PROBS: Fair and decidedly warm.

FISH ACCUMULATION IN STORAGE SERIOUS

Over Twenty Million Pounds on Hand, Commissioner Says in Report.

BIG STOCKS OF BUTTER
 General Holdings Compare Favorably With Those of Last Year.

Ottawa, July 23.—That stocks of food products in cold storage on July 1 compare favorably with last year is shown by the report of the cost of living commissioner to the minister of labor concerning food in storage and in process of cure in Canada on that date. Attention is drawn, however, to the export demand, which is likely to be considerable. Attention is drawn also to a serious accumulation of fish. The report follows:

Butter went into storage rapidly during the month of June, notwithstanding the high prices, and on July 1 we had 10,365,116 pounds of creamery and 1,090,634 pounds of dairy butter. This is a total of nearly 2,000,000 pounds above July 1 of last year. There should be no shortage here next winter if exports are not too heavy. This is less than one-half of our requirements for next winter's use.

The oleomargarine in storage is only 421,584 pounds, which is as usual less than two weeks' market requirements. Enough for five months.

The cheese in storage amounts to 9,212,910 pounds. As in the case of butter, the heavy flow of milk in June has had a large effect upon stocks, and we now have approximately the same quantity on hand as on July 1, 1918. This amount would supply our domestic requirements for about five months if we had no export, but the export trade is the heaviest part of our cheese trade. Last year we exported 152,000,000 pounds.

Eggs are also coming into storage more freely than last year in spite of the high prices, but apparently not so freely as two years ago. The stocks include 12,265,586 dozen in cold storage, 482,710 dozen on hand other than in cold storage and 58,737 pounds of frozen eggs.

Pork Stocks on Hand.
 The stocks of pork on hand in process of cure and in storage are just about the same as for the corresponding last two years. If our domestic trade were the only matter to be considered we have enough on hand today for five months. However, our export trade took about twelve million pounds a month this last year. The total stock on hand is 32,622,477 pounds. Of this by far the largest part was in process of cure and not in cold storage at all. There was in storage 84,000 pounds of frozen, 2,328,444 pounds fresh unfrozen, 2,505,545 pounds dry salted, and 3,812,384 pounds sweet pickled. It is an advance, the export market is taking our surplus just as fast as the surplus gets out of the curing tanks.

Beef Beyond Normal.
 The stocks of beef are 40.31 per cent. less than last month, but greater than normally at this time of year. The prices for beef in the market are not so high as earlier in the season, and the prices for the meat have been advancing markedly. It is an advance, the export market is taking our surplus just as fast as the surplus gets out of the curing tanks.

PRINCE TO VISIT UNITED STATES

Heir to British Throne to Be Guest of President Wilson.

London, July 23.—The Prince of Wales will visit the United States as a guest of the American government. King George, on behalf of the prince, has accepted an invitation sent the prince by President Wilson to visit the president in Washington. After his visit to Canada, the prince will go to Washington for a few days as a guest of the American government and later will make a brief visit to New York, where he will live on board the British battleship Renown in New York harbor, also still a guest of the government.

PREMIER EXPECTED IN OTTAWA AT WEEK-END

Ottawa, July 23.—Sir Robert Borden is expected back in Ottawa during the week-end. He is on a cruise in the St. Lawrence Gulf.

Royalty Forever Barred From Presidency of Germany

Weimar, July 23.—No member of a family that at any time has ruled in Germany is eligible for the office of President of Germany. The national assembly has thus ruled by adopting a provision of one of its women members.

WOULD ADOPT VERDUN.

Luxemburg, July 23.—The president of the chamber of deputies proposed today that the city of Verdun be adopted. The proposition was greeted with enthusiasm.

EXPECT ALL TROOPS HOME NEXT MONTH

Approximately 49,000 Canadians Still Remain in England.

Ottawa, July 23.—Apart from the 2,800 hundred officers and men being brought to Canada by the Regina and the Winnipeg, the former due last Halifax today, there still remain in England, including soldiers' dependents and unattached women, approximately 49,000 Canadians who must be brought home before the task of demobilization is complete. Unmarried soldiers and officers still to be returned number 1,000,000. Wives, children and unattached women swell the total to nearly 50,000. Altho the homeward movement of Canadians is not at present as heavy as formerly it will shortly be speeded up and it is anticipated that by the end of August the Canadians and their dependents will all be back in Canada.

QUEBEC LIBERALS MIGHT JOIN CABINET

But First of All Will Insist Upon Complete Re-organization.

Ottawa, July 23.—While Sir Robert Borden is still enveloped in the fog and storms of the lower St. Lawrence the Quebec Liberals are busy on the work of cabinet reconstruction. The chief obstacle is the situation in the province of Quebec, which is admitted on all sides to be a real union government cannot deny representation to a province containing one-fourth of the country's population. Overtures have therefore been made to and negotiations have been carried on with a number of representative French-Canadian Liberals, including Sir Lomer Gouin. The World learns from a prominent French-Canadian who is a returned soldier and in the confidence of the government, that there is a strong feeling in Quebec in favor of a coalition government in which that province will be adequately represented. It is admitted that Quebec should not be isolated from the other provinces, and that it is desirable for her to secure a fair share in the matter of national expenditures. On the other hand, there is a popular prejudice against the "Borden government," which makes it impossible for public opinion to unite with the present government. They have the highest respect for Sir Robert Borden personally, but they realize that the Borden government is associated in the public mind of Quebec with many happenings and events that have caused deep-seated and widespread resentment.

Suggest New Leadership.

The World's informant, who has just returned from a confidential mission to the city of Quebec, says that Sir Lomer Gouin and other leading Liberals in Quebec are ready to accept the proposal of forming a new union government that will fairly represent every province in Canada. They are quite willing that the leadership of such a government should be entrusted to an English-speaking Protestant, but they want a voice in the selection and they believe that the present prime minister will have to be eliminated. They feel that Sir Thomas White should be in Quebec, this gentleman said: "Sir Lomer Gouin and nearly any of the prominent Liberal leaders in Quebec asked how Sir Thomas White should be a coalition government with Sir Thomas White as prime minister. They feel that it is of the highest importance that it is of the highest importance that this time of social disturbance and industrial unrest it is essential for the Dominion to have the counsel of Quebec, which is thrifty, conservative and not easily swept off its feet by popular fads and hysterical appeals."

HYDRO RAILWAY COMMISSION SUPPORT PUBLIC OWNERSHIP

Will Help Guelph to Defeat Acquisition of Radial by Grand River Railway, a Subsidiary to the C.P.R.

At a meeting held yesterday of the Hydro radial commission in the offices in Toronto and presided over by J. W. Lyon, and attended by delegates from all parts of the province, a lively discussion took place upon the question of the C.P.R. acquiring working powers of the Guelph radial railway through their subsidiary, the Grand River Railway. The meeting was entirely against the private ownership idea, and two strong resolutions were adopted. They read as follows: "That the executive officers of the Hydro railway commission be directed to assist the citizens of Guelph in their defeat of the proposed bylaw in the agreement with the Grand River Railway Company and any such agreement as is against the interests of other municipalities having a Hydro-Electric railway agreement with Guelph party thereto. The second resolution, which was passed after a brief discussion, was as follows: "That the executive council of the Hydro-Electric Railway Association representing an organization of 200 municipalities in Ontario, strongly urges the Hydro-Electric Power Commission to Ontario to withhold their consent when

COBALT MINES STRIKE HAS HOLIDAY ASPECT

Street Cars, Water and Electric Light Systems in Full Operation.

REJECT CONCILIATION
 Men Place Responsibility for Strike on Mine Managers' Association.

Cobalt, Ont., July 23.—The first afternoon of the Cobalt miners' strike passed very quietly. Punctually at noon the employees at the mines left their tasks and within a few minutes of the blowing of the whistles, men from the properties nearest the centre of the town were making their way through the streets to the union hall, the mecca of the workers. All afternoon other men employed in the township came in and the town assumed the aspect of a holiday.

Strikers in Procession.

Headed by a body of close upon one hundred veterans the strikers, carrying the British, French and Italian flags, and in number well over a thousand strong, gathered at the union hall and marched in procession through the principal streets of the town. On their return to headquarters J. F. McGuire, of the union executive, addressed the gathering from a convenient rock, and in a short address placed the responsibility for the strike and any of its consequences on the Cobalt district members of the Mine Managers' Association. The strikers, many of whom were still in their "digging clothes," then dispersed.

Mediation Efforts Fail.

The representatives of the five municipalities affected by the strike of the Northern Ontario Light and Power Company employees, and their efforts at mediation during today, but late this afternoon Mayor McKinnon, of Cobalt, and Reeve Matheson, of Buckle township, reported no success had been attained in this respect. They were not without hopes from future meetings. The public utilities question is concerned, remains as before. With Superintendent Allan of the company, who has been in the city since the strike and any of its consequences on the Cobalt district members of the Mine Managers' Association. The strikers, many of whom were still in their "digging clothes," then dispersed.

Secretary Gorman, of the Miners' Union, notified Senator Robertson, minister of labor, by telegraph today that as he had been informed by the representatives of the municipalities that the miners would not consider a conciliation board the strike was called as arranged.

Public Utilities Running.

The street cars and the water and electric light systems were in operation as usual this evening. The camp at Silver Centre is under the jurisdiction of the local union so far as the miners are concerned, but the few men employed there are not involved in the strike, according to information available this afternoon. At least two properties in this camp have received the consent of the strikers to operate the pumps.

The Porcupine mines came to an agreement with the union yesterday, and a sympathetic strike there is not anticipated.

NORTH TO PUBLISH CAMPAIGN PAPER

It was decided at a meeting of the executive of North Toronto Ratepayers' Association, held last night, to publish a weekly paper for campaign purposes. The first editorial campaign paper is expected to appear within two weeks. It will be edited by members of the executive and will deal exclusively with local problems now under discussion. A statement is being issued in reply to certain alleged facts appearing in the city afternoon papers yesterday regarding the North Toronto situation.

NEED SOLDIERS IN THEIR RANKS

Labor Party Aiming at Concentration of Interests for Labor Representation.

John Vick, a prominent member of the Independent Labor Party in Toronto, stated yesterday that there was a very evident need of the co-operation of the returned soldiers of the city and province with the labor men in the fight for representation in the house of commons. He expressed the belief that the organization of a soldiers' unit within the Ontario section of the Independent Labor Party would be welcomed by labor generally. It was idle, he said, for enemies of labor to attempt to poison the minds of the soldier with the idea that the labor party or the industrial movements were in any way opposed to the interests of the returned man. That was a fallacy of the most glaring nature.

General Co-operation.

It was learned from other sources that there may be a general co-operation of all the political forces of labor men who expressed the sentiment of the rank and file. He further stated that at that meeting held a few days ago when it was decided to consider the possibilities of interesting trades unions in politics, many of those present were real moderates who had come to the conclusion as had the "progressives" that only in the co-operation of political and industrial warfare could anything be accomplished against those elements in the labor movement who were so detrimental to the workers.

UPPER SILESIA AUTONOMOUS PROVINCE

Berlin, July 23.—Upper Silesia, in the event that it is decided under the plebiscite to remain German, will become an independent autonomous province, according to an official announcement. The vote will be taken in the entire government and district of Oppeln.

Grotkau, Neisse and a part of the Neustadt and Zuelzlerland districts will remain German and part of the Neustadt district will go to Poland without a plebiscite. State Commissioner Hoerling will retain his position.

FRANCE'S CHIEF RABBI DEAD.

Paris, July 23.—Alfred Levy, chief rabbi of France, died today at Pau, where he had been under treatment for two years. His assistant, Israel Levy, will succeed him in office.

TOO POOR TO PAY, ARCHBISHOP SAYS

Kingston Prelate is Unable to Satisfy Judgment of the Court.

Special to The Toronto World. Kingston, July 23.—This afternoon Archbishop Spratt was examined by A. B. Cunningham, counsel for Sister Basil in her recent case. Mr. Cunningham having taken out an order for examination to ascertain what personal property the archbishop has to satisfy the recent judgment of the court in the verdict given for \$24,000 against him, Mother Regis and Dr. Phelan, for attempting the abduction of Sister Basil from St. Mary's-on-the-Lake Orphanage. T. J. Rigney appeared as counsel for the archbishop.

"Inability" was the answer given by the archbishop when asked why he had not paid. He said he had not the means to pay and that he scarcely had enough money to live on. For this reason he could not even pay part A bank book of his was presented which showed he had \$294.20 in it, and also a bank doctor and later for the corner of the party at luncheon in Christ's College hall, then they walked through the rain, the students following and cheered. General Birdwood was observed to have a high by the youths.

DR. RENNER IS BITTER OVER TREATY. TERMS

Geneva, July 23.—Mr. Carl Renner, head of the Austrian peace delegation, in passing thru Zurich today on his way to Vienna, told the correspondent of the Swiss Telegraph Agency that he totally disapproved of the terms of the peace treaty presented to him at St. Germain, especially the clauses concerning "Amputation" of territory from Austria and the financial conditions, which he said Austria would be unable to fulfill, even with the best intentions to do so. Dr. Renner, according to the correspondent, was especially bitter against the clause which provided for the cession of the "Jugo Slav aspirations. It is the intention of Dr. Renner shortly to state the conditions of the treaty of peace to the government in Vienna.

STOOD AGAINST WALL.

Both men were ordered to stand against the wall with their hands up, while two of the men searched the building. There was but \$11 in money in the cash drawer, and this was taken. Before leaving, the three men were ordered to stand against the wall, and if any attempt was made to call in the police, the laundrymen were shot. Early yesterday morning the police of Claremont street received a telephone message that a man had been held up. Was pronounced by the police. Plainclothesmen were dispatched, and after making inquiries found that both the man who was supposed to have been held up and the robber had appeared. A note of the affair was made at No. 3 station.

TORONTO DEALER CHARGED WITH KILLING AYTON MAN

Victim's Skull Crushed With Heavy Cane After Altercation About a Load of Hogs.

Special to The Toronto World. Ayton, July 23.—Following an altercation this afternoon, during which he was struck three times on the head and body with a heavy walking stick in the hands of Neil Coates, a cattle buyer of Toronto, William Umbach of this place fell heavily to the sidewalk and died almost instantly, the direct cause of his death being somewhat disputable.

Witnesses state that it is possible Umbach may have been stunned by the blow of Coates' stick, and may have been unable to save himself when he struck the pavement. They believe Coates was unaware of how seriously Umbach was hurt, because of the unconcerned way in which he left the scene to return to his cattle strapping.

WILL USE SOLDIERS TO PROTECT SAILORS WORKING AT MINES

Fourth Day of British Coal Strike Shows No Signs of Settlement --- Monmouth and Lancashire Miners Return---Sir Eric Geddes in Yorkshire to Prevent Pits Being Ruined---Industries Are Affected.

London, July 23.—The pump men and engineers of three of the South Yorkshire collieries have decided, apparently on their own initiative, to resume work. Ten thousand men who struck in Derbyshire Wednesday have allowed enough of the operatives to return to keep the workings open to prevent flooding. The Daily Mail's labor expert learns that the temper of the strikers in the other districts is improving decidedly.

London, July 23.—The fourth day of the great coal miners' strike brought no signs of a settlement. Almost 250,000 men have laid down their tools. Ten thousand went out today in Nottingham and Derby, while 10,000 men in Monmouth and 7,500 in Lapobank.

London, July 23.—The fourth day of the great coal miners' strike brought no signs of a settlement. Almost 250,000 men have laid down their tools. Ten thousand went out today in Nottingham and Derby, while 10,000 men in Monmouth and 7,500 in Lapobank.

of coal. Sheffield reports that the number of steel and iron workers idle has greatly increased; thousands of workers are in the streets, and there is little hope that any large firms will carry on after the week-end.

No Person Behind Unrest. Andrew Bonar Law, the government spokesman, told a questioner in the house of commons today that as far as the government was aware there was no particular person behind the miners' unrest, and that the movement seemed to be a protest against the increase in the price of coal, against the decrease of living, against military interference in Russia, and conscription.

The strikers, however, appear to be in a rather bad mood, and seem to fear that troops will follow the naval men in an attempt to break the strike.

The government received information from Yorkshire during last night suggesting that the strikers are anxious to resume work immediately, provided a settlement respecting piece rates is reached today, says The Daily Mail.

The government when meeting the miners' executive, the newspaper adds, "will, as far as possible, confine the discussion of piece rates, hoping to settle the matter forthwith. The miners' executive will try to elicit from the government a statement regarding nationalization of mines, but the ministers are determined to avoid this issue. At present, however, there is a strong impression in the house of commons that the school playgrounds are to be decided against nationalization, and soon will say so."

WILL OPEN DOOR TO RETALIATION

Amendment to British Finance Bill Extending Colonial Preference Criticized.

London, July 23.—On the third reading of the finance bill, which was carried tonight in the house of commons, J. Austen Chamberlain, chancellor of the exchequer, was again attacked on account of the amendment moved by him to the bill on July 9, giving the government power by an order-in-council to extend colonial preference to any territory of which any portion of the British Empire may become a mandatory under the league of nations. The amendment of Mr. Chamberlain was adopted at the time.

The critics of the chancellor tonight argued that this provision would set a precedent for other countries to retaliate. Mr. Chamberlain, in a long reply, contended that there was nothing in the government proposal contrary to the principles of the league of nations, and that nothing would be done without the sanction of parliament.

There was no intention, Mr. Chamberlain declared, to create in mandated territory a position more favorable to Great Britain than to her competitors or to take advantages which were not open to the other nations.

SCORE'S PALM BEACH SUITINGS "TO YOUR MEASURE"

Score's popular price of \$35.00 for a made-to-measure Palm Beach suiting has gone a long way to popularizing this ideal cool summer attire for gentlemen. The individuality and the "personality" worked into the making of them by the Score's designers and tailors is just the touch of distinction that men esteem and insist on in their dress for any season, and on any occasion. Score's, tailors and haberdashers, 77 West King street.

POINCARÉ DECORATES CARDINAL MERCIER

Brussels, July 23.—The visit of President Poincaré to Antwerp today was marked by rain. Cardinal Mercier, primate of Belgium, received the president at the door of the cathedral in Mechlin, where addresses were exchanged, and the president planned the French War Cross on the cardinal's breast. Antwerp was beautifully decorated for the occasion of the president's visit, and the streets were densely packed with enthusiastic citizens. At a reception in the town hall, president Poincaré was made a citizen of Antwerp.

King Albert and Queen Elizabeth and President Poincaré dined at the French embassy in Brussels this evening.

NORTH TORONTO

Altho anxious to obtain publicity, A. O. Thorne, acting secretary to the North Toronto ratepayers, refused to give any information as to what had occurred at a meeting held last night on the vital questions affecting North Toronto's alleged complaints against the city. It is a matter of common knowledge that resolutions were passed and a paper drawn out attempting to refute statements as to finances, etc., published in an evening paper yesterday. It was apparently left for the paper in question to have another opportunity to state its case unhampered by a full alleged disclosure in the morning press.

SHARP CAMPAIGN IN ISLAND PROVINCE

Both Parties Are Facing the Polling Today With Confidence. Charlottetown, P.E.I., July 23.—After a short but sharp campaign, both parties are facing polling tomorrow with confidence. When the house was dissolved there were eighteen Conservatives, eleven Liberals, and one seat vacant. The government gained one seat at a by-election since the general election of 1915. There are two independent running in this contest who were not opposed by Liberals, making four candidates running in each of the five constituencies.

The soldiers' vote is an uncertain element in this election. Men who went overseas have to vote for two candidates in each riding, men who served in Canada only, on the only qualification being the khaki uniform. A plebiscite is to be taken on the educational tax act, by which \$75,000 is to be raised to increase teachers' salaries.

YORK COUNTY AND SUBURBS

EARLSCOURT

EARLSCOURT WANTS PUBLIC PLAYGROUND

Scores of Children Knocked Down by Automobiles During Past Year.

The procuring of playgrounds of a public park in the Earls Court district is an urgent matter since the temporary playground at the corner of Boon and Hope, used for some years past, is now taken for building purposes. The consensus of opinion is that it is an injustice that this congested district should be minus public playgrounds for the use of the children.

Earls Court has a population in round numbers of forty thousand and outside the school playgrounds there is no public place in which the children can obtain fresh air. During the last 12 months scores of the children have been knocked down on the streets, some with fatal results. Local associations in this district are now getting together with a view to presenting a monster petition signed to present to the board of control asking for immediate action. Mayor Churton has so far promised to do something in this line that Earls Court will look now to him to carry out his promise.

To The World. Alberman Brook Sikes says: It is unfortunate that this last open space of Boon and Hope should have been utilized for the erection of houses. Thus preventing the children of the neighborhood obtaining some breathing space in which to enjoy themselves. I have tried my utmost to keep this corner clear for the children, but I regret my efforts have been in vain. It is now up to the city to get busy and provide a suitable park or playground without delay.

S. A. BAND CONCERTS HELP CITADEL FUND

Salvation Army band concerts are being held every Thursday night at various local centers in Earls Court in connection with the building fund campaign for the erection of a new citadel. At last night's meeting of the building committee considerable progress was reported and subscriptions are now coming in steadily. The subscription list is open to the entire northwest district as well as the city of Toronto. Salvation Army headquarters are taking care of the balance of the amount to be raised which will not exceed \$25,000.

CHURCH CHANGES SITE

One of Earls Court Methodist churches, under the supervision of Rev. Peter Bryce and Crossley Hunter, pastors, and known as the Prospect Park Methodist Church, has been removed from its old home on Norman and McRoberts to the corner of Innis West St. Clair avenue. Rev. W. H. Oke is the pastor.

UNKNOWN RESCUED CHILD FROM WELL

During the peace celebration on Saturday last a year-old Willie Drummond fell into a well on the Royce Park estate and was rescued by some unknown person just as he was disappearing. The well is partly covered over and is said to be 29 feet deep. Mr. Drummond, the father, is anxious to obtain the name of the person or persons who rendered such timely service and requests that he communicate by telephone to Jct. 5653.

ST. CHAD'S PICNIC

The Sunday school and congregation of St. Chad's Anglican Church, North Dufferin street, held their annual picnic to Centre Island yesterday. Rev. A. J. Reid, rector, Miss Reid, and the Sunday school teachers accompanied the party.

NORTH TORONTO

A largely signed petition of the residents of Logan avenue from East Queen to the rear of the property presented to the civic authorities, requesting that the roadway be paved. This work should have been attended to by the works department before the war, but was allowed to stand over. Since the signing of the armistice a strong effort has been made to have the work started by the residents, backed up by Alderman R. Honeyford, but up to the present no action has been taken by the works commissioner.

RATEPAYERS MEET TONIGHT

An important meeting of the North Riverdale Ratepayers' Association peace celebration committee will be held this evening, when reports of the various officials will be received. Dr. E. A. McDonald, president, will preside.

GERMAN LIVE STOCK FOR FRANCE AND BELGIUM

Paris, July 23.—Germany will have to surrender to France 500 stallions, 3000 fillies, 90,000 milch cows, 100,000 sheep, and 10,000 goats, according to a report made today before the French peace commission sitting under the presidency of Rene Viviani, by M. Dubois, economic expert for the commission, in commenting on the treaty clauses.

DANFORTH

CANNON FOR VIADUCT.

In order to beautify the approaches to the eastern end of the viaduct, an effort has been made by the Riverdale Horticultural Society to interest the parks department during the early part of the summer, but no action has been taken up to the present. A suggestion will be put forward at the next meeting of the society by F. Ingram, Danforth avenue, that the old cannon at present lying neglected in Riverdale Park, near the entrance to the viaduct, be mounted and placed in position near the eastern end.

ROAD READY CHRISTMAS.

A little extra speed was displayed in the work of constructing the new roadway of the Bloor street viaduct between Sheppard and Parliament streets yesterday, although much greater exertion and a larger gang of workmen is necessary if the job is to be completed before the commencement of the fair this year.

"At the present rate of progress the roadway will not be ready for placed in traffic before Christmas," said a resident of the district yesterday to The World.

IN NORTHERN AFRICA.

Rev. Dr. Blackmore, superintendent of Methodist Episcopal missions in Northern Africa, gave an interesting lecture on the work of Christianizing the natives in that territory, illustrated by lantern views, at a well-attended congregational gathering in the school room, Danforth avenue, recently. Rev. J. J. Coultter, pastor, occupied the chair. The speaker dwelt upon the heroic efforts of the workers for Christianity and the good effects produced when the natives receive the light of the gospel.

MOUNT DENNIS

YE OLDE COUNTRY FAIRE.

Festivities, known locally as "Ye Olde Country Faire" were held in Mount Dennis yesterday afternoon and evening, and a large crowd participated. Flags, hunting and festoons of lights made a fairland of a field, and the excellent dancing floor built for the occasion was patronized to capacity. The Gospel Jazz Band provided the music and everyone had "ye olde-fashioned" good time. A program of sports was carried out during the afternoon and evening, and helped to keep the somewhat overheated revelers cool. Col. Clarke and several of the 127th Battalion officers attended and a few brief speeches were given.

MRS. O. M. CRAWLEY DEAD.

The death occurred early yesterday morning of Olga May Crawley, wife of Ernest Crawley, 221 Weston road. Deceased, who was 18 years of age, is survived by her husband and a six weeks' old baby. The funeral will take place on Friday at Prospect Cemetery.

EAST TORONTO

POULTRY FANCIERS MEET.

A well attended meeting of the East York Poultry Association was held last night in Sherbourne street. Rev. George W. Patton, president, occupied the chair. "Culling Out Good Birds" was the subject of an address given by J. W. Clarke, government lecturer, and many valuable suggestions were given during the course of the speaker's remarks.

TODMORDEN

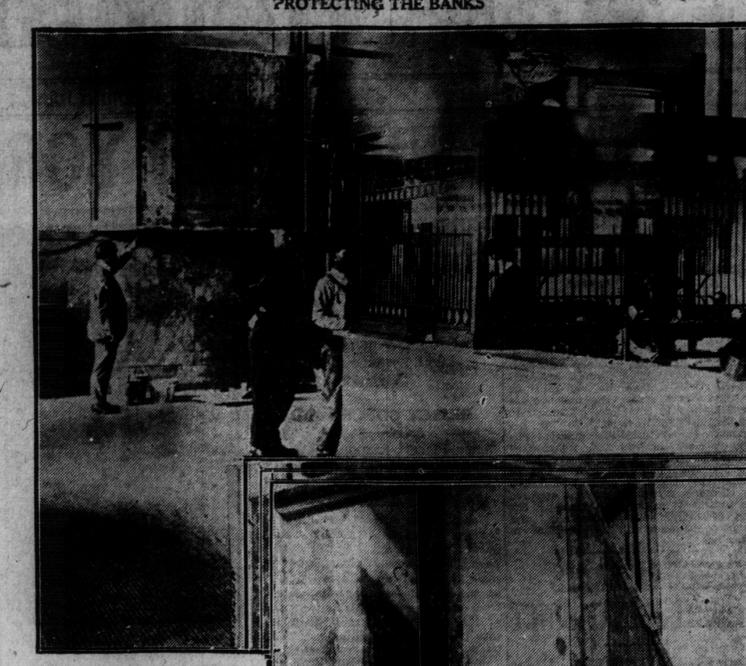

VETERANS APPLY FOR HOUSES.

According to the statement of J. Martin, secretary of the York township housing commission, the World yesterday, fully 80 applications for loans to build houses in the various sections of the township have been received to date, of which about 50 have been passed by the board, and tenders will be let as soon as possible for the erection of 20 cottages. A large majority of applicants have been returned soldiers, it is stated.

RIVERDALE

PETITION FOR REPAIRS.

A largely signed petition of the residents of Logan avenue from East Queen to the rear of the property presented to the civic authorities, requesting that the roadway be paved. This work should have been attended to by the works department before the war, but was allowed to stand over. Since the signing of the armistice a strong effort has been made to have the work started by the residents, backed up by Alderman R. Honeyford, but up to the present no action has been taken by the works commissioner.

This armored and armed outlook post, set up in a bank, is not in Bolshevik Russia. It is in Chicago, U.S.A. The robbery of suburban banks in and around that city has become so frequent and successful of late that it has necessitated precautions to be taken by banks which have so far escaped. It remained for the Pullman Trust and Savings Bank to inaugurate a system of defence to discourage any attempts on their institution. A small fortress has been built into the wall of the building. Its construction is of steel and concrete strong enough to resist any small arms assault. Loopholes look down into the interior and out on the exterior of the building. Night and day a guard is maintained in this fortress which is armed with rifles and machine gun.

American in Siberia Had Two Men Killed, Eleven Wounded in Skirmishes. Vladivostok, July 23.—Communication has been re-established today with the American military column in the Suchan district. The troops, which had been clearing out the gangs of Bolsheviks in the Suchan valley, had two men killed and eleven wounded during a week's skirmishes. News from the detachments came when the British cruiser Carlisle and the American cruiser Albany, convoying supplies, entered America bay, 60 miles southeast of here and found that the troops had reached there after their trip down the valley. Five American soldiers, captured from the detachment on June 22 by the Bolsheviks, were released later and taken to the Suchan valley. The captives, who were well treated, but that the interpreters daily threatened them with death. With the release of the captives, it was announced, the Bolsheviks in Siberia have no American prisoners. The skirmishing campaign undertaken by the detachment after five of its men were captured resulted in scattering the Bolsheviks into the hills. A number of towns and villages were occupied during July 2 of the village of Vovitskaya was taken on July 3, the Bolsheviks were cleared out of Kasank and Frolova. The column started for America bay on July 5 and after a 15-hour march took Vladivostok, a fortified town. The next day the patrol detachment got in communication with the landing party at Albark.

NEWS FROM COLUMN IN SUCHAN DISTRICT

The foreign minister entered a strong plea in favor of the league of nations. He declared that the German people, having discarded their militarism, must devote themselves to conquering a distrustful world of their unshakable will to peace, and thus prepare the ground for a real league of nations. The age of secret diplomacy should be closed, but a league without Germany and Russia would be no league.

GERMAN MINISTER USES SOFT PEDAL

Says Love to France Expressed in Practice Must Be Their Revenue. Weimar, July 23.—Dr. Hermann Mueller, minister of foreign affairs, speaking before the national assembly today, urged the carrying out of the peace treaty to the utmost, while working also for its revision. He advocated the friendliest disposition towards Belgium by real sacrifices, thus paving the way for an understanding with the Belgian neighbor nation.

VETERANS OF ARMY AND NAVY CONVENTION

Montreal Gathering Will Deal With Many Matters of Public Interest. Montreal, July 23.—Work of a preliminary nature was done today in the second annual convention of the Army and Navy Veterans' Association in Canada, which opened this morning at the Windsor Hotel. Ninety delegates are present representing units from the Atlantic to the Pacific. The Dominion executive, which was scheduled for nine o'clock, was delayed pending the arrival of Dominion President W. J. Tupper, K.C., of Winnipeg, and as a result the morning session was very short. The afternoon session was taken up by the Dominion president's address, a reply by Delegate Beck of Regina, the report of the credentials committee and the organization of other committees. A ladies' auxiliary concert was held at the Windsor.

FRANCE TO FLOAT ANOTHER LOAN

Until Favorable Time Arrives, Recourse Will Be Had to Taxation. Paris, July 23.—Louis Klotz, minister of finance, answering interpellations in the chamber of deputies today, stated that the issuance of treasury bonds had increased while ad valorem taxes had decreased. He said the economic situation had improved each month.

BRITISH MOBS LOOT AND BURN

Civilian Disturbances Beat Anything the Military Have Ever Done. London, July 23.—Civilian disturbances in different parts of the country have been as destructive as anything committed by the military. At Swindon last night gangs of youths and discharged imperial soldiers looted twenty business premises and burned the flagstaff outside the municipal buildings. At Luton, where the town hall was burned, further disturbances were quelled by police charges. Two men and four women were arrested and further arrests are imminent.

FRANCE TO FLOAT ANOTHER LOAN

Until Favorable Time Arrives, Recourse Will Be Had to Taxation. Paris, July 23.—Louis Klotz, minister of finance, answering interpellations in the chamber of deputies today, stated that the issuance of treasury bonds had increased while ad valorem taxes had decreased. He said the economic situation had improved each month.

ITALY AND GREECE AGREE ON FRONTIERS

Settlement of Thrace Question Extends to Regions Where Interests Meet. Paris, July 23.—According to The Temps, the agreement between the Italian and Greek delegations to the peace conference concerning the frontiers of Thrace, seems to extend to other regions where Italian and Greek interests meet. The conversations between Premier Venizelos and Greek and Italian ministers, are mainly on questions concerning Asia Minor and Epirus. One of the eventualities considered possible is the enlarging of the Italian zone in southeast Asia Minor.

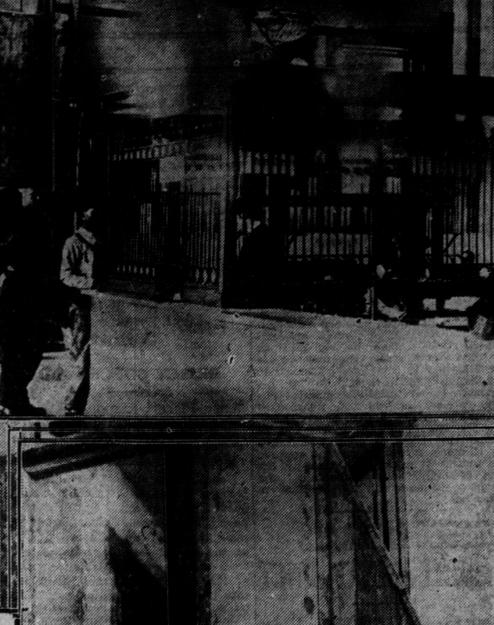

BOY BADLY INJURED

Fred Hamilton, an eight-year-old boy, was run over by a touring car in front of Fort Credit postoffice yesterday. The child was severely injured, one leg being broken and internal injuries suspected. He was removed to his home. According to a statement issued last night by the police, S. Leitch, of Parkwood avenue, owner of the car, has been summoned and will appear in the police court on Friday.

APPOINTED FOOD MINISTER.

Madrid, July 23.—Carlos Canal, Conservative member of the Cortes for Seville, has been chosen as food minister in succession to the Marquis de Mocheas, who died suddenly during a cabinet council last Monday.

PROTECTING THE BANKS

This armored and armed outlook post, set up in a bank, is not in Bolshevik Russia. It is in Chicago, U.S.A. The robbery of suburban banks in and around that city has become so frequent and successful of late that it has necessitated precautions to be taken by banks which have so far escaped. A BUSINESS MAN'S ANSWER

Disgusted John: "Cold supper again tonight. Wife just phoned 3 p.m., burst pipe in kitchen. What shall I do?" Why get Shannon. Home, 5 p.m., tired and mad—goes out to the kitchen. Lo. and behold! everything fine—repairs made—good hot supper waiting. Shannon asks who did it? Wife: "Shannon, the Plumber, a very neat and obliging mechanic." John sends us a letter praising our promptness. Nothing unusual—that's our "service." Try us next.

HAMILTON NEWS

Hamilton, July 23.—Labor members of the congregation at the revised system of assessment at the next meeting. Enumerators are now busy preparing the voters' list for the forthcoming referendum.

Two men charged with complicity in the "Buckley farm tragedy" were acquitted yesterday.

Winston Northey, Toronto, sustained severe injury to his knee yesterday, when his motorcycle skidded on a wet pavement.

Mrs. Elizabeth Oldacre, widow of Thomas Oldacre, died at the city hospital yesterday.

Patrick Sullivan sustained a broken leg yesterday when the scaffold on which he was working at the Merchants Bank building collapsed.

Increase in tax has been granted the firemen, but as there is no money available a committee will endeavor to compromise with the men for the balance of the year.

The committee of the board of trade will ask the market committee of the council for an explanation of the delay in erecting the market shelters.

DECLARE INVALID ALL PAPER MONEY

Every German Will Be Compelled to Surrender All Cash in Hand. Weimar, July 23.—In order to determine exactly how much property in Germany is available for inviolable taxation, the imperial finance ministry has decided to withdraw all current paper money, which will be replaced by bonds or emergency papers. These, in turn, can be exchanged for new paper money when issued. Every one will be compelled to surrender all cash on hand, and he will get back only what he has turned in on the basis of bonds, as the old paper money will be declared invalid.

BOUGHT WHITE MULE AT DRUG STORE?

Inquest on Soldier Killed by Alcohol Elicits Curious Statements.

The outstanding feature of the inquest, held at the morgue last night, into the circumstances surrounding the death of Pte. K. W. Wilson, a member of the R.C.D.'s who was found dead in a bunk at Stanley Barracks on the night of July 13, was that the deceased had procured a quantity of alcohol (65 per cent. over proof) at a drug store in the vicinity of Queen and Bathurst streets on the Sunday night in question and that he had been in the habit of doing this for some time.

Several members of the Royal Canadian Dragoons were called by the crown to testify as to the habits of the deceased, and to relate to the best of their knowledge the events leading up to his death. Three of the witnesses told how the deceased had remarked to them several times that he secured the alcohol at a drug store in the vicinity of Queen and Bathurst, but he had never stated the exact location of the vendor, or at any time mentioned the name of the owner of the drug store.

Not Drunk. Pte. Charles Russell was the first witness called. He related how Wilson had on the night of July 13 been "booked in" by him at the barracks. Wilson had undoubtedly been drinking, he said, as he could smell the liquor on his breath, but he had himself under perfect control and "could not be called drunk." He had known of Wilson frequently procuring alcohol, and was of the opinion that he had always secured it from the unknown vendor, because it was always contained in similar medicine bottles. Russell stated that on the night of his death Wilson had said that he was going to the drug store to have a "souze," but that he had not detected any of the alcohol on his person when he returned at about 10 o'clock.

Address Unknown. It was Sergt. Fletcher who first noticed the unnatural looking condition of Wilson, and, according to his statement, immediately summoned a medical officer. The witness stated that before the M. O. had arrived, Wilson was dead. Fletcher remembered that during Sunday the deceased had been drinking, and stated that he had also taken a drink of alcohol. As to the location of the drug store where the alcohol was procured, he could not say, but he remembered hearing Pte. Taylor tell Mr. Wood that he knew where this could be found.

Dr. George Stewart, who conducted the post-mortem examination, declared death due to alcoholic poisoning, stating that the walls of the stomach and lungs were slightly inflamed by the poison.

The inquest was adjourned until Thursday, July 31, order that other witnesses might be procured.

All the red in Winnipeg isn't the Red River, apparently. Some men haven't any state of mind—it's all territory.

To Have Perfect Skin Throughout the Summer

This is the season when she who would have a little white complexion should be thinking of the summer skin. Nothing so effectively overcomes the effects of sun, wind, dust and dirt. The wax actually absorbs the scorched, discolored, withered or congested skin, bringing forth a brand new skin, clear, soft and girlishly beautiful. It also softens the pores, removing blackheads and creating the skin's breathing capacity. The ounce of mercurized wax, obtainable at any drug store, applied nightly, will gradually improve even the worst complexion. There is nothing better for the removal of tan, freckles or

Monday, August 4. 84th Battalion picnic to Oshawa.

RED TRIANGLE TO BE CLOSED.

Many veterans have gone on record as regretting the rumored closure of the Red Triangle Club in Toronto. It is pointed out that articles which were leveled against the Y. M. C. A. were made with respect to the administration of this organization during the earlier part of the war, when prices were high, and the patronizing graces were more evident than they are today. It was stated that the Red Triangle Club had become a club in name, and that scores of returned men who had come to make it a real home would sorely miss its halls.

WON CROIX DE GUERRE.

Comrade H. B. McNaughton, recently appointed secretary of industrial work with the Keewatin, M. C. A. gained the Croix de Guerre during his three years' service in France.

RESENT FLAG INCIDENT.

Chaplain G. W. V. A. has expressed his indignation at the recent action of Dean Moyn of St. Mary's Institution in refusing to permit those in charge of the funeral of the late Comrade Kiley to place the Union Jack upon the coffin at the grave. They have also moved to request the proper authorities to carry out a rigid investigation so that recurrences of such indignities may be avoided in future.

SAVED FROM DISSECTION.

To the Grand Army of Canada belongs the honor of rescuing the body of the late Comrade Healey from the hand of the anatomist. Shortly after the death of Comrade Healey, the body was handed over to the medical faculty for the avowed purpose of medical research. Pte. Hamish, a comrade with the mechanical transport, learning of this intention on the part of the authorities, immediately secured the active sympathy of the Reparation League and the G. A. C. The remains were interred under the auspices of the two organizations with full military honors tomorrow afternoon at Mount Hope Cemetery.

PENSION AMENDMENTS.

Officials of the board of pensions commissioners in Toronto stated yesterday that no official notice of any amendments in pensions had been received by their office. However, such notice was expected to reach the officials at any moment.

INJURED HIS SPINE.

David Reeves, aged three years, of 7 Pine Terrace, was injured about the head last night, when he was struck by a motor car near his home. The injured child was removed to the Hospital for Sick Children.

Jack Denison, aged 13 years, living at 2181 Yonge street, received injuries to his spine last night, while sliding down a board on a fence in the yard at the rear of his home. He was admitted to the Hospital for Sick Children.

SECEDING BODY OUTSIDE THE PALE

Trades Council Say Withdrawing Unions Would Be Laughing Stock.

Opinion was expressed among the members of the executive of the Toronto Trades Council that there could be only one trades council in the city, and that any sort of a secession would result merely in a labor split with the other body outside the pale. It was stated that the Labor Temple was the home of the governing body of trades unionism in Toronto, and was not merely an appendage of the American Federation of Labor. In these circumstances, it was said, the Labor Temple would be the temple for the trades council, and not for any seceding body.

Will Keep Temple.

"I have no fear that the unions of a moderate tendency will take any action detrimental to the trades council," stated one member of the executive. "Such action would go far to prove the contention of many that the moderates were afraid of their position, and were not willing to fight the fight out. We do not give out any such suggestion. We shall endeavor to give fair play to, and shall exact fair play from the moderates. If they do form a new labor body they will undoubtedly disappoint the friends, and make a good laugh of themselves. But, in any case, we shall hold on to the Labor Temple. The trades council is a really democratic body, and elected its delegates by the most representative system known to the civilized world."

IN THE MEANTIME THE BATTLE ROLLS MERRILY ON.

BROTHERHOOD OF CARPENTERS.

The provincial membership of the Brotherhood of Carpenters this year is 5,294, an increase of 1,579 over that of last year. The president of the provincial council this year is Paul Green of Ottawa. T. L. Clancy of Stratford is vice-president, and T. Jackson of Toronto is secretary-treasurer.

The annual provincial report shows that trade is very good at Bramford, Cobalt, good at Niagara Falls, Guelph, Dundas and Beamsville, Toronto Falls, London and Preston, dead at Port Huron, and generally fair in Toronto, Williams and generally fair in Toronto.

DETERMINED AS EVER.

Outside of paying strike pay, the Teamsters' Union did little business at the Labor Temple last night. John Jones, business manager for the union, stated that the men were as firm as ever in their determination to fight for their rights.

RETAIL CLERKS MEET.

Tom McMillan and James MacArthur Conner addressed a well-attended meeting of the Retail Clerks' Union last night at the Labor Temple. This association has been organized some weeks, and is adding to its ranks every week.

LABOR NEWS

NAMES LEADERS OF STRIKING TRAINMEN

Participants in Winnipeg Strike to Be Expelled, the Chairman Says.

Winnipeg, July 23.—When the Robson commission, inquiring into industrial relations and the causes of the recent Winnipeg strike, re-opened this morning, the first witness called was R. H. Cooke, general chairman of western lines for the C. P. R. Brotherhood of Railway Trainmen. He said it was impossible to secure the names of the men responsible for the organization of the strike in C. P. R. running trades in the west. Such strikes were unconstitutional, and every member of the brotherhood who participated in that sympathetic strike would be expelled from the organization. Witness said that he felt justified in naming as leaders of the striking trainmen, the three men who had served notice on the railway of the sympathetic strike. He named R. H. Raybanks, R. A. Goodman and C. Macdonald.

Witness also stated that when the strike vote was taken in the Winnipeg locals, he had been led to believe certain members of the organization who were entitled to cast a vote had not received ballots, and had not voted. The witness did not get accurate information as to the result of the vote, but the railway company had been informed that eighty-seven per cent. had favored a strike. Mr. Cooke said that the committee of five, who tried the members participating in the unconstitutional strike, had expelled only one, who refused to return to work when called upon to do so. He thought that a large number of the trainmen stated to have struck were idle during the strike period only because they were on the "spare" list at that time, and would not have been working in any case.

FEAR O. B. U. INVASION.

One-big-unionism is said to be the latest cult among labor enthusiasts. It is apparently not well-known or understood, being subject to many interpretations. Rumor places upon V. R. Midgeley of Vancouver the responsibility of attempting to place the banner of this new cult within the halls of Toronto legitimate labor. He is understood to be the secretary of the new organization known as O. B. U.

STARTING STRIKE FUND.

Members of the Building Trades League have been asked to pay one day's wages into what is to be known as a strike wage fund, instituted for the purpose of fighting the employers during any strike. John Doggett stated last night that the building trades might soon be able to dictate general agreements in all branches of this league, nineteen in all.

WRIGLEY'S

The Greatest Name In Goody-Land

The Flavor Lasts

LAUNDRYWOMEN GET STARVATION WAGES

Widows With Children Receive as Low as Seven-Fifty Weekly.

That laundry workers in Toronto will henceforth have better treatment and higher wages, and that housekeepers may have to pay more for their laundry is forecasted in the latest action of trades union labor. Last night more than 200 laundry workers from the various large establishments, following a very enthusiastic meeting held at Broadway Hall, organized under the American Federation of Labor, and elected provisional officers. Lou Braithwaite, business manager for the Butcher Workers' Union, presided, and John Macdonald and William Barrie of the iron moulders, addressed those present.

Information was received that an investigation would be called immediately into the conditions prevailing at the laundries, having special reference to the hygiene of the system in operation. It was stated that the wages themselves were the worst by far of any recorded in the city, ranging from \$7.50 to \$12 a week.

Atmosphere Bad.

For this money, widows with families, and young women thrown upon their own resources were said to be working. The atmosphere, both from the heat and the peculiar aromas pervading such establishment, was understood to call for a most rigid investigation. One employer is credited with the statement that if wages were increased and conditions changed, the prices of laundry would rise immediately, and the public would have to help pay the money alleged to be owing to the employees. Labor men of all types expressed the opinion that notwithstanding the probable rise in the cost of laundering to the public, the situation was one which called for immediate attention.

No man is so absent-minded that he ever pays his gas bill the day before it is due.

Some men try to make light of their troubles by burning their unaccepted bills.

CLEVELAND STILL USES GARMENT PIECEWORK

Both James G. Merrick, secretary of the Employers' Association, and S. Koldovsky, business manager for the International Union of Garment Workers in Toronto, brand each other's statements relative to the now famous city of Cleveland, as false to the last degree. Mr. Koldovsky stated that the union was recognized in the now famous city of Cleveland, and further expressed the opinion that what was good for New York was good enough for Toronto. It was true, stated Mr. Koldovsky, that Judge Mack had arranged an agreement which abolished piece-work until December 24, 1919.

FOREIGN GOODS FLOOD COLOGNE

First Results of Raising the Blockade Against Germany.

Berlin, July 23.—The first results of the raising of the blockade, says The Deutsche Allgemeine Zeitung, is the flooding of Cologne with foreign goods.

"French firms," the newspaper adds, "are offering hundreds of thousands of kilograms of cocoa powder, chocolate, coffee, ox-fat, pork-fat, macaroni and toilet soaps. German import companies have been offered large quantities of corn starch and cocoa, hundreds of carloads of white pearl beans and Chinese yellow peas, and raw coffee and chocolate in huge quantities."

"The American offers include bacon, olive oil, rubber coats, steam turbines, automobile machinery, various oils and vaseline."

"An Anglo-Japanese firm offers the direct importation of bonax, paraffin, rosin, flax oil, shellac and soap."

ALLEGED MOTOR THEFT

On a warrant charging him with theft of a motor car, William Le Clare, 178 West Queen street, was arrested yesterday by Patrol Sergeant Marshall. The motor car was stolen from the garage of Thomas Pepper, 8 Duke street.

MANY NURSING SISTERS ARRIVE IN TORONTO

The following nursing sisters are the latest to arrive in Toronto: Nursing Sister H. Agar, Kleinberg; N.S. E. A. Anderson, Stirling; N.S. Myra Blackwell, Kincairdine; N.S. P. M. Beuchene, Vernon; N.S. M. A. Buchanan, Henshall; Capt. W. G. G. Coulier, Windsor; N.S. K. Crichton, 3 Indian Grove, Toronto; N.S. E. C. Cryderman, Niagara Falls, Ont.; N.S. M. I. Dickinson, Vancouver; B. C.; N.S. W. Dawson, North Bay; N.S. P. G. Essey, Palmerston; Capt. A. G. Fleming, 182 Dupont street, Toronto; N.S. M. I. Francis, Huntsville; Capt. J. S. Goodfellow, Morrisburg; N.S. A. I. George, 138 Wallace avenue, Toronto.

N.S. A. W. Hammel, Beeton; N.S. B. Beeny, Danforth Lake, Que.; N.S. A. Hargrave, Hamilton; N.S. C. F. Hague, 27 Maynard avenue, Toronto; N.S. G. M. Haste, Maple Creek, Sask.; N.S. M. E. Henrich, 51 The Maples, Bain avenue, Toronto; N.S. F. Hill, 72 Pleasant Boulevard, Toronto.

N.S. E. L. Joffe, 66 Summerhill avenue, Toronto; N.S. H. G. Kidd, Peterboro; N.S. G. M. Kittingham, Pembroke; N.S. C. Lawrence, Owen Sound; N.S. O. J. S. Little, Woodbridge; N.S. M. E. Mitchell, Walkerville; N.S. M. J. Murray, Tavistock; N.S. J. Macmillan, 108 Avenue road, Toronto; N.S. F. W. Macintosh, 138 Lyndhurst avenue, Toronto; Capt. R. R. McClenahan, Hamilton; N.S. A. Marcotte, Sackville; N.S. E. W. Price, 87 Indian Grove, Toronto; N.S. I. F. Pringle, 23 Park road, Toronto.

Capt. W. A. Ross Embro; N.S. O. M. Rogan, Danforth Lake, Que.; N.S. A. Ronan, 289 Brunswick avenue; Toronto; N.S. E. Ross, Mowbray; N.S. L. Robinson, Inglewood.

Major H. Scheitinger, Colborne; N.S. M. E. Smith, 861 Dovercourt street, Toronto; N.S. D. M. Saunders, Bowmanville; N.S. A. C. Wallace, Hamilton; N.S. S. S. Wardell, Owen Sound.

THURSDAY MORNING, JULY 24.

Guelph Needs a Defender.

Toronto and The Toronto World clearly remembers the part played by Guelph and Kitchener in the birth of the Hydro movement. The records are all in order and can be brought to light any time. We trust The Guelph Herald will go into all the chronicles of the last thirty years that deal with the matter, and stand by the principles laid down for which Toronto has loyally stood. If The Herald can keep Guelph as straightly in-line as Toronto has kept we shall have no complaint to make. We are obliged to The Herald for recalling ancient history. It may be necessary to refer to it before the 15th of August.

The Herald has started in to defend Mayor Carter. If he did not need defence The Herald likely would not have attempted the task. All we know is that Guelph under Mayor Carter was the only city to refuse the recent Hydro radical resolution and the only city, again under Mayor Carter, to go to the C. P. R. with a radical project to compete with the Hydro plans.

The Herald admits the agreement Mayor Carter took to the C. P. R. is not all that it would like. It is a worse agreement than Galt had with the Grand River Road, and Galt is trying to get rid of its yoke. Why should Guelph desire to put it on, and why does Mayor Carter seek to fasten it? This "one-sided" (The Herald's adjective) agreement, Mayor Carter says, is his own idea, and that he went to the C. P. R. with it, and not, as we had supposed, that the C. P. R. went to him.

The Herald says the Hydro union never proposed to operate the street railway. In this the Hydro was on all fours with the C. P. R., but when Mayor Carter got an idea it was to the C. P. R. he went with it, and not to the Hydro. Mayor Mercier of Galt, who has had experience with the Grand River Road, turned in another direction when he got his idea, and is submitting it to the popular body. The executive of the Hydro Radial Union met in Toronto yesterday, and we understand, have adopted some resolutions that may be submitted to Guelph this evening at a meeting of the chamber of commerce. We trust The Herald will continue its investigations and convince itself that Mayor Carter really does need defence, without feeling called upon to be his defender. The people of Guelph need a defender in this case, and their claim should come first with the local newspapers.

Are We Going On or Back?

In France the big strike, which was to show the strength of labor, has been called off, a greater tribute to the common sense of labor than the strike could have been to its power. Most of the necessary things can be had without striking now, for labor has exhibited its power, and capital is beginning to realize that the demands of labor, when made at a board of conciliation, are reasonable, have the sympathy of the public, and must be met. And as long as labor is reasonable this is an impregnable position to hold.

The obvious objection to a strike at the present time is its destructive character. It destroys wealth by failing to produce. One of the old fallacies upon which many capitalists, as well as labor men, allow themselves to be pulled up as with wind, is the idea that the scarcer a thing is the more valuable it is. This may apply to diamonds, pearls, four-leaved shamrocks, amber and other more or less useless things having a sentimental value. One cannot eat on wear any of these things or keep warm by them. They acquire an exchange value because some people want them as savages do glass beads.

Money similarly is given an artificial value by being treated as a commodity, when it is only a medium of exchange and is of no value at all unless there is something for which to exchange it. Money may buy food, but if there be no food the money has no value for that purpose. As the quantities of things diminish the value of money for which they may be exchanged diminishes in proportion. People are accustomed to say that the value of money increases, but how can it be increasing when one only gets a half, or less, of what one formerly got for it. At the present time the millionaire's million is only worth half a million, as the poor man's dollar is only worth fifty cents.

As there has been no production for five years the necessities of life have become scarcer and scarcer. Food, coal, clothing, is hard to get. Money represents values loses the value it represented when commodities were plentiful. Until we have increased our production and replaced our losses until we have a normal production...

POLITICAL NOTES

Federal and Provincial—Significance of the New Ontario Election Law.

Mr. Thomas Findlay, president of the Massey-Harris Co., on the 4th of July addressed a meeting of the U.F.O. at Point Farm, near Goderich. The speech, which was reported extensively in The World, has attracted wide attention in high political circles, and more will be heard of the light and leading it has afforded to reasonable students of the tariff. One of the leading men in Sir Robert Borden's government says Mr. Findlay's address is a sober reminder of the political mistakes of the Canadian people, who leave discussion of the tariff entirely with the politicians. Mr. Findlay yesterday left Toronto for New York. He sails for England at once, and will not return till September.

With the Liberal convention at Ottawa at hand, Hon. W. L. Mackenzie King returns from England. Mr. King is one of the leaders of the Liberal party, and his views will be heard with interest at the convention. Another prominent Liberal is hastening from the old land to the convention hall. This is Hon. Joe Martin, once the stormy petrel of Canadian Reform politics, and in later years not much less stormy and advanced as a member of the British House of Commons.

Some political information will be spilled on the slopes of Queenston Heights on the afternoon of the 30th. On the same day other orators will take the field, and both parties will be respectably represented. Hon. Mr. McGarry will be heard from, as well as Premier Hearst, and Mr. Dewar will talk to the Scotch Presbyterians at Ailsa Craig. But at Kincardine, on the 25th, the Liberal leader is likely to say a few things that should inspire Premier Hearst to "open out" to the electors. Even his own followers are saying that the premier has evolved too much of the spirit of "secret diplomacy" with regard to the referendum and the election.

Meanwhile the electorate is a good deal in the dark concerning the significance of the new Ontario election law. The Liberals charge that the laws of the province relating to the franchise have been generally tinkered with. The government has issued a pamphlet for the use of lawyers and election agents, official and otherwise, containing the statute of 1913 and the amendments of 1919, together with the liquor referendum act of last session.

SPECIAL SESSION WILL RATIFY PEACE PACT

Canadian House to Meet Before War Measures Act Expires.

Ottawa, July 23.—Parliament will be in session again before the war measures act expires, and with it the track betting, prohibition, and other war-time orders-in-council passed under its provisions. Such is the understanding here, and was the understanding when parliament prorogued a fortnight ago. At this time, the final complete text of the peace treaty with Germany had not been received in Ottawa, and therefore could not be submitted to parliament for ratification. Drafts, as prepared, had been received, and changes made were cabled from Paris. But it was not till the arrival in Ottawa of Hon. G. J. Doherty, who, with Hon. A. S. C. Stanton, signed the treaty as Canadian plenipotentiaries, that the text as signed was available. The understanding with the British government when Sir Robert Borden left London was that there would be no proclamation of peace by Great Britain for some time.

Greater Necessity Now. Since then, however, greater necessity has apparently arisen in Great Britain for an early proclamation of a state of war no longer exists. It is understood that the government here is in communication with the imperial authorities on the subject, and that stress is being laid on the necessity for full opportunity being given to the Dominion parliament for discussion of the treaty's terms before formal proclamation of peace by the King. Notice has already been given to ratification of the treaty for ratification. While the question has not been discussed in the cabinet as yet, it is probable that the date of opening will be advanced a week or two to avoid any unnecessary delay. But that peace will be officially proclaimed before the Dominion parliament can be summoned is regarded here as extremely unlikely.

TRIED OLD TRICK ON MERCHANT OF KINGSTON

Special to The Toronto World. Kingston, July 23.—This afternoon a man walked into the jewelry store of Kinnear & Desterre and after picking out goods to the value of \$138 wrote out a cheque for the amount. As Mr. Desterre did not know the customer he was suspicious and calling up the bank the cheque was drawn upon, he found the man had no account there. The fellow made a hasty exit. It is believed the man has been operating at this game in several places in eastern Ontario.

INCREASE POLICE PAY.

Special to The Toronto World. Woodstock, July 23.—As the result of a petition presented by the city police to the police commission the latter unanimously decided at a special meeting today to raise the salaries \$100 a year. This gives the constables \$1,000 and the acting chief \$1,200 a year. Miss Emily Ball was appointed secretary to the commission.

SOLDIERS IN BRITISH POLITICS

Is an Army Man Likely to Become Prime Minister of England?

London, July 19.—In view of the fact that military eminence has long been considered a pathway to political influence in the United States and has sometimes even led to the White House, it may be of interest to consider the part which the demobilized soldier is likely to play in British internal affairs in the near future. The two countries are very different and the all the manhood of Great Britain of less than forty-five years of age has been under arms, yet it is doubtful whether the soldier will play as active a part in the parliamentary arena at Westminster as he is likely to do at Washington. To take one case in point, the names of General Pershing and General Leonard Wood have been widely canvassed as possible candidates for the presidency, but nobody has ventured to attribute political ambition to Sir Douglas Haig.

Beatty's Future. It is indeed believed that Sir David Beatty having reached the apex of his own profession desires a wider field of activity, but he will probably find this in the governorship of India or one of the great dominions rather than in parliament. Only once in British history has a soldier become prime minister and the success of the Duke of Wellington in that capacity was hardly of so convincing a character as to encourage a repetition of the experiment. In any case, 1830 and its almost impendible nowaday to imagine a British prime minister who does not hold a seat in the House of Commons.

It therefore to the military members of that house that our attention must be turned if we are endeavoring to discover a future political leader. There are numerous (but not so numerous as was previously believed) the general election being held somewhat later, since in many cases men were too busy fighting to bring themselves to the notice of the constituencies and they include in their ranks several distinguished figures. One of the present no one of outstanding ability has made his reappearance. Two well-known generals hold seats in parliament: one, Sir Arnold Hunter, was Kitchener's right-hand man in Egypt, and during the recent war commanded the great training centre at Aldershot, where hundreds of thousands of troops have been drilled. The other, Sir John French, who possesses a curiously similar name, Sir John French, was a major of engineers when, accompanied by only a dozen sappers, he rode thirty miles thru the enemy's country to blow up the railway north of Bloemfontein. Later he commanded the 24th division in their heroic landing at the Dardanelles, and subsequently led a corps command both in Gallipoli and France.

OSGOODE HALL NEWS

ANNOUNCEMENTS.

Weekly court, before Kelly, J., on Thursday, July 24, at 10:30 a.m.: Goodman v. Yollack, Whitcher v. Fremkin, Mackell v. Ottawa Separate Schools, Doherty v. Doherty (three cases), Lake v. Toronto (two cases), Symes v. Terminal, Re Cameron & Polien, Annis v. Annis, Whelan v. Donovan. Re Gilmour Estate. Judges' chambers will be held following weekly court.

Master's Chambers. Before Geo. M. Lee, Junior Registrar. Imperial Trusts Co. v. Jackson-R. G. McClelland (Mearns & Co.), for defendant, obtained leave to move in September to vary or set aside order of July 14, 1919. Re Rose Bros. Coal Co.—H. H. Shaver, for liquidator, obtained order sanctioning sale of wheat stocks, Ontario Lignite Co. for \$175. Costs to liquidator out of the estate in winding-up.

Peel v. Peel (Ginier (Heyd & Heyd), for defendant, obtained order on consent, dismissing action without costs, and vacating its pendens. Namstun v. MacKay (Bealy & Co.), for plaintiff, obtained final order of foreclosure against all defendants.

Brandon v. Brandon Pressed Brick and Tile Co.—G. W. Adams, for plaintiff, obtained order making absolute attaching order. York Sandstone Co. v. Cowlin & Son (Byckens & Co.), for defendant, obtained order on consent, dismissing action and counterclaims without costs.

Drainage v. Standing—C. H. Kemp (Miller & Co.), for plaintiff, moved for return of car. J. H. Cook, for defendant, asked enlargement. Stands till 25th inst.

Richardson v. McCaffrey—C. H. Kemp, for defendants, obtained leave to serve notice of motion to set aside report issued on the hearing of the case. Hawley v. Hand—Buchanan (Pasien & Co.), for plaintiff, obtained flat fee statement of claim now pro tempore of 25th April, 1919.

Lucas v. Lucas—J. G. Smith, for plaintiff, moved for interim alimony. J. C. Moorhouse, for defendant, asked for Order made for payment instructed. Judgment weekly from issue of writ, with \$50 for disbursements.

Judges' Chambers. Before Kelly, J. J. C. Moorhouse, for official guardian, obtained orders in the following matters: Re Belcher and Manufacturers' new Life, Re J. value estate, Re R. Erickson, Re A. Schultz, Re Astrid Erickson.

Rex v. Wright alias William J. Shepherson—Fletcher Kerby on motion to bring conviction by police magistrate at Toronto on charge of keeping rooms for performance of acts of indecency. Judgment: The motion will be dismissed with costs.

At Trial. Before Kelly, J. Re Duncan & McRae—J. P. Weeks for executor and Addie Hanson, a beneficiary; J. G. Harkness for Magistrate McRae, a disinterested assessor; H. E. Stone for Ellen Taylor and Marguerita Bottrel; J. C. Haigh for David Gordon. Action to set aside will of Duncan L. McRae, dated September 11, 1918, also to set aside agreement for sale of certain lands. Testator died September 23, aged over eighty years. Judgment: The will of September 11 is valid and unrevoked and should be admitted to probate. It was not procured by fraud or undue influence. The agreement referred to between David Gordon and Duncan McRae is a good and valid agreement, and David Gordon is entitled under it to the lands and chattels therein described. The agreement was not procured by fraud and undue influence or without consideration. Costs of executor and Addie Hanson to suffer extinction.

FAMOUS MINSTREL CALLED BY DEATH. San Diego, Calif., July 23.—George H. Primrose, famous minstrel, died here today following a severe illness which began one month ago. He was born in London, Oct. 28, 1848. A widow and a brother survive him here. Primrose's career as a minstrel dates back to the time of the famous Haverly troupe. He began his stage career when 15 years old, and is credited with having originated soft shoe dancing. After being with the Haverly troupe for several years, Primrose toured the country with a company known as Barlow, Wilson, Primrose and West. Later the name was changed to Primrose and West, a combination which lasted for many years. About 15 years ago, Primrose joined forces with Lew Dockery. Of late years he has appeared on the vaudeville stage.

A Labor Saving Combination

Eddy's Indurated Fibreware Washtubs and Washboards

"It is the last straw that breaks the camel's back." So runs the old proverb. And it is the little extra efforts which tire you out on wash-day. Eddy's Indurated Fibreware Washtubs and Washboards form a combination which save you much extra labor. Indurated Fibreware tubs are much easier to lift and to move about. They keep the water hot for a much longer space of time, because they do not conduct heat so readily. They are easier to keep clean, because they are made in one piece without joint or seam, and the hard, glazed surface is impervious to liquids or odors. And they cost no more. Last longer, too. Eddy's Twin Beaver Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves many tiresome motions.

The E. B. EDDY CO. Limited

HULL, Canada. Also makers of the Famous Eddy Machines.

to be paid by Ellen Taylor and Marguerita Bottrel. R. Reece Hall is also liable for these costs down to the delivery of issue. The executors are to have costs as between solicitor and client out of the estate, and the costs realized by him against Ellen Taylor, Marguerita Bottrel and R. Reece Hall as above are to be applied in reduction of his costs, payable out of the estate. No costs to or against David Gordon or Maggie McRae.

Before Subecland, J. G. P. Henderson, K.C., for plaintiff; George McLaurin for defendant. Action to recover possession of three-foot strip wide, out of the premises of the plaintiffs on Arthur street, Ottawa. Judgment: The property has been for upwards of twenty years in the open possession of the defendant and his predecessors. The action will be dismissed with costs.

Brown v. Crawford—Augustus Lemm for plaintiff; S. R. Broadfoot for defendant. Action to enforce alleged contract for sale of shares in the Prince Rupert Cobalt Co. in consideration of the defendant and his predecessors. The action will be dismissed with costs.

SOLUTION OFFERED OF RAILWAY PROBLEM. Proposed Merger of U. S. Roads Under Transportation Board Supervision. Washington, D.C., July 23.—Private ownership and operation of railroads, amounting to twenty or thirty great competing systems, under the supervision of a federal transportation board, with a statutory role of rate-making assuring the roads a net return of six per cent, was offered to the house committee of the senate today in the hearing had of the roads' credit, and to facilitate the transportation conference.

Harry A. Wheeler of Chicago, former president of the chamber of commerce of the United States, which assembled the conference, today made his hearing had of the roads' credit, and to facilitate the transportation conference. The plan evolved was said to be a combination of the best features of plans already put forward with some new elements. It seemed into what the conference regarded as a harmonious whole.

Continued government operation until remedial legislation is enacted, was urged by the conference, with the limitation that such legislation should be enacted this year. With the return of the roads, there should be made available by congress a railroad reorganization board, for the transportation board, for the stabilization of the roads' credit, and to facilitate the transportation conference. The sum eventually would be returned to the government.

Denies Responsibility For Shantung Settlement. Washington, July 23.—President Wilson today denied published reports that he had told senators that he was responsible for the Shantung settlement in the treaty with Germany. An official statement issued at the White House said the president had "exercised all the influence he was at liberty to exercise in the circumstances" to obtain a modification of the Shantung provision. He believed the ultimate action of Japan with regard to Shantung will put the whole matter in its true light.

TELEPHONS SHOT AT BERLIN MEETING Socialist Gathering Was Broken Up by Communists and Spartacists

Berlin, Tuesday, July 23.—Ten persons were shot during disorders which attended the breaking up of a majority Socialist meeting in the city of Berlin.

At a meeting of the majority Spartacists here on Monday. Those attending the meeting, which was held in the trades union building, attempted to lynch the man who fired the shots, but he was saved by his helpers who were in the building.

Several majority Socialist meetings held late Monday did not develop as smoothly and quietly as they began. Communists and Spartacists by a pre-arranged plan smuggled fellow radicals into halls where the majority Socialists were congregated and there broke up the meetings by cat calls and other noises and even by violence.

At countless meetings the majority Socialist speakers gave up attempting to speak after half an hour of shouting, and in the trades union building, where the biggest meeting was held, chairs, beer bottles, glasses and even tables were flung about in a successful attempt to break up the gathering.

All had been quiet, serious and earnest when the correspondent visited the building in a tour of the meetings. The communist agitator responsible for the uproar in the trades union building, jumped on the stage while the speaker, editor of the Vorwaerts, was speaking and made a counter speech.

The hall instantly was transferred into a bedlam, which increased as the opponents began to throw glasses and other chairs, while the speaker fled. Sudden shots were fired. Some ten persons were wounded, including Herr Kuttner, who was attacked by workers and hospital attendants. The audience tried to lynch the shooter, who also was saved by the hospital helpers.

Government troops had to quell noisy riots in other halls. The Berlin press is indignant at the uproar. The Vorwaerts heads its leader: "Instead of conciliating the people as the 'The People's Gazette' calls the day 'The Senseless Strike Monday.' Other newspapers treat the matter similarly.

BRITAIN AHEAD IN EMPIRE MATCH. Canadian Individual Scores in the Final Stages.

London, July 23.—The Empire match was resumed today in dull, windy weather. The aggregate scores at eight and nine hundred yards, ten shots, were:

Great Britain 1,781; Australia 1,781. New Zealand 1,659; Canada 1,648.

Canadian scores at 1,000 yards and aggregate were: Morris 45; Utton 44; Hay 45; McInnes 40; Martin 44; Balfour 45; Goodhouse 44; Richardson 45.

The empire match results showed: Great Britain 2,112; Australia 2,040; New Zealand 1,936.

Canadian scores at 1,000 yards and aggregate were: Morris 45; Utton 44; Hay 45; McInnes 40; Martin 44; Balfour 45; Goodhouse 44; Richardson 45.

The highest score was by Sergeant Burr, Great Britain, 270.

FIVE CANADIANS FOUND GUILTY. Two Were Acquitted of Murder in Connection With Death of Sergeant.

Reuter Cable. London, July 23.—At the Surrey assizes today, Bugler Robert Todd and Pte. R. A. McAllen, of the Canadian Forestry Corps, were found not guilty of manslaughter in connection with the death of Police Sergeant Green at Epsom, and discharged.

Private F. H. Wikke, 102nd Canadian Battalion, J. Connors, 15th Canadian Highlanders, A. McMaster, 3rd Canadian Reserve, and D. Yerex, and A. Masse, of the Canadian Forestry Corps, were found guilty and sentenced to 12 months imprisonment without hard labor.

When the trial continued today at Guildford, H. Benjamin, defending Connors and McAllen, opened the defence by calling Connors, who he said was 19 years of age, had enlisted in the army at the age of 16 and had been in it ever since. He had been wounded in France. While sitting on a bench near an hotel in Epsom he saw a party of soldiers going past, and followed them to the police station and stayed there about ten minutes during which time he saw no act of violence. He then returned to camp and absolutely denied he used a plank in any struggle with the police. Cross-examined by Sir Ernest Wild, Connors said he did not see any soldiers tearing down palings near which he had been seated, nor had he heard any bugle calls. Connors said he waited five minutes before he followed the soldiers and could not estimate the time when he arrived at the police station.

Connors proceeded to deny evidence for the prosecution that he stated he threw a policeman over a hedge. No Place For Me. McAllen said he followed the crowd in the execution of his duty as camp policeman. At the police station, someone had told him they were going to get some men out. He mediated (this no place for me) lighter, and was turning to depart when he was struck by a stone.

McMaster said he was asleep on the night of June 17, when he heard "All in" sounded. He dressed and joined the crowd in camp, and not knowing this object of the march accompanied the other to Epsom and was proceeding along the road when he was struck by a stone on the head and knocked out.

Masse denied participation in any violence against the police, and said he was struck by the head with a stone. Wikke's evidence being represented by same as McMaster, he admitted he was in front of the attack on the station and in the station and in the street yard.

Yerex gave similar evidence.

Justice Denton Will Hear Bread Drivers. Ottawa, July 23.—Hon. Justice Denton has been named by the department of labor as chairman of the board of arbitration, which will inquire into the dispute between the master bakers of Toronto and their delivery men. F. H. McGuigan will represent the twenty employers and W. A. Clay the employees.

WILL IT BE A PARK?

The above is a view of the Webb property, regarding which the Toronto Housing Commission figures in litigation, and which is situated in neighborhood of Lincoln, Runnymede and Gilmore avenues.

The recent history of this district petitioned the city authorities, urging its being taken over for park purposes, and it is stated a communication was received from the parks commissioner that the matter would be looked into. Not long after this, in the month of May of this year, the housing commission announced they had bought the property for building purposes.

A deputation then appeared before the city council and urged that the ground be acquired for park purposes. The committee of the residents visited H. Williams, chairman of the housing commission, and in answer to his request that they find another site suitable for the class of homes it was desired to erect, they discovered a property with 880 feet frontage, which could be purchased at \$29 foot. Members of the committee state that when this point was brought up at the city hall, some of the controllers were in favor of the housing commission taking over this property and relinquishing the Webb property for park purposes, the extra cost being charged to the city parks department.

FISH ACCUMULATION IN STORAGE SERIOUS

(Continued From Page 1). frozen, of which we have 15,737,658 pounds; unfrozen fresh beef amounts to 1,768,810 pounds; cured beef amounts to 604,173 pounds, and the quantity in process of cure is 287,972 pounds. These stocks look large for this time of the year, but it must be remembered that the domestic consumption of beef in Canada last winter ran nearly that high each month, and that in addition our exports averaged over 10,000,000 pounds a month last year. The trouble is not in the quantity in store; the trouble is that the consumer's price has been advanced, making a total of 1,671,628 pounds.

More Mutton and Lamb. The stocks of mutton and lamb consist of 1,887,807 pounds frozen, and 6,280 pounds unfrozen. Comparative figures show the total to be 27 per cent less than a month ago, but 42 per cent more than last year.

The stocks of poultry include 64,583 ducks broilers, 397,600 pounds chickens, 96,692 pounds, geese, 192,305 turkeys, and 161,159 pounds unclassified, making a total of 1,107,245 pounds. Comparisons show this to be 25 per cent less than last month, but 48 per cent more than last year.

The stocks in cold storage on July 1 were 20,357,455 pounds, and in addition there were 3,244,000 pounds on hand other than in cold storage. The largest holdings are in the Pacific coast, although there are large stocks in generally excepting in the large cities.

NAVAL MATTERS TO BE DISCUSSED

Winter Parliament Expected to Deal With Canadian Naval Organization. Ottawa, July 23.—The Montreal Gazette says that naval matters are likely to engage the attention of parliament to some extent at the next regular sitting of the house, which will open during the winter months. Some time ago Admiral Jellicoe was named by the imperial government to confer with the governments of the overseas dominions as to the best policy for them to adopt in the light of what was revealed by the war. Admiral Jellicoe will be a visitor to the Dominion this autumn, when the matter of after-the-war naval development will be discussed with him. It is not likely that any concrete conclusions will be arrived at in time for the announcement by the government of a permanent naval policy at the special autumn session to be convened early in October, but it is regarded as more than likely that legislation dealing with the matter will be introduced at the winter session.

MOTORIST DRIVES INTO DEATH TRAP

One Gate Open, One Gate Shut When Auto is Hit by Train. John Atkins of 1227 West St. Clair, had a narrow escape from death last night at 11.30, when the automobile he was driving was struck by a C.P.R. engine at the Bay street crossing.

According to the police, Atkins had passed thru the north gates of the crossing, but was unable to get out of the crossing at the time. He declared he was traveling slowly at the time. The engine carried the auto for a distance of about twenty feet along the tracks, leaving it a total wreck.

Bargain-seekers Busy. James Gurry, 103 Wardell avenue, the gateman, who has charge of the raising and lowering of the gates, stated to The World that he had lowered the south gates on account of a large crowd from the island waiting to pass thru, and that there were four engines in operation at the crossing at the time. He declared that he shouted a warning to the driver in ample time for him to have avoided the accident, but he had refused to hear.

The car, which was jammed partly against the gate, is a total wreck and was being stripped of head and rear lights and a number of automobile accessories by a number of "bargain-seekers" who were clustered around the spot at midnight. Some were even looking longingly at the tires. The engineer in charge of the engine was William Kerr of London, Ont.

SOLDIERS PATROL WASHINGTON STREETS

Fuller Precautions Taken Against Renewal of Race Riots. Washington, July 23.—Streets of the national capital were patrolled again tonight by a force of cavalry, infantry and marines numbering more than 2,000 men, no precaution being overlooked by the authorities against a renewed outbreak of the race riots which have occurred on four successive nights.

The element of race, however, which was believed to have played an important part in keeping people off the streets last night was lacking tonight. Major General W. G. Hagan, in command of the military forces co-operating with the police, expressed confidence that there would be no further serious disorders.

WHOLESALE POLICE CHASE FOR MURDER SUSPECT

Fort William, Ont., July 23.—The second man implicated in the murder of William Armstrong at Nipigon last Friday is still at large. Apparently since Monday afternoon there has been no sign of him, although Inspector Sergeant Burleigh and members of the local police forces, mounted police, Dominion, provincial and railway police have been searching in their vigilance for him, and are still scouring the woods between Port Arthur and Wild Goose Point.

WINNIPEG LABOR EDITOR GIVEN FURTHER REMAND

Winnipeg, July 23.—J. S. C. Woodworth, acting editor of the Labor News, after the arrest of Rev. William Leves, who is charged with seditious remarks, and counseling to commit an indictable offence was given a further remand of one week, when he appeared in police court today.

Taft Has Proposed A Middle Ground. Hopes to Unite Enough Senators of Both Parties to Pass League Covenant.

Republicans Are Now Engaged on Program of Interpretive Reservations.

Washington, July 23.—A plan for "interpretations" in senate acceptance of the league of nations has been suggested by Former President Taft in the hope of uniting on a middle ground enough Democratic and Republican senators to defeat any radical amendment of the covenant, and in the end obtain its ratification.

The suggestion has been received with earnest consideration by the group of Republicans who favor the league idea and who already are at work on a definite program of interpretive reservations which they declare they have reason to believe will be accepted by the administration.

The administration leaders, however, unwilling to concede to any reservation, will have the votes when the time comes to ratify the covenant as it is.

So confident are the league Republicans of the success of their plan that some of them believe President Wilson will publicly accept the program of interpretive reservations to the league. Some Republican senators who have seen the president in the last few days have come away from the White House with the impression that Mr. Wilson, while not encouraging reservations if they can be avoided, might not be unwilling to accept the program of interpretive reservations if they would leave the league fabric unimpaired. They say however, that this impression is not based on any direct statement by the president.

Suggestion Creates Sensation. Mr. Taft's suggestion, which created a sensation in the senate because of his well-known advocacy of unreserved ratification, was embodied in two letters to Will H. Hays, the Republican national chairman, copies of which reached some Republican senators today. They touched upon many features of the treaty controversy and emphasized the former president's belief that only by acceptance of some reservations could the treaty be ratified.

Six specific interpretations proposals are outlined which will meet the objections of a large group of Republicans who favor a league. He counts forty-five Democratic senators as supporters of the president in the treaty fight and says that should three Republicans be committed to vote against material amendments to the covenant, the president could receive a senate majority.

The former president suggested to Mr. Hays that his name be withheld from the present connection with the interpretation plan since it might antagonize some senators of his party. Chairman Lodge of the foreign relations committee, who is named in that connection, declined today to make any comment on the Taft letter.

Mr. Taft also has written some of the Republican senators, who, under the leadership of Senators McCumber, North Dakota, and McNary, Oregon, have been interested in formulating a middle course for solution of the senate situation. It is understood that Rhode Island, and Senator Missouri, also have been consulted in the interests of such a plan.

Criticized Wilson. In one of his letters to Hays, Mr. Taft severely criticized President Wilson for his "partisan" course during the war and in the peace negotiations. In the other part of the impression that no serious opposition is to be feared to any portion of the peace treaty except the league covenant. The statement provision, he wrote, has been the subject of deliberate exaggeration. While the letters were being circulated among Republican senators today, the first expression on the Shantung settlement came from the White House in the form of a statement, declaring: "Altogether false publicity."

198th Battalion Association Picnic

To Long Branch on FRIDAY, JULY 25TH. A good programme of Sports, with dancing in the evening as arranged. Every member is requested to be on hand. Tickets may be had from H. A. Whitehead, 355 Palmerston Ave.; G. Gray, 103 Galt Ave.; P. Sanders, 27 Gough T. C. Yandell, 551 Greenwood Ave.; J. Long, 19 Maple Grove Ave.

ports that the president had formulated this provision. The statement continued that Mr. Wilson had "exercised all the influence he was at liberty to exercise in the circumstances" to secure modification of the arrangement giving control of the peninsula to Japan.

The president's statement was accepted as precluding any likelihood that Mr. Wilson would defend the Shantung provision except on the ground of expediency.

The two letters to Mr. Hays, copies of which were received here today, do not outline definitely the six interpretations suggested by Mr. Taft, but they are referred to as having been contained in his previous unpublished communication.

Six Stipulations. These six stipulations are understood to be substantially as follows: 1. That upon two years after the date of the ratification of the United States covenant to the league, the United States should cease to be a member of the league without having the league pass upon whether she had fulfilled all her obligations under the covenant.

2. That self-governed colonies and dominions could not be represented on the league council at the same time with the mother government, or be included in any of those clauses where the parties to the dispute are excluded from its membership.

3. That the functioning of the council under article ten shall be advisory only and that each member shall be left free to determine questions of war in its own way, the decision of the United States resting with congress.

4. That differences between the nations regarding immigration, tariff and other domestic questions shall not be left to the league for settlement.

5. That the Monroe doctrine is to be reserved for administration by the United States.

6. That the United States reserves the right to withdraw unconditionally at the end of ten years or at least to terminate then her obligations under article ten.

These interpretations, Mr. Taft wrote, could be made without weakening the covenant.

Would Mean Renegotiation. The argument of Senate administration senators against inclusion of any such provisions in the ratification has been, however, that any qualification at all would necessitate renegotiation with the other nations, and encourage them to adopt reservations.

It is known that in his White House conference with Republicans, the president has emphasized this argument, the he has been told by some of them who are friendly to the league, that he must choose between reservations or failure of the entire league plan. Just how much basis there might be for the prediction that Mr. Wilson might decide to endorse interpretive reservations, did not appear tonight, but it was reported negotiations actually were under way to secure such an endorsement.

The president saw four more Republican senators today, and it is understood that each of them expressed a determination to vote for reservations. They were Senators Page, Vermont, McLean, Connecticut, Sterling, South Dakota, and Newberry, Michigan. None of them would discuss the conference in detail, but it is known that some of them implied from the president's remarks that the door was not entirely closed to ratification of the league.

During the day, Senator McKellar, Democrat, Tenn., supported the league in a senate speech, and in the house, Representative Edmonds, Republican, Penn., introduced a resolution asking the judiciary committee to report whether the president can negotiate a treaty placing in the hands of a foreign commission powers constitutionally vested in congress. The senate debate will continue tomorrow.

ALL LOOK ALIKE TO TRAVELING LEAFS

Baltimore Beaten When String Increased to Sixteen Straight Victories.

Rube Farnham and Dunn's Birds both big with the one stone. That was the juicy morsel that Gibson's Paraders handed the big crowd of fans yesterday when the sixteenth straight victory was registered. Over 7000 journeyed over for the double-killing. The fans have not put so much fun since the fence was put around the local ball yard.

One large inning and the old ball game was tucked away in the bag. The Leafs clustered hits on Farnham in the first, ring the talking bell five times and the Birds share for the afternoon was done. A hot afternoon, but work finished perfectly.

The fans crossed the bay for large dogs, but they have expected the Leafs to launch such a vicious attack so early in the contest, and the roar that greeted the gibbonites was worth traveling many miles to hear.

The advance reports claimed that the Orioles are not fond of southpaw pitching. Keeping this in mind Manager Gibson sent Heck against the victors and the good port-ster turned in a pretty performance. He used his head all the way and the lighter spot the harder would Bobby. Mistakes made the only Baltimore run possible and Bobby should have had a shutout.

His team mates played superb ball and were up on their toes all the way. The Leafs looked decidedly better than Dunn's high-class club yesterday. May the good work continue.

Bill Holden was back in harness, after a long lay-off, and his good hit in the first scored two. Bill Purcell had his ice broken on Tuesday and was an abject failure. McNamara played second and Gonzales moved over to third.

Dunn's flock of three hundred hitters got some assistance to the lead at the start. Onslow dropped Gonzales' throw on Malsell's tip. Lawry's bunted and Gonzales walked and threw the second head off Malsell and found the bag uncovered. It meant that all hands were safe. Jacobson sacrificed and Boley banded a hit to right for the run.

Heck handled the next two nicely, and was tough to have a score here and didn't leave the big crowd.

SONS OF ENGLAND ATHLETIC MEET.

According to the way the entries are coming in it is evident that the Sons of England monster athletic meet on Saturday next at the Island Stadium will be one of the most successful in the history of the society. More than two hundred entries were received by Saturday next in addition to the numerous open events, the tug-of-war contest between the Grand Army of Canada and the Great War Veterans will prove an attractive event. The baby show, which is open to all eligible infants in the city of Toronto, will no doubt eclipse all records for numbers. Several nurses and doctors from the medical health department are looking after the judging. The special five-a-side soccer contests in the evening will draw a large crowd of soccer enthusiasts.

RECORD FOR CANNON BALL.

Lindsay, Ont. July 23.—Cobourg proved easy picking for Lindsay Gra's in today's Central Ontario League game, the score being 11 to 1. "Cannon Ball" Scott should have had a shutout. Cobourg scoring on an overthrow to third in the eighth. The Gra's were bowled out by the willow hammering Skitch all over the lot. Scott allowed but three hits, and had a league record in strikeouts, viz., 17. As a result of the game, Lindsay finished with five wins and five losses. Next week the most illustrious of Toronto in an exhibition game.

OLD COUNTRY CRICKET.

London, July 23.—Cricket matches played this week resulted as follows: Middlesex and Essex, abandoned thru rain. Middlesex 20, Essex 15 for two. Yorkshire beat Surrey by ten wickets. Yorkshire 145 and 25 for no wickets, Surrey 143 and 68. Somerset 241. Somerset bowlers took sixteen wickets for 88.

PENNY ANTE

Making the Rules

By Gene Knott

MILLER STOPPED THE RUSH OF THE PHILLIES

Cravath's Men Had Rung Up Five Straight—Benton Bests Sallee.

At Philadelphia (National)—Miller shut out Philadelphia in the second game of yesterday's double-header 1 to 0, after the locals had won their fifth straight victory in the first game by the score of 8 to 1.

Four double plays by the Phillies in the first game helped Meadows considerably. Bancroft starring as the pivot man of all four. Stengel's home run scored Pittsburgh's only run. The second game was a pitchers' battle, neither Busey nor Miller leaving a base on base. The only run was scored by Bigbee, whose low fly fell safe behind Blackburn. He stole second, then on the hit-and-run play, Terry sent a sacrifice bunt to the pitcher's box.

At Brooklyn—Both Alexander and Douglas pitched shutout ball yesterday, and Chicago beat Brooklyn twice, 3 to 0 and 6 to 0. The first game went 11 innings, Manaux keeping pace with Alexander until the eleventh, when he doubled with the bases full, broke the deadlock. Douglas held the Sox to a few scattered hits in the second game, while the Cubs batted ground balls and were helped around the bases by six errors due to the slippery field.

At Detroit (American)—Detroit ended a long home stay yesterday by taking an 8 to 1 defeat at the hands of Boston. The victors gathered twelve hits off three hurlers, and by combining with errors and passes, won easily. Jones pitched all-right ball for Boston, holding Detroit to five scattered hits.

At Boston—Boston-St. Louis, both games postponed, rain.

At London, Ont. July 23.—Infielders Bill L. Moore, T.C.C. 2; H. Weismiller and W. Henderson, P.C.C. 2; F. Longstaff, G. Duncan, W. Henderson, H. Weismiller, P.C.C. 1; N. Attrell, C. Coutie, W. Porter, G. Larkin, T.C.C. 1; W. Porter, G. Thorn, B.B.C. 1; E. Smith and G. E. Monahan, I.A.A. 1; G. Brookes and I. Webster, T.C.C. 1; W. Raine and E. Fraser, B.C.C. 1; G. Montgomery and I. Smith, P.C.C. 1; P. Drysdale and H. Galbraith, P.C.C. 1; W. M. Macwood and N. Attrell, B.C.C. 1; I.A.A. 1; E. Temple and E. Elliott, P.C.C. 1; C. A. Smith, B.C.C. 1; W. Porter, G. Thorn, B.B.C. 1; E. Smith and G. E. Monahan, I.A.A. 1; G. Brookes and I. Webster, T.C.C. 1; W. Raine and E. Fraser, B.C.C. 1; G. Montgomery and I. Smith, P.C.C. 1; P. Drysdale and H. Galbraith, P.C.C. 1; W. M. Macwood and N. Attrell, B.C.C. 1; I.A.A. 1; E. Temple and E. Elliott, P.C.C. 1; C. A. Smith, B.C.C. 1.

Yesterday's big crowd was a fine tribute to the Leafs. The fans appreciate the efforts of the local players to get back the league leadership, and the trimming handed to the Orioles was just to the liking of the people that go to the races, and you can't tell anybody who saw yesterday's game that the Gibson crew will not go right on with the good work.

Bill Purcell will be back in harness to-day. A broken nose will not keep Hamlin out of this important series. Bill wants a hand in taking the pride out of the leaders.

Four and a half games down only. Watch the Leafs out this to two and a half by Friday and then rush to the front next week.

It begins to look as if President Fultz realizes that the Leafs claim for Tommy Thompson is just. The World learned last night that the league leader has ordered that Thompson cannot play until the matter is adjusted. This is welcome news, and means that the good little left-hander will not be worked against Toronto in this series. Don't be surprised if Tommy is soon wearing a Toronto uniform.

Chick Hartman, who made such a brave fight with the Binghamton team last year, has been appointed manager of the Cobblers to succeed Frank Schutte, who resigned earlier in the week.

The Knights of Columbus are taking a party of wounded soldiers to the Island today to see the Leafs in action.

The game with the Cincinnati Reds scheduled for the Island on Aug. 27 has been canceled.

At Hamilton (Mint League)—Morrisette pitched his first game for Hamilton yesterday. Kitchener yesterday and came out in a pitchers' battle with Zibert, both teams making six hits, but the Hamilton pitcher struck out eight men and did not issue a pass until the eighth. Morrisette, O'Rourke and Kitchener were the pitchers. Morrisette pitched twice yesterday. Beatty got three of the six hits made on Morrisette, and after Starbuck doubled in the first inning, Morrisette was ordered out of the game in the seventh for attempting to hit umpire Strouger.

At London, Ont. July 23.—Infielders Bill L. Moore, T.C.C. 2; H. Weismiller and W. Henderson, P.C.C. 2; F. Longstaff, G. Duncan, W. Henderson, H. Weismiller, P.C.C. 1; N. Attrell, C. Coutie, W. A Horseman on the Racing Out.

Sporting Editor World: I can't stand for the explanation you give for the government's continuance of the war time order-in-council stopping racing in Canada. The idea that it is intended to stop profiteering would make old Harwood himself laugh. By the way, keep an eye on him in the steeplechases at Saratoga; he is the smartest jumper that ever went out of this town. I wouldn't let him hear about this toy fear he'd hurt himself. The government that stands for the 300 per cent profit a year on the clothes we have to wear worrying itself about the protection of the people that go to the races, eh? Not in our time, son, not in our time. Anyway, you'll find that most of them can protect themselves, and all they want is for the politicians to keep out; they don't want the graft increased.

Take it from me, Mr. Editor, and tell it out among the nations, that the tracks are not shut up on account of those who have been furnishing the funds, but on account of the bootleggers that never went on a racetrack, but have the government, or some members of the government, "buffalooed." Take it from me, too, that they're going far in their shutting up game, and a lot of other things than horse racing are on their list.

I am a farmer, a breeder, an owner, and a trainer. I pay taxes in the county of York and in the city of Toronto, but I have to take my horses to a foreign country for the opportunity of earning something with them to make up what I lost by being humbugged into buying idle with them ever since spring. I expected that the promise that racing would be back again when the war was over would be lived up to, but I suppose I should have known better.

I am going to the States, where they can run for decent purses, and if I feel like it, I can put down a bet. If England was not so far away I would go there. Fortunately, tho, for a man of my means, there is a country on the continent in which some regard for the common people prevails. This is welcome news, and means that the good little left-hander will not be worked against Toronto in this series. Don't be surprised if Tommy is soon wearing a Toronto uniform.

Chick Hartman, who made such a brave fight with the Binghamton team last year, has been appointed manager of the Cobblers to succeed Frank Schutte, who resigned earlier in the week.

ATLETIC AND LACROSSE MOGULS WORK TOGETHER

No Differences as Reported—Maitland and St. Catharines Players Reinstated.

The applications for reinstatement of lacrosse players who took part in the O. A. L. A. series were finally disposed of at the meeting of the registration committee of the Ontario Branch A.A.U. of C. The O. A. L. A. representatives present were: President Al. Westwood of St. Kitts; Secretary Jas. E. Dundas, and First Vice-President G. Waghorn.

The following players took part in less than two games, and have been out of all sports for a period of one year, and were recommended for reinstatement by the O.A.L.A., and under these conditions the registration committee passed resolutions being adopted by the Ontario Association, and they are now eligible to take part in all recognized amateur athletic events. The following are the applications approved:

St. Catharines players—Coby Richards, the Great John Wiley, C. Immel, A. McLaughan, Joe Overholt. Maitlands—Joe Dwan, Geo. Dowling, Thos. Robinson. The case of the Diamond B.C.C. under whose auspices a boxing show was held recently, was laid over until next meeting to allow their clearing the appeal in question.

The Ontario boys' track and field championships will probably be held on Sept. 22 at St. Catharines. The registration committee met every Tuesday evening in the union offices, 22 College Street.

Several newspaper reports which have appeared lately relative to alleged differences between the lacrosse and football associations and the union, and which were a deliberate misrepresentation of known facts, were refuted by Chairman Francis Nelson and Secretary W. J. Smith. How the people are misled by present newspaper articles is a matter of regret. The registration committee met every Tuesday evening in the union offices, 22 College Street.

At the weekly meeting of the T.A.B.A. executive, held last evening, many important matters were settled. Eddie McKeown, St. Francis, was inductively suspended for playing with the Belvidere Club in Shelburne on July 1 without a permit.

The Goodyear Club of the Lake Shore League, are defaulting the balance of their scheduled games for this season. Fringe Day, who is in possession of the commercial club clause, but will put some kind of a club on the field for Saturday.

It was decided that in future no inter-league games will be allowed unless sanctioned by the association. New members of the Spalding League, are suspended until such time as they produce a certified list of eligible players. Harry Deacon, who played in the Northern Senior League during 1918, and who has been inductively suspended for playing with the Belvidere Club in Shelburne on July 1 without a permit.

RUMORS OF DARK HORSES IN RACE FOR HOME AUTOS

Many Surprising Changes in the Line-up of Members of Sales Club Can Be Looked For Between Now and July 30, When Big Extra Offer Ends.

There are several interesting changes in the line-up in the Salesmanship Club as shown by today's list. The total credits to hold leading positions did not increase much, but several members, who had heretofore been inactive, suddenly got busy and made a flying leap to dangerous near top positions. There are many rumors of "dark horses," and like all rumors they may or may not materialize. It stands to reason that every member is going to do his or her best between now and July 30, when the extra offer ends, and it is very likely that many members, who have been on the inactive list, have been quietly working along during the past several days and that they will have interesting reports to make one of these last days of the offer.

Every Moment Valuable.
*Every six new six-months subscriptions or their equivalent in longer or shorter time ones earn 60,000 extra credits if turned in to the office of the Salesmanship Club before 11 p.m. Wednesday, July 30, or if they are mailed so as to show postmark prior to that date. It is the club manager's advice to everyone to take advantage of every spare moment between now and then and to cash in every subscription promise while they count for so much.

The extra credits earned on this offer not only count toward the two \$500 extra cash prizes, but they count on the main prizes at the finish as well. This is the biggest and most important offer that will be made at any time during the campaign. It is the one big chance to pile up a lot of reserve credits that will come in to good advantage during the latter part of the campaign.

The list of members as published today was revised up to Monday night and members are credited with all credits accepted for publication with the exception of reserve credits.

WHOLESALE FRUITS AND VEGETABLES

At the wholesale fruit and vegetable market yesterday there were not many changes in prices from those at beginning of week. White & Co., Ltd. had a car of cantaloupes, standard size, 47 and 48 baskets, 21c to 22c a box; blueberries at \$1.50 to \$2.50 a basket; cherries, \$1.50 to \$1.75; gooseberries, 2c a basket; tomatoes, 75c to \$1.25 a basket; pears, 45c to 50c a case; cucumbers at from 40c to 50c per case; green peppers, 1c a basket; black watermelons, 85c to \$2.50 a case; 7c to 8c a dozen; cabbages, 25c to 30c a case; cauliflower, 1 1/2 to \$1.50 a case; head lettuce, 25c to 30c a case; romaine, 25c to 30c a case; young turkeys, 25c per lb. alive, 40c per lb. dressed.

Meats. Hindquarters of beef were selling at 55c to 56c per lb.; front quarters at from 14c to 16c per lb. Choice cattle went at from 19c to 20c, and middle-class at from 17c to 19c per lb. Veal, No. 1, was selling at 25c to 27c. Spring lamb at 64c to 65c per lb. Hay and straw. New hay was selling from \$19 to \$22; old hay at from \$25 to \$27; new straw at \$14 to \$15, and bundle straw at \$17 to \$18; rye, \$25.

Poultry. Prices in poultry remain steady, as follows: Spring chickens, live weight, 40c per lb.; dressed, 50c. Fowl under 4 1/2 lbs. brought 27c per lb.; over 4 1/2 lbs., 26c. Old ducks sold at 15c per lb. Old turkeys at 25c per lb. alive, 30c dressed. Young turkeys, 25c per lb. alive, 40c per lb. dressed.

Eggs—New-laid, 55c to 60c per dozen; straight stock, 52c to 53c. Cheese—Old cheddar sold at 37c per lb. and the new brand at 32c per lb. Butter—Creamery butter was selling at from 45c to 50c per lb. Dairy brought from 50c to 52c per lb.

HIDES AND WOOL

Prices delivered in Toronto, furnished by John Hain: City Hides—City butcher hides, green, flat, 25c to 26c; calfskin, green, flat, 25c; veal kip, 40c; horsehide, 25c to 30c; sheep, 12c to 13c; lamb, 10c to 11c.

Final Vote of Confidence Approved by a Majority of Hundred and Thirteen.

Paris, July 23.—Premier Clemenceau, who won for his cabinet a vote of confidence on Friday in the chamber of deputies, emerged from the conflict stronger than the test vote showed. The final vote of confidence on a resolution proposed by Deputy Augustin, approving the government's declaration of policy, showed confidence in the government by 239 to 176, a majority of 113. The first vote, which was on a demand for priority for the resolution of Deputy Chaumet, gave the premier a majority of 91, the resolution being defeated, 272 to 181.

REFUSE TO ACCEPT COMPROMISE OFFER

Chicago, July 23.—Representatives of the 15,000 street car employees today announced that they would refuse to accept that compromise offer of 82 cents an hour wages a nine-hour day, and time and a half for overtime. William Quinn, president of the Surface Carriers' Union, after conferring with leaders of his organization and officials of the Elevated Road Employees' Union, said the men were determined to stand by their original demand for 85c an hour, an eight-hour day, and time and a half for overtime.

PETERBORO CHEESE

London, July 23.—At the Peterborough Cheese Board today 1,600 celled cheese were sold at 25 1/2-16 cents for local purposes, not for export.

NO TRACE OF GLASSY QUARTZ FOUND IN WEST SHINING TREE

Prevailing Color is Dull Gray, But Some of the Quartz is Dark Blue and, as a Rule, Carries Much Visible Gold.

Special Correspondence of The World. Westree, July 24.—There is no glassy or bastard quartz to be seen in this camp. Some of it is dark blue and carries type as a rule carries much visible gold. The prevailing color is, however, a dull gray, probably due to ferro-dolomite. The Gosselin has outcrops comparable to the Dome mines at Porcupine, but as a rule values are not evenly distributed in large masses of pure quartz. The Gosselin does not show as much mineralization as some other properties. In another part of the camp there is ferro-dolomite more or less charged with silica. Owing to the overburden one cannot see any ore or rock in place in the bottom of the valley, but all mining men who have examined the property have come to the conclusion that there is a very big ore body here. The shaft is now down 100 feet. A crosscut at this depth will throw light on a very interesting situation. Should the ore body prove as wide as expected it will be very materially increased in size. The rest of the pulp and paper group were dull, Laurentide recovering 1-2 of its recent price-lapse since 218-2, while Weyagamack yielded another full point to 51. Dealings in both these issues were of small volume. Howard Smith Paper, also in very moderate business, advanced 1/2 point to 51. Dealings in this price at the close of the day.

Montreal Power was less active than in recent markets, but again showed its highest price at 94 3/4, or the fraction above the previous day's last, while Shawinigan firmed 1-2 to 122 in dealings totaling 100 shares. The rest of the market, ruled quiet, and unchanged at 74.

DECEMBER CORN AT RECORD PRICE

Fresh Rise in Hog Quotations and Dry Hot Weather Responsible.

Chicago, July 23.—After jumping to the highest prices yet for December delivery, the corn market yesterday showed a decided profit-taking sales by holders. The bulge was due in the main to overtopping of all previous bids in the afternoon. The market tended to increase fear of crop damage. Nervousness prevailed at the close, which ranged from 1 1/2 to 1 1/4 to 1 1/2 down. In provisions, the market was in advance, with Sept. 1924 3-4 to 1924 7-8 and December 1 1/2 to 1 1/4. Oats finished 1 1/2 to 1 1/4 down. In provisions, the market was in advance, with Sept. 1924 3-4 to 1924 7-8 and December 1 1/2 to 1 1/4.

ON CHICAGO MARKET

Hughes, Harcourt and Company, 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday: Corn opened strong and sharply higher on account of unfavorable weather conditions. The decline disclosed a good commission house market. Open shorts found offerings scarce, prices were again marked up rapidly. The general crop outlook is so propitious that a setback from present conditions is likely. Thrashing returns for oats show no improvement, and small yields are continually indicated. Export demand is slow, unfavorable exchange rates working against any material business of this sort.

WINNIPEG GRAIN MARKET

Winnipeg, July 23.—Winnipeg wheat closed 4c higher for October and 5c higher for December. Oats closed 1c higher for July, 1c higher for October and 2c higher for December. Flax closed 5c higher for July and 2c lower for October.

SUIT OVER MINING STOCK

The action of Brown against Crawford, arising out of a contract for a sale of shares in the Prince Rupert Cobalt Mines, was dismissed by Mr. Justice Sutherland. Plaintiff, a financial agent of Ottawa, wanted the agreement specifically enforced or an alternative of \$2,500 damages.

PRICE OF SILVER

London, July 23.—Bar silver 3-16d. higher at 54 1/2-16d. per ounce. New York, July 23.—Bar silver, 106 1/2-2c. an advance of 2 1/2-4c.

that these he found from "a few feet to 100 feet. West Tree Mines. The West Tree mines are making very satisfactory progress under the able direction of George B. Rogers, M.E., whose experience and success on the Wasapika are proving of great value. Charles L. Hershman, who is in charge of the camp there, is a newcomer. He graduated from the Pennsylvania School of Mines, noted for its practical training. He is getting results, and it is not surprising that success Mr. Hershman has already succeeded, and the shareholders of the Atlas should be more than pleased with the outlook. The Alma outfit adjoins the West Tree and is only a short distance east of the Wasapika. A splendid vein 600 feet long with a strike approximating the Ribble has just been discovered on the Alma by Mr. Hershman. The formation here is like that on the adjoining properties. But the main Atlas property on Wasapika Lake is of a different type. Instead of ferro-dolomite we find quartzite and there are veins of nearly pure quartz, they lie in strong, well defined and well mineralized shear zones. The payable zone is not confined to the quartz—it continues thru the entire shear zone and will give the property a large tonnage of payable ore. This property on the West Tree are on a contact between andesite and keowatin schist. At the contact there is much sericite, chlorite and other alteration products. The conditions favor very rich ore. Shining Tree has, in fact, more visible gold than any camp in Ontario. It occurs on 40 different properties. The surface shows on the Tough-Oaks, started Kirkland Lake, now one of the most popular camps in Ontario. If the good for transportation had been good at Shining Tree it would today be far in advance of Kirkland Lake. Gold is hard to get and hard to hold. The zone is not confined to the quartz, and the government and the bureau of mines had been alive to the great opportunity Shining Tree would today be the most productive camp in the province.

COBALT'S LOWER ON STRIKE NEWS

Better Tone in Afternoon Trading—Davidson Extends Its Rally Further.

Cobalt stocks related further yesterday as it was natural they should do in the light of the fact that the miners have carried out their threat to quit work so that the silver mines, which have been closed since the 15th, are now lying idle. On the whole, however, values suffered less impairment than might reasonably have been expected, and the tone in the afternoon session of the mining market showed some improvement, due to a feeling of relief that the worst was known.

MINERS OF COBALT LAY DOWN TOOLS

Power and Water Supply Will, It is Believed, Remain on.

According to wire information received yesterday afternoon by Hamilton J. Wells from the Cobalt office, the miners laid down their tools and walked out promptly as the noon whistle blew. Offices staffed alone are still on the job, but power and water supply is on and it is believed will remain on. The despatch added: "The miners are grouped in circles on the Cobalt square, but no demonstration or violence is expected. The Miners' Union asks for recognition by the Mine Managers, and that the latter officials absolutely refuse on the grounds that such an organization is not affiliated with the American Federation of Labor, and that the latter officials are out of the country. Agitators who attempted to disrupt mining operations in the Butte, Montana, camp a few years ago."

OFFERING OF STOCK BY PETERSON LAKE

The Peterson Lake Mining Company is offering 400,000 treasury shares to the stockholders of the company at 15c per share. The money is for development work, which will require \$500,000. A short time ago the company had an offer whereby it could borrow the entire amount, but as one of the conditions of the loan called for an option on the treasury stock at 15c per share the company deemed it unwise to accept, and is now offering the treasury stock to the shareholders, and if they do not take up the entire amount of the loan, the balance will be offered to the general public.

FRANCE MAKES OFFER FOR U. S. EQUIPMENT

Paris, July 23.—France will offer to take over American military property in France consisting mainly of docks, railways and real estate, at one-fifth the value to the Americans, according to a statement given to the Associated Press today by Louis Moret, under secretary of state for the liquidation of stocks. Mr. Moret said that what seemed to be a low offer in reality is liberal because much of the military construction will be of little value to peace time, and much of the property, such as railway equipment, was designed for a use far different from that required for French operations. Foods and other movable stores, it was said, probably will be returned to the United States.

HUGE STOCKS OF SISAL TO BE PLACED ON MARKET

Mexico City, July 23.—Huge stocks of sisal held in Yucatan soon may be placed on the market at prices lower than those which hitherto have resulted in consumers in the United States refusing to buy, according to reports in financial circles which are given publicity in today's newspapers. The newspapers say that 500,000 bales of sisal hemp and 750,000 bales of henequen (sisal hemp) are now held in Yucatan. It is reported that an extensive press campaign is to be inaugurated to hasten the selling movement, which has been made necessary by the financial situation of the Yucatan growers.

that these he found from "a few feet to 100 feet. West Tree Mines. The West Tree mines are making very satisfactory progress under the able direction of George B. Rogers, M.E., whose experience and success on the Wasapika are proving of great value. Charles L. Hershman, who is in charge of the camp there, is a newcomer. On the whole, however, values suffered less impairment than might reasonably have been expected, and the tone in the afternoon session of the mining market showed some improvement, due to a feeling of relief that the worst was known.

MINERS OF COBALT LAY DOWN TOOLS

Power and Water Supply Will, It is Believed, Remain on.

According to wire information received yesterday afternoon by Hamilton J. Wells from the Cobalt office, the miners laid down their tools and walked out promptly as the noon whistle blew. Offices staffed alone are still on the job, but power and water supply is on and it is believed will remain on. The despatch added: "The miners are grouped in circles on the Cobalt square, but no demonstration or violence is expected. The Miners' Union asks for recognition by the Mine Managers, and that the latter officials absolutely refuse on the grounds that such an organization is not affiliated with the American Federation of Labor, and that the latter officials are out of the country. Agitators who attempted to disrupt mining operations in the Butte, Montana, camp a few years ago."

OFFERING OF STOCK BY PETERSON LAKE

The Peterson Lake Mining Company is offering 400,000 treasury shares to the stockholders of the company at 15c per share. The money is for development work, which will require \$500,000. A short time ago the company had an offer whereby it could borrow the entire amount, but as one of the conditions of the loan called for an option on the treasury stock at 15c per share the company deemed it unwise to accept, and is now offering the treasury stock to the shareholders, and if they do not take up the entire amount of the loan, the balance will be offered to the general public.

FRANCE MAKES OFFER FOR U. S. EQUIPMENT

Paris, July 23.—France will offer to take over American military property in France consisting mainly of docks, railways and real estate, at one-fifth the value to the Americans, according to a statement given to the Associated Press today by Louis Moret, under secretary of state for the liquidation of stocks. Mr. Moret said that what seemed to be a low offer in reality is liberal because much of the military construction will be of little value to peace time, and much of the property, such as railway equipment, was designed for a use far different from that required for French operations. Foods and other movable stores, it was said, probably will be returned to the United States.

HUGE STOCKS OF SISAL TO BE PLACED ON MARKET

Mexico City, July 23.—Huge stocks of sisal held in Yucatan soon may be placed on the market at prices lower than those which hitherto have resulted in consumers in the United States refusing to buy, according to reports in financial circles which are given publicity in today's newspapers. The newspapers say that 500,000 bales of sisal hemp and 750,000 bales of henequen (sisal hemp) are now held in Yucatan. It is reported that an extensive press campaign is to be inaugurated to hasten the selling movement, which has been made necessary by the financial situation of the Yucatan growers.

"PHENOMENALLY RICH" WEST SHINING TREE SURFACE SHOWINGS.

We lack space to tell the whole story, but will mail full information, including an accurate map of this gold camp of opportunity, upon request. Drop us a line.

LARGE BUYING ORDERS FOR DAVIDSON SHARES

Important Developments Under Way at Property Cause Demand for Stock.

The stock of the Davidson gold mines has been giving a great demonstration of strength this week and yesterday's closing price, 67, was about 13 points above the low level of last Friday when a bear drive against the stock was attempted. It is stated that brokers have large buying orders for Davidson still to be filled, and the movement in the stock indicates that developments at the property are of an important character, and that another interesting announcement is likely to be made in the near future.

NEW YORK CURB

New York, July 23.—Activity and strength was displayed in practically all of the higher priced industrials and oil issues in today's trading, and the market seems to have reached a point where still further advances may be expected. The strong undertone became apparent in the first half hour's trading and continued throughout the entire session.

Actna Explosives was traded to the amount of 300 shares and was steady at 10 1/2. Its closing price, General Asphalt was very active, with sales amounting to 9500 shares, opening at 87 1/2 and closing at 92 1/2, an advance of one-half a point. Perfection Tire continued to be heavily traded in, a gain of one point, while United Retail Stores with sales amounting to 35,000 shares, opening at 98, and closing at 99 7/8, a gain of 1 7/8.

In the motor and tire issues, Colonial Tire was in demand, selling 9600 shares to a close of 48 from an opening of 40 1/2, an advance of 2 3/4 points. The Rubber Tire closed at 47 1/2, an advance of one-half a point. Perfection Tire continued to be heavily traded in, a gain of one point, while United Retail Stores with sales amounting to 35,000 shares, opening at 98, and closing at 99 7/8, a gain of 1 7/8.

Midwest Refining was one of the few higher priced issues that did not show an advance, closing at 177, a drop of 25c from 182 1/2. Standard Oil of California was in demand, and the volume of sales was large for this high priced issue, selling 19,400 shares, opening at 28 1/2 and closing at 31 1/4, a gain of 2 3/4 points. Sinclair Consolidated sold to the amount of 18,200 shares, dropping 1 1/4 of a point. Sinclair Gulf sold to the extent of 2900 shares and dropped 1-2 point. Texas Prod. and Ref. closed at 57 1/2, dropping 1-8 of a point. Livingston Oil continued to be one of the most active of the lower priced issues, selling to the extent of 19,400 shares, opening at 55 1/4, and closing at 58 1/4, a gain of 3 points.

MONTREAL MARKET FIRM FOR CASH GRAIN

Slight Improvement in Demand for Oats From Local Buyers.

Montreal, July 23.—The local market for cash grain was firm and prices show no change today. There was a slight improvement in the demand for oats from local buyers and sales of several round lots were made arriving by water. There was also a fair inquiry from the United Kingdom for number two Canadian western oats, but as the prices bid were out of line with values here no business in this direction resulted. Carlots of number three Canadian western and extra number one feed oats were quoted at \$10.1 1/2 and number one feed at \$9 1/2. Number three Ontario white at 97 cents per bushel ex-store.

A fair amount of business continues to be done in government standard spring wheat flour for local and country account. There was no actual change in the condition of the market for foodstuffs, prices for all lines being firmly maintained.

The market for rolled oats is quiet. The condition of the market for haled hay was unchanged. And there was no important change in the condition of the local egg market today. The butter trade in a jobbing way is reported rather quiet, but prices are maintained.

There was no change in the cheese market today, but some developments of importance are expected soon.

BEAVER'S MANAGER RESIGNS

Cobalt, July 23.—L. W. Leydard has tendered his resignation as manager of the Beaver Consolidated, and the Kirkland Lake Gold Mines, the resignation to take effect just as soon as a successor can be conveniently secured. Mr. Leydard took over the management of these two properties early in the current year. It is his intention to leave for the southwestern United States, where, together with his family, he will take up residence.

THE ROYAL BANK OF CANADA FRANCE

The Agency of the Royal Bank of Canada in Paris is now open for business at 28 Rue du Quatre-Septembre.

Manager—William Warren. Assistant Manager—N. G. Hart, late of New York Agency.

Banking business with France of every description is solicited through the Branches of the Bank.

FRESH STRONG NEW YORK

Short Interest—Steels a Profit

New York, July 23.—The advance of quoted exchange today, a whole constituting the short interest. The optimistic executives respect labor disturbances will permit oil well strikes, even the active in over-optimistic.

The most interesting market was the steel industry, where the various finished goods at a rate-out buoyancy account. Dealings, steels are to four points.

Trading was active in steel issues, part of their subsidiaries and electric wire. The steel industry was in moderate gains. Demand for transport remained, even the steel industry, part of their subsidiaries and electric wire. The steel industry was in moderate gains. Demand for transport remained, even the steel industry, part of their subsidiaries and electric wire.

FRESH STRENGTH IN NEW YORK MARKET

Short Interest Again in Retreat—Steels and Oils Are Prominent.

New York, July 23.—Developments were helpful to the further substantial advance of quoted values on the stock exchange today, the movement as a whole constituting another retreat of the short interest.

The optimistic views of industrial executives regarding the threatened labor disturbances, news that Mexico will permit oil well boring, greater stability of sterling exchange and continued relaxation of call money were effective in overcoming fresh bearish impressions.

The most interesting feature of the steel market was the statement by a reliable authority that new business in various finished products is being booked at a rate in excess of current output.

Buoyancy accompanied the initial dealings, steels and oils advancing one to four points. From these groups trading soon switched to numerous other issues, particularly motors and electric equipments, later coming to the fore.

Metals were intermittently active at moderate gains, but yesterday's broad advance was not repeated, even the low-grade rails lagging, with the exception of Texas and Pacific, Denver & Rio Grande preferred and St. Paul preferred.

Shipments were at their best in the final hour, coming forward on reports that definite negotiations were pending for an early settlement of the marine strike. The outstanding features of the day were Stromberg's gain of 20 to 15 points, respectively, the rise through the general list ranging from two to nine points. Sales amounted to 1,550,000 shares.

Utilities featured the firmest buying, the Liberty division showing marked strength. Total sales, par value, aggregate \$11,800,000.

GREAT BRITISH BANKER IS SUMMONED BY DEATH

Sir Edward Hopkins-Holden Was Active in International Financing.

London, July 23.—Sir Edward Hopkins-Holden, managing director of the London City and Midland Bank, Ltd., and one of Great Britain's foremost financiers, died today in Scotland after a brief illness.

Sir Edward Hopkins-Holden was a member of the British delegation sent to America in 1915 to float the Anglo-French \$5,000,000 loan. For many years he had been active in British and international business and banking affairs.

Sir Edward was created a baronet in 1909. He represented Lancashire, in the House of Commons in 1906-10. He was 71 years old.

TRADING QUIET IN TORONTO MARKET

Steels Fail to Respond to New York Advance—Maple Leaf Lower.

Little more life was displayed in the Toronto market yesterday, although Street's fresh display of exuberance of spirit might have been expected to exert some influence locally. As a matter of fact, the allotments of the New York market are drawing away many traders who usually specialize in stocks dealt in on the Canadian exchange, and hence there has been a considerable contraction in local trading of late.

Odd-lot buying of the investment order is becoming a prominent feature, and speculative enthusiasm has flattened out for the time being.

There were comparatively few stocks in which transactions ran into three figures yesterday, and Dominion Iron with a turnover of 415 shares was easily the leader in activity.

Iron swung within the limited range of from 53 1/2 to 54 1/2, closing at the latter quotation for a net decline of 1/2. Steel of Canada sold up a point to 71, but fell back again to 70 1/2. The day's net advance being half a point.

In view of the strong upturn in steel issues in New York, the action of the Canadian steel stocks yesterday was somewhat disappointing. Brazilian was slightly firmer following the publication of the good May statement of the steel trust, but the advance was not repeated, even the low-grade rails lagging, with the exception of Texas and Pacific, Denver & Rio Grande preferred and St. Paul preferred.

Shipments were at their best in the final hour, coming forward on reports that definite negotiations were pending for an early settlement of the marine strike. The outstanding features of the day were Stromberg's gain of 20 to 15 points, respectively, the rise through the general list ranging from two to nine points. Sales amounted to 1,550,000 shares.

SWISS BONDS OVERSUBSCRIBED

New York, July 23.—The bond issue of \$20,000,000 offered by the Swiss government thru a syndicate of New York bankers has been oversubscribed. It was announced here today.

BISHOP NAVIGATION BONDS ARE OFFERED

Steamer Iver Heath Security for First Mortgage Bonds—Large Earning Power.

An offering of first mortgage bonds of the steamer "Iver Heath" of the Bishop Navigation Company, Ltd., is being made by A. E. Ames & Co. of Toronto and Montreal.

The "Iver Heath" is a first class, steel, ocean-going freighter of approximately 11,400 tons dead weight capacity, with three decks and twin screw propellers. The ship will be operated by well known shipping men, including J. W. Norcross and R. M. Wolvin, who have been so successfully connected with the Canada Steamship Lines, Ltd.

According to the prospectus, the security and earning power associated with this issue should make the bonds a popular investment with those who desire security of principal with an attractive interest yield.

HOME BANK OF CANADA ACTIVE IN BOND FIELD

The Home Bank of Canada has actively entered the bond field. A bond department has been created under the management of W. R. Fleming, secretary of the Bond Dealers' Association of Canada.

The \$865,694 city of Ottawa issue is per cent. 10, 20, 30 year public improvement sinking fund debentures has been awarded the Home Bank of Canada and Brent, Noxon & Company, at 96.315. Other tenders were: Nova Scotia, 96.57; Aemilium Jarvis & Co., 96.50; National City Co., 94.998; C. H. Burgess & Co., 94.78; United Financial Corporation, 94.69; and Wood, Gundy & Co., 94.32.

WALL STREET BRIEFS

No extra session of New York state assembly will be called to revise state income tax law.

North western grain men charge that railroad rate makers are trying to centre grain trade at Chicago in interest of big packers.

Shipping board says it will make no concessions to striking sailors other than \$10 advance in wages.

Contracts signed for 100,000 tons of American coal for France. Negotiations proceeding for additional 500,000 tons.

Chairman Garry of Steel Corporation expresses belief that movement now under way to unionize corporation's employees and bring about a general strike will not meet with success.

President said to have approved Davison plan for the financing sales to Europe thru investment corporation.

Railroad executives to meet on Friday afternoon following conference of standing committee of association earlier in day. Believed financing of equipment ordered will be discussed.

Simpson's August Furniture & Home Furnishings Sale

Sale Starts
Today
at
8.30 a.m.
Furniture Dept.
5th Floor

Manufacturers' samples—surplus stocks—discontinued designs—special contracts for large quantities—all have helped us to assemble this great quantity of furniture together for the August Sale. You will find here during the next few weeks furniture that is actually less in price than the manufacturers' cost today. Our great warehouses have been filling up during the past few months for this event, ready at any time to take in a special lot which the manufacturers may have needed to turn into cash, or where, perhaps, they were pressed for room, and offered us an inducement to accommodate them. This August Sale will be a record breaker of exceptional values to customers, and in addition there is the opportunity of joining the Home-Lovers' Club for those who cannot conveniently pay all cash, and yet wish to share in the August Sale prices.
