FOREIGN DISTINCTIONS.

Old-World Localities Maintained in the Cosmopolitan City of New York.

Although New York is strongly cosmopolitan in character, natives unacquainted with the several foreign quarters, have no conception of the fashion in which they are maintained among foreign residents of the same race.

One comes upon many evidences in the several foreign quarters of the city that the new-comers have not forgotten their local loves and hates of the Old World.

The resolution was lost on a division. The High Commissioner. Mr. Casey moved for a return of all papers concerning the appointment of the High Commissioner.

At the regular meeting of the Young Conservative Association last night it was decided to call a meeting of the party in the city to discuss matters of organization, and of general interest.

AN UNBROKEN CROWD OF UNEMPLOYED INVADE THE HALL.
Tenders for a New Telephone Service Will be Advertised in Tomorrow's Edition of the Standard—A contract company Fall to Rank a Resolution Through the Committee—Ald. Gowanlock and His Liable Knife.

The Board of Works had a large audience yesterday, composed mostly of the unemployed, who had a complaint to make regarding the distribution of work in Street Commissioner Jones' department.

Ald. Gowanlock said one of the foremen in the West-end named Robert Gray was discourteous to those who applied for work. Ald. Bell suggested that two tickets be issued to each man entering him to two days work. Ald. Boustead hinted that a number of those who received tickets would sell them.

During the discussion, the deputation was unruly and the committee room would have been broken up had it not been for the presence of Ald. Boustead. Ald. Bell suggested that two tickets be issued to each man entering him to two days work. Ald. Boustead hinted that a number of those who received tickets would sell them.

The Mayor said reports had been made that foremen did not treat applicants civilly. The Mayor also said that he had been informed that the foremen gave preference to those men who set up the drinks.

A letter was read from Mr. McFarren, Jr., suggesting that steps be taken to obtain a cheaper and better telephone service for the city. The committee will do its best to arrange matters satisfactorily, but where there is such little work and so many to do it the task is a difficult one.

The Mayor said reports had been made that foremen did not treat applicants civilly. The Mayor also said that he had been informed that the foremen gave preference to those men who set up the drinks.

FREE AND EASY MEETING AN UNBROKEN CROWD OF UNEMPLOYED INVADE THE HALL.

Tenders for a New Telephone Service Will be Advertised - Lansdowne Avenue

Meeting of the Board of Works will be held in the evening at 8 o'clock at the City Hall.

The Board of Works had a large audience yesterday, composed mostly of the unemployed, who had a complaint to make regarding the distribution of work in Street Commissioners Jones' department.

Ald. Gowanlock said one of the foremen in the West End named Robert Gray was discourteous to those who applied for work.

Ald. Boustead suggested that two tickets be issued to each man, entitling him to two days work. Ald. Boustead hinted that a number of those who received tickets would sell them.

During the discussion, the deputations were unruly and the committee room would have been a disgrace to a "free and easy" meeting. Those who were honest in requests for work were to blame. It was the rabble which follows on the heels of the work-seeking men. The committee will do its best to arrange matters satisfactorily, but where there is such a rabble, it does not seem to many to do it is a difficult one.

The Mayor said reports had been made that foremen did not treat applicants civilly. The Mayor also said that he had been informed that some of the foremen gave preference to those men who set up the drinks.

New Telephone System. A letter was read from A. McEwen, Jr., suggesting that the city be taken to obtain a cheaper and better telephone service, as the present contract with the Bell Telephone Company will expire in about six months.

Ald. Boustead, Saunders, Hubbard and Leslie were appointed to consult with the City Engineer and Solicitor to arrange and advertise for a telephone system.

The application of George A. Rudd & Co. for a 2-inch water main from the street to their premises, grade was discussed. The Mayor and Ald. Hubbard favored the request.

Alderman Going Travels. Ald. Leslie said that some of the members of the committee seemed to be going crazy upon the subject of giving manufacturers everything that they asked.

Chairman Lamb explained that if the main was put in the matter, so as to be a precedent to hundreds of others and there would be no end of trouble.

On motion of Ald. Boustead, the chairman and City Engineer will visit the premises and report.

A communication from Ira Standish in reference to the matter was referred to the City Engineer and Solicitor.

A sub-committee was appointed to deal with the Lansdowne Avenue crossing.

The Canal They Long For. The aqueduct question was again brought up by Ald. Leslie moving that the officers of this corporation be authorized and instructed to execute an agreement under the corporate seal of the city with the Georgian Bay Ship Canal in the same terms and conditions as the agreement now existing between the city and the Inco-Canada Light Company.

Ald. Saunders objected to the attempt to railroad an important resolution through in February, 1888, he sent to the Board of Control, and that they specify, clause by clause, what they object to in the same, and that the company submit proper plans, with particulars of construction, and that the company furnish the necessary guarantee of the company's financial ability to construct the canal.

This did not satisfy Ald. Leslie and his supporters, and it was decided to consider the question at a special meeting on Friday next.

Mayor's Message. The question of the reductions to be made in the number of civic employees was discussed in the Mayor's message. The Board of Control, which is composed of the Mayor, Ald. McEwen, Ald. Lamb, and this question under.

Ald. Gowanlock made an all around attack on the heads of the departments who were retaining employees that were not necessary.

Ald. Leslie did not approve of the Board of Control having the power to upset the city departments.

For Speeding Horses. Ald. Hubbard moved to recommend that the council be asked to legislate for power to seek and detain certain persons for speeding horses in, and the appointment of a sub-committee consisting of the Mayor, Ald. Leslie, Lamb, J. J. Graham, Gowanlock and Allen.

Ald. Hubbard objected to the building of bicycle paths on streets, on the ground that the property-owners would not stand the expense. A sub-committee consisting of the Mayor, Ald. Spence, Crane, Boustead, Hubbard and Lamb was appointed to confer with the officers of the bicycle clubs, with a view of coming to some arrangement.

The City Engineer was asked to report on the cost of a bridge over the Don—either a wider bridge or a high level bridge.

It was decided to ask the City Treasurer to provide \$45,000 for the bridge over the York-street bridge.

A portable stone crusher, to cost \$400, will be purchased.

Tenders will be asked for a sand pump.

Ald. Bell and Gowanlock raised an effectual kick on account of the street

railway service not having been extended on Dovercourt-road, north of Bloor-street. They were assured that the work would be done early in the spring.

A NEW BREED BY-LAW. Pedlars Again Lay Their Grievances Before the Property Committee.

A deputation from the Pedlars' Association waited on the Property Committee yesterday to air their grievances. A sub-committee, made up of Chairman Burns, Ald. Dunn and Sheppard, was appointed to meet them.

Joseph Tait protested against any alteration to the bread by-law, as recommended by Inspector Aude. The question was laid over to give Mr. Tait an opportunity to get up a deputation, and Ald. Dunn, Joffile and Sheppard were appointed a sub-committee to consider the question of a new by-law.

Dr. Atkins will be offered \$800 for his house on the Island.

THAT GUILLOTIN COMMITTEE. First Meeting of the New Board of Administration.

The first session of the Board of Administration was held in the morning. Those present were the Mayor, Ald. McEwen, Lamb, Deputy Mayor, Engineer Rust, Treasurer Coady, Chief Graham, Solicitor Caswell, Park Commissioner, Chairman, Commissioner Maghnan, Coatsworth, Dr. Sheard, Inspector Aude. The Mayor will act as president of the Board.

An effort will be made to reduce the printing expenses by having all requisitions for supplies sent to the Board in future.

The principal topic discussed was the reduction of the staffs of the various departments, in accordance with Ald. Davies' motion. The Mayor explained that it would be necessary to visit the departments and ascertain if any unnecessary clerks were employed.

In answer to Mr. Tait's inquiry, Mr. Worship said he had the nerve to do that, and would insist on the heads of the departments complying with the request of the board. Ald. Lamb and McEwen will assist him.

The Mayor thought the by-law should be altered so as to make a two-thirds vote necessary to overrule the report of the board.

City Hall Notes. About 500 men were put to work yesterday cleaning snow from the streets.

Carleton County Council has asked the co-operation of the city in an endeavor to have the Provincial Government pay the cost of polling booths for the provincial elections.

Mayor Fleming has the distinguished honor of being the only private passenger who rode on the street cars yesterday. He does not deny the fact that a Sunday service would be a mighty convenient innovation.

SOMETHING TO BE PROUD OF. Canada the First Colony to Have a Regiment for the British Army.

A remarkable amount of space is being devoted in the English papers to the proposition to restore the Royal Canadian Rifles to the British Army. The United Service Gazette in its issue said: "The interest taken by Canada in the British Army is growing apace. To Canada must forever be awarded the honor of having the first of Great Britain's colored troops to raise a regular regiment for the British Army."

The Gazette holds that the restoration to its native land of the 100th would do more towards advertising Canada than the opening up of any number of immigration agencies, and goes on to argue in the line taken by the World some days ago that its fixing of the first of British troops in Canada is a matter of great importance, and a considerable amount of extra money to be circulated in this country.

The article goes on to praise the officers of the Royal Regiment of Canadian Infantry and the officers of the C.O.R. for their efforts to draw closer the ties of soldierly comradeship between the 100th Royal Canadians and the "mother" regiment.

"If ever there was," continues this journal, "a case for carrying localization to its logical conclusion, it is this. The interest in the matter is certainly and most justly one. All success is wished to the people of the loyal Dominion in their endeavor to secure the powerful aid of Rt. Hon. Joseph Chamberlain, the present Colonial Secretary, and the most ardent supporter of the colonies who has ever filled the office.

Captain Wallis. It is interesting to mention, has presented a valuable colored lithograph illustrating the various ranks of the regiment to the military museum at Ottawa.

The Civil Assizes. Chief Justice Meredith presided at the Assizes yesterday. Isaac Murphy was put into the prisoners' dock on a charge of indecent assault, but no evidence was offered by the Crown and he was dismissed.

The next case was that of Fleming v. the London and Atlantic Insurance Company. This was an action for \$10,000 fire insurance. Mr. E. B. Oiler conducted the case for the plaintiff and Mr. Wallace Nesbitt took the defence. The case was remarkable for the splendid evidence given by the witness, Mr. Oiler.

The next case was that of William Spence against the C.P.R. and G.T.R. In this case William Spence, a commercial traveler, sues the proprietors of the C.P.R. and G.T.R. for loss of \$200,000. On May 3 of last year Spence went down to the Union Station to post a letter and accident. The train passed over his right arm, cutting it away from his body. He was both railway companies for damages. Mr. MacLaren is conducting the case for the plaintiff. Mr. Wallace Nesbitt is conducting the case for the C.P.R. and Mr. E. B. Oiler those of the G.T.R. The case was only partially entered at the hour of adjournment.

YESTERDAY'S HEAVY DOCKET.

The Police Magistrate Had More Than the Customary Number of Offenders to Deal With.

Before Magistrate Denison yesterday William F. Ross pleaded guilty to a charge of having on Nov. 7 stolen \$20 from Samuel Frenkel, the money belonging to the Gurney Foundry Company. Ross, who was formerly employed by Gurney, sold a stove to Frenkel and misappropriated the money which was given in payment. Ross, it is further alleged, subsequently went to Frenkel with an order, and the order have been made by the Gurney firm, for a number of watches which were handed over to him. The order it afterwards pawned the jewelry.

At the request of the Crown the matter was adjourned until Thursday next. Ross, in the meantime, being returned to jail.

George Shanessy was fined \$1 and costs or 30 days for assaulting his mother-in-law, Agnes Peterson, 246 Front-street east. He was fined the same amount for malicious injury to her property. He paid the fines, which amounted to \$7.

George Thompson, the young man against whom there is a charge of shooting with intent to kill his wife Helen Strain, the wife of the Portland street, was remanded till the 26th inst.

Jennie McCoy accused Thomas Sheehan of stealing \$4.65 from her at his house, 45 Ducess-street. Jennie said she bought drinks at the house and Sheehan kept her change. Contradictory evidence led to the prisoner's discharge.

A colored beggar named Charles Field admitted being a vagrant and was sent down for 60 days.

Helen Strain, the wife of the woman whose peculiar actions have troubled the police, was committed as a lunatic. She was confined to the lunatic asylum for disorderly conduct.

Stephen Hewitt, charged with refusing to support his wife, was remanded till Wednesday.

Magistrate Miller at the afternoon court fined about 25 citizens and costs each for allowing snow and ice to accumulate on the sidewalks in front of their premises.

George Casey, 211 Moore-street, was fined \$1 and costs for driving in Jarvis-street.

The Reason Why. Nowadays people want to know the why and wherefore of everything. A man may have a headache, or perhaps a lame or weak back.

He asks the why and wherefore, and learns that the kidneys are at fault. The kidneys are hard-working little filters of the blood.

When they fail in their work, aches, pains and lameness affect the back. Lintiments and plasters may ease the pain, but they cannot get the kidneys right.

After a while the troubles get worse. Urinary difficulties follow. Often excessive urine, symptoms of diabetes, etc.

Bright's disease may be established, with heavy cloudy sediments and deposits in the urine.

Now to the cure. Doan's Kidney Pills are a positive specific for all kidney complaints.

They will remove all these troubles. We say so, and Toronto evidence proves it. Mr. J. H. G. Hagar, of the Eclipse Electric and Manufacturing Company, 211 Church-street, says:

"I have been troubled with my kidneys and liver for the past two years. During the last four years I have been growing worse rapidly, until I was almost unable to work. I was treated by doctors, and taken a large variety of medicine without benefit. I had constant pain across my back, at times almost unbearable, especially at night. My urine was wine color, as if mixed with blood, and with much sediment; burning when voided, and it went like a lead pipe, and was very painful. I felt tired and dragged, and it was with the utmost effort I was able to work at all. Seeing that Doan's Kidney Pills, which they will call at my place."

Provincial Provident Institutions. Although British institutions throughout Canada experienced hard times and greater scarcity of ready money during 1894, the year was not without its bright spots. In the item of new business written up in the item of profit of St. Thomas made a distinct gain over 1894, having written new business to the amount of \$2,407,000, and closed the year with \$3,076,000 insurance in force. The claims paid amounted to \$2,000,000, as usual. The P.P.I. experienced a very low death rate, only eight as compared with the average of 100 as usual. This is due to the fact that the policy holder at the age of 20 paid only \$9 per \$1000 for his insurance last year, at 20 the rate was \$8.00, at 40 \$11.72, and at 50 only \$15.00. The Reserve and Emergency Funds have been largely increased. The P.P.I. is a Canadian company is growing larger and stronger as it grows older. A home life institution, P.P.I., which furnishes reliable protection at the lowest rates consistent with security, is the result of the liberal patronage of the Canadian people. The P.P.I. has its low rates, paid record, and present standing, we are not surprised that agents look upon it as the easiest company in the Dominion to represent successfully to the insuring public. The Toronto agent alone sent in new business to the head office amounting to a quarter of a million dollars in 1894.

The Osgoody Fire. Sulk has been entered against the Canadian Fire Underwriters for the sum of \$1000 damages to the property of William Puddfield, contractor of this city, has issued a writ, asking for a dissolution of partnership with T. W. Crutten and Mr. Curry, in order to prevent the payment of certain partnership moneys to creditors, pending the dissolution of partnership.

The Upper Canada Bible Society has been added as co-defendant with reference to the case of the late Mr. Ian Robinson to set aside a gift of \$10,000.

In the case of Ewart Farquhar against the Municipal Council of Berlin, judgment is still suspended.

HARRY TALKED A LITTLE.

BUT NOT IN A WAY TENDING TO CONVICT HIS TWIN BROTHER.

The Four Forgery Charges Against the Hyamses Adjudged Next Monday. Harry's Long Confinement Has Evidently Hadly Affected His Memory. Another Attempt to Get Martha's Testimony.

The four forgery charges against H. P. and D. T. Hyams were adjourned for a week, when the twins appeared in the Police Court dock yesterday morning.

The conspiracy to murder charge against Doan Hyams was continued and Harry was again put into the witness box. The witness was very reluctant to give evidence, and very little of importance was gleaned from his testimony. He deposed that in July, 1894, he was resident in Montreal, but could not say just when he went there. He would not swear that he had seen his brother at all during 1894, and had communication with him only with regard to commissions. They had no communication about insurance.

"Do you know if Dr. Field had anything to do with the application for a subpoena against the life of Martha Wells Hyams in the summer of 1894?" "I do not."

The witness asked the witness if he had arranged with Dallas for an examination of Martha Wells Hyams by Dr. Field.

"No," was the answer. "The only arrangements were for commissions, but it was so long ago that I do not remember the details of those arrangements. He could not say about the first examination of his wife for insurance purposes took place."

Harry's Four Denials. Mr. Johns objected to a number of questions put to Harry, which were admitted by witness as being sent by him and his brother, being used in evidence, but Mr. Curry replied that he had no objection to a clear conspiracy and that the acts of one would help to convict the other.

His Honor ruled that he would not admit the telegrams until the brothers were more closely connected in the conspiracy.

To Mr. Curry witness said he was not sure where he and his wife were in Montreal, but he was traveling between Montreal and Toronto on business and pleasure; he declined to say what the date was, but he refused to say if it was in connection with insurance, nor could he remember if in December, 1894, or January, 1895, he had any conversation or communication with Dallas about insurance on the life of Martha Wells Hyams.

The witness seemed to have a very bad memory regarding insurance policies. He said that he had a copy of his examination and he had suspended his examination until he had seen Martha Wells Hyams evidence could be taken.

Martha Could Not Be Seen. "I want to examine Mrs. Hyams at 151 Close-avenue after the court adjourns," said Mr. Curry, and the court assented.

The object of examining Mrs. Hyams is to get the facts of the conspiracy, the admission of which Mr. Johns objected to.

At 12 o'clock Mr. Curry, Dallas Hyams, in charge of Detective Cuddy; Crown Attorney Curry, Messrs. Johnson and Horn, counsel for the prisoner, and Harry, were taken to 151 Close-avenue, the residence of Brother-in-law E. W. H. Ayres-Canada, where Mrs. Hyams is living.

At the door of the house the party were met by Mr. Cleverly, who said Mrs. Hyams was ill in bed, and could not be seen without a doctor's certificate. The party were then taken to the house, the case will be continued to-day.

THE POET AND THE BOVINE.

A Farce Comedy Which Holds Fair to Find Its Conclusion in the Police Court.

John Lumbers, the feed merchant, of a low, mid-eyed Jersey, of regular habits and a splendid record. Nevertheless she has become the cause of conflict between him and Inspector Robert Aude, and the source of more bother than the four hundred pounds of his trial. The story is a funny one, illustrative of the peculiar operation of a city by-law, and tangled up in it are the cow, a pair of twins, a couple of other babies, Mr. Lumbers and the poetical Inspector.

The cow has done nothing but contentedly chew her cud and give milk. The babies have prospered on it, and although he owns the cow, Mr. Lumbers has been purchasing the supply of milk for use in his own household since the vigilant inspector learned of this, and determined that under the statutes in such cases made and amended being provided by the inspector, he must call and pay the regular license fee.

On Friday last the feed merchant asked to surrender the cow, but the inspector refused to pay, whereat the inspector grew wrathful, and in the verbal storm that followed declared by this, that and the other thing in words that would not look well in a poetical diction, that he would have the law on Mr. Lumbers. So the end is yet, and Col. Denison may be called upon to settle the matter. The meantime the Jersey and the babies are enjoying their quiet little game of five and take.
