## FIRE CHECKED, GALE RENEWS DANGER BUT SAN FRANCISCO IS RALLYING BRAVELY FROM THE BLOW EFFORTS NOW ARE TO AVERT FAMINE

Isolated Position of Stricken City Adds to Difficulty in Securing Quick Benefit of Relief Which is Being So Splendidly Subscribed—Recovering the Dead From Collapsed Hotels.

San Francisco, April 20.—Mayor Schmitz issued the following proclamation to-day:  
"To the citizens of San Francisco: The fire is now under control and all danger is passed. The only fear is that other fires may start should the people build fires in their stoves, and therefore warn all citizens not to build fires in their homes until the chimneys have been inspected and repaired properly. All citizens are urged to discontinue the building of fires. I congratulate the citizens of San Francisco upon the fortitude they have displayed and I urge upon you the necessity of aiding the authorities in the work of relieving the destitute and suffering. For the relief of those persons who are encamped in the various sections of the city everything possible is being done. In Golden Gate Park where there are approximately 20,000 homeless persons, relief stations have been established. The Spring Valley Water Company has informed me that the mission district will be supplied with water this afternoon, between 10 and 12 million gallons daily being available. Lake Mercedes will be taken by the federal troops."

### 50 ACRES AFLAME.

At 7 o'clock to-night a fire was raging over 50 acres of the waterfront lying between Bay-street and the end of Middle and Fishermen's wharves. To the eastward it extended to the sea wall, but had not reached the piers, which lie a quarter of a mile toward the east.

### GALE BRINGS DANGER.

A wind of high velocity is blowing from the northwest over the fire-stricken districts to-night, along the waterfront is threatening to cut off communication with Oakland and Berkeley.

### RECOVERING THE DEAD.

From a three-story lodging house at 10th and Mission streets, which collapsed Wednesday morning, more than 75 bodies were taken out to-day. There are 90 other dead bodies in sight in the ruins of the building.

### IF KING COMES TO CANADA MUST VISIT THE STATES, TOO

(Can. Associated Press Cable) London, April 20.—Speculating on the possibility of the King going to Canada, a correspondent says, his acceptance of Canada's invitation would also involve a visit to Washington. He argues that Roosevelt would be sure to extend an invitation. To refuse it would be too ungracious to be possible.

### SEIZING SUPPLIES.

The seizure of supplies coming in on the trains by the relief committee has been authorized by the mayor. The relief committee seized a carload of flour containing 810 sacks. A carload of ice also was seized for the hospitals. A carload of potatoes also was taken.

### FIRE UNDER CONTROL.

At 2 p.m. it was positively stated that the fire was under control with the probability that one-quarter of the city lying west of Franklin-street and known as the western addition, northward to the Presidio, will be saved. The stand made at Van Ness-avenue generally was successful, the flames crossing that avenue to the west in only a few places.

## CANADA GIVES \$100,000

At Ottawa yesterday, in the house of commons, Hon. Mr. Fleming, referring to the disaster at San Francisco, announced that he would present a message from the governor-general, recommending an appropriation of \$100,000.

E. L. Borden said that in the presence of this appalling calamity there must be no division and no delay. The opposition would cordially join hands with the government in carrying out the recommendation. The premier and others spoke sympathetically and his excellency's message was received by the house standing, and agreed to.

At London, England, the U. S. ambassador last evening presided over a gathering of 500 Americans in the Hotel Cecil and \$12,500 was subscribed. A British subscription list will be opened.

Lord Strathcona attended, and the people of Canada sympathized most deeply and most sincerely with their friends of the States. "We always," he said, "look upon ourselves as one people, in Canada, England and the States. We always join on an occasion of joy, surely we shall join not less on an occasion so sad as at present. The people of Canada, for whom I speak, sympathize with you in your sorrow most deeply."

The American ambassador, presiding, said he was especially gratified to receive this assurance.

At New York yesterday over \$1,000,000 was subscribed and it is expected \$3,000,000 will be raised.

The Salvation Army will take up a three-days' street collection in all the cities.

The Barnum and Bailey Circus will send out 100 wagons to collect supplies.

E. H. Harriman, on behalf of his railway interests, authorizes the expenditure of \$200,000 for relief work.

The Canadian Bank of Commerce has contributed \$25,000.

The City of Ottawa, which gratefully remembers the world's generosity on the occasion of its calamity six years ago, when fire made 10,000 homeless, has started a fund, and the mayor has called a public meeting for Monday afternoon.

J. F. M. Stewart, secretary of the Canadian Manufacturers' Association yesterday sent the following telegram to President Roosevelt: "The Canadian Manufacturers' Association, thru their executive council, respectfully request you to extend to the citizens of San Francisco and California, their sincere sympathy."

St. John, N. B., April 20.—(Special).—There has been twenty-five or thirty thousand dollars contributed for relief after the last conflagration here, which cannot be touched without the consent of the governor-in-council, or by act of legislature. The Sun is recommending this morning that immediate measures be taken to relieve the sufferers, as San Francisco sent \$7000 to this city at the time of St. John's fire.

### RY. GRIEVANCE COMMITTEE IN PROLONGED SESSION WITH OFFICIALS

Fourteen men were killed last night by soldiers guarding the mint, and Policeman Joe M. Myers was bayoneted by a national guardsman over a dispute as to authority. The men at the mint were killed for attempting robbery.

## SALARY GRAB DISCUSSION UP WITH SOME MEMBERS STILL AFTER IT

Ottawa, April 20.—There is a disposition on the part of the government and opposition alike to get under cover. The salary grab is to be fully discussed next week, and if the leaders have their way the grab will be repealed. Some of the private members, who have no hope of another term, are inclined to rebel. There will be an effort to burk the debate and hurry thru a compromise salary of \$3000. The ex-ministers will be glad to get the sword, and R. L. Borden will insist upon the opposition being out unless it should be retained by practically a unanimous vote.

Mr. McIntyre (South Perth) to-day addressed the house on the general issue involved in the salary grab. He was willing to take his share of the blame for the work of last session. His constituents were opposed to the increase, and he thought a reduction was in order. Would the government be bringing down legislation with that end in view? Mr. Miller (South Grey) thought the indemnity was not too high. True, the members had made their own compensation, but there was no one else who could increase it. (Laughter.) His election expenses were at least \$1200, and, like every other member, he was called upon constantly for contributions. He denied that the bill had been hastily passed. If it had any defect, it was in the progress of the members from a distance. He urged that an additional sum be paid to them in the nature of a per diem for every day spent in traveling to and from the capital.

Discussion Desirable. R. L. Borden thought the discussion was premature. He would not have the bills introduced by Mr. Maclean (South York), and Mr. Wilson (Lennox and Addington) put to their second reading. He was glad to know that the illness in the family of the member from South York, which had delayed the discussion, would no longer interfere with his presence in the hall to repeal the increased indemnity. He urged that the matter be taken up next week.

Sir Wilfrid Laurier said he regretted that private members had not deferred to the government's undoubted right to deal with this question. Public opinion would justify a full and possible discussion at an early date. At the evening session Mr. Gallinger (Kootenay) resumed the debate upon the second reading of the bill. The bill concerning the payment of his indemnity to a member prevented from attending sessions of the house thru illness. He urged that a full and possible discussion at an early date.

That Trading Company. Upon motion to go into supply, Hon. Geo. E. Foster brought up the subject of the North Atlantic Trading Company. "This transaction," he said, "bears every mark of a Siftonian child. The distance of payment; the contempt of the cabinet; the lavish extravagance which accompanied it, were truly Siftonian. In 1899 Mr. Smart (the deputy minister of the interior), visited in London W. T. R. Preston, another Siftonian. They hatched and formed this conspiracy. Mr. Foster then read the correspondence between the company and Mr. Preston. It provided for bounties on immigrants, and was to run for five years. Mr. Preston stated that he was acting by the direction and under the authority of Mr. Sifton, the then minister of the interior. This contract was kept a secret from parliament, and from the cabinet until May 31, 1902. At that time Mr. Sifton applied to the governor-in-council for a special authority to make a second contract, binding the government of Canada. This contract was dated back to January of that year. It provided for a bonus of \$5 per head upon all immigrants of the agricultural class."

FACTS ABOUT THE OLD FORT.

The shaded portion on the north is what is wanted by the Grand Trunk. It would destroy a Bastion... Editor World: Now that plans have been put before the board of control by which it is proposed to cut another bastion off the old fort...

a part of the eastern bastion was cut off eight years ago, to make room for a slaughter house. That slaughter can be wiped out, because, sooner or later, the present cattle market will have to be removed, and it will not cost much then to expropriate the land required to restore this rampart.

Be Early!

We would suggest Sir, that you select your Spring Suits early. The choicest patterns are always found at the Opening of the Season when stocks are unbroken.

This will be about the last week you'll see many Men wearing Winter clothes.

It will soon be a case of resurrecting something from the garret or closet or coming out in a Spring Suit - new, clean, stylish and handsome.

We have an almost unlimited variety of choice Cheviots, Serges and Scotch Mixtures.

Without doubt this detachment of immigrants is the best we have yet had to deal with.

Not a solitary one asked for a night's lodging at the expense of the government. In fact, many of them when asked if they needed any assistance flashed five pound notes.

Mr. Loud explained that the two-cent rebate allowed Wm. Davies Co. was made not voluntarily by the company, but under compulsion by J. W. Flavell, who threatened to give the business to the C.P.R.

In cross-examination Hon. A. G. Blair for the C.P.R. asked witness questions to show that the present Grand Trunk rates did not produce sufficient revenue to pay dividends on the preferred stock of the company.

Mr. Blair: "I don't care for that so long as the rate is a reasonable one."

This concluded the complainant's case, and Mr. Chrysler asked that the complaint be dismissed without the railways being called upon to submit evidence.

NO WORDS WASTED. A Swift Termination Briefly Described.

About food, the following brief but emphatic letter from a Georgia woman goes straight to the point and is convincing.

"My frequent attacks of indigestion and palpitation of the heart culminated three years ago in a sudden and desperate illness, from which I arose enfeebled in mind and body. The doctor recommended me to live on cereals, but I tried Grape-Nuts food and Postum Coffee. The more I used of them the more I felt convinced that they were just what I needed, and in a short time they made a different woman of me. My stomach and heart troubles were cured as by magic, and my mind was restored and is as clear as it ever was."

"I gained flesh and strength so rapidly that my friends were astonished. Postum and Grape-Nuts have benefited me so greatly that I am glad to bear this testimony." Name given by Postum Co., Battle Creek, Mich.

THERE IS NO PROFIT MARK IN MAKING FREIGHT RATES

So Says G. T. R. Freight Manager Loud - Davies Co. Complaint Heard.

At the session of the railway commission yesterday the application of the Wm. Davies Co. for restoration of a 16 1/2 cents per hundred rate on bacon for export shipped from Toronto to Montreal was argued.

Assistant Manager Smale of the Davies Co. stated that the increased rates meant an additional expenditure of \$6000 per year on the company's export business.

"I understand," said Mr. Chrysler, "that Canadian bacon is of a superior quality to American bacon."

Mr. Loud explained that the two-cent rebate allowed Wm. Davies Co. was made not voluntarily by the company, but under compulsion by J. W. Flavell, who threatened to give the business to the C.P.R.

In cross-examination Hon. A. G. Blair for the C.P.R. asked witness questions to show that the present Grand Trunk rates did not produce sufficient revenue to pay dividends on the preferred stock of the company.

# How to Exercise the Bowels

Your Intestines are lined inside with millions of little suckers, that draw the Nutrition out of food as it passes them. But, if the food passes too slowly, it stays before it gets through. Then the little suckers draw Poison from it instead of Nutrition.

This Poison makes a Gas that injures your system more than the food should have nourished it.

You see, the food is Nourishment or Poison, just according to how long it stays in transit.

They do not waste any precious fluid of the Bowels, as Cathartics do.

They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine.

They simply stimulate the Bowel Muscles to do their work naturally, comfortably, and nutritiously.

And, the Exercise these Bowel Muscles are thus forced to take, makes them stronger for the future, just as Exercise makes your arm stronger.

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo. It does not help the Cause of delay a trifle.

It does slacken the Bowel-Muscles more than ever, and thus weakens them for their next task.

Another remedy is to take a strong Cathartic, like Sals, Calomel, Jalap, Phosphates of Sodium, Aperient Water, or any of these mixed.

What does the Cathartic do?

It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

This is why the dose of Cascarets can be lessened from time to time as you take them, instead of increased as with all Cathartics.

Cascarets are as safe to use constantly as they are pleasant to take.

They are purposely put up like candy, so you must eat them slowly and let them go down gradually with the saliva, which is in itself, a fine, natural Digestive.

They are put up purposely in thin, flat, round-cornered, Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble.

Because the time to take a Cascaret is not only when you are Sick, but when you first suspect you need one. Price 10c a box.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

A sample and the famous booklet, "Cause of Constipation," Free for the asking. Address Sterling Remedy Company, Chicago or New York.

But, the Digestive Juice we waste in doing this today is needed for tomorrow's natural Digestion. We cannot afford to lose it.

That's why Cascarets are the only safe medicine for the bowels.

## QUAKE SCARE AT HONOLULU

Severe Vibrations Cause Panic Among the Inhabitants.

Chicago, April 20.—A cablegram to The Chronicle from Honolulu says: For six minutes yesterday earthquake vibrations, which were evidently the result of seismic disorders, were felt quite plainly throughout the city. While earthquakes are by no means infrequent in the islands, that of yesterday was much severer than any which has occurred in recent years. It caused the buildings in the business district to sway to and fro and in the residence districts some of the less strongly constructed buildings were partly demolished.

The disturbances by the vibrations caused the water in the harbor to rise rapidly and fear was felt that a tidal wave might sweep over the city.

The shake-up had the effect of creating almost a panic among the inhabitants, who feared a catastrophe similar to that which destroyed San Francisco. Crowds rushed into the streets and endeavored to make their way out of the business district as soon as possible, preferring to take their chances in the sugar plantations in the open.

A considerable force of marines was quickly landed from the men of war in the harbor. These, with the assistance of local police, were able to restore order shortly and within an hour after the vibrations had ceased and conditions had become normal again, business was everywhere resumed.

## RAILWAY PAYS DAMAGES.

Altho Victim Disregarded Lowered Gates, Consent Judgment Entered.

A. Mrs. Catling met her death under tragic circumstances at Barrie. Altho the gates at the railway crossing were down, Mrs. Catling did not wait. She saw a train coming from one direction, and stepped out of the way, but she did not notice an engine that was shunting in another direction, and was killed.

Her husband, William Frederick Catling, took action against the Grand Trunk, and while the fact that the deceased did not wait until the track was clearly announced to contributory negligence on her part, Judge Anglin in single court yesterday, gave judgment by consent for \$400 and \$100 costs, and \$10 to the official guardian. One-third of the \$400 is to be paid to plaintiff, and two-thirds to be paid to the court to the credit of an infant child, and paid out to him on attaining the age of 21.

## A Practical Endorsement.

The Northern Electric and Manufacturing Co., who have recently completed one of the largest and best equipped manufacturing plants in Montreal, ordered seventy-nine Chapman Double Ball Bearings sixteen months ago, for their cabinet shop. These showed such substantial savings in power, lubrication and attention that they have recently ordered one hundred and forty more for the shafting in their new shops.

The Chapman Double Ball Bearings are now installed in about 400 of the leading Canadian factories.

## SAME LOCAL OPTION TERM WILL CONTINUE AT 3 YEARS

### Other Slight Amendments to Liquor Act Were Announced Yesterday.

Amendments to the Ontario government's Liquor License Act brought out in consideration of the measure in committee in the legislature yesterday, showed that the pressure used by both the temperance and liquor interests had had some results.

A copession to the former was shown in the changing of the local option term from two years back to the old period of three years.

Hanna intimated previously that revision to the old order of things would be seriously considered. The provincial secretary did not enter into any explanation, and the amendment was accepted without comment. The elimination of some penalty clauses, and the providing for a cancellation of hotel licenses would follow upon three convictions in three years, not two years, as first set forth, were points yielded to the liquor interest.

The debate of the afternoon centred around the proviso for local option voting, but the government held its position firmly.

Hon. Mr. Hanna, in first taking up the act, explained that the definition of a tavern was enlarged, and every regulation must be published in The Ontario Gazette.

Mr. MacKay thought in the case of a bartender removing to another city his license should go with him.

There was pointed out an amendment allowing employment of extra bartenders for cases of emergency, but limiting the time to two days in a month.

In Force Jan. 1, 1907. It was stated that the bill would not come into effect in respect to determining population by the last enumeration of assessors till Jan. 1, 1907.

On the section referring to license duties being reached a new division was inserted. Towns having a population of less than 5000, and more than 2000, will pay a license fee of \$50. Towns having population of 2000 or less will pay \$25, while the same fee applies to cities.

It was pointed out in the large cities the shop license was less than the tavern license, while in villages the reverse was the case.

Mr. Graham said he had been informed that some of the municipalities would receive less money under the new scale of duties, but Mr. Hanna pointed out that the next section would provide to increase the duties.

There will be no change with regard to the sale of liquor to guests at hotels. The clauses in the new act were struck out, and the old act stands.

The first four penalty clauses were struck out. Mr. Hanna explained that when the section was drawn it was intended to bring in the Consolidated Liquor Act. He pointed out that the bill had been drafted it would be held over.

The government takes the power to issue wholesale licenses, but not in local option municipalities.

Regarding the cancellation of licenses after three convictions in two years, this is made to read three years. This section providing that a conviction since May 1, 1905, shall be counted as one of the convictions was struck out.

## Hamilton Grievance.

Mr. Cassin objects on behalf of Hamilton's liquor shopkeepers to their being asked to pay the same license fee of \$70 as hotel proprietors. Their chances for a return on their investment are great, he contends, and suggested a \$500 fee. Mr. Hanna said the proposition was an entirely new one, but was willing to have it considered later.

Mr. MacKay argued that in small places liquor shop licenses were too high by comparison, and Dr. Lackner agreed that the same rule should be incorporated in villages. He thought liquor dealers shouldn't be in fairness to competitors be allowed to carry other lines, such as groceries.

Mr. Gamey took a critical view of the taking away from municipalities of control over the traffic. He didn't know whether the step was a right one, but agreed that it was proper for unorganized districts.

## Claimed Minority Rule.

The local option section brought out a lively tilt. Lieutenant, A. G. MacKay, and the latter got up to protest against the three-fifths requirement. It was minority rule—a mechanical balancing of the law at the expense of logic. He went on to say that forty-one men could prevent the law going into force against fifty-nine men, and after it was brought into effect forty-one men against fifty-nine could prevent it being repealed.

The premier interrupted to say that there was just as good reason why a settled expression of public opinion should not be disturbed after the passing of the act as before it.

Mr. Hanna quoted British authority for the 60 per cent. provision. It was not the minority ruling, the majority. The securing of 60 per cent. of the polled vote for a bylaw usually meant 35 per cent. of the possible vote. On the first Ontario plebiscite 62 1/2 per cent. of the polled vote was given in its favor. On the Dominion plebiscite 57 per cent. was in favor, and on the referendum there was a favorable vote of 68 per cent. He argued that before such a change is brought about there should be an unmistakable sentiment in favor of the measure.

Mr. MacKay asked if the three-fifths majority would be required where a bare majority had carried the bylaw.

Mr. Hanna said a bare majority was required in such a case.

Mr. Preston of Brant argued that local option was not on all fours with provincial or Dominion prohibition, in the Dominion the proposition was to force prohibition on a large section of the people who are stoutly opposed to it. He made the point that if local option has been found to be inoperative a bare majority should be sufficient to repeal it. There was not a state in the Union where more than a majority was required.

Mr. Hanna replied that the temperance people of Nova Scotia "squired more than a bare majority to repeal prohibition. There the situation was reversed, the whole province being under prohibition, the municipalities having the option of going back to licenses. In Halifax a three-fifths vote was necessary to carry local option, and in the

rest of the province two-thirds.

Mr. Hislop of Huron said in Nova Scotia temperance sentiment was not so far advanced as in Ontario.

"Why Nova Scotia is under prohibition," suggested Mr. Downey and others.

"That doesn't affect my argument," observed Mr. Hislop amid laughter.

Mr. Hislop claimed that if a simple majority vote was wrong, a three-fifths majority was equally wrong. He suggested that it be optional with municipal councils to pass the bylaws prescribed by the government.

Mr. Ross asserted that the present system worked satisfactorily, and that there was no real complaint about it. He referred to the referendum taken, and to the government, which was willing to act upon it, having been followed by a government which had secured the support of many temperance people by pledging itself to restrict the operation of the traffic. Last year 106 municipalities had passed local option and 289 places had been closed, whereas under the three-fifths vote only fifty-six would have been carried, closing down 118.

"Why alter that which has been proven to be wrong," asked Ross.

Where was there any demand for it? Not a petition had been presented for it, and he thought that if the bill became law the three-fifths clause would be repealed.

Mr. Reas said that Hon. Mr. Stratton had informed him that it was easier to enforce the law in local option than in licensed communities.

"Then why didn't he do it?" asked Hanna.

"To Protect Shareholders." On the third reading of Mr. Hoyle's bill respecting prospectuses, Mr. MacKay renewed his objection to the clause for incorporating the corporation stock should be deemed to be induced by the prospectus.

The provincial secretary said this change had been made to protect shareholders.

Mr. MacKay also suggested that the subscription induced by verbal representations should be binding on the subscriber unless he shall have received a copy of the prospectus.

It was agreed that Mr. MacKay and the provincial secretary should get together and frame a clause to cover the point.

The following private bills were read a second time.

To incorporate the Bell Telephone Memorial Association (Preston, Brant); to confirm bylaw 640 of the Town of Harris (Mow); to incorporate the Port Elgin Spur Line (Bowman).

On Mr. McCowan's bill respecting cemetery companies being up for a second time, Mr. Graham asked for information. Hon. Dr. Pyne suggested that the bill be sent to the legal committee, and this was done.

**BIG STRIKE IS MADE ON THE GEORGEY GROUP**

From Manhattan News of March 17: A new strike was just reported on Georgey No. 3, one of the claims belonging to the Manhattan Nevada Gold Mines. The big quartz dyke which intersects the numerous cross-veins intersect the big strong black quartz dyke which proved so rich and which traverses the mine. The big quartz dyke has been everywhere in this district. As it is safe to say it runs several hundred feet in length.

A large hole has been ordered for the Manhattan Nevada Gold Mines, which company owns the famous Georgey group, consisting of Georgey Nos. 1, 2, 3 and 4, also the Copper Farm and El Dorado Nos. 1 and 2. Development work upon the Georgey group is progressing rapidly. A large shaft is now at a depth of 65 feet. Sixteen leasers are at work on the property, and this group bids fair to be one of the largest high-grade milling propositions in the state of Nevada. Water in abundance has been struck on this property, which will be ample to furnish the mill, which will soon be erected when sufficient ore will have been blocked out to supply it economically. It and about these properties one finds the strongest indications of permanency.

A. L. Wisner & Co. of New York, who floated the famous Murchie mine of Nevada City, California and the same mine at Gold Valley, Nevada, secured control of this property for their clients. Canadian Branch, 61 and 62 Confederation Life Building, Toronto.

**New Church Opens.** College-street Methodist Church has now reached its first stage of completion. The school-room part of the building, which is so constructed that with the aid of a drop partition it may be thrown into the audience-room of the church proper, will be open for church and school purposes to-morrow.

The building stands on a magnificent central site on the corner of College-street and Dundas-street. Valuable help has been rendered by Chester Massey and the members of the Methodist Social Union.

The opening services to-morrow will be conducted by Rev. J. J. Redditt, president of the Toronto conference, and Rev. W. H. Hincks, LL.B., chairman of the Toronto West district.

ABOLISH COMBINE CLAUSE REQUEST OF A DEPUTATION

Infidential Bodies Interview Government in Endeavor to Amend Criminal Code.

Ottawa, April 20.—The Wholesale Grocers' Guild, the Retail Merchants' Guild and the Association of Manufacturers of Canada were represented to-day by a delegation numbering over fifty members.

Montreal, Hamilton, Toronto, Quebec, Ottawa, Kingston and other points were all represented. The delegation waited on Sir Wilfrid Laurier and Hon. Chas. Fitzpatrick.

Messrs. Gervais, Zimmerman, Barker, Boie, Blain and other members accompanied the delegates. What the delegates ask for is an amendment to the Criminal Code in regard to combine clauses. They want the law to be changed so that what was before 1900, "in default of the act as it stood in 1899, and for many years previous combine clauses must be illegal before it could be declared to be a violation of the act."

At present any agreement at all can be considered by magistrate, and may be condemned. The delegation asked that the law should set forth clearly what was to be combined. They desired that this should be done so that they might be able to govern themselves accordingly. The constitution is that combines, if properly controlled by the state, the same as in Germany, would be an excellent thing for the country. The government in held the only proper authority to govern combines.

The delegation presented an argument in favor of their case to the minister of justice. It is directed against section 529 of the Criminal Code, which provides heavy penalties against any combine, or corporation, who conspires, combines, agrees, or arranges with any person, railway, steamship, steamboat, or transportation company to restrain or influence commerce, etc.

It is argued that the word "unlawfully" was omitted inadvertently before "restrain." In the 1899 act this word was inserted. The clause is now absolute in form without any qualifying word, which makes legislative competition a combine. The selling out of a business. If the seller agrees to remain out of business for a period of years, is a violation of the act.

The special Easter meals at the Church of the Holy Trinity will be repeated to-morrow evening.

Does Your Food Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the food or body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place some illness, loss of appetite, depression and languor. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

BURDOCK BLOOD BITTERS

is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Ameliasburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I am completely cured. I cannot praise Burdock Blood Bitters enough for what it has done for me. I have not had a sign of dyspepsia since."

MUST BEG FROM HAMILTON CATARACT CO. IS CRAWLING

So Says Nesbitt, K.C., as to Present Situation—Trades Council and Prince's Reception.

Hamilton, April 20.—(Special.)—The Cataract Power Company is coming on its hands and knees to beg concessions from the city," is the way J. W. Nesbitt, K.C., described the action of that corporation this evening at a meeting of the special conference committee.

The company is willing to improve its street railway system and give a reduction in the street lighting contract if the city will grant it relief from the street railway bargain, under which the city gets 8 per cent. or some \$25,000 a year of the company's earnings.

The Beach residents had another meeting this evening on the proposed annexation to the city, and decided they would ask that the rate of taxation should not be higher than 10 mills for ten years, that three commissioners should be elected in January, and that all revenue derived from the Beach should be spent there.

The fire and water committee agreed this evening to do everything in its power to keep the Toronto & Niagara Power Co. from using the entering basin lands for its power or railway lines, and the council will be asked to meet specially to prepare an appeal against the order locating the line in the filtering basin lands in time to be considered by the railway commission when it meets here on May 8. The company will try and expropriate the lands.

David Hastings, city editor of The Herald, has bought The Dunnville Gazette.

Efforts are being made to get the prosecution of the Grocers' Guild called off, now that it has disbanded.

The Trades & Labor Council this evening passed a resolution endorsing the action Mayor Biggar has taken in cancelling the arrangements for the reception of Prince Arthur of Connaught. The council will hold a Labor Day demonstration, H. J. Halford was appointed on the Hamilton Art School Board.

Will Build to Brantford. Ebn. Arthur Kennedy, the financial backer of the Haines' Railway venture, was in the city yesterday. He said cars would be ordered between Hamilton and Brantford by Dec. 1 next, and that the branch to Galt would be built soon after. He also said that he would build to Guelph in the near future. Lines to all these places will be built by him, he declared, no matter how many other roads were built.

The police commissioners to-day investigated a charge of insolence made against Inspector McMahon by J. W. McDonald. Mr. McDonald reported a very short time, it being the sixth in a series of such charges. The inspector advised him to sleep in the store. The day the inspector said he did not mean to be insolent, and the matter was allowed to drop at that time. Craven, Hayesland, and John Dury, 270 North John-street, were appointed policemen to-day.

Adam Zimmerman, M.P., has now undertaken to get Mayor Biggar to recede from the position that the city should receive Prince Arthur of Connaught when he makes a 45-minute stop at the Stuart-street station next Monday morning. The mayor, backed by the police in the city, has declined to recede from his first position, and the prince will not be officially received here.

The position of the city engineer's office, however, is that there is every indication that the Hamilton mountain contains minerals, and the intention that Toronto capitalists are taking steps to do so some prospecting.

SAUGHT BOMB IN HAND. Failed to Explode and Count Keller Still Lives.

Kalisz, Russian Poland, April 20.—While Count Keller, commander of the garrison here, and cousin of Lieutenant-General Keller, who was killed July 29, 1904, while repelling a Japanese attack on Yangtze Pass, Manchuria, was driving with his wife in the main street of this city to-day, a bomb was thrown at his carriage.

Count Keller caught the missile in his hand, and the bomb exploded. The man who threw the bomb escaped.

or domestic servant class from various countries named, comprising about all of Europe, excepting France and Italy. This contract was to run until Jan. 1, 1912, but terminable upon two years' notice. On Nov. 24, 1901, the contract was extended so as to run until Jan. 1, 1915.

None of these negotiations or agreements were brought to the attention of parliament, altho, said Mr. Foster, they fished from the public treasury more than a million dollars. The bonus is paid upon each and every person "who arrived in Canada" from any of the countries named. It was immaterial what the company did or did not do towards suggesting or inducing this immigration. For every immigrant brought in, the company received an aggregate population of 240,000,000 people, the trading company levied a toll of five dollars per head. The Jewish societies in 1901, their own expense, brought out a number of people from Russia to Canada. Upon all of these people this trading company claimed and collected five dollars per head from the Dominion government. Last year this company drew \$3,000.

This contract was made by the government, by Mr. Smart, deputy minister of the Interior. Is it any wonder that the contract favored the company when we find this same deputy minister to-day the manager of the company?

He declared the company to be a swindle and fraud from A to Z. "It is a houseless, homeless, headless monster."

KAY'S FAMOUS FOR FINE FURNISHINGS. KAY'S

Kay's Spring Furniture Opening

The growth of this section of our business has been phenomenal. From small beginnings it has advanced year after year until now three large flats and two mezzanine floors or galleries hardly suffice for the display of our assortments in this line.

Success like this is not accidental. We attribute it to our policy of dealing only in furniture of high excellence and of quoting uniformly reasonable prices.

In Furniture, as in Carpets, Draperies and Wall Papers, we show much that is private to us—made to our especial order or imported from houses who sell only to us in Toronto.

Below we catalogue a few representative items which may serve to indicate the wide range included in our offerings:—

Bedroom Furniture. A most comprehensive assortment, of which we give a few details below:—

In Mahogany. A very large assortment selected from the productions of the first makers on the continent—Dressers, Cheffoniers, Somnoes, Bedsteads, Dressing Tables, Princes Dressers, Washstands, Cheval Mirrors, Wardrobes, Chairs, Rockers, etc. Prices commence at \$20.00 for a pretty dresser with oval mirror and range upwards to an exquisite suite of six pieces on Sheraton lines, in 800.00

In Golden Oak. A goodly array of suites and individual Dressers, Cheffoniers, Wardrobes, Dressing Tables, Cheval Mirrors, Washstands, etc. Good makes and tasteful designs. We sell a dainty Princess Dresser with oval mirror for 23.00

In White Enamel. A variety of simply designed Dressers, Cheffoniers, Dressing Tables, etc. Largely in demand for children's rooms, guest chambers, summer cottages, etc. We have Dressers at 14.50 and Cheffoniers at 13.00

In Hardwood. A selection of well-designed pieces finished to a marvelous imitation of fine quarter-cut oak. Notable features of this line are the entire absence of machine carving and the fact that British plate beveled mirrors are used in all the Dressers. We have two-piece suites at \$22.00, \$24.00, \$25.00.

In Weathered Oak. Quaint Mission designs in Dressers, Cheffoniers, Washstands and Bedsteads. Much in demand for young men's bedrooms, bachelor quarters, etc. Our price for a well built dresser, 3 ft. 8 in. wide, is only 22.50

All-brass Bedsteads, \$17 to \$115. Over forty different patterns to select from. Twin bedsteads, single bedsteads, double bedsteads, three-quarter bedsteads. The very latest designs from the best makers at prices you will admit are very reasonable.

All-brass Crib, \$36 to \$46. Bright, attractive cots in various sizes, all fitted with high safety sides that may be dropped on occasion.

Brass and Enamelled Bedsteads, \$3 to \$30. An immense assortment which embraces about everything likely to be wanted from a plain but neat bedstead, suitable for summer cottage use, to a really handsome design with square tubing, that many would choose in preference to a much more expensive all-brass bedstead.

Enamelled Crib, \$6 to \$12. A good selection in all enamelled and enameled brass.

Bedding. We are most particular about the Bedding we sell. Common, shoddy-filled mattresses have no place in our stocks. Even the cheapest lines we carry are clean and sanitary.

Hair Mattresses from \$11.00 to \$35.00. Felt Mattresses from \$5.00 to \$15.00. Fibre and Cotton Mattresses \$5.00 and \$8.00. Sanitary Mixed Mattresses from \$3.00 to \$4.50. We recommend Kay's Special Hair Mattress at \$17.50 as being resilient, comfortable and sanitary.

Decorating and Furnishing. We undertake the complete or partial decoration and furnishing of residences, hotels, summer cottages, etc., in any part of Canada. When necessary a competent representative will be sent to advise and estimate on the cost of work of this class.

Mail Orders. The unsurpassed advantages of this store are at the command of out-of-town customers through our Mail Order Department. We give prompt and careful attention to orders and inquiries. If you have not received a copy of our catalogue we will mail one on request.

Canada Evidence Act. In committee to-day the house discussed amendments to the Canada Evidence Act. The bill as drafted by the minister of justice disqualifies either husband or wife from testifying for their own in criminal cases. R. L. Borden thought such witnesses should be competent, but not compellable. Mr. MacDonald (Pictou) supported Mr. Borden. The bill was reported.

The house to-day restored the annual traveling allowances of \$500 to the district judges of Ontario. Some members of the opposition thought there were too many county judges. "Playing golf in summer and curling in winter" was said to be their principal occupation.

while Mr. Dunbar started out as only one of the cast, neither the management nor the newspapers could help him from gaining that fame to which all thespians aspire, hence the names of Errol Dunbar and "Sherlock Holmes" are so closely linked together now that the public cannot fail to associate one with the other, and the combination seems to gratify all those who admire a great play with a worthy player to bring out the true essence of a Conan Doyle's famous conception.

CONTROLLERS AFTER CASH COMMISSION TO PAY RENT

Building Outlook Continues to Improve—Public Library Plans—Matters at the City Hall.

The insurance commission will have to pay rent for holding its sessions in the Toronto city hall, although they thought it should be free of charge.

The board of control decided that the city had already paid enough money in connection with the municipal power project, and they refused a request for an additional grant for the printing of it.

Several improvements have yet to be made in the new plans for the public library before they will be adopted.

During the last three months the city legal department has been successful in ten cases, lost one and settled six.

### THE PARIS OF THE NEW WORLD

One Young Man's Impressions of the Devastated District.

Gordon Cascaden, who is a Toronto University student in residence at Trinity College, knows the burned "Frisco" district well. He was engaged in newspaper work in the west and has also made a study of the principal American cities from a sociological standpoint. He has visited San Francisco several times and in his investigation of the western hobo made the destroyed city his headquarters. To The World last evening, he said:

"From the standpoint of the criminal and wandering classes, San Francisco was the worst city in America as regards morality, while it was the best city as regards graft. The hobo calls a city 'hostile' when the police are hard on the cheap traveling gentry, but 'Frisco' was famous from coast to coast as an easy town. This, coupled with the fact that the tramp seeks a warm climate in winter would make the destroyed city the home of many thousands of the 'weary Willies' at this period of the year. They flock in from Oregon and other Northern States. The population of San Francisco was so cosmopolitan that the nomadic classes found it easy to live. The town was the principal seaport on the Pacific, and many sailing vessels arrived from Europe around the 'Horn,' after sailors received their pay they spent it freely in the countless saloons and resorts of ill-fame which abounded in the poorer sections of the city.

"Frisco was a 'wide open' town. Gambling was allowed without reservation, and not only the sailors, but many another unwary one, fresh from the mine, the trail or the ranch, was sidetracked in spending his 'stake' by the unchecked vultures, both male and female, who infested this, the gayest and wickedest city in America.

"The sporting fraternity in general lived in the city, and although the lights were not held inside the limits of San Francisco County, still the principals and their backers could always be found around some of the downtown saloons.

"The fact that many of these Native Sons of the Golden West were sons of those adventurous men who went west in search of gold made the population of 'Frisco,' on the whole, of a sporty nature, and the city itself deserving of its name of the 'Paris of the New World.'"

### WARNING OF END OF ALL IS SAN FRANCISCO HORROR

Dr. Wild Intrepets Earthquake as Forerunner of Battle of Armageddon.

The San Francisco horror is read by Dr. Wild as a heaven-sent warning of the approaching end of all things, even as he has interpreted the Mount Pelee eruption and the outcome of the Russo-Japanese struggle.

"It simply shows that Providence is getting ready in Nature, and giving us proper warning of the great earthquake to come during the battle of Armageddon," he said.

Dr. Wild remarked that while in charge of the Plymouth Congregational Church in Los Angeles, a few years ago, he felt the unpleasant sensations of earthquakes on two occasions.

"The natural impulse of everybody is to flee from the house into the streets," he said, in recounting his first experience. The rocking and shaking of a chandelier sign, then the floor appeared to quiver and tremble. The shocks came with sharp distinctness, and the walls of the room were rent across diagonally. The second time he felt a visitation the sensation was different, there being a steady, continuous tremor, causing a feeling of vertigo, such as might be experienced on a sea voyage.

Reading, Pa., April 20.—Notices have been posted in Reading Railway shops announcing a reduction of the working hours from 10 to 8 hours a week, owing to the shut-down in the character regions. The order will affect about 3500 men in Reading alone.

### Scotch Paintings on View.

Thursday night an exhibition of works by the Glasgow painters was opened in the galleries of the Ontario Society of Artists, under the auspices of the Council of the Art Museum of Toronto and the society. This is the first joint exhibition of the two bodies, and it is hoped, will be the forerunner of many others. Altho the collection is not altogether representative of the work of the famous Glasgow school, examples are shown which enable its chief characteristics to be appreciated. Among the principal artists included in the collection are James Paterson, David Grieve, Major Thomas, R. M. Stevenson, George Henry, James Guthrie and Harrington Mann. Nelson Montell, Rev. Prof. Ballantyne, W. H. Shaw, W. K. George and other prominent ex-residents. There are nearly a thousand "old boys" in Toronto.

### Canadian Institute Meeting.

The members of the Canadian Institute will hold their usual public meeting at the library, 138 College-street, this evening. A paper entitled, "Is Better in a Glacial Period Justified?" will be read by H. D. G. Sower. There will also be an "Exhibition of Miniature Steam Engines" by T. H. Robinson.

### Bobbed of \$500,000.

Montgomery, Ala., April 20.—J. D. Hand, a prominent saw mill operator of Bay Minnet, Ala., was robbed in Montgomery last night of securities approximately estimated at \$500,000 in value. The stocks and bonds were in a satchel and were taken from the hall of the residence of W. A. Collier, an attorney.

## CLEAN BASEBALL RECORD.

After Winning Every Practice Game at Diamond Park, Go to Albany.

The Toronto baseball team, in charge of Manager Barrow, left last night with a clean record of victories on the home grounds for Albany, N.Y., where they play an exhibition game with the home team to-day. Yesterday morning's practice at Diamond Park consisted of hitting the ball to the fielders and practicing signals.

The championship season opens next Thursday, Toronto playing at Newark. The first game here is on May 14.

## Caring For 300,000 People Famine Prices Prohibited

Authorities Taking Strict Measures to Prevent Exortion—Miles Upon Miles of Hurriedly Constructed Tents—100,000 Seek Refuge in Golden Gate Park.

San Francisco, April 20.—The care of the three hundred thousand homeless, hungry refugees now gathered in the city's public squares and parks is now the main problem the local authorities have to solve. They must be fed, and bread, meat and drink in sufficient quantities are lacking. All the leading cities and towns throughout the country are now exerting themselves to lend assistance and provisions are now readied in campy provisions are now headed for them from many points.

Bread has already sold as high as \$1 a loaf, and two loaves and a can of sardines brought in one instance \$2.50. But this condition of affairs will not be permitted to last long. In towns across the bay the master bakers have met and fixed the price of bread at five cents a loaf, with the understanding that they will refuse to sell to retailers who attempt to charge famine prices. The committee of citizens in charge of the situation in the stricken city will also use every effort to keep the price of food down to the ordinary figure.

This committee of safety, composed of fifty leading citizens, with Mayor Schmitz at its head, met to-day to take all necessary steps for the protection and assistance of the victims. Three relief stations for the homeless have already been established. They are at Golden Gate Park, Presidio and San Bruno road.

the Spring Valley Water Co. stated last night that they expected to be able to furnish the city with 10,000,000 gallons of water to-day or to-morrow. There is water now west of Van Ness-avenue and the engines there are fighting the fire with fresh water. In the midst of the fire, there is water, but there are no engines, and the fire is burning unimpeded.

Another series of fatalities occurred yesterday, caused by the stampeding of a herd of cattle at Sixth and Folsome-streets. Three hundred of the panic-stricken animals, when they saw and felt the flames, charged wildly down the streets, trampling under foot all who were in the way. At least a dozen persons, it is said, were killed.

### FOUR \$100,000 DONATIONS PRESIDENT GIVES \$10,000

Moneyed-Men and Interests in the Republic Are Generous in Contributing to Relief Fund.

Washington, April 20.—President Roosevelt and members of his cabinet to-day devoted the greater part of their semi-weekly session to a discussion of the calamity which has befallen San Francisco. It was decided that secretary Metcalf, who is a resident of Oakland, should proceed to the stricken city as a representative of the national government. He will leave this afternoon for the city, in company with the governor of California and the municipal authorities of San Francisco, and advise the national administration what assistance may be done to alleviate the distress there.

It is appreciated by the president, that while the people of San Francisco have a proper right to clamor with regard to the acceptance of assistance, that pride must be laid aside, in order that aid may be extended to them by the government and by the people of the United States. Assistance from foreign countries, however, is not necessary, the United States being abundantly able to tender such aid as may be needed.

**Millionaires Help.**  
New York, April 20.—Garry, chairman of the board of directors of the United States Steel Corporation, announced to-day that the board has authorized the \$100,000 to the San Francisco relief fund.

President Chas. A. Peabody of the Mutual Life Insurance Company has been directed by Wm. W. Wood, its president, to forward \$100,000 to the mayor of San Francisco for the relief of the earthquake sufferers.

President Jessup, of the New York chamber of commerce, has received a message from Andrew Carnegie subscribing \$100,000 to the relief fund, to which a similar sum had also been subscribed by the Standard Oil Company. President Jessup expressed the hope yesterday that the chamber's subscription relief fund would not be less than \$500,000.

President Roosevelt has sent \$1000 to Charles Hallam Keep for the relief of the sufferers.

**Tents and Cots.**  
Junction City, Kan., April 20.—Three express cars loaded with 1000 tents and more than five hundred cots left Fort Riley last night on the Union Pacific for San Francisco and Cheyenne, Wyo. The entire tentage and camp equipment of Fort D'Arrusell were shipped last night to San Francisco. The outfit is sufficient for 2000 persons.

**Generous Portland.**  
New York, April 20.—The Southern Pacific Fire Insurance Company, carrying ten physicians, twenty trainees and 2000 pounds of provisions, left Portland last night for San Francisco. The company is carrying 2000 blankets and mattresses in Portland are to be sent. A train-load of relief provisions will follow each day. Two carloads of potatoes and one carload of bread will leave Salem, Ore., this morning.

**Boston's Share.**  
Boston, April 20.—The state house representatives to-day voted an appropriation of \$100,000 for the relief of the stricken people of San Francisco. The resolution to contribute half a million dollars to the earthquake sufferers of California, was adopted at a meeting of representative citizens. It was voted, also, to hold a public mass meeting.

## A SPRING TONIC

Dr. Williams' Pink Pills Make Rich, Red, Health-Giving Blood.

Cold winter months, enforcing close confinement in over-heated, badly ventilated rooms—in the home, in the shop and in the school—sap the vitality of even the strongest. The blood becomes clogged with impurities, the liver sluggish, the kidneys weakened, sleep is not restful, you are just as tired as when you went to bed; you are low spirited, perhaps have headache and blotchy skin—that is the condition of thousands of people every spring. It comes to all unless the blood is fortified by a good tonic—Dr. Williams' Pink Pills. These pills not only hasten this spring, but they guard against the more serious ailments which usually follow—rheumatism, nervous debility, anaemia, indigestion and kidney trouble. Dr. Williams' Pink Pills are an ideal spring medicine. Every dose makes new, rich, red blood. Every drop of new blood helps to strengthen the overworked nerves. Overcomes weakness and drives the germs of disease from the body. A thorough treatment gives you vim and energy to resist the torrid heat of the summer. Mr. M. A. Meuse, Sluice Point, N.S., says: "I was so completely run down that I could hardly work. I decided to try Dr. Williams' Pink Pills, for I had heard them highly spoken of, and a few boxes worked a great change in my condition. I am again feeling as well and strong as ever. I did and can recommend the pills to all weak people."

# HAS CRACKLESS VAMP

IMPROVEMENT NUMBER ONE

A Cracked Vamp      A Foot-rite Vamp

Why? We'll tell you what the vamp is, then why. The vamp is the leather between the box toe seam and the instep seam. This is why Foot-rites have crackless vamps. They're made of "Normal Calf," a leather almost as soft and supple as the live calf's skin. Never heard of a live calf's skin cracking, did you? Foot-rite linen canvas linings are cut on patterns which fit the insides with watch-like accuracy. Fitted linings cause permanent diagonal vamp wrinkles, which split the leather. Foot-rites are almost waterproof, hence soak up little water. The repeated drying of water-soaked boots eventually brings cracked vamps. The Foot-rite toe-freedom box toe, being uncollapsible, holds the vamp leather arched and smooth, which prevents splitting at the vamp-toe seam.

The Foot-rite wrinkleless vamp improvement keeps out vamp wrinkles which undermine and crack the vamp leather. And being shaped over foot-sculpture lasts, Foot-rite insides are precisely the same shape and size as the feet that inhabit them, which compels the leather to crease straight instead of diagonally across the vamp. Diagonal creases wear into cracks. Straight creases don't. There's a door in your town that swings inward but never outward to find a more welcome place. That's the door of the Foot-rite retailer. His name's below. Better swing it and try on a Foot-rite with a crackless vamp. Anywhere in America, Canada or Great Britain, \$4.00 and \$5.00. Every pair Goodyear Welted.

## A MILLIONAIRE'S EXPERIENCE AS ONE OF 'FRISCO'S REFUGEES

Oakland, Cal., April 20.—Among the refugees from San Francisco who found themselves stranded in this city to-day were John Singleton, a Los Angeles millionaire, his wife and her sister. The Singletons were staying at the Palace Hotel when the earthquake shock occurred Wednesday morning. Mr. Singleton gives the following account of his experience: "The shock wrecked the rooms in which we were sleeping. We managed to get our clothes on and get out immediately. We had been at the hotel only two days and left probably worth the personal effects in the room. "After leaving the Palace Hotel we secured an express wagon for \$25 to take us to the Casino near Golden Gate Park, where we stayed Wednesday night. Thursday morning we managed to get a conveyance at an enormous price and spent the entire day in getting to the Palace. We paid a dollar a piece for eggs and a dollar for a loaf of bread. On these and a little ham we had to be satisfied. We reached Oakland last night on a ferry boat and we are now trying to get back to Los Angeles."

Mr. Singleton, like thousands of other persons in Oakland found himself without funds this morning, and as there are no banks open he found difficulty in securing cash until he met someone who knew him. Those who are unable to buy food are being supplied by the local relief committees.

Telegram was received to-day by the postmaster-general from the Postmaster of San Francisco: "Dated Fort Mason, Calif., April 20.—Have resumed business to-day in main office. Mail boxes and supplies were intact. Building badly damaged by earthquake. Stations B, C, E, K, Q, and thirty-six destroyed. May have to move from Chicago that the 'Overland Limited' telegram, can resume internal business."

**RAILWAYS RUNNING.**  
J. A. Richardson, D.P.A. of the Washburn Railway in Toronto, has received the following dispatch from Detroit: "Our general office advises Santa Fe is open to Point Richmond and passenger traffic. All trains running as scheduled and ferry between Point Richmond and Market-street, San Francisco, is operated. At present authorities prevent people entering San Francisco, but it is expected, restrictions will be removed within two or three days. Our service to Los Angeles, San Diego and San Francisco has not been interrupted."

**PILES MAKE LIFE WRETCHED**  
It may be truthfully stated that piles produce more excruciating pain, misery and wretchedness of feeling than any known disease. Life becomes a perfect burning during the attacks of itching, burning, stinging pains. It is a great mistake to imagine that the effects of piles are local, for, as a matter of fact, they sap the vitality of mind and body and slowly but surely lead to the ruination of the health. As well as of bleeding piles, which, because of the loss of blood, are more rapid in their disastrous effects. Instant relief from the itching, burning, stinging sensations of piles, and is a positive and thorough cure for every form of this wretched disease. This has been proven in so many thousands of cases that there is no longer any room for doubt that Dr. Chase's Ointment is the most satisfactory treatment for piles that was ever discovered.

Frequently when doctors have failed to cure piles and the surgeon's knife deposit has been tried, Dr. Chase's Ointment has effected thorough cure; 60 cents a box at all dealers, or Edmanson, Bates & Co., Toronto.

## Fundamentals Of Life Insurance

The fundamental difference between the Mutual Life of Canada and the stock life insurance companies is, that in the Mutual Life the policyholders are the proprietors; in the stock companies the policyholders are merely the customers.

The 36th Annual Report shows \$6,014,576.00 of insurance written in 1905 and a surplus of Government Standard Valuation of \$1,261,905.00. The Mutual Life is the people's company. Its policyholders own, control and get everything, and it is getting better business.

The tone of the market after the first selling movement had been absorbed was distinctly good to-day, with some features of the trading a very reassuring character when the nature of recent influences is considered.

A better feeling prevailed this morning as a result of more candid views at London, and a belief that not only the worst was over but that a somewhat exaggerated view of the situation prevailed to the extent that the disaster was not total.

Reports of gold engagements were offset in part by higher call money rates and reports of loss since yesterday, thru sub-treasury actions.

Messrs. the Harriman shares were supported by banking interests and the metal stocks by brokers supposed to represent inside operators.

In the shortest possible time, and present conditions indicate unequalled success. In order to quickly provide funds to carry on the proper and extensive development and equipment of the properties a small amount of treasury stock will be sold. The first limited allotment is now offered at the

### Special Introductory Price of 15 Cents Per Share

Price will advance shortly to 20 cents. We reserve the right to return all subscriptions received in excess of the 15-cent allotment. This stock should advance rapidly to many times the above figure and earn immense profits for present investors. Every share of stock in this Company is guaranteed and protected by our special Trust Fund containing securities worth about \$2,000,000. It is therefore absolutely safe, and combining as it does perfect safety, low price and the most brilliant prospects of immense profits and dividends, it is the most attractive investment that can be found. In order to secure the stock at 15 cents per share, your subscription should be forwarded at once. Write for illustrated pamphlet. The Company is under the same management as the famous Murchie Gold Mines, Consolidated; Empire Gold Mines, Limited; California and New York Oil Company; California Monarch Oil Company and other great dividend paying enterprises. Successful and efficient management is therefore assured; and successful men are always safe to follow.

### YORK COUNTY AND SUBURBS RIVERDALE CIVIC PROBLEMS

Discussed at Largely Attended Meeting—York Township Council Meets.

Last night's meeting of the members of the Riverdale Business Men's Association, held in Dingman's Hall, was a great success. The hall was occupied by the president, A. K. Clarke, and among many others present were Mr. Barker, manager of Riverdale branch of the Bank of Commerce; Mr. Morynny, ex-inspector of Hales, Ald. Stewarty, Chisholm, Fleming and Church, H. G. Guest, J. A. Jupp, Dr. Sneath, J. L. Purvis, E. B. Ryckman, John Poucher, Thos. Grinnell, and S. McCort. The question of a spur line along the front of Ashbridge's Bay was discussed by many of the business men present and a motion of Messrs. Heady and Barker referred to the executive to be dealt with before the board of control. The view was generally expressed that the spur line would benefit the interests of Riverdale by being built and controlled by the city, giving equal running rights to each of the railways. The officers of the Riverdale Business Men's Association are: A. R. Clarke, president; Dr. Sneath, first vice-president; H. W. Barker, secretary; and Mr. McMurray, treasurer. A. E. Walton, Wallace Maclean, E. S. Field, information committee; Ald. Church, briefly addressed the association, pointing out that the report of the harbor master with respect to the possibility of the deepening of Ashbridge's Bay was most encouraging. The plan suggested by W. F. Maclean, M. P. and others for spanning the Don by a high level bridge at Bloor-street, was commended as the best solution of the difficulty.

Toronto Junction. Toronto Junction, April 20.—The Waverley Club entertained to-night in St. James' Hall. About 25 couples engaged in the merry maze.

Tailors and Haberdashers 77 KING STREET WEST

The Royal Soarlet Chapter met in St. James' Hall lodge room, and were visited by The Wor Companions, Thos. Price, W. C. West, Toronto Soarlet Chapter; A. A. Gray, D. D. M. of West Toronto, and Wm. Bell, county lecturer.

Excoelan Camp, 173, A. O. W., held an open meeting and at-home in the Thompson Hall. Four candidates were obligated. Ald. Harrison of Toronto presided.

At 9 o'clock this evening as Fireman Willis Jarvis was going out on his engine, it fell off the tender, sustaining injuries to his back and slight concussion of the brain. Dr. Clendeman attended him, and the injured man was taken to his home, 37 Annette-street East.

Lakeland Lodge, 372, held their regular meeting in Campbell Hall, Dr. Kayler, N. G., presiding.

The fire department had a run at 8:20 to-night in answer to a false alarm from box 23, Pacific and Humboldt-avenues.

The water-wagon appeared on Dundas-street this afternoon for the first time.

West York Licensees.

The West York license commissioners met yesterday for the purpose of considering the granting of licenses for the current year. Inspector MacKenzie and Commissioners E. R. Rogers, James Ashman and Fran Reeves were present. The following licenses were granted: Vaughan Township—Woodbridge, Chas. Colton and George Stewart; Etobicoke, Michael Soper; Thistletown, George Hence; Eastington, Ambrose O'Brien; New Toronto, W. F. Young; Mimico, Chas. Nurse, and Humber Bay, Frank Armstrong. The last named received a permit for three months, at the end of which time, if the premises are not in a more sanitary condition, the permit will be withdrawn. York Township—Lambton Mills, L. M. Hanna and John Fleming; Deer Park, James O'Halloran; Fairbank, W. B. O'Leary; Fisherville, Abner Cherry. In the case of Mr. Cherry, during the forty-three years in which he has been engaged in the hotel business no charge has ever been preferred against him. Weston, W. J. Bourke and John Baillie (in the case of Mr. Baillie a permit only was granted, which will be revoked at the end of three months if the premises are not placed in a sanitary condition by the landlord); Mrs. Lellis, three months' permit, in which to place her building in proper shape.

Inspector MacKenzie will be at his office, 15 West Dundas-street, Toronto Junction, at 10 o'clock, on April 27, to issue the licenses to those entitled to receive them.

North Toronto.

The Easter music will be repeated to-morrow (Sunday) at St. John's Church, York Mills.

The annual vestry meeting of Leaside, Episcopal mission was held on Thursday night. The various organizations of the church reported splendid progress for the year, the funds in each being well in excess of the requirements. S. Dewdney and H. H. Bull were elected wardens. Messrs. H. Pike, W. Hunt, C. Lee, sideman, and Miss W. Hunt treasurer of the Sunday school. Mrs. C. Page, on behalf of the Ladies' Aid, made a presentation to the mission of a rich pair of curtains and a carpet for the chancel, and received the thanks of the members for the thoughtfulness and consideration of the society.

York Township Council.

A special meeting of the York Township council was held yesterday. The following communications were referred to the engineer: From Thomas H. Harrison, claiming damages for the injuries received by a defective sidewalk on Yonge-street and Vaughan-road; D. L. Tarion, complaining that Waverley-road is not opened yet; Chas. Walmsey, Deer Park, complaining of the condition of Lawton-avenue; R. Wood, Forest Hill, asking that a crossing be laid in front of school house S.S. No. 14; and J. Jones, asking that a crossing be laid in front of the house of Mr. Ellis, Swansea, who would like Ellis-avenue improved. A petition was presented to open up the road westerly of Auld-terrace to Lyndhurst-ave., and Lyndhurst-avenue to the north limit of Ninia-street, also for a three-foot plank sidewalk. A petition from ratepayers around Doncaster asked for an agreement with the city for the laying of a sewer on Donforth-avenue from Broadview to Pape. Every signature must be accompanied by an affidavit. Another petition was presented by Jesse Ashbridge and others to have Gerrard-street opened up between Cowell and Greenwood-avenues by local improvement. Wallace Maclean said that the necessary number of signatures were obtained from property owners, and that the council could not shelve the matter again. The petition will receive prompt attention, providing the petitioners deposit a marked cheque for \$100. The treasurer was instructed to pay the balance of \$70.82 owing on the Glen-road bridge.

Township Assessor John Muirhead, of division No. 2, has completed his assessment. He reports a slight increase.

Bracondale.

Yarmouth Lodge, S. O. E., will play a special game at Warwick Lodge, Toronto, next Thursday evening.

At a meeting of the congregation of Wyckwood Presbyterian Church it was agreed to call the Rev. William A. Macdonald, pastor. In addition to the stipend, the congregation agreed to make provision for three weeks' vacation each year. Mr. Macdonald has spent two very successful summers as student missionary in Wyckwood.

Frank Turner states that the tract of land south of the railway track on Christie-street, is not yet sold to the Swansea Bolt Company. The offer, however, will close in May. Apprehending the question of annexation, Mr. Turner said: "I had sixteen acres of land south of the railway track, which used to bring me \$1000 a year. The city took them in, and the first year after annexation, my taxes were \$2000. I for one will fight the scheme to the bitter end."

License Commissioners.

East York license commissioners will meet at the Clyde Hotel to-day (Saturday), at 10:30 a.m., to consider the issue of licenses for the current year.

Visit the Queen's Own

### DUFFERIN PARK RAGES TO-DAY

GETS SOME MONEY BACK. One Man an Innocent Partner in Robbery of Farmer.

Detroit, April 20.—One hundred and thirteen dollars of the seventeen hundred stolen from Tilly, the Essex County, Ont., farmer, has been turned over to the police by a man named Turner of Detroit.

Tilly met Turner and a man named Dykes, both of whom he had known in Canada, and invited them to have a good time with him. The next morning Dykes suggested that they separate to meet later in London. Turner had by this time sobered up and he returned home without having seen Dykes again. He does not know where Dykes got the money, \$15 of which he gave Turner. The \$1700 was in \$100, \$50 and \$10 bills of the Imperial Bank.

The police are trying to locate Dykes in Ontario. They believe Turner is telling the truth as to his connection with the case.

### OBITUARY.

Fred Colquhoun. Waterloo, April 20.—The town mourns the loss of another highly respected citizen in the person of Frederick Colquhoun, collector of customs for the ports of Berlin and Waterloo. He has been sick for the past month. Acute pneumonia was the cause of death. He was a native of Stirling, Scotland, and 66 years old.

Mr. Colquhoun practised law here from 1860 until he received the government appointment. He served as Waterloo town clerk for 37 years, and was secretary of the Reform Association of North Waterloo for 25 years.

A wife and three sons survive him. Allister, of the Bank of Commerce, Toronto; Fred, of the Bank of Montreal, Brandon, Man., and Douglas, at home.

London Post Contrasts Hansa Bill and English License System, but suggests the alternative of allowing the value of licenses to be adjusted automatically by putting them up to public tender from time to time. It thinks this has advantages over both the English and Canadian plans.

Buried at Galt. Galt, April 20.—(Special.)—Matthew Polson of Montreal, son of John Polson, Toronto, and brother of Hugh Polson, accountant of the Bank of Commerce, Toronto, was buried here this morning in Mount View Cemetery.

Going to New York. Geo. L. Kent, who for years has been the popular president of the clerk's desk at the Iniquities, is severing his connection with that hotel to take a position in New York.

A Hog Disease. Galt, April 20.—(Special.)—A peculiar disease is affecting the hogs on the farm of Robert Cranston Jr. in South Dumfries Township, many of the animals dying.

### FORGERS GET IT HARD.

Terms of 1 to 5 Years for Stock Certificate Swindlers.

New York, April 20.—Sentences to-day were passed on three men convicted of forgery for the Norfolk & Western stock certificates swindle, in which bogus paper, having a face value of thousands of dollars, was circulated.

T. C. Polney was sentenced to seven years and six months' imprisonment, and Samuel J. Humphries to six years, and Douglas E. Smith to one year.

Sentence was deferred on Chas. Augustus Seton, the fourth man convicted in this case. However, he was given an eight-year sentence for grand larceny in connection with the promotion of the Houston and Galveston Interurban Railroad, a Texas corporation.

A Trip to Cobalt. "It's a case of listening to the hammer on the nail from daylight till dark in Cobalt," said Chas. R. Palmer of the Palmer House, who with Thomas Hare, has just returned from the busy district. "We just went up to look at the chances, and there is every indication of a great profitable mining industry there," says Mr. Palmer. Building is the brisk feature now. The weather has been beautiful, but the wind is thicker than in Toronto.
