TOMORROW CANADA WILL ENTER UPON A NEW ERA OF PROGRESS

Canada, tomorrow, from ocean to ocean, will declare its confidence in Sir Wilfrid Laurier and his policy. That policy makes for race harmony in Canada, development of this portion of the Empire, and more friendly relations between Canada and the Mother Country on the one side and the United States on the other.

It is the broad policy of a statesman of imperial rank. It shames the narrow cries, the sectional issues, and the degrading appeals to fear and prejudice by those who, in order to divert attention from their own unworthiness, drag into a party contest the most sacred considerations of loyalty and patriotism.

Canada tomorrow will respond to the appeal of the great leader, Sir Wilfrid Laurier. He will be returned to power by such a majority as will make his policy secure from the joint attacks of Nationalists and Conservatives. Canada will enter upon a new era of race harmony, progress and material development. In that great development the city of St. John, with Hon. William Pugsley and Mr. James Lowell to guard her interests at Ottawa, will share more largely than any other seaport in the Dominion.

W. M. Jarvis Shows Up Tactics of Standard to Bolster Up Tettering Cause

The Facts About Reciprocity and Loyalty Stated by a Man Who Remembers—Recalls the Time in Parliament When National Anthem Was Necessary to Silence the Quebec Leader of the Unholy Alliance

To the Editor of the Times—
Sir—I see that the Standard in this morning's paper, merely reiterates the charge against my respected friends, Messrs. Scovill Brothers and Mr. Frank C. Smith, without a particle of additional proof.

days before the election what may we not expect tomorrow when there will be no opportunity to reply.
For my own part I recognize the necessity for parties in the state. But mere partisanship or party spirit is another matter. So long as I thought the Conservative party was acting in the interests

In the Standard of Monday last, that newspaper printed and endorsed a story taken from the Montreal Star, but supposed to emanate from St. John that "On August 20th last Frank Smith, one of the partners in the firm of Scovill Bros. & Co., . . . closely connected with the Liberal organization of St. John, walked into the Bank of Montreal at the corner of King and Prince William streets, and going up to the paying teller of the bank, handed over a \$5,000 American gold bill, which he deposited in his own name."

"He thereupon drew out \$1,300 of the deposit and walked out."
Met promptly by Mr. Smith's indignant "son-in-law," the Standard of this morning publishes the following:

"The facts that are material are these, that Scovill Brothers, Limited, have an account at the Bank of Montreal; that members of the firm are well known to be in close touch with the Liberal organization; that on August 20th last Frank C. Smith, a clerk who accompanied him, deposited to the account of Scovill Brothers, Limited, in the Bank of Montreal, a \$5,000 United States gold treasury note; that after \$5,000 United States gold treasury notes have been deposited at other banks in the city."

"On Monday the Standard quoting the Star asserted positively that Mr. Smith deposited the \$5,000 in his own name. To-day they charge that he or a clerk-deposit the \$5,000 to the account of Scovill Brothers. If so, how could he thereupon have drawn out \$1,300 of the deposit and walked out."

It is useless to reply to such repeated slanders. Messrs. Scovill and Mr. Smith can be found at their store on King street. If any elector wishes to satisfy himself that the whole story is an electioneering ruse and will take the trouble to call on them they will, I am sure, be pleased to convince him of the fact.

Try to Sustain Tettering Cause
But who is safe when such tactics are resorted to to sustain a tettering cause? Every citizen should feel that he is interested. And if such statements appear three

of the people I supported them. I may have been mistaken. I cannot but admit since the days of Sir John Macdonald they have not accomplished much in the public interest of what even an opposition might have gained.

There has been too much of a disposition to oppose for the mere sake of opposition, when a hearty support and a united front or even a judicious silence in parliament might have proved of common advantage to the state.

Can we have a more marked instance of this than in the present contest? In 1854 the reciprocity treaty negotiated by the Earl of Egin and Kinross appears to have been accepted without question. New Brunswick was then no part of the Dominion. It was before the days of Confederation. The province regulated its customs duties by act of assembly year by year. The treaty was negotiated in the summer of 1854. In November a special session of the legislature was held and both houses concurred in giving full effect to its terms.

MR. BOURASSA AND THE NAVY

Mr. Bourassa on the Navy, at Victoriaville (report of the Montreal Gazette, Conservative) has been called "Mother's," he cried, addressing himself to the large number of women who occupied the grand stand. "You have a right to see that no Government is permitted to pass laws destined for death those children whom you brought forth for the country." (Prolonged applause.)

RECIPROCIITY IS ABOVE PARTY, AND SHOULD APPEAL TO THE NATION.

HAD NO AUTHORITY TO SPEAK FOR ST. JOHN WORKMEN

The Times is informed that W. W. Allingham as president of the Trades and Labor Council, should not have appeared last night on a political platform, as he did at the Conservative smoker, since it is contrary to the constitution of the council. It was further stated that Mr. Allingham's course would be condemned at the next meeting of the council.

In what he said at the meeting in Queen's Rink he represented only himself, and had no authority to speak for the Trades and Labor Council or the Bricklayers and Masons' Union.

"The traditions of the Conservative party have been buried in the tomb with the great leaders of former times."
—Sir Wilfrid Laurier.

THE VERY CHANGE OF FRONT

Joseph Russell, the independent Conservative candidate for East Toronto, tells his electors that "most of the men opposing the pact now were in favor of it when it first came to the notice of the House of Commons." And he ought to know. He was in parliament at the time. He was in the Tory caucus, and if he liked to do so he could doubtless throw some light upon the reasons why the change of policy was adopted.

THE PRAYER OF THE TORIERS—GIVE US THIS DAY OUR DAILY FAKE.

THE WHOOPS OF VICTORY
There was a short and delirious session at Patriot's Hall, after the smoker at Queen's Rink last evening. Every Patriot wiped his feet ten times on the stars and stripes.

"I never witnessed such spontaneous enthusiasm," said the Exalted Patriot, referring to the smoker. "It was more wonderful than the nine spontaneous bands. Provide everybody with a copy of Rule Britannia, give the band a tip when you want another whoop, and you get a spontaneous effect as glorious and inspiring as the movements of a pump-handle."

(Loud cheers and cries of "Down with Pugsley.")
"Was that Rule Britannia they sung so often at the Rink?" asked one of the Patriots.
"It was," said the Exalted Patriot.
"I was," said the Exalted Patriot, "I never heard it somewhere before," said the questioner. "But I like the Marselline much better."
"Sch-h-h-h!" whispered the Exalted Patriot. "We must first save the Empire!"
"A bas la marine!" shouted a back-bencher. "Vive Bourassa!"
"I must ask the last speaker to restrain himself," said the Exalted Patriot.

"Our dear Bourassa is fighting nobly for the cause, but in order to do our share to save the Empire we must stick to Rule Britannia and the spontaneous patriotic enthusiasm generated by contemplation of a Yankee shod with gumshoes, sneaking over the parapet to haul down the Union Jack from the battlements of a free and untrammelled electorate, fired by the dauntless spirit of the men who signed the annexation manifesto in the brave days of old."
"Wow!" said a Patriot. "Aint that fine?" (More loud cheers and yells of "Down with Pugsley.")

BORDEN'S PROMISES; OR PUGSLEY'S ACTUAL WORK?

BEWARE OF THE BLUE RUIN PROPHETS

The Conservatives predicted that the Fielding tariff would ruin Canada, they now say it is perfect; they are predicting reciprocity will ruin Canada, what will they say in a few years?

UNTAXED FOOD CHEAPEST

Let workmen remember that untaxed food is always cheaper for them. How can it be otherwise? When, owing to unusual conditions there may be a scarcity in any one article of food, the middleman will not be able to raise his prices abnormally high and secure a portion of the price which the consumer has to pay, and which the producer never sees.

The idea that reciprocity will increase the cost of living is a bugaboo.

PLAYS AND PLAYERS

Budget of News Concerning Stage Favorites Known to St. John Audiences

Walter B. Woodall, remembered here for his work with the Baker Stock and with Harkins last season, is now playing in Brooklyn with the Crescent Stock Co. which opened in "Wildfire" last week.

Adelaide French and her supporting company should be given a hearty reception tomorrow evening on opening at the Opera House in "Madame X," a sensational drama of mother love, which has scored a distinct success in the large cities of the states, and which is believed will greatly please the theatre-goers of St. John.

His friends here will be pleased to know that Edmund Brest is securing an immediate hit in New York at Weber's Theatre in his new play, "A Man of Honor," by Ralph I. Lantieri, of Philadelphia. It is predicted that they will have a long run.

Frank Brown & Co. closed a successful engagement in Schenectady, N. Y. last week, and were followed by the Helen Grove Co. playing in addition to those they gave here "Charlie's Aunt," and "Reverey of Graustark."

Frank D. Nelson, a favorite baritone with the Robinson Opera Co. in St. John, has left the opera stage for a while at least, and has opened in Connecticut as a soloist in a motion picture house.

The London Picture Shows that Maud Allan is to receive \$1,500 a night in dancing in South Africa. It adds that the warm climate will be in her favor, so that she will not need have the strings of beads she clothes herself with, lined with fur.

Upson Similar is writing a play called "Behind Prison Bars," based on his recent experiences when he and several friends spent a few hours in a jail in New Jersey, for refusing to pay fines for violating Sunday blue laws.

Teddy MacNamara, the funny juvenile comedian with the Federal Co., whose obituary notice was printed some time ago, is a rather active "corpse" and does not seem to realize the fact that according to reports he should be "dead." He is making himself as much of a favorite in the west as he was in St. John some years ago. He was in Vancouver, recently in "The Plunger," in which he had the leading comic role.

It is announced by Alexander Pantages, a Seattle vaudeville manager, that Vancouver is to be the theatre headquarters and chief booking office in Canada, for a Canadian vaudeville circuit that will have theatres in all the principal Canadian cities from Victoria to Toronto. Mr. Pantages is planning the preliminary details of the all Canadian extension of his circuit, which, at the start, will include the building or purchasing of at least twelve theatres in the principal cities from Toronto westward, and later on the circuit will be extended eastward to Montreal, with houses in all the principal Canadian cities on the Atlantic seaboard.

Edward Ellis, who played the second crook in that successful crook play, Get Rich-Quick Wallingford, and who is favorably recalled through his fine work in his own company in St. John, has returned after a vacation journey to the west. Asked what he was doing he answered: "Been out to see St. John. The family, the Ellises, and their idea of a really rebuilding vacation is to get together, so that way bachelor acting has been 'visiting his' in a cottage on one of the Michigan lakes in one of the big Michigan forests, in that Northwestern State that so fascinated Mary Manning, that she formed the stake for it."

Robert McVade, who played here with Harkins, in '90, has been engaged for an important role in "The Fatted Calf" opening on October 2, with Frank Sher-

Edwin Adams this season has been playing theatre-roles in Chicago, and has written the leading role in "The Blue Bird" in that city. He has written the same play in his theatrical career in 1882, supporting Thomas W. Keene. Adams was then a young actor, two years old, in Boston, he was associated with another famous actor, Edwin Booth, subsequently he played with the Adams, Keene, Bellew, Blomberg, Robson, and Mande Adams.

Margaret Anglin is to open the Adelphi Theatre in Philadelphia in her comedy success "Green Stockings." She is under the management of Leiber & Co.

During her absence from the stage, Jay Templeton has been living quietly in Pittsburg. Her last former appearance in St. John was in 1906 as Mary Jane Jenkins in "Forty-Five Minutes from Broadway." Her return as Little Buttercup in Pittsburg at the Casino, last Monday, was an event in the theatrical world, quite as important as the original revival of the Gilbert and Sullivan opera in the spring.

May Robson, a favorite comedienne who was here two seasons ago, has written a play, "The Three Lights," to be produced in New York in the near future.

Esther Hildes, an actress well known to local audiences, is making a success of her part in "Speed," a new comedy which opened in New York recently.

Mabel Barrison, with her husband, Joseph Howard, has returned from Germany. Miss Barrison is still in ill health, and it is doubtful if she will play for some time.

Lottie Williams, who played with Harkins in St. John some years ago, is appearing in vaudeville in a skit based to a certain extent on the play of the same name, "The Chorus Lady."

J. A. E. Malone, producer of the Quaker Girl for H. B. Harris, has made an offer to Charles Frohman to take the entire production of Donald Brian in "The Quaker Girl" to London, to open at the Adelphi Theatre, on the Monday after Easter.

Allen Doone, Irish singing comedian, and his leading lady, Edna Kelly, have gone to Australia, stopping at Honolulu en route to play a brief engagement. Mr. Doone is most favorably recalled in St. John through having played the title role in "The Kerry Girl." Joseph Murphy's famous drama of Irish domestic life, "The Quaker Girl," is to be made her first appearance on the stage as leading woman in Winchell Smith's "The Only Son," which will open in Philadelphia on Oct. 2.

Nickel audiences have been keenly enjoying the singing of Madame Kathleen Fubing Schmidt, as they did on her first engagement here. She has been giving a pleasing variety of numbers, which have well illustrated her artistic ability as well as lending themselves to bringing out the rich qualities of her voice. Her song last evening, "Aloha and her Papaya," from the opera "Sua," was a charming number, very daintily sung and the singer was greeted with great applause for her artistic rendering of it.

La MARQUISE de FONTENAY

The Man Who Urged Setting Moscow Afire—A Family of Noted Soldiers—His Bride 30 Years His Junior

(Copyright, 1911, by the Brentwood Company)

George Cathcart, who through the death of his elder brother, has just become fifth Earl of Cathcart, is a man of about fifty, a confirmed bachelor and, in keeping with that condition, one of the pillars of the "Bachelors' Club" in London.

His Scotch barony of Cathcart is the oldest, dating from October, 1460, while his earldom is of much more modern creation, having been bestowed upon tenth Baron Cathcart, who was general in command of the expedition to Napoleon's army, and as such divided nearly \$2,000,000 in prize money with the admiral associated with the capture of the city of Moscow.

He was for many years ambassador to the court of Russia, attending Alexander I. throughout the Napoleonic campaigns, and it is this first Earl Cathcart who lives in history as having conceived the idea of setting on fire the city of Moscow, and so having induced Alexander I. to put it into execution, rather than allow Moscow to become a winter shelter for Napoleon's army in 1812.

He married a daughter of the Duke of Wellington, one of the last British Governors-General of India, and while his second son, Sir George Cathcart, also Sir Wellington at Waterloo, commanded the fourth division of the British army in the Crimea, and fell at the battle of Inkermann.

He died in 1877, and was succeeded by his son, the fifth Earl, who was seven years younger than he, and he was a well-known sportsman.

J. Palmer Collins, here, with the Bonnie Brier Bush, opened last week with "The Gamblers," in Ashbury Park, N. J. Paul Everton is playing lead.

Henry Crosby, who played "heavies" here with Kirk Brown, opened recently with the Woodstock Stock in Kansas City, Mo.

Henry Grady, a former St. John boy, has been engaged as lead with the Keith Stock Co. in Pawtucket, Me. He has been away from this city about five or six years.

Some of the plays which the Klark-Ur-House on their appearance here will be "The Little Grey Lady," "The Belle of Richmond," "Zola, The Country Boy," and "A Woman's Sacrifice." The performance will be continuous, as they carry vaudeville acts with them.

Edwin Adams this season has been playing theatre-roles in Chicago, and has written the leading role in "The Blue Bird" in that city. He has written the same play in his theatrical career in 1882, supporting Thomas W. Keene. Adams was then a young actor, two years old, in Boston, he was associated with another famous actor, Edwin Booth, subsequently he played with the Adams, Keene, Bellew, Blomberg, Robson, and Mande Adams.

Margaret Anglin is to open the Adelphi Theatre in Philadelphia in her comedy success "Green Stockings." She is under the management of Leiber & Co.

During her absence from the stage, Jay Templeton has been living quietly in Pittsburg. Her last former appearance in St. John was in 1906 as Mary Jane Jenkins in "Forty-Five Minutes from Broadway." Her return as Little Buttercup in Pittsburg at the Casino, last Monday, was an event in the theatrical world, quite as important as the original revival of the Gilbert and Sullivan opera in the spring.

May Robson, a favorite comedienne who was here two seasons ago, has written a play, "The Three Lights," to be produced in New York in the near future.

Esther Hildes, an actress well known to local audiences, is making a success of her part in "Speed," a new comedy which opened in New York recently.

Mabel Barrison, with her husband, Joseph Howard, has returned from Germany. Miss Barrison is still in ill health, and it is doubtful if she will play for some time.

Lottie Williams, who played with Harkins in St. John some years ago, is appearing in vaudeville in a skit based to a certain extent on the play of the same name, "The Chorus Lady."

J. A. E. Malone, producer of the Quaker Girl for H. B. Harris, has made an offer to Charles Frohman to take the entire production of Donald Brian in "The Quaker Girl" to London, to open at the Adelphi Theatre, on the Monday after Easter.

Allen Doone, Irish singing comedian, and his leading lady, Edna Kelly, have gone to Australia, stopping at Honolulu en route to play a brief engagement. Mr. Doone is most favorably recalled in St. John through having played the title role in "The Kerry Girl." Joseph Murphy's famous drama of Irish domestic life, "The Quaker Girl," is to be made her first appearance on the stage as leading woman in Winchell Smith's "The Only Son," which will open in Philadelphia on Oct. 2.

The Evening Chit-Chat

By RUTH GAMERON

TIME, they say, is the greatest physician in the world for the sickness of grief. But there is another healer whose power to heal not only the heart but the mind, is "Change"—change of scene, change of the objects of your thought, change of the objects of your vision, change in every way possible.

I know a girl who was made a complete nervous wreck when her lover deserted her to marry another. Everything about the house reminded her of him, and the preparations they had all been making for months for the wedding, so the doctor advised that she go away, or that the whole family move with her to some other locality. Neither of these things was practicable and for a time it seemed as if she would lose her reason. Finally, her mother conceived the idea that if they could not change from the house they might change the house. She persuaded her daughter to go away for a week, and during her absence, persuaded the living room in which she resided, the girls on her return, was interested in the change and was gradually persuaded to take an interest in some other similar changes. Before they got through they had passed almost the whole house, and completely changed the arrangement of the furniture. Her interest in the work, and the creative effect of seeing new things which did not so much suggest her unhappy experience, the doctor declares, saved her reason if not her life.

One of the most terrible losses I ever knew of, was that of a couple who lost their two grown sons—the only boys in the family—in a railroad accident. They found it absolutely impossible to endure the continual reminder of the old house and after a year or two built a new home in a different part of the town. No one would have dreamed of suggesting that they should have old home and gradually beginning to take interest in life again in the new, can doubt for a moment but that the change prolonged their lives ten years.

Of course there are big changes—changes that cost much money, changes that are not within the reach of everyone, no matter how great the need. But even little changes often help much. A woman who has been ill so much that the aspect of her chamber has grown hateful to her, showed me the other day that she had moved her bed into a different position. "And you don't know how I enjoy it," she said. "It just makes it seem like a completely different place. I don't mind going to bed now half so much as I used to."

I remember myself a night when after such a sleepless night of pain that I fairly dreaded to enter my chamber, I tried the expedient of sleeping in a room in another part of the house, and had my first good sleep for a week. The power of associating to keep the shadow of grief or unhappiness or pain upon us is greater than most of us realize.

Break the chains of sameness and you will often break the chains of sorrow and suffering. And besides its power to prolong pain, I believe that monotony of scene and thought is dangerous in itself. "Go out and see something or someone new; bring something or someone new into your home; find something new to think about, and I promise—well perhaps not a cure, but at least an alleviation."

THE PRINCE OF PEACE

A Grand Address to a Large Opera House Audience By W. J. Bryan

A large audience greeted Wm. Jennings Bryan in the Opera House last evening to hear his address on "The Prince of Peace," W. C. Croker, secretary of the Y. M. C. A., acted as chairman, and his introducing the speaker, told of Mr. Bryan's long association with the Y. M. C. A., his sympathy for its objects, and that he and his wife were proud to acknowledge him as a member.

Mr. Bryan was cheered enthusiastically as he advanced to speak. He thanked the large audience for the hearty reception accorded him and said that he was glad to hear his address on "The Prince of Peace," W. C. Croker, secretary of the Y. M. C. A., acted as chairman, and his introducing the speaker, told of Mr. Bryan's long association with the Y. M. C. A., his sympathy for its objects, and that he and his wife were proud to acknowledge him as a member.

Mr. Bryan gave words of his belief in the immortality of Christ. After speaking of the failure of men in finance, in high social life, to find the right kind of peace, the speaker went on to deal with the peace he found and brought to man by Christ's sacrifice. He gave many potent reasons for naming Christ as the Prince of Peace.

After dwelling on some of the miracles of nature, he gave as the most wonderful the transformation of the human heart by the power of conversion.

MAGISTRATE CURED OF PILES & ECZEMA

One of the latest prominent gentlemen to speak highly of Zam-Buk is Mr. C. E. Sanford of Weston, King's Co., N. S. Mr. Sanford is a Justice of the Peace for the County, and a member of the Board of School Commissioners. He is also Deacon of the Baptist Church in Beauséjour. Indeed it would be difficult to find a man more widely known and more highly respected. Here is his opinion of Zam-Buk. "I have used Zam-Buk for a long time, and I have found it to be a most reliable and effective remedy for all kinds of skin diseases, such as eczema, piles, itching scalp, and all kinds of itching humors. It is a most valuable and reliable remedy, and I can recommend it to all who are afflicted with any of these troubles. It is a most valuable and reliable remedy, and I can recommend it to all who are afflicted with any of these troubles."

Zam-Buk cures ulcers, abscesses, blood-poison, ringworm, itching of running sores, bad leg, rashes, eczema, skin eruptions, pruritus, lice, scabies, hemorrhoids, itching scalp, etc. Purely herbal, no poisons, no drugs, no chemicals. It is a most valuable and reliable remedy, and I can recommend it to all who are afflicted with any of these troubles.

WOMEN KNOW

Women of Canada have learned that nothing preserves the youthful appearance so much desired as a good head of hair, for women with scant, dull, listless hair grow old all too soon.

Since the introduction of Parisian Sage into Canada, it has been recommended by all the leading hairdressers and makers as it will do.

Parisian Sage is a hair restorer and beautifier that stops itching scalp, stops hair from falling out, banishes every trace of dandruff or money back.

Parisian Sage causes the hair to grow thick, strong, and healthy, and it kills the dandruff germs that infect the hair roots, which is the basis of all scalp and hair troubles.

CHEERING NEWS FROM NEW BRUNSWICK POINTS ON THE OUTLOOK FOR TOMORROW

Moncton, N. B., Sept. 20.—Liberal outlook in Westmorland indicates a great victory for Emmerson. From every part of the county comes cheering indications.

From Albert county comes the cheering news that Fowler's campaign has collapsed and Albert county will roll up a large majority for Dr. McAllister.

Hon. O. J. LeBlanc, speaking for Kent, told your correspondent that the Liberal outlook was for a large majority.

RECIPROCIITY WILL MAKE POPULATION DOUBLE WITHIN TEN YEARS

Fredericton, N. B., Sept. 20.—(Special)—Donald Fraser, the well known lumberman in a letter to the Mail makes an effective reply to some criticisms of an anonymous writer in the Gleaner on Tuesday. He says in part: "The writer of this letter tries to ridicule my opinion that reciprocity will double the population of the maritime provinces within ten years. I am still of the same opinion and realize that much will depend on the action of our local government."

"My firm's exports to Great Britain are only about two per cent. of the total. Seventy five per cent. of our manufacturers goes to the United States which is the natural market for our products. Of this seventy-five per cent are finished products in the shape of shingles, clapboards and planed lumber. My firm, believe, put as much work on the lumber they manufacture as any concern in the trade and pay the highest wages to their employes."

Mr. Fraser calls the Gleaner correspondent a raw product and advises him to vote for reciprocity candidates. "Reciprocity," he says, "is a good business proposition, and it will be such a boon to the province and especially to the farmers that I cannot see why anyone should oppose it."

On Monday the Fredericton Gleaner published an alleged despatch from Fort Fairfield which stated that potatoes were selling at 90 cents a barrel and that there was little demand at that figure. This morning the Mail sent a telegram of enquiry to Presque Isle, and received the following reply: "Mail Pub. Co., Fredericton, N. B.: We are paying this morning for cobbler potatoes \$2 per barrel; Green Mountains \$1.40 to \$1.50."

"G. F. Higgins." Jack Beattie was this morning sentenced to six months jail for stealing \$100.

A BIG RALLY IN FAIRVILLE THIS EVENING

The Liberals will hold a big rally in Fairville tonight at 8 o'clock. The speakers will include Dr. Silas Alward, E. H. MacLennan, W. J. Mahoney, Dr. T. H. Lunney and the candidates. This will practically be the last meeting before election day, so doubtless a large crowd will attend.

Dr. Lunney and Hon. F. J. Sweeney heard in stirring addresses.

A grand rally was held last night in Fairville in the interest of Col. McLean, the Liberal candidate in Queens-Suburban. The attendance was very large, and the speakers, Dr. Thos. H. Lunney and Hon. F. J. Sweeney, were given a very hearty reception.

Dr. Lunney held the wraps attention of the audience for an hour and a half, and both the doctor and Mr. Sweeney had the closest possible attention throughout their able discourses. Dr. Lunney traced the history of reciprocity from 1854 until the present time, relating the efforts of the present and great statesmen to secure it for the benefit of the people. He referred to the many leading Englishmen who were in favor of the trade agreement, particularly the British Ambassador, Lord Lyons, who was strongly in favor of its ratification, and did not fear any disloyalty. Dr. Lunney was warmly applauded and gave an oration as he finished.

Mr. Sweeney's address was received. He referred to the reciprocity agreement at the closing effort in the success of the Liberal government administration. To the Liberal government show what the people of Canada thought of this fight of the masses against the classes, and he firmly believed that the results would be entirely in favor of the party and the Laurier government would be re-elected and New Brunswick, particularly to the farmer, and was frequently applauded and given an ovation as he finished.

RAIL MAKERS OF BIG WELSH FIRM STRIKE FOR HIGHER PAY

Dowlais, Wales, Sept. 20.—Two hundred rail-makers employed by Guest, Keen & Nettlefolds, Ltd., one of the largest of ironmasters in the United Kingdom, with a specialty of rails and railroad material, struck yesterday. They demanded twenty-seven shillings a week, instead of their present wage of fifteen shillings.

A number of other men employed by the same firm went out in sympathy and altogether some 800 men quit work.

CHARLOTTETOWN, P. E. I., Sept. 20.—The Liberals are confident of carrying all four seats tomorrow. The Conservatives hoped for gains in Charlottetown but the city in the last few days is looking better than ever for the Liberals. In Kings Fraser, the Conservative with a majority of 195 in 1908 is having the right of his life with the tide running strongly in favor of Hughes, his Liberal opponent.

A LITTLE FLOOD The cellar of the Union Station is filled with water resulting from heavy rain and the choked condition of the sewer. Men are at work with powerful force pumps today, while an effort is being made to locate the trouble with the sewer. It seems that when the C. P. R. were filling in their recently acquired property, they constructed a temporary wooden sewer to carry off the water at the mouth of the brick sewer. It is thought that the weight of the material dumped in has caused the wooden sewer to cave in. The cellar of the depot being on a low level, as a result, caught the surplus rain water.

AN APPEAL ON THE EVE OF BATTLE

This is the last word the Times will have the opportunity of speaking to the electors of St. John before the battle of ballots is begun. The issue to be decided tomorrow is the most important that has been submitted to the Canadian people, and especially to the people of St. John and the maritime provinces, for very many years.

We are offered a large free market for the natural products of the country. It is the duty of the people to consider very seriously not only what will happen if they accept the offer, but what may happen if it is rejected. The United States is and always will be our neighbor along a border line of three thousand miles. More than half of our trade with the whole world last year was with that country. They are a people speaking the same language and having the same traditions as ourselves. Their country is the natural market for a great deal that Canada produces. This is more especially true with regard to the maritime provinces.

In the trade agreement which is now to be accepted or rejected the United States concedes much more to Canada than is conceded by this country. The agreement is one which can be terminated at will, if the time should ever come, which we do not believe, when it would no longer be satisfactory to the Canadian people.

If we reject this friendly offer, will not such rejection arouse in the United States a very natural feeling of irritation? Suppose that it did, and that an effort should be made in that country to arouse prejudice against Canada, with the motto "no truck with Canadians," such has been encouraged by the Conservatives in this country for several months past. Would that be good for Canadian trade? Would such a condition be pleasing to King George and his ministers, who have just signed a sweeping arbitration treaty with the United States?

There can be but one answer. In the best interests of Canada and the Empire the trade agreement should be ratified. It will make Canada more prosperous, and will add not only to the strength of the Empire but to the influences now exerted on both sides of the Atlantic to promote an Anglo-Saxon alliance, which would mean so much to the peace of the world.

With regard to the interests of the city of St. John, in no campaign in recent years has there been so much at stake. The policy of the present government is to make St. John a great national port, and this involves the expenditure of many millions of dollars, and the rise of a new town on the eastern shore of Courtenay Bay. The answer to all the Conservative assertions about danger to east and west trade lies in the simple fact that the great railway companies do not believe a word of it, and are going on providing facilities to handle an enormously increased trade. In a very important sense the future of the port of St. John is heavily involved in this campaign. To vote against the government candidates is to vote against St. John.

To the Liberal workers and to those Conservatives who are with them in this fight, the Times would appeal to devote tomorrow to the service of St. John, and of a prosperous and united Canada. Let no other consideration intervene. Bring out the vote. See that every elector visits both the city and county booths. Roll up such a majority for Dr. Pugsley and Mr. James Lowell as will convince Sir Wilfrid Laurier and his government that St. John appreciates what has been done, and stands by the government which proposes to do so much more, to make St. John one of the great sea ports of the Atlantic coast.

The Liberal party has never entered a campaign with candidates whom it could more confidently commend to the good will and support of the citizens of St. John. Hon. William Pugsley has represented St. John not only in parliament but in the cabinet, and has conducted the affairs of a great department in such a manner as to command the approval of his colleagues and the country. No man in Canada has taken a broader view of transportation matters, and the importance to Canada of having a great transportation system, with seaports fully equipped to handle its sea-borne commerce. It was in pursuance of this policy that Dr. Pugsley began the great work now in progress at the port of St. John, the completion of which will make this one of the best equipped ports on the whole Atlantic coast. The interests of St. John and the province of New Brunswick have been faithfully served by Dr. Pugsley, and he should be sent back to parliament with a larger majority than that of 1908.

With regard to Mr. James Lowell, he is by no means an untried man. In the municipal council and provincial legislature he has had valuable experience in legislative work. He is thoroughly familiar with matters affecting the welfare of St. John, and in his work as a legislator has done valuable service. He is a man of high integrity, popular with the people at large, and as a representative will faithfully keep his word, to devote himself to the interests of his constituents. It is most important that he be sent to Ottawa to strengthen the hand of the minister of public works. A vote for Pugsley and Lowell tomorrow will be a vote for St. John.

The Conservatives have no hope of defeating the government. Sir Wilfrid Laurier will have a large majority. St. John should give him two supporters. Dr. Pugsley pointed out on Monday evening that the city in 1908 made the mistake of sending to Ottawa a representative who was not in sympathy with his plans for the development of St. John. No such mistake must be made tomorrow.

The Times is unable to say just what wild appeal to fear or prejudice, or what glaring untruth the Standard may present tomorrow morning in a last reckless attempt to turn votes away from the Liberal candidates. It may even be that the Standard, recognizing the certainty of defeat, may make no such appeal at all. The events of the last two or three days have, however, shown the people of St. John how utterly unreliable are the statements made in that newspaper.

The record of the election campaign which closes tomorrow will be remarkable because of the contrast between the appeals of the two parties for popular support. The government party has confined itself to a clear statement of the real issue, with only such reference to the statements of the Conservatives as seemed now and then necessary. The appeal of the government was made in behalf of a definite policy. On the other hand, the Conservatives have had no definite policy to present. They have appealed on different grounds in different provinces. Unable to beat down the arguments of their opponents on the real issue, they conjured up bogeys, made wild appeals to fear and prejudice, and even dragged the flag of their country into the turmoil of a partisan campaign.

If the electors of St. John desire to see the great harbor works carried out; if they desire to retain here all of the present lumber mills, operated under more favorable conditions than at present; if they desire to see a revival of the coasting trade; they should vote for the men and the policy which will insure that result. The men are Dr. Pugsley and Mr. Lowell, and the policy is reciprocity.

Conservatives are telling the market gardeners near St. John that they will be ruined under reciprocity, because of the importation of American produce. They have even said that there is at the present time American produce rotting in the fields because there is no market. On the other hand these same Conservatives are telling the workmen in St. John that the cost of living to them will be greatly increased, because all the produce will be shipped away to the American market, making the prices they will have to pay very much higher. All this is part of a determined effort to frighten both producers and consumers, and drag them into voting for the Conservative candidates. The trick is too transparent.

LETTER FROM FOWLER AND HIS PARTNER AND ITS EFFECT

Threat Made to Senator Domville About Trespass in Mineral Development Has Cut Men Out of Employment

It is very well known throughout the counties of Albert and Kings that Hon. Senator Domville has for some time been lending his tremendous energy toward the development of the mineral and oil deposits in Albert county. He has been so successful as to interest strong capitalists in the old country who are convinced of the richness of the deposits in Albert. As a part of his enterprise some time ago he employed a considerable number of men in the work of development, and came as a distinct surprise to him and his associates when a letter from the law firm of Messrs. Geo. W. Fowler and W. B. Jonah was received by him complaining that he was trespassing, and threatening to bring action unless the trespassing was stopped.

How the people of Albert county will regard this step on the part of Mr. Fowler remains to be seen. They were expecting that he would be quite willing to lend every effort toward the work of development and actual mining instead of stopping it. This is a very serious matter, and unless the trespass is immediately stopped we are instructed to bring suit.

Dear Sir—The Eureka Copper Company have instructed us that you are trespassing upon their property in the county of Albert. This is a very serious matter, and unless the trespass is immediately stopped we are instructed to bring suit.

BROADSIDE BY CONSERVATIVE FIRED INTO THE BORDEN CAMP

(Continued on page 5, third column)
prosperity for the province and for the city of St. John, the farmer prospered. Trade was developed. The population increased.

As to Loyalty and Reciprocity
The war between the northern and southern states broke out in 1861. St. John sympathized with the gallant south—and the more so after negro slavery had been abolished. In November of that year Commodore Wilkes took the confederate envoys, Mason and Sidel, from the British steamer "Tea". England demanded and secured their release. Regiment after regiment—the guards, line battalions and artillery poured through St. John in winter. And each was loyally received and royally entertained. The militia were organized. Volunteers pressed forward to fill the ranks. It was the heyday of reciprocity. It had lasted for seven years and more. Was St. John and New Brunswick disloyal then?

But we paid the penalty of our southern sympathies. The letter addressed to Senator Domville was as follows:—
Fowler & Jonah, Barristers, etc.,
Sussex, N. B., September 13th, 1911.

KAISER TO STUDENTS
Advocates Attention to Learning, Favors the Classics and Urges Against Alcoholic Excesses

Berlin, Sept. 20.—In connection with the presentation of a new flag to a school, Emperor William entertained at Wilhelmshofe Castle a few days ago the teaching staff and the first two classes of the Friedrich Gymnasium. The semi-official report of His Majesty's address to the students mainly indicates that the emperor paid a high tribute to the value of classical studies, and at the same time urged the importance of a study of German history, which would lead the scholars to work for the national greatness, not so much from a party as from a national standpoint. The emperor recommended the practice of games and fencing, and spoke strongly against alcoholic excesses.

WEDDING BELLS RING IN CITY TODAY

The Portland Methodist church was the scene of a very pretty wedding this morning when Rev. H. D. Marr, pastor of the church, united in marriage Myrtle Marie Holder, second daughter of Captain D. J. Holder of this city and Anne Old Burham, son of A. Burham of Mecklenburg street. The wedding took place at 6 o'clock in the presence of only intimate friends and relatives. The bride was handsomely attired in a grey traveling suit with hat to match. She was given away by her father and carried a bouquet of sweet peas. There were no attendants. The church was very prettily decorated with autumn leaves and flowers. The choir of the church sang "The Voice that Breathed O'er Eden" and several other hymns. W. Paterson, Surrey Holder and Gray Burham acted as ushers at the church.

Immediately after the ceremony Mr. and Mrs. Burham left on the morning train for a honeymoon trip to Boston and New York. On their return they will reside at 137 Wright street.
Many handsome presents were received by both the bride and groom. Among them were a handsome tea set from the office staff of R. W. W. Frink, where the groom is employed. The groom's present to the bride was a handsome set of silver. The other presents included cut glass and several checks for substantial amounts.
The bride and groom have a large circle of friends in the city and elsewhere who will wish them much happiness. The bride is a graduate of the General Public Hospital here, and also of the

FINED FOR RIOTING

Sydney, N. S. W., Sept. 20.—One hundred and eight persons who took part in the riots here in August, were in court yesterday, and were fined from a pound to four pounds each. The secretary of the federal iron works was sentenced to two months at hard labor, for aiding the disturbance.

TAX ON FOOD.

We have successfully modelled our methods of government on those of Britain. No British Government has taxed foodstuffs, and no British Government ever will. On this point both parties are equally emphatic. In Canada we have had a duty on food supplies. The Conservatives that pretend such loyalty to British usages are shouting themselves hoarse in their efforts to defeat free trade in what we eat. What does the British Conservative think?

There is only one man in the Laurier class in Canada just now, and Canada is not going to part with his services while they are at her disposal.

NEW PHASE OF BIG STRIKE IN IRELAND

Spread of Trouble All Over Green Isle is Indicated—Executive of Strike in England Take a Hand
(Canadian Press)
London, Sept. 20.—The Irish railway strike by which the south and west of the island are already practically isolated, last night took on a new aspect, which is arousing the most serious apprehensions. The members of the executive committee of the amalgamated society of railway servants, which directed the recent strike on the English railroads, have gone to Dublin, and last night issued a threat of a national Irish strike.

POLICE COURT MATTERS

This morning's session in the police court was a rather lengthy one. The principal case was that of Charles Reid, a middle aged man, charged with lying and lurking in a yard off Hilyard street and not being able to give a satisfactory account of himself, and also with indecent conduct. He is a tall man, old looking, with a heavy beard.
He was brought into court this morning and while sitting on the prisoner's bench took a fit and had to be removed from the court. On recovery he was brought back and the case resumed. Mrs. P. Kelly and Mrs. M. McIntyre, residents of Simonds street, gave evidence as to his conduct, and Policeman Perry told of making the arrest. The prisoner denied the charges, and was remanded to jail pending enquiries.
John Booth was fined \$8 for drunkenness and James Dempster was remanded on a like charge. Mary Smith, charged with acting disorderly and shouting in the street, was also remanded. Michael Walsh, arrested yesterday on a charge of drunkenness and also assaulting a man in Carlton was brought in and fined \$8 for the drunkenness and \$20 for the assault.
Robert A. Earle, charged with selling liquor in his house in Main street, without a license, was fined \$100 or three months in jail with hard labor. David H. Prince, Jacob Brown and Edward Speight gave evidence in the prosecution and the latter two swore that they had purchased a bottle of gin each at Earle's house on Sunday last. Each paid seventy-five cents for the bottles and they swore they paid the money to Mrs. Earle. The defendant was notified to be present, but was not

Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender. Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, for five per cent of the contract price, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so or fail to complete the contract, if the tender is not accepted. The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHES, Secretary.

MC 2035 POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. E., WEDNESDAY, SEPTEMBER 20, 1911

OFFICIAL ESTIMATES SHOW GREATEST LIBERAL VICTORY ON RECORD IS COMING

"Advices which I have received this evening are to the effect that from all over the Dominion the reports were sent to headquarters today that the Laurier government will be returned to power on Thursday next by one of the largest majorities, if not the largest, in Canada's history," said Hon. William Pugsley to The Telegraph late last night. "Never have I received such cheering news at the close of a great political campaign. All the reports strongly indicate that the government will carry five out of seven seats in British Columbia—Vancouver, Victoria, Nanaimo, Kootenay, Comox-Atlin—will sweep the three prairie provinces, will far more than hold its own in Ontario, will easily hold its own in Quebec, and will make gains in the maritime province.

"In New Brunswick, conditions have been improving every day and I firmly believe the liberals will sweep the province. I believe we will carry thirteen seats. I do not think there is the slightest doubt that we will carry twelve. In Nova Scotia and Prince Edward Island things never looked better. Sir Wilfrid will have a glorious victory on Thursday.

"I would like to express my appreciation of the splendid work done by the committees in St. John city and county. I did not visit the wards tonight because I did not wish to delay the workers who are doing so much for a Greater St. John."

CONSERVATIVE LETTERS PROVE THE ALLIANCE WITH HENRI BOURASSA

Borden's Ally Makes Bargain Public in His Paper—Tories Have Lost All Heart Now on the Eve of the Contest

Ottawa, Sept. 19.—The eve of the election finds the Conservatives nervous, disheartened and discouraged. In the capital of Canada there is not a well-informed public man who does not believe the government is to be returned with an increased majority.

The imperialistic Conservatives are regretting their alliance with the anti-British Bourassa. Since Mr. Bourassa showed his hand in his St. John's paper, the Ontario Conservatives have had their eyes opened to his real object. Mr. Bourassa was wanted at St. John's to persuade the French electors. In order to induce him to go to northern Ontario, Mr. Smythe, the Conservative member for Algoma, and Mr. Gordon, the Conservative member for Nipissing, wrote Mr. Bourassa that if the government should be defeated they would vote with the Nationalists for the repeal of the naval bill.

Tory Pact With Bourassa.

The letters were written in confidence but Mr. Bourassa published them in his own paper, Le Devoir. On Saturday he picked his grip and went to St. John's, where he spoke Monday.

The letters have made a profound im-

pression throughout Ontario and as a consequence of their publication a good many more Conservative candidates, seeing the resentment of their electors, have given up all hope of winning.

The Liberals are confident of victory and tonight the Conservatives here admit defeat.

STANDARD NAILED AGAIN

F. P. Shaw, president and manager of the Canadian Coal Corporation, has sent to Col. McLean a telegram, condemning as false the story in Monday's Standard that a letter issued by Mr. Shaw on behalf of the company's interests, favoring reciprocity was not valid. The letter also belittled the company's plant and workings. Mr. Shaw threatens action against the Standard for misrepresentation. He also says that J. B. M. Baxter had threatened persecution in the Standard if the Coal Corporation did not cease supporting Col. McLean in Queens-Sunbury.

SIR WILFRID still at the Helm. Canada is Safe!

MANUFACTURERS EAGER FOR MARKET

Quebec Paper Maker Presses Forward to Tell Sir Wilfrid Laurier He is in Accord With Him

As Sir Wilfrid Laurier was getting on the train at Joliette, Quebec, the other day, a man pressed forward and seized the premier by the hand.

"I want to shake hands with you 'Sir Wilfrid,'" he said. "I am a manufacturer—in favor of reciprocity."

The premier shook his hand warmly and congratulated him on his good sense and loyalty.

The man was H. Crabtree, of Crabtree & Sons, Ltd., paper manufacturers, Crabtree Mills, near Joliette.

"Why are you in favor of reciprocity?" Mr. Crabtree was asked after the train pulled out.

"Because it will give us a better market—just what we want," he said.

"You are not afraid then of the competition of American companies?" he was asked.

"Never" was the reply.

With him was William Copping, a lumber merchant, who also declares himself in favor of reciprocity.

TORY FAKE DOESN'T WORK

A campaign fake was started in Kings-Albert constituency this week to injure the chances of victory which are so certain as regards the election of Dr. McAlister. It is to the effect that early in the campaign the Liberal candidate had said privately that American capitalists would help him win his election. When spoken to concerning the matter Dr. McAlister laughed at the nonsensical suggestion and made a direct denial, saying it was a Conservative attempt and a silly one to injure him at the last moment.

WEDDING OF MUCH INTEREST IN SUSSEX

Miss Ethel M. Dryden Bride of Clifford A. McKirion—St John People Among the Guests

Sussex, Sept. 20.—(Special)—A wedding of much local interest, as well as in railway circles, took place here this morning at 10:27 o'clock, at the home of the bride's parents, Alderman George S. and Mrs. Dryden, when their eldest daughter, Ethel M., was united in marriage to Clifford A. Nickerson, fireman on the Halifax Express.

The ceremony was performed by Rev. W. F. Alton, pastor of the Church Avenue Baptist church. The home was beautifully decorated for the occasion, with potted plants, cut flowers, evergreen and maple leaves.

The bride was becomingly attired in white corded silk, with applique and silver trimmings, and carried a bouquet of bridal roses. Miss Eva Mills played the wedding march.

Mr. and Mrs. Nickerson left on the Ocean Limited train at noon for a short trip to Montreal and Toronto. The bride's travelling suit was of amethyst ladies' cloth, and black hat with plumes. She was the recipient of many beautiful presents. The groom's gift to his bride was a set of milk fans.

CASCARETS INSURE INSIDE CLEANLINESS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or secretly forcing a passage every few days with cathartic pills or castor oil? Cascarets are a healthy, natural and regulated stimulant, remove your undigested and fermenting food and foul gases; take the excess from the liver and carry out the system the decomposed waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A recent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little heads need a cool, gentle cleansing, too.

"The people of Canada, as a unit or as individuals, will not be affected in the slightest degree in their loyalty and allegiance to Britain and British institutions by reciprocity or any other agreement of its character."

—Sir James Whitney.

CONSERVATIVE SPEAKER ON NORTH SHORE IS OUT SQUARE FOR BOURASSA

At a Liberal meeting in Rogersville, Northumberland county, last night, Dr. Byrne, Conservative, was given an hour to speak as a Tory meeting failed to materialize.

During Dr. Byrne's discourse, in referring to Bourassa, he said: "In voting for Bourassa you vote for the best French interests in Canada. Sir Wilfrid will soon need a successor. Bourassa, who defended the interest of the French people in the eucharistic congress in Montreal, is the man. The party cannot stand in Canada that will attempt to prevent Bourassa from becoming prime minister. Remember the voice of the church in Quebec is the law of the land, and the church is to the back of Bourassa."

HOW'S THIS FOR LOYALTY?

Of the automobiles which took part in the Young Conservatives' parade in Ottawa last week, nine at least were made in the United States.

Yet they bore legends meaning "No truck with the Yankees."

"LET WELL ENOUGH ALONE"

"Let Well Enough Alone"

"Let well enough alone" is one of the Opposition cries in this campaign. Well, the Premiership of Sir Wilfrid Laurier has been "well enough" in Canada for fifteen years. It has been "well enough" to bring Canada from the position of an unregarded colony into that of one of the great trading nations of the world. It has been "well enough" to provide an unbroken period of prosperity such as Canada has never enjoyed before. It has been "well enough" to bring about an understanding between the various races of Canada such as has never before existed, an understanding which has not been seriously threatened until the present efforts to stir up Canadians on the one hand to reject Laurier because he is too French and on the other to reject him because he is too British and Imperialist. It has been "well enough" to increase the export trade of Canada from \$130,000,000 in 1897 to \$300,000,000 last year. It has been "well enough" to increase the import trade of Canada from \$106,000,000 in 1897 to \$370,000,000 last year. It has been "well enough" to find Canada with one transcontinental railway and leave her with three. It has been "well enough" to find Canada contributing nothing to her own defence or that of the Empire beyond her own borders, and to leave her with the beginnings of a navy and the clear outline of an autonomous but Imperial defence policy.

ST. JOHN HARBOR AND COURTENAY BAY BOTH UNDER COMMISSION

(Daily Telegraph). Yesterday, a reporter of The Telegraph interviewed Hon. William Pugsley, Minister of Public Works, in reference to the question of the government taking over the West Side wharf properties, and operating the whole as government works, in connection with the wharves already built by his department, and those for which tenders are now being called. Dr. Pugsley made the following statement: "I am satisfied that the government and the country appreciate what St. John has done toward providing facilities for the carrying on of Canadian trade through this port, and the application which has been made to me by the St. John Board of Trade and the Common Council to take over the West Side city properties, thus relieving the city of St. John of a heavy debt and burden, will receive the serious and prompt consideration which the city deserves. If this is done it will reduce the rate of taxation on the people of the city and will place these important works where in my opinion they should properly belong, under the direction and ownership of the government of Canada. "As to their management when taken over, my present view is that they, as well as the government works on the West Side and in Courtenay Bay, should all be placed under the management of a small harbor commission, constituted like that of the port of Montreal."

SALISBUY AND HARVEY RAILROAD TAKEN OVER

Thanks to the energy and good faith of Dr. D. H. McAlister of Kings-Albert, the Minister of Public Works, and other Liberals, there is good news for the people of Albert County this morning. Their transportation difficulties have been brought to an end. At least, after very protracted delays on the part of the company, the Minister of Public Works yesterday afternoon received a telegram from E. F. Raymond, of the firm of Hazen & Raymond, a company of solicitors, sent from New York (where Mr. Raymond went to advise with Mr. Swan the president of the company) stating that the Salisbuy and Albert Railway Company has signed the agreement for the taking over of the road by the government, and its immediate repair and operation. LOYALTY means to uphold your City and your Country. Vote for PUGSLEY AND LOWELL. The family man knows that the lowering of duties will make living cheaper. VAN HORNE'S "DAMNING" will get the same answer as in 1901.

GREAT RALLY FOR LOWELL IN ST. MARTINS

St. Martins, Sept. 19.—The very large and enthusiastic meeting here tonight fully demonstrated the fact that the people of this section are very strongly in favor of the policy of the Liberal party. It is a rare thing that James Lowell will get a majority of the votes cast in this parish. The meeting tonight was held at the Masonic hall. Dr. Alward, W. E. Foster and A. F. Bentley, M. P. P., addressed the meeting on the issues of the day. The speakers made it very plain that reciprocity will benefit everyone in the province. F. M. Cochran acted as chairman.

ECHOES OF THE CAMPAIGN

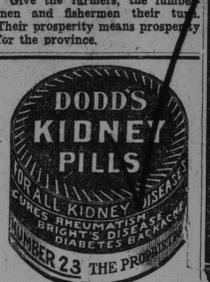

HELPS THE WORKING MAN. Reciprocity means a cheaper dinner table—it removes the taxes on foodstuffs. The agreement does not hurt the manufacturer, and by prosperity on farm lands he will broaden his market and increase the demand for labor. Reciprocity has been endorsed by labor men of the Dominion as being in the best interests of the Canadian people. WERE THEY DISLOYAL? In 1906 deputations from Pilot Mound, Bertha, Dauphin, Neepawa, Minnedosa, Melita and Virden, in Manitoba waited upon J. J. Hill and requested him to extend his lines to the respective towns. It was a business, not a political proposition. Party lines were not drawn. The delegates were principally Conservatives. AS THE WEST SEES IT. There will be a grain blockade in the west this fall. It will cost the people of this country millions of dollars. It might have been averted by the adoption of reciprocity. But— There are certain interests which reap a profit out of grain blockades. ONE AMERICAN VIEW. (American Agriculturist) It would seem to be a foregone conclusion that reciprocity will win in the Canadian elections by a vote of two to one. Why? Because this measure will enormously stimulate Canadian agriculture without in any way injuring Canadian manufactures. GAIN MORE THAN WE GIVE. The United States, with her ninety-two million people, sold last year to the eight million people of this country goods to the value of \$225,200,000. Of this, Reciprocity would have effected \$47,827,459 worth or about a fifth, and Canada's tariff revenue would have been reduced by some \$2,500,000. Canada last year sold to the United States goods to the value of \$104,109,675, of which Reciprocity—if it had then been in force—would have increased our output on \$7,233,718 worth, and the United States would have had a reduced tariff revenue of some \$4,000,000.

PROMINENT CONSERVATIVE CHANGES \$5,000 BILL IN KING STREET BANK

Conservatives who have been making foolish allegations about Liberal campaign money must have become a little wiser in their facts. They should tell the public what they know about the \$5,000 transaction that happened the other day, when a bill of that denomination was changed in a King Street bank by a leading Conservative who once served his country in the wars. Those who have heard the story are asking what he was going to do with the money. And they smile.

GO INTO THE BATTLE WITH BROKEN SPIRIT

A Conservative party smoker last night in the Queens Hotel was none too comforting for the two candidates, Dr. Daniel and Mr. Powell, who were present and gave addresses in which the ring of victory was sadly lacking. The oratory of the evening could not dispose of the creepy fear that they were to be beaten tomorrow. Dr. Daniel practically admitted his own defeat, and was cheered thereon by Mr. Powell, and John E. Wilson assured the audience that Mr. Pugsley was to be elected. A vigorous effort was made to inspire patriotism and enthusiasm into the meeting and for this purpose "Rule Britannia" was sung and repeated time and again, in order to not allow it to be said that those who are aligned with Bourassa in their opposition of British ideas and the building of a navy, were disloyal to Canada and her interests. L. P. D. Tilley was chairman, and among those who spoke or took part in the programme were the candidates, W. Allington, J. Killen, D. B. Pidgeon, F. C. MacNeil, Robert Seely, Wm. Layton, J. E. Wilson, Hon. R. Maxwell, E. A. Smith and D. E. Pidgeon. Give the farmers, the lumbermen and fishermen their dues. Their prosperity means prosperity for the province.

Where Does the Working Man Get His?

Every Working Man Who Has a Family to Support, Rent to Pay, Taxes, Etc., Will Naturally Ask What is Reciprocity Going to Do For Me? Under the Proposed Trade Agreement the Working Man Will Benefit in Many Ways--- For Instance:

- The Canning Trust Will Bust. Also the Packer's Combine. Competition Will Kill Greed. Supplies Will Be Unlimited. Cereals Will Cost Less. "Corners" on Food Impossible. Two Markets Better Than One. The Middleman Wiped Out. Meats at Steady Prices. No High "Season" Prices.

Then Comes the Great Benefit in Twenty-five Elements of Food From United States Free of Any Duty Whatever

Early Fruits and Vegetables From South States and California in the Snowy Months of the Year. Eggs and other produce when our hens and dairies are not producing. Twenty five more items of diet at greatly reduced duties.

Reciprocity Will Bring About a Competition That Helps Him Who Buys and Does Not Hurt Him Who Sells

The Family Man Gets His Household's Three Meals Per Day Much Cheaper

With the British Preference Making clothing cheaper and Reciprocity making food cheaper surely the man who works hard for a living is going to get "HIS"

THE DEFEATED PARTY

The Conservative leaders deluded themselves into the belief that their loyalty cry would sweep the country. This fact explains their jubilant predictions early in the campaign. But, as time passed and the people sized up the loyalty cry and the men who were raising it, the whole thing collapsed.

ARE THESE GREAT MEN OF EMPIRE DISLOYAL?

Read Expressions of Asquith, Lloyd-George, Balfour and Haldane, All in Favor of Reciprocity. RECIPROCITY is a sensible trade agreement which would benefit Canada and operate in the best interests of the Empire.

CHANCELLOR LLOYD GEORGE. I rejoice that it has been negotiated and heartily trust it will carry to a successful conclusion. I regard it as a great triumph of common sense, an immense stride in the cause of Free Trade and a step forward toward the fraternity and co-operation of the English-speaking family.

MR. BALFOUR. Great Britain is simply the first among equals so far as the self-governing parts of the Empire are concerned and as equals it is not our business to comment upon or criticize the actions, motives, or aims ended at by our brothers.

LORD HALDANE. We cannot tell how far the sporadically raised cry of annexation is influencing Canadian opinion, but there is no reason that the reciprocity agreement would produce any tendency in that direction.

NO JUSTICE TO ST. JOHN BY THE CONSERVATIVES

Hon. Wm. Pugsley Points Out Weakness of Borden's Vain Last Minute Effort to Turn the Tide in His Favor in St. John

A reporter of the Times interviewed Hon. William Pugsley, Minister of Public Works, this morning in reference to Mr. Borden's telegram yesterday published in the Standard, in which Mr. Borden states that the thorough and complete equipment of St. John Harbor is part of the policy of the Conservative party.

Mr. Pugsley said: "Since when has it been the policy of the Conservative party to do justice to St. John? After all the years of neglect by that party of the claims of St. John, its death bed repentance comes too late.

"Who can believe that a party led by Mr. Borden would expend the money necessary to create the great terminal facilities at Courtenay Bay when Dr. Daniel has shown that the proposal and declared that it would take forty years to do the dredging necessary, and W. Frank Hatheway, in the legislature, when Mr. Lowell and other Liberals urged that the St. John Valley Railway should be built to St. John and have its terminals in conjunction with the Grand Trunk Pacific at Courtenay Bay, declared against the proposed expenditure at Courtenay Bay, pointing out the advantages of Halifax as the terminal of the Grand Trunk Pacific.

"On the side of the government, we have definite plans for the development of this port of St. John, the money voted, and the contracts about to be entered into. On the side of the opposition, we have the record of hostile criticism and now at the last moment promises by Mr. Borden, of the vaguest possible description.

Let the citizens of St. John not forget that Mr. Borden's colleague in Halifax (Mr. Crosby) is, as reported in the newspapers, in a most narrow spirit attacking the government for what it is doing at this port."

A LIBERAL VOTE IS FOR ST. JOHN AND FOR YOUR FAMILY

This is the eve of battle. Tomorrow St. John expects every citizen to do his duty by voting. Never did the privilege of having one's "say" in the affairs of a nation mean so much to a community.

If Canada were searched far and wide no one constituency in the federation could be found to have so rich a prize within its grasp as have the St. Johns.

That the men of this city and county are wide awake to the situation is clear as crystal. Party politics—the unreasoning kind—have been pushed rudely aside for the betterment of this place in which we live.

The number of strong Conservatives who have aligned themselves with the government in this election would make a long list. They are many enough to come out distaffed for what they know is the absolute benefit of this town, which means themselves. And this is no selfish motive, either.

Liberals Make A Great Point

Sir Wilfrid Laurier says St. John is to be a great port. The Grand Trunk Pacific Railway Co. have purchased eighty acres at Courtenay Bay which they are registered. Norton Griffiths & Co., Ltd., of England will in all probability secure the contract for \$7,000,000 to build a boom-making, Cammell, Laird & Co., Ltd., of Birkenhead, Eng., intimate their intention of installing their plant and shipbuilding equipment here. The C. P. R. has already commenced its vast extension plan in this city. The harbor has been dredged to a point that defeats all tides. The new quarter million armory is being erected in Lower Cove. We are to get a new post office like Winnipeg's and so in Fairville to have a new one.

These are only a few of the things we actually know St. John is sure of; permanent benefits from expansion will naturally follow. Anxiously why the deliberate, quiet, so-called "silent voter," is going to mark his ballot for Pugsley and

Lowell tomorrow. By no means, however, is this great question of St. John's advancement taking first place over the national impetus which reciprocity will bring about.

To secure a larger market for our farm produce, to kill off once and for all time the network of food combines that have been sucking the family man of his hard earnings for years, to add new life to the failing industry and accelerate lumbering in this city and province, would be a manifold boon which even the most optimistic cannot grasp.

To The Working Man

If one man in the whole community could vote for a cheaper breakfast, dinner and supper, it is he who works hard for his pay envelope and then has to give an unreasonably large portion of it to the grocer and butcher, because a high tariff on victuals gives the "man between" his opportunity to extort his price.

Reciprocity will nail up a coffin in which will be buried forever fancy prices on canned goods, cured meats, bottled and foreign vegetables, preserved fruits and no less than twenty-five elements of everyday diet which every home, rich and poor, has to use. It will allow us to have American fruits from the warmer climates when our snow is on the ground. In a brief word it will give us more food, better food and lower prices all the year round. No more of this high price season graft.

So men of St. John, do your duty. The times are plain, you cannot mistake them. Tory ward heeler may try to induce you to vote their way tomorrow, some will go so far as to offer you cash, but St. John method will show the Liberal sentiment.

Forget all about that wild flag-waving campaign of the opposition, that is a manufactured scheme to play upon your better nature. There is absolutely nothing to it. Simply go to the poll, mark your paper for Pugsley and Lowell and you will have done yourself, your family and your country a clean, manly service.

GOLD GIFT TO AGED COUPLE AT RE-UNION

Remarkable Gathering Held at the Home of Mr. and Mrs. George Black, in Kennedy Street, Last Evening

The home of Mr. and Mrs. George Black, 48 Kennedy street, was the scene of a happy family reunion last evening when their descendants and relatives to the number of about forty gathered and spent a pleasant evening with the old couple, wishing them many more years of happy wedded life and prosperity. Mr. Black is ninety-one years of age, while his wife is three years his junior. His health is now beginning to fail, although up to recently he has enjoyed the best, while his wife cannot complain as regards her state of health. Mrs. Black is a daughter of Mrs. Blizard, who died a few years ago at the great age of 109 years.

Last evening was the first in more than ten years that so many of the members of the family, either direct or through marriage, had assembled with the old couple, and the occasion was well observed. The old gentleman was assisted down stairs to the dining table and was surrounded by four of his children, ten grand-children and no less than eleven great-grand-children, well grown. A well-filled purse of gold was presented to Mr. and Mrs. Black on behalf of the assemblage, by Wm. Sprague, who expressed the best wishes of those present. The son present, was George T. Black, of North End, and the daughters, Mrs. John O. Wilson, of Kennedy street; Mrs. A. W. Orchard, of Chipman; and Mrs. Jas. H. Scribner, of Portland, Me. The latter's son, W. O. Hamm, was also present, as was Mr. Black's sister, Mrs. B. Wilson, of Washedemoak Lake.

Courtenay Bay development means fifteen millions in works and six millions in three year's wages. Boost home!

THEY WANT THE MARKET

Here Are Cases Right At Our Door Which Call For Reciprocity

A gentleman who came down from Hampton this morning gave a very good illustration of the need the farmers have for a larger free market. On August 1, E. H. Seely sent to St. John eight bushels of potatoes. He had been advised that the price here was \$1.35 a bushel. They netted him 65c a bushel. On August 4 he sent twenty-five bushels, which netted him 65c a bushel. On August 7 he sent seven bushels, which netted him 57c a bushel; then he stopped. He has about 200 bushels to sell.

Mr. Seely stated that in former years every farmer throughout raised a ton of pork, and some two tons. Now they raised practically none, because they lack a satisfactory market.

The Times informant was also told that Arnold Fairweather of Central Norton has 200 barrels of apples and that the prospect for a good market is very poor. All the farmers in that section, as in other sections of the province, feel the need of a larger free market.

The Mission Style GLENWOOD

Simple, plain, and handsome, while meeting the demand for a popular style it has all the advantages of other GLENWOOD patterns, with the addition of having been rearranged so as to place the ash pan, broiler door, grate, clean out door, and all essential parts within easy reach from the front.

Note the neat, attractive appearance of this range, no ornamentation or fancy nickel to catch the dust or dirt, the Mission Style applied to a range, every essential refined and improved upon.

Either end as well as the back can be placed squarely against the chimney thus greatly economizing space in the kitchen.

The GLENWOOD is an excellent baker having a large roasty oven with perfectly straight sides and an oven shelf always adjustable to any height.

GLENWOOD RANGES are made and sold in St. John.
