

SUFFERED YEARS WITH ECZEMA

"Fruit-a-lives" Cleared Her Skin

POINT ST. PIERRE, P.Q.
"I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of "Sootha-Salva" and two boxes of "Fruit-a-lives" and my hands are now clear. The pain is gone and there has been no return. I think it is marvelous because no other medicine did me any good until I used "Sootha-Salva" and "Fruit-a-lives", the wonderful medicine made from fruit.

LOBSTER FISHING POOR IN NOVA SCOTIA

So far the lobster fishermen are meeting with little success, but we hope that from now on, the lobsters will show up in larger numbers. Those experienced in the business predict that the catch for the latter part of April and the month of May will show a marked improvement. Up to the present time the catch is away behind what it was, up to this date last spring—Progress-Enterprise.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

IMPROVED HEALTH

Official figures show that the death rate of the Province of Nova Scotia for the past year was 12.55 per cent., which, as Dr. W. H. Hattie, Provincial Health Officer, points out is the lowest on record and shows an improvement of nearly 11 per cent. on the next lowest rate, that of the previous year.

These results, not the best that can be secured, nor the best that will be secured in future years, still contain in them elements of satisfaction to all who are interested in conserving the health of our people and preserving lives that would have otherwise been terminated.

In 1918 "flu" was more or less prevalent, and the death rate was 17.8 in Nova Scotia as against 13.8 in England and Wales, 12.39 in New York City with its teeming East Side slums. In Ontario the rate was 11.9.

Dr. Hattie points out that with the present population of the Province, a proximately 525,000, last year's death rate indicates a saving of 1,300 lives, as compared with previous normal years and if the death rate can be kept at 12.55 for another ten years the Province will have saved and added to its population more than 40 per cent. as many people as it gained during the past inter-censal.

Statistics published indicate great variations in death rates in different parts of the Province. While climatic conditions have considerable influence, ignorance and lack of sufficient intelligent effort to combat conditions have more. The fact that the Province of Nova Scotia should have a higher death rate than the city of New York is distinctly discreditable. We are, however, to all appearance, at the dawn of better things. During the past year the amounts expended by the Provincial Government for public institutions, hospitals, sanatoriums, public health and relief measures, generally total up roundly \$870,000. This amount, to some, may seem large for a small Province, but no one who has studied conditions would say that it is too large.

The value of human life and the preservation of public health cannot be measured in dollars and cents, and the educational campaign being opened in these matters is not failing and cannot fail to react in arousing people generally to such a sense of the situation as to cause a still further decrease in the death rate, which, in some parts of our Province, is needlessly and disgracefully large.

THANKS FOR GOOD WISHES
The Bridgetown Weekly Monitor has been leased from the owners by Messrs. Frank H. Beattie, B.A., (son of the late Rev. Frank Beattie, a Baptist minister) for eight years during newspaper work, and Edmund Stratton, of North Sydney, a trained newspaper man and printer, and of late editor and proprietor of the Sydney Mines News. The new firm will be known as The Monitor Publishing Co., Ltd. The Monitor has been a first class weekly publication and we wish the new management as good success in every way the late publishers had.—Truro News.

Mr. Frank H. Beattie, who has been on the staff of the Sydney Record since his return from overseas, was in Pitou for a day this week on his way from Bridgetown, Annapolis County, where in partnership with Mr. Edmund Stratton, of North Sydney, he has taken over control of the Bridgetown Monitor, one of the best town weekly newspapers in Nova Scotia.—Pitou Advocate.

Frank H. Beattie, who for the past two years has been staff representative of the Sydney Record here, has, in association with Edmund Stratton, of Sydney Mines, taken a lease of THE MONITOR, a weekly paper published at Bridgetown, N.S. Mr. Stratton is a practical printer, while Mr. Beattie is well qualified as a reporter and editor. After several years' experience as reporter to the Sydney Record and Glace Bay Gazette he became editor of the latter paper, leaving it after a couple of years to go back to the teaching profession. During the war he served overseas for about three years, and shortly after returning took the position here with the Record. The Bridgetown Monitor is a successful paper in a prospective way.

LOCAL HAPPENINGS

The Chautauqua for Bridgetown this year will be August 31st to September 3rd, inclusive.

The service in St. Mary's Church, Belleisle, next Sunday afternoon, will commence at 1.45 instead of 3 o'clock. Sunday School after the service.

The death took place at the Alms House last week, of Eunice Jenkins. Funeral services were conducted by Rev. Clyde W. Robbins, and interment took place in the cemetery of the institution.

In the item in last week's issue referring to a death at the County Hospital, the name of the deceased lady should have read Miss Jennie Lockwood, not Lockman; and in the item referring to the death of Rev. Henry Ball, read Hall.

Mr. J. A. McDonald, Accountant at the Royal Bank Branch here, has been transferred to Halifax, and is replaced here by Mr. J. A. Scriven, of Halifax. Mr. McDonald has been here since last August and was highly popular in social circles.

A heavy northwest wind prevailed on Thursday night and Friday morning and snow squalls prevailed on the North Mountain. The weather has continued rather unseasonably cold which is attributed by some to the unusually large quantities of ice passing into the Gulf Stream from northern waters.

The many friends of Mr. Robert Lowe, late of Mr. Owen Cover's staff of this town, will regret to learn that recently he had to undergo an operation at the Halifax Infirmary. He was able to leave the institution for his home last Wednesday but will be confined to his bed for some weeks to come.

A very pretty but quiet wedding took place at the Baptist parsonage at Port Lorne on Wednesday, April 12th, when Mrs. Alice H. Stark, of Arlington, was united in marriage to Mr. Angus M. Milbury, of St. Croix. Only a few of their many friends witnessed the ceremony, which was performed by their pastor, Rev. D. W. Dixon. The happy couple will make their future home in St. Croix.

At the request of the police authorities in Yarmouth a man named Foster, claiming to belong to Aylesford, was arrested at the station last Thursday by Chief of Police Ellis. On Friday Constable McMillan arrived from Yarmouth and took him back. He was wanted for theft, being charged with breaking into a house near Yarmouth, and on being brought before the magistrate in that town pleaded guilty.

Mrs. LeRoy Crandall (nee Eva Morine) of Bear River, while gathering Mayflowers last week strayed away from her friends and next day her dead body was found in the West Branch, a territory of the Bear River. It appears that in trying to cross the stream she slipped, striking her head upon a stone and falling into the river where she drowned while in a stunned condition. She leaves a husband and one child. Coroners jury brought in verdict of accidental drowning.

On Monday the Management of THE MONITOR enjoyed a pleasant call from Mr. and Mrs. A. C. Pettipas, of Halifax, who had been spending the week-end, the guests of the former's sister, Mrs. J. A. Myers, and of Mr. Myers, Church Street. Mr. Pettipas represents Ward 3, in the Dartmouth Town Council, and is a member of the News and Reportorial staff of the Halifax Herald and Mrs. Pettipas is a member of the advertising staff of the same paper.

A meeting of the members and adherents of Gordon Memorial Presbyterian church was held on Thursday evening, Rev. R. B. Layton, Interim Moderator, Kentville, presiding. The following were appointed as Committee of Management in connection with the church property: Dr. A. A. Deckman (chairman), A. F. Little, A. A. McKenzie, J. T. Archibald, M. Kelly, A. O. Price, secretary, W. B. Price, treasurer, Auditor, R. J. Messenger, Provincial Notes.

A new construction company to be known as the Nova Scotia Road Builders, in which Valley men are largely interested, has been organized. The members of the company are M. C. Denton, of Digby; M. A. Condon, of Kentville; C. B. McDougald, of Truro, and J. W. Salter, of Bridgetown. Mr. McDougald, a practical engineer, is the manager, and for the past two months has been on the road securing data in the different localities where operations are to be carried on this summer. The new company has so far been awarded two contracts, one calling for ten miles of road from Kentville to Avonport, and the other for fifteen miles from Truro to Rowleyton.

John Clark, the well-known painter and decorator, is completing the painting of the residence of Mr. Freeman Fitch, Church Street.

Mr. W. H. Maxwell has been appointed agent for the Dominion Express Company in so far as the selling of Money Orders is concerned.

There is a possibility that there may be some adjustment made by the Dominion Express Company and the Canadian National Express, whereby a free delivery may be established in town. As matters now stand parties have to go or send after express parcels coming in and the two railway stations are on extreme opposite sides of the town.

Mr. Anthony Marshall, of Clarence West, who has been in hospital in Boston for treatment during the winter, has sold his farm, and Mr. Cyril Marshall, who has been in charge during his absence, is with Mrs. Marshall removing from Clarence, much to the regret of their friends who wish them every success wherever they may locate. It is quite possible that they will take up their residence in the vicinity of their old home if they secure a suitable property.

Work of preparing the new tennis ground and getting it into shape for play was commenced this week.

Mr. Charles F. DeWitt, prominent and respected resident of the town, while sitting in his own car in Burn's garage, became suddenly ill, and on being removed from his car collapsed and he was removed to his home and medical aid quickly summoned, but he passed the night in considerable suffering and bled quite freely. A consultation of local physicians was held and the symptoms all pointed to hemorrhage of the stomach or bowel. Mrs. DeWitt and daughter, Miss Hazel, were wired for at New York, but unfortunately missed boat connection at Boston, but are expected on Wednesday. Dr. G. E. DeWitt, of Wolfville, a brother of the stricken man, is now in Florida, but C. E. Avery DeWitt, a nephew, also of Wolfville, is expected at time of writing. On Tuesday the condition of Mr. DeWitt was reported as somewhat improved. He had a very good night and was suffering practically no pain.

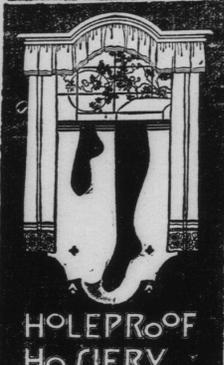

A BIG EGG
Master Don McLean, son of Mr. and Mrs. Joseph McLean, brought to THE MONITOR office on Saturday, a very large egg produced by one of his pullets not yet a year old. The pullet is a barred Plymouth Rock, and the egg measured 7 1/2 by 6 inches and weighed on large scales four ounces, but on smaller scales probably better adapted to weighing smaller articles weighed 3 1/2 oz. It was a big egg alright, and we consider that the pullet will make some hen.

BIG CONTEST FOR DAVIDSON CUP

Twice Victors, Local Taxis Boys With Another, Permanent Possessors

The great interest manifested in the Inter-Town's Taxis Debating League for the past two years promises to intensify during the next year. A special interest is created locally for the Bridgetown teams have held first honors for the past two years in succession, and a win this coming year makes them the permanent holders of the silver cup put up by A. L. Davidson, then Federal member for the constituency. In accordance with the new regulations drawn up by the joint Boys Work Boards of Annapolis and Digby Counties, the Bridgetown Board had this year the privilege of submitting the subject for next debate and it is their "Resolved that the newspaper has a greater influence in moulding public opinion than the platform". Middleton is eager to win next year, having had two defeats at the hands of the local boys who are equally determined to become permanent possessors of the Davidson trophy. The League this year is open to any Taxis Square in either county and it is now expected that there will be at least six teams in the contest, among them Lawrencetown and Torbrook, each of which have organized Squares during the year. Boys work in Digby is reviving and it is expected that the Squares from this county will put up a big struggle for honors. Towns wishing to enter teams must make application to the Secretary of Boys Work Board for Bridgetown, Mr. H. B. Hicks.

HISTORIC NOTES OF BRIDGETOWN

Interesting Side Lights on the Early Days With Modern References.

The following notes on early history of Bridgetown will, we believe, be found of interest to many readers: Bridgetown was founded by Captain John Crosskill, an officer of the British Navy, in 1821-1822. Previous to the year 1800 he had come into possession of three farm lots reaching from their river bank to the Bay of Fundy and for twenty years he had farmed and with his family occupied the property more or less, but in 1821 he laid out a town on the north side of the river, in the vicinity of the bridge, which was first built in 1803. This town plan was quite extensive and the streets then surveyed and decided to the county have been ample for the growth of the town for one hundred years; in other words the gallant old captain in his town plans made provision for one hundred years' growth.

Captain Crosskill married a daughter of John Mills, merchant, of Halifax, and it was through his wife, Charlotte, that he secured the fifteen hundred acres or more of fine lands in the vicinity. Immediately after the laying-off into town lots, in 1821, there was quite a boom and the lots sold rapidly, and the following summer, 1822, building operations began. That summer Beamish Murdoch, the historian, paid a visit to this locality, and says he could only see one or two houses as he stood by the bridge, but two years later he came back and found that quite a town had sprung up, due to the enterprise of Captain Crosskill. While the town began to build in 1822, it was not named until 1824, when at a meeting called for the purpose, the name Bridgetown was chosen, it is said, in deference to the wishes of Captain Crosskill, who, while in the British navy, had for some time resided at Bridgetown, Barbados, W. I.

While Bridgetown has had one hundred years of interesting growth and history since the days of its founding, this portion of the Annapolis River had an interesting and eventful one hundred years or more previous to 1822, as during the French occupancy of this country the Acadians occupied both sides of the river and had flourishing settlements and neat farms and farm-houses hereabouts, and a few years after their expulsion, in 1755, the first New England settlers came and occupied the partly developed farms.

Prominent amongst the first English residents here was Christopher Prince, of Boston, who, in what is part of the town, had quite an extensive farm, keeping twenty-five cows and other stock. Near him lived John Hicks, a pioneer settler here, who was of Quaker stock, and came from Rhode Island, and was a J. P. in that colony previous to coming to Nova Scotia. A third of early settlers was Col. Henry Munro, an English army officer, who had seen service in the French wars of that period and was now retired on a small pension. These three pioneer settlers in this locality, each in turn represented the old township of Granville in the House of Assembly between 1760 and 1780.

John Hicks and his sons conducted a ferry across the river there, previous to the erection of the first bridge; and previous to the naming of the town in 1824 the locality was known as Hicks' Ferry. The descendants of this first old Quaker pioneer, Messrs. J. H. Hicks & Sons, who now conduct large business interests here, and part of their main front on Queen St., where one hundred and fifty years ago the first J. H. Hicks & Sons tied their ferry boat in the creek long since filled in, and on which now stands the Hicks business block.

Bridgetown is noted to-day as the great vinegar and cider manufacturing centre of the Valley. This was an early industry here for in 1764 there was a cider mill not far from where the large plant of M. W. Graves & Sons now stands, and the proprietor of that early day had among his stock in his cellar ten barrels of "cyder" from apples grown in the orchard he found on the place, the apple trees had been planted and grown by his French predecessors.

ONTARIO MOTHER HELPS DAUGHTER

Mothers—watch your daughter's health. From the time she reaches the age of twelve until womanhood is established she needs your care and advice. Many women have suffered years of ill-health through lack of such care during this time.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for girls and women. For nearly fifty years it has been helping mothers and daughters. Let it help you and your daughter.

Hamilton, Ontario.—"When my daughter was thirteen and until she was fifteen she suffered every month so that she could hardly move around the house and when she would have the pains in school she would have to be carried home. Besides the pains and the irregularity she also had headache, dizzy and faint spells, and soreness in her back. I saw your advertisement in the 'Hamilton Spectator' and got Lydia E. Pinkham's Vegetable Compound for her. She does not have the least bit of trouble now, and we both recommend your medicine. She works in a candy-shop now and seems well and strong. I give you permission to publish this letter as a testimonial."—Mrs. I. P. CLAVE, 76 Walnut St., South, Hamilton, Ontario.

NOTHING TO EQUAL BABY'S OWN TABLETS

Mrs. Georges Lefebvre, St. Zenon, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." What Mrs. Lefebvre says thousands of other mothers say. They have found by trial that the Tablets always do just what is claimed for them. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus banish indigestion, constipation, colds, colic, etc. They are sold by medicine dealers, or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

ICEBERGS UNUSUALLY NUMEROUS THIS SPRING

According to recent advices it has been many years since such heavy Arctic floes have passed the east coast of Newfoundland as this spring. The ocean has been covered for miles east of the colony with closely packed pans, which swing around in a great circle westward as far as Sable Island. Giant bergs floating down in the fields have broken away from the latter, and gone over the Grand Banks proving a menace to trans-Atlantic navigation. Mariners have been advised to steer far south of the southern lanes.

How Iron Vitamines Compound Puts on Firm Flesh

Increase Your Energy, Banish Skin Eruptions, and Beautify the Complexion

EASY AND ECONOMICAL TO TAKE. RESULTS QUICK!

Thin or run-down folks will find this simple test well worth trying. First weigh yourself and measure yourself. Next take IRON VITAMINES COMPOUND, half-teaspoonful with every meal. Then weigh and measure yourself each week and continue taking IRON VITAMINES COMPOUND regularly until you are satisfied with your gain in weight "pep" and energy.

IRON VITAMINES COMPOUND is now being used by thousands who appreciate its convenience, economy and quick results. By increasing the nourishing power of what you eat, IRON VITAMINES COMPOUND supplies just what your body needs to feed the shrunken tissues strengthen internal organs, clear the skin, and renew shattered nerve force. IRON VITAMINES COMPOUND does not upset the stomach—does not cause bloating and belching. It leaves you with a comfortable, elated feeling. Under its influence pimples, boils and skin eruptions seem to vanish as if by magic, and the complexion becomes radiantly clear and beautiful. But it is not only a question of how much better you look and feel—or how much renewed strength and energy you may seem to have, or how much more beautiful your skin may become, or what your friends may say and think—let the scales and tape measure tell their own story. A two weeks' test should surprise you.

Just What Iron Vitamines Compound is:

What Vitamines are and why they are used as a basis for Iron Vitamines Compound

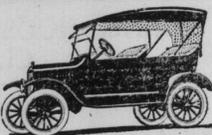

Vitamines are wonderful health-giving elements contained in many raw foods. There are THREE kinds of vitamines, and all THREE are regarded as absolutely necessary for perfect health, vigor, and proper physical development. By a special process of concentration a proper dose of all three known vitamines is contained in an active state in IRON VITAMINES COMPOUND. It contains also iron for the blood. Phosphorus for the bones, teeth and brain. Lime for the bones and teeth. Albumin for the blood and muscles—potash and soda to prevent acidity—sulfur for the blood—magnesia for the body fluids—sugar to provide energy. IRON VITAMINES COMPOUND contains highly concentrated yeast—vitamines as well as the two other still more important Vitamines (Fat soluble A and Water soluble C) all of which Science says you must have to be strong, well and fully developed. Yeast is rich in one class of Vitamines—Water Soluble B. But most of the scientists say that yeast contains only one of the THREE vitamines Science has thus far discovered. There are two other known Vitamines—Fat Soluble A—normally present in raw milk, cod-liver oil and certain plants. And Water Soluble C, contained in certain fruits and vegetables. IRON VITAMINES COMPOUND containing all THREE Vitamines, highly concentrated, is ideal for mixing with your daily food, as it supplies all the needed Vitamines which are lacking in the average daily menu. It aids digestion and by acting in a natural way as a general conditioner of the whole system helps to put on firm flesh, clear the complexion, correct constipation, and increase energy.

ROD AND GUN IN CANADA

Sportsmen and lovers of the great out of doors will not want to miss the May number of Rod and Gun in Canada, which contains a wealth of attractive features. There is a short story masterpiece by the well known fiction writer, Harry M. Moore. It is among the best Mr. Moore's facile pen has produced and those who read it will not forget it quickly. There are other stories, including "The Imp of the Trail" by F. V. Williams, and "An Angler's Dream" by I. Todd. A trio of toponym articles will also be found. C. N. A. Ireson contributes an interesting, illustrated article "Hunting the Rocky Mountain Goat," while Bonnycastle Dale's article is well up to the usual high standard of all his work. The magazine also contains the first announcement of the new photographic department, which will doubtless prove a popular feature. The Guns and Ammunition department and Fishing Notes are particularly interesting and bright, while A. Bryan Williams and J. W. Winslow contribute two splendid articles in "Rod and Gun Notes in B. C." Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, at Woodstock, Ontario. A. J. Burns, local agent.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. PROV. EXPENDITURES

Hospitals and Sanatorium Total \$738,000, Education \$650,000.

Highways lead the estimated expenditures for Nova Scotia for the year 1922, according to the budget which Hon. J. C. Torey presented to the House of Assembly Tuesday afternoon. The amount placed in the estimates for roads is \$1,287,804. The next item is that for public institutions, and it is a remarkable fact that one quarter of the public expenditure of Nova Scotia is for such purposes as hospitals, sanatoriums, asylums, public health and other charities. As Mr. Torey said in his address, no province in Canada, in proportion to the wealth of the people, made such provision for the relief of suffering. Education comes in for \$667,305.00. Immigration, the important matter of getting people to help make up the revenue, is relegated near the bottom of the list and is given the sum of \$18,150.00, but the Agent General's department in London is given a further amount of \$19,789, which actually places the immigration item at \$37,939.00. Among the items of highway ex-

penditures is maintenance, \$775,000. For the public institutions the following amounts are estimated:

Nova Scotia Hos. (Dart.)	\$228,480.00
N. S. San. Kentville,	275,317.00
V. G. Hospital	234,600.00
Local Hospitals	40,555.00
Public Health	23,948.07
Neglected children	34,400.00
Transient Poor	20,000.00
Miners relief	14,950.00
For education the following has been allotted:	
General education	\$438,600.00
Technical	105,805.00
School Books	104,460.00
Normal College	27,500.00

The outlook for the Newfoundland lobster fishery this coming season is very bright. At this time last year there were 2,800 cases of the previous year's catch held in Newfoundland, and about 1,000 cases additional of the 1920 catch in hands of consignees, in the United States. At the present time there is a complete reversal of these conditions and in all Newfoundland to-day it would be difficult to gather up fifty cases of the 1921 pack. The entire pack was about 8,000 cases. The present price is \$21.50 per case.

BAPTIST NOTES

Two hundred and fifty were in attendance in the Bridgetown Baptist Church School last Sunday, including sixty-six men in the Brotherhood. On Easter Sunday new records were set in the attendance of the School. The Philathea Class numbered sixty-one women, the Brotherhood one hundred and fifteen men, there being a total attendance of three hundred and forty-one in the entire school. The total enrollment of the School is now four hundred and fifty, including eighty-five in the Philathea Class, and one hundred and sixty-four in the Brotherhood.

Sunday, April 30th, the pastor will speak in the morning on "The Christian Church", and in the evening on "The Ordinance of Baptism". A baptismal service will follow. The church and school will observe Mother's Day, May 14th. On Children's Day, June 11th, a Recognition Service for the Cradle Roll and Home Department members will be held. Preparations are going forward for the Philathea-Brotherhood banquet to which two hundred and eighty adults of the School will be invited.

Special evangelistic services are being held for four weeks, commencing this week, each Sunday, Wednesday, and Friday evenings in Bridgetown, and each Sunday at 3.30 p.m., and Tuesday and Thursday at 8.00 p.m., in Centrelia.

APPOINTED EDITOR OF "TIDINGS"

The executive of the United Baptist Women Missionary Union of the Maritime Provinces has appointed Mrs. F. H. Peales, of Bedford, N.S., as the editor of "Tidings" succeeding Mrs. W. J. Manning, of Wolfville, whose death had occurred a short while ago.

Rev. F. H. Peales, husband of Mrs. Peales, was formerly pastor of the Baptist Church at Lawrencetown.

One Demonstration Will Satisfy You That Paige is Master of the Highway

Under the hood of the Paige 6-66 is a mighty 70-horsepower engine that performs its work with the ease and smoothness of a giant turbine. This vast reserve power means not only great performing ability but long life and uninterrupted service.

Remember, that the Paige 6-66 Daytona model holds every world's stock chassis speedway record from 5 to 100 miles. Here is proof, not only of superb performance, but heroic strength and stamina.

formance, but heroic strength and stamina.

You should ride in the 6-66 to learn the zest of ample power and perfectly balanced chassis construction. Then you will at once notice the benefits of 131 inches of wheel base and 61 inch rear springs.

And remember that the Master of the Highway is now yours for \$3325.

103 ANNIVERSARY OF ODDFELLOWSHIP

Dr. Boyle Addresses Crescent Lodge At The St. James Church Sunday Afternoon

Crescent Lodge, No. 63, I.O.O.F. celebrated the 103rd anniversary of Oddfellowship by attending div service in St. James' Church on Sunday afternoon. The speaker for the occasion was Rev. Dr. Boyle, President of Kings College.

The officers and members to number of about sixty, paraded to church and the concourse of people gathered filled the edifice to capacity. The Reverend speaker chose as text Zechariah Ch. 2 portion vers 4 and 5 "Jerusalem shall be inhabited as towns without walls. For I, saith the Lord, will be with her a wall round about and will be the glory in the midst of her".

Dr. Boyle referred briefly to the historic setting and in the course of his remarks did not go into statistical regarding the work of Oddfellowship its good deeds and many beneficent well known arrangements of Order but rather took general line of discourse suggested by this text chosen. Reference was made in the early part of the discourse to the scattering of the Jews into exile and out which the race would never have given Premiers to Great Britain and financiers to the world.

A powerful and eloquent plea was made for the highest degree of accord and good feeling between the various denominations and the breaking down of any of the "walls" which effected this was a function and a noble field of work for the efforts of Oddfellowship.

The special music was excellent rendered and included "The Magnificent" in which the solo part was splendidly taken by Mrs. Harry Ruggles, and "King of Kings". We regret that pressure on our columns prevents a more extended report of the splendid service.

BARN BURNED AT PARADISE

A barn at Paradise, belonging to the estate of the late Mr. Ambrose Bent, was destroyed by fire on Saturday afternoon. Hay and some farming implements belonging to Mr. D. Covert, valued at about \$250, which were stored in the building, were also burned. Total loss about \$1,000.

A distance of about ten feet separated this building from the main buildings. Owing to the prompt assistance of the men and boys in the community these adjoining buildings were, with some difficulty, saved from destruction.

The fire spread through the meadow for some distance, and for a time a barn belonging to Mr. F. W. Bish was in some danger. The origin of the fire is unknown. There was no insurance.
