THE TORONTO WORLD

MISINFORMED.

HEAVIEST BOMBARDMENT YET RECORDED BEGAN ON SATURDAY AND THE BOERS WERE REPULSED AT THE POINT OF THE BAYONET.

General Action is Believed to Be On—Buller's Forces Attack Colenso, But Boers Do Not Reply—Gen. French Loses Seventy Men Captured—Kuruman Surrendered on Jan. 2 and 120 Prisoners Taken—Attempt to Assassinate Lord Roberts—Lord Ava Wounded—Latest Bulletins From the Scene of the War.

According to War Office bulletins from Gen. Buller, dated Saturday, Gen. White heliographed at 11 a.m. that the attack was being continued, and the enemy had been repulsed from the south. At 12.45 p.m. Gen. White said: "Have beaten off the enemy at present, but they are still around me in great numbers, especially to the south, and I think renewed attack very probable. The last message from Ladysmith was heliographed at 3.15 p.m. on Saturday. It read: "Attack renewed. Very hard pressed." Gen. White adds that he has no more news, and there is no sun.

Gen. Buller also wires the War Office under yesterday's date: "I sent all available troops yesterday to make a demonstration at Colenso. The trenches there were all occupied by the enemy."

Special despatches to the London dailies from Gen. Buller state that the Boers were up close to Ladysmith that the Gordon Highlanders and the Manchester actually repulsed them at the point of the bayonet. The Daily Chronicle's special says Saturday's bombardment of Ladysmith was the heaviest yet recorded. The Daily Telegraph's report says it is possible that the Ladysmith garrison is making a sortie, as the Boers at Colenso had hurriedly left their trenches and started for Ladysmith.

Gen. French reports to the War Office that a "serious incident" occurred to the First Suffolk Regiment on Saturday. Four companies of the regiment were sent to attack a Boer position near Colenso. Gen. French says that the Boers were repulsed, and a Boer position was captured. Three-quarters of the four companies reached their camp, but 70 others, including seven officers, were overpowered by the enemy and captured.

A despatch from Pretoria, dated Jan. 4 (via Lorenzo Marques), gives Field Cornet Visser's account of the fall of Kuruman. British Bechnanstad, on Tuesday, Jan. 2. He bombarded Kuruman on Tuesday morning, Jan. 2, and after fighting for six hours, the garrison surrendered and yielded up their arms. The Boers took 120 prisoners, including Capt. Bates, Capt. Denison, Mr. Hilliard, the magistrate, and eight other officers. They also captured 20 natives.

A London despatch says that from letters received there is no doubt that a Boer sympathizer, who got aboard the Dundee Castle, on which Gen. Lord Roberts sailed, was ready to attempt an assassination of the commander-in-chief. The man was placed in irons, after a revolver had been taken from him, and was turned over to the authorities at Gibraltar.

Lord Ava, the eldest son of the Marquis of Dufferin and Ava, formerly Governor-General of Canada, was dangerously wounded in the thigh during a recent assault on Ladysmith.

London, Jan. 8.—(4.50 a.m.)—The British is at last face to face with a critical moment in the campaign. It may safely be said that at no previous time have there been such anxious hours of suspense as will be passed through until the arrival of further news regarding the fate of Ladysmith. The editorial in this morning's paper reflects the extreme gravity of the situation, with a painful undercurrent of ominous foreboding, mainly caused by the fact that, while the Boers have changed their tactics and assumed the offensive, Gen. Buller is apparently unable to move to assist Gen. White in making a demonstration. As the heliograph ceased working yesterday (Sunday) it is presumed that Gen. White's last message was sent by a pigeon or runner.

Garrison Can Hold Out.
The Times publishes a despatch from Ladysmith, dated Jan. 1, recording two night movements on the part of the Boers to assault the town. These had to be abandoned when the British defenses were reached, but the correspondent says it was apparent that the great attack would not be delayed. "Loyally supported by the civilians, the garrison can hold out for a considerable period. We are not yet reduced to half rations. The greatest difficulty is proper accommodation for the wounded and sick."

Seizure Thought He Was Safe.
Little doubt remains as to the meaning of the Boer attack. A despatch from the War Office, dated Thursday last, and sent by way of Lorenzo Marques, mentions that a thunderstorm had turned the dry ravine into a river, and that Gen. Buller's division had been taken from the river to the south. They will be replaced by the 2nd Division.

IS LADYSMITH IN DISTRESS?

Gen. White Heliographed on Saturday—Attack Renewed, Very Hard Pressed.
London, Jan. 7.—Gen. Buller has wired the War Office the following, dated Jan. 6, from Frere Camp:
"The following message received from Gen. White at Ladysmith at 1 p.m. today: 'Up to 11 a.m. Attack continued, and enemy has been repulsed from the south.'"
"The following was received at 4 this afternoon from Gen. White:
"Gen. Buller sends the following from Frere Camp, dated today: 'This from White, dated Saturday, 5.15 p.m.: Attack renewed. Very hard pressed.'"
"I have absolutely no more news, and there is no sun. There is a camp rumor that White defeated the enemy at 5 this morning, and took 400 prisoners."
"The sun has failed, and I cannot get further information from Ladysmith until tomorrow."

White Hard Pressed.
Gen. Buller sends the following from Frere Camp, dated today: "This from White, dated Saturday, 5.15 p.m.: Attack renewed. Very hard pressed." "I have absolutely no more news, and there is no sun. There is a camp rumor that White defeated the enemy at 5 this morning, and took 400 prisoners."

Colenso Trenches Full of Boers.
"I sent all available troops yesterday to make a demonstration at Colenso. The trenches there were all occupied by the enemy."

HEAVY FIGHTING AT LADYSMITH
Two Regiments Repulsed the Boers at the Point of the Bayonet.

London, Jan. 8.—A special despatch from Frere Camp, dated Saturday, Jan. 6, 7.30 p.m., says: "Gen. White heliographs that he defeated the Boers this morning. They fired up so close to the Ladysmith that the Gordon Highlanders and the Manchester actually repulsed them at the point of the bayonet."

The Heaviest Yet.
A despatch to the Daily Chronicle from Frere Camp says: "Saturday's bombardment of Ladysmith was the heaviest yet recorded. All the heavy guns were working, and the Boers seemed to be pouring in shell from every available lighter gun."

Probably a Sortie.
The Daily Telegraph has the following from Frere Camp, dated Saturday, Jan. 6, 10.30 a.m.: "A very heavy bombardment went on at Ladysmith from daybreak until this morning. The Boers seemed to be pouring in shell from every available lighter gun."

Buller Moves Forward.
"Our big naval gun at Chieveley Camp, which has been firing at the enemy since we were leaving their Colenso lines. Gen. Buller has ridden on to Chieveley with his staff."

BRITISH ATTACKING COLENSO.
The Boer Position Shelled and the Forts of the Enemy Made No Reply.

London, Jan. 8.—A special despatch from Frere Camp, dated Saturday, Jan. 6, 7 p.m., says: "At 12 o'clock this morning the whole of Gen. Buller's division marched out of camp to attack Colenso. Gen. Buller's brigade was on the left and Gen. Buller's division on the right. The attack was repulsed, and the Boers seemed to be pouring in shell from every available lighter gun."

Advanced Near Colenso.
At 5.30 our troops were still advancing and reached the point very near Colenso. The Boers were repulsed, and the Boers seemed to be pouring in shell from every available lighter gun."

Heavy Fighting at Close Range.
The Daily Mail has the following dated Jan. 6, at noon from Frere Camp: "At 3 o'clock this morning very heavy fighting began at Ladysmith. It lasted fully four hours and must have meant either a sortie by the British or a determined attack on the garrison by the Boers. Our shells could be seen falling on the Tugela Hill, and the enemy were repulsed."

SEVENTY WERE CAPTURED.
General French Reports "A Serious Incident" to the First Suffolk.

London, Jan. 7.—The War Office publishes the following despatch from General Forster-Walker, commanding at Cape Town: "General French reports, under date of Jan. 6, that the Boers have changed their tactics and assumed the offensive. A serious incident has happened to the First Suffolk Regiment. Four companies of the regiment were sent to attack a Boer position near Colenso. Gen. French says that the Boers were repulsed, and a Boer position was captured. Three-quarters of the four companies reached their camp, but 70 others, including seven officers, were overpowered by the enemy and captured."

BOERS CAPTURE KURUMAN

After a Fight of Six Hours on January 2nd and 120 Prisoners Were Captured.
Pretoria, Thursday, Jan. 4.—(Via Lorenzo Marques.)—Field Cornet Visser, under date of Tuesday, Jan. 2, reports as follows from Kuruman, British Bechnanstad:
"I commenced a bombardment of Kuruman yesterday (Monday) morning, aiming at the police barracks. The fight lasted until 6 o'clock, when the Boers, seeing our garrison surrounded, surrendered, handing over 120 prisoners, including Capt. Bates and Capt. Denison, Mr. Hilliard, the magistrate, and eight other officers. We also captured 20 natives, together with a number of rifles and revolvers and a quantity of ammunition."

LADYGREY DESERTED.

Boers Are Constructing Entrenchments Between Ladysmith and Barkley West.
Cape Town, Jan. 6.—A despatch from Herchel, Cape Colony, reports that Ladygrey has been deserted by the Boers, whose families will go to the Orange Free State. The Boers, according to this despatch, are constructing entrenchments between Ladygrey and Barkley West.

TO ASSASSINATE ROBERTS.

A Man on Board the Dundee Castle With a Revolver Put Out at Gibraltar.
London, Jan. 6.—Letters just received say that there was no doubt that a Boer sympathizer aboard the Dundee Castle, on which Gen. Lord Roberts sailed, was ready to attempt to assassinate the commander-in-chief. The man was placed in irons, after a revolver had been taken from him, and was turned over to the authorities at Gibraltar.

Fifteen British Wounded.
"Fifteen British were wounded. They are being treated by the Boers. The Boers, on the other hand, have been repulsed, and the Boers seemed to be pouring in shell from every available lighter gun."

Gilmore's Deliverance.
Lieut. J. C. Gilmore of the United States Gunboat Yorktown, who was captured by the insurgents last April, near Baler, on the east coast of Luzon, and remained a few days ago by Col. Luther R. Hare of the 32nd Volunteer Infantry, sat today in the apartments of his father, Mrs. M. J. P. Gilmore, at the Hotel Orient, in Manila, and told a remarkable story of his eight months' captivity, ending with his dramatic deliverance from a death that seemed inevitable.

DIED AFTER CHURCH.
Charles Green Suddenly Passed Away From Heart Failure Last Night.

Mr. Charles Green attended the service last night in Broadway-avenue Congregational Church. Two hours after he returned to his residence at 3 Paul-street, he was a corpse. Mr. Green had always enjoyed the best of health. Last night he was cheerful and as bright as ever. After his return home he chatted for a while with some friends. About 11 o'clock he started to walk to his room. He had just had good night to his housekeeper, when he suddenly reeled and fell to the floor. Dr. J. B. Fraser of East Queen-street was called, but on his arrival Mr. Green was dead. Death was due to heart failure.

Spaniards Brutally Treated.
The Filipino treatment of the Spaniards, said Lieut. Gilmore, "was brutal in the extreme. The insurgents had on grudge to wipe out against them. Many talk about the reconquerors in Cuba, but I have seen Spaniards dying at the rate of two or three per day of starvation in the hospitals at Manila. I have seen Tagalog officers strike Spaniards in the face with whips and revolvers."

Sick Man Was Bayoneted.
Charles Baker of the 3rd Artillery was formerly one of the prisoners, but he became too weak to travel, and the Filipino guards bayoneted him during the last night through the mountains.

PREMIER GREENWAY GIVES UP THE KEYS.

Resignation of Himself and Colleagues Handed to Lieut.-Gov. Saturday.

HON. HUGH JOHN MACDONALD

Was Immediately Charged With the Responsibility of Forming a New Ministry.

HIS CABINET NOT YET SELECTED

But It is Considered Certain That Mr. J. A. Davidson and Dr. McEwen Will Be In.

Winnipeg, Jan. 7.—(Special.)—Premier Greenway tendered the resignation of himself and his colleagues to Lieut.-Governor Patterson yesterday afternoon. He recommended that Hon. Hugh John Macdonald be sent for to form a Government. Hugh John was called on shortly afterwards and, while he now holds the keys of the Provincial Government offices, he has not yet selected his ministers, except that J. A. Davidson of Neepawa will certainly be one of them, and probably Dr. McEwen as well. Hugh John will call a party caucus immediately after he completes his Ministry, and, if he should find two or three hankly fellows in his following, he may make an appeal to the country. He seems determined to steer clear of corporate influence, which may cause railway promoters to give him trouble, as their influence is powerful among individual ministers.

Greenway Recommended Hugh John
Winnipeg, Jan. 7.—(C.P.R. report.)—The resignation of Premier Greenway and colleagues were handed to Governor Patterson last night. It is stated that Messrs. Roblin, Campbell, Davidson and Johnson are to be asked to join Mr. Macdonald's Cabinet. Mr. McEwen, member for Emerson, will probably be the speaker of the House. Sir Charles Tupper has been asked to join the Government.

JULIA MARLOWE GETS DIVORCE

And Alimony of \$3000 From Her Husband, Robert E. Taber.

Hyde Park, Jan. 6.—Mrs. Julia Marlowe Taber, better known as Julia Marlowe, the actress, was granted a divorce, with alimony, from her husband, Robert E. Taber, the actor, before Judge Taft in the Lamont County Court today. The petitioner had three charges upon which she based her request for legal separation, but the court threw out the allegations of desertion and refusal to support, and considered and approved of that alleging cruel and intolerable severity. The court said that the petitioner had failed to make a case on the two charges which were ignored, and granted Mrs. Taber's request for alimony, fixing the sum at \$3000.

The decision came after a month's deliberation, which followed a hearing conducted very quietly. The case originally was not included in the printed court docket, as it was the desire of all the parties interested to keep the proceedings from becoming public.

Mrs. Taber is about playing an engagement in New York City, and Mr. Taber is in London. Mr. Taber's mother has a residence at Stowe, at which place Mr. and Mrs. Taber for a time lived. From this petition for separation was made.

SHOT AND KILLED HIS WIFE.

Philip W. Rose Also Shot at His Wife's Father—Then Shot Himself—Was Crazy.

New York, Jan. 6.—Philip W. Rose, a young man, who two years ago spent some time in an insane asylum at Jacksonville, Ill., today shot and killed his wife at her father's home in this city, tried to shoot her father and shot himself, inflicting what are believed to be mortal wounds. Rose and his wife were married in 1897, and were married six years ago, when Rose was prosperous. Some two years ago Rose came to New York, and was confined to an asylum in Jacksonville, Fla. On his release he found difficulty in getting employment, and his wife came to this city to live with her father. Her husband came here a few days ago, but the two did not live together. It is said she refused to live with him, though he often urged her to do so. Today he called on her and his father-in-law permitted him to see his wife. He put three bullets into her head. He attempted to shoot his wife's father, but the police arrived before he could do so. When the police arrived they found Rose lying in a pool of blood, having shot himself through the head. He was taken to a hospital, where, it is said, he will die.

SUDDEN BUT PAINLESS

Was the Death of Mrs. Higgins of 130 Victor-avenue.

There passed away on Saturday evening, very suddenly, an old resident of Toronto, and one who was highly respected, namely, Mrs. William Higgins of Lurgan, County Armagh, Ireland. Mrs. Higgins came to Toronto with her family in 1850, and had been a resident of the city ever since. Her son, Samuel R., is salesman for the Victoria Harbor Light Company, whose elder brother is of the firm of Higgins & Saunders, Bay-street. Mrs. Higgins, who is also left to mourn, Mrs. Higgins was in her usual health at 45 Saturday evening, and had for some time been unusually well. After taking a bath the old lady went to her bedroom, and lay on the side of the bed, and expired in her daughter's arms without a struggle. A remarkable thing is that deceased leaves four sisters, one of whom is 97, another 84, one 70 (a twin sister deceased a year or two ago). Mrs. Higgins was a member of Gerrard-street Methodist Church, and Rev. Dr. Chambers will conduct the funeral services.

A Victory for the People.

Montreal Witness: This victory of the people's candidate for mayor is a significant and will impress statesmen with the fact that there is a force ready to rise up against company rule (that has now to be reckoned with politically). There is certainly something more in this Macdonald movement than an expression of the discontent of the workers at what seems to them the undue prosperity of capital. It is a protest against the undue political control of capital, and against its hindering propensities. All the corporations are beset by plunderers largely in the shape of other corporations, and are more or less contaminated by treason, which sells the public interests for private considerations. Mr. Macdonald cannot fail to have abundant opportunity to prove or disprove his honesty and capacity as a champion of the people. He must remember that it is not Mr. Macdonald, but the principle of popular rule as opposed to company rule, which has won the victory.

WITNESS ROASTS PATRIE

Minister Tarte's Paper's Attempt to Mislead French Canada About the War.

FAKE HEADINGS IN BIG TYPE

Paris Rumors Given to the Public as News as if It Was From Official Sources.

Montreal, Jan. 6.—(Special.)—This is the way The Witness (Liberal) refers to Hon. Mr. Tarte's paper, "Victory of the Boers."—Buller Reported to Have Met With a New Defeat—Colonel Picher Evacuates Duggass and Returns to Belmont—The Boers keep the English in Check at Colenso—The Embarrassment of England—Buller Again Beaten—A Rumor on the Paris Bourse—At Colenso—The English kept at a distance, and so forth. Such are the headlines upon a scrap of La Patrie, Mr. Tarte's subsidized paper. We had proposed to photograph it with its letters, varying from an inch and a half long, but concluded that such a vivid presentation would do harm. Those who have read the despatches carefully will realize that they would need to read The Patrie in order to learn the truth. Minutes ago, whose capture the printer glories in such noisy letters, is an outpost railway station held by a body of the Cape Mounted Police. A despatch said it was feared that it had been captured, the Boers having hidden past it as far as Cape Town. A matter of fact, it was not captured at all, and the raiders were immediately driven back by Gen. Gatacre. The true account, which was yesterday's Patrie, after some search, carefully obscured in a three-line paragraph, under the heading, "Bouloche, France." The words are: "Molteni is to-day attacked. The account is accurate, as accounts, is repeated." The account, so long as it could be imagined to be a Boer victory, was of trumpet-tongued importance. Having turned out to have been a British against odds, it becomes utterly insignificant. The retelling from Duggass with Quebec City, 60 miles from the base, and as far off the line of operations, and, as a matter of ordinary common sense, would be known as the Boers, all the local inhabitants carrying the babies and singing to them when they were "Maple Leaf Forever." Buller's second defeat was a pure invention of the Paris stock jobbing. This sensational journalism is interspersed with sympathetic descriptions of the African life of the Boers by French writers.

SIR WILFRID IS THE BOSS.

He Changes the Time-Table of the Intercolonial to Suit His Own Constituents.

Montreal, Jan. 6.—(Special.)—To suit the convenience of his own constituents, and the other residents of Quebec, Sir Wilfrid Laurier has arranged that the Intercolonial train, now leaving Montreal at 7 o'clock in the evening, shall leave about noon. Mr. Ernest Parent received the following telegram yesterday afternoon: "Ottawa, Jan. 6.—Ernest Parent, Le Soleil.—After careful examination of the services of the I.C.R. in connection with Quebec City and Montreal, it is recommended that the train should be best served by cancelling the night service and giving a day service. Accordingly, from Monday next the night train which reaches Levis at 1 p.m. will be discontinued, and the train which leaves Montreal at 7 o'clock will be replaced by a train which leaves Montreal shortly before noon, and will reach Levis at 5 p.m. The exact hour will be published in the morning." (Signed, Wilfrid Laurier.)

John Cardie Under Arrest Charged With Attempting to Get Money By Fraud.

John Cardie, who gives his address as 124 York-street, was placed under arrest on Saturday afternoon on a charge of attempting to obtain money by fraud from the Ocean Accident and Guarantee Company. Cardie, up to a few weeks ago, was employed as a bartender in the G. T. R. Restaurant at Niagara. He came to Toronto on Saturday and made an application for \$25 at the company's office, which was in the People Building, stating that he had been laid up at his home for over nine weeks from injuries received by him while opening a bottle. He backed up his application by producing a letter from a physician, which, the police say, was forged by himself. The company's officials suspected something was wrong when Cardie claimed only \$25, while, under the policy, he would be entitled to nearly \$50. They notified the authorities to make an investigation, with the result that Cardie was locked up by Detectives Black and Cuddy.

WHAT THE GERMAN GAME IS

London Spectator Says That South America is the Objective Point of William

BUT THE MONROE DOCTRINE BARS.

The United States Must Keep Up a Bigger Army and Navy Than Germany.

London, Jan. 6.—The Spectator publishes to-day an article entitled, "Germany and the Monroe Doctrine," in which it says: "America and not England is the rival in German opinion. It is with America and not England that Germany realizes she must struggle for supremacy. We do not say for a moment that Germany regards America as an enemy, but Germany realizes it is America that at the moment lies across Germany's path, and that unless she is able to reckon with America on equal terms she will not become the world power of the future that she desires to be."

The Monroe Doctrine a Bar.

The Spectator goes on to declare that Germany's objective is South America, but that the Monroe doctrine bars her way. How to get around this is puzzling, but Emperor William counts upon the German vote in the United States to help him when his new navy is ready to carry out his plan of South American expansion, especially in Brazil.

It Means Money.

The Spectator says the United States that "if it intends to uphold the Monroe doctrine in the future it must not go to sleep over it now, but prepare to support a navy and an army equal to the strain of maintaining a policy so tremendous. It is not, she is certain to suffer great humiliation at the hands of the patient, efficient and persistent Germany, adding: 'When the hour comes Germany will be bluffed into respect of Monroism. She will call the American fleet, and if the fleet is no higher than hers, Germany will act.'"

ING E-SAM NOT CONCERNED.

French Government Not Likely to be Interfered With in Dealing With Santo Domingo.

Washington, Jan. 6.—At the present time the United States Government has no concern in the attempt of the French Government to settle a long-standing claim against the government of Santo Domingo by a naval demonstration. What the future action of the United States may be will depend entirely upon the developments, it may be stated that there is a growing disposition here to shelter Governments from the consequences of their disregard of the rule of law and international obligation. There is a possibility that the United States may ultimately become involved through what is known as the Dominican Syndicate, controlled by New York capitalists, which in return for defraying interest on the public debt and otherwise assisting the Government financially, is entitled to collect all the customs revenues of the island.

From the time the bequest was made to Cornelius Vanderbilt has received almost all of the \$80,000,000 which Alfred agreed to bequeath to the family. The result, Cornelius received part of this sum in cash and part in marketable securities. One of the executors also said that the original estimate of the Vanderbilt estate's value, made by J. D. Deane, and announced on Oct. 27 last as being about \$100,000,000, has been practically verified. The estate will probably not exceed \$75,000,000."
