NOTICE TO RELATIVES OF EX-SOLDIERS

In connection with the visit of Lord and Lady Byng on the 28th inst., it was decided at a meeting of the committee in charge of arrangements, to have as many as possible of the parents, wives and sisters of ex-service men, present at the ceremony of opening the Memorial Field. All these are requested to be present and especially the next of kin, of those who were killed or died on service. Their Excellencies in visiting the towns have always expressed a wish to meet as many as possible of the relatives of ex-soldiers, and it is hoped that a large number will be present to meet him on the 28th.

THE GOVERNOR'S VISIT

Don't forget that next Tuesday, the 28th inst., Newcastle is to have a Viceregal visit, when Baron Byng (accompanied by Lady Byng) the representative in Canada, as our Governor General, of our gracious King, will be with us. We feel satisfied our people will give him a right royal and loyal reception. If Providence favors us with good weather, Newcastle will dress up in gala array and make the day one long to be remembered, with feelings of loyal pride by our people. The King, whose throne is in the centre of the Empire, in the mother land, is our King too, enthroned in the hearts of all true Canadians just as truly, as on the banks of the Thames in the hearts of "Imperial Britons." We can all honor the King, as the people shout "God Save the King." Let the 28th be a glorious holiday.

COUNTY COURT

Several County Court cases adjourned from the regular July sitting were heard last week in Chambers before Judge McLatchy. Argument was concluded in the Stohart vs. Russel case and judgment was reserved. Two other cases McCarthy vs Layton and Hayes vs Sullivan were allowed to stand over until the October sitting by agreement.

Bail was granted to Calix Perry who had been sent up for trial on a charge of theft by Magistrate Poirier of Rogersville.

BASEBALL

Because of rain last Wednesday, the baseball games between the locals and Moncton were postponed. These games will be played to-morrow afternoon and evening (weather permitting.)

GOOD HORSE RACING ON CHATHAM TRACK

Good weather and a fast track marked the first day's racing of the Chatham midway meet on Thursday. The only event won in three straight heats was the 2.30 class in which George Moore, owned by Dr. McCoy, of Fredericton, won handily. In the 2.16 trot and pace Miss Abbie Brino and Crescendo fought it out. Crescendo took the first two, but the St. John horse proved too strong in the three succeeding heats. The 2.23 trot and pace was a five heat affair too. Tony Hal won the first but broke down in the second and was distanced and Princess Aubrey and Wilton Boy then contended for first money.

A fair crowd attended the last day of the racing on Friday. The track was in fine condition. Rain showers at intervals interfered with the programme somewhat. The surprise of the day was the winning of the Free for All by Roy Volo, of the Lint Stables, Fredericton; who was not looked upon by the talent as being a strong contender. But Hal, a Sydney entry was favored for first place, but could only make third money. Peter Vede, a Charlottetown entry, won in the 2.19 class after coming in third in the first heat.

Value Of Lumber Fixed By Court

Judgment Given in Buckley Case in Chambers Wednesday

The lawyers, in the matter of the Buckley Estate, of Newcastle, vs. the Liverpool, London and Globe Insurance Company and some twenty others, were called by Mr. Justice Chandler to Chambers Wednesday to give some additional information following the fire which destroyed their lumber, the Buckley estate claimed \$112,000 from the insurance companies as the valuation of the amount burned. Judge Chandler, in delivering judgment, placed the valuation of the destroyed lumber at \$24,800.00, but reserved judgment in the matter of costs.

The Liverpool, London and Globe Insurance Co. are declared liable for one-thirtieth of the amount. Dr. F. R. Taylor, K.C., and J.H.A.L. Fairweather, K.C., appeared for the insurance company; M.G. Teed, K.C. for the Buckley Estate and Dr. H. A. Powell, K.C. for the Royal Bank of Canada.

NEWCASTLE DEFEATED NORTON ON SATURDAY

Baseball fans were promised, by means of a dodger, an exhibition game of baseball Saturday evening on the Farrell Field diamond here, between the local team and the Norton team, which was in Chatham during the horse races. The game was called for 6 o'clock, but did not begin until 6:30. A large number of enthusiasts paid their admission fee and were on hand to support their local team. Instead of the regular players being on the field, much to the disappointment of the fans, a team composed of a few of the regulars and some others who have done very little playing this season, was mustered together to uphold Newcastle's reputation as a baseball town.

The supposed Norton team was short two players and they brought along with them two of Chatham's regular team players, Veno and Curry to strengthen up their ranks. No doubt these two Chatham players were glad of the opportunity to play with the visitors, thinking perhaps that with their assistance, they would be instrumental in giving the local team a good trimming, after they (The Chatham team) had managed to defeat the Norton team in two games on their own diamond, and by so doing would be putting one over on their league mates from the shire town.

However, these two astute players from Chatham had another trick coming to them before the game was over, and despite all either of them could do to win for the visitors, the impromptu local team had no difficulty in holding them in check and defeating them by a 4 to 1 score. In fact, the playing of both these players was of a very poor standard, and the visitors would have been well advised had they left them in Chatham and chosen any other two players or non-players in their stead, for all the assistance either of them gave to the visitors from Norton.

They no doubt returned to Chatham after the game in a very sad mood, when they failed to accomplish their purpose in assisting Norton to defeat the locals and therefore were unable to crow about the Chatham team being so much superior to the Newcastle team, because while they were able to defeat Norton, their league mates from the shire town were unable to do likewise and WE, assisted the visitors in doing so.

Their little game failed and they returned to their home town wiser, but weaker and none the more thought of by the enthusiasts of good clean, baseball. And the chagrin of it all—to think that it was not the Newcastle nine that did the trick, but a picked up team at the last moment.

The Norton boys played fairly good, fast, snappy baseball and are a clean bunch of good sports, but never at any time during the game did they have a look in. Craik and McKenzie, put up a strong battery for the locals, while the visiting pitcher played an excellent game for his team. Finlay Copp umpired balls and strikes while Atkinson of Nelson looked after the

Delicate Girls Need New Blood

Rich Red Blood Means Health and Strength

The anaemia of young girls may be inherited, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient out-of-door exercise and not enough rest and sleep.

It comes on gradually, beginning with languor indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes the palpitation of the heart, headaches, dizziness following a stooping position, frequent backaches and breathlessness. In a majority of cases constipation is present. There may be a great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.

Cases of this kind, if neglected, become more serious, but if taken in time there is no need to worry. Dr. Williams' Pink Pills, which are free from any harmful or habit-forming drug, are just the tonic needed to remedy this wretched state of health. Though it is not noticeable, improvement begins with the first dose. As the blood is made rich the pallor leaves the face, strength and activity gradually return and the danger of relapse is very slight.

If any symptom of anaemia appear, prudence suggests that Dr. Williams' Pink Pills should be given at once, and the sooner they are taken the more speedily will their action improve the blood.

You can get these pills from postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

INFORMATION FOR SPORTSMEN

Changes in the Regulations under the Migratory Birds Convention Act affecting the shooting of migratory game birds in certain provinces have recently been authorized by Order in Council.

Under the Order a further closed season throughout the Dominion has been provided for Wood Duck, extending until January 31st, 1924. A similar closed season has been provided for Elder Ducks, (commonly called Sea Ducks, in the Maritime Provinces) except that Elder may be shot in the Yukon and Northwest Territories during the regular open season provided for ducks in those localities.

A restriction has been placed upon the use of "sink boxes" in the vicinity of Tabusintac Lagoon in the Province of New Brunswick prohibiting their use earlier than one hour before sunrise or later than 1 p.m.

The open seasons provided by the Regulations under the Migratory Birds Convention Act for the season 1923-1924 for the Maritime Provinces are as follows:—

INTEGRITY SERVICE

The New Studebaker Special-Six Touring Car

Before you buy any car, see the STUDEBAKER 1924 MODELS

Studebaker presents its complete line of 1924 models with the conviction that they will increase the prestige of the name Studebaker which, for 71 years, has stood for the best in transportation, quality and value of product.

Into these 1924 cars are built every proved feature in design that makes for the comfort, convenience and safety of passengers, and many refinements that further enhance the value of a line of cars already highly perfected.

It is common knowledge in the steel industry that Studebaker uses only the highest grades of the finest steels. And the same is true of the electrical equipment, instruments, bearings, batteries, upholstery, finishing paints, tires and accessories used in Studebaker cars.

It is equally well known that Studebaker, with \$90,000,000 of actual net assets, including \$45,000,000 of plant facilities, is unsurpassed in ability and resources to manufacture economically and give maximum intrinsic value for a given price.

Produced under these favorable conditions, the 1924 Studebakers are distinctly the finest cars and greatest values Studebaker ever offered.

These are not careless statements. They are facts that reflect the honesty and integrity of the manufacturer and its product just as they do the truth of Studebaker advertising.

The public has placed its confidence in Studebaker by accepting these facts, supported by the performance of Studebaker cars in owners' use. That's why Studebaker sales for the past six years have increased progressively each year and sales for the first six months of 1923 of 81,880 cars broke all six months' records.

Studebaker never cheapens quality to meet competition. The name Studebaker stands for satisfaction and service.

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address.

North Esk Boom, N.B. August 20th, 1923. To Editor of Union Advocate, Newcastle, N. B.

Dear Sir, Permit me to have a small space of your valuable columns to refute a statement which appeared in the "Chatham World" of the 18th inst.

I have been engaged in the fishing business on the Miramichi River for the past forty years and at this stage of the game should know something about it.

The writer of the article in question states that it would not be in the best public interests to have the season for salmon fishing extended and gives as reasons that the present run of fish are unfit for human consumption.

In answer to this I wish to say that salmon at the present time and during all August are as good for human consumption as they are any time during the season.

Further—the salmon that might be caught from now on, will in no way affect the salmon fisheries of the Miramichi River.

Every individual fish that comes into our river, comes for the purpose of going to their spawning grounds at the headwaters, and these grounds at present are well supplied with spawning fish, so that the few which might be taken between the 15th and 31st of August would have no effect in depleting the salmon supply of our river.

In the early season runs many fish reach their destination at the spawning grounds and in September there is always a big run of salmon which goes direct to the spawning grounds unmolested.

In future, people who are ignorant of fish life, would be well advised to inquire from some one who does know something about their life and habits, before rushing into print.

Thanking you for space, Yours respectfully, JOHN McCOLM

BILL SHARON

Bill Sharon started last week at Munro, N.Y. He got away to a bad start in the first heat and was just nosed out by Herbelwyn in 2:07 1/2.

Bill was separately timed in 2:06 3/4. In the second heat there was a mix-up in which a horse was thrown. Van Houten was considered by the judges to be in fault and for punishment the race was declared a draw.

Postal Air Service.

More than 10,000,000 letters were carried by the post office air mail service in the third quarter of 1921, Assistant Postmaster General Shaughnessy told the members of the Society of Automotive Engineers at one of its recent meetings on commercial aviation.

To Teach Hawaiian Youth.

Alarmed at the trend of the youth of Hawaii away from agriculture and into non-productive clerical work, the American Legion, department of Hawaii, is initiating a territory-wide movement looking toward the establishment in all schools of industrial, agricultural and manual training.

Literary Tidbits.

From a British Book—"She was a good cook, as cooks go—and as cooks go she went." One noticeable thing about our fiction characters is that they don't spend much time earning a living.

STARTED PRODUCTION

The Bathurst Co., Ltd. started production of newsprint on Thursday. It is expected that the plant will be in full swing the last of this week.

Cholera Infantum

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly especially during the summer months, and unless prompt action is taken the little one may soon be beyond aid.

Saskatchewan's crop cost \$187,000,000 to produce last year. The proceeds amounted to \$287,000,000.

During the month of April and the first two weeks of May 300 claims were registered in the counties of Temiskaming and Abitibi, the gold field of the province of Quebec.

"Twenty marriage engagements are among the results of a round-the-world voyage of a C.P.R. liner." Mr. Beatty has a lot to answer for.—Ottawa Journal.

With a population which is over 70 per cent. rural Saskatchewan has a larger automobile registration than any other province. One in every 15 people owns a car.

One of the largest fish caught in the history of Lake Timagimi was recently caught by E. B. Hamlin, who, with a small bass hook and light steel rod landed a salmon trout weighing 24 pounds and measuring three feet in length.

In 1920 there were cut in Canada 4,024,826 cords of pulpwood. This would, if piled four feet high and four feet wide, reach in a continuous line over 6,000 miles, or the distance from Vancouver to Halifax, and out over the Atlantic to Queens-town, Ireland.

Trees to the number of 10,000 were distributed among Saskatoon school children by the Parks Officials and Dominion Forestry Branch on the occasion of Arbor Day. Each child received one maple and one ash. Last year only 5,000 trees were distributed.

The Empress of France, of the Canadian Pacific fleet, now on the trans-Atlantic service between Hamburg, Southampton and Cherbourg to Quebec, holds the record for the fastest journey between Quebec and Liverpool, having crossed in 5 days, 22 hours and 38 minutes, just two hours less than the Empress of Britain.

General Sir Arthur Currie will unveil a memorial cairn at Sault Ste. Marie to Etienne Brule and his companion Grenoell, the coureurs de bois, who found the Sault and discovered Lake Superior in 1622. The unveiling will take place August 7th during Discovery Week, when the Ojibways will produce "Hiawatha" on two afternoons.

Notwithstanding that there will be an increase this year in Canadian Pacific steamship traffic on the St. Lawrence, with 17 more sailings than in 1922, Canadian Pacific officials report that ships are being well booked and that according to present indications the 1923 season will show improvement in ocean trade from both Montreal and Quebec.

Whales are reported early and plentiful this season and dealers from Victoria state that conditions surrounding the inauguration of the deep-sea hunt this year are the most promising in more than a decade. The demand for canned whale meat has become so pronounced that the prospective pack of the Victorian whalers is already shipping to England will be the distributing market for canned whale meat this year.

A replica of an old time Hudson's Bay fort, such as once was the nucleus of the western posts of the great company, and which still exist in the far north, will be erected at the Calgary Exhibition grounds, July 9 to 14, as a part of the big Stampede feature. Special arrangements are also being made to provide a commodious camping ground for the Old Timers who will attend with the old-fashioned chuck wagons and cowboy equipment.

Running on schedule the Canadian Pacific Steamship's liner "Empress of Canada," Captain A. J. Haley, again demonstrated her right to the claim of "Queen of the Pacific."

Business Honesty

Most of us take a great delight in telling how somebody tried to beat us in a business deal; tried to "beat" us; so to speak. And we tell with greater delight how we prevented the stinging; how we "showed him up." There is dishonesty in business. There are dishonest business men but they are rare exceptions and with more education, more thinking, they are becoming rarer. Business is essentially and fundamentally honest you are honest.

Big business men, and little business men who are growing to be big business men, are honest. If they had no morals and no ethics the wise ones would be honest anyway. For this age of competition has made service more important than ever before. The man who delivers up to the bill is the man who gets the business. And you can't deliver up to a debit—unless you are honest.

Eva Novak A Blonde

She Supports Jack Holt in New Picture, "Making a Man"

Not that Jack Holt isn't as partial to blondes as he is to brunettes. But it is a fact that Eva Novak, who plays the feminine lead in "Making A Man," Mr. Holt's current starring vehicle for Paramount which comes to the Opera House Theatre next Wednesday and Thursday, is the first blonde to appear opposite Paramount's "fight" Daniels, Sylvia Breamer and Fritzie Brunette, all of a complexion described by the last young woman's name, were seen opposite Mr. Holt in his three latest pictures.

THEY TELL THEIR NEIGHBORS

Women Tell Each Other How They Were Helped by Lydia E. Pinkham's Vegetable Compound

Woodbridge, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles. I would have headaches, backaches, pains between my shoulders and under my shoulder-blades and dragging down feelings on each side. I was sometimes unable to do my work and felt very badly. My mother-in-law told me about the Vegetable Compound and I got some right away. It has done me more good than any other medicine I ever took and I recommend it to my neighbors. You are quite welcome to use this letter as a testimonial if you think it will help some poor sufferer."—Mrs. EDGAR SIMMONS, R. R. 2, Woodbridge, Ont.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Stiffness
 It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.
Gives Great Relief

 Mrs. A. R. Calvert, 25 Park Ave., Guelph, Ont., writes: "My husband has used Minard's Liniment frequently, always with good results. Friends advise me to use it for rheumatism and tell me that it gives great relief."
 Mrs. Fred Johnston, Box 735, Thorold, Ont.—"I suffered very much with neuralgia in my face last winter, was advised to try Minard's Liniment, and was relieved immediately after first application. I repeated in case it did not have entirely gone, but when I can go out with it, I use it on my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."

 Economical for All Laundering**

Wear and use your daintiest things—now. Wash them often as need be, without injuring the fine, sheer fabrics or dulling the delicate colorings. Crepes and chiffons, satins and silks, laces, expensive cottons—they come from laundering with new beauty.

Because Palmolive Princess Soap Flakes were perfected to cleanse these daintiest fabrics without harming them.

They are the purest of soap, these curly, snow-white flakes. No harmful ingredients rot threads or fade colors. The stiff, creamy suds dissolve dirt gently.

And because they are all soap, all pure soap, Palmolive Princess Soap Flakes actually last longer than ordinary laundry soaps. Ideal for use in the washing machine. So economical that thousands of housewives use them for all household and general laundering purposes.

Get some today from your dealer. In handy 1-pound packages, or in bulk.

WHY WE DON'T PRINT IT

This paper has the reputation of being a booster, and it has always been the aim of the publisher to boost every enterprise, be it of public or private nature, of a worthy character. Boosting is a game, however that more than one can play. "I boost you, you boost me" is a good motto, and "we will boost together" is another good motto. The newspaper man can boost in a very effective way, even by not "knocking" when people want him to "knock." He can boost a good deal more by coming out flat-footed and upholding the good that is in an individual or an institution and leaving unsaid what he knows to be bad. But when this is done there is no occasion for the person or institution which is boosted to assume that the newspaper has to do it in order to hold its job with the public. A newspaper man sees and hears more things, bad or good about individuals and about the way institutions are conducted than other individuals, a gossiping old maid not excepted, and it is unwise to assume that it is because he does not know a thing that he does not

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives". For instance:
"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking 'Fruit-a-tives' and this fruit medicine completely relieved me of all my misery".

print it. It is because he has a sense of honor and a sense of feeling, and last but not least a love of peace and harmony in the community. Many things might be printed about our town which would make spicy reading, but why herald all such things abroad? The least said is soonest mended. The newspaper man, however has a keen sense of appreciation and is susceptible to praise of the right sort and to substantial business support. He appreciates the spirit of the men who when he has a few dollars worth of commercial printing to be done does not go galavanting about the country, spending car fare and time thinking he might get it a few cents cheaper, but who says: "We've got a printer here at home who is trying to help our town, and we will in turn help him by giving him the little printing we have to do." This is the true community spirit, and it counts with the merchant and the doctor, with the lawyer and with every business which draws its daily support from the community.

N. B. DEATH RATE IS THE HIGHEST

This Province Has Heaviest and British Columbia Lightest In Canada

New Brunswick has the heaviest infant mortality rate and British Columbia the lightest, according to report upon Canadian vital statistics for January 1923 issued by the Dominion Bureau of Statistics.

The infant death rate figured upon a basis of one thousand living births: is recorded as follows:

Prince Edward Island	92.7
Nova Scotia	125.3
New Brunswick	142.4
Ontario	115.0
Manitoba	115.4
Saskatchewan	94.5
Alberta	91.0
British Columbia	72.9

The rate of infant mortality for January, 1923; was higher than that reported for the same month in the three preceding years for which there are national records.

The Small Merchant Of The Country

What sort of a fellow is the small town business man? He is somewhat of a hero. He always welcomes you. If the weather is cold he'll let you warm your shins and hang around the stove any time. If you have a good rich job and are making your \$25 or \$30 per week you don't hang around his place much—he knows why. Because that's the time you are sending coin off to Eaton's or Simpson's where cash is necessary. He always "chips in" if some family is in need or a neighbor woman is in distress and her fatherless children are in want of food and shoes. When you are stuck yourself and come around for a bill of goods with a "charge this please" he does—without rubbing it in. All through the winter it is his generosity keeps the wolf from the door and in spring you forget this, and the contents of the first pay envelope you get goes off to Eaton's as fast as the Royal Mail can carry it while from time to time when you are flush he annoys you each month with a statement with a codicil praying that you pay a little on account next pay day. The country merchant is useful at times. Fancy men of small means having on their books amounts ranging from \$1,000 to \$18,000—laying awake o'night wondering if they ever get back what belongs to them again. That's about what kind of men do country business. Honest, kind hearted working fellows who toil night and day to make a living for their families.

MEDALLIONS OF HARDING

Philadelphia: Aug. 15—Medallions of the late President Harding will be sold to the general public for \$1.52 each, Supt. Styer of the Philadelphia mint announced today.

The keepsakes will be mailed to all parts of the United States by the local mint. It is estimated they will be ready about Sept. 1. Engravers are working on the design of the medallion and are expected to have the final die ready for submission to Sec. Mellon within three weeks.

A likeness of the dead President will appear on one side while the reverse will bear the important dates of President Harding's life—date of birth, inauguration and death. The face shown on the medallion will be taken from the medal made by the Philadelphia mint when President Harding took office.

RUTH STILL IN HEADLINES

There were those in New York and elsewhere, who thought a month or two ago that Babe Ruth's race as the headliner in baseball was run, but he has fooled them. He is now a more valuable man to his team than ever, and it is impossible to keep him out of the headlines. He stands a good chance to be both champion home run hitter and champion batsman of his league. He transcends any other ball player as an attraction, because besides his superiority in hitting he is considered by many critics of the game, including managers and players to be the best all around ball player of the year, the successor of George Sisler and Ty Cobb. He loves to play the game as much as any ball player we have ever known and that will keep him at concert pitch for some years to come.

"I Can Now Do My Work Without Feeling Tired"

Mrs. A. Moffatt, Roxton Falls, Que., writes:
"I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling."

Something to Consider

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale? Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID of SENSE as a person talking RANGE who has not grown up in the business.
When you want a RANGE call and let us REASON a bit with you.
We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed—we know the Business and have no substitute for QUALITY.
This is the REASON we have the RANGE business of the entire country.

IMPROVEMENTS TO PROPERTY
Mrs. E.A. MacMillan and Mr. Jas. Maller have made extensive improvements to their properties on the Public Square. The Town Hall is also receiving a fresh coat of paint.

There is Mrs. — at the Cross Roads, she always gives you a good cup of tea. Why? Well, she always uses MORSE'S SELECTED ORANGE PEKOE, and she always makes it according to directions. No wonder that Mrs. — always gives you a good cup of tea.

SNOW FLURRY AT BRYENTON
Last Friday afternoon about 4:15 o'clock the residents of Bryenton, N.B. were treated to a snow-storm which lasted about fifteen minutes. The snow fell quite thick but melted as soon as it fell. In Newcastle several showers of rain fell but no snow.

SHIP RELEASED
High Sheriff Skidd went to Douglstown Friday evening and released from arrest the S.S. Woldingham which was in collision with the Newcastle Bridge. A bond has been arranged for and the Admiralty Court has authorized the release of the ship. The Woldingham is taking on a cargo of lumber at the wharf of the Miramichi Lumber Co.

PASSED DENTAL EXAMS
Dr. F.C. Bonnell, chairman of the New Brunswick Dental Examination Board has announced the results of the recent registration examinations. Eight candidates took the examinations and five were successful. These are now eligible to practice in this province. Dr. Percy M. Clarke of this town is one of the successful five, and is at present in the employ of the Board of Health.

NAMED AS DELEGATES
Hon. C.W. Robinson and J.S. Martin, M.P.P., Chatham, have been named as the delegates from New Brunswick to the inter-provincial conference to be held at Ottawa during September under the auspices of the Dominion Government.

PROVINCIAL APPOINTMENTS
County of Northumberland—Arthur P. Doran, Deputy Sheriff for the County of Northumberland, approved H.E. Johnston, Chatham, a Justice of the peace.
John P. Arseneau, Alms House Commissioner for the parish of Rogersville in place of E. Landry resigned.

AUTO BADLY SMASHED
When returning from dinner to work last Friday afternoon the steering gear of Mr. John Kingston's car gave away and the car with its occupants ran into a large willow tree in front of the residence of Mrs. S.A. Russell on Pleasant Street. The occupants received several cuts from flying glass but otherwise were uninjured. The car was badly smashed and considerable difficulty was experienced in getting it extricated from the tree.

TEACHING MANNERS
Parents who expect their children to have good manners must expose them to good manners. Children do not learn manners that are pleasant and proper by being told how to behave. Often parents who expect the most in the way of manners are the ones who never take the trouble to be polite to their own children or to each other. They expect to teach by telling. If the child hears "please" and "thank you" in his home he will say "please" and "thank you." If he is brought up in an atmosphere of self-control he will grow into the practice of self-control.

POLICE NEWS
Last Friday evening a butcher by the name of Hachey from Rogersville was held up at the Depot House, Newcastle by two men, strongly under the influence of liquor. One of the men was James Ronan of Nelson, who intended leaving on the Harvest Excursion, but before doing so, thought that he would cause some destruction and commotion in town. Ronan jumped into Hachey's car and took charge, then snapped a book from him, hit him in the face and kicked the wind-shield to atoms. Hachey immediately got in touch with Chief of Police Ashord, who accompanied by Policeman Walsh, drove to the station and soon settled Mr. Ronan. He was brought to the Police Station and locked up. Later on he was allowed his freedom by settling the amount and was allowed to proceed on the Maritime Express to the wheat fields.

RIDICULOUS STORIES ABOUT BRIDGE SMASH

Ridiculous stories in connection with the Newcastle Highway bridge disaster are circulating on the river.

One is to the effect that the captain of the steamer Woldingham had ordered the pilot to take the vessel through the draw against the latter's better judgment and told him he (the captain) would take all the blame.

In justice to the captain it should be pointed out that there is absolutely no truth in this statement, as the pilot stated at the enquiry that he thought the tide was favorable and he had no orders from the captain.

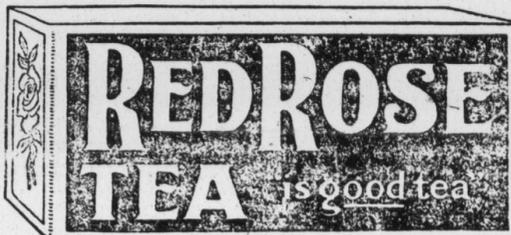

Another statement that the captain had tried to take his life is so ridiculously false that it is a wonder anybody would repeat it. Gazette.
