

WE HAVE A FIGHTING CHANCE

THE GREAT CRICKET MATCH IS NOT OVER YET

Rev. Terry Made a Century—Canada's Second Total 236—Ugale Sam Got 100 for Five Wickets—They Require 41 Runs and Have Five Wickets to Fall—Australian Cricketers Still in England

The international cricket match is still unfinished. Play was resumed at Rosedale yesterday in perfect weather. The Canadian second innings was very prolific and yielded 236. This left 147 runs for the visitors to make to win, as their first innings had resulted in 177.

Of the 147 Ugalie Sam's representative scored 100 for the loss of five wickets when stumps were drawn for the night. Thus today they have 41 runs to make to win, and Messrs. Ralston, Dixon, Greig, Thomson, Biddle and Coverly have the six wickets left to do the trick.

This exact margin in their first attempt and Thompson got 45 of them. But six wickets as good as have often gone out for a good deal less than 41 runs, and it can readily be seen that an exciting finish is at hand, with little chance either way. It was Thomson of the remaining bats who did anything in the first, and he should have been out before he reached 15.

At 1:30 Terry came in, and the two not outs, faced the bowling of Patterson and Blair. The former had 25 and the latter 22. Runs came at a rapid rate, although Goldingham should have been taken when he had made only 30, but wasn't. Terry collapsed the bowling completely and hit all round the wicket. The ball went on top of the club house and grand stand to the intense delight of the spectators. Soon a century was up for the clever cricketer.

The rounds of applause were deafening. After another chance Goldingham put one back to Brown and retired. After Hansard joined Terry.

Terry Run Out at 111. The parson put Coverly to bat and ran out four. He attempted to make the fifty, but Biddle quickly returned the ball and Terry was run out. It was the greatest performance by a Canadian cricketer ever done on Canadian soil. The 111 were played up without a chance. There was nothing unusual until after luncheon. Gillespie and Saunders alone of the succeeding batsmen made any sort of a stand, and the Hamilton batsman had the credit of being the only man in the Canadian team to get into doubles in both innings.

It was 2:40 when Greig went out and 10 minutes later Patterson and Brown went out to face the bowling of Laing and Bristow. The pair were out for five minutes, and Laing reached 100. Patterson was out for 5.45 and Bristow was out for 5.45. Patterson struck his bat at Laing's bowling and it was a throw, but Ugalie had not "no ball" and the Quaker chief had not been content with 30. The other batsmen's best wickets are down and Laing, Bristow and Gillespie will send in the ball at a rapid rate this morning in a final effort to knock down five stumps before 41 runs are reached.

The Two Days' Score. The complete score for the two days is as follows: 1st Innings. CANADA. 2nd Innings. Goldingham, c. Bal. and B. Brown, 50; Mather, c. Wood, 40; Patterson, 30; Terry, 111; Greig, 25; Thomson, 22; Ralston, 15; Dixon, 10; Coverly, 10; Extras (byes, leg, bow, etc.), 10. Total, 236.

1st Innings. AUSTRALIA. 2nd Innings. Patterson, 30; Greig, 25; Thomson, 22; Ralston, 15; Dixon, 10; Coverly, 10; Extras (byes, leg, bow, etc.), 10. Total, 236.

today interviewed the captain of the Australian cricketers. He says his team is still uncertain about taking their American trip. The Australians had arranged to sail Tuesday on the Cunard steamship Gallia, but the company have now withdrawn the boat, owing to the general lack of coal caused by the strike.

Behind the stumps. The cricket match will be resumed this morning at 11 o'clock. The committee have decided to charge 25c for the privilege of seeing whether the visitors can make the 41 or not.

It was the general opinion among cricketers last night that the Canadians had a fighting chance. They look like a 2 to 1 shot. The committee of the Canadian Cricket Association entertained the International Cricketers at the Albany Club last night. President A. M. Cosby was in the chair and Messrs. Prof. Golden Smith and J. Medley Macdonald in the vice chair. All the cricketers present appeared to enjoy themselves. Messrs. Patterson and Terry replied for the respective eleven.

Callender, 31; N. Malcolm, 28. A Callender was the winner of the silver cup, N. Malcolm winner of first money.

Relieved Him of \$600. HOW TO SEE THE CITY. An Old Gardener Robbed of His Summer Earnings. Questions That Will Be Asked Our Visitors.

He Had Been in the Habit of Stealing His Money in a "Vacant" House, But \$341 Was Stolen From Him Yesterday. How Did You Like Toronto?—What Do You Think of It?—Are There Many Large Buildings?—What Is the Population?—How Does Toronto Compare With Other Cities?

Not one of the many thousands who visit our city during this week will be asked on his return by friends and relatives, "What do you think of Toronto?" They all know this question will be put to them, and how very low make an effort to be able to answer it, other than in a vague and uncertain way, yet if they set about it systematically they could in a short time see Toronto as it is, and be able to give a social and intelligent description of its life and character.

Toronto being the capital of Ontario and the educational centre of Canada the visitor is grouped about it. There is a fair notion of Toronto as an educational centre. A visit to St. James' the Metropolitan and St. Michael's Cathedral, all near together, will show him the religious side of Toronto. A trip on the Bell Line, with a walk along St. George and Jarvis-street, will introduce the visitor to the real beauty of our city, its homes and its people.

On Friday afternoon he entered that section of the Hotel Gladstone where convivial refreshments are served in company with John Mack, said to be the most widely known and successful of the city's real estate men. Mack was in the room for some little time, and while there Wright accompanied some of the city's real estate men. An adjournment to a rear apartment followed, where the "contab" with Mack was shortly after 8:31 recovered.

Shortly after the bartender had occasion to go into this room, when Wright alleged that Mack had taken the money from his pocket. The bartender, Harry Robinson, seized the accused, searched him, and succeeded in recovering the money. When he found the one roll he concluded that it was the sum total, and made no further search, but Wright insisted on his money. The other two packages containing \$300 or thereabouts.

Found He Was Not From the Country. He informed the World that yesterday notified the police and took out a warrant for Mack's arrest, stating that he did not do so before because he thought the money was from the country, but afterwards found that he was a resident of Toronto, and fairly well-known in the locality of the hotel. The police now have the matter in hand.

Wanted to Wear Killers. Because It Takes Them Too Long to Dress for Parade. The members of the band of the 48th Highlanders are not all North Britishers and consequently it takes them longer to do the little than it would an ordinary uniform. As a result it was only when they got an extraordinary move-on that they were able to get into their uniforms. The band was in the city for the occasion, and their uniforms and arrive in time for the regular drill. As a result of the delay, the band was late for the parade. Returned From the Deep and Took First. The big Dane, belonging to the Volvener Kennels of Detroit, that escaped from its keeper Monday night at the dog show and went out into the lake was found roaming about the grounds early yesterday morning. The dog was still wet and had evidently been in the water over eight hours. The dog took first prize in the challenge class in the afternoon.

Mr. O'Keefe's Entertainment. Yesterday being Germania Day, Brewer O'Keefe kept open house at his establishment. The German flag was hoisted, a complete lunch provided, and the German residents of the city and their visiting friends royally entertained.

GERMANIA DAY AT THE FAIR.

THIS WEEK'S ATTENDANCE WILL BE A RECORD BREAKER.

The trials of speed in the King-The Dog Show pronounced the Best Ever Held in the Dominion-List of the Prize-Winners-Notes of the Industrial Exhibition.

To the Germans belong the honor this year of bringing the receipts of the Fair over those for the corresponding number of days last year. Right well did the representative of the "Federal" turn out in honor of Germania Day.

The waterloo band was in attendance and discoursed sweet music to a large number of spectators who surrounded the band stand.

The live stock show is now the greatest attraction on the grounds. Never before in the history of the Fair has this department had so many visitors.

This is owing partly to the new stables, which are now a treat to walk through, and partly to the excellent exhibits from the United States are surprised at the excellent stock shown.

As one visitor remarked, "these Canucks are an eye-opener to us in the way of caring for cattle."

The directors entertained the judges at luncheon. Mr. H. Wade, who has just returned from the Chicago Fair, said he was afraid the Toronto Fair would have suffered from a dearth of exhibits, but he was glad to see such was not the case and that our great fair was bigger and better than ever.

Mr. Pears of New York State, the judge of the Jersey, complimented the directors, and in speaking of the live stock said Canadian cattle were superior to the American.

The Canadian took better care of their cattle in every way, which accounted for their much better appearance.

JUDGING IN THE RING. Every Class Except Thoroughbreds and Hackneys Exhibited.

The judging in the ring yesterday included all classes from the Clydesdale to the roadster, the thoroughbreds and Hackneys being about the only classes that were not exhibited.

But few prizes, however, were awarded, the judges reserving the decisions until to-day, when the tickets will be allotted to the successful competitors.

Among the hunters' two prizes were contested for, the first being for hunters showing the best performance over five successive jumps five feet high and an "in and out" 3 ft. 6 in. in height.

Some half dozen competed for this prize which was won by George Peppers' bay gelding The Duke, by Judge Curtis. Messrs. Grenside & McMillan captured the second with the buckskin mare Lady Rosebery, the Westminster Stable securing third with the brown mare Melody.

The jumping was very successful, most of the horses being unequal to the task of negotiating the high obstacles.

A special prize was given for eight hunters for the best performance over eight successive jumps four feet high, the outcome of a protest which was lodged against Mr. Jack's horse Kingston, the winner of a like contest last week, on the ground that he fell while negotiating one of the jumps.

There were five entries for yesterday's contest, which was finally won by Messrs. Grenside & McMillan's bay gelding Lincoln, there being only one protest.

The Westminster Stable's gelding London, D. H. Grant's First Flight and Priscilla and George Peppers' Top Gallant being the other competitors.

The winners of Four Races. Four races were put down for decision, including a hack race at a mile and a quarter, open handicap at three-quarter mile heats, hurdle race and pony trotting race. The hack race resulted in an easy victory for Baronet, who led the entire journey and won by four lengths from Transfer, who was two lengths in front of Meg Dimont.
