British Company

Licensed to transact the Business of

Guarantee & Accident Insurance

THROUGHOUT THE DOMINION.

The usefulness of corporate suretyship on behalf of employees in positions of trust has been demonstrated for many years in Great Britain and the Colonies. Private or personal security is manifestly objectionable both to employer and employed, and the small rate of premium charged by this Company to persons whose antecedents and characters are such as to warrant their filling a position of trust faithfully and honorably, should leave no cause for anyone to ask friends or relatives to become or remain their bondsmen.

The Bonds of this Company are readily accepted and preferred by all Departments of the Dominion and Provincial Governments, as well as by all the leading Railways, Banks, Corporations, &c., &c., in the country.

The General Accident Policies of this Company, under the several rates and classifications, cover every form of bodily injury induced by purely Accidental means, whether it happen while travelling, or while engaged in any of the usual and lawful avocations of life.

The Great North-Western Telegraph Company

OF CANADA.

Operating the Lines of the Montreal and Dominion Telegraph Companies.

MILES OF LINE, 34,000. NUMBER OF OFFICES, 2,000.

ERASTUS WIMAN,
President.

H. P. DWIGHT,
General Manager.

HEAD OFFICE, - - TORONTO, ONT.

This Company is now working the lines of the Montreal and Dominion Telegraph Companies of Canada. At its commencement the Company's property and operations were confined entirely to the Province of Manitoba, but during the past year its scope and influence have been vastly extended. The ample provisions of the charter of the Company were made available for the purpose of consolidating the conflicting telegraph interests of the Dominion, which, through ruinous competition, had been seriously impaired. The low rate for telegraph tolls which prevailed for the two years previously had so weakened the power of the telegraph companies to pay interest on the capital invested, and at the same time maintain the property in an efficient condition, that the prospects seemed most serious for all persons interested in this kind of investment. An arrangement was, however, effected, by which the rival companies were combined under one management, resulting in the introduction of large economies on the one hand, and the establishment of a uniform rate of 25 cents for telegraph tolls on the other. Investors in telegraph property were thus assured of a fair return for their investment, and the public provided with a more efficient service.

This Company has a close alliance with the Western Union Company, and thus secures for its customers prompt and easy communication with every point on this continent, to which the vast network of wires amounting to 340,000 miles owned by the Western Union Company extends. The various important inventions, secured by patents in most cases, which the Western Union Company now control, have also been placed at the disposal of, and will hereafter be used by this Company.

A new departure, and one of which the public have already shown great appreciation, is the facility granted for sending Money Orders by telegraph between the principal offices in Canada, and also between this country and the whole of the Money Transfer Offices of the Western Union Telegraph Company.

Mr. H. P. Dwight, formerly Western Superintendent of the Montreal Telegraph Co., is the General Manager of the Company.

DRAINAGE THE BASIS OF SUCCESSFUL FARMING.

The Van Wert Tile Ditching Machine.

PATENTED APRIL 10, 1883.

Send for Catalogue and Prices.

Territory for Sale in Canada and United States.

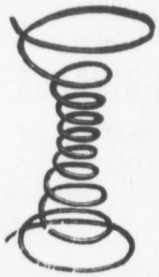

The prosperity of nearly every branch of industry in our country is assured when the farmers are successful in tilling the soil. It would be superfluous to go into a lengthy argument at this time to prove the great advantages of proper and thorough drainage of the soil for farming purposes.

The experience of every practical man has proven this beyond all controversy. Drainage is not only to carry off the surface water, but still more important to give or secure free circulation of air (the breath of life) in and through the soil to vitalize and replenish it. Now what we want is the best and cheapest way of performing this labor. We take pleasure therefore in introducing to the public, and more especially the farmers and land owners, our Tile Ditching Machine; which being a plain, common sense machine, every farmer or other person who has driven a wagon heavily loaded through the fields, after the frost is out of the ground in the Spring and noticed how soon the wheels cut down to the hubs, can understand.

Our ditching wheel is of cast iron, weighing from 2,000 to 4,000 lbs. (as desired) and from six to seven feet in diameter, to suit the depth, with sharp cutting edge (like this, V) so that the weight of the wheel as it rolls along, cuts and presses an open ditch, anywhere from the surface to centre of wheel or axle. It can be worked or run on mud boat, two or four-wheeled trucks, while ditching, as desired; but when moving from place to place, can be handled better on trucks. The ditching wheel can be raised or lowered at will, with lever and ratchet to grade the depth and regulate the ditch, by moving back and forth, two, three or more times in same track; being governed by nature of ground and depth of ditch, under favorable circumstances, when the ground is in proper condition for ploughing or ditching. The machine will cut from one to five miles or more of ditch per day with ease. We have gotten up a tile particularly adapted to the ditch made by this machine, being oval on top and V shaped at the bottom. It is not only the most suitable tile for this ditch, but the best shaped for any ditch. It affords at least on an average, one-fourth more drainage surface to size of tile; and when a small quantity of water is running, will keep it cleaner, because the current will be stronger; besides, it is a stronger and cheaper tile. We can use any other shaped tile in common use, but prefer the tile above-mentioned for any ditch. We make a plain open ditch and can see and know before covering that our tile are all in proper position, which is very important.

After our tile are placed, if we want to plow and harrow the field, that will be all that is necessary to cover the ditch; but if not, we can use an ordinary barshare plow and turn a farrow on one or both sides into the ditch and it is covered. If we strike a large stone or root in ditching, raise the ditching wheel, pass over and go right on; remove the obstacle [which would have to be done in any case] go right on, back and forth until you have your ditch the required depth and grade. If an open ditch is required for drainage, setting fence posts, etc., you can make it rapidly. For further particulars enquire of

ONTARIO
GAZETTEER AND DIRECTORY.
1884-5.

WE have commenced the canvass of the PROVINCE of ONTARIO for a GAZETTEER and DIRECTORY, to be issued in **1884**. The work will contain a **complete** list of Business Houses of the Province, arranged alphabetically by **Cities, Villages**, etc., giving the street and number of each firm, with **full** and **complete** description of each place, showing the **Shipping Points, Township and County**, also **Railway Connections** and **Water Communication**, Manufacturing interests, and any information calculated to be of benefit to the **Business Community**.

The whole will be followed by a complete **Classified Directory**, giving every business arranged under its special heading, thus enabling our subscribers to obtain at a glance a list of **all Houses** manufacturing or dealing in **a certain line of goods**; Names of Postmasters, Post Offices, County Officials, etc., will also be given. The work generally will be compiled to meet the wants of the business community and will be so thorough as to deserve their liberal patronage.

Toronto, Ont.

Gentlemen—

In answer to your enquiry, we have to say that we have no intention of publishing an Ontario Directory for 1884-5, and should you do so, we shall be glad to render you all the assistance in our power, and hope you will meet with a large support to compensate for the immense labour and cost in connection with the publishing of the work.

Our experience of our 1882 edition was a most unsatisfactory one, as regards the support accorded us.

Your long experience as Directory publishers will ensure your giving a satisfactory book to your subscribers.

Yours truly,

INTRODUCTORY.

In presenting this volume of the TORONTO DIRECTORY, we take much gratification in calling the attention of the public to the increase in growth of the City since the last issue of 1883.

We continue to give the names appearing in each year's book for the last ten years, to enable one to see at a glance the steady increase of the population and the consequent importance of the City :—

Year.	Names.
1875	18,210
1876	16,929
1877	18,979
1878	19,354
1879	20,226
1880	21,919
1881	23,166
1882	23,879
1883	33,592

For the year **1884** we find by actual count **36,359** names, an increase over 1883 of **2,767**; this increase represents an additional population of **8,301.** To account for so large an increase we would mention that Yorkville having been taken into the City as a Ward (St. Paul's), accounts for about 4,000, so that the actual growth of the City during the year just passed shows the healthy number of over 4,000 souls.

In the compilation of this edition, we have endeavored to surpass all previous efforts, and have spared neither pains or expense to make it a creditable production and a fitting representation of the City's importance in the many parts of the globe where copies of this work are sent.

With this volume of some 900 pages, we issue a new and convenient Map of the City, so arranged that a Street can be found at a glance, and the distance ascertained in a moment, from one point to another.

Our Population.—Toronto has fully maintained its volume of growth during the past Directory year, and multiplying the number of names contained in the work (36,359) by 3, which is a lower estimate than that usually taken by directory compilers, we find we have a population of over **109,000.** There is no surer indication of the life, growth and activity of a city, than is presented by the changes found in a Directory of its inhabitants from year to year, and the present volume will show to those who most use it, the necessity of a yearly publication, and the extension of a liberal support from the business community.

Our thanks are due to an appreciative public, and we conclude by trusting that this issue will fully justify all we hope for it.

Very respectfully,

R. L. POLK & CO.,

Publishers,

VICTORIA CHAMBERS.

The Largest Book and Job Printing House in Canada.

THE GRIP

Printing and Publishing Company

OF TORONTO.

26 & 28 Front Street West.

Authorized Capital - - $100,000.

DIRECTORS { JAMES L. MORRISON, - - *President.* | J. W. BENGOUGH, | GEO. CLARKE, | THOS. BENGOUGH, | S. J. MOORE. } S. J. MOORE, *Manager.*

Printers to the Ontario Government.

Publishers of the "Ontario Gazette."

PUBLISHERS OF

"GRIP,"

Canada's only Humorous and Satirical Cartoon Paper. Published Weekly. $2 per annum; $1 for six months.

Now in its twenty-second volume. Full of illustrations, telling cartoons, humors of the day. Indispensable to every citizen who wants to keep abreast of the times. Pointed, Pungent and Pure. Treats of questions from an independent Canadian standpoint, regardless of party. In the language of the press it is the "fearless corrector of public morals, and the independent exponent of public opinion." If you are not already a subscriber have your name entered at once in the large and influential list of "GRIP'S" admiring subscribers.

WE HAVE THE

Best Equipped and Largest Job Printing House

IN CANADA.

We have lately purchased the entire plant and good will of the "Globe" Job Printing Department, and having added new material and machinery are in a position to turn out work of every description at short notice and in the most satisfactory manner. Estimates given and satisfaction guaranteed.

A SPECIALTY MADE OF ENGRAVING.

By our processes of Engraving we can produce Engravings at short notice, and at much less than the usual cost. We carry a large stock of cuts and **Advertising Specialties**. All the latest American Novelties received as soon as issued. Send a card to GRIP Office or telephone us when you want to advertise and our Travellers will call on you with samples. Merchants should not spend their money in profitless advertising until they have seen our Novelties in this line.

MANUFACTURERS OF THE CELEBRATED

PARAGON BLACK LEAF COUNTER CHECK-BOOK,

ACKNOWLEDGED BY ALL WHO USE IT AS THE BEST CHECK-BOOK IN THE MARKET.

☞ All merchants using Check Books should see the PARAGON before re-ordering, as it is equally as cheap as any and superior in many points to all others.

J. M. HAMILTON, Dry Goods Merchant, Toronto, says of the PARAGON:—"I have used every Check Book made in the country, and decidedly prefer the PARAGON, even if I have to pay more money than the others can be bought for."

☞ **Each Paragon contains 100 duplicates, 100 billheads, and an abundant supply of black leaf bound into the book. See samples and get prices at GRIP Office.**

The only Establishment in Canada having twenty first-class Job Presses.

HEINTZMAN & CO.

GRAND, SQUARE AND UPRIGHT

PIANOS!

THE BEST IN THE WORLD!

WAREROOMS: 117 King St. West and 492 Yonge Street.

MANUFACTORY: Above and in rear of 113, 115, 117 King St. West and 79 York Street.

CAUTION!

Messrs. Heintzman & Co., after years of determined effort, have established a wide reputation for their pianos. There has always been, in similar cases, same as in our own, men, who lacking ability and industry to establish a reputation for themselves, are ready, in any unscrupulous or dishonest manner, to wrest from others more honourable what they may have gained, and trade upon the hard-earned reputation of a respectable house.

Purchasers should exercise great care to protect themselves from deception and fraudulent misrepresentation, all our pianos have "Heintzman & Co." cast in the iron frames. We would warn the public against cheap pianos, bearing a similar or other name and represented to be made by us, that may be made by irresponsible parties, or sold by unprincipled dealers. See that the name on front of Piano is exactly the same as under.

EASE AND SECURITY.

This Cut represents the Pad without the Belt. ☞ Note the position of the > shaped spring, situated in the Pad by which a *constant* inward and easy upward pressure is given to the Pad when adjusted. Three different strengths of springs.

THE TUCKER SPRING PAD TRUSS.

FOR HERNIA OR RUPTURE.—Holds the hernia with greater ease to the patient than any other. Acknowledged by Patients, Physicians and Druggists to be a superior appliance which so completely and comfortably retains the hernia that the wearer is in a short time unconscious of its presence. A simple NON-Elastic Belt Truss. Its ready and complete adjustability by which each Pad is made either **RIGHT** or **LEFT** at once and fixed at any desired angle. It is exceedingly durable, as there are no elastic bands to wear out, no body springs to rust and gall. The Belt is a fine NON-Elastic webbing, can be easily washed, and does not easily wear out. It costs no more than any ordinary Truss. All the leading Physicians of Toronto recommend our Truss. We guarantee it to give satisfaction and to last from two to five years. It is adapted to all—never gets out of position *by any movement of the body.* Call and see it. Information gladly given. Send for Circular. Office and Fitting Room,

123 Church Street, Toronto, Ont.,

ONTARIO
GAZETTEER AND DIRECTORY.

1884-5.

WE have commenced the canvass of the PROVINCE of ONTARIO for a GAZETTEER and DIRECTORY, to be issued in **1884**. The work will contain a **complete** list of Business Houses of the Province, arranged alphabetically by **Cities, Villages**, etc., giving the street and number of each firm, with **full** and **complete** description of each place, showing the **Shipping Points, Township and County**, also **Railway Connections** and **Water Communication**, Manufacturing interests, and any information calculated to be of benefit to the **Business Community.**

The whole will be followed by a complete **Classified Directory**, giving every business arranged under its special heading, thus enabling our subscribers to obtain at a glance a list of **all Houses** manufacturing or dealing in **a certain line of goods**; Names of Postmasters, Post Offices, County Officials, etc., will also be given. The work generally will be compiled to meet the wants of the business community and will be so thorough as to deserve their liberal patronage.

MESSRS. R. L. POLK & Co., MONTREAL, December 5th, 1883.

Toronto, Ont.

Gentlemen—

In answer to your enquiry, we have to say that we have no intention of publishing an Ontario Directory for 1884-5, and should you do so, we shall be glad to render you all the assistance in our power, and hope you will meet with a large support to compensate for the immense labour and cost in connection with the publishing of the work.

Our experience of our 1882 edition was a most unsatisfactory one, as regards the support accorded us.

Your long experience as Directory publishers will ensure your giving a satisfactory book to your subscribers.

Yours truly,

JOHN LOVELL & SON.
