## DAILY PRAYERS.

“O Lord God, the Fountain of Light and Truth, from whom cometh every good gift unto man, and from whom are derived all our powers and faculties, bless, we beseech Thee, our labours and studies in this College. Preserve us from indolence, carelessness, and self-conceit; vouchsafe unto us diligence, patience, and a love of truth: and grant both to those who teach and those who learn, that whilst engaged in the discharge of the duties of time, they ever may be mindful of the more important interests of eternity; and that through Thy Grace they may so order their thoughts, words, and actions, as to aim not merely at the welfare of themselves and their fellow creatures, but also at Thy honour and glory. And this we humbly pray in the name and for the sake of Thy Son, our Saviour, Jesus Christ.”

“Our Father, which art in Heaven, Hallowed be Thy Name. Thy kingdom come. Thy will be done in Earth, as it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation; But deliver us from evil: For thine is the kingdom, and the power, and the glory, For ever and ever. Amen.”

“The grace of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost, be with us all evermore. Amen.”

# University College,

TORONTO.

---

In the year 1827, a Charter was granted by His Majesty George IV., for the establishment of a University at York (now Toronto), under the designation of "King's College;" and in the following year the Institution was endowed by patent, with a portion of the land which had previously been set apart by His Majesty George III. for educational purposes.

In 1837 the Royal Charter was amended by a Statute passed by the Legislature of Upper Canada, with the object of removing certain restrictions which were regarded as unsatisfactory; but in consequence of various impediments, the Institution was not open for the admission of Students until June 8th, 1843. From that date to December 31st, 1849, it was conducted under the Royal Charter as amended by the Provincial Statute.

Another Provincial Statute, whereby important modifications were effected, and the designation was changed from "King's College," to that of the "University of Toronto," came into operation on January 1st, 1850. Under this Statute the Establishment was conducted until April, 1853, when the University was divided into two Institutions, one retaining the title of the "University of Toronto," and the other styled

"University College, Toronto." The first of these Institutions is formed on the model of the University of London, its functions being limited to prescribing subjects of Examinations for Degrees, Scholarships, Prizes, and Certificates of Honor, examining Candidates therein, and conferring such Degrees and Distinctions.

The Courses prescribed by the University of Toronto have been adopted by University College; and its Lectures are given on the Subjects appointed for Candidates for the Degree of B.A., or for the Diplomas in Civil Engineering and Agriculture.

---

#### SECTION I.

#### STUDENTS.

1. The regular Students of the College are those who have passed the \*Matriculation Examination in Arts, Civil Engineering, or Agriculture, in any University in Her Majesty's dominions: but those are also admissible, although Non-matriculated, who desire to attend Lectures in any Department.

2. Matriculated Students are required to attend the Lectures and Examinations, on all the Subjects appointed by the University of Toronto as necessary for Students of their respective standings. Certificates of attendance, during one or more Academic Years, will be given to those Matriculated Students who have been regular in their attendance on the required Lectures, and who have passed the prescribed Examinations.

---

\* The subjects required for Matriculation in Arts, Civil Engineering, and Agriculture in the University of Toronto, will be found in Section III.

3. Matriculated Students are required to reside, during the period of their attendance on Lectures, in the College; unless they have the permission of the President to reside in houses selected by their parents or guardians; or approved by him.

4. Students who reside in the College are under the immediate charge of the Dean of Residence, MR. PEARMAN.

5. Non-matriculated Students may be admitted to Lectures on application to the Professors in the respective departments in which they desire to attend, and are not required to produce any Certificate, or to pass any Examination.

6. Certificates of Attendance on Lectures in any Department during an Academic Year, may be given to those Non-matriculated Students who have been regular in their attendance, and who have also passed the Examination in such Department.

---

## SECTION II.

### TERMS.

1. The Academic Year consists of Two Terms: the first (*Michaelmas*) extending from October 1st to December 23rd, and the second (*Easter*) from January 7th to May 18th.

2. The Term will not be allowed to those who have attended less than three-fourths\* of the required Lectures, or who have not passed the prescribed Examinations, or who have not conformed to the other Statutes or regulations of the College, or who have been reported to the Council for bad conduct.

---

\* Satisfactory explanations will be required of absence from any Lectures.

## SECTION III.

## COURSE OF STUDY IN ARTS.

As previously stated, the Lectures in University College are given on the subjects appointed by the University of Toronto for Candidates for the Degree of B.A.

The subjects of the Pass and Honor Courses are hereafter specified in detail, (Section VI.); the following, however, is a Synopsis of the Courses, with the options and alternatives allowed :—

## PASS COURSE.

- In Classics..... } The subjects of all the four years must be taken.
- In Mathematics and Natural Philosophy..... } The subjects of the First, Second, and Final Years must be taken. In the Third Year either this subject or that of Mental and Moral Science is required.

UNIVERSITY MEDALS, SCHOLARSHIPS, PRIZES,  
AND CERTIFICATES.

One Gold and one Silver Medal may be given upon the special recommendation of the Examiners, to the Students who, at the Final Examination for the degree of B.A., with Honors, have been placed respectively first and second in the First Class in any of the Departments, viz. :— Classics, Mathematics, Modern Languages with History, Natural Sciences, Mental and Moral Science, and Civil Polity.

No Candidate for Honors in Modern Languages can receive the recommendation for the Gold or the Silver Medal unless he has been placed in the First Class of the Sub-Departments of English, French, German, Italian, and History.

No Candidate for Honors in Natural Sciences can receive the recommendation for the Gold or the Silver Medal unless he has been placed in the First Class of the Sub-Departments in Chemistry, Biology, and Mineralogy and Geology.

A Prize, of the value of Ten Dollars in Books, will be given to the Candidate who has been placed first in the First Class in Meteorology.

A Prize, of the value of Ten Dollars in Books, will be given to the Candidate who, at any of the four Examinations of Undergraduates, has been placed first in the first class in Oriental Languages.

Prizes, each of the value of Ten Dollars in Books, may be awarded annually among Undergraduates in Law, Medicine, or Arts, for the best Compositions in Greek Verse, Greek Prose, Latin Verse, Latin Prose, English Verse, English Prose, French Prose, and German Prose.

Certificates of Honor will be given at each Examination to those Students who have been placed in the First Class in any Department.

The following Scholarships are annually offered for competition among Candidates for Honors in this Faculty :—

All scholars must sign a declaration of intention to proceed to a Degree in the Faculty of Arts in this University.

Every Candidate who obtains a Scholarship must attend Lectures in some Affiliated College for the Academic Year immediately following such Examination; but the Senate may, upon satisfactory reasons being shewn, permit such scholar to postpone attendance upon Lectures for a year, in which case the payment of the amount of the Scholarship shall likewise be postponed. The scholarships are paid in three instalments—on the fifteenth November, the fifteenth January, and the fifteenth March; and each scholar is required to send to the Registrar a Certificate of Attendance upon Lectures at least three days before the date of each payment.

No Student can hold two Scholarships at the same time; but if two or more Scholarships have been awarded to him, he will be entitled to forty per cent of each additional Scholarship, his Scholarship being called a Double, Triple, &c., Scholarship, as the case may be; and the Senate may award the remainder of the value of such additional Scholarship to the Candidate who was next entitled to it.

At Junior Matriculation no Scholarship will be awarded to any Candidate who, at the time of the commencement of the Examination, is more than twenty-three years of age.

The Examiners, at their discretion, may award among the Junior or Senior Matriculants any Scholarship which has not been taken at the preceding Matriculation or First Year's Examination; or may reserve any Scholarship which has not been taken at the Senior Matriculation to be awarded among the Undergraduates of the First Year at the succeeding Examination.

Any Scholarship not taken at the Matriculation Examinations of June, may be offered at the September Examinations for competition among Candidates then presenting themselves for the first time; and in that case notice will forthwith be given by advertisement of the Scholarships thus available for competition.

No Scholarship (except for General Proficiency, and that for English, &c., at the Junior Matriculation Examination), will be awarded to any Candidate who has been placed lower than the First Class in the Department, or in any of the Departments or Sub-Departments to which the Scholarship is attached.

In awarding the Scholarships for General Proficiency, every subject in which a Candidate has passed is taken into account, and the Scholarships are awarded to such Students as have obtained the highest aggregate number of Marks upon the whole Examination of the year. A Candidate who has gained a Special Scholarship shall not be entitled to hold a Scholarship for General Proficiency, but his name shall be ranked in the Class Lists with the Scholars for General Proficiency, according to his Marks in all the subjects. In awarding these Scholarships, the comparative value of the several Departments and Sub-Departments is estimated according to the following Schedule:—

FOR JUNIOR MATRICULATION.

Greek .....	220
Latin .....	220

## PRINCE OF WALES SCHOLARSHIP.

At the Junior Matriculation Examination of 1880, and at each succeeding Junior Matriculation Examination, the sum of \$50, being the annual proceeds of the Fund presented by His Royal Highness, the Prince of Wales, on the occasion of his admission *ad eundem statum*, will be awarded as a Scholarship to the Candidate, who, having obtained First Class Honors in both Classics and Mathematics, shall in the aggregate rank highest in these two Departments; and in default of any Candidate answering this condition, it will be awarded to the Candidate, who, having obtained First Class Honors in (1) Classics and Modern Languages, with History, or (2) Mathematics and Modern Languages, with History, shall have obtained the highest aggregate number of Marks in (1) or in (2); and in the event of such Scholarship not being taken at any Junior Matriculation Examination, it will be awarded to the Candidate (if any) at the ensuing First Year's Examination who shall answer the same conditions. In estimating the aggregate number of Marks of the Candidates, the same values are given to Classics, Mathematics, and Modern Languages, with History, as in competitions for the General Proficiency Scholarships. This Scholarship is tenable in conjunction with any other Scholarship or Scholarships. The existing regulations as to the Prince's Prize remain in force until after the May Examinations of 1879.

*Including Zoology and Botany.*

*Professor.*—R. RAMSAY WRIGHT, M.A., B.Sc. (Edin.)

Three courses of Lectures are given in this Department: an introductory course for Students of the First and Second Years, a detailed course for Students of the Third Year, and a specialized course for Students of the Fourth Year. Practical instruction bearing on the subjects of each course, will be given to Honor Students in the Biological Laboratory of the School of Practical Science, at hours afterwards to be announced.

I—Introductory Course.

The Michaelmas Term will be chiefly occupied by a course of Lectures on the Structure and Physiology of Plants; thereafter the subject of Animal Physiology will be taken up, chiefly as an introduction to Zoology, which will form the subject of Lectures during the greater part of Easter Term.

*Text Books:* Thomé's Text Book of Structural and Physiological Botany; Huxley's Lessons in Elementary Physiology; Macallister's Animal Morphology. For Laboratory work: Huxley and Martin's Elementary Biology; Schäfer's or Rutherford's Histology.

Candidates for Honors will receive instruction during the Easter Term in the use of the Microscope, and its application to the study of Vegetable and Animal Tissues.

II.—Detailed Course.

A short series of Lectures will be devoted during the Michaelmas Term to Cryptogamic Botany. The remainder of the course will consist of Lectures on Zoology and Comparative Anatomy. These will be illustrated by dissections and preparations of various kinds; and the Morphology, Development, and Distribution in Space and Time of the

principal Groups of the Animal Kingdom will be entered into at length ; one of the larger Sub-divisions will be selected for the purpose of demonstrating details of Classification.

Candidates for Honors of the Third Year will attend the Lectures for Fourth Year Students during the Michaelmas Term. They are expected to be familiar, to some extent, with the Canadian Flora ; and for this purpose will find it necessary to consult Gray's Manual of Botany.

*Text Books:* Sachs's Text Book of Botany ; Huxley's Vertebrata and Invertebrata.

*For Reference:* Claus, Zoologie.

*For Practical Work:* The Laboratory will be provided with the necessary books of reference.

### III.—Specialized Course.

This will embrace a course of Lectures, during the Michaelmas Term, on the Comparative Anatomy of the Vertebrata ; and, in the Easter Term, a course of Practical Instruction on the same.

Opportunity will be afforded in the University Museum for study of the Canadian Vertebrata Fauna.

*Text Books:* Huxley's Anatomy of the Vertebrates ; Jordan's Manual of American Vertebrates.

*For Reference:* Owen's Anatomy of Vertebrata.

## § 8.

### MINERALOGY AND GEOLOGY.

*Professor.*—E. J. CHAPMAN, PH.D., LL.D.

(Late Professor in University College, London.)

Lectures or Courses of Practical Instruction are given (so far as time will allow) on the following Subjects :—

#### Second Year.

##### PASS WORK.

Elements of Mineralogy. Rudiments of Physical Geography. Rudiments of Geology.

##### HONOR WORK.

Elements of Crystallography. Paleontology. Blowpipe Practice (*in School of Science*).

**Third Year.**

## HONOR WORK.

Practical Determination of Minerals (*In School of Science*). Economic Minerals of Canada (*In School of Science*). Physical Geography and Geology.

**Fourth Year.**

## PASS WORK.

Mineralogy and Crystallography. Physical Geography, Geology, and Palaeontology.

## HONOR WORK.

Mathematics of Crystallography. Geology and Palaeontology of Canada. Mining Geology (*In Science School*). Assaying (*In Science School*).

*Books of Reference:* SECOND YEAR—Dana's Manual of Mineralogy. Dana's Text Book of Geology. Chapman's Mineralogy and Geology of Canada, 2nd ed. Page's Physical Geography. Johnston's Elementary Physical Atlas. Chapman's Outline of Blowpipe Practice. THIRD YEAR—Synopsis of Prof. Chapman's Lectures. Tables for the Determination of Minerals by Brush or Von Kobell. Plattner's Blowpipe Treatise. Wallace's Distribution of Animals. FOURTH YEAR—Chapman's Heads of Lectures. Dana's System of Mineralogy, 4th ed. Chapman's Outline of the Geology of Canada (1876). Nicholson's Manual of Palaeontology. Chapman's Synopsis of Mining Geology. Kerl's Probirkunst, or Mitchell's Assaying by Crookes.

**METEOROLOGY.**

*Professor.*—G. T. KINGSTON, M.A.

**Ordinary Course :**

*Text Books:* Treatise on Meteorology, by Professor Loomis, Chaps. I to V, inclusive, and "Instructions to Observers in the Meteorological Service of Canada," Parts I., II., and III.

**For Honors.**

*Text Books:* Treatise on Meteorology, by Professor Loomis, and  
"Instructions to Observers, &c.," Parts I, II., and III.

*Books of Reference:* Herschel's Meteorology; Buchan's Handy Book  
on Meteorology.

## § 10

**METAPHYSICS AND ETHICS.**

*Professor.*—REV. G. P. YOUNG, M.A.

**Subjects of Lectures :****Second Year.**

Origin of Knowledge (Locke's Essay on the Human Understanding).

\*Cousin's Lectures on Locke.

\*History of Philosophy from Thales to the commencement of the  
Scholastic Period (Schwegler's Hand-book).

\*Induction (Mill's Logic).

**Third Year.**

Systematic Exposition of the Phenomena of Mind (Reid's Essays on the  
Intellectual Powers).

Moral Philosophy (Calderwood's Hand-book).

\*Analysis of the Phenomena of the Human Mind, by Mr. James Mill.

\*Utilitarianism (Mr. J. S. Mill).

\*History of Philosophy from the commencement of the Scholastic  
Period to Kant.

**\* Fourth Year.**

The Hamiltonian Philosophy.

The Kantian Philosophy (Critique of Pure Reason).

Recent Experimental Philosophy (Bain's Senses and Intellect, Bain's  
Emotions and Will).

History of Philosophy from Kant to the present time.

## § 11

## ORIENTAL LITERATURE.

Lecturer.—J. M. HIRSCHFELDER, Esq.

## Subjects of Lectures :

**First Year.**

## HEBREW.

## AGRICULTURE.

Professor.—GEORGE BUCKLAND, ESQ.

## Subject of Lectures :

## I.—History of the Art.

- (a) Agriculture, as understood and practised by the Ancients.
- (b) Agriculture during the Middle Ages.
- (c) Modern Agriculture.

## II.—The Science of Agriculture.

- (a) Soils : their origin, composition, distribution, classification, &c. Relations of Geology, Chemistry, and Mechanical Arts.
- (b) Plants : their structure, composition, growth, &c. Manures : theory, action, and relative value of ; modes of preparing, applying, and economizing.
- (c) The Domestic Animals of the Farm : history and description of varieties or breeds ; the principles of breeding, with biographical sketches of the more distinguished breeders ; diseases and treatment. Relations of Animal Physiology to breeding, feeding, &c.
- (d) Influence of Climate on Agricultural Productions, both animal and vegetable. Value of a knowledge of Meteorology and Physical Geography to Farmers.

## III.—The Practice of Agriculture.

- (a) Methods of acquiring a practical knowledge of Farming. Importance of an Agricultural Literature. Connection of Theory and Practice.
- (b) Principles of Cultivation : Implements of Tillage illustrated and described.
- (c) Draining : its value and various modes of execution explained. Subsoil Ploughing, Fallowing, Rotation of Crops, &c.
- (d) History, cultivation, and economic uses of various Grains, Roots, &c., raised on the Farm. Weeds, Blights, and their remedies. Harvesting and securing Crops.
- (e) The practice of Manuring, and the means of restoring exhausted Land. Management of Pasture. Irrigation, &c.

- (f) The Management of Stock, and the construction and arrangement of Farm Buildings.
- (g) Dairy Management.
- (h) Management of Landed Property; Principles of the Lease; Theory of Rent; Relations of Political Economy to rural affairs.
- (i) Agriculture as a pursuit: economic importance of; its place in a system of general education; tendency to foster feelings of Patriotism.

The Professors of Chemistry, of Natural History (including Botany and Entomology), of Mineralogy and Geology, and of Meteorology, will give Special Lectures on those branches of Scientific Agriculture which come within their respective departments.

(Books of Reference: Stephen's Farmer's Guide; Loudon's Encyclopedia of Agriculture; Morton's do.; Johnston's Elements of Agricultural Chemistry and Geology; Boussingault's Rural Economy; Low's Practical Agriculture and Domesticated Animals.)

SECTION VII  
EXAMINATIONS.

---

1. Examinations are held at the close of each Term, in the Subjects of Lectures during that Term.

2. All Matriculated Students of the College are required to attend the Michaelmas Examination, in every department or branch prescribed by the University of Toronto as necessary for Students of their respective standings; but the Easter Examination is for Candidates for Prizes and Honors, and for those Pass Undergraduates of the First or Third Year, who desire to obtain certificates entitling them to the standing respectively of Second or Fourth Year in the University.

3. Non-Matriculated Students are not required to attend the Examinations, unless they are Candidates for Prizes or Honors, or desire to obtain Certificates of Attendance.

4. Candidates for Prizes or Honors are arranged, according to their proficiency, in two classes; and those who are not Candidates for Prizes or Honors, are similarly arranged in the Third Class.

---

SECTION VIII.

UNIVERSITY COLLEGE PRIZES AND CERTIFICATES  
OF HONOR.

---

Certificates of Honor in each Department are awarded to those Students who have been placed in either First or Second Class at the First Terminal Examinations, and in First Class at the Second Terminal Examinations. The prize in each Department is awarded, and on the same principle, to that Student whose standing is highest on comparison of the results of the Examinations.

The following are the Prizes offered for competition in the College:—

## REGULATIONS RELATIVE TO RESIDENT STUDENTS.

1. The Resident Students are under the immediate charge of the Dean of Residence, Mr. PEARMAN.
2. Graduates formerly members of the College, and Matriculated Students in Arts, Civil Engineering, or Agriculture, attending Lectures in the College, are admissible as Residents. Rooms cannot be vacated without the permission of the President.
3. Each Student upon entrance is required to sign his name in the Dean's Book, to a declaration that he will conform to the Statutes and Regulations relative to Resident Students.
4. A Register shall be kept of the attendance of the Residents at Lectures, at Prayers, and at Meals, and also of their Hours of passing the Gate. The Register shall be submitted weekly to the President, and shall also be laid before the Council at their Monthly Meeting.
5. Resident Students shall wear their caps and gowns during Term, both in and outside the College, at the discretion of the Dean.
6. They shall regularly attend Morning and Evening Prayers of the College, unless exempted from so doing, in consequence of the objection of their Parents or Guardians.
7. They shall regularly attend their respective places of worship on Sunday.
8. No Student shall be absent from the College after the closing of the Gate, except by permission of the Dean.

9. No Stranger shall be admitted after the closing of the Gate, nor remain in the building after 12 o'clock at night.

10. The Dean is authorized to impose Fines for infraction of Regulations, Insubordination, or Disorderly Conduct.

11. The authority to suspend is vested in the President, and that to expel in the Council.

12. The First Morning Bell shall be rung at 7 A.M. ; Second Morning Bell at 8 A.M. ; Prayers at 8.05 A.M. ; Breakfast from 8.15 to 8.55 A.M. ; Dinner at 2.15 P.M. ; First Evening Bell at 7 P.M. ; Prayers at 7.05 P.M. ; Tea from 7.15 to 8 P.M. ; Second Evening Bell at 9 P.M. ; and Gate closed at 9.30 P.M.

13. Students may occasionally invite their friends to any Meal, having previously entered their Names in the book kept by the Bedel, to whom they shall pay the charge fixed for such meal.

14. The Officers of the College and Non-resident Students can purchase from the Bedel tickets for Meals.

15. The Fee payable for Resident Students for Board and Rent of Room, varies from Three and a Half to Four Dollars per week.

16. All Fees of Undergraduates are to be paid in advance per Month or per Quarter ; of Graduates, per Quarter.

## CIRCULAR OF DEAN OF RESIDENCE.

---

As your \_\_\_\_\_ purposes coming into residence in this College, I beg to inform you that it is the desire of the Council, that, where there are no conscientious objections, all the Students under their charge should be present in the Hall at Daily Morning and Evening Prayers, with reading of the Scriptures. It is also their wish that they should regularly attend on Sundays their respective places of worship, and receive such other religious instruction as their parents or guardians may desire. I have to request that you will be so good as to let me know whether you desire your \_\_\_\_\_ to attend such Daily Prayers in the College, and that you will also mention the Minister under whose charge you wish to place him.

The Council will afford every facility for the carrying out of your intentions, and, with this view, will exercise such control over your \_\_\_\_\_ during his residence, as may be best calculated to effect your wishes. In the event of your not informing me of your desire on the subject, the Council will assume that you have no objection to his being required to attend the Daily Prayers of the College, and will exercise an oversight as to his attendance on the ministrations of a Clergyman of the Denomination to which he belongs.

## THE MACDONALD BURSARY.

PRESENTED BY JOHN MACDONALD, ESQUIRE.

---

The sum of \$50 shall be awarded to the Candidate ranking highest in General Proficiency at the University Matriculation in September, 1871, who shall not have taken any University Scholarship. It shall be paid him in two sums of \$25 each, the first on his Matriculating in University College, and the second on his passing the Examination at the close of the Easter Term on his producing satisfactory evidence of good conduct and moral character.

The sum of \$50 shall be awarded in like manner, in the three following years, to a student of University College of the Second, Third, and B. A. Years, not taking a University Scholarship for the year, according to his standing in General Proficiency in the College Terminal Examinations; the holder of the first year's "Macdonald Bursary" being eligible as a Candidate for it throughout his course, and having the preference in case of equality. It shall be paid him in two sums of \$25 each, the first at the beginning of Michaelmas Term, and the second at the close of Easter Term.

Should the "Macdonald Bursary" fail to be taken during either of the specified years, it shall be again competed for on the same Terms in the following year; and, in case of its being forfeited by misconduct, it shall be awarded to the Candidate next in standing.
