BANQUET FOR MR. BORDEN
NOTABLE OTTAWA SUCCESS

Great Gathering of Conservative Members and Senators in His Honor.

Ottawa, Oct. 8.—(Special)—A splendid success was the banquet given this evening by the Conservative Senators and members of the opposition in the Commons to the party leader, R. L. Borden. So important an event appeared even to their opponents in parliament, and with his accustomed courtesy, Sir Wilfrid consented to an early adjournment of the House in order that the honorable gentlemen opposed might be free to honor their guest.

The banquet took place in the pretty dining-room of the Grand Union Hotel.

Sir Mackenzie Presided.
The dining-room scheme was a flower-laden center with three variegated tables on each side of the main table, and a cross table at either end of the room. At the first of these, the table d'honneur, sat Sir Mackenzie Bowell, ex-Premier of Canada, and Conservative leader in the Senate, the chairman, having at his right the guest of honor, R. L. Borden, and on his left, F. L. Monk, his lieutenant from Quebec. The vice chairs were occupied by the other conservative co-leads of the Commons, A. L. LeFevre and Prince Edward Island, and G. E. Leonard of Nova Scotia.

The decorations were quite in keeping with the occasion. Around the walls were festoons of flags, with appropriate mottoes on shields intervening. Chief of these was the coat of arms of the Capital, with its proud legend, "Ardens et auro." and a motto scroll regarding the word "Palace." A wealth of cut flowers and palms graced the tables. The menu card was most appropriate and numbers were at a premium as souvenirs before the dinner.

DR. GILMOUR ELECTED.
President of Warden's Association of National Prison Congress.
Louisville, Oct. 8.—At the National Prison Congress to-day, Dr. J. T. Gilmour of Toronto was elected a vice-president of the congress; Dr. J. T. Gilmour of Toronto was elected a vice-president of the warden's associations.

REASONS FOR APPEAL.
Globe's Ottawa Correspondent on Possibility of an Election.
The Globe's Ottawa correspondent last night sent the following dispatch: The impression is gaining ground that there will be another session before an election. It will be a very brief one, and only legislation of the most urgent character will be passed. Then the government will dissolve parliament and go to the country. It is understood that the majority of Ministers members, certainly those from Quebec, favor another session rather than an immediate appeal to the electorate. At the same time, if the government choose to have the elections this winter, they have good reasons for doing so, the resignation of constituencies and the Grand Trunk Pacific.

FRANCE AND BRITAIN
Agree on Terms of a Treaty of Arbitration.
Paris, Oct. 8.—It was learned in authoritative quarters this evening that the terms of the general treaty of arbitration between France and Great Britain have been concluded. The treaty recognizes the theory of arbitration, and is significant in being the culmination of the rapprochement between France and Great Britain after the centuries of warfare, the maintenance of defensive armaments, and the recent animosity growing out of the Fashoda incident and the South African war.

NO HAND AT THROTTLE.
Wilkes-Barre, Pa., Oct. 8.—The fiber of the fast express train on the Central Railroad, passed Pembroke station, twenty-four miles east of this city, to-day, but failed to stop, as it is scheduled to do. The fireman leaped to the engine driver's side of the cab and found him missing. The fireman at once brought the train to a stop, and after running it back two miles, the engine driver, Robert Shirk, was found dead beside the track.

TO CHECK CHAMBERLAIN.

The New York Herald, in times past an anti-Canadian journal, says editorially: Joseph Chamberlain's speech at Glasgow should convince every intelligent American that the time has come to insist that the wicked tariff fences we have erected along the Canadian border should be taken down. Free interchange of commodities between this country and Canada is as natural and would be as beneficial as similar interchange between any two of our own states. The Canadian people desire this as readily as our own, and with the greatest of the colonies thus excluded from Mr. Chamberlain's proposal, it would be a great assistance to English makers, who are terribly hampered by foreign duties. He also says English wares are losing their popularity in west end hotels.

TO DELAY THE SALE.

More Sparring Going on re Consolidated Lake Superior.
Philadelphia, Oct. 8.—Directors of the subsidiary companies of the Consolidated Lake Superior Company met at the offices of the Consolidated Company here to-day to consider a new proposition looking toward saving the property for the stockholders. The proposition, it is said, involves the abandonment of the reorganization plan as already given to the stockholders, but embraces new conditions that have been imposed by Speyer & Co. If it shall be endorsed by the directors of the subsidiary companies it will be announced to the stockholders without loss of time. It is said that the payment of the \$2,500,000 for wages, on which the first extension of the Speyer loan was conditioned, is not to be exacted under the new arrangement, and that the proposition does not involve the immediate raising of funds, but, if accepted, the sale of the properties will be deferred long enough to give Mr. Chamberlain a year to reorganize the company.

CONTINENT IS AWAKENED TO GRAVITY OF MOVEMENT.

Warmth Aroused in England and Colonies Has Sent Shiver thru Protectionists.
(Canadian Cable.)
London, Oct. 8.—A leading London cheese exporter says the Canadian preference is a great assistance to English makers, who are terribly hampered by foreign duties. He also says English wares are losing their popularity in west end hotels.

ONE VIEW OF COLONIES.

The Chronicle says: "The colonies, for whose sake chiefly, according to Mr. Chamberlain, we are to plunge our fiscal system into chaos, are not unduly enthusiastic. The majority of protectionists are ready to welcome the great new tariff articles to be introduced by the Canadian Manufacturers' Association, which is a step in the direction that Canada would never consent to any further weakening of protection for Canadian industries. They are in fact from the true imperial viewpoint as ever."

SHATTER THE SHACKLES.

Sir Charles Tupper, presiding at a West Kingston Unions meeting, said the shackles of free trade were to be shattered and a mutually protective policy for the colonies and the mother country would make the empire greater than ever.

THE STANDARD REGARDS AS FANCYFUL.

Mr. Chamberlain's idea that the colonies will respond by reserving certain classes of manufactures as a preference for the mother country in return for open markets for colonial food products, Canadian writers are not accepting this enthusiastically.

MR. BORDEN'S IDEA.

The London press says in regard to Mr. Borden's idea: "We believe in the development of legitimate Canadian industries, and think that Canadian industries are worth as much to the empire as British ones. While we protect Canadian industries we believe in the free trade of goods and services, as against their foreign competitors."

CEMENT OVERPRODUCTION
THE PART IT MAY PLAY

Article, if Cheapened, Will Prove Great Factor in Building Operations Thruout Country.

The World yesterday received a little pamphlet with its title page reading "The Portland Cement Industry, Its Position, Prospects and Promotion. Compiled from recent and reliable publications. Price 5 cents. Printed and for sale at Richardson's Book and Job Printing Office, Owen Sound, Ont. The writer's name is not given, but the contents of the twenty small pages are mainly a reproduction of two articles that appeared in The Owen Sound Sun of Aug. 11 and 25. The sum and substance of the two articles and the comments based upon them by the compiler of the pamphlet raises the question of the overproduction of cement in Canada, and also attracts attention to the flotation of some cement companies by offering common stock for nothing along with preferred shares at par, a principle which he thinks is wrong.

Here is the substance of the first article published in The Sun of Aug. 11: That statistics secured from Germany on the Portland cement industry of that country show that during 1901 there was consumed there 14,000,000 barrels, whereas the collective capacity of the factories was 20,000,000 barrels. The excess in production brought on a crisis in Germany in 1901 from which the industry has never recovered. The export in 1902 was 612,320 metric tons. The oldest and largest factories there, enjoying every possible advantage, are not making any substantial profit; newer and smaller ones are running at a loss. The English outlook is very stimulating.

New Companies Enter Field.
In Canada to 1900 there were only four cement companies. The companies in operation in 1902 for the whole or part of that year with their product were as follows: The Canadian Portland Cement Co. (comprising Rathbun Co.'s interest and the Beaver Portland Cement Co.) 280,000 The Owen Sound 110,000 The Lakeland 65,000 The Imperial 50,000 The Hanover 30,000 The Grey and Bruce (3 mos.) 20,000 The Crescent 15,000 The Sun (3 mos.) 15,000 Total output of Canadian works, 620,000 imports for 1902 were 400,000

Making total consumption in Canada for 1902 1,020,000. Each was projected with the prospect of increased market and provision made for enlargement of plants, and many did so, and the Canadian capacity for production last year is estimated at 1,500,000.

MINERS FOR FREE TRADE.

Federation of Great Britain Objects to Mr. Chamberlain's Policy.
London, Oct. 8.—The miners' federation of Great Britain, representing, it is said, 847,000 workmen at a meeting in Glasgow to-day, after a heated discussion, passed a resolution "that in regard to the views of the Premier and Mr. Chamberlain the federation believes that the policy they forecast in regard to protection will lead to the ruin of this country, and hereby resolves to protest against any alteration of the free trade policy, which has existed for the past sixty years."

RAPID TRANSIT COMING.

An electric car on a German experimental railway has reached a speed of 125 miles an hour. This remarkable record was accomplished without impairing the machinery or roadbed, and efforts are now being made on the same railway to attain a speed of 140 miles an hour.

The German experiments show that the 125 miles an hour car is no longer a dream. It is coming rapidly into the realm of the practical and the people of this country cannot begin too soon to study the situation from a practical standpoint.

CHAMBERLAIN AT GREENOCK. With the laurels won at Glasgow green upon his brow, Mr. Chamberlain followed the example of the other leaders of that busy city and went "down the water."

The dock receipts dwindled, the revenue became insufficient to meet the interest on the harbor loans, and the town passed thru a sharp and anxious time, from which it is only now recuperating.

It is not surprising, therefore, that Mr. Chamberlain found a receptive and sympathetic audience in the town hall of Greenock. His policy of retaliation and reciprocity, which is also the Premier's, appealed with special force to townsmen who had suffered so much from the lack of both.

That flood of petitions against the Grand Trunk Pacific Railway deal is to be referred to a special committee when everyone supposed that it would be referred to the Marine and Fisheries Department.

R. R. Gamble spoke to the electors of Bertham, Grey County, in the Agricultural Hall, on the 7th night. A large crowd turned out to hear the "man from Manitowish," and he received a cordial welcome.

The Laurier Liberal Club resumed for the winter season last night in Broadway Hall, F. S. Meares presiding. The program for the evening, which was crowded to the limit, and the following are therefore installed: Honorary president, Sir Wilfrid Laurier; honorary vice-president, Hon. G. W. Ross; president, W. J. Sykes; vice-presidents, George Ritchie, H. B. Shaver, E. C. Hill, G. W. Clarke; secretary, James S. Dewar; treasurer, M. Moyer; executive, J. J. O'Hara, H. H. Morye, J. B. Sutherland, D. S. Mill, William Martin, John Sinclair, George H. Maxton, A. Fairgrieve, George Anderson, John Medland, J. D. Allen.

The campaign in Muskoka will open on Monday next, when R. E. Carter, M.L.A. for Muskoka, will address a meeting at Gravenhurst.

There appears to be no mad scramble for front seats in the hall that shelters the "Tarte Libérale" meeting. The organization of the meeting, which is in view of the fall filling up of the membership rolls of the numerous political clubs.

It has taken many years to bring around a change in the municipal polling day. There has always been a popular feeling in favor of the present day, the 1st of April. Mr. Ward's by-law, passed at the last meeting of Council, marked the final step, and the electors will at last have the pleasure of voting on the 1st of April.

The sub-committee on the Public Library Site decided to commit the city to the purchase of the corner of College-street at the Park. There is a disposition now to run away from the largest number of members of the sub-committee declare they are in favor of the purchase of the site, at which the site and the price were mentioned yesterday afternoon.

The Board of Control maintains a central place in the speculative interest growing around the municipal elections on the 1st of next January.

POLITICAL NOTES.

The sanity of the man who tried to kill President Roosevelt was suspected the moment he showed that his business with the President was not to ask for a government job.

It is understood that the result of the Alaskan Boundary arbitration will be a compromise. Canada will get the Knik-Admiralty and the United States will get all the territory.

Williams, in the State of New York, one of the United States of America, now of the said State of Illinois, on the ground of adultery and desertion.

SIR WILFRID'S POSITION Views of Government on Chamberlain's Policy in Blue Book. Ottawa, Oct. 8.—To-day, before the orders of the day were called, Mr. Monk read an extract from Mr. Chamberlain's Glasgow speech, in which he had believed the colonies were prepared to meet them in return for a very moderate preference and arrange their tariff so as not to start industries in competition with those already in existence in the Mother Country.

Dynamite for Woman. Newmarket, Pa., Oct. 8.—With a report heard through the city, five sticks of dynamite were exploded today at the house of Mrs. Mary Pella. The two-story frame dwelling was shattered and much damage done in the neighborhood. Frank Scungio was arrested on complaint of Mrs. Pella. Mrs. Pella began divorce proceedings several months ago, and Scungio was named as co-respondent. Mrs. Pella denied the charges, but said that Scungio constantly persecuted her with unbecoming attentions. She ordered him not to speak to her again. And according to her sworn complaint, Scungio threatened to kill her with dynamite. Six persons in the wrecked dwelling had narrow escapes. Mrs. Pella's husband was also arrested, but released.

WE make Semi-Ready to the trying-on stage only.

The cloths are cut into different size suits—then each suit is built up separately by different parts experts.

An expert collar maker—a tailor who does nothing else—works on the collar. An expert on sleeves makes the sleeves, and so on. The shape is needle-moulded, and stayed with hair-cloth and shrunken canvas until it is absolutely permanent.

Then the whole is assembled and hastened together, it is at the Semi-Ready stage—ready to try on—90% complete.

When you try it on, the size and shape that best fits and suits your physique is offered you—the size that requires least alteration.

You do away with the trouble and delay of measuring and of the several "trying-on" appointments which are necessary with custom-made clothes, and you see how the suit fits your appearance before you buy.

As to Lytletton.
London, Oct. 8.—(C.A.P.)—Australian opinion on the appointment of Alfred Lytletton as Colonial Secretary is indicated by the following quotations: Adelaide Advertiser: Lytletton contrasts oddly with Chamberlain. Register: Lytletton after Chamberlain is almost ludicrous. Lytletton's appointment is perhaps a concession to Australia's sporting proclivities; otherwise it is unexplainable. Wellington Evening Post: Lytletton is a poor substitute for Chamberlain.

Canada Would Benefit.
London, Oct. 8.—(C.A.P.)—One of the largest meat importers says his company is free to buy where it likes, and if it became unprofitable to buy United States meat, and more profitable to use colonial, it would give orders accordingly. Other companies, however, were not in the same position, and would not only have to pay the duty, but would be giving a distinct advantage to Canada and New Zealand.

Ready for War.
Paris, Oct. 8.—Paris to-day in a special despatch from Darmstadt, gives an interview with Alexander Savinsky, the secretary of Foreign Minister Lamerdorf. Mr. Savinsky is quoted as saying: "Our agents at Tokio have informed us that Japan desires war and is preparing for it. We have enough troops in Siberia to resist all the Japanese forces."

Mrs. Stierman Accused.
Buffalo, N.Y., Oct. 8.—Mrs. Olive A. Stierman's suit against the Metropolitan Insurance Company to recover \$1000 on a policy on the life of her late husband, George N. Stierman, on trial in the Supreme Court here. The company refused to pay on the policy, alleging Mrs. Stierman poisoned her husband.

Accused of "Grafting."
Cincinnati, O., Oct. 8.—Daniel V. Miller, former assistant Attorney General for the Postoffice Department, and Attorney Joseph Johns, were indicted to-day, charged with conspiracy to commit an offence against the United States.

Claim for \$215,000.
Santo Domingo, Oct. 8.—The Dominican government appointed Mario Caballes arbitrator in the case of the Sala claim, which is that of a Frenchman who lent money and supplied munitions of war, aggregating about \$215,000, to President Heureaux of Santo Domingo.

Robbers and Pirates.
Manila, Oct. 8.—George Herman and C. J. Johnson, the constabulary officers, stationed at Misamis, Mindanao, now fugitives from justice, took \$8000 in cash from the safe, and turned most of the supplies into cash before their dramatic exit on the vessel they appropriated.

Will Cut Passenger Rates.
New York, Oct. 8.—The Tribune says it is predicted by the agents of the steamship lines that have withdrawn from the Atlantic conference that there is likely to be general cutting of passenger rates.

How to Smuggle Chinese.
Manila, Oct. 8.—As the result of the unscrupling by Collector of Customs Shuster of a scheme to bring in Chinese coolies under the guise of merchants, John T. Miller, former Inspector of Immigration, is under arrest.

Did Not Report for Service.
Berlin, Oct. 8.—A military journal says that 10,000 young men, eligible for military service, who have not reported for enlistment this year, have been sentenced to contumacy. The number is more than twice as many as usual.

Negro Kills White.
Henderson, Tex., Oct. 8.—A party of young white men recently went to the home of Bob Williams, a negro, for the purpose of fogging him for some offence. He shot and killed Charles Brown.

TOOTH POWDER

"The Only Dentifrice of International Reputation."—SARA BERNHART Standard 52 Years

SOZONOL

OBSTINACY OF A WOMAN AT THE GENERAL SESSIONS

Declines to Tell the Truth, The She Takes the Necessary Oath.

Refusing to tell the truth, or in any way incriminate Cornelius Herschom, a man who had been charged with a recent assault upon her, Mrs. Maria Nichols, caretaker of the premises, stood in the witness box of the General Sessions yesterday morning, sobbing convulsively.

"Now, witness, tell the truth," said Mr. Dewart, crown attorney.

"Well I won't," answered the girl.

"Don't refuse?"

"No, Your Honor, I ask that she be committed for contempt, and if she is disposed to tell the truth."

The judge then dismissed the girl, and she returned to her home. The jury returned at 1.30, but the girl was still obstinate. She had made a statement to Mr. Dewart some months ago before the witness stand, in which she stated that the man was innocent of the charge, and that she would not testify against him. The jury were again summoned, and the girl ordered into custody until she tells the truth.

In her statement to Crown Attorney Dewart she charged that Herschom had indecently assaulted her four days previously. Later she visited Mr. Dewart and told him she did not intend to testify against Herschom as he had promised to marry her. The case was adjourned for a week, but occurred in the vicinity of Kew Beach last June.

As she was being taken from the court room last night by a constable she broke down completely. She professed her willingness to go into the box and tell the truth, but she was told by the judge that she was not to be allowed to leave the box until she tells the truth.

Another indecent assault case was up, Anora Ross, a Syrian pedlar, charged with the assault on a woman, who was employed as a teacher by the Dominion Transport Company, of having, nearly a year ago, committed the offence. She says she was struck on the head and the hair of her head pulled out. The jury brought in a verdict of not guilty.

WANTS PREFERENCE FOR BACON.

London Packer Thinks Chamberlain's Proposal Unjust.

London, Oct. 8.—H. J. Ginge of the Canadian Packing Company, was asked by the Ontario packers for his opinion as to Mr. Chamberlain's proposals as far as bacon, which he would allow in free, from all sources, was concerned. He pointed out where he thinks Mr. Chamberlain is wrong and unjust. Mr. Chamberlain, as will be seen by his speech last night, proposed in his preference advocacy a small tax, about 5 per cent, on foreign meat and fat, including Canadian. He proposed that the duty on Canadian bacon should be reduced to 5 per cent, and that the duty on foreign bacon should be increased to 10 per cent. He said that the Canadian packers had no objection to the proposed reduction of the duty on Canadian bacon, but that they were unable to send nine-tenths of the bacon produced in Canada to the United Kingdom. He said that the Canadian packers had no objection to the proposed reduction of the duty on Canadian bacon, but that they were unable to send nine-tenths of the bacon produced in Canada to the United Kingdom.

FOUND ILLICIT STILL.

Montreal, Oct. 8.—An illicit still was seized in Quebec to-day. For six months it has been turning out forty gallons of whisky a day, which was sold by J. T. Thibaudaud at \$2.75 a gallon. On the premises were found four stills, 200 pounds worth, three barrels of whisky, four barrels wine, 2100 barrels sugar, 800 pounds raisins and currants.

FOR PROTECTION.

Calgary, Oct. 8.—Premier Haubalt last night declared strongly in favor of a protective tariff for the whole Dominion. The people of the West should be Canadian first, Westerners second, and economists third.

Solemn High Mass.

Collingwood, Oct. 8.—A solemn requiem high mass was celebrated at St. Mary's church for the repose of the late Rev. Father Klerman.

Revenue Coffer Arrives.

Ogdensburg, N.Y., Oct. 8.—The revenue cutter Dallas, recently reported lost while en route from New York to Ogdensburg, has arrived, after a very stormy passage.

OH, THE LOST TIME THEY HAD.

Tally-Ho Party Got Lost Endeavoring to Locate Markham's Show.

It was a merry party that left the Bay Tree Hotel in the tally-ho "Assort" for the Markham Fair yesterday morning. They all looked well, and they were looking forward with pleasure to their visit to the Big Fair. The driver's buttons and the buglers' horns glistered in the morning sunlight. The committee, consisting of Col. J. Johnston McCaffery, Col. Fred Strat, Col. Joseph Thompson and Col. W. E. Dalton Hassard, were very pleased with the arrangements. The four blundered steeds were prancing and making holes in the asphalt, and beginning the journey. They started. The bugler bugled all the way thru the city streets. Dinner had been ordered for 12 o'clock sharp, at Unionville. When that hour came the tourists had appetites that they would have sold for a million dollars. Their appetites were caused by the bracing air; nothing else. But where was Unionville? "We are very near there now," said the driver consolingly and confidentially. They drove a few miles farther, getting hungrier but not thirstier all the time.

North Toronto.

The growth of the municipal water works continues to be encouraging. During the present year, the water works have added to the roll, or nearly 20 per cent of the total list. The revenue from the water works is also increasing.

WHERE HONOR IS DUE.

Editor World: We all take The World, and I noticed that, in the account of Cookville Fair, there was one name, I think, misspelled, that was Mrs. G. Troner of Streetville. Mrs. Troner took four first prizes at Streetville and five first prizes at Cookville Fair for butter.

STUART'S DYSPEPSIA TABLETS.

Stuart's Dyspepsia Tablets are the most effective and most popular remedy ever offered to the sufferers from this terrible disease. The thousands of cures that have been brought about and the enormous increase of their sales fully attest the truth of this statement.

BAPTISTS' CONVENTION.

The annual convention of the Baptist churches of Ontario and Quebec will be held in the church in Queen's Hotel, commencing Monday, Oct. 15, and continuing until the following Friday. The president's address will be read by Rev. J. L. Gilmour of Montreal on Tuesday evening, and the report on foreign missions will be presented on Wednesday. On Thursday afternoon the home mission reports will be presented, and in the evening addresses on that subject will be delivered. A large gathering is expected and much importance is attached to it.

Royal Grenadiers Parade.

The Royal Grenadiers paraded at the Armouries last night. Lieut.-Col. Stimpson, in command. The regiment practiced the march past. The parade showed a turn-out of 48 of all ranks, including two squads of recruits, who are making excellent progress and will soon be ready to join their companies.

Found 200 Pounds of Amberg.

Jackonville, Pa., Oct. 8.—J. E. Floyd, an old resident of Pablo Beach, while riding on the beach there the other day found a piece of ambergris, weighing 200 pounds, that had been reported to be worth several thousand dollars.

Broke His Jaw.

Igersoll, Oct. 8.—Thomas Taylor, postmaster at Beachville, who has been in a serious condition as a result of a serious fracture of the jaw from the extraction of a tooth, is now somewhat easier and his friends are certain hopes for his recovery.

Football Victim Dies.

Chicago, Oct. 8.—Gustave Julius Decker, a sixteen-year-old boy who was injured Sept. 18, in football practice at Lake Forest Academy, died to-day. Decker's back was broken in a collision with another boy. The body will be taken to Belen, N.M., where his parents live.

Two Fish Broken.

Brighton, Oct. 8.—Farmer Hiram Howe was run over by his wagon to-day and had two fish broken.

YOU WILL BE ALL SMILES AGAIN.

Forget Your Stomach and You'll Have a Santa Claus Face.

HOW TO DO IT.

If there is one thing more than all others that will give a man a forthright and friendly appearance, and make him morose and irritable, it is indigestion. It makes one forget his friends and makes one morose and irritable. He never wraps up in his own misery and is inconsiderate of every one else. Relieved of this terrible and depressing ailment, he again becomes a good fellow and a man among men.

STOCK MARKETS ARE HEAVY

Disclosures in U.S. Shipbuilding Co. Cause Renewed Pressure on Wall St.

MORE LIQUIDATION IN CANADIANS

Specialty Prominent at Montreal—General Electric Lower Again—Quotations.

World Office, Thursday Evening, Oct. 8.

There was no improvement, however, in the pressure in today's London stock market, and at the close the feeling was more depressed than for some time. Liquidation prevailed in various channels to-day, and it was rumoured that for a limited period there were selling for more margins. The reason for the renewed outbreak of selling was the disclosure in the U.S. shipbuilding Co. that the company had sold 1,000,000 shares at a price of 1/2 cent below par. This was a heavy blow to the market, and it was expected that the price would be further reduced. The market was very unsettled, and it was expected that the price would be further reduced. The market was very unsettled, and it was expected that the price would be further reduced.

Liquidation was intense at Montreal to-day, almost all the securities exhibited heavy losses. Montreal Railway, which had advanced from 1 1/2 to 2 1/2 points, fell 1 1/2 points. General Electric made a low record at 143 on small margins. In the bank shares London showed signs of weakness, and dropped on successive days from 22 1/2 to 20.

At Boston to-day Dominion Coal closed 1 1/2 and Dominion Steel 1/2, asked 1/4. Thirty-seven news items for fourth week of September show average gross increase of 10.90 per cent.

Selling orders in United States Steel closed principally from Pittsburgh district.

Good demand for stocks in loan crowd, especially Pennsylvania.

Banned meeting of pass Amalgamated dividend absolutely untrue.

Outward movement of currency was expected to show large in bank statement.

Russia-Japanese situation not considered serious in London.

Wahwah surplus after dividend on debenture "A," \$196,150, equal to 7 per cent on debenture "B."

United States production of petroleum 45.4 per cent, and a surplus, exceeding Russia.

A director of Amalgamated Copper Company says the chances of an increase in dividend next year are much greater than those of a reduction.

Davenport, Ia., special meeting of stockholders of R.L. which was called to vote on a dividend of \$2.00 per share, adjourned till Jan. 7 without taking action.

Everybody is talking about the unenviable position of the U.S. Shipbuilding Co. in the testimony of Mr. D. W. Brewster, former president of the company, given yesterday. This and heavy liquidation in the market have caused a panic in London has been selling up all morning—McIntyre & Marshall.

Directors of American Tel. and Tel. Co. do not agree with the action of the board of Western Union, that the Western Union stockholders should be allowed to vote on a dividend of \$1.00 per share. This is not now in question to be taken up higher, but it is expected that the directors will come to get it before the Supreme Court. Telephone people that decision involves a matter of \$10,000,000.

J. L. Campbell & Co.'s London cable to-day quoted London shares at 204 1/4.

Since last Friday the New York banks had raised \$1,100,000,000 from the sub-treasury.

Foreign's London cable to-day quotes Grand Trunk shares at 10 1/2. First 1 1/2, second 1 1/2, third 1 1/2.

While there was a picking-up in the investment demand for bonds it is certainly not of sufficient proportions to count as a factor in relieving the many unenviable positions of the market. The market is still in a state of panic, and it is expected that the price will be further reduced.

Professionals are still bullish, and will continue to buy stocks. There is legitimate investment demand, and it is expected that the price will be further reduced.

The market is still in a state of panic, and it is expected that the price will be further reduced.

The reduction in the steel dividend has had its effect upon the stocks of the other steel and iron companies, and it is expected that the price will be further reduced.

The market is still in a state of panic, and it is expected that the price will be further reduced.

Seeking More Protection.

Word was received in Toronto yesterday afternoon that Senator Cox and Messrs. Rios and Forget were at Ottawa interviewing the government regarding the protection for Canadian steel under the tariff. It was stated that the protection for Canadian steel under the tariff is being sought by the Canadian steel industry. The industry is seeking more protection, and it is expected that the price will be further reduced.
