BRITISH, IN MIGHTY THRUST, PERCE' SECOND LINE OF GERMAN DEFENCES

Second Phase of Offensive Launched At Daybreak

Men in Khaki Drive Enemy From Strongly Defended Positions; Capture of Longueval and Bazentin Le Grand Reported; Huns Forced Out of Trones Wood

London, July 14.—(11.19 a.m.)—The British troops at dawn today broke into German positions on a four mile front in the region north of the Somme and captured several strongly defended localities, says an official announcement of the War Office.

The British attack was delivered on the second system of the German defences. The statement adds that heavy fighting continues. It reads: This morning at dawn we attacked the enemy's second system of defences. Our troops have broken into hostile positions on a front of four miles and have captured several strongly defended localities. Heavy fighting continues.

A Reuter despatch, which comes from the war correspondents' headquarters, says that, following a heavy bombardment of the German second defence line, the British infantry attacked at dawn today and broke the second line over a front of 5,000 yards. The despatch adds: "Latest reports state that we captured the villages of Longueval and Bazentin-le-Grand, and cleared the enemy out of Trones woods. The weather is cloudy and is cool and favorable to our operations."

SECOND PHASE OF GREAT OFFENSIVE The British advance apparently constitutes the second phase of the great Anglo-French offensive in the neighborhood of the Somme river, which began on July 1 over a front of something more than twenty miles.

The reported capture of Longueval and Bazentin-le-Grand indicates that the British in today's assault advanced eastward or northward from Contalmaison or Montauban and that they apparently have brought their right wing as far with the French left and arching a salient between Peronne, the immediate French objective, and Beaupre, the point at which the British movement is reported to be directed.

Longueval is about 3 1/2 miles east of Contalmaison. Bazentin-le-Grand is midway between those towns.

FROM ARMY HEADQUARTERS British Headquarters in France, July 14.—After their methodical day-by-day approach, covering a distance of the second line of German defences and after having brought up materials and guns, the British were ready for another big attack and at 3.30 o'clock this morning the infantry went forward. The assault seems to assure the taking of the villages of Longueval and Bazentin-le-Grand.

HAIG'S BLOW SWIFT AND SURE London, July 14.—At daylight this morning the British resuming the offensive north of the Somme, attacked the German second line defences, and, according to the report of their commander General Sir Douglas Haig, succeeded in penetrating them on a front of four miles. Press despatches from the front add that the villages of Bazentin-le-Grand and Longueval, and the remaining portion of Trones woods were taken by the British.

While it was expected the British would not allow any great length of time to elapse before continuing their operations, it was hardly believed the second German line would be broken in one day of artillery preparation, for it was only on the day before yesterday that they completed capture of the first line in the region between Kardoucourt and Ouliers.

The direction of the attack, too, was something of a surprise for, instead of pushing on towards Comblis, General Haig chose to attack the flank of the Germans who faced Contalmaison and Ouliers and those who still occupy Pontiers.

The advance to Longueval and Bazentin-le-Grand, if accomplished, gives the British possession of other important roads running in various directions, which have been a great help to the Germans in supplying their army directly south of the Ancre River.

LONDON STIRRED. News of the British success was received in London with the greatest enthusiasm. It has given added weight to the request of the government workmen to forego the August holidays so that the army may be kept well supplied with munitions.

Supplies already on hand must be greater than was generally believed, else General Haig would not have been able to continue his offensive without an intermission.

There was no news this morning of important developments on the remainder of the western front, but at least accounts the French were preparing to resume their offensive south of the Somme, while the Germans were still hammering at the defences of Verdun.

The opinion is held in France, however, that continuation of the Somme battle will compel the Germans to slacken their efforts at Verdun, which now have been in progress nearly five months, especially as the French estimated that the Germans lost 12,000 men in counter attacks on Contalmaison.

The Russians have made no noticeable advance on any part of their front since they gained Stokod River, where the struggle continues desperately.

FRENCH HAND STAYED FOR WHILE Paris, July 14.—(New York Tribune cable.)—While the British are continuing their progress on the north, there has come a lull in the French attack in Picardy. Bad weather has made impossible the bringing up of the heavy guns and until the artillery has once more cleared the way the attack will not be renewed.

IS AUSTRIA AT POINT WHERE SHE IS READY TO SUE FOR PEACE?

London, July 14.—The departure of the entire Russian council of ministers from Petrograd on their way to imperial field headquarters has been the cause of much speculation in the Russian capital, according to news despatches arriving here from Petrograd.

Only once before since the war began has a similar extraordinary council been held. At that time it was devoted to a consideration of important internal conditions and created a precedent in Russian history. Popular opinion ascribes the present council to the situation of Austria.

For the second time in the war Austria-Hungary has met with crushing defeat and there is a strong feeling in influential quarters that if Austria again throws out feelers for a separate peace they should be welcomed by the Allies.

Moreover, for the first time in the war, Germany is being hard pressed and this gives rise to the feeling that the Entente Allies must immediately lay down lines upon which they will agree as a basis for discussion of peace terms. The time for each member of the coalition to seek a common basis for future action is believed to be now, otherwise the Germans, say the despatches, will find the Entente as unprepared for peace as they were for war.

GERMANS ATTACK NORTH OF AISNE BUT ARE DRIVEN BACK Paris, July 14.—(Non-Press.)—The Germans made two attempts last night to storm French positions north of the Aisne, at a point south of Ville Au Bois, but were checked by the French machine gun fire.

On the Verdun front, fighting continues in the Souville sector. There were no important engagements in the Champs Wood. The German offensive developments are being watched.

PROTEST AGAINST USE OF BARLEY FOR BEER Another Sign of the Times in Germany—Eight Thousand Petition Chancelor Amsterdam, July 14.—A protest against the consumption of barley for the making of beer is made in a letter drawn up by the members of the League of Temperance in Germany.

The letter points out the "gigantic waste of bread materials in the use of large quantities of barley for the production of beer. It urges that hereafter beer be supplied only on bread tickets."

Though the production of beer has been reduced to 46 per cent of the pre-war quantity, there is still 42,000 hundred weight of barley used daily for brewing purposes. This would be sufficient to feed 10,000,000 persons. Your Excellency is aware that for the production of one litre of beer 204 grammes of barley are necessary, while the daily bread allowance is only 220 grammes. Barley is bread material as much as rye or wheat.

COL. McAVITY OF GALANT TWENTY SIXTH HOME TONIGHT; BIG RECEPTION

Two Hundred Reach Halifax From Front

Fine Tribute Paid to Work of the French Canadians—Only 60 of Royal Montrealers Left

Halifax, N. S., July 14.—Two hundred and six officers and men who have been at the front returned to Halifax yesterday afternoon. Some of the men left for Montreal on a special train over the I. C. R. The party came across in charge of Captain Grover, with Captain Cartwright as medical officer. Among those who returned were Lieut. Col. McAvity of the 26th Battalion, St. John.

A large proportion of the men are invalided home and the remainder are on leave, among the latter being the commanding officer of the 26th. They will return in due time.

An interesting member of the party returning to Canada was a French reservist, who is going to his home in Winnipeg. All the wounded and sick who came back belonging to the maritime provinces were sent to hospital. One of the wounded soldiers wears a false face to conceal his injuries. The false face was made by a noted sculptor.

The brilliant part played by the members of the first and second Canadian expeditionary forces was related to a correspondent. Of those returned some were in the trenches until the 26th last month, others have been in hospital at Shorncliffe recovering from wounds and disabilities. Included among the returned were Colonel Switz, Major Verreault and Captain F. J. Roberts, Major-General F. J. Roberts, Major-General F. J. Roberts.

One of the officers warmly praised the work of the 14th Royal Montreal Regiment composed of French-Canadian soldiers who distinguished themselves at the battle of Hooge. The circumstances in connection with their gallantry were described by the officers, who said the Germans had by overwhelmingly large numbers driven the British troops out of some trenches and the Royal Montreal Regiment were ordered to retake them. This they did, despite the terrific fire of the enemy who had firmly established themselves.

The Montreal men went forward as if on parade and recaptured the lost trenches. The ground was strewn with the bodies of the brave Montreal battalions, which were buried under heavy fire. When the Montreal battalion had reached the last trench they had been ordered to retake, their ranks were greatly reinforced by other Canadians.

"I will never forget the gallantry displayed by the officers and men of the battalion," said one of the returned officers. "Their work was splendid and they certainly made a name for themselves and for Canada which will live."

There are now only about sixty men left of the Royal Montreal battalion and there are practically none of those now at the front, those surviving being either in hospital in London or invalided home.

Corporal Smith is one of those who arrived here last night, being invalided home. He is suffering from shell shock and still shows the effect of it although he has been in hospital for some time at Shorncliffe. He was at the front for more than a year and was slightly wounded with shrapnel. Corp. Smith enlisted at Toronto in the first Eaton Battery. There were 260 members in this battery and it has been practically decimated, only about seven remaining.

The following officers were landed. Many of them proceeded immediately to their western homes: Capt. Bowart, Capt. Coakley, C.A.M.C.; Capt. Boucher, C.A.M.C.; Capt. C. B. Price and Mrs. Price, Montreal; Capt. Kelly, Lieut. Blair, G. Clark, Calgary, Alta.; W. E. Bull, Winnipeg; J. S. Brown, Toronto; B. A. Brown, Sinclair, Toronto; Beck, A. J. Roberts, McPherson, R. H. Harbour, Welland, Ont.; E. J. Jolimar, S. H. Sloane, O. N. Leamouth, F. J. Harbour, Lt. Col. McAvity, St. John; Major Gow, Major Benwell, Major Croft, Major White, Major Wilson, Major J. J. Decham, Capt. Crombie, Lieut. H. H. Sewell, Fenton, Dunfield, Fym. H. W. B. Locke, Capt. Duff, Capt. O'Flynn.

The British Hospitals There were none so badly injured that they could not walk down the gang plank without assistance, except a few on crutches and few of them, aside from slight limping, showed signs of wounds. Many of them were suffering from shell shock. A few had lost an eye, others showed no outward sign at all of the injuries that had procured them either discharge or a few weeks of well earned rest at home.

Among them were several well-known Nova Scotian officers. These latter were Major Roger Anderson, son of Willoughby Anderson of Halifax, accompanied by his wife; Captain Morgan of Bear River, Lieut. E. J. Lawson, Lieut. C. M. Mosher of Mahomet, Lieut. George E. Roberts and wife of Halifax.

The splendid appearance in which the men appeared after their experience was commented upon by everyone. It was strong evidence of the care which our wounded have been given in the British hospitals. One officer, when asked about the place, said: "The hospitals are wonderful. No nation on earth can compare with the British in that regard."

LLOYD GEORGE'S FIRST ORDER AS MINISTER OF WAR London, July 14.—(New York Times cable.)—The first army order bearing Lloyd George's signature was published yesterday. It quotes a royal warrant dated March 30, 1908, which defined what military bodies should be deemed to be corps and substituting a new schedule of infantry and cavalry regiments and other branches of service.

BITTEN NEARLY IN TWO BY SHARK

New York, July 14.—The body of Lester Stillwell was found in Matawan Creek today about 200 feet west of the spot where it disappeared after being attacked by a shark. It had been bitten nearly in two above the waistline.

BRITISH FIND THE GERMAN RESISTANCE IS MUCH WEAKER

On the British front, July 14.—Accounts received at this early hour indicate the German resistance is much weaker than on the first day. The struggle is continuing in Bazentin-le-Petit woods, where the Germans still hold out, and in the woods beyond Longueval.

London, July 14.—The royal chateau at Tatol, Greece, occupied as the summer residence of King Constantine, has been destroyed by fire, says a Reuter despatch from Athens. The king, Queen Sophie and members of the royal family escaped and took refuge with Prince Nicholas at his home in Kessapa.

Mastery of Air Now With Allies; Artillery Work of The Enemy Is Affected

Secret Way of Disposing of German Balloons—British and French Airmen Help in Infantry Charges

Domplerie, Picardy, July 14.—A string of great balloons—you can count sixteen without glasses—is the first obvious thing that a reporter sees on this front. Next his eyes wonder to the unaccountable batteries in action. About them the aerial telephone stations swing beyond the trajectory of the German gun-fire.

On the German side, not a single balloon is visible. Fifteen have been burned in the air by a secret contrivance known only to the allies, since the offensive began. The German artillery is blinded because the allies have now obtained the mastery of the air, according to the confident contentions of the British and French officers. It is true that from this point of view, a German aeroplane is rarely sighted, while French aviators are constantly on the wing.

A dramatic and startling novelty has been presented by the allied aviators in this great offensive. French and British airmen have actually co-operated in infantry charges. They have swept over the battlefield at so low an altitude as 600 feet and some of the more daring have swooped over the struggling armies at so low a height as 300 feet. These airmen have signalled to the French artillery telephones the precise position of the German guns and the locations of German forces waiting for the French assault. They have taken risks of being hit by the shells of their own guns, but, according to the officers, every one escaped.

German Battleships Crippled In Jutland Fight

London, July 14.—(New York World cable.)—The Daily News' Amsterdam correspondent learns that the German warships engaged in the Jutland battle five dreadnought battleships—the Koenig, Grosser Kurfuers, Markgraf, Kaiser and Kaiserin; four battle cruisers, the Derflinger, Seydlitz, Moltke and Von Der Tann, two older battleships—the Hessen and Rheinland, and four small cruisers are now in German shipyards undergoing repairs. The Seydlitz, he says, which had all her superstructure blown away, sank in shallow water while being towed to harbor, but has since been salvaged. The other ships were also severely damaged.

Citizens' Welcome Planned—Demonstration at Depot and Escort to His Home—All invited to Join in

Lieut.-Colonel McAVITY. Lieutenant-Colonel James L. McAvity, commanding officer of the 26th New Brunswick battalion, the gallant unit which has made the name of this native province among fighting men the world over, will return to St. John this evening.

Under the strain of the work involved in the command of the unit, and he never spared himself when the welfare of his men was a consideration, and under the effects of the arduous conditions at the front, Colonel McAvity's health broke down and he has been sent home on furlough to recuperate.

Sailing from Liverpool on the steamer Misamis on July 5, Colonel McAvity arrived in Halifax yesterday and left for St. John. He will leave the train at Lakeside to spend an hour with the members of his family there and will then proceed to St. John on the suburban train which will arrive at the station at 8.20 o'clock this evening.

The people of St. John are proud of the 26th and of the commanding officer and will welcome the opportunity afforded by his return to demonstrate as best they can their appreciation of the sacrifices made by the men who have been fighting for them overseas.

The Reception At a conference of the representatives of the returned soldiers reception committee with Commissioner McLellan, which was held at noon today, it was decided that the reception to Lieut.-Colonel McAvity this evening be purely a citizens' reception, aside from a brief address of welcome to be extended by Commissioner McLellan. The citizens are asked that, after checking the colonial on his appearance from the station, they remain quiet until after the address is finished. After the procession falls into line they are asked to demonstrate their feelings to the fullest extent.

The train will arrive at 8.20 o'clock and provision is to be made for the formation of a hollow square, composed of firemen, policemen, members of the salvage corps, returned heroes formerly attached to the 26th battalion and other war veterans, a detachment from the artillery unit on Partridge Island, employees of McLean Holt & Co., T. McAvity & Sons, the St. John Power Boat Club members and members of the Elks.

All citizens are welcome to fall into line with the procession, after positions have been allotted to those mentioned. The procession will proceed through the principal streets escorting Colonel McAvity to his home in Hasen street.

The route of the procession will be as follows: From I. C. R. depot along Mill, Dock, King, Charlotte, Coburg and Garden streets to Hasen street to the Colonel's home. The order of the procession will be as follows: Mounted police. Police on foot. Commissioners' car. Cars with reception committee. City Cornet Band. Firemen. Lieut.-Colonel McAvity's car. Car with returned members of 26th. Veterans' Association on foot. (Continued on page 2, fifth column)

Twenty-five recruits have been sworn in at the Fredericton recruiting office during the past three days. Fifteen were secured at McAdam. Sergt. Major H. T. Brewer, deputy recruiting officer for York county, was at McAdam Junction and secured seven recruits at the 12th of July celebration; all the recruits were sworn in as members of No. 1 Construction Battalion, the following being the names of those enlisting: W. A. Rideout, 41; J. W. Neill, 28; William F. Pierce, 35; Ray Treacartin, Nova Scotia, 21; Archie McDonald, 89; and Gordon Kelly, 19. A. Cross, 87, of Fredericton, was sworn in for the infantry.

Killed in Action.
Private Harry Webb Hayward, a former Fredericton boy, has been killed in action. The official telegram was received at Bridgetown, N. S., this week by his mother, Mrs. Gilbert Hayward. He was killed on June 27th. Private Hayward was the only son of the late Gilbert Hayward, who was a merchant at Fredericton Junction, and was in his thirty-sixth year. He sailed for England June 2nd, 1915, and on October 9th went to France, and has been in the trenches ever since. He is survived by one sister, Miss Myrtle A. Hayward, domestic science instructor at Clarendon College, Alberta, and his stepmother, Mrs. Gilbert Hayward, of Bridgetown, N. S. Among his immediate relatives are his uncle, Henry Webb of Fredericton and Abner Hayward of Riverview.

Met in Belgium.
In a letter to his mother, Mrs. James A. Murray, Sussex, dated in Belgium, June 21, Lieut. Ralph Murray says: "Harry is located near here, and I hope to see him soon. Last night I visited the 28th, and got a warm welcome. It almost made me feel as though I was back in N. B. I saw Charlie Fairweather, now a captain, and in the best of spirits; also Percy McAvity, of St. John, and Major McKenna, of Campbellton, who knew father well. He ran for the Provincial Opposition a short time ago, and believes that the 28th are in luck with this battalion. The officers seem to be a bunch of good fellows, and we have a sergeant, C. O. and a Nova Scotia adjutant. I have also met a chap named Chipman, who formerly belonged to St. Stephen, and who knows Marks Mills very well. He used to come to Sussex to camp, and you may remember his father, Colonel Chipman, who used to command the 71st York Regiment and ride a white horse that everyone knew." Has Been Promoted.

Jack Willis of Sussex has been promoted to sergeant. Jack, who is with the 28th Battalion, enlisted as a private.

THE 62ND AND THE WAR

The 62nd Fusiliers certainly have a good record in regard to sending men overseas and it is doubtful if any regiment in Canada has sent the same number in proportion to its strength. At the final muster roll of the regiment, which was taken in July, 1914, one month prior to the outbreak of the war, they had a total strength of 801. Out of this number 809 answered the call, many of whom have made the supreme sacrifice, while others are in hospitals in France, Belgium and England.

Others are in the trenches fighting day by day, while others are on campgrounds of Canada and England waiting for their turn to take their places on the battle fields of France and Belgium.

The regiment had a strength of twenty-eight officers and out of this, twenty-two have gone overseas. This makes the total number of men, including officers, N. C. O.'s and men left but fifty-eight, when it is taken into consideration that many of these have volunteered but have been turned down as being medically unfit, it can well be said: "The old 62nd have done their bit."

WHY?

Why does Lieut. Gov. Wood retain as one of his advisers a gentleman who is not a member of the legislature, and therefore not responsible to the people? Have we abandoned the principles of responsible government?

LIEUT. COL. McAVITY.

The return of Lieut. Col. McAvity to St. John will fitly be made the occasion of a notable demonstration. The tribute will be in part personal and in part an expression of the deep feeling that has been aroused by the splendid fighting qualities of the 26th Battalion, now so easily defeated.

WESTMORLAND.

The opposition party in Westmorland county and in the city of Moncton selected candidates yesterday for the provincial elections. The convention, we may be assured, was both large and enthusiastic.

Tonight a partial eclipse of the moon should be visible. Persons residing in any part of North America, excepting the western portions, should be able to witness this spectacle. An annual eclipse of the sun is also due on July 29 but a view of it will largely be confined to the people of Australia.

John Walsh, who has been in the General Public Hospital since May as a result of being injured by an automobile in Douglas avenue, was sufficiently recovered to leave that institution yesterday.

Professor R. P. Clarkson of Acadia University, who was in the city yesterday, said that he expected that the hydro-electric plant to be operated by tidal power at Cape Split will be ready to produce electric power within a year. Efforts are being made to arrange for the use of the current in St. John.

The boys of St. David's church who are at Camp Galahad at Craig's Point, are enjoying life thoroughly and showing great improvements in appetite and health. Several gentlemen from the city visited the camp on Wednesday and R. E. Armstrong, secretary of the Board of Trade, addressed the boys.

"If Canadian merchants will put forth a little more energy there is a vast field for expansion of trade with Japan," says Chonosuke Yada, Japanese consul general at Ottawa, who arrived in the city yesterday on his tour of eastern Canada, the purpose of which is to investigate trade conditions. A special object is a study of the fox raising industry in Prince Edward Island and if conditions are found favorable the intention is to set up the industry in the northern islands of Japan.

Holeproof Hosiery
FOR MEN, WOMEN AND CHILDREN

YOU need buy Holeproofs only about half as often as you would other hosiery. So at the same price the Holeproofs cost much less.

Three pairs of silk must wear for three months and six pairs of lisle for six months—this is guaranteed. You get a new pair free for every pair that fails.

The heels and toes in both the silk and lisle are double-reinforced. The strong lisle top resists garter strain.

But insist on the genuine when you buy. Then you won't likely be bothered by having to make exchanges. Holeproofs nearly always outwear the guarantee. If your dealer is out of Holeproofs send to us and we'll ship direct, charges paid.

WILL THE PERSON WHO PICKED UP ladies' gold watch on July 6th, about 6 p.m., from Queen square to nearly two years, and it was not until their return to civilization at Cochrane, Ont., that they heard of the great war raging in Europe. Mr. Cuthbertson immediately signed on with the 159th and expects to visit his parents soon. Two other brothers are already in khaki, viz. Lance-Corp. Allen Arthur Cuthbertson, of the Royal Canadian Regiment, who was killed in a cycling accident in Bermuda, and Sergt. Edwin Cuthbertson of the same battalion, now in France. Got Bayonet Wound.

Mr. and Mrs. John Kennedy, Moncton, have received word from their son, Lawrence, who is at present in Royal Victoria Hospital, England, suffering from a bayonet thrust in the hand, and from shell shock received during the furious fighting on June 14. He states that he expects to return to the firing line without undue delay. Pte. Kennedy enlisted originally with the 60th Battalion, but when wounded was with another battalion. He is a brother of Tremaine Kennedy, a well-known former Moncton newspaper man.

Letters received in Fredericton from Sgt. F. V. Spencer, who left with the First Contingent, state that he has been promoted to company-sergeant major with one of the infantry battalions at the front. Sergt.-Major Spencer enlisted

News of Maritime Men In The War

Transcript—A curious case is that of Frank E. Cuthbertson, son of Mr. and Mrs. Shepherd Cuthbertson, Moncton, who recently signed on in the 159th Porcupine Battalion. Mr. Cuthbertson was formerly employed at Cobalt, but about four months before the war he left for James Bay with a prospecting party. They were in the northern woods for nearly two years, and it was not until their return to civilization at Cochrane, Ont., that they heard of the great war raging in Europe. Mr. Cuthbertson immediately signed on with the 159th and expects to visit his parents soon. Two other brothers are already in khaki, viz. Lance-Corp. Allen Arthur Cuthbertson, of the Royal Canadian Regiment, who was killed in a cycling accident in Bermuda, and Sergt. Edwin Cuthbertson of the same battalion, now in France. Got Bayonet Wound.

Westmorland Opposition Candidates

Moncton, July 13.—The opposition stalwarts of Westmorland, the men who fought and beat the forces of the provincial and Dominion governments May 20, in the new famous by-election when Minister of Public Works Mahoney was served with a notice to quit, met again this afternoon in great numbers in the city of Moncton and named four candidates for the general elections, no matter when they are held, "next week, next month or next year."

When the electors separated after three hours of good fellowship in a sweetening that there were five opposition candidates named for the city of Moncton and the county of Westmorland. They were: city of Moncton, Hon. C. W. Robinson, county of Westmorland, Dr. E. A. Smith, of Shediac, Fred Blagoe, of Port Elgin, C. M. Leves, of Memramcook, and Hon. F. J. Sweeney, of Miramichi, but now residing in Moncton city.

Many N.B. Men in Casualty Lists

Mounted Rifles Again in Thick of the Fight at Hooge; News of the Soldiers at Home and Abroad

There are indications that the Mounted Rifles came in for a great deal of punishment during the latter part of the fighting around Hooge, as well as at the beginning.

The names of seven New Brunswick men appear in the midday casualty list. Wounded, Sapper Arthur W. Murdoch, St. John; previously reported missing, now returned to his own regimental duty, Private Wm. J. Brennan, St. John; previously reported missing, now a prisoner of war, D. W. McHugh, St. John; Sergeant W. J. Plaster, Beaver Dam, N. B.; killed in action, John Lynch, St. John; Harry A. Jackson, Upper Woodstock; previously reported missing, now killed in action, J. A. Chambers, Dieppe, N. B.

Killed in Action. Word was received by the relatives of Harry Allan Jackson of Woodstock, from Ottawa, to the effect that he had been killed in action on June 27. He is the son of David Jackson, who has another son also in the service.

Moncton Man Wounded. Mr. and Mrs. John Kennedy of Moncton received word on Wednesday that their son, Private Kennedy, is at present in the Royal Victoria Hospital in England suffering from a bayonet thrust in the hand and from shell shock, sustained during the furious fighting on June 16.

Killed in Battle. Word was received in Fredericton yesterday to the effect that Private Harry Webb Hayward, a former Fredericton Junction boy, had been killed in action on June 27. He is the son of Mrs. Gilbert Hayward, of Bridgetown, N. S.

Many British Officers. Official British casualty lists issued in London yesterday gave the names of 425 officers, ninety-nine of whom were killed. The last one issued on July 11 for the Somme sector, contained seventy-three names.

Three Recruits. Three recruits were secured yesterday afternoon at the recruiting office, Bedford S. Long, Milford; William J. Humphreys and Joseph Morrissey, St. John, N.

Wounded Soldier Returns. Private C. Guy, of Douglastown, who was wounded at Festubert on May 20, 1915, during the Orchard fight, and who has been in the hospital ever since, was a visitor in the city yesterday. He was a member of the 12th Battalion and was later transferred to the machine gun section of that unit. He carries a scar on the right cheek, which was caused by a flying piece of shell.

Y. M. P. A. Meets. Private F. A. Johnson, a returned soldier, addressed the Young Women's Patriotic Association at a meeting in the rooms of the order of the Moose in Union street last evening. Private Johnson gave a very interesting account of his experiences.

A letter of acknowledgement was read from Captain Rev. E. B. Hooper for the sum of \$72 which was a contribution from the association.

Miss Gilmo, the treasurer of the association, in her report showed a balance on hand of \$51. Of this sum \$15 was voted to the Rowhampton Hospital in England, and \$35 was voted to the Soldiers' Comforts Association.

From Princess Pats. Private F. A. Johnson, one of the forty-two men left alive of the original Princess Patricia's Canadian Light Infantry,

WAR SUMMARY OF LAST NIGHT

London, July 13.—The most violent fighting in the great Allied offensive is on the eastern front where General Brussiloff's tremendous blows are being continued without apparent lull or hesitation. Temporarily at least the Austro-German line appears to have halted the Russian advance along the Slobodsk. Both sides are reported to be hurrying huge reinforcements of men and guns into this titanic struggle, the price of which is the immensely important strategic town of Kovel.

Further to the south a battle of almost equal intensity is raging on the Lower Silesia where the Russians are striking north in an effort to crush General Von Bothmer and flank the entire Austro-German line. The Austrians admit that the Russians penetrated Von Bothmer's front at some points, but assert they were driven out again in counter-attacks. The Russians claim to have taken 2,000 prisoners but make no mention of a gain in territory.

The British have held their gains on their portion of the Somme front and have appreciably advanced at some points. The usual period of consolidation and the pushing forward of the big artillery is presumed to be taking place. The British have also captured some German howitzers with a quantity of ammunition, which "will be used against the enemy at a suitable opportunity."

A similar situation exists on the French line and a remarkably brief French official statement of Thursday night firmly records the continuance of the bombardment at Fort Souville, in the Verdun region.

The British expedition in Mesopotamia is still at Sannayy about fifteen miles below Kut-el-Amara on the Tigris, according to an official statement issued today. The statement says that the British forces have been subjected to an ineffectual artillery attack.

Deep Anxiety In Berlin Is Admitted

(By Karl H. Von Wiegand.) (Special correspondent of the Boston Globe)

Berlin, July 11.—With half the German army battling in the west against the combined armies and military resources of France and the British empire; with the other half demoralized and holding back the desperate onsets of Russia's millions in the east, Germany today is in the vice-like grip of a pressure which for a time is likely to increase on all fronts.

Can the British empire, Russia, France and Italy, with their population of 670,000,000—whites, blacks, browns and yellows—turn the screw tight enough to crush in the ramparts of the 115,000,000 of whites of the Central Empires? This is a question that probably will be answered within the next few days.

Two years of science, training, patriotism, solidarity, unity of spirit, singleness of purpose and centralized direction have outweighed superiority in numbers and resources.

Only Crown Prince on Offensive

Now, for the first time in the war, the military initiative has passed to the other side. Germany is fighting on the defensive almost everywhere, even westward of Lutsk, Linsingen's counter-offensive has slowed down. Only at Verdun the German Crown Prince is keeping up a slow, but strong offensive pressure.

Germany is fighting day and night against superior numbers in the west, with a heroism and bravery to which the other side is giving a lavish tribute of praise. In the east the thin, anemic line of Hindenburg, Leopold, Linsingen and Bothmer is struggling against al-

most overwhelming odds, often four or five to one. Fresh armies drugged up out of Russia's 450,000,000 people and equipped with ammunition from the arsenals of Japan and America are being hurled against these thin lines with the ceaselessness of the sea.

Fed on food that, at the very best, cannot have the strength-giving properties which the men on the other side have in abundance, the German soldier today is performing feats of prodigious valor against great odds. That the stay-at-home politicians should revive the old quarrel as to the chancellor's Kriegselite, or "war goal," seems just at this stage almost like mockery.

Berlin Gets Little News

The German general staff is working under high pressure. The brain of the German army is at general field headquarters, but the headquarters here can be called the chief nerve centre. There is not a trace of nervousness or anxiety noticeable there. But among the politicians a cast of deep gravity and spent suspense appears, which strikes one as almost unnatural calmness in the face of

Germany continues practically newsless from her own side of the great conflict. Against the lengthy and detailed French and British official reports the German general staff has devoted just twenty-four words on Friday and sixty-eight yesterday to the battle of more than 2,000,000 men. But it freely permits the German press to print the French and British reports. It is freely admitted that the French have had some success. The British, on the other hand, aside from minor local successes in a few trenches, it is stated, are being firmly held.

is announcing in the house of commons that the government had decided to ask workers to forego their August holidays because of the demand for munitions in France. Mrs. Harber expressed the conviction that the workmen would keep in this plan so as to make it plain to Great Britain's foes that the offensive, in its present intensity of bombardment and assault, would, if necessary, be "continued indefinitely."

The premier also announced that royal proclamation the August bank holidays would be postponed, and he appealed to all classes for postponement of all holidays until further and definite progress of the offensive had been secured.

Because some one had told Mehlé Pehulé of Haydeville, Pa., that after July 5 silver money of the present caliber would not be good, he went to Greensburg and spent his money lavishly. Mehlé had about \$50 in silver and resolved to get rid of it all before it should be useless. A friend set him right while he still had half of it.

paymaster of Military District No. 8. When he has qualified for the work he will be attached to the pay staff of the 39th Rifle Battalion.

Lance Corporal Harry Heidmann, a brother of J. M. Gus Heidmann, private secretary to Hon. J. D. Hasen, minister of marine and fisheries, who was reported as missing, is a prisoner of war in Germany.

It is reported that Lieut. Franklin Rankin, Corporal Robert Moore, Jack Harmon and P. C. Wetmore will return to the front for duty in New Brunswick. They are Woodstock boys and went over in the first contingent.

Company Quartermaster-Sergeant F. Moore, Sergt. Cook, Sergt. Charles Wainmaker are leaving on Saturday night for Fredericton where they will be attached to the staff of the 39th (N. B.) Rifles. These three men have for the past few days been employed at the headquarters office of the New Brunswick command here.

Paymaster-Sergeant C. LeRoi Moore left a day or so ago for Halifax where he is taking a course in the office of the

Many surprises reserved for the final scene. A truly wonder picture even in these days of screen triumphs. PROSPECT OF THIRD WINTER APPALS GERMAN Paris, July 14.—"You have heard the catchword of the trenches, 'We shall get them.' Now we should say rather 'We have got them,' said one of the principal chiefs directing the operations of the French on the Somme to Georges de Maistrielle, the writer. 'I don't mean to say by that that we are going to drive the Germans out of France and Belgium by a victorious rush tomorrow,' but that the Germans now are becoming appalled at the prospect of a third winter campaign," he continued. "The German army is doomed sooner or later, and the reason is—Verdun. Verdun will enable us to take Peronne, and everywhere else, when the time comes, for Verdun made the Germans doubt themselves, made them feel that there is perhaps something higher than German culture and that it is French spirit!"

Athletics Lose Again

Baseball Boys' Club League At a meeting of the executive of the Boys' Club Baseball league held last evening arrangements were completed for the playing of the second series, which will commence on Monday, July 17. It was decided that the Victors and Alerts would open the series, also that there would be no Saturday games, and that all postponed games will be played when the schedule runs out. Games must not be started later than 7:30 o'clock and six innings will constitute a game. The following schedule was drawn up: July 17—Victors vs. Alerts. July 18—Beavers vs. Alerts. July 19—Alerts vs. Beavers. July 20—Boys' Club vs. Victors. July 21—Beavers vs. Alerts. July 22—Alerts vs. Beavers. July 23—Victors vs. Boys' Club. Friday and Saturday evenings are left open for any special games or sports that may be decided on. St. Peter's League Owing to the shower last evening there was no game in St. Peter's league. This evening the Roses will meet the Thistles. Ruth May Play Outfield. New York, July 13.—Babe Ruth, powerful young pitcher of the Boston Red Sox, is the mainstay of the world's champions this season. He has been the greatest variety. Ruth, unlike the general run of pitchers, can hit a ball with tremendous vigor. He punnels the leather so savagely that he is the pinch hitter of the club, and Carrigan thinks seriously of placing him in the outfield on days when he isn't pitching. None of the ambitious athletes who have tried to fill Tip's shoes have done so well. He is especially in demand, especially in hitting. Ruth, if transferred to the outfield, could hardly hope to equal Speaker as a garden star, but his hitting would help wonderfully, and might put the Red Sox in line to collect another flag. Pfeffer, Dodger's Mainstay. Big Ed Pfeffer, of the Dodgers, is trying to duplicate the feat of Grover Cleveland Alexander. Last year Alex the Great pitched the Philadelphia club into a pennant. Pfeffer is actively engaged in an endeavor to accomplish the same thing for Brooklyn this year. Big Ed is a good pitcher ever since he broke into the national league. Only Alexander, Matsumoto and Tony were ranked ahead of him last year. He won nineteen games and lost fourteen, and allowed an average of 2.09 runs per game. The Dodger star had a better record in 1914, his first year in the league. Pfeffer stands six feet three inches high and weighs 210 pounds. He is twenty-seven years old and was born in Champlain, Ill. Diamond Sparkles. Leslie Nunamaker, of the New Yorks, says Foster did not throw a curve ball in house between 4 and 5 o'clock. There were 88 autos, seven motorcycles, two markable. He employed change of pace, bicycles and only one baby carriage.

DAILY ATTENDANCE AT MOVIES IN THE UNITED STATES, 25,000,000

Convention of Exhibitors Being Held in Chicago—Films of Paper?

Chicago, July 14.—Nearly 2,000 delegates are here for the sixth annual convention of the Motion Picture Exhibitors' League of America. Many well-known figures in both the producing and exhibition departments of the film business are here for the convention. In connection with the convention, some interesting figures on the extent of the industry were made public. They asserted the following: Number of picture theatres in the United States, 21,600; daily attendance, 25,000,000; amount invested in picture theatre property, \$860,000,000; salaries paid weekly, \$2,300,000; number of picture theatre employees, 205,000; amount invested in film plants, machines, electrical equipment and theatres, \$2,000,000,000. Films of Paper Possible. Paris, July 14.—The substitution of paper rolls for celluloid films in moving picture machines, made possible by the new "cold" light discovered by a French engineer, Dussaud, which is described to the Academy of Science by Prof. Bransley, with whom Dussaud studied the new light, is obtained by automatic separation of the electric light from a screen, which occur together in all sources of light hitherto known to science. The quest of an absolutely pure light devoid of all heat long has been one of the great problems of modern physics. The electric light is the nearest approach to this ideal, but far from it, as it gives off a certain amount of heat. M. Dussaud has been working on this problem for many years. The light obtained by his method is so intense that it is possible to throw images from newspaper illustrations, picture postcards and photographic prints on a screen even in a lighted room, as clearly and sharply as if they were glass lantern slides. Will Bet \$5,000 on Dundee. New York, July 12.—Scotty Dundee, is the manager of Johnny Dundee, is willing to defend his title in Denver over the twenty-round route. Monteth fears that Welsh might pick out a soft one as an antagonist, and for that reason is anxious to get in the running. Monteth is willing to wager \$5,000 that Dundee can beat Welsh, Leonard or White over the marathon distance. According to Scotty there will be no quibbling over weight. Dillon Defeated. Baltimore, July 13.—Battling Levinist, of New York, outpointed Jack Dillon, of Indianapolis, in almost every round of a ten-round fight here last afternoon, and punished him severely in the later rounds. No decision was given. ATHLETIC Baker Injures Knee. New York, July 12.—Homer Baker will find it necessary to nurse his lame knee carefully if he hopes to be a factor in the national championship games at Westchester Park in September. Baker wrenched his knee in the special 600-yard race at the Jersey City police games on Saturday, and there is no telling how long he will be out of competition. Before going into the races he said he feared the sharp turns on the slippery grass, but decided to go through with the race. His fears were realized on the sharp turn at the back of the improvised track when he stumbled and slipped along. It was the effort to regain his balance that wrenched his knee, although he didn't notice it particularly until the last lap, when he went lame of a sudden. AQUATIC Third of Dinghy Series. The third of a series of dinghy races, held by the R.K.Y.C. will be sailed this evening at 7 o'clock. There will be four starters, namely, No. 1, Verdun, Lilly and Saffragette. TENNIS Bailey Wins Match. Only one match game was played in the Y. M. C. A. tennis tournament last evening. Bailey defeated Dr. Dunlop after an interesting and keenly contested set.

THE OFFICER'S PRAYER Bishop Taylor-Smith, Chaplain-General to the forces, relates many heart-stirring incidents in connection with the war. His officer knelt by the side of a dying lad of nineteen and asked him: "What can I do for you, my lad?" His reply: "Say a prayer for me if you can." The officer was unaccustomed to pray, but thought, "I can at least say the Lord's Prayer," and so he said: "Our Father which art in Heaven." Just as he finished the dying lad put his arms round his neck, kissed him, and fell back dead.

CHARLIE CHAPLIN'S PUPIL TO ROW IN THE NATIONAL REGATTA Syracuse, July 13.—Arthur Osman, captain of the 1917 Syracuse University crew, and who rowed No. 4 in this year's victorious varsity eight at Poughkeepsie, has left for Duluth, where he will row in the association singles of the national regatta on August 12. He will also row in the doubles with Roy Kent, a Duluth Boat Club scullerman. Osman did not intend to leave Syracuse for Duluth until the 1st of August, but he received a telegram from Ned Ten Eyck, the Duluth Boat Club coach, asking him if he would not come on at once and row with Kent, as Hoover, Kent's partner, is in the army. Each morning and evening devotional exercises were held and the day was pleasantly spent in boating and other

Sturdy Frenchman From St. Pierre, Here on Way Home From War

Another sturdy Frenchman, Auguste Boedo, passed through the city this morning en route to his home in St. Pierre, Miquelon. When asked whether or not he had any medals, his face brightened, and he answered with a smile: "Well, not yet, but I have been recommended for the Croix de la guerre." This is a much coveted military medal in the French army. He was cited in the French uniforms with top boots and peaked cap, and was every inch a soldier.

He went overseas with the 1st Colonial Infantry, which left in September, 1914, and fought through the famous battles of the Champagne and Argonne. He was wounded on September 26, 1915, in the right shoulder and spent eight months in the hospital at St. Leonard's. He was accompanied as far as New York by another Frenchman from St. Pierre, Pte. Emile Forget, who was wounded on September 29, 1916, crossed with the twelve colonials.

COMPLICATIONS ARISE

In Chambers this morning Chief Justice McLeod presiding, hearing on a summons to show cause why a judgment against Minnie Cody should not be set aside was postponed until August 15. She is one of several defendants in the case of McCormick vs. Leonard et al, recently tried, in which a verdict was given for the plaintiff. In the case of McCormick vs. Leonard et al, Minnie Cody was not an original party to this suit, but was joined by amendment after hearing in the suit was commenced. J. H. A. L. Fairweather, who was appearing for the original defendants, also accepted service for Minnie Cody, who now contends that she did not authorize Mr. Fairweather to accept service for her and that she had no knowledge that she was a party to the suit.

M. G. Teed, K. C., who is counsel for Mr. Fairweather, made application this morning to have the present hearing adjourned until August 15 to give him time to get in touch with Mr. Fairweather, who is now on active service in England.

Following the judgment in the McCormick vs. Leonard suit, the goods of Minnie Cody were levied upon on an execution and advertised for sale. These proceedings have been stayed pending the outcome of the present hearing. J. A. Barry is appearing for Minnie Cody.

JOHN J. LYNCH IS KILLED IN ACTION

Former Carleton Man. Who Had Enlisted in Montreal—Word to Relatives Here

John Joseph Lynch, aged thirty-two, formerly of West St. John, has given his life in the great cause for which the Allies are fighting. The word came yesterday to his sister, Mrs. James Hilland of 8 Waterloo street, and to his father, Timothy Lynch, Lancaster. It was that he had been killed in action. The date is believed to have been June 27.

The gallant soldier had been living in Montreal for some seven years, and was employed with the Grand Trunk Pacific, when the call for soldiers came.

JOHN J. LYNCH, Killed in Action.

He enlisted in Montreal and had been through some of the big battles. Only on last Monday Mrs. Hilland received a letter from him telling about a severe fight in which they had been engaged. Besides his father and his sister, Mrs. Hilland, there is one brother, Gerald Francis, in the United States. The sympathy of many friends will go out to the bereaved ones in their great loss, for it is great, though tempered with the knowledge that he died in performing well his duty.

How Corporal Joseph Campbell Met Death

Was Hit by Shrapnel and Lived Only Twenty Minutes—Letters of Condolence Come to Mother

Mrs. John Ryan of 287 Chesley street, received the following letter of condolence from Sergeant W. Lewis Gifford of No. 16 platoon, to which her son, Corporal Joseph Campbell, was attached when killed on June 18. The letter follows:

"It is with sincere sympathy that I write you of your son's death which you have learned of this by official communication. Joe and I have been in the same platoon from the start. Besides losing one of my best N. C. O.'s I have lost the best chum a man could wish. He was one of those men of sterling qualities who went quietly about his work, but whose influence for good was always felt.

His platoon and company and all who knew him will miss him very much as we all thought the world of Joe. He was hit by a piece of shrapnel and lived only twenty minutes. We buried him with some of his chums in the rear of the trench. It was the best one pal could do for another in these war times.

Joe was the bravest of the brave and always did his duty like a man. It was a bad trip in and the platoon seems lost without the boys we lost. I am sending his watch, one note and a ten shilling note that he had with him that I thought you would like to have to remember him by. His pay book will go through the battalion with his other personal effects.

You have my deepest sympathy as I know what Joe was to you.

Mrs. Ryan is also in receipt of letters of condolence from Sir Sam Hughes, Hon. J. D. Hazen and other members of parliament.
