ALLIES DEFER DECISION TILL NEXT SATURDAY

Matter of Enforcing Demands for Reparations

Supreme Council to Meet in Paris or London—May Hear From U. S. by That Time on German Note—Reported New German Offer.

London, April 25.—Decision as to what action the Allies will take in enforcing their reparation demands upon Germany has been deferred until next Saturday. On that day the supreme Allied Council will meet either in Paris or London, and it may be the United States that time will have formally communicated to the Entente the contents of Germany's latest proposals. If such formal action has taken place, the acceptance or rejection of the German terms will be decided upon, and Allied procedure for the future will be determined.

Germany's note to President Harding was handed to E. L. Drexel, United States ambassador in Berlin, last night. There was an impression here that the German proposals might not be formally communicated to the Entente until after at least an outline had been informally sent to members of the supreme council, and some intimation as to the acceptance of the proposals had been given.

Unofficial advice from Berlin declares Germany has offered a "liberal compromise" between the Allied demands, as formulated at Paris last January, and the German counter-proposals laid before the Entente leaders in this city early in March. The German government was to submit the text of its note to the foreign relations committee of the Reichstag today, and then go before the executive body to explain its position, and perhaps demand a vote of confidence.

Reported Offer. Berlin, April 25.—The payment by Germany of two billion gold marks for reparations is, roughly, the proposal submitted by Germany for transmission to the Allies, according to sources close to the government.

The payments will be spread over a period of from 30 to 42 years, or less, according to Germany's economic recovery. It is said that economic pledges in the way of goods and participation in German industries are offered as guarantees.

The offer, it is indicated, inclines more toward the terms formulated by the Allies at the Paris conference last winter than to the offer made by Germany at the London conference, which the Allies summarily rejected.

The Allies, under the decisions reached in Paris in January, demanded that Germany pay \$26,000,000,000 gold marks or approximately \$56,000,000,000 the payments to be spread over a period of forty-two years. Germany's exports in addition, would bear an export duty of 12 per cent. to go to the Allies, for an identical period.

The German counter-proposals submitted in London on March 1, Dr. Walter Simons, German foreign minister, offered what the Allies experts estimated to amount to approximately \$16,000,000,000, of which Germany contended \$5,000,000,000 had already been paid, leaving the actual German offer about \$11,000,000,000.

This offer was coupled with the conditions that Upper Silesia should remain German and that the reparations should be paid in goods and services throughout the world should be restored to Germany.

FURTHER CONSIDER PRICE OF POWER. Further consideration of the Kestit report on the cost of steam power in the city will likely be given in the near future. Mayor Schofield wrote this morning to K. H. Smith, chief engineer of the Nova Scotia commission, asking him to confer with the city council.

The mayor announced at this morning's meeting that copies of the Kestit report were now in the hands of the city engineer, the N. B. Power Co., Commissioners Jones and Frink and himself.

BELGIUM ELECTIONS. Brussels, April 25.—Returns from the municipal and communal elections held yesterday in Belgium, thus far show that neither the clericals nor the socialists have achieved the successes each expected.

The clericals lost much ground in their former strongholds in Flanders, while the socialists, for whom predictions of a large majority in Antwerp had been made, polled only about one-third of the votes east there. On all sides much splitting were reported.

SOLDIERS KILL INSPECTOR OF CONSTABULARY

Mistake in Identity—Thomas Traynor Executed—More Killing in Ireland.

Dublin, April 25.—Inspector Taylor was killed and Cadet Purton who was killed when wounded through a mistake in their identity early yesterday while motoring to the Germanstown Royal Irish Constabulary training quarters. The car was challenged by a military lorry and in an exchange of shots the casualties occurred.

Thomas Traynor was executed at Mount Joy prison this morning for the murder of Cadet Purton who was killed when ambushed in Great Brunswick street, this city, on March 14.

Traynor's wife and ten children stood in the crowd outside the prison, and their cries were heartrending when the notice of the execution was posted on the prison gate. The police kept the crowd from making any demonstration.

A policeman named Boylan was killed and a sergeant wounded in an encounter with a republican flying column in the neighborhood of Naamans, County Galway. The fighting lasted for twelve hours.

In Belfast, two brothers, Patrick and Daniel Duffin, respectively teacher and clerk, were shot and killed. It is thought that this was in reprisal for an attack in the afternoon of two auxiliaries, one of whom was killed.

Dublin, April 25.—Police and military who were searching for a kidnapped constable near Fiddown, County Kilkenny, were ambushed today from a farm on which the constable was being held prisoner.

A fight ensued in which one soldier and several members of the ambushing party were wounded. It is believed some of the attackers were killed. The constable escaped during the battle.

Liverpool, April 25.—The Courier says it has been authorized by the Earl of Derby to deny that he went to Ireland last week on a government mission or on the invitation of anybody in Ireland.

The visit was purely a private one made on the Earl of Derby's own initiative.

IN WALL STREET. New York, April 25.—(10.30).—The week in the stock market began with a resumption of the recovery. Oil, steel, motor specialties, shippings and coppers were especially prominent.

Within the first half hour gains of one to 2 1/2 points were made by Mexican Petroleum and Pan-American, General Springfield, Royal Dutch, Crucible, Kelly Springfield Tire, Atlantic Gulf, American International and Utah Copper.

GREEKS REPORT TURKS REPULSED

Athens, April 25.—Furious attacks against Greek forces holding positions along the Meander River, in Western Anatolia, have been launched by the Turkish forces, but have been repulsed everywhere, says an official statement issued here, quoting Smyrna advices. The Greeks have been successful farther north, in holding their position against Turkish assaults.

FEWER FROM CANADA DOWN IN UNITED STATES

Number 87,501 Less Than Ten Years Ago—Germans Most Numerous of Foreign Born.

Washington, April 25.—(By Canadian Associated Press).—During the last ten years the number of Canadians resident in the United States has fallen off 87,501, compared with an increase of 87,000 in the previous decade. According to statistics just given out by the census bureau, there are now 1,117,136 Canadians living in the U. S. French-Canadians number 367,681, and show a loss of 77,402 in the ten years, while Canadians of other origin number 809,455, and show a loss of 10,099.

Germany, Austria, Ireland and Russia, natives of which made up more than 80 per cent. of the total foreign born population of the United States ten years ago, showed heavy losses, the aggregate falling off being two millions. This result is believed to be due to the war, with its consequent exodus of belligerent nationals and the stoppage of immigration.

Germany leads the country birth of the foreign born in the U. S., with 1,683,298. Italy ranks second, with 1,037,468, and Russia third, with 1,036,988. Poland occupies fourth place, with 1,139,978, an increase of 195,797 in the ten years, while Ireland is fifth, with 1,035,680. Canada comes sixth, and England seventh, with 812,414, a decrease of 55,905 in the decade. Sweden continues to hold eighth place, with a total of 224,759, and Austria is ninth, with 224,929. Scotland has a total of 224,492, and France 152,051. Newfoundland and Australia showed increases.

CANADA'S TRADE BALANCE WITH U. S. IMPROVING

Drop of \$13,000,000 Against Us for Eight Months Period

New York, April 25.—(By Canadian Press).—"Canadian-American trade continues in relatively undiminished volume," says the Wall Street Journal. "Total trade with the United States in February, 1921, was \$70,000,000, or \$25,000,000 below February, 1920. Our exports to Canada amounted to \$48,000,000, a decline of \$18,000,000. Imports from Canada were \$22,000,000, or \$7,000,000 under year ago figures.

"But for eight months ended with February, 1921, the total was \$1,011,000,000, a gain of \$45,000,000 as against a fall of \$98,000,000 in total volume of all U. S. exports. Imports from Canada were \$418,000,000, a gain of \$89,000,000. "With the exception of France and German imports, U. S. purchases abroad has nowhere held up as well in the recent decline as in Canada's markets. In fact in the eight months Canada sold to and bought from the U. S. by an aggregate of \$192,000,000 more goods than did all South America together. The balance against Canada for the period was \$175,000,000, against \$189,000,000 for the same period last year.

Britain to Support France if New Proposals Not Satisfactory. London, April 25.—Premier Lloyd George said in the House of Commons today that if the new German reparations proposals, which had not yet been received, proved unsatisfactory, Great Britain would support France at next Saturday's allied conference in her proposals for the occupation of the Westphalian coal fields.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbush, "did you begin Health Week?" "I got up early," said Hiram, "went out and had a little talk to the stock an' fed 'em an' done up the chores. Me an' Hanner had a good breakfast, an' she g'ime a can o' nice fresh milk to bring in fer them babies this mornin'." "As I see it, an' as Hanner sees it," went on Hiram, "this here public health calls for morn' lookin' after ourselves. If we don't do morn' that we're payin' for it soon or later. We're careful enough when it's some contagious disease an' we're likely to get sick, but we don't seem to care if we let our folks suffer fer fear o' ketchin' it themselves. I did hear one feller say the Lord sent sickness an' we ought to go agin His will because it was His way o' Christian charity—say we'll all get hard-hearted—but the trouble with them fellers is that their minds ain't big enough fer the shadder of an idea to turn round an' see that everybody gits a fair chance. I heard a man say last week he knewed three men that would-a died, or con't. He said he'd been in the san'torium—an' they're all well now an' workin' every day. Mister—we got to begin by savin' the babies, but we got to do it our own way. Good health is ketchin'—if we jist know how—an' that's what we all want to learn—yes, sir."

THE COAL STRIKE

London, April 25.—Retrieved efforts to find a basis for the settlement of the dispute between the coal miners and the mine owners were made today when representatives of the owners and the executive officers of the miners' federation met here in joint conference with representatives of the government.

The offer, it was said, was prepared to advocate a temporary agreement for three months, after which a permanent settlement would become effective. The offer included a standard wage and a standard profit.

The temporary agreement would be based on a compromise between the national wage scale desired by the miners and the district basis desired by the owners.

After the offer was made, the conference adjourned until tomorrow, when Lloyd George will preside over its deliberations.

MRS. FRED. HALL OF WOODSTOCK DEAD

(Special to The Times.) Woodstock, N. B., April 25.—The many friends of Mrs. Fred. Hall will regret to hear of her death, which occurred at her home on Sunday morning, after a few weeks' illness. She is survived by three daughters—Mrs. Harry Cheaher of Chip Snow of Vancouver; and one son, J. Fred. Hall of Vancouver. The funeral will be held on Tuesday morning from St. Gertrude's church.

B. C. PREMIER TO BE AWAY UNTIL JUNE 1

Victoria, B. C., April 25.—Premier John Oliver left on Saturday for Edmonton, Ottawa, Halifax and New York. He will not return until June 1. In Ottawa he will urge the federal authorities to pass legislation to supplement the British Columbia liquor control act and give this province complete control of imports. In Halifax he will attend the goods convention.

WEATHER REPORT

Issued by auth. of Dept. of Marine and Fisheries, E. F. Stewart, Director of meteorological service.

LUMBER COMES DOWN, BUT NOT SO WITH CEMENT

Tenders for Harbor Timber Are Opened by Council

Proposal to give Cement Order By Drawing Lots—Mayor Reports on Ottawa Conference—Douglas Avenue Tenders Held Up.

An interesting comparison of the prices of building material was made at a committee meeting of the common council this morning by Commissioner Frink when the tenders for lumber called for by the harbor department were opened. One quotation for three-inch spruce deals was at the rate of \$28 a thousand, while the commissioner remarked that last year he paid as high as \$65 a thousand.

In comparison with this situation he referred to the matter of cement. At a recent meeting he received permission to purchase a carload of cement at \$48.00 a barrel, less fifteen cents for each sack returned and a discount of five per cent. He said he found that all dealers in the city quoted the same price and that he regretted that the cement business was in the hands of a monopoly which had one price for the east and another for the west. He said in view of the decline in the prices of other material, he failed to see why there was no reduction in the price of cement.

It was his intention, he said, to put the names of all dealers here in a hat and have the common clerk draw one envelope at random with the lucky firm.

Tenders for Lumber. Tenders for lumber for the harbor department were opened and referred to Commissioner Bullock for report. The prices were for the following: 250 pieces 12x12 Douglas fir, 20,000 feet 8x8 spruce lumber, 80,000 feet 12x12 hemlock, 45,000 feet 12x12 Douglas fir, 250 pieces 12x12 Douglas fir, 120 pieces 12x12 Douglas fir, 250 spruce piling, 20, 25, 30 and 35 feet long.

The tenders received were as follows (price quoted are per thousand except for piling, which is per foot): J. A. Gregory—Spruce deals, \$28; spruce lumber, \$24; 40,000 Douglas fir, 64; 122 pieces Douglas fir, \$29; 250 pieces Douglas fir, \$26; spruce piling, 8, 10, 15 and 18 cents. J. M. Driscoll—Spruce deals, \$22.50; hemlock, 35; 45,000 Douglas fir, \$27.75; 122 pieces Douglas fir, \$28.75; 250 pieces Douglas fir, \$27.75; spruce piling, 13 cents.

Thos. Bell—40 pieces B. C. fir, at \$26; 45,000 Douglas fir, \$26; 250 pieces Douglas fir, \$26; spruce piling, 19 cents. J. A. Likely—40 pieces Douglas fir, \$25.75; 122 pieces Douglas fir, \$25.75; 250 pieces Douglas fir, \$25.75. J. S. Gregory—Spruce piling, 7 1/2 cents.

J. Dean—122 pieces Douglas fir, \$27.50; 45,000 feet Douglas fir, \$27.50; 250 pieces Douglas fir, \$26.50; 250 spruce piling, 17 cents. John Douglas—Spruce—133,000 spruce deals, at \$28.10; 20,000 spruce, \$24; hemlock, \$27; 40 pieces Douglas fir, \$27.50; 122 pieces Douglas fir, \$27.50; 45,000 feet Douglas fir, \$27.50; 250 pieces Douglas fir, \$27.50. Spruce piling, 16 cents. Add \$2 per M. fee delivered.

John E. Moore & Co., Ltd.—133,000 spruce deals, \$28.10; 20,000 spruce, \$24; hemlock, \$24. Union Lumber Co.—45,000 feet Douglas fir, \$26.50; 250 pieces Douglas fir, \$26.50; 122 pieces Douglas fir, \$26.50. Canusa Export Co., M. & L.—80,000 feet hemlock, \$26.50; all Douglas fir, at \$24.50; spruce piling, 23 cents. (No deposit with this tender.) G. F. Stephenson—Spruce piling, 10 cents. John McGuire, Golden Grove—Spruce piling at 11 cents.

Randolph & Baker, Ltd.—133,000 spruce deals, \$23.75. J. H. Beecher & Sons—133,000 spruce deals, \$28.50; 20,000 spruce, \$26; 40 pieces birch, \$27,000; 122 pieces Douglas fir, \$27.50; 45,000 feet Douglas fir, \$27.50; 250 pieces Douglas fir, \$26. Geo. M. Hayes—Spruce piling, 16 cents. Geo. McKean & Co., Ltd.—133,000 spruce deals, \$28.50; 20,000 spruce, \$26. K. S. Lingley—Spruce piling, 18 cents. (No deposit with this tender.) Commissioner Frink said he had his report on the Douglas avenue paving tenders ready, but on account of the absence of Commissioner Bullock, and as the matter required a unanimous vote on account of the spruce issue being involved, he would not report until tomorrow.

Commissioner Jones recommended that a bill of \$19,775 from S. B. Burns for extension of the sewer be passed. The recommendation carried.

Water and sewerage to lots in Parks street. The cost was estimated at \$400. Mr. Jones recommended that the water be extended as soon as the owners agreed to guarantee ten per cent. of the cost of the water, the sewerage extension to be carried out at their own expense. Carried.

Commissioner Jones asked for authority to purchase 230 tons of cast iron pipe from John Barry at Londonderry at \$65 a ton. The pipe was used for about six years and was as good as new, he said. The saving would be about \$20 a ton. The commissioner was asked to accept it if all the pipe could be used. In the meantime the purchase was recommended to council.

Mayor's Report on Bridge. Mayor Schofield reported on the extension of a meeting on the Ottawa when

KISS REFUSED

BY WIFE; HE PUTS END TO HIS LIFE

Niagara Falls, N. Y., April 25.—Because his wife refused to kiss him Anthony Predich thirty-eight years of age, sent a bullet through his heart last midnight. He was dead when physicians arrived.

Mrs. Predich told the police that she refused at first to kiss her husband, but after he had asked her three times, she before she could comply, finally consented but he killed himself.

IS KILLED AT CELEBRATION OVER WEDDING

Fight at Pugilist's Nuptials, Revolver and Knife Are Used.

New York, April 25.—An argument among male guests at an early morning wedding celebrated in Brooklyn today precipitated a fight in which one unidentified man was shot to death and another stabbed so badly that he may die.

More than thirty friends of Frederick (Packy) Black, a pugilist, gathered to make merry on the occasion of his marriage to Miss Theresa Bondelock. After a midnight feast the guests began dancing and shouting their good wishes to the bride and groom.

Two men argued, words were passed and the fight began. Excited women ran screaming from the room, and at this juncture the police said the fight became general. Under the table, the pugilist found a revolver, two cartridges discharged. The dead man was leaning over the back of a chair. Dominick Pensatore, twenty-four, lay on the floor with five knife wounds in his back. Black, his bride, father and brother and fourteen others were taken by the police to headquarters and held on a technical charge of homicide.

SEEKS SEAT HIS BROTHER VACATES

Sir Cecil Lowther Candidate in Penrith Apparently Against Lifting of Cattle Embargo.

London, April 25.—(Canadian Press)—Speaker Lowther resigns his seat in Penrith, Cumberland, today. He was first elected there 25 years ago. The seat will now be contested by Sir Cecil Lowther, his brother, who will represent the coalition interest, and Levi Collison, an independent Liberal.

Sir Cecil refers to the embargo on Canadian live stock, and says it is a matter of great importance to the cattle grazers of Cumberland. Incidentally he relates some of his experiences wandering long distances along the border line between Canada and the United States without knowing just what country he was in, and argues that with such an unguarded frontier there can be no guarantee that Canadian cattle are protected against infection from American herds, or that American cattle will not be shipped to England via Canada.

CHEAPER MILK AFTER MAY 1?

It was said today that the milk dealers in the city are contemplating a reduction of two cents in the retail price of milk, now generally fifteen cents. A dealer said it was expected that on May 1 there would be a reduction of two cents and perhaps three.

CHIEF GAME WARDEN. George F. Burden, of Fredericton, will fill the position of acting chief game warden of the province during the two months ending on July 1. L. A. Jaggon, the chief warden, will resume his duties at the expiration of his two months leave of absence granted by the government.

OTTAWA VIEWS ON PROPOSAL OF LORD SHAUGHNESSY

Engage C. P. R. to Handle C. N. R., G. T. P. and I. C. R.

Some Think It Best Plan, Others Favor Part of Suggestion—Premier Meighen Had No Comment Last Night—Likely to Be Discussed in House.

(Special to Times.) Ottawa, April 25.—Although Premier Meighen would make no comment last night on Lord Shaughnessy's proposal that the Canadian Pacific Railway should be engaged to consolidate its own lines with and manage in perpetuity the Canadian National, Grand Trunk Pacific and Intercolonial railway lines, it is regarded here as certain that the present government will regard it no more favorably than did the Borden government a few years ago.

Government ownership may lead to a certain amount of political control with some disadvantages inevitably attaching to it, but it is said here that under the proposed scheme there would be substituted for it something which might be worse, that is, an irresponsible control except for such control over rates and conditions as can be exercised by the domain board of railway commissioners, presided over by the Hon. Frank B. Carroll.

The C. P. R. management under the proposed plan, it is pointed out, would not even be responsible to its shareholders who would lose all interest in the economical and efficient management of the road now so universally admired, and would not care what happened because their dividend would be the same whether the combined roads were prosperous or in difficulties. The segregation of the principal best paying assets of the company into another company, it is felt, would be looked on with suspicion by the public. For the \$1,000,000 of combined road the new plan would provide a technically sound service at cost, including fixed charges in perpetuity to a very large amount, and there would be no break-up of any future appraisals to management who might have grandiose or extravagant ideas of railway operation and development.

One member gives it as his belief that the members of parliament and probably ministers as well, who believe this the best solution of the railway problem. There are others, more numerous, who are struck with one feature of these proposals, that is, the manifest advantages of consolidation of all Canadian railway lines under one management with the consequent savings that could be made from eliminating duplication of equipment, using the rolling stock wherever needed under one common direction, and cutting out the extravagances and expenditures incident to competition.

At any rate the Shaughnessy plan will cause a debate on the floor of the house. A reference made by Lord Shaughnessy to the negligible value of the Grand Trunk common shares may help the government's case in securing a new agreement with the Grand Trunk Railway for the taking over of that railway.

In a letter addressed to Premier Meighen, Lord Shaughnessy pointed out the railway problem and suggested the possibility of arrangement with the C. P. R. He said if worked out political management would be reduced wherever possible. "My suggestion would be that if an agreement with the Canadian Pacific Railway Company on the lines that I have indicated were found feasible, that company would be used under the terms of a contract approaching perpetuity in its duration to administer and operate the whole property for account of the Canadian people. I mention the Canadian Pacific because the magnitude, scope and variety of its operations compel a comprehensive organization, and this could be supplemented by judicious selections from the staffs of the other companies, to meet the demands of the larger work."

MASS OF WORK AS CONGRESS REASSEMBLES

Washington, April 25.—Congress reassembled today after a brief recess, the assembly today plunged into a mass of work.

In the senate the foreign relations committee prepared to report the Knox peace resolution, while Senator La Follette, Republican, Wisconsin, was delivering a prepared address in support of his resolution proposing recognition of the United States of the so-called "Irish Republic."

At the same time, senate committees considered the emergency tariff foreign loans and a "better baby" bill.

The house had before it a bill to restrict gambling in foodstuffs, while the foreign affairs committee considered resolutions designed to bring about an international disarmament conference. Chairman Porter, of the foreign affairs committee, prepared also to introduce a peace resolution similar to the Knox measure.

Grand Trunk Earnings. Montreal, April 25.—Grand Trunk earnings for the week ended April 23, 1921: \$1,638,738; 1920—\$1,480,568; increase \$158,170.

MAY NOT VOTE HERE TILL FALL

Matter of Importation of Liquor into N. B. for Personal Use.

Fredericton, N. B., April 25.—Rev. W. D. Wilson, general secretary of the N. B. Temperance Alliance, who has returned from Ottawa, says the referendum on the question of liquor importations for personal use in New Brunswick cannot take place at the last of June, as proposed by the alliance, and that the earliest possible date is July, but the alliance does not want voting in mid-summer, and now suggests that the referendum do not take place until the middle of October, suggesting October 19 or 15. This would mean importations of liquor for personal use and consumption in private residences will not be permissible at least until about the end of the present year.

ORANGE CHAPLAIN ON IRISH QUESTION

Montreal, April 25.—A prayer for the Protestants in Ireland so that they might be guided to the choice of strong men as their leaders in the approaching elections to bring about peace and unity in the British Empire, was made by Rev. Dean Saunders, rector of St. Edward's Anglican church last evening. The speaker of the evening was Rev. Ward-Walke, of Halifax, grand chaplain of the Orange Association in British North America. The service was attended by a considerable number of Orangemen in regular uniform.

In telling why he had become an Orangeman, Rev. Mr. Ward-Walke said that one of the reasons was that he knew the trouble in Ireland was caused by those disloyal to the British Empire, "by those who would give anything to see us smashed into a thousand pieces, who would be only too glad to see anything happen to have the British Empire downed because it was Protestant. We Orangemen are going to see that that it shall never be written across the face of this Empire 'Thou art weighed in the balance and found wanting'."

The speaker referred to the onward movement of the Orange Association being launched all over Canada, and of its success. We are going to proceed throughout the country that it was the Orangemen who paid the money—\$12,000—when we went through to the bitter end in the Tremblay-Desjardins marriage case, and we Orangemen are responsible for the fact that we won one of the greatest victories in Protestantism. We are going to issue a tremendous number of pamphlets so that all the people will know."

Decide For Quick Sale

London, April 25.—(Canadian Associated Press).—The Canadian Development Company have decided to make a quick sale of all their properties. This was the decision of the shareholders at the annual meeting here today when the alternative of liquidation was put before them.

HOW TO KEEP HAPPY THROUGH CLEANING

Imperial Theatre Offers Its Cure-All for That House-cleaning Feeling and Moving Glum.

Though your home may be upset with spring cleaning, your chattels wrapped up ready for the May-day flit, you can forget all these unhomelike conditions by simply taking in the Imperial Theatre on Wednesday, April 28, and a sure cure for the blues. Today and tomorrow handsome Tom Meighan will be seen in another of his popular Paramount features, "Civilian Clothes"—the diverting romping of a girl who married a soldier in his uniform, but when he got back to civiles—whew! There will be the Burton Holmes Travels and Topics of the Day. On Wednesday, Viola Dana will appear for one day only in that powerful drama, "Blackmail." An Edgar comedy, "Edgar's Sunday Courtship" (a diverting fantasy on David and Goliath), will be an extra feature.

Thursday and until Saturday night Charlie Chaplin will hold the screen in utter triumph with his latest and absolutely best picture—a six-reel—entitled "The Kid." This is the big event in picturedom for the last six months and the wonderful come-back of Chaplin is trade wonderment. The little chap acting with him (a new discovery) is as good as Charlie himself.

PLEASING ACTS AT OPERA HOUSE

Last Chance to Enjoy Week-End Bill—New Programme Tomorrow Afternoon.

The week-end programme at the Opera House has been a popular one, and large audiences have derived pleasure at every performance staged since last Friday evening. One of the features of the bill is "A Classic of Song and Melody," which is presented by Grace Wallace and Boys; Harry Price presents a novel comedy cartoon offering; Bonner and Powers in comedy songs and breezy conversation; Angie Cappell, "The Little Wop," in a laugh-a-story and a high note; and Sankers and Sankers, in a few new twists in comedy acrobatic stunts, round out the bill. There is also an episode of the serial drama, "Bride 13," and a reel of current events.

The new programme, starting tomorrow afternoon, will be as follows: Jean Barrié, in a beautiful act, "Song Impromptu"; The Steamers, a variety of xylophone players; Louis Berkoff and Sister Freda, offering "A Terpichorean Fantasia," a great variety dancing novelty; Lew Lehr and Nancy Bell, in comedy singing skit, "Making Up"; Althea Lucas and Company, in a sensational serial offering; also an episode of the serial drama, "Fighting Pete," featuring William Duncan, and a reel of current events.

MORE GO TO WORK IN FRASER MILL

Fredericton, N. B., April 25.—In connection with the strike of the millmen at Victoria mills, the local plant of the Fraser Companies, Limited, announcement was made today that eight more members of local No. 120, International Timber Workers Union, had joined the crew operating the planing mill on a ten hour day in defiance of the union restriction. An official of the Fraser Companies said today that there were now about thirty men employed at the mill on a ten hour day, most of whom had been members of the old crew and were members of the union.

PERSONAL

Mrs. Thomas J. Dean, Wall street, has returned from the millmen at Victoria mills, the local plant of the Fraser Companies, Limited, announcement was made today that eight more members of local No. 120, International Timber Workers Union, had joined the crew operating the planing mill on a ten hour day in defiance of the union restriction. An official of the Fraser Companies said today that there were now about thirty men employed at the mill on a ten hour day, most of whom had been members of the old crew and were members of the union.

Mrs. H. P. Ross and son, Master Ed, ward at 3 Richmond street, left at noon for Moncton to visit relatives and friends.

THE RIVER.—The steamer D. J. Purdy was towed through the falls this morning and was placed on Gregory's blocks where she will have her bottom painted. It is expected that she will be placed on the main river route by the end of the week or the first of next.

SPRING DEBILITY

Loss of Appetite, That Tired Feeling and Sometimes Eruptions thousands take Hood's Sarsaparilla as a spring medicine for that tired feeling, nervous weakness, impure blood and say it makes them feel better, eat and sleep better, and makes food taste good. Spring debility is a condition in which it is especially hard to combat disease germs, which invade the system here, there and everywhere. The white blood corpuscles, sometimes called "the little soldiers," are the duty to fight disease germs, are too weak to do good service. Hood's Sarsaparilla strengthens the "little soldiers" and enables them to repel germs of grip, influenza, fevers and other ailments; relieves catarrh and rheumatism. It has given satisfaction to three generations. Get it today, and for a laxative take Hood's Pills.

AN INTERESTING MEETING AT THE BOARD OF TRADE

Dr. Geo. Porter, M. B., Secretary Canadian Association for Prevention of Tuberculosis to Give Instructive Address.

Next Friday afternoon an organization meeting for a Provincial Society for the Prevention of Tuberculosis will be held at the Board of Trade rooms, which time Dr. Geo. Porter, M. B., one time champion athlete of Toronto University, will speak.

Dr. Porter has addressed large meetings in all parts of Canada to the other. He is an enthusiast of the prevention of tuberculosis, and handles this subject in a clear and simple way.

Other speakers on the platform will be: Dr. C. M. Hincks, Sec. National Committee for Combating Venereal Disease; Dr. Gordon Bates, Sec. Canadian National Council for Combating Venereal Disease.

The question of the prevention of venereal disease is one of the most important topics of the day. Everybody is or should be interested.

This lecture being free to the public presents a most unusual opportunity to gain first hand important information from men of wide repute and lifelong experience. A full attendance is expected.

THE ROTARY CLUB

The Rotary Club listened today with the most intense interest to an address by Dr. Roger on the health centre movement in Halifax. Dr. Vincent has declared the health centre in the former Admiralty Building in Halifax to be most complete on the continent, and the Rockefeller Foundation has provided \$200,000 to provide a building for a second centre for the benefit of medical students. Dr. Roger described quite fully the various clinics and the splendid work done. E. J. Terry presided.

Rotarian Weyman reported the Boy Scout fund to be now a little more than \$2,000 with m. r. c. m.

ALLAN A. CROCKET DEAD IN WEST

Former New Brunswick Man Was Prominent in Engineering.

Fredericton, N. B., April 25.—Word received here this morning tells of the death in Alameda, Cal., of Allan A. Crocket. He was the fourth son of the late Dr. William Crocket, formerly chief superintendent of education. His father followed an operation for an affection of the eye several weeks ago. The trouble developed when he was enjoying the best of health and making preparations to come here this year with his daughters to visit his mother. Mr. Crocket was born in Chatham, N. B., on May 2, 1864, and left here forty years ago for Boston, after having spent some time engaged on the construction of the Panama Canal, but had spent practically all his life since leaving here in San Francisco, with the exception of a few years he was in Australia, where he was married. He wrote largely for mechanical, journals and at various times had addressed important gatherings in American cities on mechanical subjects.

REPORT OF ORGANIZATION PRESENTED TO CONGRESS TODAY—RESUME OF WORK ACCOMPLISHED—INROADS OF WAR CONDITIONS ON POPULATION.

Washington, April 25.—Accounting for the disbursement of \$18,129,117 in 1920 and a total of \$60,000,000 to date, including food, clothing and medical supplies, the annual report of the Near East Relief, incorporated by Congress on August 6, 1919, was filed with Congress today by Charles Y. Vickrey, general secretary of the relief organization. The report includes an auditor's statement by a firm of chartered accountants, whose transcripts in the field check on all expenditures by the Near East Relief. A balance on hand of \$307,219 is reported.

In regard to the business methods and efficiency of the organization, Admiral Mark L. Bristol, United States High Commissioner to Turkey is quoted: "I have been very closely associated with the work of the Near East Relief Committee for about twenty-two months," Admiral Bristol reports. "On the whole, the work of this relief committee has been such that Americans should be proud of this great human effort. The Near East Relief here in Constantinople is run more like a business organization than any relief organization with which I have ever come in contact."

As to the accomplishments of the organization, Mr. Vickrey's report shows 711 American and Canadian relief workers, including very closely associated nurses, mechanics, industrial experts, engineers, agriculturists, teachers, administrators, orphanage experts, supply transporters and general relief workers employed on little more than a volunteer basis, while 87,291 native workers have been used by the Near East Relief. According to the report, sixty-three hospitals, with 6,522 beds, 128 clinics, eleven rescue homes, 299 orphanages, 1,000 day nurseries, 1,000 day nurseries, and 50,000 children outside orphanages, have been maintained by the Near East Relief.

It is reported that approximately 2,790,460 Armenians are still living in Turkey, including about 1,000,000 in Cilicia alone. It is stated that 65 per cent of the Armenian Christian population perished from starvation during the war, while in the whole of Syria not less than 25 per cent perished from the same cause. It is estimated that had it not been for the American aid furnished through the Near East Relief, half of the present Armenian population of the Near East would have succumbed to starvation during the war.

The relief given impartially to all needy without distinction of race or religion, to have been carried on among the Armenians, Greeks, Nestorians, Syrians and Assyrians, largely Christian, of whom 561,970 were furnished food during a large part of 1920 while 800,000 garments comprising 1,000,000 pounds of clothing and shoes were distributed to refugees.

In regard to the work among the children, Mr. Vickrey says in the report: "A few millions of dollars wisely expended at this time in the support, maintenance and education of these young lives will be worth vastly more to the world than billions of dollars that otherwise may later be required in suppressing warfare and strife. This distinctly humanitarian relief work as an expression of brotherhood should help to mark the beginning of a new era of peace and interracial good will in the Near East."

BACK FROM WEST INDIES

PRESENTATION TO A. G. TURNEY ON EVE OF WEDDING

(Special to Times.) Fredericton, April 25.—At the office of the Department of Agriculture this afternoon, Hon. D. W. Messerieu, minister of agriculture, on behalf of the members of the staff, presented to A. Gordon Turney, provincial horticulturist, three pieces of wicker furniture, an arm chair, a rocker and a table. The gift was accompanied by an ornamental folder containing the signatures of all members of the staff. Mr. Turney replied in appropriate terms. Mr. Turney is to be married on Thursday. They are going to England on the Melita to spend some weeks in Europe.

BRIAND AND THE BRITISH PREMIER

London, April 25.—Premier Briand left Lympne this morning, planning to embark at Folkestone at noon for the channel crossing. Before leaving he expressed satisfaction over his consultations with Lloyd George yesterday. He expects to return to England Friday or Saturday for the meeting of the Allied Supreme Council.

Paris, April 25.—Entire satisfaction with the result of yesterday's conference in England, between Premier Briand and Premier Lloyd George, was expressed by newspapers here today.

The Echo de Paris declared the energy of Mr. Briand had convinced Lloyd George of the justice of the French point of view. It added that the two premiers were agreed on the necessity of the United States resuming her place in the Supreme Allied Council.

Imitated!

It is a familiar fact that no article lacking in outstanding individual merit is ever largely imitated.

It is equally true that widespread imitation is a penalty to which almost every product or principle which does possess distinctive merit must be subjected.

It is the open admission of competing manufacturers that that product or principle is a better one than any they themselves have been able to devise or originate.

If you would measure truly the outstanding superiority of RUBBERSET brushes, forget if possible every good thing you know about them from personal experience and every good thing anyone ever told you about them.

Simply think what this means: The trade name RUBBERSET and the old original RUBBERSET process of gripping bristles everlasting in hard vulcanized rubber is the ONLY brush trade name and the only KNOWN QUALITY WAY of brush making ever widely imitated in an effort to build markets for "would-be" competing lines!

HEALTH WEEK

Among the telegrams of congratulation from other provinces to Hon. Dr. Roberts on the inauguration of Health Week and the progressive public health policy adopted by New Brunswick is one from Dr. Chas. J. Hastings, medical health officer of Toronto, who says:— "Public health and brown are the chief corner-stone of national greatness. Money appropriated for public health is not an expenditure, but an investment, paying ten fold higher dividends than any other investment."

It is worth while to note this very significant statement from one who is a recognized authority on public health matters. Public money wisely spent to promote public health is a paying investment. We do not question the propriety of spending money to construct highways and railroads, to conserve the forests, to improve live stocks, to promote agriculture, to make education more widespread, and to develop new natural resources. We regard these as a good investment. We have also regarded hospitals as a good investment, and expenditure necessary to check epidemic; by we have not been fully impressed by the importance of a public health service universal in its character, and designed rather to prevent disease and physical inefficiency than to cope with these after they have developed. A complete public health programme begins with pre-natal care for the infant, and guards it all along the way through life, so far as this may be done by wise laws and regulations and community effort to make them effective in the case of each individual. We have learned that smallpox is a disgrace as well as a scourge, for it can be prevented. We have learned that tuberculosis in the earlier stages can be cured. We know what happens when the milk or water supply is impure. We know, but we have been too slow in applying the knowledge. This week in New Brunswick a campaign is on to emphasize the whole subject of public health, with special reference to child-welfare, tuberculosis and social hygiene. Hon. Dr. Roberts is not content with the mere passing of what is one of the most progressive health acts in existence, but desires to arouse throughout the province such an interest in the subject as will put behind that act the whole force of public opinion; and also bring home to every citizen the intimate relation there is between the action of the individual and the general standard of health in the community at large.

Health Week was inaugurated under most favoring auspices yesterday by mass meetings in St. John, Moncton and Fredericton. In this city the Imperial Club crowded the doors, and while there was disappointment that Dr. Vincent of the Rockefeller Foundation was unable to attend, the eminent speakers who took his place made a deep impression upon the assemblage. It was borne in upon the citizens that the death rate here, and especially the infant death rate, is too high. Even the great congested city of New York makes a better showing. The contrast should cause every citizen of St. John to have a deeper personal interest in what is being done by the board of health and child welfare agencies to improve conditions. It may be hoped that one fruit of Health Week will be such an aroused interest on the part of all physicians and officials throughout the province as will result in a complete record of vital statistics, by which alone we can measure progress or the reverse in public health. We should also anticipate a much more general effort to eliminate smallpox and tuberculosis, to ensure a pure milk supply and pure water, to reduce infant mortality, to lessen the ravages of mortal diseases, and to make good health so general a watchword that the reduction of the death rate and the elevation of the standard of public health would follow as a matter of course. Let us quote Dr. Hastings once more: "Money appropriated for public health is not an expenditure, but an investment."

Montreal Herald:—"The Farmers' Party in the Ontario Legislature has resolved not to leave itself open to the imputation of meanness. The members of the House controlled by the sons of the regular indemnity of \$1,400. They will probably expect their constituents to be surprised at their moderation."

LORD SHAUGHNESSY'S REMEDY

Lord Shaughnessy has written to Premier Meighen proposing that all Canadian railways be pooled in one big system under the management of the C. P. R. He says that in making the proposal "the Canadian Pacific has no fish to fry." It may be observed at the outset that the Canadian Pacific has never been regarded as lacking a shrewd eye for the main chance, but the proposal of Lord Shaughnessy will of course be considered on its merits. No doubt it will find favor in some quarters, but the majority of the people will hesitate long before placing their railway interest in the hands of one big organization. At the moment the situation in regard to government railways is far from satisfactory. The country has built too fast. The war prevented for a number of years the immigration that would have ensured more traffic for the railways, and today they are a heavy burden on the country. That burden must be borne and a way out of the difficulty found, but it is extremely doubtful Lord Shaughnessy has indicated the remedy. It is intimated that the question will be discussed in parliament, and after the experts have been heard from the merits and demerits of the proposal will be made more clear to the average citizen.

Ottawa Journal: "Between the peak of foodstuff prices in 1920 and the cost of the family budget in March official statistics show there has been a drop of 17.2 per cent. The decline in the United States has been greater; for meats and farm produce in general have responded more promptly on that side of the line to the process of deflation. A steady reduction in the cost of living will go a long way toward solving our economic problems, and a movement in that direction has very definitely set in. A fall of 17.2 per cent. is more significant than a rise by that ratio, since it applies to larger figures. For example, a change of 50 per cent. on the down grade is equal to 100 per cent. on the up. Thus, while the ascent from \$7.86, representing the cost of the family budget in March, 1914, to \$15.98 in March, 1920, was equal to 103.3 per cent., a decline of the bill under 51 per cent. would bring us back to the starting point."

Touching the matter of the raising of the new railroad bridge, Mayor Schofield, in the course of a letter to the editor of the Times, says: "We most certainly had an opinion from the recorder that justified a neutral attitude on our part." The Times unhesitatingly accepts the mayor's assurance that the recorder gave an opinion which the mayor and commissioners regarded as justifying a neutral attitude on their part. The point of disagreement appears to be whether any opinion which might be given by anybody would justify a neutral attitude on the part of the city council concerning a matter as closely affecting the city's interests as the bridge and the railway crossing at the end of Douglas avenue. The Times has not impeached and does not impeach the veracity of the mayor and commissioners.

New York Evening Post:—"Those with an irresistible craving for liquor will doubtless go on trying to obtain it, and risking the penalty. But good citizens will lend their whole support to the police. They may not like prohibition in itself. But as between law enforcement and law breaking decent men can assume but one stand. As long as prohibition was not taken seriously by the authorities there was some excuse, if not justification, for the levity with which the public looked on the law. To buy a drink was an adventure; it gave the drinker a Robin Hood sensation. The 1920 Legislature encouraged this attitude by its short-lived 2.75 beer act. But now it is high time we paid the law the respect it deserves."

Referring to those who seek to break up the good understanding between the Allied and associated nations, Sir Auckland Geddes said to St. George's Society, New York, last night: "It is the work of broken and defeated men who have nothing to lose and all to gain. Co-operation between the Allied and associated powers must be insisted upon and kept prominently in the minds of men for these stand against militarism and stand for freedom and democratic rule."

The majority against importation of liquor into Ontario is said by the Dominion Alliance to be 171,000 votes, and even Toronto may prove to be in the dry column. The Liberty League may as well put on its mourning garb.

MONTREAL STOCK MARKET

Montreal, April 25—The local stock market was quiet during the first half hour today. Asbestos, which has been conspicuous lately on account of its bad break, sold at 69 today, after closing at 60 on Saturday. Atlantic Sugar was fractionally stronger at 297.8. Brompton was up a quarter point at 88½. Laurentide was also strong advancing from 89. Its closing figure, to 90½. National Breweries and Hordon were both unchanged at 44 and 35 respectively.

TO A POET THAT DIED YOUNG.

Minstrel, what have you to do With this man that after you, Sharing not your happy fate, Sat as England's Laureate? Vainly in these iron days Strives the poet in your praise, Minstrel, by whose singing side Beauty waited, until you died. Still, though none should hark again, Drones the blue-fly in the pane, Thickly crusts the blackest moss, Blows the rose its musk across, Floats the boat that is forgot None the less to Camelot.

Many a bard's untimely death Lends unto his verses breath: Here's a song we never sung; Growing old is dying young. Minstrel, what is that to you? That a man you never knew, When your grave was far and green, Sat and gossiped with a queen? Thais knows how rare a thing It is to grow old and sing. When the brown and tepid tide Closes in on every side, Who shall say if Shelley's gold Had withstood it to grow old? —Edna St. Vincent Millay in The New Republic.

LIGHTER VEIN.

Same Effect. "Did you buy that ninety-dollar hat you were raving over?" "Yes." "What did your husband think of it?" "Why—er—he raved over it, too." —Boston Globe.

The Average Speaker's Idea. "Your speech at the club last night was altogether too long," said his chafed friend. "You really didn't have anything to say." "I know it," he replied, "but I hoped that if I kept on talking I might think of something." —Boston Transcript.

THE TAX ON INCOME.

The sweet young things at the movies last night didn't seem to care for the picture, for they spent the entire time in conversation. One of them was inclined to complain about everything and everybody. The other was one of the "plainers," who can interpret everything. Here's a sample of her marvellous intellect:—"I can't see why we have to pay these extra pennies every time we go to a movie, number one complained. "Oh, you see, the government is responsible for that." "You're wrong, number two, haven't you?" "Number one admitted that she knew there was such a thing. "Well, that's it. Every time we come in a picture show we have to pay an income tax." —Kansas City Star.

DEGREE FOR REV. A. A. GRAHAM

Doctor of Divinity for Former St. John Clergyman. (Moose Jaw Evening Times.) Principal Angus A. Graham of Moose Jaw College, has been honored by his Alma Mater, the Presbyterian College, Montreal, with the honorary degree of Doctor of Divinity. The degree was conferred at the annual convocation on Tuesday, April 12. The degree is conferred by the college as a recognition of Dr. Graham's successful pastorate in the church and especially for his educational service in the province of Saskatchewan. Dr. Graham graduated from McGill University in 1894, receiving the degree B. A. in that year with honors in mental and moral philosophy and the degree of Bachelor of Divinity and the Calvin gold medal for the highest in pass and honor in the same year and remained there until the end of 1904 when he was called to St. David's church, St. John, N. B. In July, 1911, Dr. Graham was appointed principal of Moose Jaw College which was just then organized. The buildings were erected and the college opened in 1918 and Dr. Graham has continued as its head. Since that time approximately 800 students have passed through the institution. Mrs. Graham is also a graduate of McGill University, having graduated from that university in 1897.

CARPENTERS' PAY

Statements by Contractors and Union Representatives in Ottawa. Ottawa, April 25—That the high cost of building and construction today is due to profits made by contractors and manufacturers in the building industry, and not to the wages paid to the labor unions, was a statement made by Patrick Green, international representative of the Brotherhood of Carpenters, yesterday in reply to a statement made by the local contractors' association on Saturday. He says the carpenters are willing to accept arbitration on a proper basis, but not in the manner in which the contractors would have it, and reiterated previous statement that the carpenters will not stand for any wage reduction, no matter what happens. The carpenters, he continued, in fixing their rate at 95 cents an hour, believed they were not asking more than would support their families in moderate comfort. "So far as we are concerned," he said, "arbitration should be on the basis of what we ask, viz., 95 cents, and what the contractors have offered us, 75 cents."

NO INDICTMENT FOR CARRYING "LIQUOR ON HIP"

New York, April 25—(Canadian Press)—Holding it an infringement on personal rights and liberty to arrest persons carrying liquor "on the hip," the Kink's County grand jury has refused to return indictments against thirteen persons taken into custody charged with violating the new state liquor laws. In cases where private homes have been raided and arrests and seizures made without the use of search warrants, it is understood no indictments will be found unless there is evidence that a still was or had been in operation.

AUTOS HELD UP; LIQUOR SEIZED

Malone, N. Y., April 25—Three men and a woman, all giving Rochester as their homes, were arrested in a raid on automobiles alleged to be engaged in bootlegging operations at Bombay, near the Canadian border, yesterday. Two automobiles, said by the police to contain 975 quarts of liquor valued at \$8,000, were seized. Those arrested were: Maurice Bloom, A. Michaels, David Bravaman and Miss Margaret Boland. There were five cars held up. Three escaped across the Canadian border.

WESTERN FREIGHT RATES AND COAL

Winnipeg, April 25—Equalization of the railway freight rates as between the east and west in order to remove the alleged discrimination against the west will be urged by the legal representatives of the Manitoba and Saskatchewan governments at today's session of the board of railway commissioners. An application for a twenty per cent. reduction on the ordinary freight rate from April 1 to Sept. 1, on coal brought from Alberta mines, will also be submitted. If granted, it is said, a reduction of about \$2 a ton to the Winnipeg householders would result.

YOUTHFUL HIGHWAYMEN HAD MINIATURE ARSENAL

Two young Sherbrooke boys, Earnest and Armand Landry, held up Alfred Dionne on a trestle and demanded his money. When Dionne remonstrated they fired two shots, wounding him in both legs. Then they fled without attempting to collect any tribute. Later police rounded up the boys. They had five revolvers and a large quantity of ammunition, believed to have been taken from a store and a bank both of which were broken into that night.

ST. GEORGE'S DAY IN CHURCH IN MONTREAL

Montreal, April 25—Service in the Church of St. James the Apostle last night was dedicated to St. George's Day. Members of St. George's Society, with President H. E. Webster wearing his gold collar, sat in the centre aisle. All wore red robes as did the clergy and choir. The pulpit was draped with St. George's banners. Canon Shatford preached. There were no special celebrations otherwise in this city on Saturday.

Bankrupt Stock Sale

We didn't want to do it, but the store is kind of small, so to avoid being swamped we had to keep the doors locked and let them in a few at a time.

THERE'S NO USE TALKING

We certainly have the bargains and lots of them. Not so many as we had, but plenty of snags yet. Come in tomorrow and buy a good all-wool sweater for a song or a nifty spring cap at less than half price.

PUBLIC HEALTH CAMPAIGN ON

Opening Gm Fired Yesterday - Visiting Speakers Laud New Brunswick as Pioneer in Health Work.

It's up to you if you want to have a more healthful city and a more healthful province. This, in effect, was the practical implication of the messages brought to the community of St. John by Dr. Alexander Fleisher, assistant secretary of the Metropolitan Life Insurance Company, New York, and Dr. B. Franklin Royer, of the Massachusetts-Halifax health commission, Halifax, the two public health authorities who addressed a meeting of St. John citizens that taxed the capacity of the Imperial theatre yesterday afternoon, when the opening gun in New Brunswick's health week was fired.

Both Dr. Fleisher and Dr. Royer congratulated New Brunswick for showing the rest of the world the way when this province made public health one of its governmental departments. They both complimented the province on what already had been accomplished here and they both pointed out that in the city of St. John the infant mortality rate and the general death rate were considerably higher than they were in the rest of the province.

Both the speakers emphasized the work of the public health department in protecting the population from communicable diseases and pointed out the large part which preventive work played in the activities of the department.

The Minister of Public Health.

Hon. Dr. W. F. Roberts, minister of health, who opened the meeting, said that public health had been set apart for the purpose of disseminating information in regard to health matters. He welcomed the large audience and said that the size of the gathering was proof that the subject of public health had the sympathy of the citizenship of St. John. He thanked the special committee which, under the convener'ship of Mrs. M. B. Edwards, had made the arrangements for yesterday's meeting and the other women's societies throughout the province who were co-operating in the campaign.

Dr. Roberts expressed his regret that Dr. G. E. Vincent, of the Rockefeller Foundation, was unable through illness to come to St. John and thanked Dr. A. Fleisher who had come in his stead. He then presented the honorarium to Lieutenant-Governor William Pugsley as the chairman of the afternoon.

Lieutenant-Governor Pugsley.

Governor Pugsley asked for public encouragement of what he called a "green movement." He read a telegram which Dr. Roberts had received from Dr. Vincent's wife expressing the doctor's distress at being unable to keep the campaign and sending greetings and best wishes for a successful series of meetings. He read two telegrams, one from Montreal and the other from Fredericton, saying that at the health meetings in both cities crowds had to be turned away.

The size of the audience, the governor said, was evidence of the interest taken in the subject of public health and a recognition of its importance. The logical outcome of public health work, the governor said, would not be fewer doctors but that the great mission of the doctors would be to prevent sickness.

He then introduced Dr. Fleisher as an authority who was well qualified to speak on the subject of public health.

At the conclusion of Dr. Royer's address, Mrs. Blanche Ferris sang "Open the gates of the temple." The governor in his final remarks, thanked Mr. Goulet on behalf of the province, expressed his gratitude to the doctors who had come to address the meeting. The arrangements for yesterday's meeting were made by a committee of all societies of which Mrs. M. B. Edwards was convener. Members of the V. A. D. in indoor uniform, acted as ushers and members of the V. O. N.'s, in outdoor uniform, distributed literature. Members of the choir from several city churches sang "Fight the good fight" and

To Be Troubled With Constipation THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble.

FEARED SHE HAD HEART TROUBLE

For Two Years Quebec Woman Could Eat Only Specially Prepared Foods.

"Tanlac has so restored my health that I'm just happy all the time," said Mme. J. M. Pomerleau, 34 St. Nicolas St., Quebec.

"I suffered so for two years from indigestion that I could eat only specially prepared food. I had no appetite and after meals I suffered agony from gas which formed on my stomach, causing my heart to palpitate at such a fearful rate I thought I had heart trouble. At times I had spells of indigestion that left me helpless for hours. I was so nervous that even the ringing of the telephone upset me. Night after night I kept sitting up in bed worrying about my condition, as nothing seemed to do me any good, and I had almost lost hope of recovery.

"But Tanlac turned my life of suffering and misery into one of health and joy. Why, the good it has done me is simply wonderful. My appetite has been keen I can hardly get enough to eat and everything agrees with me perfectly. My nerves are as steady as a clock, I sleep well at night and get up in the morning refreshed and thoroughly rested. I have actually gained eight pounds in weight and feel like an entirely different person. Tanlac has certainly been a great thing for me and I can't praise it enough."

The Imperial orchestra played several selections.

Those on the platform were his honor Lieutenant-Governor William Pugsley, Mayor E. A. Schofield, R. T. Hayes, M. P., provincial president of the Red Cross; Rev. H. A. Goodwin, president of the Evangelical Alliance; Dr. M. MacLaren, president of St. John's Ambulance Society; Hon. J. G. Forbes, president of the V. O. N.; Hon. Dr. W. F. Roberts, minister of health; Dr. B. F. Royer and Dr. A. Fleisher. His lordship Bishop LeBlanc was unable to be present.

A Provincial Association for the Prevention of Tuberculosis will be organized later in the week in this city. This meeting will be in charge of the local Anti-Tuberculosis Society and addresses will be given by Dr. George Porter of Toronto, the secretary of the National Association for the Prevention of Tuberculosis, Dr. Bates and Dr. Burnett, both of Toronto.

A King street firm has donated a show window for health purposes during the week which contains an interesting play, especially pertaining to child welfare. A Victorian Order nurse is on duty in the store giving demonstrations.

Dr. Roberts said last evening that meetings held in Moncton and Fredericton yesterday had been very successful and he seemed much pleased with the flying start for the campaign.

LIGHTED PIPE; IGNITED GAS WELL ON FARM

Calgary, Alta., April 25.—Wm. Embree, a farmer a short distance west of this city, while drilling a stock well on light his pipe and in stopping down to do so ignited gas coming from the well. The flame shot several feet in the air and was put out only by the use of soda and water. This strike of natural gas was made at a depth of 180 feet and is said to be a wet gas, indicating the probability of oil.

The property on which the strike was made was filed upon a year ago for petroleum rights, but no development was done and the lease expired. Mr. Embree has now taken out a lease for the petroleum and gas rights, and the strike, being made so close to the city, is likely to be watched closely.

BUSINESS REVIVING.

Milwaukee, Wis., April 25.—Business throughout the United States is experiencing a gradual but wholesome revival according to Richard J. White, Milwaukee, president of the Travelers' Protective Association. Mr. White bases his views upon reports received tri-weekly from presidents of thirty-six state branches. All classes of business are now finally on the up-grade and this improvement is gradual but sound and is certain to continue, he said.

ENGLAND'S PATRON SAINT HONORED

Impressive Service in St. Paul's Attended By St. George's Society Members - At the Other Churches Yesterday.

At an impressive and beautiful service in St. Paul's church, last evening, two of the foremost organizations in the city, one whose ranks are filled from the children of our youth and the other composed of members of the rising generation—St. George's Society and the Boy Scouts' Association—met together to do honor to the memory of St. George, the patron saint of England. Both organizations attended the church in a body. St. George's Society in commemoration of the patron saint of their order, and the Boy Scouts in honor of the birthday of the Scout movement. The service was conducted by Archdeacon A. H. Crowfoot who also preached a splendid and inspiring sermon on "The Day."

Appropriate hymns were sung by the St. Paul's choir in a manner which caused much favorable comment among the visitors who attended the service. There was a large turn-out of the St. Paul's Girl Guides.

The eleventh St. John (St. Luke's) troop of Boy Scouts and Wolf Cubs attended divine service at St. Luke's church yesterday morning under their respective leaders, R. Edgar Adams and Ralph B. Brennan. There were about fifty boys present and they listened to an interesting address by the scoutmaster, Rev. E. P. Wright. During the service Troop Leader Adams repeated the Scout Law. The troop leader, patrol leaders and scouts took up the offertory. Appropriate hymns were sung and the service proved to be one of unusual interest and inspiration.

The Boy Scouts of the Mission church attended service in a body yesterday morning and heard an appropriate sermon by Rev. A. R. Yeoman, who spoke of St. George, the patron saint of the order, and like subjects touching boy life. Special music was provided for the occasion.

The monthly exchange of pastors took place yesterday in the Methodist churches of the city. In Centenary Rev. Samuel Howard preached in the morning and the pastor, Rev. H. A. Goodwin, in the evening; Rev. E. J. Skyles preached in the Esplanade Methodist church at the morning service, while Rev. G. F. Dawson preached in the evening, his substitute being "Dying Fire."

In the Portland Methodist church, the sermons at both the morning and evening services were delivered by Rev. G. Stanley Helps of Hampton and Rev. Harry B. Clarke, of St. John. Rev. Helps, who is pastor of Rev. Thomas Marshall Rev. Neil MacLaughlin, pastor of Queen Square Methodist church, preached yesterday morning in the Fairville Methodist church, while Rev. W. D. Wilson preached at the morning service of the former church. In the evening Rev. Mr. Wilson preached in Fairville and Rev. Mr. MacLaughlin preached in his own church.

B. Y. P. U. Leader Speaks.

Rev. James Asa White, a young divine of vigorous personality, a deep thinker and imbued with a spirit of militancy in marshalling his forces, came to St. John from Chicago and delivered splendid addresses in Ludlow street, Germain street and Central Baptist churches yesterday, apparently making a profound impression upon both audiences. Dr. White occupies the conspicuous office of general secretary of the Baptist Young Peoples' Union on this continent, the official headquarters of which is in Chicago. There are more than 1,000,000 B. Y. P. U. members in the United States and Canada and it is one of Dr. White's duties to make periodic visits to all centres of his activity.

Rev. H. A. Cody, rector of St. James' church, took for his subject last night "King Lear's" the second of a series of practical addresses from Shakespeare. His previous address was on "Timon of Athens." The speaker applied the lessons learned from these powerful poems written centuries ago to situations today.

ROCKEFELLER TO PAY \$2,000 TAX ON PLANT HE LETS STATE USE

Bedford, April 25.—As a result of a final legal ruling by Attorney-General Newton's staff, John D. Rockefeller, jr., according to an official of the State Reformatory for Women in Bedford today, will have to pay a tax bill of \$2,000 on the social hygiene plant alongside the reformatory which he is letting the state use free of charge for the treatment of psychopathic prisoners. Mr. Rockefeller will get \$1 a year from the state. It is reported that Mr. Rockefeller, appreciating the efforts of the reformatory managers to relieve him of taxation, will pay the taxes without protest.

HONOR THEIR DEAD COMRADES

Veterans Parade Yesterday to Services in Cathedral and Stone Church.

Despite the inclement weather, about 160 former officers and members of the C. E. F., a great majority of them in uniform, attended divine worship yesterday morning in memory of those comrades who had fallen at the Battle of Ypres, April 22-25, 1915, and also all others who had made the supreme sacrifice.

The men fell in at the Old Court house, King street east, and marched up dney street, along the south side of King Square, down King street and up Jermain street to St. John's (Stone) church, those of the Roman Catholic faith branching off and continuing to the cathedral. The former soldiers were led by the Fulliers band of twenty pieces, followed by Brigadier-General A. H. Macdonnell, C.M.G., D.S.O., and staff, and W. J. Brown, president of the C. E. F. A., at whose request the services were held. Next came Mayor Schofield, Commissioner Jones, Commissioner Prink and Commissioner Thors-

ton; R. T. Hayes, M.P.P., former mayor; Herbert E. Wardroper, common clerk; Captain A. J. Mulcahy, representing the Navy League and S. Herbert Mayes, former chairman of the Citizens' Welcoming Committee. The officers and troops followed in a body. Major C. J. Morgan commanded the party that went to the cathedral, among whom was Lieut. M. O'Leary, V.C.

The special service at Stone church, which was conducted by Rev. Canon (Captain) Gustave A. Kuhring, chaplain of the N. B. Dragons and late chaplain of the C. E. F., was very impressive. The hymns were appropriate to the occasion and the anthem "Pilgrims of the Night" was sung by the choir with Mrs. W. S. Harrison singing the alto solo parts and Mrs. George K. Bell the soprano. Following the benediction D. Arnold Fox, in an able manner, played the Dead March from Saul, the congregation standing in honor of those who had fallen. The "Last Post" was sounded by a bugler placed in the chancel of the church and the service was concluded by the singing of the recessional hymn "O' Valiant Hearts," written by Mr. Arkwright, who had lost three sons in the war.

The offertory was on behalf of the benevolent fund of the Great War Veterans' Association. The church was well filled with worshippers, among whom were several nursing sisters and V. A. D.'s who had seen service at the front.

(Canadian Press Despatch.)
Toronto, April 24.—Rev. Dr. Cody, rector of St. Paul's church, this city, announced to his parishioners this morning that he had decided not to accept the call to the archbishopric of Melbourne, Australia, but to stay with his people at St. Paul's. This announcement was received with applause, and the congregation rose and sang the Doxology.

TEACHERS GO BACK TO WORK

Edmonton, April 24.—The strike of high school teachers in this city was settled Saturday and they will return to work tomorrow. No salary increases were granted, and the teachers will not be paid for the two weeks they have been on strike. The school board also refused to grant them representation on the school board, but made a specific provision for a "standing conference" committee consisting of two members of the board to meet representatives of the teachers' alliance or other teachers or employees either as groups or individually as they might desire, which the teachers have accepted.

It was announced in St. David's church yesterday that the profits of the "superfluity" sale held last week in aid of the building fund totalled \$600.

"All the Boys Want a Ride on My New C.C.M."

TOMMY STEVENS has one big kick—
"All the boys want to ride his new C. C. M. bicycle."
Tommy says, "The fellows pester the life out of me. Before one of them has finished a ride, some other fellow is coaxing for a turn."
They all seem to like my new C. C. M. a lot better than their own bikes."
Aside from this one kick, Tommy is tickled to death with his new bicycle.
He admits he can hardly blame the fellows for wanting to ride it. It runs so much easier. And when the boys ask him why, Tommy tells them about the **C.C.M. Triplex Hanger**.
It reduces friction. And there's a freedom from those mean "tight and loose" spots often developed by other hangers.
Tommy says, "It makes a C. C. M. bicycle run so smooth and easy you'd almost think you were riding down grade. And I can feel the Triplex fairly sizzle with power and pull away like mad when I hit her up!"

Boys! Girls! Have you ridden a C. C. M. Bicycle with the C. C. M. Triplex Hanger? Get your father to go to the dealer's with you and see one.

The New Models Are Beauties

The last word in bicycle style and smartness. Wonderfully smooth enamelling that fairly sparkles. And the "bright as sunshine" nickelling is done over copper so it can't rust.

All C. C. M. Bicycles have the New Hercules Positive Drive Coaster Brake—the kind that coasts farther and has no clumsy side arm.

The C. C. M. is "A Real Bicycle for a Real Boy."

And there's a special one that the boy won't outgrow. Equally good for a lad of nine or a youth of twenty. Step into a C.C.M. dealer's and ask to see the C. C. M. 18-in. Curved Bar Model.

SERVICE STATION C.C.M. BICYCLES

THERE are over 1,000 C. C. M. Service Stations in Canada carrying genuine C.C.M. parts and giving C. C. M. service at reasonable cost. Look for the above sign.

Silky Wool From Australia

No other material was ever used in these famous stockings for children.

There have been times when the Australian supply was light. Then, we were unable to produce enough Little Darling and Little Daisy Hosiery to go 'round. For we would not substitute other wool.

We thought it better not to vary the quality of Little Darling and Little Daisy Hosiery.

Mothers, we know, expect in these stockings the finest, softest and best knitted wool yarn. They expect unusual wear. It means much to them to clothe their children in such comfortable, healthful—and, at the same time, such economical—material.

LITTLE DARLING HOSIERY—for babies and tiny tots up to seven—has silken toe and heel.

LITTLE DAISY HOSIERY—for children up to twelve—has extra strength in heel and toe.

Many dainty shades and black.

HEIRESS ELOPES

New York, April 25—Eighteen-year-old Kate Stevens, granddaughter of the late Calvin Stevens and heiress to one-third of his \$1,250,000 estate, ran away last week and married Richard Fagan, a Dartmouth College student.

In the petition the mother refers to the elopement as a "foolish, youthful escapade." The daughter is to go back to school, she said, and will not live with her husband until he is through with his college education.

REVIEW OF BIG LEAGUE BASEBALL

New York, April 25—The Cleveland world champions who took the lead yesterday in the American League pennant race by defeating St. Louis four straight games appear to have the edge on the other western teams.

New York and Washington began battle yesterday for the supremacy of the eastern section, the Senators winning on their home grounds. Today the two teams will start a four game series in New York.

Pittsburgh is outbating the other National League clubs. The Pirates have made sixty-nine runs on 122 hits in their eleven games with Cincinnati and Chicago, and, on the form shown by St. Louis, should have little trouble in disposing of the Cardinals.

Incident weather has prevented many major league teams from getting into their stride. Twenty of the fifty-six games scheduled for last week were postponed because of cold weather, rain, snow or wet grounds.

PERSHING HEADS U. S. WAR STAFF

Washington, April 26—Organization of a war staff headed by Gen. Pershing, to take charge of field operations of the armies of the United States in time of war, is announced by Secretary Weeks.

SARDINE OUTLOOK POOR

The outlook for the sardine industry continues far from bright and instead of commencing operations large packers are laying off employees and indicate an intention of sitting tight, the price of sardines being so low as to be unattractive to operators at the present costs of operation.

SOCCER.
 Organizing for Soccer.
 An attempt is being made to marshal soccer football forces of this community in sufficient numbers to form a city league. Tonight a meeting is to be held in the Carleton Curling Rink at eight o'clock for the purpose of forming a soccer team to represent Carleton. Ross, C. Murphy, T. Keeble and T. Cahane are among the enthusiasts of the one who are promoting this meeting and it is hoped that at least a hundred interested in attendance. For tomorrow evening at the Y. M. C. A. another meeting is scheduled and it is hoped that at least a hundred interested in attendance. A city league that will include the Carleton team, the Central Athletic Club and probably teams from Movity's and from the G. W. V. A.

"THE LAW OF THE YUKON"
 By ROBERT W. SERVICE
 Tells many startling things about life in the Yukon; it paints the good at its best—which existence in the North Woods unerringly brings out—and exposes the bad with grim realism. The depictions are fearless—therefore, mighty entertaining. A screen classic to be discussed and remembered.

FOR SUFFERERS. In the Cathedral yesterday it was announced that a collection taken up for the suffering children in Europe amounted to \$884.25.

BOWLING CHALLENGE. The High School bowling quintette wish to challenge Black's Juniors to a game to be played tomorrow evening at 7.30 o'clock on the Y. M. C. I. alleys.

NEW POLICEMAN. William J. Blackwell, Ludlow street, West St. John, a native of England and a returned soldier, who served in France during the war with the Canadian Military Police Corps, was sworn in this morning as a city policeman.

DIED TODAY. Robert Allen, 80 Stanley street, died this morning at his home, in the eighty-second year of his age, leaving five daughters, two sons and one sister to mourn.

CHARLES GALLANT. The death of Charles Gallant occurred this morning at his residence, 63 Portland street. He was ninety-four years of age and a tinsmith by trade. He had been in ill health about a year. Besides his wife, he leaves two daughters and one son to mourn. The funeral will be held from his late residence tomorrow afternoon at 2.30.

THE BAY SERVICE. The steamer Empress, operated between St. John and Digby by the C. P. R., has been withdrawn from the route to undergo annual overhauling. She is expected to resume her sailings on or about May 4. While she is being repaired the steamer Valinda will carry freight to and from Digby, but will have no accommodation for passengers. The work of overhauling the Empress will be done at Lower Cove slip.

METHODIST MINISTERS. Much miscellaneous business in connection with the approaching conference at Sackville was dealt with this morning at the weekly meeting of the Methodist ministers of the city. Rev. G. Stanley Helps of Hampton was a visitor. Reports of an encouraging nature were received as to last night's services in the various Methodist churches of the city. Those present this morning were Rev. Messrs. Neil MacLaughlan, E. E. Styles, S. Howard, G. F. Dawson, H. A. Goodwin, Thomas Marshall and Henry Penna.

TRAFFIC CASES. A case against the C. P. R. for alleged obstructing of traffic at the Mill street crossing, was resumed in the police court this morning, but was again postponed until Wednesday morning. Dr. F. R. Taylor, K. C., appeared for the railway company. Roy Ross was charged with exceeding the speed limit on Rodney wharf while driving a motor truck from the ferry floats. He admitted the charge. Policeman Gorman testified. A fine of \$10 was imposed.

MELITA LAST OF THE SEASON

Closing of Ocean Passenger Steamship Traffic at This Port This Week.

With the sailing of the C. P. O. S. liner Melita on Wednesday for Liverpool passenger traffic at this port for the season will be brought to a close. She will take away approximately 300 cabin and 225 steerage passengers, in addition to a large general cargo and royal mails. Among the passengers booked to date are Col. A. E. Queripel, C. B. and Mrs. Queripel of Vancouver. They will also be a naval party enroute to their homes in England after completing service in the West Indies, and some people from Bermuda. The passenger port staff of the C. P. O. S. left Saturday night for Montreal and Quebec where they will remain during the summer months. G. S. Field, passenger agent of the C. P. O. S. will leave this evening for Montreal to arrange for the summer service at that port. During his absence his duties here will be looked after by D. J. Cable. The purchasing department staff of the C. P. O. S. will also leave today for Montreal. It is expected that all the staffs will have gone by the end of the week.

REPORT ON POWER SITE AT BORDER

C. O. Foss, chief engineer of the New Brunswick Electric Power Commission, visited St. Stephen on Saturday to inspect the power prospecting at the Denis, a branch of the St. Croix, with a view to including it in the hydro system of the province. Mr. Foss said today that the stream could develop about 150 horse power and had excellent storage facilities, but it was not of sufficient importance for the commission to develop. It was an excellent site, he said, for a private enterprise and the commission would likely recommend its development as such. An axe factory near the mouth of the river had used power from the stream, but the factory and dam were both destroyed by fire. Asked regarding the tenders for the power house at Musquash, Mr. Foss said that the announcement of the successful tenderers would not likely be made until the provincial government met here next week.

BISHOP GABRIELS OF OGDENSBURG DEAD AT 84

WELL ON WAY FOR LOCAL BALL

Commercial Club, Pirates and St. Peter's Teams in City League.

Baseball fans throughout the city will be pleased to learn that arrangements are well under way for the season. A city league will be organized, comprising three teams, the Commercial Club, Pirates and St. Peter's. Meetings have been held and all that remains to be settled is the drawing up of a playing schedule.

The Commercial Club will have a team composed largely of players who wore the G. W. V. A. colors last season. The Pirates will be organized by the Commercial Club. Meetings have been held and all that remains to be settled is the drawing up of a playing schedule.

Games will be played alternately on St. Peter's and the East End League grounds. Contractors are at work on the former grounds getting the playing field leveled and in condition for the opening of the season. During the winter and spring the work of filling in right field and right centre has progressed favorably and there is an addition of more than thirty feet in this section. The entire grounds are being fenced in and a large flag pole is being erected in the centre field. The house was built during the winter to accommodate patrons of the skating rink and during the summer it will be utilized for dressing quarters for the players of the teams. It is a long and commodious building and will be equipped to meet the requirements of the home and visiting teams. There is also some talk of fencing in the East End grounds and adding more seating accommodation for the fans. A meeting to draw up a schedule will be held this week.

TWO SENT TO THE HIGHER COURT

Pooler Warehouse Case and Matter of Coal Shortage—Police Court Session.

In the police court this morning a case against George W. Lord and George H. Pearce on suspicion of breaking and entering the warehouse of J. J. Poole & Son, Nelson street, and stealing a case of liquor, was resumed, and both were sent up for trial.

A charge relative to stealing coal from the Dominion Coal Company was taken up against Lorne R. P. Starr said that during December and January there was a shortage of about 500 tons of coal, valued at about \$970 a ton. He said the accused was called into his office, but denied that he took any coal or knew anything about the cause of the shortage. The accused was also sent up for trial on this charge. Dr. F. B. Taylor, K. C., conducted the prosecution, and G. Earle Logan appeared for the defence.

Enmet Burke, Simonds street, was charged with allowing his premises to be used for the unlawful disposition of liquor. He pleaded not guilty. Inspector Henderson told of going to the beer shop of the accused, where, he said, Inspector Journey took a bottle of liquor from Thomas Saunders, who was also in court charged with having liquor in his possession other than in his private dwelling. The inspector said there were also other men in the shop at the time, but the accused was not present. The case was postponed for further evidence and Saunders was remanded, while Mr. Ryan conducted the prosecution and E. S. Ritchie the defence.

A case against Mrs. Rosa Zebberman, charged with having liquor in her premises unlawfully, was resumed and the minimum fine of \$50 and costs was imposed. Four men charged with drunkenness were arrested during the week-end and three appeared this morning and pleaded guilty. The fourth was allowed out on deposit last night. Those who appeared were remanded to jail.

FOUR ARRESTS ON THEFT CHARGE

Three Women and Youth Taken in Connection With Millidgeville Break.

William Donaldson, aged twenty; Louise Jackson, aged thirty; Lottie Robichaud, aged twenty-nine, and Mary White, aged sixty-one, were arrested this morning by Sergeant Detective Power, Detective Donahue and Policeman Lewis on a warrant charging theft. A short time ago the summer house of J. Fraser Gregory, Millidgeville, was broken into and wearing apparel, bedding and other articles were stolen. The matter was reported to the police and as a result of information they went to a house in Harrigan's alley, off Brussels street, and in a basement found several articles which were said to correspond with ones missing. The accused, who live in this place, were arrested. They appeared before the court this afternoon and were remanded to jail for witnesses. A large quantity of articles were recovered and Mr. Gregory was at the police station and identified some of the things as similar to those he had in his camp. Several towels that were found had on them the mark "C. G. R." Among the articles taken to the station were towels, blankets, bed quilts and trunks of clothing.

JOINT ACTION TO PICK CANDIDATES FOR NEXT GENERAL ELECTION

Why Do Viyella Flannels Appeal To Women?

This question is very easily answered in a few words, and here is the answer:

Because they go through an extremely fine process, and are positively unshrinkable. They have stood the test of time. The colors are absolutely fast, and the wearing qualities are unquestionable.

These goods were put on the market over thirty years ago and at that time became famous on account of the Superior Quality they possessed. Today they still maintain the same high standard.

We are showing a large variety of these goods which have just come to hand.

ALL THIS WEEK Custom Tailored Clothes for Critical Dressers

At 10 per cent. Reduction

Right at the beginning of a new season when men really want new clothes—and this reduction is from prices that are already low—low because the Oak Hall Tailoring Shop is only one department of this enormous business so that its overhead expenses are much lower than is ordinarily the case. Also the tailoring department has the benefit of Oak Hall's tremendous cash buying power thus making all purchases at rock bottom prices—and on top of these savings is our policy of small margin of profit on each individual sale. All these points are reflected in our usually lower prices and now at a 10 p.c. reduction you should not hesitate to leave your measure and make your selection at once for
