Greater Activity
in Western Front

Several Successful Raids Made by British
on German Trenches—Sharp Artillery
Work on French Lines

London, June 25.—Increasing activity on the western front is reported in today's official announcement, which records various successful raids by the British. The statement follows: "Successful enterprises were undertaken by us last night at several points on our front. Parties of our troops raided the enemy's trenches in the neighborhood of Ephey, Bullocourt, Roux, Loos and Hooge, killing many Germans and taking several prisoners. In a raid east of Yvernelles we captured fifteen prisoners and two trench mortars. Our party remained more than two hours in the enemy's trenches, blew up his dugouts and inflicted heavy casualties on his garrison."

French Report.
Paris, June 25.—Sharp artillery fighting was in progress continually during the night near Froidmont Farm and Chevreux, says today's official statement. "Unusually active artillery fighting continued during the night in the sector between Royere and Froidmont Farm and also near Hurtebise and east of Chevreux. Two surprise attacks against our trenches, east of Chevreux, cost the enemy losses without any other result. German attacks on our small posts in the Woerve and in the region of St. Mihiel were checked completely. "Everywhere else the night passed quietly."

THE BURNING OF THE
CRAWFORD COTTAGE

Further Evidence in Case in Which
Inceandiarism is Suspected

The entire session of the police court was taken up this morning with the preliminary hearing in the case of John Hughes and Joseph O'Brien charged with setting fire to the summer house of W. J. Crawford, Loch Lomond road. Several witnesses were examined but no new light was thrown on the case other than the fact that a mail-driver in the employ of Frank Donnelly, Coburg street, testified that on request of Mr. Sinclair he had measured the hoofs of the horse which the defendants had out on the night the house was destroyed. The witness also said that he had measured the hoofs of horses in the barn and one was the same measurement as that of the accused had out.

ESCAPE FROM THE
JAIL IN GAGETOWN

Frank Smith and Another Who
Said He Was From Carleton

Fredericton, June 25.—Frank Smith of Fredericton, a young man, who has had a long record in police circles in this city and other parts of the province, again is in the public eye. Last week a dwelling at Hampstead was broken into and on Saturday Smith and another young man were arrested by Sheriff Reid at Gagetown on suspicion of being concerned in the break. On Saturday night young Smith escaped from the jail at Gagetown and up to noon today had eluded searchers.

MORE THAN HALF
MILLION VOLUNTEERS
IN UNITED STATES
IN THREE MONTHS

Washington, June 25.—More than half a million men have volunteered in the American army and navy during the period of less than three months elapsed since the United States declared war. The army, navy and national guard represented an aggregate strength of little more than 800,000 men when the war resolution was adopted. Today between 700,000 and 800,000 are enrolled in the various branches of the fighting service and the great majority of them are armed, equipped and under training. They will be joined at the end of the summer by nearly a million men, selected for the new national army from the millions registered for war during June 5.

GOING TO THE WAR

John L. Rawlings, of Albany, N. Y., is in the city visiting his sister, Mrs. Leonard T. Lingley, 28 Douglas avenue. Mr. Rawlings, who is a well known engineer on the Boston & Albany Railway, will leave in the near future for Boston, where he will join the 4th U. S. A. Reserve, composed of engineers, who are going to France on special duty.

BOY SCOUTS TO
WORK IN FERNHILL

An offer has been made to the directors of the Fernhill Cemetery Co. by the Boy Scouts to send out at least 100 boys for two or three days to assist in the work of keeping the cemetery in good order, and their duties will be to weed some of the paths, clean up the avenues and generally do such work as is impossible to be done by the present staff, as well as to obtain as many as possible of the necessary tools. The boys are required, in addition to the very high rates of wages which have to be paid. The offer is therefore a welcome one, and as nearly every Boy Scout and every family in the city is interested in the cemetery, much interest will be taken by the boys. The directors of the company will arrange all details and will provide for the boys a substantial dinner each day on the grounds, in tents or huts. The superintendent will direct the work and provide all the necessary tools to work with. No time is to be spent on private lots, as these will be looked after by the cemetery staff.

WOMEN SEIZE A
TON OF POTATOES

Sore Barges in Inner Harbor
of Rotterdam

Incident in Trouble Which Has
Arisen Involving Holland With
Both Britain and Germany Over
Contracts Made With Both

London, June 25.—A despatch to the Times from Amsterdam reports that a crowd of women stormed a dozen barges in the inner harbor of Rotterdam on Saturday and seized about a ton of potatoes destined for England. The barges, which were loaded with 11,000 tons of potatoes, were then removed to the outer harbor, guarded by police.

EXPLOSIVES FROM GER-
MANY SEIZED IN
CHRISTIANIA

Several Arrests Made

Christiania despatches received here say that the leader of those arrested calls himself Baron Von Rosenfeld. The Christiania despatches say that there have been five other arrests including that of two Finlanders named Pehrson and Wihanen, in whose lodgings the bulk of the explosives was found, and also much incriminating material, identical with that found in the baggage of Baron Von Rosenfeld, a Swede, who was arrested in Christiania last winter and was subsequently released.

BURIED TODAY.
The funeral of Miss Loretta Delaney took place this afternoon from her mother's residence, Kingsville road, to St. Rose's church, where burial services were conducted by Rev. Charles Collins. Interment was made in the Holy Cross cemetery.

MAY GO AHEAD.
The committee dealing with the problem raised by the unexpected increase in the cost of the equipment for the power house of the hospital will report at the special meeting of the common council on Tuesday afternoon. While no statement has been given out, it is understood that the committee will report that the work be proceeded with, despite the increased cost.

CONFIRMATION TOUR.
His Lordship Bishop LeBlanc, accompanied by Rev. William M. Duke, returned home on Saturday after a confirmation tour of Carleton and York counties. The places visited with the number of candidates confirmed, were: McAdam, eleven; Debec, thirty-nine; Woodstock, twenty-eight; Newburg, ten; Williamstown, ten; Johnville, sixty-one, and Clearview, fifteen, making a grand total of 174 candidates.

NO WORD TODAY.
No further word has been received in the city in regard to the condition of James Collins of this city, a C. P. R. checker, who suffered the loss of his left leg and whose spine and right leg were fractured when he was run over in the C. P. R. freight yard in Montreal on Friday night. His condition was last reported as being serious. He is a grandson of Mrs. John Campbell of St. James street, West St. John.

CHINESE CASE APPEALED.
The case of the King vs. several Chinese was taken up on appeal in the county court this morning before His Honor Judge Armstrong. In this case the Chinese were charged with the murder of a Magistrate Ritchie in the police court. The present case is an appeal from the police magistrate's finding. Daniel Mulin, K. C., is appearing for the Chinese, and J. B. M. Baxter in the interests of the city.

NO. 9 GOING DOWN THE BAY.
Major Wetmore, commanding officer of No. 9 Siege Battery, has planned a three day trip for the boys of the battery. It will not be all a pleasure one. They intend going down the shore as far as New River and there continuing to give them training in tactics. This is something new in the line of training for an artillery unit, but this is the kind of training that they need. They expect to get away tomorrow morning, providing the weather keeps fine.

FIRE INVESTIGATION.
The buildings committee of the municipal council is in session this afternoon in the city hall to investigate the fire at the county hospital in East St. John. While the evidence was supposed to have been completed at the last hearing, it is possible that H. B. Schofield, chairman of the hospital board, may have a further statement to make. Warden McEllan said this morning that it is the duty of the committee to fix the responsibility for the fire and decide on what it rests.

BYE-LAW MATTER.
Hearing in a by-law matter against Harold Robinson, reported last week by Policeman Hamm for leaving two of his autos delinquent in Douglas Avenue from 1.30 o'clock until 3.30 o'clock in the afternoon, was resumed this morning. Sergeant Smith of the North End division, said that his attention was called by Policeman Hamm to the two cars standing in Douglas Avenue at 2.10 p. m. on the afternoon in question. The court again expressed surprise at the direct contradiction in the case. The case was further postponed until tomorrow at ten o'clock.

Recent Tragedies Deplored by
Commissioners—City May Establish
Woodyard to Aid in
Solving Fuel Problem

Authority to make what expenditures may be found necessary in the search for the person or persons responsible for the death of Robert Harris was given to the commissioner of public safety at the meeting of the council in committee this morning.

Reference was made also to the death of little Ronald Totter and action in the matter was indicated.

Steps to deal with the fuel question were discussed and the suggestion meeting with the most favor was the opening of a city wood yard.

Clarendon street, as usual, came in for some discussion but no action.

The petition of livery stable keepers for a revision of the rates was laid over until Thursday.

The mayor presided and Commissioners Wignong, McEllan and Fisher and the common clerk were present.

Plans for a public recognition of the fifth anniversary of confederation were discussed at the opening of the meeting. It was decided to have a band concert in the public square on the afternoon of Monday, July 2, if a band could be secured. Commissioner Fisher will report on the arrangements at the Thursday meeting.

The petition from the livery stable keepers asking for a revision of the by-law relating to cab fares was read. As it did not seem very clear, the petition was laid over until Thursday when the petitioners may be represented.

The application for a license also was laid over until Thursday.

The mayor reported that he had received a reply from the office of Mr. McGrath, fuel controller, in Ottawa, announcing that Mr. McGrath was in Washington and would be back in the city on his return. It appeared to be a matter of water freights. So far as he could see, the profits of the local dealers were not exorbitant.

Commissioner McEllan suggested that the schooners which were carrying such big freights should be taxed according to their water values.

The mayor said that he had an offer of 300 cords of wood, birch and spruce for sale for the citizens' benefit. He raised the question whether the coal supply would be sufficient during the coming winter. He had wired several large dealers in the United States for quotations but had received little satisfaction. In one wire he asked for quotations on 5,000 tons, but was informed that none was available.

Commissioner McEllan suggested the establishment of a municipal wood yard, if sufficient supplies of clear hardwood could be secured. He also suggested that the government should commandeer the coal supplies in the dominion, and the coal carrying vessels. Another suggestion was that the agricultural fair grounds near the Marsh bridge be secured for a wood yard.

No action was taken.

Clarendon Street.

Commissioner Fisher reported that Miss Murphy had asked that a space of three and one-half feet be left between her house and the Clarendon street retaining wall. He could not recommend this but left it to the council. He also had received an application on behalf of Mr. Logan, who owns the opposite property, asking for openings for light and coal entrance.

Commissioner McEllan said the most he could support for the Clarendon street wall would be a depression in it to give access to the two doors.

The mayor asked for sketches of what was proposed and what was asked. These will be submitted at a later meeting.

No Change Here

Bringing up the matter of retaining walls, Commissioner Fisher said that his recommendation for the erection of several retaining walls had been defeated because of the opposition of one member of the council, the commissioner of public safety. The latter had opposed because he was unwilling to trust the commissioner of public works with the expenditures or to vote for a bond issue. Mr. Fisher wanted to ask whether the commissioner of public safety could suggest any alternative means of doing the work or whether he thought the work could be dispensed with.

Commissioner McEllan: "I opposed the bond issue and my opposition stands. I am willing to take a chance on the walls standing for another year or two."

COUNCIL GRANTS FUNDS TO SEARCH FOR MURDERER (Continued from page 1.) Robert Harris, a young plumber, under circumstances which indicated that murder was committed. He asked authority to make such expenditures in this connection as might become necessary, out of his own pocket. This was no reflection on the police department, but a case of this kind might call for special measures. "A foul deed has been committed," he said, "and the perpetrator should be brought to justice. I, for one, would be glad to lend a hand to pull the rope on gallows or guillotine to aid in the just punishment of such a cowardly murderer."

Commissioner Wigmore urged that the commissioner of safety be given a free hand and moved that necessary expenditures be authorized. The mayor agreed that every step should be taken to bring the perpetrator to justice. Commissioner McLellan said that it might be necessary to employ persons whose names would not be made public. Commissioner Fisher thought that the matter should be handled through the chief of police. The motion was passed.

The Tottan Boy Commissioner Wigmore referred to the discovery of the body of little Harold Tottan, whose body was found in a vault containing the meter supplying the St. John Hide Company. He had been deeply touched by this sad event but he did not know of anything that he or the council could do, at least until after the inquest. The meeting adjourned.

BISHOP LEBLANC SPEAKS ON DEATH OF ROBT. HARRIS In asking the prayers of the people, at mass yesterday morning, for the repose of the soul of Robert Harris, His Lordship Bishop LeBlanc referred to the death of the young man as being particularly sad. Many rumors were in circulation, he said, and he hoped there was no foundation for them. He was not opposed to unions as such, but certainly was opposed to unions causing the death of young men, and he hoped there was nothing in all these stories that were being circulated. The matter was very sad and he trusted such a thing would never again happen.

Guilfoil-Parlee At half past six o'clock this morning, in St. Peter's church, Rev. Peter Willmott, C. S. R., united in marriage, Canon J. Guilfoil and Elizabeth Sarah Parlee, both of this city. The bride was accompanied by her father, Rev. J. Guilfoil of Chapel street, and had as bridesmaids Miss Carrie Doucett, and Miss George Parlee. The groom was supported by his brother, Rev. J. Guilfoil of Chapel street, and John E. Guilfoil of Chapel street, for ten or eleven years. The bride received valuable gifts. Mr. and Mrs. Guilfoil will reside in the North End, and have the good wishes of many friends.

AT THIS CLOTHING SALE YOU GET MORE FOR LESS I sold dozens of suits last Friday and Saturday out of that lot of Men's Suits I purchased from a large manufacturer in upper Canada. Men are remarking how do I do it! My reply is that I pay more for clothing and less for expenses. I think more of the value of clothes and less for fancy fixtures, real estate, etc. In the Henderson Clothes you don't have to pay a big margin of profit for bookkeeping, cash departments, floor walkers, etc. Therefore it's easy for you to see that you get MORE AND PAY LESS when you get your clothes here. I have loads of suits left yet out of that special lot I'm selling at \$15.00. Value up to \$20.00, \$22.00 and \$25.00. Out of my regular stock I have put on sale \$18.00. Suits at \$14.00; \$20.00 at \$16.00; \$22.00 at \$18.00; \$25.00 at \$20.00. Blues and Black Suits are not in this sale. A. E. HENDERSON The Men's Clothier 104 KING STREET

PROHIBITION ASSURED
Washington, June 24.—The administration food control bill, giving the president broad authority to control the distribution of food, feed and fuel for war purposes, and appropriating \$192,500,000 for its enforcement and administration, was passed by the house late last night, after far-reaching prohibition provisions had been written into it.

The prohibition provisions adopted would prohibit the use of foodstuffs for the manufacture of alcoholic beverages, and would give the president authority to take over, for war purposes, all liquor now on hand.

With the summer time table in effect Sunday, June 10th, passengers will be able to leave Moncton at 6:00 p.m. Tuesday, Thursday and Saturday and travel in through car, via Edmundston to Levis, arriving there at 10:25 a.m. the following day. Returning the through car will leave Levis Monday, Wednesday and Friday, 4:30 p.m. and arrive at Moncton at 12:05 noon, Tuesday, Thursday and Saturday—the quickest time between the two cities, Moncton and Fredericton.

By the same trains and on the same days from Moncton there is a good connection at Fredericton for Fredericton arriving in the Capital City at 9:45 p.m. Returning passengers can leave Fredericton at 6:40 a.m. and arrive in Moncton at 12:05 noon, Tuesday, Thursday and Saturday—the quickest time between the two cities, Moncton and Fredericton.

Mrs. Roxa Richardson, Kingston, Ont., aged 83, was married at her home on Monday evening to Thomas Charles Elliott, lately of Halifax. This is the bride's fourth marriage.

LOCAL NEWS

A pleasant song service was held in Girls' Club, Princess street, last evening.

His Lordship Bishop LeBlanc and Rev. Wm. L. Duke of the Cathedral, have returned from a week's confirmation tour of the counties of York and Carleton.

FOR THE DRUG CLERKS

Elliott Hotel, City, June 23. To the Editor of the Times:

Sir,—Some years ago the grocers started a movement to have all their stores to close early each night except Saturday. After a good deal of good honest work on the part of the smart ones, they accomplished their ends and now it is an established fact and no one apparently wants to go back to the dark ages. Following the grocers the drug clerks and other leaders in trade started for the Saturday half holiday, but many firms opposed it, yet after a while the leading firms adopted the idea and gave their men a half holiday for the summer months and it must have been a lasting pleasure to all concerned, for we don't hear anything about lost trade or money, and all concerned seem to be satisfied with the new methods. The reason the merchants gave the half holiday to their men was, I think, they remembered the days when they were clerks themselves and remembered their longings to be out on the river.

Now along come the drug clerks asking for shorter hours, and if there is a more deserving class of workers than the drug clerks I have not discovered them. They are called to work long hours and there is no need of it whatever. The drug clerks (that they can give their men shorter hours and never lose one cent trade.) I hope that the leading drug proprietors will see their way clear to give their men, speedily, shorter hours. At least that is the wish of your respectfully,

A. T. B. HOWARD.

MARINE NOTES

Halifax Herald—The four-masted schooner Edgar W. Murdoch, which was wrecked on Old Proprietor ledge early on Monday morning while bound from Barbados to St. John, with a cargo of molasses, had been sold subject to her safe arrival, to New York parties for upwards of \$100,000. The schooner was owned by Carleton and Norwood, of Rockport (Me.), and is reported to have been partially insured in Boston companies. Another report from New York says an offer of \$200,000 had been made.

EGGS WITH MACARONI

Have 2 ounces Catelli's Milk Macaroni for 10 minutes, then drain. Add 1 pint milk and let simmer for 15 minutes. Next mix with a slightly beaten egg or two, put all in a greased pie-dish, grate a little butter over the top, and bake for half an hour.

Have for dinner to-morrow. Easy to make—appetizing—satisfying—wonderfully nutritious—and costs less than half so much as meat.

POLITICS AND CONSCRIPTION

One would like to be able to believe that the leaders and the press of the Conservative party are yearning for unity in Canada, and not playing upon racial prejudice to promote disunion and get an election cry.

In this connection, it is worth while to note that the Hon. Walter Long, colonial secretary, has not only taken pains to say that neither the imperial cabinet nor the war cabinet in England mentioned conscription to Sir Robert Borden, but adds that he had no idea when Sir Robert left London that he was going to propose conscription in Canada.

Does this not add force to the suggestion that Sir Robert Borden was thinking about the elections quite as much as about the men at the front when he announced that conscription would be introduced?

GOVERNMENT INACTION

Toronto Saturday Night gives the Borden government a jolt for its failure to deal with the locomotive and car shortage, which will so seriously affect the coal situation and transportation interests in general.

DIVINE INTERPOSITION

One is naturally interested in expressions of opinion as to the part that is being taken by God in the present war. For example, we have the Kaiser addressing the Brandenburgers as follows: "The enemy is seeking a decision. We await it calmly, placing our trust in God, who heretofore has graciously protected and aided us.

diers called it luck, continued Rev. Mr. Hague, "but He controls sandstorms and fogs."

The only rational interpretation of this is that in the opinion of Rev. Mr. Hague the Almighty is now doing for the Germans what he formerly did for the Israelites—saving them by direct interposition—covering them by fogs and sandstorms and blizzards without any necessary reference to previous atmospheric conditions or the ordinary laws of nature.

A Vancouver, B. C., letter says: "Shipbuilding indeed has become one of the most important industries on this coast within the last six months. At the present time, in the three principal yards of the province, some \$20,000,000 worth of steel and wooden ships are now being constructed.

Touching the matter of recruiting in Quebec, the testimony of Sir Robert Borden's colleague, Col. Blondin: "If Quebec had been well organized from the French-Canadian point of view at the beginning of the war, and if the organization had been immediately placed under the direction of a man like General Lussard, and an appeal made to all French-Canadians to enlist in French-Canadian units and preserve their identity, Quebec would have replied on August 1, 1915. It was first sent to Bermuda, and later when it was sent to England it was broken up and scattered among different units.

The Foster government is altogether unsatisfactory to the St. John Standard. That is a very good reason why it should be wholly satisfactory to the people. The provincial opposition delights in the St. John Standard. That is a sufficient reason why the people should regard it with suspicion.

There has never been a time since the war began when the Canadian commander in France could not justly make the appeal for men which has now been invited and has been sent by Sir Arthur Currie. But for government bungling the Canadian divisions would have been kept up to full strength from the very beginning.

It is intimated that the conscription bill may pass its second reading this week. There is really no cause for delay. After the bill has gone to the committee stage it may be usefully amended, and it should go to that stage at once. All that is worth saying for or against it has already been heard.

Toronto Globe—"Out of 2,698 pupils in Toronto schools subjected to medical examination, only 618 were found to be quite normal, which goes to show that imperfect health is the general condition in the city. The schools of St. John?

HAD INDIGESTION COULD KEEP NOTHING ON STOMACH

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitated feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation; that souring and rising of the food which is a unpleasant and in many cases very painful.

TO BE ASKED TO FIX STEEL PRICE

Washington, June 26-The federal trade commission will be asked soon by President Denman of the emergency fleet corporation to fix a uniform price for steel and steel products for all industries throughout the country. The commission will be asked to name a price which will afford the producers a fair profit, not only on steel, but on pig iron, iron ore and every other material entering into the manufacture of steel.

MORNING NEWS OVER THE WIRES

The two vacancies from British Columbia were filled by the cabinet in Ottawa on Saturday. The new senators are L. W. F. Shatford of Hedy and E. A. Planta of Nanaimo. Justice Lennox has granted an order winding up the department store concern of A. E. Res, Ltd., the largest in Ottawa. The Standard Bank is a creditor for \$700,000. The Anglican parish of Hampton has unanimously asked Rev. O. G. Lawrence, chaplain at the front, to become its pastor to succeed Archdeacon Crowfoot, now of this city. Rev. F. W. M. Bacon, Anglican clergyman at Richibucto, has tendered his resignation to take effect June 10. William Munro, of Eureka, near New Glasgow, was on a fishing party at Rocky Lake, on Saturday, when he and his party decided to go in for a dip. Mr. Munro was seized with a cramp and by the time he was rescued he was dead.

Service that Saves

Goodyear Service to you is a saving service. It saves your tires, your time, your money, your temper, your clothes.

To give you this service we have secured the co-operation of a thousand

business men whose places of business dot Canada from coast to coast.

Their work with us for you is a result of belief-belief in Goodyear products and in Goodyear policies.

That is why they sell Goodyear Tires, Tubes and Tire-Saver Accessories.

That is why they render Goodyear Service at no extra cost to you.

—service that does for you those necessary little things about your tires that you are not generally dressed or disposed to do.

Thus they save your tires, your time, your money, your temper, your clothes.

Furthermore, so strongly do they believe in service, that most of them will go even farther—they will render car service that is equally valuable to you.

Goodyear Service Station Dealers are ready and anxious to render you ser-

vice. They want to win your friendship by proving their value to you. Give them that opportunity.

Drive up to the nearest garage that displays the familiar emblem shown above. 'Twill take only a minute or two. And you will drive away with an entirely new conception of what service can be.

We believe the time you have spent reading this advertisement has been well spent, in that you have learned enough of Goodyear Service to make you want to benefit by it. We believe that the time you spend on your first visit to a Goodyear Service Station will be an even greater investment. You will also gain a far more comprehensive idea of the breadth of Goodyear Service than we can give you here.

Again we say, learn of Goodyear Service by receiving Goodyear Service. It is gladly given by men who are good for you to know.

A DAY'S RECORD OF MURDER; SUICIDE;
SUDDEN DEATH IN NEW BRUNSWICK

Inquest On
Death Of
Robt. Harris

Intimation That Interesting Developments May Occur This Evening at Inquest Into Death of Young Plumber

The inquest into the death of Robert Harris, the young plumber who died as the result of injuries received when attacked on his way home a fortnight ago, opened on Saturday evening in the court house, Dr. F. L. Kenney presiding. The evidence of several witnesses was taken and the inquest will be continued this evening.

Dr. F. L. Kenney, coroner, started the inquest Saturday night at 8 o'clock at the court house. There were seven witnesses but the evidence was not immediately concerned with the tragedy. As to whether any evidence would be produced directly bearing upon the attack, it was intimated that Monday night would have startling testimony in store.

The first witness was Dr. F. T. Dunlop who conducted a post mortem examination. He gave a technical description of the condition in which he found the body. There was a fracture at the base of the skull which might have been inflicted by a blunt instrument. Dr. G. O. Baxter told of being in attendance on Harris at his home on Dr. C. M. King testified that he visited him at the St. John Infirmary. He corroborated Dr. Dunlop with reference to the skull examination and agreed that it might have been inflicted by a cudgel or the like.

John Wilson, a witness, told of finding Harris lying helpless in the street. He picked him up and helped him to his home in Pine street. William Murphy passed in Rockland road just before Mr. Wilson. He saw a man lying by the gutter but passed him by, thinking that he was intoxicated.

Francis Walker, with whom Harris had been an apprentice, testified as to his sobriety. He characterized him as a straightforward, upright, industrious young man.

John McCallum was also a witness. He walked with Harris on the night of the tragedy from Kitchener street to his junction with Rockland road and there he parted with him.

These were the main facts of the testimony so far, put forward for the purpose of establishing where and how the death occurred. By whom and by what means, is the next phase of the testimony and interesting developments are anticipated this evening.

F. R. Taylor, N.C., appeared on behalf of the master plumbers and J. A. Sinclair represented the journeymen plumbers.

The victim of the unknown assailants was buried yesterday afternoon. The general sympathy of all was expressed by the numerous floral contributions and the long cortege. From his parents' home, 3 Pine street, the body was borne to the Cathedral of the Immaculate Conception at 2:30 o'clock. There Rev. Francis Walker officiated solemn service. Interment was made at the new Catholic cemetery. The pall bearers were William Crawford, John Coughlan, F. Walker, Robert E. Harrington, Phillip Grauman and R. E. Fitzgerald.

From the calmness with which the police is viewing the case many assume that they have the matter thoroughly in hand and are prepared for prompt action just as soon as the verdict of the coroner's jury is presented.

Kills Himself

Bullet Ends Life of Young Telegraph Operator, Suffering From Overwork, at Caspereau Station

Temporarily deranged in his mind, Arthur F. Perkins put a shotgun to his head after he had retired at his home, Caspereau Station, last Friday night, and killed himself.

The discharge of the weapon, mistaken by other occupants of the house as a dropping window sash, attracted no attention, and the body was not found until next morning.

Perkins, the 21-year-old son of Charles Perkins, was a telegraph operator at Fort Fairfield (Me.). It is stated that previously there noticed he was acting queerly and he was sent home for a rest.

Dr. A. A. Lewin, of Welsford, who attended, believed he would recover after a good rest as overwork was considered largely responsible for his illness. It was just three weeks ago that he returned.

At the Baptist church at Caspereau Station yesterday Rev. David Patterson of Hoyt, conducted service. Many people were present and the deepest sympathy was expressed for the sadly bereaved family.

Burial has been postponed indefinitely. The authorities would not permit it until a coroner had viewed the body. The farm owned by Mr. Perkins is located, for the greater part, in Queens county, but the house is in Charlotte county, just on the border. It was decided, therefore, that a coroner from the latter county should be summoned and one is expected from St. Andrews today.

Besides his father, there survive two brothers, Melvin and Bernard, and three sisters, Mrs. Oscar Lyons, of Fort Fairfield (Me.), Mrs. J. A. Hoyt of Caspereau, and Mrs. Austin Hoyt, also of Caspereau. Mrs. Lyons returned home on a visit only the day before the tragedy.

BOTH BADLY INJURED

Mr. and Mrs. James Logan were both badly injured, the former perhaps critically, when they were thrown from a carriage by a runaway horse at Hampton, Sunday at noon. The horse became frightened when Mrs. Logan put up her umbrella, and bolted. About two hundred yards beyond the occupants were thrown. Dr. F. H. Wetmore is attending them.

RECENT DEATHS

George Glenn Ewing.

George Glenn Ewing, son of the late Captain John A. Ewing, died early yesterday morning at his home, 68 Queen street, following a protracted illness. He was one of St. John's most popular young men and was highly esteemed among a wide circle of friends. For some time he was on the reportorial staff of The Telegraph but more recently he had been employed by Mr. Mitchell of D. D. Glasier & Son. He was quite an accomplished musician and before his illness forced him to retire he was associated with several musical organizations. His mother, three sisters, Grace, Helena and Dora survive. He was a nephew of Robert Ewing.

Loretta Delaney.

After but one day's illness of pneumonia, Loretta Delaney passed away on Saturday at the home of her mother, Mrs. Maria Delaney, Kingsville. She was in her nineteenth year and was very popular and highly esteemed generally. Besides her mother she leaves four brothers—John, Frank, Charles and Harold, all of Kingsville; and five sisters, Mrs. Charles Doyle of West St. John, Mrs. Edward Murtagh of this city and Misses Lena, Edna and Josephine at home.

Mrs. R. C. Ruddick.

The death occurred yesterday morning at Hillsboro (N. B.) of Mrs. R. C. Ruddick, wife of Dr. R. C. Ruddick, port physician of this city. She died at the residence of her sister, Mrs. Jordan Steves, who she has been visiting for the past month or more. Mrs. Ruddick has been in failing health for the past nine months and death came when she was in the fifty-sixth year of her age. She was a daughter of the late Hon. John Wallace, of Hillsboro, and is survived by her husband, in this city; one daughter, Mrs. Janet Coburn, of Boston; and one son, Dr. W. W. Ruddick, with No. 1 General Hospital, France. Three sisters also survive—Mrs. Jordan Steves and Mrs. Archie Steves, both of Hillsboro (N. B.), and two brothers, George and John Wallace, of Hillsboro (N. B.). Mrs. Ruddick was well known in this city and has a large circle of friends. The funeral will take place at Hillsboro from the residence of her sister on Tuesday afternoon.

The death of Mrs. Timothy Mann.

Upper Hayesville, York county, occurred on Tuesday. She was formerly Miss Mand Standish and besides her husband leaves three sons—Elbridge, Rainsford and James, all at home.

Body of Totten
Child is Found

Drowned in Meter-box in Sight of His Home—Discovery Made by Father on Saturday Evening

The body of little Ronald Totten, three-year-old son of Mr. and Mrs. Frank J. Totten of Lombard street, was discovered on Saturday evening within a hundred yards of his home. The child disappeared on Sunday afternoon, a week ago, and since then an exhaustive search has been made through Rockwood Park, where it was believed he had been seen, and in other parts of the province, on the theory that he had been kidnapped by Gypsies. The place where the body was found was a "meter-box," a wooden vault five feet deep, filled with water to within a few inches of the surface. The discovery was made by the father and Mr. Gilliland, a neighbor.

Commissioner R. W. Wigmore described the "pool" as a half feet deep and about four and a half feet deep and about four feet square. It is covered with planking on top. It is covered with planking on top with a metal pipe in the center to be removed for reading the meter. The commissioner stated that the box and covering were renewed only a year ago and he did not know that the wooden top could be removed. He examined the place yesterday. The spikes, he said, had been pulled out with the top and it appeared as though it had been deliberately, he had never heard of the top being off before.

Thomas Ogilvie, who lives near the scene of the tragedy, states, however, that on the afternoon the boy disappeared he found two of the top planks off and placed them in their proper position. This was about 6:30 o'clock and the boy was last seen at 4 o'clock.

Soon after the recovery of the body Dr. F. L. Kenney, coroner, announced that an inquest will be held, a jury to be empanelled this morning. He stated to The Telegraph that the body was supposed to have been in the water. Others were also struck with this fact as well. Asked if it was quite apparent that the boy was drowned, he said he could not tell until the post mortem is held. He remarked that there were some bruises about the head but he did not think they were serious enough to cause death.

The body will be buried this morning. Besides the heart-broken parents, one younger brother, Edward, survives. On the Sunday afternoon the boy was missed the father looked in this very well. He stirred it up with a short stick but it is considered possible that he may have failed to reach the body.

The fact that the body is well preserved and that the place was stirred up and others put little stock in rumors of foul play and that the body was put in the well to avert discovery of the child.

GERMAN PAPER
SUSPECTING FOR
PROTESTING ON AIR RAIDS

Amsterdam, June 25.—According to the Deutsche Tageszeitung, the Breslau Socialist newspaper Volksrecht has been suppressed for protesting against air raids on London in which women and children are killed.

"Truly," the Volksrecht is quoted as saying, "our British comrades have no easy task in going to Stockholm to negotiate with their enemies. It is a miracle that they are not lynched or torn to pieces in such a moment of fury."

The principals

Glenn, who is under arrest for the deed, has three married sisters, a Mrs. McLean of Woodstock, Mrs. George Whiteley of Glassville and another sister living at Florenceville. A brother lives at East Florenceville and another, H. C. Glenn, at Grand Falls. Both the Whiteley and Wiley families are highly respected throughout Carleton county and the tragedy has been a great blow to the people of the parish of Kent, particularly these members of the families concerned.

This is the fourth violent death, alleged to have been murder, that has occurred in the parish of Kent within the past twelve years.

It is reported that Glenn has not been on good terms with the Wiley family for some time owing to supposed wrongs on their part. He has been more or less of a character in the parish of Kent, but in spite of the fact that he had been alleged to have been a murderer, there has never been a charge against him.

Harry Wiley, who fell before the bullet of the hermit, was thirty years of age and is a son of ex-Councillor William Wiley of Glassville. He had a brother killed recently in France. He is survived by his parents, two brothers, Edward Wiley, Jr., and Frank, and has three sisters.

William Glenn in Danger of Lynching After Shooting Harry Wiley at Boundry Fence

Woodstock, N. B., June 24.—(Special)—The terrible tragedy in Northfield yesterday in which Harry Wiley was killed by William Glenn, recalls other murders of a few years ago in this county which resulted in two executions. Word of the tragedy was received yesterday morning by Sheriff Foster, who, with Deputy Sheriff Moores and Chief Kelly, went by automobile to Northfield which is about fifty miles from Woodstock, and eight miles from Glassville.

The story, as told by the brother of the murderer, is that they had just repaired a line fence when Glenn came up with a rifle and, without any words, fired at Harry Wiley who was sitting on a roller, the bullet piercing both lungs, making a terrible wound and killing the young man instantly. Glenn then loaded the rifle and returned to his hut where he lived. The gun is an old style Snider by which is about fifty miles from Woodstock, and eight miles from Glassville.

When the officers arrived on the scene, Glenn had barricaded himself in his hut, which was located in the open, giving him a commanding view of the whole country.

An inquest was at once held by Coroner Commins and a verdict of death through a gunshot wound from a gun returned. Glenn was returned and a warrant issued for his arrest. It might have been death to anyone who approached the hut, and Sheriff Foster and other officers went by automobile to a nearby house and called to the prisoner that his brother wanted to talk to him. He finally agreed to let his brother in, but talked to him through the window. After a long time he opened the door and putting on a fur-lined coat, got into an automobile and was brought to Woodstock.

At the jail this morning the prisoner appears to realize his position, but takes matters coolly. He says there has not been good feeling for some years, or as he puts it, "we got along all right when we were boys." He says he is thirty years of age, but he looks much older on account of a heavy beard. He is a large able-bodied man and has lived an eccentric life. He has not been working his farm to any extent. He cuts some logs in the winter and always carried a gun. The feeling ran very high and only the tact and promptness of Sheriff Foster prevented the prisoner from receiving summary justice from the friends of the dead man. He is a brother-in-law of the attorney-general. A date will be fixed for the preliminary examination.

Major G. Roland Barnes, M.C.

No small number of those who are returned on furlough or as medically unfit, are from New Brunswick, and many well known St. John men are with the party. These men came on yesterday from Halifax by train, and their way to St. John or went direct to their various homes throughout the province.

Major G. Roland Barnes, of Hampton, arrived at his home there on Sunday afternoon, and was given a royal reception by his friends. The streets were decorated and the whole community turned out to welcome him home. Major Barnes is looking fine and is feeling in first rate condition, but is by no means completely cured yet. He is here on furlough and does not know how soon he may be returned to England for further medical treatment.

He is one of the youngest majors with the Canadian forces as only two days before he was decorated by His Majesty King George V., on April 25 of this year, he celebrated his twenty-second birthday.

Another veteran of the western front to arrive in the city yesterday was Private A. G. Howe, who went overseas with Colonel Massie with the 2nd Divisional Train. He went to France with the 4th Field Ambulance and returned with an injured leg. He has been absent from his family over two years and in that time has done his "bit." He says that he met many of the original 20th men in France and New Brunswickers who were in other units and all were playing their part well. Others of the 20th had returned to Carleton and were Corporal Campbell of Carleton and Private Cecil Hartin of City road. Private McCormick also returned, he is a North End boy, and went over with the 2nd American Legion.

Memorial Service

Another memorial service took place last night in Waterloo street United Baptist church. This service was in honor of Gunner John Ainsley Wheaton, who was killed in action, May 26. He was a member of this church, and though absent for years on railway construction work, he annually contributed to his church. He was a son of Mrs. Elizabeth and the late John Wheaton, of 4 Elliott Row. A golden star has been placed against his name, as with others who from this church have fallen for their country.

Casualties

The names of twenty-eight New Brunswick men appear in the midnight casualty list: Killed in action, W. J. Good, Dalhousie; H. A. McEwain, Temperance Vale; S. Poltras, Grand Falls; G. C. Beesley, Holderville; died, W. J. Walker, Campbellton; presumed to have died, J. L. Clark, St. George; missing, H. W. Palmer, Sackville; H. D. Schofield, Blackville; J. P. Weir, Moncton; gassed, E. Captured Positions Are Retaken

Grand Headquarters of the French Army in France, Saturday evening, June 23.—(By the Associated Press)—There are signs on many parts of the French front that the Germans are either nervous concerning "feeler" has been carried out by Field Marshal Von Hindenburg at various points, principally around the Laon plateau. One of the chief of these was an effort to cut a breach in the French line at Vauxaillon, where the German "shock" units temporarily ousted the French from a short trench system on the slopes of Monkey Mountain, on which it was important that both armies should possess observatories.

French counter-attacks immediately regained all the ground lost, except a salient measuring a few yards in which the German position is most precarious. On this occasion the German shock troops advanced in their shirt sleeves without packs, after a terrific bombardment, in which every yard of the adjacent ground was searched by shells.

Sinn Feiners Active in Cork

Cork, June 24.—The Sinn Feiners were active here early this morning, when they smashed the windows in recruiting offices and by means of a fire escape hoisted the republican flag on the court house flag staff and smashed the scale held by the figure of Justice over the court house. They committed many other acts of violence.

The Sinn Feiners, at a big meeting this afternoon, passed resolutions denouncing the national convention as a diplomatic attempt on the part of the government to place Ireland in a false position and prevent the fulfillment of Ireland's claim to sovereign independence. The resolutions demanded that the executive convene the council to express the opinions of the people and elect representatives.

Recruits

Fifteen recruits were secured in the city on Saturday, three local men and twelve from Boston. The local men secured were: E. A. Colwell, St. John; Divisional Signal Station; James Mutch, Charlottetown, P.E.I., and one who did not wish his name mentioned. The recruits secured for the 28th Kiltie Battalion in Boston were: Richard Vana, Bartley Flaherty, Daniel McDonald, James Smith, L. Watts, John Herbert, Sampson Barry, John McPetersen, Edward Sharpley, Frank Weldon, Boston; James Masterson, Rothburn and John Fairburn, Lowell.

Killed in Action

Chatham, June 24.—James Ryan has received word from Ottawa that his son, Leonard Ryan, is officially reported killed in action May 7. Private Ryan went overseas about eighteen months ago with No. 2 tunnelling corps. Besides his parents there survive several brothers and sisters. He was about 20 years of age and had been reported missing since May 7.

EGIN BIG ROUND-UP OF THE CENSUS SHIRKERS

Subpoenas Issued and 100 Other Cases Under Investigation by the Director Staff

New York, June 25—Men and women who are trying to evade the State Military Census by giving false names and addresses are to be systematically hunted down and brought to the courts, it was announced at the office of the Director of the Census, at 261 Broadway.

Director E. P. Goodrich issued subpoenas for six persons during the day and about 100 other cases reported from registration stations are under investigation.

Two of the persons for whom subpoenas were issued are said to have

given false names and addresses in attempting to register. They have been investigated and reported "not found."

Service of a subpoena was made by proxy on another census offender, a member of his family accepting it, but Mr. Goodrich ordered that the man be served personally and be required to appear today at the census headquarters for an examination.

"We have a very good record of the number of people who are liable through the work of the police department in its check-census," said Director Goodrich. "For example, in City Island the people there estimated the total population within the military age limit at 500, and yet the police found 1,400 eligible persons living there. Many persons may believe they have escaped the police census, but they will find that their neighbors or dwellers in the same apartment house have furnished the necessary data by which we will be enabled to reach the shirkers."

WANTS FLEETS TO FORCE ACTION

Churchill Demands Aggressive Policy For Allies' Ships

DON'T WAIT FOR THE GERMANS

British Navy Then Liberated From Enchanted Submarine Circle and Enemy Compelled to Devote His Attention to Self Defence

London, June 25.—Winston Spencer Churchill, in an article in the Sunday Pictorial, demands an aggressive policy for the vast surplus fleets under the allies' command, especially since America's entrance into the war.

"The allied navies," he declared, "have today at least two dreadnoughts for every one at the disposal of Germany and Austria and in addition more than four old battleships to one for the enemy. But the superiority in weight of metal, modernity and tonnage is far greater even than these immense figures imply. Are we really to be content to see this vast mass of about 200 battleship world wide on the off chance of the German fleet emerging to fight until peace—perhaps an unsatisfactory peace—is declared?"

"When three old battleships were sunk in the Dardanelles it was represented as a great naval disaster but what kind of a disaster would it be when, on the day peace is signed, hundreds of battleships are found to be practically unused and pass into obsolescence to be supplanted in future wars by aeroplanes and submarines."

"We must have a vast blue water fleet capable of engaging the full strength of the enemy with good prospects of success, but after that has been provided for an immense surplus of old but valuable vessels remain and it is in their adaptation for use and employment in aggressive action that escape from the present deadlock can still be found. It is only when we are able to devise and execute some method of aggressive naval warfare against the Germans that we shall find his weakness and our strength, that we shall liberate our splendid navy from the enchanted circle the submarine has drawn about it and compel our enemies to absorb themselves so much in the process of their own defence as to leave them no leisure to compass our ruin."

HARRY TOLTON makes SHIRTS

to order for well-dressed Canadian Men

(Order by Mail)

IT'S over 30 years now since I started selling made-to-order shirts to Canadian men. I sold not just shirts—but comfort, fit and satisfaction. That's why thousands of men in every part of Canada now wear Tolton Shirts exclusively, re-ordering year after year. They have found the great difference between shirts bought in a store from stock patterns and sizes, and Tolton made-to-measure Shirts, lies in the comfort and perfect fit.

THE materials are cut and tailored, not according to a fixed set of measurements but according to the exact measurements of each of my customers. The neck bands are not approximately the right size—but exactly the right size. The sleeves are never too long or too short—but exactly the right length.

I PERSONALLY visit the British mills and select the best and handsomest weaves and patterns they have. These are the finest shirt materials made anywhere in the world. The patterns and shades are always in good taste and the materials are of exceptionally high quality that give no end of wear.

AND instead of being an expensive way to buy shirts—Tolton Shirts are the most economical by far. Men who have ordered shirts from Tolton know that they outwear by years the ordinary stock shirt! There are three reasons for this: First, the high grade of materials from which they are made. Second, the careful and thorough workmanship. Third, the exact fit, for only a shirt that fits exactly can give the maximum wear.

IF you once wear Tolton Shirts you will realize how they add tremendously to that "well dressed and well groomed" feeling. My "measure-by-mail" plan is simple yet absolutely accurate and will give you comfortable shirts fitted to your own individual figure.

Just a note from you or simply your business card, will bring you my sample book and instructions. Your measurements are carefully retained so that you can re-order at any time without further trouble.

Giants Manager Repudiates Interview and Now Has Former Friends After His Scalp

New York, June 22.—"The incident is now closed" is the way John J. McGraw, manager of the New York Giants, dismisses the subject of the manner in which he squared himself with the National League and John K. Tener.

Incident is "Not" Closed

"The incident is now closed so far as I am concerned," says Mr. Tener, satisfied with McGraw's retraction, which comes in the way of a repudiation of interviews credited to him.

Both Mr. McGraw and Mr. Tener are sadly mistaken in this optimistic view of an affair that is bringing more ignominy upon a baseball manager than at any time that can be recalled at this moment.

Some Real Good Ball.

Both have an utterly wrong impression about the incident. In truth, the "incident" is just beginning, and before the final chapter of it is written there is little doubt that John J. McGraw will understand that the stigma he has put upon certain newspaper writers cannot

Genuine - PURE

Genuine diamonds—pure stones—are valuable. Imitations are worthless. To the average man it is hard to tell the difference.

When we buy diamonds the name of a reliable merchant is our guarantee for a genuine—pure—stone.

So with cigarettes. Pure tobacco in the cigarette you are going to make your regular smoke is a valuable asset to health. Cigarettes made of added ingredients are only imitations—naturally pure tobacco cannot be improved upon.

Why experiment with cigarettes any more than you would with diamonds? Smoke CRAVEN "A." This name on a cigarette is your guarantee of purity.

Pure, mild, high grade, selected Virginia leaf. Properly mellowed by age, and correctly blended to bring out all the best qualities of the tobacco in the different grades used.

You cannot buy a finer or purer Virginia cigarette than CRAVEN "A" at any price.

The little girls are being heartily congratulated on their energy and great success.

NORTH END FIRE
A little after 8 o'clock this morning fire broke out in a house in Main street owned by Captain H. Hawkins and occupied by William Morris and did damage of upwards of \$200. It is said to have started from a defective fuse in the kitchen. A still alarm was sent in to No. 5 engine house, Main street, and the station in Portland street, where the chemical engine is kept. The fire was extinguished in about 15 minutes. The building is insured, but there was no insurance on the furniture destroyed.

SEVERELY ILL IN HOSPITAL IN WALES

Official News of Pte. Chas. H. W. Beasley Comes to Mother Here

Mrs. H. M. Beasley of 27 Sheriff street received a telegram from Ottawa this morning notifying her that her son, Pte. Charles H. W. Beasley, is reported seriously ill in a military hospital in Bangor, Wales. He was admitted to the institution on June 23. He left here with the 140th Battalion, but upon his arrival at the land was drafted to an infantry unit then fighting in France. He remained at the front until about a month ago, when he was stricken with meningitis and invalided to a hospital. Later he was attacked by appendicitis and had to be operated on, and it is thought that the telegram referred to was sent after the operation.

That he had been through some hard fighting was indicated in a letter received recently from a cousin, who said he was one of four soldiers to come through without a scratch. Prior to donning the khaki, Pte. Beasley was employed at Longshore work.

BIDS HIS PEOPLE FAREWELL

Rev. Gilbert Earle Makes Statement on Position of Fairville Methodist Church

Last evening Rev. Gilbert Earle preached his farewell sermon in Fairville Methodist church as he will leave in a few weeks for Trinidad, where he will assume charge of a large church.

Rev. Mr. Earle submitted last evening what he termed an account of his stewardship and some very interesting figures were presented to the congregation. During the last four years the sum of \$8,867 has been raised by the church and of that only \$150 came from other than the voluntary system of gifts. There are 118 members on the church roll at present. Mr. Earle has attended thirty-three funerals during his pastorate, and officiated at twenty-two marriages and forty baptisms.

In expressing thanks to the Fairville people for hearty co-operation he mentioned especially the good work of the choir, which has won enviable mention from many visiting city clergymen. He also made reference to the energy and spirit of the Sunday school and the joy he had received in his services of Methodist chaplain at the General Public Hospital.

In summing up, Mr. Earle dwelt on the problems that effect Fairville church life in particular, including the untoward of the city which tends to draw away from the smaller churches in the suburban district.

Rev. Mr. Earle expects to spend at least a year in Trinidad and intends visiting the interior of British Guiana, where he will see at first hand and obtain further knowledge of missionary endeavor in that section of the country, which no doubt he will use in missionary lectures and similar work of which he has always been a most enthusiastic and capable exponent.

Mr. Earle will be greatly missed from the community of Fairville, apart from the church with which he was especially identified, as he took a prominent part in the doings of the community council from the time of its organization; has also been active in the inter-church federation, which has done much on missionary lines among the Protestant churches, besides creating a spirit of fellowship one church with the other. In many other ways has he given freely of his time and interests for community good.

His successor, Rev. Thos. Marshall, of Fredericton is expected to assume the pastorate about July 8.

WILLIAM H. CRIPPS DIES IN THE WEST

Many friends will regret to hear the news of the death of William H. Cripps at Moose Jaw, Saskatchewan. He was an employe of the Canadian Pacific Railway and had passed his examinations for locomotive driver when his health gave out. Doctors advised him to go west, and, accompanied by his wife, he went to Gilroy, Sask., remaining there a few months, and moving then to Moose Jaw. All this time he seemed to be gaining in health and strength, and his death was entirely unexpected.

Mrs. Cripps is en route east with her husband's body, which will probably be buried at his mother's home in Randolph. The date cannot yet be stated.

Mr. Cripps was a member of the B. O. L. E. & F., and that order will have charge of the body on the journey and at the funeral. The interment will be in Cedar Hill.

Mr. Cripps leaves his wife, mother, Mrs. James H. Cripps, and two sisters, Misses Hazel and Florence, both at home. His father's death last winter was a great shock to the young man, who has now passed away.

PTE. CLEMENT DONOVAN IMPROVING IN HOSPITAL

Mrs. J. J. Donovan of 622 Main street is in receipt of a letter from a member of a Red Cross Society in England, reporting that her son, Pte. Clement K. Donovan, is able to be taken out on the hospital grounds. Private Donovan was wounded on April 10 in the battle of the Vimy Ridge. Many friends will be pleased to hear that he is improving in health and that his chances of recovery are good.

A WEEK'S GROWTH IN THE COUNTRY

Six Fine Days Wrought a Remarkable Change—Very High Freshet—Oceonee to Bellisle Thursday

A week ago the bloom was coming in the orchards. Today a silent rain of petals falls from every branch. The hillside yonder, a week ago purple with the blossoms of the rhododendron, has lost every vestige of its royal hue. The white bloom is on the torma, but it has gone from the cherry trees. The week has witnessed a wonderful growth of foliage, and the ravine and hillside show every shade of green. The growth of the grass has been wonderful. Buttercups are out, and the daisies ready to burst into white and gold. Nature, the miracle worker, has waved her wand over the landscape, and lo, it is transformed. The children found a few full-bloom daisies, and came from the fields laden with bouquets of wild columbine. Down by the edge of the ravine are great clumps of tall fern. The full-blown splendor of the summer is at hand, and when the water has receded, leaving the beaches bare, the valley of the noble river will lure us all again with its incomparable charms. When one passes into Long Beach there is a subtle change in the atmosphere, with more of warmth and less of fog. The passengers who went on the Oceonee to Sand Point on Saturday afternoon had a new experience. They were able to land on the end of the wharf but between it and the beach just enough sand was blown over the roadway to daunt any but a man in sea boots or the bare-footed lads who joyously waded through. The passengers used boats. No one remembers such a freshet at this season. At Crystal Beach there is no beach. It is submerged, and there is a pretty lake in the midst of the green intervals behind the old pavilion. At the point opposite Westfield the Prince of Wales elm stands in the water. The same is true of several trees at Bellisle Point. The low water wharf at Westfield is completely submerged. At Public Landing the Oceonee landed her passengers at the side of the wharf. The river water is a muddy brown altogether unusual in summer.

Last week, however, was fine throughout, and Saturday was a really hot day. The crops got a good start, and the farmers were able to do a lot of work. Sunday began with sunshine, but before noon rain was falling and continued for several hours. Throughout the afternoon the air was damp and cold. Some fishermen who came in from a lake miles in the woods were thoroughly drenched, and reported rather poor luck, though they had a few fine trout taken on Saturday evening.

The mosquitoes have arrived. As usual they are very attentive, especially if you are weeding the garden, or lying in a hammock out of doors in the early evening. When darkness falls the flies are out over the meadows, greatly to the entertainment of young persons whose enjoyment here has not been marred by the flies of care or infirmity.

The garden? Ah, yes, the garden. But so much to be done, the beets and carrots. And after a week of fine weather the soil needed stirring up. There was plenty of work in the garden, and in another week a pea must be brushed, and the potatoes and beans hoed. Some early planted potatoes on the farm have already attained a growth requiring that the cultivator be run between the rows. But even at that they are, like every other crop, much later than last season. However, we farmers must expect an off season now and then. Wait till you see us next year.

Following the dull weather of yesterday, one of the rarest of July mornings greeted the river people today. A morning of sunshine and shadow, gleams and diamond flashes, clear reflections on a mirror-like surface of shining water, breaths of wind and tiny ripples, black bits of water in the shadowed coves, all flying duck, a leaping salmon, and all the beauty of the verdant fields and wooded hills. The farmers have another glorious day, and the city folk came to town with the freshness of the morning, and all its loveliness to lighten for them the burdens of the day.

On Thursdays hereafter the Oceonee will go up the Belisle, Bentley, and Indian rivers for an hour in the afternoon. The people at Bellisle have had no service this year, and this in the berry season would be a very great hardship. Each season would be a very great hardship. Each season would be a very great hardship. Each season would be a very great hardship.

WASH SKIRTS—All the new models with belts and fancy pockets, every new cloth. Palm Beach, Silver bloom, woven designs and large fancy colored effects. Skirts worth from \$4.00 to \$6.50..... SALE PRICE \$2.85

SALE OF BOYS' SUITS, BLOUSES AND SEPARATE PANTS FOR SCHOOL CLOSING

OAK HALL - SCOVIL BROS., LIMITED ST. JOHN, N. B.

A SEASONABLE SPECIAL

Here is one of the bargains, which will appeal very strongly to our customers, now that the warm weather is coming on, a Two-Quart-Ice-Cream Freezer, as illustrated, for \$1.25, is the programme at our store for Tuesday, June 26.

These are made entirely of metal, and are not only cheaper than the ordinary freezer, with wooden tub, but have many other points of superiority.

Being all metal, it cools more quickly than the old-fashioned kind, saving time and labor in the freezing process and, for the same reason, uses less ice than any other.

It is more easily cleaned and more sanitary than the wooden tub, and weighs only 2 1/2 lbs.

Its place is on the pantry shelf, not in the cellar.

These will be sold at the above price for one day only, Tuesday, June 26.
