TODAY BEING NEW YEAR'S DAY STORE REMAINS CLOSED ALL DAY

Mrs. A Has Resolved To start the New Year with a Deposit Account.

This is how it came about: For a long time she had been impressed with the idea that there must be a better, a quicker and more systematic method of shopping than the one she had been following.

She decided to think out a plan; but lo! one day when reading an Eaton advertisement an article about the "D.A." unfolded an ideal system of shopping.

HERE'S HOW IT READ

A DEPOSIT ACCOUNT HOLDER Has at His or Her Finger Tips, One of the Most Convenient of Shopping Systems.

It saves one's time and energy, does away with the need of waiting in for "C.O.D." parcels, and the paying of drivers at the door, with the not unusual inconvenience of searching for a mislaid purse or the gathering together of correct change.

A "D.A." enables one to shop by phone, mail or in the store with the assurance that all purchases will come as Paid, if one simply says or writes, charge to my "D.A." number so and so.

Every month a statement is issued which clearly shows where and for what each dollar has been expended—this feature alone is worth consideration, for, think how satisfactory and systematic it is to have one's expenditures of 6 months or more on hand for ready reference.

In order to take out an account you mail your money to the Deposit Account Office, or if you're in the store come to the Deposit Account Office, Fourth Floor, Store.

And when you make your deposit your signature is recorded and a "D.A." number is given you.

While money is on deposit a good rate of interest is allowed.

It is necessary, though, that an account be in funds at all times.

(FOR FURTHER PARTICULARS APPLY THE "D.A." OFFICE.)

COMMERCE BOARD UNDER FIRE

Milk Producers Complain Findings Out of Sympathy With Evidence.

At a general meeting of the milk producers yesterday afternoon in the Odafellows' Hall, College street, a recommendation submitted by the executive that the order of the board of commerce in fixing the price of milk for the winter at \$3.10 per 8-gallon can, be complied with, was adopted by the meeting, but only after many members had severely criticized the findings of the board. The president, E. Stonehouse, was also condemned for his action early in the fall when as a member of the fair price committee, he approved of the proposal to fix the winter price at \$3.10 per 8-gallon can. The producers took the ground that he had exceeded his authority, and for this action he was taken to task by the speakers yesterday.

CUSTOMS RETURNS SHOW BIG INCREASE IN TORONTO

Customs returns for the port of Toronto will show a record for the last three months, according to J. H. Bertram, collector of customs. It is stated that the fiscal year, which ends March 31 next, will show a revenue of forty millions for Toronto, which is double the returns for any year previous to the war. Montreal figures lead Toronto returns by about 10 per cent, largely due to the fact that the headquarters of the railways are there. The Toronto returns for the calendar year of 1918 totalled \$21,500,888, and for the calendar year of 1919, \$37,812,519.

EVERY POLICEMAN GIVEN REVOLVER

No Chance Now of Recruits Being Caught at Disadvantage.

Police orders issued last evening contained instructions from Deputy Chief S. Dickson to see that every officer going out on police duty was equipped with a revolver and given instructions to shoot if need be. Following the case of Constable Rose, who attempted to stop the hold-up men Tuesday night on West Queen street without the aid of a gun, the deputy and Chief Grasett held a conference yesterday and decided to give all probationers guns. This action will no doubt be approved by the board of police commissioners when they meet in the New Year.

BANDITS FINISH NIGHT OF WORK

After Toronto Robberies Hold Up G.T.R. Clerk at Port Credit.

The motor bandits, who pulled off two robberies Tuesday night in Parkdale, and at midnight were seen driving out along the Hamilton highway, returned to the city early yesterday morning and at 3:10 entered the Grand Trunk ticket office at Port Credit and held the night clerk up. Covering the clerk with revolvers the gunman rifled the cash desk and stole \$15 in money and drove off. After the masked men had gone, W. C. Collins, the clerk, telegraphed Mimico and two railroad detectives were brought to the station on a yard engine. The head office of the railroad and the detective department were informed of the robbery yesterday morning.

DISEASE GROWS THRUOUT PROVINCE

Smallpox, Diphtheria and Measles Contribute to Big Increase.

The number of communicable disease cases and deaths throughout Ontario last month, as shown by the report of the Provincial board of health issued yesterday, show a remarkable increase. There were 4,169 cases and 422 deaths as compared with 740 and 183 respectively in December 1918. Smallpox of course accounts for a considerable share of the increase but even the 1,414 cases of this disease still leaves an advance in other diseases of 2,005. There were two deaths from smallpox last month. Only five cases were reported in December, 1918. The deaths were at Weston and Orillia.

COURT ROOM SCARCITY.

Hon. W. E. Hanes, attorney-general, has asked for a conference with the city of Toronto and York county respecting the shortage of court room accommodation at the new hall as voiced in a recent complaint made by Judge Coatsworth.

TORONTO WILL BE HUB OF CANADA

If Public Ownership and Hydro Are Supported, Says Mayor Church.

Mayor Church and other candidates for municipal office dropped into the meeting last night... The mayor was heartily applauded as he entered, especially by the returned men present.

CITY HALL NOTES

Today's the day and by tonight there will be many sore heads and many heads laying on down cushions. In short, the municipal election will be a thing of the past and all Toronto will know who the mayor for 1920 is to be.

It was said yesterday in labor circles that the workers, recognizing that Mr. Ballantyne was out of the running for the chair, were switching their votes over to Mayor Church.

Allderman Winnett, one of the most level-headed men in the Council and a candidate who is endorsed by every newspaper and everyone else, said at a meeting last night that he had reliable information that the trusts were burning the telegraph wires in an endeavor to defeat Mayor Church.

In city hall circles yesterday it was generally acknowledged that the fight between the present mayor and Controller McBride would be a severe one but nearly everyone expressed the view that "Tommy" would get home by a short neck.

Get out early today and place your vote in the right place for mayor, controller and aldermen, and do not forget to put a "yes" to all the questions concerning the bylaws.

There has been a building boom in Toronto during the past year. From figures issued from the city architect's department yesterday it would appear that work passed by the department during the past year amounted to \$19,420,000.

PETER ACTS FOR PREMIER A short meeting of the Ontario cabinet was held yesterday afternoon. Hon. Peter Smith, provincial treasurer, presiding. Premier Durney being engaged in a conference down town in connection with finding seats for homeless ministers.

He had always been a consistent supporter of labor, the Hydro and the returned soldier, although for the latter he never claimed any credit.

The mayor dealt with the harbor improvements and the industrial development of Ashbridge's Bay. He said there was an era of prosperity before the city.

THE MANAGER GOES BACK TO BEGINNINGS

Semi-ready Stores Were Opened Years Ago Only Because Merchants Said Profits Too Small.

The High Cost of Living Commission has intimated through indirect channels that 33-1-3 per cent. gross profit is a "fair profit" on clothes for men.

"When Semi-ready Tailoring was initiated in 1888 it was impossible to get any clothing merchant to sell it with the price in the pocket enforcing a profit of 20 per cent. 'It couldn't be done—we get 100 per cent. in season, and 30 per cent. on sales!' exclaimed one candid merchant.

"Semi-ready Stores had to be opened direct to prove that it could and should be done. Other savings were made in only-for-cash, and in buying guaranteed cloth and specializing tailors till they became expert, whilst new designing systems made every garment so perfect that it would never be dead stock.

"It took ten years to convince the best merchants in Canada that Semi-ready suits could be profitably sold at this minimum profit, and even then some only grudgingly admitted it and insisted on carrying other makes which would allow them the bigger profits.

"When the cost of fitting and finishing a Semi-ready suit is added to the wholesale cost the profit—there's not much left," averred another merchant.

"Yet there is this triumphant vindication by government authority: the Semi-ready price-in-the-pocket—the same price West as East—has been declared less than a fair and reasonable profit.

Controller McBride as "Fighting Sam."

Last night closed the campaign of The Star in aid of Controller McBride by featuring him as "Fighting Sam," which is an amplification of his own statement that he would "rather fight than eat."

Controller McBride's fighting propensities have been directed for the past year in opposition to Sir Adam Beck, who is lying dangerously ill in London. This is another kind of fighting which neither Controller McBride nor The Star can expect the people of Toronto to approve.

It is significant that all the interests that have fought Sir Adam Beck and his public ownership plans for years past are lined up to support "Fighting Sam." It is not difficult to understand from this who "Fighting Sam" is fighting for.

Controller McBride begins by a denial of the principle—co-operation—on which the Hydro Union is founded. He is equally opposed to trades unions. He is an individualist and boasts of his success in promoting the interests of "Sam McBride."

We have come through a most trying and critical time in the past five years. We have done so with credit to the city and with good promise for the future.

BRILLIANT HOCKEY BY ST. PATRICKS

Pretty Combination Spells the Downfall of the Montreal Canadiens.

NOBLE BRIGHT STAR

St. Patrick's pros got the acid test last night before a large crowd at the Arena and tickled the fans by soundly trouncing the strong Montreal Canadiens 5 to 1.

The local squad uncovered another good one in Goulet Mitchell, just home from five years overseas. It was Mitchell who beat the peacopiers. This is said without trying to take away any of the glory from the other members of the team.

Canadiens should have won the game in the opening period. They showed a smooth-working combination that tried them in three abreast at least six times, and it was only the cleverness of Mitchell that kept them from getting goals. He was unbeatable and his marvelous work took the heart of the Frenchmen. Chalk up the win to Mitchell.

In front of the good goalie the Saints played great hockey. Reg Noble has never been in such form. He was head and shoulders above any man on the ice. Noble used his head at all times, was especially dangerous on the attack and was responsible for the first three goals. Reg made the opportunity. He carried the rubber down, nursing it nicely, waited until a team-mate got the right position and then gave him the rubber to net.

Frank Hefferman was best. He checked all the way and was a bear at boring in. Fitter was good in spots, but Berlanquette played a steady game. Smith lacks condition, but looks good. Block was always in the right position and blocked strongly on the defence and led with the crowd for his means. He narrowly averted trouble by his tactics.

The Toronto team showed some dazzling combination and three of their goals were directly responsible for the first eight minutes of the game. The many times and they got inside Mitchell's defence. They were in the opening period, but there is no doubt the Canadiens got one. Near the close of the period they were shot from a mix-up and the puck plainly bulged the net.

Mitchell's great work took a lot out of the visitors. The second period was sparkling. Mitchell opened proceedings by making two sensational stops with three men on top of him. He got the puck to the goal of the game when Noble carried it down and gave Babe a pass when well in. Noble checked the puck over the rushes with his peculiar sweep check when three men were inside. Mitchell pulled off another save with three inside. Cameron's defence was quite a good one. The latter formerly of De La Salle. This made it five to one. The teams: St. Patrick's—Denny, goal; Ransford, centre; Wilson, right; Noble, left.

Canadiens (Denny, goal; Ransford, centre; Wilson, right; Noble, left; Pire, right; Berlanquette, left. Substitutes—St. Patrick's: Hefferman, Dye, Roach, Lockhart, Canadiens—Coutu, Smith. Referee, Steve Vair.

The last was a hard heat. The Canadiens started several combats, but hard back checking kept them out. The Frenchmen's only goal from a lone rush, closing fast from the side. Cameron looped one into the net from a lone rush with a hard lift from outside the defence. Denny got the last one with a brilliant lone burst and beat Vezius from the side. This made it five to one. The teams: St. Patrick's—Denny, goal; Ransford, centre; Wilson, right; Noble, left.

Canadiens (Denny, goal; Ransford, centre; Wilson, right; Noble, left; Pire, right; Berlanquette, left. Substitutes—St. Patrick's: Hefferman, Dye, Roach, Lockhart, Canadiens—Coutu, Smith. Referee, Steve Vair.

The summary: No score. Second Period—1. St. Patrick's—Noble 8.99 2. St. Patrick's—Noble 3.90

Levinsky vs. Kenny 4 BIG BOUTS U. V. L. AUSPICES.

To the Members of the Rosedale Club and Residents of Rosedale IMPORTANT

It is regrettable that the Annual Meeting of the Rosedale Club has not been called prior to the date of the Municipal Elections...

Fortunately Messrs. McBride, Cameron, Beamish and Ramsden successfully combated these proposed absurd schemes. Therefore do you not think that the efforts of these men deserve your support and co-operation on Election Day?

Vote McBride for Mayor, Cameron and Ramsden for Controllers and place Alderman Beamish at the head of the poll in Ward two.
