The Everyday Bargain Store

IF YOU PATRONIZE

Present and Future Prices

Merchants as well as the buying public are watching with real amazement the steady upward growth of prices. They can see that this growth seems to be a matter of increases in everything except in production—for there is simply not the merchandise to be had to supply the demand for it. Rising prices together with shortage should, we think, interest careful men and women. Supply your wants at this time, for we have no assurance whatever that we will be able to offer such a price for the same quality of merchandise again.

We Are Very Strong in Shoe Values

FREDERICTON GETS WHITEWASHED

Hartland Takes Both of Yesterday's Games—The League is "Busted"

The big Carleton league games have gone up in the air, what promised to be clean and exciting sport ending in a rather ignominious fizzle. Three teams refused to play Florenceville, claiming that that team had put on a Woodstock player, which was not in accordance with the rules agreed upon. Florenceville refused to play without their imported man and a deadlock ensued. When the league broke up Florenceville had won three, Hartland three, Centerville one and Bath none.

Yesterday at Hartland two cracking good games of fast ball were witnessed, the contestants being Fredericton and Hartland. Both had the best aggregations they could muster, but Hartland was too many for the visitors, and for the second time in a week they put their opponents out. The Fredericton lads are as clean a bunch as ever visited town, and are thoroughly good sports. The score by innings of the afternoon game:

Federicton 000014210-8
Hartland 125103002-12

Score of evening game:
Fredericton 0000000-0
Hartland 0000322-5

On Tuesday evening a picked team from Bloomfield, Mars Hill and Monticello came and played the local nine and knocked them out in a score of 4 to 1.

On Friday Hartland went to Bath and won 3 to 0. They claim to be the really best team they have played this season.

It is expected that the game at Hartland on the day of the Pythian Picnic, when Bath will be the visitors, will wind up the season.

The local ball teams have furnished a deal of very excellent sport this summer, and have done much to put brightness and "pop" into the workday life. The villages will look forward, during the long cold winter, to a season of even more exciting games.

Death of Mrs. Wm. Crain

A very large gathering of people met at the United Baptist meeting house, Beechwood, on Wednesday morning, Aug. 20, in connection with the interment of Mrs. William Crain who passed on to her reward on Monday. Mrs. Crain, formerly Miss Addie Broad, daughter of Mr. and Mrs. James Broad of Holmesville, was a young woman universally respected and loved by all who knew her. Less than two years ago she became the happy wife of William Crain, one of the most prosperous and highly esteemed young farmers of Beechwood. The young wife fell ill on the first day of January last and during her long and painful illness she bore up with rare Christian fortitude. The whole community extended its warmest sympathy to the bereaved husband and others who feel the shock most near. Rev. C. O. Howlett, B.A., B.D., preached an excellent sermon from the words "Blessed are the dead who die in the Lord," while the local talent rendered appropriate music.

RE-OPENING OF TOWN SCHOOLS

The Hartland School has again opened with increased interest as well as increased enrolment. The enrolment in the advanced department is especially encouraging, being greater than it has been for several years.

The usual attendance and department prizes have been offered by the School District. Added to these is The Observer Silver Medal for composition, open to any pupil in the advanced department. Notice is hereby given that this prize cannot again be won the second time by any pupil. Aid E. C. Morgan has offered a prize, the subject not yet selected.

At the closing of the school, June 27, several visitors were present. One, Mrs. S. S. Miller, was so pleased with the exercises that she offered five dollars for the best work done in mathematics during the coming school year, this prize being open to High School pupils only.

The principal of the school would be much pleased if some other promoters of the town would help promote the standard of efficiency in the school by offering incentives in the way of prizes. This would tend to a much higher standard of citizenship. Think it over and then see the principal.

C. D. Dickson is again principal of the schools, Miss Grace Bell is supplying temporarily for the first intermediate classes, while the second intermediate and the primary departments are taught by Miss Queenie Britton and Miss Anna Murdoch, respectively.

Knights' Decoration Day

Sunday next will be observed by the Knights of Pythias as decoration day. Every member is requested to meet at Castle Hall at sharp 12.30, each bringing his own flowers. The procession will then proceed to the different cemeteries where the usual ceremonies will take place.

By-elections in eight federal constituencies will be held on October 20. Included in these is Carleton-Victoria, the seat being made vacant by the resignation of Hon. F. B. Carvell. This is the first time there has been a contest in the united constituency, and it will be watched with much interest.

NEXT MONDAY IS HARTLAND'S DAY

Knights of Pythias Picnic Should Draw an Immense Crowd

For once Hartland will stand in the spot-light on a holiday, and that day will be Sept. 1—Monday next coming. On this auspicious occasion the members of Brighton Lodge, No. 31., K. of P., will do their utmost in making the biggest picnic since the days of Forester's picnics a quarter of a century ago.

The fun will start at sharp 1 p.m., with a ball game between Bath and Hartland. Immediately thereafter will follow a splendid program of sports, filling up all the afternoon with one feature right after another until supper is served at 5.30. Most of the features offered this day are free—free admission to the grounds, free ball game, free races, etc., etc. A steam merry-go-round with 24 horses and four chariots will be a big attraction for the children.

The finest music ever heard in Hartland will be discoursed by Knowles' notable orchestra from Fort Fairfield.

A most satisfying supper will be served at small cost.

The biggest attraction of all will be the entertainment in the Star Theatre in the evening. The people will have an opportunity to see the note-worthy moving pictures depicting the Arrival of the Prince of Wales at St. John, and the Soldiers Joy Day. A leading feature of the program will be a playlet entitled "The Burglar," by local young ladies and specialties by Guy McGinley and Dan Coughlin, each in his own inimitable way. Prof. McGinley will also do a free and daring acrobatic stunt on a slack-wire in front of the hall.

Brighton Lodge, Knights of Pythias, was organized about 11 years ago. It took on a new lease of life early in 1914 and has been in thrifty condition ever since. It has a large membership, the number including the majority of our townsmen. It is the Knights' intention to erect a large business block, the primary object being to provide suitable quarters for their meetings and social functions. Their object is a most worthy one, of benefit to the whole town, and the Knights should be given every assistance.

Potatoes and Other Crops

Never in the history of potato growing in this country has there been so heavy shipments in August. Trainload after trainload has gone out during the past week until the market is glutted and buyers have ceased to buy. The price, which started at \$3.60, gradually settled until \$2.50 was reached and the market ended for the present. The best yield The Observer has heard of is 111 barrels to the acre, and the smallest 75 barrels. It is generally expected the output will average 100 barrels.

The stock dug so far is immature and it is likely very little digging will be done now until Sept. 8.

Many farmers are nearly through harvesting, and August is not past. Conditions for getting crops in good shape were never better. Grain looks excellent, and it looks like a good crop of everything that grows.

Mrs. Sarah Hatfield and son Abner, who have been visiting her daughter, Mrs. H. J. Aiton, returned to Boston yesterday.

TWO YEARS IN BED AND ROLLING CHAIR

**Mrs. Wilson Gave Up Hope Gains
25 Pounds On Tanlac And Is
Now A Well Woman**

"For two years I spent all my time either in the hospital, in bed, or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well-known in Atlanta, her husband having been employed by The Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and even that didn't digest well, and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment, and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bills—our drug bill alone amounted to \$14 or \$15 a month, and one doctor bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it, and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want—such things as meat, turnips, hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

"Tanic is sold in Hartland by Estey & Curtis Co., in Bristol by Dr. G. W. Somerville, in Centreville by Stevens Bros., and in Woodstock by E. W. Mair, in Benton by W. E. Porter, and in River de Chute by Daniel B. Baird."

Upper Waterville News

Miss Marie DeGrass who has been visiting at Grand Falls has returned home.

Lester Rockwell gave a party to the young folks of this place August 7. About 30 were present and a very pleasant evening spent by all.

Miss Myrtle DeLong was the guest of her cousin Miss Hazel McLean August 17.

Mrs. Harry McIntyre of Skiff Lake was the guest of her sister, Mrs. Harvey McLean, August 17.

Mrs. Arthur DeGrass gave an afternoon party to the little girls of this place August 12. About 20 present and a pleasant time had by all.

Mrs. Frank DeLong who has been seriously ill is slowly recovering.

On August 10 Burns McLean took tea and spent the evening with his friend John Stokoe who was leaving for the west the next day.

Children Must Be Protected

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account as well as because of the quick relief it affords.

Burnt Land Brook

Miss Ethel Everett went to her uncle's in Kings Co. this week to attend school there.

Miss Ada Johnson expects to leave next Tuesday for Normal school. Her mother, Mrs. Wm. L. Johnson will

accompany her and visit relatives on the Miramichi for a few days.

S. B. Wright, Persh, and C. P. Wright, Philadelphia, were guests of their aunt, Mrs. F. C. Bloodworth, last Saturday.

Mrs. F. C. Bloodworth and Mrs. D. A. Jenkins attended the S. S. convention at Plaster Rock last Monday. School will reopen here next week with Miss Grace Johnson, Oxbow, as teacher.

Piles Entirely Cured

Mr. Wm. Woodell, 107 St. John St., Carlton, St. John, N. B., writes:—"I have used Dr. Chase's Ointment for itching, bleeding piles, and as a result have been entirely cured. For years I was a great sufferer from this distressing ailment and can say that three boxes of Dr. Chase's Ointment cured me. You may use this letter for the benefit of others."

A Persian Guest

Rev. A. E. Kochaly of Andover was calling on Hartland friends on Monday. Mr. Kochaly is a Persian by birth, but came to Canada more than twelve years ago to acquire an education with

a view to taking up missionary work in Persia. He studied at the McMaster University in Toronto. On account of the war he was unable to return to Persia, and as a result of this took charge of the circuit Baptist church at Andover. At present he is on his vacation and is speaking at several churches throughout the province.

Important Real Estate Sales

Mrs. John Barnett has sold her cozy home at the south end to Mrs. A. H. Hayward.

R. E. Robinson has about closed with Stephen Orser of Windsor for his large farm at Lower Brighton, which he has been advertising for sale for some time. Mr. Robinson wants to come to Hartland to make his home if he can find a suitable place to buy.

H. R. Nixon has bought and moved into the Thistle house.

J. F. Murdock has sold his house on Maple street to James Levine and is moving into Mrs. G. C. Watson's house.

The GUARANTEE that covers the PAINT that covers the SURFACE

THERE are plenty of reasons why you should use B-H Paint—but the one outstanding reason is told in the B-H Guarantee.

This is not like ordinary guarantees—it is a very definite and far-reaching one. It is a "hard and fast" commitment on the part of the well-known manufacturers of this product; by it they bind themselves to the use of a pure white lead and pure zinc in correct proportions.

It is these important basic ingredients that give to B-H Paint its remarkable covering capacity. These ingredients in proper proportion—when mixed with pure refined linseed oil and turpentine—ensure that your house will be properly painted with a smaller quantity of B-H Paint than you would have to use if you contented yourself with a paint of lesser quality. Do not, then, permit your desire to be economical to lead you on the "false economy trail" of cheap paints. That way lies extravagance. Only by using a high-quality paint, such as the B-H guarantee ensures, can you be certain of real economy which comes from the use of a paint that covers well and lasts wonderfully.

HARTLAND, N. B., AUGUST 28, 1919

Grand Falls Happenings

The marriage of Amy Marguerite youngest daughter of Mr. and Mrs. Jesse Estabrooks to Arthur Kingdon Wade, formerly of this town, but now a popular dentist in Perth N. B. was solemnized in All Saints church by Rev. Reginald Britton assisted by Rev. Mr. Brasier of Ashland Maine on Monday Aug. 25th at noon. Miss Driscoll was bridesmaid, Mr. Harry Wade, brother of the groom was best man, little Miss Nora Whelpley was flower girl. The bride was given away by her father. As the bridal party entered the church the choir sang very sweetly, The Voice that Breathed O'er Eden, Miss Helen Hallett played the wedding march as they left the church after the ceremony. At half-past one a bountiful luncheon was served at the home of the Misses Fraser, where a large number of friends and relatives assembled. The bride was the recipient of many costly gifts of silver, cut glass and linen and a sum of money showing her popularity in this her home town. A MOTHER'S TRIALS

Care of Home and Children Often Causes a Breakdown

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution.

No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and the cure at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health.

The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one always unfailing way to get this good blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood abundantly, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong.

If you are ailing, easily tired, or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you.

Bridge Timber Arrived

Practically all the lumber for the new river bridge has arrived and is fine looking stuff. It comes directly from British Columbia and costs, landed here, \$55 per thousand. The five spans still to be renewed will be completed during the winter.

COPENHAGEN CHEWING TOBACCO

Copenhagen is used differently from ordinary chewing tobacco.

Take a small pinch, for a start, and put it between the lower lip and gum, in the center.

Afterwards you can increase the size of the pinch to suit the strength of the chew you desire.

Copenhagen is strong, because the tobacco of which it is made is out into fine grains, which makes it impart its strength thoroughly and quickly.

Hence, a little "pinch" goes a long way, showing that Copenhagen is not only an unusually economical chew, but also one of the finest quality, being made of the best, aid, rich, high-flavored tobacco.

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again
"FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUG

8 Ottawa St., Hull, P.Q.
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".

LORENZO LEDUG.

FORMAL OPENING VALLEY R. R.

An event of great importance to the province of New Brunswick took place last week when the first train to reach St. John from Fredericton over the Valley Railway completed its journey. The trip was made by special train for the purpose of giving the members of the provincial government, railway officials, newspaper representatives and others interested in the new road an opportunity to see for themselves what it was like and to judge for themselves the excellence of its construction, the merits of the country thus given railway connection with the rest of the province and of the value of the new railway to the people of New Brunswick. The party, numbering about forty, were the guests of the directors of the St. John and Quebec Railway, the official name of the Valley road, and on the completion of the trip they were entertained at luncheon in the Royal Hotel where, in brief speeches, references were made to the completion of the task of construction and the possibilities which it opens up.

Hon. F. B. Carvell, who was greeted with vigorous applause, remarked that he was not entitled to speak to the toast to the C.N.R., although he expected to have something to say to the National railways when they were brought under the jurisdiction of the railway board. It had given him much pleasure to be present at the occasion of the first trip over the Valley railway, partly because he had had a great deal to do with that railway since 1908 and 1909 and had watched its progress through its trials and tribulations.

Mr. Carvell spoke of the high standard to which the road had been built and pointed out that so soon as the connection via Fredericton and McGivney Junction has been completed, traffic from Montreal and the west can be brought to St. John as easily as to Dorchester. "It may be good business to carry traffic to Dorchester and as much farther as is required to get it to the seaboard, but I cannot see it that way," he said. "This new road gives a great opportunity to bring through traffic to St. John instead of chasing it all around Robin Hood's barn to Halifax. If there is any reason why freight should be carried on a'dditional 150 miles for nothing I do not know what it is.

"While I am on this subject, I might throw out the suggestion that the Ocean Limited should be run from Halifax to Montreal over the Transcontinental line from Moncton. This would make a twenty-two hour run possible. Passengers leaving Halifax at 10 o'clock in the morning or leaving St. John at 4 o'clock in the afternoon and traveling via Fredericton and McGivney Junction, could be in Montreal the next morning. This would enable the C.N.R. to get much of the business from St. John, all the travel from the river countries and much of the traffic from the North Shore, via the Canada Eastern.

"I am looking for great developments as a result of the construction of this new railway. It means much to New Brunswick, and to other parts of Canada as well, for it means that we shall be brought that much closer together. In other parts of the dominion they are inclined to think of us as living down here in a corner by ourselves and anything that helps to remove this barrier of distance will be a great advantage to the whole dominion.

Bomb-Dropping Balloons.
The first bomb-dropping balloons were humble enough and equally futile. Balloons had been used in war as early as the siege of Maubeuge by the Austrians for observation purposes. The first talk of bomb dropping was in 1912, when the Russians were said to have a huge balloon for that purpose, but nothing was done with it. In 1917, however, the Austrians, when attacking Venice, sent up paper fire balloons, which were to drop shells into the town. But they forgot to allow for contrary air currents. The balloons got into one, drifted back toward the Austrians and bombed them instead of Venice.

Where Did He Get It?
Flatbush—Did you hear about Bushwick?
Bensonhurst—No; what?
"He's in trouble with the government."
"No; really?"
"Yes; it got reported around that he was eating too much."

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles.

I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. JOHNSON, R. No. 2, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

W. E. THORNTON

A Timely Subject

Since every nation, state, province, city and town is trying to profit by the experiences of the war, it behooves us to do our part. Some one has said that "fools learn by experience." We some doubt the truthfulness of the statement; however, we feel that wise people should profit by experience.

During the late war we learned to our sorrow that many of our boys when in the trenches were unable to correspond with loved ones at home because their early education had been neglected and the parents had been too careless about their attendance at school. Too many of our boys felt heart sore when their comrades were writing home, knowing they were handicapped not being able to put their thoughts on paper.

It might surprise some to know how many of our boys go "into the woods" for the winter and are not capable of writing their "sweethearts" an intelligible letter. We read a few lines in a sample copy not many months since: "We got her tuesday nit we was mos fros we ar al wel. I am ritin you tonit. I am glid I havnit my team weth me." Of course one can blame the pen some.

But really this state of affairs is not a laughing matter. It is the duty of every person man and woman to see that our children are better educated.

We are supposed to have a compulsory school law. It is high time that the parents of this county awakened to the fact that they are responsible for the foundation of the education of their children and when they do not realize this obligation and keep the little ones at home the law should be enforced.

We as a people are too careless about the education of the young. The English people are far ahead of us in this line.

Surely money spent in enforcing the compulsory school law would be much better spent than in buy votes. The people would realize that it is an insult to have a man offer to buy their votes. Shame, shame! to the man who will sell his vote!

We say we want an intelligent government if so we must have intelligent people to do our voting.

If the County of Carleton would enforce the compulsory school law for ten years, we feel sure the people would be so pleased with the results, no one would want to go back to the old "hit and miss" school system for they would know it was useless. Our school law should include more physical training, too.

Our late war showed too high a percentage physically and mentally unfit.

We have read that Switzerland gives more thought and time to the educating of her people (both physical and mental) than any other nation. The result is she is called the healthiest, and most law abiding of any nation in the world. A record to be proud of.

Bile is Useful in its Place

And by Using Dr. Chase's Kidney-Liver Pills You Can Prevent Biliousness and Stomach Troubles

Bile is usually thought of as a poison in the blood which causes biliousness, bilious headache and derangements of the digestive system. But, like most things in Nature, bile is of the greatest usefulness when found in its right place. It is the duty of the liver to filter the bile from the blood, where it acts as a poison, and to pass it into the bowels, where, by its antiseptic influence, it prevents the fermentation of the food, and hastens its passage through the alimentary canal.

Consequently when the liver is active in supplying bile to the intestines or bowels there is no constipation, no congestion of the kidneys, no clogging of the digestive system. By keeping the liver active Dr. Chase's Kidney-Liver Pills prevent and cure biliousness, constipation, chronic indigestion, as well as serious and complicated diseases of the liver and kidneys.

Mrs. Mishner, Thornhill, Ont., writes: "Last January I was seized with a very bad bilious attack, which caused me to have trouble with my liver, kidneys and bladder. I suffered so much with pain that I became completely worn out. Fortunately I resorted to Dr. Chase's Kidney-Liver Pills, and the use of these pills has left me strong and able to do my work."

Dr. Chase's Kidney-Liver Pills, as well as his other medicines, have been of great benefit in our household, and in fact the house is never without them. Please publish this letter for the benefit of other sufferers.

Mrs. John Dillon, 23 Pollock St., Galt, Ont., writes: "I had been troubled with sick headache for some time, and also gas on my stomach. This was no bad at times that I felt I would suffocate before I could get relief. I got some of Dr. Chase's Kidney-Liver Pills, and after using these found I was completely cured of both the gas on my stomach and the headaches, and am now enjoying the best of health."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. You cannot expect such results from substitutes. Insist on getting the genuine.

HOW YOU CAN TELL GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

BAYER

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all.

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations.

Look for the "Bayer Cross"! Then it is real Aspirin, for which there is no substitute.

Aspirin is not German but is made in Canada by Canadians, and is owned by a Canadian Company, all rights being purchased from the U. S. Government.

Genuine "Bayer" Tablets of Aspirin have been proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis.

Ready-to-use boxes of 12 tablets—also larger "Bayer" packages, can be had at any drug store.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacturing Co., Monrovia, U. S. A.

Garage for Sale

F. Hagerman & Son offer for sale their garage business, including, stock-in-trade, good will, etc. The building is 35x70. The top floor is used as a public hall and moving picture house, known as The Star Theatre. (The centre floor can accommodate 20 cars for storage, or can be used for battery work and tire repairing. The ground floor, which is of cement, is used as a garage, and is no doubt the best available business location in New Brunswick.

We fitted up for the Battery Business with everything except the lead burning outfit. For charging batteries we have a 900 watt generator and can easily care for 200 to 400 batteries this coming winter.

Our Garage Car is a Gray-Dort Special and has covered 3000 miles. It has been recently cleaned and fitted with new tires all round.

We are located on the corner of Main and Court streets, in the new and prosperous Town of Hartland which is located in the centre of Carleton county which is undoubtedly one of the finest agricultural districts in the maritime provinces.

In the meantime we are here to do business until we sell out. Best reasons given for selling.

The community was much saddened on Wednesday to learn of the passing of Mrs. Rex Beckwith. Deceased had been ill since April last and though her condition was critical at times, her death was a shock. She was 29 years of age and was the daughter of Mr. and Mrs. John Waters of Lakeville. Married nine years ago, she has spent all the intervening time at her home here, where by her kindly and cordial manner she had made a host of warm friends. Besides her husband, she leaves to mourn their sad loss a father and mother, three sisters, Mrs. Wilmet Margison of Knottford, Mrs. Henry Williams of Lakeville and a sister in California and one brother Eldon of Lakeville. The funeral was held in the Methodist church at Wilketown following a short preliminary service at the home and was conducted by Rev. J. E. Champion. Interment was made in the family lot in the beautiful cemetery adjoining the church.

Mr. and Mrs. Clifford Sullivan and daughter Muriel left on Saturday for Toronto, where they will attend the Dominion Exhibition by that city, following which they will spend a couple of weeks with relatives at Aurora, Ontario.

Mr. and Mrs. Alfred Bell and children of Richmond spent Sunday with Mr. and Mrs. G. F. Briggs.

Harry Stevens and son Howard of Woodstock are spending a couple of weeks in town.

Mr. and Mrs. Atchison of Weston visited Mr. and Mrs. E. A. Troy on Sunday.

The Misses Jones of Lakeville spent last week at Mr. and Mrs. G. G. London's.

Miss Meade of Fredericton is visiting Mrs. Horace Estabrook.

Miss Beatrice Niles of Bridgewater is the guest of Mr. and Mrs. S. W. Niles.

The school opened on Tuesday with the same teachers in charge. L. H. Baldwin as principal and Miss Kathleen O'Hara in the primary department.

F. J. Brewster returned on Wednesday from a week's vacation in Chipman.

Rev. S. Johnson occupied the United Baptist church pulpit at Mars Hill on Sunday.

Lieut. F. B. Scholey has arrived in Halifax on a hospital ship and hopes to visit his parents here at an early date.

Sam Cormier and B. C. Cliff have entered their beautiful colts, Tony C. and Anzac, respectively in the Colts Race to be held at the meet on Labor Day at the Connell Park, Woodstock. Dr. Brown also has his horse Prince entered in one of the classes. It promises to be quite an interesting meet.

Mr. and Mrs. Arthur Currie and daughter Inez were the week-end guests of Mr. and Mrs. H. E. Hagerman.

We are very sorry, since last week's news was sent in, that the managers of the different teams composing the Baseball League have seen fit to call off the remaining games in the proposed schedule. Just when the games were beginning to be played well enough to be interesting, it seems indeed too bad that such a lack of concord existed among the boys as to prohibit the finish. The discouraging note at each game that may have arisen was followed by proceedings that were dreadfully juvenile. The editor had the right dope exactly when he gave out that spectators should realize that they have no right to interfere in the breaks of the game and any minor altercations that follow. We hope that if any such organization is ever begun again, that the end may be as interesting and pleasant as the beginning.

Rev. and Mrs. J. W. William's and little daughter are spending a two week's vacation with Mr. and Mrs. G. A. West.

Miss Pauline Balloch arrived home on Saturday after two weeks' with friends at Skiff Lake.

Mrs. J. Vandine and Frank Vandine left on Monday for Portland.

G. A. Jameson and family have moved into the Vandine house recently vacated and Carey Shaw and family are occupying the former's house.

LeRoy T. Lee and E. R. McCintock went to Presque Isle on Thursday to attend a meeting of Kora Temple of the Mystic Shrine. Fifty-eight candidates received the degree, exemplified by the degree staff from Lewiston. About three hundred Shriner's were present and had a corking time. The Imperial Potentate, Freeland Kendrick of Philadelphia was present and lent additional interest to the proceedings.

H. S. Burt of Woodstock spent Wednesday and Thursday with friends here.

Mrs. S. W. Niles held a party for her friends on Monday evening in honor of the birthday of her sister, Mrs. John Humble of Moncton, who has been her guest for two weeks.

Miss Dora Beckwith of Houlton is visiting friends in town.

J. R. D. White of Aroostook Jct., was in town last week.

Miss Marguerite Campbell left on Monday for Aroostook Jct., where she has charge of the school for the coming term.

Card of Thanks

I wish to express my sincere thanks to the many friends for their kindness during my wife's illness. Rex S. Beckwith.
