### CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co' of Toronto, Limited

Confederation Life Building - TORONTO.

Branch Office:

IMPERIAL BUILDING, MONTREAL.

Weekly Lumberman, published every Wednesday, contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 24-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. Its special articles on technical and mechanical subjects are especially valuable to saw mill and planing mill men and manufacturers of lumber products.

### WANTED AND FOR SALE

Advertisements will be inserted in this department at the rate of 15 cents per line each insertion. When four or more consecutive insertions are ordered a discount of 25 per cent. will be allowed. This notice shows the width of the line and is set in Nonpareil type; 12 lines make one inch. Advertisements must be received not later than 4 o'clock p. m. on Tuesday to insure insertion in the current week's issue.

Apply "Shingle," care this paper, for further particulars.

### CURRENT TRADE CONDITIONS.

#### ONTARIO.

The position of the white pine market is extremely satisfactory. Manufacturers have sold heavily of the coming season's cut and are receiving many enquiries for stock for shipment to the United States. The Turner Lumber Company, of Midland, is reported to have sold 29,000,000 feet, to be manufactured the coming season, to the Skillings, Whitneys and Barnes Company, of Tonawanda, who have also purchased the Parry Sound Lumber Company's cut, estimated between 25,000,000 and 30,000,000 feet. Easton & Company, of Albany, are said to have purchased the entire cut of McArthur Bros' mill at Little Current, estimated at 30,000,000 feet, while other large transactions have taken place which indicate that no difficulty will be found in marketing all the white pine lumber that will be manufactured this year. Other United States firms have purchased a large quantity of logs and have arranged to have manufactured at mills Georgian Bay district. While all grades of white pine are strong, there is an exceptionally good demand for boards 12 inches and wider. Mill culls are also

moving actively considering the season of the year, and box grades have come into prominence recently. The scarcity of lath continues and is not likely to be relieved until the mills resume sawing. Hardwoods are a little firmer and manufacturers and dealers look for an expansion in the demand as soon as the spring season opens up.

#### QUEBEC AND NEW BRUNSWICK.

The position of spruce lumber is practically unchanged. The opinion is quite general that lumber intended for the local and United States markets will hold firm until midsummer, and manufacturers and dealers are making their arrangements accordingly. The buying of British spruce deals would seem to indicate that shippers are confident of their position, although it is understood that less than the usual quantity has so far been placed with British importers. Spruce lath, which was weak early in January, has recovered, and sales of 1 3/4 inch are now being made to Boston at \$3. Extra cedar shingles are firmer, the quotation on extras for Boston delivery being \$3.35.

#### MANITOBA AND BRITISH COLUMBIA.

Lumber manufacturers and wholesale dealers have booked a considerable number of orders for spring delivery, and are looking forward to an active season, as building operations in Manitoba and the Territories promise to be of large volume. A few recent price changes have taken place. B. C. cedar base has declined \$5 per thousand, making the price now \$12.50 in Winnipeg. Cedar casing has declined \$7.50, and B. C. fir dimension \$2.50 to \$4 per thousand. The export trade of British Columbia has started off well. Several vessels have been chartered to load lumber and quotations are somewhat higher. In anticipation of the enforcement this spring of the Act prohibiting the export of timber from British Columbia, the price of cedar logs has advanced \$2 per thousand feet.

#### UNITED STATES.

No material change in the lumber situation has occurred in the past week, the market continuing strong and the buying being of a most liberal character. Stocks in white pine are low at wholesale markets as well as in distributing yards. Wholesale lumbermen have bought very heavily, it being estimated that more than half the entire 1902 product of white pine on the great lakes has already

passed into second hands, while some districts have sold more than three-fourths of the cut. The annual meeting of the Mississippi Valley Lumbermen's Association was held last week, but no action was taken in the direction of advancing the price list. The report of the secretary, however, showed a pronounced shortage in the stocks in the hands of manufacturers. It is said that Buffalo and Tonawanda dealers are likely to make an all-round advance in the price of white pine lumber, as they believe this course is warranted by the high prices that are asked by manufacturers and by the outlook for building operations and the lumber demand generally. Our Buffalo list this week shows an advance of one dollar per thousand on fine common and No. 1 and No. 2 cutting-up stock, also \$2 per thousand on thick white ash. The hardwood market has undergone a distinct improvement. Stocks have become low and the demand greater, and altogether higher prices are looked for. Oak and maple are leading, but the supply of the latter is too large to warrant much of an advance. The Wisconsin Hardwood Lumbermen's Association, at a special meeting at Wausau on February 13th, put into effect a new list advancing most hardwood items from \$1 to \$3 per thousand feet. This is looked upon as the forerunner of other advances.

#### GREAT BRITAIN.

The British timber market has not kept up the activity which characterized the trade of the month of January. Recent unfavorable weather has checked building operations, and buying of lumber has accordingly fallen off. Importers do not seem confident regarding the future of prices, and are not disposed to enter into large contracts at the figures that are asked by shippers. Accordingly, different views of the market are expressed. From one port comes the report that the representatives of Quebec shippers have put through no large contracts, while the information from another port is that an average amount of business in contracting for the coming season's requirements has been done. It is certain, however, that such contracts as have been closed show a substantial increase on the prices of one year ago. Sales of white pine deals have been made to Glasgow at an advance of 20 shillings to 30 shillings per standard over last season's quotations. A correspondent at Cardiff states that the high prices which shippers are asking for

spruce have caused a run on Austrian whitewood, which merchants are getting in long lengths and good widths at rather less than the price asked for spruce. Another opinion is that spruce will keep at about its present price for several months to come, even after the first consignments begin to arrive, for the reason that the consumption will probably keep ahead of the import.

At recent auction sales in London second quality 3x9 spruce deals brought £9 13s to £10, and third quality £9 per standard. For 3x11 fourth quality pine \$12 was obtained, and for one lot £1 1/2 ss. These figures show an advance for this class of lumber.

**STOCKS AND PRICES.**

The barque A. Tavela sailed recently from the Hastings mills, Vancouver, B.C., laden with lumber, for Ostend, Belgium.

The Saginaw Lumber and Salt Company, of Saginaw, Mich., have purchased 1,000,000 feet of mill culls at Cutler, Ont.

J. Stiles is getting out 1,250,000 feet of spruce and hardwood deals at Hopewell Hill, N. B.

Lath and high grade lumber have been shipped in considerable quantity to Pittsburgh and other Pennsylvania points during the past two months.

The Dominion Government is asking for tenders for the construction of a large breakwater at Pointe St. Pierre, Gaspe county, Quebec.

The Central Lumber Company, of Saginaw, Mich., has bought 5,000,000 feet of pine logs cut this winter on deeded lands in the vicinity of Parry Sound, Ont.,. The logs will be rafted to Saginaw.

Pine and spruce lath have advanced in the Albany market to \$3.50. At Saginaw No. 1 white pine lath is quoted at \$3.00; No. 2, \$3.10; No. 1 Norway, \$3; No. 1 hemlock, \$3; No. 2 hemlock, \$2.20.

The following prices are asked for shingles in the Saginaw valley: No. 1 white pine, \$3.80 to \$3.90; clear butts, \$2.60 to \$2.75; 4 x 18 in. cedar, \$2.60; clear butts, \$2.60; 4 x 16 in. cedar, \$3.10.

It is said that the Edward Hines Lumber Company, of Chicago, have purchased 12,000,000 feet of logs from Hale & Bell, and have arranged to have them manufactured by N. N. Wright & Company at Cutler, Ont.

The steamer Ionian sailed from St. John, N. B., last week for Liverpool with the following cargo of timber: 203,342 ft. birch deals, 29,349 ft. birch ends, 652,348 ft. spruce ends, 14,832 ft. boards, shipped by W. M. Mackay; 15,075 ft. deals, by George McKean; 330,330 ft. spruce deals, 12,372 ft. birch timber, by William Thomson & Co.

The J. S. Hartwell Lumber Company, of Chicago, have bought from McFadden

& Ferguson, of Ottawa, 15,000,000 feet of logs, which will be manufactured by the Conger Lumber Company at Parry Sound, Ont.

Timber berths were sold at the Crown lands office, Fredericton, N. B., last week as follows: Two miles on Thirty-three Mile Brook, N. W. Upsalquitch river, at set price; 2 1/2 miles on Mamansay Brook to George W. Thompson, at \$20 per mile.

It is understood that E. H. Lemay, of Montreal, has again purchased the entire cut of McLachlin Bros., of Arnprior, Ont., and will market a considerable portion of it in the United States, through his selling agents, W. M. Crombie & Company, 81 New street, New York. Mr. Lemay has also purchased other large lines of white pine, basswood and ash, and is also carrying a large quantity of log run spruce.

Messrs. S. P. Musson, Son & Company, in their market report of February 1st, review the lumber market as follows: "During the fortnight there has been only one arrival, the "E. A. Sabean," to our address, with 62,000 feet shippers and 25,000 feet second quality white pine, 138,000 feet hemlock and a small lot of spruce. Dealers are heavily stocked, and it was with difficulty that we could place it at \$20.60 and \$16 respectively for white pine; \$13 for shipping and \$11 for second quality hemlock; and \$18.50 and \$16 for shipping and second quality spruce. It is very desirable that all receipts should cease for some time to come, in order that dealers may get rid of a fair portion of their present supply. Only one small lot of 42,000 dimension shingles has arrived by Halifax steamer, which we placed at \$6.79 for 5-inch and \$7.39 for 6, 7 and 8-inch. There is very little demand for laying; no arrival has taken place, but we are daily expecting a large cargo, about half of which is in fulfilment of contract."

**THE BOSTON MARKET.**

There is a better call at Boston for spruce lumber, notwithstanding that the storm has hindered matters somewhat. It is mentioned by leading houses that trade is uncommonly good for February, with promise of an active market early. Quotations are fully sustained: Ten and 12 inch dimensions, \$20; 9 inch and under, \$18; 10 and 12 inch random lengths, 10 feet and up, \$19 to \$19.50; 2x3, 2 x 4, 2 x 5, 2 x 6, 2 x 7 and 3 x 4, 10 feet and up, \$16 to \$16.50; all other randoms, 9 inch and under, 10 feet and up, \$17 to \$17.50; 5 inch and up merchantable boards, \$15 to \$16; matched boards, \$18 to \$19; out spruce boards, \$13; bundle furring, \$16 to \$17.

Hemlock is really firmer, with the demand good for the season: Boards, 12, 14 and 16 feet stock, \$14.50 to \$15 for good eastern; random, eastern, \$13.50 to \$14; Pennsylvania, No. 1, \$16 to \$17; No. 2, \$14.50.

White pine is in good winter request, with the market exceedingly firm: Uppers, 1 in., \$72 to \$73; 2 1/2 and 3 inch, \$77.50; 4 in.

\$82.50; selects, 1 to 1 1/2 inch, \$66 to \$67; 2 inch, \$63 to \$70; 2 1/2 to 3 inch, \$73 to \$76; 4-inch, \$75 to \$80; fine common, 1-inch, \$55; 1 1/4 to 1 1/2 inch, \$60; 2 inch, \$55; 2 1/2 and 3 inch, \$65 to \$67; 4 inch, \$70; barn boards, \$23 to \$32; coffin boards, \$27 to \$32.

Hardwoods are in pretty good request at steady prices: Quarter red oak, \$46 to \$65; fancy, \$70 to \$75; plain oak, \$40 to \$47; black ash, \$40 to \$50; white ash, \$45 to \$55; cherry, \$90 to \$130; maple, \$32 to \$40; sycamore, quartered inch, \$43 to \$45; plain, \$35 to \$40.

Shingles are scarce and really firmer, though the demand is still limited: Extra cedar, \$3.30 to \$3.35; clear, \$2.90 to \$3; second clear, \$2.35 to \$2.50; sap, \$2.10; extra No. 1, \$1.75 to \$1.90; British Columbia red cedar, 16-inch, five butts to 2 inches, \$3.45 to \$3.50; 18-inch, \$4.25 to \$4.50.

Clapboards are in quiet demand at firm prices: Extra spruce, \$35 to \$36; clear, \$33 to \$34; second clear, \$29 to \$32;

extra No. 1, \$20 to \$23; pine extra, \$50 to \$52; clear, \$45 to \$48; second clear, \$40 to \$42.

Laths are firm, and a little higher: One and five-eighths inch, \$3; 1 1/2 inch, \$2.85.

**SALE OF OTTAWA LIMITS.**

A large number of lumbermen gathered in the rotunda of the Russell House, Ottawa, on Wednesday, February 19th, on which day it was announced that the extensive timber limits owned by William Mackey on the Amble du Fond river would be offered for sale. The limits comprise 129 1/2 miles and were offered in one block, Mr. Peter Ryan wielding the hammer. The bidding started at \$200,000 and soon advanced to \$650,000, the bidders being Mr. W. C. Edwards, M. P., Mr. H. K. Egan, Mr. J. C. Brown and Mr. J. B. Fraser. Mr. J. R. Booth, who had not yet submitted a bid, raised the figure \$5,000, and at the price of \$655,000.

the limits were knocked down to him by the auctioneer.

It is generally believed that Mr. Booth secured a bargain, as it is stated that over \$1,000,000 was asked for the limits recently by private sale. It is claimed that the limits were originally bought by Mr. Mackey thirty years ago for \$1,800, and since that time he has taken off them a large quantity of square timber.

Among those present at the sale were: J. R. Booth, Fred Booth, C. Jackson Booth, Claude McLachlin (Arnprior), Alex. Fraser, W. C. Edwards, M. P., George Dewar, Peter Whelen, W. C. Whitney, A. E. Dymont, M. P., (Thessalon), H. K. Egan, Hiram Robinson, George H. Perley, ex-Mayor Bingham, J. B. Fraser, William Fraser, F. W. Powell, J. Barnett (Pembroke), J. B. Klock, R. H. Conroy, Wm. McAuliffe, Harry Cameron, Robert Hurdman, Captain Cameron, John Gilmour, Wm. Gilmour, David Gillies, Hon. George Bryson, Thomas Mackie, M. P., (Pembroke), Wm. J. Conroy, W. G. Perley, George Francis (Pakenham), James Bry-

son (Fort Coulonge), W. A. Allan, Edward Skend.

The wholesale lumber business of the H. M. Tyler Lumber Company, Tonawanda, N. Y., having been closed out, W. W. Tyler and his son, Van Tyler, have formed a partnership under the firm name of W. W. Tyler & Son, to conduct an export and domestic business.

New Mill Erected 1901. Capacity 100 Million a Year.

**Spicer Shingle Mill Co., Limited**

It is not the purpose of this advertisement to try and convince the Lumber Trade of Canada that we are the only company in British Columbia manufacturing and shipping shingles in large quantities, or that we "know it all." We recognize that "there are others" and that we are not the only "pebble on the beach." To try and make you believe that we are the only people who can supply you promptly and in large quantities with a high-grade shingle would not only be a fish and a bear story combined, but it would be gall of the bitterest kind.

Our competitors in the shingle business in B. C. are nice people, and we presume that they know their business; but we are nice people too, and as we have been in the trade as long as any of them, and a great deal longer than the most of them, we know that we know our business, and that our competitors are not in the possession of any points of value regarding the manufacture of shingles which has not come to our knowledge.

Our old mill was burned down in May last, and in its place we have built what is at the present time the Largest Shingle Mill in B. C.

Our new Mill has 7 of the latest improved type of Dunbar machine, which we run night and day—giving us a capacity of about 100 Million a year.

Competent judges who have seen our new mill, tell us that it is one of the most substantial, carefully constructed, and best planned mills in this province. We ourselves think it is the very best shingle mill in B. C.; and we know that it is equipped with all the very latest improved Shingle Machinery.

Will the trade please note that our contract with the Pacific Coast Lumber Co. closed on December 31, 1901. D. Ferguson, of London, Ont., is our representative for that province. Orders sent to him, or to us direct, shall have prompt attention.

We want our share of your shingle business, and can guarantee you satisfaction in every particular.

**OUR SHINGLES**

FACTS ARE FACTS WHETHER TOLD ABOUT FISH OR SHINGLES

We make a fine 16-inch Shingle.

We make a fine 18-inch Shingle.

We make a fine 24-inch Shingle.

We make all thicknesses from 6-2 inch to 6-33/8 inch.

They are going out of our different mills at the rate of 200,000,000 a year. We make more shingles than any one firm in the world. Just think of it!

We claim to be experts. That is not gall. That is a statement which is proven constantly by the testimony of our customers from the Pacific Coast to the Atlantic Coast on the Canadian side, and from Maine to Puget Sound.

Mixed Cars our Specialty. Don't forget that we have all kinds of House Finishing Material in Fir and Cedar, and can load any quantity with shingles.

Come, let us deal together.

**CUSTOMERS' ATTENTION.**—Please take notice that on and after the 1st day of January, 1902, all arrangements with the Pacific Coast Lumber Co. of New Westminster, B. C., for the handling of any of our shingles will be ended, and until further notice our authorized general agents will be Mr. Jas. Twitchell, Clinton, Ont., for Ontario, and Mr. Samuel Ashfield of Winnipeg, Man., for Manitoba and the North-West; therefore, orders for straight or mixed cars sent through the above agents or direct to us will have equally prompt and careful attention.

THE COOPERAGE MARKET.

The Sutherland, Innes Company, Chatham, Ont., in the National Coopers Journal, review the cooperage market as follows:

The sales of No. 1 stock in 28 1/2 and 30, including elm, during January have been extremely active, especially in flour-barrel staves. Metal-barrel staves have received a fairly active inquiry, though not as brisk as expected.

The demand at present for white-oak or light staves is very active and well-seasoned stocks are apparently eagerly sought after, while oak-heading sales have been fairly brisk.
