VOL. XXXIX.—No. 14,099 TWO CENTS

DOMINION-WIDE PROHIBITION COMED BY SENATE'S ACTION

Attempted Compromise in Threatened Toronto Street Car Strike a Failure

STREET RAILWAYMEN AND THE COMPANY STILL AT DEADLOCK

TRIAL OF LEADERS IN WINNIPEG STRIKE MAY START TODAY

O.T.A. Unaffected By Senate Action

Referendum Unchanged, But Importations Allowed, Says Premier Hearst.

PROHIBITION LEGISLATION BLOCKED BY THE SENATE

ALL READY FOR A HUN REFUSAL.

Yesterday's Joint Meeting Brings Out No Sign of Compromise.

Board of Inquiry Has Power to Immediately Order Deportation—If That Action is Not Warranted Criminal Proceedings Will Be at Once Instituted.

Winnipeg, June 18.—Chief Justice today centred in the possible fate of the strike leaders arrested at an early hour yesterday morning and whisked off to Stony Mountain penitentiary. It was stated that their trial by a special board of inquiry appointed under the immigration act will take place at Stony Mountain tomorrow if the board, now on its way from Ottawa, reaches Winnipeg tonight as expected. It was stated that three members of the board, whose names are not given, were coming from Ottawa. Also eligible for membership on the board, it was said, are Colonel Sir James D. Stewart, C.M.G., Commander A. Perry and Acting Commissioner of Immigration for Manitoba, Thos. Jelley.

Street Cars Running.

For the first time in nearly five weeks, a full street car service was in operation. Regular employees of the company, who returned to work in response to an ultimatum which was issued by the union, were manned thirteen cars, which were placed in service on the Portage avenue line, where traffic is heaviest. As a result of the strike, no aggressive action was taken when the cars came out, and no disturbance occurred. Through the day, a more orderly situation was maintained, but it is doubtful if the strike will be completely settled by the end of the week.

Wire to Minister.

At the conclusion of the conference the mayor sent the following wire to the minister of labor:

"Deadlock reached here this afternoon at round table conference called by me between the Toronto Railway and their employees, at which board of trade and other public bodies were present. Words were immoderately pointed forthwith of proper board of conciliation under the general act. I fear strike here Monday unless drastic and quick action is taken by your government. General labor situation here has been improving for many days past, and fear that strike of Toronto Railway employees will have had effect all round. Please take action at once and have proper board appointed by tomorrow. Please answer."

Meet Again Friday.

It is contemplated to have another meeting Friday afternoon. It is not known whether R. Fleming will be present, the street railway manager thinking he may be in Ottawa that day.

When the matter of conciliation was being discussed the mayor put the straight question to Manager Fleming: "Will you stand for the award?"

Mr. Fleming replied: "You don't

Ottawa, June 18.—Outside of the budget debate there has been a good deal doing today in the capital. For one thing the senate asserted itself and by a vote of 35 to 24 hamstrung the bill passed by the house of commons providing for nation-wide prohibition. The senate so amended the bill this afternoon that the order-in-council will cease to be effective after the signing of peace, thus legalizing the manufacture and importation of intoxicating liquors and interprovincial traffic therefrom.

Ottawa, June 18.—There has been a big conference on today between members of the government, the grain commissioners, the western farmers and the transportation companies in respect to the handling and disposition of the wheat crop for 1919. The railways and the steamship companies are ready to do their part but the grain growers are anxious to know where their wheat is to be marketed, and how credits are to be provided to pay for the same. While no definite conclusion was come to by the conference, and no official action has yet been taken by the government, it may be safely asserted that the 1919 wheat crop will be controlled by the government. Just how the details of this "control" will be worked out, no official authority is prepared to state, but it is a fair surmise that the price of the Canadian wheat crop of 1919 will be fixed at the same price as the American crop. It is said that this will involve no loss to the Dominion government, because a great portion of the crop can be disposed of in the United States. The rumor that the Washington government offered to purchase the Canadian crop at the price fixed for the American crop can not be confirmed. But some overtures of that kind have undoubtedly come from the American authorities within the past few weeks.

Ottawa, June 18.—The day has been occupied with a good deal of gossip about cabinet reconstruction and the end of the session. A minister of agriculture will soon have to be chosen, and he ought to come from the west. It was reported that W. M. Hamilton of Weyburn, Sask., who represents the grain growers on the Canadian national railways directors' board, would join the government, but it turns out that Mr. Hamilton has accepted the Liberal nomination for a seat in the Saskatchewan Legislature and is soon to enter the Martin Government. R. C. Henders, Unionist M.P. for Macdonald, and president of the Manitoba Grain Growers' Association, is mentioned as a possible successor to the Hon. Mr. Cramer, but it is doubtful if he could carry his seat at the by-election. Dr. S. F. Tolmie, Unionist member for Victoria, B.C., is the most likely man to be appointed, although a strong Unionist rumor is on foot among the members of the cabinet, that the boom Donald Sutherland of South Oxford for the vacant portfolio.

PRINCE OF WALES ARRIVING IN AUGUST

Ottawa, June 18.—His Royal Highness the Prince of Wales is expected to arrive in Canada during the month of August and will be present at the opening of the Canadian National Exhibition at Toronto, and at the official opening of the new Canadian parliament buildings. The following staff will accompany him on his Canadian tour: Chief of staff, the Marquis of Salisbury; chief private secretary, Lieut.-Col. B. M. Grigg; assistant secretary, Sir Geoffrey Thomas; bart., squires, Capt. Lord Claud Hamilton, and Capt. the Hon. T. W. Leah.

WINDING-UP ORDER FOR LOAN COMPANY

New Company to Take Over Standard Reliance Corporation's Affairs.

Careful Handling of Properties is Expected to Bring Substantial Returns.

In pursuance of a plan for the complete reorganization of the Standard Reliance Mortgage Corporation, the directors at a meeting yesterday approved George H. Kilmer, A.C., to apply at Osgoode Hall in granting an order appointing G. T. Clarkson provisional liquidator. It is proposed to liquidate the Standard Reliance Mortgage Corporation, which is composed of representatives of creditors and stockholders, and it is expected, upon the winding-up order, to reimburse all creditors fully, but also to provide for the return to the shareholders. Deposits amounting to \$1,000,000, outstanding debentures total \$1,000,000, and the company's assets are estimated to be about \$2,600,000. The company's total assets, as shown in its last audited statement, amount to \$8,500,000. Apparently, nearly one-half of the assets are represented by investments in real estate. The Standard Reliance Mortgage Corporation was organized in 1914, and its principal office is in Toronto. It has branches in various parts of the Dominion.

Ottawa, June 18.—At an early hour this morning, the budget debate was in full swing with a vote upon the McMaster amendment expected before adjournment. Several cases of party insurgency featured the discussion in the house today. First, William Fuller, Liberal member for North Waterloo, declared himself a protectionist and refused to follow the lead of his party in respect to the McMaster amendment. Later a provision in the bill for the revocation of certificates of naturalization granted in Canada where such certificates have been obtained by fraud; where the holder has shown himself by act or speech to be disaffected or disloyal to his majesty; where the holder during the war unlawfully traded with the enemy; where the holder was not of good character at the date of grant of certificate; where he has continued to reside abroad for not less than seven years and not maintained connection with his majesty's dominions; where, according to the law of the state at the date of grant of certificate, he remains a subject of that state; finally where the continuance of the certificate is not conducive to the public good. Provision is also made for the naturalization of persons who served with the British forces in the war.

INFANTICIDE VERDICT AGAINST MOTHER

Soldier's Wife Says Child Fell on Floor as Soon as Born.

"We find that Baby Henderson came to his death by the act of the mother, Grace Laverna Henderson, as shown by the evidence, and consider the mother guilty of infanticide." This was the verdict returned last night at the morgue, inquiring into the death of a child born to Mrs. Henderson, the body of which was found in a chimney hole at 438 Euclid avenue.

The jury were sent out twice, the second time for the purpose of amending their original verdict, which was non-committal and was objected to by Coroner C. W. Clendenan, who conducted the inquest. Crown Attorney Richard Greer prosecuted for the crown, and W. B. Hopkins represented the accused, William Henderson, husband of the prisoner, who recently returned with the 75th Battalion, and his little 2-year-old daughter were present.

During the length of the investigation he sat beside his wife, whose arm rested lovingly around its neck. It was very evident to each of the jury that the couple were strongly attached to each other and that the faith of the soldier husband had not been severely shaken by the unfortunate circumstances occurring in his absence. Mrs. Henderson remained composed while the various witnesses gave evidence. Her lawyer, W. B. Hopkins, waived all preliminary evidence so that she did not take the stand to give evidence in her own defence. A sworn statement with her signature attached and which was drawn up, presented by Inspector Miller of No. 11 division, constituted a part of the evidence. It continues as follows: "I gave birth to a male child early on the morning of June 7, shortly after the child was born it fell out of my arms on the floor. It commenced to cry and I took it up and rolled it up in a quilt and put it in a suitcase (it was crying at the time). I did not look at it again for two or three days. I then took it out and rolled it in newspapers and put it in a chimney in the room. The father of the child is Corporal Harman and my husband was coming home with the 75th Battalion on June 8th, and I wanted to get rid of it before he arrived." Signed, Grace Laverna Henderson.

Warned Prisoner. In presenting this statement Inspector Miller informed the coroner and jury that he had warned the prisoner that any evidence would be used against her and that she need not answer any questions unless she wished to do so.

Mrs. Vera Kelly, 75 McGill street, was the first witness called. It was at the direction of her husband that she had informed the police of the body being at 438 Euclid avenue. She stated that she had known Mrs. Henderson before she came to the city and used to visit her frequently at her flat on Euclid avenue. It was a week after the death of the child that Mrs. Henderson had confessed the whole facts to her and shown her the body of the child which was deposited in a suitcase. The witness positively stated that Mrs. Henderson had told her that at its birth she had hit the baby's head on the floor and that it had cried once, after which she had wrapped it in a quilt and cross-examination by prisoner's counsel she still maintained the truth of the statement. The first intimation she had of the occurrence was on Saturday morning, June 7, when she had called at the home of the accused. "There was blood on the carpet and when I asked her how it got down stairs," said Mrs. Kelly.

Corroborates Wife. Dr. Robert Dwyer, who conducted the post-mortem examination, said that he was unable to find any marks of gross violence on the body of the child, and that it was his opinion that it had fallen to the floor at birth. He stated that there was evidence of a caped with her life without receiving the required medical attention I cannot say," said the doctor, adding that even if the child had lived after falling from the floor it would have bled to death.

Asked by Crown Attorney Greer in regard to the signed story of the woman, Dr. Dwyer stated emphatically that he did not take any stock in that. He said that here was a case of a woman's frightened attempts to cover a painful situation, and what she probably meant was she didn't like anyone to know she had been careless and had let the child drop on the floor. The witness concluded by saying that she physis, concussion or hemorrhage had been the cause of the infant's death.

Grace Henderson appeared in the police court yesterday charged with the murder, and was remanded until the 20th inst.

YORK COUNTY AND SUBURBS

DANFORTH EARLSCOURT "HARD TIMES AND HOW TO CURE THEM" "CITY MAY PURCHASE ROYCE PROPERTY"

W. A. Douglas of Tax Reform League, Advocates Single Measure. Mayor Favors Project to Turn Estate Into Public Park.

"Hard Times, and How to Cure Them" was the subject of an interesting address given by W. A. Douglas, B.A., of the Tax Reform League, at a slimly attended tent meeting held at the corner of Danforth and Fenwick avenues last night. Frank Barber occupied the chair.

The speaker in his opening remarks pointed out the enormous increase in land values during the past years in the city of Toronto. He instanced the case of Yonge street land which at one time was purchased at \$1.00 a foot, and is now valued at \$10,000 a foot. In the centre of the city during the past hundred years the land has increased ten thousand times in value. Not so the buildings, they have long since disappeared. It is true that whatever man produces must be consumed or worn out. Then it must be reproduced, but with the value of the land it is different. It abides forever. Does not this allow the owner of the favorite site to escape all burden of providing for the support of government while the industrial classes must provide not merely everything necessary for government, but also for the support of the luxurious homes of the land owners," said Mr. Douglas, adding that if we are to impose taxation on the products of industry.

BOARD OF EDUCATION "PARASITE POLICY" "We have arrived at a time in Toronto at which parasite policy should be eliminated from the board of education."

"This most unscrupulous policy of paying hangers-on without earning their money must be classed with the I. W. W. it is a daring piece of business to take the ratepayers' money to pay a retiring official \$2,000 a year for the rest of his life. The prodigality of spending the hard earned money of the citizens of Toronto will not be tolerated at the end of January next."

RATEPAYERS NUMBER TWENTY-THREE BODIES According to the statement of D. McCarty, secretary, the central council of York Township Ratepayers' Association, the organization in good standing affiliated with the council is 23 in number.

PLAINS ROAD SCHOOL PICNIC. The arrangements for the picnic of the Plains Road School, to be held at Thorncliffe Flats, Don Mills road, on Saturday, June 23, are well under way.

HYDR0 ERECTING POLES. In connection with the lighting of the district the Hydro are now erecting poles and stringing wires in Selmon avenue, in the Woodbine Heights district.

DUST NUISANCE ABATED. York Township Council is now carrying out the work of improvement in the east end. A new curbing has been placed at the foot of Barker avenue and the dust nuisance has been abated in several places by oiling the roads. Woodbine avenue has been oiled for some distance.

B.Y.P.U. ANNUAL PICNIC. Danforth avenue B.Y.P.U. annual picnic will be held at High Park on Saturday, June 22, at 10 o'clock.

SCARBORO WARD EIGHT PICNIC. Word Eight Liberal-Conservative Association is holding its annual picnic and games at Scarborough Beach athletic park on Saturday afternoon, June 23. Over 40 events have been arranged including games for returned soldiers and children. Special facilities are being provided and a large contingent of soldiers from the military hospitals in Toronto will be present as the guests of the association. Sir William Hearst is expected to attend and give a short address.

NORWAY WANT WOODBINE AVE. PAVED. A petition is at present being circulated among the residents of Norway hill for signatures, by a representative of a paving company to have Woodbine avenue, from Gerrard street to Kingston road, paved.

COUNTY COUNCIL MEET. The York county council held two brief sessions yesterday, the morning session lasting from 12 until 1 and the afternoon session from 2 until 4 o'clock.

INSURGENCY DURING BUDGET DEBATE

(Continued From Page 1).

Sir Robert Borden replied that the purpose of the bill was to make Canadian naturalization uniform with that of the United Kingdom. The provisions were framed with that purpose and did not depart in any important respect from the provisions of the imperial act of last year. It was extremely important that the proposals should be carried into effect at the earliest date.

The bill was read a first time. Westerner to Support. H. C. Wright, Battleford, continued the budget debate. He said, believing that the budget promised a measure of relief, he proposed to support it.

At the conclusion of Mr. Wright's speech the Speaker asked if the house was ready for the question. He was about to put the question when Mr. W. D. Euler arrived in time to save the debate from collapse. Mr. Euler budget and entirely was opposed to a large part of the amendments which went a little further than he would wish to go.

He intended to vote both against the amendment and against the budget. Mr. Reid, of Mackenzie, regretted that the government had not brought down a budget which western members could accept in full. On this point he was compelled to vote against the amendment because the rules of the house would not permit a sub-amendment.

Mr. McColg thought that the agriculture department had not been as active in production as it should have been. The duty on agricultural implements had been so high in the past, said Mr. McColg, that few of the implements were brought into Canada. Therefore, production was impeded, and the revenue of the country was not increased.

Sir Thomas follows. Sir Thomas White, following Mr. McColg, emphasized the fact that the increase in Canada's national debt was due entirely to the war. He declared that of all nations, which had been in the war for a year and a half, and now about twenty-five billion marks about the entry of farm tractors, saying that he could not quite understand the position of the member for Kent, but that had nothing to do with the fiscal policy of the government.

Greatness of Victory Loan. Sir Thomas declared that of all the loans raised in the war by any of the belligerents the Canadian Victory loan was by far the greatest success. An amount of \$690,000,000 was raised, equivalent in the United States to a billion dollars. As the loan being tax exempt, Sir Thomas said that had it not been tax exempt the country would not have obtained anything like the amount of money it did obtain. It would have had to pay a much higher rate of interest.

The minister of finance emphasized the fact that it would probably be three or four years before an efficient organization for collecting the income tax was developed in Canada. There was nothing to be done but to begin if possible, and have it working on that. Some time it was necessary to delve into his affairs.

Every country adopting this method of taxation had met with similar difficulties. He thought that the adoption of a land tax would not be wise at the present time.

Keep Tariff Intact. Coming to Mr. McColg's amendment, Sir Thomas said he did not believe there were in the house 20 men who would consider it wise to tear the tariff to pieces and build it up again at the present time. In a great producing country like Canada duties on foodstuffs, he said, had an almost imperceptible effect, but these duties should bear more heavily on the necessities. If the amendment were carried, he said customs collections which would be reduced by \$17,000,000 would be increased by \$17,000,000.

Members of the ambulance cadets in connection with the proposed Park outing on Thursday to Niagara-on-the-Lake. The cadets number about 60 and friends of the boys are also invited.

You can get coal if you will Order Available Sizes The quick delivery of coal depends to a great extent on the relations between orders and stocks. The people of Toronto have been ordering 85% stove coal. Toronto coal dealers receive 30% stove coal. Obviously they cannot make rapid deliveries on this basis. But there are several other sizes of coal which can be efficiently used in the homes of Toronto. Egg coal in larger furnaces. Egg and stove mixed for the medium sizes. Or egg and nut will burn splendidly. Stove and nut for small furnaces. Give your coal dealer a chance. Tell him to deliver one of the sizes he is receiving. Then you can have coal in your cellar.

RIVERDALE COMMISSION SHOULD BUILD TO RENT "Unless the Toronto housing commission build houses for rent they will fall in their object to house the citizens," said A. Stubbings, Fulton avenue, who claims he was the first to introduce the housing scheme to the citizens of Toronto several years ago, and has made the subject a life study. "It is impossible," declared Mr. Stubbings, "for any workman with a family at the present time, considering the high cost of living, to pay ten per cent. of the purchase price, equivalent to \$350, as a first payment on a home and also to be saddled with the house for 20 or 30 years without permission to sell if he so desired." said Mr. Stubbings, who added that he made enquiries at their palatial office on Bay street yesterday, where four clerks are employed, regarding a loan, and when he made certain suggestions he was informed that the housing commission was not a benevolent institution. "Every citizen who applies for a loan to build a home should have a prompt attention and not be kept waiting indefinitely, time, and small builders should be allowed to benefit as well as large contractors," he said. RETAIL GROCERS' ANNUAL PICNIC

Merry Party to Cobourg Had Full Program of Sporting Events.

Yesterday marked the thirty-third annual picnic of the Toronto retail grocers—this year at Cobourg, near by 1000 grocers and their friends took advantage of the lake and good weather conditions.

The excitement started on board the boat about 9.30 when the nail-driving contest for Red Rose tea was announced. Many of the married women showed real skill in driving the nail, being accustomed to using the hammer at home, no doubt. Mrs. Pauline, 9 Ketchum avenue, was the heavy hitter who put the nail down in nine hits.

The marble-throwing contest for grocers for \$50 scale, donated by Canada Scale Co., was won by Mr. W. Salter of 51 Nairn avenue, who by nursing his old soup bone put three out of five marbles in the barrel.

The Geo. Weston Co., Oxo Co., Magic Baking Powder and others were also represented with contests and souvenirs.

The St. Lawrence Sugar contest was won by Mrs. Heuchon, 44 Olive avenue, with Miss Kemp second and Miss Luddy third.

Won Cuff Links.
The cuff links donated by the Cuddeback Packing Company for travelers were won by Mr. Hills of the Red Rose Tea Company, who tightened up in the pinches and slipped four out of six marbles in the barrel.

Great interest was taken in the races for the prizes given by the different manufacturers. In the races for grocers only they made things look like a busy Saturday night behind the counter. The results were: The Comfort Soap race for grocers—over 45 years—1, Geo. H. Thornley; 2, Harry McDonald; 3, John Davidson; 4, Donald McLean.

The travelers' race, 35 years and under—1, H. S. Dellamora; 2, F. Bone; 3, A. Skitch.

Travelers over 35 years—1, A. L. Ingram; 2, Geo. Patterson; 3, J. Smith.

Open race for all grocers—1, Percy Bone; 2, E. Fowler; 3, C. S. Pletcher; 4, A. Fleming.

Fat men's race—1, T. P. Padgett; 2, J. Brook; 3, H. T. McDonald; 4, C. Forbes.

Wholesale wagon salesmen—1, Geo. Patterson; 2, S. Carter; 3, H. Humphreys; 4, H. Pletcher.

Married grocers—1, Fleming; 2, W. J. Nichol; 3, Geo. Thorne; 4, H. T. McDonald.

Lady grocery clerks—1, Miss B. Dunn; 2, Miss N. Werrin; 3, Miss Day; 4, Miss Hallam.

Special race for Harold F. Ritchie prizes, 100 yards—1, H. S. Dellamora; 2, J. Dowson; 3, A. Skitch.

For same prizes, 220 yards—1, J. Dowson; 2, A. Skitch; 3, F. Bone.

Grocers' Wives.
Mrs. C. Pletcher; 2, Mrs. A. Day; 3, Miss N. Werrin.

Gong soup race, open—1, Mrs. A. Rebbington; 2, Miss B. Dunn; 3, Miss A. Dunn.

The Dick Palmer special—1, E. Fleming; 2, W. J. Nichol; 3, H. R. McDonald.

Then came the ball game, O, what a game, the Grocers v. Travelers. The game only lasted seven innings, but there was enough, Chas. Wilson, who shook a wicked arm for the travelers, kept the hits scattered, while his partner, Geo. Patterson, behind the plate, was kept busy catching the balls the grocers missed.

Archie Cramer, who served up to the travelers from the pitcher's box, must have thought he was back behind the counter the day he tossed the ball, while Bill Cook, who pitched behind the plate. Had it not been for the good work of J. R. Booth on first base the travelers would have slipped over more runs. The score ended 8 to 3 in favor of the travelers, thereby winning them all new hats.

Bert Haley umpired the game.

WEATHER MAN HAS NO SYMPATHY

Toronto Still Doomed to Swelter in Abnormal Heat for June.

The weatherman would not make a good undertaker—he is without a sympathetic medal. He declared yesterday that Toronto must go on sweltering in 90 degrees of heat and perhaps more, until a thunderstorm comes along to mix things up a bit, and remove the stagnation, and slight. The disturbance—the weather man does not call it a storm—last Saturday, was only just a ship that passed in the night: a good fifty-cylinders storm is the only hope for any relief. To anyone unable to obtain sufficient relief to keep cool, it is hardly any comfort to be told it is cold in Newfoundland and that people are sitting before fires in British Columbia.

The highest temperature reached yesterday was 90 and this was 14 above the normal for the period of the year. At 7 a.m. the glass stood at 74, by noon it was up to 88, and then gradually ran up to 88, at which figure it stood until 4 p.m. At 8 o'clock last night it had gone down to 80 and at midnight was well maintaining its average for the past four days.

TRIAL OF LEADERS IN WINNIPEG STRIKE

(Continued From Page 1).

sympathetic strike could be settled, collective bargaining, the right to a living wage, and the right to organize. To this has now been added a fourth point, according to the strike bulletin "the freeing of political prisoners."

A Dominion-Wide Strike.
Speakers at meetings today stated that efforts would be made to organize a Dominion-wide strike to force the release of the imprisoned leaders. Returned soldiers constabulary were on duty regulating traffic today for the first time since the serious outbreak of hooliganism.

Excitement was caused this afternoon by the sudden shutting off of electric power, resulting in the stoppage of street cars just after they had got started. Company officials said the trouble was caused by a faulty switch, which was soon repaired. At the closing session of the Methodist Conference of Manitoba it was decided to notify Rev. Mr. Ivens that he cannot preach as he is deprived of his standing and functions of a minister conferred at his ordination. The only reason was his unwillingness to devote himself to the work as a Methodist minister.

Another Man Held.
The latest addition to the list of arrests of labor leaders is Sam Elumenberg, who has been for years a prominent figure in advanced Socialist circles in Winnipeg, who gave himself up.

Speakers at a labor meeting held this afternoon at Victoria Park intimated that efforts would be made to organize a Dominion-wide strike with a view to forcing the release of the imprisoned labor leaders.

Carmen May Go Back.
Striking carmen of the Canadian Pacific Railway are considering the advisability of returning to work. They have forwarded a communication to the central strike committee of the Labor Temple, urging settlement of their intention to "take back" their action as they deem advisable.

The Canadian National carmen have also passed a resolution and forwarded it to the central strike committee, expressing the opinion that the original cause of the sympathetic strike was settled by concessions on metal trades employers.

Delay in Arrest Explained.
Hon. Gidson Robertson, minister of labor, in the course of an interview explaining why strike leaders had been arrested yesterday and not before.

"Since the sympathetic strike was called, the federal government has been carefully investigated as to whether or not the strike arose out of an ordinary industrial dispute, or whether other and sinister motives were involved.

"The information and evidence gathered amply warranted the conclusion that a seditious conspiracy was contemplated by a portion of the members of the central strike committee, who are believed to be revolutionary and dangerous in their tendencies. It being apparent that a reasonable settlement of the metal trades dispute could not result in settling the strike, and because of the persistent and insidious propaganda and misrepresentation that was being spread abroad, especially among the railway employes, with a view to extending the strike, and utterly dislocating transportation, the federal department of justice, thru its authorized representatives, properly decided to take into custody those held to be responsible for seditious conspiracy.

Received Bolshevik Money.
"From additional evidence obtained, consisting of papers, pamphlets and documents gathered in by the police on Tuesday morning, only a few of which have yet been scrutinized, the citizens of Winnipeg and of Canada will have little difficulty in reaching a conclusion as to the depth and seriousness of the conspiracy which was going on, not only in Winnipeg but generally throughout western Canada.

"The representatives of the justice department will in due time unfold the facts. It might be interesting, however, for the public to know that the records indicate that a special committee had been selected on June 10 to investigate and report upon the possibilities of cutting off the electric power from the city, and that the correspondence addressed to H. E. Russell, secretary of the One Big Union, provincial executive, Manitoba, acknowledged receipt of 'Bolshevik money.'

BEHIND WALL PAPER.
Falling to report for military service resulted yesterday morning in Leslie Jewell, a young farmer from Norfolk county, being fined \$50 and costs in police court, or one year in Burwash when the Dominion police officers searched Jewell's home they found him hiding behind wall paper in an upstairs room of his home.

TORONTO CHANGES IN METHODIST STATIONS

At the Methodist church conference yesterday the following changes were made in stations in Toronto and district: A. Philip Bruce, D.D., replaces E. P. Scott at Gerrard St. Church; Edward F. Church, goes to Elm street in place of E. Harold Toye, R. A.; Leatrice W. Robinson, R.A., gives way to E. Harold Toye in Eglinton; Leonard Phelps takes the place of Jno. F. G. Morris of Willowdale; Fred Vowles succeeds J. Foster-Hickson in Edeley; and James B. Aikhead is replaced by Percy M. Pencock at Davenport Road.

VERA DE LAVELLE WILL GIVE HERSELF UP IF SENTENCE LIGHT

Vera de Lavelle has written to W. B. Horkins, her lawyer, stating that she was willing to return and give herself up to the police on condition that they promise to be lenient with her sentence.

ELECTRIC WORKERS DEMAND INCREASE

Conciliation Board to Settle Toronto Suburban Railway Dispute.

Electrical workers on the Toronto Suburban Railway Company are asking for practically a 117 per cent. increase in wages as well as a reduction in hours, and have applied for a board of conciliation.

The station operators, now working 84 hours a week, receive 30 cents an hour. They ask 55 cents an hour and a 48-hour week. The linemen now work a 60 hour week at between 28 1-2 and 40 cents an hour, and are asking 65 cents an hour and a 48-hour week. The winders working a 60-hour week at 45 cents an hour, ask 70 cents an hour and a 48-hour week, and the heaters want an increase of from 35 cents an hour to 50 cents and a reduction of hours from 60 to 48.

ENGINEERS BANQUET GENERAL MITCHELL

Many notables, both civilian and military, attended the informal dinner held Tuesday in honor of Brig. Gen. Charles Mitchell, C.B., C.M.G., D.S.O., who recently returned to Toronto after a distinguished career in France and Italy. The dinner was held at the Engineers' Clubrooms, where the Engineers' Club and Engineering Society united in extending a hearty welcome home to the distinguished general.

Among those present were the following: J. R. W. Ambrose, president of Engineers' Club; Hon. H. J. Cody, minister of education; Sir Robert Falconer, Dr. W. A. Ellis, dean of the faculty of applied science; Brig. Gen. G. M. G. G.O.C., military district No. 2; Col. R. W. Leonard, president of the Engineers' Institute; Col. Van Nostrand, Col. Is Saving Worth While?

Perhaps it doesn't seem so when you can only save a few dollars at a time and get little or no interest. But when you can get 4 1/2% interest on every \$4.00 you save, with the Dominion of Canada as security for your savings—that is a different story. You can do this—by means of War Savings Stamps. Canada needs money for reconstruction. Canada says to every wage earner: "Lend me your odd savings as often as you can, and for every \$4.00 you lend me now, I will pay you back \$5.00 in 1924. The odd cents are for accrued interest. Saving under this plan is worth while. If you have never before been thrifty, be thrifty now. Thrift Stamps will help you to form the habit. Buy one every time you save 25 cents, and when you have sixteen, exchange them for a War Savings Stamp.

GRAND LODGE REBEKAH CONTINUES SESSIONS

Grand Lodge Rebekah Assembly continued its business sessions yesterday morning at the I. O. O. F. Building, College street. In the morning registration and meetings of the grand lodge committees took place and in the afternoon a visit was made to the Rebekah Assembly by the grand officers.

The afternoon program included a drive about the city, a large number of automobiles decorated with the pennants in the order, carrying off the visitors to enjoy the beauties of Toronto in June. A visit to the home was included in the trip. In the evening the ceremony of dedicating the temple took place, after which welcome was given by Mayor Church and M. A. Sorsolelli. The concluding feature was the grand decoration of the temple by the grand commanding Gen. W. C. Gurney, of New York and special staff. Representatives from Montreal, Michigan, New York, Pennsylvania and other points are in attendance.

WIRE STRIKE IN 'FRISCO.

San Francisco, June 17.—The central and northern California unions of the International Brotherhood of Electrical Workers, including telephone operators and linemen, voted to go on strike today for immediate wage increase and the granting of their demands in regard to the working conditions. Union officials estimated that 8000 were out. The wire utilities claimed that the number was much smaller.

NO POLITICS FOR U.F.O. YESTERDAY

Picnic at Uxbridge Was Care-Free Day Full of Sport.

A U. F. O. picnic is so much like any other picnic that you can only tell them apart by the tags. The tags of all the Farmers' Clubs of York county were conspicuously in evidence yesterday at the U. F. O. picnic held on the Woodbridge Fair Grounds. The farmers, their wives, daughters, and stalwart sons came upon the scene for the most part in automobiles decked with green branches and garlands of young corn well headed out. They wore a well dressed, well nourished, good humored assembly and they numbered more than seven hundred. They lost no time in conforming to the ideals of the genial Goldsmith and led out their sports beneath foliage of the picnic grounds.

The sports occupied the whole of the day and the galaxy of speakers, including President Halbert and R. W. E. Burnby were on hand, they did not put their political wares in competition with the program of recreation and the autos began to carry off their happy occupants before the speaking was remembered. Shades of the late Hon. Clarke Wallace! To think of the yeoman voters of York county meeting in Woodbridge without feeling the promptings of politics. These are new times. Politics is a business of popular indifference.

The great event of the day was the tug of war in which the following clubs participated: Woodbridge, Unionville, Maple, Nashville, Nobleton. A strenuous effort was made by Woodbridge to retain the cup but at the end of the protracted struggle Nobleton had the weight. Next in interest was the farmers' trot, open to all the club members whose horses had never won a prize. It was a fine competition of driving and pacing and resulted as follows, 1st, H. Cole, "Chapple," 2nd, M. Weller's "Mosquito," 3rd, John Costator's "Jim Bell."

Out on the grounds there were lacrosse and football matches, an exhibition of farmers' turnouts and ladies' driving, and in front of the grand stand a series of athletic events. J. G. Whitmore was director of a committee of games including R. W. E. Burnby, Phil Payne, Robert Watson, Truman Donnelly, Lorne Cousins, G. Brownlee.

SPELL OF HEAT FAVORS FARMERS

Corn and Hay Show Good Prospects—Grass Cattle Forward.

That the almost unprecedented hot weather, while more than ordinarily trying, is having a wonderful effect on the growing crops is evident from the reports coming in from all the nearby Ontario counties, especially those bordering along Lake Ontario. Strange as it may appear, there are yet thousands of acres of land not yet seeded. Little or none of this will be sown to spring grain, but to buckwheat, there being still plenty of time for this grain. The late sown grain where not dropped out, is growing splendidly. In a few days it will be in full bloom and a good deal of it got too much wet and may not do so well. The late sown barley and oats is doing fine and with a late fall and favorable weather may come out as well as the early. Farmers everywhere report morethistles and twitch grass than in years, one result of the scarcity of farm help during the last four years.

ESTIMATES FOR PUBLIC WORKS Not Yet Handed to Minister

A letter was read from Hon. F. B. Carvell, minister of public works, at yesterday's board of control meeting stating that as the estimates had not as yet been sent down it was impossible to say what public works would be carried out in Toronto, but he was in hopes that sufficient money would be in the estimates for work to be done here, and the estimates would be completed in the course of a day or two.

G. A. C. AND GOVERNMENT.

Dominion Secretary Harcourt of the G. A. C. stated yesterday afternoon that his organization had now been accorded the right to distribute surplus government stores at reduced rates, a privilege hitherto accorded to only one other organization in Canada. The list, he said, was satisfactory from many points of view. The office at headquarters now has a large number of distribution forms for returned soldiers or wives of men still on active service.

TO REMOVE FIRST Signs of Old Age

"The infallible first sign of age is the sagging cheek muscles," says Mme. Cavalleri, whose fame as a beauty culturist is scarcely less than that of a songstress. "These are more difficult and serious to treat than wrinkles," she continues. "The sagging muscles indicate they have grown too weak to remain in place; they must be assisted, strengthened."

The best way to strengthen them is by bathing the face in a lotion made by dissolving a pinch of the salt in a half pint witch hazel. This exerts a freer circulation to the parts, besides causing muscles and skin to contract. Saxolite, procurable at every drug store, has long been known as a complexion specialist to possess remarkable tonic and astringent properties, valuable in treating flabby tissue and wrinkles.

GOVERNMENT HELP CHILDREN'S AID

Hon. W. D. McPherson Pledges Co-operation to Safeguard Welfare.

Hon. W. D. McPherson, provincial secretary, addressing the delegates in the annual conference of the children's aid societies, pledged co-operation of the government.

DEFECTIVE TEETH.

Touching on the question of the feeble-minded child, he stated that the government not only has been keenly alive to the situation, but that a commissioner, Justice Hodgins, had been appointed and was now in the United States investigating methods in practice there. "The question is bristling with religious and other difficulties, but that should not daunt us."

In the past, he declared, most of the troubles of middle-aged people could be undoubtedly traced to defective teeth. The forward movements of educational department under the new minister of education, Hon. Dr. Cody, with his new system of medical and dental inspection in all the schools of the province, would certainly have great and far-reaching results. Now that the war is over it was found that the detrimental conditions of child life in the big cities had been accentuated in the last four years.

SERVICE RATHER THAN PROFITS

Methodist Conference Social Scientists Practically Support General Deliverance.

NEED REGENERATION

Golden Rule and Two Chief Commandments Must Guide Society.

Toronto Methodist conference delegates meeting over the verbiage of their deliverance to define what the general conference meant by its social deliverance. The upshot of the additional debating was the adoption of Rev. John Coburn's substitute motion which had both praised and blamed the general conference. The sensation of the finale was that T. R. Parsons, who had bitterly attacked the general conference deliverance and had in turn been handled frankly by Rev. John Coburn, seconded the Coburn motion.

The issue was relative to the conference's attitude upon the general conference's call for the adoption of co-operation and service for competition and profits. The committee had suggested this as ambitious. The Coburn substitute was seconded by "Bro. Parsons," declared that "the Christian ideal demands a large and steadily increasing measure of co-operation in industrial and commercial relations, and that service rather than profits should be the dominating nature of these activities."

The opponents of the general conference finding were won over to the Coburn motion by a claim expressing the view that the general conference deliverance was not mandatory, and was authoritative only as it was approved by the moral consciousness of the church.

Alex. Mills, K. C., said that workingmen were talking of the members of the conference as hypocrites who abuse each other. "I don't think anything about it," he said. "I know it would."

"And how do you know?" "From personal experience. Isn't that the surest way to know anything?" "I guess you are right. But you know I never had any use for medicines."

"Not many people have so long as they are well, and you were always well until you had this nervous breakdown. That was just the trouble, you thought you could stand anything, and overworked until you had not an ounce of nerve force left. Now you have to build up the nervous system again."

"Oh, I will soon be all right."

"Yes, I think you will if you use Dr. Chase's Nerve Food, but you know you have not improved one bit in the last three weeks, and it's time you got something to help you. I was not a nurse for nothing. I know what you need and I never found anything in all my nursing experience

tion do not suit me and I would like some changes in Mr. Coburn's motion but I am not going to quibble over words. As a humble member of the Methodist Church I will not block the path of progress. But I want to say that not enough encouragement is given to those employees now using co-operative methods.

"Canada would be ruined if the profits system were wiped out. What raise money then? But I am willing to accept the principle of service in preference to profits." He denied wanting the big stick in regard to contributions, but added, "I do not see how you could carry the loyalty of those men of finance who are working in your mission movement while you denounce the system by which they make their profits."

Resolution Passed. The Coburn motion was then adopted as follows: Moved by Rev. John Coburn, seconded by S. R. Parsons, and carried: 1. This conference places on record its hearty appreciation of the wise and statesmanlike utterances of our general superintendent, Rev. Dr. Chown, on the subject of industrial unrest, contained in his address to the conference on the opening day. We wish to emphasize his statement that the general conference deliverance on same subject was not legislative or mandatory, and it is authoritative only as it is approved by the moral consciousness of the church. 2. The report of the general conference on "The Church, the War and

strife of the present hour, we plead for the exercise by all parties of the Christ virtues of patience, forbearance and conciliation, and that the people make a study of this whole problem from the economic, social, moral and religious standpoints. In this way men in different camps may come to understand each other's position and to overcome their prejudices. We also suggest that following the example of the Dominion Government of Great Britain the Dominion government call a national convention of the parties to industry in Canada. 3. That while such changes in the industrial and commercial relations and attitude may be summed up in the injunction: "Honor all men! Love the Brotherhood! Fear God! Honor the King!"

Three motor car accidents were recorded last night by the police. In the accidents three persons were injured and two of the automobile drivers placed under arrest on charges of criminal negligence. William Kershaw, discharged soldier living at 105 Hazelton avenue, was thrown from his motorcycle at the corner of Huron and Lowther avenue last night, sustaining a compound fracture of his right leg and injuries to his head. James Lumbers, Jun., 45 Spadina street, who was in charge of the automobile, was arrested and charged with criminal negligence. He was released from No. 11 police station on bail of \$2,000. At the time of the accident, Kershaw was riding north on Huron street when the westbound motor struck his cycle, hurling Kershaw some distance.

Hilman Cotton, 936 Bloor street, was arrested following an accident last night at the corner of Adelaide and Spadina avenue. Hilman was driving a motor car west on Adelaide street, an down toward Huron street, aged 29 years, of 1495 West Queen street, it was cut on the curb and received injuries to his scalp. He was taken to Grace Hospital.

John C. Ross, Carleton street, had his face cut and his leg broken at 8:45 last evening when his motorcycle was struck by a motor car at the crossing of Mutual and Carleton streets. The police say Ross was riding north on Mutual street when he found automobile collided with his motorcycle, pinning the driver of the motorcycle beneath the machine. Ross was taken in the police ambulance to the General Hospital. The police did not ascertain the name of the motor car driver last night.

A man believed to be John McKenna was found lying dead yesterday afternoon on the water front at the foot of John street. Death is believed to have been from heat prostration. In his pocket the police found a police receipt for a fine of \$10. McKenna was booked up in court station on Tuesday night for being drunk, and the police are sure that this is the same man. He gave his age as 44 years, living at 171 Lane street. A receipt for his name from a Yonge street dentist, made out to John Gray, was also found among the dead man's belongings.

The body was removed to the morgue to await identification.

COUNCIL INSPECT HARBOR PROSPECTS Mayor Urges Elevator; Says Western Development Would Justify Itself.

For the purpose of explaining the plans of the west end water front improvements the harbor commissioners yesterday gave a luncheon at Sunny-side pavilion to members of the city council, commissioners and other real.

Lionel H. Clarke, who presided, stated that between \$300,000 and \$400,000 was needed for improvements on the port area.

Mayor Clarke hoped the council would back up the request of the harbor board with immediate action. He also drew attention to the recommendation of the agricultural committee of establishment of commons favoring the elevator in Ontario, and urged that a strong request should be made to Ottawa for the erection of an elevator in Toronto.

WESTERN GRAIN CROPS. Reports reaching Toronto from the west report the grain crop to be in excellent shape, although some rain is just now badly wanted. Some high winds were experienced last week, but did little or no damage. It is yet too early to speak definitely as to whether the harvest will be exceptionally good, or just make an ordinary return, but if no untoward circumstances intervene, all the reports indicate that the growers this year will end the season with smiling faces.

SOCIETY

Conducted by Mrs. Edmund Phillips.

The Church of Our Lady of Lourdes, yesterday morning, was an exquisite setting for the most beautifully arranged wedding of the season. The white marble of the chancel and sanctuary was shown to advantage with its tall palms in the jardiniere and brass standards flled with exquisite pink and creamy peonies, the steps covered with moss green velvet carpet with white satin cushions for the bride and groom and the two attendants at the altar. The altar was arranged with white peonies and side altar with pink roses. Monsieur Whalen, who celebrated the nuptial mass, wore a crimson cassock, his white surplice edged with magnificent real ermine and gold cope. The music was beautiful, the boys' voices sung by a woman, and sweet. The pews down the centre aisle were adorned with large bouquets of pale pink peonies tied with wide white satin ribbon, when the marriage took place at the altar. The bride, who was brought in by her father, looked lovely in a gown of rich white satin with a very satin falling from the shoulders, caught midway with a wreath of orange biocolor tulle veil, which framed her face, setting off the beauty of her complexion and the simple manner of her dress. Her bouquet was of the rarest orchids. She also wore the sapphire set in platinum. Mrs. Hayes, the bride's sister, was matron of honor, heavily embroidered with heads to match a leghorn hat with pastel flowers. She carried Ophelia roses and the groom's gift, a vanity case. The youngest of Mr. and Mrs. William Goulding's daughter, Miss Jean Goulding, was a fascinating flower girl in a gold and white elder sister, in white lace and tulle pleated and pale blue hat, with white flowers. Her gift was a pearl and pink dot pin. Mr. Barry Hayes, who was also the ushers pearl scarf pins. The best man was given a gold penknife, and the brother officers in the Buffs, were where Mr. and Mrs. Humphrey Colquhoun (Hamilton). After the ceremony the guests assembled at 2 Wellesley Place, where a superb design of chalk heads, a reception, the latter beautiful in pale grey crepe, embroidered in an elaborate design of chalk heads, a transparent purple hat and deep mauve and purple orchids at her waist and grey fox scarf. Mr. Hayes having a boutonniere of tiny shaded yellow orchids. Mrs. Doree Hayes wore a flesh-colored crepe frock and carried Sweetheart, a leghorn hat, and wore black satin and crepe velvet hat with white hemish pins. Mrs. Barry wore pale pink georgette crepe with embroidered of white heads, orchids and a small black hat with white fox. Mr. Frank Wise proposed the health of the bride, and Captain Cragg replied briefly and to the point. Judge Hayes, Guelph, and his daughter, were also present. Later Capt. and Mrs.

The marriage took place on Saturday last in England, at the Brompton Church, London, of Major Frederick Angus Wanklyn, M.C., Montreal, to Mrs. Meredith, widow of the late Mr. Charles John R. Meredith, and daughter of Mr. Meredith, Meredith, K.C., and Mrs. Meredith, Toronto.

Mrs. Clarence McQuail has left Montreal for Metis, where she will spend the summer. Miss Amy Robart Jaffray will be in town the end of the month from Ottawa, and will go on to Windsor and Detroit, and will in future live in the latter place. Mrs. William J. Robertson and Mr. Alan Robertson are spending a few weeks in New York and White Plains.

Major and Mrs. H. W. Tate, who have been visiting Mr. and Mrs. Harton Walker since their return from overseas, left on Sunday for their new home in Montreal.

Mrs. A. G. Broder, Calgary, is spending this week in town and is at the King Edward. Dr. and Mrs. W. H. B. Atkins have returned from Atlantic City, where the former attended the meeting of the American Radiology Society of the American Medical Association.

HOUSE FAVORS GRAIN ELEVATOR Agricultural Committee May Be Persuaded to Recommend Toronto.

The construction of an elevator operated under the direction of the board of grain commissioners and service to agriculture in central and western Ontario, is recommended by the agriculture committee of the house of commons. At the harbor board luncheon yesterday Mayor Church made reference to this, and urged the claims of Toronto as the place. The committee recommended, inasmuch as the character of the elevator would necessarily depend on the varied nature of the services required, the plans for the capacity and location of the this elevator be left to the discretion of the minister of trade and commerce and the board of grain commissioners for Canada, but that an item not exceeding \$1,000,000 be placed in the supplementary estimates, and made available for the construction of an interior terminal elevator as aforementioned, the present funds to be used during the work to be proceeded with, and that the present funds to be used during the work to be proceeded with, and that the present funds to be used during the work to be proceeded with.

ST. JOSEPH'S COLLEGE OPENS NEW MUSEUM Last night the formal opening of St. Joseph's College Museum took place, the visit to the exhibits being prefaced by a musical program given by the pupils. His Grace Archbishop McNeill was present. Very Rev. Dean Harris in a brief address thanked Colonel Alex. Fraser for the interest and shown in assisting in the establishment of the museum, and purposes of the new addition to the school. The cases contained specimens from many parts of Canada, a collection of birds from British Columbia being amongst them. Several Canadian firms have generously contributed samples of the entire process of their products.

"You Will Try the Nerve Food, Won't You?"

"YOU seem to think that it would help me."

"I don't think anything about it, I know it would."

"And how do you know?"

"From personal experience. Isn't that the surest way to know anything?"

"I guess you are right. But you know I never had any use for medicines."

"Not many people have so long as they are well, and you were always well until you had this nervous breakdown. That was just the trouble, you thought you could stand anything, and overworked until you had not an ounce of nerve force left. Now you have to build up the nervous system again."

"Oh, I will soon be all right."

"Yes, I think you will if you use Dr. Chase's Nerve Food, but you know you have not improved one bit in the last three weeks, and it's time you got something to help you. I was not a nurse for nothing. I know what you need and I never found anything in all my nursing experience

that would build up exhausted nerves so thoroughly as Dr. Chase's Nerve Food."

"Well, I suppose I may as well give in, for I see you will have your way."

"Oh, I am so glad. I am going to send Bobbie to the drug store for half a dozen boxes right away."

"Why not try one first?"

"What is one box of medicine for a man whose nerves are in the condition yours are? This Nerve Food is not a miracle worker. It cures in Nature's way by gradually building up the depleted nerve cells. This is why the results are so certain and so lasting, but you must have a little patience."

"Oh, all right. You are the doctor. So we shall see what this Nerve Food will do for me."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

CANADIAN OUTBREAK IN ENGLISH CAMPS

Several Policemen Wounded, One Fatally, in Attack on Epsom Police Station.

London, June 18.—Unrest among Canadian soldiers in England because of continued postponement of home-ward sailings culminated last night in an attack by 400 Canadian soldiers on the Epsom police station. Several policemen were wounded, one so seriously that he died this morning. The purpose of the attack was to release a Canadian soldier who had been arrested.

To avoid further trouble the police released another Canadian in the morning. The attack was organized by a group of men known as the "British Legion" and was directed against the Epsom police station.

During the last few days there has been trouble in the Canadian camp at Epsom. The soldiers burned huts and did other damage, according to reports.

There is much sympathy here for the Canadian soldiers who repeatedly have been given dates for home-ward sailings, only to be told that further postponement was necessary owing to strikes of dock-workers at Liverpool and other ports or to lack of transport.

The unrest has not been confined to the Canadians. There have also been protests by Australians and New Zealanders. Some Scottish units, composed of veterans, recently held a demonstration against being sent back to France, while men who had not seen active service remained in England or are demobilized.

Where disturbances have spread to Ripon, Camp troubles occurred on Tuesday afternoon in the lines of the Canadian 23rd reserve battalion, because their sailing to Canada had been put off from the 18th to the 20th. The men on night picket duty being ordered on the 18th to remain in their huts, the camp was broken into and the canteen was destroyed, including barrels of beer. An inquiry during the investigation the gymnasium hall was fired and burned.

London, Ont., June 18.—The Canadian Order of Foresters, in convention here, have decided to hold the annual meeting in Montreal in 1920.

J. A. A. Broder, president of the selected high grand ranger in 1920, is a member of the Montreal city council and a prominent attorney of that city. F. H. Davidson, grand scribe, was selected for vice ranger, and A. L. Galpin, grand treasurer, and A. P. Van Someren, grand secretary.

Weyburn, Sask., June 18.—Fifty Spartacus and Communist prisoners, recently released from the Weyburn jail, shortly after midnight this morning, attacked the castle where the members of the government live.

The attacking party made a surprise descent upon the castle and disarmed the guards at the entrance. They indulged in firing thru the windows, however, and this aroused the castle troops.

It was apparently the intention of the party to seize President Ernest Premier Scheidemann and Gustav Noske, the two leading members of the government, but they were foiled by the police, who were alerted by the attack.

People of Saskatchewan To Be Independent of Party. Weyburn, Sask., June 18.—C. M. Hamilton, of MacTaggart, was nominated at the Liberal caucus, recently held here yesterday. Mr. Hamilton stated he intended to resign from the board of directors of the Canadian national railways, and paid a tribute to the members as determined to make good.

Mr. Hamilton, in an address on the issue of the party, said: "Let me make myself clear. While I believe in a reorganized Liberal party with a progressive platform is the best method of securing a western party, I do not intend, nor do any other party of Saskatchewan intend, to slavishly follow the Liberal party or any other party. The people of this country want a clear-cut low tariff policy."

BREST JAIL ATTACKED BY FRENCH SOLDIERS. Brest, June 18.—Two hundred French soldiers, carrying a red flag, attempted to enter the naval jail here yesterday to rescue imprisoned sailors. The attempts failed. There were no casualties.

The imprisoned sailors were from the French battleship Justice, which arrived here from Sebastopol, a Russian Black Sea port.

The city is more calm today, but the situation is considered to be still serious.

CANOE UP PACIFIC. Prince Rupert, B. C., June 18.—George E. Russell, bound for St. Michael, Alaska, in an 18-foot canoe, has arrived here from Seattle, having paddled all the way from there in 55 days. His journey, he says, was uneventful.

The attraction at Hanlan's Point last week, giving concert twice daily, was the Venetian Ball, which was the unique record of playing several consecutive seasons at Willow Grove Park, and was managed by one of the highest class parks in America. The programs as arranged by Signor Vessella will comprise selections from the standard library interspersed with the popular music of the day.

The ferry service will be augmented for this engagement, starting immediately after dinner Monday afternoon. For the balance of the week and Sunday concerts will be given by the best military bands of the city.

LIVE STOCK MARKET.

Receipts of cattle of all kinds at the Union Stock Yards yesterday were 1223 head in all, a moderately good run, while the market for all classes and especially for choice butchers and heavy sheep, was steady to strong and relatively firm in several respects.

Activity was manifest in the lines of the heavy stock yesterday, and it was cleaned up. Choice veal calves were sold at 10c to 11c, and we would say about 25c higher, well, and altogether better than the decided impetus of Monday and the added strength yesterday is recognized for or so ago.

Choice butchers and two or three of extra good short-keep feeder in the small stuff the sheep and lambs held about steady.

The calf market with a run of 479 head just about held steady with Tuesday's trade. Choice veal calves running around from 18c to 19c per lb. certainly has gone skyrocketing, and has probably by today's strong prices to 23c fed and watered, and it is said the deck at least sold up to 23 1/2c fed and watered. Choice light steers to 23 1/2c weighed off. We do not know of precedent, but these prices constitute a fraction of it. Relatively, of course, they are just a dollar less for the f.o.b. hogs than the fed and watered, but what the market has in store is a matter of speculation. It must look to the average farmer like a mighty good time to unload.

The mortality among the hogs during the present hot spell has been very heavy, and the shippers' very effort on the part of the animal. The loss is regrettable, but from the fact the carcass standpoint, greatest conservation of the world's stocks of bacon and all other meats is alarmingly, by comparison with the needs.

A DANDY LOAD, THESE. A feature of the market yesterday was the sale of a dandy load of extra choice short-keep steers, by Mr. McEwen, by J. B. Shields & Son to Mr. McEwen, at \$11.50 per lb. The load was brought in by the late J. B. Shields & Son, a consistently high-class shipper. One of the best of his farm last night he had a number of hogs, but he was not over at that, weighed 120 lbs. He had a number of hogs, but he was not over at that, weighed 120 lbs.

REPRESENTATIVE SALES. J. B. Shields & Son sold 13 loads in all on the exchange yesterday. Montreal Produce Market
 Montreal, June 18.—The trade for oats was rather quiet, the demand being somewhat limited, and only a few cars of extra No. 1 feed were made today. No. 2 feed was made in small quantities to arrive by water, extra No. 2 white to arrive at 30c. No. 1 feed was no change in the condition of the market today. The price of feed was maintained. The most of the feed to be done in the market is fairly active with a firm undertone.

Alberta Man Tells Story of His Crimes
 New York, June 18.—Two train robbers and thirteen bank hold-ups were the criminal record admitted today by Gordon Hamby, alias J. R. Allan, awaiting trial here for the murder of two men when he robbed the Brookline Savings Bank. Seated in his cell, the man told the remarkable and dispassionate story, closing it with an interest in life except to be executed as speedily as possible.

WASAPIKA'S SUCCESS
 The Canadian Mining Journal says: There is considerable interest now in the West Shining Tree gold mine. The area will at last receive the attention it deserves. The mine is situated on the west side of the Shining Tree gold mine, and is owned by Mr. George Rogers, who has been responsible for most of the development work done in recent years. It seems very likely to repay the investment in at least one year. Mr. Rogers has been quietly plodding along and we are glad to learn that he is meeting with considerable success. If the Wasapika proves to be good as it looks it will be a real mine.

GREAT REDUCTION IN CORN ACREAGE
 Estimate Causes Prices for All Deliveries to Rise to Season's Highest.
 Chicago, June 18.—Estimates that the planted corn land in the eight largest states had declined to an extent this year about 8,000,000 acres made all deliveries of corn jump to a record high price yet this season. The average price for the 1919-20 crop is \$1.79 1/2 and September 1919-20 is \$1.78. Oats finished 13-15c up. In provinces the output ranged from 65c decline to a rise of 2-12c.

ON CHICAGO MARKET
 Hughes, Harcourt and Company, 307 Royal Bank building, received the following market yesterday: The close of the Chicago market and all deliveries sold at very strong levels. The market for the acreage is estimated at 4,485,000 bushels, which is a serious loss of 2,338,000 bushels from the yield of 6,823,000 bushels in 1918. The market is very active with a firm undertone.

SHINING TREE "ORIGINALS"
 UNDAUNTED BY OBSTACLES
 Capt. Peter McCaffrey Tells Moving Story of Start for District Eight Years Ago by Bunch of Gowganda Prospectors and What Befell Them.

By P. F. Cronin
 Captain Peter W. McCaffrey tells the story of the first start in 1911 for the Shining Tree district by a bunch of Gowganda prospectors. It is easy to imagine the incident. I have met some of the originals. With a pack of men and a horse and a dog, they set out on a long and arduous journey. They were the first to discover the Shining Tree district. They were the first to discover the Shining Tree district. They were the first to discover the Shining Tree district.

It is astonishing how perseveringly unconvinced people can become in regard to gold, and sometimes it happens that those who remain unconvinced by all ordinary, reasonable evidence fall with gullible gullibility for some ridiculous gold speculation. The Shining Tree prospectors were no exception. They were the first to discover the Shining Tree district. They were the first to discover the Shining Tree district. They were the first to discover the Shining Tree district.

They were the first to discover the Shining Tree district.

It is astonishing how perseveringly unconvinced people can become in regard to gold, and sometimes it happens that those who remain unconvinced by all ordinary, reasonable evidence fall with gullible gullibility for some ridiculous gold speculation. The Shining Tree prospectors were no exception. They were the first to discover the Shining Tree district. They were the first to discover the Shining Tree district. They were the first to discover the Shining Tree district.

The Advent of a Great Mining Camp—SHINING TREE

From Present Indications Will Have Many Producing Gold Mines
 Shining Tree cannot be ignored.

The skeptic has been convinced that several properties have demonstrated they will make big producers. In the early days of all mining camps there are real opportunities to acquire stock at prices that return handsome profits. The Churchill Mining and Milling Co. properties lie to the west of Wasapika and south of the Herrick, in the area that appears the most favorable. The veins exposed are marvelous in the richness of ore exhibited. We cannot but recommend the property.

The stock will be sold at prospect prices. We predict higher prices in the immediate future when active trading begins after listing.
