RUSSIANS CONTINUE SUCCESSSES ON RIGA FRONT

ALLIES IN RUMANIA WILL MAKE STAND ON PUTNA-SERETH LINES

British Carry Out Successful Trench Raid Opposite Hulluch

RUSSIANS TAKE STAND ON NEW RUMANIAN LINE
Fall Back to Positions Along Putna and Sereth Rivers.
ADVANCES BY YARDS
Foe Admits Tenacious Defence Offered by Allies to Attack.

R. C. HENDERS
President of the Manitoba Grain Growers Association, which meets in Brandon today.

GREECE CANNOT DELAY DECISION

Piraeus Despatch Gives Confirmation of Report of Ultimatum.
CURB UPON VENIZELOS?
Guarantee Against Extension of Revolution Given, Says Athens.

London, Jan. 9.—A new defensive line has been occupied by the Russian and Rumanian troops, who have fallen back without hindrance to fresh positions along the line of the Putna and Sereth Rivers in northwestern Rumania, according to the Petrograd official communication. The Russians also beat off the attacks of the foe on a sector south of the Otuz River in an engagement of considerable magnitude. The Rumanians under a heavy attack slightly yielded ground four miles west of Monastir-Kachinul, on the River Kusino, while they repulsed all the attacks of the Teutons in the Rekozra region on the River Sushitza. Thus the allies have held their ground in all but two sectors, in one of which they were slightly pressed back and in the other they fell back without molestation.

Their defensive has assumed a new aspect in that it is being feverishly maintained in the valleys of Moldavia. A tenacious defence of the valleys leading from the Bereck Mountains to the Moldavian plains is being offered by the Russians and Rumanians.

The fighting is in most places in the nature of a close struggle in which every foot of the way is being contested. This is admitted by the enemy, and he also speaks of the fighting as being conducted in unfavorable weather and on difficult ground.

The Germans claim that in the Carpathians they have captured strongly constructed positions on both sides of the Kaaino and Sushitza Valleys. These were protected by barbed-wire defences, and the fighting for their possession was hand-to-hand and desperate.

On the front of the army under Von Mackensen the Germans report that they have overcome Russian rear guards and have reached the line of the Putna River. In the advance the enemy took Galraeska in hand-to-hand fighting, and he maintained it against night attacks. It is claimed by the foe that the prisoners and booty taken by him yesterday have reached a total of 99 officers, 5,400 men, three cannon and ten machine-guns.

WEST DEMANDING BANKING REFORMS

Recent Ottawa Legislation Has Not Afforded Much Relief.

DELEGATES ARRIVING

Convention Likely to Declare in Favor of National Government.

By a Staff Reporter.
Brandon, Jan. 9.—Leading officials and prominent members of the Manitoba Grain Growers Association arrived from Winnipeg this afternoon, helping to make up the big advance guard already on hand for the provincial convention which opens tomorrow.

Together with the live stock men already in convention here, they were filled to overflowing the big new Canadian Northern Hotel, and the indications are for a big attendance. Already it is reported upon what seems to be good authority, that the convention will declare itself in favor of a national government for Canada.

Rev. Dr. Bland, the well-known pioneer missionary and silver-tongued orator of the west, may move the resolution, and there is little likelihood of its meeting with any opposition or dissent.

DR. JAMES COTTON

Well-known Toronto surgeon, who died at his home, 703 Spadina avenue, yesterday afternoon.

DEFENDS DELIVERY OF U. S. MUNITIONS

Berlin Lokal Anzeiger Approves Utterances of Ambassador Gerard.
CONCILIATE AMERICA

CHANCELLOR'S SPEECH AWAITED IN GERMANY

Important Declaration is Expected About Middle of Present Month.
Amsterdam, via London, Jan. 9.—German Imperial Chancellor von Bethmann-Hollweg may be expected to make an important declaration about the middle of the present month, according to a despatch to The Tijd from Berlin.

The reply of the entente to President Wilson is being awaited, says the despatch, and the chancellor, after its contents are known, will further define in the reichstag the position of Germany. Germany, it is declared, will simultaneously address representations to the neutrals which supported President Wilson's proposals.

British Steamer Nestorian is Apparently Total Loss
London, Jan. 9.—The British steamer Nestorian, from Galveston, Dec. 15, for Liverpool, before reported ashore position not given, has parted amidships. The fore end of the vessel is submerged.

RUSSIAN PREMIER ABANDONS OFFICE

Prince Goltzine Replaces Alexander Trepoff at Head of Affairs.

DISSENSION IN DUMA

Former Chief Announced Russia's Coming Acquisition of Constantinople.

London, Jan. 9.—The Russian premier, Alexandre Trepoff, has resigned. According to the Reuter correspondent at Petrograd both Premier Trepoff and Count Ignatieff, minister of public instruction, have resigned.

Prince Goltzine, a senator and member of the council of the empire, has been appointed premier.

Senator Kulchitsky has been appointed minister of public instruction. M. Neratoff, deputy foreign minister, has been appointed a member of the council of the empire.

Alexandre Fedorovitch Trepoff succeeded Boris Y. Sturmer to the premiership in November, 1916, his appointment being regarded as a victory for public opinion against so-called "russian influences." Soon after taking office Premier Trepoff made his famous speech in the duma in which he declared that the entente allies had agreed to the Russian claim to Constantinople and the straits. The existence of this agreement had been for a long time alleged, but never before had it been thus publicly and formally admitted.

During Premier Trepoff's incumbency there has been much dissension among the members of the duma, and the obstructionist movement of some of the members was marked by somewhat serious demonstrations.

W. J. GAGE

Who with Mrs. Gage has donated \$100,000 for a fund to build housing for widows of Toronto soldiers killed in France.

PLEASANT HOMES FOR WAR WIDOWS

Generous Gift to Meet Tragic Need of the Day.
COMFORTABLE ROOMS
Mr. and Mrs. W. J. Gage Start Fund With Handsome Subscription.

An application is being made for a charter for a philanthropic undertaking to be known as "The Grafton Homes Corporation." The object is to carry out the terms of the handsome gift of Mr. and Mrs. W. J. Gage who are giving one hundred thousand dollars to help meet one of the tragic needs arising out of the war. It is intended to provide comfortable homes at nominal rentals for the widows and children and other dependants of Canadian soldiers who fall serving their country.

The pension at present allowed by the Canadian Government to a soldier's widow is eighteen dollars a month, with an additional six dollars for each child. At the present rentals practically all of the pension would be consumed in rent, and it is with the purpose of minimizing this expense in such cases that this scheme is undertaken. As there is to be no return on the capital, no shareholders and no dividends, the rents will only be sufficient to pay for heating, repairs and maintenance.

The corporation is to be in the hands of a board of trustees, and the present intention is to use the gift of Mr. and Mrs. Gage in the erection of an apartment house to accommodate at least fifty families. Each family will have a living-room, kitchen, bathroom and at least one or two bedrooms, and will have the benefit of clean and sanitary surroundings and refined, homelike conditions. Draft plans have already been prepared, and the early erection of the buildings, the feature of the homes will be the provision that will be made for caring for the children of occupants who, deprived of their breadwinners, will find it necessary to engage in some suitable employment.

While primarily these homes will be set apart for widows of soldiers, they will also be open to other deserving and needy women who are dependent upon their own efforts and have children of aged parents to support.

The corporation is empowered to accept gifts and bequests, and it is believed that when the homes are started many other persons will wish to help enlarge and extend the work by their gifts.

Mr. J. J. Gibson, general manager of the Chartered Trust and Executor Company, is the treasurer of the fund. When the buildings are completed and the work fully organized it is intended either to ask the city to assume supervision of them, or to be presented on the board of trustees.

THE GREAT FUR SALE.

The entire Dineen stock of furs is included in the annual clearing sale which is now under way and is being reduced to end of season figures, when the clearing out of furs is a necessity to avoid having to carry stock over until the following summer. Superb Hudson seal coats, plain design with full collars and cuffs, regularly worth \$250 and \$225, are reduced to \$145.

Other reductions are proportionate. W. & D. Dineen, 140 Yonge street.

GERMANS LOSE DIVINA ISLAND IN BIG FIGHT

Russians Make Successful Attack on Enemy in Snow-storm.

BATTLE YET PROCEEDS

Struggles Southwest of Riga Continues—Big Offensive Coming.

Special Cable to The Toronto World.
London, Jan. 9.—Heavy battles are proceeding on the northern Russian front south of Riga, and extending almost as far as Dvinsk, over a considerable stretch of territory with results quite favorable for the Russians, according to news from Petrograd today.

The engagement north of Dvinsk resulted in the recapture of an island in the Dvina River, east of Glandon. The Russians began their operation by artillery preparation, and when they attacked the foe they acted so audaciously that the German curtain of fire came too late and German troops stationed on the island began to flee, and they were caught by Russian snipers and fire from sectors on each side of the sector from which the onset was launched.

Counter-Drive Fails.
Near Riga the Germans failed in an attempted counter-attack against the positions captured by the Russians in the previous fighting. This assault was prepared for by protracted artillery firing against the Russian positions about Kalnsen Village, but when the German soldiers emerged from their trenches, they were caught by the Russian barrage and thrown back. An offensive undertaken by the enemy (Concluded on Page 4, Column 7).

BRITISH MAKE RAID OPPOSITE HULLUCH

Bomb Dugouts, Destroy Defences of Foe on Western Front.

DELIVER HEAVY FIRE

Allied Batteries Cause Explosions in Belgium and Alsace.

Special Cable to The Toronto World.
London, Jan. 9.—On the British front the German trenches were raided today opposite Hulluch, and the dugouts bombed and defences damaged, according to the British official communication issued tonight. A heavy bombardment of the German positions on both sides of the Ancre and in the Gommecourt salient was carried out, British gunfire caused large explosions in a "strong" German position north of Willeje.

French artillery fire in Alsace in the region of the Rhone-Rhin Canal destroyed a German supply depot near Illfurt.

Tonight's British official communication says:

"The enemy blew a camouflaged yesterday south of Loos; no damage was done."

"This afternoon the enemy's trenches were successfully entered by us, opposite Hulluch. Our artillery was active during the day against the enemy positions on both banks of the Ancre and in the Gommecourt salient. There was considerable artillery activity also on both sides in the neighborhood of Souchez, Armentieres and Messines and in the Ypres district."

"Our bombardment of an enemy strong position north of Willeje caused large explosions."

The official communication, issued tonight by the French war office reads:

"In the Champagne an engagement between patrols occurred west of Nevaux."

"In Alsace, in the region of the Rhone-Rhin Canal, our artillery fire destroyed an enemy supply depot near Illfurt. The camouflaged was intermitted on the rest of the front."

Belgian communication:

"Reciprocal artillery activity occurred on the whole front from Perwez and Dixmude as far south as Sienstraete."

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

THE sinking of British, allied and neutral shipping by submarines, although showing a considerable falling off, is still being maintained at a heavy rate, as shown by the tonnage of the ships announced as sent to the bottom yesterday. The totals in yesterday's cases were more than 6000 tons. From recent threats of the enemy it is known that he is now pinning his faith in submarines to wring from the allies an inconclusive peace. He has built some large vessels of the Deutschland type for use against commerce and he has constructed many more for heavy raids later around the British Islands. These new big submarines are armed with four and a half and live and a half inch guns, so that they can overpower ordinary patrol boats and armed merchantmen and they are capable of carrying enough fuel to last them during a cruise of sixty days.

What the enemy is counting on is not the complete destruction of British merchant shipping so much as the destruction of a sufficient number of vessels to cripple the making of a full offensive effort by Great Britain on land, and, perhaps, to curtail dangerously the food supply in the United Kingdom. Bright and keen intellects in Britain are working on the problem of beating the submarines and it is reasonable to assume on the analogy of the past that the defensive will keep pace with the offensive. In the meantime a large output of steamers is required to replace losses. So far this work of shipbuilding has been left to private effort, and the result has been that companies in many cases have laid down large steamers that it will take two or three years to construct. What are urgently wanted are many ships of about 5000 tons burthen as fast as they can be turned out. By standardizing ship construction a more rapid output than in the past can be secured.

The German submarines got out to sea by discovering a means of evasion of the British traps at their exits from their bases and the reason why they have been able to keep up their depredations so long is that they have a large oblong radius. Among the latest devices recommended to merchant seamen is the throwing up of a smoke screen to conceal their vessel from the submarine. The adoption of the convoy system would also protect the vessels, but it would impair their usefulness perhaps fifty per cent, owing to

(Continued on page 2, cols. 1 and 2.)

WANTS GERMANY TO GAIN COLONIES

Herr von Scheidmann Urges Exchange for Occupied Territory.

NATIONAL SUICIDE

Yielding of Northern France Would Lose Rich Mine District.

Special Cable to The Toronto World.
Amsterdam, Jan. 9.—"England's threats must be taken seriously." That was the statement issued this evening by Herr von Scheidmann, who spoke before a large mass meeting in Augustsburg.

He strongly urged the necessity of Germany retaining possession of those parts of Belgium and northern France now under occupation by the Kaiser's forces unless the terms of peace are such as to include the restoration of the German colonies.

He said it was imperative for Germany to refuse to evacuate this territory because of the very fact that should her colonies be stripped from her, the fatherland would be left but devoid of her sources of supply of coal and metals. It is the district now held by the Kaiser in northern France that is one of the richest mining districts in all Europe, and according to von Scheidmann it would be a national suicide upon the part of Germany to yield the great advantage that she has so far gained unless her colonial possessions are returned, Herr von Scheidmann further declared that it was his belief that the war aims of the imperialists will be impossible of realization in Germany.

GERMAN PEOPLE SICKEN THRU SCARCITY OF FOOD

Much Illness Among Working Classes Makes Special Concessions Necessary in Regard to Feeding.

Berlin, Jan. 9.—(Via London, Jan. 10).—The Sick Benefit Association of Berlin, in which the working classes are insured in case of sickness, has come to the conclusion, after an inquiry among physicians, that a large amount of prevailing illness is due to inadequate nourishment, which also decreases the powers of resistance of the patients. The association, therefore, has decided to make special provision for the feeding of patients where recommended by physicians and has arranged to issue gratis meal tickets in such cases.

NEW AUSTRIAN CABINET STRIKING MANY SNAGS

Berlin, Jan. 9, via London. A despatch to The Tagblatt from Vienna says the Austrian Cabinet headed by Count Cham-Chamminho, which it had been expected would be able to solve most of the existing problems, appears to be striking snags, which day by day grow more difficult to overcome. The Czech parties have suddenly ceased to demonstrate the conciliatory and obliging attitude of confidence which had been expected of them, and which was counted upon materially to help in the settling of many problems.

The Christian Socialists also, says The Tagblatt correspondent, are holding absolutely aloof and refuse to commit themselves to the government.

According to the correspondent it has now developed that the Germans in the cabinet joined it only under condition that "the government supply the requisities for parliamentary rule" which has not yet been the case.

Finally, says the correspondent, the solution of the Galician problem which seemed easy, has become extremely difficult, and the government also finds itself confronted with doubts about the wisdom of the Ausgleich (trade agreement) with Hungary, as framed. Thus far, nevertheless, the government still hopes to find a way out of its difficulties.

WIN HEARTS OF HAMILTON PEOPLE

Bonne Entente Party Are Accorded Wholehearted Reception.

PETTY POLITICIANS

Senator Beaubien Derides Attempts to Sow Discontent in Quebec.

By a Staff Reporter.

Hamilton, Wednesday, Jan. 10.—Further encouragement was given to the mission of the Bonne Entente yesterday when the one hundred odd pilgrims from Quebec stormed and captured the hearts of Hamilton citizens. With the well-wishes of the people of Toronto still ringing in their ears, they stepped from the railway depot at 11 o'clock this morning to the accompaniment of the ringing cheers and the mustle of military bands.

They were welcomed by a large number of people that made hearts feel proud and one worthy of the good intentions of the Bonne Entente. The delegation was met by a guard of honor of the 27th Battalion, in charge of Brigadier-General Hendrie, and representatives of the council and civic officials. A procession was formed, and the party, headed by the band, marched to the city hall for the civic reception. Crowds of citizens lined the streets and gave them a warm flag.

The visitors were conducted to the council chamber and presented with addresses of welcome in the English and French languages. Mayor Hood extended to them the warm hand of friendship and expressed hearty concord with the object of their visit to Hamilton.

At the request of Sir George Garneau, P. H. Hebert, of Sherbrooke, and Dr. Dubois, of Montreal, and Ald. Betz of Three Rivers stated their thanks on behalf of the delegation. An inspection was then made of Hamilton mountain, the party being conveyed in special cars, after which luncheon was attended at the Royal Connaught Hotel.

Audience Spellbound.
Senator Beaubien, the far-famed orator of Quebec, was the principal speaker, and never was he heard to greater advantage. At times he had his audience spellbound with his wonderful power and gift of speech. It was an avalanche of oratory and found a place in the hearts of his audience and left an impression deep and strong. For those who made political capital out of the situation existing in the eastern province he expressed the bitterest contempt. The newsmen that gave space to sow the poison of discontent he denounced with a vitriolic tongue, and appealed to those of a clearer vision to oppose such publications and their proprietors to oblivion or have them cleared with the purifying qualities of the dunce.

Senator Beaubien told the audience he did not come from Quebec to make speeches, but to plead to them.

He had come to them without preparation, because he considered it not needed. They had a land, a rich one and a beautiful one. It had unmeasurable treasure, and the earth, which only required the touch of their hands to turn to good account for Canada's good. They were growing fast and would soon be producing for the future of Canada. Who was responsible for the Canada to come. They were descendants of the British race, the flag of which flew from the masts on all seas of the world, and upon which the glory of the sun never sets and they they belonged to that glorious flag of France, which had dipped its colors in blood since the beginning of time for liberty, the greatest cause of man. They had a duty they could not shirk, for history would be their judge.

Petty Politicians.
Turning to the writings of certain newspapers on the issues which were supposed to divide the two great provinces, the senator referred to the proprietors and writers as parasites, who fed on the prejudices of the race. These petty politicians went about their shameful work by blinding the people to the truth and preventing their eyes from seeing for themselves. They used for their own nefarious purpose the poisonous gas which was one of the horrors of warfare conducted by the Hun. It was presented in rosy colors, and it came to them all brimming in its trail of dissatisfaction and sometimes death. He earnestly appealed to the proprietors of newspapers to put an end to such propaganda. He asked them if they would consent for the love of money, of tainted coin to advertise the poison which would destroy them and were they willing that their pens like a tremendous wedge should be driven into the hearts of the land they loved, and fear it sealer. He did not think so, for he had faith in the great newspapers of Ontario.

"But I ask you," he continued, "will you snatch from public life that parasite who lives on the future of our country? Snatch him and place him in the dungeon, and I guarantee there will be a resurrection in less than three days. The man who is once treated in this way will be a good boy afterwards. When the true vision returns the snake will disappear and the man will turn to his fellow-man, he will be as firm as a granite stone every position or a Webster ready, 'I am only like yourself after all!'"

Need Education.
He thought the provinces needed a new understanding. They in Quebec wanted new sight. They needed education. His race was not too proud to own to it that they could learn from Ontario. They could learn a deep sense of justice and the love of liberty and truth that we have carried to the glory of our race. To this he paid a warm tribute. Let them think of the Jutland battle, when ninety German ships were sunk and eleven British ships were lost and could not shake them. To those who stood on British ships he gave the greatest praise. They stood there waiting death in its worst form, by the flag unfurled in freedom's cause.

"I have a golden book sent to Ontario in order to have the names of the sponsors for the new school to be a monument of gold to be kept and cherished in Quebec, marking a new era in the annals of Canadian history.

Referring to the differences which existed between them and the French of Toronto the following officers were elected for 1917: Chairman, J. T. Melady; vice-chairman, J. H. Bourke; secretary-treasurer, F. D. Tolchard; executive committee, D. A. Campbell, D. O. Ellis, H. E. Kelly, J. B. MacNeil, J. R. Ness, W. C. Ormand, L. C. Scott and C. B. Watt; chairman, J. H. Bourke; secretary-treasurer, John Kennedy; A. E. McCullough; John Phillips, J. S. Thompson; official caller, D. Tolchard; committee, D. O. Ellis, A. O. Hogg, J. T. Melady and L. C. Scott.

Unitarians' Annual Meeting Shows Splendid Year's Work
The Unitarian Church held its annual meeting last evening. The various activities of the church during the past year were reviewed and a splendid report was given. The women's alliance has been active in Red Cross work, and the church has been active in the support of the war effort.

was held until 5.30. At 7.30 a banquet was tendered the visitors by the Hamilton committee of the Bonne Entente. Sir John M. Gibson, who presided, declared that the return visit of the Bonne Entente visitors would do much towards clearing up the numerous wrong impressions which existed. We speak of these French away down in Quebec, and they speak of these people way up in Ontario, who want to run everything. What we both need is a shaking up. These visits between the two provinces will accomplish in a short time what we have been trying to bring about for a great many years.

"Unless we can present to the world a united and unbroken front we cannot live, but will become hewers of wood and drawers of water," declared Lynch-Staunton, K.C., who delivered a splendid address. "In order to take our place among the nations of the earth we must present an unbroken front. We must be one in ideas and aims. It was wrong for anyone in Canada to endeavor to force his view and belief upon another. We must have a common front, and no race could be made subject to force. That had been tried in Ireland, in Poland and in Germany. We were endeavoring to force his militarism upon the nations of the world, but with the help of God and the allies he would fail."

J. P. Bell, Hamilton, declared he would make the teaching of the French language in Ontario compulsory. He thought it would be better for the province and better for their children. He did not think the people of Quebec would have any objection to the teaching of English in their province.

Responds to Toast.
Hon. Mr. Justice Pelletier spoke in response to a toast proposed for the Bonne Entente was deserving of its greatest praise. He must confess that in Quebec would not have thought of visiting the Bonne Entente in letters. They did it from a noble sense of duty; they might be regarded as crusaders.

Justice Pelletier declared he would request the president of the Bonne Entente to have a golden book sent to Ontario in order to have the names of the sponsors for the new school to be a monument of gold to be kept and cherished in Quebec, marking a new era in the annals of Canadian history.

Referring to the differences which existed between them and the French of Toronto the following officers were elected for 1917: Chairman, J. T. Melady; vice-chairman, J. H. Bourke; secretary-treasurer, F. D. Tolchard; executive committee, D. A. Campbell, D. O. Ellis, H. E. Kelly, J. B. MacNeil, J. R. Ness, W. C. Ormand, L. C. Scott and C. B. Watt; chairman, J. H. Bourke; secretary-treasurer, John Kennedy; A. E. McCullough; John Phillips, J. S. Thompson; official caller, D. Tolchard; committee, D. O. Ellis, A. O. Hogg, J. T. Melady and L. C. Scott.

He would leave it to their intelligence. Some new things were going on. He was asked to speak of the French school and the things in history which had happened almost three hundred years ago, and which they were going to celebrate in their annual meeting. He said that he had been brought a spirit of peace on earth to men and women of the world. He said that God their father and the Roman Catholic also called God their father. Consequently they were all brothers and lived in strife. Why was it so?

He would leave it to their intelligence. Some new things were going on. He said that he had been brought a spirit of peace on earth to men and women of the world. He said that God their father and the Roman Catholic also called God their father. Consequently they were all brothers and lived in strife. Why was it so?

He had heard many things which had caused him much regret. Things had been said about his church and its work, and he had heard many things which had caused him much regret. Things had been said about his church and its work, and he had heard many things which had caused him much regret.

DR. JAMES COTTON DIED YESTERDAY
Was One of the Best Known Surgeons in Canada.
NATIVE OF ONTARIO Had Been Important Member of Toronto Hospital Staffs.

One of the oldest and best-known surgeons in Toronto passed away at his residence, 703 Spadina avenue, yesterday afternoon, in the person of Dr. James Cotton. Dr. Cotton was born in Graxona, Ontario, in July, 1848, and graduated in medicine at the University of Toronto in 1875, obtaining his degree from the University of Edinburgh in 1876.

After practicing medicine in Mount Vernon, in the person of Dr. James Cotton, two daughters, Mrs. J. H. Cotton and Mrs. J. H. Cotton, both of whom were prominent in the city hospitals. Death was due to heart trouble, but overwork in a great measure hastened his end.

He is survived by his widow, daughter the late John Christopher of Toronto; two daughters, Mrs. J. H. Cotton and Mrs. J. H. Cotton, both of whom were prominent in the city hospitals. Death was due to heart trouble, but overwork in a great measure hastened his end.

RUSSIANS YET ATTACK ON NORTHERN FRONT
Berlin, in Announcing Stiff Fighting, Says Onsets Failed.

WAR SUMMARY
THE DAYS' EVENTS REVIEWED
(Continued From Page 1.)
difficulties of unloading so many vessels at a time and the long waiting to collect a fleet for convey.

Of the Rumanian position little news is being received and what little there is does not greatly elucidate the situation. The Russians have fallen back, un molested by the enemy, to positions on the Sereth and Putna Rivers, a withdrawal of four miles in the valleys leading from the Hersek Mountains to the Moldavian Plain the enemy is encountering a tenacious defense. The allies are forcing him to contest every foot of the way in a difficult section of country for an advance. The struggle is centered in the Kasyno and Sushitza Valleys, where the Rumanians are being met by strong defenses and deep zones of barbed wire. To judge of the German communication, the student has good reasons for inferring that the fighting in this region is pretty much over. The Rumanians are suffering most severely from the fact that they are aggressors against formidable defenses.

Conditions described in the Russian and German official bulletins on the war yesterday as existing on the battlefield southwest of Dvinsk show a sort of lull between heavier actions rather than a combat at the climax of its intensity. The Germans took advantage of the period of Russian artillery preparation to attempt to dislodge the Russians from the vicinity of Kalinin Village. This effort failed and later reports from Berlin indicate that the Russians are resuming their heavy assaults. German correspondents are sending despatches from this front, declaring that the Russians have nuzzled large forces and that they now have a plentiful supply of munitions. It is believed that they are going to undertake big offensive operations. It has become violent. The German press men also report that the Russians troops advancing to the east in white blouses. This is to make them difficult to perceive in the snow. North of Dvinsk the Russians recaptured the island in the Dvina taken by the Germans a few days ago.

The British raided the German trenches opposite Hulluch, in Flanders, yesterday, but the results of their enterprise were not announced. The artillery maintained heavy shelling on both banks of the Ancre and in the Gommeourt salient. Souchez, Armentieres and Messines were also centres of considerable activity. North of the British bombardment caused large explosions in a strong German position. The French artillery fire at Alsace destroyed a German supply depot near Illfurt, near the Rhone-Rhine Canal.

The situation at Athens is becoming serious, at least for one personage, King Constantine. The forty-eight hours stipulated in the ultimatum for compliance with the will of the allies will soon expire. Enough has leaked out from the Rome conference to show that the British and French governments are bent upon future policy. Constantine, who has been insistent upon the adoption of the terms bestowed by the Kaiser, continues his course in the belief that as he has evaded the requirements of the allies in the past so he will be able to evade them in the future.

An Athens despatch says that the ultimatum of the allies guarantees King Constantine against an extension of the revolutionary movement. It is said that the British and French governments are bent upon future policy. Constantine, who has been insistent upon the adoption of the terms bestowed by the Kaiser, continues his course in the belief that as he has evaded the requirements of the allies in the past so he will be able to evade them in the future.

LURED TO HIS DEATH BY CARRANZA'S ORDER

Interpreter Had Premonition of Foul Play on Leaving Washington.

Washington, Jan. 9.—Reports are heard in Washington tonight regarding the death of Luis Dampin in Mexico. Dampin was a well-known character in Washington, having been connected with the Mexican embassy for several years in a capacity of interpreter. He left for Mexico City about the same time as did Arrasola, former Mexican ambassador designate here.

Before leaving American territory Dampin expressed fear that he would meet with foul play in Mexico. He was summoned home by the Carranza Mexican government, but he was assigned for the trip. It is known that there was bad blood between the interpreter and various members of the Carranza administration.

High Park Presbyterian Choir Gives Fine Concert Program
The annual choir concert of the High Park Presbyterian Church, given last night, was well attended, and the program rendered by the choir was greatly enjoyed. The solo and chorus, "Woodward's 'Glad the Italy is Come'" by George J. Brown and the choir, was a finished production. The choir was conducted by Arthur Ellis, the organist. Other artists who contributed to the splendid program were Mrs. Woodland and Mr. Cross, organists; Mrs. Woodland and Mr. Cross, organists; Mrs. Woodland and Mr. Cross, organists.

Board of Trade Grain Section Elects Officers for Coming Year
At the annual meeting of the flour and grain section of the Board of Trade of Toronto the following officers were elected for 1917: Chairman, J. T. Melady; vice-chairman, J. H. Bourke; secretary-treasurer, F. D. Tolchard; executive committee, D. A. Campbell, D. O. Ellis, H. E. Kelly, J. B. MacNeil, J. R. Ness, W. C. Ormand, L. C. Scott and C. B. Watt; chairman, J. H. Bourke; secretary-treasurer, John Kennedy; A. E. McCullough; John Phillips, J. S. Thompson; official caller, D. Tolchard; committee, D. O. Ellis, A. O. Hogg, J. T. Melady and L. C. Scott.

Marquis of Queensberry Will Settle in the West
The Marquis of Queensberry was in Toronto yesterday on his way west, where he intends to settle. He is a well-known figure in the world of sports and is still popular. He is still popular. He is still popular.

Express Companies Dialize Cutting Down Train Service
The cutting off of forty-nine or more trains has increased the ire of the express companies who state that in some localities they will be unable to perform their service altogether. Some officials go so far as to say that they will be unable to perform their service altogether. Some officials go so far as to say that they will be unable to perform their service altogether.

CANADIANS MUST PRACTICE THRIFT

Agricultural and Experimental Union Meets at Guelph.

LEARN TO SACRIFICE

President Fairbairn Tells Students to Assist in Prosecuting the War.

Guelph, Jan. 9.—The shortage of potatoes in Ontario in 1916 is a question which has received the attention of many people and has been discussed at many meetings held to consider the high cost of living in various places in the province. This question was fully considered again today at the 88th annual meeting of the Ontario Agricultural and Experimental Union. It was freely admitted that the abnormally dry season was the principal cause of the shortage, but there were also other factors, such as disease, lack of knowledge in the preparation of the land, the selection of good seed, etc., which also entered into the matter. Excellent addresses were delivered on the potato question and much valuable information was given.

The union held its first session at 9.30 this morning in Massey Hall at the O.A.C.

The president, Mr. J. B. Fairbairn, of Bensville, a graduate of the O. A. C., occupied the chair. Dr. Creelman, president of the college, extended a cordial welcome. He referred to the importance of the various short courses and dealt with each one separately, pointing out the many benefits to be derived by a careful study and the putting into practice what they learned when they went back home. The wonderful work being done by Dr. Zavitz and the experimental union were referred to. This work was not only beneficial to the farmers of Ontario but to all other provinces as the results of the experiments were published and spread broadcast all over the Dominion, from Nova Scotia to British Columbia.

Learn to Sacrifice.
President Fairbairn in his address declared that Canadian people have yet to learn what sacrifice means, and they will have to practice economy and thrift to a much greater degree than they have heretofore, if Canada is to do her just share in winning the war. Every dollar, every hour of working time, every revolution of every engine, every ray of sunshine should be used and spent to assist. We are individual eyes looking upon luxuries which in reality should go toward maintaining and equipping our armies, he said.

The report of Dr. Zavitz on cooperative experiments in agriculture for 1916, including tests of grain, potatoes, roots, hay crops, etc., was a very substantial report and was accompanied by several tabulated charts, which placed the result in a comprehensive manner before the meeting. He pointed out that the results of 1916 had been a particularly bad one for the growing of crops generally, some really excellent experiments had been made and great care had been taken in making the report.

Discuss Bridge on Pape Avenue
The appointment of a strong committee to go over and examine thoroughly the district through which the suggested Pape Avenue bridge and highway would run was the big outstanding feature of the Todmorden Ratepayers' Association meeting held in Toronto evening last night. There have been larger gatherings in the past, but few have surpassed it in point of interest and liveliness. All three were something definite and the suggestion of interest was, of course, the proposal to open up Pape Avenue from its present terminus across the river and on into Leaside.

Todmorden Association Held Lively Meeting in Toronto School.
A full house, both on Monday and Tuesday evenings, at the Beaver Theatre, marked the performance given under the auspices of the 23rd Battalion. At 8.30 p.m. every seat was occupied and some of the proceeds amount to approximately \$2000. The theatrical was most successful with its closing night this evening, which is undoubted, the profits should amount to \$500.

"Blossom from the Opera," "Beauty of the Gladiators," the two opening overtures, and the performance by the 23rd Battalion. The proceeds amount to approximately \$2000. The theatrical was most successful with its closing night this evening, which is undoubted, the profits should amount to \$500.

The New Year
brings a message to save as never before. Thrift is essential to success. To be successful you must save, and save systematically.
The dawn of other New Years has no doubt found you resolved to start saving, but did you? You can do this best by means of a Life Insurance Policy. Put your good resolves into execution by applying for an Endowment Policy in The Manufacturers Life. Women accepted at regular rates. May we furnish you with particulars?

SPORTING GOODS DEPT. FIFTH FLOOR.

There's Health and Pleasure for Everyone in Skating, Tobogganing, Snowshoeing or Skiing

CANADA'S wonderful winter climate and the many natural and improvised rinks, toboggan slides, hills and snowshoe tracks that abound around Toronto, provide invigorating, healthful and enjoyable pastime for thousands of men, women and children.

January and February are the banner months for such thrilling sports, and if you require the proper accessories to qualify as an ardent devotee, come to the Sporting Goods Department, fifth floor. The selection is complete and the prices very low, in fact some of the lines have been very recently reduced. Read on, and learn of the splendid values.

Snowshoes

It's rare fun on a cold, wintry day or night to bundle up snugly in woollens, strap on a pair of snowshoes and make tracks for the parks, hills and fields surrounding the city. It's a happy, healthy exercise that keeps the body in good physical condition, improving the appetite and making sleep much easier.

These are models that will help you qualify as an expert snowshoer. In styles and sizes for men and women:—

Snowshoes, with frames made of second growth hardwood, with moose lacing and thongs are in sizes for both men and women.

Women's, size 11 in. x 36 in. Pair 2.25

Men's, size 14 in. x 42 in. Pair 2.75

For long-distance tramps, size 16 in. x 42 in. Pair 3.25

Snowshoe Harness, with reliable patent buckle. Price, per set50

Men's Scotch Knit Woolen Gloves, in gaudy style, with seamless fingers. In colors of heather and grey. Ideal sport gloves. Per pair, \$1.00. —Main Floor, Yonge Street.

Note the Low Prices of These Toboggans

TOBOGGANING is a thrilling, safe and healthful sport enjoyed by children and grown-ups alike, and the many supervised civic slides have made it one of the most popular of outdoor winter pastimes.

The EATON selection includes them in sizes to accommodate from two to seven passengers, and they're all reliable, easy-running models that will give years of service.

Laurier Toboggans, with strong hardwood slats and rope hand rail, 4-foot length, to hold two, or three people. Special price . . . 1.33

A 6-foot Laurier Toboggan that accommodates 4 people is specially priced at . . . 2.10

An 8-foot Laurier for 6 passengers is priced at 3.25

Toboggan Cushions, made of red, green or khaki denim, with soft thick filling. They are strongly sewn and reinforced at edges. Specially made, any length. Price, per foot .35

Toboggan Cushions, made of red plush and filled with kapok, are priced at, per foot 1.25

Skis

Skiing is an exciting and sensational winter sport indulged in by the more daring and agile. It requires perfect balance and poise and properly-made skis. You can rely on the following:

Made of pine are 5-foot Skis for boys or girls, priced at, per pair 1.50

Strong, Clear-grain Polished White Maple Skis, 6 feet long, are priced at, per pair 3.75

Reliable Ski Harness is priced at, per set 2.00

Ski Poles for balancing are priced at 75c and \$1.25 each.

Skates purchased in the EATON sporting goods department will be put on boots by our special riveting machines, free of charge.

Reliable Skates for Pleasure Skating

FOR the small girl or boy just learning we recommend double-runner Bob Skates. They extend from 6 to 9 inches, and have straps attached. Special value, per pair 33

Clamp or Key Skates, that fit any boot. Have key for fastening. Sizes 8 to 11 1/2. Per pair 50

The Conron Extension Ice Skate, is the latest model used in the artificial rinks of New York. It has clamps on side that may be loosened to allow top plate to fit any size shoe. It resembles the ordinary spring skate and is ideal either for pleasure or figure skating. Sizes for men and women. Price, per pair 2.25

The Automobile Skates, noted for their lightness, have aluminum tops, and nickel-plated steel blades. In styles and sizes for men and women. Model C is \$5.00; model D is \$6.00, and the Fancy Waltz Model is 5.00

Special Hockey Style Skates, suitable for men or women, have strong steel blade, heavily nickel-plated and strongly bracketed. Per pair 1.75

A boon to those whose ankles are weak is the perfection steel Ankle Support. It is securely fastened outside boot, between skate and heel, with a shank running up to ankle where a strap holds it firmly in position. Per pair 1.00

Northwest Toronto By-Election

CANDIDATE CHOSEN FOR TORONTO SEAT

James G. Cane Will Oppose Hon. W. D. McPherson.

SELECTION UNANIMOUS

Liberal Mass Meeting Decides on Contest After Much Argument.

With enthusiasm and confidence in victory at the polls in the coming by-election, the Liberal party of Northwest Toronto last night in Mullin's Hall, Bloor street and Lansdowne avenue, when approximately 150 members of that party decided to contest the seat thrown open by Hon. W. D. McPherson's appointment to the Ontario cabinet, and selected James G. Cane, ex-president of the Commercial Travellers' Association, as their nominee.

that Dr. McConnell was better known to the electorate. Dr. McConnell, in replying, predicted success for the Liberal party with Cane as the nominee, condemned the present Ontario administration as "weak and vacillating," and explained that Cane would make the better candidate. He said his practice prevented him from accepting the nomination.

Mr. Cane's nomination, which was proposed by Lou's Gurofsky and seconded by C. E. Bachley, was practically unanimous, and he was given the entire support of the meeting when Dr. J. H. McConnell, whose name was the only other placed in nomination, withdrew. Mr. Cane offered to withdraw in favor of the physician on the grounds

of the doallings which have been handed them by the present administration. A meeting to ratify the nomination will be held at Sovereign Hall, Bloor street, next Friday night, and tonight Mr. Cane will attend a meeting of Liberals in the Oddfellows' Hall, Bathurst street, to outline the platform upon which he will stand as a candidate.

W. J. Reilly, who is one of the present, insisted upon this clause which was opposed on the grounds that it included "the clique." Reilly immediately took exception to the term, and a word battle in which several members participated ensued. Motions and amendments to amendments followed until parliamentary rules were almost lost from the hands of the chairman, H. J. Bennet. In the end all the argument was closed with a motion to cancel all previous proposals and Gurofsky's nomination of Mr. Cane followed.

Mr. Cane is accepting the nomination declared: The platform of Mr. Dewart in southwest Toronto was "nickel." I don't want to steal any of his thunder, tho' it is mighty good. I have three sons in the service of the country. I say to you who have loved ones at the front that their lives should not be endangered by war munitions made from nickel sent to Germany from this country.

"I went to the Northwest rebellion before the call came as a private. I was wounded. The present government has taken away the pension that was given me by the medical board thirty-one years ago. I feel today as I did when I was wounded—that I would rather be drowned than have my pension taken away from me. It was taken away because I refused to go before the medical board recently. That was personal.

"I was a workman in the shops, so it would ill become me to turn my hand against the workman. The Compensation Act should be revised, the I am not prepared to say now in just what particular. I had fully made up my mind to decline the nomination. Now that you have nominated me, an honor which I have not sought, I expect you to stand by me. I honestly believe every good Conservative is

German 'Yankee haters' that their standpoint is legally wrong, that the Hague convention distinctly permits neutrals to make deliveries of munitions; and that Germany's representatives in that convention expressly opposed changing this clause.

SIR SAM HUGHES ON COMPULSION

Would Train Boys Between Ages of Ten and Sixteen.

Before the largest gathering of Masons ever in attendance at St. Andrew's Lodge, A. F. and A. M., at the Temple Building last night, Sir Sam Hughes in the course of an address, said that the only kind of compulsory service he was in favor of was the training of the youth of the land at their own homes, between the ages of 10 and 16. This would not coarsen them in any way as did compulsory service away from home, as in Germany, but would make them more manly.

RESIGNATION NOT DUE TO LETTER

Dr. Robertson Tells Presbytery Ill-Health Caused Retirement. REV. STRACHAN RESIGNS Was Pastor of Rosedale Presbyterian Church for Over Eight Years.

Denial that a letter received from a member of his congregation criticizing his policy toward church union was the cause of his resignation was made by Dr. Andrew Robertson, retiring pastor of St. James Square Presbyterian Church, at a meeting of the Toronto Presbytery in that church yesterday morning.

Dr. Robertson explained that his resignation was written before the letter was received. At a recent meeting of the congregation a member protested that the receipt of the letter was the reason for the resignation. Dr. Robertson quite the pasture on Sunday, Jan. 14.

Minister declared that his resignation was not in the interest of the church, but in the interest of the pastor. He spoke for several minutes of the pleasant relationship he had with the congregation and the work he had received in his work as pastor of that church for the last eight years.

Rev. Mr. Strachan has been pastor of that church for the last eight years. He has been granted a year's extra salary in view of the successful work he has accomplished in that church.

He was formerly pastor of a Brookville church. About one hundred delegates attended the meeting. Prof. Ballantyne's resolution providing for a delay in church union was not presented because of the late hour. The meeting adjourned at 2 o'clock.

Dr. Robertson's resignation was approved by the presbytery in highest praise of his work during the last seven years.

The resignation of Rev. Daniel Strachan, minister of Rosedale Presbyterian Church, was tendered to the presbytery. It will be submitted to the congregation, and its attitude will be expressed in a statement to be delivered to the February meeting of the presbytery.

Rev. Mr. Strachan has been pastor of that church for the last eight years. He has been granted a year's extra salary in view of the successful work he has accomplished in that church.

He was formerly pastor of a Brookville church. About one hundred delegates attended the meeting. Prof. Ballantyne's resolution providing for a delay in church union was not presented because of the late hour.

ASK NATIONAL AID TO STOP DISEASE

Party From Social Service Department Will Visit the Government. WORKERS HELPFUL Have Assisted by Gathering Facts for General Hospital Board.

Reports read at the fifth annual meeting of the social service department of the Toronto General Hospital, at which Sir John Hendrie presided yesterday afternoon, showed many important results gained during the year in the matter of preventing and limiting disease thru the various clinics and thru the follow-up system of the social service workers.

Yen. Archdeacon Cody opened the meeting by prayer. Miss L. A. Larkin reported for the ladies' committee that eight regular meetings had been held at which reports of the cases visited were given by the head worker, Miss Grant. She also said that thru a combined garden party of the Golden Rule Guild and the committee held at the home of Mrs. Dunlap the handsome sum of \$1,703 had been realized.

Dr. Clarence M. Hincks gave a very enthusiastic account of the work of the psychiatric clinic, attributing most of the success to the genius of Dr. Clark and to the valuable work of the social workers in gathering statistics and by the influence they gained by following the cases to their homes.

Dr. C. K. Clarke, superintendent, spoke of the development of the department, and pointed out that thru the services of the social workers they were now able to present statistics, and that shortly a party of six were going to Ottawa to lay these facts and figures before the government for the purpose of getting national aid in the prevention of disease.

Congratulations were given by the lieutenant-governor to all the workers, and Archdeacon Cody in summing up said that the time had now come when life, and not power or property, was the thing to be considered. To preserve this, extension work was going out from the libraries, the university, the churches, and, as has been demonstrated, from the hospitals.

Receipts from the treasurer's report of the ladies' committee were \$2,108.23, with balances of \$1,822.65 from last year. Total disbursements, \$2,555. Receipts of the guild were \$3,613.80, with a balance on hand of \$1,587.55.

Under the auspices of the soldiers' aid, St. Helen's Red Cross, with Miss Gretta Mallon, sent New Year's boxes to the lately returned men at the College Street Military Hospital.

INCREASED ROOM NOW NECESSARY

Several City Schools Too Crowded for Scholars' Good. HEALTH INSPECTION Committee of Management Submits Report to Board of Education.

In the report just submitted by Chief Inspector Cowley to the management committee of the board of education, there are many recommendations chiefly for the additions where it may be found necessary to various schools. Several occasions arise, additional accommodation for one class to each of the following schools is mentioned:

Brook School, Cavendish, Earlscourt, Givins Street, Hillcrest and Western Avenue. The inspectors report that additional classes will also be required at the following schools: Alexander Muir, Dufferin, Kew Beach and Pauline Avenue. It is stated that it may, however, be possible to relieve the congestion in some of these cases by modifying the boundaries of the school district.

The following teachers were recommended to be appointed to the temporary staff: Miss K. V. Miller, to the Queen Alexandra School; Miss L. A. Spark, to Frankland; Miss E. G. Courtney, to Church Street; Miss Grace Mooney, to Parkdale; Miss C. M. Jamieson, to Hillcrest; and Miss E. P. Thompson, to Brown. The report submits the following figures for the month of December:

No. of inspections 3023
No. of readmissions 1692
No. of special examinations 76
No. of defects found in these 90
No. of complete examinations 1424
No. of defects found in these 2292
No. with carious teeth only 317
Normal 228
Total No. of defects 2292
No. of parents notified 735
No. found with diseases 438
No. excluded from contagious diseases 65
No. excluded for exposure 58
No. excluded suspected cases 24
No. of consultations with parents 192
No. of cultures taken 64
No. of home visits 43
No. of school visits 68
No. examined for tuberculosis 46
The total number of operations including teeth, adenoids, etc. 4981.

OPPOSES PLATOON SYSTEM. The platoon system proposed for the fire department was yesterday opposed by Fire Chief Smith in a report to the board of control. He stated that the system would mean an employment of about 120 men, and would entail an expenditure of \$112,000. He recommended that the matter should be taken up after the war.

Gives the Stay-at-Homes One Chance to Help. One reason given by the executive committee of the Canadian patriotic fund for its decision to restrict voluntarism as the basis of the fund, was thus pungently put in its report in October:

"The story of the patriotic fund has always been that it afforded an opportunity for the man who could not enlist to make a present sacrifice in some degree commensurate with that of the man in the trenches, and it is felt that so long as the soldier stuck to his post, the stay-at-home men at the front should continue their support to his family."

HEROES OF WAR ARRIVE IN CITY

One Wears the D. C. M. and Several Have Severe Injuries. SOME WERE CARRIED Of Fifty-Three in Party, Thirty-Six Are Toronto Men.

Several hundred citizens were on hand to welcome the 83 returned war heroes who arrived in this city yesterday morning after service on the Ypres and Somme battlefronts. The homecoming party of soldiers included a number of men badly wounded, and some who were minus limbs.

One of the returned soldiers, Sergt. Walter But North Toronto station to the hospital on stretchers. Both received severe wounds at the battle of the Somme.

Names of the Men. The 36 Toronto men who returned are: Corp. Jas. Armstrong, 6 Harding avenue; Pte. C. Kirby, 221 Wellington street; Pte. S. J. Vine Avenue; Pte. S. E. Bragg, 567 Yonge street; Sergt. W. Durd, Wellfleet College; Pte. W. Cook, 7 Malindang; Pte. A. B. Conroy, 852 Weston road; Pte. W. Doherty, 444 Manning avenue; Pte. J. H. Dodd, 344 Beresford avenue; Pte. H. H. Moffatt, 81 Park avenue; Pte. A. Hedderwick, 20 1/2 Sully crescent; Pte. F. Higgins, Craighurst P.O.; Bgr. R. Howard, 24 Clinton; Pte. H. Jameson, General Delivery; Pte. C. Kirby, 221 Wellington street; Pte. R. Low, 195 River street; Pte. R. Low, 16 Sarnia avenue; Pte. W. M. Lundy, 177 Dundas street; Pte. W. M. Lundy, 39 Simach street; Pte. P. Marshall, 43 College; Pte. A. Moharg, 42 Fovias avenue; Pte. W. J. Moffatt, 81 Park avenue; Pte. E. B. Tremblay, 4 Park street; Pte. W. J. Patterson, 49 Pacific avenue; Pte. F. Phillips, 8 Gibson street; Pte. J. Ryan, General Delivery; Pte. R. V. Ramsay, 5 Hornerth; Pte. G. Reynolds, 270 Blackthorne west; Pte. J. Ryan, General Delivery; Pte. R. V. Ramsay, 5 Hornerth; Pte. A. W. Smith, 621 Wellington street; Sergt. W. Thorogood, 355 Carlaw avenue; Pte. J. Turner, 135 Spadina avenue; Pte. E. B. Tremblay, 4 Park street; Pte. W. G. West, 110 Crawford street; Pte. G. F. Wilson, 96 Kippendavie.

CANADIAN NORTHERN CHANGE OF TIME, EFFECTIVE JAN. 14, 1917. MEET IN TORONTO. The Association of Ontario Fair and Exhibitions will meet in Toronto in Foresters' Hall, College street, on February 6 and 7. The following will be among the speakers: Hon. R. B. Bennett, Hon. Geo. F. Graham, Andrew Broder and Archdeacon Cody. The Ontario Plowmen's Association will meet in the same place the following day, while the Ontario Association of Vegetable Growers will meet in the Parliament Buildings the same day as the plowmen, Feb. 8.

PLEADS GUILTY TO THEFT. Admitting breaking into the home of Marcelline Maguire, 1007 Logan avenue, and stealing \$50, George Jackson was sent to jail for six months when he appeared in the police court yesterday. He also admitted that he had deserted from the 208th Battalion, but as the commanding officer classed him as undesirable he was sent down.

MAY RESTRICT JEWELRY. According to The Trader and Canadian Jeweler, Canadian manufacturers of jewelry will be confronted early in the new year with a serious situation, Sir Thomas White has intimated thru

Rubber Heels—Higher Priced Because They are Better

"Wingfoot" Air Heels cost you more than other rubber heels. But they give many times more value—in quality, in resiliency, in wear—than the extra cost would ordinarily buy. We could make a heel that could be sold at the same price as ordinary heels. But it would not satisfy Goodyear standards. Therefore, we make only Wingfoot Rubber Heels—for those who pay a little more in price to get much more in quality and wear.

We guarantee Goodyear Wingfoot Air Heels to outwear any other rubber heels you have ever worn, or any others you can now buy. Should they not meet this guarantee, return them to us at Toronto, or to any Goodyear Branch, and get a new pair free.

The Goodyear Tire & Rubber Co. of Canada, Limited - Toronto, Ont.

GOOD YEAR MADE IN CANADA Wingfoot Air Heels

GLUE FACTORY SMELLS REACH OSGOOD HALL. Property Owners Seek to Force Discontinuance of Business on Danforth Avenue. Master in Chambers Cameron at Osgood Hall yesterday afternoon reserved judgment in the action of the Danforth Globe Estates and a number of property-owners of that district to restrain W. Harris & Co. from carrying on business in the glue factory on Danforth avenue. The statement of claim of the plaintiffs talked of swarms of flies, "carcasses of great numbers of dead animals," pens in which are housed large numbers of pigs, which are in part fed upon the offal aforesaid, "stenches," intolerable and disgusting nuisance. If the nuisance is unabated the plaintiffs ask \$300,000 damages.

restrictive measures in England were followed by increased importation from the United States. A year later the British Government placed an embargo on jewelry and forbade its importation. Had the embargo been placed a year earlier a great deal of money would have been kept in the country and a substantial effect on the thrift campaign produced. Canadian jewelers say that Canada should profit by the experience of the old-country. The publication points out that re-

strictive measures in England were followed by increased importation from the United States. A year later the British Government placed an embargo on jewelry and forbade its importation. Child Was Nervous, Irritable, Tired Out

She Had No Appetite, and Her Complexion Was Pale and Sallow. How many parents realize the strain which going to school means to the child who is naturally nervous and of delicate health? You see them come from the schools daily with pale faces, many complain of dizziness and looking tired and worn. At home they are irritable, do not sleep well at night, and are upset by a little extra excitement. If they are to grow to healthy manhood and womanhood their systems must have attention now. Such treatment as Dr. Chase's Nerve Food does wonders for children in this condition. We are constantly receiving letters from grateful parents telling us that the Nerve Food has done for their children. This one is a fair sample: Mrs. Stephen Hartman, Italy Cross, Lunenburg Co., N.S., writes: "My little sister at eleven years of age became nervous, irritable and seemed all tired out. She had no appetite,

The Canadian Bank of Commerce

REPORT OF THE PROCEEDINGS

OF THE ANNUAL MEETING OF SHAREHOLDERS

Tuesday, 9th of January, 1917

The fifteenth Annual Meeting of the Shareholders of The Canadian Bank of Commerce was held in the banking house at Toronto, on Tuesday, 9th January, 1917, at 12 o'clock.

The President, Sir Edmund Walker, having taken the chair, Mr. H. V. F. Jones was appointed to act as Secretary, and Messrs. Edward Cronyn and J. E. L. Pangman were appointed scrutineers.

The President called upon the Secretary to read the Annual Report of the Directors, as follows:

REPORT

The Directors have pleasure in submitting to the Shareholders the fifteenth Annual Report for the twelve months ending 30th November, 1916, together with the usual statement of Assets and Liabilities: The balance at credit of Profit and Loss Account brought forward from last year was \$ 461,892 25

The net profits for the year ending 30th November, after providing for all bad and doubtful debts, amounted to 2,439,415 17

The balance carried forward 802,319 09

This has been appropriated as follows:

Dividends Nos. 116, 117, 118 and 119, at ten per cent. per annum	\$1,500,000 00
Bonus of one per cent. payable 1st June	150,000 00
Bonus of one per cent. payable 1st December	150,000 00
Transfer to Pension Fund (annual contribution)	30,000 00
Subscriptions:	
Canadian Patriotic Fund	\$50,000 00
British Red Cross Fund	5,000 00
British Sailors' Relief Fund	5,000 00
Sundry subscriptions, including Toronto and Ontario Fire Relief Fund and War Hospitals, etc.	11,700 00
	71,700 00
Balance carried forward	802,319 09
	\$2,901,307 42

The usual careful re-valuation of all the assets of the Bank has been made and every debt which may be considered as bad or doubtful has been fully provided for.

Although this is the fifteenth report presented to you, the first half-century of the Bank's operations will not be completed until next May, owing to the date of the Annual Meeting having twice been changed. The Bank commenced business in May, 1867, and the first Annual General Meeting of the Shareholders was held on the 6th July, 1868.

During the year the following branches have been opened: In British Columbia—Pouce Coupe; in Alberta—Manberry; in Saskatchewan—Turtford; in Ontario—Manning and Thorold; in Quebec—Drummondville. The business of the branch at Gilroy, Sask., has been transferred to Riverhurst, Sask. Sub-agencies have been opened at Birch Hills and Speers in Saskatchewan, at Belgrave, Ont., and at Glen Sutton, Que. The sub-agencies at Bishop's Crossing, Compton and Weedon, all in the Province of Quebec, are now being operated as branches, and the branch at Big Lake, Que., has been made a sub-agency of Rimouski. The following branches have been closed: In British Columbia—Rock Creek and Summerland; in Alberta—Monarch and Strathmore; in Saskatchewan—Laird and Outlook; in Ontario—Port Stanley, South Porcupine and Yonge and Eglinton (Toronto); in Quebec—Chicoutimi, St. Denis and Duluth (Montreal) and St. Remi. Since the close of the Bank's year a branch has been opened at Willow Brook, Sask., and a sub-agency at Richard, Sask.

Your directors have made subscriptions of \$50,000 to the Canadian Patriotic Fund, \$5,000 each to the British Red Cross Fund and the British Sailors' Relief Fund, \$3,000 to the Northern Ontario Fire Relief Fund and smaller sums, amounting in all to \$67,000, to various organizations, principally of a patriotic character, which are seeking to alleviate the suffering arising out of the great war. The call for such help is insistent and we assume our share of the burden in a spirit of gratefulness that Canada has been spared so much.

The auditors appointed by you at the last annual meeting have made the audit required by Section 56 of the Bank Act and their report is appended to the statement presented to you today. As usual, the branches and agencies of the Bank in Canada, the United States, Great Britain, Newfoundland, Mexico, and the departments of the Head Office have been inspected during the year by the staff of our Inspection Department.

It gives the Directors pleasure again to express their satisfaction at the zeal and ability with which the officers of the Bank have discharged their respective duties.

JOHN AIRD, General Manager. B. E. WALKER, President.

GENERAL STATEMENT

30th NOVEMBER, 1916

LIABILITIES

Notes of the Bank in circulation \$ 19,559,347 68

Deposits of customers, including interest accrued to date 167,413,073 88

Deposits bearing interest, including interest accrued to date 229,896,152 13

Balances due to other Banks in Canada 141,317 42

Balances due to Banks and Banking Correspondents elsewhere than in Canada 5,091,893 49

Bills payable 2,186,838 68

Acceptances under Letters of Credit 2,092,640 19

Dividends unpaid 256,668,176 55

Capital Paid up 25,000 00

Rest Account 13,650,000 00

Balance of Profits as per Profit and Loss Account 802,319 09

29,302,319 09

ASSETS

Gold and Silver Coin Current \$ 20,875,529 82

Domestic notes 19,215,476 00

Deposit in the Central Gold Reserves 6,000,000 00

and in addition to the verification at 30th November, 1916, and found that they were in agreement with the entries in the books of the Bank relating thereto.

In our opinion the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of affairs of the Bank at the end of the year, and the information and explanations given to us, and as shown by the books of the Bank.

T. HARRY WEBB, C.A. Auditor. JAMES MAHUR, C.A. Auditor. Mitchell, Peat & Co.

Before moving the adoption of the report, the President called on the General Manager to address the Shareholders:

General Manager's Address. The shadow of the great European war has been the dominating influence in business affairs during the year through which we have just passed. No important new transaction could be undertaken without considering the effect of the war, and in the conduct of the affairs of a great fiduciary institution such as a bank it has been necessary to give more consideration to the factor of safety than in the past. Under these circumstances we feel that you will be well content with the results which we lay before you today.

The figures of the year under review were \$2,439,415, an increase of \$87,380 over the figures of the preceding year, a trifling gain, considering the increased amount of business on which it has been earned, and the great activity which has proceeded throughout the year. It is interesting to note that this is about ten times the total assets in the balance sheet of twenty years ago, when the amount was \$238,000. The increase alone during the year just past has exceeded the total figures of the whole Bank at that time by no less than the sum of ten million dollars.

The number of our branches stands at 376 as against 374 a year ago, the smallest increase in many years, including the past year, which was 6,648 as against 6,441 last year, an increase of about 300, principally in the Provinces of Ontario, Quebec and Nova Scotia.

There has not been much change in the situation in Mexico during the year. Business has naturally been affected by the events of the past few years in that country, and one of the results is that the two chief arteries of commerce, namely, Mexico and the Gulf, have been blocked. The majority of the banks which formerly operated in the country are closed, and the currency is in a chaotic condition. For the present we continue to manage our affairs as if the situation were normal, keeping in view always the uncertainties of the future. Our standing in the United States is such that we have no doubt that the vast natural resources of Mexico would soon be developed to the benefit of our country.

During the year we were called upon to join with the other banks in underwriting a part of the Second Canadian War Loan, maturing in 1921. The wonderful success of this loan is now a matter of history and must have been most gratifying to the Minister of Finance.

The members of the staff number 2,976, as shown in the following comparative table:

Nov. 30, 1916	Nov. 30, 1915	July 31, 1915	
Officers on regular staff	1896	2170	2597
Officers on special duty	157	181	5
Temporary women	1	1	2
Stenographers and stenographers	352	23	2
Stenographers and stenographers	373	344	378
Messengers	286	230	232
	2578	2828	3212

In addition to which we have 568 janitors, making a total of 3,344 persons employed by the Bank.

The changes in personnel indicated by the above figures are eloquent of the burden which has been laid upon the shoulders of the older members of the staff to maintain our organization at a satisfactory level of efficiency and at the same time to assist in the training of the younger men. At the 30th of November, 1916, our officers had enlisted about sixty per cent. of the male staff, and it is interesting to note that 264 of our officers have attained to complete rank in the army.

Further Enlistments. Not only has it been necessary to cope with the war, but provision has had to be made as well for the additional strengthening of our ranks in order to meet the emergency of enlistments. One expedient adopted to meet the exigencies of the war was the employment of temporary men clerks, of whom we now have 187, and of women clerks, both permanent and temporary, the number of the latter having increased during the past year from 367 to 725.

With a staff thus augmented to cope with the requirements of the war, our officers have been able to discharge their duties as equitably as possible, and with no means easy. Furthermore, an inexperienced and untried staff must mean a staff enlarged beyond normal requirements and a consequent addition to the cost of operation. These, however, are conditions inevitable in times such as we are passing through, and we can testify to the ready and cheerful manner in which we have been supported by the staff generally in dealing with them.

Their Supreme Sacrifice. Since our last annual meeting an additional fifty-nine brave and promising young men of our staff have laid down their lives on the field of battle. Our officers have been awarded the Military Cross and three more have been recommended for it.

We do not think that it would be fair to express our side in our banker's uniform without adding a number of our officers who have been killed, wounded, missing, prisoners, and ill.

We have received many indications that our men are measuring well up to the requirements of the war, and are capable of taking their full share in the wonderful operations at the front. Our officers are thrilling the world. Six of our officers have been awarded the Military Cross and three more have been recommended for it.

We do not think that it would be fair to express our side in our banker's uniform without adding a number of our officers who have been killed, wounded, missing, prisoners, and ill.

expect that some of them will take up military duty, we are satisfied that those who have remained at home are doing their best for the country by the highest motives; indeed, the work of the Bank could not be efficiently carried on without retaining the services of many men who in other respects would be available for military service.

Trade With Italy. A year ago you were advised that we had placed the facilities of this Bank at the disposal of our Italian allies for the purpose of receiving from their citizens in this country subscriptions to a war loan. The situation in Italy today is a very interesting one. The foreign trade of that country has grown very largely during recent years. The trade of Germany with Italy gradually overtook that of the United States, and the war, so far as Italy is concerned, has brought with it a serious dislocation of commercial intercourse, and a consequent closing of fresh sources of supply in allied and neutral countries is very pressing. With the active support and financial assistance of the British Government, there was formed during the year, in London, a company called The British Italian Corporation, which was formerly the largest of its kind in the world.

The project was to form a company called The British Italian Corporation, which was formerly the largest of its kind in the world. The project was to form a company called The British Italian Corporation, which was formerly the largest of its kind in the world.

but such a collapse would be the natural result if the advice of the Reserve Board is literally followed.

Agricultural Production. The only direction in which the tide of prosperity in the United States is not at the full in agricultural production. In a year when the world is facing the highest prices for many times, the great decrease in the crop, the moderate yields of corn and oats, the small yields of minor crops, and the fact that the price of feed on the live stock situation are matters of deep concern. The individual producer may be compensated, at least partially, for the low yield by the higher price, but no comfort for the consumer, weary of high prices, can be found in a world short of food, and of almost every commodity that enters into his daily needs.

A matter of supreme importance to the individual producer is the price of his product, to which no excuse is needed, we must as far as possible provide the cost of the war at home.

At the end of October the war had cost us a little over 850 millions, and at our present rate of spending we are likely to reach a billion in the coming year. From the excess of revenue over expenditure we may at the end of the fiscal year have a surplus of \$100,000,000, which is a proportion of the total cost of the war in this manner reflects great credit on the Government.

At the end of October the war had cost us a little over 850 millions, and at our present rate of spending we are likely to reach a billion in the coming year. find that the work of the War Purchasing Commission appointed by the Dominion Government is on a similar scale to that of the British War Purchasing Commission, which has been practically everything required for the upkeep of our army in England and France. Canada, although it is possible only in the case of some articles. We have no knowledge as to the total amount expended by the commission, but the following items will be interesting:

Clothing, boots, etc. \$35,000,000
Motor trucks and other vehicles 3,000,000
Accountants' salaries 3,000,000
Arsenal supplies, cartridges, rifles, machine guns and revolvers 17,000,000
Drugs and surgical instruments 1,000,000
Furniture, hospital supplies and stores 6,000,000
Transportation of troops to seaboard and to England, over 10,000,000
Miscellaneous men while in Canada, not including pay 35,000,000

The commission has purchased about 3 million pounds of fresh fish, about half on Canadian and half on imperial account.

War Purchases.
The purchase on imperial account by the Department of Agriculture for the year ended 31st March 1916, amounted to 186,000 long tons of hay, 450,000 tons of oats, equaling nearly 30,000,000 bushels and 187,000 tons of flour, the amount expended in this way being over \$37,500,000.

Among the purchases of the British War Office Purchasing Department at Montreal for the past year are the following items:

Cottons and cottons \$1,000,000
Food stuffs—cheese, canned meats and vegetables 20,000,000
Miscellaneous merchandise 1,500,000
Other miscellaneous merchandise 1,500,000
Total \$24,000,000

There are, of course, thousands of articles not mentioned here which are made in Canada, the cost of which is not included in the above figures. It is a most gratifying fact that Canada has been able to produce nearly everything that is required by our army, the exceptions being binoculars, machine guns, revolvers, motor trucks and some less important articles.

Since the war began we have learned much in the workshop, in the laboratory and physical laboratory, in the refinery, in the counting house, in finance, indeed in every walk of life. We have been able to form some estimate of our value among the forces of the Allies, from the boy in the trenches to the father at home who is backing his son in so many ways, but do we realize that what we owe to the world is not only the goods which depend on victory or defeat? Our responsibility for the future of the Empire and of Canada is so great that there is no room for slackness. We must do many things but everything that will help to win the war.

On the motion of the President, seconded by the Vice-President, the report of the Directors was adopted.

Mr. G. A. Morrow: I desire to move seconded by Mr. C. D. Massey, that Mr. C. D. Massey, Mr. T. H. Webb, C.A., and Mr. James Marwick, C.A., be and they are hereby reappointed to hold office until the next annual general meeting, their remuneration not to exceed \$10,000 per annum.

Mr. Alexander Bruce: Mr. President I have much pleasure in moving that Mr. C. D. Massey, Mr. T. H. Webb, Mr. James Marwick, C.A., and Mr. James Marwick, C.A., be and they are hereby reappointed to hold office until the next annual general meeting, their remuneration not to exceed \$10,000 per annum.

Mr. Stewart Patterson: Mr. President and Gentlemen, I take much pleasure in thanking you for the honor of that section which I have the honor to represent, for the good services during the past year.

No matter how large the capital of a bank, or how prominent and influential the directors, or how able and loyal the chief officers, or how efficient the staff, and how successful the management, the success of a bank depends on the character of its management. It is the duty of the directors to see that the management is of the highest quality, and that the staff is of the highest quality, and that the management is of the highest quality, and that the staff is of the highest quality.

It is my duty to say that the success of a bank depends on the character of its management. It is the duty of the directors to see that the management is of the highest quality, and that the staff is of the highest quality, and that the management is of the highest quality, and that the staff is of the highest quality.

It is my duty to say that the success of a bank depends on the character of its management. It is the duty of the directors to see that the management is of the highest quality, and that the staff is of the highest quality, and that the management is of the highest quality, and that the staff is of the highest quality.

It is my duty to say that the success of a bank depends on the character of its management. It is the duty of the directors to see that the management is of the highest quality, and that the staff is of the highest quality, and that the management is of the highest quality, and that the staff is of the highest quality.

It is my duty to say that the success of a bank depends on the character of its management. It is the duty of the directors to see that the management is of the highest quality, and that the staff is of the highest quality, and that the management is of the highest quality, and that the staff is of the highest quality.

this number will be increased during the coming year, but many, we hope, will return to us when peace comes.

In the meantime, a great many of our senior men and some of the younger men remain with us from a deep sense of duty, and we require their services, as you have just heard, in carrying on the Bank efficiently. Some workers are quite properly considered as serving the country, and the men necessary to maintain the efficiency that is required by the demands of this war should be left with us, and should also be considered as performing their duty at home just as much as a munition worker.

A further consideration, I think, requires attention, and that is that the bank officials on fixed salaries have probably suffered more from the pressure of the high cost of living than the majority of the community, and that they should have done so uncomplainingly redoubtably to their credit.

I wish to associate myself with all that Mr. Aldrich has said regarding Mr. Bell, who was a particular friend of mine, and also in connection with his remarks regarding the many brave fellows who have passed away at the front within the last year. (Applause.)

The President Mr. Brown, the Superintendent of our Central Western Branches, is here. We would like to hear from him.

Mr. Brown: Mr. Chairman and Gentlemen.—The manner in which this vote was taken, which in most institutions is treated as a purely formal courtesy, in the case of the Bank of Montreal, attests the general staff, could only be justified or explained by a conviction on the part of the administration that the staff is far and away above the average, both as to loyalty and efficiency, and as to such a conviction as to believe, precisely what it is desired the shareholders should know.

The institutional pride to be found everywhere among our men is so pronounced as to have provoked the attention of some of our good friends among officials of other banks. I am sure that a question asked by an official of another bank, whose duties carry him over an extensive area of the Dominion, why was it that, no matter where a Commerce man might be met, he was all the time before him, and in a quiet way, while this admirable condition of affairs has been spoken of again and again in these meetings, the reason therefor has never been mentioned.

I am speaking on behalf of the staff, I think it is appropriate that I should say that the reason lies in the kindly and understanding spirit which has always been shown by the management and the staff in every walk of life. We have been able to form some estimate of our value among the forces of the Allies, from the boy in the trenches to the father at home who is backing his son in so many ways, but do we realize that what we owe to the world is not only the goods which depend on victory or defeat? Our responsibility for the future of the Empire and of Canada is so great that there is no room for slackness. We must do many things but everything that will help to win the war.

On the motion of the President, seconded by the Vice-President, the report of the Directors was adopted.

Mr. G. A. Morrow: I desire to move seconded by Mr. C. D. Massey, that Mr. C. D. Massey, Mr. T. H. Webb, C.A., and Mr. James Marwick, C.A., be and they are hereby reappointed to hold office until the next annual general meeting, their remuneration not to exceed \$10,000 per annum.

Mr. Stewart Patterson: Mr. President and Gentlemen, I take much pleasure in thanking you for the honor of that section which I have the honor to represent, for the good services during the past year.

POTATOES FIRM EXPECTED HIGHER

Prices Are Reported to Be Advancing at Shipping Points.

OTHER PRICES STEADY

Toronto Wholesale Fruit and Vegetable Markets Hold Firm.

Potatoes again advanced in price, the New Brunswick Delawares selling at \$2.40 to \$2.50 per bag; Prince Edward Islands at \$2.10; and they are expected to advance still further, as they are asking higher prices at the shipping points. Mushrooms came in freely yesterday, and sold at \$1.75 to \$2.00 per 4-lb. basket, according to quality.

J. J. Ryan had a car of New Brunswick Delaware potatoes, selling at \$2.50 per bag.

Samuel Hisey had a car of British Columbia potatoes, which he resold by the car lot.

Chas. S. Simpson had large shipments of Queen's selling at \$2.50 per case; Brussels sprouts, at 27c per box; mushrooms, at \$2.50 per basket; green peppers, at 85c per small basket, and sweet potatoes, at 32c per hamper.

McWilliam & Everist had a car of potatoes, selling at \$2.50 per case; a car of sweet potatoes, selling at \$2 per hamper; a shipment of green peppers, at 75c per small basket; spinach, at \$1.25 to \$1.50 per hamper; parsley, at 75c per dozen; and two cars of Delaware potatoes, selling at \$2.40 per bag. Prince Edward Islands at \$2.10 per bag.

M. Peters had a car of navel oranges, selling at \$2.50 per box; a tank of strawberries at 50c per box.

White & Co. had a car of Messina lemons, selling at \$2.50 per case; a car of coconuts, selling at \$2.50 per sack containing 100; spinach at \$1 per bushel; and mushrooms at \$1.75 to \$2.25 per 4-lb. basket.

Apples—20c to 35c per 11-quart basket; extra choice, 50c per 11-quart. Barrels—No. 1, \$2.50 to \$2.75 per box; No. 2, \$2.25 to \$2.50 per box; No. 3, \$2 to \$2.25 per box; No. 4, \$1.75 to \$2 per box; No. 5, \$1.50 to \$1.75 per box; No. 6, \$1.25 to \$1.50 per box; No. 7, \$1 to \$1.25 per box; No. 8, \$0.75 to \$1 per box; No. 9, \$0.50 to \$0.75 per box; No. 10, \$0.25 to \$0.50 per box.

ST. LAWRENCE MARKET.

There were fifteen loads of hay brought in yesterday, the top price being \$15 per ton.

Hay and Straw—
Hay, No. 1, per ton, \$14.00 to \$15.00
Hay, No. 2, per ton, 12.00 to 14.00
Straw, rye, per ton, 18.00 to 20.00
Straw, loose, per ton, 9.00 to 10.00
Straw, oat, bundled, per 1000, 15.00 to 17.00

LONDON STOCK MARKETS.

London, Jan. 9.—The stock market was generally quiet today. Gift-edged securities were lower under realizing in order to exchange into the new loan which is now being sold. The market for the new loan was active and there were more sellers than buyers. The market for the new loan was active and there were more sellers than buyers.

METAL MARKETS.

London, Jan. 9.—Copper, spot, £133; futures, £128. Electrolytic, £145. Tin, spot, £125. Spelter, spot, £60 5s; futures, £48 5s.

Give Us His Name

You may wonder why we keep on asking for more names. You may wonder what we are doing with the names you have already sent in. Read this:

Names received to date 8,818
Number called on (first call) 1,057
Number of men who "will go" 99
Number of men who "won't go," or think they cannot go 441
Number we consider "good prospects" to be called upon again 517
..... 1,057

Of the men who "will go" we found only about one-half, or 50, to be medically fit. Of the 517 "good prospects" we ought to get, say, 60, into khaki, or a possible total of 110 enlisted men out of the 1,057 names. So, you see, we are doing well if we get 1 man enlisted out of 10 names you send in. As we want something like 1,100 men, its going to take from 11,000 to 15,000 names to give us our Battalion (allowing for various weeding out processes.)

But we are very much encouraged over our results. Our great difficulty, aside from getting good, clean names of "prospects," has been to get and train suitable canvassers. We are now rapidly surmounting that obstacle, however, and within a few weeks we expect to have 50 men coming before the Doctor every day. Good canvassers or "recruiters" get good results; one man made 76 calls and got 18 "will go's". Another canvassed 67 names and got 19 "will go's", 23 good prospects, and 25 "can't's."

Clip out and fill in the coupon below. Mail or send it to Lieut.-Col. George O. Royce, O.C., 255th (Q.O.R.) Bat., Toronto Armouries. If possible also send us his reason for not going. If you prefer, telephone your information to Adelaide 3869.

Board of Trade Official Market Quotations

THE GOLD MOVEMENT.

New York, Jan. 9.—Gold amounting to \$25,000,000, one of the largest shipments received in this country since the outbreak from Halifax, N.S., and was deposited in the Treasury. Twenty-six automatic trucks, each with armed guards, were required to transport the gold, which was packed in 800 boxes from the railroad station to the sub-treasury. A force of 35 clerks was kept on duty to receive the shipment. Unusual secrecy was observed, it was said, regarding the route of the gold, which came on heavily-guarded express cars through Canada.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Just plain unperfumed coconut oil (which is pure and entirely greaseless) is the best. It cleanses the scalp, softens anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two spoonfuls will make an abundance of rich, creamy lather, which cleanses the scalp and soaks thoroughly. The lather softens out easily, and removes every particle of dust, dirt, dandruff, and every kind of hair matter. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get multiplied coconut oil at most any drug store. It is very cheap, and a few ounces will last everyone in the family for months.

Leader for Porcupines in New York

The first real official recognition of the Porcupine gold stocks from the big New York market was yesterday when the buying of these was one of the features of the Wall Street market. The buying was not done in the early morning, and the early morning market was not so active as it has been in the past. It was not until about 10 o'clock that the buying of these stocks began to show itself. The buying was done in the name of a New York firm, and it was not until about 11 o'clock that the buying was reported. The buying was done in the name of a New York firm, and it was not until about 11 o'clock that the buying was reported. The buying was done in the name of a New York firm, and it was not until about 11 o'clock that the buying was reported.

MINOR CHANGES ON TORONTO EXCHANGE

Investment Buying in Mackay Advances Price—Specialties Unchanged or Weaker. Any changes in securities dealt in on the Toronto Stock Exchange yesterday were of a minor character. Steadiness in prices more than any other feature marked the day's business. The underlying cause, if anything, is the strong investment buying in Mackay, and yesterday a portion of this centred in Mackay common, resulting in an advance of the price to 14 1/2. War bonds were also in good demand, with the price firmly maintained above 98. In the specialties, steel was the softest security, with sales down to 22. In the curb dealings, the holding pulp company's shares

BOARD OF DIRECTORS: LEUT.-GENERAL THE HON. SIR SAM HUGHES, K.C.B., M.P., P.C. President. WILLIAM W. SLOAN, Mining Operator, Toronto. CHARLES E. JURY, Canadian Northern Railway, Toronto, Vice-Pres. M. C. SCHAFFER, Managing Director. A. ANGUS MACDONALD, Bond Broker, Toronto. F. C. ANNESLEY, Canadian Northern Railway, Toronto. CHARLES J. BEILBY, Toronto, Sec'y-Treas.

Orders at 60c per share will be received up to and including Thursday, January 11th, 1917. Orders mailed on that date containing cheques, money orders or drafts will be accepted if letter is postmarked not later than Jan. 11th, and same will be treated as received in time.

The Murray-Mogridge is located in the Township of Maisonsville, in the Kirkland Lake area, recognized as the most consistently mineralized Township in Northern Ontario. The property is reputed to be the longest unbroken gold-bearing vein in Northern Ontario.

THE GREATEST FORTUNES are said to have been Made in Mining Enterprises NOT THROUGH INDISCRIMINATE PURCHASES OF MINING STOCKS—NOT THROUGH MARKET MANIPULATION OF MINING STOCK—BUT IN MINING ENTERPRISES IN THE EARLY STAGES OF DEVELOPMENT, WHERE THE MEN BEHIND IT TREAT MINING AS A BUSINESS RATHER THAN A GAMBLE.

THE MURRAY-MOGRIDGE property was selected from a great number of mining properties in Northern Ontario, after three years of examination and sampling by prominent engineers, and is considered by them a property giving excellent promise for becoming a big mine. At the present price of sixty cents a share the stock, in the opinion of those competent to judge, offers especially attractive possibilities. The formation, according to the opinion of geologists, is identical with the proven mines of Kirkland Lake, the vein system and formation being similar to that of Tough-Oaks, Wright, Hargraves and Lake Shore. Purchasers of Murray-Mogridge associate with well-informed mining men and with business men whose records are a guarantee that the best results obtainable in this splendid and extensive property will be secured. Orders telegraphed will be filed as received, and same will be placed on same basis as local cash orders, providing remittance follows by first mail. No order will be filled unless payment in full accompanies order. Right is reserved to accept or reject any or all orders.

J. M. CHILDERHOSE STOCKS AND BONDS

C. P. R. BUILDING, Cor. King and Yonge, TORONTO. (Rooms 1011 and 1012) Tel. Main 3450, Main 212

Following at local market but the p.m. closing, and the New York market, the general feeling of this stock was curiously strong on N.Y. to the last trading.

Clothes Don't Make the Man

BUT they do help to create a favorable impression. Many a decent man has at some time been handicapped by clothes that weren't up to the standard of the man himself.

The Simpson Men's Store

Helps you to get right clothes at right prices. Here are some good clothes at moderate prices:

English Melton Chesterfield Coat \$12.45

This is one of the season's most popular styles, the always fashionable and dressy Chesterfield, with single-breasted fly front and velvet collar. It's made of a good quality black English melton, and is lined with serviceable mohair. Sizes 36 to 44. The value is **12.45** specially attractive at **12.45**

A Young Man's Close-fitting Coat

Made in a natty, smart style, close-fitting, double-breasted, with soft roll lapels and the short length. The material is an English chinchilla cloth in plain brown or plain blue. Sizes 34 to 40. The price is **16.50**

Boys' Ulster Overcoats \$6.95

Smart double-breasted Ulster models, tailored from heavy grey tweed and blue chinchilla coatings and warmly lined throughout. They have wide convertible collars that may be fastened close to chin or worn showing lapels; natural shoulders, half belt, vent in back and flap pockets. Sizes 26 to 34, for boys 8 to 16 years. Wednesday **6.95** day

A Heavy Double-breasted Ulster

This is a big, warm coat for the man who requires lots of warmth. It's made of heavy English tweed, in a grey mixture. Has convertible collar, half belt and strong mohair linings. Sizes 36 to 44. We recommend this coat very highly. Price **22.00**

A Good-looking Brown Suit

The material is a splendid quality worsted in a small brown check pattern. Cut in the style that men of good taste want—the three-button sack coat and the medium style trousers. Sizes 36 to 44. A very fine business suit for **16.50**

Boys' Blue Chinchilla Reefers \$5.95

Tailored from dark navy blue chinchilla coatings in fashionable double-breasted reefer models, with close-fitting black velvet collars, well-formed shoulders, emblem on sleeves, black bone buttons and flap pockets. Warm twill linings. Sizes 20 1/2 to 28, for boys 2 1/2 to 10 years. Wednesday **5.95**

Boys' Shirt-waists Special at 49c

Slightly soiled, dressy-looking, serviceable Shirtwaists, for boys 6 to 15 years of age. Have detachable and attached soft collars with link fastener. The materials are zephyrs, chambrays, tennis linens and Madras, in white grounds with black, blue and brown stripes and plain white and linen colorings. Sizes 11 to 13 neck-band. We advise 8.30 shopping in order to secure a good selection. Wednesday **.49**

Boys' Cowboy Suits, Clearing at 49c

We are clearing out our Boys' Play Suits at less than half price. They are of khaki drill materials and consist of blouse, long pants, belt, with pistol and rope, bandanna handkerchief and hat. For boys 3 and 4 years. Wednesday **.49**

Travelling Goods

Walrus Grain Club Bags, double handle, hand-sewed frame, leather lined, with pockets, 18-inch size, **\$8.00**; 20-inch size, **\$8.95**.

Matting Suit Cases, all edges bound, swing handle, brass lock and catches, cloth lining, with inside pocket. 24-inch size, **\$2.50**; 26-inch size, **\$2.75**. With strap, 24-inch, **\$3.35**; 26-inch, **\$3.50**.

Tourist Trunks, vulcanized fibre bound, leather straps, large bolts, Excelsior lock, sateen protectors, fancy check lining, with two trays. 36-inch size, **6.50** only

Baby Carriage Robes

because slightly soiled will be sold at **\$1.85**
