## PARK DRIVEWAYS AND WIDER STREETS

Civic Improvement Association Will Work For Diagonal Thoroughfares, New Street Lines in Congested Districts and Elaborate Parks System.

At the civic progress made at the last election, the Municipal Improvement Association, at its first annual meeting last night, endeavored to show that its usefulness had not yet passed, and having done so, decided to pursue more strenuously than ever its efficient and effective work in the new year.

The interest taken by the members in the addresses delivered by Mr. J. E. Atkinson, on "Civic Improvement," and C. H. Mitchell, vice-president of the Toronto Civic Guild, on "Town Planning," show that the members of the association, as the organizers say, "are anxious to promote the interests of the citizens generally, and have no personal ends to serve."

Mr. Mitchell's address was an eye-opener to many of the men. To him nothing is impossible. He discussed transportation, civic buildings and parks, private properties and outside territory, and recommended new improvements.

Some Recommendations.  
Some of his plans are as follows: Parks—He recommended that parks should be in strategic positions. In this connection he proposed a scheme to connect all the civic parks by a drive way. "In Boston," he said, "you can drive 30 or 30 miles thru the parks." In Toronto this scheme, carried out by joining the valley of the Don with the valley of the Humber by means of York Mills Valley, Black Creek Valley and parts in North Toronto. In other cities within Toronto's natural facilities millions of dollars were being spent on similar schemes.

Diagonal streets: One running north-west from Queen street, near Osgoode Hall. The second running north-east from Queen street, near Church street. Mr. Mitchell said that this plan would not require so much money as some people imagine.

Street widening: New street lines on narrow streets should be decided upon immediately. These new lines should be the ultimate, lines twenty or thirty years hence. In the meantime all new buildings erected on these streets should be constructed with false fronts, or fronts which could be torn away back to the ultimate street line when the time was up.

J. E. Atkinson, in a brief address, claimed that Toronto's "form" of government was ideal, but that very often the "attitude" of controllers and aldermen was not ideal. A new attitude was needed, not a new form.

The association now has about 700 members. The officers for 1913 are as follows: President, John Macdonald; first vice-president, E. J. Hearn, K.C.; second vice-president, Joseph Russell; third vice-president, Dr. Edmund E. King; secretary, W. G. A. McCutcheon; treasurer, Dr. S. G. Thompson; corresponding secretary, J. I. Sutcliffe.

## Jamaica Prepares For Panama Canal.

LONDON, Jan. 2.—(C. A. P.)—In order to cope with the new demands which are created by the opening of the Panama Canal, Colonial Secretary Harcourt stated in the commons yesterday that the government of Jamaica were negotiating with a Canadian syndicate for the provision of better facilities for coaling, docking and repairing. A site has been secured for improvements are also under way for Trinidad, Port Spain, St. George and oil bunkering stations for Barbados, at St. Lucia.

## SHOULD PROTECT SHIPBUILDING IN CANADA

British and Foreign Competition So Keen That Twenty Per Cent. Protection Is Needed, Statement of Big Deputation—Premier Promises Consideration.

OTTAWA, Jan. 21.—(Special.)—Unless the Dominion Government takes immediate and effective measures for the protection and encouragement of the shipbuilding industry of the Dominion, by according it greater protection from the competition of British, United States and foreign competition, it will quickly go out of existence.

This in brief was the substance of a somewhat lengthy and comprehensive memorial presented before Premier Borden this afternoon by a big deputation representing shipbuilding firms from the Atlantic to the Pacific.

The protection and preserving of the industry by granting a protection of 20 per cent. in the way of tariff legislation, or by subsidy, was strongly urged by the deputation. Under existing conditions of competition with Great Britain this step they considered as absolutely necessary to prevent the quick disappearance of Canadian shipbuilding.

It was pointed out that Canadian firms are compelled to pay duty on much of the material for building purposes, as well as upon a great deal of equipment, and with this handicap had to compete with the great shipbuilding organizations of Britain, where wages and the cost of every kind of material were more than 20 per cent. cheaper.

Borden is sympathetic. Premier Borden listened with great interest to the points made by the various spokesmen of the deputation, and in his reply he promised to give the most earnest consideration to their request. He suggested that the government might, well, adopt a policy of having all government vessels built in Canada, even should the cost be greater than it would be if the orders were placed in Britain.

The deputation was introduced by Major Currie of Simcoe and consisted of the following gentlemen: Captain McDougall and Sanford Lindsay, president and secretary respectively of the Collingwood Shipbuilding Co.; John B. Miller, president of the Polson Co., Toronto; Black and Cowie, representing the Plokerford and Black Co. of Halifax; H. Bullen of the Esquamit Marine and Dry Dock Co.; George D. Davis of Lewis, S. Dymont and W. J. Fair of the Kingston Dry Dock and Shipbuilding Co. They were accompanied and supported by several members of parliament, including Messrs. Bennett, Taylor, Barnard, Nickle, Boyce, Macdonell and Sheppard.

## Canada Needs Local Navy

SYDNEY, Jan. 21.—(C. A. P.)—The Morning Herald says The Vancouver conference regards the Australian Pacific policy as most probable, and cites a letter from Admiral King Hall showing the full support of the imperial authorities. The article adds: "We have no wish to intervene in the political controversies of other dominions, but feel Canada's only satisfactory manner of joining in Pacific defence is establishment of a local naval unit in co-operation with other imperial defence Pacific forces. The question of control of contingents is most important, since there is a general disposition to accept the British admiralty's advice about utilizing available ships to best advantage and with the least delay in times of stress."

## MONETARY COMMISSION NEEDED TO PROBE BANKING CONDITIONS RIGHTS OF PUBLIC NOT PROTECTED

W. F. Maclean, M.P., Urges That Bank Charters Be Extended For Two Years Only to Permit of Needed Reforms Being Instituted on the Commission's Report Being Presented—Finance Minister White's Stand in Opposing Public Inspection of Banks and More Elastic Plan of Issuing Dominion Notes Challenged by Major (New Bill Dictated by Bankers' Association).

## DELVING INTO STEEL REBATES

Laurier Demands Full Information on Deal With Algonoma Industry—Austrian Trade Agreement.

OTTAWA, Jan. 21.—(Special.)—Sir Wilfrid Laurier is apparently not satisfied with the information furnished him yesterday by Hon. Dr. Reid regarding the remission of customs duties on steel rails granted the Algonoma Steel Company at Fort William.

He has given notice that he will move to the government by way of a question, as well as for all correspondence on the subject and all evidence sought and obtained by the government and supplied by the company in support of its application.

Correspondence relevant to the proposed preferential trade agreement between Canada and Austria was tabled in the commons today by Hon. George E. Foster.

Mr. Foster's Visit to Australia.

Mr. Foster, in a letter to the Australian minister of commerce, Hon. Mr. Tudor, which is dated Sept. 26 last, points out the difficulties of negotiating an agreement by correspondence, and states that he expects to be in Australia by April "if hope," Mr. Foster writes, "we will then be able to sit down and give the subject thorough and sympathetic consideration."

Mr. Tudor's reply is dated Nov. 1, 1912. He reminds Mr. Foster that when he will arrive in Australia, they will be in the turmoil of a general election, but he expresses the hope that this will not interfere with a full and comprehensive discussion of a better trade understanding, which, he goes on to say, if successfully and wisely consummated would prove of substantial benefit to Canada and Australia.

He adds that Mr. Foster may be sure of a warm welcome. Mr. Foster replied to this letter on Jan. 4, advising Mr. Tudor that he intended sailing for Australia on Feb. 19 to attend the sittings of the imperial trade commission, and that while there he would be able to attend to negotiations looking to a reciprocal trade arrangement between the two countries.

## BIG KING STREET DEALS CLOSING

Property Next Michie's Wanted by Financial House—King and York Deal Under Way.

Some big financial institution is negotiating for the property at 7 to 13 West King street and is willing to pay over \$500,000 for it. This is the plot of G. C. Dinick bought last February for \$410,000, syndacating it in England a couple of months later at about half a million dollars. Mr. Dinick last night declined to discuss the matter in any way. The property lies between Michie's and the Standard Bank's building, and its low-lying stores in the midst of tall structures have attracted much attention. The King street frontage is 47 feet 8 in. and the depth thru to Melinda street 170 feet. At \$650,000, and the property may sell at more, the price works out at \$13,220 a foot.

Undoubtedly big things are developing on King street. For weeks now a deal has been simmering for the northeast corner of King and York streets, and including the southeast corner of Pearl and York. Two or three troublesome leases must be cleared up before the deal can be concluded. Most of the property, which is 92 feet 4 inches by 86 feet depth on the King street side and 100 feet by 80 depth on the York street part, is owned by William Ramsay, and Toronto real estate men are now with him in Scotland. One difficulty arises out of a peculiar incident. One of the York street leases ran out a few days ago.

In the lease there was a clause that the lessee was to give six months' notice, as to whether the property was to be let or sold. The notice was never given, and now the lessee is claiming that the lease was thereby renewed for another year at the old rate, which is very low.

There are also rumors, not given much encouragement by the hotel proprietor, that the property on which the Palmer House stands is selling at \$4000 a foot. All the property owners in the vicinity are much aroused over this latest figure.

## HON. A. B. MORINE IN A NEW FIELD

He's Now Solicitor For Fishermen's Union of Newfoundland—Net Active Politician.

Montreal, Jan. 21.—(Special.)—Mr. William Munn, a St. John's merchant, who is in the city, says that a great deal of interest has been aroused over the future attitude of Hon. A. B. Morine since his return to the city. He has been chosen solicitor and general adviser to the Fishermen's Union, an organization representing one-fourth of the people of the island, and which Mr. Morine might turn to an interesting political account. As a man has to be residing on the island for two years, this law will prevent the stormy parliament contesting a constituency during the coming general election.

Mr. Munn thinks that Sir Edward Morris will be sustained, but he opines that the complexion of the assembly will be considerably changed.

No Racing at Thorncliffe.  
It was stated last night by a member of the Davies family that the report in circulation that the racetrack charter granted to them over a year ago for the Thorncliffe track, was to be put into operation this summer, is not correct.

FOR BARGAIN HUNTERS IN FURS  
This time of the year it is usual for Dinsens to begin selling furs to clear out stock. No garments or neck pieces are carried over from one season to another, and only a small stock is necessary to meet the demand during February, March and April, and the early next season. It is recognized that a customer who buys furs now has missed the comfort of wearing them the early part of the present winter, and that means a reduction must be made in price. Dinsens's sale is thoroughly interesting bargain hunters in furs. W. & D. Dinsens Co., Ltd., manufacturing furriers, corner Yonge and Temperance sts.

The Princess will be filled today with ladies to see Nazimova in her great play, "Bella Donna." It appeals especially to the fair sex.

## NOTE OF POWERS PUZZLES TURKEY

More Time Will Be Lost While Certain Portions Are Being Made Clear.

LONDON, Jan. 21.—(Can. Press.)—Turkey, before presenting her reply to the joint note of the powers, wishes to obtain explanations concerning certain messages in the note. Instructions to this effect have been sent to the Turkish ambassadors accredited to the powers. Rehad Pasha, head of the Turkish peace plenipotentiaries, and Tewfik Pasha, ambassador to Great Britain, have been particularly enjoined to seek elucidation, as they are in London, where the note was prepared.

Explanations are to be requested on the following points: The joint note says that in case of the prolongation of the war, the fate of Constantinople might be put in question. Does the note mean that the allies might be allowed to attack, conquer and remain in Constantinople, or does it mean that the powers themselves might control the government in the Ottoman capital?

The note speaks of the "moral, material and benevolent support of the powers." What must Turkey understand by that? How is the support to be extended—under what form? To what extent? What guarantee is there of fulfillment of this promise?

Similarly, what assurance do the powers offer for the settlement of the question of the Aegean islands in such a manner as to exclude further menaces to the security of Turkey?

"Europe's Broken Faith."  
It is stated that the Turkish delegates, in endeavoring to obtain satisfactory answers to these questions, have made reference to what they describe as "Europe's broken faith" in falling to live up to the promise made four months ago, that the status quo would not be changed whatever the result of the war.

A distinguished diplomat, losing patience, has recommended them not to pretend to be more naive than they are, since the Turks know well that the statement of the European powers contemplated only a case in which the Ottoman arms were victorious, as in 1827, when Turkey defeated Greece, on which occasion Europe would not permit a change in the status quo.

## AS OF OLD

Xerxes Whitney calms the stormy waters by scourging them.

## PORT NELSON IS NOT YET CHOSEN

Final Decision Will Not Be Reached Until Engineer Hazen Has Made His Report.

OTTAWA, Jan. 21.—(Special.)—Notwithstanding numerous published statements to the effect that Hon. Frank Cochrane had decided upon Port Nelson as the terminus of the Hudson Bay Railway, it was definitely given out at the department of railways and canals today that no decision in the matter has yet been reached.

Nothing final will be decided upon until Mr. Hazen, the chief engineer of the department, who has been in the north country since last July, investigating the respective merits of Port Nelson and Port Churchill and who is now on his return to Ottawa, places his report in the minister of railways hands.

After his return from a tour of inspection last summer, Mr. Cochrane expressed himself as being in favor of Port Nelson and it was tentatively agreed that it should be the terminus. Later information secured by engineers of the department, however, favored Port Churchill, and Mr. Cochrane, to be sure, seems it best that no final decision be reached until the report which Mr. Hazen shall make is thoroughly gone into in all its aspects.

# REPLY TO BRITAIN APPROVED BY PRESIDENT

### Note Defining Attitude of the United States Government on Panama Question Is Now on Its Way to Sir Edward Grey—New Points Have Been Raised.

WASHINGTON, Jan. 21.—(Can. Press).—President Taft has approved the note prepared at the state department in reply to the communication from Sir Edward Grey, the British secretary for foreign affairs, protesting against the exemption of American coastwise shipping from the payment of tolls in the Panama Canal.

the power to whom it is addressed. Ambassador Bryce, it is pointed out, need not hesitate to make free use of the cable to supply the British foreign office with at least an outline of the American note.

**Bryce in Secret.**  
Ambassador Bryce, it is learned, previously had been fairly well acquainted with the nature of the reply to be submitted. A week ago he was invited to the state department, and through the courtesy of Secretary Knox was permitted to listen to an explanation in detail of the American position by Chandler Anderson, counselor for the state department.

Following precedents established in the publication of the Grey note, it has been arranged that Secretary Knox's reply shall be given for publication simultaneously in Washington and in London. It is believed here that after attempting to eliminate a number of propositions contained in the British note regarded as not germane to the real issue, Mr. Knox has devoted himself principally to the effort to show that "all nations" in the Hay-Pauncefote treaty does not necessarily include the United States, and that it is entirely competent for this government to treat its own shipping differently from that of other maritime nations so far as the canal is concerned.

**Need of haste.**  
Important chapters in the history of the negotiations that led up to the confirmation of the Hay-Pauncefote treaty, which were either overlooked or purposely omitted in the discussion of this important feature in the British note, are also believed to be included in the American presentation. It generally is regarded as certain that sufficient new matter, has been injected into the negotiations to warrant their continuance for some time before the principals are brought to the necessity of final decision upon the question whether the issues shall be submitted to arbitration.

Unless both parties should decide to abandon the mails in favor of direct cable communication, it is evident that this point cannot be reached in the six weeks remaining of the life of the present administration, and it

may require some active exchanges on the part of Secretary Knox's successor in the state department and the British foreign office to dispose of this subject in the three months that will intervene before expiration of the existing British-American arbitration treaty.

# RAILWAY BILL GIVEN SET-BACK

### Project in New Orleans Backed by Toronto Capital Will Be Investigated.

OTTAWA, Jan. 21.—Claude Macdonnell's bill respecting the New Orleans and Grand Lake Traction and Power Company, met with opposition in the railway commission today. It is backed by Toronto people.

Hon. H. E. Emerson demanded to know what business Ottawa had to grant such a charter for a company that proposes to operate down in New Orleans. It could gain no corporate capacity, and it seemed to him that it was simply desired to give the company authority to sell share warrants.

**SHIP-BUILDING IN BRITAIN**  
The British and Irish ship-building yards are enjoying an unwonted run of prosperity. At present there are 622 vessels, aggregating 2,866,471 tons under construction, which represents an increase of 25 per cent. over last year. The shipyards cannot obtain sufficient men, and they are frequently working over-time and using double shifts. In spite of this activity, new orders are being taken faster than the ships are being completed.

# BOMB AT ST. KITTS PROVES ONLY SQUIB

### Case Against Crown Attorney Brennan Sputters and Dies Out—Inquiry Over.

ST. CATHARINES, Jan. 21.—(Special).—Today's session of the enquiry into the charges against County Crown Attorney M. Brennan, of Lincoln was confined to the hearing of evidence on, but one of the charges that had been preferred, that of accepting \$50 to drop a prosecution.

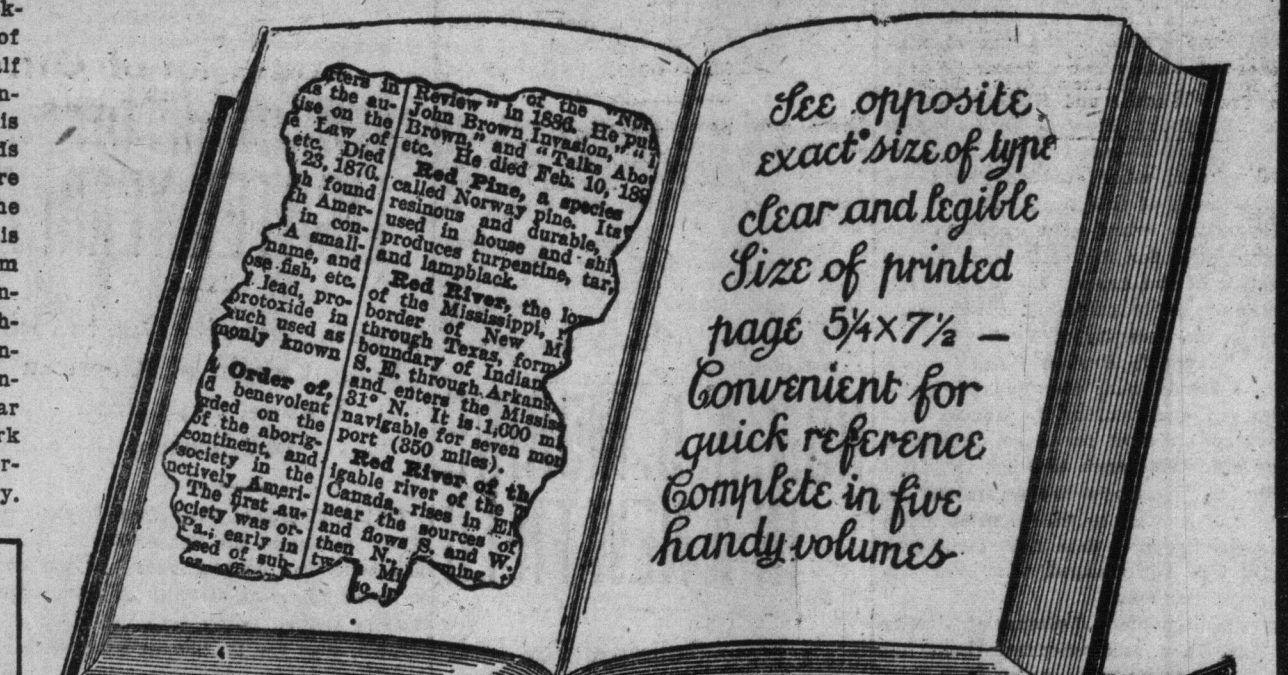

Albert Jamieson of Fort Colborne, who had been a witness in a quasi-civil action taken in 1907 by Charles Bradley against Nellie Heaslip, under a Gainsborough Township bylaw, on a charge of closing a roadway and obstructing the highway, was the first witness today. He understood that the action in question had been a criminal case, because Mr. Brennan had appeared for the plaintiff and the case had been heard in the St. Catharines police court before magistrate Comfort. The charge had been dismissed. Before the dismissal, witness had heard Mr. Brennan suggest that all the parties get together and reach a settlement. Witness thought this a strange remark for a crown attorney to make. He did not hear Mr. Brennan ask for money for himself.

Heaslip, the defendant in the old case, who was next called, was unaware of any request for a bribe or payment of any money to Mr. Brennan, but had heard the attorney express an opinion that the township should pay his costs. This remark was made to E. A. Lancaster in witness's presence.

## For the Complete Five Volume Set of Everybody's Cyclopedia \$12.00 is the Regular Selling Price

You will not need an extra bookcase to hold this complete set of books, for it takes up less than half as much space as the ordinary encyclopaedia. Yet the information is all in it—thousands upon thousands of subjects which cover the entire world and its peoples. Think of the many advantages in having all this information in such convenient form that it can be referred to "in a minute," without the necessity of searching through numerous, large, unwieldy volumes to get it! The convenience of this edition makes it far more desirable than any similar work published. It saves time in reference and it saves room in the library.

- History Religion
- Biography Philosophy
- Architecture Astronomy
- Electricity Chemistry
- Science Sociology
- Art Languages
- Agriculture Literature

The price of large Sets is usually so high, from \$50 to \$100, that they are sold on the instalment plan. The publishers of "Everybody's Cyclopedia" took advantage of these facts, and from a revision of all large and good cyclopedias they compiled all that is good—all that is necessary—and merely eliminated or condensed that which would be of interest only to a technical student.

FOR HOME, SCHOOL OR OFFICE—FOR PUBLIC AND PRIVATE INSTITUTIONS. THE SAVING OF \$10.02 ON THIS SET WOULD PAY FOR THE WORLD FOR OVER THREE YEARS.

## Dineen's Furriers

Established 1864

### Better still than something doing in Furs for Men at Dineen's

THERE are just as good bargains for men as for ladies at Dineen's during this January sale, now in its second week.

A man may buy stylish, wearable, and above all, warmly comfortable furs at Dineen's for less than it costs to be heavily tailored in cloth. For instance:—

Mens fur-lined coats from \$37.50 and upwards. That word "upwards" always has to be introduced into a price schedule where there is a great variety of the same article made of materials of a graduated value. You would not expect to get a mink-lined overcoat for \$37.50, but you will get the exact exterior resemblance of a high-priced fur-lined overcoat, and all the luxury as well—only the fur lining will be Muskrat and the collar will be Otter—for this \$37.50, and its regular value is fifty dollars, as you will decide yourself, if you are any judge of furs taken in combination with first-class tailoring.

Fur Coats, coats with the real pelt of the animal on the outside and quilted lining inside for double warmth. The real Canadian Coon Coat for \$62.50. Another variety of prices in these fur coats also, beginning at \$18.50. They all afford the same impenetrable warmth, in various fur values.

Gauntlet and driving robes—automobile equipment for cold weather driving.

Everything at price reductions that are far beyond the ordinary bargains in furs.

### The Canada Metal Co. Ltd.

Patrols: MONTREAL, WINNIPEG, TORONTO, MONTREAL, WINNIPEG, 13412

### BIG NOTE PAID UP

International Board Now Clear of Shocks.

MONTREAL, Jan. 21.—(Can. Press).—The Daoust note for \$200,000 in the International Bank accounts, which

led to the efforts to institute proceedings against the officials for violation of the Bank Act, has been paid up. Judge Leest threw out the application for a warrant when two prominent banking officials assured the court that the item in question was in its proper place in the current loan account.

### Police Estimates

Chief of Police Grasett turned in his estimate for the maintenance of the present police force, but this also was laid over. Although no provision is made for increases in salary, changes in equipment or a larger force of men, there is an increase in the estimate of \$40,000 more than for the past year. This is explained by the fact that many of the men are by reason of service, coming into larger salaries and the upkeep of horses and stations has increased. The figure set by the chief was \$684,000.

In his supplementary estimate, the chief will provide for a motor patrol and a motor ambulance, and also more pay for constables. He will also include an item for more constables to patrol the newly annexed districts.

Constable Fraser tendered his resignation.

## Drink Habit

REMEMBER

### The GATLIN Treatment

IN THREE DAYS

### CONSTRUCTION OF CENTRAL RAILWAY URGED BY ORILLIA

#### Government Is Asked to Aid in the Building of a New Line From Montreal to Lake Huron Thru Northern Old Ontario—Running Rights For Intercolonial.

Orillia urges the Canadian Government to pass the bill now before Parliament asking for the right of the Central Railway of Canada to extend its railway through the heart of the province from Montreal to Goderich on Lake Huron. At a large public meeting held in the flourishing town to be held in the morning, the following resolution was drawn up, urging the Government to contribute aid to the construction of the road, and will be sent to Hon. Frank Cochrane, minister of railways. It was the opinion of the meeting that the proposed railway would be of great benefit to the northern section of old Ontario, and it was also considered a good move if, upon the completion of the road, the intercolonial was given running rights over it to the Great Lakes. The following resolution was unanimously passed, moved by W. S. Frost, seconded by A. B. Thompson:

**A Great Benefit.**

Resolved—That this meeting is of opinion that the construction of the Central Railway of Canada as a high-class low-grade railway from Montreal to Midland via Hawkesbury, Carleton Place, Fenelon Falls and Orillia, and the extension to Toronto and Port Stanley, would be of great benefit to the Province of Ontario and the Dominion of Canada.

That, in view of the benefit to be derived by the Province of Ontario from the construction of the Central Railway of Canada, the Government of the province is requested to grant such assistance towards its construction as it has given in the case of other railways.

That, considering that the construction of the Central Railway of Canada between Midland and Mon-

treel, by way of Hawkesbury, Carleton Place, Fenelon Falls and Orillia will provide the shortest possible route between Montreal and the Great Lakes, and that it will also provide railway facilities to a large and important district in Central Ontario now entirely without them, and many desirable additional transportation advantages to other districts, the Government of Canada should give the most liberal aid towards the construction of the line.

**Extend Intercolonial.**

That the extension of the Intercolonial Railway system into the Province of Ontario appears to us to be in the interest of both the country and the railway, and it is only fair to the ratepayers of the Province of Ontario, who, from the commencement of the construction of said line, have been the largest contributors to its cost.

That in the opinion of this meeting the proposal that the Government of Canada should obtain for the intercolonial trains running rights over the Central Railway of Canada from Montreal to Midland, Toronto and Port Stanley, via Stratford and London, is one that should have immediate and serious consideration, as it would provide all the facilities required without any capital expenditure on the part of the government.

That in the opinion of this meeting the town of Orillia would be greatly benefited by the extension of the Central Railway of Canada to Goderich on Lake Huron, and the Dominion Government is requested to pass the bill now before Parliament asking for the right to the company to construct this extension.

### SUPERINTENDENTS ARE APPOINTED

#### The Methodist Mission Board Finds Increased Work Too Much For Six Heads.

#### EIGHT NOW IN CANADA

Rev. W. H. Cross and Rev. F. L. Brown Associated With Others Already Appointed.

Two new additional home missionary superintendents were appointed by the Methodist mission board executive. The additions make a total of eight to cover the Dominion.

The new superintendents appointed were Rev. W. H. Cross of the Saskatchewan conference and Rev. Oliver Darwin, who required assistance owing to the great increase of the work entailed by the rapid settlement of that portion of the West.

Rev. F. L. Brown of Bracebridge was appointed superintendent for the Toronto, Bay of Quinte and Montreal conferences.

The executive met at the Wesley Building, Rev. Dr. Carman and Rev. Dr. Chown, general conference presidents, acted alternately as chairman.

The executive will meet again at a date to be decided upon in April.

### RESENT INTERVENTION OF U. S. IN NICARAGUA

At the time of the revolution in Nicaragua last August, the central American court of justice at Cartago, Costa Rica, intervened and sent a commission to treat with the belligerents. At the same time the United States minister in Managua to prefer his good offices to bring about a settlement. It was reported then that President Adolfo Diaz intended to accept the offer, but a few days later the U. S. landed troops.

**LIBERALS HOLD FLINT**

LONDON, Jan. 21.—(C.A.P.)—The result of the Flint-Boroughs by-election caused by the death of J. W. Summers, was Parry (Liberal) 2182; Hamlet Roberts (Unionist) 1941.

### ANGLICAN LAYMEN'S SUPPER

The fifth annual supper of the Toronto Committee of the Anglican Laymen's Missionary Movement will be held tomorrow evening at 6.15 in St. James' Parish House. It is expected that not less than 250 men from all parts of the city will be in attendance at this supper. The speaker of the evening will be the Very Rev. Dean Du Moulin of Cleveland, Ohio. Dean Du Moulin is a son of the late Bishop of Niagara, who was formerly rector of St. James' Cathedral, and known throughout Canada for his wonderful oratorical powers. The Dean of Cleveland has inherited in a very marked way many of his father's striking characteristics and wonderful abilities.

This supper is one of the features of the Annual Missionary Campaign now being carried out in the city by the Anglican Laymen's Missionary Movement. Some 20 or 24 parishes will be engaged next week upon a systematic canvass for gifts to missions. It is hoped that the objective for this year of \$100,000 will be reached.

### RALPH BURGESS DIED YESTERDAY

#### Prominent Business, Financial and Scottish Society Man Died After a Short Illness.

In the death of Ralph Kerr Burgess, at St. George Apartments last evening, one of Toronto's foremost business men, passed away, Mr. Burgess was in his 73rd year.

It was some time late in the sixties that Ralph Kerr Burgess left Perthshire, Scotland. Shortly after coming to Toronto he formed a partnership with William Ramsay. The two rapidly built up a large grocery business.

So successful were they that about 1880 they were able to retire. Mr. Burgess devoted a large amount of his time to Scottish societies, in fact, any Scottish association was very interesting to him and demanded his attention.

After he had retired Mr. Burgess became a director of the Canada Permanent Mortgage Corporation, and was connected with many other financial institutions. He was elected president of the Granite Club, but resigned a few years ago, owing to ill-health.

In politics Mr. Burgess was a staunch Liberal and was active in the views of the Conservative in his views. He was an Anglican in religion and attended the Presbyterian Church.

Three sons and three daughters survive: Ralph K. of MoAdams & Burgess, Philadelphia; Arthur C. of Toronto; and W. O. Burgess of Auburn Nurseries, Queensville. The daughters are: The Misses Jessie and Lillian and Mrs. T. A. Gibb of North Toronto.

The funeral will be private on Thursday.

### STUDENTS FINED FOR "RUSHING"

#### Thirteen Men From Veterinary College Were Assessed Five Dollars Each.

For "rushing" the Star Theatre during intermission last Tuesday night thirteen students of the veterinary college were fined five dollars each by the police court yesterday.

The management complained that the students had broken up the theatre during intermission and laid a charge of trespass. The names of the students who were fined are: Frank Brestell, Wm. Carey, Allan Cameron, Edward Gibson, William H. Lawrence, Wright Gilbert, Fraser, Geo. Moore, Robert Fox, Matthew Carson, Thos. Childs, Frank Palmer and Herbert Thos.

### TRAINS DELAYED BY A WASHOUT

#### Toronto-Ottawa Service Tied Up Several Hours and Passengers Were Delayed.

A serious delay in the C.P.R. service between Toronto and Ottawa, and Toronto and Montreal was experienced yesterday, owing to a washout of the tracks at Pontypool, near Peterboro. As a result of this, and the breaking in of the drawbar of a freight train near Smith Falls, Ottawa North Station, which left Toronto Union Station at 11.30 p.m. and north Toronto at 11.40 p.m., did not arrive at Ottawa until nearly noon yesterday.

Its regular time for arriving there is 7.50 a.m.

Montreal train No. 22, which leaves here at 10.30 p.m., was delayed more than three hours. The Montreal train No. 24, which leaves North Toronto station at 10 p.m., was delayed by an hour and a half.

Train No. 21 from Montreal, which should have arrived here at 7.30 a.m., did not reach here until 9.40 a.m. Montreal train No. 23 was thirty minutes late in arriving here. Ottawa train No. 35, due at North Toronto at 6.40 a.m., at the union station at 7 a.m., was two and a half hours late.

### DESKS WERE RIPPED. Electrician Charged With Stealing in Eaton's Store.

For some time past desks in the different departments of Eaton's store have been broken into and articles taken. The store suspected that one of the nightwatchmen was responsible for the thefts. Last night they set a watch.

It is alleged that Denis McCartney, an electrician, living at 108 Boucher street, broke open a desk in the store and later placed under arrest by Detective Archibald.

### CHEER UP, SPRING WILL BE EARLY

#### Peculiar Weather Is Due to Planets and Early Break Is Prophesied.

### MARS IS COMING NEARER

#### Eleven Million Miles Closer to Earth Than Usual at This Season.

### MEAT MAY GO ON FREE LIST OF U.S.

#### Strong Trend Towards Free Cattle Also Shown by Democratic Majority.

WASHINGTON, Jan. 21.—(Can. Press.)—Free meat proposed by the house Democrats at the last session, but blocked by a presidential veto, was indicated as part of the extra session of congress tariff revision program, at the hearing before the house committee on ways and means today.

Members of the committee emphasized the majority sentiment in favor of free meat and a strong trend towards free cattle, in accord with the general policy of the Democrats last year to transfer the necessities of life to the free list, including free sugar and free lumber.

Protests against putting cattle and meat on the free list was voiced by H. S. Cowan of Fort Worth, Texas, as spokesman for the cattle industry of the Mississippi River. Mr. Cowan said that such a plan, if adopted, would mean a flood of cheaper meats from the South American ranges, and pictured a ruin of the industry in Texas. He urged the committee to maintain a fair residential in the American markets, and said that any importations of foreign cattle would come from Mexico, Canada and the Argentine.

### STUDENTS FINED FOR "RUSHING"

#### Thirteen Men From Veterinary College Were Assessed Five Dollars Each.

For "rushing" the Star Theatre during intermission last Tuesday night thirteen students of the veterinary college were fined five dollars each by the police court yesterday.

### RIDDELL STILL AT LARGE.

NO success has yet attended the efforts of the police to catch S. G. Ridgell, wanted for robbery of a cigar store in here. His companion, William Grigg, is in jail on remand, but has made no confession of guilt.

### STURDY PROTESTANT PARDONED

MADRID, Jan. 21.—(Can. Press.)—The government has canceled the punishment inflicted on a Protestant soldier for refusing to kneel during a mass at Ferrol and will shortly publish a regulation drawn up in such manner that a repetition of the incident will be impossible in future. The soldier had been condemned by the highest military court to six months' imprisonment.

### Another Evers.

NEW YORK, Jan. 21.—Manager McGraw of the New York Nationals, who returned to New York today, announced he will take a young brother of Johnny Evers, manager of the Chicago National club, on a training trip to Marlin, Texas. Young Evers is an infielder, 22 years of age. He has played semi-professional ball around Troy, N.Y., and has big league ambitions. McGraw says he will give the youngster every chance to qualify.

**CORBETT'S IRISH WHISKEY**

There is a fascinating mildness about "Corbett's Three Star" Whiskey that will please you. It has none of that pronounced flavour identified with many Irish Whiskies, but is a Whiskey thoroughly mellowed and matured, breathing an air of purity and charm that cannot fail to appeal. Every bottle of "Corbett's Three Star" has the "Veritor" guarantee of excellence which protects you from inferior brands.

## LATE SLATER SHOE STORE 117 YONGE STREET

### Now for the Final Round-Up--- What's Left of Three Great Stocks all Crowded into One Store--117 Yonge St.

So far as our interests in the big Hamilton store are concerned the store is closed—And so far as our interests in the College and Yonge branch stores, they are no more—But there are great ends of the \$100,000 Liquidation Stock still to clear, and only a little while to do so—So we are "carting" everything that's left right to the old main store—117 Yonge street—and there only will we continue to give the phenomenal shoe bargains that we have been passing out to the public for these weeks past—These added lines will give new interest and new enthusiasm to the great Liquidation Sale and some of the best lots of the whole Sale period will go to those who'll appreciate such substantial money saving in high-grade footwear.

Remember--At 117 Yonge Street Only

## MEN'S BOOTS

The Hamilton stock—the Yonge and College stock—and all that are left in the fixtures here of men's boots—all good styles—seasonable weights—all leathers—tan and black—medium and broad toes—you have choice from just about the most attractive \$5.00 values that you ever picked from, and the three-stock combination price will close them out at

# 2.45

## LADIES' BOOTS

Selling Ladies' \$3.50 to \$5.00 Boots—all styles—all leathers—at such a "Magnetic" price has kept us the busy people in the Ladies' Department for days. Apart from the great rush over the counters—the Mail Order Department has been doing big things and why not? Assortments are greatly enhanced by the addition of the Hamilton and College and Yonge stocks, and we're looking for some of the biggest days yet in Ladies' Boots at the 3-stock combination price of

# 1.50

Late Slater Shoe Store 117 Yonge St. (ONLY)

## Many Horses Sold At the Repository

The sale at the Repository yesterday was one of the best held so far this year. A great many good horses found new owners. The sales ring was crowded with buyers from all parts of the country.

**WHY MEL BROCK DID NOT START.** Buffalo News. Accompanying the Toronto athletes to Buffalo was a big delegation of sport fans from the Canadian city. Included in the bunch were Jack Tait and Mel Brock, the Olympic star. Jack Tait was merely a spectator, but Mel Brock was carded to start from scratch in the 800-yard handicap, but he failed to appear much to great disappointment. Commissioner Ed Rogalski said Brock was under suspension for the alleged playing of professional basketball.

Company bought a part load of horses. On Friday, Feb. 7, the entire stock of Jan. H. Brown, Halesbury, bought a load of serviceably sound horses: T. H. Clark, Davidson, Sank, purchased a part load of horses; Z. C. Wakefield, North Bay, Ont., bought 2 loads; William Brooks, Paris, Ont., got a part load of horses; C. A. Ward, Fireproof Storage Co., bought 10 horses for their work; Gurney Foundry Company got a brm. for \$175; T. A. Hill, Fergus, bought 6 horses; H. Death, Dixie, got a b.g. for \$140; J. A. Dennis, Bolton, purchased a chm. for \$280; Thos. Varcoe, Campbellford, got a b.g. for \$145, and a b.g. for \$80; D. R. Hamilton, Roche's Point, got a b.m. for \$157.50; Ross Walker, Lisle Station, got a b.g. for \$85; M. Bouskill, Georgetown, got a b.g. for \$85; J. C. Eiken, Fort Credit, bought 6 horses; E. Wickert got a b.m. for \$122.50; Thos. Barry bought a b.g. for \$17.50; the Harry Ruben Bread Co. got a b.g. for \$170; the Dominion bakery got a b.g. for \$145; F. E. Muir bought a b.g. for \$145; John McGee bought a grey mare for \$65; R. Whitaker got a b.m. for \$107.50; R. Johnston got a b.g. for \$190; C. H. Jones, Richmond Hill, got a b.g. for \$190; Wm. Boyd bought a b.g. for \$110; S. Brenzel got a b.g. for \$225; W. J. Hougrave got a b.g. for \$225; James B. G. secured a b.g. for \$115; P. F. Ficklin got a b.g. for \$145; Wm. Maher secured a b.g. for \$115; Luke Bron got a b.g. for \$227.50; Harry Stanton, Pictou, Ont., bought a pair of bay mares for \$450.

**Indoor Baseball.** Last night the first of a series of games which are intended to revive interest among the men of the regiments in the indoor game was played. The game proved to be the most exciting since the last Currie Cup series, and was witnessed by a large and enthusiastic crowd of fans. The contestants, C. Co. of the Q.O.R. and G. Co. of the 4th, trotted out their regular lines of a few years ago. C. Co. had a little better of the argument, winning out by the score of 15-9. Batteries—For C. Co., Cook and McWhirter; for G. Co., Jones and Thorne. The next meeting between these two teams should prove decidedly interesting, and will, no doubt, be looked forward to by the followers of the teams.

**HORSE SHOW DATES CHANGED.** Toronto picked the very dates that Montreal had started to advertise for a horse show, and consequently the Canadian National Horse Show will be given a week earlier, according to a decision of the committee, arrived at yesterday, viz., Tuesday, April 29, to Saturday, May 3.

The Toronto World

FOUNDED 1827. A Morning Newspaper Published Every Day in the Year by The World Newspaper Company of Toronto, Limited, H. J. Maclean, Managing Director.

WORLD BUILDING, TORONTO, NO. 40 WEST RICHMOND STREET. Telephone Calls: MAIN 5395—Private Exchange connecting all departments.

will pay for The Daily World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

will pay for The Sunday World for one year, by mail to any address in Canada or Great Britain. Delivered in Toronto or for sale by all newsdealers and newsboys at five cents per copy.

Postage extra to United States and all other foreign countries. Subscribers are requested to advise us promptly of any change of address, or delay in delivery of The World.

WEDNESDAY MORNING, JAN. 23, 1913

MR. FORMAN AND TAX REFORM.

Large sums are being made by land speculators and the municipality should share in the increment. In these words Commissioner Forman faces the problem which the rapid growth of every modern city presents.

What has The Telegram to say to this? It would provide a very considerable annual revenue, which would be applied solely to the reduction of the tax rate, Mr. Forman asserts.

One particular effect it would have which would remedy the greatest existing weakness of the assessment department. Rather than pay two per cent, on the difference between real and assessed values owners would insist on having their property properly rated.

The Telegram has been very much opposed to this plan for making city land speculators come up to the city treasury. It was all the paying to be done by the land owners and land butchers outside the city limits.

BOARD OF TRADE ACTIVITIES. The Board of Trade seems to be developing more corporate consciousness, and along with that more sense of its duty to the community than any other body in the city.

TRUST RESTRAINT. Seven bills prepared by Governor Wilson of New Jersey, and President-elect, with the assistance of Chancellor Walker and Judge Van Syckel, were introduced in the State Legislature on Monday night.

THE DEMAND FOR GOLD. So interlaced in finance are the civilized countries of the world becoming that it is no longer a dream to look for an almost universal recognition of the enduring benefits of peace.

requirements by several times that amount, retiring it absolutely from use. For a long time the secretary of state for India indicated not long ago that the natives of India were inclined to use gold rather than hoard it, so conservative are their habits that it may be years before the present stringency is alleviated.

It there be a gold stringency, as Mr. Roberts and Financial America affirm, the increased gold production of recent years cannot have had that main influence on high prices which is commonly supposed. The director indeed says that "if no more gold is available for Europe in 1913 than in 1912, discount rates will rule high and industrial expansion will be curtailed.

NOT WORTH THE WORRY. Governor Sulzer of New York has said all that is necessary about the Ferris report. "Forget it," he says, "it is not worth the worry you appear to be giving it."

MORE OR LESS? The Globe should start another campaign to increase the size of the loaf. Three years ago we used to get 20 ounces of good bread for five cents, but the Globe was not satisfied and promoted a bill which reduced the size of the loaf to 12 ounces while the price remained stationary at five cents.

RODE AND GUN. The one magazine that appeals especially to the hunter, fisherman and sportsman generally throughout the whole of Canada, Rod and Gun, in Canada Rod and Gun brings the sportsman into close touch with his favorite recreation at all times, and particularly at those seasons of the year when he is not able to indulge in person.

RAWDON TOWNSHIP CONSERVATIVES. BELLEVILLE, Jan. 21.—(Special.)—At a largely attended meeting of the Conservative Association of Rawdon Township, officers for the year were elected.

BANK OF HAMILTON CONTINUES TO GROW. Unlike certain other of our Canadian chartered banks which show a tremendous accretion of deposits and paid-up capital as the result of the combining of one bank with another, the Bank of Hamilton continues, as the result of its annual business, to exhibit only natural, if somewhat noteworthy, gains all along the line.

YOUR EYES FOR LIFE. The eyes you have now are the only ones you will have. They are not like teeth. Allow our optician to test your eyes and report as to your need of glasses.

For Those Who Work

Keele's Special EXTRA MILD ALE

Those who work hard, find a nourishing stimulant is absolutely necessary to build up the fagged out body and restore the unstrung nerves.

HUSBANDS AND SONS. Upon one coast the Rockies stand, as wardens of our western land; with peaks superb and vistas grand, stupendous and gigantic; we travel east a week or more before we hear the sullen roar upon our country's eastern shore of waves from the Atlantic.

RODE AND GUN. The one magazine that appeals especially to the hunter, fisherman and sportsman generally throughout the whole of Canada, Rod and Gun, in Canada Rod and Gun brings the sportsman into close touch with his favorite recreation at all times, and particularly at those seasons of the year when he is not able to indulge in person.

RAWDON TOWNSHIP CONSERVATIVES. BELLEVILLE, Jan. 21.—(Special.)—At a largely attended meeting of the Conservative Association of Rawdon Township, officers for the year were elected.

BANK OF HAMILTON CONTINUES TO GROW. ### CITY'S FIRE LOSS OVER A MILLION

Big Fire in Car Barns and the Allen Manufacturing Company Amounted to Half a Million.

### THE INCREASE IS LARGE

Chief Thompson Complains About Obstruction on Account of Overhead Wires.

The total loss by fire last year amounted to \$1,102,854, just \$665,896 above that of the previous year, according to the annual report of Fire Chief Thompson.

Two children were burned to death, while 19 citizens were injured; 39 members of the brigade were hurt, some seriously, but no deaths occurred.

The chief makes a complaint on account of obstruction by overhead wires. He says: "For 12 or 14 years have been annually calling attention of the committee on fire and light and city council to the obstruction and delay our department has experienced, and also to the serious danger to both life and property occasioned by the overhead wires in the city, especially in congested districts, and would again be taken at once to have this danger removed."

### DYSPEPSIA MADE HIM MISERABLE

Fruit-a-tives Until "Fruit-a-tives" Cured Him.

Hundreds of people gladly testify to the wonderful curative powers of the famous fruit medicine, "Fruit-a-tives."

"Fruit-a-tives" were so beneficial to me when I suffered with distressing dyspepsia, that I wish to inform you of their satisfactory results.

"Fruit-a-tives" will cure every trace of indigestion, dyspepsia, sour stomach, bloating, pain after eating, biliousness and constipation.

### LABOR MEN WANT NEW REGULATIONS

Deputation to Premier Urges Provincial Control of All Telephone and Telegraph Systems.

### TO PROTECT MOTORMEN

Should Have Longer Training Before Taking Charge of Cars—Urge Eight-Hour Day.

Twenty-one resolutions, suggesting changes to law now in force, were presented to Sir James Whitney by a deputation of representatives of organized labor, led by Allan Studholme, M.L.A., East Hamilton, on Tuesday.

One of the most important steps that the government was asked to take was suggested by James Simpson, who urged provincial control and operation of all telephone and telegraph systems in Ontario.

### L'EPION

He's the man that T in Toronto put the capital

### 'S TEA

board, he said, should be abolished. Toronto street cars should be changed to meet such requirements. He urged a longer training period for new motormen.

Better conditions for stage employees were asked. Proper sanitary appliances for all stage hands were said to be necessary.

The International Plumbers' Union desires the better sanitary conditions in towns and villages, and that it be made necessary for a would-be plumber to pass an examination before given a license to work at the trade.

The deputation consisted of James Simpson, Joseph Gibson, Allan Studholme, M.L.A., O'Donnell, A. Garland, T. Moore, L. Worthall, Fred Bancroft, W. Storey, T. G. Mills, W. Shank, M. Clark, H. Scott and J. McLeod.

A Wasted Example. An old lady, leaving church after a service which had been attended by a crowded congregation, was heard to say: "If everybody else went only 4 cents, and stay quietly in the seats, all everyone else has gone out, there would not be such a crush at the door!"

### PROVERB CONTESTANTS SOON TO KNOW WINNERS

Examining, Checking and Filing the Many Thousands of Proverb Sets Soon to Be Completed.

The work of picking the winners in The Toronto World's great \$5000 Proverb Contest is nearly completed, but it must still be some days before the successful contestants can be made known.

Practically 19,000 sets of answers were sent in in this great contest, and, naturally, the work of examination is a slow and tedious task.

Every contestant was duly informed from time to time through the contest, and through the published rules, which appeared in every other copy of the paper, of the progress of the contest.

Many sets of answers have also fallen on account of the trifling mistakes in spelling and punctuation. Many of these contestants are to be congratulated, as it was only necessary to hint at the proverb rather than to be punctual and accurate in their writing.

Thousands of letters commenting upon the Proverb Contest as one of the most interesting and entertaining features ever conducted were enclosed with the sets of answers.

Installments of the correct answers will continue to appear daily, and contestants should watch The Daily World closely for announcement of the exact date upon which the winners will be published.

### Last Instalment of Correct Answers

In The Toronto World's Great Proverb Contest

The examining, checking and filing of the sets of Proverb Answers in The Toronto World's Great Proverb Contest, have been completed and the names of the winners of the prizes will be published within a few days. The last instalment of correct proverb solutions appears today.

### CORRECT PROVERB ANSWERS Sixty-three to Seventy-five

- 63. When two play, one must lose. Pg. 43.
- 64. Keep your own counsel. Pg. 35.
- 65. An idle brain is the devil's workshop. Pg. 45.
- 66. As long as there is life, there is hope. Pg. 44.
- 67. No question is settled until it is settled right. Pg. 45.
- 68. The right man in the right place. Pg. 35.
- 69. A little learning is a dang'rous thing. Pg. 52.
- 70. Don't cry out till you are out of the woods. Pg. 45.
- 71. Better go about than be drowned. Pg. 47.
- 72. To take one a peg lower. Pg. 47.
- 73. Don't count your chickens before they are hatched. Pg. 57.
- 74. Examine well the counsels that favor your desires. Pg. 35.
- 75. The end justifies the means. Pg. 37.

Contestants Must Watch The World Closely For Exact Date of Announcement of The Winners.

### TO PROHIBIT SALE OF WESTERN SCHOOL LANDS

Senator Davis Urges That Government is Depriving Itself of Valuable Assets.

OTTAWA, Jan. 21.—(Can. Press.)—The senate today discussed the disposal of school lands at some length. Senator Davis made a motion which was in substance as follows: "That in view of the rapid increase in land values in the western provinces, the senate is of the opinion that school lands in these provinces should be withdrawn from sale, and leased only until they can be sold at the best advantage in the interest of the public schools."

Senator Ross said he was not convinced upon this point. Men with limited capital might be buying land outright. The school areas had been the greatest advantage to education in Ontario, and he was not prepared to drop his motion.

COMMERCIAL HANDBOOK OF CANADA. "Heaton's Annual," otherwise known as the "Commercial Handbook of Canada," now in its ninth year, has fully established itself in public opinion.

# PERK BULL AGAIN TO THE FRONT

### He Is Busy in England Extolling Canada, the Old Flag, and Red Deer Real Estate.

Mr. W. Perkins Bull, K. C., of Toronto, is making more speeches in England. He is over there as president of the British Canadian Realty, Limited, which has a big office in Kingsway, London. The World has received a copy of the Weston-supervised annual dinner in December of the Master Builders' Association of that place, and where he was the honored guest of the evening.

The chairman called on Mr. W. Perkins Bull, K. C., the guest of the evening. Mr. Bull said the Weston Master Builders' Association was honored by Mr. Bull's presence, for he was the representative of a very great Dominion (applause). He (Mr. Bull) had recently returned from Canada, but anything he could tell them about that vast country must of necessity be only superficial. He could assure them of this, however, that no noble development of that colony had in any way been over-estimated. It was impossible for anybody who had not been in Canada and seen for himself to realize what was being done. The evidences of prosperity and of loyalty to the mother country were to be seen on every hand, and their guest that evening was playing a highly important part in the promotion of imperial unity.

He asked them to rise and drink the health of Mr. Bull, K. C., a visitor from one of our greatest daughter countries. (Applause) which greeted the toast had subsided, and as Mr. Perkins Bull rose to speak, the orchestra played "The Maple Leaf" with enthusiasm. The presence of old friends like Mr. O. C. Dapfel, who past president Mr. C. Addicot, who toured Canada with the international pavilion, my friend and host, Mr. Henry Butt, your munificent patron of Canadian many sports, makes one feel at home. So does the very kind and enthusiastic manner in which you have sung "The Maple Leaf". You have a fair city in Weston-on-Mare, where 25,000 or 30,000 people enjoy the year round in ease and luxury, delightful scenery, bracing atmosphere and living conditions I think not surpassed in the British Isles, and without the necessity of worry of world. (Applause) which was a delightful people living in a delightful place.

Let me thank Mr. Bull for the kindly sentiments expressed by him in giving this toast, and particularly let me thank this great concourse of business men for the enthusiastic response they have given to the name of my premier, Right Honorable R. L. Borden. (Loud applause.) That is just the way in which Canada is being treated. He has come to recognize in him an imperialist and a statesman of character and ability and force of character. (Loud applause.)

Look if you will at the progressive and happy Province of Alberta, whose gifted premier, Honorable Arthur L. Sifton, is now in Great Britain. His province has multiplied its population by five during the past decennial census period, and while other nations are seeking colonies to which to send their surplus population, Great Britain is very fortunate in having her own. (Applause.) Alberta Province, I think, holds the world record in that 80 per cent. of its people own their own homes.

To you, Master Builders, I would say in your spare time, when you have

completed this beautiful city, give us a look-in. Come, for example, to Red Deer, the thriving town in Central Alberta, where Mrs. Ben C. Kelson, Mr. Henry Butt's only daughter, lives. Here, for example, the Canadian Pacific Railway, the Canadian Northern Railway, and the Alberta Central Railway are all engaged at the moment in extensive constructions. Here, Mawson Mattocks, your English landscape expert, is establishing extensive nurseries and greenhouses. Here are new creameries, lumber mills, brick yards, etc., being erected. In this charming town of Red Deer there must be many homes to house your own people who are coming out, and there are many opportunities such as this in Canada.

My good friend, Mr. Bull, in proposing this toast, used the word "Colonial." I hope the day is far distant when its use will be discontinued. (Hear, hear.) In Canada we always speak of Great Britain and Ireland as "home," or as "the mother country." (Applause.) We come here in that way, you realize, in that way. We want a hundred thousand settlers, and we come to the "mother country" and get them, to till our fields, to harvest our wheat, to have our timber, to catch our fish, to dig our minerals, to build our cities and to manufacture our products. Or perchance we want a hundred million dollars. We come "home" and get it to carry on our public works, to build our railways and canals, to open up and develop our country and its industries. (Applause.)

Shortly before leaving Canada I visited my mother at "Hawthorn Lodge," the old family homestead at Brampton, in Ontario. Mother greeted me as "my boy," not as "Mr. Bull." Others of my eleven brothers and sisters were home at the same time. In ordering dinner she did not say "we have visitors today," but on the contrary she said that the children are home. (Loud applause.) I see you catch my meaning. I like the term "Colonial." I like the treatment which the mother country has given us in the past under that name. (Hear, hear.)

## SUFFRAGETTES HELD IN DREAD

### Rejection of Amendment to Franchise Bill May Be Followed by Serious Outbreaks.

LONDON, Jan. 21.—(C. A. P.)—There are dark rumors about London as to what the militant suffragettes intend to do when, as they fear, Sir Edward Grey's amendment to the franchise bill giving votes to women may be defeated in the house of commons on Friday.

The dislocation of the electric street cars by tampering with the underground conduits and a wholesale dislocation of the telephones are the mildest retaliatory actions hinted at. Although the leaders do not sanction killing, it is pointed out by those close to the police authorities, that peril lies in the individual action of militant women and the profession that they are ready to die for the "cause." Every member of the cabinet is more closely guarded than ever.

## THIS STORE TAKES YOUR FOOT MEASURE

### Scientific Method of Fitting Feet With Fine Footwear at Slater Store.

Quite the newest thing in boots and shoes and a novel way of sketching the customer's foot and supplying a fit to match, were sprung on Toronto yesterday.

Daintily decorated with flowers and ferns, and furnished in oak of a natural and pleasing finish, Slater's boot shop, at one-sixty-three Yonge street, attracted great attention. The store is filled with the newest and brightest ways of selling shoes, and most welcome of all was the something that assures a perfect breaking-in of boots that bruise, no limping up the street, although the clerk has pulled down a dozen pairs in a vain effort to find the "right one." No more of that; all you have to do is to place your foot in a patent attached to the foot-rest; the salesman draws an outline of the foot. Figure lines tell him just the boot you want. "Why, we suited dozens of people today with the first boot we took from the shelf, and the second try was successful with most of the rest," said Manager Bond, who saves up the footprint and will know exactly what pair to give you when you come again, which you will. His staff are courteous and the efficiency of their work is aided by the systematic shelving of the varied and large stock.

## GRAND OPENING OF NEW BUILDING

### R. S. Williams & Sons' Handsome Premises Thronged All Day Yesterday.

## A CONTINUOUS RECITAL

### Orchestra, Piano and Player-Piano Music Furnished For Visitors.

Yesterday the R. S. Williams & Sons Company celebrated the official opening of their new building, 145 Yonge street. Crowds thronged the first four floors all day and enjoyed the fine musical program and phonograph recitals. On the main floor an instrumental quartet played at intervals from 10.45 a.m. to 10 o'clock p.m. on the second floor a continuous recital was given on the Edison New Disc Phonograph and the Victor Victrola; on the third floor an instrumental recital was provided by the piano soloist and player-piano soloist, and on the fourth members of the Toronto Symphony Orchestra rendered concerted pieces with solo selections on violin, piano and other instruments. All these renderings were greatly enjoyed by the visitors.

The firm was established by the late R. S. Williams in 1849, and in 1870 moved to 142 Yonge street, adjacent to the new building. His business increased rapidly, and in 1897 the wholesale end was established. Now in addition to the Toronto headquarters there are branches at Winnipeg, Calgary and Montreal, and more extensive central premises became necessary. The building just opened is the highest solid concrete structure in Canada and rests on rock forty feet below the street level. Without architectural pretension it is admirably designed for its purpose, and makes ample provision for the very extensive stock the company carries. For in this building alone in Canada can be purchased any instrument manufactured from a new Harp to a Wurliitzer Electric Orchestra.

While the front of the main floor is used for the retail sale of small instruments, in the rear is a room and vault of great public interest. These contain the Williams collection of rare old violins, known through the world and of great public interest. These contain the Williams collection of rare old violins, known through the world and of great public interest. These contain the Williams collection of rare old violins, known through the world and of great public interest.

On the second floor is the main show room, exhibiting every model of the Edison and Victor Talking Machines and containing the Victor stock-rooms. There are also ten soundproof rooms, automatically ventilated, where intending purchasers can hear the records free from disturbance. The third floor is devoted to the Art Piano and is composed of the mission-room, rose-room, decorated with plaques of famous composers; the green-room, with ornamental panels, and the main art-room, given over to the exhibition of Pianos. In the green-room is one of the new Edison Disk Phonographs, which are not yet on the market. This new invention created a tremendous furore at Boston Exhibition.

On the fourth floor is the piano show-room, with examples of the New Scale Williams, Chickering, Eminent, Haines Bros., Marshall & Williams, Ennis & Co. and four other makers. This floor also contains Mr. Williams' fine collection of antique instruments, including a Welsh Triple Harp, the only perfect specimen in the world. Indeed, only one other specimen is in existence, but lacks the head. This harp is absolutely priceless and the Dublin Museum authorities asked the owner to name his own terms, so anxious were they to secure this relic of ancient British times. Other specimens are old Italian chitarrones, a Persian lute of the 18th century, inlaid with pearl and ivory; a complete sequence of 18th century harpsichords and clavichords, dating from the same century; many rare documents and autographs and old violins. At the back is the repair department.

The fifth floor is the stock-room, with the Mayer Music Rolls, and is the first of the retail floors. The four floors above this are given over to the wholesale department of the business and the tenth contains the general offices, with plenty of light, heat and power. On the ninth floor can be seen the Wurliitzer Piano Orchestra, with eight instruments in one and capable of being played either automatically or by hand. It is now extensively used in the smaller theatres.

Some idea can thus be gained of the magnitude of the Williams business, and how supplying as it does 2500 dealers in Canada and with connections all over the Dominion.

## "LOAN SHARKS" FALL ON EVIL DAYS

ALBANY, Jan. 21.—(Can. Press.)—The court of appeals today dealt a severe blow to the so-called "loan shark" business, when it held as illegal the practice of exacting additional sums from borrowers under the guise of payments for expenses incurred in drawing up papers and examining the title of property. The court says that under a law recently enacted, persons or corporations engaged in lending money on personal property loans cannot charge more than two per cent. interest per month and not more than \$2.00 for expenses incurred on loans of less than \$200.

# "PINNACE"

## NAVY CUT TOBACCO

Letters from a Deep Sea Smoker

**DURIN' manoevers off Spit'ead, the Admiral 'ad a bit of a fallin' aht with our First Luff, an' boarded us, 'oppin' mad, for to give 'im w'at for. An', 'ang me, if the bloomin' bird didn't up and pipe at 'im, 'Give us a pipe o' PINNACE, Bill, 'w'ich appened to be 'is real name.**

**Well, O' Bill 'e drops 'is glass eye, an' 'ands it to me, 'ot and 'eavy. W'en 'e sees it's the bird, though, 'e grins a bit an' walks on. But 'e was feelin' so good that 'e lets our Number One down easy like, an' blest if they don't ship me down six tins o' PINNACE from the ward-room stores, 'w'ich I smokes off and on thereafter durin' dog watch.**

**It makes jolly good smokin' too, an' I learned later on that O' Bill smokes it 'isself, knowin' like I do w'at a good smoke is."**

3 Strengths—Mild, Medium and Full. 3 Sizes—2, 4 and 8 oz.  
**"PINNACE"—THE COOLEST OUTDOOR SMOKE. SOLD THE WORLD OVER. GET A TIN AND ENJOY IT TO-DAY.**  
 Made by the B.D.V. People, London, England. F. W. Dimock, Toronto, Direct Representative

## Get Rid of All Indigestion

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretions of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain these natural elements necessary to digestion, and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad, and their composition has been approved by the highest authorities. There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is known among physicians, as the most popular of all remedies for indigestion, dyspepsia, water-brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases arising from improper dissolution and assimilation of food, because they are so thoroughly reliable and harmless to man or child. Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents a box and are at once a safe and a powerful remedy, one grain of the active principle in these tablets being strong enough (by test) to digest 3,000 grains of steak, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

## THOS. DAVIES TO INTERVIEW BOARD

### His Solution of City's Water Problem Would Do City Good.

## FARMERS WANT MARKET

### Fire Heroes to Get Gold Medals For Gallant Conduct at Fire.

"If you will meet me for an hour sometime this week, I shall be very pleased to have you attend an interesting talk on the present conditions of the filtration plant," said ex-Ald. Thomas Davies to the board of control yesterday. "I will also show you a diagram of the workings of the slow sand filter, as compared with the mechanical filter," he continued. "I will also point out to you the lamentable conditions which now exist and where the leaks are. I will also show you how you can get a good water supply for a city of a million souls at a much lower cost than is proposed by the Scarborough experts. I will also allow you to have all the engineers and experts you can procure there to criticize my plans, because they are all above criticism. I have the only first solution and if you will meet me you will be doing the best thing this year."

## REWARD FOR HEROES

Messrs. Ambrose Kirby and John Bell, the gallant life-savers at the recent Church street fire, will be presented with specially struck gold medals by the city for their efforts in saving the lives of two girls under dangerous conditions. It was suggested that a cash grant be given, because it is understood that they will get the Humane Society's medal. "Let us give them something that they will rightly be proud of for the rest of their lives," said the mayor. City Clerk Littlejohn will have charge of the arrangements. Men Must Shout. Kindling wood men attended the meeting to protest against the clause in the by-law which prohibits them

from York County Council, which appeared before the board yesterday, asking that something be done towards erecting a series of open markets throughout the city. "It will give the consumer a chance to buy fresh and cheap produce," said he. "What about the St. Lawrence Market?" asked the mayor. "Oh, we don't want a centralized market; people will not attend there from all over the city," was the answer. He was informed that the property committee was taking the matter up.

low these men to peddle their wares on the public streets to the detriment of those who pay high rents and taxes" said the mayor. Ald. Sam McBride asked the board: "Are you going to prohibit these men from crying their wares and force them to ring door bells? If you are going to force the housewives to answer the door bell every five minutes during the day, you are going to get in wrong." Nothing was done. Farmers Want Markets. W. H. Fugaley headed a deputation

from York County Council, which appeared before the board yesterday, asking that something be done towards erecting a series of open markets throughout the city. "It will give the consumer a chance to buy fresh and cheap produce," said he. "What about the St. Lawrence Market?" asked the mayor. "Oh, we don't want a centralized market; people will not attend there from all over the city," was the answer. He was informed that the property committee was taking the matter up.

Shall we have it made known the world over that you must look out for the United States or it will get the advantage of you? That it is astute, cunning, slippery?"

C. N. R. HOTEL FOR PRINCE ALBERT

Arrangements Being Concluded—Town Will Raise Two Millions For Hydro System.

The Canadian Northern Railway Co. are to add another hotel to their transcontinental chain by the erection of an hotel at Prince Albert, Sask., which will cost between \$250,000 and \$300,000, that this has definitely been decided upon was the assurance given by Mayor Morten and Ald. Woodward of that city, who were seen by The World at the King Edward Hotel, last night.

TORONTO AT NEW YORK TRAVEL SHOW

City May Be Displayed in Miniature—Other Canadian Cities Will Be There.

Negotiations are now under way whereby it is expected that a miniature model of the City of Toronto, showing the city as it would appear from a bird's-eye view, will be exhibited at the travel show to be held in Madison Square Garden, New York City, March 20 to 29. This was the statement made The World at the King Edward Hotel last night by Robert H. Sexton of New York, manager of the exhibition. He yesterday explained his plans to Secretary Morley of the board of trade, Manager Orr of the Canadian National Exhibition, and afterwards to Mayor Hocken, all of whom grew enthusiastic over the project.

THE RESPONSIBILITIES OF AN EXECUTOR are too onerous to be imposed upon a friend. Your executor should have experience with securities similar to those comprised in your estate, and with the making of investments in general. This company has the requisite experience and is legally authorized to act as executor. We invite investigation of our facilities and financial responsibility. THE TRUSTS AND GUARANTEE COMPANY, LIMITED 43-45 King Street West, Toronto. JAMES J. WARREN, President. E. B. STOCKDALE, Manager.

BRAZILIAN ROSE TO NEARLY PAR

Shares Were Moved Up in London and Advance Was Carried Further in the Toronto Market.

A BUOYANT UNDERTONE

General List Improved Its Position Materially--Movement in the Specialties Continued Unabated.

A two-point rally in Brazilian, which carried the stock up to within a small fraction of par, was the feature of the Toronto Stock Exchange yesterday. The shares were in a remarkably strong demand all day, the movement being inspired by a decided upturn in the London market, and at their top level stood at 99 1/2, within an eighth of a point of the high record of the year to date. In London the price was raised to 102, equivalent to about 99 here, and the rush to buy in our market, due largely to the influence of the higher cables, sent the stock up very rapidly. It was also probable that there was some short covering under way.

The remainder of the list responded in some measure to the sharp spurt, and in various instances prices bettered their position, thus clearly evidencing the improved sentiment. The specialties were again prominent, with an advance of 2 3/4 points in Cooke common, which reached 58 3/4, making a gain of 3 3/4 for the week to date, and lesser gains in such stocks as Locomotive, Sawyer-Massey preferred, E.C. Packers common and Dominion Cannery. The latter sold at 78, a half-point appreciation, and its highest level since the bonus came off. Packers rose nearly three points to 154 5/8. The Mackays, both common and preferred, were higher, the common selling as high as 88, over a point up for the session. Toronto Railway maintained a firm appearance, with the recent advance to 14 held without any difficulty. The Maple Leaf stocks were also in demand. Rogers common was up a point at 178.

Investment buying under way. The movement in the common stock ported out to a certain extent, and on the incoming of profit-taking the shares were carried back over a point to 82 3/4. Canada Machinery and City Dairy lost a fraction each, and Consumers' Gas sold off to 187 1/2, a two-point decline, and its lowest price since 1908.

MEXICAN COMPANIES ENJOYED GOOD YEAR

In Spite of Continued Unrest, Both Power and Tramway Increased Their Profits Materially.

Despite the almost continuous unrest in the Republic of Mexico last year, two companies operating there in which Canadian capital is chiefly interested made material strides. The shares handed out by the Mexican Light and Power and the Mexico Tramways Companies show that both the gross and net earnings made substantial gains. The detailed statements, giving the result of operations for the month of December and the whole year, follow (figures are Mexican currency):

BIG SHORT INTEREST IN COTTON MARKET

Erickson Perkins & Co. (J. G. & Beatty) wired: Leading spot interests bought freely today. Speculators bought contracts around the opening level, and the market showed a decided tendency to improve. Short covering was a factor in the advance, but there still remains outstanding a large short interest. A persistent demand for March contracts increased the premium on that option. It presents the cheapest cotton in the world, and consequently is in good demand. We expect local contracts to work closer to actual quotations for cotton.

MONTREAL MARKET STRONG AND ACTIVE

Brazilian on Heavy Trading Closed Only Half a Point Below Par.

MONTREAL, Jan. 21.—Largely as a result of the more cheerful news from abroad, with New York's rally as an assisting factor, the tone in the local stock market today was firm and the price trend on fairly active trading was in an upward direction. The local market missed part of the rapid advance in C.P.R. at the close in New York, when the price rose sharply to 246 1/2, and traded in the issues was comparatively light. The rights were active, however, and sold at their highest, 18 1/4, in the final transactions. Montreal Power, which was firm at 238 through the day, an advance of 1 1/4, Detroit, which rose 3/4 to 79 1/4, Bell Telephone, which closed strong at 156 1/2, and the local market was a gain of 1 1/2, and Dominion Steel, which sold 1 1/2 higher at 55 1/2, were among the more prominent stocks in the regular market. Business in the unlisted department was on a heavy scale, with Brazilian, in which about 3000 shares changed hands, the leading feature. The price closed in the local market at 99 1/2, or only 1/4 under its highest.

ACTIVE WORK ON PORCUPINE CLAIM

PORCUPINE, Jan. 21.—Work on the Sherrill claim in Gladie Township, formerly known as the Shillington-Richardson claim, has been well inaugurated. One drill has already been set up and has started operations and another will be installed soon. Camp buildings are now completed and ready for the men engaged on the work. A road has been built through the claims from Pearl Lake, running between Jupiter and Pienaurum.

FOUR POINT RISE IN CANADIAN PACIFIC

Canadian Pacific was one of the prominent features in the New York stock market yesterday, the shares rising by leaps and bounds with the general list began "kicking up dices." After selling around 241 5/8 early in the session, C.P.R. jumped to 245 1/2, with the quotation market up by half points at a time. With the rights added, this price was equivalent to about 264 1/2. The high level of the year to date is 268 3/4.

MACDONALD ROSE AGAIN ON THE CURB

Macdonald rose to 61 on the curb yesterday, thus making up a large portion of its recent reaction. These shares have dropped into comparative dullness during the last few days, but are being watched closely, as it is anticipated that they will prove active traders when listed on the exchange. It is reported that a dividend payment will be made for the current quarter, probably at the rate of five per cent. per annum.

MARKET HAS TAKEN "TURN FOR BETTER"

That important accumulation of stocks has occurred recently is declared in a highly responsible source to be a fact, and it is further stated that the absorption has included much investment. The feeling in New York is that the market has turned for the better.—Financial Bulletin.

SOLD TOO SOON AND LOST MILLIONS

NEW YORK, Jan. 21.—It is pointed out in Wall Street that Charles W. Morse's holdings in Chase National Bank stock, which he disposed of in 1907, would now be worth \$4,862,250, showing a profit of \$3,254,020 over what he paid.

MANY NEW LOANS IN LONDON MARKET

LONDON, Jan. 21.—The success of the Quebec City bill, commented upon by all of today's papers, the impression being that it will encourage much further borrowing in the London market without delay. The Bank of Montreal issues tomorrow Quebec Province £400,000 four and a half per cent. registered stock at 102.

UPS AND DOWNS IN BRAZILIAN SHARES

At its top price yesterday, Brazilian stock within an eighth of a point of the high level of the present year, and less than a point below the record of last year. The detailed showing by months follows:

Table with columns: Month, High, Low. August (on the curb), 95 1/2, 93; September do., 100, 98; October, 100, 98; November, 92 1/2, 89 1/2; December, 92 1/2, 89 1/2; January (to date), 99 1/2, 93 1/2.

STOCKS ROSE ON SHORT COVERING

Altho Public Showed Little Interest in Market, Tone Was Noticeably Strong.

METAL MARKET STEADY

Copper Stocks Reflected Better Trade Demand—London Buyer of American Stocks.

NEW YORK, Jan. 21.—With no marked increase in the demand, prices of stocks rose substantially today. The market was dull during most of the session and there was neither enlarged outside buying nor a change in market factors of sufficient import to account for a rise amounting to more than 3 points in Union Pacific, 2 more in Steel, Reading, Amalgamated and Canadian Pacific, and a point or over for a long list of other issues. The rise apparently was due in large part to covering of short contracts. There was no hurried buying such as would indicate a forced retreat, and the high price in the last hour prices rose rapidly enough to indicate a more urgent demand and there were evidences of heavier buying for the copper stocks.

LONDON MARKET IN CHEERFUL MOOD

C. P. R. Led in Rally During Afternoon—Marconi Shares Recovered From Weakness. LONDON, Jan. 21.—The stock market opened quiet, and during the afternoon prices receded. In the afternoon, without any apparent reason, the market developed a hardening tendency and closed cheerful. Consols gained 1/4 point, some rails advanced on the good dividend declaration by the Metropolitan Railway Company, and copper and Marconi shares recovered from the early weakness. Shipping shares and Sao Paulo rails were weak throughout.

BILL WOULD BAR OUT HOLDING COMPANIES

NEW YORK, Jan. 21.—Bills introduced in New Jersey, Senate, with Wilson's approval, provide for restriction of corporations and barring future organization of holding companies, directors and officials to be held personally responsible for violations of law; existing corporations not to be disturbed, but must avoid prohibited practices.

ADVERSE FACTORS CLEARED UP SOON

J. P. Bickell and Co. had the following in some quarters it is rather positively asserted that the supreme court will decide the Minnesota rate case on Monday next, and it was also figured that conferences in Washington today were likely to hit on something definite for Union Pacific-Southern-Pacific dissolution. Discussion of these things led to some buying for long account and also some short covering.

WALL STREET SHORTS ARE NERVOUS NOW

Erickson Perkins and Company had the following: The ease with which stocks moved up illustrated the scarcity of floating supply. Shorts got nervous today, and some of them covered. There are many more out. It is apparent that most of the unfavorable news, even political, has been temporarily discounted in the stock market. Good news will therefore be more effective in future.

BLOOD POISONING RESULTS FROM DIGGING OUT CORNS

To really make a corn go away, to remove it for all time, there is just one way. Putnam's Painless Corn and Wart Extractor, a soothing Corn and Wart Extractor, a soothing from the good flesh, lifts it out root and branch—does it quickly and without pain. The name tells the story. Putnam's Painless Corn and Wart Extractor, price 25c. Look out for dangerous substitutes for "Putnam's" which is sold by druggists.

HEAVY CALLS ON JOHN BULL'S PURSE

LONDON, Jan. 21.—The City of Bahia will issue £1,000,000 of 5 per cent. bonds in London before the end of January. The interest on these bonds will be free of the British income tax, which will be paid by the Brazilian direct. An issue of the £1,000,000 in 5 per cent. annuities at 98 is also being arranged by Chile.

BIDS ARE RAISED ON SENECA SUPERIOR

Bids on Seneca Superior stock were raised to \$1.75 in the Standard Stock Exchange yesterday afternoon, making a net gain of 25 points over the isolated sale made last week. As the company has a capitalization of about \$90,000, this gives a market valuation of \$875,000. The recent dividend declaration has given the shares an appearance of respectability which puts many of the seasoned Cobalts to shame.

The J. H. Ashdown Hardware Company, Limited (Wholesale and Retail Hardware Merchants) Head Office: Winnipeg Branches: Calgary and Saskatoon 5% FIRST MORTGAGE FIFTEEN-YEAR SINKING FUND GOLD BONDS Dated 1st January, 1913 Due 1st January, 1928 Interest payable 1st January, 1st July Principal and interest payable at The Canadian Bank of Commerce, Toronto, Montreal, Winnipeg and London, England. Coupon and registered bonds are interchangeable. TRUSTEE: THE NORTHERN TRUSTS COMPANY, WINNIPEG The legal opinion of Messrs. Blake, Lash, Anglin & Cassels, Toronto, will be furnished. The authorized total issue (closed mortgage) is \$1,500,000, of which amount \$500,000 is retained in the Treasury. We emphasize the following salient points of this issue: ASSETS (1) Value of assets \$4,431,126.61—consisting of lands, buildings, investments, etc., \$1,317,021.04, and net current assets in excess of current liabilities, \$3,114,105.57. The appraised value of lands alone is \$1,014,310. (2) Average annual net earnings for three years ending December 31st, 1911, \$278,161, or over 5 1/2 times the interest on bonds now issued. (3) An annual sinking fund, beginning January 1st, 1914, sufficient to retire the present issue by maturity at par and interest. The J. H. Ashdown Hardware Company, Limited, conducts a wholesale and retail hardware business throughout the entire Prairie section of Western Canada, including the Provinces of Manitoba, Saskatchewan and Alberta, as well as a portion of the Northwest Territories and British Columbia. Warehouses are located at Winnipeg, Calgary and Saskatoon, with every facility for serving all portions of the above territories. The Company had its inception in 1869. In 1902 it had assumed such proportions that it was considered advisable to convert it into a joint stock company. The authorized capital is now \$2,000,000 fully paid, while at December 31st, 1911, there was a surplus of \$1,539,876. These results have been derived almost entirely from earnings and the Company has in addition disbursed an annual dividend averaging 12% throughout the period of its existence. The general management of the Company's affairs is in the hands of the President, Mr. J. H. Ashdown. The various wholesale and retail branches are in charge of capable and experienced men thoroughly familiar with the needs of the trade, and most of them stockholders in the Company. Copies of the Trust Deed and of the appraisal certificates may be seen at our offices. Interim certificates will be furnished pending delivery of definitive bonds.
