

WOULD FIGHT FOR BRITAIN IN CANADA

Nationalists' Object Only to Share in External Responsibilities of Empire Out of the Dominion — Bourassa and Monk to Speak in the English-Speaking Provinces.

MONTREAL, Nov. 9.—(Special).—At a meeting of ten thousand Nationalists, held in the east end this evening, beneath the folds of the Union Jack, Mr. Bourassa proposed the following resolution, which was unanimously adopted:

"This meeting acclaims the result of the election in Drummond and Arthabaska as the triumph of the principle of Canadian autonomy.

"That the victory justifies emphatically the attitude adopted on the navy bill by Mr. Monk, member for Jacques Cartier, and by the federal representatives who supported him. It shows that the people want to be consulted before being dragged into a new policy of imperial militarism.

"The meeting approves and ratifies the verdict rendered by the electoral division of Drummond and Arthabaska, and affirms the will of the Canadian people to uphold the rights of the British crown in Canada, declares itself ready to approve all necessary and efficient measures to make sure the defence of Canadian territory, but it considers as contrary to the principle of Canadian autonomy and to the real unity of the empire any policy tending to impose upon Canada, that has no voice in the government of the empire, any share in its external responsibilities and its military defence outside of the Canadian territory, the only portion of the empire upon which the Canadian people may exercise any political or constitutional action."

A Defi to Sir Wilfrid. The evident intention of the monster meeting was to contradict the statements that race appeals had been made in Drummond and Arthabaska. Mr. Bourassa repeated his speeches against the naval policy of the government, and defied Sir Wilfrid Laurier to open any of the French seats on the island of Montreal, and present himself as a candidate. The Nationalist leader declared that the prime minister of Canada would never see if his patriots were slaves to a man, rather than to a principle.

He also attacked the English Conservative press and their correspondents. The World amongst the rest, accusing them of bad faith, and saying that they misrepresented the Nationalists' position before the English provinces. If, after the whole question is discussed and the majority of the country pronounces for imperialism, and this new movement, then the Nationalists will bow to the will of the majority, but not before. He and Mr. Monk will, he said, carry the war into Africa and speak in the English-speaking provinces.

Will Be Introduced by Mr. Monk. Mr. Gilbert, M.P. for Drummond and Arthabaska, will, he said, briefly announce that he would be introduced by Mr. Monk at Ottawa, but he did not say which party he would support.

Blondin, M.P. for Champlain, who had been accused of anti-race appeals, said it was an infamous lie, for if any body of people attacked the empire they would have first to destroy the Nationalists of Quebec, who would defend the British flag with their lives. Mr. Monk also spoke briefly, but made no startling announcement.

The chairman was Mr. Patenaude, M.L.A. for LeParadis, and Rudolphe Monty repeated Sir Geo. Cartier's words that the last shot in defence of British supremacy on this continent would be fired by a French-Canadian.

RIOTING IN EXPRESS STRIKE

Drivers Beaten Into Unconsciousness and Loaded Wagons Set on Fire.

NEW YORK, Nov. 9.—Mayor Gaynor issued two characteristic letters to-night, with a promise to bring the strike of express company employees to a head to-morrow. He forbids the operation of wagons by unlicensed drivers, thus eliminating the strikebreakers on which the companies have depended.

More than 10,000 drivers and helpers, augmented by most of the taxicab chauffeurs in New York, are still on strike and rioting is unabated. A gang of seven strikers overturned a loaded Adams Express Company wagon to-day, and after driving off three of the wagon men, attacked John Smith, a guard, whom they beat nearly into unconsciousness, and sent the horses galloping down the street.

One of the worst riots occurred in Eighth-avenue, near a garage. Drivers of four machines were attacked by a mob. Charles Frederick, a meat inspector, was found near the scene of a disturbance on First-avenue, with a fractured skull.

A loaded truck belonging to a big furniture house, whose employees have struck, was set on fire, and the furniture destroyed.

BLACKHAND MURDER.

BLANCHARD, Nov. 9.—(Special).—That the death of the Italian, Farfaro, on the railway track near this city on the other day is the result of the vengeance of the "black hand" is the theory practically forced on the police. Farfaro's body was discovered with a bullet in the brain.

SATURDAY'S CHURCH CENSUS

WILLIAM HAMILTON, Chairman of the House Visitation canvass, which will be taken on Saturday, and adviser to the organization.

JUDGES DECLARE THERE WAS NO WRONGDOING

Report of Commission on Alberta and Great Waterways Railway Ready for the Legislature.

EDMONTON, Nov. 9.—(Special).—The report of the royal commission appointed to investigate the Alberta and Great Waterways Railway deal will be laid on the table at the opening of the legislature to-morrow. The contents of the report have not been allowed to reach the public, before being presented to the legislature, and it will be brought down in the sealed envelope in which it was presented to the lieutenant-governor.

The general contents of the report have been learned. In effect two of the judges declare absence of wrongdoing, and the third a verdict of absolute innocence. That is, all three judges report that no case of wrongdoing has been made out against any member of the Rutherford government or legislature. Two of the judges cited certain points in the evidence submitted to them, which they suggest might lead to the harboring of a suspicion of wrongdoing. The third judge declared that, in his opinion, these very points are evidence of the fact that any wrongdoing was impossible.

The judges who composed the royal commission were Chief Justice Harvey, Justice Beck and Justice Scott. It is rumored that Hon. C. W. Cross, attorney-general in the Rutherford government, who resigned when the Waterways investigation was instituted, will be asked by Premier Sifton to enter his cabinet.

AMERICANS ATTACKED IN THE CITY OF MEXICO

Protest Registered by U. S. Ambassador — Buildings Stoned and Flag Torn to Tatters.

MEXICO CITY, Nov. 9.—Thru insults to the United States flag and assaults made openly on American citizens in the streets, a demonstration against Americans, beginning last night with the stoning of The Mexican Herald offices, to-day developed into an affair of international importance. A vigorous protest was registered by the United States ambassador with the Mexican department of foreign relations, and at the same time the facts were telegraphed to Washington.

To-night the attacks were renewed. Windows in a dozen American business places were smashed. All about town shutters were hurriedly drawn, and establishments closed.

While the police looked on and seemingly made no effort to prevent it, an American flag floating in front of a candy store in the business quarter, was torn down this afternoon by several hundred Mexican students and others, who trampled and spat on the stars and stripes. The mob then tore the flag to tatters.

The demonstration to-day was a continuation of the affair of last night, caused by antipathy aroused among the people by the burning at the stake of Antonio Rodriguez at Rock Springs, Texas, on the night of Nov. 3.

WINTER AROUND THE CORNER.

This is the tenth of November and winter is just around the corner. Some morning, very near, you will start out in a zero atmosphere and wonder why you did not purchase your fur garments in time. The fact that the Division of special muskrat lined coats, at fifty dollars, with Persian lamb or other collars and lapels. English beaver cloth outside. Ask for a catalogue when you are in the store.

DARED TO SHOOT, FRES, KILLING INTRUDER

Tragic Sequel of Drinking Bout Near Sturgeon Falls—Jos. Larveque Ordered by Isaac Larveque to Leave His House, Defied Host to Carry Out Threat.

NORTH BAY, Nov. 9.—(Special).—The little village of Monetteville, the centre for a thriving community of French-Canadian farmers, is the theatre of excitement over a terrible tragedy, which took place Monday night, resulting in the death of Joseph Larveque. Monetteville is situated 35 miles from Sturgeon Falls, at the extreme west end of Lake Nipissing, and is served by a tri-weekly steamer service from Sturgeon Falls. In the absence of telegraph and telephone service, news of the tragedy did not reach the front until to-day.

The facts, as gathered from the crew of the steamer, which made a trip to Monetteville to-day, are that Joseph Larveque, a 49-year-old living near Monetteville, was drinking with a companion Monday evening, and about 11 o'clock went to the residence of Isaac Larveque with a bottle of whiskey. The latter, who is an old man of sixty, a widower, living with his grown-up family, was in bed when the men came, and, having been drinking during the day, was not good-humored. He got up, drank with his visitors, a quarrel started and the old man ordered Joe Larveque out.

Dared Him to Shoot. The latter refused to go, altho his companion tried to take him out. Isaac Larveque told him to go out, or he would shoot him, taking down his rifle. The visitor was standing in the doorway at that time, and, turning, said, "Shoot me, then." The old man pressed the trigger and shot Joe Larveque through the heart. He fell across the door step outside the house, and at latest accounts he was still lying there, where he fell, as no coroner was available and no one seemed disposed to make a move in the matter.

Isaac Larveque had not been arrested up to noon to-day, as there are no police offices in the village.

Joseph Larveque is a married man, aged 25, with six children, and is variously reported as being the nephew or the brother of Isaac Larveque. He occupies the adjoining farm to Isaac Larveque and it is said that the men had been on friendly terms.

Heard the Shot. Mrs. Gill Sturgeon Falls was visiting the family of Isaac Larveque, her uncle, at the time of the tragedy, and came home to-day. Interviewed, she said that she had not directly seen the shooting, when she heard loud talking downstairs and heard the shot fired, but did not know anyone was killed until next day, when she left the house and went to the hotel to wait for the coroner. She had not been told of the tragedy, and the noise had frightened her so that she was afraid to go downstairs.

Isaac Larveque states that he never intended to shoot Joe Larveque, but seems to be greatly exercised over the tragedy. The coroner will likely go in from Sturgeon Falls Thursday by Provincial Constable McRae.

ASPHALT BLOCK MAKES GOOD

Contract is Awarded at \$11,000 Below Engineer's Estimate.

City Engineer Rust's estimate for the pavement on College-street from Dovercourt-road to Lansdowne-avenue is \$51,775. The contract for the pavement has been awarded to R. Bangham of the Ontario Asphalt Block Co., for \$40,775, which is \$11,000 under the engineer's estimate. This is pretty good bargaining on the part of the city.

Petitions are now in circulation by the engineer's department for sheet asphalt and asphalt block for a portion of College-street, which has been in dispute all the year, from Manning's dispute to Dovercourt-road. It is possible that the property owners in this portion of College-street will see the advantage of one kind of pavement has the endorsement of the municipal traffic, and is in every way suitable for both man and beast.

WELSH STRIKE UNDER CONTROL.

CARDIFF, Wales, Nov. 9.—The action of the authorities in rushing troops and London police to the mining districts, where strike riots occurred last night, overpowered the strikers, and the situation appeared to be well under control to-day.

Discovered.

William H. Crane, who will be seen at the Princess Theatre, relates an amusing incident which happened during one of his tours with the late Sturgeson. The comedians had arrived in a wester one-night stand, where they had always played to the capacity of the hall, incidentally, glanced at the advance sale. To his amazement, it was only \$200, and the local manager could offer no explanation of the seeming lack of interest on the part of the public. Crane returned to his hotel and the following conversation occurred between him and Robinson: "How is the sale?" said Robinson. "Guess," said Crane. "Five hundred?" "No," "Less?" "Yes." "How much less, William?" "It is just two hundred dollars. I simply can't explain it." "No," answered Robinson; "they have found us out."

G.O.P. KEEPS ONLY SLIM HOLD ON SENATE

Republican Majority in Upper House at Best 12, While Democrats Have Working Majority of 30 in Congress — The New York State Vote and Roosevelt.

62ND CONGRESS. Democrats elected 225 Socialists 144 Doubtful 1 Total 371 Majority of House 196

The political upheaval of Tuesday in the United States was followed yesterday by a general survey of the field, which disclosed with greater detail and precision just what results had been accomplished.

Latest calculations on the national house of representatives based on complete and unofficial returns, show that the Democrats will have a working majority of thirty.

The complexion of the United States senate is now definitely settled. The Republicans are assured of sixteen new senators, which with thirty-four hold-over senators, gives them a total of fifty.

These determined totals, however, leave a Republican majority in the senate as follows: Total membership, 92; necessary to majority, 47; Republicans, 50; Democrats, 40; doubtful, 2. The sixteen Republican senators considered assured are from California, Connecticut, Delaware, Massachusetts, Minnesota, Michigan, Nevada, North Dakota, Pennsylvania, Rhode Island, Utah, Vermont, Washington, Wisconsin and Wyoming.

The fifteen Democratic senators considered assured are from Florida, Indiana, Louisiana, Maine, Maryland, Missouri, Mississippi, Nebraska, New Jersey, New York, Ohio, Tennessee, Texas, Virginia and West Virginia.

The votes for governor. A summary of the contest for governorship shows the following Democratic governors elected with the approximate pluralities: New York, Dix 66,000; New Jersey, Wilson 39,000; Connecticut, Baldwin 55,000; Massachusetts, Foss 33,000; Ohio, Harmon 60,000; Oklahoma, Cruce 10,000; Oregon, West 10,000; Wyoming, Carey 10,000; Alabama, O'Neil 50,000; South Carolina, Blaise 60,000; Texas, Colquitt 10,000; North Dakota, Burke 20,000.

The Republican governors elected, with approximate pluralities are: Pennsylvania, Tener 20,000; New Hampshire, Bass 5,000; Rhode Island, Pothier 900; Iowa, Carroll 10,000; Kansas, Stubbs 5,000; Michigan, Osborn 40,000; Minnesota, Eberhart 50,000; Nebraska, Aldrich 5,000; South Dakota, Vesey 12,000; Wisconsin, McGovern 10,000; California, Johnston 25,000; Nevada, Odde 10,000; Tennessee, Hooper (fusion) 12,000.

The governorships in two states are not yet reported as being beyond doubt, namely, Colorado and Idaho.

The Standing in Congress.

CHICAGO, Nov. 9.—Complete returns Continued on Page 7, Column 4.

THE DELUGE

TEDDY: Cheer up! The worst is over.

THE REAL MEANING.

We have read a lot of the despatches and the comments of the editors, and none so far point out the one significant thing of Tuesday election: That the electors of the United States rose in the shape of the Democratic party and smote the Republican party hip and thigh; cut down Roosevelt, and mortally wounded Taft, substituted a Democratic majority in the house of representatives for a Republican one, either wiped out or incapacitated a Republican majority in the senate, smashed or made useless most of the Republican leaders like Aldrich, Cannon, and declared for tariff reduction on a sweeping scale.

In a word, that the Republican supremacy of almost fifty years was rolled deep down in the dust.

A dominant and arrogant party was humiliated; an opposition (Democrat) party that was thought to have become hopelessly demoralized was suddenly raised to glory and to the immediate prospect of great power.

Nobody expected what has happened. And yet, what else could have happened? The Republicans, many of them, as insurgents, had turned on their own party, and Roosevelt was only more so. The Republicans in the house of representatives when they aided to depose Cannon, had made a fatal blunder in the senate, and when Aldrich and others deserted the ship in the senate, it was noticed that a hopeless leak had sprung in the hold. How could such a bulk escape? The new captain was certainly the nominee of the old one at the time the latter went ashore. But we believe never since. Roosevelt had long ago lost hope in Big Bill.

It is time that a lot of insurgents, perhaps including Roosevelt, thought they could save the Republican ship by a change of course, a change of crew, and by a heaving over of unworthy ballast. All of which now seems to be absurd. It could not be done. And the public party was absolutely rotten and it was cast out. And the equally discredited Democratic party was the instrument employed to do it.

But those who say that Roosevelt is beaten are mistaken. Roosevelt's work is only begun—but the first underbrushing is to be done by the Democrats.

The Trusts, the Interests, the Big Business, the High Price of Living Barons, the Railroads, Wall Street, Privilege, the combination of all these into a plutocracy that ruled the land with a rod of iron are "beaten to a frazzle." Roosevelt is not—Roosevelt has won, and our prediction is that he will rank as one who wrought his best to produce a revolution that was long over due.

Do not let Wall Street rejoice or the men of discredited finance, or the extortionate railway tariff men; there is no relief for them; only still more rapid rail and summary execution. Nor is there much in it for Tammany outside of New York State.

The one clear thing is that the Republican party is smashed, not before its time. It could not be done. And the public party was absolutely rotten and it was cast out. And the equally discredited Democratic party was the instrument employed to do it.

It is not yet clear what men or party or parties will be the instrument of effecting the people's will. But Republicanism is dead.

WILL HAVE NO EFFECT ON THE RECIPROCITY ISSUE

This is the Opinion of American Commissioners on the Election — Expected the Landslide.

OTTAWA, Nov. 9.—(Special).—There was no meeting of the tariff commissioners to-day. Referring to the negotiations which have been in progress, Hon. W. S. Fielding said to-day that the discussions were necessarily of a confidential character, but that when the right moment comes, whatever is available will be given to the press.

"What do you think of the results of the elections in the States yesterday?" was asked of Messrs. Pepper and Hoyt, representatives of the United States Government now in the city, discussing reciprocity with the Dominion Government.

"When an avalanche starts, it usually carries everything before it, and that is what happened in this case," was the laconic answer.

"Do you think the results will in any way affect the reciprocity situation?" "We don't see how it can in the slightest," they said.

"Were you surprised at the results?" "Not in the slightest; we expected just what happened."

GLIMPS CITY POLES CAUSED LIGHT TO FAIL

Toronto Electric Light Company Charge That Darkness in Parkdale Houses Resulted From Interference With Wires — City Denies, But is Investigating.

Manager Macrae of the Toronto Electric Light Company: "On Tuesday night, houses on a number of streets in South Parkdale were plunged in darkness. The reason was that the poles the city has put up rammed the company's wires together so as to create a short circuit."

E. M. Ashworth, acting head of the city electrical department: "I do not think the city is to blame, but we are investigating. It looks almost impossible that the city's poles should have caused it."

When the Toronto Electric Light Company seeks next week at Osgoode Hall an injunction to restrain the city from going ahead with the construction of its electrical distribution plant, grave issues may depend upon the answer to a simple query. It is this: Why were the houses on Dunn-avenue, Cowan-avenue and other streets in South Parkdale plunged into darkness on Tuesday night?

The company is a confident—presumably so at any rate, that it was the hydro-electric poles on King-street, between Beatty-avenue and Dufferin-street, that produced the little drama of "the light that failed." Manager Macrae is positive itself on the point, and, if the company can prove its case, the support the fact will give to the general contention of interference by the city with its overhead wires, will be of considerable value to the company, especially as Mr. Macrae, in the correspondence that passed between him and the city, has just prior to the application for an injunction, specifically named the stretch of King-street in question as a "horrible example" saying: "Our poles are being 'shown' if the company can do this demonstrating, but they have a feeling, amounting almost to positive conviction, that this is the company's fault to make out a concrete case will fail as diamally as the Parkdale service did on Tuesday night."

One point upon which there can be no disagreement is that Parkdale was seriously inconvenienced. The company investigated yesterday and came to the satisfying conclusion, as per Mr. Macrae's statement, that the city was wholly to blame. He told Mr. Drayton about it, and the latter had a private conference with Mr. Ashworth.

"When I wrote my letter of protest to the mayor at the time the writ was issued, he said that the city would proceed with the overhead construction, including that on King-street, going towards Dufferin-street, notwithstanding," said Mr. Macrae. "Well, last night houses on a number of streets in South Parkdale, including Dunn-avenue and Cowan-avenue, were plunged into darkness."

Poles Jammed Wires. "The reason was that the poles the city has put up rammed the company's wires together so as to create a short circuit, and that put out the power. It happened between 7 and 8 p.m. and the light was cut off for the rest of the night. We had men out to connect the wires to-day. Course it is no fault at all it was due to the city's poles. Mr. Drayton agreed that the information was right and he stopped the work at once."

Mr. Ashworth made this statement to The World last night: "It is true we are putting up poles there, and the Electric Light Co. had trouble last night, and says we caused it. But had Mr. Jackson, our general superintendent in charge of construction work, report, and he said there was nothing to it. We discussed the matter with Mr. Drayton again in the afternoon, and we agreed to take all means to avert any possible trouble. Mr. Jackson was sent out again to investigate, and he will report to-morrow."

"Trouble Elsewhere, too. As near as I can make out, the trouble is not in any way due to our poles, but the matter is more or less mysterious. I really doubt whether we are to blame. The company gets into trouble elsewhere with its lighting, and they cannot blame that on us. It looks almost impossible for the city to have caused it. The company's inspector was around yesterday looking over the work, and we thought it was being done entirely in accord with his desire."

Whatever the trouble was, it did not affect the Parkdale house lighting last night. Mr. Ashworth's enquiries showed that all was well.

Saw the Contract. "I have not yet struck any insupportable snag in it. This was the reply of Corporation Counsel Drayton when asked yesterday afternoon whether his examination of the Toronto Electric Light Co.'s contract with the Electric Development Co. had shown that the taking over by the city of the former company's plant necessarily, plus the contract, was impracticable. Mr. Drayton's study of the historic document of Corporation Counsel Drayton when asked yesterday afternoon whether his examination of the Toronto Electric Light Co.'s contract with the Electric Development Co. had shown that the taking over by the city of the former company's plant necessarily, plus the contract, was impracticable. A Mother's Sacrifice

Made in Kindness is Often an Injustice to Herself and to Her Family.

It is a common thing for mothers to sacrifice comfort, strength, and sometimes life itself for their children. It is a mother's duty to herself and to her family.

Mrs. H. A. Loynes, nurse, Phillipsburg, Que., writes: "I was all run down and could not do my own work. Everything I ate made me sick. In nursing others I had seen the good results of Dr. A. W. Chase's Nerve Food and resolved to try it."

GOVERNMENT TO GRANT AID TO INDIAN SCHOOLS

Result of Conference Between Hon. Frank Oliver and Representatives of the Churches.

OTTAWA, Nov. 9.—(Special).—A conference took place in the office of the Hon. Frank Oliver, superintendent-general of Indian affairs, on the subject of Indian boarding schools receiving government aid. Those who have the more immediate control and direction of Indian boarding schools throughout Canada, were represented by: Anglican Church, Rev. S. P. Matheson, Archbishop of Rupert's Land; Rev. G. Thomas, Bishop of Algoma; Rev. J. G. Anderson, Bishop of Moosonee; Archdeacon Tims of Calgary; Rev. Archdeacon McKay, Prince Albert; Roman Catholic Church, Rev. G. Breynd, Bishop of Mackenzie River; Rev. G. Charlebois, Bishop of St. Charles; Rev. Father Fortin, Winnipeg; Rev. Father Magnan, Winnipeg; Rev. Father Gauvreau, procurator-general, Ottawa; Rev. Father Gagnon, representing Bishop Paschal of Prince Albert, and Rev. Charles Belanger, Wilkewikong, Methodist Church, Rev. Dr. T. E. E. Shore, superintendent of missions, and Rev. T. Ferris, Brandon, Man., Presbyterian Church, Hamilton, Cassels, K.C., Toronto, and Rev. J. H. Turnbull, Ottawa.

While in Mr. Oliver's opinion the boarding schools situated on or near reserves were the more valued factor in educating the Indian, the relations of these schools with the government had always been indeterminate. While in some few cases the buildings had been erected by the department, in the large majority these had been erected by the churches as missionary enterprises in the early days of the country's settlement, and the government had been called upon from time to time to improve these properties to render the schools efficient. His present desire was to make an arrangement whereby the whole management would be covered by a contract between the government and the churches, whereby the responsibilities of each to the other would be definitely fixed, and that the financial straits in which the churches found themselves, owing to the general increased cost of living and the extraordinary demands made upon their finances, on account of the western and northern divisions, in the western country, owing to its rapid settlement, would in a measure be relieved by the government.

After some slight amendment it was unanimously decided to adopt Mr. Oliver's suggestions, as meeting all reasonable demands for several years to come. The schools are to be classified geographically in three divisions, eastern, western and northern, and again into three classes, representing the ownership and general character of the school buildings. The grants for the eastern division are to be from \$80 to \$100 per capita per annum; the western division, from \$100 to \$125, and in its northern division, \$125. The grants are, therefore, increased from \$60 to \$72 in the new scale.

The school authorities are required to sign a contract with the government to limit the number of pupils in residence, so as to prevent overcrowding, to provide for medical examination of the children, and to admit, give the government control over the staff and other conditions which provide for general improvement, also providing for improvements in existing buildings which will bring them up to a particular standard.

STEEL ON TRANSCONTINENTAL

Contractors Making Good Progress With Track Laying on New Lines. The weekly budget of new thru T. and N. O. channels shows that good progress is being made with the laying of steel on the National Transcontinental, and the advent of the cold weather has not caused the contractors to relax efforts before the cold weather sets in.

On Fauquier Bros' contract, west of Cochrane, steel has been laid for 93 miles of the Ottawa line, and Hamer & O'Kelly's camp is being moved to the Missanabie River, preparatory to commencing the cement work on O'Brien's contract, which lies west of the Fauquier contract. The Canadian Bridge Co., Walkerville, have commenced the erection of the iron bridge over the Mattagami River. Steel has been laid on the Foley, Welsh & Stewart contract, east of Cochrane, for 63 miles, and it is reported that if the snow is not too heavy the track laying gang will be able to place a mile of rails a day. The telegraph line is up for 33 miles east of the junction at Cochrane. Brie's Bros' mill at Fredericton, N.B., which was destroyed by fire during the summer, is being rebuilt. The debris is being cleared away and the new structure will be in shape for business shortly.

A LOST BOY.

A lad named Taylor is held at the station in Alameda. He says that his mother has gone thru to the Soo and that she left him at Toronto Union Station Tuesday. The stationmaster has asked the police to try and locate some of the boy's relatives.

Natural Death. Coroner George W. Graham's jury at the morgue last night decided that Robert Blainy, who died in St. Michael's Hospital Tuesday, Oct. 25, came to his death from injuries accidentally received when he fell in the street while under the influence of liquor, on Oct. 21.

RECIPROCITY WOULD BE INJURIOUS TO TRADE

St. Catharines Board of Trade Puts Itself on Record as Opposed to the Proposal.

ST. CATHARINES, Nov. 9.—(Special).—That the idea of reciprocity does not appeal to the men of Commerce in this section can be taken as a standard, is evident from the following resolution, passed practically unanimously at the regular meeting of the St. Catharines Board of Trade to-night:

"Whereas the growth of the manufacturing, commercial, mining, marine and cultural industries of the Dominion has led to general prosperity and the influx of foreign capital; and increased immigration to a greater degree than at any previous period; and whereas any change in the tariff on imports from the United States would seriously injure growing industries, and adversely affect the inflow of capital to-day, and afterwards on the United States, from which country, during a very recent period immense sums have been invested in the introduction of branches of established U.S. concerns, or in the formation of new industries. This has been brought about largely by the increased growth and prosperity of the Dominion, and by the fact that the tariff has prevented the product of the mills of the States coming into competition with Canadian capital and workmen, and whereas this board believes that it could not be in the best interests of the Dominion to become entangled in any treaty with the United States in respect to reciprocity, which might create conditions likely to destroy or impair our industries of other immense interests, and whereas Canada has expended very large sums of money in building railways and canals, and contemplating in the immediate future the expenditure of millions of dollars on the betterment of waterways from the far west to the sea coasts via the great lakes, in addition to assistance in the construction of transcontinental railways, therefore, be it resolved that this board is of the opinion that reciprocity would seriously affect the national system of transportation, would divert an immense and growing trade, would be negative to a large extent the immense expenditure, which has been made in the Dominion to assist in the construction of transportation, and transfer to the railway and canal systems of the States a very considerable portion of the trade, and materially injure direct internal trade, and the British Isles thru our own seaports. Therefore, be it resolved by the St. Catharines Board of Trade, that reciprocity, as it is now proposed, under existing conditions would be unwise and injurious."

SCHOOL CHANGES

Recommendations to Come Before the Management Committee. It will be moved by trustee Davis at the meeting of the management committee of the board of education to-day that Miss M. E. Lavan be asked to tender her resignation, as the name was not in the inspector's report of recommendations.

The inspectors will recommend to the committee to-day, among other things, to tender her resignation, as the name was not in the inspector's report of recommendations.

The local council of women met yesterday in the Canadian Institute, Mrs. Huestis presiding.

An open meeting will be held soon, date and place to be arranged when Mrs. Huestis will give an illustrated talk on "Our Prairie West and Western Coast." An entertainment and luncheon with prominent speakers, is also to be arranged, to benefit the funds of the council and enable it to carry on its excellent work.

The education and citizenship committee will co-operate with the University Club to further civic betterment.

Miss Davidson accepted censorship of the new committee formed on employment for women.

The president and several other members of the council will go to Brantford to attend the meeting of the national executive, on Nov. 15.

Third Not the Lucky Time. NIAGARA FALLS, Ont., Nov. 9.—(Special).—Struck by a falling beam at the Ontario Power Company's plant to-night, Richard Clement, a rigger, sustained a fracture of the right leg.

This is the third time Clement has escaped death in the power plant since August. In the first of the series of accidents he lost a finger; in the second, last Sunday, he escaped unscathed. He had just gone up the ladder, killing William Dasher and injuring two others.

The plans for the new Technical School, which will be built on the site of the Canadian Manufacturers' Association, the Board of Trade and the Trades and Labor Council.

SHE USED ONLY THE NATURAL CURE

How Nova Scotia Woman Was Relieved of Her Heart Disease.

Made Her Kidneys Right With Dodd's Kidney Pills, and Her Troubles Vanished Speedily and Completely.

EEL CREEK, Cumberland Co., N.S., Nov. 9.—Suffering from Female Kidney and Heart Trouble, so run down, nervous and depressed that all the brightness had gone out of her life, and never expecting to be a healthy woman again, Mrs. J. W. Leadbetter of this place tried Dodd's Kidney Pills, and is once more in the best of health. Her simple statement is the best evidence that no case of Kidney Disease is so bad that Dodd's Kidney Pills will not cure it.

"I was treated by five doctors," Mrs. Leadbetter states. "Four of them did me no good. The fifth operated on me and that gave me relief for a time. I had Female Kidney and Heart trouble. I was so nervous and run down that my friends did not think I would ever get better."

"An advertisement led me to use Dodd's Kidney Pills and I found in them a cure for all my trouble. I cannot praise Dodd's Kidney Pills too highly."

Female Trouble and Heart Disease are caused by Kidney Disease. The natural way to cure them is to cure the Kidneys by using Dodd's Kidney Pills.

WHEN Paderewski, Eyes ablaze, Flirts with old Chopin's Polonaise, You say: "It's great!" But you can play A Gourlay-Angelus That way.

It is as easy to play a Gourlay-Angelus as to read a book. Demonstrations daily. You are invited. COURLAY, WINTER & LEEMING, 188 Yonge St.

SOCIETY NOTES

Mrs. C. H. Pringle, 4 Denison-square (formerly Miss Ethel Monkton), will receive for the first time since her marriage to-day, and afterwards on the first Tuesdays of the month. Mrs. J. R. Stratton, Strathmore, Peterboro, has issued invitations to an at-home on Nov. 16, to be followed by a dance in the evening, to introduce her niece, Miss A. L. Gooding. Mrs. William Jackson, 314 St. George-street, will receive on Friday. Her daughter, Miss Etta Jackson, New York, will receive with her. Mrs. W. F. Greene, 44 Parkway-avenue, will receive for the first time Friday of each month. Mrs. P. W. Campbell, 685 Bathurst-street, will receive on the second Thursday during the season.

The Symphony Orchestra

In so far as the concert goers of the City of Toronto are concerned the Symphony Orchestra has become an institution. Last night Massey Hall was packed to the last tiers of the second balcony and half an hour before the appearance of the orchestra only a handful of tickets remained for sale. Full of which goes to show that the genuine music loving Toronto has shown its wavering friends what is the right thing to do from an artistic viewpoint. Josef Hofmann was responsible for a large part of the enthusiasm, but Josef Hofmann, plus the Symphony Orchestra, proved an irresistible combination. The opening number last evening was the Surprice Symphony, No. 6, in G major, that exquisite piece of pattern music of the older school that combines with classic values a spirit of drollery which musicians only permit themselves too rarely. It was a merry Capriccio who ruled Franz Josef Haydn when he wrote that wondrous whimsy of a summer morning. Under Charles Wellesman's baton last night it assumed all the magic of a shimmering lustrous tapestry sporting in the sun, and the swift transitions of color and movement of the scherzo, the storm of applause that greeted the last of the two movements, the third, the minuet, proved a trifle chaotic and bewildering, but the finale repaid any uncertainty. Hofmann's number with the orchestra was Rubinstein's concerto No. 4 in D minor. The three movements allow for delightful echoes and cadences for the accompanist. It takes only the first few minutes to make a piano against strings sound strident but Hofmann made the big instrument sing last night so that his own echoes melted into the replying call of the strings. The storm of applause that greeted the last of the two movements was a very popular and attractive number with its dainty fairy effects and the culminating wild revel of the scherzo with its tone pictures of bedlamers convulsed about astride their brooms. Hofmann contributed in all five Chopin numbers unaccompanied, two of them excerpts from the Etudes, and one that greeted the last of the announced contributions elicited from the artist two dainty little bits—Chants Polonais in G flat major (Chopin's Etude) and the Burlesque in G flat major. The regular numbers were the Ballade, F minor; Valse, A flat major, and the Andante Spianato, E Grande Polonaise. The first was enthusiastic and very interesting reading. It was a rich evening, rich in the things that make for breadth and length of days, and Toronto has another item with which to credit the Symphony Orchestra. The brigade with that distressing cough are now convalescent and they managed to restrain themselves until the pianissimo passages of the ballade.

TELEGRAMS TO MISS ANGLIN

Actors in Toronto Wish Her Recovery—New Star in Her Role.

Telegrams were sent by the principals playing the various theatres in the city yesterday to Margaret Anglin, the talented Canadian actress, who, on account of illness, was compelled to leave her tour in "The Awakening of Helena Ritchie" at Chattanooga, a few days ago, wishing her a speedy recovery.

In the meantime Catharine Coussens will be seen in Miss Anglin's role of Helena, and will finish the tour, appearing as originally booked in this city, at the Grand Opera House, week of Nov. 21.

Local Council of Women.

The local council of women met yesterday in the Canadian Institute, Mrs. Huestis presiding.

An open meeting will be held soon, date and place to be arranged when Mrs. Huestis will give an illustrated talk on "Our Prairie West and Western Coast." An entertainment and luncheon with prominent speakers, is also to be arranged, to benefit the funds of the council and enable it to carry on its excellent work.

The education and citizenship committee will co-operate with the University Club to further civic betterment.

Miss Davidson accepted censorship of the new committee formed on employment for women.

The president and several other members of the council will go to Brantford to attend the meeting of the national executive, on Nov. 15.

## GRAND TRUNK'S OFFICE IN HEART OF EMPIRE

Splendid Structure Which Railway Will Occupy in London—Beautifully Furnished and Equipped.

Cockspur-street, facing Trafalgar Square, London, Eng., has of late years become the home of several great railway and steamship companies. One of the most conspicuous palatial buildings in this locality has been erected by the Grand Trunk Railway System for their accommodation.

The Grand Trunk, when its proposed world, and it is fitting that they should have quarters in the metropolis of the world that will be in harmony with their wonderful growth.

## PETITION TO SAVE CRIPPEN

Has Been Circulated in Toronto—Will Be Mailed To-day.

Miss L. Kann, 407 Brunswick avenue, an invalid, has been having a petition circulated in Toronto with some success to be forwarded to-day to the authorities in London, asking a reprieve for Crippen.

"1. Because they (the petitioners) don't approve of capital punishment in any case, it being a punishment unworthy of a truly Christian country, and hampering the civilization that country aims at.

"2. Because it has not been absolutely proven that the remains found belonged to the body of Crippen, and therefore no irrevocable decision ought to be taken until that fact has been proven.

"3. Because, since his arrest, Dr. H. H. Crippen has constantly shown himself to be possessed of a number of undoubtedly valuable qualities such as his self-control in spite of his suicidal despair, his loyal conduct to Miss Leneve, etc., etc."

Miss Kann thus explains her interest: "I know nothing of Crippen personally, but his case being so much in the public eye, it is a favorable opportunity for advocating the abolition of capital punishment."

**Originated Garden School.**  
ST. CATHARINES, Nov. 9.—Lincoln County lost one of its most efficient teachers late last night, when James Painter died at Jordan after a short siege of typhoid fever. The deceased was the originator of the school for painters, which was the best in the county, and was the best organist in Jordan Methodist Church, and had been for some time secretary-treasurer of Lincoln County Teachers' Association.

**Bell and Jones Found Guilty.**  
W. J. Bell and J. Gordon Jones were found guilty of several burglaries in the jury assizes last evening. They are the men suspected of murdering the Streetville Chinaman.

**A Suggestion was made by H. C. McDonald, counsel for the defence, that Bell was insane, but Dr. C. K. Clarke, superintendent of Toronto Asylum, reported to the contrary.**

## BIG SIGN IS DOWN

Falls With a Crash Just as Workmen Had Left Hooblerlin.

The big sign is down. It fell with a crash, and was splintered into kindling wood. Happily, it was at the time when the workmen employed on the new Hooblerlin building, at the corner of Yonge and Richmond-streets, had gone for the day. Since the building began some weeks ago, the firm have utilized the space on the old wall with a huge sign giving the number of square feet that will be contained in the new Hooblerlin tailor shops. The big figures 47,583 in red paint, denoting the increased space, could be seen from the corner of Queen-street. Passersby have already missed the big sign.

"We're too busy now with this three-days' overcoat display to think of the sign," said one of the staff yesterday, "but don't worry, it'll be replaced. Just keep your eye on that corner and you'll see many interesting things."

## DEATH FOR CONSPIRATORS.

TOKIO, Nov. 9.—Twenty-seven persons have been found guilty of complicity in a plot to assassinate the Emperor of Japan, and the special court which tried them recommends that all be put to death.

The ringleader in the plot was found to be a Japanese named Kotoku, whose wife was also one of the conspirators. She is the only woman involved.

**Three Years and Lashes for Flay.**  
George Flay, 22 years old, was yesterday sentenced to 3 years in the Kingston "pen" with 30 lashes by Judge Winchester, having been found guilty of an indecent assault on Mrs. Annie Fields of Elm-street. The woman swore Flay grabbed her as she was standing in her doorway, threw her down, and slashed her over the eyes with a knife.

Thomas Mack was found guilty in the jury assizes of attempted rape on Mrs. Ida Berman.

## The Grenade Burst.

NEW YORK, Nov. 9.—Captain Pelet, commander of the U.S. Ordnance Department at Sandy Hook, was seriously injured shortly after noon to-day, when a grenade burst as it was leaving the muzzle of one of the great guns at the Sandy Hook proving grounds.

## NAVY YARD TAKEN OVR

Station at Esquimalt Will in Future Be Maintained by Canada.

VICTORIA, Nov. 9.—(Special.)—The Esquimalt naval yard was handed over to the Dominion of Canada by the imperial authorities at noon to-day. The transfer was made by Capt. Vivian of H. M. S. Shearwater, and was accepted by C. J. Desbarats, Canadian deputy minister of naval affairs, in the presence of Rear Admiral Kingsmill, Commander Roper and Capt. Stewart of the Rainbow. The naval yard will, therefore, in future be under the command of Capt. Stewart. The chief difference made by the change is that the expense of maintaining the yard and dry dock will henceforth be borne by Canada instead of by Great Britain.

## GAMBLING HIS DOWNFALL.

BRANDON, Nov. 9.—(Special.)—Several people here are looking for Chas. Seelye, formerly bookkeeper for a local furniture store. He disappeared about a week ago, and examination of his books indicate a shortage of about \$600. He also handled funds of a fraternal society, and a similar state of affairs is found in its books. He has fled to the United States, and is supposed to be still there. His troubles are attributed to gambling.

## Deer Not Dead Enough to Notice.

CORNWALL, Nov. 9.—The best deer story of the season in this district comes from the south side of the St. Lawrence River. The other day James Dudley and Henry Packard shot a fine big buck in the South Meadow district, and when the former attempted to cut the animal's throat it kicked out with all four legs, and Dudley got a blow in the eye which may blind him for life. Packard butted in with his knife as the deer struggled to its feet, but received a kick which broke his knoe cap and tore his trousers.

## Manslaughter Charge Falls.

The charge of manslaughter against Chas. Hardy in connection with the death of Hotelkeeper Thos. Horler has been dropped. The grand jury did not return a true bill. But on the second count of having assaulted Mr. Horler a bill was brought in, and Judge Britton will try the case to-day or tomorrow.

## Church Work in Hallburton.

The diocesan mission board of the Diocese of Toronto met in the synod offices yesterday and planned to make a thorough investigation of their mission, with the object of improving them and stimulating their progress.

The desire is to improve the conditions and enlarge the work as rapidly as possible. The bishop was impressed with the need of more religious work in the lumber camps of Halliburton County, and steps will be taken to more fully cover the field.

The forces in Halliburton will be strengthened by the induction of more men.

Bill Griffiths and Bob Stewart, the Parkdale cricketers, journey to Guelph today to meet Wm. H. Hoffmann in a series of five matched games.

Kerrys and Eddie Sutherland were sure winners in the Atheneum Two-Man League last night.

This afternoon F. Phelan and Wm. Seager fought to give the spectators a very interesting exhibition of the bowling game in their ten-game match in the Imperial League...

One of the first and most important duties of the New York Legislature will be to elect a successor to United States Senator Chauncey M. Depew...

The funeral of H. M. Robertson, president of the James Robertson Bros. Company, Toronto, took place yesterday in Montreal. He was 42 years of age and leaves a widow, two sons and a daughter.

William Currier admitted in court yesterday that he had stolen a Bible which he had given to Detective Armstrong. Magistrate Denison sent him away for 30 days.

What Do You Know

— really and truly KNOW — about the cigars you smoke? Do you know where the tobacco is grown—how it is cured and packed and shipped—how the cigars are made?

Unless you do know yourself, you had better buy cigars made by those who do know.

When you smoke

Davis' "Perfection"

you get a guaranteed cigar, made by a famous Montreal firm.

You don't have to be an expert to find out the quality of "Perfection." The first delightful whiff tells that it is mild yet exquisitely fragrant—a blend of fine Havana tobacco that you can smoke all day without the slightest ill effects.

Get them at your dealer's, or use the coupon.

If you cannot obtain "Perfection" Cigars from your dealer, cut out this coupon and mail to us:

S. DAVIS & SONS, LIMITED, MONTREAL.

Send me, express prepaid, ..... box (25 in box), at \$2 per box, for which I enclose remittance.

THE CITY TEACHERS WIN SOCCER CHAMPIONSHIP

Dents Defeated in Final For Inter-Faculty Cup by One Goal to Nil.

The City Teachers are champions of the Inter-Faculty Senior Association Football League. At Varsity yesterday afternoon, on the campus, in the drizzling rain, and with the mud splashing all around, the Teachers played the final game of the series with Dents and won by the narrow margin of one goal to nil.

There were several good chances for the Dents to score, but their forwards either muffed the ball or else let the Teachers' full-backs get in driving kicks that transferred the play almost to the other end of the field.

The Toronto Driving Club at a special meeting yesterday, decided to give an ice meeting on Friday evening to judge the harness horses in the horse show in Madison Square Garden.

The master, Mr. George W. Beardmore, informs us that the members will have temporary quarters for their accommodation ready within about ten days.

The Hon. Adam Beck is leaving for New York on Friday evening to judge the harness horses in the horse show in Madison Square Garden.

Jack Johnson, world's champion pugilist, with a \$20,000 guarantee offered, is likely to look over the footlights of Paris before the end of the year.

Bill Griffiths and Bob Stewart, the Parkdale cricketers, journey to Guelph today to meet Wm. H. Hoffmann in a series of five matched games.

Kerrys and Eddie Sutherland were sure winners in the Atheneum Two-Man League last night.

This afternoon F. Phelan and Wm. Seager fought to give the spectators a very interesting exhibition of the bowling game in their ten-game match in the Imperial League.

One of the first and most important duties of the New York Legislature will be to elect a successor to United States Senator Chauncey M. Depew.

The funeral of H. M. Robertson, president of the James Robertson Bros. Company, Toronto, took place yesterday in Montreal. He was 42 years of age and leaves a widow, two sons and a daughter.

William Currier admitted in court yesterday that he had stolen a Bible which he had given to Detective Armstrong. Magistrate Denison sent him away for 30 days.

Charlie Gage Out Of Game, Shoulder Painfully Injured

Soft Hats Independent and exclusive blocks—styles for every face.

Charlie Gage, the big flying wing of the champion Varsity Rugby Club, was painfully injured at six o'clock last evening while chasing a punt. It looked like a dislocated shoulder or a broken collarbone as the husky player lay on the grass writhing in agony.

Dr. W. E. Galle of 143 College street was hastily summoned, and sent Gage home, where he diagnosed the case as merely a wrenching of the muscles of the shoulder, more painful than serious.

However, the accident will keep Gage out of Saturday's game at Kingston and probably the Canadian semi-final, but Dr. Galle stated last night that the player would surely be fit and ready to give attention to the Tigers at Hamilton in the final on Nov. 26.

T. C. S. AND LITTLE BIG FOUR CHAMPIONSHIP

Defeat Upper Canada College in Deciding Game After Extra Time by 18 to 16.

Trinity College School of Port Hope took the Little Big Four championship home with them yesterday afternoon, when they defeated Upper Canada College, 18 to 16 after two periods of extra time, in one of the fastest games ever seen in this series.

The Port Hoped had the weight and played an excellent game, with Upper Canada fighting inch of the way.

At half-time Trinity School had it, 8 to 2, and when full-time was up the score stood 10-16. In the first period of overtime Port Hope secured a touch-down, but failed to convert. In the second overtime Upper Canada came right back with a touch, which was converted, with two minutes to go, but Trinity forced a safety at the end of the overtime 16 to 16.

The officials were J. C. Griffith, referee, and Dr. A. B. Wright, umpire. Brown, one of the Upper Canada wing-men, was knocked out in a tackle and had to be carried off the field. Clarkson's tackling was the feature for College. Upper Canada lined up as follows: Full-back, Garvey; half-backs, Heintzman, Palmer (captain), Gunasalus; quarter, Tucker; scrum-half, Cooper, Armstrong, Manning; wings, Clarke, Brown, Walsh, Clarkson, Crowther, Dennehur.

Gray Falls to Appear. HAMILTON, Nov. 9.—There was a slim attendance at the Tiger practice to-night and there was considerable disappointment owing to the fact that several of the stars did not show up. It was announced yesterday that Jack Gray would play for the Tigers in the game with the new management is changed his big inside wing man has changed his mind. Nothing but light work was indulged in by the players, but a real heavy practice will be held to-morrow night, when the team will have its final touch-down.

Central League. In the Central League last night, Royal Greens, took two frames from Hammond from Oklawichokeonious, who still kept the cellar position, which they refused to leave with a count of 588. Scores: Hammond Bros. 1 2 3 T. L. 129 121 326 276; Lambert 129 145 356 440; G. Hammond 128 160 324 471; G. Hammond 140 182 388 498; J. Hammond 145 159 324 441.

Varsity Hockey Club. The annual meeting of the Varsity Hockey Club will be held in the gym on Monday evening next, Nov. 14, at five o'clock. Officers will be elected and preparations made for the coming hockey season.

Attell and Moran Draw. PHILADELPHIA, Nov. 9.—Abe Attell and Owen Moran fought six fast rounds to a draw to-night before the National Athletic Club. Attell kept after his English opponent from the sound the bell, but Moran was just as anxious to mix it as was Attell, and at the end of the fight there was little to choose between the two.

EMMETT SHOE WIN THREE IN THE BUSINESS LEAGUE

MacLean Publishing Co. Win Two From Dunlop-Rose—Big Scores in Two-Man Leagues.

At the Toronto Bowling Club last night, the Emmett Shoe Company cleaned up in the Business Men's League race, altho the market men made it a close decision in the second game, which they lost by only nine pins. Bob McKinley was again on the evealing as only Bob knows how. The Emmetts, who seem to have the happy faculty of winning games since departing their new shirts, put in two of the biggest nights of the season, with counts of 882 in the first and 900 even in the last game.

Walter Armstrong of Emmett led for the night with 578. Steve Staughton second with 575. Bob McCausland was third, and the best pin-getter for Leavicks, with 502.

The scores: S. Staughton 204 180 380-584; E. Tolley 167 142 309-489; H. Emmett 150 151 301-499; W. Armstrong 204 181 385-578. Totals 882 900 2080-2380.

Printers' League. In the Printers' League last night MacLean Pub. Co. took two from Dunlop-Rose. Scores: MacLean Pub. Co. 1 2 3 T. L. 170 160 330-490; Jeffrey 138 137 275-445; Reid 148 148 296-494; Martin 154 179 333-533; Elliot 152 181 333-533.

Atheneum Two-Man League. There was some great rolling yesterday afternoon in the Atheneum Two-Man League, when Eddie Sutherland and Bill Karrya won four out of five from Phelan and Tom Bird. Eddie was in fine form, rolling 890 without an error, while Pap was second high with 800, closely followed by Bird with 780.

Parkdale Three-Man League. In the Parkdale Three-Man League last night, the Scouts and Heavyweights won each from the Pirates and Tigers. E. Scott was high man for the Scouts, with an average of 190, and Stewart high for the Heavyweights, with a total of 978.

Brunkwick Individual Competition. In the Brunkwick individual competition there were two matches yesterday afternoon, and some great scores were made. C. H. Gordon made a high single game of 253, and at the end of the fifth game had a total of 1094, and his opponent, Wm. Seager, had 1009 for his five, but they both fell back a bit in their last five games, totalling 1888 and 1902, respectively, which is high for the committee to date.

Victoria Quoting Club. The annual banquet of the Victoria Quoting Club will be held on Friday evening, Nov. 15, 8:30 at the Hotel Rupert corner of Queen and Parliament. The prizes awarded during the season will be presented by the committee. Those secured a good talent and wish to see every member turn out and spend a pleasant evening.

City Amateur Bill League's Annual Meeting. The annual meeting of the Senior City Amateur Bowling League will be held at Hotel Lyndon on Tuesday next, 15th, at 8:15 p.m. All interested parties are requested to take notice.

Hotel League. In the Hotel League last night City won two from the Saracens and Dents won three from the Rookers. Scores: Saracens 1 2 3 T. L. 121 127 248-498; Woodhouse 124 124 248-498; Marcar 124 124 248-498; W. Atkins 146 146 292-584; Fehhaber 206 194 390-600; R. Atkins 171 144 315-459.

Milkmen's League. The City Dairy took two from the Acme in the Milkmen's League yesterday afternoon on Dominion Alley. Scores: City Dairy 128 108 75-317; Mauchle 128 108 75-317; Deadman 128 108 75-317.

Atheneum Association. In the Atheneum Association last night the Atheneum won two from the Midnight Sons. Fred Stevenson was high man for the Atheneum, with three nice games, getting 880 which was high score for the night. Jack Flood, the anchor of the early morning brigade, was next with 857. In the 25 League the Seidons and the Imperials had a battle royal for the cellar position, the first two games were split, while the third was a tie. The Imperials won the roll-off and the Seidons will have to be satisfied for another week at the bottom. Following are the scores:

Aberdeens—A League. Aberdeen 1 2 3 T. L. 123 122 245-421; McMillan 119 155 274-434; E. Munnell 128 128 256-512; Stevenson 208 192 390-600; Spencer 128 128 256-512.

Seldom Inns. Seldom Inns 1 2 3 T. L. 174 124 298-422; Artindale 108 158 266-389; Lawson 178 186 364-550; Madigan 114 124 238-438; Histed 181 141 322-462.

Imperials. Imperials 1 2 3 T. L. 127 127 254-511; Cahoon 128 128 256-512; Patterson 108 154 262-416; Tufford 147 133 280-431; McWhirter 128 128 256-512; Fatts 128 128 256-512.

A. O. U. W. League. In the A. O. U. W. League last night on the Atheneum Club alleys the Queen City won two from the Capitols. Following are the scores: Queen City 1 2 3 T. L. 122 121 243-486; Scott 122 121 243-486; Peil 122 121 243-486; Lawson 122 121 243-486; McDonald 122 121 243-486.

Capitals. Capitals 1 2 3 T. L. 142 107 249-351; Wirslow 127 140 267-407; Oberpauer 128 121 249-399; Corbie 128 146 496-642; Dunn 148 125 273-421.

City Amateur Bill League's Annual Meeting. The annual meeting of the Senior City Amateur Bowling League will be held at Hotel Lyndon on Tuesday next, 15th, at 8:15 p.m. All interested parties are requested to take notice.

THURSDAY MORNING

HORIZON WINS HANDICAP THE FEATURE AT LANTONIA

Weatherroom is Left at the Post - The Summary at Jamestown.

LANTONIA, Nov. 9.-R. F. Carman's horizon won the handicap at Lantonia today in impressive fashion from a good field of two-year-olds, after getting off to a poor start, in which Heatherbrook was practically left at the post. Summary follows:

FIRST RACE-5 furlongs: 1. Attentive, 110 (Koenner). 2. Eastern Star, 110 (Lottus). 3. Eastern Star, 110 (Lottus). 4. Eastern Star, 110 (Lottus). 5. Eastern Star, 110 (Lottus).

SECOND RACE-5 furlongs: 1. Fundamental, 100 (Davenport). 2. Chapultepec, 107 (Keogh). 3. Fundamental, 100 (Davenport). 4. Chapultepec, 107 (Keogh).

THIRD RACE-1 1/8 miles: 1. Descomnets, 107 (Koenner). 2. Shapdale, 107 (Keogh). 3. Descomnets, 107 (Koenner). 4. Shapdale, 107 (Keogh).

FOURTH RACE-Six furlongs: 1. Horizon, 130 (Koenner). 2. Sidney B., 100 (Lottus). 3. Horizon, 130 (Koenner). 4. Sidney B., 100 (Lottus).

FIFTH RACE-One mile and seventy yards: 1. Bonnie Keadon, 117 (Koenner). 2. John Reardon, 105 (Kead). 3. Bonnie Keadon, 117 (Koenner). 4. John Reardon, 105 (Kead).

SIXTH RACE-One mile and seventy yards: 1. Medallion, 116 (Davies). 2. Impudent, 105 (Ross). 3. Medallion, 116 (Davies). 4. Impudent, 105 (Ross).

NORFOLK, Nov. 9.-R. W. Wilton's over, two-year-old Onager, showed today at Jamestown that he has "come back," when he defeated the two best youngsters at the track and clipped a fifth of a second from the track record. Onager ran the five and a half furlongs in 1:48.2-5. To-morrow Bud Marx, the aviator, will be matched in his bid to make against a racehorse. He also will make an effort to break the stut-hole record.

FIRST RACE-Six furlongs: 1. Onager, 119 (Koenner). 2. Onager, 119 (Koenner). 3. Onager, 119 (Koenner). 4. Onager, 119 (Koenner).

SECOND RACE-Six furlongs: 1. Onager, 119 (Koenner). 2. Onager, 119 (Koenner). 3. Onager, 119 (Koenner). 4. Onager, 119 (Koenner).

THIRD RACE-One mile: 1. El Oro, 110 (Shoemaker). 2. Campaigner, 106 (McCabe). 3. El Oro, 110 (Shoemaker). 4. Campaigner, 106 (McCabe).

FOURTH RACE-Six furlongs: 1. Onager, 119 (Koenner). 2. Onager, 119 (Koenner). 3. Onager, 119 (Koenner). 4. Onager, 119 (Koenner).

FIFTH RACE-Six furlongs: 1. Onager, 119 (Koenner). 2. Onager, 119 (Koenner). 3. Onager, 119 (Koenner). 4. Onager, 119 (Koenner).

SIXTH RACE-Six furlongs: 1. Onager, 119 (Koenner). 2. Onager, 119 (Koenner). 3. Onager, 119 (Koenner). 4. Onager, 119 (Koenner).

West End Handicap. Eight started last evening in the regular weekly handicap of the West End Y.M.C.A. 2 1/2 miles from Queen and Dovercourt to Bloor and Dovercourt and back. Result as follows: 1. Rozer, 2. Smith, 3. Blackwell, 4. Harlow, 5. Dennis, 6. Burke, 7. Williams, 8. Wilson.

City Pool Championship. The pool match for the amateur championship of the city was started last night at the Palace room, West King-street, when Bill O'neave won the first game by 100 to 44 from Terry McLoughlin. They play again to-night and finish on Friday night.

UNIVERSITY BASKETBALL

Officers Elected at Annual Meeting-Hamilton vs. West End. The University Basketball Club held their annual meeting last night and elected officers for the coming season, as follows: President, Prof. DeLury; president, F. S. Park; vice-president, R. Gundy; secretary-treasurer, F. J. Livingston.

The schedule for the Sifton Inter-Faculty Cup games will commence on Nov. 22, with the basketball. The basketball season will be opened next Saturday at the West End Y.M.C.A., when two exhibition games will be played between Hamilton and West End first and second teams.

THE VARSITY HARRIERS

Team Selected for Saturday's Intercollegiate Race in Kingston. Varsity Harriers' Club will send a team of their fastest runners to Kingston to compete in the intercollegiate harriers' race, which will be held at Queen's University on Saturday. The men selected are: Ford of Trinity, and Meadows, East Hill, Vickers and Gowing in the School of Science. Watts is considered the fastest cross-country runner in the University of Toronto.

It is rather unfortunate that the rules of the S.P.S. and Hayes of Trinity, both first-year men, made an exceedingly good showing in the University Harriers' race last Saturday. A meeting of the Harriers' Club was held last night in the gym, and arrangements made for the trip to Kingston. The team who will represent Varsity are requested to meet at the Union Station at 11:30 p.m. on Friday, to leave by the special train, which will also convey the two Rugby teams to Kingston.

Hotel Krausmann. Ladies and gentlemen. Krausmann grill open till 12 p.m. Will Move the Address. OTTAWA, Nov. 9.-Hal McGivern, M.P. for Ottawa, has been selected to present the address in reply to the speech from the throne at the opening of the parliament. It will be seconded by Mr. Lapointe of Kamouraska.

No Race Suleide Here. MONTREAL, Nov. 9.-At the C.P.R. station this morning there arrived Edouard Jolicoeur, of Batiscan, with his wife and family. He is twenty-three years of age, and the family consists of ten children (five pairs of twins).

An increase in the missionary offerings in Hamilton, which may account for the result of a recent canvass of all the male members of the Baptist churches, undertaken by the Baptist Laymen's movement. Rev. J. G. Brown, Dr. E. G. Smith, Rev. C. H. Mitchell, Dr. W. E. Norton, Rev. Walter Daniels and W. C. Senior went from Toronto to help.

WELL CONTESTED RACES AT THE DUFFERIN TRACK

Margaret Leonard in Straights and Angus Mack in Five Heats the Winners. Weather conditions were not conducive for a big crowd at the matinee given by the Dufferin Driving Club yesterday, but the majority of the faithful were well rewarded as the club put on two good races, well contested in every heat.

In Class B. Ma. got Leonard, J. T. Hutson's good trotter, got the big end of the prize, winning the race in three straight heats without being extended at any time. The first heat was in 2:27 1/2, but she just romped home, with Bonnie Claude, Dr. Parker's pacer, second, and Easter Sunday, R. Scott's grey pacer, in third position. The second and third heats Easter Sunday bested Bonnie Claude for the place in Class C there was more excitement, as it took five heats to find the winner, Angus Mack, Mr. Williamson's pacer, and as if he would make a runaway race of it as he won the first two heats quite handily, with Nellie M. and William C. fighting for the place. In the third heat Angus Mack went to a bad break after he looked to have the heat won and each department of the good green stall off the fast coming Nellie M., who won the heat. Nellie M. also won the fourth heat, but Bonnie Claude for the place. Hazel China, with J. Fleming up, a good second. This was quite a surprise, and the mare showed considerable speed. The fifth and final heat Angus Mack got away in good shape and was never hindered, winning the heat in 2:15 1/2.

C. Woods had good control of his field runs during the season than Willie Graham was not only the only man to have an average of over 60 runs per innings-64.4, to be exact-but scored more runs, and also played the highest innings, 173, against Moorestown at Moorestown, in a cost of 105.58 runs apiece. A. G. Priestman, Germantown, bowled very finely at times during the season, and notably against Belmont at Elmwood, and came in second in the bowling average, with 29 wickets at a cost of 12.42 runs each. J. B. King, by capturing any other bowler in the competition, and came in third with an average of 15.40 wickets at a cost of 10.58 runs apiece. A. G. Priestman, Germantown, bowled very finely at times during the season, and notably against Belmont at Elmwood, and came in second in the bowling average, with 29 wickets at a cost of 12.42 runs each. J. B. King, by capturing any other bowler in the competition, and came in third with an average of 15.40 wickets at a cost of 10.58 runs apiece.

PHILADELPHIA, Nov. 9.-In batting, Philadelphia in the Halifax Cup competition for the season of 1910 are up to the standard of the previous few years. Willie Graham of the Belmont Cricket Club was at the top of the list in both batting and bowling averages, and, therefore, became the holder of the Childe Cup in the season. This double feat has only been twice duplicated since the cups were donated by the late George W. Childe, and curiously enough it was a Belmont man who performed the feat on each occasion, J. B. King having won them in 1902 and 1904.

"JOE" DOWNEY HONORED BY CITIZENS OF GUELPH

Ex-Member For South Wellington Presented With Purse of Gold in Recognition of Services. GUELPH, Nov. 9.-[Special.]-By presenting him with \$1000 in gold and his wife with a huge bouquet of American beauty roses, the citizens of Guelph, showing a fine disregard for any political party, today honored "Joe" Downey, ex-M.L.A., superintendent of the Orillia Asylum, at a public meeting, which was held in the council chamber of the city hall, with Mayor G. H. Hastings presiding.

It is rather unfortunate that the rules of the S.P.S. and Hayes of Trinity, both first-year men, made an exceedingly good showing in the University Harriers' race last Saturday. A meeting of the Harriers' Club was held last night in the gym, and arrangements made for the trip to Kingston. The team who will represent Varsity are requested to meet at the Union Station at 11:30 p.m. on Friday, to leave by the special train, which will also convey the two Rugby teams to Kingston.

Hotel Krausmann. Ladies and gentlemen. Krausmann grill open till 12 p.m. Will Move the Address. OTTAWA, Nov. 9.-Hal McGivern, M.P. for Ottawa, has been selected to present the address in reply to the speech from the throne at the opening of the parliament. It will be seconded by Mr. Lapointe of Kamouraska.

No Race Suleide Here. MONTREAL, Nov. 9.-At the C.P.R. station this morning there arrived Edouard Jolicoeur, of Batiscan, with his wife and family. He is twenty-three years of age, and the family consists of ten children (five pairs of twins).

An increase in the missionary offerings in Hamilton, which may account for the result of a recent canvass of all the male members of the Baptist churches, undertaken by the Baptist Laymen's movement. Rev. J. G. Brown, Dr. E. G. Smith, Rev. C. H. Mitchell, Dr. W. E. Norton, Rev. Walter Daniels and W. C. Senior went from Toronto to help.

LANDSLIDES IN ROCKIES

Traffic Both Ways Held Up Near Golden, B. C. VANCOUVER, Nov. 9.-[Special.]-A rock and land slide on the main line of the C.P.R. two miles east of Golden in the Rockies occurred yesterday afternoon, and as a result several hundred passengers, both eastbound and westbound, are effectually tied up for a period ranging from 12 to 24 hours. This interference with train schedules would not have been so great were it not for the fact that two slides occurred in practically the same place within a few hours, the second coming just about the time a large gang of laborers were finishing clearing away the first. Nobody was injured.

W. P. Keenan, Jr., 373 3 27 1 35.4. S. A. Willis (Mstrn), 436 3 21 1 31.40. G. E. White (G.), 10 1 29 6 7.33. R. G. Hara (M.), 7 1 27 4 7.00. W. F. Keenan, Jr. (B), 7 0 20 49 7.00. J. S. GANG OF BOY BURGLARS

MONTREAL, Nov. 9.-A gang of boy burglars, known as the "terminal gang," has been broken up by the police. They operated in the north end of the city, making a specialty of freight cars. The police captured six of them. The leader is ten years old, and the eldest of the gang is twelve.

THURSDAY MORNING, NOV. 10, 1910.

#### WHO IS THE DEAD HORSE?

The Globe says Roosevelt is crushed by reason of Tuesday's election. This is not the case at all. Roosevelt has a program of reform, but it was conditioned by his belief in the maintenance of protection. All Tuesday's vote means to him is that he will be able to say to the Republicans, "I was for the new national platform; I am still for the new national platform, with protection or with modified protection," and on this platform he will soon put himself at the head of the great new movement for reform in the political methods in the United States. This movement is represented by the better element of the Democratic party, by the insurgent element of the reform party and by the great mass of people who resent the increased cost of living.

Make no mistake about it. The new government is only beginning and Roosevelt is well up at the head of it. He is by no means crushed. The dead horse to our mind is Mr. Taft.

#### ALGONQUIN PARK.

Hon. Frank Cochrane is to be congratulated upon the settlement of the Algonquin Park problem. The practical destruction of the park was prevented by rights granted to a lumber company. For the surrender of its rights and the removal of its mills and railway the Munn Lumber Company is to receive a sum of \$290,000. The timber thus reclaimed for the province, consisting of 231,000,000 feet of black birch, hemlock, spruce, cedar, ash and some pine, is estimated to be worth at least \$1,000,000. Besides this, the privileges of the park as a fish and game preserve, a health resort and a pleasure ground for the people generally are now relieved of any incumbrance or obstruction. The revenue from various sources in the park will be more than ample to cover the charges of the arrangement just concluded.

#### HARBOR IMPROVEMENT.

Controller Spence's proposals for a harbor commission will meet with general approval. Wherever the harbor and dock affairs of a city have been a success they will be found to be under the control of some such board as now has been proposed for this purpose in Toronto.

The present board has taken no active or progressive steps during its career, and in nothing does Toronto so much need waking up as in this harbor matter if the great natural advantages of the city for shipping are to be properly utilized.

The objections raised by Messrs. Church, Ward and Foster to the inclusion of Ashbridge's Bay under the control of the new board do not seem intelligible. If there is to be a harbor at all, Ashbridge's Bay will be the major part of it. A divided interest under such circumstances would be folly. The matter will be referred to the electorate.

#### LIQUOR DRINKING IN BRITAIN.

Remarkable proof of the changing habits of home country people is afforded by the first report of the commissioners of customs and excise, issued last month. The returns it contains show a striking and continuous decline in the consumption of spirits and beer. Between 1901 and 1909 the quantities of spirits retained for consumption fell in England from eight pints per head to 4.08; in Scotland from 14.88 pints to 12.16; and in Ireland from 8.72 to 7.52. Mr. Lloyd George's budget of the latter year accelerated the reduction, and for the year to March 31, 1910, the amounts fell in England to 4.08 pints, in Scotland to 8.24 pints, and in Ireland to 6.94 pints. As regards beer the nationalities are not distinguished, but the consumption in the United Kingdom declined from 31.48 gallons per head in 1901 to 25.37 in 1910. Breweries for sale numbered 4512 last March, a decline from 1901 of 1508, while private brewers, of whom there were 12,410 (almost entirely in England), now number 7096 only. These figures speak for themselves and the tendency of the last decade is too marked and steady to be regarded as due to temporary influences.

#### TAINTED MILK.

Not long ago one of the greatest authorities in the province stated in public as a fact he would not attempt to explain that milk was more subject to contamination than any other article of food. There should be no great difficulty about understanding the fact. Milk is invariably used in an artificial way and subjected to an exposure for which nature never intended it. In the natural course of things milk would never be exposed to the atmosphere at all. In the artificial condition of things under which it is now a leading article of diet, it is constantly exposed to the air and to all the myriads

of germs that circulate in that medium. No wonder then that milk is a source of all manner of disease.

The steps that are being taken in all important communities to obviate these dangers should be adopted in Toronto and throughout the province so far as it may be practicable. Mr. W. K. McNaught, M.L.A., has made a study of the question, and the fact that 2500 children die in Ontario annually thru the effects of tainted milk should be sufficient to rally to his support every one who has the public welfare at heart.

Mr. McNaught hopes to embody in legislation the conclusions arrived at by the royal commission appointed to investigate the subject, and Sir James Whitney has promised his support. Dr. Hastings, the city medical health officer, has discovered that one small dairy, distributing 52 gallons a day, has been the cause of eleven cases of typhoid previously credited to the city water supply. Many citizens have given up the use of milk except in cooking, as the raw material is so dangerous. Should the legislature decide upon universal pasteurizing, no doubt the health of the province will be benefited.

#### BE CHARITABLE—SENSIBLY.

With the advent of a few chilly evenings, the "professional cadger" has made his appearance, usually giving a fictitious name and address. An effective way of dealing with this class is to refer them to the Associated Charities. If genuine, help will be found for them, or if fraudulent, they will be exposed.

Special cards for reporting cases have been printed and will be sent to any citizen applying to the above office.

Telephone Main 5704 before giving reference. Valuable information can be supplied in many cases from the 6900 records on hand.

#### THANKSGIVING OBSERVANCE.

Canadian Baptist: "If putting Thanksgiving Day on Monday means that the churches are not to have thanksgiving services, we have a strong conviction that there should be a return to Thursday or some other day near the middle of the week. If there is reason for national thanksgiving, the day should be observed at some time and in some way by a public service of thanksgiving and worship. Thanksgiving Day is one of the days that should at least in part be a holy day as well as a holiday, and we sincerely hope that our Baptist churches in city, town and country will arrange in future years to observe the day religiously as intended and suggested by those in authority.

#### A GENEROUS GIVER

Orilla Friend of the Needy Consumptive.

The following letter from Mr. William Thomson of Orilla tells its own interesting story:

"Generally on Thanksgiving morning, the first thing I do is to enclose my cheque for \$100 to help on the good work at Gravenhurst. I am glad to be able to do this again and enclose it herewith. I had the pleasure of calling at the sanatorium two or three times this summer, and was glad to find the people all so happy and contented, altho, no doubt, they were bearing many sad trials. I am sure you and your associates are to be congratulated on your good work. We learn from the secretary-treasurer of the Muskoka Free Hospital for Consumptives that Mr. Thomson in no way confines his giving to Thanksgiving day. It has been thru his thoughtfulness and generosity that the launch "Idler" with captain and full equipment has been placed at the disposal of the patients at the Muskoka Sanatorium for the past two summers.

#### The Popularity of the Grand Trunk Railway System Between Toronto and Montreal

is not only due to the fact that it has the "only double track line," but also to its smooth roadbed, excellent train equipment, courteous attendants, unexcelled dining car service, beautiful scenery, etc. Four trains leave Toronto daily: 7:15 a.m. carries parlor-library-buffet car; 9:00 a.m. carries dining car and parlor-library car; 8:30 and 10:30 p.m. trains carry modern Pullman sleepers, and you can enjoy a comfortable night's rest. The International Limited, Canada's fastest train, leaves Montreal 9:00 a.m., arrives Toronto 4:30 p.m.

#### Missionary Lectures.

A series of missionary lectures is to be given in Toronto in various churches, under the auspices of the Young People's Missionary Movement. The speakers and their subjects are: Dr. Joseph Strong, "The Challenge of the City," Nov. 17; Rev. D. J. Davidson, "Challenge of India," on Dec. 15; Dr. J. Endicott, "Challenge of China," on Feb. 16; Rev. R. C. Armstrong, "Challenge of Japan," on March 16; Canon Tucker, "Challenge of Canada," on April 20.

#### FOUR TIMES EACH YEAR

  5. Re Lens Estate.
  6. Gordon v. Gordon.
  7. Re Standard Fire Insurance Co.
  8. Re Livingstone Estate and Cos.
  9. Hill v. Hill.
  10. Aldrich Gas v. Kinky.
  11. Re Mason and Wilkie.
  12. McGuire v. G. T. Ry.
  13. Broom v. Godwin.

#### Peremptory list for divisional court for Thursday, 10th inst., at 11 a.m.:

1. Steecher Lithographic Co. v. Ontario Seed Co. (to be continued).
2. Hunter v. Patterson.
3. Herring v. Howes.
4. Watson v. Phillips.
5. Somerville v. Aetna.
6. Lacroix v. Loughton.

#### Non-Jury Assizes.

Peremptory list for non-jury assize court, sitting in city hall, on Thursday, Nov. 10, 1910, at 10:30 a.m.:

99. McPherson v. Timiskaming.
100. Miller v. Rosenberg.
101. Harley v. Canada Life.
102. McNairn v. Grey.
103. Murray v. Mackenzie.
104. Bonfield v. Toronto Railway.
105. Allen Manufacturing Co. v. Murphy.

#### County Judge's Civil Court.

Peremptory list for Thursday, Nov. 10, at 10:30 a.m.:

13. Grant v. Lee.
16. Zuckerman v. Prowski.
17. May v. Con.
18. Smith v. Dawson.
23. Douglas v. Corney.

#### Master's Chambers.

Before Cartwright, K.C., Master.  
 Frosser v. Frosser—G. R. Roach (Corwall), for plaintiff. Motion by plaintiff for an order for substitutional service of writ and extending time for appearance thereto 21 days. Order made.

Stuart v. Hamilton Jockey Club—E. C. Cattanech, for John Stuart, a third party. C. A. Moss, for defendants. W. J. Elliott, for plaintiff. Motion by third party to set aside order for third party notice for irregularity. Reserved.

Wilson Lumber Co. v. Simpson—J. N. Mack, for plaintiff. K. F. Mackenzie, for defendant. Motion by plaintiff for

leave to deliver a statement of defence to counter claim. Order made. Trial not to be delayed thereby. Costs to defendant in any event.

Flaher v. Ophir Cobalt Mines—Driver (R. C. Levesconte), for plaintiff. C. A. Moss, for defendant. Motion by plaintiff to strike out statement of defence for default in production, the affidavit having been filed. Motion dismissed. Costs to plaintiff in any event.

Re Solicitors—T. R. Waddell, for solicitors. H. S. Price, for client. Motion by solicitors for an order setting aside praecipe order for taxation. Motion dismissed. Solicitors to be at liberty to give all evidence in support of their charges from their accounts and otherwise. Costs in the taxation.

Cook v. Royal Westmount Mines, Limited—J. E. Cook, for plaintiff. Motion by defendant for an order for service of statement of claim on three defendants in the Province of Quebec, and giving 30 days for delivery of statement of defence, allowing substitutional service on defendant. Order made. Time for service of statement of claim until Dec. 12, proximo.

Boone v. Lane—S. W. McKeown, for plaintiff. Motion by plaintiff for a final order of foreclosure against certain encumbrances. Order made.

#### Single Court.

In Matter of the Honorable John Sandfield Macdonald—R. L. Desfries, for Louise and Adele, two daughters. E. G. Long, for Toronto General Trust Corporation, executors. Motion by two daughters under C.R. 938, for an order construing certain provisions in will of the late Hon. J. S. Macdonald. By consent of parties enlarged for one week.

Re Bond Estate—D. T. Symons, K. C., for trustees. F. W. Harcourt, K. C., for infants. Motion by trustees under Settled Estates Act to leave to expend a sum not exceeding \$4000 out of the corpus of estate for the permanent improvements on the houses on said trust property. Order made as asked.

Re Howitt Estate—G. A. Kingston, for executors. F. W. Harcourt, K. C., for infants. Motion by executors of Margaret E. Howitt for an order to expend \$5000 in improving the hotel pursuant to the requirement of the inspector of licenses. Order made as asked.

Re Mountain Estate—R. C. Smith, K. C., for executors. G. Osler for some beneficiaries. J. A. Macintosh, for other beneficiaries. T. Lewis, K. C., for executors. D. C. Ross for Bishop's College at Lennoxville. Motion by the executors of estate of the Reverend Jacob Johnston for an order construing the will. Reserved.

Re Wood Estate—R. U. McPherson, for executors of surviving executor of Robert J. Wood's estate. F. W. Harcourt, K. C., for infants. Motion by executors of last surviving trustee under C.R. 938, for an order construing will of Robert J. Wood. Order declaring that the executors of the said trustee are the applicants, the executors of surviving executor, have also power to sell. Children of sister who predeceased testator are not entitled to share. Costs out of fund.

Re Marshall Estate—O. H. King for petitioner and all adult beneficiaries except Emmas, G. F. McFarland, for Emma Marshall. Motion by petitioner under C.R. 938, for an order construing the will of Annie Marshall late of the City of Toronto, widow. Order made that under the will the parties take as tenants in common and not as joint tenants. Costs out of estate.

#### Divisional Court.

Before Meredith, C.J., Teetzel, J., Clute, J.

Parent v. Latimer—E. D. Armour, K.C., for defendant. J. Sale (Windsor), for plaintiff. An appeal by defendant from the judgment of the chancellor of May 20, 1910. The dispute between the parties is over a strip of land eight feet wide, more or less, along the easterly side of and granted by conveyance registered as V 6864, and plaintiff brought action to declare a certain agreement in relation thereto void as against plaintiff, and that it be set aside and the registration cancelled on the alleged ground of misrepresentation. At the trial judgment was given for plaintiff, with a declaration that the true line of division between the lots is that laid down in the plan of Newman, filed, part of house that projects for a few inches not to be disturbed by plaintiff. Judgment: Appeal dismissed with costs.

#### Before Meredith, C.J., Teetzel, J., Riddell, J.

Re Macdonald Arbitration—W. H. Irving for J. F. Macdonald, appellant. G. F. Shepley, K.C., and G. W. Mason, for respondents. An appeal by J. F. Macdonald from the judgment of Sutherland, J., of March 12, 1910. The order appealed from was made on the application of James Fraser Macdonald for an order that the award of their arbitrators of 15th December, 1909, might be amended, set aside or remitted to the arbitrators, with a direction as to the proper basis of valuation of the shares of stock referred to in said award, and the subject of reference to said arbitrators. Judgment: Appeal allowed, and the award remitted to the arbitrators, with costs here and below, the plaintiff for dissenting and thinking appeal should be dismissed with costs.

#### Before Falconbridge, C.J., Riddell, J., Sutherland, J.

Dominion Carriage Co. v. Wilson—A. J. Anderson, for plaintiff. W. A. Boys (Barrie), for defendant. An appeal by plaintiff from the judgment of county court of Simcoe of June 20, 1910. An action in trover to recover two carriages. At the trial before the county

## You Can Distinguish a Piano Made by Ye Olde Firme of Heintzman & Co., Limited, by Its Pure, Vibrant Singing Tone

The reasons for this are well known to those who are familiar with the structure of the instrument and with the strict methods of the Heintzman & Co. factory.

**The Materials**  
 Every piece of metal with the slightest flaw, every piece of wood imperfect in its grain or not thoroughly seasoned is rejected—it is not tried out to see if it will do—it is not even given the benefit of a doubt.

**The Workmen**  
 Each workman, too, brings to his task skill of the highest order—and that skill is still further developed and kept to the highest possible standard by the rigid discipline for which the Heintzman & Co. Factory is well known.

Its durability and the continual increase in the beauty of its tone as it ages have caused all world-great artists on their visit to Canada to use this piano exclusively.

WORK COUNCIL
RUST, C.E., FAVORS
LOCAL SEWAGE SYSTEM

Says Yonge-Street Offers Big Ob-
stacle to City Connection With
North Toronto Plant.

NORTH TORONTO, Nov. 9.—(Special)—With reference to draining the whole of North Toronto sewage into the city sewer at Yonge-street, it would entail a large initial outlay. It would be necessary to construct a sewer upon Yonge-street, upon a gradient favoring either a bridge to carry the sewer over the ravine, or raising the grade of Yonge-street in the valley opposite Mount Pleasant Cemetery or the use of a siphon. While a siphon is possible at this point, if a better method can be found, it would favor its adoption. As only about one quarter of the sewage of the drainage of North Toronto could be drained into the city sewer upon Yonge-street without a gradient, it is considered that it would be better to carry the whole of the North Toronto sewage to the points of disposal as indicated in T. Aird Murray's report, and with reference to the general scheme as outlined by Mr. Murray, I can suggest no improvement.

This, in brief, is the report of City Engineer Rust presented to the sewage committee of the town council last night. The report is a comprehensive one, and covers the whole of the town, which Mr. Rust has a few days ago authorized to examine and report upon. In this examination, Mr. Rust was accompanied for the most part by Mr. Aird Murray, C.E., and Mr. James E. Brown, the engineer of the town.

Mr. Murray, in a comprehensive report and examination of the sewer lines taken two or three months ago, strongly urged the adoption of a local sewage system, and favored the establishment of disposal works at three or four points in the town, all on the east side. In this Mr. James is also understood to concur. The letter of Mr. Rust coming on top of that of the other two engineers, and practically confirming them, apparently settled the matter for good in the minds of the council last night.

In only one point, and that a non-essential, does Mr. Rust question the wisdom of Mr. Murray's final analysis, and this is with respect to the size of the pipes on each of the side streets, favoring a 12-inch instead of an 8-inch as proposed by Mr. Murray.

It is only fair to say that Mr. Rust's endorsement of a local sewage system as outlined by Mr. Murray, came somewhat in the nature of a surprise to the members of council and the few citizens present. It was not generally known that the report was in readiness, and few of the ratepayers were present, and Mr. Murray was listened to with the greatest interest.

Following his submission there was a long discussion with Chairman Brown presiding, the nature of which was the apparent final decision of the council to go ahead without delay in the work of installing a local sewage system along the lines pointed out by the engineers. There was an apparent unanimity on this point, tho at a late hour the committee were apparently hopelessly divided as to the details of the scheme.

Councillor Frank Howe was strongly in favor of bringing the whole thing under a general tax, while the general sentiment was along the lines of local improvement with the necessary and ordinary charges as a general rate over the town.

No reference was made by Mr. Rust to the possibility of a city connection further east or along the Don River, even in view of his own statement, and the council acknowledged fact with respect to the natural flow of the sewage to that point. The subject was never broached either in the report presented or the discussions which ensued. There are many citizens of North Toronto who have all along contended that this, instead of Yonge-street, was the only logical course to follow, and surprise is expressed that this phase of overcoming the difficulty never was mentioned.

Speculators' Chance

A CLIENT of ours owns a very desirable block of vacant land in the business section of a flourishing western town and railroad center. Official valuation of the property, \$100,000. Will take \$2000 cash for quick sale. Our client needs the money for other investments and there is no one else in this town for whom the land is wanted. No information over phone.

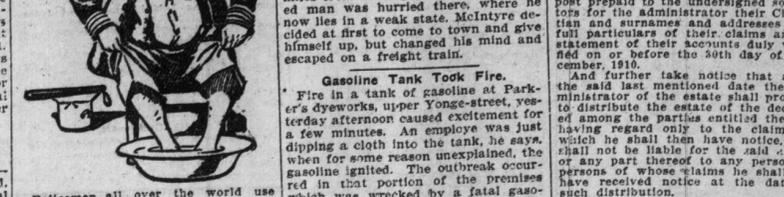

A.C. Leung & Co.

Realty and Building

Meetings are in progress of an arbitration board to fix the renewal rates for rental on certain properties in King-street, east of St. James' Cathedral, and belonging to the Synod of the Diocese of Toronto. George Keith and Thomas Hogarth are the occupants, and the leases are to be renewed at the new rate for 21 years. The arbitration board consists of F. J. Sturges, for the synod, W. H. Wheeler, for the lessees, and A. H. Frankland, of the Balmuto-street, when Robert Morrison, chauffeur of the auto, turned his machine to cross to the north between the two streets. The eastbound trolley struck the other car. The auto was wrecked, and only for the steel frame, which was held, the ladies must have suffered a serious injury. They were carried into a nearby residence suffering from a severe shaking up and shock.

Instant Relief for Sore Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well. No Matter What Ails Them.

Police men all over the world use TIZ. Police men stand on their feet all day and know what sore, tender, aching, swollen feet really mean. They use TIZ because TIZ cures their feet. TIZ draws out all poisonous matter from the feet. It keeps feet in perfect condition. It is the only remedy that does this. TIZ cleans out every pore and restores the feet to their normal condition. You never tried anything like TIZ before for your feet. It is different from anything else before sold. TIZ is not a powder. Powders and other foot remedies clog up the pores, and keep your feet in a condition that draws out all poisonous matter from the feet. TIZ is the only remedy that does this. TIZ cleans out every pore and restores the feet to their normal condition. You never tried anything like TIZ before for your feet. It is different from anything else before sold. TIZ is not a powder. Powders and other foot remedies clog up the pores, and keep your feet in a condition that draws out all poisonous matter from the feet. TIZ is the only remedy that does this. TIZ cleans out every pore and restores the feet to their normal condition.

FARMERS WANTED to drop a card for reliable information about the DEEP SOIL OF THE GARDEN SPOT of Saskatchewan. Towns, Elevators, Departmental Stores, High Schools, Telephones. Farms for sale or rent.

COBALT---Mining Markets Show More Definite Tendency Under Better Demand

Undertone to Market Higher And Some Issues Make Advances

Cobalt Stocks Display Better Tendency Under Improved Demand, and Some Gains Are Made by Cheaper Issues.

World Office, Wednesday Evening, Nov. 9. While there was not much increase in the volume of trading in the listed Cobalt stocks in the local mining markets today, the market brightened up to a certain extent, small advances being registered in various of the lesser priced issues which have been under bearish pressure of late.

It was reported that considerable of today's buying came from Montreal, where it was presumably felt that the reaction has been far enough, and speculators put in orders to buy on this assumption.

With the exception of the above mentioned instances there was nothing in the market's action to indicate any change of moment. The other cheaper Cobalts were in some demand, but did not rise above their recent figures.

Standard Stock and Mining Exchange. Amalgamated 7 1/2, 7 3/4. Bailly 2 1/2, 2 3/4. Beaver Consolidated 2 1/2, 2 3/4.

Why Not Arbitrate It? W. J. Gage, president of the board of directors, has sent the following letter to Mayor Gair and to the Toronto Electric Light Co.:
