

LIBERAL WAVE SWEEPING FROM MILLTOWN TO MONCTON

THOUSANDS GREET THE NEW BRUNSWICK LEADER

Pugsley Given Tremendous Ovation at Oak Bay in Afternoon and Milltown in Evening
Exposes Unsavory Tory Tactics in One of the Best Speeches of His Career—Charlotte Will be Redeemed

ST. STEPHEN, Oct. 7.—Marked by excellent speeches and attended by big crowds, two great gatherings were held in this vicinity today in the interests of W. F. Todd, the Liberal candidate. The enthusiasm was greater than that ever shown before in this county, and it is in any criterion the success of Mr. Todd on Oct. 28th is assured. Over 1,000 persons attended the picnic this afternoon at Oak Bay, the crowd being present from all parts of the county. Fighting speeches were delivered by Hon. Wm. Pugsley, Minister of Public Works, and the candidate. The attention given to their remarks was surprising. The cheers on every point was made against the opposition shows that from one end of the county to the other the tide of Liberalism is rising and when election day arrives the opposition will be swept away.

The Evening Meeting
The evening's meeting was held in Eaton's Hall, Milltown, and was attended by an audience which filled the hall to overflowing, and the issues were again discussed by the same speakers and there was no less enthusiasm shown.
Mr. Pugsley in one of the best speeches of his career exposed the un-

savory tactics of his opponents and was greeted with round after round of applause in the course of his eloquent address. Mr. Todd put forward a strong and convincing argument in favor of Liberal principles and had his hearers with him from the start. Charlotte county is rallying roly to the Liberal standard. The electors have apparently concluded that as far as their representative is concerned it is time for a change.

Afternoon Session

The picnic in the afternoon was held on the property of William Berry at Oak Bay, five miles from St. Stephen, and was in every way a complete success. There were about 1,000 people present and voters from all parts of the province were represented. Farmers drove in from distant parishes and the large number of vehicles of all kinds and descriptions, including automobiles, which were scattered over the ground or ranged around the temporary platform indicated the interest which the Liberals of Charlotte were taking in the contest. It was nearly three o'clock when the Minister of Public Works, who was accompanied by Mrs. Pugsley, arrived on the grounds with Mr. Todd, the Liberal candidate.

FASHION NOTE.—ELECTION SMILES ARE BEING MUCH WORN THIS FALL.

WITNESSES IN BAYNE CASES ARE MISSING

TRURO, N. S., Oct. 7.—The desperate efforts of the Conservatives to keep the lid on the mass of revelations which in a small degree only were brought to light in the preliminary investigation of Alonso Bayne's operations last November in Five Islands, are again shown in the Supreme Court here. During the trial the defendant's attorney, Magistrate Crowe, L. B. Carr, a most important witness, was with difficulty located and finally brought into court by constables sent especially to find him. He proved to be one of the chief men operating under Bayne. F. Lawson Jenkins of Parrsboro, another one of Bayne's pals, also refused to attend the trial. The defendant's attorney, Magistrate Crowe, L. B. EXPLOSION IN GRAIN ELEVATOR PARTY OWNED BY THE C.P.R. RESULTS IN DEATH OF THIRTEEN

Spontaneous Combustion of Dry Grain Dust Ignited by the Sun's Rays Through a Window Causes Disaster at Richford, Vermont—Twenty-one Working in Elevator When Explosion Wrecks It

RICHFORD, Vt., Oct. 7.—An explosion of dust and gases in a large grain elevator owned by the Canadian Pacific and the Boston and Maine Railroad, in this village, caused the death of at least thirteen persons late this afternoon, while it is possible that the death toll may be still further increased, when the full extent of the disaster is known.

The explosion occurred at 4.35 this afternoon, while work was going on within the elevator. It is supposed that it was due to spontaneous combustion of the dry grain dust, ignited possibly by the sun's rays through a window. With a concussion which could be heard for miles and which shook every building in the town, the roof of the elevator was blown skyward, while flames burst from every window and door of the structure. The roof, or the greater part of it, was carried a long distance and fell in a field. Several freight cars, which were standing on the track beside the building, were thrown over and broken into a mass of wreckage and every person within a radius of twenty or a mile of the structure was knocked off his feet, and wholly or partially stunned.

Twenty-one in Building
Twenty-one men, all employees of the elevator, are known to have been in but eleven had been located as living late tonight. Of the others one body only was found. It was carried by the explosion 200 yards and was found in a field near the roof. The bodies of this man's companions are supposed to have been incinerated in the tremendous heat of the burning grain. The list of dead is as follows:
Heman Lahaue, 40 years old, married; leaves a wife.
Lucius Wright, 25 years old, married.
Robert Mandigo, 22, married.
W. C. Barney, 50 years, married, and has several children.
Ralph Haire, 29, single; Herman Niles, aged 25; Charles Narrows, 24, single; Louis Paineau, 40, married; Dora La Porte, 21, single; — Tuttle; a workman, name unknown, who is known to have been in the building and who is reported missing; Mrs. Jelliffe, Mrs. Guard, aged 40.

The two women were walking on the track near the building and were stunned by the explosion. Both were living, though badly burned when they were picked up by rescuers and taken to a neighboring house, but they died within a few hours.

Freight cars on the tracks of the Canadian Pacific railroad also caught fire and seventy-five of them were scorched in the yard at the time, so that with the exception of a few cars which railroad men and citizens managed to push down the tracks beyond the reach of the flames, practically every piece of rolling stock in the yard was consumed.

The wreckage blocked the railroad tracks completely, and it was necessary to send all trains over the Canadian Pacific by the way of Sherbrooke, Que., although wrecking crews were early on the scene ready to begin work as soon as the mangled work of the blasting cars cooled sufficiently to permit

PARTY LEADERS OUTSPOKEN FOR PURE ELECTION

TORONTO, Ont., Oct. 7.—Sir Wilfrid Laurier has sent the following letter to Rev. Dr. Chalmers, the temperance and moral reform secretary of the Methodist Church, who wrote urging the leader to purify public life: "I have duly received your two letters. Pressure of business prevented me from immediately acknowledging them. I fully appreciate the interest you take in the welfare of the country and agree with you that the question of purity in the elections is one of paramount importance. I think that I can claim that my position has been above one of absolute hostility to any party in Canada as its pure as in any other country in the world and I am deeply anxious that everything be done to prevent any reproach being cast on it. Assuming you of my earnest sympathy with your desire for purity in public life, and once again affirming my sincere desire that the coming campaign as well as all others be conducted in the most upright and a conscientious manner believe me, dear Dr. Chalmers, (Sgd.) SIR WILFRID LAURIER."

THIN BLOOD MADE STRONG

Tiredness and Weakness Overcome
A Joyous Letter
"I admit because I neglected early treatment I am entirely to blame for the condition of weakness that for nearly two years made my life a real misery," writes Mrs. Hazen of Beaufort. "At first I felt sort of flat in the morning and could do no more than pick at my breakfast. Later I remember my sleep was disturbed, that I dreamt, restless sleep, from which you finally awoke, feeling as if you could never get up. Then I became thin, lost my color, got nervous and fearful about nothing, and kept thinking about myself all the time, and was irritable, cross and easily made cry. What would have become of me if I had not taken Ferrone's I can't imagine. Ferrone's put new life into me from the start. It strengthened my nerves and brought back my color, and in a little while, less than three months, no healthier and brighter woman could be found anywhere. I highly praise Ferrone's and advise sick people to take advantage of its health-conferring properties of both body and mind, simply because it forms lots of blood that's full of life and vitality. Ferrone's creates appetite, gives strength, vim and endurance. It's good for old people, good for everybody that needs better health. Thousands of men, women and children use Ferrone's every day and all praise it as the best nourishing, strengthening tonic made; try Ferrone's yourself, 50c per box or six boxes for \$2.50, sold by all dealers."

MORRISON'S DOOM IS SURELY SEALED
CHATHAM, N. B., Oct. 7.—Liberal prospects in this county grow brighter with each passing day. Moderate Conservatives admit already that their candidate is doomed and many declare they will not even go to the polls. A large section of his party have no use for Mr. Morrison and they make no bones about admitting that they will "knive him." The Robinson faction, a very large and influential section of the party in this county, is holding wholly aloof and James Robinson's absence from the county at this time and until after election day is significant. The dismissal of John Robinson, former game warden, by the local government has turned many Conservatives against Morrison. It is known that only through his persistence was the government finally led to abolish the former position and as many of John Robinson's friends and relatives are Conservatives, the defection from that party on this one point is serious. Mr. Loggie is meeting with great receptions wherever he speaks, and it is freely predicted that he will poll an even larger vote than in 1904. Certainly Mr. Morrison will not poll as good a vote as Robinson did in 1904, and Loggie's majority will be about 800.

SHOPS WILL SOON BE IN FULL BLAST
Number of C. P. R. Professional Strike Breakers Leaving
WINNIPEG, Man., Oct. 7.—In a few days the C. P. R. shops will be in full blast again. A large number of the men who went on strike two months ago will be re-employed. A number of the professional strike breakers are leaving and have already left, and incompetent workmen will, of course, not be retained.

At the offices this morning there was a large number of men applying for work but they were advised to make application at the shops, where the men are being taken on. It is confidently expected that it will not be long before most of the men will be at work again and full harmony will prevail.

SINKS OR SWIMS ON THE BRANCH LINES POLICY

Emmerson Makes Eloquent Appeal
OVER 2,000 PRESENT

Declares That it is Up to Moncton to Vote for Agast I. C. R. Expansion

MONCTON, N. B., Oct. 7.—Amid scenes of great enthusiasm Hon. H. R. Emmerson tonight addressed an audience of over two thousand people which crowded the Hippodrome Theatre to its limits. For the third time today Hon. Mr. Emmerson addressed an audience, having spoken at two other political gatherings, and his speech here tonight was a splendid effort. Other fine speeches were delivered by Mr. Ralston, Liberal candidate in Cumberland, N. S., and Jules Parry, Liberal candidate in Dorchester, Quebec, who addressed the gathering in French. The meeting was convened at forty-eight hours' notice, about 2,000 being present.

Branch Line Policy

The principal features of Hon. Mr. Emmerson's speech were his references to the branch line policy, and his cheering of the audience, he made a stirring appeal for support and his denunciation of charges recently made by Mr. Borden concerning the transaction in which the purchase of land for the G. T. P. terminal in this city was involved. It was the reference to the branch line policy which means much to Moncton which had the greatest effect on the audience tonight, and Mr. Emmerson's remarks in this respect were enthusiastically applauded. Referring to the I. C. R. fire in February, two years ago, Mr. Emmerson said that on that occasion politics were forgotten and Liberals and Conservatives of Moncton alike stood on the common platform to fight for the best interests of the city. It was on the common platform broad and strong enough to contain all parties that he would make his appeal, and branch lines he would make one which affected every home in Moncton, and the proposition that unless the people of the community said by votes they wanted would never be carried out. "I want it understood," said Hon. Mr. Emmerson amid the rousing cheers of the big audience, "that these are my politics, that is my platform, and I stand or fall upon that question of expansion of the I. C. R. The question of the absorption of the branch lines, and if you do not want the idea carried out then do not vote for me. As you were united in February, 1900, on the question of maintenance of the I. C. R. shops in Moncton, so should you be united on this greater question. (Cheers). The enlargement of the I. C. R. means the development of your city. I have been proud in the past of the Liberal party, but I am prouder now of the fact that the Liberal party was big enough and broad enough to take into favorable consideration the question of such moment to the Maritime Provinces and the city of Moncton."

Accepted Conditionally

Although I stand here tonight as a candidate of the Liberal party, I accepted that nomination on condition that I could retire from the candidature if the government failed to adopt the branch lines as part of its platform. Referring to the charge made at London, Ont., by R. L. Borden that as Minister of Railways the Hon. Mr. Emmerson had benefited from a certain land transaction, Emmerson went into this matter fully. The land is situated between the I. C. R. north and St. John lines, being triangular in shape and when Moncton was finally decided on as a terminus of the G. T. P. he instructed D. Pottinger, general manager, to ascertain the value of this land, it being desirable. The report was sent to him as Minister of Railways signed by James T. Ryan, then mayor of the city of Moncton; H. G. Marr, a prominent local merchant, and F. W. Sumner, who is opposing Emmerson in Westmorland in the Tory interest, fixing a thousand dollars per acre as a reasonable price for the land, and at this rate between eight and nine acres were purchased. Mr. Emmerson said he did not think he could enrich himself to a great extent on the thousand dollars and referred to the fact that before the public accounts committee he had made a declaration under oath that neither himself or any member of his family had in any way benefited by the transaction.

TWO NOTICES IN ROYAL GAZETTE WHICH ARE WELL WORTH READING

FREDERICTON, N. B., Oct. 7.—Mr. Brown's campaign in York continues to flourish and every day his stock is going up. At Cross Creek last night he addressed the electors of Stanley parish, notwithstanding that two miles away at Stanley Village, Crockett and McLeod were holding forth and their friends had tried to kill Brown's meeting by spreading the false report that the Stanley gathering was to be a joint one. Mr. Brown is making a great hit with the electors by his trenchant addresses, and among the people in his personal canvass he is making many enthusiastic friends.

Coun. Gordon Grant in a letter to the Herald today absolutely denies that he is or was an endorser on Brown's paper as alleged by the local Tory organ, and gives the lie direct to that paper, thus corroborating Brown's statement here Saturday night. The local organization in this city for Brown is proceeding most satisfactorily and the Liberals count confidently on giving their candidate a majority of 150 in Fredericton.

IN NORTHUMBERLAND
Further reports from Northumberland fully confirm the correctness of the Sun correspondent's interview with Hon. John P. Burchill. A prominent Conservative who was here today from that constituency declared that Loggie's election is assured, that James Robinson's friends are resolutely trying the treatment he received through Morrison butting in and securing the nomination, and that they will either remain away from the polls or support Loggie.

In the Royal Gazette today appear two official notices. One over the signature of the Commissioner of Public Works calls for tenders for an Albert County bridge, adding that plans and specifications may be seen at the office of W. B. Dickson, M. P. P. In the same column is another notice over the signature of Judge McLeod of the Supreme Court, declaring that on the application of W. Malcolm McKay of St. John the judge has directed that all the estate, personal and real, of W. Robinson of Hillsboro, absconding, B. Dickson of Hillsboro, absconding, concealed or absent debtor, be seized and sold for the benefit of his creditors. Read together these notices are a curious commentary on the present Tory campaign for purity and honesty in public life.

The Surveyor General has postponed the inquiry into the charge against Arthur Robinson for shooting moose out of season until Wednesday, Oct. 21st, at Newcastle.

ST. JOHN, N. B., OCT. 2, 1908.

THE REPRESENTATIVES WE NEED

That the port of St. John would not suffer loss with the defeat of Dr. Pugsley and Mr. Pender is the frequent assertion of those who are attempting to breathe the breath of life into the local Conservative campaign.

St. John asks for fair treatment. We do not pose or purpose to pose as paupers making pauper requests of the federal authorities.

To be adequately represented in any government the city of St. John must have a man who has the ability to lead the members of that government to recognize the essential fairness of our local judgment.

And to the statement that Fowler and Pender are the only men who do better? Think it over.

FWOILER AND THE FORESTERS

The local Conservative organ, defending George Pender, asserts that the Foresters made money out of the manipulation of their funds, and that for the land he purchased from the C. P. R. he paid the same price that would have been charged otherwise.

With regard to the first assertion, if the Foresters profited so richly from this connection with Mr. Fowler, it is somewhat peculiar that the Supreme Chief Ranger has made oath that Fowler "swindled" the order and that he has taken legal action to recover \$50,000 of the amount "swindled."

"We have succeeded beyond our wildest hopes. We wired D. M. and he met us at the train at Toronto and took us to his office and gave us the route to far as located, of course under cover of the strictest secrecy, so keep it mum except to Borden, Pender and yourself. We expect to have a wealthy Englishman named Lister, the head of the Canadian Chemical Company, and Col. Pellatt in the combine with us. We have increased the thing to \$200,000. On arriving here we interviewed Mr. THOMAS SHEAUGHNESSY, AND HAVE EVERY REASON TO EXPECT MOST GENEROUS TREATMENT AS TO TERMS AND PRICE. HE SAID WE SHOULD GET THE BEST THAT WAS GOING. We want to arrange for a meeting there when the party returns to Montreal. Tell Borden and Bennett about the meeting. We are apparently on this point the dispute is between the organ and Mr. Fowler.

THE MONTCALM SCANDAL

A section of the Conservative press still continues to shout "swindled!" over the purchase of a couple of thousand dollars' worth of silver and glassware by the government.

As a matter of fact the Montcalm is the best selected to take His Excellency and other distinguished guests to the country to their destination, when visiting the coast.

Mr. E. W. Thompson, writing from Winnipeg in his capacity as Canadian correspondent of the Boston Transcript, says: "The duty of correctly informing the many Canadians and other Transcript readers of Boston, regarding the AN UNDOUBTING PROGNOSTICATION THAT LAURIER WILL SWEEP THE WEST ALMOST BARE OF OPPOSITION MEMBERS."

As the evenings grow longer our Conservative friends will have more opportunity to perfect themselves in the popular game of figuring out a majority for their party in the coming election.

Table with 2 columns: Party Name and Number of Members. Includes Ontario, Quebec, Nova Scotia, New Brunswick, Prince Edward Island, Saskatchewan, Alberta, British Columbia, Yukon, and Liberal majority.

The problem is to divide these figures, with any regard to probability, so as to give Mr. Borden a majority; so as the player must remember, if he is a Conservative, that the intelligent Canadian elector has a most irritating and culpable anxiety to vote the winning ticket, and that therefore if he cannot figure out a Borden majority he makes certain a further diminution of the Borden minority.

A GREAT MEETING

Packed from the pit to the topmost dregs of the gallery, with hundreds crowding the aisles and doorways and the spaces back of the seats everywhere, all on fire with enthusiasm and broad confidence in the Liberal party and its leaders and of assurance of a victory which means progress for Canada and for St. John, the Nickel Theatre last evening presented a scene seldom excelled or rivalled in the political history of this constituency.

year and the vast importance of the new work he has under way and 'planning' and partly because of the popular reaction which has set in against the vicious and scandalous tactics made upon him by his opponents.

But this personal discussion, forced upon him by the malice of his enemies, was apart from the real matter of his speech which was St. John, its opportunities and its prospects as one of the greatest of the Dominion.

Mr. Pender, in a speech full of facts and bluff common-sense and strong argument, told the Minister particularly effective, and he particularly effective, and he particularly effective.

As the evenings grow longer our Conservative friends will have more opportunity to perfect themselves in the popular game of figuring out a majority for their party in the coming election.

A CRUEL COMPARISON

The Montreal Star gives Sir Wilfrid Laurier credit for removing from the Ottawa Liberal list a man suspected of graft and cruelly contrasting the minister's action in this matter with Mr. Borden's treatment of the black sheep within the Conservative ranks.

Mr. Borden has frequently boasted that the Conservative party possessed abundant cabinet material of a superior quality. He has even intimated that from his present parliamentary following he could select a better Minister than Laurier's.

HANDICAPPED BY HIS RECORD

The Ottawa Citizen is too consistently Conservative to feel much sympathy for the trouble into which Laurier's tortuous political course has led him.

LIBERAL RECOGNITION OF LABOR

YORK ENTHUSIASTIC

FREDERICTON, N. B., Oct. 4.—The intensity of Liberal enthusiasm in this city is judged from the fact that nearly two hundred people waited for the party headquarters until after ten o'clock last night to greet the Liberal candidate, Mr. Brown, who was announced to speak at 8.30, but was detained on the way from Millville by a blocked train on the Milville branch.

LANDER SMASHED

In a campaign he more actively than Mr. Brown, the Liberal candidate, has been the subject of a "lander" smash. It is reported that the Liberal candidate, Mr. Brown, who was announced to speak at 8.30, but was detained on the way from Millville by a blocked train on the Milville branch.

In Gloucester the Conservatives have no hope of winning. Mr. Turgeon has greatly strengthened his position since the late election. The fact of his ticket against two other tickets clearly showed how things will go in that county.

TAFT WILL WORK UNTIL THE EVE OF THE ELECTION

Will Close the Campaign at Youngstown, Ohio, Where It Was Opened by Gov. Hughes.

KANSAS CITY, Mo., Oct. 5.—It has been definitely decided that William H. Taft shall close his campaign on the night of November 2 at Youngstown, Ohio. The national campaign of the party was opened at that place with Governor Hughes as the principal speaker, and it has been deemed fitting that the national candidate should make his closing address at that place.

PEARSON TELLS WHY HE LEFT TORY PARTY

Was Perfectly Disgusted With the Tory Do-nothings Country Would Have Suffered Greatly if They Had Been Elected

Large and Enthusiastic Meeting Held at Sussex Last Evening

SUSSEX, N. B., Oct. 6.—There was a large and enthusiastic gathering of Liberals at the Upper Corner tonight to organize for the election campaign. The Liberal organizer, E. S. Carter, was present and in a short time completed the work of organization. E. O. McIntyre was elected president of the Liberal club, and William Upham, vice-president for that section. Joseph Lynch for Jeffrey Cove, Wesley McFarlane, Markhamville, John Cother, Newline Road; Martin Dunn, Ward's Creek, and Peter McGuinn, Mill Brook. E. W. Watt was elected secretary and other members of the committee included Hugh R. McMonagie, King McFarlane, James Doherty, James Hayes, Thomas Bolan, Wm. J. Bookford, Ritchie Price, C. W. Regan and Samuel Sullivan.

Successful Campaign

Hon. C. J. Osman, who was present, addressed the gathering and told in an interesting manner how successful a campaign Dr. McAlister was conducting in Albert.

At the foundation of Mr. Sharp's speech Dr. Pearson, who had just arrived, was given a rousing reception, which was repeated when he began to address the electors. After thanking them for their warm reception, Dr. Pearson referred briefly to the many hard things that were said about him today after his declaration made in the Liberal committee room last evening. He believed in a man asserting his independence and not being so hide bound that he could not do so when he saw fit to disapprove of the acts of a political party. Amid ringing cheers he announced that he was through with the Conservative party and would stay with the Liberals as long as their policy suited him. He explained at some length that while he had supported the Conservative party four years ago at that time he did not believe in the construction of the Grand Trunk Pacific. Since then he had changed his view and now he believed it was the greatest undertaking Canada has ever seen. He pointed out that the road was opening up the center of the province and that it was the most fortunate thing that the Conservative party had not gained power four years ago for that would have meant that the construction of the road and the development of the province would have been kept back for many years.

Would Be a Disaster

It would be a disaster to the country if the Conservatives were given power at this stage, and he would do all in his power to keep them in opposition. A British Columbia newspaper wanted the Conservatives to gain power, giving as one reason that eggs would then be twelve cents a dozen. How would the farmers of New Brunswick like that. He believed Dr. McAlister would be elected and only need a change of 175 votes, and he would get half of them in the party of the masses. This remark was greeted with tremendous applause. He hoped that the campaign would be free from personalities, but if the Conservatives began to throw mud he would show them that he could throw mud also. He had been a personal and political friend of Mr. Fowler's, but he did not like his course in parliament. He did not believe it was right for him to accept a retainer from the big railway corporations in the form of a tip on a railway location. He believed men in parliament should stand clear and be in a position to veto the demands of these great railway corporations. After thanking the electors for their cordial reception, Dr. Pearson concluded amid great applause.

CARVELL MAKING GREAT PROGRESS

Men Who Voted for Smith Last Winter Now Denouncing Him

WOODSTOCK, N. B., Oct. 6.—The campaign is going with a swing in Carleton. Every day Carvell's chances are improving. Last night the candidate and Ald. Dugan spoke to a crowded house at Watson settlement, and tonight Mr. Carvell will be at Bloomfield. Hon. W. P. Jones, Geo. W. Upham, Dr. Nelson Grant, Dr. E. S. Kirkpatrick and Mr. N. F. Thomas spoke at Pembroke to the largest audience ever assembled in that place. Tonight all but Hon. Mr. Jones are at Lower Brighton. Word from the upper end of the county is most encouraging and Smith's friends are becoming very much frightened. His meetings are by no means so large nor enthusiastic as the Liberal gatherings, and in every parish scores of men who voted for Smith last winter are denouncing him for resigning to run for Ottawa. Carvell will carry the parish of Kent by an overwhelming majority, divide Aberdeen, take a majority in Wicklow, carry Brighton, reduce the adverse majority in Simonds and Peel, sweep Northampton, Wilmot, Wakefield, Richmond, Woodstock parish and Woodstock town.

OLD LADIES' HOME BEQUEST CAME UP

Request to Have Money Furnished Will Likely be Granted

FREDERICTON, N. B., Oct. 6.—In the county court Chief Justice Barker presiding, His Honor gave judgment in the case of Elick vs. Edwards, sustaining the plaintiff's objections to the defendant's plea. This was an action to recover certain rents of the Mount property which the court had awarded to the plaintiff. The defendant endeavored to collect from the defendant, A. Young, of Woodstock, moved on behalf of Allen V. Lombard, for an injunction against Dunbar Co., of Woodstock, for infringement of patent rights. A. J. Gregory, K. C., applied to the court for reference to a referee in the case of Frank I. Morrison et al vs. The Bishop of Fredericton et al. This action is in connection with the estate of the late Mrs. Fraser, widow of the late Hon. J. J. Fraser and is brought by F. L. Morrison and A. J. Gregory, executors of the estate of the late Mrs. Fraser, sister of the late Hon. J. J. Fraser, against the Bishop of Fredericton and the late Mrs. Fraser and the will of the late Mrs. Fraser and T. Carlton Allen and A. J. Gregory, administrators of the estate of the late Mrs. Fraser. The action is to obtain instructions as to the distribution of the estate of the late Mrs. Fraser and the disposition of the bequest of the late Mrs. Fraser for the establishment of an Old Ladies' Home in this city at Farmine Place, the residence of the late Lieutenant Governor Fraser. The amount left for the establishment of the Home has proven insufficient for the purpose and the court will be asked to order that the money be funded until such time as there is sufficient to establish a home in accordance with the wishes of the late Mrs. Fraser. The reference will probably be granted.

Campbellton Hall Is Crowded

Loggie Says He's the Best Man the County Could Choose

CAMPBELLTON, N. B., Oct. 6.—W. S. Loggie was given a rousing reception last night at Murray Hall when he arose to speak on the issue of the campaign. The hall was filled by a large gathering of citizens who showed by the manner in which they applauded the telling points in Mr. Loggie's speech the confidence they repose in the party of progress. The speaker paid a high tribute to James Reid, M. P., the Liberal representative of this county. He said that in Mr. Reid the county had the best man it could choose, a man who was always in the seat or who was there to visit the various departments on business for his constituents, while also taking part in the development of the whole Dominion. He advised the electors to do their duty to their country and give Mr. Reid a rousing majority.

Miss Annie Troy of Woodstock Meets With Serious Accident

WOODSTOCK, Oct. 6.—Miss Annie Troy, a well known young lady, was the victim of a serious accident this afternoon. While in the yard at her home raising up leaves and burning them, her dress caught fire. Her father, who was but a short distance away, ran to her aid, but before extinguishing the fire it had severely burned her arms, breast and shoulders. Dr. Rankin was at once summoned and rendered the necessary aid. At present Miss Troy is resting quite easily, but her injuries are of the most serious nature.

NORTH SHORE IS SOLID FOR THE LIBERALS

Will Sweep Every Constituency

TODD GAINING

Hazen Using Entire Government Machine to Help Tories

FREDERICTON, N. B., Oct. 6.—Reports from the North Shore constituencies indicate a complete sweep for the Liberals. Hon. John P. Burchell of Nelson, who tonight told The Sun representative, with permission to quote him, that he has not a doubt of Mr. Loggie's re-election in Northumberland and a substantial majority. Mr. Burchell is an old campaigner not only optimistic. He has been stumping with Mr. Loggie and talks with a knowledge of the facts. It may be mentioned here that James Robinson, Conservative M. P., has taken no hold in the contest. With his son he left on Saturday for a three weeks' trip to the Western States, and it is known that many of Mr. Robinson's warm friends who resent his being jockeyed out of the nomination are heartily supporting Mr. Loggie. With respect to Westport, Mr. Loggie's warm friend, Mr. Burchell says neither Mott nor Burns have any prospect of election, and in Kent, Mr. Burchell's chances are considered excellent. Conservatism from the river county says even Col. Baker's friends admit he has no show against Michael and is likely to lose his deposit. A well known commercial man who reached this city today from Charlottetown, says Todd's prospects are daily improving. He is especially strong in the islands, at St. Andrews and other districts in the southern part of the constituency and will break into Ganong's support in St. Stephen, Milltown and vicinity.

Frosty Reception

He says that Ganong on his visit to the islands was given a frosty reception and one of his meetings closed with cheers for Laurier and Todd. The people down there had not seen Mr. Ganong since the last election. The alarm which the Conservative party is giving over the situation in this constituency is indicated by the complete way in which they are covering the country with meetings. Mr. Ganong, who is expected to assist Tory candidates in other constituencies, is tied up at home and is turning loose a party that can be induced to follow. Mr. Brown and his assistants are doing splendid work and the tide is turning strongly in his direction. In the islands even Conservatives admit a Liberal majority of over one hundred.

Sin Against Health

WHY THE USEFULNESS OF ALL ORGANS IS DESTROYED BY COSTIVENESS.

Most important to health and comfort is proper action of the bowels. By nature these organs are intended for the removal of the waste particles of matter which accumulate in the system.

Retain these wastes and you poison the blood, ruin digestion, bring on nervousness and anaemia. Habitual costiveness is best over-coming for Dr. Hamilton's Pills, which establish regularity that is exactly what nature requires.

LIBERALS HAVE IMMENSE SUCCESS AT HAVELOCK

Dr. McAlister and Hon. H. R. Emmerson the Speakers—A Big Crowd Present.

PETTUCODIAC, N. B., Oct. 6.—The largest political meeting ever held at Havelock took place last night, when Dr. McAlister and Hon. H. R. Emmerson, the Liberal candidates for Kings-Albert and Westmorland counties, spoke. There was about 800 people present, about 200 standing, and scores could not get even standing room. Dr. McAlister spoke first, referring to the assassination of Dr. Pearson to the Liberal party. J. T. Hawke then spoke for over an hour on the general issues, and especially dealing with the Independent Order of Foresters.
