The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFACE.

In presenting a new edition of the OTTAWA CITY DIRECTORY to the Public, the Publisher desires to apologize for the late date of its appearance. The fact that there were formerly several Streets of the same name, and that the houses had not been numbered, made it a very difficult matter to arrive at that maximum of correctness at all times to be desired; and when the City Engineer had determined upon having the work of numbering carried out, no effort was spared on the part of the Publisher to urge on so necessary an enterprise. That work having been completed, the publication of the Directory has followed as speedily as possible. Its convenience as a work of reference is thus greatly enhanced, and the Public will be thereby fully compensated for the delay which it has caused.

The book contains, besides a Street, an Alphabetical, Business and Miscellaneous Directory, and has also appended, much valuable information relating to this section of the Province. A Directory of the City of Hull, and of the more important of the neighboring Villages, is also given—the information for the former having been given by a gentleman resident in and fully acquainted with the inhabitants of that new and rising City, the census of which has been prepared especially for this work, and is the first taken since 1872.

The Street List will be found the most complete yet issued, containing as it does, all the new names, with the former ones below, and also the number of every house in the City inhabited at the time of the canvas—each street being measured from one end to the other as the names were being taken.

Difficulty is still experienced in some parts of the city, in obtaining the necessary information, many persons believing that the names were required for either military enrolment, or the addition of some local, or obnoxious water rate. Omissions may have been occasioned in this way; and as changes are constantly taking place by removals and otherwise, between the time of canvas and publication, absolute accuracy cannot be expected. No trouble, however, has been spared to make the Directory as complete as possible.

With regard to Population, it will be observed from the following table that there is a slight falling off since last year. This decrease is doubtless due to the depressed state of trade, and the removal to the neighboring villages and to the country of not a few of last year's citizens. A glance at the returns for the last eight years will, however, shew an addition to our population of over one thousand a year—a ratio of increase certainly

sufficiently encouraging, even for the Capital. The following figures are compiled from the Assessment Rolls:—

The Assessment of the City exhibits a still greater proportionate increase. For comparison the returns of three years will be here sufficient:—

The increase in the list of voters is partly attributable to the addition to their numbers of those voting on income alone.

Paper Ruled at **ALEX. MORTIMER'S**, Sparks Street.

Post Office Savings Bank, Canada.

1. The following Post Office Savings Banks in Ontario and Quebec are open daily for the receipt and repayment of deposits, during the ordinary hours of Post Office business.

2. The direct security of the Dominion is given by the Statute for all deposits made.

3. Any person may have a deposit account, and may deposit yearly any number of dollars, from \$1 up to \$300, or more with the permission of the Postmaster General.

4. Deposits may be made by married women, and deposits so made, or made by women who shall afterwards marry, will be repaid to any such woman.

5. As respects children under ten years of age, money may be deposited—

FIRSTLY—By a parent or friend as Trustee for the child, in which case the deposits can be withdrawn by the Trustee until the child shall attain the age of ten years, after which time repayment will be made only on the joint receipt of both Trustee and child.

SECONDLY—In the child's own name—and, if so deposited, repayment will not be made until the child shall attain the age of ten years.

6. A depositor in any of the Savings Bank Post Offices may continue his deposits at any other of such offices, without notice or change of Pass Book, and can withdraw money at that Savings Bank Office which is most convenient to him. For instance, if he makes his first deposit at the Savings Bank at Cobourg, he may make further deposits at, or withdraw his money through, the Post Office Bank at Collingwood or Quebec, Sarnia, Brackville or any place which may be convenient to him, whether he continue to reside at Cobourg or remove to some other place.

7. Each depositor is supplied with a Pass Book, which is to be produced to the Postmaster every time the depositor pays in or withdraws money, and the sums paid in or withdrawn are entered therein by the Postmaster receiving or paying the same.

8. Each depositor's account is kept in the Postmaster General's Office, in Ottawa, and in addition to the Postmaster's receipt in the Pass Book, a direct acknowledgment from the Postmaster General for each sum paid in is sent to the depositor. If this acknowledgment does not reach the depositor within ten days from the date of his deposit, he must apply immediately to the Postmaster General, by letter, being careful to give his address, and, if necessary, renew his application until he receives a satisfactory reply.

9. When a depositor wishes to withdraw money, he can do so by applying to the Postmaster General, who will send him by return mail a cheque for the amount, payable at whatever Savings Bank Post Office the depositor may have named in his application.

10. Interest at the rate of 4 per cent. per annum is allowed on deposits, and the interest is added to the principal on the 30th June in each year.

11. Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

12. No charge is made to depositors on paying in or drawing out money, nor for Pass Books, nor for postage on communications with the Postmaster General in relation to their deposits.

13. The Postmaster General is always ready to receive and attend to all applications, complaints, or other communications addressed to him by depositors or others, relative to Post Office Savings Bank business.

THE CANADIAN
Parliamentary Companion
AND STATESMAN'S REGISTER.
NEW SERIES.

IT is the intention of the undersigned, hereafter, to publish the PARLIAMEN-
 TARY COMPANION in a new and enlarged form. It is scarcely
 necessary to inform old-time supporters of the work that all data, whether
 as regards the *personnel* of Parliament or its statistics, (Election Returns and
 otherwise) will be as full and as perfectly accurate in the New Series as they
 have been in the Old. It is proposed to introduce two or three new features,
 which it is hoped may tend to increase the popularity and success of the
 COMPANION. One of these will be a Record of Election Trials, while another
 will be the publication in the Appendix of every political speech, election
 addresses, party "platform," or other form of political declaration which
 has appeared during the previous twelve months, and which may be found
 to be of sufficient importance to warrant its being placed on record for per-
 manent reference. In short, the editor will leave nothing undone to make
 the work a perfect political *vade mecum*, invaluable, not alone to the states-
 man and official, but to every one taking the slightest interest in the public
 affairs of Canada. Annual subscribers will receive the work for ONE DOLLAR;
 non-subscribers will be charged ONE DOLLAR AND FIFTY CENTS.

HENRY J. MORGAN,

Editor and Proprietor, OTTAWA.

OPINIONS OF THE PRESS:

"The new edition of the PARLIAMEN-
 TARY COMPANION, edited by Mr. Morgan, is, like its
 predecessors, a work of great value to the student of Canadian politics. It is not merely valuable
 for its sketches of the members and officers of the several Legislative bodies in the Dominion, but
 its successive editions are now becoming important as historical records of the Government and
 political changes. The present one tells of Government changes in two Provinces—Quebec and
 Manitoba; and general elections in four—Ontario, Nova Scotia, New Brunswick, and Manitoba.
 The changes in the *personnel* of the membership show the current of political thought. The
 workings of the Election Law leave their traces in the fact that since the general election of 1874
 up to the time of the issue of this edition no less than thirty-three seats had been vacated by
 judicial decision. That the COMPANION that records all these changes in political life is annually
 growing more popular, both in and outside the Dominion, is a natural and deserved testimony to
 the care and correctness with which it is prepared."—*Toronto Liberal.*

"Mr. H. J. Morgan's PARLIAMEN-
 TARY COMPANION for 1876 comes to us materially enlarged
 in size and scope, and more than ever valuable as a book of reference. It abounds with infor-
 mation having reference to the Dominion and Provincial Governments and Legislatures. Every
 possible detail is given of the Governor-General and his Staff; of the members of the Senate; of
 Parliamentary terms and proceedings; of members of the House of Commons; of the total vote
 polled for each candidate at the last general election, with the population and number of voters in
 each County; of the Local Governments and Legislatures; of the deputy heads and chief officers of
 the Civil Service of Canada; political addresses and party platforms of political societies and
 organizations; of tables of precedence for the Dominion. Added to these are to be found extracts
 from the most important of the orders issued by the different departments. No other work in
 Canada covers the same ground, and it is a matter of congratulation that the compiler is so
 thorough and exact in working up a field of labor which has become peculiarly his own. Mr.
 Morgan has exceptional advantages in obtaining the information which is required for his work,
 and we bear hearty witness to the admirable manner in which he has utilized them all."—*Montreal*

THE DOMINION LANDS OF CANADA.

—o—

These lands are situated in Manitoba and the North West Territories.

The system of survey is rectangular, the township being six miles square, divided into thirty-six sections of one mile square each, which latter are subdivided on the ground into quarter sections of 160 acres each.

Sections 11 and 29, amounting to 1280 acres, in each township, are dedicated to the purposes of public schools.

Sections 8 and 26 in each township represent the one-twentieth reserved throughout the "fertile belt," to the Hudson Bay Company, under the Deed of Surrender.

Dominion lands open for sale or settlement may be purchased for cash at one dollar per acre, may be entered by Military Bounty Warrant, or may be entered as homesteads for actual settlement.

Homestead settlers pay a fee of \$10.00 at the time of entry for the land, and are required to reside upon and cultivate the quarter-section entered as a homestead, for three years, upon which they get a patent free.

The homestead settler has also the privilege of entering for an adjoining quarter-section of land as a homestead reserve, of which he is admitted into immediate possession and cultivation, and for which, on the completion of his homestead conditions, he may acquire the full title on the payment of one dollar per acre.

Coal lands are not subject to the operation of the Homestead provisions of the Dominion Lands Act.

Persons desiring to carry on Coal mining in unsurveyed territory may apply to purchase, sending forward the description by a Dominion Land Surveyor, setting forth generally the situation and dimensions of the land, and accompanying the same by the price thereof, estimating the number of acres, which shall not exceed 640, at the rate of one dollar per acre.

The Minister of the Interior, with the view of preventing undue monopoly in Coal lands, may, in his discretion, on a township being surveyed, exempt from sale and settlement the lands in such township containing Coal, excepting those on which mining may have been carried on under the above regulation, and may subsequently sell or otherwise deal with the same in such manner as may be deemed expedient by the Governor in Council.

The Dominion Lands Act is not intended to apply to territory over which the Indian title may not at the time have been extinguished.

The above is merely a synopsis of the law embracing the policy connected with the Administration of the Dominion Lands. Persons wishing more full and complete information are referred to the Dominion Lands Act.

All communications relating generally to the Dominion Lands to be addressed to the Minister of the Interior, at Ottawa.

All specific applications to enter Surveyed Lands should be addressed to the Agent of Dominion Lands, Winnipeg, Canada.

By order,

J. S. DENNIS

Surveyor-General.

THE CITY OF HULL,

Is the chief town in the township of Hull, in the County and District of Ottawa, Province of Quebec. It is the most important place in that province west of Montreal, and is noted for its very extensive lumber trade. It possesses unrivalled water power, which is utilized by a number of mills and factories. Prominent among the latter are E. B. Eddy's large buildings, in which sashes, doors, blinds, mouldings, palls, tubs, zinc washboards and matches are manufactured. Other important manufacturing establishments are Batson & Currier's steam saw mills; Gilmour & Co's steam saw mill, (lately destroyed by fire) now in course of re-erection; Crandall & Co's saw mills; O. B. Wright's Cement and Lime manufactory; H. McCormick & Son's flour mills, &c. The City is connected with the Capital of the Dominion by means of a handsome Suspension Bridge, which spans the Ottawa River, immediately below the Chaudière Falls, and from which a magnificent view is to be had of this second Niagara. The county town of the county of Ottawa, and chief place of the district of Ottawa, comprising the counties of Ottawa and Pontiac, for legal purposes. Aylmer is one of the most healthy towns in Canada, picturesquely situated on the shore of Lake Deschênes, on the Ottawa river. BUCKINGHAM

Is a Village of about 800 inhabitants, situate in the Township of Buckingham, County of Ottawa. It is four miles distant from the Ottawa River, and has two large lumbering establishments—those of James McLaren & Co. and Messrs. Ross Bros.—which give employment to most of its inhabitants. The Buckingham Manufacturing Company's mills are situated at the Basin on the River du Lievre, (which divides the Village of Buckingham,) about one mile from the Ottawa, where quite a village is now rising, there being at present a post office, telegraph office, two hotels and several stores at that point. The line of the Northern Colonization Railway passes through the village. The water-power is extensive, and is likely, at no distant date, to make it a place of importance. The Dominion of Canada Plumbago Co.'s property is situated in the Township of Buckingham, about six miles from the village, and eighteen miles from Ottawa. It consists of 1,250 acres of land and an unfailing water-power. Judging from the assay of the ore, the extent of the lode or vein, and the proportions of the Company now forming, this enterprise promises an extensive business for that part of the country.

CHELSEA, P. Q.

A small village situated on the west side of the Gatineau river, in the township of Hull, and county and district of Ottawa. That part of Chelsea called "Old Chelsea" is about a mile distant from the village proper, which is situated about half a mile from "Gatineau Mills." The scenery in this vicinity is very fine, and the lakes adjacent are becoming a favorite resort of the citizens of Ottawa, a number of whom are now building summer residences around the nearest lake—in an admirable location; being salubrious, contiguous to village, post office, telegraph, &c., and, at the same time, as retired and secluded as can be desired. There are three churches—Roman Catholic, in Old Chelsea, and Presbyterian and Wesleyan Methodist, in New Chelsea; a fine Town Hall, and a very creditable model school house. Distant from Ottawa, 8 miles. Daily stage from Ottawa; fare, 50 cents. Population 250.
