HOUSE COMBATS BIGGS FLATLY DENIES GETTING COMMISSION

Liquor Being Held for Export No Take-Off Was Offered Him in Connection With Purchase of Motor Trucks, He Declares in Public Accounts Committee.

In the legislature yesterday, J. E. Thompson's bill to give power to the board of education to pay \$400 a year to members, was defeated in committee after a lengthy debate. The measure had previously been endorsed by the municipal committee.

The attorney-general introduced a bill to amend the marriage act so as to make municipal clerks ex officio issuers of marriage licenses.

The measure also provides that the clerk in the larger municipalities cannot personally issue licenses, and provides for him making arrangements for officials to look after these duties.

Appeals From O.T.A.

Discussing appeals from O.T.A. convictions on the record of evidence, the legislature briefly considered the bill to permit an appeal to a county judge if notice is given to the prosecution and convicting magistrate within ten days.

Another provision of the bill provides for an appeal by any informant who is dissatisfied with any order of dismissal by a magistrate.

Another provision of the act makes it clear that the Ontario act does not touch liquor held for export sale in a bonded liquor warehouse and therefore, under federal control.

Another clause in the bill reads: Section 46 of the Ontario temperance act is repealed, and the following substituted therefor:

Nothing herein contained shall prevent any person from having liquor for export sale in a bonded liquor warehouse or from selling such liquor to persons in other provinces or in foreign countries.

Sections 52, 53, 54 and 55 of the Ontario temperance act are repealed, and the following substituted therefor:

Any person convicted under this act may, subject to the provisions hereinafter mentioned, appeal from the conviction to the judge of the county or district court of the county or district in which the conviction or order is made, sitting in chambers without a jury, if a notice of such appeal is given to the prosecutor or complainant and to the convicting magistrate within ten days of such conviction.

There shall be delivered to the convicting magistrate with such notice of appeal an affidavit of the person convicted complying with the requirements set out in section 54 hereof.

The term "judge" as used in this section shall, in case there is a junior or deputy judge of such court, mean the senior judge, and in the absence or illness of the senior judge or of there being a vacancy in that office shall mean such one of the senior judges of any of the adjoining counties.

Right of Appeal.

"Any informant or complainant dissatisfied with any order of dismissal made under the act, or any order of the order of the judge of the county or district court, which order is made in the exercise of the powers conferred by this act, and the judge shall have and may exercise the same powers as in the case of an appeal against a conviction, and may make such order as he may think fit in the deposit of security in such case shall be dispensed with."

SIX DEAD, 30 HURT IN RAILWAY WRECK

Number of the Injured Are Not Expected to Live.

Somersett, N.Y., April 6.—Two persons were killed and thirty injured, four fatally, in the wreck of the Royal Palm Limited, northbound, on the Southern Railway at New River, Tenn., this afternoon. A special train bearing the dead and injured arrived here at 8.30 o'clock this evening. Four died on the train and in a hospital here.

A number of injured are not expected to live. The dead who have been identified are: Joe Kramer, Chicago, and Williams Parks, aged 87, Soldiers' Home, Grand Rapids, Mich.

The unidentified dead include a little girl, a woman and a man. The injured were overturned and three sleeping cars derailed. The wreck, which was due, according to railroad men, to buckling or spreading of the rails, occurred just north of New River, Tenn.

The Royal Palm Limited runs from Jacksonville, Fla., to Chicago. Thru sleepers from Indianapolis, Toledo, Detroit and Chicago are carried.

RESTRICT LIQUOR PERMITS IN QUEBEC PROVINCE

Montreal, April 6.—A definite ruling was made public today by the Quebec liquor commission to the effect that not more than one permit will be accorded to any one establishment, except hotels.

This means that it will be only hotels in cities and towns where both tavern and restaurant licenses will be granted under the law.

MAXIMILIAN BERLITZ DEAD

New York, April 5.—Maximilian D. Berlitz, originator of the Berlitz system of teaching languages, died suddenly at his home here today. He was born in Germany in 1852, but came to the United States when a child.

DUKE IS IN EDMONTON

Edmonton, Alta., April 6.—The Duke of Devonshire, governor-general of Canada, arrived in Edmonton today. His arrival in the city was announced by the Women's Canadian Club and attended various other functions.

BIGGS FLATLY DENIES GETTING COMMISSION

No Take-Off Was Offered Him in Connection With Purchase of Motor Trucks, He Declares in Public Accounts Committee.

At the public accounts committee of the legislature yesterday, Hoto pur Biggs testified that he had not been offered, nor had he received, any commission on the purchase of motor trucks.

"Have you, at any time in connection with this transaction," R. L. Bracklin, K.C., asked, "either before or after the contract was let, received directly or indirectly from any person, any commission, or money, or anything else, for yourself?"

"I have not received anything," the minister replied. "I did not receive the promise of anything, nor was the matter discussed by me with any party."

When Mr. Biggs was sworn by Chairman J. W. Curry and questioned by R. H. Bracklin, "Mr. Hogarth, chief engineer, has been purchasing agent for the department ever since I assumed office," the minister stated. "Everything is purchased over his signature."

Considered Purchase.

"Including motor trucks?" "Yes."

Mr. Biggs stated that on assuming office he had learned that purchasing motor trucks had been considered by the former government for some time.

Early in December, 1919, Mr. Hogarth recommended purchase of a number of Sterling trucks for the department.

"Was there any effort on your part to suggest purchase of any particular kind of truck?"

"Absolutely none. It was immaterial to me." It was Mr. Hogarth's recommendation that the city of Toronto purchase a number of Sterling trucks also.

In speaking to Parkin, witness had asked him if he wished to tender on trucks to be supplied the department. Parkin replied in the affirmative. "Did you intimate to him that the department intended to purchase Sterling trucks?" "No. I gave no indication as to the make or price of trucks which we wished."

Mr. Hogarth stated that when he went to Mr. Biggs' office on December 20, he had not been advised that the tenders had not been advertised.

"The only tender made was the Parkin tender," witness stated. "I was not aware of any other tender made since the receipt of the Parkin tender he called up Mr. Madden of Grace Motors to check up the Sterling truck prices. There were the same as the standard price."

Didn't see Parkin. Mr. Hogarth stated that when he went to Mr. Biggs' office on December 20, he had not been advised that the tenders had not been advertised.

"The only tender made was the Parkin tender," witness stated. "I was not aware of any other tender made since the receipt of the Parkin tender he called up Mr. Madden of Grace Motors to check up the Sterling truck prices. There were the same as the standard price."

PARALLEL DRAWN BY DUTCH PAPER

Says Hapsburg Adventure Can Easily Be Duplicated by Hohenzollerns.

London, April 6.—The Nieuws van den Dag of Amsterdam is quoted by The London Times, correspondent as saying:

"The Hapsburg adventure is a timely reminder to us of our distinguished guest, the Hohenzollerns. If Charles was able to leave Switzerland unnoticed and suddenly emerge in his former country, is it not possible that the ex-kaiser could do the same?"

"Our foreign minister has intimated that he will answer for the preventive measures, so that Holland may not become another Elba and that the ex-kaiser will never have another chance to repeat himself. Even if this promise has not been made in any official manner, we have always considered it most important. Our country is small. Anyone in an automobile of an evening can pass the frontier; the strictest watch cannot prevent it. And there are other means of transport—by water and air."

Elbein friends intended a coup d'etat which could easily call for the Hohenzollerns at Wieringen in a motor boat or an airplane. Besides there is the possibility of a direct coup d'etat. The Netherlands people in such a case would be fully entitled to accuse the government of nonchalant optimism for which it might have to pay very dearly."

GREAT FIRE IN TOKIO MANY PERSONS INJURED

Tokio, April 6.—A big fire, which broke out today in the Asakusa section of Tokio, was brought under control this afternoon after the firemen had resorted to the method of tearing down a ring of houses around the affected district. The members of the fire department were aided in their work by 8,000 members of the police force and troops and gendarmes.

A number of children were injured as they fled from a burning school house. Tonight a thousand refugees are quartered in the Asakusa Park, the temples and school houses. Active measures of relief for the sufferers from the disaster are under way.

FIND BODY OF MISSING PATIENT FROM ROCKWOOD

Kingston, Ont., April 6.—(Special).—The mysterious disappearance of Miss Amelia Earle, aged 35, of Naprepe, a patient at Rockwood Hospital, was cleared up this afternoon when a body was found in Cataract Creek and was identified as that of the missing woman. She disappeared from the hospital in February.

VATICAN WELL PLEASED AT TALBOT APPOINTMENT

Rome, April 6.—A semi-official Vatican statement says: "The appointment of Lord Edmund Talbot as viceroy of Ireland has produced a good impression because of the abrogation of an unjust law, which prohibited a Catholic from becoming viceroy over that Catholic population."

GEORGE WIAN REISS TAKEN AT SYLT'S FUNERAL

Ten Thousand With Red Flags Honor Strike Leader Shot by Police.

Berlin, April 6.—Ten thousand communists marched today behind the hearse bearing the body of Wilhelm Sylt, the strike leader, who was killed last week as he was attempting to escape from the Berlin police. As the funeral passed thru the principal streets, the people sang "The Internationale" and waved red flags.

Cross-street traffic was halted while the funeral procession was passing. Those in the procession at intervals gave three cheers for Sylt and for the Moscow internationale. Many women and girls were among the demonstrators.

At the graveside, a number of radicals delivered brief speeches, in which they compared Sylt to Dr. Karl Liebknecht and Rosa Luxemburg in carrying out the aims of the proletarian.

The Rote Fahne, the radical organ, in an editorial today, dealing with the funeral of Sylt, said: "Down with the white terror, the bourgeoisie! Down with all murder organizations!"

There were no untoward demonstrations during the funeral of Sylt.

SOVIET RETURNS TO CAPITALISM

Decree Preparing in Moscow Lifts Ban on Foreign-Owned Industries.

Stockholm, April 6.—Reports reaching Stockholm by way of Helsinki say that the Russian Soviet government is finding it necessary to make further concessions in the re-establishment of commercial relations. A decree is being prepared in Moscow, it is asserted, suspending the nationalization of industries in order to facilitate the exploitation of Russia's natural resources by foreign capitalists.

The ban will be lifted first from factories formerly belonging to British subjects.

Nikolai Lenine, the Russian Bolshevik premier, is reported to have dropped the idea of attracting foreign capital by offers of concessions, on the ground that the method is too slow in its operation, substituting the plan for suspending nationalization of industries as a means of returning to capitalism.

Germany Gets Concessions.

London, April 6.—A despatch to The London Times from Berlin says it is understood that in view of the imminent signing of a Russian commercial agreement, the financial group, represented by Hugo Stinnes and August Thyssen, already have acquired large concessions in various provinces in Soviet Russia.

Mr. Langley said that seeing operations will be late in the northern sections of Saskatchewan this year on account of heavy snow.

CONFESSES MURDER HITHERTO MYSTERY

Man Arrested Claims to Have Helped to Kill Joseph Elwell.

Buffalo, N.Y., April 6.—Roy Harris, arrested here this evening on a charge of forgery, signed a statement to the effect that he and another man killed Joseph B. Elwell in New York last June.

Harris says that he and a friend, William Dunkin, were accosted on the street by a chauffeur who knew, who told them he had a woman passenger who might pay them well for a job. They got in and drove about the city.

The man had been staying at a hotel here with his wife since Tuesday. An acquaintance tipped the local police off that he was wanted in New York, and he was arrested. As he was being brought into the station house he said:

"That cheque thing was all settled. I know what you want me for. It is the Elwell murder. Then without much prompting he dictated a statement and signed it."

HAMILTON

Hamilton, April 6.—Rev. De Courcy Raynor, formerly of this city, but now of Watford, Ont., criticized the statement of Dr. Bland of Toronto at the afternoon's session of the association of Congregational Churches.

Mr. Raynor, in inviting the association to hold its next convention in Watford, said that in his opinion the Rev. Dr. Bland's call should not be asked to attend.

When this statement was made Dr. Bland, who was promptly rose to defend Dr. Bland.

Rev. Mr. Raynor, in reply, said that he had no intention of curtailing free speech. The suggestion of the convention withdrew his suggestion that Rev. Dr. Bland and his followers should not be asked to attend.

Gives Tanlac Credit For Splendid Health

"Mecca" From

T. J. PARKER. 4246 Juncau Street, Seattle, Wash.

"I used to think all the Tanlac testimonials were exaggerated, but I have felt thankful a thousand times I ever believed in it strong enough to give the medicine a trial," said T. J. Parker, well-known salesman for Gettel's Clothing Store, residing at 4246 Juncau St., Seattle, Wash.

"Several years ago I commenced having periodic spells of sickness and a few months ago I had an attack that I thought would finish me. When I finally got up, I was scarcely able to go. I had no appetite and what little I forced myself to eat caused so much gas on my stomach I could hardly get my breath."

"At night I was often so bloated I couldn't breathe while lying down and just had to sit up and struggle for air. At times I had cramps so bad I could hardly endure it."

"My liver was sluggish and sometimes I got so dizzy I would nearly fall. I felt tired and miserable all the time, couldn't even sleep and for days at a time I wasn't able to go to work."

"Well, a friend of mine finally got me to try Tanlac, and it certainly has done a good job for me. My appetite is fine now and although I am eating just anything I want and as much as I please, my stomach never gives me the least trouble. I have picked up in weight, my strength has come back to me, and I am now enjoying the best of health."

"All the men at the store know Tanlac put me back on my feet, and I am glad to give this statement for what it may be worth to others."

CHARLES CROSSES SWISS FRONTIER

Ex-Emperor Back at Lucerne in a Very Exhausted Condition.

Lucerne, April 6.—The former Emperor Charles arrived at Lucerne about eleven o'clock tonight. He was accompanied by the former Emperor's wife, who met him at Buchs. Charles appeared to be in a very exhausted condition.

The saloon car in which Charles was a passenger was attached to the ordinary train at Buchs and continued on the journey by way of Sargans. Charles was met at the frontier by Col. Kissling, who had arranged his passport formalities. Former Emperor Charles motored to Buchs to meet her husband, and accompanied him on the trip.

Several Swiss soldiers and policemen left Buchs with the former king-emperor. The representatives of the emperor, who accompanied Charles to the Swiss frontier, left him at Buchs and returned to Hungary.

Charles was caused by the holding up of the former emperor's train last night at Probstzetta, just to the south of Buchs, in lower Austria.

Several thousand men from the industrial towns in the region gathered at Buchs in the evening and declared they would not let the ex-emperor pass until they had told him what they thought about him and his adventure.

The burgomaster of Buchs stopped the train by telephone message sent from Frohlfelden, while efforts were made by emperor's representatives and others to persuade the workmen from their purpose. The workers resisted all pleas for several hours, but the crowd was finally dispersed at one o'clock this morning.

REJECTS DAYLIGHT SAVING

Peterboro, Ont., April 6.—(Canadian Press).—Two bylaws submitted to the electors today suffered decisive defeat.

Daylight saving was rejected, 634 to 437, and the ratepayers turned down a proposal to spend \$40,000 on a surface drainage system by 519 to 254.

The surface drainage proposal was inspired partly by a desire to relieve unemployment.

C. J. R. BETHUNE DEAD

Ottawa, Ont., April 6.—C. J. R. Bethune, a well-known lawyer, died here today after a brief illness in his fifteenth year. Inquest will be held from the residence of his sister, Mrs. G. G. S. Lindsey, Toronto. Lady Howland, St. Catharines, his mother, also survives.

NEW ATTRACTIONS AT VAGABONDIAS

"Mecca" for Royal "Girl From Vagabondia" at Princess. That "Mecca," the oriental musical extravaganza, which F. Ray Comstock and Morris Geat will send to the Royal Alexandra for one week, beginning next Monday night, April 11, will check up one of the records of the season, is already indicated by the heavy advance sale. Manager Solman says the mail or- der tickets were placed on sale Tuesday morning.

For the closing week of the English Players' engagement at the Grand Opera House, Monday evening, the talented organization will present Sir John Gielgud's production of "The Light That Failed."

"Lying Lips" at Regent and Strand. Since pictures take a year to produce, but when they are completed they are of a quality, well, a character to justify their cost.

"All Jazz Revue" at Star. The "All Jazz Revue," Irons and Clarendon's second edition of the popular extravaganza, will be presented at the Star Theatre next week.

Golden Crook Co. at Gayety. The big two, Jack Callahan and Bob Nugent, are the headliners in the Golden Crook Company which appears at the Gayety Theatre next week.

Shea's Theatre. At Shea's Theatre next week probably the most attractive of the season has been booked. Headline honors on the bill are given to the grand opera popular in vaudeville.

Blind Wives" at the picture house, starts a week's engagement at the Young Street Theatre on Monday. The picture is presented in addition to the usual acts.

Special Matinee at Pantages. Tomorrow afternoon Pantages Theatre is to celebrate National Vaudeville Artists' Day with a great, big, boisterous matinee performance, comprising four additional acts by a special matinee cast.

George Wong, 115 Elizabeth street, was arrested last night by Plainclothesmen Mulholland on a charge of smoking opium. A small quantity of opium was seized.

PRESENT VIEWS ON COMING OF CHRIST

Rev. Griffith-Thomas Delivers Address Supporting Pre-Millennial Theory. "The Coming of Jesus Christ—Pre-Millennial," was the subject of Rev. W. H. Griffith-Thomas, D.D., last night at the seventh annual prophetic conference of Toronto, which is being held this week in Knox Church.

Several reasons were given by Dr. Thomas for believing that the millennium is to be inaugurated by the Lord's return. "Christ shows a satanic agency to exist right up to the time of His coming."

Pre-Millennial View. "The state of the world today is entirely a proof of the pre-millennial view," continued Dr. Thomas. "Christianity has been in the world now for just the little impression it has made on mankind."

TAKEN IN CUSTODY AFTER QUARANTINE

Mrs. O'Mellia, Who Nursed Husband With Smallpox, Charged With B.O.T.A.

Mrs. Elizabeth O'Mellia, who, with her husband, has been quarantined at their home at 852 Spadina avenue for the past two weeks because the latter was suffering from smallpox, was taken in custody last night on a warrant sworn out two years ago, charging the woman with violating the B.O.T.A.

DIED FROM NATURAL CAUSES

Baby Hicks, who died in the Spadina Hotel, at the corner of Spadina avenue and King street, on March 23, where its mother, Mabel Hicks, was employed, was found to have died from natural causes by Coroner E. Everything that is to be done in connection with the new clause, the men standing firm for 52 cents an hour maximum. The company will be asked to submit an offer at the next meeting, a week from tonight.

MUNITIONS IN IRELAND FOUND SHIPPED FROM U.S.

London, April 6.—Methods by which the Sinn Fein were shipping arms and ammunition have been disclosed by the discovery of an underground dump in Dublin, says The Evening Standard today. Ammunition boxes were found there, it declares, bearing the stamp of a powder works in Massachusetts. The boxes, the newspaper asserts, were shipped by Irish-American sympathizers who had established wireless communication between "gun-runners" on the west coast of Ireland and in the United States.

COUNTY AND SUBURBAN ORIENTAL BAZAAR A GREAT SUCCESS

St. John's Catholic Hall Beautifully Transformed for Opening of Fete. BEACHES. Decked with myriads of flags and variegated streamers, the interior of St. John's Catholic Hall on Kingston road was completely transformed into a bower of beauty. The occasion was a grand oriental bazaar and fete for church purposes which opened yesterday for one week.

Much credit is due to the young men of Earlscourt Central Methodist Church, who spent so much time and energy on the new pulpit, which was made in the manual training room of the church. The pulpit is of light oak, matching the pews and woodwork in the building, and is of a latest design. Inset are small electric fittings.

Seen by 'the World' yesterday, Alfred Cleworth, president Earlscourt branch of the North River-keepers' Association. He said, after a careful survey of the district, that the waterway districts for the coming election, the district would have a clear majority for the negative side.

REAL LINEN SALE

A Great Special Selling of Spring Footwear, Today

Dainty Silk Lingerie

Many are the flattering remarks that we hear in connection with the lovely silk lingerie arriving almost daily in our Lingerie Department, and we must admit that we have admired them strongly and inspected each dainty garment with enthusiasm, as it has come from our workrooms. Moreover, not only are the garments themselves alluring, but the markings are unusually pleasant, being extremely moderate, considering the quality of material and the amount of work they represent.

Simplicity of design and elegance of material are salient characteristics of the most recently evolved underthings, one of which is an exquisite nightgown of two tier georgette—one of orchid, and an over one of white. The points, neck and armholes, as well as the Vandyke edge are picoted; dainty knots and streamers of orchid satin ribbon finish a novel and distinctive garment.

A dainty set of flesh colored crepe de chine has a chemise with georgette top, finely run with groups of pin tucks, rows of fine Valenciennes insertion and lace finishing the top. The skirt is joined to the upper part by a deep band of finely tucked georgette and insertion. Dainty blue and pink silk French flowers catch up the shoulder points. An altogether lovely set of nightgown and knickers is fashioned of orchid crepe de chine, elaborately inserted with delicate Val. insertion. A much wider lace edges the sleeves and neck of the nightgown and the knickers. Bows of two-toned Lady Fair ribbon give an extra touch of daintiness. Nightgowns, chemise and knickers may be had in other lovely colors in matched sets along simple tailored lines or adorned with delicate lace and ribbons of exquisite beauty, appropriate for the bride's outfit. No spring bride should consider her trousseau complete that does not contain some of this charming lingerie.

LIFE IMPRISONMENT FOR HEINOUS OFFENCE

Sentence Meted Out to St. John, N.B., Man—Another Gets Lashes and Term.

St. John, N.B., April 6.—Life imprisonment was the sentence given Geo. Drew, and four years penal servitude with a whipping to William Nearn, who have been found guilty of offences against little girls, in the circuit court here. Judge Crockett announced the sentences this morning. His honor said he had hesitated whether or not to pass a death sentence on Drew. The prisoner said he would rather be hanged than put to prison for life. The judge added that Nearn was to get eight strokes with the lash. A big crowd filled the

court room and a squad of police took extra precautions against a demonstration as the prisoners were taken back to jail in the patrol wagon.

POOR RAIL SERVICE CAUSES FRUIT LOSS

Witness at Radial Commission Also Complains of Car Shortage.

PLUM CROP WASTE

Experiment of Shipping by Motor Truck Given Trial Without Success.

Many hundred thousand dollars worth of fruit is allowed to spoil owing to the present poor steam rail service from the Niagara Peninsula, according to J. A. Wells, a large fruit shipper of Jordan, Ont., who appeared before the Sutherland Radial Commission at Osgoode Hall yesterday afternoon.

Mr. Wells, who is a former reeve of the township, and whose own fruit shipments last year aggregated 278 cars, made the surprising statement that in his district alone at least 90 per cent. of the plum crop had to be let go to waste because of the poor railway facilities. The fruit wastage from this cause in all varieties grown averaged from 35 per cent. upwards.

He declared that the fruit which would be saved in two seasons would more than pay the cost of the construction of the proposed Hydro-Electric line. The car shortage on the steam line was so acute, Mr. Wells said, that fruit shippers would sometimes have to keep fruit shipments waiting for three or four days at a time before the cars were available, and at other times the fruit had to be allowed to go to rot because no cars could be obtained, and at other times when the cars were secured the fruit was so ripe that it was unfit to be picked and sent to waste.

Inadequate Service. E. W. Fry, of Vineland, Ont., reeve of Louth township, read a resolution passed by the township council on March 22, in which the immediate construction of the proposed radial line was urged.

S. C. Honsberger, a Jordan fruit grower, read a resolution from Jordan branch of the U.F.O., which declared the present service provided by the steam line to be inadequate and which urged all possible haste in the inauguration of the Hydro-Electric line.

Deceased was 74 years of age and was actively engaged in business until illness overtook him a few months ago.

DISCUSS BILLS FOR ELECTRIC CLEAN-UP

Board of Control Confers With Beck and Other Commission Members.

TO VALIDATE DEAL

Question of Kingston Road Rights Likely to Cause Council Debate.

The members of the board of control were in conference yesterday with Sir Adam Beck and other members of the provincial Hydro commission regarding the legislation which will be necessary to validate the purchase by the Hydro and the city of the power and radial properties of the Mackenzie interests. The passage of two enabling bills is necessary, one to consummate the light and power deal, and the other to facilitate the extension of the Metropolitan Railway system as well as the section of the Metropolitan railway within the city limits, for which the city will issue debentures totalling \$7,811,295. The other bill will authorize the Hydro commission to acquire the Metropolitan Railway outside the city limits, as well as the Mimico and Scarborough divisions of the Toronto & Ontario, and operates them for and on behalf of the city, with the further provision that the municipalities touched by these roads shall have the privilege of coming in later and assuming their share of the obligation.

KINGSTON ROAD STATUS

The status of the Hydro commission on Kingston road will be fixed by an agreement following the passing of the enabling bills by the legislature. The Hydro is anxious to divert the Kingston road line a short distance north of Queen street, across to their Bowmanville line, coming on and behind of the city, with the well avenue. This junction would make a block of two north of Queen and the West Hill cars could then travel to the main Hydro station downtown along the waterfront.

The Metropolitan Railway, under the Hydro commission, would end at York Mills, and the commission have to connect it up with the Bowmanville line in the vicinity of St. Clair and Coxwell avenues, which would enable them to run the Metropolitan cars to the downtown station. The Hydro would also come in on the main Hydro radial line. Without the linking up of these divisions, Sir Adam Beck said yesterday, the Hydro would be unable to connect up the Hydro commission with the Hydro commission, and therefore the whole deal hinges on the attitude of the government towards the plan to connect up, and the concessions the city is willing to make to facilitate the connection. These enabling bills will be read by council next Monday and then they will go to the legislature. The debate on the Hydro commission will be given the Hydro on the Kingston road and elsewhere is before the city fathers.

SOLD CARTRIDGES TO BOY UNDER SIXTEEN

Clement W. Bowman, manager of a hardware store on West Dundas street, sold a package of cartridges to Harold Holmes, fifteen years of age, although the statutes make it illegal to negotiate a sale of ammunition to any person under the age of sixteen. Mr. Bowman, who appeared in the police court yesterday, declared he had refused hundreds of sales to boys, because he deemed them too young. He always used his own judgment, never relying on the statement of the applicant. The fine was \$3 and court costs.

BUILDING PERMITS ISSUED.

The city architect's department issued permits yesterday for the following buildings: Academy of Medicine, addition to office, northeast corner of Grosvenor street and Queen's Park, \$6,800; Horace Hardy, addition to dwelling, 185 Balsam avenue, \$4,000; Charles Watkins, pair dwellings, 46-48 Moberly avenue, \$5,000; M. JACOB L. ENGLEHART CALLED BY DEATH

Former T. & N. O. Chairman Passes in 74th Year—Well-Known Philanthropist.

After an illness of several weeks' duration, Jacob Lewis Englehart, former chairman of the Temiskaming and Northern Ontario Railway Commission for 15 years, died in Wellesley Hospital yesterday morning at 5.30. Deceased was 74 years of age and was actively engaged in business until illness overtook him a few months ago.

DISCUSS BILLS FOR ELECTRIC CLEAN-UP

Board of Control Confers With Beck and Other Commission Members.

TO VALIDATE DEAL

Question of Kingston Road Rights Likely to Cause Council Debate.

The members of the board of control were in conference yesterday with Sir Adam Beck and other members of the provincial Hydro commission regarding the legislation which will be necessary to validate the purchase by the Hydro and the city of the power and radial properties of the Mackenzie interests. The passage of two enabling bills is necessary, one to consummate the light and power deal, and the other to facilitate the extension of the Metropolitan Railway system as well as the section of the Metropolitan railway within the city limits, for which the city will issue debentures totalling \$7,811,295. The other bill will authorize the Hydro commission to acquire the Metropolitan Railway outside the city limits, as well as the Mimico and Scarborough divisions of the Toronto & Ontario, and operates them for and on behalf of the city, with the further provision that the municipalities touched by these roads shall have the privilege of coming in later and assuming their share of the obligation.

KINGSTON ROAD STATUS

The status of the Hydro commission on Kingston road will be fixed by an agreement following the passing of the enabling bills by the legislature. The Hydro is anxious to divert the Kingston road line a short distance north of Queen street, across to their Bowmanville line, coming on and behind of the city, with the well avenue. This junction would make a block of two north of Queen and the West Hill cars could then travel to the main Hydro station downtown along the waterfront.

The Metropolitan Railway, under the Hydro commission, would end at York Mills, and the commission have to connect it up with the Bowmanville line in the vicinity of St. Clair and Coxwell avenues, which would enable them to run the Metropolitan cars to the downtown station. The Hydro would also come in on the main Hydro radial line. Without the linking up of these divisions, Sir Adam Beck said yesterday, the Hydro would be unable to connect up the Hydro commission with the Hydro commission, and therefore the whole deal hinges on the attitude of the government towards the plan to connect up, and the concessions the city is willing to make to facilitate the connection. These enabling bills will be read by council next Monday and then they will go to the legislature. The debate on the Hydro commission will be given the Hydro on the Kingston road and elsewhere is before the city fathers.

SOLD CARTRIDGES TO BOY UNDER SIXTEEN

Clement W. Bowman, manager of a hardware store on West Dundas street, sold a package of cartridges to Harold Holmes, fifteen years of age, although the statutes make it illegal to negotiate a sale of ammunition to any person under the age of sixteen. Mr. Bowman, who appeared in the police court yesterday, declared he had refused hundreds of sales to boys, because he deemed them too young. He always used his own judgment, never relying on the statement of the applicant. The fine was \$3 and court costs.

WILL MAKE SURVEY OF TORONTO BOYS

Efforts Directed to Attaching Youths to Some Useful Organization.

Starting in a few days, a survey will be made of the whole city to enroll every boy between the ages of 10 and 19 years, with a view to attaching them to some boys' organization, such as boy scouts, boys' brigade or any other worthy body. This work is to be carried out by the Toronto Boys' Life Council and is being financed chiefly by the boys' department of the Rotary Club. Practically every religious denomination and every organization engaged in boy welfare work in the city is represented on the Boys' Life Council.
