CANADIAN MOUNTED RIFLES ARE SAFE IN PLYMOUTH; LAST DAYS AT VALCARTIER

Brigade officers and regimental staff of 2nd Brigade, Canadian Mounted Rifles, Regiments 4, 5 and 6. This picture includes the officers of the 6th, as follows—Col. Ryan, Adjutant Long, Majors Ings, Markham, McLean, Lydiard and March; Paymaster Mackintosh, Capt. Gow, Emmerson, Kühring, Roscoe, Scovill, Gray and Taylor; and Lieuts. Arnold, Grimmer, Ray, Otty, Thomas, Pisco, Gansog, Atkinson, Mooney, Barnes, Everett, Brown, Knowlton, Bowness, Morrisey, and Beckwith. Lieut.-Col. F. B. Black is seater to the left of Lieut.-Col. Smart.

Other Troops In Camp Wildly Enthusiastic As Rifles March Through

"No Finer Body of Men Ever Left Shores of Canada," Says Adjutant Long

TRIBUTE BY CHAPLAIN KUHRING

The Honor Roll of the 6th Regiment—Rain Poured on Friday Night After Tents Were Struck—How the Boys Found Shelter—Memorable Incidents of Closing Week of Life on the Great Tented Plain

The 2nd Brigade, Canadian Mounted Rifles, under Brigadier Smart and Brigade Major Frank B. Black, M. P. P., and embracing the 4th, 5th and 6th Regiments, of which the 6th is from the maritime provinces, the 5th from Montreal district, and the 4th from Ontario, has arrived in England in the steamers Hesperian and Herschel, which left Quebec on Saturday night, July 17.

On the Hesperian were the brigade staff, all of the 4th Regiment, all of the 5th except about forty men, and the following officers of the 6th, who could not be accommodated on the Herschel—Major McLean, Capt. Taylor and Lieuts. Atkinson, Mooney, Barnes, Everett, Brown, Knowlton, Bowness Morrisey and Beckwith.

On the Herschel, which also took 450 horses, were all the other officers and men of the 6th, and the forty men or so from the 5th who could not be accommodated on the Hesperian.

The 4th and 5th and brigade staff went down from Valcartier on Saturday afternoon and the 6th in the evening, and all were on shipboard by midnight. They have safely run the gauntlet of the submarines, and there is rejoicing in these provinces today over their safe arrival after a ten days voyage.

The Herschel is the steamer that took the Railway Construction Corps from St. John the day after the Caledonia sailed with the 26th Battalion. It was reported before the brigade left Valcartier that 200 men and several officers from the 8th C. M. R. would be taken on the strength of the brigade, and if so, they also sailed from Quebec but information on this point is lacking.

The 6th C. M. R. had been in training nearly six months in St. John, Amherst and Valcartier before going to England. They went as dismounted cavalry, but were given the drill of mounted rifles, and hope to be able to serve in that capacity, although they had no information, and were ready for anything in the king's service at the front.

(Continued on page 8.)

TROUBLE FOR FRANCE AT CAPE HAITIEN REPORTED

Washington, July 29.—The French consulate at Cape Haitien, Haiti, is menaced by revolutionists and a guard from the United States auxiliary cruiser Eagle has been landed to protect it.

WEATHER BULLETIN

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service.

Synopsis—Showers have occurred in Ontario and in a few localities in the western provinces. Elsewhere the weather has been fair and moderately warm.

Mostly Fair and Warm.

Maritime—Southwesterly winds with showers. Friday, westerly winds, mostly fair and warm.

Washington, July 29.—Forecasts—New England—Partly cloudy tonight and Friday, probably thunder showers, not much change in temperature, light to moderate south winds.

BRUSSELS FINED MILLION MORE

German Retaliation For Successful British Raid on Zeppelin Station

Paris, July 29.—Another fine of \$1,000,000 has been imposed on the city of Brussels by the German authorities in consequence of the destruction of a Zeppelin at Evere, by aviators of the allies.

A despatch from Amsterdam June 14, said that British airmen had attacked the Zeppelin sheds at Evere, and had set fire to the building destroying the Zeppelin inside.

DAVIDSON COMMISSION SITTING IN SUMMERSIDE

Charlottetown, P.E.I., July 29.—Sir Charles Davidson, John Thompson, K.C., and Secretary Owens of Ottawa arrived last night in Summerside and this afternoon will commence their inquiry into the purchase of horses and war animals.

The inquiry is likely to be brief. Among the witnesses are Dr. Doyle, veterinary surgeon, Moncton, N. B., W. H. McKee, manager of local branch of the Bank of Nova Scotia and W. R. McNeil, horse buyer, of Summerside.

Bulgaria Said to Have Made Agreement With Turkey

Petrograd, July 29.—Unofficial reports from Sofia are to the effect that an agreement has been reached by Bulgaria with Turkey, whereby the would receive territory along the line of the Dedagatch railway in exchange for granting permission to transport military supplies through Bulgarian territory.

The Russian press condemnation of the reported agreement is universal. The "Novoe Vremya" warns Bulgaria that Russia is not likely to forget the former nation's indirect share in the defense of the Dardanelles.

The Bourne Gazette says the allies would not object to Bulgaria possessing territory down to the Enoz-Midia line if acquired by conquest, but emphatically objects to its being received as a gift from a foe.

FIFTEEN YEAR OLD SYDNEY BOY HAS WOUNDS FROM THREE BULLETS IN HIS LEG

Three Brothers Killed in Trenches and Sister is a Nurse—Boy to go Back to War Again

Toronto, July 29.—Twelve year old Peter Rutledge, of Sydney, N. S., who stowed away with his brothers when they went to the front from Nova Scotia, and who was recently invalided to Toronto, where he is staying with three bullet wounds in his leg and a maimed finger, expects to go to the front again with the governor general's body guard.

So far as can be learned, Peter's three brothers have met their death in the trenches, a sister is a nurse at the front.

FRENCH AIRSHIP AFLAME; PASSENGER HAS WONDERFUL ESCAPE; PILOT DIES

Paris, July 29.—(Toronto Globe cable)—With flames shooting up to a height of fifty feet, a Paris aeroplane on patrol duty, dived to the earth last night. A passenger threw himself from the machine and fell ten feet to the roof of a house. The pilot, Benoit, came down with the aeroplane, but was burned to death before he could be rescued.

Thousands of people witnessed the catastrophe which occurred over the densely populated quarter of Vauguard. The machine took fire at a height of 750 feet. It was the Lesly Aerodrome. With remarkable coolness, Benoit attempted to reach the less ground, but he was not high enough. Nevertheless he managed to swing the blazing machine down to waste land nearby, narrowly missing the roofs of houses and the signal posts of the Bell railroad, as he dived earthwards amidst the shrieks and cries of the horrified witnesses.

The passenger was rescued from the roof and taken to the Boucault Hospital in a desperate condition.

CHANGE FOR TWO MORE WITH HEAVY BATTERY

There is a chance for two more volunteers for service with the heavy battery of artillery being organized for overseas service. When first his instructions came to recruit for this unit, Lieut. Col. B. R. Armstrong was asked to muster sixty-two men. Later the number was reduced to fifty-five, but now he has orders to secure seven more, thus making the original number. Recruiting here for the unit, meanwhile, had ceased, as it was regarded as having been filled, but some additional names were taken and from these five have been selected, thus leaving two still to be taken. There is still no word as to when the battery will go to Halifax.

REduced Measurements

It is expected that the reduction in the requirements for physical examination, announced in yesterday's "Times," will mean the addition of several more names under the number of the 52th or other units. There have been quite a few rejections since recruiting was begun here, because of men being under the necessary height or chest measurement. No noticeable difference was apparent today, however, in the offer of service.

Temporary Change

Sergt. R. C. Flewelling is in charge of the local recruiting office in Mill street for a few days, during the absence of Sergt. Sheira.

Steamship Parima Afire

New York, July 29.—The freighter Parima, of the Quebec Steamship Company, was damaged by fire early today at Hoboken, where she was undergoing repairs.

HEATED DEBATE ON CONSCRIPTION

Soldier M.P.'s From Front Bring Up Matter

BRITISH COMMONS

Volunteer System Finds Defenders and Enlistment of Three Million Men is Pointed to—Sharp Exchange of Personalities

London, July 29.—A debate in the House of Commons yesterday on the question of conscription, the immediate necessity of this measure was urged by two Liberals, Captain Guest, aide de camp to Field Marshal French and Joseph Wedgwood, who returned wounded from the Dardanelles.

"When are those who have not come forward going to bear their fair share?" asked Captain Guest and the question was greeted with cheers from the Conservatives. He asserted that England ought to produce enormously greater numbers of troops and supplies of ammunition.

In reply James H. Thomas, the railway men's leader, maintained that the volunteer system had succeeded entirely and that no industry was able to spare more workers. The Welsh coal strike showed the futility of trying to coerce the workers.

Mr. Wedgwood said "We can buy from America. Let the Englishman fight. I do not say that conscription is necessary, but I do say that what we want is a declaration from the prime minister that if circumstances require he will not shy at that possibility."

Mr. Williams explained that Great Britain ought not to inflict the temptation on her ally.

"We get 8,000,000 men voluntarily," declared Mr. Williams.

"Out of 12,000,000," interrupted Major Archer-Shee.

The debate ended with a sharp exchange of personalities.

TAKING EVIDENCE ON BIGAMY CHARGE IN MONCTON

Moncton, N. B., July 29.—The preliminary hearing in the case of Donald Kingston, a marine engineer, charged with bigamy, was begun today before Judge Sleeves. Rev. Dr. Hill of Yarmouth testified to marrying Donald Kingston and Felicia Smith in Yarmouth in December 1910. Mrs. Kingston testified to being married by Dr. Hill.

Rev. E. H. Cochran, of Moncton, testified that on June 8, 1915, he married Donald Kingston and Ethel Chandler, daughter of Clarence Chandler, Chief Ridout testified that he opened the prosecution on complaint of Clarence Chandler. F. P. Murphy is for the prosecution; Hon. F. J. Sweeney for the defence.

KILLED GERMAN WIFE; HE IF FREED BY COURT MARTIAL

Paris, July 29.—(Toronto Globe cable)—Because she persistently praised Germany, Andre Barbier, a Lyons engineer, slew his German wife with a revolver last month. A court martial today acquitted him on his statement that she daily ridiculed his patriotism, and scoffed at the French armistice.

Allies Bombarding Zebrugge From Sea and Air

Renewal of Operations on Belgian Coast—More Stirring Work on the Western Front—Russians on Offensive in Several Places

allies has been renewed along the Belgian coast. According to a despatch from Amsterdam a French warship has bombarded Zebrugge, the German submarine base. A German torpedo boat is said to have been badly damaged. Airships have dropped bombs on Zebrugge for four successive nights.

Another despatch from Amsterdam says that a French airship flew over Ghent on Monday. It was followed by two German aeroplanes, but escaped them.

The Germans are retaliating for French activity by another long range shelling of Dunkirk. Another despatch says the town was bombarded today by a German heavy howitzer, but that the damage inflicted was slight.

MAJOR HANSON CANNOT COME TO FREDERICTON FOR RECRUITING RALLY

Expresses Regret in Letter to J. J. McCaffrey—Gunner Wilson of Capital Wounded—Men Teachers Scarce

Fredricton, July 29.—J. J. McCaffrey has a letter from Major Paul Hanson of Montreal expressing regret at his inability to visit Fredericton on Aug 4 to address a recruiting meeting. He is about to leave with his family for Lake Champlain to enjoy a well earned holiday. He writes: "At a later date I will be very much pleased to come down there, especially in view of the fact that in Fredericton I have some very dear friends and it is the city that I really began my military career in and where I obtained my commission."

A committee of the local Canadian Club is meeting with great success in a canvass for funds for machine guns. In addition to \$1,000 subscribed by Archibald Fraser, five other citizens have subscribed \$200 each and there are numerous smaller subscriptions.

Severe complaints of the 71st regiment here on next Wednesday in commemoration of the outbreak of the war. The school trustees are complaining of the scarcity of male teachers. Difficulty is being experienced in filling the position of science instructor on the high school staff.

A letter from Gunner Joseph Wilson of this city, who was with the 9th Battery in Flanders, states that he is in hospital suffering from a wound in his leg and also from the effects of gas. He was formerly of "H" Co. R. C. R. here and also was a sergeant in "D" Co. He writes that while out in front of the British lines at night he was shot in the leg. Next day he and two other members of the artillery were overcome by gas.

DEMAND THAT BILL BE PAID BY GERMANY

Violation of Treaty of 1828, in Torpedoing of the Leelanaw

Washington, July 29.—State department officials today were drafting a note to Germany asking payment for loss of the American steamer Leelanaw, torpedoed by a German submarine on last Sunday. This is on the ground of violation of the Prussian-American treaty of 1828.

Any doubts in the minds of officials that the treaty had been violated were removed by unofficial advices which said that the German submarine commander was unwilling to jettison the Leelanaw's cargo and to allow her to proceed. The claim for damages is similar to that made in the case of the William P. Fife.

SEVEN PERSONS, ALL LIVING IN ONE HOUSE, DROWNED

Chicago, July 29.—A house at 2801 South Kolin avenue, has not been entered since the Eastland capsized. Two families, consisting of seven persons, lived in the house, and all are either dead or missing. A wagon drove to the residence with two bodies, but there was no one there to receive them.

CITY AND STREET RAILWAY

No further developments occurred today in the matter of the threatened injunction against the St. John Railway Co. by the city, through Commissioner Pettit. He said today that he expected tomorrow a reply to his letter of yesterday, and that unless one came it was probable that further steps would be taken. It is said that the St. John Railway Co. are preparing to defend the matter.

The Evening Times and Star

ST. JOHN, N. B., JULY 29, 1915. The St. John Evening Times is printed at 27 and 29 Campbell Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE WAR NEWS

The feature of today's war news is found in the speeches of Premier Asquith and Mr. Lloyd George. The former said that the war had become a test of endurance, paid a fine tribute to the splendid endurance and gallantry of the British, referred to Italy's steady and sure advance, expressed confidence in the outcome of the struggle at the Marston, and in the ability of the French and English to hold the western front.

arouse the manhood of New Brunswick it can surely be found in the statement of Lieut. Frank Tingey of Moncton, severely wounded and home from the war. He says: "The Saxons are fair fighters, but there is nothing too atrocious or too bad for the Prussian Guards or Bavarians; they will do anything. In one farm house where Captain W. A. McKie stayed in Belgium, I saw a little Belgian baby with its arms cut off, the work of some of the German Hunns. It was a pitiable sight and made our blood boil. I heard of lots of other terrible atrocities, but did not see any more evidences of it. As I was passing along the road one night I met two wounded infantrymen who told me that they had just left the barn door where the Canadian soldier was crucified. Despite their wounds which were quite serious, these men were white with rage at the terrible atrocity, and were anxious to get their wounds dressed, so that they could get back on the firing line and get revenge."

Some bitterness was injected into the debate by a discussion of conscription, but the government declined to be drawn into the affair. There is an unpleasant rumor today about an agreement between Bulgaria and Turkey, but Roumanian still refuses to permit German munitions to pass through her territory to the Turks.

THE GALLANT 4TH

With the landing of the 4th Mounted Rifles in England the people of this city and the maritime provinces generally have another reason for following with keen personal interest the news of the war. In the ranks of the 4th are many well known men from St. John and other parts of New Brunswick. There are in the regiment many college students and other bright and promising young men. It is the testimony of officers that the 4th is notable for efficiency, and it is especially complimented at a recent review at Valenciennes. Its members were impatient to go, and rejoiced when the word for departure came. In that fine spirit of adventure and courage which characterizes all Canadian soldiers they left the shores of Canada determined to do their part in the great struggle by which Europe is convulsed, and the issue of which involves the future of their native land. Behind them at Valenciennes they left the 50th Battalion of New Brunswick and the 40th of Nova Scotia, chafing to follow, although their ranks are not yet filled. It is now the duty of the provinces to fill these ranks, that three battalions may also be well drilled and efficient when the word comes to them to follow the 4th and the 26th and the other maritime province units which have crossed the ocean. There is also the 64th Battalion to recruit, and we must bestir ourselves, or our solemn professions on Aug. 4th will not be as impressive as they should be. This is Canada's war.

A SOLEMN APPEAL

In all solemnness, Ralph Connor, the eminent Canadian novelist, who has been at the front and has returned with his invalid brother to England, sends an appeal to the people of Canada. Note his words: "Seriouly, soberly, solemnly let it be said that unless the Empire can furnish, in overwhelming quantities, munitions of war, and in overwhelming numbers men of war, the bitterness and humiliation of defeat will be our portion, and the shame and slavery of an infamous and tyrannous militarism will be the portion of our children."

NEWFOUNDLAND LOSES LARGE TRADE IN FISH

War Has Diverted Much of It to the United States and Canada. St. John's, Nfld., July 28.—The transfer to the U. S. and Canada of a large amount of trade ordinarily carried on between Newfoundland and Great Britain is one of the results of the war. This arises from the changes in the shipping situation. The gradual withdrawal of trans-Atlantic steamers from this port because of the transport needs of the British Admiralty and the requirements of the British trade has reached a point where only three small steamers are now plying between St. John's and Liverpool. These are freight vessels of the Purcell line with no passenger accommodations. The latest reduction in service is the taking of the Atlantic steamers which for fifty years have plied between Glasgow, St. John, Halifax and Philadelphia. These ships, the Mongolian, Carthaginian, Pomeranian and Sardinian, are to be transferred to the route between Montreal and British ports. Business men have necessarily made few connections in Canada with the United States steamers making weekly trips between St. John, Halifax and New York are laden to the hatches. Douglas Conklin of Huntington, I. I., while playing golf, dove from the tree for a hole 169 yards distant. He and the caddies spent almost an hour searching for the ball, until one of the caddies found it in the cup. The hole had been made in one stroke.

A SHAMEFUL RECORD.

The Conservative party in New Brunswick, as in Manitoba, needs to be completely reorganised, with new leaders who can command at least the confidence of their own party. Mr. Fleming is not the only one who ought to be retired. It is true he has been nominated by the machine for a federal contest, but he is not expected to run, and certainly could not be elected. In the provincial field from which he has retired, however, there are others who ought to go, for they have not profited by the lesson of the Dugal inquiry. The old standards and old methods still prevail, and those for whom such papers as the Standard and Gleaner speak are still detaching the policy of the party. This is unfortunate for the party and for the province, but the condition will only continue until the people get an opportunity to speak at the polls. Those who express the view that the public conscience has become so accustomed to scandalous revelations that it will not be aroused to action at the proper time are far too pessimistic. The Southampton Railway disclosures, the timber graft, the Valley Railway affair, the more recent Kent and Gloucester county scandals, and now the hold-up of the liquor interests at a time when their financial interests were at stake, make too long and too black a record to be overlooked or forgotten. The province of New Brunswick must reform itself.

Keep up the good work of providing machine guns.

Perhaps the relaxation of the standard for recruits will bring more of them. They are needed. The affair of the hold-up of the liquor dealers was too hot to handle and the Standard has dropped it. Rather significant—that. Now let us see if any of those responsible for the steamer horror in Chicago will be punished. The coroner's jury has placed the responsibility and it is up to the courts.

MAGIC BAKING POWDER. MADE IN CANADA. READ THE LABEL. CONTAINS NO ALUM.

LIGHTER VEIN.

The Escapion "The disaster at sea are appalling!" "Yes," replied the Englishman, who now favors prohibition, "the only thing man isn't supposed to take a chance on drowning is his sorrow."

Impossible "I told you to take the bill up to room 12." "Well, I did." "Impossible, I hear the gentleman still singing."

In and Out "The last time I met Blanche was soon after her marriage. She certainly took a lot of pride in her husband."

Well-Known Physician Some years ago there was a toll-gate on a plank road leading to Elmwood Cemetery, Detroit. All funerals were allowed to pass along this road without paying.

One day, Dr. Pierce, a well-known physician, while paying his toll, jokingly remarked to the gate-keeper, "Considering the benevolent character of our profession, I think you ought to let us pass free of charge."

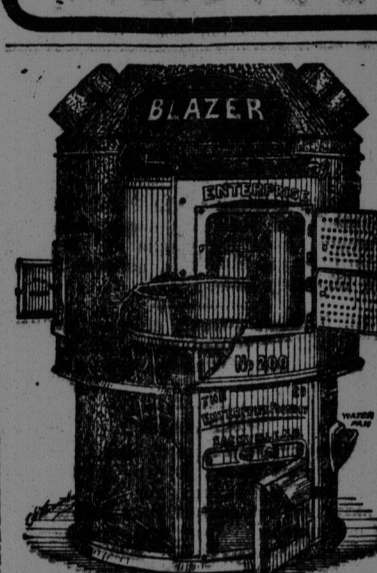

"No, no doctor," said the gatekeeper, "we can't afford that. I send too many dead-heads through as it is."

Lawyer—Judge, I want you to fine this man who was knocked down by my client's car. Judge—Fine him? Why? Lawyer—He had a nail in his clothes and it punctured a new tie.

Fiddle Youth Alys—George came to our house every evening for three months. Mai—Well? Alys—I don't know whether he got tired of my company or just wanted to hear all our music machine records.

The Enterprise "Blazer" Hot Air Furnace for 1915

Many people are now considering the best way to heat their homes this winter. We invite your attention to the "BLAZER" as one of the best furnaces yet produced. It embodies the latest ideas in construction and has many new features, including a patent fire pot, which in itself is one of the most important features ever introduced in a furnace.

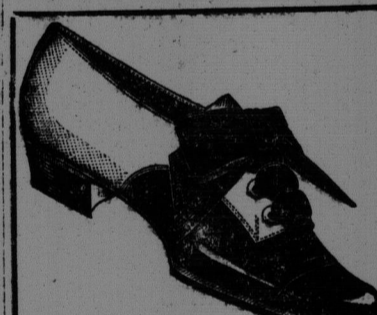

This is The Range That Advertises Itself!

The New Champion Steel Range is snug, plain and handsome. In finish it can't be beat. It has all modern improvements desired in a range. The patent fire back gives you more heat with less fuel than other stoves. We are selling these stoves to people who have seen them in use, where we have installed them, and are fully convinced that The New Champion Steel Range is a baker, a fuel saver and an ornament to their kitchen.

LOCAL NEWS

WINNER OF A PIPE
 The lucky number in the drawing for the pipe conducted by George I. Veezy, was No. 4. Mrs. C. Jones, M.P., superintended the drawing. Apply at 41 Gilbert's Lane.

A GOOD SUGGESTION
 A lady correspondent suggests that if those who violate the law against expectorating on the sidewalks were haled to court and fined there would soon be a considerable fund which might be applied to street works.

ST. LUKE'S PICNIC
 The annual picnic of St. Luke's church is being held today at Crystal Beach. The steamer Victoria took a good sized crowd of pleasure seekers to the grounds where an efficient committee was in charge of the various games and amusements.

ON VACATION.
 Rev. J. J. McCaskill of St. Matthew's church is to leave today on vacation. He will be for a week or two in Maine, where Mrs. McCaskill now is, and then will visit Cape Breton. During his absence the St. Matthew's congregation will unite with the Congregationalists. Rev. J. R. Haughton will conduct the services.

SOMETHING WRONG HERE.
 Complaint is made that the children in the Carleton supervised playground have no supply of drinking water and that people living near greatly troubled by children constantly coming and asking for a drink. Last year a tap in the basement of the old city hall was at their disposal. What is the trouble this year that a water supply is not made available by the civic authorities?

C. P. R. APPOINTMENT
 J. A. McGill of Toronto, is expected in the city in a few days on his way to Andrews, N.B., where he has been appointed to the position of rail lines passenger agent and sleeping ticket clerk. He will have his offices in the Algonquin Hotel remaining there until the close of the tourist season.

BURIED TODAY
 The funeral of Robert H. Grant took place this afternoon from his father's residence, City road. Rev. J. A. MacKegan officiated at burial services and interment took place in Fernhill. The funeral of Charles Tom, a Chinese, took place this afternoon following burial services which were conducted in the Brussels street Baptist church by Rev. W. H. Wentworth. The choir assisted at the services. Interment took place in the Methodist church burying grounds. Many beautiful floral tributes covered the casket.

WAS VERY SUCCESSFUL
 A successful picnic was held at the Log Cabin, Loch Lomond, on Wednesday in connection with the Anglican Sunday schools of the parish of St. Simons. There was a large number of automobiles and wagons from the city and the surrounding country. The weather was warm and fine and both the children and adults spent a very enjoyable day. There were races in the afternoon and prizes were awarded. There was dancing for the adults. The people brought their lunches and fruit and ice cream were sold on the grounds.

THE CHAMPLAIN
 The steamer Champlain, which ran aground in the Belisle, near Hatfield's Point, yesterday morning was successfully hauled off by the tug Hunter and arrived at Indiantown about 9 o'clock last night. The accident happened a few minutes after the steamer left her wharf on the down river trip. There had been a heavy fog early in the morning and when it began to lift, the captain decided to start a few minutes after leaving the wharf the fog swept in again and the steamer was soon lost in the fog. After proceeding a short distance she grounded. A message was sent down river and the tug Hunter, which was proceeding to Indiantown from Fredericton with a tow of scows, was haled at Public Landing. After leaving her tow at Public Landing the tug went up the Belisle and succeeded in pulling the steamer off the mud bank.

JULY WEDDINGS

McGillivray-Hampton
 A very pretty wedding was solemnized at half past eight o'clock last evening at the home of the bride's father, Mr. and Mrs. Ed. F. Hampton, 108 Chesley street, when their daughter, Eugenia Dorothy, became the bride of George Forbes McGillivray. There was a large gathering of friends. Rev. J. J. McCaskill officiated. The wedding march was played by Miss Gertrude Casey. The bride, very prettily attired in blue satin and carrying a shower bouquet of white roses, was assisted by her sister, Miss Clare, while the groom was supported by B. H. Galt. The bride received a large array of beautiful presents, testifying to the popularity of both. Mr. and Mrs. McGillivray will reside at 146 Paradise Row.

Stackhouse-McClusky
 A wedding of much interest was solemnized on Wednesday evening at the home of the bride's father, James McClusky, 45 Erin street, when his daughter, Ethel E., was united in marriage to Benjamin A. Stackhouse. Rev. W. G. Lane of Exmouth street Methodist church officiated. There was a large gathering of intimate friends of the happy principals, who shared in a bridal supper at the home of the bride's father. Mr. and Mrs. Stackhouse will make their home at 10 Kitchener street. They have the best wishes of a great many friends, which was evidenced by the large array of beautiful and costly souvenirs of the occasion.

McLaughlin-Pierce
 A wedding of interest to many friends took place yesterday afternoon at the home of Mr. and Mrs. Ira Perry, 158 Queens street, when Rev. Wellington Camp united in marriage Sherman C. McLaughlin and Miss Mabel B., daughter of Mr. and Mrs. Gabriel Pierce. The bride was of Narton, N. B. The ceremony was performed in the presence of quite a gathering of friends. The bride wore a becoming gown of white spotted marquisette, with white hat trimmed with ostrich plumes. Her going away gown was of navy blue with hat to match. A dainty lunch was served after the wedding, and later Mr. and Mrs. McLaughlin left on a honeymoon trip. They will reside in Narton. Many wedding remembrances were received.

WORK BEGUN ON THE NEW ROTHEWAY SCHOOL

The Contractors—Building to Be of Two Stories and of Colonial Style

A handsome new consolidated school building is to be erected at Rotheway. Work was started yesterday. F. Neil Brodie is the architect, and the contracts have been awarded to Joseph Henderson, Rothsay, carpentering, masonry and painting; G. & E. Blake, heating and plumbing; James Spruiell, sub-contract in masonry. The contractors have been given until July 1, 1916, to complete the work.

The site is well chosen on the Hampton road, about fifty feet from the line. The frontage is to be 77 feet 4 inches, and depth 65 feet 4 inches, while the school is to be two stories in height, of colonial type of architecture, and built of brick with stone facings. In the basement of concrete will be rooms for domestic science and manual training, the boys and girls' lavatories, and coal and store rooms. The ground floor will contain three class rooms and a teachers' room, and there will be a hall, eleven feet wide, through the centre.

On the second floor two more class rooms will be located as well as an assembly hall, 80 by 86 feet. The heating and plumbing arrangements will be most modern in every particular, while the structure will be erected of selected stock brick with cut-lime trimmings. When completed it will be a valuable building in the midst of a growing community at Rothsay.

ST. JOHN AND THE TRANSCONTINENTAL

The committee from the board of trade—J. A. Likely, A. M. Wetmore and R. E. Armstrong—who interviewed Ed. Frank Cochrane, minister of railways, and F. P. Gutelius, general manager of the I.C.R., recently with reference to the Transcontinental and Valley railways, will report to the council of the board of trade at a meeting next tomorrow. The interview with the transportation men was brief and a proposition was made to discuss the matter further with Mr. Gutelius. He is at present in Montreal engaged with the minister, but the conference will be held on his return to Moncton, probably the first of next week.

NOT ENOUGH CARS

It was not so much the matter of injunctions for the improvement of the street car rails which was occupying the minds of many people along Main street last evening, as it was the question as to why more cars were not running. There was a picnic on river yesterday. A large number attended. When they came to the city about 8.15 o'clock p.m. there was a rush for cars at Indiantown. But it is said that more than twenty minutes later there were still more people than would fill a car patiently (?) waiting for another to come round the loop. A car appeared on quite a regular schedule, about every five minutes, and was filled within a few seconds. And then it started off. Few were able to enter the cars. At various corners stood prospective passengers, ready at a "white post" to get aboard, but their signals were under two bells told the motorman to keep motoring. And so it was with several cars. There were too many aboard to permit taking on any more people and those who had been standing along the street waiting to get to some other part of the city, were compelled to wait until several had passed. And this is not the first time it has so happened.

FAIRVILLE METHODIST PICNIC VERY SUCCESSFUL

The Fairville Methodist church annual picnic was held at Westfield Beach yesterday as the weather on Tuesday made necessary a postponement. The outing apparently not suffer as a very large crowd was present and the picnic proved one of the most successful of the season. The dining tables were under the capable direction of Mrs. O. D. Hanson, Mrs. McCumber and Mrs. Bradshaw, with a score of assistants Mrs. H. M. Stout had charge of the ice cream table and B. L. Wood the refreshment booth. Sports and games resulted in the following winners: Ring and toss, Harry Byers; ladies' bean bag, Mrs. Simpson; men's bean bag, Wellington Lester; rifle, Roy Kirkpatrick. In an interesting tug of war between a dozen married and unmarried men, the former won. The married men's team was composed of Wm. G. McAuley, Lermont A. Stout, Saml. Linton, J. J. Hennessey, Duncan Campbell and Perry Kelly. The unmarried men Eddie Coughlan, Harry Durdan, Ernest Arbo, Richard McLeod, Arnold Burton and Wellington Earle. W. J. Linton officiated as referee. Pocket knives were presented to the winners. After supper in the early evening a marvelous game of ball which resulted in a tie was played between unmarried and married sports. The close tie, 1-1, after three innings of grueling play, testifies to the skill of both teams. Some feats unknown to even the most modern baseball fan were executed amidst great applause.

Yes, He is

"Of course, I go to bed by candle light—I don't like electricity."
 "The telephone—I wouldn't have one in the house."
 "I don't believe in the modern ideas—I do the things our grandfathers did."
 "What was good enough for them is good enough for me."
 "Who am I? Why don't you know me?"
 "I'm the man who never reads the advertising in the newspapers."

Two Rousing Shirt Bargains FOR MEN
 Figure it out. When planning for the big business this men's goods store does in negligee shirts, there must be many patterns, and each pattern multiplied by a line of sizes; then back of it all the reserve stocks. Quantities grow to formidable proportions! up to a certain time—to the top of the season's hill—full assortments. Once over the crest of the hill it's a race down hill against time to lower stocks to where they should be.
 The race has commenced. Men who are shrewd buy not alone for now but also for coming needs, so—\$1.00, \$1.25, \$1.50 and \$2.00 Shirts at 59 cents.
 They are made with soft double cuffs, also stiff cuffs in light, medium and dark shades. Sizes 14 to 17.
\$1.75 Silk Front Shirts for \$1.19
 Made with soft double cuffs. These shirts have been very popular this season.
 Sizes 14 1/2 to 16
KING STREET COR. GERMAIN SCOVIL BROS., LIMITED, ST. JOHN, N. B.

Great Values in Parlor Furniture
 We have recently found a few manufacturers who were willing to dispose of their surplus stock at prices much lower than usual, and so are able to offer the largest stock we have ever shown, at prices which will surprise you.
 There never was a better time to see the latest styles in this line and to obtain values which will probably not be available again.
 We will be glad to show you the goods whether you wish to purchase now or not.
