### CANADIAN HIGH COMMISSIONER GIVES FACTS

Adds an Interesting Contribution to the Discussion Now Proceeding Regarding Viscount French's Memoirs.

### KITCHENER GAVE HIM INSIDE INFORMATION

Revealed Britain to be Lamentably Weak When it Courageously Took up the German Challenge.

London, Wednesday, May 14.—(Canadian Associated Press delayed)—Sir George Perley, Canadian High Commissioner, probably without deliberately intending it, has added an interesting contribution to the discussion now proceeding regarding Viscount French's memoirs of the 1914 operations.

Speaking at Dudley, Sir George spoke of meeting Lord Kitchener, when the first Canadian division was inspected by the King on Salisbury Plains, and added:

"Kitchener told me, at the time, a good deal about the unpreparedness of this country for war. He said the government had shown great courage in taking up the German challenge; in fact, he doubted if they realized themselves how much courage they had shown. He said he would not have minded being without rifles, guns and shells if there were any factories available for making them, but, as a matter of fact, he would have to put up buildings to provide the necessary facilities before manufacturing these vital things. He said it would take a long time to do this, as well as train the necessary workmen. Under these circumstances he felt sure the war would last two years, at least, probably three. I doubt if any one had as sure a vision of the reality of the struggle as Kitchener himself."

The Daily Mail, which has been pointing triumphantly to Viscount French's article as vindicating his hostile policy towards Lord Kitchener in the early stages of the war, says today:

"The tragedy of it all was that, while Kitchener, with mistaken energy, was trying to command the armies in the fighting, he was neglecting the provision of shells, guns and ammunition."

When questioned in the House of Commons regarding these articles, Winston Churchill, Secretary of State for War, was able to show fairly conclusively that Viscount French was committing no breach of military discipline in writing his memoirs at the present time, but, all the same, there are not a few sober critics who consider it would have been better taste, at least, if Viscount French had held his pen before starting to criticize those who still occupy official positions, and from whom he sharply differed.

What people are inclined to ask is whether if Viscount French may put his case forward so publicly, others are not to be allowed to do likewise, and if so are we not in for a bitter and painful season of wrangling?"

### CANADA IS DESTINED TO BE THE KEYNOTE OF BRIT. COMMONWEALTH

Under the Caption "Canada's Glory" the London Observer Pictures the Important Part the Dominion is to Play in the Future—Occupies a Place Unmatched for Influencing the Future of Imperial World Politics.

London, May 19.—(Reuters)—The Observer in an editorial under the caption of "Canada's Glory" says: "The birth of the League of Nations throws on all of us, and on Canada not the least, wider responsibility as members of the British Commonwealth. In this regard Canada has a special part to play. She is destined to be the keynote of our unity. Of the self-governing dominions she is the greatest and, save for Newfoundland, the nearest to Europe. The integral French element in her population augurs special sympathy with an understanding of the Latin races of Europe. The fact that, like her great neighbor, she absorbed and will continue to assimilate into her British stock no small contribution from the other races of Europe, gives her a peculiarly direct interest in the old world and an unparalleled outlook on its affairs. In fact, Canada adds to her position as a Dominion much of the prestige

### Germany's Week of Mourning Didn't Prove a Success

Paris, Sunday, May 18.—(French morning in Germany, decreed by the government because of the terms of the peace treaty, appears to have met with little success. The German musicians in particular seem to be resentful over the order as a measure which prevented them from earning their daily bread, while the Teutonic Rundschau and the Berlin Tageblatt admit that the mourning was far from being completely effective. Reports are that nearly all the music halls remained open, and that at some places the people danced all night long. One brief comment comes from the Völkische Zeitung, which says: "It is not now, but on August 1, 1918, that general mourning ought to have been ordered in Germany."

### Estimates Discussed In House

Practically the Whole Day Taken up in Consideration of the Immigration Estimates—Opposition Makes a "Holler."

Ottawa, May 19.—The House spent practically the whole day in discussion of the immigration estimates. Opposition criticism of the estimates was based largely on the ground that while immigration was decreasing, expenditures on salaries were increasing. To this, Hon. J. A. Calder replied that the work of the Ottawa department was increasing. Officials had to be maintained at the border. The immigration problem, Mr. Calder declared, would never be settled if Canada pursued a niggardly policy.

New Zealand, Australia and South Africa all realized the value of foreign immigration and were spending much larger sums than Canada. He agreed that mistakes had been made in the past, especially with regard to land settlement. Settlers had been allowed to take up land all over the country with little regard to the location of railroads. However, when the land was there, it was difficult to prevent people from settling where they wish. He hoped that the provincial governments would shortly be ready to cooperate with the federal government so as to secure the largest possible results in immigration.

With regard to expenditure on salaries he said that he retired over one hundred officials of the department since taking office.

In this connection he expressed the hope that the whole civil service of Canada needed cleaning out in many particulars. The retirements which he had made were, he felt, in the interest of the country, but they had brought him a good many enemies.

Paris, May 19, (French Wireless).—Premier Clemenceau went to St. Germain, where the Austrian delegates are quartered, on Sunday. He visited the room prepared for the conference with the Austrians, and also the rooms to be used by newspaper correspondents. He apparently was satisfied with the arrangement when he re-entered his automobile for the return trip to Paris.

### PARLIAMENT FEARS TROUBLE AT WINNIPEG

Ministers of Labor and Justice Went to the Strike Centre Last Night to Take a Hand in Matters.

### GRAVE APPREHENSION FELT AT OTTAWA

Strong Feeling in Parliamentary Circles That Any Attempt at Revolution Must be Sternly Repressed.

Special to The Standard. Ottawa, Ont., May 19.—The situation in Winnipeg, where, according to late despatches, a form of Soviet government has practically been proclaimed, and whence other ugly evidences of Bolshevism are filtering through a rigid strikers' censorship, is causing the gravest apprehension here. Following a hastily summoned meeting of the cabinet at six o'clock last evening, it was decided that Hon. Gideon Robertson, Minister of Labor, and Hon. Arthur Meighen, Acting Minister of Justice, should leave at once for the scene of the trouble in order to avert what it is now feared may end in civil strife and bloodshed, and the two ministers are tonight speeding west.

Messages received up to a late hour tonight indicated that all in the city was quiet, but there is a suspicion in official and parliamentary circles that these messages, passing through the hands of the strikers' censorship, may not give the truth of the real situation. The truth is that there is reason for suspecting that the more revolutionary elements in the labor movement have taken charge of the situation, and that they are bent upon overthrowing all constituted authority, not only in Winnipeg, but all the industrial centres of the Prairie Provinces and British Columbia. While members of the government on their way to the scene of the disturbance are determined to do everything in their power to bring about a peaceful settlement, there is a strong feeling in parliamentary circles that any attempt at revolution, whether by violence or otherwise, must be sternly repressed, as it is felt that any show of weakness in the present crisis would merely invite defiance from potential revolutionaries in other sections.

### Let Pres. Wilson Prove His Idealism And Give Up Ships

London, May 19.—The division of the German mercantile shipping, which has been the subject of considerable discussion in England since the announcement that America was to receive all vessels interned in American ports, was raised in the House of Commons today, by Ben Tillett, Labor member for North Salford. Mr. Tillett asked Andrew Bonar Law, the government spokesman, what steps the government was taking to claim a share of enemy shipping in proportion to the losses sustained by us of the vessels detained in American waters. Mr. Bonar Law said he could not discuss the matter, but hoped the House would trust the British delegates to protect British interests.

### MANY EXPERTS JOIN GERMANS AT VERSAILLES

Indications Are That German Delegation Intends to Continue Efforts to Come Into Agreement With Allies.

### HINDENBURG URGES SIGNING TERMS

German Religious Matters Abroad, Also Matters Dealing With Turkey Discussed by Big Four.

New York, May 19.—The Associated Press tonight issues the following: "Not alone has Count von Brockdorff-Rantzau, the chief of German peace plenipotentiary returned to Versailles from Spa, where he went Saturday for a conference, but he brought back with him Herr Ludendorff and Herr Götter, two of the main members of the German delegation who had been in Berlin going over the situation with the authorities, and also a large number of naval, military and financial experts."

Thus the indications are that the Germans intend to continue their efforts to come into agreement with the Allied and Associated representatives on peace terms that will be satisfactory to the German government and people.

Meanwhile, from Germany, continue over the terms laid down for Germany to sign, and a reiteration by President Ebert that the Germans will never affix their signatures to the treaty as it stands.

On the other hand Field Marshal von Hindenburg is reported to have told the members of the German cabinet, representatives of political parties and other leaders, during a meeting in Berlin Friday, that resistance was impossible and that the military leaders considered it necessary to seal the compact as desired by the Allies.

With almost informally attending the proceedings, an exchange of credentials between the Allied and Associated Powers has taken place at St. Germain. The belief is expressed in Paris that the signing of the peace treaty to the Austrians will be delayed, possibly until next week, owing to the impossibility of completing the draft.

The Council of Four discussed Monday, the question of the German religious missions abroad, and also matters dealing with Bulgaria and Turkey. The Council of Foreign Ministers met and considered the Bolshevik claims as they affect the Gulf of Finland. One enemy ship was sunk and another forced aground.

President Wilson and General Pershing went over Monday the details of the final demobilization of the American forces in France, and on former German territory. The withdrawal of the American forces from the Archangel front in northern Russia, is planned to commence within ten days, with the transportation of the 13th Infantry to England. The 13th Engineers on the Archangel front and railway troops on the Murman coast are to be amongst the forces to be withdrawn.

British warships have put to route a Bolshevik flotilla in a fight in the Gulf of Finland. One enemy ship was sunk and another forced aground.

### RAYNHAM IS OPTIMISTIC OVER FLIERS

Harry Hawker's Rival for Trans-Atlantic Flight Honors Thinks Intrepid Aviator Has Reached Secluded Spot in Ireland.

St. John's, Nfld., May 19.—Harry Hawker, and his navigator Mackenzie Grieve, air adventurers, and the little Sopwith biplane in which they set out yesterday to span the Atlantic in a single flight, were unaccountably late here tonight, and their associates reluctantly conceded that they "probably have failed."

Messages were flashed tonight to every ship with equipped with radio in an effort to find some trace of them. But there was no news. No vessel which responded had seen the winging craft or heard the small voice of its tiny radio. All day long and into the night this city waited eagerly for encouraging word of the intrepid fliers. Radio rumors and telegraph reports of their safety, were hurriedly relayed, only to be found groundless. Since the minute they disappeared over the hills of Mount Pearl on their "big hop," to sea all trace of them has vanished.

Late in the day, however, it was made known that the full limitation passed without news of their arrival overseas, grave doubts of the success of their bold dash across 2,000 miles of turbulent ocean were expressed.

#### More Money Required to Conduct the Department Which Has Had Increased Responsibilities Placed Upon it—Many Immigrants from United States.

Ottawa, May 19.—Announcement was made in the House of Commons this afternoon that Senator Robertson, Minister of Labor, would leave for Winnipeg tonight. Mr. Cahill raised the question of the strike when the House opened.

"There is nothing particularly new to report in respect to the Winnipeg strike beyond that which had appeared in the newspapers," said Hon. A. E. Maclean. "The situation, however, continues quite serious indeed. The milk men are carrying on business to-day and with the certain limitations, restaurants are opened to the public. The Minister of Labor leaves for Winnipeg tonight."

Hon. Arthur Meighen stated in reply to Mr. J. H. Schofield that there were thirty-four senior court judges in the Province of Ontario, including four vacant judgeships, and twenty-four junior judges. The salary was \$3,000 each except in York County where \$2,500 was paid. He said there were seven county court judges in Nova Scotia, including one vacant judgeship. The salary paid was \$3,000 with the exception of Halifax where the salary was \$2,500. Hon. J. A. Calder gave notice that he would move the resolution in connection with technical education tomorrow and General McEburn that he would move the pension resolution tomorrow also.

Third reading was given to the Dominion water powers bill and a resolution by Hon. Dr. Reid was carried, to extend the time of the subject of that portion of the St. John and Quebec Railway between Centreville and Andover, N. B. Dr. Reid stated in answer to Mr. Cahill that this railway was built by the New Brunswick government but it has been taken over and a portion of it is now being operated by the federal government. A bill was introduced based upon the resolution.

The House went into committee of supply on the immigration estimates. The vote first under consideration was one of \$13,767 for salaries, an increase of \$11,650 over the estimate for the previous year. Mr. Cahill asked what immigration was coming into the country. If there was less immigration, he thought the vote for salaries should be decreased. Hon. J. A. Calder, minister of immigration, said there had been a marked increase in the work of the Ottawa office in addition to bringing people in, there had been the duty imposed of watching the border. He thought there was very little chance of getting many people from Europe in the near future. Immigration from the United States continued, however, and this year it was expected that about seventy to a hundred thousand people would enter Canada from the south.

He added that three immigration districts had been formed in Canada, an eastern, a western, and a Pacific. In each of these districts a commissioner had been placed in charge to see that the immigration laws were properly carried out.

Ottawa, May 19.—Mr. Cahill asked what the department was doing in the line of colonization.

The minister replied that land owned by the government, outside the fifteen mile limit provided for returned soldiers was being settled. The land which lay in the railway belt was reserved for returned men.

Replying to Mr. Cahill, Mr. Calder said that immigrants coming into Canada were not classified according to religious sects, but by nationalities. Therefore he could not give the information desired.

The number of Hutterites and Mennonites in the west was considerably smaller than one was led to believe by newspaper reports.

Mr. D. Euler asked if the minister could tell where these Mennonites now in the west had come from.

Mr. Calder said he thought the majority had emigrated from the State of Kansas or that vicinity. The chief objection to the Mennonites, which was largely responsible for the feeling of opposition to them in the west, was that they objected to sending their children to the public schools. He had come into touch with these people and could state that they were good citizens of indubitable temperament. It was, however, a serious objection that they were unwilling to abide by the law of the land as far as the public schools were concerned.

Mr. Euler emphasized the fact that Mennonites in eastern Canada did not object to sending their children to the public schools.

Mr. Calder explained that when the first Mennonites proposed emigrating to Canada the government of that day had practically promised that they would have their own schools. Some of them took the ground now that they had a right to insist on the government observing that agreement. As far as he was concerned, he took the ground that the government which made that agreement had no right to do so.

### CONFERENCE OF LIBERALS CLOSES

#### Premier Foster of New Brunswick and Atty. General Daniels of Nova Scotia Took Part in Yesterday's Discussions.

Ottawa, May 19.—The conference between the advisory committee of the Liberal members of the House of Commons and representatives of the provincial governments were brought to a close this evening, but it is expected that Premier W. M. Martin, of Saskatchewan, will remain here for a few days. Premier W. E. Foster of New Brunswick, and Hon. O. T. Daniels, of Nova Scotia, took part in today's proceedings.

A further discussion took place with reference to organization in the constitutional amendment, and it was finally agreed that organizations in the western provinces would be promoted and carried out, "in accordance with the boundaries and constituencies for federal purposes."

It was stated officially to the Canadian Press that the members of the provincial government had undertaken to see to this.

Work along this line, it was stated, has been attended to in Ontario.

It was also stated that very shortly the advisory committee would announce the addition of a number of members of parliament and senators to confer with them for the promotion of the national Liberal convention and to the committee would be added a representative of each of the provincial governments with the consent and approval of these governments.

This, it was stated, would promote united action.

### QUARREL OVER MONEY RESULTS IN DEATH

#### Returned Soldier Attempting to Stab His Wife is Himself Fatally Stabbed and Died at Once.

Montreal, May 19.—In a quarrel tonight over money, which culminated in an attempt to stab his wife with a breadknife, John Peter Thirivall, 45, returned soldier of this city, was himself fatally stabbed and died at once.

His wife, after the tragedy, washed the breadknife, and the floor and called Dr. Bissonnette, who, finding the man dead, advised her to notify the police. This she did, and is now held as a material witness.

The woman is stated to have been defending herself against his attack when she felt him crumple up as the knife pierced his right breast.

### HALIFAX TAX RATE TO BE A RECORD ONE

#### Civic Budget for the Year Will Be Over a Million Dollars—Rate at Least \$3 on a Hundred.

Special to The Standard.

Halifax, May 19.—While nothing official as to what the civic tax rate for the year would be was given out this morning the city auditor was working on the estimates including the various items the legislature decided should be added to the estimated expenditure. It is understood that the items, added by the legislature, total about \$50,000. The civic budget for the current year will be over a million dollars, and to provide for this, on the present basis of the assessment which is completed, would mean a record tax rate something in the neighborhood of \$3.00 on the \$100 assessment. It is hinted that the rate will be higher than that. It was \$2.54 last year in addition to a highway tax of 10 cents.

### THREE TRANSPORTS SAIL WITH SOLDIERS AND DEPENDENTS

#### Caronia Will Dock at Halifax, Gramplan at Quebec and the Bohemian at Quebec.

London, May 19. (G. A. P.)—General Smiley, who has sailed for home, has held with considerable success the position of officer commanding the Canadian section at general headquarters. He was formerly commander of the Fifth Brigade. He will, on his return to Canada, assume the position of a judge in the supreme court of Saskatchewan.

The Caronia, which sailed last Wednesday for Halifax, carries the eighteenth, nineteenth, twentieth and twenty-first battalions with General Bessie and staff, a total of 166 officers and 3,696 other ranks.

The Bohemian has sailed for Quebec with nineteen officers and 1,651 men from Kimmel Camp. The Gramplan, also for Quebec, carried 26 officers, 3 nurses, 41 warrant officers, 252 men from Buxton, 452 wives, 574 children and 43 babies.

### VETERANS THINK WINNIPEG STRIKE IS ABOUT OVER

Ottawa, Ont., May 19.—The Dominion secretary of the G. W. V. A. has received a reassuring telegram from representatives, in which it is stated that hope is entertained for a settlement of the Winnipeg strike soon.

The strike situation is lightening," reads the telegram. "The city is quiet and orderly. Labor terms, involving recognition of the right of collective bargaining, are subject to the Mayor."

It is taken by the Veterans' executive that the latter sentence means that both sides have agreed to abide by the decision of the Mayor as to collective bargaining or individual bargaining with the unions on strike.

### Technical Terms

Those interested in the technique of motion-picture production may find interest in the following definitions of more or less familiar terms, prepared by Frank Lawrence of the University's editing department.

Long Shot—The term applied to a wide expanse of distant view.

Medium Shot—The camera is seemingly closer to the subject or scene than in the "long shot."

Close Up—The object is recorded on the film at close range, and as a result is greatly enlarged.

Fade In—The process is accomplished by the technique of the camera, and given the effect of a gradual clearing of the scene. It is usually used after a lapse of time to open a new sequence or thought.

Fade Out—Also a process accomplished by the technique of the camera, and gives the effect of a gradual fading out of scene. It has much the same effect as a slowly descending curtain.

Chemical Fade In—Is similar to the fade in, except for the fact that it is accomplished by a chemical process.

Chemical Fade Out—Is similar to fade out, except that it is accomplished by a chemical process.

Iris—Is used almost in same fashion as fade in is used, except that it begins with a small circle, which gradually expands and takes in a larger area of the picture. Often is used in introducing characters.

Double Exposure or Lap Dissolve—Belongs to the field of the technique of the camera. Its main effect is to blend one picture into another. This has been done in "The Heart of Humanity," as, for instance, when an American flag seemingly becomes gradually transparent, revealing marching columns of soldiers.

Iris Effect—Is a scene shown in a circle.

Mask—Something put over the lens of the camera in taking a scene to produce looking through a keyhole, spy glasses, etc.

Insert—By this term all letters of documents shown on the screen are known.

Pull Back—One of the most used and most abused processes in motion pictures, by which a scene is interrupted for the introduction of a scene from action that has already occurred. It is employed to relieve a tense situation.

### CHARLES W. STRONG PASSES AWAY AT SUMMERSIDE

In His Death the Maritime Provinces Lose a Man Who Stood for the Highest Ideals of Life.

Montreal, Que., May 19.—News has been received in Montreal of the death today of Mr. Charles Wesley Strong at his home in Summerside, P. E. I. He was the father of Mr. A. W. Strong of the Sun Life Assurance Company here. With the death of Mr. Strong, who

was in his 90th year, there passed away one of the best known and most highly respected men of the Maritime Provinces, a man who for many years had been looked on with respect because of his broad views and sterling character, and his keen interest in public affairs, especially those things which made for better government and education. Mr. Strong was born in St. John, N. B., the son of the Rev. John Batt Strong. When in 1815 the British conference took over the Methodist conference in Montreal the Rev. John Batt Strong was sent out here, and was the second English missionary on the roll of St. James' Church.

#### ACROSS THE ATLANTIC.

Hawker deserved to win. Whether the intrepid aviator has fallen a victim to his own daring and the indifference of the British Admiralty, or whether he and his companion have been saved—which at a late hour last night seemed uncertain—there will be worldwide regret that win success within sight his plane failed him. To meet with disaster at the start, or to suffer accident early in the passage, would be bad enough, but in reach of land, when a few moments more would have brought him to the Irish Coast at least, is hard luck indeed. Yet, dead or alive, Hawker has won for himself a name which will go down in history as great in seeming failure as it would be in full success.

With the development of aviation in recent years the success or otherwise of an undertaking such as this depends almost wholly on one element—nerve and skill on the part of the pilot. The suitability and the capacity of the plane itself has come to be a matter of mechanical calculation, yet not without its measure of uncertainty. And, barring accidents, there has appeared no clear reason why a properly built and fully equipped airplane should not make the Atlantic trip successfully. Such a voyage is merely an extension of other journeys being made elsewhere every day. Hawker appears to have had the necessary amount of daring and confidence. His machine, judging from the measure of success which attended his flight, was as nearly perfect as present-day skill could build. But from the incomplete reports now available it seems that the protection against accident proved insufficient. Something went wrong.

While it is true that the American aviators who are now approaching the end of their journey are not competing for the London Mail's prize—their trip being made in several stages—yet the very fact of the Atlantic being crossed under any conditions whatever would detract from the honor due the aviator who first made the non-stop passage. It was in an effort to cross first that Hawker made the start, and, like all Britishers, he took his life in his hands. The United States Naval Department has had supervision of the American trip and has provided a fleet of vessels a few miles apart from each other all the way across, ready to afford assistance to the seaplane whenever the aviator who first made the non-stop passage. MILITARY BUNGLING.  
Yesterday afternoon, in accordance with ambiguous instructions received some time ago from an official of the Militia Department at Ottawa, the General Officer Commanding this district issued instructions for the substitution of Lieut.-Colonel Snow as Inspector of Cadet Corps in this district in place of Major George Keefe, who has held the position for some time. Major Keefe has not as yet been notified of his removal from office, nor has he heard of any reason for the action taken, and knows nothing whatever of the policy which has led to this change. Nor is headquarters' office any better posted. All that is known is that a letter was received from Brigadier-General Gwynne, Assistant to the Adjutant-General at Ottawa, stating that Lieut.-Colonel Snow was to be sent to this district to take the position mentioned. There was nothing in this letter authorizing the discharge of Major Keefe, nor has anything appeared in orders justifying the change which has been made. There is merely the letter from Brigadier-General Gwynne, who is an Englishman, as is also Lieut.-Colonel Snow. Previous to the war Lieut. Colonel Snow was senior officer in this branch for Military District No. 6, which comprised the three Maritime Provinces, and from his office in Halifax he directed the work of the Cadet Corps in New Brunswick and Prince Edward Island, while Major Willis as junior officer looked after Nova Scotia. New Lieut.-Colonel Snow, for whom it seems a position must be found, is returned, not to Military District No. 6, but as Inspector of Cadet Corps of Military District No. 7, a position already capably filled by Major Keefe, who is a native of this province, a returned man and a competent officer. If there were any reasons whatever why Major Keefe should be discharged from this position the situation would be different. Were it realized that the change is made in the interests of military administration, that Major Keefe is not a competent officer, no objection could be raised.

It was hoped after the expression of feeling evidenced in this province some months ago that the Department of Militia would display at least a measure of decency in its treatment of officers belonging to this province. But judging from this latest move such a hope will not be realized. There can be no personal objection to Lieut.-Colonel Snow, who is spoken of as a capable officer and a thorough gentleman. This, however, is not the point. The question at issue is that one of our own men who served overseas, who was severely wounded, who is competent for the position he is filling, and who has filled this position satisfactorily for some time on a temporary appointment which it was understood was to be made permanent, is now replaced by an outside officer who, however capable he may be, should not be appointed to a position in New Brunswick to the disadvantage of one of our own men.

Lieut.-Colonel Snow has not asked for the appointment to this district, would prefer going back to Halifax, where he was previously stationed, does not belong to this province, has no greater claim for recognition from the military authorities than has Major Keefe, and on his appointment will not be accorded the support of the Cadet Corps of this province as that support has been accorded Major Keefe. Lieut.-Colonel Snow on assuming this appointment as Inspector of Militia in reality only a semi-military organization will find that the action of the Militia Department in removing Major Keefe will result in the passive resistance of those whose duty it is to promote the well-being of those corps. The cadet movement in New Brunswick, which has not been a remarkable success so far, but which shows signs of promise at the present time, will be doomed to another period of indifference through the stupidity of the Militia Department in making this unjustifiable change, in committing an act of injustice towards both officers involved and in further embittering the people of this province by unfair treatment of our own men.

#### WHAT THEY SAY

**Keep Out Degenerates.**  
Kingston Whig.—Nearly all the murders committed in this country are the work of foreigners. It was an Austrian who was responsible for the ghastly tragedy staged in a room in the Windsor Hotel, Montreal, on Wednesday last. Stricter immigration laws are needed to keep out such degenerates.

**Hard Blow for Toronto.**  
Toronto Star.—This morning we received a pamphlet from Montreal; it was addressed thus: "The Star, Toronto, Ontario, U. S. A." Can it be possible that in Montreal they don't even know where Toronto is? This is a hard blow for us.

**Capitalizing Canada.**  
Edmonton Bulletin.—The Manchester Guardian has conferred a benefit on Canada by its plain declaration of fact regarding the spotlight group of professional Canadians now taking such an important part in the affairs of Britain. It has been an ever deepening mystery to the people of Canada that so many men who never got a place in the public regard in Canada have been received as "wise-men" from the West by the leaders of Britain and by a large part of the British people.

**George's Kindly Heart.**  
Toronto Star.—Who wrote most letters to soldiers overseas during the war? George O. Elder, of Hamilton, wrote 1,100 letters to soldier friends in France. His correspondents were eighteen soldiers, writing to ten weekly and the other eight fortnightly. He said five of these soldiers were killed in the war and one got married overseas.

**THE VIKINGS OF THE AIR.**  
By Josephine M. Fabricant in New York Herald.  
Like Norsemen bold who launched their sturdy craft  
On seas that stretched beyond their farthest ken,  
And drank deep draughts of ocean's briny air,  
With keen delight and called they knew not where,  
So stand ye at the Atlantic's mist-bound shore,  
Ready to span with wings outstretched,  
On high  
The ocean turbulent 'neath the wind-swept sky.

Knights of the air, on high adventure bound,  
Our hearts with yours in unison do beat.  
Faint not, nor fear to risk the uncharted way,  
And taste the glories of the Fiesen day!  
Like you, we, too, into the unknown launch—  
Each morn a misty vista doth unfold;  
Dark clouds above and ocean waves affright,  
But all our paths are in the Pilot's sight.

### The Big Fight At Toledo, Ohio

#### Jack Dempsey Was to Start Training Yesterday for the Championship Fight With Willard—Clerks Busy With Tickets.

Toledo, Ohio, May 19.—Brimming over with energy, Jack Dempsey is scheduled to begin training today for his championship contest with Jess Willard here July 4. Dempsey's camp will be located at a picturesque spot on the shores of Maumee Bay. Because of the stupendous task of sorting and arranging the fifty thousand tickets, the seat sale probably will not open until several days later than scheduled. A force of clerks has been busy for three days and nights getting the tickets in order. Tex Rickard, promoter, announced that because of the heavy demand for working press tickets he had decided to appoint a committee of representative newspaper men to pass on all such applications. This will not be done, however, until perhaps two weeks before the contest.

Before leaving for New York, Rickard wired Willard at Los Angeles to report here by May 24, if possible. Willard asked for an extension in time because he had not finished some business affairs on the coast. He will establish a training camp within a mile of Dempsey's quarters.

## FRENCH OFFICIAL DENIES ANY FRICTION EXISTING AMONG ALLIES

### Declares in an Official Statement That the Peace Conference is Harmonious and That France, England and the United States are in Perfect Accord—Any Reports to the Contrary are the Result of Enemy Propagandists.

Great Britain, France and the United States are in entire agreement on all matters having to do with the conclusion of a permanent peace, and that stories which have been published to the effect that the United States and France were not in accord were inspired by enemy propaganda, was the gist of an official statement issued in the name of the French Government Sunday. The statement, which was based on official communiqués from the French Government in Paris, was made public by Maurice Casenave, Minister Plenipotentiary and Director General of the French Government's Service in the United States.

The facts included in the statement, said M. Casenave, were cabled by Andre Tardieu the former French High Commissioner in the United States, who is now one of the French Peace Commissioners in Paris.

"The trial of William II. and of all the other culprits by a special tribunal constitutes a moral compensation. In 1870 France was attacked treacherously by Germany, by means of a forged telegram; the telegram from Enns was admitted to be forged by Prince Bismarck when he was retired from the service.

"In 1914 France was again treacherously attacked under the cover of a diplomatic trick which has been clearly exposed.

"When she was brought to the point of giving out her objects in war, France declared that she had to have restitution, compensation, and guarantees.

"The Treaty of Peace which has been approved in its entirety by all the signatories, agrees exactly, as far as France is concerned, with every word which she has made as to her objects in the war, as well as with the 14 points of President Wilson which were proclaimed by the allies in November, 1918; it has a great international value in its honesty, and the high moral authority which France has won for herself in this war has been brilliantly confirmed.

## Ten Cases in Police Court

### George Paddock Forfeited \$200 Deposit—Four Juveniles Charged With Stealing—George Tait Sent up for Trial—Other Cases.

Ten cases were dealt with at the police court yesterday. George Paddock, arrested Wednesday on the charge of having liquor in his possession, forfeited his deposit of \$200.

Four juveniles, arrested for stealing three bicycles from the premises of Harry Horvitz, were given a preliminary hearing. Two Horvitz boys identified the wheels captured with the prisoners and told of missing the vehicles Tuesday night. The case was postponed.

Three defendants in the above case, were charged yesterday with breaking and entering into the house of John Dalselt, Misses and stealing a sum.

George Thuyalun, arrested Saturday noon at the Union depot, on a serious charge, was remanded.

George Tait, Apohagui was sent up for trial, bail being refused, following the preliminary inquiry into the charge of theft from Frederick Colwell, Detective Middleton told of the circumstances surrounding the arrest of Tait. L. F. D. Tilley is counsel for Colwell, W. Ryan for the accused.

Charged with drunkenness and with window breaking on Simonds street Saturday night, James Burgess was fined \$5 and costs. The cash fine was allowed to stand. He stated that he and his wife had been in the city since that night had relieved him of \$30.

Ernest Gunn, charged with being "loaded," was given the choice of eight months or \$208 towards the city coffers.

Three drunks were given the usual penalty.

## TIME MUDDLE IS AGAIN ON TRIAL

### Returnng Soldiers Have Difficulty Determining the Time—Several Theatres Went on Daylight Yesterday.

With several of the local theatres shifting over from standard time to daylight saving time last night, the time muddle is becoming worse instead of better.

Patrons of certain theatres, especially those who were at the performances, do not get clear of the hours until nearing the midnight hour. Those who are working on a standard time and wish to show those in a daylight time theatre must necessarily go without their evening meal to do so.

Barber shops, most of them, open one time and close on another. The various public clocks throughout the city are working on a fifty-fifty basis, representative of the confusion which such qualifications as "I will meet you at nine-thirty, daylight time, or eight-thirty, standard time."

M. Casenave was also asked if in his opinion the program of correspondents in Paris, representing the allied newspapers, had been responsible for the reports of discord between France and the Allies in Great Britain, and the United States.

"I have made no such suggestion," replied M. Casenave, "and I deem it better to leave that matter to the correspondents in Paris, representing the allied newspapers, had been responsible for the reports of discord between France and the Allies in Great Britain, and the United States.

## COMMON COUNCIL COMMITTEE MEETING

### Delegation Ask for West End Playground Grant Which Will be Considered—Proposed Electrical By-laws Were Taken up.

At the meeting of the common council yesterday morning a delegation from the West Side Improvement League, composed of Messrs. Frank Boyce, W. E. Scully, W. L. Harding and R. H. Parsons, asked for a grant of \$500 toward the expenses of fitting up the West Side playgrounds. The delegation was informed by Commissioner Fisher that he was having information prepared as to the cost of the needed work, and assured that their request would receive sympathetic consideration.

The proposed electrical by-laws were then taken up. Those present in addition to the members of the council were—Messrs. Potter C. Sharkey, Trades and Labor Council; F. W. Daniel and John Vaughan, Retail Merchants' Association; A. Wee more, Board of Trade, and W. C. Downey, A. P. Saunders, H. C. Lawton (president), Electrical Trades' Union; Hugh Montague, S. C. Webb, W. Dykeman, electricians, and Barry Wilson, city electrician.

Some of the provisions of the by-laws were strenuously opposed, particularly section three, which under a strict interpretation would not permit a man to replace a blown-out fuse in his own house without a permit from the inspector. This was changed by Mr. Wetmore and Mr. Sharkey as class legislation, but the section as drafted finally passed. Section five requires permit to use current in case of work done after the passing of the by-law was amended to make it plain that new work was meant. Sections nine, ten and eleven, fixing a maximum penalty of \$40 for violations of the by-law were passed.

The by-laws will be further considered at a special meeting to be held this morning at 10.30.

## LEMON JUICE WHITENS SKIN

### Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons in a quart of water. Sift one ounce of robor white, shake well, and you have a quarter pint of the best bleaching and skin whitening lotion, none so simple, beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply the three ounces of robor white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and you see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless!

Worth More Than Gold She States

Mrs. Trimble Values Tanlac High Because it Restored Her Health After She Was Almost Helpless.

"If I could talk personally with everybody who has rheumatism I would certainly tell them to take Tanlac, for I have tried it and it was worth more than gold to me," said Mrs. Rebecca Trimble of 63 Victoria Ave., Eastview, Ottawa, recently.

"Only those afflicted the same way," Mrs. Trimble continued, "can understand the torture I have suffered for the past two years with rheumatism. My hips and legs troubled me most, but sometimes the pain would extend around to the soles of my back. It was just a constant, torturing ache that seemed to go clean to the bone, and was so severe at times it wouldicken me. At times my limbs would swell up twice their natural size, and the muscles would draw up until they felt like they were tied in knots. I couldn't stoop over at all and if I dropped anything I had to get someone to pick it up for me. I was so crippled up that I couldn't get out of the house and could just barely hobble around. Sometimes I suffered so I would go several nights without getting a wink of sleep. Nothing relieved me and I sometimes felt that I would never recover."

"I had gotten to where I had little faith in anything to help me, and I didn't believe much of what I read about Tanlac, but I was in so much misery I finally made up my mind to try it. Well, that was one of the best things I ever did. I am on my fourth bottle now and am truly grateful for the way it has improved me. The swelling is almost gone out of my limbs and the pain is so much less that I hardly notice it any more. My appetite is much better and I don't feel tired out all the time. I am now able to do my housework, and was out yesterday working in my garden. I have never taken a medicine that compares with Tanlac and anyone suffering as I did will do well to try it."

REXTON

REXTON, May 16.—The ladies of the Red Cross Society very pleasantly entertained our young men, who happened to be at home Thursday evening in the public hall. At six o'clock supper was served after which the president of the society, Mrs. A. B. Carson read a nicely worded address to the boys. The evening was then spent with games and music. Among those present were: David Wood, Henry D'Aigle, Andrew Smith, Thomas O'Aigle, Joseph D'Aigle, A. D'Aigle, William Carson, Henry Arsenau, Frank Robert, Thomas Herbert, Fred Robert, Stanley Edward, Arthur Edward, Alphonse Richard, Frank Hunney, J. Simpson.

Mrs. Capt. Allison Hutchinson and little daughter, Rita are visiting the Captain at Halifax.

Mr. and Mrs. R. Wood are receiving congratulations on the arrival of a new son.

Mrs. John Weston, who has spent the winter with friends at Tatamagouche, N. S., has returned to her home in Jardineville for the summer months.

Serdt. Alphonse Richard, who has recently received his discharge from the army, has returned home and taken the position as manager of Z. LeGoff's store.

Miss G. C. Fraser has disposed of her grocery business here to W. J. Fraser and sons.

Mrs. George Jardine was a recent visitor to her daughter, Mrs. J. D. Palmer, Fredericton.

Miss Georgia Jardine, who since returning from overseas has been visiting her home here, has lately resumed her practice of nursing in Boston.

Joseph D'Aigle, who has lately returned from overseas is visiting his parents, Mr. and Mrs. Henri D'Aigle. He was accompanied home by his niece, Miss Hill of Dover, N. B.

The weather of the past few days has been very pleasant, although there is still frost at night. Good hauls of herring are being taken in the harbor.

Have Dark Hair Ancestral Youth

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyll's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody who uses Wyll's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It is so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

ITALIAN NAVAL ATTACHE AT U. S. UNDER ARREST

Sec. of War of Mexico Orders Him Taken from a Train While on Inspection Trip of Oil Fields.

New York, May 19.—Rear Admiral Lovatelli, Italian naval attaché at Washington, while on his way to the United States after a tour of inspection of oil wells in Mexico, was taken off a train between Mexico City and Vera Cruz, and arrested under orders of the Secretary of War of Mexico, according to John M. B. Milligan, of Dublin, Ireland, who arrived here today from Tampico aboard the Ward Line's Morro Castle.

Mr. Milligan, who himself had been looking over American oil properties in the Tampico district, declared that "conditions in Mexico are deplorable."

GOV'T TRAINMEN READY TO STRIKE

Await Call of Central Committee to Join in Sympathetic Walk-out.

Winnipeg, Man., May 19.—R. B. Russell, business agent for the Machinists' Union, issued the following announcement at union headquarters today: "The engineers, firemen, switchmen and trainmen on the government roads have taken a vote which was unanimous. They are ready to strike at the call of the central strike committee. Canadian Pacific Railway men of the same departments are voting."

SHEDIAC

SHEDIAC, May 16.—The recent fine weather and good condition of the roads have been favorable to the motorists, and a number of cars from Moncton and other parts have lately been seen on our streets.

A few of the shore cottage people have arrived.

Mr. J. W. Wortman and Miss Bessie Wortman of Moncton, were in town Saturday, and expect to come to their summer home, "Lingerling," early next week.

Mr. George D. Scarborough and family plan to take up their short cottage, Pleasant street, about the close of this month, or at an early date in June.

Our town has recently had among its visitors a number of the government messes, who did their bit and whom we are glad to know are safe once more, in Canada. We have had a short visit from Major Dobble, who arrived in Halifax a few days ago. At the time he responded to the call to arms, Major Dobble was in the staff of the Bank of Montreal.

He went "over there" early in the war and rapidly attained promotion. Major Dobble left Shediac after his brief visit in our midst for Ontario. Mrs. Dobble came out from England a few months ago, and is at her old home in Peterboro.

Mr. J. M. Lyons of Shediac, went to Halifax a few days ago, to meet his son, Lieut. James Lyons, who has seen much active service and was distinguished on the field. After some time spent with relatives here, Lieut. Lyons will return to Western Canada. His brother, Dr. Geo. Lyons, is still in England on duty in one of the Military Hospitals.

Lieut. Sidney Willett, son of Sheriff Willett, Moncton, was the guest this week of friends in town. He has many friends here, who are glad to know of his safe arrival in the homeland.

Mrs. W. A. Flowers has as her guests her mother, Mrs. Macdougald and brother, Pte. Stuart Macdougald of Bridgewater. The latter has been on active service for King and Country and recently came home to Nova Scotia.

Mrs. W. Mason and little son, Nova John, are visiting friends in Wallace, N. S.

Miss Alice Bouque is the guest of her hosts, Miss Corinne Comeau, in St. John.

Mr. Claude Day of Moncton, was in town this week, enroute to North.

Miss Elsie Jardine, after some months spent in the Sunny South, and later in Ontario, has arrived home. Miss Jardine was in company with Mrs. Richards, who remained part of this week in Shediac, enroute to her home on P. E. Island.

Mr. and Mrs. J. A. Macdonald and Mrs. E. B. Macdonald have been on a trip to Halifax.

Mr. O. M. Melanson went to St. John this week.

Mr. E. Patrice left town this week on a trip to Montreal.

Mr. J. A. Murray of Moncton, was recently in town.

Miss Dorothea Lavoie, daughter of Mr. and Mrs. S. Lavoie of Shediac, who spent the past year in Montana, was married in Quebec, on Tuesday, to Mr. Robert LeBlanc, son of Mr. N. LeBlanc of Cape Bauld. The bride and groom are expected in town this week, to visit their relatives before taking up their new home in the Canadian West.

Mr. J. Smith, son of Mr. B. Smith of Moncton, was a recent guest of Donald Smith, Bellevue.

Mrs. George A. White, who is in much improved health, has returned from a pleasant visit to friends in St. John.

Mr. Amasa Welton and little daughter Margaret visited in Shediac, were among Monctonians in town during the week.

Mr. J. A. Leger, Halifax, was a recent visitor in town.

MONROE THE NEW ARROW COLLAR

are leaving the Dorchester Road, this week, to take up their residence in Moncton.

Many of our citizens have learned with deep regret of the passing away this week of one of the best known physicians in this part of the country, Dr. E. B. Chandler of Moncton.

The late Dr. Chandler had recently purchased a property at Shediac Cape, and with his family expected to come here, in the near future to reside.

The town heard with sorrow of the death by accident of the late Mr. Geo. Terry, son of Mr. and Mrs. George Terry of Point Du Chesne. The sad fatality occurred at Middleton, and despite the skill of surgeons and nurses, the late Mr. Terry succumbed to heart failure, and a few hours after operation. The remains were brought to the home of the parents, Point Du Chesne, and on Sunday afternoon a very large number of our citizens from the town and vicinity attended the funeral at Greenwood cemetery. The service was conducted by Rev. Mr. Tomalin, rector of St. Andrew's Church. The pall-bearers were members of the family connection, Messrs. H. Terry and Wade, Toronto; Cutbertson and R. Cutler, Moncton; A. Cutler, St. John; and Wm. Terry, Shediac. The floral tributes were very beautiful and were conveyed by a separate carriage to the grave. The deceased was deservedly popular, with the home town friends, and much beloved in his family. He was thirty-six years of age, and with his wife, had for some time been living in Halifax. He is survived by his wife, his parents, one brother, Henry of Toronto, two sisters, Mrs. Wade of Toronto, and Mrs. Cutbertson of Moncton.

Shock Left Her Weak and Nervous COULD NOT SLEEP.

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, and you wonder what is wrong with you.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Mrs. J. J. Bayan, Pilot Butte, Sask., writes: "I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak, and nervous, that I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over."

I had hot flashes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on using them until I felt like a different person. I am never without them in the winter months, and I highly recommend them to all who suffer with their hearts."

Milburn's Heart and Nerve Pills are 60c. a box at all dealers, or mailed direct, at the price of The T. Milburn Co., Limited, Toronto, Ont.

OBITUARY

Mr. John O'Leary.

Chipman, May 18.—Mr. John O'Leary, a highly respected resident of West Hill, Quebec Co., N. B., passed away at his home at 1171 St. John street, after an illness of but a few days with pneumonia. He had reached the ripe old age of years.

He has always been a hard working man and even within a few days of his death he took an active part in putting up the new members of the Presbyterian church; a kind and hospitable friend and neighbor.

He leaves behind him a wife, a son, Melvin and three daughters, Mrs. William Burke, The Range; Mrs. Daniels, Bridgetown, N. S.; and Mrs. Herbert McCallister, God's Creek. The sisters also survive him, Mrs. David McCallister and Mrs. Thomas Hawes of Boston.

The sympathy of the community is tendered the bereaved family.

Ja. M. McLeod.

St. George, May 18.—After several weeks illness of heart trouble, Capt. James M. McLeod passed away on Wednesday, May 15th at the age of 72 years. Deceased was born at Macquarie and was the son of the late James and Barbara McLeod. For many years he followed the sea and after retiring therefrom, became keeper of the Bliss Island lighthouse, and a large circle of friends who were deeply attached to him.

The funeral will be held at the residence of the family in their sad bereavement.

Funeral took place at All Saints Church on Friday, May 16th, at 10 o'clock, interment by the Rev. Allan Bates. Conducted by the Rev. Alex. Stewart.

Special to The Standard.

Fredericton, May 19.—The death occurred at his home on Regent street last night, after a lingering illness, of Alexander Stewart, aged 58 years.

"Sandy" Stewart was well known as a horse trainer, and had many friends all over the Maritime Provinces and Maine who regret to learn of his death. He is survived by his widow, two sons, William Stewart, of Boston, a horse trainer, and had many friends.

The funeral will take place tomorrow afternoon.

AUTOMOBILE GOES THROUGH BRIDGE

Car Crashes Through Railing Dropping the Occupants a Distance of Nine Feet—Some of Party Badly Injured

Special to The Standard. Fredericton, May 19.—Yesterday afternoon an automobile, containing Mr. and Mrs. Dell Hosack and children, of Marysville, and Mr. and Mrs. Chesley Brewer and children, of North Devon, crashing through the railing of a highway bridge on the St. John River road, a short distance below the Experimental Farm.

The car was raining at the time and it is supposed to have skidded off the road when Mr. Hosack was driving around a large hole in the bridge in which a large post had been placed as a warning of danger. The car was going very slowly at the time, and it is claimed that if the railing on the bridge had been solid it would have prevented the accident.

However, the automobile crashed through the railing and over the side of the bridge, dropping about eight or nine feet. Mrs. Brewer and Mrs. Hosack were the only members of the party who were injured, and Mrs. Brewer's condition was the most serious. She suffered from bruises and shock. The car was also badly damaged. It was said today that Mr. Hosack would bring legal action against the city as a result of the accident, the bridge being within the city limits.

Loggieville, N. B., May 15.—An exceedingly bright and interesting programme was that carried out by the Willing Workers Mission band at its annual Thank Offering meeting held recently. The band members assembled in the choir loft of the church. The singing led by the children was hearty and well rendered. Two pages, "Confederation" and our "New Song" were presented, with good effect. The accompanists for the evening were Miss Ella Young and Miss Vera Edge. The offering, part from the contents of the radio boxes, was in the vicinity of \$15.00.

Sunday was a day of very special services in Knox church. Communion was dispensed, and the choir, sixteen members were added to the church roll. The weather was of the most desirable kind, and the attendance was large. In the afternoon the Sunday School held a special session to observe "Mother's Day." The order of service prepared by the Assembly's board of Sabbath Schools was carried out by the pupils. The portions of the programme which all shared in common were heartily rendered. The special selections by the children were rendered in a most acceptable manner. Worthy of special mention was the beginning's chorus "God is Father." Among the numbers was Edison's tribute to his mother. It was thus: "My mother was the making of me. She was so true, so sure of me. I felt I had some one to live for, some one I must not disappoint. The memory of her will always be a blessing to me. If it had not been for her appreciation and her faith in me at a critical time in my experience I should very likely never have become an inventor." A very special feature of this service was the administration of the Sacrament of Baptism to the infant daughter of Mr. and Mrs. Elroy Ferguson.

Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes: "I was troubled with boils for about six months and tried several remedies without any relief until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend Burdock Blood Bitters to all who are troubled as I was."

Burdock Blood Bitters has been on the market for the past 40 years, and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

INFLAMED GUMS—CAUSE OF LOOSE TEETH

Pyorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it come loosening teeth. Imperceptibly, at first, the gums recede from the normal gum line. They inflame. They prevent many tiny openings for millions of bacteria to attack the unenameled tooth base. Tooth-base decay quickly follows. The cavity in the tooth is kept white and clean.

A gum-shrinkage has already set in, starting with Forhan's and coming a dent immediately for special treatment. 30c and 60c tubes. All Druggists. FORHAN'S, LTD., 307 St. James St., Montreal.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only a few cents

Magic! Just drop a little Frezzone in just touchy corn instantly it stops aching, then you lift the corn off with the fingers. Truly! No blubbing! Try Frezzone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Frezzone is the discovery of a noted Cincinnati genius.

To Relieve Catarrhal Deafness and Head Noises

If you have Catarrhal Deafness or are hard of hearing or have head noises, go to your druggist and get a bottle of Parmitin (double strength) and add to it 1/4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breath become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give his prescription a trial.

INDIGESTION AND CONSTIPATION

Quickly Relieved By "Fruit-a-tives"

Rechon, P. Q. "I suffered for many years with terrible indigestion and Constipation. A neighbor advised me to try 'Fruit-a-tives'. I did so and to my surprise and to my joy, I began to improve and he advised me to go on with 'Fruit-a-tives'."

"I consider that I owe my life to 'Fruit-a-tives' and want to tell those who suffer from indigestion, Constipation or Headaches—try 'Fruit-a-tives' and you will see well."

CORINE COUDREAU, 60c. a box, 6 for \$2.50, postal sale etc. At all dealers or sent prepaid by Fruit-a-tives, Limited, Ottawa.

Was Troubled With BOILS FOR SIX MONTHS.

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race.

Very few people escape from having them at some time.

All the poisoning and lancing you may do won't cure them and stop more coming.

Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purifies the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored.

SAD ACCIDENT AT ROCKVILLE

Well Known Millwright Killed When Thrown from a Dumpcart, the Heavy Iron-bound Wheel Passing Over His Head.

Special to The Standard. Sussex, N. B., May 19.—A lamentable accident occurred this morning at Rockville, five miles from Sydney, by which John Conley, a well-known millwright and lumberman, lost his life. He had, for some time past, been in the employ of the S. H. White Co., who have one of their mills situated at Rockville, near the dam. While Mr. Conley was engaged about eleven o'clock this morning hauling sawdust from the mill to a dump with a double team the horses became frightened and started to run away. The dumpcart partially overturned, causing the unfortunate victim of the accident to fall from his seat striking against the heavy iron-bound wheel, which passed over his head, killing him almost instantly. He expired from concussion of the brain within three minutes after his head struck the wheel. The deceased, who was about sixty years of age, was unmarried. Doctors McAllister and Pearson, who were immediately summoned, made a record run in an auto to the scene of the fatality, but were too late to render medical assistance. Coroner Wallace also arrived promptly on the scene, and, after making inquiries, deemed it unnecessary to hold an inquest. The body was removed to Sussex to the morgue of P. W. Wallace, from whom funeral parlors the funeral will take place on Wednesday morning.

BRITISH AIR MINISTRY UNDER HARSH CRITICISM. Believed It Should Have Exerted Itself to Render Assistance to British Aviators in Trans-Atlantic Flight.

London, May 19.—(By the Associated Press.)—The start of Harry G. Hawker across the Atlantic in his plane is given precedence by this morning's newspapers in their news columns over the achievement of the American naval aviators.

At the air ministry the action of the Daily Mail in offering a prize for the trans-Atlantic flight was given official vindication.

**CASUALTY LIST.**  
Yesterday's Ottawa report on casualties says W. Grant, medical services, St. John, N. B., was killed.

**ARE DISAPPOINTED.**  
Interstate parties will be disappointed to learn that William Burchill did not accept Robert Shanklin's challenge to a matched race on Moosepath track on May 24th.

**A CHIMNEY FIRE.**  
An alarm from box 122 called the North End firemen out yesterday morning for a chimney fire in a house on Bridge street. No damage was done by the blaze.

**INSPECTED GARRISON.**  
Brigadier-General Macdonnell and staff yesterday inspected No. 7 C. G. R. and found everything in first class shape. The mobilization company of the regiment will be demobilized, beginning today.

**MAGISTRATE REMEMBERED.**  
The dull and rather gloomy police court was brightened yesterday afternoon when Sgt. Detective Powers, on behalf of the court officials, presented Magistrate Ritchie with an address and suitable gift in recognition of his thirty years service on the judicial bench.

**THE BOY SCOUTS.**  
The monthly meeting of the Boy Scouts Association was held last evening at headquarters, with President A. C. Skelton in the chair. Routine business was transacted and it was arranged that the executive would look after the work during the summer months.

**TELEPHONE CABLE TROUBLE.**  
The N. B. Telephone Company were having some trouble on one of their cables to West St. John yesterday—a crew of men were immediately placed to work and everything will be working right in a short time. Communication was not seriously handicapped by the trouble.

**RETURNS TO HALIFAX.**  
W. A. Dummer, a local boy, who acted as Red Triangle representative on the 26th battalion troop train Friday night and Saturday morning, returned to Halifax last night to carry on with his duties at that port. He will probably return with troops for this district who may arrive on the S. S. Aquitania.

**AUTOMOBILE ACCIDENT.**  
A lady passenger had her hand and wrist severely cut and several others were shaken up in a head-on collision at the corner of Charlotte and Prince streets last night. The car which caused the damage, by cutting too sharp at the turn, escaped practically unharmed, but the windshield was totally demolished and the front end, front axle twisted and the tires damaged.

**ANNUAL CLEANING UP DAYS.**  
Today and tomorrow are the annual clean up days and the city teams will be busy removing rubbish, placed by the householders in the sidewalks, and conveying it to the dumps. Today the city proper, south of Union street, North End from Indiantown to Acadia street, and Brooks ward on the West Side will be taken care of and the remainder of the city on Wednesday.

**THE ROTARY CLUB.**  
At the Rotary Club yesterday Capt. E. M. Case, who is an expert, gave a very interesting talk on the care of the feet. It was decided to raise \$1,500 toward the expenses of the national conference on Moral Education in the schools in relation to Canadian citizenship, to be held in Winnipeg in August next.

**A 26TH MEDAL WINNER.**  
Among the officers of the Fighting 26th who won the coveted Military Cross and who were inadvertently left out of the list published in The Standard, is Lieut. Roland J. Smith, son of R. M. Smith of this city. Lieut. Smith was an original private, rose from the ranks and won his decoration for gallant work at Hill 70. With his men he captured a German machine gun containing an officer and fifty men in front of the trench known as Nun's Alley, thereby making it possible to hold the La Bassee line against counter-attacks.

**STRUCK OFF STRENGTH.**  
The undermentioned officers are struck off the strength of the C. E. F. on general demobilization, unless otherwise stated:  
Major Ernest James Young, M. C., 21st March, 1919.  
Captain Charles Marble Pratt, on assuming duty with the Board of Pension Commissioners, 1st April, 1919.  
Lieutenants: William Alward Burrell, 2nd January, 1919.  
Allison Hunt Taylor, 12th March, 1919.  
Charles Botsford Crossdale, 20th March, 1919.  
Chaplain and honorary Captain Reginald Herbert Hillersden Bullett, 21st March, 1919.

**A SPECIAL SHOWING OF THE SMARTEST CAPE COATS AND DOLLMANS FOR WOMEN.**  
Mentioning in particular the prices—\$25.00, \$20.00, \$15.00. A showing which the wise woman will do well to inspect, for there's a huge diversity of styles in the collection, coats ranging from the strictly tailored to the fanciful creations, adorned with Braiding, Buttons, and rows of Military Braid play a prominent part in the assortment of many of the Coats, as well as Capes, A. E. Masse, in 1916, for the most part, on their graceful lines, though some have a pretty collar of contrasting silk. Both imported and domestic makes are here, fashioned of splendid quality—Wool, Serge, Tere's, practically all shades including a good range of navy blue. Especially interesting are the new buttoned double breasted Vest effect.

**Shot Himself Through the Heart Sunday Night—Died Because Girl He Loved Did Not Reciprocate.**

Because the girl he loved could not see her way clear to return that love and become his wife, Carl Pedersen, 28 years of age, an employee of the Provincial Chemical Fertilizer Works, shot himself through the heart Sunday night about eight o'clock, feeling that life was not worth living without with him. The suicide was not discovered until yesterday afternoon, when his brother called him to go to work, and not getting any answer, entered the room and found him dead in bed, shot through the heart and a letter giving as the reason for the rash deed that the girl he loved did not reciprocate.

**Counsel for Lieut. John Belyea Addressed the Court—Case Finished and Finding Sent to Ottawa—Capt. Logan This Morning.**

At the court martial inquiry into the management of the depot canteen, held yesterday at the Clearing Depot, the case against Lieut. John Belyea, officer commanding the canteen, was completed.  
J. A. Barry, counsel for the defence, in his address to the court stated that the accused was being made the scape-goat for others, that he was confined to the canteen and not allowed to be arrested. The accused, he stated, had acted under the authority of the commanding officer, and that he was told to do. He thought it proper to take commissions for orders placed by the canteen management. He had never made a statement to the canteen accounts as he had never gone higher than the officer commanding the depot, the accused, he stated, had been overworked and his offense, if such there was, had been caused by catering to those higher up.  
The court, in summing up their evidence, stated that the ignorance of military law was no excuse and that the court was not responsible for any treatment previous to the present hearing and nothing but the evidence given at the hearing would be considered by the court.  
At 4:45 the court adjourned for deliberation, following which the finding of the court in this case was sealed and forwarded to Ottawa.  
The case against Capt. G. Earle Logan, third in the list of the accused, will be heard this morning.

**Call on Governments to Appoint Committees to Investigate High Cost of Necessities of Life—Will Entertain A. S. C. on Arrival.**

At the regular meeting of the G. W. V. A., held last evening, a resolution calling on the federal and provincial governments to appoint committees to investigate the high cost of the necessities of life was passed, and arrangements for the entertainment of the Army Service Corps who left here in force under Lieut. Col. Masse, and are expected to arrive in the city next week, were made. Several matters of routine business were also transacted.  
The chair was occupied by Joseph Dryden, vice president.  
At the last meeting of the association the following resolution was passed and a copy sent to Inspector Wilson: "That the association resents the inference as reported to have been made by the Rev. Mr. Wilson on Sunday morning, and this association has repeatedly drawn attention to the fact that they do not countenance the use of liquor by its members."  
Last night the following reply was received from Rev. Mr. Wilson: "I beg to acknowledge receipt of your favor of May 8 and enclosing an extract from the minutes of a meeting of your organization recently held, in reply permit me to say that what was said on that occasion was made in reference to those who had been given liquor at the front, and were now at home. No mention was made of all discharged soldiers nor to all the men who had served in His Majesty's overseas forces. The class referred to was not a small group who now have apparently allied themselves to oppose the enforcement of the Prohibitory Act."  
The following resolution was passed unanimously: "Be it resolved that the local, provincial and federal governments be requested to take immediate steps to form a strong committee to look into the cost of production of food, and to find out why such high prices are charged. It beholds them to take steps to our younger population."  
"Moreover if this is not done soon it has a tendency to cause dissatisfaction on the part of all classes, and the laboring class in general, thereby bringing forward Bolshevism that we have so far successfully fought to keep out of the country."  
It was decided to hold a special meeting next Monday evening for the purpose of discussing to the Dominion convention to be held at Vancouver.  
It was drawn to the attention of the association that the Army Service Corps would return to the city next week and arrangements for an entertainment were made.

### Woodyatt Lawn Mowers

Only by clipping your lawn regularly can you keep it looking smooth, even and at its best, and with the "Woodyatt" you can do the work easier and quicker than with an ordinary mower. The four keen, self-sharpening blades of the "Woodyatt" trim the grass closely, and the large wheels reduce effort to the minimum.

Also we offer the "Star" Lawn Mower which, while cheaper than the "Woodyatt", does good work and is very reliable.

Twenty convalescent soldiers arrived on the Boston train last night and were given a warm welcome home by their friends and relatives. Representatives of the reception committee were on hand and bestowed choicest, cigarettes and the usual gifts to the boys.  
The list of those returning was published in The Standard yesterday morning. Three of the boys went through to their homes in Moncton on the Halifax express last night.

**Lieut.-Col. Harrison**  
**Gave Talk on War**

**Splendid Description of Experiences Listened to Last Evening by Members of the Women's Canadian Club—Memorial Tablet to Units.**

**K-LIEUT COL. HARRISON.** . . . . . Introduced by Mrs. Kühring, president of the Women's Canadian Club, last evening as "one of those who had seen and known the men in the front" and a German soldier, Lieut.-Col. Harrison gave his hearers a number of short word pictures of the war, picking out of his memory some of the most interesting incidents which stood out in his mind, and eloquently describing them.  
Colonel Harrison began by thanking the members of the club for their part in the great reception given by the city, and of his own joy at being home again. "The work of the individual Ammunition Column is well known, but the work of the Divisional Ammunition Column is not so familiar. A Division meant a unit of the army at a position moving from one point to another following up the infantry in line with them, 1,000 yards behind."  
"The D. A. C. provided ammunition for the field guns and for the infantry. During the years of trench warfare they collected the ammunition in depots, sorted it out and took it up to the guns."  
"Among the war sights I shall never forget," Colonel Harrison said, "was the broad road running past Albert, ration parties going up to the front. The road was under observation of the Boche planes, and it is strange that it was not open to the guns, but it never happened and all seemed to get safely through."  
"A vivid description of the day of the Regina Trench attack was given. The trench was taken in the third attack and many lives were lost. It was a crisp day in the late fall, and when the Germans began the field guns opened up with one volley. From the headquarters, which were in a dug-out, one could see the line of Boche prisoners come back and the wounded being brought to the advanced dressing station to be attended to. One Cockney chap came in with a lanky Boche prisoner driving him on a kammer."  
The Vimy show was memorable. All the work had to be done at night with pack animals drawing cars of light railways, or on wagons or carted up by hand. It was a great experience to see the opening of the barrage at 5 a.m. The whole line for 12,000 yards was one flash of guns, and we felt we were giving the Boche good medicine."  
The speaker told of putting 15,000 rounds of ammunition in a certain wood. A heavy battery behind dropped one shell in the wood which gave the clue to the enemy who promptly shelled the place and the work was all to be done over again.  
Colonel Harrison said that the last three months of war made up for all the weariness, dreariness, and monotony of the first years. The life was full of activity and the corps in fine shape. They had guns, ammunition and men, itching for the fight. He described the march across the bridge at Bonn and the march into Germany two weeks long. Speaking of their return to Belgium, Colonel Harrison said the Belgian people were most kind and hospitable and very grateful, especially to the Canadians. He praised highly the men who had served under him, and told of their constant exposure to danger going up under shell fire with an animal to look out for as well as their ammunition.  
The work of the women at home was gratefully referred to and the glorious memory of fallen comrades. Mrs. Kühring, very feelingly thanked Lieut.-Col. Harrison for his talk and spoke of "our privilege in having him

David Johnston, Ottawa, live stock expert, who is making an inspection trip to the Maritime Provinces, looking into the possibilities of establishing live stock shipping depots in these provinces, arrived in the city yesterday.  
In the afternoon accompanied by representatives of the C. P. R., C. N. R., Board of Trade and New Brunswick government, Mr. Johnston visited probable sites on both the Canadian and Atlantic coast, and seemed to be favorably impressed with the opportunities for the establishment of live stock yards on both coasts.  
Today Mr. Johnston will have a conference with E. P. Bradt, secretary of agriculture for the province.

**STILL IN PROGRESS**

Commissioner Thornton, when asked by The Standard if the negotiations between himself and the government in regard to the city police taking over the enforcement of the prohibition law were off, said they were still in progress, and he had not authorized any statement to the contrary. At a conference with Premier Foster and Undersecretary he had offered to undertake the work provided the government would give the city one-half of the fines collected, as it would be necessary to engage more policemen to carry out the duties.

### Why Is It

So many well dressed men and women come here season after season for their Glove and Hat requirements?

We are fully convinced (after 60 years' experience) that the answer lies in the fact we BELIEVE IN ONLY FINE MERCHANDISE. It's the only kind. We stock the kiddies too. They are brought here each season because mother is as particular about the kiddies' hats as about her own. She knows we can suit her.

Glendon Smith, accountant for the Leonard Fisheries, Ltd., living at Lancaster Heights, is at the infirmary, suffering from the result of five bullet wounds in his left arm. According to the statement made by the injured man he had motored to New River Saturday afternoon to meet his father, when hearing his destination he got out of the car for a few minutes and while standing on the roadside took an automatic revolver from his pocket and tested the weapon. It is stated that a cartridge jammed in the control and before the muzzle could be deflected two shots entered his left arm and three into his left forearm, all but one passing through. Driving with one hand, he reached the home of Dr. J. T. Dalton where he received first aid and later was removed to the infirmary, where Dr. Kelly removed the bullet which had lodged in his elbow.

**EXPECTED NEXT WEEK**

No. 5 C. A. S. C., which left St. John under Lieut.-Col. A. E. Masse, in 1916, and since its arrival in France has been known as No. 1 Company of the 2nd Divisional Train, is coming back to St. John as a unit and is expected to arrive in the city some time next week.  
This was the first body of men to leave St. John as a unit and they will no doubt receive a warm welcome when they return to the city. Many of the originals are still with them, having spent over four years in France.
