

### McCURDY CRITICIZES FEDERAL FINANCING

#### Victory Loan of Last Year, He Says, Was Marked by Timidity.

Canadian Press Despatch. Halifax, N. S., Dec. 31.—P. B. McCurdy, M. P., in the course of a view of the financial situation in Canada during the year, to be published in The Chronicle, criticizes the government financing and particularly the terms on which the Victory loan of 1919 was issued. He says the loan was marked by timidity on the part of the government, when there need have been no such feeling. He asserts that the people have been expecting the government to lead in the example of thrift and economy, but that these homely virtues have been lacking. An example of this, he quotes in a Canadian Press despatch, that one department of the government at Ottawa may cost forty per cent. more to operate this year than last. He says further there has been provincial government speculation in international exchange and asserts that such governments, for the sake of obtaining slightly higher prices for their bonds floated in Canada, have incurred the obligation of repayment in New York funds.

Interest Rate Too High. Mr. McCurdy condemns absolutely the issue of the government bonds this year at 5 1/2 per cent. when towns and municipalities with a much inferior credit were getting their money at a lower rate of interest, often at 5 per cent. This action of the government he ascribes to timidity—and says that its effect has been to make money dearer than it should be for all other borrowers. He expresses the belief that the money could have been obtained at 5 per cent. if municipalities got it at 5 1/2. He says the borrowing era must come to an end, and that the government should proceed once to rectify its financial position in the same way as a private individual would do who found his expenditures far exceeding his annual income.

"For the betterment of living and commercial conditions," says Mr. McCurdy, "Canada greatly needs a stronger, broader and more advanced public opinion. No government, no matter how numerically strong it may be, can run far in advance of public opinion. Nor can it well inaugurate advanced and needed legislation and administration unless it is supported in the country by a strong party of interested progressive and public-spirited citizenship." Mr. McCurdy concluded.

### MANY AVALANCHES IN TYROLESE ALPS

Geneva, Dec. 31.—Numerous avalanches have occurred in the Tyrolean Alps during the past forty-eight hours, according to advices from Merano. One of them destroyed an Italian outpost but in Brenner pass, killing two soldiers and injuring another.

The Paris-Vienna express, which is snowbound near Landeck, narrowly escaped an avalanche which was within 40 yards of it. Much damage has been done in various localities.

### Leaders of Amritsar Riots Have Been Released From Jail

London, Jan. 1.—Leaders of disturbances at Amritsar in the Punjab district of British India, in which a large number of natives were said to have been killed, were released from jail at Lahore on December 26, according to advices received here today.

### GUELPH VITAL STATISTICS.

Guelph, Dec. 31.—(Special).—The vital statistics for Guelph for the year 1919 show that there were 226 births in the city during the year. At the same time there were 209 marriages and 242 deaths. For the last quarter the returns were 74 births, 75 marriages and 62 deaths.

### THIRTY-MILE FIRE IN ARGENTINE PROVINCE

Buenos Aires, Jan. 1.—A fire thirty miles in width, which was reported yesterday as raging in the neighborhood of San German, a town on the line between Buenos Aires province and the Pampa territory, has been extinguished, according to reports received here. Six hundred acres of wheat were destroyed before the fire was under control. It is believed to have been set by agitators. Five hundred men were sent as reinforcements to those fighting the fire.

The fire at San German is coincident with a continuation of agrarian agitation in various parts of Argentina, notwithstanding predictions that settlements between property owners and harvest hands already effected or prospective, would end the trouble. A strike of harvest hands has been declared at Chacabuco, province of Buenos Aires, and it has been accompanied by distribution of circulars threatening to burn crops. Two alleged agitators have been killed while resisting arrest. Strikes of crews threshing machines have held up harvesting in parts of Santa Fe province.

### WIDESPREAD REVOLT IMMINENT IN KOREA

Honolulu, T.H., Dec. 28.—A widespread revolt against the Japanese is imminent in Korea, according to the Tokio correspondent of The Honolulu Commercial Advertiser. The Japanese chief of police in Seoul has declared he has documentary evidence to prove Christian missionaries are supporting preparations for the uprising, which has the warm approval of the Korean prince, Yi Kang, now held practically a prisoner of the Japanese, the despatch adds.

All news regarding Korean unrest is subject to strict censorship, the Tokio advices assert, but enough is said to be leaking thru to make it plain the Koreans are preparing for a great uprising in the near future.

### TO AID REPATRIATION OF SIBERIAN PRISONERS

Rome, Jan. 1.—Pope Benedict recently received a letter from the international committee of the Red Cross at Geneva, urging him to use all his influence to hasten the repatriation of 200,000 prisoners still in Siberia, who are suffering the gravest privations. The letter was signed by Gustave Ador, former president of Switzerland, and now president of the Red Cross committee.

The pontiff answered that he enthusiastically agreed with the sentiments expressed in the letter, and declared the hope that no Christian heart would be unresponsive. The Pope said he would ask the authorities concerned to co-operate for repatriation of the prisoners.

The Chinese emperor and government have been approached by the Pope on the subject, since the only feasible way of repatriating the prisoners is to assemble them at Vladivostok.

### French Chamber Adopts Bill For Higher Railway Rates

Paris, Dec. 31.—The chamber of deputies today adopted the bill for increased railway rates, introduced by Albert Clavelle, minister of public works. The vote was 451 to 115. The bill is intended to avoid a deficit of 2,400,000,000 francs.

### Sheds With U. S. Army Stocks Destroyed by Fire in France

Nantes, January 1.—Vast sheds housing American army stocks, on St. Anne Island, near the state railroad station, were completely destroyed by fire last night with their contents. The amount of the loss will be considerable.

### DENIKINE HOIST WITH OWN PETARD

#### Started Cavalry Raids on Small Scale, and Bolsheviks Took Up the Plan.

London, Dec. 31.—One of the most spectacular strokes of General Denikine, the anti-Bolshevik leader in south Russia during his great advance towards Moscow, indirectly resulted in his undoing, according to a British officer who has just returned to London from Denikine's front.

When advancing, according to this officer, General Denikine sent General Mamontoff thru the straggling Bolshevik lines with about 3,000 cavalry. The unit constituted a menace to the Bolshevik rear by raids and quick and effective thrusts. The Bolsheviks

### MANITOBA TO HAVE UNITED FARMERS

#### Grain Growers, at Early Date, Likely to Change Name of Body.

Winnipeg, Dec. 29.—It is probable that after the convention which is to be held at Brandon Jan. 7, 8, 9, the Manitoba Grain Growers' Association will be known as the United Farmers of Manitoba. It would put the Manitoba Association in line with the names of the United Farmers of Alberta and the United Farmers of Ontario and show it is open to all kinds of farmers. There will be numerous resolutions discussed at the annual convention. One will strongly oppose the proposal for a tariff commission.

For the first time in the history of this province, an interprovincial conference, with Ontario representatives, will be held in Winnipeg. The chief business of the conference will be discussion of the farmers' political movement

### DIES OF BURNS

Grand Forks, B.C., Jan. 1.—Frank J. Conyars, a migrant superintendent of construction of the power line being built to Copper Mountain, died yesterday from burns received in an explosion which occurred while he was lighting his kitchen fire.

### NO QUARTER TO REDS

#### BY U. S. GOVERNMENT

Washington, Dec. 31.—Any movement, however cloaked or dissembled, designed to undermine the government, will be met with "unflinching, resolute, aggressive warfare." Attorney-General Palmer said tonight in stating the policy in regard to radicalism. The attorney-general added succinctly that "no quarter would be shown Bolsheviks or other of their ilk, whom he described as 'chiefly criminals,' mistaken idealists, social bigots and unfortunates suffering from various forms of hypochondria."

### MOTORED FROM PARIS TO EAT LUXURIOUSLY

Paris, Jan. 1.—Parisians who wished to meet the new year boldly, knife and fork in hand, migrated in automobiles across the borders of the neighboring departments of Versailles and Fontainebleau to escape restrictions imposed upon hotels and restaurants here. There was little ceremony in the hostilities of this city during the evening, and attempts of restaurants to make dinners into suppers so as to keep within the prefect's ruling were given little support.

Newspapers bear lightly on the opening of the New Year, but critics of the administration are overcast with gloom, pointing out that 1920 threatens to bring heavy new taxation and still higher prices for food.

### GOVERNMENT TROOPS MUTINY AT SHKOTOVA

#### Princes May Go to Australia By Way of Panama Canal

Vladivostok, Dec. 31.—A garrison of 600 government troops at Shkotova mutinied and went over to the "Princian" forces last night. They murdered two officers who refused to join them, took four machine guns and all government ammunition and supplies.

London, Dec. 31.—Details of the Prince of Wales' Australian tour have not yet been definitely settled, but it is believed that he will travel aboard the Renown by way of the Panama Canal. His visit to India will not likely take place until 1921.

Suggestions are appearing in the papers that the Prince of Wales should be sent to Ireland in the belief that his visit would have a good effect. The court, however, is reluctant to take such a risk at the present time.

BRITAIN LOOKING TO PROSPEROUS YEAR

Steady Commercial Revival and Cessation of Labor Troubles Foremost Causes.

NATIONAL DEBT ALARMING

London, Jan. 1.—The people of Great Britain look forward to a new year of financial and political difficulties, but with greater optimism than they would have thought possible a few months ago.

A "new world fit for heroes to live in," which was an ideal of the war, has not yet been fully attained at home and international problems which brought on the war still are hanging over the head of the nation. Yet the British people are trying to face the future in an invincible faith in the nation's ability to conquer all troubles.

The most cheerful optimist of all is Premier Lloyd George. Under the leadership of his unflinching faith that everything will work out for the best the clouds of despondency, pictured by the newspapers as thickest when the chancellor of the exchequer declared that the nation was heading for bankruptcy, say Britons have vis- ibly lifted.

A foremost cause for confidence is the steady commercial revival and cessation of labor troubles, which Britons hope will continue. These give ground for prediction by optimists that Great Britain will return to normal conditions sooner than other great European countries which engaged in the war.

Manufacturers Booked Ahead. The business booked for the new year has been booked far ahead. The cotton trade, one of the basic British industries, is said to be in a position that it can fill for the next five years.

Shipbuilders say they are in the same happy condition. They have yet to be convinced that America will be able to take away the former British supremacy in the carrying trade. They base their confidence on the belief that while the British are a sea-faring race, the Americans are a sea-faring race.

Apparently they believe that American ships built in the war are destined to be bought eventually by distinctly maritime nations. These con- clusions, however, is not iron-clad. Lon- doners told the shareholders of one that if the American government company ed over its ships to private owners, Great Britain need not be afraid, but taxed to build up their mercantile marine the outlook for the shipping

industry in these islands was anything but rosy.

British bankers and merchants look forward to a great increase of busi- ness with South America in 1920. They expect to hold their pre-war custom- ers and to gain much of what Ger- many lost. They profess to discount the prospect that the United States will acquire control of the South American field.

Many nations are anxious to buy from Great Britain. How some of them can pay is a problem. The decline in exchange rates had a depressing effect on American trade, but exchange with France, Italy and smaller markets is favorable to Great Britain.

Two Handicaps. Against these reasons for business' confidence stand two handicaps in the form of financial and labor conditions. The national debt appears appalling to the British public, but optimists argue that it is smaller than was the debt after the Napoleonic wars, measured by the country's wealth and potential producing power.

U. S. TRADE OUTLOOK FOR COMING YEAR

Says Trade Balance for Past Year is Approximately Four Billion Dollars.

Washington, D.C., Jan. 1.—Secretary Alexander of the United States de- partment of commerce, sums up America's commercial outlook for the year 1920 as follows:

"The closing year witnesses a fabu- lous growth of American foreign com- merce, far beyond the dreams of busi- ness men five years ago. Our trade balance for the year 1919 will be ap- proximately four billions of dollars. A great fleet of merchant ships, new industries, new sources of supply and increased knowledge of our own re- sources are some of the assets gained from our war experience, with which we are fortified to meet new condi- tions. Before the war we were en- vied for the most part in the devel- opment of our own business. The ex- tensive thought of extension of our activities into world markets, and our position of inferiority on the high seas. Today we are awake as never before. The pride of ante-bellum days is re- vivid and we look to see our flag at the masthead of an American mer- chant ship in every important seaport of the world, carrying American goods wherever markets may be found.

"Abnormal conditions, we hope, are passing. The tremendous increase in the exports of the war period, made up largely of military supplies and the still greater exports of the months following the war, in which foodstuffs figured largely, may not continue in- definitely.

Exchange Grave Problem. These tremendous figures have brought satisfaction to all, but give grave concern to those who look for- ward to conditions in 1920. The ex- change situation in Europe is a grave problem, and is so uncomfortable for foreign buyers as to necessitate in some cases Government restriction on buying. The tendency is to limit pur- chases of necessities. If we would continue our foreign trade at its present high level, there must be a freer and fuller exchange of commodi- ties and a very large extension of credit to European buyers. So let us look for the return of a more nor- mal condition, in which buying and selling will be of benefit and profit to both sides. On that basis we may build a commercial structure which will rest on a firm foundation.

"It is too much to expect that nor- mal conditions, for which we all are

impatient, should come within the fourteen months since the signing of the armistice. The wonder is that the situation is not more unsettled. Ex- cept for the war, the conditions of the following other wars, only the prob- lems are of greater proportions and more complex. Our domestic situa- tion is not free from difficulty. Let us hope that in the year 1920 there will be less social unrest, that pro- duction will increase, and living costs be gradually reduced and that by intelligent co-operation and un- selfish regard for the public welfare, our national prosperity may con- tinue."

PILES

WILL NOT AFFECT AMERICAN TRADE

Ratification of Treaty Will Not Alter Commercial Regulations With Germany.

Washington, Dec. 31.—Exchange of ratifications of the Versailles treaty will have practically no immediate effect upon American trade with Ger- many, and will not alter present com- mercial regulations, it was said today in official circles.

All restrictions on trade with Ger- many, except as regards imports of dyes and coal tar products and exports of wheat, were removed by the war trade board July 14, and so far as the United States government is concerned, anything from matinee to six-inch guns may be shipped to that country.

The present rate of exchange is the obstacle in the way of trade, officials said, and a rise in the value of marks thru the stabilization of internal con- ditions in Germany would be the only method by which commerce can be restored to normal.

In an effort to improve the disas- trous exchange rate, Germany has imposed rigid import regulations, it was pointed out, but as executive decrees change the lists from time to time, the market is left in a state of uncertainty. At the present rate, there are but few purchasers of American goods.

NEW YEAR'S GREETING BY SIR LOMER GOULIN

Quebec, Jan. 1.—On the eve of the New Year, Sir Lomer Goulin, premier of the province of Quebec, issued the following greeting:

"As the New Year dawns, it is my privilege and pleasure to extend to the citizens of Quebec and all the people of the province of Quebec without any exception, my best and most sin- cere wishes of happiness and prosper- ity.

"May 1920 be for this province a year of unalloyed welfare, good for- tune and well-being; may fortune and success crown all our efforts during the New Year towards progress and betterment of general conditions.

PRODUCTION ESTIMATES FOR NOVA SCOTIA, 1919

Halifax, N.S., Jan. 1.—The New Year edition of The Morning Chronicle, published this morning, gave the follow- ing estimate of production in Nova Scotia during 1919: Coal, \$26,000,000; coke and by-products, \$5,571,000; gold and other minerals, \$361,000; gypsum, limestone, etc., \$938,000; building ma- terials and clay products, \$1,888,800; iron and steel products, \$19,000,000; fisheries, \$14,850,000; manufactures, ships and freights, \$66,260,000; products of the farm, \$61,084,000; pro- ducts of the forest, \$16,956,000; game and furs, \$675,000; grand total, \$192,197,300.

GIVES NO INDICATION OF STRENGTH OF LABOR

London, Jan. 1.—Discussing the Bromley result, where the coalition majority dropped 11,000, The Daily Chronicle, which recently underwent a change of proprietorship to insure its allegiance to the coalition, submits that the large labor vote affords little index of permanent strength of the way the voting would go at the general election. The government has so large a majority in the commons just now. The Chronicle sig- nificantly, that the by-election voters feel no obligation to increase it, so he re- cords his vote for the opposition by way of keeping the government up to the mark, and for this purpose pro- fers an extreme opposition candidate such as the labor candidate.

The Westminster Gazette asserts the government by its recent delibera- tion of Liberalism is threatened with defeat by labor all along the line and further considers this prop- erty is only disquieting to the present ministry.

# CITY COUNCIL TO HAVE FEW NEW MEMBERS THIS YEAR

## SITTING MEMBERS KEEP WARD ONE

Aldermen Johnston, Honeyford, Hiltz Re-elected in Last Year's Order.

Apparently ward one didn't believe there was any need of a municipal election. Its sitting members, Aldermen Johnston, Honeyford and Hiltz were elected in exactly the same order as last year. Nearly two thousand more votes were shown in voting against the figures for 1919, but more than 4000 less than those recorded for 1918. This will be the third year the three councillors for 1920 have sat at the council board. It is noteworthy that one of the two defeated candidates has suffered defeat three successive times in this ward. This is A. J. Stubbs. However, he gained 33 more votes than he did last year. W. J. Storey, Labor candidate, made a good showing, even though he ran last on the list. He polled more than 1300 votes. Rev. Francis Edward Powell won the fight for the board of education hands down, his nearest opponent, Percy McKay, Douglas being nearly 1500 votes behind in the race. Ernie Cooke with 1244 votes and Frank Pearson with 1169 votes and Mr. Beamish followed some distance behind the two successful candidates. Both Mr. Powell and Mr. Beamish were new men, Mr. Beamish being the labor candidate for the ward.

**Women Chary of Voting.**  
The general absence of the women's vote featured the election. However, some subdivisions recorded excellent figures. Among these were subdivisions 11, 12, 13 and 14, all registered at Bolton Street School, near Broadview and Dundas street. Here the vote was on a basis of fifty-fifty. On the other hand, Riverdale Collegiate with 600 or more voters reported only about 50 women.

Charlie Miller, general eastern organizer for the Association of Mc-Bridists, devoted to the cause of Sam McBride, stated that voting in the wards was generally light, the fairly heavy in ward one. He stated that Sam McBride was having a stiff fight all along the line.

## EX-ALDERMAN WINS SEAT IN WARD TWO

**Board of Education.**  
Dr. John Noble ..... 3436

F. A. Magee ..... 1415  
F. J. Carney ..... 549

One new man in the shape of an ex-alderman was elected to the aldermanic seat at the council table in ward two yesterday. Ex-Alderman C. A. Risk, who was first elected to the council in 1913 and sat the following six years consecutively, was defeated last year, but finished third in the voting yesterday, replacing Alderman H. H. Ball, who ran this year for the board of control.

As was the case last year, Alderman Beamish, who was first elected to the council in 1915, headed the poll yesterday, receiving 112 votes less than last year and leading over John Winnett, who ran second last year also, by 209 votes, being 210 less than his majority in 1919, when he polled 2395 votes.

This is only Mr. Winnett's second year in the council. It was prophesied yesterday that he would head the poll, as he is very well known in the constituency and a prominent member of Ward Two Conservative Association.

Clara Brett Martin, the only woman candidate, on her first attempt for public office finished fourth, with Joseph Kent next. Last year Mr. Kent was at the bottom of the poll.

**Hard Fought Contest.**  
J. N. Day and Henry Hine, two new candidates, finished seventh and eighth in a big field and a hard fought contest.

For 1918 the three candidates for the council were elected by acclamation.

Dr. John Noble, in whom the rate-payers have every confidence, was returned to the Board of Education with a large majority.

S. J. Brown, the soldier's candidate, is the other trustee returned and F. A. Magee and F. J. Carney finished third and fourth on their first attempt.

From his standing in the legal profession and his astuteness in things pertaining to the city will be worthy of their support.

## WARD THREE HAS WOMAN ALDERMAN

Mrs. Hamilton in Third Place—Burgess First, Johnston Second.

The polling in Ward 3 was much lighter than last year, but the division earned the distinction of being the first to return a woman to the city council. The latter was third at the last election, so that Mrs. Hamilton actually takes his place.

## SAMUEL M'BRIDE QUITE SATISFIED

Not First Time Sporting Controller Has Suffered Defeat Cheerfully.

"It was a good fight so far as I am concerned, and I am quite satisfied," said Sam McBride, when he realized that he had lost the mayoralty race. ## TWO-YEAR TERMS SHOULD BE RULE

James Ballantyne Thinks Church's Election Emphasizes This.

James Ballantyne, defeated candidate for the mayoralty, expressed himself as by no means downhearted at the results of the election. "I desire to congratulate Mr. Church upon his election," said Mr. Ballantyne, "and extend to both my opponents my sincere thanks for their courtesies to me during the campaign. In my judgment the election of Mayor Church is practically a mandate for a two-year term. Negotiations for the purchase of the Toronto Street Railway will be inaugurated this year, and as the people regard the presence of Mayor Church in the city hall essential this year, there will be weighty reasons for his retention in office to consummate the purchase."

"Realizing as I do that the bylaw relative to the commission of administration of the civic railway without remuneration has received a mandate from the qualified electors, it will not be easy for the city council to alter its form, and in a real sense the civic railway system of 1921 will not be a public ownership institution. However, some changes might be made by asking the electors to further express their opinions as to the administration of that railway."

# Hockey Aura Lee 5 Parkdale 4 Curing Granite Vice Boxing Many Holiday Bouts Staged

## JUNIORS ARE OFF FIRST OVERTIME

Aura Lee Came From Behind and Then Nosed Out Parkdale.

### STIRRING CONTEST

A mere handful of fans turned up for the opening junior O.H.A. fixture at the Arena last night, but the faithful were rewarded by a stirring contest. It took twenty minutes overtime to bring the Lee victors over Parkdale Canoe Club, 5 goals to 4.

Parkdale looked to have the game tucked away in the dressing room when they ran in four goals and held the Avenue Road crew scoreless for two periods. Aura Lee were away off in their shooting, jammed up when they tried to use combination and looked like a lot of boys who had been playing for seven straight nights. On the other hand, Parkdale showed a pretty turn of speed, good passing and more than the average stick-handling ability. They were in and over the red and white band.

Aura Lee came like a house afire in the third session. Smith, the Parkdale goalkeeper, took the count from a crack on the nose, when Beatty lifted one at the net. He came back and then Aura Lee went out to victory. They ran in the four necessary to tie it up. No goals were scored in the first ten minutes of overtime, but Aura Lee grabbed one in the second extra time period, and won the game, 5 to 4.

Parkdale have a sweet little team. The forward line showed a great turn of speed, stuck with their checks and were great on the offensive. Smith was a wizard in the net until he got hit. The only fault was a little greenness and a tendency to leave a man uncovered in front of the net. Parkdale promise to go long ways in the overtime.

In Bond, the padlars have a bright boy. He is tall and fast, checks like a trojan and a bear at boring in. He was given great support by Sider and Halloran and Cotton was a useful check. On the defence Walter and Malone are good pair with the former showing dash on the offensive.

For Aura Lee Dinmore and Beatty were the stars. It was Beatty's rifle shot that broke up the game. He rammed in two that left Smith gasping and after the second period both Beatty and Beatty played good defensively. The whole Aura Lee team took a great brace in the third period and got together for the first time during their shooting. They easily had the better of the play in the overtime. Little Roach played stellar hockey in the final minutes of the overtime to aim alone can Aura Lee count on being in the fight.

The Avenue road kids simply couldn't do anything right for forty minutes. They lagged in their skating, did not check as they are able to in their shooting. They simply heart-breaking. They turned right around after the second rest and were a good team to the finish of the overtime. Parkdale used nice system to their attack right from the first ball. They grabbed off two goals in the opening spasm. Another couple were tacked on in the second period with Parkdale still showing much the better hockey.

In the third session Smith was hit on the nose and laid out by a hard lift from Beatty's stick. After he was extra men to afford all a chance to get into the game. The Vice-President's side won the match by a face-off at the Parkdale end.

When Smith came back on the ice Beatty beat him with a high hard shot and then Marshall banged in the third from between the defence. He brought seven seconds to play left. Beatty rushed up and lifted a backhand shot into the net, while the first period was over.

The first ten minutes of overtime failed to bring a score. Aura Lee tried like mad to grab an edge in the play. When the second overtime started, Dinmore got the winning counter. He worked around the net, brought out the puck and wiggled thru the whole Parkdale team and shoved it in the net. Both sides tried hard to get another, but it ended this way with Aura Lee one goal up, 5 to 4.

The teams: Aura Lee (5)—Roach, goal; Beatty and S. Burt, defence; Young, centre; Malone, right; Dinmore, left; S. Burt, substitute. Parkdale (4)—Smith, goal; Walker and Heaton, substitutes.

Referee—Bobby Hewitson. Summary: First Period—1. Parkdale—Halloran ..... 1.30 2. Parkdale—Halloran ..... 10.30 Second Period—3. Parkdale—Malone ..... 12.30 4. Parkdale—Walker ..... 5.00 5. Aura Lee—Marshall ..... 10.30 6. Aura Lee—Marshall ..... 6.30 7. Aura Lee—Marshall ..... 1.00 8. Aura Lee—Marshall ..... 2.30 Overtime—9. First Period—No score. Second Period—9. Aura Lee—Dinmore ..... 2.30

Frank Hefferman's St. Patrick pros have a chance to take the lead in the N.H.L. tomorrow night. The Saluts take on the strong Ottawa team at the Arena and a victory would give them a clean lead for the first series. The local club played their opening game at Ottawa and were only beaten by three to nil. This was before they perfected their good combination, and the wise ones are looking for them to reverse the verdict. Ottawa plays the same fast passing game, and it should be a rousing battle. There was a big demand for seats yesterday and the biggest crowd of the year will be out. Reserved seats can be secured at the Arena today only.

### QUEBEC ARE FIRST TO SCORE ON SENATORS

Quebec, Jan. 1.—Playing whirlwind hockey from start to finish, the Ottawa Senators continued their triumphal progress this evening, when they defeated the Quebec team by a score of 3 to 2. There was no let-up from start to finish, and had the break of the game gone with the locals, they would have registered their first victory of the season.

A feature of the game was the net-minding of Frank Brophy, who is in his first professional season. He was a star of the first water tonight, and played a remarkable game. Time and time again the Senators would come down the boards, but he invariably fooled them.

The Teams and Summary. Quebec—Goal, Brophy; point, Munnery; cover-point, Carpenter; centre, McDonald; spars, Ritchie. Ottawa—Goal, Benedict; point, S. Clughorn; cover-point, Gerard; centre, Nicholson; right wing, Broadbent; left wing, Darragh; spars, McKell, Bruce, C. Denmanay, Boucher. Referee—Cooper Smeaton.

### ONE GOAL MARGIN FOR SEATTLE TEAM

Seattle, Jan. 1.—By a score of 3 to 2, Seattle defeated Vancouver last night in the Pacific Coast Hockey League competition. The home team put the puck thru their opponents' goal two times in the first period and each team made a point in the second. The visitors made a desperate effort in the final stages of the game and managed to penetrate the Seattle net, but were unable to score. The game was interesting and close, as the score indicates, the final efforts being directed towards the finish, their chief efforts being directed towards defensive work to prevent the visitors from leveling up the score.

### MCLEAN'S FAST FIFTY.

## CHAMPION BRITTON WINS HIS HOLDA FIXTURE

Beats Johnny Gill at Harrisburg—Eber Given Decision Over, Patsy Johnson—Bob Martin Scores a Knockout.

Harrisburg, Pa., Jan. 1.—Jack Britton, New York, and Steve Laitso, Hazleton, Pa., had no trouble in their second round, and were content to box his opponent. There was therefore, very little in fighting. Young McMullen and Battling Ray fought six rounds to a draw, and Eddie Gallagher stopped Watkins in the second round of a four-round bout. The Haymarket Wonder and McCullough appeared in a four-round burlesque as opener of the bill.

### SMITH STOPPED MAGOIL.

Philadelphia, Jan. 1.—Jeff Smith, of Bayonne, N. J., stopped Art Magoil, of Oklahoma, in the third round here today. Magoil was outclassed, and his seconds were forced to throw the sponge in the ring to save him from being severely beaten. George Chaney, of Baltimore, had no trouble in defeating Frankie Brown, of New York, Johnny Kibane, featherweight champion, won by a close margin from Al. Saxeby, of New York. The title-holder was forced to extend himself in order to register a victory.

The bout between Irish Patsy Cline, New York, and Steve Laitso, Hazleton, Pa., was stopped in the fourth round when Cline accidentally fouled his opponent by butting him in the groin while ducking in for a body punch. Up to that time the Hazleton fighter had the better of the bout.

Harold Ferez, Newark, N. J., featherweight, defeated Louisiana, of Philadelphia, in a tame bout. Billy Arleck, a young English boxer, had the better of the six-round bout with Willie Hannon, and Frankie Jerome, New York, drew with Mickey Conway, Camden, N. J.

George Ramsay captured the gallop in Philadelphia on the holiday. Philadelphia, Pa., Jan. 1.—George Ramsay of the Legion Athletic Association, vice men, captured the eighth annual New Year's day run of the South street Club, which started up at 10 o'clock. He covered the five-mile course in 23 minutes, 20 seconds, being thirty-two seconds ahead of J. E. Williams of the Meadowbrook Club.

Silverstein of the Glencoe Athletic Club of New York finished third, forty seconds after Ramsay. For the fourth successive year the Meadowbrook Club captured the team honors with a total of 10 points. The Glencoe Athletic Club team finished with 11 points and also won the time prize for the visiting team, scoring the highest number of points.

### WALKER AND DANFORTH WIN SEMI-FINAL MATCHES IN PINEHURST GOLD TOURNEY THURSDAY.

Pinehurst, N.C., Jan. 1.—Arthur L. Walker, Jr., of Richmond Country, the intercollegiate champion, and Frank S. Danforth of the North Fork Country Club, won their semi-final matches in the midwinter golf tournament at Pinehurst today, and will meet tomorrow in the final contest for the President's Trophy. Young Walker went around in 75 today against John D. Chapman of the Meadowbrook Club, who had defeated Danforth by 5 and 4. Danforth defeated Donald Parsons of Youngstown, the medalist, by 2 and 1.

His way thru to the semi-final yesterday by coming up from behind and capturing the trophy. Young Walker went around in 75 today against John D. Chapman of the Meadowbrook Club, who had defeated Danforth by 5 and 4. Danforth defeated Donald Parsons of Youngstown, the medalist, by 2 and 1.

Every once in a while some person gets the insane idea of putting on a heavyweight boxing bout in Toronto, and invariably the poor old public is stung. The latest victim of this idea was a matchmaker for the U. V. and the result was the same as it has been in the last twenty years. Battling Levinsky and Bartly Madden were matched, but Madden ran out, and Wild Ber Kenney was substituted. Wild Ber is a wild aving Irishman that reminds one very much of Mystery Kurvia of twenty years ago, and is about as awkward, but any clever big man should trim him in about two rounds.

It didn't take the fans at the Arena yesterday afternoon long to get on to the winners and right in the first round the majority of the 3000 spectators went after them with hoots and cat calls, and the referee, who called Dr. Cook, Dr. Cook warned them to get busy, but the warning had little effect, so he tried it again in the fifth and they warmed up a little. In the seventh Kenney butted Levinsky in the eye, opened a cut and for the remainder of the round they increased the pace. Kenney suddenly stopped and showed his arm to the referee. He said that his arm was broken and the bout was ended.

Scotty Lester and Irish Kenney were down for the semi-final, but that was the start-out of the day. Scotty can always be depended to give a good account of himself in any company, and it was so yesterday. Kenney is going good right now, but Scotty held his own fairly well in the first three. In the fourth and fifth Kenney started to set to him and had him in a bad way. Lester improved in the sixth, and had

Newburgh, N.Y., Jan. 1.—Charles Jewtraw of Lake Placid carried off the honors in the eastern amateur skating championship tournament held here today. Berlin, Jan. 1.—The bourse yesterday assumed a lively air, and tendency on the occasion of the last day of 1919. This was due chiefly to the understanding Germany had reached with the entente with regard to the signing of the peace treaty and the expectation of better conditions for exports and imports.
