An advertisement in this Medium will stare every body in the face for years to come. unless you make known what you have? An enterprise of your goods

PREFACE.

THE REAL ESTATE REGISTER is issued from 134 Hollis street, Halifax. N. S., once a month, and such a system of distribution has been adopted that the book will reach a large number of the class of readers that is desired both by the publisher and by advertisers.

Of course the main object of its publication is to advertise properties that are in the market, either for sale or lease, but the method of distribution employed insures its perusal by hundreds of strangers visiting Halifax and intending to make a longer or shorter stay. Dealers—especially retailers—in goods used by a family will therefore find their money in advertising in the REGISTER.

The numbers of each issue are gratuitously distributed about Halifax, and are placed in the various steamers, packets, and railway lines bound for Halifax and a portion are sent to agencies in the United States, Canada and England, where they will do the most good.

A Real Estate Agency is not a new thing in Halifax, but the business has never before been systematised as by the publisher of the REGISTER. This, fact, and his superior facilities for selling and letting properties is becoming understood and appreciated, both by owners of property and desiring purchasers and lessees, as is proved by the rapid growth of the business. Both parties are aware that a property is represented to be just what it is, and, that no party dealing through the Agency gains an undue advantage over another.

N. B. The attention of householders and others is called to the various trade advertisements in this REGISTER. The parties are all known to the publisher and persons dealing with them may be assured that they are dealing with parties who are believed to be responsible.

A place that Advertiser is known to the world. That which does not is only known to a few who may pass it. This Medium will be found in the Hotels, on the desks of the Wholesale Merchants, the Country Dealers, the Manufacturer and others, and referred to by thousands who patronize them.

an of enterprise do not take down their signs in dull times nor stop advertising. This Medium is referred to every hour of the day by all classes

NOTICE.

All kinds of Real Estate in Halifax to let advertised in this Register free, and no charge whatever made unless a property is let or withdrawn. (* See below.) It must, however, be distinctly understood that as soon as properties are entered on my office register, for sale or to let, I am the sole agent, and the regular commission will be charged whether sold or let by me *personally* or not. Of course if I have, by advertising the property or by advertising my business, made my office a place of call for those in want of properties for sale or to let, I am entitled to the commission; or if by stating the fact of such property being for sale or to let and directing attention to it, such property is looked after and sold or let by the proprietor, the effect is the same. For obvious reasons it must also be understood that if a property is sold or let within one month after my agency is terminated by the principal in writing I am entitled to the commission. Commissions are due and payable *immediately* on the property being sold or let.

The regular commission is $2\frac{1}{2}$ per cent. for letting unfurnished, 5 per cent. furnished houses, and 1 per cent. for selling properties in Halifax or in towns elsewhere, 2'1-2 per cent. on sale of building lots, and 5 per cent for farms, on the full amount of the contract made, unless otherwise agreed. For obtaining loans on property, and for placing money on mortgage of Real Estate, a commission of 1 per cent. will be charged besides all incidental and legal expenses. A commission of 5 per cent. will be charged on collecting accounts, rents, etc. No business of any kind will be done for a less aggregate commission than \$5, except in collecting rents and debts. All commissions are payable by owners of properties unless otherwise specially agreed.

A charge of \$3 is made for registering and for advertising in the REGISTER properties in the country. Special terms for commission will be made with owners of Real Estate outside of Halifax. *A charge of \$2 is made for registering and for advertising in this Register property FOR SALE in Halifax.

N. B.—If a property is on my books to be let (and not for sale) and is sold instead of being let the commission on one years ordinary rental will be charged. All properties may be withdrawn on giving one months notice in writing and (in the case of properties to let) upon the payment of \$3.

EXCHANGE AND MART.

We propose by these pages to supply a means whereby *private* individuals may sell or exchange articles they may have no further use for, at a small cost, or may buy articles that they want at a much less cost than they would have to pay at a store, thereby benefiting both parties, viz.: the seller who no longer requires the article and is willing to make a sacrifice to get rid of it, and the purchaser who is in want of that particular thing and who gets it at a bargain. These columns will therefore offer a cheap and convenient means of carrying out this idea. How many ladies and gentlemen are there in the Provinces who have books, papers, watches, trinkets, household goods, etc., and who, having no further use for them, would not gladly exchange for something they did want, or who would like to sell them so as to get funds to purchase others? There are also many ladies who desire to contribute to our various charities, but who but have not the means to do so. Many of these have plenty of *time* at their disposal they do not know how to make use of it to that end. To those these columns offers a way out of their difficulty, as by passing what would otherwise be their idle and unremunerative hours in plain and fancy work and disposing of the same to other ladies who, either through family duties, ill-health, or other causes are unable to do this class of work, they will be enabled to give the balance, after deducting cost of materials, to any charity that they may deem deserving. We call attention to our Household advertising columns for description of the various classes of articles that may be sold or exchanged, and from those, persons will be able to consider their own wants.

To tradesmen, also, it will also offer a good and cheap means of advertising.

It is hoped that all persons will carefully read the Rules, and be particular in observing the same, as they will in no case be departed from.

GENERAL DIRECTIONS.

ADDRESS.—All letters must be addressed to “The Manager *Exchange and Mart Offices*, 134 Hollis Street, Halifax, N. S.”

ADVERTISING.—(1) A person wishing to erect an exchange or sale through our columns will send the advertisement, together with stamps, according to the Rules, to the Manager. If the advertiser wish his own name and address to be published he can have it done; but supposing he should wish to keep them secret, he will intimate this to us, and we will attach a number to his advertisement in place of them; and all letters answering his advertisement will therefore be addressed, under cover, to that number at our office. (2) When two or more advertisements are sent at the same time, each must be written on a piece of paper not smaller than a postcard. (3) Advertisements are inserted as far as possible in the order in which they are received, and those received too late for one issue are published in the next.

ANSWERING.—When replying to advertisements to which numbers are attached, each answer must be contained in a blank envelope, which must be fastened, and have the distinguishing number of the advertisement clearly written upon the top right hand of them, thus:

702 A

These together with a cent stamp for the postage of each must be enclosed in another envelope addressed to the Manager of *The Exchange and Mart*, 134 Hollis Street, Halifax, N. S. who will add the right names and addresses, and post the enclosures, and thus bring the several parties into communication. Any number of articles treated as above may be sent in the envelope which brings them to us. *The stamps for postage must on no account be affixed to the reply nor may envelopes with embossed stamps be used.* As many stamps as there are replies to be forwarded must be sent, e. g., for one answer one stamp, two answers two stamps and so on. When no reply is received in answer to an application, it is understood that either the offer made is not acceptable, or that the article has been already disposed of.

POST CARDS.—These may be used in all correspondence with us, and for answering advertisements when the address is published, (but not otherwise) or in any other correspondence, *unless they are prohibited either in the advertisement*—thus: "No cards"—or *by writing.* We cannot undertake to forward cards on any condition.

RULES.

1. Ten one cent stamps for fifteen words or less, and two cents for every additional three words, to be enclosed with each advertisement, together with the name and address of the sender. A single figure, or group of figures, undivided by letter or word counts as one word. The name and address when published in the paper are charged for, and if a number at our office is given in lieu of an address, two cents is charged for its use in each case. When two or more advertisements are sent at one time, each must be on a separate piece of paper, written on one side only, and the words counted and paid for apart from each other.

2. Only one class of article may be offered in each advertisement.

3. The advertiser's full name and address must be at all times given for the Manager's use.

N. B.—For further particulars see "General Directions,"

Advertisements appertaining to "trade" cannot be inserted in the private columns.

. *It is much to the advantage of advertisers who use numbers in lieu of addresses to append to their advertisements the names of their post towns or their counties. See "General Directions."*

* *It is necessary when a letter follows the numbers attached to advertisements, that it also be put on the answer to be forwarded, thus: 13 A.*

OWNERS OF ESTATE PROPERTIES

HOUSES AND OTHER PROPERTIES

The great demand at Mr. Naylor's Office for Properties of all kinds, generally enables him speedily to provide Purchasers or Tenants, such as are entrusted to him for disposal on fair terms, and the gratuitous circulation of this Monthly Register considerably facilitates the ordinary means adopted for effecting the Sale or Letting of these, as well as of more distant Estates, whilst his connection with Auctioneers being very extensive, enables him to secure buyers for nearly every class of Investment at a marketable rate.

The various Properties are so described as to avoid identifying them, and thus affecting them injuriously by placing them too prominently before the public.

Mr. Naylor's Register of Purchasers contains the names of applicants for various descriptions of Property for Occupation; also of Auctioneers and Trustees, having moneys to invest in Estate Properties, and Securities of every class. The Register devoted to Applicant Tenants has particulars of the requirements of these, including FURNISHED or UNFURNISHED residences in Town and Country, Farms, Mills, Business Premises, &c. By availing themselves of this valuable and extensive connexion, Owners are frequently enabled to dispose of their Property without the necessity of awaiting the insertion of particulars in the monthly Register, and this fact should be borne in mind in cases where expedition is of special importance.

Particulars of Property to be Sold or Let intended for insertion in the monthly Register should be received by the 4th of next month.

Forms containing instructions for supplying the necessary description with cards of Terms, will be forwarded on application.

The Commission is in all cases chargeable to the Vendor, and payable to Mr. Naylor immediately on a Sale or Letting being effected, and will be incurred, whether or not the Treaty be conducted at the Estate offices.

Mr. Naylor's Terms for the Sale or Letting of Farms, Estates, Lands, and House Properties, also for the Valuation of Estates, Lands, and Business Premises, &c., may be obtained on application.
