SENATE P. O.

COL. MUNRO HELD NOT LIABLE FOR SIGNING FALSE RETURNS

In Acquitting Former President of Farmer's Bank, Judge Winchester Makes Scathing References to W. R. Travers and Accountant Fitzgibbon—Munro Was Deliberately Deceived, His Honor Holds.

Colonel James Munro, at one time member of parliament, former president of the Farmers' Bank of Canada, charged with wilfully making false returns to the finance department at Ottawa in respect of such bank, has been adjudged not guilty, by his honor Judge Winchester.

Assistant County Crown Attorney Monahan asked as to what action would be taken by the crown with regard to Judge Winchester's expressed willingness to grant a stated case on his decision in the Munro case, said last night: "I have not yet read the judgment and therefore cannot say what will be done in the matter. The only object in going on with a stated case would be to have the law under the Bank Act fixed beyond doubt. This object is lessened by the fact that the new Bank Act has been made most explicit in this regard. The only bearing that the old act can have, therefore, is in case it should be discovered, after the passage of the new act, that false returns had been made before the new act was passed, and the new act is not to be retroactive. But I cannot say what will be done until I have read the judgment."

It was known that Judge Winchester had made up his mind several days ago, but as no announcement was forthcoming, there was (in the anxiety in many quarters) the "not guilty" verdict more than the old Scottish verdict of "not proven"; it is practically a vindication of Col. Munro's position. His honor said that "James Munro was deceived by both Travers and Fitzgibbon and intentionally so; that he placed his confidence in their truthfulness and relied implicitly on their statements as being honest and true."

Victim of Deception.

In support of his opinion on this point, Judge Winchester quotes an old judgment of the year 1833, in which a country gentleman, not skilled in accounts, was induced to sign a receipt in absentia, recites the excerpt, "for rogery it was not before him so much that he came away with a little in his pocket, as he was possessed when he formed an opinion as to the value of the goods." Continuing, he says, "while Mr. Travers on the witness stand, said that he could not have given Mr. Munro in a short space of time the particulars of all these accounts, as set forth in the monthly statement and they yet I am directly convinced that even had Mr. Munro requested such a statement from Mr. Travers or Mr. Fitzgibbon at that time, he would not have received them."

Severe on Accountant.

In summing up his observations, Judge Winchester put the substance of finding in the following paragraph: "In this present case, as already set forth, I find from the evidence that Mr. Munro placed his confidence in the ability, qualifications and trustworthiness of the chief accountant and of the general manager of the bank, that he was entirely misled by the knowledge of the doing; that he was not a party to the making up of any statements which were false or deceptive. On the other hand, I find that the general manager wilfully falsified the statements and deceived the president and directors of the bank from month to month, and that Fitzgibbon, and while the general manager has been prosecuted for making false statements, the latter has not been prosecuted for receiving the same, his assistant in preparing and making up these false statements has not been prosecuted, and no personal knowledge of the facts, has been prosecuted for wrongdoing."

Applying the law as laid down in the above decisions to the facts of this case, I find James Munro not guilty of the charges laid against him, but I find the crown entitled to take the opinion of the court of appeal upon this matter. I am quite willing to grant a stated case for this purpose."

His honor goes into a somewhat extensive review of the case. He recites the premises in the following terms:

"James Munro is charged before me with having in the City of Toronto in the months of February to December, in the year 1910, then being the president of the Farmers' Bank of Canada, a body corporate, that he unlawfully and wilfully did make false and untrue statements in returns respecting the affairs of the Farmers' Bank of Canada, each of such returns being a return of the liabilities and assets of the said bank for the month or months to the date of making such returns to the minister of finance and receiver-general, the said statements being false in the particulars set forth in the charge."

Directors of International Bank Announced

MONTREAL, June 2.—Robert Bickerdike, M.P., after returning from Toronto this morning, sent in his resignation as vice-president of the Bank of Hochelaga, a position he has held since 1891, being director for a quarter of a century. The resignation will be accepted on Tuesday.

It is also announced that the directors of the International Bank of Canada will be Rodolphe Forget, M.P., president; Robert Bickerdike, M.P., vice-president, with Sir George Garneau, Hon. L. O. Taillon and J. N. Greenshields, K.C., as the other Canadian directors. The four French members, chosen from amongst the first financiers of the Paris group, who have subscribed seven million dollars of the bank's capital, will be announced later on. The bank will be opened in Montreal, Paris and Quebec on July 3, and later on in Halifax, Winnipeg, Toronto and Vancouver.

FIRST TRAIN LEAVES ON THRU TRIP TO WEST

Event Was Significant of Toronto's Growing Importance as Railway Centre.

Twenty-six years ago—in 1885—the first transcontinental train on the Canadian Pacific left Montreal for Vancouver, inaugurating a daily thru service to the Pacific coast. Three years ago the first Toronto-Winnipeg express left over the Sudbury line. Last night a still further development in transcontinental service was inaugurated when the first train of a daily thru service left the Union of the Grand Trunk Pacific and Canadian Northern systems at the completed. The train comprised thirteen cars, drawn by engine No. 1181, a new Atlantic type, and was in charge of J. Lindo, conductor, and J. M. Flood, driver. R. McMillan, fireman.

It would not be an exaggeration to say that the "Vancouver Express" for such is the name of the train, is one of the finest of its kind on the American continent. It is composed of some of the best of the "Guelph" cars, which run as far as Winnipeg, and are equipped with "Gretne" sleepers, which run right thru to Vancouver, sleeper car as far as Sault Ste. Marie, six mail and express cars, and one first-class coach, which are in charge of sleeping car conductor H. Brittain.

An Air of Luxury.

The first-class coaches are finely outfitted with mahogany paneling and the seats are upholstered in African mahogany. The kitchen is equipped with every modern convenience, and smoking rooms are provided with chairs in addition to the ordinary seats.

R. C. Thompson, district passenger agent, Toronto; C. E. Benjamin, general agent, Montreal; and S. J. O'Brien, superintendent of sleeping and dining cars, Toronto, showed the newspapers men every courtesy.

Last night, the initial run of the "Vancouver Express" left at 11:30 p.m. and will make its first stop at Alliston, but on Sunday and hereafter it will not stop until it reaches Muskoka station.

Later a library car and observation passenger will be able to read their newspapers and to enjoy the scenery through the Rockies, when the train is scheduled to depart from Toronto at 10:30 p.m., last evening, and when at 10:30 p.m., last evening, the "Vancouver Express" pulled out of the Union Station, one of the greatest scientific undertakings in modern locomotion was inaugurated.

STREET RAILWAY WINS BATTLE OF SPADINA AVE.

But Laying of Intersections is Conditional on Settlement of Grade Separation.

Altho the city and the C.P.R. made a vigorous fight against action by the Ontario Municipal and Railway Board at the hearing, they have been partially over-ruled in respect to the Spadina street intersections.

Mr. Drayton for the city argued that the proposed grade separation of the C.P.R. tracks would be a public nuisance, and that the city should be allowed to lay out the street intersections.

Mr. O'Leary for the Toronto Railway Company urged a decision approving of the application, subject to the Dominion Board's judgment on the C.P.R. application to that body.

After going over the whole case and some of the evidence, the board decided in favor of the city, and the C.P.R. application to that body.

We think that the decision of the board is a victory for the city, and that the public interest, that this intersection and extension should be built, but that the grade separation should be deferred until a settlement is reached between the city and the C.P.R. on the question of grade separation.

TWO GIRLS ARRESTED

Martha Brennan Charged With Shoplifting and Friend With Receiving.

Martha Brennan, 21 years, single, a domestic, living at 56 Centre-ave., was arrested yesterday by Detective Strohm charged with theft from the Eaton store. A \$50 hat was got on her.

Plainclothesmen Black and Wilson searched her rooms and found a quantity of stuff which is also believed to have been stolen. They also took in Bessie Haxwell, who lives at the same address. Bessie is charged with receiving.

She is one of the girls who were with Thos. Henry in West Queen-st. when Henry struck an Italian, who died later. Henry is now serving six months in the Central Prison.

SERIOUS CHARGE LAID

Charles Wilder Accused of Procuring Girl for Immoral Purposes.

With a letter in which she had enclosed a \$2 bill ready to mail to her mother in England, a 20-year-old English girl, was turned over to the Salvation Army by Staff Inspector Kennedy yesterday after she had told him a tale of moving pathos. Following a hearing, Charles Wilder, a married man, 37 years of age, who has a wife and three children in the city, but who gives his address as Peterboro, was locked up on a charge of procuring the girl for immoral purposes.

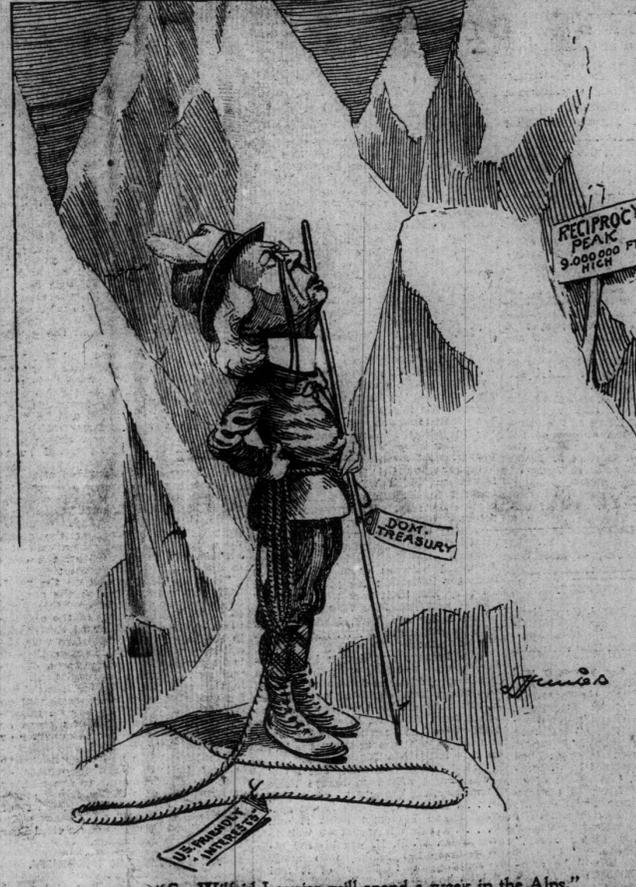

Inspector Kennedy said the girl in the police court corridor and engaged her in conversation. At last she told him her story. She said that she had been living with Wilder at his wife's house in Jarvis-street, and that he had driven her into a life of shame and collected most of the money she earned in this way. She declared that she had given him \$20 last week.

HURRY THEIR HOLIDAY

Ottawa Civil Servants Must Be Back by Opening of Parliament.

OTTAWA, June 2.—(Special).—The whole civil service is in a blue funk by reason of an order sent out by the deputy heads of departments that all holidays must be over by July 18, the day set for the reassembling of parliament. The government puts the blame for a possibly heavy siege between July 18 and the election on the opposition, and the holiday order is calculated to turn the civil service vote against the Conservative party in Ottawa.

TO TRAIN IN SWITZERLAND

"Sir Wilfrid Laurier will spend a week in the Alps." —News Despatch.

CORONATION DAY CELEBRATION.

Proposed Program.

9:30 a.m.—Entertainment by Toronto Playgrounds' Association on University campus.

Band of Governor-General's Body Guards.

11:45 a.m.—Military parade from armories to band stand in Queen's Park, where acting mayor and acting premier will deliver short addresses.

12 noon—Firing of royal salute.

2 p.m.—Salvation Army services in Alexandra Park.

3 p.m. to 5 p.m.—Band concerts in High Park, Queen's Park, Allan Gardens and Island Park.

8 p.m.—Military tattoo and fireworks display in Riverdale Park.

BORDEN WILL TAKE PART IN THE N. S. ELECTIONS

Will Be in Halifax Wednesday Evening—Preliminary Center to Western Tour.

OTTAWA, June 2.—(Special).—R. L. Borden is going down to Nova Scotia to take a hand in the provincial elections, and another bad guess circulated in ministerial papers has gone into government's hands.

Mr. Borden will be in Halifax Wednesday evening, and will be in Western Tour.

CASTRO SAID TO HAVE SAILED DISGUISED

Believed That Ex-President Will Land at Port Adjacent to Venezuela.

HAVANA, June 2.—The Cuban Government is in receipt of what is believed to be authoritative information from Spain that Cipriano Castro, the exiled former president of Venezuela, sailed recently from Cadix on board the steamer Legaspi, which is due here tomorrow morning, en route for Central and South American ports.

Castro is traveling incognito. It is also believed he is carefully disguised, but it is improbable that he will be able to escape the scrutiny of the Cuban officials, who will board the Legaspi here.

GEORGE H. PERLEY, M.P.

Offers to Contribute \$50,000 for Tuberculosis Hospital in Ottawa.

OTTAWA, June 2.—Geo. H. Perley, M.P., member for Arrenduel, has offered to contribute \$50,000 for a new tuberculosis hospital for Ottawa.

The suggestion of the donor is understood to be that \$30,000 of his subscription should be used for a hospital building in the city, and \$20,000 for a farm a short distance out where the patients may work and obtain the outdoor exercise so necessary for a cure.

The hospital is to be in memory of the late Mrs. Perley, the donor's wife, who, it will be remembered, died suddenly while in England last year. Mrs. Perley was greatly interested in the Lady Grey Hospital.

WHO WILL BE CANDIDATE?

CORNWALL, June 2.—(Special).—There are breakers ahead for the Liberals of Stormont. A convention of the party has been called for Wednesday, June 14, at Finch, to select a candidate for the next Dominion election. G. G. Gagnon, a young barrister, is understood to be anxious to carry the party standard, but a large number of the party will stick to the present member, Col. Robert Smith.

Kicked by a Horse.

KINGSTON, June 2.—(Special).—Agnes Kincaid, aged two, a daughter of E. Kincaid, was kicked by a horse to-day and suffered a terrible gash in her head.

DECLARATION OF LONDON WAS APPROVED

Australia Refrained From Voting—Premier Fisher Moved That Dominions Be Given Opportunity for Consultation When Instructions to Delegates to Hague Are Framed.

(C. A. P. Cable).

LONDON, June 2.—At the imperial conference the discussion on the declaration of London was resumed. General Botha said he felt quite satisfied with the reasons given by Sir Edward Grey, why the dominions had not been consulted at an earlier stage. The government had obtained various concessions from foreign governments, and after careful consideration he believed that the balance of advantage was greatly in favor of ratification of the declaration.

Premier Morris said: "Sir Edward Grey's explanation why the dominions were not consulted is fair and reasonable. On general principles the dominions should be consulted. Such a determination would be one of the most important results of the conference. On nearly every point of the declaration, particularly in relation to an international prize court, we have gained considerable."

A Substitute Motion.

Premier Fisher asked leave to substitute for his original motion, one to the effect that dominions shall be afforded the opportunity for consultation on the framing instructions given to the British delegates at future meetings of the Hague Conventions, affecting the dominions, and that these to be circulated among the dominion governments, that similar procedure where there is time or opportunity, and the subject permitted, be used when preparing instructions for the negotiation of other international agreements affecting the dominions. The resolution was unanimously agreed to. Premier Ward moved that the conference approve with gratification the declaration.

Premier Fisher said that the resolution would place Australians in some difficulty. The declaration was such a great step in advance, that it would be quite different from anything that was approved of the whole declaration.

Premier Asquith pointed out that the proposal simply meant conference approving the ratification at this stage. Premier Fisher said that the declaration was settled and final.

Asquith replied that it was not final in the sense that no further progress could be made.

Fisher said that they would go so far as not to oppose the resolution. The resolution was unanimously agreed to. Australia abstaining from voting.

OPPOSE SALE OF CHURCH

Carlton-street Methodist Congregation Decidedly Averse to Sale.

The congregation of Carlton-street Methodist Church, last night, determined the general trend of feeling as regards the proposed sale of the church to the Wm. Davies Co. Fully three-fourths of those present expressed their feeling as against selling the church.

This evening the committee appointed by the district conference will meet at the church, and will report to the general conference on Thursday, when the matter will be finally disposed of. J. W. L. Forster will appear before the conference, representing the trustee board, to give their reasons for signing the sale agreement, and B. M. Davis will represent the congregation, and state their side of the case.

SAVED THREE CHILDREN BY STOPPING RUNAWAY

James Glynn Figured as Hero in Stirring Incident on Shaw Street.

Opportunity knocked on the fence of the playground at Shaw and Arthur-sts., at 3 o'clock yesterday afternoon and a frightened horse ran away. The frightened horse ran away. Four persons had made unsuccessful attempts to stop the frenzied animal, when Glynn, who was playing ball in the field, saw it coming. He hoisted for the animal's head just as it reached the corner.

He was jerked from his feet, but held on and was dragged to the corner of Crawford-st. before he succeeded in turning the animal into a telegraph pole and thus stopping it. Willing hands then relieved him of his task and lifted the frightened kiddie from their perilous perch. Person James Glynn, hero, became once more Jim Glynn, ball player, and went quickly back to his game.

Many persons saw the deed which has been reported to the Humane Society. All declared that it was an act worthy of recognition, and that the youngsters in the wagon were probably saved from death or injury.

WILL DREDGE MORRISBURG CANAL

CORNWALL, June 2.—(Special).—Fallon Bros. of Cornwall have been awarded the contract of dredging the Morrisburg Canal near Lock 2. The material dredged from the bottom will be towed to the south bank, outside of which it will be deposited by a traveling derrick, making a plateau, 1500 feet long. The job is quite a big one, and will keep the dredge busy all summer. The other dredge is working in the Cornwall Canal.

CHARGED WITH PERJURY

WOODSTOCK, June 2.—Jos. Young, about 21 years old, was in possession to-day charged with perjury. He ran away recently with a young girl and, it is alleged, that he made a false statement regarding her age. Hence the charge. The girl has returned home and Young is to contribute to her keep.

ENGLISH EDITOR IN TOWN

E. G. Bushbridge, news editor of the Birmingham, Eng., "Gazette and Express," was a visitor to Toronto yesterday. Mr. Bushbridge is an accomplished journalist, and is accompanying his wife, who is on a flying trip of observation and pleasure to Canada. To-day he intends visiting the Ontario Agricultural College at Guelph.

HOWE'S LONDON CIRCUS TO OPEN HERE MONDAY

Big Entertainment Program To Be Offered Afternoon and Evening in Dufferin Park.

The Monday program for Howe's Great London Shows and menagerie is as follows:

The parade route: Leave Dufferin Park 10 a.m. to College-street, to Spadina-avenue, to King, to Simcoe, to Wellington, to Front, to Jarvis, to Bloor, thence to show grounds.

The performance: Matinee, commencing at two o'clock, and the evening show at 8 o'clock. Doors open one hour earlier in both cases.

The free attractions: First performance on the return of the parade to the show grounds, and again in the evening at 8:30 o'clock.

Howe's Great London Shows and menagerie will arrive in Toronto Sunday and take immediate possession of the usual show grounds at Dufferin Park.

The circus differs very materially from the circuses that have periodically invaded this section, inasmuch as it does not in the least lean toward the vaudeville.

The claim is made for it that it is an all feature attraction and not one of ordinary and time stained acts.

Prior to its world girdling trip it was the recognized representative circus of this country. The show will arrive here on its own three trains of sixty-foot cars and undoubtedly the show grounds will attract thousands of sightseers.

The parade will be given Monday morning, leaving the show grounds at Dufferin Park promptly at ten o'clock.

Two performances will be given Monday at 2:00 and 8:00 p.m. The doors to the menagerie, ethnological concert will open one hour earlier.

SICK OF THE JOB Nova Scotia Census Commissioner Resigns.

OTTAWA, June 2.—(Special.)—Already one census commissioner has got sick of his job and given it up. He is W. P. Furney of Queen's County, N. E. Fred. Freeman has resigned.

The civil service commission is calling for applications for the office of Dominion agriculturist, to draw an initial salary of \$3100 a year. The assistant live stock commissioner is also looking for an occupant.

The Globe of Death. So far this season there has been a steady crescendo of interest in the free vaudeville performances booked at Scarborough Beach.

50c Puts a Piano in Your Home. June finds the old firm of Heintzman & Co. Limited, 193-195-197 Yonge-st., Toronto, with an accumulation of square pianos on their hands.

Miners on Strike. KINGSTON, June 2.—(Special.)—One hundred and fifty men, employed at the iron mines at Wilbur, Ont., are on strike for more money, which has been refused by the company.

Dr. Martell's Female Pills. Prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth.

DAVID WILLIAMS IS PRES. OF HISTORICAL SOCIETY

Association Will Offer Prizes to School Teachers for Original Historical Essays.

BRANTFORD, June 2.—(Special.)—At the closing session of the Ontario Historical Society here to-night officers were elected as follows:

President, David Williams, Collingwood; vice-president, John Deerness, London; treasurer, W. A. McLean, Toronto;

The report of the resolutions committee, which was adopted, recommended that Empire Day be endorsed, and its origin determined.

The delegates spent the day at the Indian reserve, where they were entertained by Indian chiefs at the camp.

Prior to its world girdling trip it was the recognized representative circus of this country. The show will arrive here on its own three trains of sixty-foot cars and undoubtedly the show grounds will attract thousands of sightseers.

The parade will be given Monday morning, leaving the show grounds at Dufferin Park promptly at ten o'clock.

Two performances will be given Monday at 2:00 and 8:00 p.m. The doors to the menagerie, ethnological concert will open one hour earlier.

SICK OF THE JOB Nova Scotia Census Commissioner Resigns.

OTTAWA, June 2.—(Special.)—Already one census commissioner has got sick of his job and given it up. He is W. P. Furney of Queen's County, N. E. Fred. Freeman has resigned.

COLONEL MUNRO HELD NOT LIABLE

Continued From Page 1.

sheets, namely, with reference to the amounts mentioned in items (13) rail-way and other bonds, debentures and stocks held by the bank; (12) the calls and short loans on stocks and bonds (Canada and (14) the current losses of the said bank in Canada, and did thereby commit an indictable offense contrary to the form of the statute in such case made and provided.

Travers Admitted Deception. It is pointed out that Travers admitted that the returns were false and deceptive; that they were prepared by Mr. Fitzgibbon, the chief accountant, under his instructions; that the president had no hand in making them up and did not assist in compiling them in any form or manner, but merely signed them.

Mr. Munro's honor goes on, "asked for information with reference to the items mentioned in the return on occasions, his custom being to look over the return and question the general manager with reference to the investments in the Keeley Mine, which the general manager informed him that the investments were amply secured, and that same were good, safe and proper."

Scope of President's Duty. Answering the crown's contention that the president, by signing a false return, was guilty of a crime, the judge quotes authorities to show that the courts have not adopted that contention of the state, which is the subject of the court of appeal for Quebec cases.

Worried Over Rumors. Two letters are here introduced in which reference is made to Dr. Beattie Nesbitt's letter.

Mr. Travers stated that in December, 1909, he had received a letter from Mr. Munro, dated at Embro on the 18th of December, 1909, and that the letter was received by the president, one being from an M.P., in which certain statements had been made with reference to certain rumors about the bank.

AN EXPENSIVE MISPRINT. Let authors, composers and proof readers beware. A. Tourneur, cabinet-maker, on Dec. 15 last, returned to his home at 150 St. James-st., in a cab, and was driving to his home.

Mr. Fitzgibbon, formerly chief accountant of the Farmers' Bank, was examined by counsel for the defence, on Dec. 19, 1909. Previous to the trial of the bank, that he had been chief accountant in the Merchants' Bank, Montreal, for many years previous to his appointment as chief accountant in the Farmers' Bank; that Mr. Munro relied on him and on Travers, trusting them implicitly; that he would handle up the statements in general draft and submit them to Travers, and after changes were made they were signed and sent to Ottawa; that he never communicated his knowledge of the facts to Munro; that he used one blank form signed in blank by Mr. Munro in August, 1910.

Placed Implicit Trust. "Mr. Munro, in his own defence, stated that he had been president of the bank from January, 1908, to its suspension in December, 1909. Previous to that he had a private banking business at Embro, which he turned over to the Farmers' Bank; and that the indebtedness of that bank to the Farmers' Bank had been settled by him subsequent to the failure of the Farmers' Bank; that he had \$100,000 worth of shares in the Farmers' Bank himself; that he had a statement signed by Travers and Fitzgibbon in connection with the monthly returns made to the FINANCE DEPARTMENT; that he was aware that they had qualifications, and believed them to be fully trustworthy; that he signed the monthly statements after they had been prepared by Fitzgibbon and signed by Travers, and relied entirely on their statements and gave their own signature; that he did not believe in case of emergency, but could not remember of its being used; that he was not a prudent accountant, although he knew something about books; that upon the receipt of the letter from Mr. Stair he called upon him and received his information. He told Mr. Stair that he had a money order of \$100,000 going into the Keeley Mine, and that he did not think it could go in, as no authority had been given by the board; that the bank was interested in a large block of stock (\$350,000), as security for Dr. Beattie Nesbitt's debt, and that that was the only way

in which he knew they were interested in the Keeley Mine; No ill-gotten Gains.

The evidence adduced convinces the judge that the returns were prepared by Travers and Fitzgibbon and intentionally so; that he placed the fullest confidence in their trustworthiness and relied on their statements as being honest and true; that he received the sum of \$5 and traveling expenses each month for coming down from Embro twice each month, once for attending the meeting of directors and one for signing these monthly returns; that he received no other benefit from his connection with the bank in any shape, manner or form; that while having experience as a private banker he was not an expert accountant, and was not in a position to go into the accounts of the bank. While Mr. Travers on the witness stand said that he could have given Mr. Munro in a short space of time the particulars of all these accounts as set forth in the monthly statements and show to him in what respects they were false, yet I am firmly convinced that Travers did not do so, and in giving a statement from Mr. Travers or Mr. Fitzgibbon at that time he would not have received them. They were deceptive; that they were prepared by him all along. The fact that Mr. Fitzgibbon stated that it was not his position to quarrel with the manager is not a sufficient excuse, as he was willing to go in order to support the wrong-doing of the general manager.

In this present case, Mr. Munro asked for particulars of the items, which could have been given, as Mr. Travers candidly puts it, he would have done so, and with reference to the transfer to the bank, and he would have been shown accounts making up the items which are now shown to be false, and as a result would be no wiser.

Scope of President's Duty. Answering the crown's contention that the president, by signing a false return, was guilty of a crime, the judge quotes authorities to show that the courts have not adopted that contention of the state, which is the subject of the court of appeal for Quebec cases.

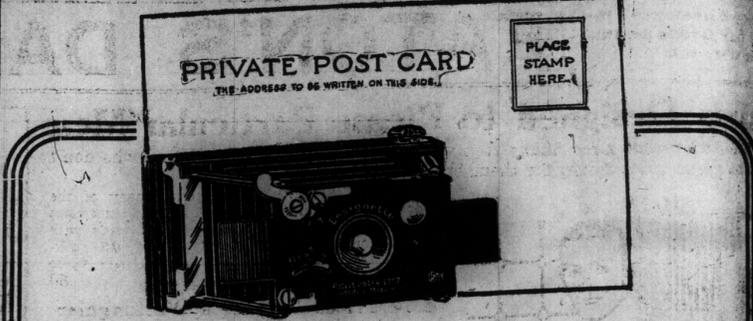

Worried Over Rumors. Two letters are here introduced in which reference is made to Dr. Beattie Nesbitt's letter.

Mr. Travers stated that in December, 1909, he had received a letter from Mr. Munro, dated at Embro on the 18th of December, 1909, and that the letter was received by the president, one being from an M.P., in which certain statements had been made with reference to certain rumors about the bank.

AN EXPENSIVE MISPRINT. Let authors, composers and proof readers beware. A. Tourneur, cabinet-maker, on Dec. 15 last, returned to his home at 150 St. James-st., in a cab, and was driving to his home.

Previous to the trial of the bank, that he had been chief accountant in the Merchants' Bank, Montreal, for many years previous to his appointment as chief accountant in the Farmers' Bank; that Mr. Munro relied on him and on Travers, trusting them implicitly; that he would handle up the statements in general draft and submit them to Travers, and after changes were made they were signed and sent to Ottawa; that he never communicated his knowledge of the facts to Munro; that he used one blank form signed in blank by Mr. Munro in August, 1910.

Placed Implicit Trust. "Mr. Munro, in his own defence, stated that he had been president of the bank from January, 1908, to its suspension in December, 1909. Previous to that he had a private banking business at Embro, which he turned over to the Farmers' Bank; and that the indebtedness of that bank to the Farmers' Bank had been settled by him subsequent to the failure of the Farmers' Bank; that he had \$100,000 worth of shares in the Farmers' Bank himself; that he had a statement signed by Travers and Fitzgibbon in connection with the monthly returns made to the FINANCE DEPARTMENT; that he was aware that they had qualifications, and believed them to be fully trustworthy; that he signed the monthly statements after they had been prepared by Fitzgibbon and signed by Travers, and relied entirely on their statements and gave their own signature; that he did not believe in case of emergency, but could not remember of its being used; that he was not a prudent accountant, although he knew something about books; that upon the receipt of the letter from Mr. Stair he called upon him and received his information. He told Mr. Stair that he had a money order of \$100,000 going into the Keeley Mine, and that he did not think it could go in, as no authority had been given by the board; that the bank was interested in a large block of stock (\$350,000), as security for Dr. Beattie Nesbitt's debt, and that that was the only way

Snapshot King's Birthday Doings Postcard Size With a Camera You Carry in Your Vest Pocket . . .

We show you the comparative sizes of the ENSIGNETTE Camera and the picture it makes—postcard size. This little Camera is built entirely of metal, and folds up to fit in a vest pocket. The secret of the postcard print is the lens (wide aperture and short focus) and the method of printing. The ENSIGNETTE negative (size 2 1/4 x 1 1/2) is very much sharper than an ordinary one. Instead of a printing frame, you use a printing box. No extra work at all, and no difficult process. The film goes in at one end of the box—the postcard at the other. Besides these advantages, the ENSIGNETTE costs less to operate; films cost less; developing costs less, and, in case of wrong exposures, only a few cents are lost. Come in and see the ENSIGNETTE and the truly fine pictures made with it. Prices from \$9.00 up.

Big value at 8.69

THE T. EATON CO LIMITED

AT THE THEATRES

AT THE PRINCESS.

Mme. Bernhardt in "Sister Beatrice." "Sister Beatrice," which Mme. Bernhardt will present at the Princess next Tuesday, is a miracle play in three acts, by Maurice Maeterlinck. Most of Maeterlinck's poetical plays are dramas of a state of feeling. Here we have for the first time the treatment of a legend already crystallized; a legend in English familiar to readers of poetry in "The Ballad of a Nun." The original legend is of Dutch origin, and was translated by Mr. Laurence Houssman and Mr. J. Simon.

herself in supplication at the feet of the mother of all sorrows. Here she is found by the nuns, now grown old and feeble. They will listen to none of her confessions. They believe her holy, and she dies surrounded by their devotion and sacred prayers. In conception and treatment the play is highly poetic and impressive; the symbolism meaning that there is no sin too great for forgiveness, or no person, earthly or divine, too great to stoop and lend a helping hand to the erring.

AT THE ROYAL ALEXANDRA.

Miss Haswell in "The Cottage in the Air."

That Miss Haswell is going to receive a rousing welcome on her opening week was proven by the big advance sale of seats, which opened Thursday morning. Miss Haswell has chosen for her first play "The Cottage in the Air," a fantastical comedy in four acts, by Edward Knoblauch, author of the beautiful bit of old Cotage in the Air. It is a dramatization of the story, "Priscilla's Fortnight," written by the author of "Elizabeth and Her German Garden." Edward Knoblauch, the playwright, has forged rapidly to the front in the past few years and is without a peer as a writer of whimsical fantastical comedy.

ADELAIDE KEIM.

Leading woman with the Baldwin-Melville Stock Company, coming to the Princess Theatre.

The theme of the play is the devotion with life of the image of the Holy Virgin, who assumes and performs in a marvelous manner the duties of Sister Beatrice, who for love of Prince Belthor, has deserted her post.

ARTHUR BYRON.

Leading man with the Baldwin-Melville Stock Company, to appear at the Princess Theatre.

MISS PERCY HASWELL.

Who will open her summer engagement at the Royal Alexandra next week.

AT THE GAYETY.

"Golden Creek" Ends Season.

The Gayety ends its regular season to-night with the "Golden Creek" extravaganza Company as the closing attraction. "A Trip to the Moon" is the title of the musical comedy that the clever organization is presenting, with Billy Arlington as the principal comedian, ably assisted by thirty-five people of more than average ability.

AT THE STAR.

"The Yankee Doodle Girls."

When "The Yankee Doodle Girls" Company appears at the Star next week it will be seen that the organization is one of the strongest ever sent out by T. W. Dinkins, the astute producer and manager. He has furnished elaborate scenery, costumes, and electrical effects, which will be a revelation.

ONE MORE OF THE PIONEER WOMEN

Tells Her Suffering Sisters to Find Relief in Dodd's Kidney Pills.

Mrs. Forrester Had Rheumatism and Other Kidney Diseases for Two Years, But Dodd's Kidney Pills Made Her Well.

DINSMORE, Sask., June 2.—(Special.)—One more of the pioneer women of Saskatchewan, relieved of pain and suffering by Dodd's Kidney Pills, has given her statement for publication in order that other suffering women may profit by her experience. This time it is Mrs. John Forrester, well known and highly respected in this neighborhood.

"My trouble started from a severe cold," Mrs. Forrester states. "My sleep was broken and unrefreshing. I perspired freely at the slightest exertion. I had pains in my back and rheumatism developed, from which I suffered for two years.

"I do not need to tell you that I was far from being a well woman when I started to use Dodd's Kidney Pills. But now I am thankful to say my troubles are gone. I recommend all suffering women to use Dodd's Kidney Pills."

Suffering women can learn from the experience of others that the one sure way to health is to cure their kidneys, and Dodd's Kidney Pills always cure the kidneys.

AT THE STAR.

"The Yankee Doodle Girls."

When "The Yankee Doodle Girls" Company appears at the Star next week it will be seen that the organization is one of the strongest ever sent out by T. W. Dinkins, the astute producer and manager. He has furnished elaborate scenery, costumes, and electrical effects, which will be a revelation.

JENNIE GLADSTONE.

With the "Yankee Doodle Girls" at the Star next week.

JENNIE GLADSTONE.

With the "Yankee Doodle Girls" at the Star next week.

THE LEADING MAN IS MR. ARTHUR BYRON.

son of the veteran player, Oliver Doud Byron, and himself one of the foremost leading men in America, he having appeared in Toronto in that capacity with Maude Adams, Ethel Barrymore, Maxine Elliott and William Feltz in the course of the past five seasons. Miss Adelaide Keim, the acknowledged actress, while the supporting company is one well worthy to be seen in association with these two artistic players. "The Christian" needs little encomium, its remarkable record of success being as fresh in the popular mind as the recollection of its intensely dramatic qualities.

"The Christian" at the Princess.

No more interesting announcement has emanated from the Princess Theatre this season than that which concerns the premier performance of Hall Caine's most famous drama, "The Christian," with which the Baldwin-Melville Stock Company opens its noteworthy summer engagement in Toronto on Wednesday evening of next week.

The company is under the management of Walter S. Baldwin, who has had a long and varied experience in stock productions in the largest centres of America, and Toronto theatregoers are promised a series of presentations which will prove a revelation of the possibilities of popular price entertainments when undertaken by past masters in the work.

THE DEFERRING OF THE OPENING UNTIL WEDNESDAY NIGHT IS OF COURSE MADE NECESSARY BY THE ENGAGEMENT OF MME. SARAH BERNHARDT ON TUESDAY EVENING.

The future plans of the company's management include the presentation of "Merely Mary Ann," "Brewster's Millions," and other favorite and popular plays, all being given with a wealth of scenic embellishment, made possible only by the fact that the organization has its own staff of artists. The most welcome innovation of all will be the scenic prices, which will be 10c, 25c and 50c for the night performances, while for the matinees there will be placed on sale 1000 seats at 10c, with the best seats in the house only 25c.

Bernhardt seat sale opens this morning, 9 o'clock.

Scottish Violinist Coming.

Reorganization of the Canadian Musical Bureau, Toronto, of which Mr. William Campbell is manager, is now proceeding, and the Bureau Annual will go to press about the end of this month. Artists desirous of joining for the season of 1911-12 should get in touch with the manager within the next three weeks. While in New York, Mr. Campbell was so fortunate as to make arrangements with Miss Mary Henry, the Scottish violinist, to book her in Canada next winter. Miss Henry, since her arrival in America, has become very popular, and she is in great demand. As a player of the inspiring strathpeys and reels she stands alone on this continent, and she is certain to get a cordial reception in Canada.

Glass Eyes

If Required should be chosen from a stock embracing the very widest assortment of both shell and refracting. Reliable advice and the best article made.

F. E. Luke, Optician. Issuer of Marriage Licenses. 159 Yonge Street, Toronto. OPEN ALL DAY.

WEALTH, SUCCESS, HAPPINESS are not vain words. They may be had by writing to Mr. Moorey, 118 Rue de Valenciennes, Paris, France, who will send free his book on Occult Sciences.

Vigorous Manhood Restored!

A SURE CURE—NOT A TEMPORARY RELIEF. Doctors all over the world are now talking Electricity, and are using it in one form or another. This is the direct outcome of the recent announcements of the world's greatest scientists, and is a practical admission on the part of physicians of the power of electricity over drugs as a curative agent.

I have known for twenty years that drugs could not restore strength. My knowledge was obtained from actual contact with thousands of people who have tried drugs in every form, and they were worse off than before they started drugging. Are you a weak man? Are your nerves fretful and gloomy? Is your sleep broken? Have you pains and aches in different parts of your body? Is your back weak and painful? Have you lost the vigor of youth? Are you rheumatic and gouty? Have you varicose veins? These are the results of the waste of vital force, the gentle stream of electricity from Dr. McLaughlin's Electric Belt going into the weak nerves for hours every night soon replaces all the lost energy, and makes every nerve and muscle perfect. It cures permanently in every case.

Give me a man (or woman, for that matter) who has been sick and suffering for years, and taken medicine until the system is all run down and debilitated, the stomach unable to digest the food, and the nerves shattered. My Electric Belt will give new life to every organ, drive out disease, and restore health. Now, take a letter like this one that Mr. James J. Gannon, Whitney, Ont., writes me. This man, I venture to say, would rather part with \$1,000 than forfeit the good he has received from the use of my Belt. These are his words:—

"Dear Sir,—I would have written sooner, but was waiting to see what the Belt would do. I have got good results from my first general weakness, as I feel stronger and can rest better at night. I have never regretted getting the Belt, I assure you, and I will recommend your treatment to my friends and other sufferers."

I have the greatest invention of the age for weak men; the surest and easiest cure for all nervous and chronic diseases. Its wonderful power is directed to the seat of the nervous system, through which the vitalized strength penetrates into all parts of the body, carrying new life to every function which has been weakened by excesses or dissipation, restoring energy to the brain and power to the vital organs. No weak man, no sickly or delicate woman will ever regret a fair trial of my

Dr. McLaughlin's Electric Belt

If you are suffering pains or aches, or any evidence of weakness, no matter from what cause, write to me. I will tell you at once if I can cure you or not. I am willing to take all the chances. I know what my Belt will do. My confidence in my method enables me to offer any man or woman who will give me reasonable security the use of my Belt at my risk, and they can

PAY WHEN CURED.

I have a nicely illustrated book which every man should read. I will send it, closely sealed, free. CAUTION—Thousands write me that they have used Electric Belts and got no benefit. Why? Simply because they are purchased from people who have no practical knowledge of electricity. SPECIAL NOTICE—I have the only Electrical Appliance in which your case receives special attention of a practical physician who has made a life study of electricity. The success of my electrical appliance depends upon intelligent application. Agents or drug stores not allowed to handle my Belt.

FREE—Send No Money

Just put your name and address on this coupon and mail it to me. I'll send you full particulars regarding my electric belt, together with my big free book, which explains many things you ought to know about the diseases of men and women. Don't delay another minute. Cut out the coupon right now and send it in.

Put your name on this coupon and send it in. 618-11 DR. M. O. McLAUGHLIN, 237 Yonge St., Toronto, Can. Dear Sir,—Please forward me one of your books as advertised. NAME..... ADDRESS..... Office Hours—9 a.m. to 6 p.m. Wed. and Sat. until 8 p.m.

SATURDAY MORNING, JUNE 3, 1911

SIR WILFRID'S BROKEN FAITH

During the debate on the establishment and control of the Canadian navy, Sir Wilfrid Laurier was insistent that the Dominion Government and parliament should sanction its employment before actively assisting the mother country in time of war. He then argued and has since more than once maintained that as Canada was not consulted in questions of imperial foreign policy, the course pursued by the British Government might not be in accordance with Canadian public opinion and that, therefore, occasions might arise when the Dominion would refuse to take part should war ensue. Such being his views on this important matter and having regard to his numerous declarations of Canadian and his own loyalty to the empire, it would have been reasonable to anticipate that a proposal to keep the Dominion Government in touch with general foreign policy would have met with his approval. But on the contrary, he has objected to the dominion being consulted in regard to matters which might result in war, because it would imply the necessity that they should take part in the war.

These positions are not only contradictory, but they raise grave doubts as to Sir Wilfrid's good faith towards closer imperial union. It is plain enough that were the dominions consulted on imperial foreign policy and a course contrary to the convictions or interests of all or any one or more of them was being pursued, an opportunity would be afforded to present objections or even to indicate that persistence in the proposed policy might result in a refusal to participate in any war thence arising. The conclusion is inevitable that Sir Wilfrid Laurier is conscious that by his reciprocity deal with the United States, he has broken faith with the empire. The Canadian premier could not very well support a proposal suggesting consultation in matters of common concern, while pushing a reciprocity agreement, whereby Canadian exports to the United States will enter at lower rates than those of the mother country and sister states. Sir Wilfrid found he could only justify his position by insisting that each state should be kept in ignorance of what is being done in affairs of general concern and remain entirely free to act independently, which means in this case, free to break away from the imperial band of British states. This The World holds to be Sir Wilfrid's fatal mistake in connection with the reciprocity pact, next in gravity only to its anti-national aspect.

CENSUS TERRORS

The unreliability of the census returns is apparent when we are told by a census commissioner that he intends to classify tailor shops millinery shops and other similar places of business as manufactories. The payment or results system is responsible for such absurdities. The foreign immigrant population as usual is festive with apprehension over the dreadful possibilities that may follow the divulgence of one's age, religion and previous condition of servitude. The priests and rabbis and ministers of the various foreign churches could do much to allay any such fears, if they would explain the object of the census, and point out that it is absolutely binding to do with taxes, or with the liberty of the subject in any way.

PROVINCIAL WEEDS

An exhaustive bulletin has been issued by the provincial department of agriculture on the "Weeds of Ontario." It is by Mr. J. E. Hewitt, M. S. Agr., lecturer in botany at the Ontario Agricultural College, and is an expansion to 144 pages of former smaller bulletins issued in 1909, 1908, 1906 and 1905. The illustrations of which there are 68, are well drawn, and while not in color, like the elaborate "Farm Weeds of Canada," issued by the Dominion department, make identification simple by their clearness. The farmer loses so much by weed pests that he cannot afford to ignore any information or assistance that he can get which may enable him to grapple with them, and this book will no doubt go out of print as rapidly as its predecessors. Nothing that the farmer needs to know about weeds is omitted from its pages.

GOVERNMENT BY COMMISSION

Indicative of the general interest in the question of government by commission is the article by P. H. Underhill in "The Nation," the magazine of Toronto University. He declares himself against the policy of

letting things go as being the one thing that we cannot do. To what extent the government should be paternal; should interfere and direct the course of things; should use its collective strength and energy for purposes of constructive and universal beneficence; is the problem to be determined. For if it is decided that there must be active direction and guidance with a view to improvement, commission government is inevitable. There are those who object to such government on the ground as The Globe puts it, the better the government the worse for the people. The Globe prefers a poor, expensive, non-progressive government, conducted as at present, to one in which the people would delegate their powers to the best men to be obtained for the purpose.

"The need for some intelligent directing authority in our cities is forcing itself upon everyone," Mr. Underhill writes. "Whether the old system of large councils with their present powers can supply this want is a question. That they have not done so in the past is beyond all doubt; and precisely for this reason it is becoming more and more impossible for them to do so in the future." He sums up the present methods in a paragraph which is too long to quote, but which includes in its comparatively brief compass the whole indictment against the present system. "It lacks all systematic organization among its parts; and we cannot induce good men to step in and work it, because the general disorder makes constructive effort almost hopeless." He condemns the present theory with the artificial ward divisions, and the election of nonentities as aldermen.

"The city is too large for us to know them personally, except by chance, and they never accomplish anything, and never will, to let us know them by reputation. Most of us, I venture to say, could not name the aldermen for our own ward, and even if we could, the chances are overwhelming that we know absolutely nothing about them. The result is that an alderman does not find it safe to rely on public support for his election; he must approve himself to the Tory ward associations, or to the Telegram, or to the various lodges and societies." And then, as he says, we give them nothing to do when they are elected but talk, and why should they take the initiative in working for public improvements when they can achieve nothing in the newspapers by slandering the street railways?"

The important and really central point of the discussion is noted by Mr. Underhill, which is not that municipal government is chiefly legislation, but that it is chiefly administration, and for this purpose a small compact body of men is the most successful. He instances the evolution of the board of directors in commercial companies and the cabinet in national administration as affording precedents for civic commissions. But we do not yet see that a board of directors or a cabinet could be gained by an open vote, nor does a board of directors fulfill the duties of administration which would fall to the members of a civic commission. An elective board of similar dimensions to the present city council whose duty it would be to appoint the members of the civic commission we believe would combine the popular feature of the present elective council, with the real valuable factors of a well-chosen and fully responsible executive.

NO EXCUSE

In postponing action on the civic improvement committee's plan for laying out a public square between the city hall and Osgoode Hall, on the pretext of waiting for the return of Mayor Geary, the board of control is not acting fairly by the city. If the city business cannot proceed without the mayor, then the mayor ought to stay at home. Mayor Geary went to London and Paris last year, and the whole waterworks situation remained up in the air while he was absent, and the waterworks department has been bearing the brunt of the criticisms of the newspapers which elected him ever since.

THE SMALL DEPOSITOR

is more and more appreciating the advantages of a deposit account against which he may issue checks. He has found that it lends a certain individual prestige, no one knowing how much money he has behind it. Again, it imposes a salutary restraint on personal expenditures, besides merely expending their aggregate. The spending impulse is sometimes chilled by noting the contemplated purchase in black and white. Then, to many it brings a new joy in making the balance grow, an incentive to their untold before. We welcome all such accounts, and allow compound interest at Three and One-Half Per Cent. per annum. One dollar opens an account. Canada Permanent Mortgage Corporation Toronto Street - Toronto ESTABLISHED 1855. 133

HAS NO SUBSTITUTE

WOULD COST TOO MUCH

Report of Assessment Commissioner on River-st. Approaches to Bridge. The city engineer does not favor the plan of the Guild of Civic Art for improving the River-st. approach to the new Queen-st. bridge over the Don. The assessment commissioner has reported that the project would involve a net cost of \$19,000, whereas by an alternative plan, he states that it is possible to make improvements just as good as the "River-st." says Mr. Forman, "there does not appear to be any pressing need for the outlay at all." C. B. Armstrong, secretary of the Guild of Civic Art, appeared before the works committee yesterday to urge the necessity of undertaking the work. With him was Dr. Smeath, who expressed the concurrence for the River-st. Business Men's Association in the plan. Considerable opposition was displayed to expenditure of such a large amount by the committee, and the whole matter was finally referred for further consideration.

BIG CORONATION CONCERT

Salvation Army Bands to Give Musical Program in High Park. The Salvation Army are planning a big popular gathering for the afternoon of Coronation Day. The program will be chiefly musical and will be given by seven or eight army bands of about two hundred members. Yesterday a deputation from the temple waited on the civic reception committee and asked permission to use one of the parks for this purpose. The committee assented and recommended that the army be allowed the use of High Park.

C.P.R. NORTH TORONTO-OTTAWA

MONTREAL EXPRESS TO RUN DAILY, COMMENCING JUNE 4TH. The Ottawa-Montreal Express, leaving North Parkville station 9.15 p.m., West Toronto 9.30 p.m., and North Toronto 10.10 p.m., will run daily commencing June 4.

SEIZED TWO MILES OF NETS

BROCKVILLE, June 2.—(Special)—Fish and Game Overseer Geo. Tomer has shipped to the sectional headquarters in Belleville 25 sets of 20-foot gill nets and one set of 100-foot, the fruit of the seizures from illegal fishermen on the St. Lawrence for the month of May. These would aggregate in length almost two miles.

Will Lecture in Boston

BOSTON, June 2.—M. Alphonse Desjardins of Quebec, founder of the People's Bank system of Canada, and director general of L'Action Populaire Economique, arrived in Boston today for a stay of six weeks, by invitation of the commonwealth, and the approval of the governor, to lecture on and establish credit unions.

Will Await Mayor's Return

No move has yet been made in the matter of appointing civic representatives on the harbor commission. It is not likely that anything will be done in this regard until the return of Mayor Geary.

AT OSGOODE HALL

ANNOUNCEMENTS

June 2, 1911. Motions set down for single court for Monday, June 5, at 10 a.m.: 1. Re Curran v. Curran. 2. Lund v. Worthington. 3. Re Toronto and Birenstranz. 4. Birtman v. Spain. 5. Re Mackings and Imperial Chemical Co. Peremptory list for divisional court for Monday, June 5, at 11 a.m.: 1. Toronto G. T. Corporation v. Robinson. 2. Wilkinson v. Herald. 3. Cohen v. Weber. 4. CURED OF DRINK

BY SIMPLE REMEDY

A Devoted Wife Helps Her Husband to a Cure Through Samaria Prescription.

Mrs. S. of Trenton, Pa. was in despair. A loving father and a careful provider when sober—her husband had gradually fallen into drinking habits, which were ruining his home, health and happiness. Drink had inflamed his stomach and nerves and created that insatiable craving that kills conscience, love, honor and breaks all family ties.

But read her letter: "I feel it my duty to say a few words about your Tablets. As you are aware, I read and got a bottle thinking I would try them in secret. My husband had only taken them a week when he told me he was cured. For Arthur for the summer, so I had to tell him all about the Tablets. He said he would take them just the same, so I sent and got the second bottle for fear one would not be enough. He writes me saying that he has never felt the first of my giving it to him. I feel I cannot say too much in favor of your wonderful Remedy."

"Mrs. S.—Trenton, Ont. Samaria Prescription stops the craving for drink. It restores the shaking nerves, improves the appetite and general health, and makes drink distasteful, and even nauseous. It is used regularly by Physicians and Hospitals, and is tasteless and odorless, dissolving instantly in tea, coffee or food.

Now, if you know any home on which the course of drink has fallen, tell them of Samaria Prescription. If you have a husband, father, brother or friend on whom the habit is getting its hold, help him by giving him this Remedy today.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this journal. Correspondence should be confidential. Write to-day. THE SAMARIA REMEDY, Dept. 10, 45 Colborne Street, Toronto, Canada. Also for sale at Bingham's Pharmacy, 100 Yonge Street, also at Doak's Pharmacy, 140 Queen-street, west.

For an order directing accountant to assign mortgage to her. Order made.

Re Turpin, F. W. Harcourt, K.C., for infants. Motion on behalf of three infants for an order allowing \$50 a year for each of three infants for maintenance. Order made.

WORKS COMMITTEE FAVOR VICTORIA-ST. EXTENSION

Will Discuss Details of Plan Later - Cost of Extension \$360,000.

Deputation representing all the owners of property on Victoria-st. from Queen-street to Gerrard-street, waited on the civic works committee yesterday to urge the advisability of extending Victoria-street thru to Carlisle-street. Their case was represented by C. S. McDonald, of McDonald & Wilson, and Wilson Fenton of the John Kay Co.

The committee voted for the principle of the extension, but decided to hold over consideration of the plan whereby this should be undertaken until next meeting. They did this at the request of Acting Mayor Spence, who was called away to another meeting and expressed a desire to be present when the committee discussed ways and means in detail.

In his report, Assessment Commissioner Forman states that there would be 221 additional feet of frontage on Victoria-street. The cost of making the extension would be \$360,000. To appropriate 110 ft. on each side of the proposed addition would involve an additional expenditure of \$404,000, a total of \$764,000. This would mean that to cover the cost the land would have to be sold at \$800 per foot of frontage, approximately an impossible price.

Should the city pay 75 per cent of the cost of the extension, i.e., about \$270,000, and the further sum of \$494,000 for land on each side, it would have to charge \$570 per foot frontage to cover cost. Mr. Forman expresses the opinion that even \$140 per foot, to cover the cost of expropriating the additional land for \$440,000, is probably in excess of its present value. Hence it would be also virtually impossible to obtain \$570 per foot.

There are 41 houses to be acquired and the probability is that arbitration would have to be resorted to in order to arrive at the final compensation to be paid the various owners. This would mean an additional cost, to be charged against the land acquired.

There would also be the loss of taxation and carrying of the land, which no doubt would be improved with sewers, sidewalks and roadways, thereby increasing the carrying cost, and an additional 25 per cent on the first cost per foot at least would be necessary to provide against ultimate loss.

It does not appear to me that this particular extension is one in which the experiment of acquiring additional lands under the act should be made. The manager of the Mossop Hotel, Yonge-street, complained to the committee yesterday that the Yonge-st. pavement below King-street is somewhat of a nuisance. The tar is so soft that on hot days it is carried in over his premises, while the liberal supply of sand strewn over the streets does a great deal of mischief to the draperies. The committee ordered an enquiry into this state of affairs.

Berhardt's seat sale opens this morning, 9 o'clock. According to David McNeill, general manager of the C.P.R., the new Union station will be commenced at the same time the work on the viaduct is, and the plans will be ready possibly by the first of August.

Mr. McNeill stated that the work on the new office building at the corner of Yonge and King-streets will be commenced immediately. He endorsed the letter of Angus MacMurdo to the city asking that something be done immediately.

ECZEMA AND WHAT IS DONE TO CURE IT

Desperate Efforts, Disheartening Failures and Final Success.

Eczeema is a skin affliction to which men and women alike are subject, from the first to the last day of their existence. It may occur as a single tiny spot, appearing and disappearing with each change in general health or present only at certain seasons; at other extremes, the whole body may be involved in a torturing eruption. The latter condition may gradually arise through the neglect or improper treatment of lesser troubles or an apparently healthy skin may, in a single day, become a mass of eczeema.

But whatever the form of the affliction, the distressing itching, burning, scaling and crusting, the serious disfigurement and the constant dread that the eczeema will become chronic, make a speedy cure this aim of every sufferer. Unfortunately, such a cure is not always readily obtained.

The convention this year will be held in Toronto on Aug. 22-25. The provincial government has voted \$500 towards the expenses of entertaining the association. The property committee need Toronto University opened from Queen-street to Front-street, between Bay-street and York-street.

A complete exhibit, showing the appliances used in the veterinary profession, will be displayed in the foyer of the Convocation Hall. H. J. P. Good is making all arrangements for this part of the convention.

The civic reception committee decided to provide the convention with a moonlight trip on the lake on the evening of Aug. 23. A complete exhibit, showing the appliances used in the veterinary profession, will be displayed in the foyer of the Convocation Hall. H. J. P. Good is making all arrangements for this part of the convention.

The opening of such a street, beside other streets elsewhere, would provide a great deal of additional valuable frontage," said Mr. Spence. "Maybe it would be feasible to extend Elizabeth-street from Front-street. Alderman Maguire expressed himself as warmly favoring such a project. "Now is the time to undertake it," said he. "There are never difficulties in the way than we are likely to meet in a few years' time. It may be, too, that the opening of such a street would keep the street and railway tracks off Bay-street, which would thus be kept as a thoroughfare and way of approach to the city hall."

The city engineer and assessment commissioner are to be asked to report on the desirability of opening up the new street.

Summer tourist rates to the Pacific Coast. Via Chicago and Northwestern Ry. Special low rate round trip tickets on sale from all points in Canada to Los Angeles, San Francisco, Portland and numerous other Pacific Coast points during June, July, August and September. Excellent train service. For illustrated folders, time-tables and full particulars address B. H. Bennett, General Agent, 46 Yonge-street, Toronto.

Berhardt's seat sale opens this morning, 9 o'clock. Jesse Alexander Sells. To join the exodus of Canadians going over to London for the coronation festivities, Jesse Alexander, the popular entertainer, sails from Montreal today, accompanied by his niece, Miss Edna Alexander, and Mrs. H. M. Blight.

Winnipeg Tag Day. WINNIPEG, June 2.—The day in aid of the Ninette Sanitarium yesterday netted \$14,700. Nearly a thousand dollars of this was contributed by a departmental store, which turned in 1 per cent of its cash receipts.

CONVENTION COMING TO TORONTO IN AUGUST

Over a Thousand Expected to Visit the City With American Vet. Association.

Toronto is to have a big convention in August. Yesterday Dr. E. A. A. Grange, principal of the Ontario Veterinary College, announced to the civic reception committee that the American Veterinary Medical Association had decided to meet in this city. The association has a large membership, and the average attendance at its conventions is upward of one thousand.

The convention this year will be held in Toronto on Aug. 22-25. The provincial government has voted \$500 towards the expenses of entertaining the association. The property committee need Toronto University opened from Queen-street to Front-street, between Bay-street and York-street.

A complete exhibit, showing the appliances used in the veterinary profession, will be displayed in the foyer of the Convocation Hall. H. J. P. Good is making all arrangements for this part of the convention.

Advertisement for Shredded Wheat Biscuit. Features an illustration of a bowl of cereal. Text includes: 'A Dish for a King', 'That means YOU. The free, independent Canadian citizen who has the means and the intelligence to gratify his taste in a simple, normal way is a KING—nothing is too good for him. The richest, biggest man in the world cannot buy anything more delicious, more wholesome or more nutritious than SHREDDED WHEAT BISCUIT and Strawberries—the most luscious product of the Canadian garden combined with the cleanest, purest, most nutritious cereal food. Nothing so wholesome, nourishing and strengthening in Spring or Summer as Shredded Wheat combined with berries or any other fresh fruit.', 'Heat the Biscuit in the oven to restore its crispness; then cover with strawberries, raspberries or other berries and serve with milk or cream, adding sugar to suit the taste. A dainty, delicious delight for the palate that is tired of heavy meats and soggy pastries. Two Shredded Wheat Biscuits with milk or cream and a little fresh fruit will supply all the energy needed for a half day's work. Try it today.', 'THE ONLY CEREAL BREAKFAST FOOD MADE IN BISCUIT FORM'.

Vertical advertisement for 'R'S E GE' and 'PRIVATE SALES of Horses, Carriages, Harness, Etc., Every Day.' Includes 'CANADA' and 'Horse' related text.

WILL RUSH DEEPENING OF WESTERN CHANNEL

Harbor Commissioners Recognize Need of Removing Danger to Navigation.

The harbor commission decided yesterday afternoon to rush the work of dredging the western channel.

For sometime the city has been in a rather perilous situation. The eastern water entrance is very dangerous during storms and many of the vessels sail around to the western part of the harbor.

The work of dredging has not been considered of very serious importance until the past month. The contract for the dredging had been awarded to John E. Russell, but it did not expire until June of next year.

The harbor commission was called yesterday and the matter was given due consideration, with the result that work is to be carried on with all possible haste.

At this section the bottom is rock and after the dredging is finished the water will only be twelve feet deep. On this rock lies the Toronto Electric Light Company's cable running to the city.

Lightning struck battery. An officer killed and six men injured.

PARIS, June 2.—A terrific thunderstorm which broke out to-night, did considerable damage here and in the provinces.

Waterfront Roadway in Bad Shape. Every hour there is a scene of a great struggle at the foot of Yonge street.

Mormonism in Canada. Is Mormonism a national menace? This is a question which Nan Moulton will answer in a series of articles.

Toronto's First Trip. Yesterday afternoon the R. & O. steamer Toronto sailed merrily away on her first trip of the season.

GIRL ACKNOWLEDGED SHE SWORE FALSELY

At Preliminary Hearing Had Incriminated Her Father—Arrested For Forgery.

MONTREAL, June 2.—In the court of King's bench to-day, the case of Dominick-Dopack, accused of a crime against morals, took a decidedly unexpected turn. The daughter of the accused, who had sworn the charge against her father and who, at the preliminary hearing had given testimony severely incriminating the prisoner, made an absolute " volte-face," and stated that what she had sworn at the inquest was false from beginning to end.

As soon as she stepped away from the witness stand, Crown Prosecutor Walsh asked the court that she be placed under arrest for perjury. High Constable Bissonnette took the girl in charge and placed her in the cells, where a few weeks past she had been instrumental in sending her father.

Dominick-Dopack was called, but his testimony was not allowed on a condition that in order to prove a confession, it is necessary to prove that crime has been committed. Mr. Dan Macavoy, on behalf of the accused, made a strong objection to the manner in which the confession was obtained and Mr. Justice Archambault agreed with him, saying: "There is an abuse far too common in our country. When a man is placed in the hands of the police, he has the habit of asking questions. Any confession obtained in reply to such questions, whether the man is guilty or not, is illegal and I will not allow it to be given as testimony."

Crown Prosecutor Walsh then announced that he was unable to continue the case and the prisoner was discharged. Deposed, however, will have to stand trial again on a charge of a similar nature on June 8.

NEED NOT GIVE UP DAUGHTER

Justice Teetzel Requires More Evidence Before Making Order.

Without calling on Goodolova C. Selbert's counsel to reply to the application for an order, Justice Teetzel yesterday afternoon, after a hearing, refused to make an order for the return of the child to her mother. Justice Teetzel yesterday afternoon, after a hearing, refused to make an order for the return of the child to her mother. Justice Teetzel yesterday afternoon, after a hearing, refused to make an order for the return of the child to her mother.

DOCKED AT NEW WHARF

The Merchants Mutual line's big vessel, the "waterproof," has the honor of being the first vessel to dock at the new wharf at the foot of Cherry-street, owned by the National Iron Works. She arrived from Montreal, and will continue west with a cargo of 2500 tons of cast iron pipes for the Winnipeg Gas Company and the waterworks departments at St. Paul and Minneapolis.

SIXTY DAYS FOR THEFT

Ernest Foss impoverished W. L. Armstrong to the extent of \$8,000. He was sent to jail for 60 days from police court yesterday morning.

When Blood Was Impure

The Old-fashioned Doctor Brought Relief by Bleeding

DR. CHASE'S KIDNEY-LIVER PILLS

The doctor of a century or two ago was accustomed to free his patient of an excess of poisoned blood by the cruel process of bleeding. We would not stand for that heroic treatment to-day, because we understand better the work of the liver and kidneys and how to awaken them to their duty of filtering poisons from the blood.

TO CHRISTIANIZE JEWS
VAIN TASK SAYS RABBI

Secretaries Give Rosy Reports to Earn Their Salaries, He Declares.

"The attempt of the Presbyterian Church to convert the Jews in the ward to Christianity is a huge failure and enormous funds go to providing comfortable incomes for secretaries who give rosy reports in order to earn an easy and comfortable living."

In these words Rabbi Jacobs condemned the efforts of the Presbyterian Church in Toronto to convert the Jews, when preaching at the Holy Blossom Synagogue yesterday evening when the Feast of Pentecost was observed with all the elements of an ancient ceremonial.

The rabbi said that he had read in one of the morning papers that the Presbyterians were planning to erect a building at the corner of Broad and Spadina for the uplifting of the Jews of this city.

"It is not to uplift the Jews, but to pre-empt them with the Christian faith. How long will the Presbyterian Church waste their money with the thought that it is possible to convert a Jew?"

"In spite of the number of years this mission of conversion has been conducted, what have been the results of the conversion of all Jews? Always the same: reports from the secretaries who have been baptized and converted. If any of the Jews frequent Christian churches they go not to a church, but to a worldly sense, to see what they can get out of it."

Rabbi Jacobs said in the ward there is no assistance in the matter of physical or moral uplifting. They think the money must be put to a worldly object in assisting the sick and the blind among the Christian community; the drunkard, the wife beater and the fallen woman; men who walk the city using blasphemous language and never put their foot in or out of a church—those were the ones who needed assistance.

"All the horrors in Russia, Congo and other regions," said the rabbi, "are perpetrated by Christian governments. The Jews in the ward look upon the missionaries as a pest, they are enticing little children, visiting the sick in the hospitals, in spite of the objection of the nurses and patients. We ask the Christians who act thus to put their own house in order and spend their money on those in need in their own dominions."

"By the law of Sinai," concluded the rabbi, "we take our stand. We will live thereby and die in its possession and, if necessary, sacrifice our lives for it."

A. W. ALLEN LEFT \$362,000.

The will of the late Anthony William Allen, who died on Jan. 13, 1911, has been filed for probate. The whole of the estate, valued at \$362,000, is divided among his sisters, nieces and nephews.

The estate is made up of real estate \$140,000, stocks \$100,000 and money deposited at the Bank of Montreal and the Trust Bank. By the terms of the will three-sevenths of the residue of the estate is for Sara Allen, his sister; two-sevenths for Ellen Bertha Spence, and two-sevenths for a third sister, Marie Woodland. Allowing each the income during their respective lives, and on the death of any one of them to hold and divide the share of the deceased sister among her children equally, as they may be beneficiaries. The nieces and nephews who will receive the residue are: Sara, daughter of Sara Allen, L. Woodland, and L. A. Wood Woodland.

NIAGARA CAMP OPENING.

On Monday next the first of the two military camps will be opened at Niagara-on-the-Lake. The second camp will open on June 10, and, like the first, will last twelve days.

The first camp will be the smaller of the two, consisting of the 24th, 25th and 26th regiments and a provisional cavalry brigade, composed of the 24th, 25th and 26th regiments and the 24th and 25th Dragoon Companies. The remaining troops will be the 2nd Field Company of Canadian Engineers, No. 9 Company, Canadian Army Service Corps, No. 10, 11, 12, 13, 14 and 15 Field Ambulances.

The second camp will be the larger, consisting of the 1st and 2nd Infantry Brigades, the 1st Cavalry Brigade, Nos. 2 and 3 Cavalry Regiments, No. 1 Field Ambulance and No. 11 Field Ambulance.

LINER WENT AGROUND.

QUEBEC, June 2.—The Manchester liner of the Merchant Line, arrived in Quebec this evening, after having the experience of going aground for two hours on her way upon White Island. The ship, however, was gotten off when the tide rose, and she reached Quebec and was placed in the Louise Basin. The vessel is now anchored there, where her tanks have been found to be leaking badly.

Beil Company Raises Wages.

The wages of the conduct men under the Bell Telephone Company are to be raised. They have been receiving only 26 cents an hour for a ten-hour day. Complaint was made to the foreman, and the matter reported to the officials. The increase will go into effect immediately, and the new figure will be 27 cents an hour. The city pays \$2.25 per day for a nine-hour day for similar work.

More Beautiful Homes at a Lower Cost

ALEXANDRA GARDENS

TORONTO'S MOST BEAUTIFUL SUBURB IS SELLING FAST

Beautiful Healthy Environment for Shrewd Home Builders

Alexandra Gardens are divided into four sections. Section No. 1 extends from Yonge Street to Avenue Road. There are only a few lots left in this section. They are being offered at \$27.50 per foot up.

Section No. 2 extends from Avenue Road to about 2000 feet west. Therefore, in this section there are about 8000 feet, 5000 feet of which are sold, leaving 3000 feet to be sold, which is in the Township of York, immediately adjoining the Town of North Toronto. On this property there are only township taxes to pay, which makes this section a very desirable buy. There are many choice lots left, which we will offer for immediate sale at \$15.00 per foot. We believe this property should very shortly sell at \$30.00 per foot.

Section No. 3 extends west from Section No. 2 to Bathurst Street, where there is an extremely active demand for lots at present. The proposed car line will go through this property. There are some beautiful ravine lots in this property 250 to 300 feet deep. The opening price for lots at the present time in this section is \$15.00 per foot—ravine lots \$20.00. Only a limited number of lots will be sold at these low prices.

Section No. 4 runs west from ravine immediately east of Avenue Road to Bathurst Street, paralleling Sections 2 and 3. This section is partly in the Town of North Toronto, where water, electric light, and sewers are obtainable. Roads are now being surveyed in the same high-class manner as Sections 1, 2 and 3. Avenue Road will run right through this section. The opening prices for first few lots will be \$20.00 east of Avenue Road—similar low prices west of Avenue Road. In buying property in Alexandra Gardens you are not taking any risk, though the property was only opened less than a year ago—there are already a number of finished homes there, and it is expected that there will be at least twenty more homes finished this summer. They are all a good class of home, as the restrictions are for \$3000, \$3500 and \$4000 houses on fifty feet frontage. A lawn bowling club is being formed by the residents, and a beautiful location in the ravine is being held for this purpose. The lawn and clubhouse are now practically completed.

A visit to Alexandra Gardens, with its beautiful streets, its imposing entrance, surrounded by Nature's bounteous gifts, will convince you that here is where the ideal home is to be found. It is situated high and healthy, within 30 minutes' ride of King and Yonge Streets. People in other cities the size of Toronto live in the suburbs, away from the dust, the noise, and smoke of an ever-fast growing centre. This is your opportunity to have your ideal home at a very small cost.

The property surrounding the Gardens is selling at uniformly higher prices than we are asking.

We remind intending purchasers that the lots are selling fast, and advise immediate investigation.

Our staff will be on hand Saturday afternoon. Take the Metropolitan car to Stop 19, and you will find one of our people, who will be pleased to show you around the property—or telephone and make an engagement and we will motor you through the entire Gardens.

MEANS SEPARATION

Laurier's Words Spell Independence, Says London Times.

LONDON, June 2.—(C.A.P. Cable.)—The Times says: "The argument of Sir Wilfrid Laurier, developed in his declaration speech, if carried to its logical conclusion, would involve a complete rupture of the connection of Canada with the empire. So long as Canada files the British flag it will be regarded by foreign powers as part of the empire. No resolutions can affect this obligation, short of a vote by the Canadian parliament declaring Canada an independent state, which Laurier would himself be the first to resist."

STABBING AFFRAY.

OTTAWA, June 2.—A stabbing affray occurred among the local Pollocks this evening. A number of men started a quarrel in a hotel, and concluded it outside in a free-for-all. An unknown foreigner was seriously stabbed in the throat and John Kurvak is under arrest for the deed, tho it is doubtful if the police have the right man.

YES-SIR-REE.

The Pirates once again put one over on the Captain in the Comic Section of this week's Sunday World, but the Kattie Kids are again to the rescue, and every other kid in Ontario is lying awake nights waiting for daddy to bring home The Sunday World, in order to see how they did it. Then there is Happy Hooligan as the noblest Roman of them all, and there's Jimmy—who's in bad again, as the baby gets on a canal boat this time—and all the other laughable funny stunts. So don't forget to take home the kids' favorite Sunday paper. Your newsdealer or newsboy will keep you one if you order it early.

THEORY AS TO AIR'S STRATA.

The atmosphere has a number of well defined strata, according to the novel theory of Dr. Alfred Wegener—the lowest being chiefly nitrogen, a second, consisting of hydrogen and a third being mostly "ozone". A very light hypothetical element that he believes is indicated by a line of the aurora spectrum hitherto attributed to krypton. The calculation is made that at a height of about 300 miles 98 per cent. of the atmosphere is this gas, the remainder being hydrogen. The stratification may account for some anomalies of sound, as, for instance, the audibility of certain explosions at about sixty miles after they have ceased to be heard at twenty miles, the distant sound being explainable as a reflection from a well marked stratum of the air.

Street Railway Employee Hurt.

While filling the tanks of a Dundas car with compressed air at the Roncesvalles-ave. car barns yesterday, Frank Stratton, 22 Silver-avenue, was struck on the abdomen by the hose he was using for that purpose. He was able to go home after receiving medical attention.

TURNER'S BATH BRIDGE.

The works committee yesterday decided to leave the tenders for the bridge across the western basin of Turner's Baths, unopened, until after they visit the spot next Tuesday afternoon.

PARADE ON CORONATION DAY.

Colonel W. C. Macdonald conferred with the civic reception committee yesterday regarding the military display to be made in Toronto on coronation day. There will be a parade from the armouries to the bandstand in Queen's Park, where the men will listen to speeches from the acting premier, Hon. J. J. Foy, and Acting Mayor Spence. The royal salute will be fired at noon. In the evening there will be a military tattoo and display of fireworks in Riverdale Park.

MRS. ELNOR'S ACCIDENT.

Ernest Elnor, eldest son of Mrs. Sarah Elnor, of 811 Euclid-ave., who fell from a window on Thursday night and was seriously injured, states that the report that she was deranged and under the influence of liquor was entirely incorrect. Mrs. Elnor, he says, had a headache, and leaned out to get fresh air.

DIED DIGGING GRAVE.

WINNIPEG, June 2.—Wm. Kelly, living a mile east of this city, while digging a grave at Canadian Pacific Railway Pit, took sick and died while being conveyed home. The young man was 22 years of age. The cause of death is supposed to be heart failure.

NO FRAUD IMPUTED.

Merritt A. Brown, solicitor, who acted as trustee for property in the case of the Big Cities Realty Co. against Mr. and Mrs. John Louden, contrary to the impression he thinks was conveyed in a published report that he was included in allegations of attempted fraud. No such charge was made against him at this time—and all the other laughable funny stunts. So don't forget to take home the kids' favorite Sunday paper. Your newsdealer or newsboy will keep you one if you order it early.

QUITE PUT OUT ABOUT IT.

MONTREAL, June 2.—Two Danes, Fred Kalup and John Matheson, are the first to use force to oppose the early closing bylaw. They had to be forcibly ejected from the bar of the Empire Hotel at 11 o'clock to-night, and took vengeance by smashing the plate glass window, the doors and the mirror fixtures with beer bottles. After offering unsuccessful resistance to the police they ended up in No. 6 station.

FOREST HILL HEIGHTS

Advantage of Investing Where You Can See What You Are Buying. Why should one invest in properties away from home, out in the far West where values have already been discounted for many years in advance, when you can invest in properties in Toronto, a city with permanent growth assured and where the property can easily be seen and personally investigated, also at prices that compare more favorable for early and large profits than any other place.

Rapid Growth of Toronto. Toronto has shown greater development and growth during the past ten years in building and real estate development than almost any city of its size in America.

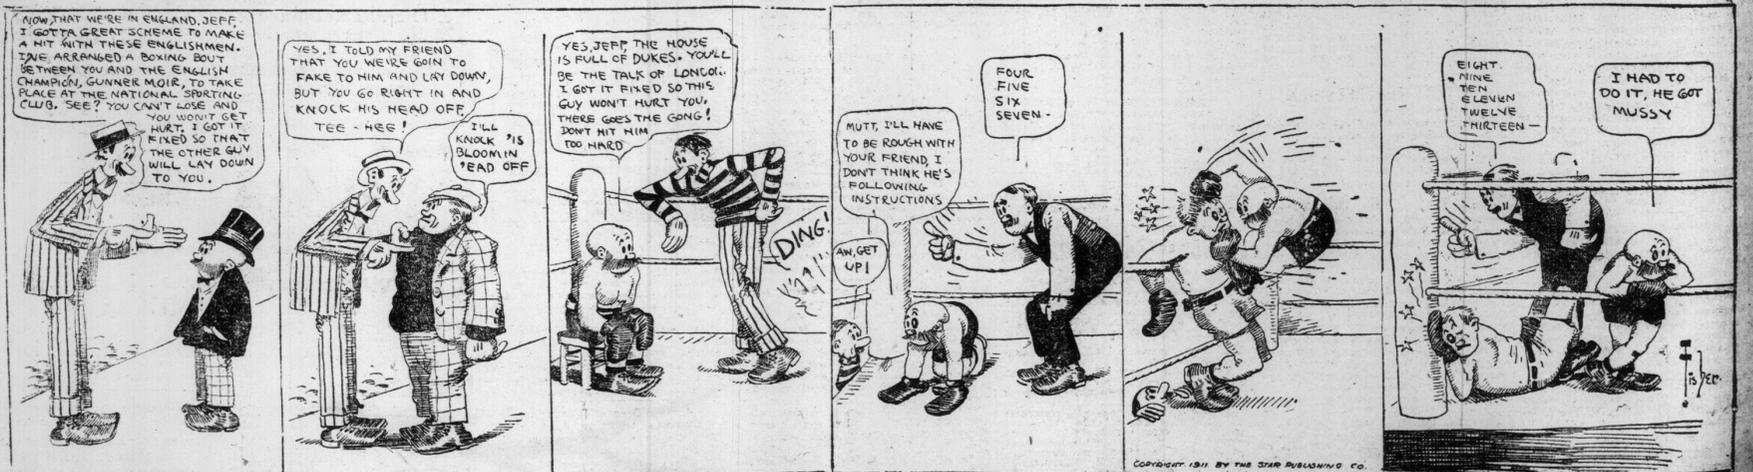

Fortunes Made in Real Estate. Toronto real estate has created more wealthy men than mines, railroads or any other source of investment.

Splendid Location. Forest Hill Heights is one of the latest subdivisions opened up and is situated on the height of land a short distance west and slightly north of Upper Canada College—is a short distance south of Eglinton Avenue and Forest Hill Road.

Small Lots at Acceable Prices. We are in the unique position of being able to offer this property on easy terms in single lots or more to individual investors at the same or even at a lower price than the surrounding properties are being held at, wholesale, by the acre.

Hollinger and Rea the Strong Points--Market Goes Higher

Porcupine Gold Camp

Big Porcupines in the Lead Market Shows Strong Undertone

Hollinger and Rea in Good Demand at Enhanced Prices--Wettlaufer the Feature of the Cobalts.

World Office, Friday Evening, June 2.

A definite firmness was observable on the mining exchanges again to-day in so far as the Porcupine issues were concerned, and the big gold stocks led once more in the trading. Advances were general almost throughout the whole list, tho' these were not carried very far in the case of the cheaper shares, the securities included in this class doing little more than holding their own at the high prices established on yesterday's recovery.

About the only idea that could be deduced from to-day's transactions was that there was a decided scarcity of Porcupine stocks offering in the market, and only the fact that a species of dullness developed in view of the holidays over the week-end prevented a more pronounced upward movement through the whole list.

Marked buoyancy was shown by Hollinger and Rea, and it was currently stated in market circles that these issues would hold 400 to 500 points above the trading for some little time to come.

The other Porcupines have maintained decidedly quiet during the last few days, and transactions have dwindled down again to small volume compared to the recent activity.

Hollinger sold at \$12.50 at the opening of the exchanges, this representing an advance of 20 points above yesterday's high figures. During the morning the shares dropped back to their former level, but on the afternoon board the movement was resumed, and under buying of the best class the stock moved up 40 points to \$12.82, closing bid at that price.

Rea was in good demand all day, and brokers evidently held buying orders at the market, as the price was bid up in short order.

Wettlaufer closed lower at \$5.65 bid, with offerings three cents removed.

There was not much doing in the cheaper issues, and no changes of any moment were registered.

Wettlaufer was the feature in the Cobalts, moving up 6 points to \$11.10, on what was taken to be a temporary basis, and on the recent change in the controlling interest in the property. Other Cobalts were unchanged.

WILL PROVE ITS WORTH

Former Owner of Rea Mine Optimistic as to Its Future.

A firm believer in Porcupine is T. H. Rea, the former owner of the Rea mines, and still one of the largest owners of the shares of the company.

Mr. Rea is an ideal acquaintance, and it is his hope to acquire the property, and at the same time the even balance necessary to create confidence in the opinions of experts.

At the King Edward Hotel yesterday Mr. Rea handed samples from the 200 foot level of the Rea mine, and the samples showed gold in considerable quantity. Assays from the 6 ft. vein on the shaft and at the 200 ft. level showed 487 to the ton, a fine working margin for a stamp mill.

But outside of this, the Rea has received the endorsement of the engineering and geological experts of the South Africa, who says he has now 35 men engaged at the two claims. On the Rea, which adjoins the Hunter property, the number of veins already uncovered is surprising. On this property camps with all accommodations are being created. There is practically no overburden on the Rea, and the formation is an anchor, quartz and schist, a complete ore-bearing mass. Speaking of the rich strike made on the Hunter (Porcupine Lake Gold Mines Co.), Mr. Willis states that the find was made within two chains of the line of the American Gold Fields; that the vein has the most even run of one of any he has yet seen in Porcupine, and that it has been traced into the American Gold Fields property.

FREE GOLD IN STRONG VEIN

American Gold Fields, Limited, Make Several Lucky Strikes.

Further reports of the operations on the American Gold Fields properties were received by mail yesterday, and more than verified the report by wire received on Wednesday.

The strike made on the company's property adjoining the West Dome on the No. 3 vein, disclosed free gold in a vein from 30 to 40 feet thick. The strike was made by the company's men engaged at the two claims. On the Rea, which adjoins the Hunter property, the number of veins already uncovered is surprising. On this property camps with all accommodations are being created. There is practically no overburden on the Rea, and the formation is an anchor, quartz and schist, a complete ore-bearing mass. Speaking of the rich strike made on the Hunter (Porcupine Lake Gold Mines Co.), Mr. Willis states that the find was made within two chains of the line of the American Gold Fields; that the vein has the most even run of one of any he has yet seen in Porcupine, and that it has been traced into the American Gold Fields property.

CONTEST FOR PRESIDENT

Election Matter of Interest at Toronto Methodist Conference.

The Toronto General Conference of the Methodist Church will be held in Elm-st. Methodist Church on Thursday, June 8.

One of the questions before the conference will be the "Ne Temers" legislation, and it is expected that strong steps will be taken to secure its basis of church union will also be discussed.

The election of a president seems to be one of the great points of rivalry. J. Ferguson of Orillia, John Locke of Davenport, and Rev. Dr. W. H. Hincks are named for the position, and probably one or two others will run. The remaining business of the conference will be the stationing of preaching, which will be done by the stationing committee.

LOSS AT HOLLINGER NOT AS BAD AS IT LOOKED

Complete Details of Damage to Plant--Resume of Development to Date.

A circular letter has been issued by the Hollinger Gold Mines, Ltd., over the signature of President Noah A. Timmins, giving the text of a letter from General Manager Robbins, in charge of the mine. The letter says in part:

On Friday, May 19, a bush fire, fanned by a gale of wind, swept over the property and destroyed all the buildings. The rapidly with which the fire traveled, coupled with the intensity of the heat and smoke, overcame the efforts of our men who were trying to save the buildings.

The buildings are total loss, but most of the machinery can be repaired and used again. The new stamp mill, which was in course of erection was destroyed, but the only serious damage was to the concentrator. The machinery seems to be in the destruction of the concentrator tables, vanners, amalgamating plates and electric apparatus. Our loss in the buildings and plant is not nearly so great as might appear at first sight, for the bulk of these had already served their purpose and would have been dismantled in the course of the next few months. The assay plans and other records were thrown into the brick vault and it is to be hoped that these may be saved, although the vault has not yet been opened.

The stoppage of mining operations is immaterial, as we have a sufficient amount of ore developed to keep the mill going for several months. Our principal loss is in the delay which will now occur before the mill can be built and put into operation, but even this is not a serious matter as we shall be able to build the complete mill and cyanide plant together, and start operations upon a large scale than we had previously planned.

For the immediate future our chief concern is the bringing in of supplies and plant, and in order that this may be done it will be necessary to start a substantial advance. It is proposed to start this work immediately. The saw mill will be rebuilt and logging will be carried on in the meantime. The lumber will be available in the quickest possible time.

During the past two months a large part of the underground workings has been continued to cross-cutting, east and west of the main vein, and a total of approximately 650 feet of cross-cut work has been driven. The result of this work has been highly satisfactory, and has carried high values to the surface. Two parallel veins have been proven upon the 100 foot level. These veins, with the mineralized wall rock, form bodies of payable ore from four to 100 feet in width. Samples taken at random have shown values from \$2.00 to \$4.00 per ton, and upon the surface these veins have a most appetizing appearance.

About four hundred feet further to the west are three more veins, which have been traced for several hundred feet, but have not yet reached these our underground workings.

These veins show free gold in the outcroppings and are well mineralized. East of the main vein, a cross-cut has been driven approximately 100 feet to intercept a dome of quartz, which outcrops upon the surface. The surface outcroppings are payable ore from four to 100 feet in width. Samples taken at random have shown values from \$2.00 to \$4.00 per ton, and upon the surface these veins have a most appetizing appearance.

Our deepest workings are those on the 200 foot level of the main vein, where something over two hundred feet of driving has been accomplished. This is from four to twenty feet in width and the assays are most erratic, varying from \$1.00 to \$45.00 per ton.

A sample of sixteen tons taken from the 200 foot level about 20 feet north of the main vein, and assayed for gold, showed 1.75 ounces of gold per ton. This is an exceptional and the figures are quoted merely as an illustration of the fact that the high values encountered upon the 100 foot level are duplicated upon the 200 foot level.

To Pay \$5000 Mortgage.

The management committee of the 1887 Presbyterian Church at St. Clair-ave. and Vaughan-st., Wychwood, have started a house to house canvass to raise \$5000 to pay off the mortgage. The congregation have already raised \$2800, and they expect to be in the new church this month.

Raised \$16,000 in Three Days.

Willing workers of the Danforth Methodist Church have raised \$16,000 in three days' campaign for the young people of the church. The young people of the church have raised \$16,000 in three days' campaign for the young people of the church. The young people of the church have raised \$16,000 in three days' campaign for the young people of the church.

FLORADO

The claims owned by this company in Whitney Township have already been endorsed by two well-known engineers and A. P. Seymour, M.E., a gold-mining expert of wide experience, has taken charge of the properties to rush development work.

We are still offering a small portion of the original allotment of Eldorado at ten cents per share, and, in our opinion, this stock offers the best speculative chance in the whole Porcupine Camp.

Orders should be sent at once to insure filling at this price.

BLUE QUARTZ AVERAGES TEN DOLLARS TO TON

Shaft Down Forty Feet at Porcupine Eastern--Western Miners at Work.

Mr. Alfred G. Minter, president of the Porcupine Eastern Gold Mines Co., Limited, which company has acquired and is operating the Lonsway claims in Thomas Township, left for New York last evening to complete negotiations with a New York syndicate who are likely to become interested in the company.

The Porcupine Eastern Gold Mines Co., Limited, is one of the companies that have been going ahead quietly, but which company has acquired and is operating the Lonsway claims in Thomas Township, left for New York last evening to complete negotiations with a New York syndicate who are likely to become interested in the company.

Mr. Minter reports that the large shaft on the property which is about 600 feet deep, has been stripped for more than two hundred feet, and that the main shaft has already been sunk to the forty-foot level, and blue quartz which averages better than ten dollars to the ton.

Mr. Minter has brought from Goldfield, Nevada, experienced gold miners, who were associated with him in his railroad. It is expected that they are making rapid progress in developing the claims mentioned.

Cheese Boards.

LISTONVILLE, June 2.—At the cheese board here to-day twelve factories boarded 148 boxes white cheddar and 100 boxes white cheddar. The board was composed of the following: Wyandotte 50, Wallace 17, Elma and Mornington 150, Monkton 100, Millbank 210, New York 85, Colby 125, and 100 boxes of 100 lbs. each. The highest bid was 10 3/4c. at which price the board was sold. The white cheddar was sold at 10 1/2c. and the blue cheddar at 10 1/4c.

YANKLEEK HILL, June 2.—There were 1278 boxes white and 188 colored cheese boarded here yesterday. The highest bid was 10 3/4c. at which price the board was sold. The white cheddar was sold at 10 1/2c. and the blue cheddar at 10 1/4c.

ROQUOIS, June 2.—At regular meeting of Roquois cheese board, held here to-day, 1069 colored cheese were offered. All sold on board at 10 3/4c.

BERTH, June 2.—There were 1200 boxes of cheese boarded here to-day. The board was composed of the following: Wyandotte 50, Wallace 17, Elma and Mornington 150, Monkton 100, Millbank 210, New York 85, Colby 125, and 100 boxes of 100 lbs. each. The highest bid was 10 3/4c. at which price the board was sold. The white cheddar was sold at 10 1/2c. and the blue cheddar at 10 1/4c.

PICTON, June 2.—At our cheese board to-day 19 factories boarded 1900, all colored. All sold at 10 3/4c.

OTTAWA, June 2.—On the cheese board to-day 615 boxes of cheese were offered. All sold at 10 3/4c.

KEMPTVILLE, June 2.—There were 140 boxes white and 575 boxes colored cheese offered at to-night's meeting of the cheese board, and 50 sold for 10 3/4c.

New York Cattle Market.

NEW YORK, June 2.—Beef—Receipts, 200,000 lbs. Market, 10 1/2c. to 10 3/4c. Good, 10 1/2c. to 10 3/4c. Choice, 10 3/4c. to 11 1/4c. Prime, 11 1/4c. to 12 1/4c. Heavy, 12 1/4c. to 13 1/4c. Light, 13 1/4c. to 14 1/4c. Fat, 14 1/4c. to 15 1/4c. Yearlings, 15 1/4c. to 16 1/4c. Calves, 16 1/4c. to 17 1/4c. Lambs, 17 1/4c. to 18 1/4c. Hogs, 18 1/4c. to 19 1/4c. Pigs, 19 1/4c. to 20 1/4c. Sheep, 20 1/4c. to 21 1/4c. Bucks, 21 1/4c. to 22 1/4c. Does, 22 1/4c. to 23 1/4c. Kids, 23 1/4c. to 24 1/4c. Goats, 24 1/4c. to 25 1/4c. Mules, 25 1/4c. to 26 1/4c. Horses, 26 1/4c. to 27 1/4c. Cattle, 27 1/4c. to 28 1/4c. Poultry, 28 1/4c. to 29 1/4c. Eggs, 29 1/4c. to 30 1/4c. Butter, 30 1/4c. to 31 1/4c. Cheese, 31 1/4c. to 32 1/4c. Flour, 32 1/4c. to 33 1/4c. Wheat, 33 1/4c. to 34 1/4c. Corn, 34 1/4c. to 35 1/4c. Oats, 35 1/4c. to 36 1/4c. Hay, 36 1/4c. to 37 1/4c. Straw, 37 1/4c. to 38 1/4c. Coal, 38 1/4c. to 39 1/4c. Oil, 39 1/4c. to 40 1/4c. Gas, 40 1/4c. to 41 1/4c. Sugar, 41 1/4c. to 42 1/4c. Tea, 42 1/4c. to 43 1/4c. Coffee, 43 1/4c. to 44 1/4c. Spices, 44 1/4c. to 45 1/4c. Beans, 45 1/4c. to 46 1/4c. Lentils, 46 1/4c. to 47 1/4c. Peas, 47 1/4c. to 48 1/4c. Potatoes, 48 1/4c. to 49 1/4c. Apples, 49 1/4c. to 50 1/4c. Oranges, 50 1/4c. to 51 1/4c. Lemons, 51 1/4c. to 52 1/4c. Pears, 52 1/4c. to 53 1/4c. Plums, 53 1/4c. to 54 1/4c. Cherries, 54 1/4c. to 55 1/4c. Strawberries, 55 1/4c. to 56 1/4c. Raspberries, 56 1/4c. to 57 1/4c. Blackberries, 57 1/4c. to 58 1/4c. Currants, 58 1/4c. to 59 1/4c. Grapes, 59 1/4c. to 60 1/4c. Figs, 60 1/4c. to 61 1/4c. Dates, 61 1/4c. to 62 1/4c. Raisins, 62 1/4c. to 63 1/4c. Prunes, 63 1/4c. to 64 1/4c. Walnuts, 64 1/4c. to 65 1/4c. Almonds, 65 1/4c. to 66 1/4c. Pistachios, 66 1/4c. to 67 1/4c. Macadamia, 67 1/4c. to 68 1/4c. Pecans, 68 1/4c. to 69 1/4c. Cashews, 69 1/4c. to 70 1/4c. Brazil, 70 1/4c. to 71 1/4c. Pineapples, 71 1/4c. to 72 1/4c. Mangoes, 72 1/4c. to 73 1/4c. Guavas, 73 1/4c. to 74 1/4c. Passion Fruit, 74 1/4c. to 75 1/4c. Kiwifruit, 75 1/4c. to 76 1/4c. Avocado, 76 1/4c. to 77 1/4c. Coconut, 77 1/4c. to 78 1/4c. Jackfruit, 78 1/4c. to 79 1/4c. Breadfruit, 79 1/4c. to 80 1/4c. Taro, 80 1/4c. to 81 1/4c. Cassava, 81 1/4c. to 82 1/4c. Sweet Potato, 82 1/4c. to 83 1/4c. Yams, 83 1/4c. to 84 1/4c. Turnips, 84 1/4c. to 85 1/4c. Potatoes, 85 1/4c. to 86 1/4c. Carrots, 86 1/4c. to 87 1/4c. Beets, 87 1/4c. to 88 1/4c. Onions, 88 1/4c. to 89 1/4c. Garlic, 89 1/4c. to 90 1/4c. Shallots, 90 1/4c. to 91 1/4c. Leeks, 91 1/4c. to 92 1/4c. Asparagus, 92 1/4c. to 93 1/4c. Broccoli, 93 1/4c. to 94 1/4c. Cauliflower, 94 1/4c. to 95 1/4c. Cabbage, 95 1/4c. to 96 1/4c. Brussels Sprouts, 96 1/4c. to 97 1/4c. Spinach, 97 1/4c. to 98 1/4c. Kale, 98 1/4c. to 99 1/4c. Lettuce, 99 1/4c. to 100 1/4c. Tomatoes, 100 1/4c. to 101 1/4c. Peppers, 101 1/4c. to 102 1/4c. Eggplant, 102 1/4c. to 103 1/4c. Zucchini, 103 1/4c. to 104 1/4c. Cucumbers, 104 1/4c. to 105 1/4c. Melons, 105 1/4c. to 106 1/4c. Watermelon, 106 1/4c. to 107 1/4c. The Call of Out o' doors

There's a sane and healthy desire spreading among men these days to shake off the cabined, cribbed, confined feeling of indoors and to spend more time in the fields. The pursuit of the elusive pill is only one of the many good excuses popularized by men lately, in order that they may enjoy more out-of-door life.

This is as it should be; we are getting away from the artificial and getting back to nature. The clothes we wear are more sensible and not so extreme—at least that's the tendency in our men's store—materials are honest and garments are not shaped up with a flat-iron—no artificiality or pretence about them at all, just straight honest clothes that will "stand up" under all sorts of usage.

Scotch Tweed Norfolk Suits

Men's Scotch Tweed Norfolk Suits, coat and pants only, in a fine soft finished medium grey club check pattern; manufactured specially for this kind of suit; the coat is made in yoke style, and the trousers are semi-pegtop, with rolls on the bottom and keepers for belt; sizes 34 to 42 15.00

Neglige Shirts

3000 Men's Negliges, these are samples, counter-soiled shirts and broken lines, but all this season's goods, stylish patterns and colorings; we have no space for these, and this price will clear them out on Monday morning. Regular 50c, 75c and \$1.0039
No phone or mail orders filled.

4000 Boys' White Duck Shirts, good hard wearing material; full size body, and made with a reversible collar, so that separate collar can be worn; sizes 12 to 14. Regular 75c quality, for, Monday65

2000 Boys' Fancy Stripe Cashmerette Outing Shirts, turn-down collar, pocket, seams strongly stitched; this shirt will give the very best satisfaction. Regular 65c quality. Monday50

1000 Boys' Navy Blue Bathing Suits, combination style; made from good quality double thread cotton; all sizes 20 to 32. Regular 35c. Monday25

Up on the Balcony in the Men's Store, you'll find some new arrivals—Coronation colorings, they call them—and they'll certainly make up into swagger suits. Besides the fancy worsteds and tweeds, there are some new homespun that will make up into very sightly two-piece suits. You'll be surprised at the exceptionally low prices charged here for first-class tailoring.

Imported English Flannel Trousers

Fine Imported English Flannel Trousers, for outing, tennis or cricketing; a light cream shade, in a pure all-wool unshrinkable material; correctly tailored, with belt loops and roll bottoms; sizes 30 to 44. Special 3.50

Men's Waterproof Coats

English Covert Cloth Raincoats, dark Oxford grey shade, single-breasted Chesterfield, long and roomy; lined with Italian cloth; sizes 35 to 44. Regular \$10.00. Monday 6.89

English Cravenette Raincoats, in dark Oxford grey and fawn; a smooth, firmly woven material; single-breasted Chesterfield style; sizes 35 to 44 12.00

Presto Waterproof Coats, made from an English paramatta cloth; a double texture material, with exceptional wearing qualities, and guaranteed thoroughly rainproof; single-breasted motor style; sizes 36 to 40 12.50
