

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METERIANO, 26 West 10th St., Peru, Ind.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Saves Money For The Farmer

PRICES of farm products have reached a high level. The farmer can take full advantage of this situation only by adding to his equipment of time and labor-saving machinery. Time and labor are money. When time and labor are saved, money is saved.

Time and labor-saving devices for working the land do not produce complete results in themselves. The farmer must have rapid and dependable means of placing his products on the market.

The Ford One-Ton Truck will make trips to town so much more quickly than the horse that you will have many extra hours of time to devote to productive work. A large number of farmers have proven the Ford One-Ton Truck to be a time and money-saver—have you?

Miller's Worm Powders never fail. They immediately attack the worms and expel them from the system. They are complete in themselves not only as a worm destroyer, but as a highly beneficial medicine, correcting weak digestion and restoring debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE CENTAUR COMPANY, NEW YORK CITY.

The Most Artistic Roof

is the one that completely harmonizes with the design and finishing of the house. For this reason there is a steadily increasing demand for Brantford Asphalt Slates for the modern style of homes.

Brantford Asphalt Slates have a surface of crushed slate embedded into our asphalt coating, the base of the roofing being felt saturated with asphalt. They are cut the size of shingles, and their beautiful soft colors of reddish brown and dark green give a roof a most artistic appearance. The colors are the natural shades of the slate as it comes out of the quarries. Brantford Asphalt Slates are, therefore, unfadeable—never require painting.

Brantford Asphalt Slates

are accurate in size and pliable, which makes them very easily handled and quickly laid, saving time and labor, and therefore costing less to lay.

Brantford Asphalt Slates make an artistic, durable and economical roof. Booklet describing them mailed on request.

REQUISITE ON THE FARM.—Every farmer and stock raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready remedy for ills in the family but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered. m

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rashes, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

COUNTY OF LAMBTON

Treasurer's Notice as to Lands

Liable For Sale For Taxes,

A. D. 1918

TAKE NOTICE that the list of lands in the County of Lambton liable for sale for arrears of taxes by the Treasurer of the County of Lambton has been prepared by me and that copies thereof may be had in the office of the County Treasurer. And further take notice, that the list of lands for sale as aforesaid is now being published in the Ontario Gazette in the issues thereof bearing date the 6th, 13th, 20th and 27th days of July, 1918. And further take notice that in default of payment of the taxes in arrears upon the lands specified in said list together with the costs chargeable thereon as set forth in the said list so being published in the Ontario Gazette before the day fixed for sale of such lands, being the 12th day of October, A. D. 1918, the said lands will be sold for taxes pursuant to the terms of the advertisement in the Ontario Gazette.

And further take notice that this publication is made pursuant to Assessment Act Revised Statutes of Ontario 1914, Chapter 195, Section 149, sub sec. 3. Dated at Sarnia this 5th day of July, A. D. 1918.

H. INGRAM,

Treasurer of County of Lambton.

THANKSGIVING

O give thanks unto the Lord; for he is good;
 For His mercy endureth for ever.
 O give thanks unto the God of gods;
 For His mercy endureth for ever.
 O give thanks unto the Lord of lords;
 For His mercy endureth for ever.
 To Him alone who doeth great wonders;
 For His mercy endureth for ever.
 To Him which divided the Red Sea in sunder
 For His mercy endureth for ever.
 And made Israel to pass through the midst of it;
 For His mercy endureth for ever.
 But overthrew Pharaoh and his host in the Red Sea;
 For His mercy endureth for ever.
 To Him which led His people through the wilderness;
 For His mercy endureth for ever.
 Who remembered us in our low estate;
 For His mercy endureth for ever.
 And hath delivered us from our adversaries;
 For His mercy endureth for ever.
 He giveth food to all flesh;
 For His mercy endureth for ever.
 O give thanks unto the God of heaven;
 For His mercy endureth for ever.

Lambton's 149 I. O. D. E.

The regular monthly meeting of Lambton's 149 I. O. D. E. was held at the home of Mrs. Kelly on Tuesday afternoon at the usual hour. Fourteen members answered to roll call. The meeting opened with the National Anthem and prayer after which the minutes were read and adopted. The treasurer reported proceeds from the concert and booth on Fair day to be \$340. Cash donations to the amount of \$14 had been received, for which the Chapter wish to thank their friends.

Fifty or more Xmas parcels will be sent overseas by the Chapter early in November. Plans are being made to make the Christmas parcels especially attractive this year.

It was decided to give a Halloween dance in the Armory on Thursday, Oct. 31st. Particulars later.

The meeting closed with the singing of "God Save Our Splendid Men." Next meeting at the home of Mrs. Luckham.

Tecumseh Chapter I. O. D. E.

"Let others boast of what they will,
 Of this one thing we brag,
 That we were born in Canada,
 Beneath the British flag."
 —Motto, Tecumseh Chapter.

Our brave boys went overseas that we might stay at home in safety. Let us express to them our thanks by sending Xmas boxes full to the top and bulging. These boxes must leave Canada the first week in November.

Tecumseh Chapter will hold a concert in the Lyceum, Watford, on Wednesday, Oct. 16th. Irene Anderson and Marian Stark of London will be present and help with the program which will be excellent and varied, consisting of songs, recitations, dances, etc. No admission fee but bring a gift for the boys and the Chapter will see that it goes with your name on it.

If you cannot bring a gift a silver collection will help pay the postage, which is a big item. Let this be a real Thanksgiving concert. If ever a people had reason to be thankful we have.

The Chapter will make a "Community Christmas Cake" for the boys, so ingredients for that will be very welcome. Come, no matter how small your gift may have to be.

WARWICK

Mrs. Harry Williams went to a London hospital for a minor operation last week.

Keep down the speed of your car when you visit London or you may have an interview with Squire Chittick.

Miss Alice Miller, London, spent the week end with her friend Gertrude Manders.

Misses Gladys Luckins and Edith Hickson, of Sarnia, are visiting the latter's parents, Mr. and Mrs. Z. Hickson, Kingscourt.

Mrs. John Marshall, second line north, and Mrs. Fred Elliott and little daughters, Grace and Reta, are spending this week with friends and relatives in London.

A Thanksgiving service will be held on Monday evening, Oct. 14th, in Knox Presbyterian Church, Main road, Warwick which will be devoted specially to thanksgiving and prayer.

The Rev. Prof. Wright of Huron College, London, will (D. V.) preach Missionary Sermons, morning and evening in St. Mary's Church, Warwick, and afternoon in St. Paul's Church, Wisbeach next Sunday, Oct. 13th, 1918.

Harold D. Leach, Hiram Moffit and Bert Currie, of the W.O.R., London, three young men who obtained their matriculation at the Watford High School, left on Monday to attend the medical school of the Western University, permission having been granted them by the military authorities to transfer to the Army Medical Corps and take a course in medicine, on account of the shortage of doctors, owing to war conditions. On graduating these young men will be given commissions in the C.A.M.C.

The Women's Patriotic League met at

the home of Mrs. Maurice Smith, Oct. 1st and spent a very busy afternoon sewing, with the result that an excellent bale was packed. It was decided after much discussion to continue the contributions for our prisoner of war until the annual meeting, when the subject will be discussed again. Fifteen ladies were present and the collection was \$31.60. The bale contained the following:—25 shirts, 23 suits of pyjamas, 37 pillow cases and 19 pairs of socks, the total value being \$138.

A successful barn raising was held on the farm of Mr. George Daley recently. Over 100 men were present and Messrs. E. Whyte and M. D. Campbell were chosen captains, the result being a tie. The barn, which is 36 x 68, rests on a cement foundation, and was framed by Mr. Sherman Morley everything going together in a first-class manner. After the raising all parties went to the house, where the hostess, assisted by about 50 lady guests, had a sumptuous repast laid. Seventy-five sat down to the good things prepared for them. In the evening the younger generation enjoyed themselves to an informal hop. Guests were present from Port Huron, Sarnia, Petrolia, Watford, Arkona and Forest.

BROOKE

Geo. Kidd, London, spent the week end with Brooke relatives.

Mrs. C. W. Connor and Mrs. R. G. Roberts, Port Huron, are spending a week with the former's sister Mrs. Frank Lucas.

Messrs. Percy and Linton Showler, Lieut. and Mrs. Bert Showler and Mrs. Watson, London, spent the week end with Mr. and Mrs. Frank Lucas.

Children's Day service will be held in St. James' Church, Brooke, on Sunday morning next, at 11 o'clock. It is hoped that all the children of the parish will be present.

Christ Church, Sutorville, will observe Children's Day on Sunday next. The service will be held at three o'clock in the afternoon. All parents and children are expected to be present.

Word has been received by Mr. and Mrs. Henry Brain that their son, Corp. C. M. Brain, has been awarded the Military Medal. Corp. Brain left London in March, 1917, with the 149th Battalion, and has had two brothers wounded in the present big offensive.

St. Andrew's Clover Club Mission Band held their regular monthly meeting at the home of Miss Reuberta Griffith, Friday, Sept. 13th. Thirteen members and two visitors were present. Scripture lesson read from Luke 2: 11-21. Interesting papers were read by Reuberta Griffith and Eva Johnston. Next meeting to be held at the home of Miss Merrilline McMurray Thursday, Oct. 10th.

BORN

To every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save," let him consider to what extent he

would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

ONTARIO'S PROUD RECORD

In Last Loan Drive This Province Raised Nearly half of the Last Loan, Averaging \$79.03 each

Ontario's large place in the economic position of Canada was never better illustrated than in the last Victory Loan campaign, but if it is to be maintained, another supreme effort will be needed in the campaign soon to open. Nearly half the subscriptions in November 1917 were from Ontario and their has been talk that the same proportion is expected this year. The war spirit and war service of Ontario have been so magnificent that there is little prospect of a disappointment now. This Province has been the centre of munition making, with the liberal distribution of money which that brings, and its agricultural, mining and other industries have been on a most buoyant basis.

As a result of the splendid campaign and the generous response of the people, the Province of Ontario raised \$204,185,400, of the \$419,289,000 for the Dominion in the Fourth Loan. This came from 363,000 subscribers, averaging \$79.03 each, out of the 820,035 lenders in all Canada, averaging \$53.13 each. Quebec came second with \$94,287,250 from 126,534 subscribers or \$41.66 each. In Ontario one person in every 7.11 was a subscriber but Manitoba, with one in 7, excelled this record. In the Dominion as a whole, one in every 9.62 people was a subscriber.

THANKFUL MOTHERS

MANUFACTURE OF CIDER

Winter Rhubarb Can be Produced Cheaply and Conveniently.

Turnips Grown on Dairy Farm Best Fed to Dry Cows, Young Stock and Pigs.

(Contributed by Ontario Department of Agriculture, Toronto.)

SWEET cider is fermented apple juice, and hard cider is fermented apple juice. To get the juice from the apples are either crushed or ground in a cider mill and the juice expressed from the pulp.

The fermentation of apple juice, or any other fruit juice, is brought about by the development in it of yeast. Yeast cells are microscopic plants invisible to the naked eye and are always present on the surface of fruit. When the fruit is crushed to get the juice many of these yeast cells get into the juice and if these are not destroyed they will induce fermentation.

Consequently, in the manufacture of sweet cider we must destroy the yeast cells that are present and prevent others from getting in. The surest way of doing this is to pasteurize the juice immediately after it is obtained from the fruit and store away in well-sealed containers. In the case of cider the pasteurization process means heating the juice to 170°F. for ten minutes and then filling into containers that have been scalded and can be tightly corked. Care should be taken not to let the temperature get above 170°F. during pasteurization or the character of the juice will be injured. The juice is then stored away at a low temperature to allow it to clear.

Hard cider is produced by allowing the fresh apple juice to ferment in the cask. The fermentation is naturally induced by the activities of the yeast cells that get into the juice from the surface of the apples. As, however, there are various kinds of yeast cells, and also many mold spores liable to be on the fruit which may injure the quality of the cider, spoiling the flavor, it is a good plan to control the fermentation either by first pasteurizing the juice and then adding a good yeast or simply by adding a good yeast to the raw juice as soon as obtained from the apples. —Prof. D. H. Jones, O. A. College, Guelph.

How Winter Rhubarb is Produced.

The production of rhubarb in winter has become of considerable value among gardeners. It is easy to do if certain methods are followed. If one is making a permanent business of rhubarb forcing, it is necessary, each year, to set out a new bed as plants once forced are of no further value. In the spring large roots should be dug, split in one bud sections and replaced in rich moist ground. During the growing season they are kept cultivated and free from weeds. In the fall they are covered with manure. Next spring a second bed is planted as before. That fall a large part of the first bed is taken up leaving sufficient to replant another bed the next spring. The roots are taken up the last thing in the fall before the hard, freezing weather comes and are placed in piles in a shed where they can easily be got at during the winter, but will remain frozen. About Dec. 1st take in a sufficient number of roots, place these bud side up on the floor of a warm cellar—about 68 to 70 degrees—and cover with an inch of sand. Be sure to fill in all interspaces. Keep this sand moist. About a week later the buds will begin to swell, and in from four to six weeks, depending upon the heat of the room, the cooler the slower growth starts—you should have rhubarb ready for market. After these roots are exhausted throw them away and put in more. If a constant supply is required make a new bed every two or three weeks during the winter. Be sure to keep all lights dimmed. Put burlap or brown paper over the windows to get the bright pink color so much desired. —A. H. MacLennan, B.S.A., Ontario Vegetable Specialist.

Should Cows be Fed Turnips?

This is an old question about which considerable difference of opinion exists. If my reader is Scotch, he or she will likely answer the question by saying, "Yes," as Scotchmen, turnips, and good farming are three things usually found together on farms in Ontario. There was a time when butter buyers were not so particular about the flavor of butter as they are at present. It is common to hear women purchasers on city markets, say to farm butter-makers, "Your butter is turnip," which is sufficient to cause a loss of the sale. Creamery-men object very strongly to "turnip cream." While it is doubtless true that some careful feeders are able to feed quite large quantities of turnips to cows giving milk, without causing any serious trouble, there is always danger, which can best be avoided by not feeding these to milking cows. If they are grown on the dairy farm they are best fed to dry cows, fattening cattle, young stock, pigs, etc. However, if they are fed in the stable where cows are milking, and more especially where the root house opens

are pulped in the stable or in a feed-room adjoining, the odor of the turnips fills the air, which is carried into a milk pail at the time of milking and thus the milk, cream, and butter become tainted from the stable air, even though the milk cows may not be fed any of the turnips.

The safest plan is not to grow turnips on a dairy farm. Grow mangels, or sugar beets, and corn for silage. These crops will give as good returns as turnips, are no more expensive to grow, and are much safer. "Safety first" is a good motto on a dairy farm. —Prof. H. H. Dean, Ontario Agricultural College, Guelph.

Your Labor Counts—every ounce of work you do helps some soldier who is fighting over there! This war is being fought as truly in the household, and in the work-shop as it is in the trenches.

Some of our Canadian women are borne down physically and mentally, by the weakness of their sex. They suffer from headache, dragging sensation, very nervous and pain in top of head. If they ask their neighbors they will be told to take a Favorite Prescription of Dr. Pierce's which has been so well and favorably known for the past half century.

Weak women should try it now. Don't wait! Begin today! This woman's tonic and nerve will bring vim, vigor and vitality. Send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial pkg. tablets.

Paris, Ont.—"About three years ago I was ill in bed and suffered severe pain. The doctor said I had gall stones, but his medicine did not help me. A neighbor had been taking Favorite Prescription and it had benefited her so much that she urged me to try some of hers, and that first dose helped me so much that I went out for a bottle. I was very much surprised at the prompt relief this medicine gave to me after the doctor had failed, and I have never had such a spell since, but whenever I feel the least bit run-down or in need of a tonic I take the Favorite Prescription again for a few days. It has never failed to restore me to perfect health."—Mrs. Elizabeth Brown, P. O. Box 752.

A BOON FOR THE ILLIOUS.—The liver is a very sensitive organ and easily deranged. When this occurs there is undue secretion of bile and the acrid liquid flows into the stomach and sours it. It is a most distressing ailment, and many are prone to it. In this condition a man finds the best remedy in Farmer's Vegetable Pills, which are warranted to speedily correct the disorder. There is no better medicine in the entire list of pill preparations.

Death of Ex-Alderman Prout

Portage La Prairie, Sept. 5th, 1918:—Following a lingering illness, the death occurred this afternoon at the family residence, 64 4th St. S. E., of one of Portage la Prairie's oldest and most highly respected pioneer residents, in the person of Thomas W. Prout, aged 61 yrs.
Born in London, Ontario, the deceased came to Manitoba 40 years ago and commenced farming operations between this city and High Bluff, and after successfully carrying on farming operations for some years, he entered the livery and feed and sale stable business with the late Dr. W. R. Taylor and upon dissolving partnership took over the implement business of the John Deere Plow and the International Harvester Company, he having this spring been forced to retire on account of ill health.

Always having the interest of the city at heart, the late Mr. Prout took an active part in municipal affairs, and served the east ward ratepayers on the council board during 1903-1904, and from 1908 to 1910. He was also a member of the Portage Lodge of Oddfellows. The late Mr. Prout had a wide circle of friends, who will learn with regret of his demise.

His loss is mourned by a sorrowing wife and father, a family of six daughters being, Miss Mabel of Carol, Man; Mrs. C. Denison, of Amarant; Mrs. Norman Weber, of this city, Misses Kitty and Fay, at home, and Miss Amy, of Winnipeg, also two sons, Jack and Thomas of Portage. Three brothers and two sisters also survive, Richard and John, of this city, and Simon, of Amarant, Mrs. R. Knott, also of Portage, and Mrs. Smith, of Winnipeg.

Thrift Hallmarks a Nation

Saving the almighty dollar in order to gratify one's desires in the matter of personal purchases has been a working force in society for all time. To save for the sake of hoarding the golden ducats is a form of insanity that has afflicted the misers of all time. To save in order to make another stronger is the highest form of thrift known. And in exercising this virtue of having aside extra dollars from our present surpluses, for the better living of society when times may not be so generous we carry in the marks of the true Canadian patriot.

He who loves his country is no waster. He knows his savings form the capital that makes business go. The dollar soon doubles itself and total savings of a thrifty people mark out the nation as a really great one. Love of our Canadian home land demands of every resident from the Yukon to Cape Breton that he save his surplus dollars against a possible rainy day. The thrifty man is one of Canada's big patriots.

Machine Gunners Wanted

Volunteers for Machine Gunners are required for drafts for overseas units. Men not ordered for service under the Military Service Act are eligible. Age—not less than 19 and not over 35 years.

The all round standard required for a machine gunner is higher than required for an infantry soldier. They must be well developed and sufficiently strongly built to enable him to work with and carry a machine gun or similar weight.

Volunteers may apply to any authorized medical examiner in any city, town or village, or at Mobilization Centre, Carling Block, London, Ontario.

Pte. John Duffy

Memorial services were held at the Alvinston Presbyterian Church on Monday evening, Sept. 30th, for Pte. John Duffy, one of Lambton's 149. The services were conducted by Rev. R. G. McKay. Prior to enlisting Pte. Duffy was a well-known and popular resident of Alvinston. He left London a year and a half ago, taking special training overseas in the Signal Service. Pte. Duffy was on active service at the front for over a year. He was severely wounded in the thigh and died at the first clearing station on Sept. 2nd.

He leaves to mourn his loss, his uncle and aunt, Mr. and Mrs. J. Brown, of Alvinston, with whom he lived since early childhood. A sister, Mrs. John Muga, lives in West Virginia. The deceased was in his twenty-third year.

It's Coming Soon

Subscribers to The Watford Guide-Advocate and, in fact, to all country newspapers, would do well to see that their subscriptions do not fall into arrears. The Canadian Press Association newspaper committee, who has been investigating the newspaper situation, has recommended, as a means of reducing the consumption of newsprint in Canada that newspapers discontinue sending a paper within three months after the date of the expiration of the subscriptions, unless the subscription is renewed and paid for. At present this is only a recommendation; but owing to the necessity of conservation of material, labor and transportation of newsprint, and the recent advance in price, it will no doubt become law. If it came into force at the present time some subscribers of the Guide-Advocate would fail to receive further copies of the paper. In the interests of The Guide-Advocate and their own interests, we would ask any who are in arrears to see that they are placed in good standing.

STRONG PEOPLE NEEDED

The need for people to be healthy is urgent. Those whom illness has put outside the ranks of robust men and nerve-worn women need more earnestly than ever to put their health right and become active and strong. Many who began "patching" months ago are still now as on the day they began vainly tinkering with common drugs. Every ailing man or woman should remember that the ill of debility, nerve exhaustion, indigestion, sleeplessness, neuralgia, and depression come from a faulty blood supply. Worry, over-work or other causes have impoverished the blood and left the life-stream impure. The nerves thereby are starving and the whole system is languishing for new blood. In this condition many thousands have won back strong nerves and new health and strength through the new rich blood Dr. Williams' Pink Pills actually makes. In a weak or bloodless condition it is not only a waste of time and money, but also a further menace to your health to tinker with common drugs. Follow the example of so many thousands by giving Dr. Williams' Pink Pills a fair trial, and they will transform you into healthy, active, men and women.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
