AIKINS ADVOCATES FREE WHEAT OR BONUS TO WESTERN MILLERS AS MEANS OF RELIEF TO WEST

Conservative M.P. for Brandon Presented Strong Argument for Removal of Wheat and Flour Duties—Aid to Western Miller Might Prove a Partial Remedy.

OTTAWA, April 17.—The feature of the budget debate in the house today was the speech delivered by J. A. M. Aikins, the Conservative member for Brandon. He made out a strong case for the removal of the wheat and flour duties and expressed his conviction that Finance Minister White had not closed the door upon the proposition. He declared, however, that under democratic rule the minority must submit to the will of the majority, and suggested that bonusing the milling industry in the west might recompense the growers of wheat for their loss of the American market.

Mr. Buchanan, the Liberal member for Medicine Hat, also advocated the removal of the wheat and flour duties and took a strong stand against any further aid to the Canadian Northern.

Soil Exploiters in West. The other members who participated in the debate were Mr. Webster of Brookville, who pleaded for adequate protection for the Ontario farmer, Mr. Robb (Huntingdon), Hon. H. R. Emerson and Mr. Morris, the victor of Chateaugay. The last named said too much attention was being given to complaints from the west. Many of the wheat growers in the prairie provinces were not farmers at all, but were exploiters of the soil. He would long real farmers would have to go into that part of Canada and build up the soil. He was therefore opposed to free wheat.

Hard Times and Drill Halls. Mr. Robb (Huntingdon) in resuming the budget debate, said that the Borden government had no remedy for hard times except to build drill halls and give away bread. The finance minister had stated that the government could not hope to borrow money for years to come at less than 4 per cent. If that were the case why did it not pay 4 per cent to depositors in the postal savings and government savings banks? If money was worth 4 per cent why pay our own people less?

The two parties in Canada, he continued, stood for two different policies. The Conservatives believed in taxing everything we produce, everything we consume, everything we bought and everything we sold.

The Liberals favored giving the farmers a wider market. Had reciprocity been adopted in 1911 the manufacturers as well as the farmers would have been greatly benefited.

Mr. Smith (South Ontario): "How?" Mr. Robb: "The farmers would have got better prices for their products and would have made larger purchases thus benefiting the manufacturers and merchants throughout the country."

Championed Free Wheat. Mr. Aikins (Brandon) said there was no effective argument, in his opinion, against the demand of the western farmers for free wheat. The objections to the reciprocity pact did not

Conservative M.P. Who Wants Free Wheat

James Albert Manning Aikins, K.C., has been a member of parliament for Brandon, Manitoba, since 1911, having been returned in the election following the reciprocity campaign. He was born in Peel County, Ontario, and is the son of the late Hon. J. C. Aikins. He is a graduate of Toronto University and for 30 years was counsel for the C.P.R. at Winnipeg. He is exceptionally well posted on the needs and desires of the Canadian west.

WILL PREVENT HINDUS LANDING

Four Hundred East Indians on Way to Vancouver Must Keep Out.

OTTAWA, April 17.—On the orders of the day Mr. Stevens (Vancouver) asked if the minister of the interior were on their way to Vancouver from Shanghai and Hongkong, for the purpose of testing the legislation by which at present they were excluded from Canada.

Hon. Dr. Roche said in reply that a telegram had been received by the interior department that the Hindus were on their way here, and that instructions had been given to prevent their landing in contravention of the law.

MANITOBA WILLING TO GUARANTEE C.N.R. BONDS

Province Anxious to Have Construction of Branch Line Carried Out.

OTTAWA, April 17.—Hon. J. H. Howden, attorney-general of Manitoba, stated here today that the government would offer to guarantee the bonds of the C. N. R. for the construction of a branch line from McCreary or Laurier northward to connect with the Gypsumville extension of the Hudson Bay railroad.

"We are going to impress on the C. N. R. the desirability of building this road, and we shall offer to guarantee the bonds for it," he said.

QUEBEC SCARED BY AVALANCHE

Street Blocked by Mass of Rock—Disaster of Twenty-Five Years Ago Recalled.

QUEBEC, April 17.—Almost without warning an avalanche of rock and rubble, loosened by today's thaw, crashed down the steep slope of Cape Diamond tonight, narrowly missing a carter's rig with two occupants, and blocking Champlain street. The place where the fall took place is close to the spot where the terrible landslide of 1889 killed fifty-four residents of this street and crushed in a row of houses under the cliff as if they had been egg shells.

Tonight's occurrence has excited some alarm, as, altho the Dominion government has for some time been strengthening the face of the cliff by walling it up, there still remain many dangerous masses which have but little support.

FEWER IMMIGRANTS COMING INTO CANADA

Decrease in Year of Eight Per Cent. Shown in Official Returns.

OTTAWA, April 17.—The total immigration to Canada during the fiscal year ended March 31, 1914, was 354,867, made up of 142,922 British, 107,530 Americans and 104,415 from all other countries.

During the fiscal year ended March 31, 1913, the total number was 402,482, composed of 150,542 British, 139,009 American and 112,931 from all other countries. The decrease is 8 per cent.

LUMBER TO BE KEPT IN CANADA

Quebec Government Takes Steps to Prevent Exportation by Corporations.

QUEBEC, April 17.—The provincial government, thru the department of crown lands, has taken steps to prevent the wholesale exportation of lumber to foreign countries by corporations who have been granted timber lands as subsidies by the government.

Article 13 of the woods and forests regulations, passed by order in council in April, 1910, will apply for all crown lands given as subsidies to railway companies, to wit: "The timber cut on such lands must be manufactured in Canada; that is to say, converted into pulp or paper, deals or boards, or into any article of trade or merchandise of which the said timber is only the raw material."

WORK PROCEEDS RAPIDLY ON N. TORONTO VIADUCT

Construction work is proceeding rapidly on the North Toronto C.P.R. viaduct. The whole of the steel superstructure has been completed at the Davenport road crossing, and the engineer, B. Ripley, states that the city can proceed with paving at this point right away.

HUERTA CABINET IS CONFERRING ON MESSAGE

Early Adjustment of Situation Not Expected at Mexico City—Charge O'Shaughnessy Delivered Reply of U. S. Verbally to Cabinet Last Night.

MEXICO CITY, April 17.—The substance of the reply of the United States government to the demand of President Huerta that there should be a simultaneous salute fired by the Americans when the Mexicans salute the American flag was delivered verbally tonight by Nelson O'Shaughnessy, the American charge d'affaires, to Senor Fortillo y Rojas, the foreign minister.

The reply, it is said, was unfavorable to an early adjustment of the situation. It is understood that the matter is being considered at a cabinet meeting tonight.

WANTED RECIPROCAL SALUTE.

VIERA CRUZ, April 17.—The first reference to the situation between the United States and Mexico growing out of the arrest of bluejackets from the gunboat Dolphin at Tampico was published this afternoon by La Opinion. According to the version of La Opinion President Huerta offered to salute the United States flag if he were assured a reciprocal salute. Nelson O'Shaughnessy, the American charge at Mexico City, transmitted Huerta's proposal to Washington and President Wilson agreed to it, according to La Opinion.

CHINESE BOY IS SENT TO TRIAL FOR MURDER

Young Girls Prominent in Crowd That Attended Proceedings at Vancouver.

VANCOUVER, April 17.—Kong Yung Kew, or Jack Kong, as he is known to the public, was committed for trial by Magistrate Shaw this morning on the charge of murdering Mrs. Charles Millard at her home here on April 1. Alexander Henderson, K. C., called only one witness for the defence. This was the father of the accused, Kong Lit, who gave evidence as to the age of the boy. He is not yet 17 years old, declared the father.

A number of young girls were prominent in front ranks of those who crushed against the barricades, and women of all ranks and stations mingled with the white men, Hindus, Chinese, Japanese and negroes who composed the crowd.

THREE VICTORIES ARE ACHIEVED BY REBELS

Campaign Against Monterey Is Apparently Making Good Headway.

BROWNSVILLE, Tex., April 17.—Three rebel victories in the campaign against Monterey were announced at Constitutional headquarters at Matamoros tonight. At Cadereyta, 35 miles southeast of Monterey, General Tecodoro Elizondo reported that in one engagement his command had routed an entrenched Federal force of 2,000, which sustained a loss of 100 killed and 400 wounded and "dispersed." It was said the Constitutionalists lost five officers and 30 soldiers.

COUNT CAUGHT IN PARIS PLUNDER PLOT ALLEGED

With Four Others Bavarian Nobleman Was Captured on Boulevards.

PARIS, April 17.—Count Maximilian Van Montgela, a Bavarian nobleman, and four persons who were with him were arrested in broad daylight today after a hot chase on the boulevards, and charged with attempting to steal jewels valued at \$120,000 from a jeweler's salesman. The Countess Von Montgela, who is the divorced wife of an Austrian officer, also was arrested after a search of her apartment disclosed a large quantity of property which the police say was stolen.

ENGINE JUMPED TRACK.

BRANTFORD, April 17.—A yard engine jumped a dead end here this afternoon and just missed toppling over the embankment which protects Greenwood Cemetery. Engineer Moore fractured his big toe in jumping from the cab, but Fireman Symple, who stayed with the engine, escaped unhurt.

SEEK TO PROVE BIG CONSPIRACY

Host of Witnesses From All Over Canada to Testify Regarding Looting of Cars.

NORTH BAY, April 17.—Preliminary hearing of the charges of theft of merchandise from freight cars in transit by employees of the C.P.R. began in Sudbury today before Magistrate Brodie. Five men are charged, but only one case was taken up today, that preferred against Martin, a workman, of North Bay, who is being tried on five counts. He was committed for trial on each of four counts, and the fifth charge was held over to await the arrival of a witness from Vancouver. Fifty-five witnesses are already on hand for the trials, representing shipping firms of Fredericton, Point Levis, Quebec, Montreal, Toronto, London and Winnipeg, and consignees from Alberta and Saskatchewan.

Crown Attorney McKesock of Sudbury is prosecuting, and C.P.R. interests are represented by W. Williams of Pembroke. Martin is defended by G. L. T. Bull of North Bay.

EX-OFFICIAL OF RUSSELL MUST STAND HIS TRIAL

Lowrie Accused of Embezzling Funds Belonging to the Township.

SOUTH-INDIAN, Ont., April 17.—W. J. W. Lowrie, former clerk of the Township of Russell, was today committed to stand his trial on a charge of embezzling \$300 from the township. It is alleged Lowrie retained a cheque for \$300 received while clerk for his personal use. The accused maintains that the matter was a personal one between himself and J. Winstanley of Morrisburg, who, preliminary evidence showed had given the cheque as a deposit on a contract, making it out in favor of Bowrie. Restitution has since been made, but the three magistrates hearing the case decided to send Lowrie to trial at the L'Orignal Assizes.

DR. SUNEI OF SUDBURY TO BE DEPORTED TO U.S.

Sanity of Man Held Following Wife's Death Is in Question.

NORTH BAY, Ont., April 17.—Dr. Karl Sunel of Sudbury, who has been held in the district court at Sudbury since the mysterious death of his wife two months ago, is to be deported to the United States, from which country he came, altho a native of Finland. There is doubt expressed as to the sanity of the man, who gained considerable notoriety thru the investigation into his wife's death recently. Should he refuse to leave the country immediately he will be arrested.

BOUNDARIES NOW FIXED FOR TORONTO

Six Ridings for the Legislature Will Have Ten Members, Two Each From Four Central Districts, and One Each From Two Constituencies at Extreme East and West.

As published in The World on Friday, April 10, Toronto is to have ten seats in the legislature. Official announcement to that effect was made in the legislature yesterday by Hon. W. J. Hanna, during his explanation of the redistribution bill.

While there will be ten members, there will be only six ridings. Two large ridings have been decided on for the extreme east and west ends of the city, with one member each. In the centre of the city there will be four ridings having two members each. The members for the four double ridings will sit for seats "A" and "B."

The ridings, with their boundaries, follow:

East Wing Riding—One Member. Woodbine avenue, on the east. Logan avenue, on the west. City limits, on the north. Ashbridge's Bay, on the south.

West Wing Riding—One Member. Dunn and Lansdowne avenue, on the east. City limits, on the west. City limits, on the north. Lake Shore line, on the south.

Southwest Riding. Logan avenue, on the east. Simcoe street, on the west. Gerrard and Carlton streets, on the north. Bay line, on the south.

Northeast Riding. Logan avenue, on the east. Avenue road, on the west. City limits, on the north. Gerrard and Carlton, on the south.

Southwest Riding. Simcoe street, on the east. Dunn and Lansdowne avenues, on the west. College street, on the north. Waterfront, on the south.

Northwest Riding. Avenue road, on the east. Dunn and Lansdowne avenues, on the west. City limits, on the north. College street, on the south.

North and West Toronto under this arrangement will be left for distribution in the Yorks, with East Toronto likely staying in the George Henry riding of East York and Earlecourt coming into the west city riding.

Other Changes. In the provincial distribution the County of Monck will be divided up among neighbors and two ridings will be made, if possible, out of Welland and Lincoln. The Victoria seats will become north and south, instead of east and west, as at present, and Centre Bruce, which at first had threatened to dissolve, will still remain. Boundary lines, however, will have to be moved about to equalize the population.

The Middlesex riding will likely remain, but the western will be supplemented by the addition of Stratford. It is also understood that Penebans will be moved into the West Simcoe riding.

ULSTER BOYCOTT IS THREATENED

Ancient Order of Hibernians Passed Significant Resolution at Meeting Yesterday.

LONDON, Saturday, April 18.—Ulster traders are threatened with organized boycotting unless they change their present attitude in the home rule controversy. This was threatened in one of the clauses of a resolution passed yesterday by the Ancient Order of Hibernians in Roscommon County. They pledged unwavering adhesion to the Nationalist party, objected to further concessions to Ulster, and reminded Ulster traders that all their representatives would be ignored by "western merchants" if a permanent change in their attitude is not effected.

A BUSY DAY.

Saturday is always a busy day in the Men's Hat department at Dineen's, 140 Yonge street, but today with spring weather rushing on us and the new styles being all opened we have prepared for a big day's selling. Our hands have been engaged. Men's Hats at popular prices. Stiff and Soft Hats, \$2.50 to \$4.00. Silk Hats, \$5.00 to \$8.00. Spring Overcoats and Raincoats. Store open till 10 tonight.

We Did Not Originate the Balmacaan Top Coat

but our designers have improved so much upon the original model that we have for your wear the niftiest garment in town for \$18.00, \$20.00, \$22.00 and \$25.00, smart, chic and chuckful of vim. All the other models of Spring weight top coats are here in great profusion, with fabrics and styles right to the minute. Prices easy for everyone—\$10.00, \$12.00, \$15.00, \$18.00 and \$20.00. Truly we have a splendid showing.

SUITS

The prevailing cut in young men's suits just now follows closely the lines adopted by the English dressers, modified by our experts to meet the ideas of correct form among the young men of Toronto. We have a showing for this season that will prove interesting from all points—price, style, quality, fabrics, fit and durability.

Atmosphere-Resisting Garments

usually called Raincoats, but which can be used almost any day in the year, made from cravenetted fabrics that will resist moisture and look smart at all times. The price range for these particularly useful coats runs from \$12.00 to \$30.00. For a real rain shedder you need the genuine Parramatta Rubber Coat. These come in so many shades and such a large variety of fabrics that it would be almost impossible to describe them in a brief space and do them justice. The price range is from \$6.50 right up to \$30.00, so that it is reasonable to suppose we can please most any man with a Raincoat.

REMEMBER!

Our store is strictly an all-clothing house and we allow nothing to distract our attention from making and selling the best clothing that can be found anywhere in Canada. Every one of our salesmen is trained in the art of pleasing our customers, and they are all backed up by the personal guarantee of the management—to make good every garment that does not hold up to our standard of clothing perfection.

(Continued From Page 1.)

demand somewhat, saying he would not insist on having the salute fired while the American flag was hoisted on Mexican territory, and would be satisfied if the salute was to the flag "in a conspicuous place," either on the mast of the Dolphin or a Mexican gunboat.

There was much discussion in official circles not only about the propriety of returning Huerta's salute in view of the peculiar diplomatic relations between the Mexico City administration and the Washington government, but because of a navy regulation, No. 1194, which reads:

An Awkward Regulation. "No salute shall be fired in honor of any nation, or of any official of any nation, not formally recognized by the government of the United States.

In explanation of this point, Rear-Admiral Fiske, aide for operation at the conference with other aides at the navy department, and Secretary Daniels issued the following statement: "This regulation is interpreted as a prohibition against firing a salute in honor of any government which has recently come into being, or in honor

of an official of such government, if it has not been formally recognized by our government. Any such salute would be considered as a recognition of that government; and in order to escape from the consequences of such apparent recognition, it would become necessary for our government formally to disavow it.

In 1893 Rear-Admiral Stanton, U. S. navy, made the mistake of saluting the flag of Rear-Admiral Mello, who was then in revolt against the Brazilian Government. The Brazilian Government complained to the United States Government, which promptly disavowed the salute, and relieved Admiral Stanton from command.

Essential Point Yielded. "A number of high officials considered that Huerta had yielded the essential point and was merely trying to adjust the controversy so that his dignity before his own people would not be lowered."

At the cabinet meeting the situation was only briefly discussed, the secretaries approving a message to Huerta's disposition for Gen. Huerta and attention then turned to other subjects.

That the incident was not considered closed was indicated, however, by the change in plans which both the president and Secretary Bryan made when the message came showing Huerta's disposition to argue about details. The president will not go to White Sulphur Springs, W. Va., until tomorrow night, and Secretary Bryan will not go to Florida until the whole question is adjusted.

Just when the salute will be fired even to an agreement is reached, is conjectured. Many officials think the majority of the ships of the Atlantic fleet will be on hand when the salute is fired at Tampico. Secretary Daniels said the orders which had been given to Rear-Admiral Badger was merely to proceed to Tam-

pico, tho he had been acquainted with all phases of the situation, diplomatic and otherwise. Mr. Daniels announced, too, the third division of the Atlantic fleet, which for some time has been getting ready for Mexican service in Mexican waters, would sail on April 26 or 27 and probably would relieve the ships of the second division.

Recognition Involved? While administration leaders and many Republicans have satisfied themselves that to return the Mexican salute would be in accordance with international precedents and could not be regarded as any form of recognition of the Huerta Government, there are members who believe to the contrary. Representative Murdock, Progressive leader in the house, disapproves entirely of returning a salute to the Huerta forces. "If we return a salute to those bandits," said he, "we might as well fire a few guns to the memory of Robin Hood, Rainsui or Jesse James."

As to the future course of the American Government toward Mexico, provided the apology is forthcoming from Huerta for the Tampico incident, the general impression in congress is that increased vigilance is now to be maintained, and that many of the warships now speeding to Mexican waters will be held there both in the Atlantic and the Pacific.

N.B. GRAFT CHARGES MUST BE SPECIFIC

Detailed Information Required Before Probe Into Irregularities is Made.

FREDERICTON, N.B., April 17.—L. A. Dugal, M.L.A., who made the charges against Premier Fleming and members of the government in the New Brunswick Legislature, today received a letter from acting Premier George A. Clarke, asking him to supply specific details of his allegations.

In his letter the acting premier says these details must be furnished before any tribunal can be appointed to investigate them. Mr. Clarke itemizes the requirements of the government from Mr. Dugal as follows: 1. Particulars of the charges against the prime minister in connection with timber limits. 2. Statements of the manner or the method by which moneys paid by the Provincial Government to the St. John and Quebec Railway Company were diverted from their proper channels and the purpose for which they were used.

3. The names of the contractors under the St. John and Quebec Railway Company, who were compelled to pay and did pay large sums of money to members of the government in the year 1912 before they obtained their contract. 4. The name of each member of the

government to whom any part of these moneys was paid. 5. The amount of money paid in each individual instance. Mr. Clarke further urges Mr. Dugal to supply the information asked for because an unwarranted suspicion may very naturally have been awakened in the public mind against members of the government, who are wholly unconnected with the subject matter of the charges.

DON'T WANT THEM IN DON VALLEY

Deputation May Protest Against Establishment of Sewage Disposal Plants.

ASK FOR ANNEXATION

Northwest Property Owners Petition Will Be Dealt With by Council.

The board of control got a tip yesterday that a deputation, large and influential, may appear in the city hall to protest against sewage disposal plants being established in the Don Valley. However, the recommendation of the works committee, that the North Toronto sewerage system be approved, was sent on to council, and if the deputation appear at the council meeting next Monday, the matter will probably be referred back to permit a conference with the works committee. Mayor Hookens stated that he was going to Atlanta, Ga., to inspect odorless sewage disposal works there.

The tender of the John Ver Mehr Company for the additional filtration plant at the Island was sent on to council, when it will likely be referred to the works committee. Rev. Dr. R. N. Burns urged the establishing of civic golf links. He was advised to appeal to the parks committee.

A deputation bearing a petition from nearly all the property owners in the district, asked for the annexation of the territory with these boundaries: City limits on the east and south, west of Bathurst street on the west, and from Bathurst street to the city limits on a line with Duggan avenue on the north. The usual terms, that the property pay all of the cost of local improvements, were offered by the deputation. A recommendation to annex the territory was sent on to council.

Home Smith suggested that the boundaries of the Humber territory to be annexed forthwith be as follows: On the east side of the river, from the lake front nearly to St. Clair avenue; on the west side of the river, a short distance about 200 feet, west from the brow of the ravine and following the ravine from the lake front to Dundas street. These boundaries take in Swansea and all the land between the city limits and the river, up to Dundas street. The suggestion was referred to the city solicitor to report upon the terms of the agreement to annex Humber Valley property.

The city solicitor is to advise as to the legality of having income and business tax collected as a first instalment of taxes.

Controller Simpson remarked that the city lost \$45,000 last year thru defaulting the collection of income and business tax.

Frank W. Muckleston, of the city surveyor's staff, had his salary increased from \$1,100 to \$1,300 on advice of Commissioner Forman.

City Treasurer Patterson submitted communications from W. A. Stain, 25 Defoe street, and Wm. Roberts, 33 East Richmond street, notifying him that under their right of trespass they forbid him to report upon the \$10,000 granted by the city council to the Mendelssohn Choir. As the grant is protected by legislation the communications were ignored.

The last Friday in this month is to be proclaimed "clean-up day," which means that citizens get their home and business grounds cleaned up and let summer sunshine into every nook and cranny.

INVESTIGATING THE STORY.

BRANTFORD, April 17.—The police are investigating the story of a mysterious assault on Mrs. John Giles, who claims to have been knocked down by a man in a dark coat, who was seen to get into a motor car. She ran to a neighbor's arriving in a state of almost complete exhaustion.

FORCE OF ARMS IS ONLY REMEDY

London Spectator Pours Riddle Upon Pacifist Policy of Wilson.

Canadian Press Despatch. LONDON, April 17.—In an article dealing with the Mexican situation, The Spectator says: "It has come to this, that intervention, which has been delayed during series of hideous murders and vast destruction of foreign property, is now being threatened in order to exact a mere formal obedience to the American flag. It would be impossible to imagine a more complete Nemesis attending an idealistic and pacifist policy. All this is the direct result of the extraordinary delusion, which has never been harbored by anyone but the pacifist, that you can dictate a mere code to an independent country and avowedly leave all thought of force out of the question. The Spectator adds that altho the crisis may be relieved by President Huerta saluting the American flag it is convinced that President Wilson's policy inevitably will lead to intervention, which the sooner he undertakes the better.

DESPONDENT SHIPPER DRANK BUG POISON

William Senior Who Sought to End His Life Is Recovering in Hospital.

William Senior, age 29, 2 Liberty street, attempted to commit suicide in the factory of the Kilbarr Medical Company on Saunders avenue, where he is employed as a shipper, by drinking a quantity of liquid bed-bug poison at noon yesterday. The man was found in an unconscious condition in the lavatory by Ivy Sheward, 50 Lappin avenue, another workman in the building. He was removed to the Parkdale Hospital in the police ambulance, where it is reported that he will recover.

Women will find more news of interest to them in The World's magazine page every morning than in any other paper.

To Cure Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home by the use of a medicine that in many instances has effected a complete cure after all else has failed. Sufferers who could scarcely hear a watch tick have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from their ear.

Therefore, if you know someone who is troubled with such symptoms, or catarrhal deafness, cut out this formula and hand to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home, and is made as follows: Secure from your druggist 1 oz. Parmit (Double Strength), about 75c worth. Take this home, and add to it a pint of hot water and 4 oz. of moist granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, dizziness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent of all ear troubles are directly caused by catarrh; therefore, there are but few people who have hearing cannot be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness, or catarrh in the throat, should give this prescription a trial. There is nothing better. Important—In ordering Parmit always specify the name of Double Strength. Your druggist has it or he can get it for you. If not, send 75c to the International Laboratories, 74 St. Antoine street, Montreal, P.Q., who make a specialty of it.

Where Someone Tried to Set a House Afire

These photographs, taken by The World staff photographer yesterday, show where an attempt was made to burn a house at 25 Roden avenue, in the Oakwood district, on Wednesday night. The two houses shown were purchased by the board of education for the new technical school site. On Wednesday night the occupants of No. 25 were awakened by the smell of smoke. Upon investigating they found a bundle of cotton waste, soaked in benzine, under the cellar window. The fire was extinguished before much damage was done, as is shown in the photograph. The county police were notified.

No other remedy has ever before attained such a remarkable success as Sanol.

In less than two years' time it has cured thousands of cases, and is now known from the Atlantic to the Pacific as the only certain cure for

Gall Stones, Kidney and Bladder Stones and Gravel

SANOL is now sold by practically every druggist in Canada, and is strongly endorsed and recommended by doctors and druggists throughout Canada.

Winnipeg Druggists write as follows:

"We wish to state we have been amazed at the remarkable sale of these remedies. We have yet to hear from one dissatisfied customer, while many come back to tell us of the wonderful cures resulting from the use of Sanol."

"When customer after customer would come in to tell us of what SANOL had done for them, I came to the conclusion that it would be worth my while getting behind SANOL and recommending it to my customers. This I have done, and I have heard nothing but words of praise for SANOL and SANOL ANTI-DIABETES."

"I have people coming in every day who use both your preparations, who tell us what wonderful results they and their friends have obtained from them. I think it is my duty to recommend to the public such an article, and will always do so to anyone suffering from kidney trouble or from Diabetes, and in doing so I am always confident of the results they will obtain."

A Quebec Physician writes as follows:

"Your preparation, SANOL, is unsurpassed. I enclose you herewith sample of deposit from bladder of patient forty-eight years old, who was ill for years. She has taken four bottles and is doing remarkably well. My druggist will tell you the quantity I prescribe daily, and it will vouch for my good faith."

SANOL positively dissolves and removes all foreign deposits in the kidney or bladder painlessly, and completely heals the diseased parts.

Have you backache in the region of the kidneys, puffy swelling under the eyes, feel tired out, dizzy, swollen feet and limbs, excessive and painful urination—rheumatic pains darting through your body and limbs? Then your kidneys are not doing their duty. SANOL KIDNEY REMEDY strengthens your kidneys and enables them to throw off the uric acid poison with which your system has become charged.

Write today for your booklet, which gives a complete history of kidney diseases, Gall Stones, Gravel, Diabetes and Rheumatism, the necessary diet to be followed, together with the treatment we recommend for each particular ailment.

SOUTH ETOBICOKE RATEPAYERS MEET

Were Addressed by W. F. Maclean, M.P., on Civic Development.

SHOULD PLAN AHEAD

Bridges, Highway Improvement and Future Plans Discussed.

At a meeting of the South Etobicoke Ratepayers' Association last night in Humber School the necessity for road improvement was discussed and a resolution was passed asking the township council to "Tavis" a half-mile of Queen street in the township as an experiment.

W. F. Maclean, M.P., who had been requested to be present, was introduced by the chairman and gave the meeting an informal talk for three-quarters of an hour, largely along the lines of the experience in development during the past half-century, enumerating many of the mistakes which had been made in the city thru lack of foresight, and pointed out that the city's expansion had been retarded, particularly in the north and east, by physical obstacles which were, however, now being overcome.

Mr. Maclean pointed out the necessity for compelling the railway companies to provide bridge accommodation for the public alongside their bridges over gullies and streams. He referred to his own efforts in this direction, which are now about to become a success, and explained the advantages that would result from this policy in connection with the Humber and Don.

Speaking of road improvement, Mr. Maclean strongly urged that drainage be provided for the essentials in this farming and suburban districts. A hearty vote of thanks was tendered to the speaker at the conclusion of his address.

THORNHILL

A musical treat may be expected under the auspices of the Literary Circle at the residence of Mr. David James on Monday evening, the 26th inst. Mrs. Fenton of Toronto will deliver an address on "Citizenship" and one of the most attractive programs of the season has been arranged.

THE YORK MILLS FATALITIES.

Two deaths by Metropolitan cars at York Mills within a few months call for an investigation that will prevent a recurrence of such sad accidents.

A World correspondent says that sheds on the west side of Yonge street adjacent to the car tracks are partially responsible for both fatalities, and that these sheds occupy a portion of the public highway. If the conditions are as represented, the proper authorities should take the matter in hand and deal with it without delay. At the same time, if a car-stop at this point will eliminate some of the danger, the railway company can do its share to prevent other possible accidents.

BRAMPTON

The funeral takes place to Brampton Cemetery today of Walter Cation, who died on Thursday evening last at the age of 84. Mr. Cation was a farmer in Peel county and lived some miles north of the town. He came to this country from Scotland with his parents when only a few years old, and has resided on the farm at Snelgrove ever since.

He was the founder of Lorne Park and one of the originators of that property. A Presbyterian, he acted as elder in the Brampton Church for about 50 years. His widow and grown-up family survive him.

TWO NEW ASSOCIATIONS FORMED AT LAMBTON

Lambton's affairs will be well looked after this year, as two Ratepayers' Associations have just been formed. The Lambton Mills Association meets in the Lambton Bank Chambers, and the Lambton Park organization in Ball's new store on Scarlett road. The executive of the Lambton Mills Association is as follows: President, D. J. Hill; secretary, E. H. Clayton; treasurer, C. Davern; committee, M. A. Hyland, J. Bannan, W. R. Lee, R. J. Bell and W. C. Laydon.

BEACHES CLERGY DISCUSS NEW Y. M. C. A. PROJECT

The Rev. E. A. MacIntyre of St. Aidan's Church, Balm Beach, presided over a meeting of the Ministerial Association which was held in Kew Beach Presbyterian Hall last night. The meeting was called to hear the reports of the various committees which have been formed in connection with the proposed Y.M.C.A. in the Beaches district. It was thought by the members that the main difficulty would be financing the project, but it was decided to call a meeting, so that everyone interested in the proposed institution will be able to form a clearer opinion as to what is needed by the people.

POSTAL DELIVERY STARTS IN OAKWOOD TODAY

Deputy Reeve Miller Made Announcement at Ratepayers' Meeting.

Deputy-Reeve Miller, speaking at a meeting of the Oakwood E. I. A. last evening, congratulated the branch on its success and wished it success. With regard to postal delivery in the district, he stated that deliveries on the Vaughan road, Oakwood, would be started on Saturday.

He regretted that the bill for the supply of city water to the county was defeated, but next year he hoped it would be again dealt with. In the meantime, the city would supply water from one to 2000 feet into the township, providing the people put up the bonds. At next Monday's council meeting a bylaw would be passed to abolish the present status labor tax and the council would commence to put down sidewalks. He also said the council would appoint the 26th May holiday as cleaning-up day and would ask the people to co-operate, and would take in the township in a year or two at latest.

RIVERDALE NEWS

At a meeting held in Simpson Avenue Methodist Church school officers for the year took place. Ammon Davis, last year's superintendent, and the majority of his staff were re-elected. By special request the Ladies' Aid Society will repeat the concert, which was such a success a few weeks ago, next Tuesday night in the Sunday school building. The art sets who are all ladies number forty and received at their last performance next Tuesday's concert should be well attended. The program will include the sketch entitled, "An Old-Time Ladies' Aid Meeting."

Residents in the vicinity of Strange street will be pleased to know that it has been definitely decided to pave the street south from Queen street early this month. The regular inspection of the jail by the grand jury took place yesterday afternoon. Speaking to The World last night the governor of the jail stated that the number of prisoners was rapidly diminishing, about 25 being housed there last night. Thirty have been sent to the industrial farm and five to the Central Prison during the past week. A large gang are busy in grading work on east side of the Don and two smaller gangs are fixing up the western section of the park.

COMMITTEE WILL TACKLE NUISANCE

East End Ratepayers to See Council About the Sewage Plant.

CO-OPERATIVE SCHEME

East Toronto and Beaches Associations May Give Assistance.

Indignant complaints regarding the condition of the Morley avenue sewage disposal plant were the main feature of the meeting of the East End Ratepayers' Association, held in St. John's Parish House, Norway, last night. The depreciation in the value of property within the settling zone, and the poor health which is the lot of so many of the residents was discussed. President Bullock, in summing up, said that the present nuisance was done away with, as the east enders had stood enough without having to go thru another summer. After a considerable amount of discussion, Messrs. W. Heyson, G. Shields, A. Chubb, W. H. Lennox, A. Robb and President Bullock were appointed as a committee to go into the matter thoroughly to see what could be done and report at the association's next general meeting, which will be held on Thursday, May 7. It was also decided to co-operate with the East Toronto and Beaches Ratepayers' Association in the endeavor to have the nuisance abated.

Who Owns the Pond? Small's Pond was diagnosed as another of the east end nuisances, and the secretary was instructed to write the board of control, asking who really owned the pond. The association went to see that the people responsible keep it cleaned out regularly.

"That this association goes on record as opposed to the proposed increase in the speed limit for automobiles and suggests that the present speed limit be reduced after dark," was a resolution which was carried following a discussion which took place regarding the proposed increase in the speed limit.

STOUFFVILLE P.O. SITE BOUGHT BY GOVERNMENT

It is reported that the Dominion Government has purchased the "Dundas" property on Main street, Stouffville, for a site for a new postoffice, and that the building will be erected in the near future. The Women's Institute has decided to purchase a park site and present it to the municipality. When this has been done Stouffville will have two public parks. The principal of the high school, C. Summers, who read a paper before the Provincial Teachers' Association in Toronto this week has been appointed secretary-treasurer of the Construction High School Association.

Secrets of Health and Happiness

Why Freckles Are Signs of Your Natural Vigor

By Dr. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (Johns Hopkins)

Do you know Jimmy Ransome, doctor? "Who is he?" "He's the boy that is such a great goalkeeper on the City College team."

"Oh, the chap who caused the City College and the City Athletic to suspend athletic competitions?" "Yes."

"No, I don't know him personally. What about him?" "Well, he has the jolliest freckles you ever saw. I'm proud of my own since I saw his."

A beautiful girl of sixteen said this. She exhibited a good sense beyond measure.

Old to say, ninety-nine girls and men with freckles are forever tormented by the thought of these indices of good health.

"He conceded?" "I asked this time and found more wonderful maid."

"Of course not," she archly answered. "Nobody with freckles is egotistic. He has too many to be so."

"And," she roughly added, "so have I."

"This is in part true, and Solomon was never more wise. The vanity of any one with freckles is exactly in inverse ratio to the number and extent of the freckles."

"With 10 freckles you are 50 per cent. content. With 20 freckles you are 90 per cent. vain. With 30 freckles you are 95 per cent. egotistical."

"From this degree upward vanity begins to grow less and less until a myriad of the pretty, little, red and yellowish brown dots are legion and accountable."

"Modesty, humility, bravery and bashfulness are in direct proportion to the warmth of proud freckles. While it is true that many persons are foolish about a few freckles, those with teeming acres pay no heed to personal self-consciousness and looking-glass egotism which precludes their attention to themselves."

Strange as it at first blush appears, freckles are deposited by a combination of circumstances, which ancient philosophers and modern alchemists have eternally sought.

"This, to wit, is actually the life-giving ever itself. It is a chemist's knowledge to take freckles, to dab this ethereal pigment of nature upon the modest cheek of a woman, to have solved the mystery of the ages."

A drop of blood surcharged with an abundant food and fuel, saturated with more electric sparks of human vitality than is needed, reaches the level of the deeper folds of the skin.

Advice to Girls

By Annie Laurie

Dear Annie Laurie: A boy whom I have known for years and who has been my neighbor, but whom I have never spoken to for months, asked his cousin, a friend of mine, to introduce him to me at the rink. This was ridiculous, considering the length of time we have known each other, even though we are not friends at present. Luckily his cousin refused to comply with the request. This saved me from much embarrassment for the time being, but in the future, he should get some one to carry out his foolish plan. What should I do?

one who is over 10 years old should ever indulge in it. You need not be dead in the water, but you must be dead in the water. I think he seems to be a young person with a good deal of sense. The next time you see him anywhere and he asks to be introduced to you as a friend of mine, introduce him to me. Don't be a goose; be nice, jolly, good-natured, and friendly with every one, and see how much more fun you'll have.

Daddy's Good Night Story

By GEORGE HENRY SMITH

TING-A-LING! Ting-a-ling!" Mrs. Web-foot stood outside Mrs. Leghorn's door and pulled the little string while the merry bell rang inside. "Come in," said Mrs. Leghorn, and when she caught sight of Mrs. Web-foot she rushed right up to her with a gasp. "How, how do you do, I am delighted to see you."

"How are your dear children?" inquired Mrs. Web-foot. "They are all well, but I have quite a time keeping their feet dry," replied Mrs. Leghorn.

"Now isn't that funny. My children are never so happy as when their feet are wet," said Mrs. Web-foot.

"You should never worry about your children." "I was just worrying about my children," said Mrs. Leghorn. "I wasn't implying anything. It always relieves one's mind to talk to someone."

"Your children mustn't get their feet wet and mine mustn't fly," replied Mrs. Web-foot.

"I didn't know that your children ought not to fly," began Mrs. Leghorn. "Don't some ducks fly?" "Some ducks do. Wild ones, of course, but not my dear children. They are almost drowned."

"What are you laughing at?" asked Mrs. Web-foot. "Well," began Mrs. Leghorn, "my little Willie, bright boy that he is, he almost drowned one day when he saw Dickie Duck paddling around in the water."

"I remember Dickie had to pull Willie out," replied Mrs. Web-foot. "Yes," said Mrs. Leghorn. "That wasn't all. He told Willie that children should stay where they belong."

"You see, Dickie is a bright boy, too," said Mrs. Web-foot, as she followed Mrs. Leghorn into the kitchen.

The Other Woman in France's Scandal

MILAN, April 18.—Il Secolo publishes a lengthy article from its Lausanne correspondent in the course of which it is alleged that a packet of eye-witnesses, including the famous epistole "Your Jo," were reproduced here in August, 1910, by a lady friend of M. Calliaux.

This lady is described as being dark, of distinguished appearance, and dressed in black. All the letters were written on official notepaper, and were taken to a firm of printers with strict attention to exactitude in the matter of margins and typography. Persons who knew the affair at the time entertained uneasy suspicions that a trick was being resorted to for blackmailing purposes.

Secrets of Dainty "College" Candies

By Ann Marie Lloyd

W HEN Josephine Martin was a student in college she was called "the dandiest fudge maker" in the university. She made candies of every kind, from the most elaborate and ornate bonbons, which tasted exactly like dollar-a-pound kind, to simple taffies, her candies made her famous all over the country.

After she left college there was a sudden turn in her fortunes. Her father, who had lavished money on her education, suddenly left his family almost penniless. It remained for Josephine to support herself, her mother and a younger sister.

A less practical young woman might have tried to teach, or do some of the other regular things to which the mild-mannered girls at home, and she was the "sweetest girl" in each of her classes.

"I am going into the candy business," he announced to her family. And she did. Luckily she had her home, and so the first expense of rent was spared her. But for the first her business prospered. She decided that the most popular sweets were those that had chocolate for the chief ingredient.

Wellesley Chocolate Caramels. Two cups of molasses, one cup of granulated sugar, two-thirds cup of milk, three squares of unsweetened chocolate, one large tablespoonful butter and teaspoonful of vanilla.

Angel Kisses a la Radcliffe. Two cups of brown sugar, the brownier the better, three-fourths of a cup of half milk and half cream, and a tablespoonful of vanilla.

Popcorn Balls. For these best results will come from the use of New Orleans molasses. Cook a pint of popcorn over the fire five minutes. Pour into it three quarts of fresh-ly popped corn and cook two minutes, stirring every instant.

Barnard Caramels. Two cups of brown sugar, one of molasses, one cup of granulated sugar, one cup of butter, the size of a walnut. Roll and pour on a fat tin to cool.

Unknown. "You say that you are a stranger in town. Don't you know any one?" "Not a soul. Why am I such a stranger? I could not be identified sufficiently to entitle me to be lynched."

Both Seeking Rest. Gobans—I think I will go to the country next week to get a little fresh air. Grymes—I sent my wife and little fresh to the country a week ago to get him away from me.

Then the Fighting Begun. "What started that Kentucky feud?" "Oh, Bluff called Maj. Gove a dog name." "That was not much to fight about." "No, but he said the sort of dog he meant was a water spaniel."

Follies of Pleasure. THE Follies of Pleasure with that ever funny comedian Dan Coleman, the ever irresistible Eric Ambrose and the ever funny and witty cannot be forgotten. In addition commencing Monday evening, Monday to the regular show in the matinee, showing all the away-from-home games between Providence and Toronto.

Very Latest Fancies of Fashion Soft, Flowing Net Effects Seen in Newest Frocks

By MADGE MARVEL

PLAIN white net is a most important fabric this season. It forms the foundation of nine-tenths of the blouses and gowns of the spring and summer. It is the lining fabric pre-eminent and has quite displaced the heavy "waist lining" of other days.

Soft slinkiness is the thing to be desired in all gowns. With this effect there is the same need as ever for a certain firmness which is in unapparent existence, and it is for this that net is such as is used for linings, it gives all the body required even for the woman of full figure who feels that in the making of her gowns she must have "something to hold her."

It is so delightfully light that it adds nothing in the way of warmth to summer gowns. It makes an excellent foundation upon which to drape all the exquisite sheer fabrics which are used for gowns, bodices or for separate pieces, and it gives the crispness and freshness which linen should have and which it loses when it is subjected to contact with arms and neck moistened with perspiration.

In making the net waist the outside fabric is caught only at the side seams. The foundation is plain and fitted and fastened with tiny snap fasteners. The net lining sleeves are made separate from the sleeves of the gown so they can be slipped out and cleaned. This makes them of great advantage for use in the summer gown, for the sleeves are the first part of a gown to become sticky and soiled.

Long slipped attiches are the thing that clung in the making of the model gown. The best ones show no sign of sewing, the machine work is so perfect never in evidence. The draperies are apparently tucked up or swirled around and stuck into place by the maker who is making her summer gowns to learn right now to "slight" her sewing.

One of the best dressmakers gives this firm, but take as few stitches as possible. When it comes to making all the cunning little ruffles and puffs we wear this year, the knowing hand will be sewing the machine work into its proper value. For the difference between this garment which is made by hand and that which is made by machine is a vast and costly. Tiny stitches cost a penny.

PETER'S ADVENTURES IN MATRIMONY

By Leona Dalrymple

The truth about "the girl in the case" distinguishes this new series by Miss Dalrymple. Her character studies will not appear unfamiliar to the majority of readers, who will follow the fortunes of "Peter" with growing interest.

The Word "Obey." MARY and I have had a queer discussion—quer in that I took the side one would naturally expect her to take, and she took the side the average man might take—or a clinging vine.

It began by an article I had read about the elimination of the word "obey" from the marriage ceremony. I inquired warmly from my newspaper, "was the word 'obey' in our marriage ceremony?" "Yes," said Mary. "I don't think it should be," said I. "Nor do I think it should," said Mary unexpectedly.

Our Bird Friends The Chickadee

BECAUSE of its delightful notes, its confiding ways and its fearless nature, the chickadee is one of the best known birds of the eastern States. It responds to encouragement, and by hanging within its reach a constant supply of sweet chickadee can be made a constant visitor to the garden and orchard.

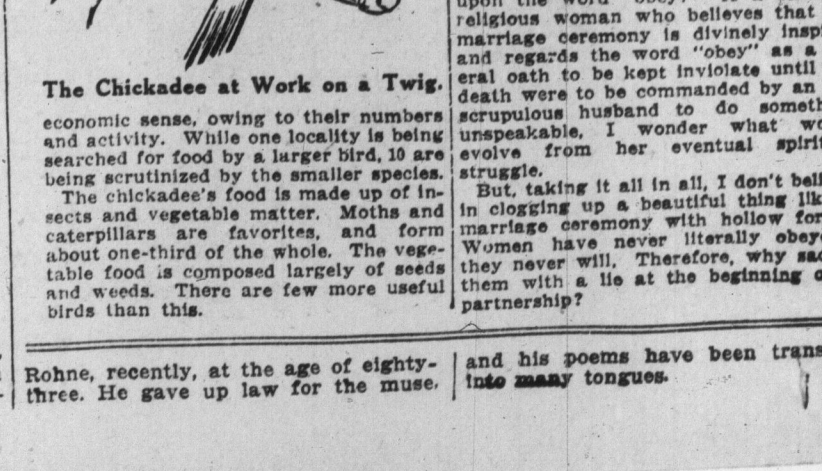

Though insignificant in size, titlike (another name for the attractive little birds) are far from being so in an economic sense, owing to their numbers and activity. While one locality is being searched for food by a larger bird, 10 are being scrutinized by the smaller species.

The chickadee's food is made up of insects and vegetable matter. Moths and caterpillars are favorites, and form about one-third of the whole. The vegetable food is composed largely of seeds and weeds. There are few more useful birds than this.

"Sweethearts" Operas. In the Victoria Parlors of Y. O. Lde Firm Heintzman & Co., Ltd., 193-195 Yonge street may be found a full assortment of recordings of the "Sweethearts," now being given at the Princess Theatre.

Chickadee at Work on a Twig. The chickadee's food is made up of insects and vegetable matter. Moths and caterpillars are favorites, and form about one-third of the whole. The vegetable food is composed largely of seeds and weeds. There are few more useful birds than this.

But taking it all in all, I don't believe in clinging up a beautiful thing like a marriage ceremony with the old-fashioned way. Women have never literally obeyed; they never will. Therefore, why saddle them with a lie at the beginning of a partnership?

R. Britton Takes Spin in New Canoe

BROCKVILLE, Ont., April 17.—Ralph Britton, the Gananoque sailor, took his first spin this afternoon in his new canoe, Toronto, with which he will try conclusions again at New York with the holders of the international canoe sailing trophy. In his first race last fall Britton was beaten, but the experienced gained on that occasion in strange waters as expected to be of considerable help when he buckles up with the best amateur sailor Uncle Sam trots forth. His new creation is a perfect model and said to be lightning fast.

The Prescott Rifle Association has decided to enter a team in the Canadian league matches this year. The new captain of the club is J. E. Carruthers, one of the crack shots of the organization. The bugle band of the Forty-First Regiment local champions of indoor regimens for the past four years, successfully defended their title against a team of the Governor-General's Foot Guards. The game was played at the Brockville armories and resulted in a victory for the Brockville boys by a score of 18 to 11. The visitors were entertained to a banquet at the close of the contest.

YORKSHIRE SOCIETY CRICKET CLUB

Oxford Relay Team Try Out at Harvard

CAMBRIDGE, Mass., April 17.—The runners of Oxford University who are to compete in the four-mile relay race at the University of Pennsylvania, games next week, practiced on the stadium track today, jogging around the cinder path on which the world's amateur record of 4 minutes 15.5 seconds for a mile was made by John Paul Jones. They made no attempt at speed. Norman S. Taber ran the longest distance, a mile and a half, the others stopping after they had covered a mile. The track was heavy from recent rains.

The visitors were received with warm hospitality by undergraduates and officials of Harvard. They had luncheon at the Varsity Club, and during the afternoon watched the competition in the annual track and field games. The juniors won, with the seniors second. The Oxonians returned to Providence tonight.

Markham Will Have Two Lacrosse Teams

MARKHAM, April 17.—The Markham Lacrosse Club have elected the following officers for 1914: President, M.P. Mr. W. F. Maclean, M.P.; Mr. George Henry, M.L.A.; R. A. Fleming, A. G. W. Beatson, W. M. Morrison, Robt. Welsh, C. F. Todd and A. Wickman; honorary president, Dr. B. H. Haszard and A. J. H. Eckardt; president, W. Groves; secretary, A. P. Innes; manager, V. Douglas; secretary-treasurer, Jack Hastings; vice-pres., Geo. Wilson, John Hemmings, E. U. Wilson.

Markham will be represented in the O.A.L.A. this year by intermediate and juvenile teams.

IRON MEN THIS YEAR FOR HAMILTON J. C.

HAMILTON, April 17.—It is more than likely that the pari-mutuel machines will replace the old-time bookmakers at the Hamilton Jockey Club this year, if not for the spring meet at least for the fall meet. This was the substance of remarks made on the subject yesterday by Judge Mack, one of the directors of the local club.

It is understood that some of the local directors prefer to continue with the old order of things, but the majority favor the change.

GALT, April 17.—The Y. H. Tennis Club's annual meeting held at Y.M.C.A. club was well attended and much enthusiasm was manifested. Reports were gratifying. Officers elected: President, Dr. Duran; vice-president, Miss Margaret Fraser; secretary-treasurer, Geo. Atkin; grounds and sports committee, J. B. Motherhill; convener, E. C. Coddling; social committee, Miss Mary McKean; convener, Miss Annie Buchanan, Miss Margaret Turnbull.

ALL CHESS PLAYERS INVITED. There will be a grand reopening of the Central Y.M.C.A. Chess Club at 40 Colborne street on Wednesday evening, April 22, at 8 o'clock. The program will consist of speeches, music games and refreshments. Representatives of other local clubs and Bishop Reeve, president of the Dominion Chess Association, are expected. All chess players are invited. Come and enjoy the evening and see the splendid chess equipment provided.

SUNDERLAND OPENS NEW GROUNDS TODAY

Baracas Their Opponents—Stratford at Galt—Van-couver Joins D. F. A.

This afternoon will see the soccer men out in full force and with the weather conditions favorable some great games should result. Sunderland will open their new grounds at the corner of Weston road and St. Clair avenue, when they take on the Baracas. The red and white have spent upwards of fifteen hundred dollars in getting this magnificent piece of ground in shape, and they expect to be cordially received. This afternoon's game should be a hummer. Both teams are tied with three points each, and the winner will go up.

Old Country seniors and Thistles should be a good battle also, and the fans who travel to Stanley Barracks this afternoon will see the two rivals fighting it out there. Nearly every game on the card today has its points of interest, and surprises are bound to be many when the results come in.

Galt will open its football season today when the Stratford seniors, champions of the W.F.A. last year, meet the Galt Caledonians there this afternoon. Both teams will be at full strength, and a real hard game is sure to be staged.

The Pioneers line-up against Don Valley this afternoon on the Don Mills road will be as follows: McCloskey, S. White, Richardson, Wilmer, Hutton, Hunt, Pollard, D. Prestwick, Bradshaw, Dusey, W. Wilding, Poswyn, White, S. Prestwick and Galt. All players are requested to be at the corner of Broadview and Danforth avenues at 2.45 p.m.

Vancouver have started the ball rolling in British Columbia and have decided to drop in their lot with the D.F.A. Now that one of the leagues has made a move the others will follow.

The Old Country Football Clubs play Stanley Barracks today. Line-up: Riverdale Presbyterians. Kick-off 2.15 prompt, and the following players will please be at the Barracks: Riley, Burnett, Jones, Chadwick, McCrone, Donnell, Morrison, Campbell, Clewley, McCrone, McCall, Reserves: Dale and Jud.

O.C.C. seniors play Thistles, and the following players will please be at the Barracks by 2.30. Kick-off at 4: Messers. Brownlie, Hutchinson, McClymont, Dierden, Taylor, Lays, Salt, Donnell, Hutton, Luddy, Kidding, Reserves: Spott and Evans.

Dunlop seniors play St. Catharines this afternoon at Stop 7, Yonge street. Kick-off 4.15 p.m. Line-up: Dunlop seniors, Murne, Taylor, Byrne, Douglas, Lovell, Fleck, Gerrard, Lindsey, Yavenport, Lawrie, Nelson. Reserves: Russell, Mortimer and Sloter.

Dunlop Juniors play Ranger Juniors at the Don Plaza at 3.15 when the following team will represent the rubber merchants: Murne, Taylor, Byrne, Douglas, Lovell, Fleck, Gerrard, Lindsey, Yavenport, Lawrie, Nelson. Reserves: Russell, Mortimer and Sloter.

The time for the Celtics' game today is 3.30, not 3.15, as originally given out by mistake.

The Queen City team will meet at 3.15 p.m. today at the Hillcrest Club, 1850 Bathurst street. A practice game has been arranged.

Sons of Scotland play Swansea on Saturday at Harris Park, Coxwell avenue. Kick-off 2.15 p.m. The following will turn out for the Sons: Robertson, Hamilton, Purdie, Craig, Gray, Davidson, McKee, Thompson, Lindsey, Fleck, Young, and Watt. All Sons players are asked to be on hand early as they are to have their pictures taken.

The following players have been selected to represent Corinthians against Gards at Kew Beach on Saturday afternoon: Goal, Hancock; left back, Bowmer (capt.); right back, Miller; right half-back, Bourke; centre, Green; left half-back, Booth; outside right, Clow; inside right, McQuarrie, Brodhurst; inside left, Pease; outside left, Winhall. The president, Mr. Jack McKinnon, will kick off the ball at 3 o'clock.

Hearts F.C. play Fraserburgh F.C. at 3.15 p.m. today at the Hillcrest Club, 1850 Bathurst street. A practice game has been arranged.

WOODGREEN WINS FINAL M. Y. M. A. BASKETBALL

Defeating Simpson Avenue For Championship by Eight.

The M.Y.M.A. basketball final was played last night on the Central Y.M.C.A. floor, resulting in a victory for Woodgreen over Simpson avenue by 28 to 20. The half time score was 13 to 8. Booth was the best man on the floor. Teams: Simpson avenue (20)—Finlay, 6, Kirk, 3, Cassie, 2, Scott, 4, Hall, 1. Referee—Lang.

BALMY BEACH CLUB

Balmy Beach has arranged an attractive program for the evening tonight at the club house.

Billy Hay says—If you could spend an hour or two here with me, see the class of men who always buy Semi-ready clothes and hear their comments of admiration as they examine the many garments in our stock, you would be forever convinced that this is the right shop for you.

The superiority of materials, the distinctive patterns, the perfection of workmanship, and above all the correct fitting quality of Semi-ready garments, are unequalled anywhere on the continent.

One more important thing—the service here is ideal. Why not drop in and look them over today?

Clothes that make a man well dressed

SO many men make the mistake of judging clothes purely from a standpoint of value and overlook the very important item of fitting their persons and temperaments. We've given this phase of the matter a lot of deep study; our stocks are ready with clothes that fit a man's personality as well as his body.

TWO ideas are particularly popular in suits—the black and white stripe and the Tartan plaid—we recommend them to men who like to follow the dictates of style absolutely. We have them at all prices, but particularly fine values at \$15 to \$25.

THE Balmacaan is the "hit" of the season, just as we anticipated it would be. We have them with military, convertible, or plain collars, in a lot of smart, rough mixtures, confined to us. Unusual values at \$20.

UNDER BRITISH RUGBY RULES

Four Games Down for Decision at Island Stadium and Exhibition Park.

There are some good games down for today under British Rugby rules. Perhaps the pick will be that at Exhibition Park (ring No. 2) at 5.30, when the West of England team come up against the Scottish formation. Judging from last Saturday's games, Scottish would appear to be the favorite, but the West of England team is supposed to be much stronger in the front rank to that which drew with the Wales XV. This was the department in which they failed, but with this line improved they should give their three-quarters plenty of chances to score, that is providing the Scottish three-quarters will allow them. It should certainly be a great game, and a fine exhibition of English Rugby should be seen at this game.

Another good game will be seen at the Island Stadium, when the Irish A.V. attack the South of England team. The Irish back is considerably heavier than that which beat the North of England and a considerable improvement should be seen in their opponents.

The boys from the Y.M.C.A. will have a hard nut to crack when they face the Welsh team. They are, however, confident that they will make the Welsh fifteen play the full time to win.

The Overseas will also have a big fight to beat the North of England team. They are much stronger than they were last week and have strong hopes.

The following games will be played today:
Y.M.C.A. v. Toronto Welsh at Island Stadium at 3 o'clock. Referee, J. C. Davies.
Overseas v. North of England at Riverdale Park at 3.30.
Toronto Scottish v. West of England at Exhibition Park (ring No. 2) at 5.30. Referee, Mr. Lacey.

South of England v. Toronto Irish at Island Stadium at 4.30.
Irish team for today: Full-back, Hilliard; three-quarters, Gopkinson, McCaughey, Templeton and Ward; halves, R. B. Templeton and Sedell; forwards, McIvor, Bond, Whittaker, Anderson, Kingham, and Lewis.
South of England team for today: Full-back, A. Arnold; three-quarters, J. Taylor, W. J. Smith, C. A. Cooke and F. J. Faroe; halves, C. J. Hunter and W. Gardner; forwards, K. Partridge, A. Bond, E. Smith, W. J. Pratt, L. W. Delph, P. Tres, G. Lethbridge and T. Hicks; line, reserves, F. Ayres, G. Thorp and Mr. Cole.

New York Central Railway, he pointed out, had only the other day discharged 25,000 employees.

Mr. Webster ridiculed the statement made by Liberal speakers that the western farmers were not getting fair treatment from the government. He pointed out that pioneer conditions in the west today were not half so strenuous as pioneer conditions in Ontario and Quebec fifty years ago. The west up until a short time ago had been given the pick of the immigrants, while Ontario farmers had a hard time to get farm help.

Regarding Standard Price

\$5.00 is right You can't get a good Shoe for less and you should not pay more.

THE customers' safeguard—is the standard price. Any article of merchandise—the price of which is known—advertised broadly and stamped plainly upon it—is bought with confidence.

In shoes especially—the public have no means of judging values—and every day—shoes that do not cost any more than Tally-Ho's are being sold for \$8—\$8 and \$10.

Every pair of Tally-Ho Shoes is sold at the Standard price of \$5.00. Just that—no more—no less.

Every pattern—design—and variety is the same. The price here—or in New York—or in London is the same—\$5—21 shillings.

We can do this and give the extra big value—because we are men's specialists—we have but one grade—we have a special method of distribution—all of which reduces the cost.

Hence the Joy

JOY-PEDS know the value of money. They want 100 cents worth for every dollar they spend, and get it.

They enthuse over Tally-Ho's—because they know the best \$5 worth in Shoe-dom. So they hand their Fives to the Tally-Ho man for any pair of Tally-Ho's that strikes their fancy.

apply to the proposal that we remove the duties on wheat and wheat products from the United States. To grant to the west the boon of free wheat would not be to sacrifice our fiscal independence, because we would be free at any time if we saw fit to reimpose the duties.

Mr. Aikins did not see how free wheat could injure the Canadian miller, whose market was largely an export market. As to the railways they had only to make reasonable freight rates to carry not only Canadian wheat from the west to the seaboard, but also to carry American wheat from the Western States to the Eastern States.

"If the interests of the west," Mr. Aikins continued, "are to be sacrificed to the interests of the eastern millers and the railways, then it is the duty of the government to bonus the flour milling industry in the western provinces. For this purpose, milling machinery should be admitted free of duty, and power be furnished the millers at reduced rates by the Dominion government. It might also be the duty of the government in some way to reduce freight rates even if it had to bear part of the transportation charges which western Canadian millers had to pay in order to export their product."

Flax Fibre Bounty.
Mr. Aikins also favored the imposition of a duty upon Indian corn, believing that such a step would create a demand in eastern Canada for the barley grown in the west. He also advocated a bounty for the flax fibre industry.

The Laurier government, the member from Brandon contended, had neglected the west, while endeavoring to make the eastern people believe that they were making great sacrifices for the benefit of the country west of Lake Superior. That government had only expended about \$7,000,000 all told in railway construction in western Canada, including the few miles of the National Transcontinental which ran thru the Province of Manitoba. True, it had loaned ten million dollars to the Grand Trunk Pacific, but that money would be repaid. It had guaranteed the bonds of the Grand Trunk Pacific and the Canadian Northern, but those guarantees had not involved the government in one dollar of actual expense. The Provinces of Manitoba, Saskatchewan and Alberta had been left to finance their own railway construction.

Mr. Aikins then compared the cost of the National Transcontinental with the cost of the C. P. R. The National Transcontinental had cost \$234,000,000, while the C. P. R. had cost less than \$175,000,000. He took a gloomy view of the National Transcontinental, and suggested that it might be the part of wisdom not to attempt to operate the road.

Mr. Buchanan (Medicine Hat) spoke earnestly in favor of free wheat. He said the population of Southern Alberta had become stationary and that settlers were leaving the land and returning to Ontario and the United States.

Mr. Buchanan declared himself against any further aid to the Canadian Northern. Messrs. Mackenzie and Mann, he said, should sell out their interests in street car companies and other enterprises at home and abroad and complete the Canadian Northern with their own money. If they could not do this, the road should be taken over by the Dominion Government.

Mr. Webster (Brockville) declared that while Canada was weathering the financial storms, conditions in the United States were not so good. The

Robinson's Superbas Score Shutout—Braves Let Down With Five Hits.

BROOKLYN, April 17.—Raleigh Aitchison, who pitched the Newark to the International League pennant last year, made his 1914 debut with Brooklyn today, shutting out Boston, 5 to 0. He allowed only five hits and fanned five batters. Only twice were the visitors dangerous—once in the third inning, when Gowdy led off with a triple, only to be nailed at the plate, and again in the fifth, when the Bostoner filled the bases. EXCITING CONTEST GOES TO CUBS

Reds' Cuban Wonder Just Failed to Steal Home With Tying Run.

CINCINNATI, April 17.—Chicago won an exciting game from Cincinnati today 8 to 5. The locals had two men on bases and two out in the ninth when Marsans attempted unsuccessfully to steal home from third base, ending the game in favor of the visitors. Ames practically lost the game for Cincinnati by his wildness in the fourth inning, when he was on the mound. Davenport pitched effectively for four innings and was retired, only to permit a pinch hitter to take the mound. Leavender was effective until the seventh, when Cincinnati scored two runs on a base on balls, a double and a single. He was relieved in the eighth by Cheney. Score: Cincinnati, A. B. R. H. O. A. E. BURGARS RANSACK HOUSE.

By forcing a kitchen window in the rear of the house, unknown thieves entered the home of T. W. Lewis at 327 Davenport road about 10 o'clock last evening, while the family were attending a church meeting. When the family returned they found the house ransacked from top to bottom and much valuable jewelry and a little money missing. The work was apparently that of one man who knew the layout of the house.

HORSE SHOW.

The Canadian National Horse Show, which opens at the Armouries April 28, promises without doubt to be the greatest show ever held in Toronto, or in fact in Canada. Last year the exhibition came to the Maritime Provinces in the east and Winnipeg in the west, but this season it will be an international event for the first time in its twenty-year existence. Entries for the show will close today with Secretary Alex. Miln, 701 Traders Bank Building, while the reserve seat plan will open Thursday at 95 East King street.

Birmingham Will Be Out for Season

CHICAGO, April 17.—Examination of the injury to Joe Birmingham, manager of the Cleveland American League team, today confirmed a fear that he was hurt internally in a fall that he made here. According to Dr. J. H. Blair, physician of the Chicago Americans, the Cleveland leader is likely to be out of the game for the rest of the season.

Jim Thorpe and Hearne Released to the Leafs

Jim Thorpe and Bunny Hearne have been released to the Toronto club of the season. That was the information received by the president from Kelley last night. They are to join the Leafs at Providence on opening day. Pitcher Roggie will also reach Toronto next Tuesday. Pitcher Johnston will assimilate with the Kelley Klan at Lawrence next Monday, when an exhibition game is on. The president stated that the celebrated aborigine would work in the outfield.

LEFTHANDERS IN BATTLE AT BOSTON

Washington Scores Only Run of Game in Ninth Inning—Boehling in Form.

BOSTON, April 17.—One run, scored in the ninth, gave Washington the victory over Boston today. The scoresless pitchers' battle of eight innings between Boehling and Leonard, a scrupulous left-hander. Boehling pitched a remarkable early-season game, allowing only two runs in the last two innings. Washington twirler never was in difficulty. Score: Washington, A. B. R. H. O. A. E. GAW VERY WILD LEAFS TROUNCED

Kelley's Men Handicapped by Poor Pitching at New London, Conn.

NEW LONDON, Conn., April 17.—(Can. Press.)—It was safer to be in the grand stand when Gaw started in today. For three innings Acting Manager Fisher allowed the Boston dental student to jeopardize the lives of the opposing batsmen, and then called Herbert to the crag. After Herbert had allowed only two hits, but he had doled out seven bases on balls and forced in two of the seven runs that were scored. The game was trying to throw the locals into the grand stand. Herbert for the remainder of the game allowed five hits, three of which were bunched in the fifth inning, when the locals scored their only run off him, two singles and a double doing the trick. After two-base hit—Fitzpatrick, the crag looked like a real ball club and played an all-round game, that lacked nothing in batting and fielding. The best of the fielding features. But the mischief had already been done. Herbert and Leonard looked an all-round superior team, but Gaw's awful performance was too big a handicap. Kelley will join the team in New London tonight, and two new pitchers, Johnston and Rogge of the Chicago Americans, will be along in time for the Boston game. The game was a bit of a fiasco in a Chicago despatch yesterday that Rogge and Johnston were to pitch for the Browns.

CHAIRMAN SMITHERS WILL OFFICIATE

It has been learned that Chairman Smithers of the board of directors of the Grand Trunk Railway System of Canada is to officiate at the opening of driving the golden spike of the new completed Grand Trunk Pacific System. President Chamberlain and other members of the Dominion will be present at the ceremony, which is to be made a big event in railway history.

FOUND BODY IN BUSH

NORTH BAY, April 17.—The body of an unidentified man was discovered lying in the bush near North Bay today. A note found near the body, written in French, asked to have the last rites of the Catholic Church performed by a French priest, as the writer was sick and could not walk further. The body was found in a bush. A request was held, and from papers found on the body, the dead man is supposed to be Gustave Joseph Tillet, a Belgian, who has apparently been keeping time on the C.N.R. construction.

HAMMERSTEIN BARRED FROM OPERATIVE FIELD

Cannot Produce in New York or Boston for Six Years.

NEW YORK, April 17.—Oscar Hammerstein and his son Arthur are restrained from producing either comic or grand opera in Boston and New York until April 26, 1920, according to a decision of the appellate division of the supreme court today. The complaint against Hammerstein was filed by the Metropolitan Opera Co. and stated that Hammerstein agreed not to produce opera in Boston or New York for ten years if the Metropolitan would purchase Hammerstein's Philadelphia Opera House for \$1,200,000.

WOMEN ARE PRAISING DODD'S KIDNEY PILLS.

News Scotia Mother Tells How They Cured Her Aches and Pains, and Made Her a Well Woman Again. ECUM SECUM BRIDGE, Halifax Co., N.S., April 17.—(Special.)—From Vancouver to Halifax come daily reports of the splendid work Dodd's Kidney Pills are doing for the suffering women of Canada, and this little place can show a splendid cure of its own. Mrs. Orastus Pace, the mother of a large family, was a sufferer from those aches and pains only women know. Today she is a strong, healthy woman. Dodd's Kidney Pills did it. "I had a pain in my left side and down through my hips," Mrs. Pace states. "I had headache all the time. My heart was weak, and at times a pain around it added to my fears. Some days I was hardly able to walk. I read of a number of cures of cases like mine, by Dodd's Kidney Pills, and sent for three boxes. To-day I am a well woman, and can do as much work as ever I could." Dodd's Kidney Pills cured Mrs. Pace because her troubles came from diseased kidneys. Dodd's Kidney Pills always cure diseased kidneys, and as ninety per cent of women's troubles come from kidney trouble, Dodd's Kidney Pills have come to be known as suffering woman's best friend.

OPENING OF CORNWALL CANAL.

CORNWALL, April 17.—It is expected that the water will be let into the Cornwall canal on Monday next. The work on the concrete retaining walls at the foot of lock 20, and the closing up of the old lock 19 are progressing favorably. The latter work will do away with the expense of maintaining gates, etc., as the lock is no longer used.

ROYAL CANADIAN INSTITUTE.

Mayor and Board of Control Listen Favorably to a Deputation - A Necessity.
A deputation waited upon the mayor and board of control in reference to establishing public golf links in some of the parks of our city. A sympathetic hearing was given, and the suggestion was made to present the whole matter to the parks committee, who are now developing plans for tennis, football, baseball, etc. The great old game of golf should not be overlooked. In Canada up to the present it is largely a rich man's game. In England and Scotland nearly all the cities have public golf courses, where one can have a game for a small fee. In the United States a beginning has been made to popularize the game for in the City of Chicago alone there are four civil golf courses have been established, and last year over 500,000 played over these courses. Winnipeg has taken steps to establish a civil golf course. A deputation is to present the whole matter to the parks committee on Tuesday, April 28, at 3 p.m. Anyone who is interested is invited to join them. If you desire to see a public course in the city, write a note or drop a card to Rev. R. N. Burns, 486 Jarvis street.

THORNCLEIFFE PAIR SENT NICE GALLOP
On Sticky Track at Woodbine Park - Hendrie Horses Expected Today.
The track at Woodbine Park was sloppy and sticky after the rain, but all the horses were out and given good, stiff gallops yesterday morning. Most of the different strings were sent along at two-minute clips.
First Eight and Amusement from the Davies stable, were sent three-quarters in 1.25. They did it handily, and both were under wraps all the way.
Sol Muntz is expected here with his string on Monday. Capri sauce, the heat of so many fought states, runs will be with the stable, and it is reported that he looks better than ever.
Miss Felix bred three-eighths in 38 seconds. Field Flower and Modern Priscilla bred together one-eighth in 13 1/2.
Eddie White, with the Hendrie string, is expected today. Everything is in readiness for the reception of the Hamilton horses.
Painters and kelsoners are very busy these days under the supervision of Mr. McComick, who has to have everything in the best possible shape for opening day, Saturday, May 23.

GREAT DISCOVERY.
Wonderful Cloth - Won't Tear - Won't Wear Out - Absolutely Hoopproof.
A sensational discovery that should prove a boon to all readers has been made by a well-known English clothing company. They have discovered a really remarkable cloth that will not tear, will not wear out, in fact, is absolutely hoopproof, and yet looks exactly as the very finest English tweeds and serges. It is made in all the most up-to-date designs and is the most suitable for farm or rough wear or office and best wear. Just to introduce this remarkable cloth to the notice of our readers, the offer is made of a pair of well-fitting, smartly cut gent's trousers for the rock bottom price of \$1.50 (3 pairs \$4.50), or a pair gent's walking, riding, or cycling breeches for \$2.00, or a well-cut gent's suit, right-up-to-the-minute in fashion for \$5.50; and with every garment the firm will send a printed guarantee plainly stating that if the smallest hole appears within 6 months from date of purchase another will be given absolutely free of cost. The prices quoted include both postage and duty, so that customers have nothing more to pay on delivery. Readers should send at once to the Hoopproof Clothing Co., 54 Theobald's Road, London, W.C. Eng., \$1.50 for a sample pair of these remarkable trousers, together with waist and leg measures, and state color required, and per return the firm will despatch the trousers together with catalogue of cloth samples, measure forms and for at least 6 months' solid hard wear; or readers should send merely a postcard for free samples, fashions and instructions for self-measurement to the Toronto distributing branch, The Hoopproof Clothing Co., Ont. 15, 173 Huron street, Toronto, but do not send orders for delivery direct to England, and be sure to mention The World when writing.
EIGHT-HOUR DAY ABOLISHED.
GALT, April 17. - The public works department announces today that the system in vogue for many years of postponing drain and sewer operations till the winter season in order to furnish laboring work, has been abandoned as too costly and as an incentive to carelessness and improvidence on the part of men forming the road gangs. Commencing Monday and eight-hour day will be observed and all men put on the ten-hour shift.

To Conserve Nova Scotia's Forests. (Special Correspondence.)
FRIDERICHTON, N.S., April 17. - Dr. Fernow, the great authority on forestry, says that with proper care the forests of Nova Scotia would produce in perpetuity twice as much timber as is now being taken out, and in line with this warning, the Nova Scotia Government is taking the necessary measures. The aim of the Forestry Association is also to find out what part of the province is fitted for field agriculture and to have that part turned into farm land as rapidly as it possibly can be done. The object of the association is to cut the trees on these areas as quickly as market conditions will allow, and to suitable timber for the remaining areas so as to ensure a steady growth of timber. This is one of the most valuable assets of the province will ensure greater precautions in the conservation of this valuable gift of nature. The timber of the woods into mercantile timber is in itself a great industry, and employs thousands of men, but the future of the lumbering industry rest in a large measure on the present crude methods of manufacture are abandoned, and the finished article is put on the market. Within easy reach of Fredericton on the St. John and Nashua Rivers, are valuable hard and soft wood areas of almost inexhaustible extent, including spruce, pine, hemlock, maple and birch. This wood can be brought to this city by either rail or steamboat at a very low cost. The openings are particularly bright for the making of furniture and for industries employing the higher grades of lumber.

Here's a Chance No One Can Afford to Miss
If You Are Tired of Useless Drugging COME NOW
What's the use of dragging your legs about like a wooden person? Feel like a person of spirit. Away with pains and aches; off with the wretched feeling as if you were eighty years old and had one foot in the grave. Come and let me put life into your nerves; let me give you a new supply of youthful energy. Let me make you feel like throwing your chest out and your head up and saying to yourself, "I am STRONG AND HEALTHY." Let me give you back that old feeling of youthful fire, vim and courage. I can do it, so that in two months you will wonder that you ever felt so slow and so poky as you do now.
33 Greenwich St. West, Brantford, Ont.
Dr. McLaughlin: - Dear Sir, - I have used your Belt for over three months and have received more and better results from it than from all the medicine I have ever taken. My back and kidneys are much stronger than they were a year ago. I have no pains in any part of my body since using your Belt. All my weaknesses are gone and I have gained ten pounds in weight. I wish I had bought your Belt sooner than I did, for then I would not have had to suffer with the pains as I did. I feel quite proud of your Belt, for what it did in my case.
Yours truly, H. L. WEEKLEY.

HYDRO BOARD
HYDRO-RADIAL SCHEME
 Opposition Leader Thinks There Must Be Some Ill-Feeling.
 Province Not Asked to Build Them, Said Mr. Lucas.

After listening to Hon. Col. Hendrie's statement of distribution in connection with the proposed five-million-dollar expenditure for hydro-electric devices which came up during the consideration of the supplementary estimates yesterday, N. W. Rowell, the opposition leader, taxed the government as to why they were so much opposed to the hydro radial railway mentioned in the supplementary estimates.

"Can the hon. gentleman tell us the position of the commission as to the question of Mr. Rowell's query?"

"The government will have an announcement to make in due time," replied Col. Hendrie.

Sanctified by Mr. Rowell's query, "that there is a lack of harmony in the commission—that there is a situation of acute controversy between the members and the chairman as to the policy to be pursued? In connection with the situation in the City of Toronto, it would appear that the chairman desired that the press should be admitted while the other two members desired they should not. I submit we should have some statement from the government when they ask for such a large amount, because the hydro radials are deeply concerned, and if there is a lack of harmony and co-operation, it is a matter that the public has a right to know about."

Too Much Curiosity.
 Hon. Mr. Foy: "I think the hon. gentleman has too much curiosity." Hon. Mr. Lucas thought the question nonsensical, while Hon. Dr. Pyne declared it out of order. "Do we love each other or do we not?" interposed Col. Hendrie laughingly.

Sanctified followed up Mr. Rowell in deploring the fact that there was not a dollar in the estimates for hydro radial building, to which Hon. Mr. Lucas replied that the West Northumberland member was not familiar with present conditions. No railway man in the province had made any such suggestion that the province should build hydro radials or assist to build them. "I challenge my hon. friend to produce any such statement," said he. "The municipalities are not asking this government to build hydro radial railways, but they are asking that we introduce legislation to enable them to do so themselves."

GUARDING INTERESTS OF ALL SHAREHOLDERS
 J. I. Hart Would Amend Companies Act to Give the Dissatisfied Some Satisfaction.

To guard the interests of the individual shareholder in small companies, the amendment proposed by J. I. Hart of Simcoe, Ontario, to the Companies Act, and allows anyone who suspects that his rights are not being lived up to, to apply to the county judge with his evidence.

The bill will cover cases where a company buys up the ruling bulk of stock in another, then sells it at a profit, and the minority shareholders are left with a material loss. It also covers cases where a company buys up the ruling bulk of stock in another, then sells it at a profit, and the minority shareholders are left with a material loss. NEW SYSTEM PLANNED FOR VARSITY GRANTS
 Hon. I. B. Lucas Announced That Basis of Support Will Be Reported Upon.

The Ontario Government is about to examine either by commission or otherwise the basis of university support in the province, in an effort to reduce some of the material and just method of granting yearly assistance. One thing to be borne especially in mind will be the overlapping of grants to the universities at Toronto, Kingston and London. This was the nature of an announcement made by Hon. I. B. Lucas yesterday when the grants were passing through committee of supply.

Random Notes on the Mining Stocks.

A mining man writes to The World as follows: "When Dr. Baetz, the great German expert, examined Porcupine on behalf of his government he came to the conclusion that the Dome is an off-shoot from the ore zone on which the Hollinger and Porcupine Crown are located. This conclusion is strengthened by the recent favorable results on the Dome Lake on the east and the Crown on the west. The Keewatin series of igneous rocks extends unbroken between these various properties. The Dome is lower in grade than the Hollinger and Crown, this is probably due to the greater size of its ore body.

"The Dome has declined late, but no apprehension need be felt on that account. The property is in the hands of experienced men who have large capital at their command, and this capital they have spent freely after the fullest and most careful investigation. "When Dr. Baetz, the great German expert, examined Porcupine on behalf of his government he came to the conclusion that the Dome is an off-shoot from the ore zone on which the Hollinger and Porcupine Crown are located. This conclusion is strengthened by the recent favorable results on the Dome Lake on the east and the Crown on the west. The Keewatin series of igneous rocks extends unbroken between these various properties. The Dome is lower in grade than the Hollinger and Crown, this is probably due to the greater size of its ore body.

"When we bear in mind the fact that the formation of the country rock is exactly the same all the way from the Dome to the Lake to the Hollinger and Crown, we may fairly conclude that favorable results in any part of this area tend to prove the value of the whole. There can be no discount on the record of the Hollinger and the Crown, and in my judgment the Dome is potentially a very big mine. I have no present market price of large tonnage, and I have no doubt that the property could be sold to big capitalists for at least \$10,000,000, or more than the present market price of the stock. The shares of the 'ticker' are much too sensitive in this particular case."

Peterson Lake was a big selling issue, and no doubt a great many of the smaller shareholders became frightened at the news in the report circulated yesterday, thinking that what had happened was disastrous to Peterson Lake interests.

As Sir Henry Pellatt, president of the company, stated thru The World yesterday that the boundaries between Peterson Lake and McKinley-Darragh had been settled on some time ago, it is not surprising that the re-staking of the four to seven acres of Cart Lake, which was considered by many to be the Peterson Lake property, was only the result of an understanding between the two companies.

A despatch from Cobalt, referring to the re-staking, says: "It has been reported that the mining record office at Hallsbury in the name of Mr. Finucane, in the map of Coleman it shows as the part of the southern end of Cart Lake in concession three. Owing to the gradual draining of the lake this portion of it has been de-watered, and now shows as swampy ground on the edge of the lake. On the surface in order to make a discovery for various obvious reasons. The McKinley-Darragh has set up its own map of the edge of the lake, and the third on the ice. Also, some time ago, it drifted across the boundary of the Savage into debatable land, and out a 300 feet vein, giving a silver assay. This has filed as its discovery. On the regular map of Coleman the acreage is shown as part of the McKinley-Darragh concession. Nothing of value has been discovered in the debatable land staked, but it is known to be all conglomerate and from 200 to 400 feet deep. In view of the recent discoveries on the Gold and the Seneca, it becomes of some potential importance. Mr. George T. Smith, the mining recorder at Hallsbury, says that since the ground was shown on the maps as being open he had no alternative but to accept and record the vein which was done in the regular way. "It does not, of course, follow," he said, "that the department will agree with my interpretation of the case."

Work is now proceeding vigorously on an enlargement of the Hollinger mine. Twenty additional stamps are being installed, making a total of sixty. These are expected to be dropped later than the end of August, and a crushing capacity of 700 tons per day. Over one hundred and thirty-eight tons of ore were milled in 1913. The gross value being \$2,466,220. But the protracted strike severely affected operations both in the mine and in the mill. The Hollinger should, with sixty stamps in commission yield fully \$3,500,000 in gold per annum.

An engineer down from Cobalt who recently inspected Peterson Lake says that the vein has now been opened 100 feet and is showing four inches wide of rich mineral running over three thousand ounces to the ton. He also stated that he estimated that at least a million tons of high-grade ore have been taken out by the company in the present workings. BEAVER LAKE, Sask., April 17.-A gold rush is on here, and claims are being staked over a wide range extending into Manitoba, just across the border from the east. Some very spectacular strikes have been made in the camp. Porcupine men are here who say, "It equals the early days of Whiteney and Tisdale and showings are even better than that camp could then show." An old-time "gold camp" seems to be assured for Beaver Lake. The World is in receipt of a letter from one of the directors of the Rea Consolidated Mines Ltd. referring to a previous letter regarding the affairs of the company. The writer complains that the author of the letter appearing in The World was someone unacquainted with the circumstances of the company. He is regarding the affairs of the company. He encloses a circular calling attention to the meeting to be held at the Imperial Trust Company's office on April 20, which, among other things, is considered, states: "That the directors be and they are hereby authorized to enter into an agreement with Mr. Charles Miller and his associates for the sale to them of all mine and all plant, machinery and assets other than the cash on hand and receivable in consideration of 250,000 fully paid up and non-assessable \$1 shares in a new company to be formed with a capital of not more than 1,000,000 of common shares, hav-
