PETERSON VS. PETERSON. [The following is the continuation of Dr. Tuck's examination by Mr. Watt:]

Mrs. Peterson's little boy came to me in the morning, before breakfast I think. His mother had been ill during the night. I had no medicine with me, but asked the landlord before going away to send her some brandy. Occupied my own bed the previous night. On Saturday following, saw Mrs. Peterson again. Went down with a party to have a bath and see Mrs. Peterson. Paid Mrs. Peterson's bill, as the landlord told me Mrs. Peterson had been causing trouble, having been intoxicated. Was repaired in a clear room. About a month after this, I went to Berlin. Mr. Peterson had business there, and suggested that I should accompany him. I went on Monday, taking two of my children. Mrs. Peterson went with me, taking some of her children, while Mr. Peterson followed. I returned with my children in the evening, while Mr. Peterson remained. I went back to Berlin on Thursday, according to promise to Mrs. Peterson, partly to see how she was getting on, and partly because I was anxious to get away from Guelph that day. The reason was, there was an election in the North Riding of Wellington. I had been requested to take part in it, and did not wish to. It was about half-past one when I left on Thursday for Berlin, accompanied by one of my children and Mrs. Peterson. The latter had come that morning from Berlin; I had seen her. She called at my house, looking for a cab to drive her home, as they were all up at the G.W.R. Station. I drove her home in my own carriage, a distance of over a mile. Did not see Mr. Peterson that day. Met Mrs. Peterson again at the train, am not certain whether Mrs. Peterson's boy accompanied her, but I think he had. I did not intend to return by the 6:30 train. At the time that the train was due, we were out walking, and I did not get back to the hotel in time to catch the omnibus for the train. The station is about a mile from the hotel. I then asked for a room. There was a bedroom between the one assigned to me and the sitting room up stairs. I learned after my return from a walk that some one wanted this room, and I consented to their having it, and agreed to sleep on the sofa in the sitting room. It was about midnight when I first went in with the children to this room. There was a light brought in shortly after and put on the table. After a little while I took it and put it on a stand in the hall. The weather was extremely hot, the smell was unpleasant, and the light was attracting the attention of the windows were open, and the door was open the whole evening. I had taken my waistcoat off after my walk, and was dressed in a light coat, without any boots. Cannot remember how long we remained together. Mrs. Peterson left me to retire to her own room. About half an hour afterwards I saw her in the hall. I asked her if I could get her anything. She said she wanted to get some wine, and asked me if I had any in the sitting room. I told her no; but I would soon get some for her. I went down stairs and got some, and took it into her room. I did not see her first when her good-night and left the room. I then went straight to the verandah down stairs, and remained for some time talking to a stranger. I have not been able to find out who he was. After talking to me he went across the street, went up stairs, and after sitting while in my room I went to bed. The hotel was not closed when I retired. I did not go to the sitting room immediately before going down stairs for wine. Any one on the stairs above could not see me going to and from Mrs. Peterson's room. It was attempted to prove this assertion by exhibiting a diagram of the room, but His Lordship failed to see that such could be the case.

There was no impropriety between me and Mrs. Peterson. Next saw Mrs. Peterson at breakfast next morning. She sat at the same table. Do not recollect whether she remained till breakfast was over. After breakfast witness went up stairs; Mrs. Peterson told him they had better sit in the nursery, as the sitting room was full. We went into the nursery; can't say whether we went in together or whether she was there first. There was a bed in the nursery, with the head of the window opposite the door. A chair at the window near the bed. From the door, which was ajar, the side of the bed would be seen. While I was in the room, the nurse and children were in and out continually. A hotel servant came in while I was there. Mrs. Peterson was lying outside the bed, propped up with pillows, her head towards the window, her feet toward the door. I was sitting on a chair at the side of the bed facing the window and leaning back against the bed. I was doing nothing except talking to Mrs. Peterson. When the hotel servant came in Mrs. Peterson asked what she wanted, and she answered that she came for a jug, and took it out. Don't think Mrs. Peterson's dress was disarranged. Don't think it could have been up above her knees. There was no impropriety between me and Mrs. Peterson that morning. I left for Guelph with my child and Mrs. Peterson's nurse. Mrs. Peterson and her boy remained. Received no letters from Mrs. Peterson after that. I sent a letter to her by the Sheriff and also wrote one in which I enclosed a letter from my wife. The Sheriff read the first letter before delivering it. I told Mr. Peterson afterwards of my visit to Field's. My late wife and Mrs. Peterson were on very intimate terms. Mrs. Peterson was very much unlike in Berlin.

DR. TUCK'S CROSS-EXAMINATION. Dr. Tuck cross-examined by Mr. Moss. - Became first acquainted with Mrs. Peterson in 1866. Became intimate with her in 1870 or 1871. I went on excursions two or three times; will not say that I always drove with Mrs. Peterson. Have been to the Royal Hotel in Berlin since my visit with her in August, 1873. I went up the second stairs and found I could not see the hall below without leaning over the baluster two feet or more. The stairs are one above another, and parallel. Don't recollect that any one went with me to ascertain this. It was in the latter part of August, 1872, that I visited the hotel. It was in the latter part of August, 1872, that I visited the hotel. It was in the latter part of August, 1872, that I visited the hotel.

is on the other side of Hespeler. It was in the afternoon that he told me. I got to Mrs. McKernie's about 7 p.m., having started from Guelph about 6 p.m. Mr. Field lives about a mile beyond Hespeler village, I think, and about three miles from Preston. The horse got seriously lame that way between Guelph and Hespeler so as to impede his going. When at Field's I concluded not to take him back to Guelph. Chose to go to Preston because it was a more comfortable place to stop at, and convenient. I had a friend stopping at Preston, and besides it would be better for the horse to go there. Mrs. Peterson was stopping there, and as she was a friend I went there. It did not strike me that it would be harder for the horse to go to Preston than to Hespeler. On the road between Field's and Preston it occurred to me that the horse's shoe might be altered, and I might as well have him with me the next day. When I arrived at Preston I found I could not get the shoe altered. I asked immediately on my arrival. I had driven the horse hard. The sun had gone down when I arrived, about eight o'clock. Mrs. Peterson was there. I saw her when I arrived about six o'clock. Tea was prepared for me specially. A train left Hespeler for Guelph after I left Field's. I could have gone by it if I chose, and left the horse at Hespeler. That was not my choice. It might have been convenient for me to go that way. Think there was a train left for Preston for Guelph after I arrived there. Suppose I didn't ask. The horse got more lame as I approached Preston. During the night the horse was treated by bathing his legs with water. Knew that night that I could not drive him home the next day. I thought I had better get the horse to Guelph. Mr. Peterson was in Guelph, and could not be in Preston the next day. When I left Mrs. Peterson on Wednesday morning I told her I would be down on Saturday, but I did not tell her that I would go down at that time. Don't remember where I saw Mrs. Peterson the next day. Expect I asked her to take a walk, and we walked along the terrace overlooking the garden. Stayed about a quarter of an hour. Walked up and down the hall at intervals for half an hour. I gave Mrs. Peterson my arm, thinking she was tired. Thought it was better to do her good. It was partly for exercise and partly for occupation that we walked. I returned to Guelph by first train on Thursday morning. Do not think I saw Mr. Peterson on Thursday or Friday. I told Mr. Peterson in his office on Saturday that I had been to Preston. He should have known that I had been there, and he repaid to me what I had paid for her. I told him what the landlord had told me about her. It was between twelve and one o'clock on Saturday that I went to Preston. Will not swear that I returned before the half-past five train. I think I saw Mrs. Peterson the next day. Guelph Evening Mercury

FRIDAY EVENG. OCT. 30, 1874.

It is said that Bismarck is getting furious over the German exodus to America, and that 556 young men were recently fined, by one of the legal tribunals of Berlin, fifty thalers each for having withdrawn themselves by emigration from the requirements of the military conscription law.

The emigration from Italy to America is increasing rapidly. In 1872 the number who left Italy was over twenty thousand; in 1873 it was over twenty-six thousand, and this year it promises to exceed thirty thousand. This great drain upon Italy is due mostly to the great increase in taxation and the intolerance of the government of all political opposition.

A FAMINE is reported in southwestern Nebraska, where the grasshopper plague was at its worst during the past summer. Thousands of persons are already upon short rations some of them having lived upon pumpkins and salt for weeks, and a despatch announces that ten thousand people in the State will need aid to keep them from starvation and cold during the winter.

Conservatives have decided to bring out Col. Stevenson for Montreal West.

The Government have largely reduced the number of men at work on the Welland Canal.

Mr. S. I. Jones, many years ago editor of the Dundas Warder, and since then more or less connected with the press in London, Hamilton and Ottawa, has been appointed to take charge of the Senate reading room.

A mass meeting of Reformers is announced to be held in the City Hall, London, on the 5th Nov. Hon. Mr. Mowat and other members of the Local Government are expected to be present.

Field Battery Rifle Match.

On Thursday, the members of the Wellington Field Battery had their first annual carbine match on the ranges of the Guelph Rifle Association.

Notwithstanding the changing light and gale of wind that prevailed all day, there was some remarkably good shooting. The scores made with the carbines should not be compared with those made with rifles.

FIRST MATCH.

Table with 2 columns: Name and Score. Includes Gr. Macdonald, Lieut. Nicol, etc.

SECOND MATCH.

Table with 2 columns: Name and Score. Includes Driver Cockburn, Lieut. McCrae, etc.

In this match Gunner Macdonald made 12, but under the terms of the match was obliged to relinquish the money prize, as he made the highest aggregate in both matches, 40 points, winning the \$20 and badge, presented by the Ontario Rifle Association. The next two were Driver Cockburn 38 and Captain Macdonald 33.

CHALLENGE CUP.

A silver cup to be fired for annually by an officer and two non-commissioned officers or men from each of the four sub-divisions of the Battery. Won by No. 2 sub-division, with the following scores—at the three ranges:

The following is the score of No. 2: Asst.-sgt. Macdonald, 26; Bom. Crowe, 32; Gun. Macdonald, 40—total, 98.

No. 4 stood next:

Lieut. McCrae, 28; Driver Cockburn, 38; 2 M. Sgt. Marshall, 25—total, 91.

Elora Correspondence.

Our village has been unusually quiet during the past two weeks. The Council have let the contract for putting a water tank at the market house, and an excavation has been made for this purpose.

Quite a number of our citizens sat up last Saturday night to see the eclipse. We heard of one adventurous young lady who sat up on Friday night to see it, but "couldn't see it."

The lecture by Mr. Bengough, cartoonist of Grip, is becoming the topic of conversation, and we expect to see a crowded house when the lecture takes place, on the 12th, November.

The Roman Catholic Bishop, of Hamilton, was here last Saturday, and there will be service in most of the churches here on Thursday next, and the day will be observed generally by closing the business places.

Winterbourne Correspondence.

Thanksgiving day will be observed here by Divine service in the Presbyterian church. The harvest in this vicinity for the past season makes such a service eminently proper.

Washington Gankel, a former resident of this vicinity, but lately of Port Elgin, has been drowned at that place.

The building operations of the summer are rapidly approaching completion. Mr. Joseph Stark's new shoe shop will soon be ready, when the building formerly occupied by him will at once be fitted up as a store. With three stores in this place and the consequent competition, we may expect to have cheap goods. Mr. Geo. Stark's dwelling house is about finished, the painting only being necessary. There with other smaller structures have added quite a number to the buildings of the village.

MANUFACTURE OF COCOA.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of diabetic articles, at their works in the Euston Road, London.

The Duke and Duchess of Edinburgh will make their home permanent at the Cecil Park, in Kent.

TWO OTHER LIBEL SUITS.—The proprietors of the Mitchell Advocate, appeared on Monday before Police Magistrate O'Loone, Stratford, charged by J. G. Yemen with publishing an article accusing him of seducing the daughter of a resident clergyman. The alleged libel first appeared in a Stratford paper, and was afterwards published in the Advocate. No evidence was allowed other than the proving of the publication of the paper by the defendants. The case was therefore sent to the Spring Assizes. H. Emmanuel & Co., wholesale cigar importers, Montreal, who recently failed, and Heyman their agent in Toronto, have instructed counsel to enter actions for \$100,000 damages against the Money Times, for alleged libellous statements in its last issue.

BIRTHS. MacDONNELL.—At Willowdale, Township of Woolwich, on the 25th inst., the wife of John A. MacDonnell, Esq., late of North Easthope, Co. Feth., of a daughter.

MARRIED. PETERS.—Broughton.—At Guelph, on the 27th inst., by the Rev. I. B. Howard, Mr. Geo. C. Peters, to Mrs. Hannah Broughton.

THIS SHOULD BE NOTICED.—Parties purchasing goods always wish to buy them at the cheapest rate. Now the nearer you get to the Manufacturer, the cheaper are the goods. Mr. Horsman, the popular Hardware merchant of this town, last summer visited the manufacturing districts of Europe, and purchased very largely from the manufacturers there. He has also made special arrangements with manufacturers in the United States and Canada to have their goods at the lowest Cash prices. In consequence of the extraordinary bargains Mr. Horsman offers, his sales this season are largely increased; in fact, there has been a perfect rush at his mammoth establishment during the last two months. Remember, by purchasing Hardware from John Horsman the profits of the wholesale dealer, or middleman, are saved to the customers. Stoves and Tinware have been added this season, and on account of the very low prices at which these goods are offered by Mr. Horsman this branch of the business has exceeded his most sanguine expectations.

Town and County News

Base Ball.—Probably the last game in this vicinity this year was that between the Silver Creek 2nd nine and the Mountain Rangers, on Mr. Sleeman's ground yesterday afternoon. The 'Creeks' won by a score of 15 to 50.

This Evening.—The Y.M.C.A. Literary Class will meet in the Reading Room of the Association this evening. The Class is now in running order, and a programme has been provided for this occasion. A full attendance of members is requested, and the doors will be open also to young men who are not members of the Association.

The Late Accident at Mr. Forest.—John Hutchinson, whom we mentioned in a late issue as having been fatally injured by being thrown out of his buggy, near Mount Forest, was a son of the late Wm. Hutchinson, of Nichol, and has numerous relations in that township and also in Garsfranz. He resided in these townships until recently.

How Thanksgiving Day was Spent.—Yesterday being set apart by Government as a day of public thanksgiving, the pious of business in town were, with a few exceptions, closed. Services were held in all the churches in the morning and in some of them in the evening. In the morning, the appearance of the sky did not omen very propitiously, as regards weather, but after a slight shower, the sun came out bright and clear, and delightful weather was experienced during the remainder of the day. Quite a number of people went for a drive into the country, while others of a sporting nature might be seen, gun in hand, speeding their way to some happy hunting ground.

Cotton Grown in Guelph.—Mrs. Arnold, of this town, has shown us a head of cotton, grown from seed brought from Savannah by Mr. Wm. A. Bookless some twenty months ago. It was sown in May, in the open air, and when pulled was quite ripe. The head is large, and the cotton appears to be an excellent sample. We were not before aware that this plant would come to maturity in Canada, but are informed that it ripens earlier here than in Savannah. Might not some one try cotton culture in Canada as an experiment?

Knox Church Social.—The Social given on behalf of the Bible Class of Knox Church, last evening, was most successful. It was an "after-tee" affair the customary refreshments being dispensed with. The entertainment thus partook less of an alimentary and more of a literary character, and was certainly more enjoyable than is usual. One of the features of the evening was a reading given by the pastor, Rev. W. S. Ball, entitled "Strife in Heaven." A statement read by the Secretary showed that about \$16 were still due for a book-case which had been purchased for the books of the Bible Class. The meeting closed with devotional exercises.

A Candidate for Wimbledon.—Mr. James Rawson, of Walkerton, and a member of the Bruce Rifle Association, has been notified that his score 191 points at the late rifle match in Toronto brings him within the number of those from whom the Wimbledon team is selected.

Melancholy Accident at Cumminsville.—While Mr. A. H. Earl, of Cumminsville, was in the act of taking down the frame of an old saw mill, on Thursday, the timber on which he was standing gave way, precipitating him about twelve or fifteen feet among old timber and stones, and breaking one of his legs in two places and severely injuring him about the body and head. He is in a favourable recovery.

Railway Extension.—The locomotive "Gordon," of the Toronto, Grey, and Bruce Railway, arrived with the construction train at Teeswater on Wednesday evening. There was great rejoicing among the villagers, who gave the workmen a grand luncheon in the station.

Burned to Death in a Lock up.—On Thursday morning a fire broke out in the lock-up in Collingwood. Unfortunately, there was a man named Archie McLean lodged in the lock-up the evening previous, a fact not generally known when the fire was discovered. Mr. Cappell Mill, went to the window of the lock-up and shouted, but receiving no answer, he thought the man had been liberated. After the fire was extinguished the remains of the unfortunate man were found huddled in the corner of the building, fearfully burned.

A Murderous Assault.—Two farmers in the Township of Glenelg, named Falkingham and Karney, had an altercation while threshing on the farm of the former recently, when Falkingham raised an axe, which he held in his hand, and struck Karney on the head, knocking him senselessly to the ground, after which he struck him another blow. The other men at work on the machine seized the would-be murderer, and took him before a magistrate, who committed him to goal, to await the result of Karney's injuries. While being conveyed to the goal at Owen Sound, he escaped from the constable who had him in charge, and has not been heard of since.

Breakfast.—Epps's Cocoa.—GREATFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills."—*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labelled—"James Epps & Co., Homoeopathic Chemists, London." 1/6-9m

Nature's Diadem.—Is your hair falling out? Is your hair growing dry and lifeless? Is your hair less pliable and glossy than of yore? It wants a good healthy hair dressing to help exhausted nature to recover itself. Try Bearine and mark the change.

The amount of freight offering at the Galt station of the Grand Trunk has immensely increased. The Galt Reporter says:—On Saturday last some seven cars were loaded with apples at this station alone, and on Monday and Tuesday there must have been fully as many each day. The total export of apples from Galt this season will reach 2,500 barrels. Mr. Bourcher alone shipping 1500 barrels. These figures show that the trade in this fruit is larger this year than we ever before knew it in this section of the country.

Daily Witness Evangelical Alliance Extra.

During the recent Conference of the Evangelical Alliance in Montreal, the Montreal Witness, in addition to the running summary of the proceedings, which appeared as usual in the daily edition of the paper, issued a daily Extra of sixteen pages, containing a verbatim report. The later numbers of this Extra, concluding with one in French (being a report of the French section of the Alliance), have come to us somewhat more sluggishly than the first. These reports contain the works of some of the master minds of the day, such as Dr. McCosh and Hall of Princeton and New York; President Porter, of Yale; Dr. Donald Fraser, of London; and Dr. Schaaf, of Constantinople; besides addresses by such men as Lord Cavan, Henry Varley, the butcher evangelist; and Mr. Thane Miller, of Cincinnati; as well as the contributions of Canadians, such as Dr. Dawson, of Montreal; Dr. Wilson, of Toronto; Mr. Grant, of Halifax; Mr. Gibson, of Chicago; and others, who rank well beside those who came from abroad. These papers have been illustrated by likenesses of most of the leading men in the Conference.

We now learn that a complete edition, containing 100 pages, is being published on tinted paper, which will be posted to any address for 25 cents, giving, we are convinced, as much solid and valuable reading on the matters which are at present most exciting the thoughts of Christendom, as could be got anywhere for the money. The subjects which attracted special attention were the replies by various philosophic and scientific men to Mr. Tyndall's late speech, and the speculations of Mr. Grant and others with regard to the Church of the future, with special reference to Canada.

THE SYMPTOMS OF MENTAL decay resemble the gradual changes that come over old people, and are similar to those induced by excess and bad habits, and the tendency is to the production of softening of the brain and insanity. The cause is deficiency of phosphates, as it is well known that men grow older and mentally weaker when the nervous system is insufficiently supplied with these elements—the solidity of the brain depending upon phospho rized compounds—and that those foods which are richest in phosphates renovate most speedily weakened brain power and loss of constitutional vigor. Dr. Wheeler's Compound Elixir of Phosphates and Gallias contains these agents in an easily assimilable form, constituting a brain and nerve food. O23-daw2w

PROTECT YOUR BUILDINGS

Which may be done at one-fourth the usual Expense, by Using **Glines Patent SLATE ROOFING PAINT!**

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for **ONE THIRD THE COST OF RE-SHINGLING.** The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and NEVER CRACKS NOR SCALES. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Shingling Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. **No Tar is Used in this Composition,** therefore, it does not effect the water from the roof, if turned off from the easterly before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and **STOPS THE LEAKS.** The color of the slate when first applied is dark purple, changing in about a month to a light unimpaired slate color, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.
And when required will be Thoroughly Repaired.
Orders Respectfully Solicited.
