both of his legs and injuring him internally.

On Oakland, Cal., there has just been captured a newspaper-stealing dog. Over one hundred papers were found behind a large pile of rubbish, where the dog had secreted them.

"Were you guarded by your conduct while in New York?" asked a father of his son, who had just returned from a visit to that city. "Yes, sir; part of the time by two policemen."

Town and County News.

MAPLE LEAF meeting this evening. See advertisement.

HATS.—Messrs. Shaw & Murton announce in to-day's paper the arrival of a splendid lot of hats. A hat for everybody and everybody should get a hat.

FIRST NEW GOODS OF THE SEASON.—It will be seen by the advertisement on our second page that Chance & Williamson have just received and opened out 29 cases of New Goods.

THE SOCIAL.—The public will bear in mind the Social to-morrow evening, at the residence of Mr. O. Clark, got up by the ladies of the Wesleyan church, on behalf of the Young Men's Christian Association. Admission 15 cents.

FROM SCOTLAND.—By a letter received this morning, from Mr. James Innes, we learn that he is well, and busy travelling up and down the "tight little island." He does not express any apprehension of "walking over the edge" on some dark night.

THE DRAUGHT CHALLENGE.—We understand that the challenge given by some of the Guelph players, some days since, has been accepted by the Whitty club, and a match is to come off on Thursday, in Toronto—three on a side. If Whitty doesn't win, we know who will.

COUNTY TEMPLE, I. O. of G. T.—The meeting of the Good Templars of the County of Wellington will be held in Ferguson, on Tuesday the 9th September, instead of the 16th as at first decided. T. W. Casey, Esq., of Napanee, G. W. Secretary of Canada, will be present on the occasion.

Y. M. C. A.—The Association have decided to hold their opening social on the evening of the public holiday, Friday, instead of Thursday, as previously announced. The Association beg to thank Mr. John Anderson for two pictures which he presented to them for their new rooms. One is the "Cottage's Saturday night" the other "Queen Victoria's visit to her wounded soldiers." There is space for another or two, if anyone has them to spare. They also wish to thank J. W. Earl for three pairs of nice gloves for the gas jets.

BEAVER TEMPLE, GUELPH, I. O. of G. T.—This Lodge has not been as prosperous recently as they have been in former quarters, in addition to their number; and many having left the town recently has reduced the membership; but yet the Lodge is working harmoniously. It is their intention to hold a social during the time of the Guelph Central Exhibition. The following officers have been elected and installed for the current term:—W. C. T., Benjamin Fairley; W. V. T., Fanny Penfold; W. S. J., Townsend; W. A. S., Maria Smart; W. F. S., Wm. Bish; W. T., Isabella Steele; W. M., Jas. Beirnes; W. D. M., Sarah Noble; W. I. G., Sis. Ferguson; W. O. G., Udney Wilson; Chaplain, Joseph Ryan; W. R. H. S., Anna Hanbridge; W. L. H. S., Jennie Penfold; P. W. C. T., D. A. Kribs; T. D., Philip Bish.

Local and Other Items.

THE ANNUAL MEETING of the stockholders of the Norfolk Railway Company was held in Simcoe on Monday.

A POWDER MILL was recently struck by lightning near Ulverston, Lanochshire, and exploded. The man was not at work, and no lives were lost.

The London organs of the Ministry have commenced an attack upon Mr. Glass, for acting with the Opposition in his protest against the prorogation outrage.

Mr. Miles, of London, died on Monday. He settled in Dorchester in 1820. He was the first warden of the London district, sat for East Middlesex in the old Canadian Parliament, and was always closely identified with the Reform party.

On Saturday evening, after the gale had subsided, the two-mile single out-rigger race for \$25, the medal, and the championship of Burlington Bay, took place between H. Loudon, of Toronto, and John Webster, of Hamilton. Loudon won by a length and a-half, in fifteen minutes. Webster defeated Loudon easily some two years ago.

A young man named Michael Cairns, Great Western Railway bridge-tender at Merriton, was turning the crank opening the bridge on Friday last at noon, when the scow Enterprise came suddenly up and struck the end of the bridge, jerking the handle of the crank back, which, striking him in the head, knocked him senseless and nearly killed him.

SUDDEN DEATHS.—A young single man named William Baldwin, apparently in perfect health and strength, was taken with a fit last Saturday evening while in a tree picking apples at St. George, and died in less than ten minutes. Mr. Nelson Rymal, a highly respected farmer of the village, also died after an illness of but a few hours.

A FATAL accident occurred at Owen Sound, on Saturday evening. An old farmer, 73 years of age, named Robert Kilpatrick, from the township of Derby, came to the cattle fair held here on that day, and on his way homeward lost his balance while riding a heavy lumber wagon, and fell between the wheels, one of which passing over his body inflicted such injuries as to cause death.

ONTARIO PROHIBITORY LEAGUE.—The annual convention of the Ontario Temperance Hall, Toronto, on Tuesday, 2nd Sept. 1873, (First session) 10 o'clock a. m. Clergymen of all denominations, the members of the League, friends willing to aid in the prohibition movement, delegates from temperance organizations, Sabbath schools and Y. M. C. A. &c., are earnestly invited to attend the convention with the grand demonstration on the 3rd. Reduced fares on several railways for return to be had, and a good time is expected.

MORE EVIDENCE.—We have heard from a variety of sources, which we regard as thoroughly reliable, that Mr. Huntington has a great mass of evidence still to publish and that he will astonish the public with a still further instalment in a few days. Those already published are mild in comparison with what is to follow. There are letters and telegrams crisscrossing Sir John to a far greater extent than "send me another ten thousand." We hope that Mr. Huntington will not delay any longer in their publication.—St. Catherine's Daily News.

There are quite a number of small-pox cases still existing in Toronto.

The Bruce Herald (Walker) of Friday appears in new type, and looks well. A St. Catherine's horse-stealer named Trutridge has been operating in the States.

It is said the Royal Commission will be called to meet at Ottawa early in September.

A small fire near Leader Lane, Toronto, about nine o'clock on Monday morning, drew thousands of people to the scene, as the streets were crowded at the time.

The Minister of Agriculture has made arrangements for one thousand Norwegians to settle in Manitoba next spring. The Mennonites have also concluded arrangements with Mr. Pope.

A woman 75 years old, named McArdle was found yesterday morning strangled on her daughter's grave in a cemetery outside Ottawa. The evidence adduced so far tends to the belief that the act was suicide, committed while laboring under insanity.

Monday, being the Toronto civic holiday, business in the city was suspended and the citizens generally gave themselves up to pleasure. A large number of excursions took place. Among other amusements was a large Orange picnic, where the Young Britons paraded the streets in procession.

The able bodied prisoners in the Montreal goal have not been idle the past summer. In addition to building a stout fence two feet high around nine acres of ground, they have been occupied in repairing the goal walls, which had never been overhauled before.

The retiring editor of the Ida County, Iowa, Pioneer wrote his valedictory in two words, "Good night." His successor's salutory consisted of "Good morning."

A merchant who has classed in Sunday School asked, "What is solitude?" and was visibly disturbed when a miserable boy answered: "The store that don't advertise."

The girls in a Springfield, Mass., factory are supplied by the proprietors with chewing gum, in order that they may not waste time in talking.

News is scarce in Minnesota; in the effort to present something fresh, a Laneboro paper has found it necessary to publish the Ten Commandments.

Here's a chance for the girls. A Pottsville "patient" advertises: "Fair Offer—To the Public—I have too many boys and no girls. Two boys came to my house this week. They are twins, I will swap one or both of them for a girl."

The paper with the largest circulation just now is "the fly-paper."

Town Council.

The regular meeting of the Council was held on Monday night; the Mayor in the chair; present also Messrs. Kennedy, Holliday, McLagan, Howard, Crowe, Massie, Coffee, Hogg, Davidson, Robt. Mitchell, Horsman, Chadwick, Richard Mitchell.

THE WEST WARD APPROPRIATION.
The minutes were read by the Clerk, and upon the question of their approval being put—

Mr. Davidson moved, seconded by Mr. Hogg, that the resolution granting an additional \$200 to the West Ward be rescinded.

The Mayor refused to accept the amendment and the minutes were confirmed without alteration.

THE \$200,000 BY-LAW.
The Clerk announced the result of the vote upon the \$200,000 railway debentures by-law—that it had been carried.

DAMAGES.
A communication was read from Messrs. McMillan & O'Connor, announcing that a suit had been commenced by Jeremiah Kelly to recover damages for injuries sustained through falling in consequence of a defective sidewalk—whereby his arm had been dislocated.—Referred.

FIRE LIMITS BY-LAW.
From Chief Constable Kelly, stating that the Police Magistrate had refused to receive an information against Robert Stewart for a breach of the fire limits by-law, on the ground that the by-law would require to be re-passed.

Mr. Massie thought that the magistrate should act upon the by-laws instead of criticising them.

Mr. Chadwick said that it was within the competence of the Magistrate to refuse to act upon any by-law, if it were defective or improperly constructed.

The matter was referred to the By-law Committee.

OTHER PETITIONS AND MEMORIALS.
Mr. Coffee presented a petition from Bartley Coughlin for aid, he having been struck with paralysis.

Mr. Howard, one from the Mechanics' Institute for remission of rent due to the corporation, signed by Dr. Keating, President, and Mr. Hart, Secretary.

Mr. Robert Mitchell, a memorial from the representatives of the North Ward, for an additional appropriation of \$200.

The foregoing were referred to the proper Committees.

THE EXTRA WARD APPROPRIATIONS.
The Mayor stated that he had referred the memorial of the East Ward, but that the Council had refused to refer that of the West Ward.

Mr. Hogg thought that it was a strange thing if the Council were competent to do what was manifestly wrong and unjust. All the wards ought to be placed on the same footing.

The Mayor held that a notice of motion to rescind the grant to the West Ward was the only proper mode of proceeding.

Mr. Davidson gave notice that at the next meeting of the Council he would introduce a resolution rescinding the additional grant of \$200 to the West Ward.

After some conversation, Mr. Hogg moved, seconded by Mr. Robert Mitchell, that Rule 38 be suspended; in order that the matter might be dealt with at once.

Mr. Massie thought that as the senior member for the West Ward was absent, it would only be the proper thing to let the matter lie over until next meeting.

Mr. Hogg said that the feelings of the senior member for the West Ward ought not to be consulted at all. He had taken advantage of a thin meeting of the Council to get this extra appropriation passed, which was rather a small piece of business.

Mr. McLagan repudiated the charge that the West Ward members had taken advantage of a thin meeting of Council. The memorial had been drawn up on the morning of the last Council day, and would have been submitted just the same if there had been a full meeting.

It was ultimately agreed that the matter should remain over until next meeting, on Mr. McLagan consenting that none of the extra money appropriated should be expended meanwhile.

EXHIBITION COMMITTEE.
Mr. Hogg presented the report of this Committee, which stated that the Committee had had a large quantity of stones removed from the part of the Exhibition grounds most frequented by visitors, and had had the weeds cut down; that the trees are looking healthy; that the building used for the exhibition of grain had been rebuilt in a substantial and satisfactory manner; that orders had been given for 50 seats for the use of visitors to the Central Exhibition, to be made and placed on the grounds by the 15th of September; that instructions had been given to have the roof of the main building made watertight; and that immediately after the close of the coming Exhibition, a sketch would be obtained for the purpose of making a driving park within the Exhibition grounds, and the grading would be proceeded with at the earliest day; and that arrangements had been made for the opening and closing of the Exhibition grounds at the proper hours.

SALE OF LAND FOR TAXES.
On motion of Mr. Richard Mitchell, seconded by Mr. Hogg, a By-law, authorizing the Treasurer to sell lands in arrears for municipal taxes, was passed through its various stages.

THE CENTRAL SCHOOL BY-LAW.
The Council went into Committee of the Whole upon the By-law to raise the sum of \$30,000 for building the new Central School—Mr. Chadwick in the chair.

The special rate to meet the interest and sinking fund on the debentures, was fixed at 1 1/2 mills in the dollar. The By-law to be voted on upon the 12th September, and to take effect, if passed, on the 6th October.

Mr. Chadwick called the attention of the Chairman of the Road and Bridge Committee to an obstruction of the drain at the side of the Dundas Road, opposite Mr. Evan McDonald's, which would interfere with the proper carrying off of the water in Spring, and asked why it was not remedied.

Mr. Coffee had also heard complaints on this point.

Mr. Massie said that Mr. Chadwick ought to be able to answer his own question, as he was one of the Commissioners of the Dundas Road, in whose jurisdiction was the particular portion of the road referred to.

Some conversation passed as to the limits of the corporation jurisdiction on this road; and in reference to an observation by Mr. Richard Mitchell.

Mr. Chadwick said that if the Chairman of the Road and Bridge Committee repudiated the Dundas Road, he would undertake, on behalf of the Road Commissioners, to see that the place in question was put right.

Mr. Mitchell—I will repudiate it, then.

The Council then adjourned, soon after nine o'clock.

Justice Swift and Sure.

Lewis Dixon, a Massau Indian, was brought up at an interim session of Court before His Honor Acting-Judge Smart, at Hamilton, on the grave charge of having on Saturday, August 2nd last, committed an aggravated and indecent assault upon one Margaret Irvine, a young girl employed as a servant by Mr. John Ireland, on a farm near Copetown. The particulars of the shameful affair, as far as permissible, may be stated as follows: Miss Irvine, about seven o'clock, left Ireland's to go to a neighbor's, and as it was becoming dusk she thought to take a "short cut" across the fields, and did so. It appears that Lewis saw her take the field, and followed. She, seeing the fellow, became alarmed and ran. He caught her and threatened her life in case she followed him. She began screaming, and he fell her to the earth with one blow of his huge fist. She struggled and tried to escape, but he struck her a number of villainous blows, and tried to stop her piercing screams by choking. Mr. John Camp ran up, and the Indian desisted, trotting off in a hang-dog style, but Camp did not know the girl, who sprang to him, and clasping him with a death-like embrace, screaming, "You've saved my life! you're my friend!" She trembled violently from head to foot, and her features were so bloody and distorted from blows and scratches that Camp, who had known her for five years, could not recognize her. Mrs. McLaughlin came up and took charge of the girl, while her sons, Samuel and John, gave chase and captured the scoundrel some distance off.

Evidence was given by the poor girl, who was so nervous that she had to hold on to the chair in which she sat, by seizing tightly hold of the arms; by John Camp, the McLaughlins, and Dr. Frank Paton. A most brutal case was fully proved. The Judge found the prisoner guilty, and said that a most brutal case had been proved. He sentenced Lewis to be committed to jail for 12 months at hard labor, and to be

on his bare back; to receive 25 of them within 30 days of being committed to prison and 25 more 30 days before the sentence expired.

THE Colorado Bug's First Cousin.
We reproduced from an exchange a few days ago a notice of a white grub which had made its appearance amongst the potatoes near Hamilton. The Editor of The Mercury has since had the doubtful pleasure of making the personal acquaintance of this new pest in his kitchen garden. It is an exceedingly ugly little brute, fully an inch and a-half long, and resembles a caterpillar, but is thicker in proportion. It has a semi-transparent, pinky look, and a brownish colored head, armed with a formidable looking but short pair of nippers. Close to the head are three pair of legs or feelers, each pair further from the head being longer than the preceding ones, the last pair measuring say half-an-inch. When found, the little beast was curled up inside a half-devoured potato; and several lively cubs about half-an-inch long and as thick as packthread, were running about the tuber. We don't know whether these were the interesting progeny of the adult grub, but if that bug has grown from the size of one of the little ones, he, she, or it is a living proof of the nutritive power of vegetable diet. Only one potato in a hill was affected, and several neighboring hills were free from the bug, so that it has not proved very destructive so far.

HARPER'S NEW MONTHLY for September has reached us from the publishers. It contains an unusual quality of entertaining and interesting matter, embracing no less than twenty-two articles besides the five editorial Departments. Of these, seven are illustrated, if we include the article in the *Draper* on London Street Luxuries. We hope to find space for some extracts.

REVIEWS.—The *Edinburgh* and the *Westminster*, American editions, have been sent us by the Leonard Scott publishing company. These monthly periodicals are well known as containing most able and thoughtful criticism upon the current literature of the day. The works of the foremost writers and thinkers of the age are reviewed in an interesting and scholarly manner, and those who are unable to study for themselves the

BY TELEGRAPH. Bank of England Forger. Berga not Taken. The Carlists and France. Suppression of Newspapers. Incendiaries Condemned.

London, August 18.—Austin Bidwell and his confederates in the Bank of England forgery case were arraigned to-day, and the case was formerly opened by the prosecuting attorneys.

Madrid, August 18.—There is no truth in the despatch sent to the Carlist Junta at Bayonne, reporting the capture of Berga by the insurgents.

Several persons have been condemned to death by the Tribunal of Justice at Seville, for firing buildings by means of petroleum, while that city was occupied by the insurgents.

Head Quarters, bayonnes, Aug 18.—The French Government has taken an initiatory step towards recognizing the Carlism as belligerents, having issued orders permitting the transit of arms and ammunition of war between the two Custom House lines in the south of France.

The insurgent frigates Victoria and Albatros are ordered to proceed to Gibraltar.

Paris, August 18.—Thus far, during the month, the Government has suppressed or forbidden the sale of twenty Republican newspapers in the Provinces. The leaders of the Left intend to publish a protest against these suppressions, and to question the Government on the subject when the Assembly meets.

Springfield, Ill., August 18.—A great deal of indignation is expressed here concerning the action of the Chicago and Alton Railway officers. They state the collision occurred at twenty minutes past ten o'clock, and the fact was telegraphed to the Superintendent of the road within one hour, but not a word was sent to the friends of the wounded, and the news of the accident was studiously kept from the press until it could no longer be reserved.

The agent at that point testified that he protested strongly against the freight train pushing forward, and notified the train despatcher at Bloomington that a slaughter was impending.

Richmond, Va., August 18.—Jeff Davis delivered a speech at Montgomery, White Sulphur Springs, to-day, before the Southern Historical Association. He said to write a true history of the late war it must be done by Southern men who knew the facts, and that all material for the purpose must be gathered in the South.

Fort Scott, Kas., August 18.—A special despatch from Twine Spring, Lynn Co., says that near that place last night a man named Kellar killed his wife, her sister, and his two children, piled their bodies on the floor, covered them with straw, and set fire to it.

Louisville, Ky., August 18.—A man named Lord, said to be a travelling correspondent of the New York Herald, has disappeared since Tuesday last, and fears of foul play are entertained.

St. Louis, August 18.—A Jefferson city special says that Governor Woodson has issued an order to convene a special term Court for the investigation of the lynching of Peter Kelsler, at Fulton, on Friday last.

The special further says a desperate encounter may soon be expected between the railroad train robbers and the Iowa Sheriff, armed with a requisition from the Governor. The encounter will probably take place in Lafayette, Clay, or Jackson Counties, where these robbers alternately rendezvous, under the lead of the notorious desperado, George McLaughlin.

Cleveland, August 18.—Two sailors, Jesse Maloy and Jno. Kennedy, who were supposed to be drowned when the barge Morton foundered last Wednesday, have been rescued from floating lumber in the lake.

Washington, August 18, 1 a.m.—Probabilities for the middle States and lower lakes, rising temperature, varying pressure, cloudy weather and areas of rain, followed by clearing weather on Tuesday afternoon.

New York, August 19.—Arrived, steamships Oceanic and Minnesota from Liverpool.

THE TEMPTATION.

CHAPTER XXXIV.
BARNARD HATES BECOMES A SCAPEGOAT.

Then—the door being shut they gazed at each other with look and attitude of undisguised restraint. At last his choking rage broke forth, and he stamped through the room in fury.

"Curse on it if we are baffled, ruined, he hoarsely exclaimed.

"We would have been had I not prevented it," said his sister. "Barnard, I never took you to be such a fool as you have just shown yourself.

"A fool!" he shouted. "To be treated by him thus, when the utterance of the two words, 'ANNABEL LIVES,' would have dashed him to the dust, and—"

"And benefited every one but ourselves," said Mrs Langton, with angry impatience. "Ay, ruined us two alone, and made them happy. Oh, fool, fool!"

"It would at least have humbled and crushed the man who has ordered me from his house," said Hayes, sullenly.

"No, it would not. It would have affected him not a whit financially, the marriage being now easily proved. Annabel, it is true, would get the money and the estate, but she and Philip would wed. Joseph would take Philip into partnership, his money would go in as his capital, and Langton & Co. would be as stable as ever; while we—only, Barnard—would be ruined, and that by our own hand. Now, we are victors still—every substantial fruit of success is still ours, though under a week impulse of passion you had nearly cast all from our grasp."

"You are right, Augusta. I confess you are right," he answered, in a calmer mood. "But the provocation was more than flesh and blood could endure. However, I am glad you restrained me. As you say, the success is still ours."

"Ay, but where would we have been had my plan not been carried out, which has removed the girl. Had we trusted to the American more, what failure would have been ours to-day—returning as Philip has done with the certificate of marriage."

"Curse him!" said Hayes, gnashing his teeth. "How he sprang the mine under my feet! What a simpleton Sam Lorton must have been to get himself caught and hanged."

"A good riddance, seeing that he bungled in his work," observed the other with asperity. "Had he lived and returned he might have proved dangerous. But what now, Barnard—what are you seeking in these corners?"

"My things," said Hayes, with a savage growl. "I must pack and be gone to save your virtuous husband the trouble of kicking me out. Ah, the time may come when I shall be able to pay them both off for this day's insult."

"Care not for the insult so long as the profit is ours," returned his sister.

"Ours! Not ours, but yours," answered her brother, bitterly. "You are the gainer in this, Augusta—you remain in wealth and splendor—while I am the scapegoat, suffering for both. But, mark me, I must have my share even now, or, by heaven, the secret at Daxden shall come to light."

"Yes, yes, Barnard, you shall have a share," was her hurried answer. "Outwardly, I must seem to repudiate your scheme. I must be wary and dissemble, but secretly we shall correspond, privately we shall hold intercourse. Does that content you?"

"It must, and so long as you deal fairly by me it shall. There, I am gone. Return you to your husband and your guest, and assure them that you have seen your blackguard brother off the premises. Ha! the time may come when I shall be master here. Your will, Augusta, must be drawn and signed and sealed. You understand?"

This last remark he cast over his shoulder as he opened the door and passed out. Then, without waiting for a reply, or, indeed, gazing on her again, he stalked down the stair, passed through the hall, and next minute was out in the frosty air, and crossing the park by the nearest path that should bring him to the railway station.

Constitutional—but Wrong.

Something like the following may be found in almost every Tory paper one takes up:—

"Even the Globe admits that he has acted perfectly constitutionally in proroguing Parliament. If this be granted there is no room for discussion of the act, for whatever is constitutional is right. This is a fundamental axiom of British Government."

This sounds very plausible, but it is unfortunately only twaddle. Whatever is unconstitutional is wrong, but it by no means follows that whatever is constitutional is right. For instance: It would be quite constitutional for the Governor-General, if so advised by his Ministers, not to call Parliament together again until the 12th of August, 1874—yet that delay would be held to be an outrage on the rights of the people. It would be quite constitutional for the Governor to appoint no Commission of Enquiry during the interval—yet the Tories would hold that wrong has been committed if that were done. It would be quite constitutional for the Governor-General to name as the members of the Commission of Enquiry Sir Hugh Allan, Sir Francis Hincks and Mr. J. C. Abbott, yet such appointments would be looked upon as grossly offensive and insulting. It would be quite constitutional for the Governor-General to decide that the Commissioners should take all the evidence in secret, yet such a course would be looked upon as wrong and offensive. It would have been constitutional for the Governor-General to have dissolved Parliament on the 15th instead of merely proroguing it, yet the Tories, at least, would have considered such an act to have been altogether uncalled for by the actual necessities of the case, and extremely blameable. Last but not least, it would have been quite constitutional for the Governor-General to have rejected the advice of his Ministers and refused to prorogue Parliament, but there are not many Tories who would argue that because such an act was constitutional, therefore it was right. We think it is quite clear that a Governor may perform acts which do not violate the constitution, but which are yet entirely wrong and blameable.—Hamilton Times.

Sergeant Mitchell and Constable Lilley, of the St. Catharines Police Force have been charged with entering into an agreement with the liquor dealers not to report violations of the Sunday liquor law, if the liquor dealers in return would help them with a scheme of theirs, which was meant to bring discredit upon the Chief, in order that the Sergeant might obtain the Chief's place, and Lilley that of Sergeant. It is strongly commented upon by the local papers, which take opposite views in the matter.

Guelph, April 14th, 1873 I. & J. ANDREWS, dw

A WARNING TO OIL MANUFACTURERS AND DEALERS.—The Hamilton Times of Monday says:—For sometime past a wholesale dealer in coal oil, doing business not far from the Niagara frontier, has been importing or smuggling American petroleum from the other side of the line to a pretty considerable extent, and selling it to Canadian dealers in the neighborhood. Mr. E. Brougham, Esq., the efficient excise officer at Chippawa, having heard of his operations, and that the oil so imported or smuggled would by no means stand the test required by law, in addition to his other duties has recently had his hands full in looking after him and protecting the public by examining the stocks of dealers and condemning the dangerous fluid wherever found. We understand that the other day Mr. Brougham made a raid upon the oil dealers of Ridgeway, and ascertained that not a single drop of oil in that village would stand the test—one hundred degrees Fahrenheit. About two hundred gallons were seized. Yesterday the oil men of Fort Robinson were called upon, and some of their stocks were found to be unimproved and below the standard. It is well for the people that the Government officer is taking such an interest in this matter, and ridding the country of the trash of oil which too often finds its way from the United States to our most dangerous harbors.

ENGLISH AND AMERICAN ENTERPRISE.—The London Globe says:—"The projected tunnel through the Rocky Mountains, already begun, promises to be the chief of all the engineering wonders of the world. The Box Tunnel astonished people in this day, but the future of the Mont Cenis Tunnel itself, the length of which is more than seven miles, is to be looked upon as a mere nothing. The Rocky Mountain Tunnel is to be 12 miles long, and there will be 6,000 feet of earth and rock, or considerably more than a mile, over the greatest depth. The expense will naturally be enormous, but it is hoped that not only will most of the Western railway traffic be drawn through the 'short cut,' but that large mining profits will accrue incidentally. The company is sanguine of finding gold, silver, platinum and other precious stones. The bore is to be effected by diamond-pointed drills, driven by powerful machinery, and it is reckoned that the tunnel will be finished at the rate of sixty feet a working day. The Mont Cenis work was fourteen years in completion; this it is hoped, will take no more than four.

IRON IN THE BLOOD
PERUVIAN SYRUP
MAKES THE WEAK STRONG.
The Peruvian Syrup, a Protected Solution of the Protochloride of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures a thousand ills, simply by Tonicing up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damage, and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.
This is the secret of its wonderful success of the remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.
Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.
See that each bottle has PERUVIAN SYRUP blown in the glass. Pamphlets Free.
