In the year 1894-5 the cash withdrawn exceeded that deposited by \$55,845.81.

Respecting the amount of the Quebec Railway subsidy it may be necessary to explain that by the Act 47 Victoria, chapter 8, the province of Quebec was allowed, as an annual subsidy on account of the building of the North Shore Railway between Ottawa and Quebec interest on \$2,394,000, at such a rate as might be agreed upon between the Governments of the Dominion and the Province. No provision was made by this Act for the payment of the capital, and the amount was not treated as a liability, and added to the debt. By the Act, 57-58, Victoria, chapter 5, it was enacted that "The Governor in Council may, at the request of the Government of the province "of Quebec, pay to the Treasurer of that province the principal of either or both of the

Public Accounts.

“Subsidies.” As this Act authorized the Dominion Government to pay the principal of the subsidy it was deemed advisable to show the amount as a liability.

The average rate of interest on the gross debt was \$3.23 per cent against \$3.29 per cent in 1894-5, whilst the net rate was \$2.80 per cent against \$2.87 per cent in the previous year.

The arbitrators on the disputed provincial accounts have had several meetings since my last report was submitted to your predecessor and have given their awards on various points. The principal were on, (1st) a claim of the provinces to be credited with 25 per cent of the amount, \$756,710, at the credit of the townships of Lower Canada and the town of Sherbrooke on 1st July, 1867, which, under the Seigniorial Act, might have been paid off at the rate of 75 cents on the dollar. In paying those municipalities which applied for the principal of their indemnity, the Dominion, up to 1873, kept back the one-fourth, as authorized by the Act, but after the passing of the Act of 1873 wiping off the excess of debt of the old province of Canada, the Dominion paid to the remainder of the parties interested the full amount of their indemnity and re-imbursed to the others the amount that had been at first retained. The provinces claimed that the Dominion had no right to do so, that the one-fourth so paid should have been retained and that the amount ought, in the settlement of the accounts, to be credited to them. A claim was also made for the premium at which an India 5 per cent bond for £140,000 sterling held in the sinking funds to meet a loan maturing on the 1st January, 1869, might have been sold. This would have amounted to £16,100 sterling. On these two claims awards, from which no appeal can be taken, were given in favour of the Dominion. As interest on both amounts would have followed the principal it will be seen that the Dominion has been relieved of a very large liability. Awards have also been given on other minor points.

Under an order of the Board of Arbitrators, three referees, Hon. A. M. Ross, for Ontario, H. M. Machin, Esq., for Quebec, and M. G. Dickieson, Esq., for the Dominion, were appointed to examine and make up the accounts in dispute. As the result of their examination after conference with counsel an agreement was reached concerning all the items which had been charged against the province of Canada with the exception of twenty-one amounting to \$81,189.34. These were submitted to the Board and directions were given as to the manner of dealing with them and other items in which the Provinces alone were interested, as will be seen by the award of 18th June, 1896. Under this award the Provinces are relieved of charges amounting to \$11,754.41.

The Dominion made a claim for gratuities, amounting to \$22,819.10, paid to officials of the Senate whose services had been dispensed with or whose salaries had been reduced on 1st July, 1867. This was thought to be a good claim, but as it was found that the amount though at first charged had been afterwards credited to the Province, and had been so reported to Parliament by the Auditor General in the Public Accounts of 1868-9, the claim was dropped, and the Counsel for the Province notified accordingly.

I have deemed it advisable to have printed herewith the Acts and other documents constituting the Board of arbitrators and all their awards up to date.

The decision of the Supreme Court of Canada with respect to the annuities payable to the Indians of lakes Superior and Huron under the Robinson treaties was appealed from to the Judicial Committee of the Privy Council by the Dominion and by the province of Quebec. Argument was held in November, and the appeals were dismissed. The question as to the joint liability of the provinces of Quebec and Ontario for the increased annuities will be submitted as soon as possible to the arbitrators. This and the liability of the province of Ontario for the payment of the expenditure on account of the Indians living in Ontario who surrendered their rights under the North-west Angle Treaty in 1873, are the only important matters, so far as the Dominion is concerned, remaining to be settled.

An appeal from the award of the arbitrators on the Common School fund has been taken to the Supreme Court of Canada. In this the Dominion is not particularly interested.

The cost of the department shows a decrease of \$599.13, as compared with last year and is as follows :—

Minister's salary.....	\$ 6,849 42
Salaries of staff.....	50,044 47
Expenditure in connection with the issue of Dominion notes.....	4,419 29
Contingencies	4,932 13
	\$66,245 31

I have again, as in past years, to express my appreciation of the able assistance I have received from the staff of the department during the year.

I have the honour to be, sir,
Your obedient servant,

J. M. COURTNEY,
Deputy Minister of Finance.

FIRST AGREEMENT OF SUBMISSION.

Agreement made on behalf of the Government of Canada of the first part, the Government of Ontario of the second part, and the Government of Quebec of the third part.

Whereas certain questions have arisen in relation to the settlement of the accounts between the Government of the Dominion of Canada, the governments of the provinces of Ontario and Quebec, both jointly and severally, and also as between the two provinces ;

And whereas by an Act of the Parliament of Canada, passed in the fifty-fourth and fifty-fifth year of Her Majesty's Reign, chaptered six, and intituled *An Act respecting the Settlement of Accounts between the Dominion of Canada and the provinces of Ontario and Quebec, and between the said provinces*, and also the Acts of the Legislatures of the respective provinces of Ontario and Quebec, being 54 Victoria, chapter 2, of the said province of Ontario, and 54 Victoria, chapter 4, of the said Province of Quebec, it was in effect provided that for the final and conclusive determination of the matters in said statutes mentioned, the Governor General in Council might unite with the governments of the said provinces of Ontario and Quebec in the appointment of three arbitrators, to whom should be referred such questions as the Governor General and the Lieutenant-Governors of the said provinces should agree to submit.

And whereas arbitrators have been duly appointed in pursuance of the provisions of the said statutes, and it is intended by these presents to define and agree upon certain questions in difference, which shall be submitted to the said arbitrators for their determination and award.

Now therefore it is agreed by and between the said several governments, parties hereto, that the following questions, as mentioned in the order of the Governor General in Council, of the twelfth day of December, eighteen hundred and ninety, be, and they are hereby referred to the said arbitrators for their determination and award, in accordance with the said statutes, namely :—

1. All questions relating to or incident to the accounts between the Dominion and the provinces of Ontario and Quebec, and to accounts between the two provinces of Ontario and Quebec.

2. The accounts are understood to include the following particulars :

- (b) In the unsettled accounts between the Dominion and the two provinces the rate of interest and the mode of computation of interest to be determined.
- (c) The accounts as rendered by the Dominion to the two provinces up to January, 1889, to be determined upon.
- (d) The claims made by the Dominion Government on behalf of Indians, and payments made by the Government to Indians, to form part of the reference.
- (e) The arbitrators to apportion the liability of Ontario and Quebec as to any claim allowed the Dominion Government, and to apportion between Ontario and Quebec any amount found to be payable by the said Government.
- (f) All other matters of account (1) between the Dominion and the two provinces, (2) between the Dominion and either of the two provinces, and (3) between the two provinces.

3. It is further agreed that the following matters shall be referred to the said arbitrators for their determination and award, in accordance with the provisions of the said statutes, namely :

- (g) The rate of interest, if any, to be allowed in the accounts between the two provinces, and also whether such interest shall be compounded, and in what manner.
- (h) The ascertainment and determination of the amount of the principal of the Common School Fund, the rate of interest which would be allowed on such fund, and the method of computing such interest.
- (i) In the ascertainment of the amount of the principal of the said Common School Fund, the arbitrators are to take into consideration, not only the sum now held by the Government of the Dominion of Canada, but also the amount for which Ontario is liable, and also the value of the school lands which have not yet been sold.

4. All the accounts referred to in this agreement shall be brought down and extended to the thirty-first day of December, eighteen hundred and ninety-two inclusive.

5. It is further agreed by and between the parties hereto that the questions respecting the Upper Canada Building Fund, and the Upper Canada Improvement Fund, are not at present to form any part of this reference ; but this agreement is subject to the reservation by Ontario of any of its rights to maintain and recover its claims, if any, in respect of the said funds, as it may be advised.

6. It is further agreed between the parties hereto that this agreement shall only have force and effect when and so soon as the same is adopted by Order in Council of the Dominion Government, and of the governments of the respective provinces.

Public Accounts.

7. It is further agreed that nothing herein contained is to limit or preclude the parties to this reference, submitting such further and other questions or matters to the said arbitrators, as may be mutually agreed upon between the parties hereto.

Public Accounts.

2. That in respect to the Quebec account, the Dominion be allowed interest at the rate of five per centum per annum on the two advances of \$500,000 and \$125,000, whenever it happens that there is a balance in favour of the Dominion of \$625,000 or more, and whenever such balance is less than \$625,000 then on such balance.

3. That in respect of the Ontario account, the Dominion be allowed interest at the rate of five per centum per annum on the \$936,729.33 transferred to the Common School Fund, and at the rate of four per centum on the \$500,000 advanced at four per cent, Dominion stock, whenever it happens that there is a balance in favour of the Dominion of \$1,436,729.33 or more, and whenever such balance is less than \$1,436,729.33, then interest shall be allowed to the Dominion at the rate of four per centum per annum on such balance to the amount of \$500,000, and at the rate of five per centum per annum on any sum in excess of the amount of \$500,000.

4. That all charges made in the accounts of the Dominion against the province of Quebec for principal or interest on the Montreal Turnpike Trust Debentures be eliminated from the same.

L. N. CASAULT.

In so far as concerns \$792,750, part of the above mentioned sum of \$936,729.33, I dissent from the above award, as I think no interest should be charged against Ontario in respect thereof.

AWARD ON INDIAN—ROBINSON TREATIES, HURON AND SUPERIOR—ON IMMIGRATION EXPENDITURE—AND ON MUNICIPALITIES' FUND DEFALCATION.

13th February, 1895.

To all to whom these Presents shall come :

The Honourable John Alexander Boyd, of the city of Toronto, and the province of Ontario, Chancellor of the said province; the Honourable Sir Louis Napoléon Casault, of the city of Quebec, in the province of Quebec, Chief Justice of the Superior Court of the said province of Quebec; and the Honourable George Wheelock Burbidge, of the city of Ottawa, in the said province, Judge of the Exchequer Court of Canada, SEND GREETING.

Whereas it was in and by the Act of the Parliament of Canada, 54-55 Victoria, chapter 6, and in and by an Act of the Legislative Assembly of Ontario, 54 Victoria, chapter 2, and in and by an Act of the Legislature of Quebec, 54 Victoria, chapter 4, among other things provided that for the final and conclusive determination of certain questions and accounts which had arisen or which might arise in the settlement of accounts between the Dominion of Canada and the province of Ontario and Quebec, both jointly and severally, and between the two provinces, concerning which no agreement had theretofore been arrived at, the Governor General in Council might unite with the governments of the provinces of Ontario and Quebec in the appointment of three arbitrators, being judges, to whom should be referred such questions as the Governor General and Lieutenant-Governors of the Provinces should agree to submit;

And whereas we, the undersigned John Alexander Boyd, Sir Louis Napoléon Casault, and George Wheelock Burbidge, have been duly appointed under the said Acts and have taken upon ourselves the burdens thereof;

And whereas it was provided in and by the said Acts that such arbitrators, or any two of them, should have power to make one or more awards, and to do so from time to time;

And whereas certain questions respecting a claim made by the Dominion of Canada against the provinces of Ontario and Quebec in respect of Indian claims arising out of the Robinson Treaties, and respecting a certain other claim made by the Dominion of Canada against the province of Ontario, for certain immigration expenditure, and a certain other claim made by the province of Ontario against the Dominion of Canada in the first instance, and by notice to the province of Quebec against that province for the recovery of a balance of the Upper Canada Municipalities' Fund, have been submitted to such arbitrators, and they have heard the parties thereto ;

Now, therefore, the said arbitrators exercising their authority to make a separate award at this time respecting the said matters, do award, order and adjudge in and upon the premises as follows, that is to say :

I. In respect of the claim made by the Dominion of Canada against the provinces of Ontario and Quebec in reference to the Indian claims arising under the Robinson Treaties.

1. That if in any year since the treaties in question were entered into, the territory thereby ceded produced an amount which would have enabled the Government, without incurring loss, to pay the increased annuities thereby secured to the Indian tribes mentioned therein, then such tribes were entitled to such increase not exceeding \$4 for each individual.

2. That the total amount of annuities to be paid under each treaty is, in such case to be ascertained by reference to the number of Indians from time to time belonging to the tribes entitled to the benefit of the treaties. That is, that in case of an increase in the number of Indians beyond the number named in such treaties, the annuities, if the revenues derived from the ceded territory permitted, without incurring loss, were to be equal to a sum that would provide \$4 for each Indian of the tribes entitled.

3. That any excess of revenue in any given year may not be used to give the increased annuity in a former year in which an increased annuity could not have been paid without loss but, that any such excess or balance of revenue over expenditure in hand at the commencement of any given year should be carried forward into the account of that year.

4. That any liability to pay the increased annuity in any year before the union was a debt or liability which devolved upon Canada under the 111th section of the British North America Act, 1867, and that this is one of the matters to be taken into account in ascertaining the excess of debt for which Ontario and Quebec are conjointly liable to Canada under the 112th section of the Act ; and that Ontario and Quebec have not in respect of any such liability, been discharged by reason of the capitalization of the fixed annuities, or because of anything in the Act of 1873, 36 Victoria, chapter 30.

5. That interest is not recoverable upon any arrears of such annuities.

6. That the ceded territory mentioned became the property of Ontario under the 109th section of the British North America Act, 1867, subject to a trust to pay the increased annuities on the happening, after the union of the event on which such payment depended, and to the interest of the Indians therein to be so paid. That the ultimate burden of making provision for the payment of the increased annuities in question in such an event falls upon the province of Ontario ; and that this burden has not been in any way affected or discharged.

7. That interest is not recoverable on the arrears of such annuities accruing after the union, and not paid by the Dominion to the tribes of Indians entitled.

8. That in respect to the matters hereinbefore dealt with the arbitrators have proceeded upon their view of disputed questions of law.

9. That as respects the increased annuities which have been paid by the Dominion to the Indians since the union, any payments properly made are to be charged against the province of Ontario in the province of Ontario account as of the date of payment by the Dominion to the Indians, and so fall within and be affected by our previous ruling as to interest on that account.

That Mr. Chancellor Boyd dissents from so much of the proposition contained in this paragraph, as relates to the date at which such payment should be charged.

Public Accounts.

II. With respect to the claim made by the Dominion of Canada against the province of Ontario for certain immigration expenditure.

1. That the Government of Canada recover against the province of Ontario the amount claimed for the year 1878, but that in reference to the claim made in respect of the years 1879 and 1880, the province of Ontario be discharged and that this award is without prejudice to any question as to whether or not the province has paid more than was actually due in any year.

III. With respect to the claim made by the province of Ontario against the Dominion of Canada, and by notice against the province of Quebec for the recovery of a balance on the Upper Canada Municipalities' Fund.

1. That the province do recover against the Dominion \$15,732.76, parcel of the sum of \$21,488.74, claimed which said sum of \$15,732.76 is to be credited to the province of Ontario in the province of Ontario account as of the date of the 1st of July, 1872; and, that as to the balance of the said claim, amounting to \$5,755.98, the Dominion be discharged, and that the province of Quebec be discharged in respect of the whole claim.

In witness whereof we, the said John Alexander Boyd, Sir Louis Napoléon Casault, and George Wheelock Burbidge, have hereunto set our hands and seals this thirteenth day of February, A.D. 1895.

Re INDIAN CLAIMS ARISING OUT OF THE HURON AND SUPERIOR "ROBINSON TREATIES."

*The Honourable Mr. Chancellor Boyd's Reasons for Award of February 13th, 1895,
Delivered 14th February, 1895.*

I. This broad question as to the obligation of Ontario with respect to the Indians of the "Robinson Treaties" may fairly and properly be dealt with as if the provisions of the treaty and the sections of The British North America Act relating to lands were placed in juxtaposition.

Then arises the inquiry, does any interest in respect of these Indians attach to the lands belonging to Ontario under the 109th section B. N. A. Act?

The course of construction applicable both to constitutional art and Indian Treaty is not that a literal and strict meaning be given to the words but that they shall be construed liberally and comprehensively so as to further the reasonable scope of the provisions. This benignant construction obtains with added force in the construction of a treaty wherein the rules of International rather than of Municipal Law are to be regarded.

Now in these transactions with the aborigines from the earliest colonial times in North America, the Government has assumed the status of the Indian tribes to be that of distinct political communities. When the dealing has been by the Crown for the cession of territory over which some legal possessory right by the tribes in actual occupation has always been recognized, then the form of the transactions has been that of a treaty. Superadded to this, it was to be taken into account that the Indians relatively to the whites are in a state of dependency or pupilage and that the nearest legal analogy as to the relationship between their tribes and the Government is that of guardian and ward.

Hence arise the doctrines well established in American jurisprudence and dating from the era of British colonization that treaty stipulations are to be carried out with the utmost plenitude of good faith and with even generous interpretation in favour of these public wards of the nation.

I cite the language of Mr. Justice McLean, *Worcester v. State of Georgia*, (6 Pet., p. 58²): "The language used in treaties with the Indians should never be construed to their prejudice. If words be made use of which are susceptible of a more extended meaning than their plain import, as connected with the tenor of the treaty they should be considered as used only in the latter sense * * * * * How the words of the treaty were understood by this unlettered people, rather than their critical meaning, should form the rule of construction."

This language is quoted and approved of by Mr. Justice Matthews, giving the opinion of the Court in *Choctaw Nation v. United States*, (119 U. S. at p. 27), and he continues thus: "The recognized relation between the parties to this controversy is that between a superior and an inferior whereby the latter is placed under the care and control of the former, and which, while it authorizes the adoption on the part of the United States of such policy as their own public interests may dictate, recognizes on the other hand such an interpretation of their acts and promises as justice and reason demand in all cases where power is exerted by the strong over those to whom they owe care and protection. The parties are not on an equal footing and that inequality is to be made good by the superior justice which looks only to the substance of the right, without regard to technical rules framed under a system of municipal jurisdiction formulating the rights and obligations of private persons equally subject to the same laws.

"The rules to be applied are those which govern public treaties, which even in the case of controversies between nations equally independent are not to be read as rigidly as documents between private persons governed by a system of technical law, but in the light of that larger sense which constitutes the spirit of the Law of Nations" (1886).

On the face of the treaty of 1850 are found indicia of generous intentions contemplated and liberal dealings promised. Fixed annuities are given as to which no question now arises. Then comes the provision for the augmentation of the annuities, "should the territory ceded at any future period produce such an amount as will enable the Government without incurring loss to increase the annuity." That is to say if the rents, issues and profits (whether from sales, leases, mining royalties, timber licenses or other sources of revenue derived from the surrendered land shall yield a surplus after payment of all outlay in connection with the development and improvement of the territory, then that surplus shall go to augment the annuities from time to time. True, the mere words used do not say that the increased annuity is to be paid out of the proceeds of the land, but that is the plain and reasonable implication. In a dealing between guardian and ward, if the guardian took all the ward's property and undertook to maintain him, besides the general remedy, equity would affix a trust to that effect upon the property so taken. Here the Indians would seem to have a right to an accounting even on the words of the treaty, so as to ascertain whether the event had arisen upon which the annuities were to be augmented. If upon such accounting a proper surplus appeared, natural equity would impose a charge upon that surplus for the benefit of the Indians. That surplus would be in truth in the eye of equity the primary fund for the payment of the augmentations. The legislation (that includes the Government) appears to treat even the fixed annuities as charges on the properties surrendered, and this though the payments are to be punctually made before any of the lands may have been realized. This no doubt is a proper fiscal arrangement, (12 Vict. chap. 200, s. 3). Even as to the fixed annuities, it would seem more obviously right where the annuities, as in the case of the augmentations were only to be paid when a surplus arises out of the administration of the lands.

In this latter case it would be not only a matter of finance and ordinary book-keeping but also a conclusion of proper administration that the revenue for the payment of the augmented annuities should be derived from the surplus outcome of the lands and should be regarded as a charge upon that revenue and so ear-marked as applicable under the "Robinson Treaties."

This charge upon the proceeds of the lands which between individuals would have been looked for (especially where the weaker party was granting his property to the

Public Accounts.

stronger) is here not expressed because the undertaking of the Crown to make the payments afforded ample security, but nevertheless the real nature of the transaction involves the existence of an interest in the Indians in and upon the proceeds of the territory surrendered.

The term "interest" used in the statute is of large enough import to include this latent charge, as put by Mr. Justice Kay in *re Thomas* (34 Ch. D., 172), an interest in the proceeds of land sold is an interest in land in contradistinction to an estate in land."

The making of a treaty usually implies that the nation will by its municipal laws do all that is necessary to carry the provisions of the treaty into effect. (Per Alderson, B., in *Reg. Serva*, 2 C. & K., 86). If the parts of this treaty were thus extended, one proper term would be to charge the augmentations of the annuities upon the surplus revenues of the territory after the deduction of all proper outlays.

By analogy to the equitable doctrine laid down in *Waring v. Ward*, (7 Ves., 336-7), it appears to me that there is an implied obligation to pay the increased annuities out of the proceeds of the lands which passes with the lands as a burden to be borne by Ontario.

II. I think the treaty provides for an increase in the number of Indians, who shall share in the augmented annuities as individuals, and that the increase is not to go to the Indians as a tribe but to the several members per capita at the time of payment. This is applying the liberal construction to the language used, so as to give the greatest possible benefit to the party least able to protect their own interests. The provision as to diminution of the annuity has reference only to the fixed sums, and does not impair the meaning given to the language used as to the augmentations. It is likely that the treaty was shaped with reference to the then prevalent idea that the tribes were dying out, but the intent of the treaty was to assist the Indians to change their state in bringing them a step nearer to civilization. If, however, the tribes increased in number the only limit of future payment is when they become entirely civilized so as to cease to be Indians.

III. It is not desirable to define with minuteness who are Indians entitled to share, in advance of any particular case which arises for decision. It would appear from the despatch, a letter of Mr. Robinson, the Commissioner, which accompanies the treaty that half-breeds were then embraced and numbered with the tribe in the approximate totals given. The recognition of these half-breeds as members of Indian tribes by the Government appears to be manifested in contemporaneous and subsequent statutes.

When the statute of Canada (13-14 Vict., c. 74, passed 10th August, 1850), permitted none but Indians and those who may be intermarried with Indians to reside upon Indian lands, (unless under special license from the Government officer,) and the Act altogether seems to contemplate as Indians those of pure or mixed blood and those intermarried with and living among Indians, (no distinction being made as to sex.) Then coming down to 1857, the statute of that year, (20 Vic., c. 26) gives a definition of Indians as meaning persons of Indian blood or intermarried with Indians, who shall be acknowledged as members of Indian bands, residing upon unsundered lands, or upon lands specially reserved for tribal use in common, and who shall themselves reside upon such lands: that is, one of other blood married to one of Indian blood, acknowledged as a member of the tribe and living on the tribal land with the tribe (whether man or woman) is accounted a member of that tribe. And the descendants of such marriage would be Indians as long as the tribal relation and residence lasted.

This appears to be a more comprehensive category than would be the case if the matter rested on common law or on international law, for in such case, the maxim "*Partus sequitur patrem*," governs cases as to Indians. (See judgment of Parker, J., in *Exp. Reynolds*, 5 Dillon, R. 394, 1879.)

There is the observation also to be made that the Government of Canada, before 1867, had always power to regulate the inhabitaney of Indian lands by excluding all whites therefrom, and their marriage and residency on the part of white people must have been with the sanction of the Government.

I would therefore favour generally the application of the rule so as to include among Indians those of other blood, who are not only married to Indians, but were adopted and acknowledged by the tribe as members, and as such lived in tribal relation with the other members at their common place of residence. If all these conditions did not exist (as to the males anyway) I should say the person of other blood and his descendants was and were not included in those entitled under the treaties.

IV. A similar difficulty arises as to the definition of what outlay should be taken into account before the right to increased annuities arises. All expenses connected with the survey and administration of the lands and the keeping of the accounts and all outlays going to develop and advantage the territory so as to induce settlement and sale would appear to be properly charged against the income from their lands, but it is better to deal with disputed items as they arise specifically than now to attempt to exhaust all details by way of anticipation.

V. In case it appears that surplus revenues existed sufficient to pay increased annuities and that there has been paid by the Dominion Government pursuant to the suggestion of Attorney General Mowat made in 1873, these payments should be recouped to the Dominion as of this date and without interest.

The nature of annuities is such as not to carry interest and the offer of the Attorney General then to submit the matter in dispute as to liability to judicial tribunal should preclude the Dominion from getting interest during the period of delay from then till now.

14th February, 1895.

The Honourable Sir LOUIS NAPOLEÓN CASALTY:—

I would like to say one word about the interest, and about the responsibility of the provinces for the annuities subsequent to confederation. I have had occasion to consider the question before now, a good many years ago, and was firmly of the opinion that for all annuities, and even the capitalization subsequent to confederation, that it should be borne by the province of Ontario. I have had no occasion to change my mind,—far from it, and I am glad to say that my two brother arbitrators are to-day of the same opinion. But there is a distinction to be drawn between the annuities payable after confederation, and those which became due before confederation. Of course, those which became due before confederation were due by the province of Canada to the Indians, and formed the debt of the province of Canada, and for those, if any there be, they should be paid both by Quebec and Ontario, in the proportion held by the first arbitration.

As to interest, we have come to the conclusion, which was not adopted by the learned Chancellor, that the interest should be paid upon a balance of about \$900,000 and \$500,000, say \$1,500,000 by Ontario, and by Quebec upon \$625,000, if the balance against each province amounted to these amounts, and if by the final settlement of the accounts the balance was made less, the interest should be for the less amount. I think this is nothing but a sequence of what we have decided. Of course, it should go with interest, if the final settlement of the accounts diminishes the amount for which we have said that the Dominion was entitled to interest as against the province of Ontario, and if not, of course there would be no interest.

*The Honourable Mr. Justice Burbidge's Reasons for Award of February 5th, 1895,
Delivered 14th February, 1895.*

The case was presented to us by counsel with such completeness and lucidity of argument, and the learned Chancellor has, in the opinion that he has just delivered, and to which we have all listened with so great interest, dealt so fully with the principal issues involved, that I shall content myself with stating as briefly and with as little discussion as possible, the conclusions to which I have come.

I am of opinion, and as to that I do not know that there is any controversy between the parties, that if in any year since the two treaties in question were entered

Public Accounts.

into the territory thereby ceded produced an amount which would have enabled the Government of the province of Canada, or its successor, without incurring loss, to pay the increased annuities thereby secured to the Indian tribes mentioned therein, then such tribes were entitled to such increase, not exceeding four dollars for each individual. So much they were entitled to as a matter of law and right. Any increase beyond that would have been a matter of grace.

I am further of opinion that the total amount of annuity to be paid under each treaty is in such a case to be ascertained by reference to the number of Indians from time to time belonging to the tribes entitled to the benefit of the treaty; that is that in case of an increase in the number of Indians beyond the number of 1,240 named in one treaty, and 1,422 in the other, the annuity, if the funds permitted, was to be equal to a sum that would provide four dollars for each Indian of the tribes entitled. The only difficulty I have had on this point arises from the provision for the diminution of the annuity in case the number of those entitled fell below two-thirds of the numbers mentioned. In that case they were not to have "the full benefit" of the treaty, and the annuity should be diminished in proportion to the actual numbers. If this provision, however, be taken to have reference only to the fixed annuities, which at the moment were for all parties the more important matter, the difficulty disappears. That clause probably was intended to operate in reduction in the case provided for of the perpetual and fixed annuities that were payable quite apart from any consideration of the amount of the revenues to be derived from the ceded territory, leaving the other provision as to increase to depend upon the excess of such revenues over the charges referable to the opening up and administration of such territory. That, on the whole, it seems to me, must have been the intention of the parties.

Then as to "the individuals" who in case the increase can be made without loss, are to be reckoned in ascertaining the amount of the annuity, it is clear of course that they are to be Indians belonging to the tribes or bands entitled, and no one should be counted who was not by law or well-established custom a *bona fide* Indian of the tribe or band.

I agree with what was said by Mr. Robinson of the danger of attempting at present an abstract definition of the word "Indian." With reference to the period before the union, I do not see that there can be any difficulty. Whatever Government is now liable to pay or make good any amounts that were payable but not paid before the union, is so liable as the successor or successors of the old province of Canada, the Government of which appears to have kept a record or list of the names of the Indians entitled to share in the fixed annuities. Generally speaking the "Individuals" whose names appear on such lists would be those to be taken into account in computing any increased annuity that should have been paid. The onus of showing that the names of any individuals entitled to be reckoned were improperly omitted from such lists should now be on the Indians or those who act for them, and in like manner no names should, I think, be struck off except for good reason shown by those whose interest it is to keep the numbers down.

With reference to the period after Confederation, neither Ontario nor Quebec would be in any way affected or precluded by the action of the Parliament or Government of Canada or of any of its officers, either in prescribing a definition of who are Indians or in adding to the lists the name of any "individual" as an Indian, of a tribe or band entitled to the benefit of either treaty. The burden of showing that the names of any Indians so added since the union, to such lists, were rightly added, would be, it seems to me, on the Government of Canada.

I should be equally unwilling to attempt a definition of the expenses and charges for the opening up, settlement and administration of the ceded territory that should be taken into account in determining whether or not the annuities could be increased "without incurring loss." In a general way they must, I think, be fairly referable to the administration of the particular territory and not of the class of expenditures that are incurred by Governments for the general advantage of the whole country. During the argument, certain expenditures by the Government of Canada since the union were mentioned; but on the whole they did not appear to me to be such as should be taken

account of. If, however, there should happen to be any expenditure directly made or incurred by the Government of the Dominion for the purpose of the opening up of, and enhancing the value of the particular territory in question, I am not at present prepared to say that it should not be taken into account.

Then as to the question raised by Mr. Robinson as to whether or not any excess of revenue in any year might not be used to give the increased annuity in a former year in which an increased annuity could not have been paid without loss, I see no reason to change the view I expressed at the hearing, that could not be done. If in any year the condition prescribed by the treaties did not happen the Indians have in respect of that year no claim. Of course any such excess or balance of revenue over expenditure in hand at the commencement of any given year should be taken into the accounts of that year. But if in any year the increased annuity could not be paid without loss after taking any such existing excess or balance into account, then there was as to that year no liability to pay any increased annuity.

I think there can be no doubt that any liability to pay the increased annuity in any year before the union was a debt or liability which devolved upon Canada under the 111th section of the *British North America Act, 1867*.

I am also of opinion that this is one of the matters to be taken into account in ascertaining the excess of debt for which Ontario and Quebec are conjointly liable to Canada under the 112th section of the Act.

I do not think that Ontario and Quebec have, in respect of any such liability, been discharged by reason of the capitalization of the fixed annuities, or because of anything in the Act of 1873 (36 Vict., c. 30). The matter was never considered or taken any account of in such capitalization or in any of the proceedings leading up to the Award of Sept. 3rd, 1870, or in the Award itself.

With respect to the Act of 1873, its effect, so far as it is necessary now to consider it, was to substitute the sum of \$73,006,088.84 for the sum of \$62,500,000.00 in the 112th section of the *British North America Act, 1867*, the result being that Ontario and Quebec became and remained conjointly liable to Canada for any excess of debt over the former instead of the latter sum. That is the clear construction of the Act itself, and it is one that has been acted upon without question by all parties since the Act of 1873 was passed. The contention for a different construction is now raised for the first time. It is now said that the Act of 1873 was conclusive of the amount of the debt with which the old province of Canada entered the union. If so the province of Canada account was closed in 1873, that the negotiations between the parties that have occurred since the agreement of 1888 (Exhibit Z, Report of Conference, 1888, p. 4), the settlement of particular items of that account coming in or ascertaining between the years 1873 and 1888 (*id.* pp. 19 to 22), and our awards in respect to that account and interest thereon all go for nothing. The question is not, it seems to me, open to fair debate.

With reference to the question of interest on any increased annuities that may be now ascertained to have been payable prior to the union, to the Indians under the treaties in question, it is obviously necessary to distinguish between the rights of the Indians to interest, and the question of interest as between the Dominion and the provinces of Ontario and Quebec, as the successors in liability to the old province of Canada. The latter question has been concluded by the agreement of 1888, and our award following that agreement. The question as to whether or not interest should be computed on any arrears of such annuities is another matter depending upon the right in law or equity of the Indians to interest as against the Crown, and it seems to me that they have no case either at law or in equity. I regret that I cannot see my way to a different conclusion. But I have no doubt that the debts and liabilities for which Canada became liable under the 111th section of the *British North America Act* are legal debts and liabilities, and that the excess of debt for which, under the 112th section, Ontario and Quebec became conjointly liable to the Dominion, cannot, without the conjoint consent of Ontario and Quebec be increased by any debt or liability not enforceable in law or equity.

Public Accounts.

If there is to be any consideration of any claim of the Indians to interest on any arrears of annuities payable before the union in recognition of any moral obligation or as a matter of good conscience, it is for Ontario and Quebec to consider the matter and admit or deny the claim as they see fit. The Dominion can collect from them only what they legally owe, and cannot by discharging moral obligations make Ontario and Quebec liable; and there is, if I may express an opinion on that point, obviously no obligation, legal or moral, on the Dominion to do more than collect for the Indians from Ontario and Quebec whatever amount of arrears the province of Canada owed to them, and to pay it over to the tribes entitled.

Unless Ontario and Quebec will consent that in computing the amount of arrears due to the Indians at the union, such arrears shall be computed with interest, they must, it seems to me, be made up without interest.

With reference to the period subsequent to the union, the case presented by the Dominion for the tribes of Indians interested in the treaties in question is, that the ceded territory became the property of Ontario under the 109th section of the *British North America Act, 1867*, subject to a trust to pay the increased annuities on the happening after the union of the event on which such payment depended, and to the interest of the Indians therein. The other question as to whether or not Ontario and Quebec are conjointly liable under the 112th section of the Act to the Dominion for such increased annuities with or without a right on the part of Quebec to be indemnified by Ontario against the same, is not now raised. That question is reserved to come up in some future proceeding or not, as the Dominion may think proper.

Now, looking to the particular matter, my mind lends a ready assent to Mr. Robinson's argument that it is equitable that this burden should fall upon Ontario. Ontario has the advantages resulting from the ownership of the lands, and it should bear the burden. I agree too that, considered as a matter by itself it is highly inequitable that any part of the burden should fall upon Quebec, and even in a greater degree inequitable that Nova Scotia or New Brunswick or any of the provinces that came into the union since 1867 should be called upon as a part of the Dominion to contribute anything towards making good, to the tribes entitled, the increased annuities payable to them under the treaties mentioned; and were it not for the consideration to which I am about to refer I should for myself have little or no hesitation in joining in making an award upon the "equitable principles" mentioned in the sixth section of the Acts under which we are sitting. But the union of the provinces was a large matter involving many issues and considerations of great moment, and the compact to which expression was given in the Act by which the union was consummated, is one which should, I think, be guarded and maintained with great watchfulness and care. What one might think to be fair and equitable with respect to a particular matter dealt with in the Act, abstracted from other provisions therein, might in conjunction with such provisions be in fact and reality unfair and inequitable. So it seems to me that the only safe way is to adhere strictly to the compact or treaty that was made by the province that entered into the union; and that the highest fairness and equity will be found in giving to each the advantages, and imposing upon each the burdens it has bargained for. The case is one in which we ought, I think, to proceed upon our view of "a disputed question of law," and I am the better satisfied to follow that course as it will save to the party against whom any award is made a right of appeal to the Supreme Court of Canada, and thence to the Judicial Committee of the Privy Council (54 and 55 Vict. (D.), c. 6, s. 6).

Now with reference to the question of law in dispute, it seems to me clear that in a narrow and strict sense the Indians for whom this claim is made by the Dominion had at the union no interest in the lands constituting the ceded territory, other than the right or privilege of hunting thereon or fishing in the waters thereof so long as such lands were ungranted. These Indians were no doubt interested in such lands in the sense that it would be to them an advantage to have them managed with a prudence and forethought that would at the earliest possible time and for the longest time possible give them the increased annuities for which the treaties made provision. But the very object of the surrender was to give the Crown a free hand in the settlement and

administration of the land and to divest the Indians of any title thereto or interest therein. And so too, looking to the parties to the treaties in question, the Crown on the one side and the several tribes of Indians on the other, it is possible that the Crown did not after the surrender hold the ceded territory on any trust that would be enforceable in law. But in a broader sense, and I agree fully with the learned Chancellor in thinking that the treaties in question and the *British North America Act* should be construed in a large and liberal way. It seems to me that the Indians, in entering into such treaties, reposed a confidence in the Crown that it would manage the ceded lands fairly for the advantage of all concerned, and so as to raise thereout, if that were fairly possible, the moneys to pay the increased annuities; and that there was a corresponding duty resting on the Crown to do so. In that sense the lands were at the union, it seems to me, subject to a trust or interest existing in respect of the same. It is objected that it was not the lands constituting the ceded territory, but the proceeds of the lands that were impressed, if at all, with any such trust, or in which the Indians had any such interest, and that it is "lands" and not "proceeds of lands," that are mentioned in the 109th section of the *British North America Act, 1867*. But that objection does not, it seems to me, present any great difficulty in view of the facts of the case. These lands were, before the surrender, and have since been vested in the Crown. There was no change of title at the union. The Crown continued to hold them. Before the union the beneficial interest in such lands and the right to take and appropriate the revenues arising therefrom was vested in the province of Canada, and by the 109th section of the *British North America Act, 1867*, that right passed to the province of Ontario. The lands themselves did not pass, in the sense that the title thereto was transferred. What passed was the right to administer and take the proceeds, the revenues arising from such lands. This is clear, I think, from two passages of the judgment of the Judicial Committee, delivered by Lord Watson in *The St. Catharines Milling and Lumber Company v. The Queen* (14 Ap. Cas., 46), cited by Mr. Justice King in *Faswell v. The Queen* (22 S.C.R., 559), and from what the same learned lord said in delivering their Lordships' judgment in the "Precious Metals Case," *The Attorney General of British Columbia v. The Attorney General of Canada* (14 Ap. Cas., 295).

In the former case, referring to the effect of the Imperial Statute, 3 and 4 Victoria, c. 35, Lord Watson said;—

"There was no transfer to the province of any legal estate in the Crown lands which continued to be vested in the Sovereign; but all moneys realized by sales, or in any other manner, became the property of the province. In other words, all beneficial interest in such lands within the provincial boundaries belonging to the Queen and either producing or capable of producing revenue, passed to the province, the title still remaining in the Crown.

And then with reference to the distribution of property under the *British North America Act, 1867*.

"It must always be kept in view that, whatever public land with its incidents is described as 'the property of' or as 'belonging to' the Dominion or province, these expressions merely import that the right to its beneficial use, or to its proceeds, has been appropriated to the Dominion or the province, (as the case may be), and is subject to the control of its Legislature, the land itself being vested in the Crown."

The following are extracts from the judgment in "The Precious Metals Case.":

"The title to the public lands of British Columbia has all along been, and still is, vested in the Crown; but the right to administer and to dispose of these lands to settlers, together with all royal and territorial revenues arising therefrom, has been transferred to the province, before its admission into the Federal Union. Leaving the precious metals out of view for the present, it seems clear that the only 'conveyance' contemplated was a transfer to the Dominion of the provincial right to manage and settle the lands, and to appropriate their revenues. It was neither intended that the lands should be taken out of the province, nor that the Dominion Government should occupy the position of a freeholder within the province."

"In British Columbia the right to public lands, and the right to precious metals in all provincial lands, whether public or private, still rest upon titles as distinct as if the

Public Accounts.

Crown had never parted with its beneficial interests ; and the Crown assigned these beneficial interests to the Government of the province, in order that they might be appropriated to the same state purposes to which they would have been applicable if they had remained in the possession of the Crown. Although the provincial government has now the disposal of all revenues derived from prerogative rights connected with land or minerals in British Columbia, these revenues differ in legal quality from the ordinary territorial revenues of the Crown. It therefore appears to their Lordships that a conveyance by the province of 'public lands,' which is, in substance, an assignment of its rights to appropriate the territorial revenues arising from such lands, does not imply any transfer of its interest in revenues arising from the prerogative rights of the Crown."

That view of what lands means when vested in the Crown in the right of or for the use or benefit of the Dominion or of a province relieves us, I think, of any difficulty that might otherwise arise in respect to any distinction between a trust or interest in such lands and in the proceeds of or revenues arising out of such lands.

I think the ultimate burden of making provision for the payment of the increased annuities in question falls upon the province of Ontario, and that that burden has not, as against the Dominion or these Indians, been in any way affected or discharged. I express no opinion as to the effect of the award of 1870 on the respective rights of Ontario and Quebec. That question would arise in a case presented by the Dominion against the two provinces under the 112th section of the *British North America Act*, but does not arise here.

With reference to interest on arrears of annuities accruing due after the union and not paid to those entitled, it seems to me that they stood in the same position as those that accrued before the union and that interest should not be computed without consent of Ontario. But as to the increased annuities paid by the Dominion to the Indians in 1874 and since, the Dominion should, I think, have interest on any amounts so properly disbursed, if an award as to interest on the province accounts permit of. The payments were made after notice and after certain negotiations between the Dominion and Ontario, in which, without determining on whom the burden should ultimately fall, it was admitted the Indians were entitled. The question then is not one of interest on unpaid annuities, but of interest on moneys paid by the Dominion in respect of a legal liability, for which it is entitled to indemnify against Ontario.

I think any such moneys so properly paid charged against the province in the province of Ontario account as for the date of payment by the Dominion to the Indians and so fall within and be affected by our previous ruling as to interest on that account.

AWARD *in re* COMMON SCHOOL FUND.

To all to whom these presents shall come :

The Honourable John Alexander Boyd, of the city of Toronto, in the province of Ontario, Chancellor of the said province; the Honourable Sir Louis Napoléon Casault, of the city of Quebec, in the province of Quebec, Chief Justice of the Superior Court of the said province of Quebec; and the Honourable George Wheelock Burbidge, of the city of Ottawa, in the said province, Judge of the Exchequer Court of Canada,
 SEND GREETING.

Public Accounts.

Whereas it was in and by the Act of the Parliament of Canada, 54-55 Victoria, chapter 6; and in and by an Act of the Legislative Assembly of Ontario, 54 Victoria, chapter 2; and in and by an Act of the Legislature of Quebec, 54 Victoria, chapter 4, among other things provided, that for the final and conclusive determination of certain questions and accounts, which had arisen or which might arise in the settlement of accounts between the Dominion of Canada and the provinces of Ontario and Quebec, both jointly and severally, and between the two provinces, concerning which no agreement had theretofore been arrived at, the Governor General in Council might unite with the Governments of the provinces of Ontario and Quebec in the appointment of three arbitrators, being Judges, to whom should be referred such questions as the Governor General and Lieutenant-Governors of the provinces should agree to submit.

And whereas, we, the undersigned, John Alexander Boyd, Sir Louis Napoléon Casault and George Wheelock Burbidge, have been duly appointed under the said Acts and have taken upon ourselves the burden thereof.

And whereas it was provided in and by the said Acts, that such arbitrators or any two of them should have power to make one or more awards and to do so from time to time.

And whereas, by an agreement made on the tenth of April, 1893, on behalf of the Government of Canada, of the first part, the Government of Ontario of the second part, and the Government of Quebec of the third part, it was amongst other things agreed by and between the said several governments, parties thereto, that the following questions, as mentioned in the order of the Governor General in Council, of the twelfth day of December, eighteen hundred and ninety, be, and they were thereby referred to the said arbitrators for their determination and award, in accordance with the said statutes, namely:—

1. All questions relating to or incident to the accounts between the Dominion and the provinces of Ontario and Quebec, and to accounts between the two provinces of Ontario and Quebec.

2. The accounts are understood to include the following particulars:—

(a.) The accounts as rendered by the Dominion to the provinces up to January, 1889.

(b.) In the unsettled accounts between the Dominion and the two provinces, the rate of interest and the mode of computation to be determined.

(c.) The accounts as rendered by the Dominion to the two provinces up to January, 1889, to be determined upon.

(d.) The claims made by the Dominion Government on behalf of Indians, and payments made by the Government to Indians, to form part of the reference.

(e.) The arbitrators to apportion the liability of Ontario and Quebec as to any claim allowed the Dominion Government, and to apportion between Ontario and Quebec any amount found to be payable by the said Government.

(f.) All other matters of account (1) between the Dominion and the two provinces, (2) between the Dominion and either of the two provinces, and (3) between the two provinces.

And whereas it was further agreed that the following matters should be referred to the said arbitrators for their determination and award, in accordance with the provisions of the said statutes, namely:

(g.) The rate of interest, if any, to be allowed in the accounts between the two provinces, and also whether such interest shall be compounded, and in what manner.

(h.) The ascertainment and determination of the amount of the principal of the Common School Fund, the rate of interest which should be allowed on such fund, and the method of computing such interest.

(i.) In the ascertainment of the amount of the principal of the said Common School Fund, the arbitrators are to take into consideration not only the sum now held by the Government of the Dominion of Canada, but also the amount for which Ontario is liable, and also the value of the school lands which have not yet been sold.

And whereas, it was further agreed by and between the parties thereto that the questions respecting the Upper Canada Building Fund, and the Upper Canada Improve-

ment Fund, where not then to form any part of the reference; but that the agreement was subject to the reservation by Ontario of any of its rights to maintain and recover its claims, if any, in respect of the said funds, as it might be advised.

And whereas, certain questions respecting the said Common School Fund have been submitted to us, the said arbitrators, and we have heard the parties thereto.

Now therefore we, the said arbitrators exercising our authority to make an award at this time respecting some of such questions and to reserve others for further consideration, do award, order and adjudge in and upon the premises as follows:—

(1.) That the sum held by the Government of the Dominion of Canada on the 10th day of April, 1893, as part of the principal of said Common School Fund amounted to two millions, four hundred and fifty-seven thousand, six hundred and eighty-eight dollars and sixty-two cents (\$2,457,688.62), made up of the following sums, that is to say: 1st. The sum of one million, five hundred and twenty thousand, nine hundred and fifty-nine dollars and twenty-nine cents (\$1,520,959.29) that at the union of the provinces came into the hands of the Government of Canada, and upon which interest has, from time to time in the accounts referred to us, been credited to the said provinces; Secondly. The sum of nine hundred and twenty-five thousand, six hundred and twenty-five dollars and sixty-three cents (\$925,625.63) for which in 1889, the Government of Ontario accounted to the Government of the Dominion; and thirdly, the sum of eleven thousand, one hundred and three dollars and seventy cents (\$11,103.70) for which the Government of Ontario accounted to the Government of the Dominion in the following year (1890).

From this finding Chief Justice Sir Louis Napoléon Casault dissents, he being of opinion that the sum then held by the Dominion Government as part of the principal of the said Common School Fund was greater than has been stated by an amount of one hundred and twenty-four thousand, six hundred and eighty-five dollars and eighteen cents (\$124,686.18), which sum in the said accounts has been deducted from the said fund and credited to the Upper Canada Improvement Fund.

(2.) That the province of Ontario is not liable, out of the proceeds arising from the sale of the Crown Lands of the province, other than the million acres of Common School Lands set apart in aid of the Common Schools of the late province of Canada, to contribute anything to the said Common School Fund.

Mr. Chancellor Boyd dissents from so much of this finding as may imply that Ontario is under any liability in respect to the Common School Fund or Lands.

(3.) That, subject to certain deductions, the province of Ontario is liable for the moneys received by the said province since the first day of July, 1867, or to be received from or on account of the Common School Lands set apart in aid of the Common Schools of the late province of Canada.

Mr. Chancellor Boyd dissents from this finding as to liability.

(4.) That from the moneys received by the province of Ontario since the first day of July, 1867, from or on account of the Common School Lands set apart in aid of the Common Schools of the late province of Canada, the province of Ontario is entitled to deduct and retain the following sums, as provided by the award of the 3rd of September, 1870, that is to say:

Firstly: In respect of all such moneys, six per centum on the amount thereof for the sale and management of such lands.

Secondly: In respect of moneys arising from sales of such lands made between the fourteenth day of June, 1853, and the sixth day of March, 1861, twenty-five per centum of the balance remaining after the deduction of six per centum for the sale and management of such lands.

Chief Justice Sir Louis Napoléon Casault dissents from so much of this finding as relates to the deduction in the cases mentioned of the twenty-five per centum on such balance.

(5) That in respect of the matters mentioned in the four preceding paragraphs, we the said arbitrators, have proceeded upon our view of disputed questions of law.

(6) With reference to the Quebec Turnpike Trust debentures, in which a part of the Common School Fund was invested, we do award, order and adjudge that there is in respect thereof no liability on the part of the Dominion to either of the provinces, or

Public Accounts.

on the part of the province of Quebec to the province of Ontario; but that whatever sums may be realized from the principal moneys due on such debentures, or from the arrears of interest due thereon, on the first day of July 1867, shall be added to and shall form part of the principal of the said Common School fund, and that whatever sums may be realized for interest on such debentures that has accrued due since the first day of July 1867, or which may hereafter accrue due, shall be dealt with as income arising from such fund.

(7) With respect to the claim made by the province of Quebec that the Dominion is liable for interest on moneys received by the province of Ontario from the sales of Common School lands and retained by that province, we do award, order and adjudge that the Dominion is not liable therefor.

(8.) And with respect to other questions and matters relating to the Common School lands and fund, we, the said arbitrators, do not make any award, but reserve the same for further consideration.

In witness whereof we, the said John Alexander Boyd, Sir Louis Napoléon Casault and George Wheelock Burbidge, have hereunto set our hands and seals this sixth day of February, A.D. 1896.

SECOND AWARD ON COMMON SCHOOL FUND.

To all whom these presents shall come :

The Honourable John Alexander Boyd, of the city of Toronto, and the province of Ontario, Chancellor of the said province ; the Honourable Sir Louis Napoléon Casault, of the city of Quebec, in the province of Quebec, Chief Justice of the Superior Court of the said province of Quebec ; and the Honourable George Wheelock Burbidge, of the city of Ottawa, in the said province, judge of the Exchequer Court of Canada,

SEND GREETING :

Whereas it was, in and by the Act of the Parliament of Canada, 54-55 Victoria, chapter 6, and in and by an Act of the Legislative Assembly of Ontario, 54 Victoria, chapter 2, and in and by an Act of the Legislature of Quebec, 54 Victoria, chapter 4, among other things, provided that for the final and conclusive determination of certain questions and accounts which had arisen, or which might arise in the settlement of accounts between the Dominion of Canada and the provinces of Ontario and Quebec, both jointly and severally, and between the two provinces concerning which no agreement had theretofore been arrived at, the Governor General in Council might unite with the governments of the provinces of Ontario and Quebec in the appointment of three arbitrators, being judges, to whom should be referred such questions as the Governor General and Lieutenant-Governors of the provinces should agree to submit.

And whereas, we, the undersigned John Alexander Boyd, Sir Louis Napoléon Casault, and George Wheelock Burbidge, have been duly appointed under the said Acts, and have taken upon ourselves the burden thereof.

And whereas it was provided in and by the said Acts that such arbitrators, or any two of them, should have power to make one or more awards and to do so from time to time.

And whereas by an agreement made on the tenth of April, 1893, on behalf of the Government of Canada of the first part, the Government of Ontario of the second part, and the Government of Quebec of the third part, it was, among other things, agreed by and between the said several governments, parties thereto, that the following questions, as mentioned in the order of the Governor General in Council, of the twelfth day of December, eighteen hundred and ninety, be, and they were thereby referred to the said arbitrators for their determination and award, in accordance with the said statutes, namely :—

1. All questions relating to or incident to the accounts between the Dominion and the provinces of Ontario and Quebec, and to accounts between the two provinces of Ontario and Quebec.

2. The accounts are understood to include the following particulars :—

(a.) The accounts as rendered by the Dominion to the provinces up to January, 1889.

(b.) In the unsettled accounts between the Dominion and the two provinces, the rate of interest and the mode of computation of interest to be determined.

(c.) The accounts as rendered by the Dominion to the two provinces up to January, 1889, to be determined upon.

(d.) The claims made by the Dominion Government on behalf of Indians, to form part of the reference.

(e.) The arbitrators to apportion the liability of Ontario and Quebec as to any claim allowed the Dominion Government, and to apportion between Ontario and Quebec any amount found to be payable by the said government.

(f.) All other matters of account, (1) between the Dominion and the two provinces ; (2) between the Dominion and either of the two provinces ; and (3) between the two provinces.

And whereas it was further agreed that the following matters should be referred to the said arbitrators for their determination and award, in accordance with the provisions of the said statutes, namely :—

(g.) The rate of interest, if any, to be allowed in the accounts between the two provinces, and also whether such interest shall be compounded, and in what manner.

(h.) The ascertainment and determination of the amount of the principal of the Common School fund, the rate of interest which should be allowed on such fund, and the method of computing such interest.

(i.) In the ascertainment of the amount of the principal of the said common school fund, the arbitrators are to take into consideration, not only the sum now held by the government of the Dominion of Canada, but also the amount for which Ontario is liable, and also the value of the school lands which have not yet been sold.

And whereas it was further agreed that all the accounts referred to in this agreement should be brought down and extended to the thirty-first day of December eighteen hundred and ninety-two inclusive.

And whereas certain questions respecting the said common school fund have been submitted to us, the said arbitrators, and we have heard the parties thereto, and have made and published our award in respect of some of such questions, and have reserved others for further consideration.

Now therefore, we, the said arbitrators, exercising our authority to make a further award at this time respecting the same, do award and adjudge in and upon the premises as follows, that is to say :—

1. That the amount of principal and interest of the common school fund, for which the province of Ontario is liable, shall be brought down and extended to the thirty-first day of December, eighteen hundred and ninety-two, inclusive, and shall be carried into the proper accounts as of that date.

2. That in computing the amount of principal money of the Common School fund, for which the province of Ontario is liable, the following sums shall be deemed to be and shall be treated in all respects as moneys received by the province from or on account of the common school lands set apart in aid of the common schools of the late province of Canada, that is to say :—

(a.) Any sum of money due for principal or interest from any purchaser of said common school lands, remitted by the province of Ontario to the purchaser, unless it be shown by the province that such remission was made in a fair and prudent administration of the common school lands and fund ; and

(b.) Any sum of money due for principal or interest from any purchaser of said common school lands, at the time when letters patent for such lands were issued to him by the province of Ontario, and not collected by the province, unless it be shown by the province that there was good cause for not collecting the same.

3. That where in a fair and prudent administration of the common school lands any sale of such lands has been cancelled by the province of Ontario, and the same resold at a price less than that first obtained, the province shall not be liable for the loss resulting therefrom.

4. That in computing the amount of interest due from the province of Ontario to the common school fund on the thirty-first day of December, eighteen hundred and ninety-two, such interest shall be computed and made up at the rate of five per centum per annum and shall be compounded half-yearly.

5. Mr. Chancellor Boyd dissents from so much of this award as makes the province of Ontario liable for any sums of money remitted to or not collected from the purchaser of any common school lands and for interest on any sums so remitted or not collected.

6. And with respect to other questions and matters relating to the common school lands and fund, we, the said arbitrators, do not now make any award, but reserve the same for further consideration.

In witness whereof, we, the said John Alexander Boyd, Sir Louis Napoléon Casault, and George Wheelock Burbidge have hereunto set our hands and seals this sixth day of March, in the year of our Lord one thousand eight hundred and ninety-six.
