LAURIER OPENS HIS QUEBEC CAMPAIGN

St. Hyacinthe Followers Give Liberal Leader Flattering Reception and Are Rewarded With Vigorous Speech and Prophecy of Dire Disaster to Government When Election Comes.

MONTREAL, Aug. 16.—(Can. Press.)—The Conservatives may put off an appeal to the people—they may delay from day to day, from week to week, from month to month—but the appeal must come, and the longer it is put off the more bitter will be the retribution, the more glorious the triumph and victory of the Liberals.

Thus epitomized is the clarion call which permeated the utterances of all the speakers at a monster demonstration organized at St. Hyacinthe on Saturday in honor of Right Hon. Sir Wilfrid Laurier, leader of the opposition.

Sir Wilfrid was in fine fettle, and despite the heat he spoke for upwards of an hour and twenty minutes before a gathering of over 6,000 persons on Laframboise square.

A flowered pathway. St. Hyacinthe was overrun with the incoming visitors, who came from every point of the province on special trains. The streets were festooned with flowers and bunting, special arches of greenery being thrown across at various points.

Sir Wilfrid took up the naval question and in rounded sarcasm dealt with the position of the Nationalist patriots, who had been, he said, traitors to all their pre-election promises.

SENSATIONAL ESCAPE OF HARRY THAW FROM MATTEAWAN ASYLUM MURDERER FREE MAN ONCE MORE

With the Aid of Confederates, Slayer of Stanford White is Safely Out of New York State and Secure From Rearrest.

MATTEAWAN, N. Y., Aug. 17.—(Can. Press.)—Harry K. Thaw, the slayer of Stanford White, escaped from the Hospital for the Criminal Insane here at 7.45 o'clock this morning.

Five confederates manned the car in which Thaw escaped, and a big black limousine which trailed it past the asylum gate. The police have their descriptions and the names under which they registered at a local hotel Friday night, and are seeking them.

The shades were drawn in the dormitories and the inmates were getting their second sleep when Thaw left his room this morning. He was fully dressed. The warden's cart was rumbling on the road outside as he walked thru the storeroom and into the outer court of yard of the asylum grounds.

Long years of residence at the asylum and repeated declarations by Thaw that he would never attempt to obtain his freedom except by legal means had established the madman's status as a "trustee."

Suspected of having set fire to a row of sheds on Strachan avenue, about two weeks ago, and of also being implicated in other fires, Robert Whitley, a young boy in his teens, who lives at 905 West Queen street, was arrested on Saturday by Plainclothesman Wurm, and taken to Cowan avenue police station.

FAILED TO AGREE ON TREATMENT PATIENT DIES

First Doctor Declared Chinese Had Appendicitis, But Second Medico Disagreed, Now Patient is Dead and Inquest Follows.

Because he was not immediately removed to the hospital and an operation performed to save his life, Wong Ho, a Chinese who recently arrived from China, died in the police ambulance Saturday night. It is alleged that two prominent medical men advised different treatments for Wong Ho, and as a result of the delay in deciding whose advice was to be followed the man succumbed.

According to this medical man it was not necessary to send Wong to the hospital. Thereupon he administered his treatment. Wong became worse. The first doctor was consulted and again ordered the man's removal.

HONGKONG, Aug. 17.—(Can. Press.)—The federal general, Lung Chi Kuang, who is President Yuan Shi Kai's candidate for governor of Canton, disembarked from a government gunboat at Hongkong Saturday to take charge of the city.

While riding his bicycle east on College street near Ross street yesterday morning, John Parkinson, 22 McConnell avenue, was struck by motor car 9930, owned and driven by Geo. Brintnell, 419 West Queen street.

ROOSEVELT BACK TO PARTY FOLD TO GET REGULAR NOMINATION?

Colonel is Said to Be Planning to Enter Primaries and Old Guard is Beginning to Grow Anxious—Reorganization of Party Will Be Hurried in Consequence.

King's Prizeman Given Great Ovation on His Return to City—Met at Station by Civic and Military Authorities Who Conduct Him to Queen's Park.

Private William A. Hawkins, who won the King's Prize at Bley, returned to Toronto Saturday night. More eloquent of the admiration which his achievement has gained for him than the illuminated address composed by the city council was the roar of cheers which welcomed him as the hero-bearing train steamed slowly into North Toronto station at ten minutes after eight.

Then about the cheering, could be heard the notes of the salute. The band had not forgotten its duty. Twice the salute was played and then "God Save the King" and Private Hawkins appeared on the steps, escorted by Col. Currie of the 48th. Until that moment he had been Private William A. Hawkins. In a trice he became "Billy" Hawkins, and nothing else.

Controller Church opened a lane thru the crowd to an automobile which waited in a spot sheltered from the rain. The Blesley victor, his wife and father, Mayor Hooker and Colonel Currie climbed in. Perched on the back of the tonneau seat, Hawkins leaned far over as the got under way and shook hands with a thousand friends, laughing gaily as he picked out familiar faces from the mob around him.

In a moment the Highlanders fell in line. Led by the band and the pipers the procession started on its road to Queen's Park.

Less spectacular was Private Hawkins' first meeting with his commanding officer, which took place in the dim-lighted waiting room at Lesaside station, twenty minutes before the public reception. Hawkins with his wife arrived at Lesaside at 7.15 from Montreal, and was met by Staff-Sergeant Henry Kerr and Corporal Collins and Oliver of "A" company, in which he is enrolled. Thirty-five minutes later, while the remains of a soldier's lunch were still to be seen, Colonel Currie with Major Michie and Major Duncan Donald stepped in from the rain-soaked platform.

Whether or not the growing impression among Republicans in congress that Col. Roosevelt wants to capture the party nomination in 1916 has hastened the plans looking to reorganizing and rebuilding the party cannot be definitely stated. Of course the Republican national committee will be asked to meet in October or November to discuss plans for rehabilitating the organization.

SOCIETY HOUSEKEEPING

SCILLY

The Countess of Antrim, a sister of the Countess Grey, who is travelling thru Canada with Lady Sybil Grey and the Viscount and Viscountess Dunluc, is a lady of the bedchamber to the Queen and owns some beautiful lace. Notable among the pieces is a robe of gold lace which was found hidden in Dunluc Castle, which is a picturesque ruin on the coast of County Antrim and which is said to be haunted by the wrath of a legendary white woman. Lady Antrim mended the gold embroidery restored and remounted by Miss Emily Barnes, the lace expert and wore the robe at the coronation of King Edward. The process of remounting was very intricate, and in renovating there was no less than 1800 yards of gold thread used. Lady Antrim takes a great interest in things musical and is very fond of the harp as an instrument.

WOMEN'S SECTION

THE NURSERY

A CONDUCTED BY Elinor Murray SLEEPLESSNESS.

"If baby would only sleep well, I could put up with anything." This is the cry of young mothers all over the land. You have heard it and probably you have wailed it, and thought within yourself that life wasn't worth living, and you were much better off before they thought of home and babies—and a few other choice pessimistic thoughts that are very likely to come after a trying and sleepless night. Just a few days ago a mother of two children told me she did not know what it was to have a perfect night's sleep since her oldest child was born, twelve years ago.

I'd hate to look forward to years of that; and I would feel very sorry to have any of my readers wearing themselves out so uselessly.

One of the most difficult things I have to do is to convince these married mothers that a great many times when baby is a poor sleeper, it is entirely regular about putting the baby to bed, or she has not paid much attention to the subject, thinking that since babies are supposed to sleep most of the time, they will do so without training.

The average normal baby during the first few months of its life will sleep nine-tenths of the time if the mother is wise enough to care for it properly. When six months old, he should sleep two-thirds of the time. At one year, he should have about fifteen hours sleep out of the twenty-four, and at two or three years, he should have fourteen hours sleep. Until a child is four years old, at the very least, he should have a daily nap, and the best time for this is between eleven and twelve in the morning.

A great many children sleep immediately after dinner; but if they do so, they are not so ready to go to sleep at six or seven. Five-thirty or six o'clock is the correct bed-time for the baby under two years; and six or six-thirty for the child between two and five.

BOY SCOUTS HELD CHURCH PARADE East End Troop Marched to St. Barnabas' Church Yesterday.

Troop number 34, of the Baden Powell Boy Scouts, in command of Captain Wood, marched to St. Barnabas' Church, Danforth avenue, yesterday morning and attended service, conducted by Rev. F. E. Powell, the chaplain of the troop. Fifty-three members of the troop turned out, and in the march to the church they made a showing which augurs well for the competitions which will take place at the Exhibition this year. The troops are now training for the "Big" competitions, and they expect to capture some of the prizes.

HINTS BY MAY MANTON

7922 Child's Dress, 2 to 8 years.

Blue frocks are always pretty and extremely fashionable but, for the little folk, the one-piece dress has its advantages. This model is all in one, yet gives the blouse effect. The little skirt, or plaited portion, is attached to the body portion and the closing is made at the back while the fronts of the blouse are overlapped. For mid-summer, the round neck and short sleeves are both pretty and comfortable but mothers who are looking ahead will be glad to know that the dress can be made with high neck and long sleeves as well. Blue linen chambray is the material illustrated and it is finished with scallops of white. Dresses such as this are made from any childlike material, the thinner washable ones for immediate wear and heavy linen, pique, serge and the like for the future.

For the 6 year size, the dress will require 2 3/4 yards of material 27, 2 1/2 yards 36 or 2 1/2 yards 44 inches wide. The pattern of the dress 7822 is cut in sizes for children of 2, 4, 6 and 8 years. It will be mailed to any address by the Fashion Department of this paper, on receipt of 15 cents.

Chinese novelties in colorings typical of Chinese embroideries are the best of smartness. In many of the best of these novelties rich burnt orange tones predominate. Some of them resemble Chinese lanterns. Black glass or crystal is much favored as the background for these brilliant Chinese effects.

NOTED BAND AT HANLAN'S POINT

Miss Soller's Far-Famed Organization Will Be Heard This Afternoon.

Soller, who has created the greatest artistic musical sensation the country has known in years, has after much correspondence, been engaged for Hanlan's Point, opening her engagement here with her male symphony band this afternoon. Miss Soller was brought to this country by a well-known theatrical manager of New York in May last. She comes direct from Europe, where she is recognized as a musical genius and the only woman in the world conducting a high-class male symphony band. Her organization is composed wholly of musicians of high rank. Her organization is the greatest recognized unwritten law that no woman would ever be competent to conduct works of the great conservatories of the world.

Miss Soller and her band will give concerts every afternoon and evening during the week. The Hanlan's Point management makes no charge for these concerts, notwithstanding the great expense entailed in bringing this splendid musical organization to Toronto.

"THE RUNAWAY" AT ROYAL ALEXANDRA Those who come to the Alexandra Theatre this week are going to see Miss Haswell as a demure village girl when "The Runaway" is presented. This play, which is the earlier portion of the play because this village girl becomes tired of her surroundings and journeys to Paris, where she meets an old friend in the Latin Quarter and the good feeling for each other, which was formed earlier in their lives is kept up. The action of "The Runaway" and the scenes are laid in the first part in a delightful Breton village noted for its beautiful natural scenery and simple sylvan glades and dells, and from there the audience is taken to Paris, where an inkling is given of Bohemian life as led by poets, artists and journalists.

This change of locale gives the scenic artists and stage carpenters a splendid chance to make a production well worth seeing. All these opportunities have been well taken care of, and those who visit the Alexandra Theatre will certainly be well pleased with the results. Miss Haswell and her company present it. The comedy is in four acts and it is an adaptation of the play by the late general manager of Canada and the Duchess of Connaught and the Lieutenant-governor of Ontario and Lady Gibson.

ROBERT L. DAILEY AT SHEA'S TODAY Robert L. Dailey, the musical comedy man, is this week's headliner at Shea's Theatre. He will present a one-act play written for him by Mack and Orth, entitled "Our Bob." Mr. Dailey will have the support of Robert Roberts and Hester Armstrong in presenting the play, which is said to give him ample scope to demonstrate his versatility.

INDIAN SINGERS AT THE GAYETY The attraction at the Gayety Theatre, starting this afternoon, will be "The Liberty Girls" with Matt Kennedy, and it should prove exceptionally entertaining as the artists who surround the stage are great favorites. Probably the most novel number to be presented is Cole and Hastings, two full-blooded Indians, who offer a singing specialty. Aside from their ability as singers and entertainers, it is interesting to note that Harry Cole, known to his native tribe as Cetan Sko, meaning "White Hawk," is a graduate of Carleton University, and a grandson of the famous chief, "Lone Star" of the Cheyennes, while his partner, Anna Hastings, known among her people as Wakaya Luta, meaning "Red Feather," is a grand niece of Tony Brown, one of Gen. Custer's famous Sioux Indian scouts.

NOTABLE DRAMA TO OPEN GRAND Perhaps no drama ever produced contains such heart interest as does "The Silver King" by Matt Kennedy, which will be presented at the Grand Opera House next week as the opening attraction for this popular playhouse's forty-second season. This play is from the pen of the brilliant playwright, Henry Arthur Jones, and was first produced in London with Wilson Barrett in the role of Wilfred Denver. It has been played all over the English-speaking world, and has come to be regarded as a classic. The author has entered into an agreement with William Corbett, a finished actor, whereby the latter has secured the rights for production in the United States and Canada and has given the play an excellent company. "The Silver King" contains the elements that delight all "lasses"—heart interest, comedy and dramatic situations so intense that the audience is held spell-bound. The character drawings are worthy of the pen of the Grand Old Man of the theatre, and the series of events, and leaves the theatre with the feeling that he has seen and heard something worth while. During the engagement at the Grand the regular Wednesday and Saturday matinees will be given.

Klaw and Erlanger's production of "The Count of Luxembourg" opens the regular season at the Princess Theatre next Monday night for a specially warranted presentation. Critics have said that Franz Lehár's music in "The Count of Luxembourg" is the most brilliant achievement of his career. There are twenty musical numbers and every one a tuneful melody, several so catchy that they are bound to be sung widely. Glenn MacDonough, too, has shown his master hand in the libretto which he has written from the German of Willner and Bodansky, while the lyrics of Adrian Ross and Basil Hood sparkle continuously.

Mildred Elaine has the role of Angela, George Leont being that of the Count, Frank Moulton is a Grand Duke, Fred Walton plays Brissard, and Maude Gray is seen as Juliette, who is in love with Brissard, even though he is poor. Mr. Walton and Miss Gray give a pantomime satire on society that is wonderfully clever. Of course the Staircase Waltz, in which Miss Elaine and Mr. Moore glide up and down a staircase to the tune of the Lehár music, is a finished piece of resistance of the performance. The company is an exceptional one, the chorus being said to be the best trained one that ever left New York. Of whole production is gorgeous, the music delightful and the story most interesting.

Press Club Theatre Night, Thursday, Aug. 21, inst., is going to be one great success, to judge by the people who have signified their intention to be at the show. In addition to the Government House party, Lady Wemyss and party will occupy a box, the provincial secretary and party are all coming, and the Liberal party will also be very largely represented. The Women's Press Club have taken two boxes, and it looks as if all Toronto and its wife would be there. The Percy Haswell company will give a series of special features for that night only, and all the Press Club members will bring a series of chairs. There are still several good seats left, but early application should be made for these either at the box office of the Royal Alexandra Theatre or to any of the 200 members of the Press Club.

Ninth Annual Horse Exhibition at Cobourg Closed on Saturday After a Successful Week in Which Twenty-Five Thousand Equine Lovers Paid Admission Fees.

COBOURG, Aug. 16.—(Special).—With the conclusion of the week-end performance, Cobourg closed the most successful horse show of her career. The show was the ninth annual, and while the town has always boasted an excellent show, this year excels all previous occasions, both in attendance and the quality of horses on view.

A crowd remain so perfectly still and attentive to the proceedings. R. F. Massey's crack thoroughbred hunter, Half a Crown, in winning today's 2 1/2 miles "steepchase," won for his owner the challenge cup, which had been won last year by the same stable.

Undoubtedly the best horse among those owned by Hon. Clifford Sifton and his sons is his heavy hunter, "The Duke," which was purchased by the late James Murray. This is the horse which has been in the hands of the late Mr. Murray for a short time since in Virginia, and is now being exhibited at the Canadian horse show, as well as the leading show across the border.

Ravello is unquestionably a great horse of his type, and it will be interesting to see him in competition with "The Duke," who was regarded as one of the best American hunters and jumpers in the American continent, unhesitatingly expressed the opinion that Ravello was the best horse of his kind that he had ever seen.

Only two teams competed, Elmhurst and The Wasps made a clean performance. Hon. Clifford Sifton rode Dorchester. High-stoppers—1, Masterpiece, C. W. Maclean, Pointe Claire; 2, Aeroplane, Jones & Bate, Ottawa; 3, Going Some, Jones & Bate, Ottawa.

Many Americans There. The number of Americans in attendance at the show was another gratifying feature. Fully half the boxes were rented by Americans, and the Rochester ferry landed hundreds who came to view the exhibition.

Standing on a ten-foot platform at the southwest corner of St. Clair and Ravensden avenues yesterday afternoon at 4 o'clock, Archbishop McNeil blessed the cornerstone of the new St. Clare Roman Catholic Church, which church members to the number of one thousand witnessed the ceremony and wondered whether his Grace the Archbishop would be finished before the big black clouds in the sky broke their rain.

LARGE GATHERING OF CLERGY. The ceremony began a little before 1 o'clock when the altar boys of St. Clare led the priest to the platform. At the head of the clergy was Archbishop McNeil. Very Rev. Dean Hand, Very Rev. Edward McCabe, the priest of St. Clare parish, and a sort of the Roman Catholic clergymen of two hundred members of the Holy Name Society and forty members of the Knights of St. John.

Fractured Collarbone. McCabe's collarbone in this event when about two hundred yards before the finishing post. It was broken by a fall from the horse. The injury seemed to do no harm to Kilkenny's head, alighting on his shoulder on the hard turf. For a few minutes it was thought he was killed, but under the care of a physician he was brought around all right.

Four-in-hands—1, Miss E. V. Montreal; 2, Jones & Bate, Montreal. Amie, tremendous dandy, Miss V. was presented with a silver trophy, won in the contest.

High Jump. The Sifton Stable were the only entries, no attempt was made for the highest jump, the award being made on form only. Confidence, 2, Hercules, J. Rothwell, Cobourg.

Work St. Cecilia's Church in West Toronto had afterwards done for the parish until Father McCabe took charge on the 26th of February this year. From the day that Father McCabe took charge the parishioners began to organize for the building of the new church and their success has been marvelous.

ALGARY, Alta., Aug. 16.—The new million and a half dollar, will be formally opened Monday by Lieut.-Governor Bullock. The stone will employ between seven and eight hundred.

ADDRESS BROTHERHOOD. Col. A. Gaskin spoke to a large meeting of the recently formed Canadian Brotherhood at Cooke's Church yesterday afternoon. The subject was "Lessons from the Bible." The speaker, Col. Gaskin, urged the necessity of co-operation between the young men in bringing their brothers into closer touch with the church. This was the working basis of Christianity, when, with the Divine teaching in their hearts, young men went out into the highways and byways and brought less fortunate men to Christ.

PERSONS who appreciate the delights of the table, who enjoy exquisite flavors and fine culinary effects, who prefer quality to quantity in their eating, demonstrate the utility of the chafing dish by using it frequently.

Recipes for this mode of cookery may be divided into two parts, those which require considerable preparation before coming to the chafing dish, and those more simple ones that are easily concocted at a moment's notice.

Recipes for chafing dish cookery will never decline, for the bachelor maid and every man, woman and child who are not keeping house use this helpful cooking arrangement to supply hot lunches or favorite dishes.

The chafing dish broils chops and small cuts of meat, frogs' legs and oysters most temptingly. All creamed dishes, omelettes and curried foods in quantities for two or three persons are prepared with more care in this manner than any other. And after these dishes have been mastered you can continue your experiments with delightful independence.

German Papers Criticize Their Government Abstinence From Frisco Exposition. BERLIN, Aug. 17.—(Can. Press).—A majority of the Berlin newspapers have decided not to participate in the Panama-Pacific Exposition without comment. The "Deutsche Tageszeitung," the official organ of the Agrarian league, says: "There are many in Germany who will not be pleased by the over-popular manner in which the government has excused itself from participation in the exposition. Judging from former experiences, it will not make the desired impression on Americans either."

THE GARDEN CONDUCTED BY RACHE R. TODD M.D. Dwarf Ageratum

Both the dwarf variety and the taller sort of this plant, ageratum, are desirable garden inmates. The dwarf ageratum, however, is one of our most welcome border plants, for several good reasons.

In the first place it is an annual of the very easiest culture. Early in March, you sow your tiny seeds either in open ground, or if very early bloom is desired, the seeds may be sown in the box flats, and set in a warm, sunny spot until germination takes place; when the frost has left the earth, the transplanting may be set out at the earliest time possible.

Fairly rich soil is required, plenty of water, and an occasional clipping until late in the season, will give the plant to get out of bounds. A second point; being of compact and very hardy habit the plants, in general, are not too bushy or too floppy let it pass without making a move.

The blossoms are excellent for uses because they remain fresh for many days after picking. While the dwarf variety seldom exceeds a height of more than one foot, the taller kind often reach some four or five feet high. Both kinds are profuse bloomers. No one can ever make any complaint in that respect.

After the flowers have faded, a slender angled, bristly stem, or seed pod, most decorative in appearance, takes the place of the blossom. So that at no time is the ageratum other than attractive.

BUCKHORN ONLY THIRD IN HANDICAP AT WINDSOR

Outsider Takes Feature in Three Horse Race on Opening Day.

WINDSOR, Aug. 16.—(Special to the Sunday World).—Ideal racing weather drew out a large gathering to Windsor this afternoon. Detroit half-holiday racers turned out in droves, and the attendance was equal to that of any Saturday of the previous meet. Forty-five layers were in line, and speculation was keen. The card was a well-balanced one, the feature race, the D. B. I. & W. Ferry Handicap, bringing out a small but select field. Buckhorn, despite his heavy impediment, was made a warm favorite and was heavily played.

John W. Schorr has engaged Jockey Buxton to go to Saratoga to ride his two-year-old, Vandagriff, in the Futurity, to be run at the end of August. Buxton will rest up at the conclusion of the Windsor meeting, until the opening of the racing season in Kentucky. He will ride no horse outside of Vandagriff at Windsor. Jockey Small has arranged to ride for J. W. Fuller at Juxes next winter. Weather clear, temperature 75.

MARKET SHOWED REACTIONARY TONE

Brazilian Scored Rise at Week-End, But Other Stocks Were Lower.

DULNESS WAS THE RULE

Scattered Selling During Period of Light Demand Brought Weakness.

NEW YORK, Aug. 16.—Continued lack of rain over large agricultural areas in the west and southwest, was the basis of another selling movement in today's early market. Declines of a point were abruptly registered by St. Paul, Atchison, Rock Island preferred, Union Pacific and Erie. U. S. Steel also felt the force of the initial impact more than any other issue, except the Harvesting shares, which were notably heavy, while some of the minor specialties yielded as much as two points.

Following a further downturn in the London market and a weak spasm in Wall Street, Canadian securities in the Toronto Stock Exchange showed a slightly reactionary tendency in the early dealings on Saturday. This was followed by a more confident tone, and the close saw a portion of the list slightly improved from the preceding day.
