Large Sum Comes For Use At Public Hospital

A Federal Grant of \$62,500

DR. ADDY BRINGS WORD

Success Attends His Efforts While on Visit to Ottawa—Contribution to Capital Expense of Caring for Sick Mariners—Gift of \$32,500 From Unnamed Individual

Grants and gifts totalling \$85,000 will be available for the extension of the General Public Hospital facilities just as soon as the money is needed. This is entirely apart from any amounts which may be raised by the city and county in the way of assessment or by bond issues and will be just that much extra provision for the care of those who need hospital care.

Of the sum mentioned, \$62,500 will be in the form of a grant from the federal government and a contribution towards the capital expense of caring for sick mariners and \$22,500 will be a contribution from a private individual who has not permitted the publication of his name.

Dr. G. A. B. Addy Brings Word. These announcements were made this afternoon by Dr. G. A. B. Addy, one of the commissioners of the hospital, who returned at noon from Ottawa. Doctor Addy had gone away partly with the intention of securing a rest but while in Ottawa devoted his time to the interests of the local institution with most profitable results.

The chief matter which he laid before the federal authorities was the problem of caring for sick mariners. Under the existing arrangement, the hospital has been caring for all sailors who need attention and the government has been paying for them at a daily rate fixed on the basis of the actual cost of operating the institution per day per patient. Doctor Addy pointed out that this arrangement did not take into consideration the overhead cost involved in the provision of the hospital building. The institution has reached the stage where all the available room, and more, is required for local patients and the government could not undertake to provide additional facilities to care for the sailors unless the government would meet their share of the expenses.

The actual cost of simply housing the patients in a modern hospital equipped with the facilities now regarded as necessary has been figured at \$2,500 a bed, and Dr. Addy informed the government that the commissioners would be willing to make provision for any number of sailor patients they desired at this rate for the plant, plus the usual charge per diem for maintenance and attendance.

In answer to a question, Dr. Addy pointed out that, otherwise, the government would have to maintain a hospital at a cost of \$2,500 a bed, and that this would cost more than \$50,000, and probably would cost nearer double that amount. They then would have to maintain it at a cost of something like \$80,000 a year.

Their experience in the old marine hospital at this port was not of a nature to make the government anxious to repeat the experiment and the reasonableness of Dr. Addy's argument finally was recognized.

Representatives Assist. In presenting his case to the government, Doctor Addy had received the nearest and most energetic assistance from all the local representatives, including Hon. F. B. Carroll, S. E. Elkin, M. P., R. W. Wigmore, M. P., Senator Thorne and Senator Daniel. Just before his departure, Doctor Addy received a telephone message from Mr. Elkin that the government had agreed to the suggestions which had been made and a final interview was arranged.

At this interview it was announced that the government had decided to accept the terms and conditions of the offer for twenty-five beds on the basis of \$2,500 each, which will mean a total of \$62,500, which will be provided by the government towards the cost of additional hospital facilities.

The success of Doctor Addy's mission is all the more interesting because of the fact that it means the inauguration of an entirely new policy on the part of the government. Under the arrangement by which the government collects sick mariners' fees from each vessel that enters a Canadian port, the government assumes the obligation for caring for the sailors when they require medical or surgical attention. Since the government's marine hospitals were abandoned, the government has fulfilled this obligation by paying for the care of the men at various public hospitals, but the matter of the overhead cost never had entered into the calculations. Now that St. John has established the precedent it is probable that hospitals at other ports will seek the same concession.

For Maternity Wings. The other announcement which Doctor Addy was able to bring home with him came as an entire surprise. While he was in Ottawa on the other mission a gentleman, who refused to allow his name to be divulged, made the generous offer that he would contribute \$25,000 towards the cost of erecting a maternity wing and \$7,500 towards the cost of equipping it.

These contributions will go a long way toward solving some of the most pressing of the hospital commissioners' problems and bringing the institution up to a high standard of public service.

The new power house has been provided at a cost of \$100,000, the new refrigerating plant—the best procurable—has been installed at a cost of \$25,000,

Raynham Begins to Repair His Plane—Companion Not Likely to Make Start With Him But Says He'll Go Later Himself

St. John's, Nfld., May 21.—The lack of news regarding the Sopwith airmen continues greatly to depress all here. The opinion is that the machine must have collapsed within a short time after leaving St. John's, because no wireless message was received nor any indication of their being alive during the five or six hours necessary to bring them into the more track which they should have reached before nightfall.

The belief is also expressed that the wireless collapsed, as on a test flight here six weeks ago, otherwise they could have sent some signal. The opinion is gaining ground that the radio bodies of the engine and wings may have affected the engines through the intense cold congealing the oil. American airmen flying to Trepassay found this condition caused them serious inconvenience and seriously disturbed all their engines, some of which virtually burned out from this cause.

MORGAN MAY NOT GO WITH RAYNHAM. St. John's, Nfld., May 21.—The skeleton of Frederick Raynham's Martinsyde plane was set up in a repair shop today to be reassembled. Captain W. F. Morgan declares today that he could not put his former faith in a machine so damaged as the Martinsyde was in the crash of Sunday. This indicated that he would not fly with Raynham in this second attempt to win fame, for which the machine is being rebuilt. However, he said he did not concur in the opinion of the physicians who told him that the injuries sustained on Sunday put an end to his flying days. He said when he recovered he would make an effort to obtain a new plane and start an independent flight for the British Isles.

Raynham is of the opinion that his machine could be made to fly either with a new engine or with the old one. W. F. Morgan is of the opinion that the British air ministry will be asked for more voluminous reports. As an instance of the dangers of delayed information, it is said that the minor depression reported near the Azores before Henry Hawker started out on Sunday had grown to a tremendous storm proportions before it next reached the coast on Sunday night. It was added that had intermediate reports been made and forwarded promptly the missing airmen might have been warned in time to avert disaster.

Washington, May 21.—Resumption of the trans-Atlantic flight by the naval seaplane N. C. 4 has been again postponed today, according to a message received today from Ponta Delgada, said one of the engines had developed trouble and that the start for Lisbon would not be made today.

FARMERS OF WEST PLANNING TO GAIN POWER AT OTTAWA

Toronto, May 21.—A special despatch to the Globe from Calgary today says: The agricultural west also is planning to launch a movement based upon the satisfaction of existing conditions. But the farmers plan to accomplish their ends by going directly into politics. The United Farmers of Alberta are arranging a series of meetings with a view to making their organization a political force.

According to reports of the preliminary conference the movement is being organized with a view to the election of an entirely new policy on the part of the government. Under the arrangement by which the government collects sick mariners' fees from each vessel that enters a Canadian port, the government assumes the obligation for caring for the sailors when they require medical or surgical attention. Since the government's marine hospitals were abandoned, the government has fulfilled this obligation by paying for the care of the men at various public hospitals, but the matter of the overhead cost never had entered into the calculations. The new power house has been provided at a cost of \$100,000, the new refrigerating plant—the best procurable—has been installed at a cost of \$25,000,

and only last week the county council voted \$100,000 for the erection of a new building for a nurses' home. The erection of the nurses' home is ready and the nurses and other resident help are transferred to their new quarters, the space they vacated will be sufficient to provide room for at least sixty beds, in addition to the present accommodation for 150 patients. The new building will be a high standard of public service.

As Hiram Sees It

Mr. Hiram Hornbush was on his way to City Hall when the Times reporter met him this morning. "I don't see the point," said the reporter, "in your going down to see the mayor and commissioners about a bonus for the city. They're taking too big a risk to come into town without some inducement."

"I don't quite see the point," said the reporter, "in your going down to see the mayor and commissioners about a bonus for the city. They're taking too big a risk to come into town without some inducement."

STRENGTHEN THE TIES OF FRENCH AND ENGLISH

Ottawa, May 21.—The part taken by Canada in the great war allows her to take her place with the nations of the world, said Hon. Rodolph Lemieux, president of the Royal Society, in an address to the members and others at the Chateau Laurier last evening. He dwelt on the strengthening of the ties between France and England through the war and said Canada ought to follow suit in the same footsteps.

St. John, a sister of the bridegroom. After a short wedding trip through the province, Mr. and Mrs. Perry will return to New York, where they will reside.

Declines To Sign Is Statement of German Cabinet To The A. P.

Berlin, May 21.—Germany declines to sign the peace terms laid before her because they spell economic destruction, political dishonor and moral degradation of the entire German nation, not only for the present, but also for still unborn generations, was a statement authorized by the cabinet yesterday through the Associated Press. The statement adds "That these consequences must logically follow acceptance of the peace conditions the American press itself has recognized without question. Toward them Germany took the standpoint that acceptance of such conditions could not be demanded and that the Entente was unjustified in imposing such demands."

"Germany," says the statement, "has not only a moral right to compliance with the general promises made it but a firmly-grounded, definite, clearly defined claim, according to the basic rules of international law, on all the Entente Powers and especially on the United States. A specific recognition of the right of Germany and of the German peoples to a peace of right, justice and reconciliation, instead of the paragraphical song of hate which was written at Versailles is contained in the note of the American Secretary of State Lansing of Nov. 5, 1918.

"In the secretary of state notified the Swiss minister in Washington unconditionally that the established basis of President Wilson's fourteen points should be authoritative for the peace conditions. Secretary Lansing announced further that the Entente governments, prepared to recognize the conditions set up by President Wilson as the basis for the conclusion of peace.

"The declaration of rights amounting to these specific declarations of all the Entente Powers and the United States constitutes Germany's sole asset in the present breakdown of all international politics which has found no surmountable expression in the Versailles terms.

"Germany answers them with its clearly juristic right in international law. Toward the politico-moral bankruptcy of Versailles the German national stands a creditor with undeniable right, and it is not in a position to yield on this point. Germany concluded peace on the basis of President Wilson's fourteen points which all America had made its own, and all America, every individual, is responsible for the fulfillment of its claims.

"It is not the German people's business to indicate how its rights shall be realized by the fourteen points, or especially by the note of Secretary Lansing. That, rather, is the task of those who constructed the fourteen points and brought them to acceptance, thereby inducing Germany to lay down her weapons. We do not believe that President Wilson, Secretary Lansing and the American people can take other than this German standpoint if they do not wish to do that which President Wilson in his message of Dec. 4, 1917, condemned categorically when he said: "We would dishonor our own cause if we treated Germany other than justly and in a non-partisan manner and did not insist upon justice towards all no matter how the war ended. We demand nothing which we are not ready ourselves to admit."

"And the German people demand nothing more than that which President Wilson announced in his declaration. We demand nothing more than that Americans place the fourteen points as the basis of the peace terms. We do not believe that anyone in the United States will then have the courage to claim that there can be found in the peace conditions one single trace left of President Wilson's programme.

"And here begins America's definite duty to step in. America either must put its fourteen points through or it must declare that it is unable to do so, or that it does not want to do so, or that in case the world may be led to believe that America desires to have the Allies during the war. The object of the Allies is to avoid misunderstandings about future restrictions on exports into Switzerland in the event of the Germans declining to sign the peace treaty. The federal authorities are examining the note and will reply to it soon."

Tenth Note. Paris, May 21.—(By the Associated Press)—The German delegation last evening sent another note to the secretariat of the peace conference. This is the tenth.

St. Germain-En-Laye, May 21.—(By the Associated Press)—Judge Schumacher, attached to the Austrian delegation, was a representative of Tyrol, was left for Vienna. His presence caused much unfavorable comment because of his repressive activities against the Italians at Trieste during the war. The French press gave him the nickname of "The Hangman of Trieste."

Fock's Plans. Coblenz, Sunday, May 18.—(By the Associated Press)—The German authorities, assuming that the Germans will sign the peace terms, are going ahead with their plans to take over the Coblenz bridgehead from the Americans. The French virtually have completed arrangements for a Moroccan division to occupy the territory east of Luxemburg and to the south of the Coblenz bridgehead. Additional French troops moved into the area to complete them by one p.m. a few days ago.

After INFLUENZA, GRIP

And Other Prostrating Diseases That Exhaust the Strength.

There is always a depleted condition of the blood, that extreme tired feeling, nervousness and digestive weakness from which recovery is slow unless a good medicine is taken.

The lack of red corpuscles in the blood makes it too thin properly to nourish the body, and the general prostration, annoying humors, boils, loss of appetite and poor digestion prevent progress towards health.

Hood's Sarsaparilla meets these conditions perfectly, as many people know. It has proved the greatest blood-purifying, vitalizing medicine. Nothing else so good in spring.

It is made from a formula comprising ingredients often used by the best physicians for impure blood, scrofula, rheumatism, weakness. Truly it purifies the blood and makes the weak strong. For the family cathartic, take Hood's Pills.

MORE GERMAN SCHEMING OF WAR DAYS LEARNED OF

Washington, May 21—Foreign Minister Scavenius of Denmark discloses for the first time, so far as is known, that during the war Germany approached Denmark with a proposal to return the Danish portions of Schleswig, contemplating at the same time the possibility of support from Norway and Sweden. Denmark, the foreign minister said, declined.

Minister Scavenius also declared that not having taken any part in the decision of the Paris conference which allotted Schleswig-Holstein to Denmark, his country does not feel bound to take the whole territory. He indicated plainly, however, that Denmark was ready to take the indignitably Danish portions. Recent despatches from Copenhagen have reported that the Danes were looking with apprehension at taking into their country a large German bred population.

SOME 623 NAMES ON HIGH SCHOOL ROLL OF HONOR; UNVEILING

An interesting event will take place tomorrow evening at eight o'clock, daylight time, when the honor roll of the High School will be unveiled. The ceremony will be under the auspices of the Alumnae Society of the High School. Dr. H. S. Bridges presiding. An address will be given by Sir Douglas Hazen, but the actual unveiling of the honor roll will be by Miss Alice Walker, one of the vice-presidents of the society. It is expected that a large number will be present, as there are 623 names on the roll, which means a presentation from many homes in this city. The ceremony will take place in the assembly hall of the school in Union street and will be open to the public.

PREMIER FOSTER HOME AFTER OTTAWA CONVENTION

Premier W. E. Foster, who arrived home today after the Ottawa convention of Liberal leaders, said this afternoon that during the early part of the summer the selection of delegates to the national Liberal convention of August next would be made throughout Canada. The plan will be something like this: To choose twelve delegates from among the Liberal members in each provincial legislature. Defeated Liberal candidates in provincial elections will be represented as well. Then each county, or riding, as territorially mapped for dominion elections, will hold a convention at which three more delegates will be selected. These delegates will make quite a little army of representative Liberals. The preliminary proceedings in Ot-

PLANTING SHADE TREES

The city public works department is proceeding with the usual spring tree-planting campaign. Under the direction of H. E. Gould, sixty trees will be set out this year. These include Norway maples, American elms, horsechestnuts, lindens, poplars and willows. They will be located as follows: King square, eight; Haymarket Square, seven; old burying ground, twenty-five; Queen Square, ten; Market Place, West End, eight; and Tilley Square, West End, two.

IN NEW OFFICES

Commissioner Thornton today moved to his new offices in the Wetmore building in Prince William street, where he has secured a convenient suite on the ground floor. This leaves the mayor's ante-room clear and those who have business to transact with the mayor are hoping that arrangements will be made to have some one kept there to announce visitors so as to avoid the necessity of interrupting His Worship in the unceremonious manner that now is necessary.

Offer From Mt. Allison. Fredericton, May 21—F. W. Harrison has been offered the directorship of the organ department of the Mt. Allison Conservatory of Music, Sackville. He is considering.

Collision in St. Lawrence. Quebec, May 21—The C. P. R. freighter War Berrill, Montreal to England, collided with two a. m. this morning with dredge No. 8, at Beaulieu near Crane Island. Both vessels were badly smashed and hauled into port early this morning.

Makes a Feller Feel as though he'd had something good, says Bobby POST TOASTIES

"Some fine day, Bill" I'll put on some life insurance and when I do I'll take it with you." In these words last summer a young man declined to apply for an Imperial Life policy to protect his widowed mother against the contingency of his death. Four weeks later he and a friend were drowned while bathing. Supposing you should die suddenly—what would happen to your dependents? Would they be destined to a life of hardship? It is for you to say. You can prevent it by means of an Imperial Home Protection policy. Let us tell you more about it? A postal will bring the information. THE IMPERIAL LIFE Assurance Company of Canada HEAD OFFICE - TORONTO L. J. Lowe, Provincial Manager Royal Bank Bldg., St. John The Imperial maintains for policyholders' protection a surplus reserve than those of any other Canadian company.

IVORY SOAP advertisement featuring an illustration of the soap box and text: "Your Bath. You will find an Ivory Soap bath different. Ivory works up instantly into a thick, soft, copious lather which spreads easily over the body and does not dry on the skin. It rinses easily; no soap remains in the pores. The body glows after the 'drying off' but does not shine because there is no unsaponified oil in Ivory. Your skin never smarts or burns after an Ivory Soap bath. Instead, you have a feeling of delightful exhilaration. An added advantage of Ivory in the bath is that it floats and is always within reach. You are not likely to slip on it in getting out of the tub." Includes "IT FLOATS" logo and "99 44/100% PURE" claim.

One Cause of a Bad Complexion—the Remedy. Look at a section of skin under the microscope and you will readily understand why cosmetics eventually injure the complexion. The skin, smooth as it looks to the naked eye, under the glass exhibits a labyrinth of tiny holes, mouths of tiny glands, and tiny canals. To keep the skin healthy these holes must be unobstructed, that the perspiration and natural oils can have free exit. Should they be blocked up with irritating gritty particles, a common result is the formation of pimples, blackheads, whiteheads, and eruptions. As a substitute for all cosmetics I recommend ordinary maceless wax. It not only does what the various face preparations are supposed to accomplish but its peculiar absorbent action frees the pores from the daily accumulation of impurities, also absorbing the dehydrated particles which cause dryness. This produces a natural, healthy, youthful complexion. One ounce of this wax, to be had at any drug store, usually suffices to rejuvenate the poorest complexion. It is put on a slightly like cold cream and washed off mornings.

Simple Way To End Dandruff. There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arrow from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

To Relieve Catarrhal Deafness and Head Noises. If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

SEND US THE SHIPS.

The people of the maritime provinces have another reason for protesting that in the opinion of too many people Canada is regarded as beginning at Quebec, with nothing of importance farther east. Sir John Ball, British timber controller, and Mr. M. L. Meyer, British timber buyer, are now in Canada, but expect to sail for England again this week. They came to New York, went thence to Quebec, Montreal and the west, and quite overlooked New Brunswick and Nova Scotia, although these provinces, and especially New Brunswick, would like to have a word with them. Wharves and mill-yards in this province are piled up with some hundreds of millions of feet of lumber purchased by the Munitions Board during the war. That board was the only customer. It bought but did not move the lumber. It is not moving it yet, although a few steamers are about due to load at St. John and north shore ports. It is imperative that this lumber be moved, and without delay, to give the manufacturers space for piling this year's cut. The only reason it is not moving is the refusal of the British timber controller to pay current rates of freight. Tonnage could be got, but he will not pay the rate. He said in Montreal—"I believe that your country has today a great opportunity of enlarging and developing the lumber industry such as she never had before." Now if Sir James will clear the decks and give Canada a chance she will proceed to develop. He should be the more willing to do so because he was profuse in his praise of what Canada had done for the Empire in the war. Mr. Meyer also professed himself keenly interested in the development of the Canadian timber industry. As actions speak louder than words, and as there is said to be 800,000,000 feet of lumber yet to be moved from Eastern Canada on government account, the timber controller may fairly be asked to speed the ships. If he will do that Canada will do the rest. Montreal is getting plenty of tonnage now. The maritime provinces should not be overlooked.

THE POLICE WOMEN.

The Times-Star has received two letters protesting against any attempt on the part of police-women to interfere with what the writers regard as the rights of young women in the streets at night. Both writers are young women. One has a great contempt for "our esteemed upholders and bigoted temperance cranks," and demands to know why she should be accosted by a police-woman if she chose to go abroad in the evening. The other is very emphatic about the rights of the working girls, who must have some fresh air and amusement in the evening, and should not be interfered with by "some people who have lots of money and think they can rule over the poor working class."

The writers of these two letters are laboring under a misconception. It is a very good rule not to groan till you are hit, and well-behaved young women who go quietly about their business or pleasure of an evening need have no fear of interference. If these young women will, however, consult the police magistrate, any police official, any member of the executive of the Children's Aid Society, or of the Municipal Home board, or the secretary of the Associated Charities, or the matron of the Evangeline Home, or any organization having full knowledge of social conditions in St. John, they will quickly come to realize that partly because of parental neglect and partly because of their own tendency or weakness of mind there are many girls of tender years in the streets at night who should not be there unless accompanied by older and wiser persons. The Times-Star is quite sure that Miss Ross, the police matron, would be very glad to make a tour of the streets any evening with either of the writers to this paper and convince her in an hour that there is the very greatest need for the services of police-women in St. John—not to insult or harass, but to save young girls.

THE WINNIPEG STRIKE.

When extremists meet there is trouble. That is the case in Winnipeg today. Because some employers were stiff-necked, and some employees wanted a soviet government an ordinary labor dispute has assumed the proportions of a general strike with the gravest possibilities threatening the city. There are similar possibilities in Toronto, Hamilton and some other cities where the Bolshevik element has been particularly active. The latter must be suppressed at any cost. "Soviet government as it is in Russia" is an infinitely worse tyranny than that of the Czars. The mind of the healthy Canadian, no matter what his station in life, revolts against it. However determined he may be to bring about a better social and industrial order he is clear-eyed enough to see that human society must be based on something higher than the whim of a Trotsky or Lenin.

In settling disputes between employer and employed there is a paragraph in a letter addressed by the British minister of labor to employers' associations and labor unions which is worthy of the most serious attention. He wrote:—"The government trust that the employers and the work-people will approach these problems, not as opposing forces bent on getting as much and

giving as little as can be contrived, but as forces having a common interest in working together for the welfare of their industry, not merely for the sake of those concerned in it, but also for the sake of the nation which depends on its industries for its wellbeing."

Commenting on this appeal, Canadian Finance, which is published in Winnipeg itself, made these observations:—"That the British people accepted this appeal in the spirit which it pleaded for is evidenced by the recent announcement that already three and a half million workers are organized under the Whiteley scheme. Evidence of a similar desire to promote the national welfare and to submerge petty sectional differences would be welcome in Canada. Before industrial peace can be secured there must be mutual confidence existing between employer and employee. There must be recognition of a minimum wage for the laborer and a minimum return on capital for the financier. There must be proper representation for labor on industrial councils and, finally, there must be full and faithful realization, not only of the rights of the employer and the employee, but also of the responsibilities of these classes to the community at large. It should no longer be necessary for the community to remain practically impotent but subject to all the inconveniences and discomforts which ensue when employer and employee engage in open warfare. The last weapons in industrial warfare—the strike and the lockout—when resorted to, too often cause unnecessary distress and suffering to those who have no voice in the solution of the problems involved. The duties and responsibilities of the employers and the employees to the community should not be overlooked in the enforcement of the rights which these industrial citizens claim to be theirs."

Christian Science Monitor: "A condensed report of prohibition in an American state comes in the remark of a Valparaiso (Indiana) business man: 'We have forgotten we ever had saloons. Or, if we remember, it is only as a bad dream.' An Indiana newspaper verifies the remark for the state as a whole. Crime has noticeably decreased. Business is better, in spite of continuing high prices, and merchants say that they find it easier to collect their bills. In one county that had been known to an undesirable fame for its 'blirst' the children of the former drinkers are visibly better clothed. Bank deposits have increased and there are more savings bank depositors. These are all practical points tending to the same conclusion that if money is not spent for temporary indulgence in liquor it will be spent for something more useful, desirable, and lasting."

Now that the city council has decided to spend another \$500, or \$1,000 in all, on a neighborhood playground on the west side the other Improvement Leagues will of course receive equally generous treatment and the general recreation field at Rockwood Park should be good for at least \$2,000 to \$3,000 this year. The energetic west side men went after the money and got it. The others have only to follow their example, as the city council knows no distinction between sections of the city and must treat all alike.

One wonders how it is that eight men can find nothing more profitable to do on a fine afternoon than gather in a field and become drunk.

On Monday there will be a vote in Toronto on the question of a general strike, similar to that in Winnipeg.

Despite the probable fate of Hawker and Grieve, it is declared that Raynham will essay a trans-Atlantic flight.

The German cabinet has authorized a statement that it will not sign the peace terms. Well—Foch is ready.

BIG STEAMER DEAL

New York, May 20—The proposed sale to a British syndicate of the British-owned ships and assets of the International Mercantile Marine Company—a transaction involving five British companies and 750,000 tons of shipping value at approximately \$185,000,000, was approved today by the board of directors and finance committee of the company. A stockholders' meeting to vote on the proposition was called for June 16.

Waiting for Sir Robert.

QUIET AT SMYRNA.

Paris, May 20—The Allied casualties at Smyrna last Thursday include a small number of dead, together with some prisoners. British, French and Italian forces are still holding the forts and other strategic points, while the Greeks are occupying the centre of the city proper.

Despatches received from Smyrna this afternoon indicate that the city is quiet. Greek priests are recommending just treatment for the Mohammedans and making every effort to prevent a conflict over religious beliefs.

The Seven Seas Chapter, I. O. D. E., held a meeting last evening at the home of Miss Morrison, Leinster street. It was decided that the members would knit all through the summer, and the socks and scarves will be given to the Navy League. Miss Dorothy Jones, the regent, presided.

Neolin Soles are Better Soles

Different from any Shoe Soles which
Have Been Available in the Past

The merchant who offers you shoes with Neolin Soles is rendering you a real service. He is giving you the benefit of his years of experience in buying shoes of big value. He is offering you shoes with soles which he *knows* are better than a shoe-sole ever was before.

There was only one objective for the Goodyear Scientists who developed Neolin Soles.

Better shoe-soles

To-day millions of people know that we have succeeded.

Know that Neolin Soles wear longer than the soles they've been getting.

Know that Neolin Soles are flexible and comfortable.

Know that Neolin Soles are waterproof.

Your shoes can have these better soles. All kinds of shoes are now available with Neolin Soles. See them at your shoe-store.

Neolin-Soles—half-soles and full-soles—are nailed or sewn on all kinds of shoes by manufacturers, repairmen, and at home.

Neolin Soles have been a great success. So they have imitators. But the methods and materials that make Neolin Soles superior are known only to Goodyear.

You can be sure of Neolin Sole quality only when you see the trademark "Neolin" on the bottom of the sole.

The Goodyear Tire & Rubber Company of Canada, Limited

This price ticket will mark for you the store where shoes with Neolin Soles are in stock.

RECENT DEATHS

Mrs. William S. Daley. At Los Angeles, Cal., on May 20, Margaret N., wife of William S. Daley, formerly of St. John, died. She had been a life long resident of this city until about six years ago when they moved to California. Mr. Daley is very well known throughout the city and was a former alderman. He leaves, besides her husband, one daughter, Mrs. A. R. Munro of New York city; four sons—Walter of Los Angeles, Frederick and Thomas H. of this city, and W. and E. Daley of Halifax; also one brother, Henry Russell of Bangor, Me. Her many friends will learn with regret of her death.

Vaughn Connell passed away at his home in St. George's, N. B., on Monday morning at the age of fifty-six, dying on his birthday. He leaves his wife, two sons, one of whom is now overseas, and one daughter, Bessie, of St. John; also a brother.

The death of Gus Kaglar took place at his home in St. George's, N. B., on May 13. He leaves his wife, two sons and two stepsons.

Mrs. Edwin C. Lockett died at her home in Newcastle Bridge May 14. She leaves her husband and two sisters.

William Patterson passed away at his home in Kintore, N. B., on May 5 after a long and tedious illness. He was born in 1863 in Banffshire, Scotland, but came to Kintore many years ago. He leaves his wife, two daughters and two sons.

LOCAL NEWS

Allan Rankine, Paddock street, received word yesterday that his son, Lieut. Arthur F., was sailing for England from India, where he has been serving with the Royal Engineers.

Gunner G. W. Munroe was welcomed home by a very pleasant gathering at the home of Mr. and Mrs. W. A. Munroe, 184 Paradise street, on Saturday. He went overseas with the 26th, and was married in England.

Dr. D. F. L. Brown, who has been assisting the local health officers at Norton to care for a number of scarlet fever cases, has returned to the city. Dr. Brown's attention has been called to sanitary sewerage systems in two places in King's county.

Andrew Hallett, naturalist, of the Dominion fisheries, delivered an interesting lecture last evening before the Natural History Society, on the structure and habits of the lobster. The president, Dr. J. Roy Campbell, was in the chair and a hearty vote of thanks to Mr. Hallett was moved by Timothy O'Brien and seconded by R. B. Humphrey.

At the W. C. T. U. meeting yesterday, it was decided to ask the county union to appoint superintendents of anti-narcotics. Mrs. David Hipwell, the president, occupied the chair. Henry votes of thanks were given to those who had assisted in the pantry sale on Saturday, and Mrs. R. D. Christie was authorized to hand the amount realized, \$60, to H. C. Rankine, treasurer of the Protestant Orphanage.

QUEBEC'S STAND ON FEDERAL AID FOR ROADS Quebec, May 21—At the annual dinner of the Canadian good roads association at the Chateau Frontenac last night Sir Lomer Gouin touched briefly on federal aid in road building. He affirmed that while the province of Quebec was prepared to accept federal aid it would only do so conditionally that the province retain absolute control of its road policy. This was supported by other ministers who spoke.

Saskatchewan Wheat Regina, May 21—There will be no decrease in the wheat acreage seeded in Saskatchewan this spring, according to reports from two-thirds of the correspondents of the provincial department of agriculture. This means about 9,250,000 acres of wheat this year.

Montreal, May 20—Arthur Sauve, leader of the Conservative opposition in the province, has issued a call for a Conservative convention in Montreal on June 10.

MAKE ALCOHOL FOR 25 TO 30 CENTS A GALLON

Dr. Rutan Before Ottawa House Committee-Pulp and Paper Ottawa, May 21-Dr. R. F. Rutan, of Montreal before the resources committee of the House of Commons yesterday, dealt with industrial scientific research and the value received from wise expenditure in the field of research work. During the war, he said, they bent their energies to discovering whether alcohol could be made without using an ounce of foodstuffs and they were successful. They investigated the production of alcohol from the waste liquors of the sulphite mills, and some mills had satisfied themselves that they could produce alcohol at from thirty-two cents to

thirty-five cents a gallon and compete actively with those who produced from molasses and other waste products. Alcohol, he said, could be made at about from twenty-five cents to thirty cents a gallon and it looked very much as if some of these mixtures in which alcohol was playing an important part would soon be used in direct competition with gasoline. Dr. Rutan remarked incidentally that the great trouble with pulp and paper in Canada was the quality being turned out-largely they were turning out a tremendous lot of a high profit-Canada, he said, could never compete in the export trade until our pulp and paper were many degrees better than they were today.

Boys and Girls Wanted APPLY T. S. Simms & Co., Limited A BUSINESS RECOVERY. (Toronto Globe.) According to wholesale stores and managers of the large retail stores, business has never been at least for years as brisk, especially perhaps just prior to Christmas. This is not only true in the case of Toronto but an advance in the Dominion. As one man said yesterday afternoon: "Things are humming the travellers from every district are decidedly cheerful. The sudden change in the weather has greatly stimulated trade for summer lines, such as print dresses, light hosiery, silk shirts and low shoes. Wholesale warehouses and credit col- lections claim that collections were never in as good shape as at the present time. After the armistice was signed there was a good deal of doubt about future con- ditions, and retail merchants were advised to cut down on their purchases. This plan was followed to a large extent and has enabled the retailer to meet his ob- ligations in much better shape than in any previous spring. There is again an upward tendency in quotations of various lines, such as wool- lens, hosiery, outer apparel and cotton. Silks are soaring and likely to record total advances of about one-third of the prices in effect at the close of April. One of the Toronto firms received infor- mation yesterday that an advance in silks had already taken place of from 15 to 20 per cent. The export orders for Romania, Serbia, France, Belgium and Britain are aggregating such an enor- mous volume that a great scarcity of some factors' statements that they are doing their utmost to take care of the Cana- dian trade. RECORD PRICES FOR HAY. (Toronto Globe.) Loose hay is selling on the Toronto market at record prices. Yesterday sev- eral loads of No. 1 mixed hay sold on St. Lawrence Market at \$88, \$89 and \$40 per ton. Hay is scarce in Ontario, and just now very little is reaching the city owing to the weather conditions, which permit the farmers to pay close attention to the spring work, in which many cases has been delayed by the amount of mois- ture in the ground and the almost con- tinuous rain. The Board of Trade has issued a statement that the advance in silks and \$87 for No. 1 Timothy, and to \$29 and \$82 for mixed and clover. These prices are lower than the sales being quoted in the Quebec delivery, and the difference being in the quicker delivery, etc. of the loose hays selling on the market. INVESTIGATE GLUTEN FLOURS AND SOOTHING SYRUPS IN CANADA Ottawa, May 21-Senator Develer yesterday secured authority to have the health committee of the senate investi- gate gluten flours with the view of en- acting legislation to punish misrepresen- tation. By the same resolution, on the suggestion of Senator Choquette, there will be an inquiry into the character of soothing syrups. "Yes," said Mrs. Blunderby, "my nephew is home again, and you should just see his collection of mementos of the war."

Was Troubled With BOILS For Six Months

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race. Very few people escape from having them at some time in their lives.

All the poulticing and lancing you may do won't cure them and stop more coming.

Boils are caused by bad blood bursting out, and the bad blood must be cured before the boils will disappear. Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and when this is done, never another boil comes and health and strength are permanently restored.

Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes: "I was troubled with boils for about six months ago. I tried several remedies without any relief until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man, my appetite is better, and I sleep better than I have for years. I can highly recommend B. B. to all who are troubled as I was."

Burdock Blood Bitters has been on the market for the past 40 years, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

BEST WEEK YET IN PLACING SOLDIERS IN POSITIONS

New Brunswick Men Included - Small Percentage Going to Farms

Ottawa, May 21—A new record was established by the Dominion-Provincial employment service for the week ended May 8, when seventy-six officers reported 4,806 applicants placed in regular jobs. This is an increase of 600 over the preceding week. In addition, applicants were placed in 546 casual jobs, an increase of eighty-nine.

Of the regular placements twenty-one were reported by Prince Edward Island, ninety-five by Nova Scotia, an increase of thirty-one over the preceding week; 164 by New Brunswick, an increase of 18; 1,627 by Ontario, an increase of 18; 822 in Manitoba, a decrease of 11; 808 by Saskatchewan, a decrease of twenty-two; 728 by Alberta, an increase of 127; and 447 in British Columbia, an increase of eighty-six.

During the week 6,871 applicants were registered and 8,606 vacancies were notified by employers. The corresponding figures for the previous week were 6,389 and 6,461.

At the end of the week 8,768 applicants were reported unplaced and 7,094 vacancies remained unfilled. Of the unplaced applicants, 8,092 were for farm laborers and 1,891 for women workers, these two classes together accounting for seventy-one per cent of the total. On the other hand, only 17 per cent of the placements were farm laborers, and 6.4 per cent women workers.

FARMERS TO SELL TO THE CONSUMERS.

Wilmington, Del., May 20—Lists of farmers on the Delaware peninsula who are willing to sell directly to consumers in this city by the parcel post service have been posted in the post office. Routes are being established throughout this state and Maryland.

The object of the government in establishing the routes is, according to representatives of the post office department, to get the producer and consumer closer together, and thus eliminate the exorbitant prices of the commission man and the middleman.

Figures are shown where eggs in Philadelphia and New York markets are selling for 65 cents a dozen, and the farmers of Delaware are getting only 35 cents a dozen.

MONCTON COMMISSIONERS ON HOUSING RESIGN

Moncton, N. B., May 21—At a meeting of the city council last night there was a protracted discussion of the housing proposition. The commissioners, Dr. F. Keith (chairman), A. J. Tingley and A. Robertson, outlined their proposals. As a climax of the discussion the commissioners tendered their resignations and the council adjourned.

DEATH OF HUNDRED MILLION DOLLAR BABY RECALLS HOPE DIAMOND

Vinson Walsh McLean Struck and Killed by Automobile Near His Home

Vinson Walsh McLean, nine-year-old son of Mr. and Mrs. Edward B. McLean of Washington, who was struck by an automobile on the highway in front of his father's country estate, at noon on last Sunday, died from cerebral hemorrhage that night.

The tragedy occurred while the boy's parents were out of the city, and snapshots of the boy, who became known as "the \$100,000,000 baby," because he was the sole heir of the Walsh and McLean fortunes, which were united when Edward Reale McLean, now owner of the Washington Post and the Cincinnati Enquirer, married Miss Evelyn Walsh, only daughter of the late Thomas F. Walsh, a Colorado mining millionaire.

The boy was playing on the road, according to police reports, when a car driving rapidly by a woman and containing three other women, knocked him down and passed over his body. The woman picked him up and took him to his home, then slipped away without leaving her name. The servants were so exercised over the accident that they gave the woman on the highway in front of the father's home the name of the injured boy into the house to slip away without asking their names.

Hope Diamond recalled.

When news of the death of the boy spread throughout Washington it was remarked that this was another tragedy to be added to the long string of misfortunes that had followed the successive owners of the famous Hope Diamond. After the marriage of Mr. McLean and Miss Walsh he bought the Hope Diamond, and became involved in a suit over it. He presented it to his wife at a large ball given in his Washington home, but it reposes most of the time

WAS PULLED THROUGH THE TRYING TIME IN A WOMAN LIFE

Mrs. H. Membray, 225 Seaton street, Toronto, Ont., writes: "I have used Milburn's Heart and Nerve Pills and found them to be of great benefit to me. In fact, I consider they saved my life, and I have told many of my neighbors about them."

Two years ago last November I was in poor health. My doctor said it was a change of life, as I was over forty years old, and that I would have to be very careful of myself. Shortly after that I received an awful shock that nearly killed me. The doctor my husband sent for said I would soon be all right, and sent up some medicine, but it only seemed to increase the trouble. I was then taken to the hospital. The doctors examined me, but could not understand my case.

Then they sent for a specialist, as they began to think it was my mind.

When the specialist came he was baffled. For I answered his questions all right. Every day I was getting weaker, and when my husband came he could see that I was going, as I could read his thoughts, but said nothing.

Next day a friend came with a box of Milburn's Heart and Nerve Pills. I started taking them and began to get better, and at the end of two weeks I could walk around the room. I am now well and able to do my own work.

Victories of Peace

If Canada is to share in the Victories of Peace she must translate into industrial activity the spiritual valor of her men. War developed untold possibilities in human energies.

Men who did big things are not going to let their energies lie fallow because the conflict is done. Already grasping industrial opportunities, and the driving force and the unconquerable spirit that kept them at the big task overseas will make them formidable competitors here.

We welcome them back into industrial life, and we offer them the best that we have to aid them in re-establishing their industrial footing.

Men contemplating new enterprises or the re-establishment of old industries are invited to visit us and draw upon our experience in all matters pertaining to Power Transmission Engineering.

We have made great strides in productive capacity in the past four years; and we are eager to match this capacity with the initiative and ability of new forces in the industrial world.

VILLA AGAIN ON THE WAR PATH

Another Revolutionary Movement In Full Swing Work For The League

If League of Nations Wants a Job, Mexico May Furnish the Opportunity—A Long Story of Revolution, Murder and Corruption

There is little reason to doubt that Francisco Villa, the Mexican liberator or bandit, is alive and again on the war path. He has joined forces with General Angeles, formerly his chief rival, and appears to have another revolutionary movement in full swing. In the past two or three years he hasn't mattered much outside of Mexico, whether Villa was alive or dead. He was powerful in the United States with his millions of trained soldiers, and in the light of the great war attacks on massacres that he might undertake would have appeared as mere schoolboy pranks, now as the result of the great world conflagration die down, the little fires of Mexican revolution are more plainly perceived. It will be that Mexico, which is not a member of the new League of Nations, may be the first to be disciplined by the league or perhaps by the United States, acting upon the instructions of the league. Ever since Diaz had fled for his life Mexico has been in a state of anarchy. It is a chaotic mass of a nuisance to Great Britain on more than one occasion—there are yet some murdered British subjects unavenged, and somewhat of a scandal in a world of law and order.

From Diaz to Carranza. The government of the elder Diaz was corrupt as all the world knows, but it was government. Life and property were reasonably safe in Mexico, especially the lives and property of foreigners. Then the middle class revolutionaries, with the assistance of fighting men like Carranza and Villa, achieved what had been considered impossible, and led a successful revolution which resulted in Madero becoming president. Before he could attempt to put into effect the beautiful and impossible reforms he had promised he was the victim of a coup. Madero being cruelly murdered in the process. The forces of Carranza and Villa, who were powerful for Carranza and Villa, were left to compete for the presidency. Carranza won out through his cunning, probably that would have been the case in civilized communities. Carranza refused to recognize the accomplished fact, and since he has been rebelling against Carranza.

What saved Carranza was his recognition by President Wilson as the head of the Mexican state. Villa bitterly complains that if the president of the United States had remained neutral, Carranza would have been driven from power. Therefore, Villa hates the United States and for some years past has made raids over the American boundary, shooting and burning with the result that relations between the United States and Mexico have been strained upon more than one occasion. The situation became so bad three years ago that Carranza gave the United States a carefully defined route through a specified part of Mexico in which Carranza might be brought to justice. Carranza readily admitting that his government was unequal to the task. Then began the expedition led by General Pershing which now seems to be along rather to the real end of comic opera than to that of serious military operations. But the Villa band was surprised and scattered, though Villa escaped.

Villa vs. Carranza. He was supposed to have been seriously wounded, but later on it was reported that Carranza had been killed and buried in some mountain fastness. This report was never confirmed, but for a long time he was not heard of. Then he began to be heard of in two or three places at once, so the general conclusion was formed by those interested in the matter that he was really dead, but that the revolutionary leaders, knowing the almost superstitious hold he had upon millions of Mexicans were concealing the fact and even having some understudies impersonate him. The probability, almost the certainty, is that he is alive and warlike. If this is the case we shall not have to be concerned for Carranza. Villa on the war path for Carranza. The probability, almost the certainty, is that he is alive and warlike. If this is the case we shall not have to be concerned for Carranza. Villa on the war path for Carranza.

Another report from the commissioner of public works was that regarding the letter from the union of teamsters, chauffeurs, stablemen and helpers asking that the advance made in the wages paid by the city commencing on April 30 be dated back to April 1. The commissioner regretted that he is not able to recommend that the request be granted. Commissioner Fisher also submitted the several recommendations dealing with improvements to Rockwood Park athletic field, the West Side playgrounds and the King Square stadium. The recommendations were adopted by the council section by section. In regard to the repairs and lowering of the bandstand in King Square the commissioner of public works was given authority to select competent workmen for the job with power to act.

In regard to the placing of a pipe in Kennedy Place, North End, the commissioner of water and sewerage recommended that the work be not done now as there is at present an abundant supply of water given to the residents of the street from a pipe laid at the people's own expense. Commissioner Jones said he had visited the locality and all the residents said they had an adequate supply of water.

A communication was read from the board of school trustees asking for a plank or other such material in Bentley street leading to King George school. The matter was referred to the commissioner of public works.

"I AM HAPPIEST WOMAN IN TOWN"

The Way Tanlac Helped Me is Simply Wonderful," Says Mrs. Florence Edwards—Can Do All Her Housework Now.

"I feel so happy over what Tanlac did for me I just want to tell everybody about it," said Mrs. Florence Edwards, a resident of Buttonwood avenue, St. Dennis, Toronto.

Several weeks ago," continued Mrs. Edwards, "I contracted a severe pain that settled in my side. In a little while my left side, arm and shoulder began to throb and ache till I suffered agonies from rheumatism. The trouble got worse and worse till finally my arm and shoulder went numb and I actually was unable to put on my shoes. My shoulder hurt so I couldn't rest and sometimes for two whole nights I wasn't able to sleep a wink. My side felt like a sharp knife was sticking in it and so I got up and helped I just had to give up housework, for hardly an hour passed over my head that I wasn't miserable the whole time.

"Just as soon as I started taking Tanlac I began to feel better and the pain my second bottle and already that awful pain in my side is entirely gone and I am feeling better all over. My arm and shoulder are entirely free from rheumatism and I can now do all my housework as well as I ever could. The way Tanlac has relieved me of that awful rheumatism is simply wonderful and it has made me the happiest woman in town."

Rheumatism is not only one of the most painful and difficult to cure of all the day diseases. When the digestive organs and bowels are not working properly the whole system becomes clogged up, saturated with uric acid, poisons and other impurities, which accumulate in the joints and other parts of the body and produce the condition known as rheumatism.

Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by acting directly on the vital organs, toning them up and enabling them to perform their proper functions, so that the impurities are soon eliminated from the system in a natural way. Liniments and external applications are general things only afford temporary relief. Tanlac is a constitutional treatment and gets right at the root of the trouble by removing the cause.

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Adv't.)

At the regular meeting of the city council yesterday afternoon the tender of the Dominion Coal Company for the supplying of 100 tons of Reserve (run of the mine) coal to the harbor department at \$7.95 per ton was approved by the council. The tender was approved by the recommendation that the commissioner of public safety procure offices for himself and staff in the Wetmore building in Prince William street at a rental of \$50 per month. It was decided that the mayor and commissioner of public safety be appointed a committee by the council to represent it on the joint committee which is to draft and approve the charter, constitution and by-laws for the Police Protective Association recommended by the conciliation board in their report of February 19 last.

The mayor and all the commissioners were present. A report from Commissioner Fisher in reply to a complaint from Mrs. Margaret D. Simonds that the city had taken a portion of her land in widening the street in Haymarket square said that, following investigation, the commissioner had found that Mrs. Simonds had been in error, as no land was found to be taken from her. The report was adopted on recommendation from the commissioner that the public works was that regarding the letter from the union of teamsters, chauffeurs, stablemen and helpers asking that the advance made in the wages paid by the city commencing on April 30 be dated back to April 1. The commissioner regretted that he is not able to recommend that the request be granted. Commissioner Fisher also submitted the several recommendations dealing with improvements to Rockwood Park athletic field, the West Side playgrounds and the King Square stadium. The recommendations were adopted by the council section by section. In regard to the repairs and lowering of the bandstand in King Square the commissioner of public works was given authority to select competent workmen for the job with power to act.

CUTICURA HEALS BABY'S FACE

Could Not Sleep Eruption Itched and Burned So.

"I noticed a little pimple on my baby's face. I thought it was from the sun but it kept getting worse and the skin was red and very hot. He could not sleep or rest the eruption itched and burned so, and it caused him to scratch. I was quite discouraged.

"I saw an advertisement for Cuticura Soap and Ointment and sent for a sample. I bought more and after using two boxes of Cuticura Soap and two and a half boxes of Cuticura Ointment he was healed." (Signed) Mrs. S. D. McGuire, Clarkburg, Ont., Dec. 18, 1918.

Henry Wilnot, in regard to the old clock tower in Market Square, asking that something be done with it in view of the fact that bricks had already fallen from the tower. He stated that he had filed an answer regarding the matter with the city engineer. The engineer has granted permission through the commissioner of public works to erect an electric sign at the corner of the tower.

Commissioner Fisher asked authority to purchase 15,000 granite blocks and 5,000 granite blocks for the purpose of paving the track section of Union street between the Brussels and Waterloo streets. Authority was granted for the work. Commissioner Fisher was also given permission to rebuild of cement the retaining wall at the northern boundary of the Burying ground between Carmarthen street and the street leading to the cemetery. The estimated cost of \$500 to be paid for by bond interest. The work to be done by day's work. Commissioner Thornton submitted the bill for street lighting from the New Brunswick Power Company for the quarter ending March 31, amounting to \$1,000. He moved that the bill be paid. This was seconded by Commissioner Bullock and the motion passed.

Tenders were opened for the renewal of North Rodney street. The lowest tender was as follows: Graft with sills or pilings, \$1,000; alternative: R. R. Lee, \$88,778; alternative: S. Herbert Mayes, \$270; W. A. Munro, \$282,500; alternative: James E. Kane, \$31,257.50, alternative: \$34,100.

It was moved that the lowest tender, Engineers and Contractors for \$38,400, be accepted on piling. The council adjourned.

CAPT. THOS. SHEA, HARBOR MASTER, OF NEWPORT

Famous Boatman Met Death By Drowning Has Cousin Here

Interesting Career of More Than Half Century Around Harbor of Newport—Came to an End in Waters He Knew so Well

News of the death of his cousin, Captain Thomas Shea, harbor master of Newport, R. I., has been received by this city. Rhode Island newspapers have reported the story of his life and unfortunate death.

The News of Newport says: After more than half a century as a Newport boatman, trusted by all both as a man and as a boatman, one who in fair weather or foul would go to the limit to do a favor for one in distress or for their pleasure, Captain Thomas Shea, Newport's harbor master, came to an untimely end in the waters on which he was considered by the safest person whom they could seek to take them on a pleasure outing or a mission of necessity. Captain Shea, who had been in the harbor for more than half a century, was found dead in the water on Saturday morning. He had been out on a pleasure trip to Bristol, Sunday morning, and he had had his choice, as he had, in the waters he had so long sailed.

Just how he came to meet his fate probably will never be known. Saturday afternoon he was obliged to make a quick return to Newport. He was on a pleasure trip to Bristol, Sunday morning, and he had had his choice, as he had, in the waters he had so long sailed.

How to Remove Pains Caused by Kidney Trouble. It may be news to you, but it is history to the thousands of persons, who have suffered from Backache, Painful Urination, Swollen Joints, Constant Headaches, etc., that Gin Pills remedy Kidney and Bladder troubles by first removing the cause.

The cause of all kidney diseases such as Rheumatism, Lumbago, Sciatica, etc., is congested kidneys. Kidneys that fail to perform their function of filtering the poisons and impurities from the blood. These poisons remaining in the system are the direct cause of a chain of dread diseases.

If you've never heard of Gin Pills before ask any of your friends about them. They are the only pills on the market for years; they are the old reliable remedy for Backache, etc. If you suffer from any Kidney or Bladder ailments try Gin Pills. Should you not care to buy them as an experiment, a sample box will be sent to you on request.

SAGE AND SULPHUR DARKENS GRAY HAIR

Its Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. It is a sure sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray disappears, and after another application or two, your hair becomes beautifully dark, glossy, and attractive.

In recent years is perhaps the person in the best position to compound, naturally, particularly since he has made a strenuous effort to obtain every particle of information which might shed light on the matter. His name is Captain Shea who went to Bristol on business with Captain Beanson of Commodore overhauled at that port after war duty. Captain Beanson says Captain Shea was found that he arrived at about 6 o'clock, tied up his launch and went up the wharf to his house, but his family were out at the time. As to his return to his boat, there appears to have been no eye witnesses.

By stimulating and arousing the circulation with light applications of Absorbine, Jr., rubbed in thoroughly. This invigorating liniment acts quickly and surely. It is fragrant and pleasant to use—leaves no greasy residue on the skin.

As Absorbine, Jr., is a powerful germicide as well as a liniment, it is effective for prophylactic and aseptic uses; it destroys the germs in cuts and sores; it may be diluted and used successfully as an antiseptic and germicide for the mouth and throat.

It is composed of vegetable extracts and essential oils and is positively harmless. Get a bottle today and keep it in your desk, in your traveling bag, in your medicine cabinet or in the side pocket of your automobile. It is health insurance of a high type.

TREAT FOR ALL IN NEW PROGRAMME AT THE OPERA HOUSE

The Stars from Toyland Will Make Kiddies Enthused as Well as Delighting Elders—All Acts and Picture Good

The kiddies have a great treat in store for them at the Opera House in the new vaudeville programme, in seeing the stars from Toyland, a novelty manikin with miniature toy theatre, and the funny little dolls that act, sing, dance, even a doll orchestra and audience in the boxes who applaud and act just as human folks do at the theatre. The big folks will like this act just as much as the children. It was a good sized hit last night.

Right through from the first act until the last, the show went over with a bang—every act scoring. Orpheus, the mainstay of the programme, was well received and liked.

Frank Johns, in a series of magical acts, opened the programme with good comedy dancing of the eccentric order—also a well rendered Scotch dance and caught everybody's fancy. The opening chapter of the audience, more to the satisfaction of the audience, Dorothy Richmond and Company presented a novel idea in a dramatic playlet, excellently acted, interesting right up to the final scene, with crisp and deft way in which he manipulated cards and bottles and then put all in roars of laughter by showing just how not to do it. A droll comedian assistant knows to a science the art of inclining smiles.

The opening chapter of the serial, "The Man of Might," started with a punch and bang and gives promise of a good continued story.

By stimulating and arousing the circulation with light applications of Absorbine, Jr., rubbed in thoroughly. This invigorating liniment acts quickly and surely. It is fragrant and pleasant to use—leaves no greasy residue on the skin.

If Your Food Ferments or Disagrees Just Read This

Thousands of broken-down, despondent people have recently been given back their health.

These happy people don't proclaim it was a miracle that endowed them with a new lease of life—it was simply the common sense in selecting a tried and proven medicine, one specially adapted to their particular ailment.

All these splendid cures were effected by Dr. Hamilton's Pills which beyond all question have a strange power to restore a weak or ailing stomach.

If your stomach is tired and overworked try Dr. Hamilton's Pills, and you'll be restored to normal. Pain before or after eating will disappear. You'll no longer have that nauseous, gassy, bad-tasting sensation. You'll get a real vigorous appetite and digest what you eat. Lots of well digested food is bound to increase your strength, to make you brighter and more ambitious. In a week you'll feel like a different person, in a month you'll be permanently restored.

For folks who are out of sorts, not feeling just up to the scratch, perhaps bothered with headaches or constipation, try them. Dr. Hamilton's Pills will prove a boon.

ENGINEERS AND CONTRACTORS TO REBUILD WHARF

Contract For North Rodney Structure Awarded by Council—Dominion Coal Company's Tender for Soft Coal Accepted

At the regular meeting of the city council yesterday afternoon the tender of the Dominion Coal Company for the supplying of 100 tons of Reserve (run of the mine) coal to the harbor department at \$7.95 per ton was approved by the council.

The tender was approved by the recommendation that the commissioner of public safety procure offices for himself and staff in the Wetmore building in Prince William street at a rental of \$50 per month. It was decided that the mayor and commissioner of public safety be appointed a committee by the council to represent it on the joint committee which is to draft and approve the charter, constitution and by-laws for the Police Protective Association recommended by the conciliation board in their report of February 19 last.

The mayor and all the commissioners were present. A report from Commissioner Fisher in reply to a complaint from Mrs. Margaret D. Simonds that the city had taken a portion of her land in widening the street in Haymarket square said that, following investigation, the commissioner had found that Mrs. Simonds had been in error, as no land was found to be taken from her. The report was adopted on recommendation from the commissioner that the public works was that regarding the letter from the union of teamsters, chauffeurs, stablemen and helpers asking that the advance made in the wages paid by the city commencing on April 30 be dated back to April 1. The commissioner regretted that he is not able to recommend that the request be granted. Commissioner Fisher also submitted the several recommendations dealing with improvements to Rockwood Park athletic field, the West Side playgrounds and the King Square stadium. The recommendations were adopted by the council section by section. In regard to the repairs and lowering of the bandstand in King Square the commissioner of public works was given authority to select competent workmen for the job with power to act.

In regard to the placing of a pipe in Kennedy Place, North End, the commissioner of water and sewerage recommended that the work be not done now as there is at present an abundant supply of water given to the residents of the street from a pipe laid at the people's own expense. Commissioner Jones said he had visited the locality and all the residents said they had an adequate supply of water.

REBEL AGAINST SOVIETS

Omsk, May 17, Wednesday.—(Russian Telegraphic Agency)—The peasants are rising against the Bolshevik rule in the territory of Bolsheviki in Russia. This declaration was made by Leon Trotsky, the Bolshevik minister of war, in a speech a few days ago.

According to Bolsheviki prisoners the towns of Kazan and Viatka are being evacuated by the Bolsheviki.

WOMEN ARE CARELESS

This has been proved over and over again during the war. They overestimate their physical strength and overtax it. Their ambition is commendable, but does not compensate for the hours and days of misery which they suffer from symptoms caused by female ill health.

How to Remove Pains Caused by Kidney Trouble

It may be news to you, but it is history to the thousands of persons, who have suffered from Backache, Painful Urination, Swollen Joints, Constant Headaches, etc., that Gin Pills remedy Kidney and Bladder troubles by first removing the cause.

The cause of all kidney diseases such as Rheumatism, Lumbago, Sciatica, etc., is congested kidneys. Kidneys that fail to perform their function of filtering the poisons and impurities from the blood. These poisons remaining in the system are the direct cause of a chain of dread diseases.

If you've never heard of Gin Pills before ask any of your friends about them. They are the only pills on the market for years; they are the old reliable remedy for Backache, etc. If you suffer from any Kidney or Bladder ailments try Gin Pills. Should you not care to buy them as an experiment, a sample box will be sent to you on request.

Gin Pills contain the beneficial ingredient of Gin without the slightest trace of alcohol. For many years bottled Gin was considered the ready remedy for Kidney or Bladder troubles. Scientific research proved, however, that the reason for this was due purely to the extract of Juniper it contained and nothing else. From hundreds of letters received by us we are convinced that all any sufferer of Kidney or Bladder troubles needs to do is try Gin Pills—and they will find relief at once.

A Splendid Record

THE value of Hall's Wine as a tonic restorative in all run-down conditions has been so often and so clearly proved during the last twenty five years that its wide recognition to-day is not surprising.

Especially has Hall's Wine wrought good results among our invaded and convalescent fighters, hastening their recovery in a way which has won the warmest expressions of gratitude.

In a wide range of nerve disorders, in most cases arising from depletion of the bodily powers, and perhaps most markedly of all, in slow convalescence, medical men are finding Hall's Wine a tonic preparation of the safest, most valuable, and most reliable kind.

Our Guarantee: Buy a bottle of Hall's Wine today, after taking half of it, you feel so well that you return us the half-empty bottle as our refund policy.

Delicate Children Vinol is What They Need

More than eight thousand druggists recommend Vinol because it contains in deliciously palatable form the oldest and most famous reconstructive tonics known to medicine. During the last sixteen years it has brought health and happiness to thousands of puny, ailing, anaemic children.

HERE IS PROOF. Middletown, Conn. "I used Vinol for my little girl five years old for a run-down, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a good appetite, has gained in flesh and strength and is much pleasanter."—Mrs. C. B. Wilkinson. Manville, R.I. "The whooping cough—and later the measles left my little boy of eight, thin and with no appetite, thin, frail, delicate and tired all the time. After everything else had failed Vinol gave him a hearty appetite, restored his strength and he is now as well as ever."—Mrs. James H. Hall. Vinol Creates Strength. Wassou's Drug Store, The Ross Drug Co., St. John. Vinol is sold in Fairville by T. H. Wilson, and at the best drug store in every town and city in the country.

Commander Towers Speaks of Experience of N.C.-3 Crew

Had Given up Hope—Seas Battered Plane and Boat Began to Leak—Chocolate and Water Their Only Sustenance and They Smoked a Great Deal to Keep Awake

Ponta Del Gada, May 21—(By the Associated Press)—"Exceptionally bad weather, which was totally unexpected, was the sole reason for the failure of all three of the American navy's seaplanes to fly from Trepassey, N.A., to Ponta Del Gada on schedule time," said Commander John H. Towers to the correspondent of the Associated Press last night.

"The man who commanded the overseas flight in his flagship, N. C. 3, and the members of his crew, were much refreshed after regaining sleep lost while bucking the storm for sixteen hours and being adrift fifty-three hours more, entirely out of communication with the world."

"Individually," said Commander Towers, "the members of the crew of the N. C. 3 virtually gave up hope of being rescued on Saturday night, but collectively they showed no signs of fear and 'carried out' until they arrived in port here Monday."

"Having run short of fuel and encountering a heavy fog, the N. C. 3 came down at one o'clock on Saturday afternoon that we might obtain our bearings. The plane was damaged as it reached the water and was unable again to rise. While we were drifting the 205 miles in the heavy storm the high seas washed over or pounded the plane, and the boat began to leak. So fast did the water enter the boat that the members of the crew took turns in bailing the hull with a small hand pump while others stood on the wings to keep the plane in balance. Meanwhile we were steering landward."

"That our radio was out of commission was not known to the crew until our arrival here. Communication had been cut off since nine o'clock Monday morning owing to our having lost our ground-wire."

"We ate chocolate and drank water from radiators. This was our only means of subsistence. The crew smoked heavily in order to keep them awake and possibly to keep them from going to sleep. One of us, Mr. M. G. Teed, K. C. and J. B. M. Baxter, K. C., are in Moncton for the adjourned sitting of the Westmorland county circuit court."

BOB LONG UNION MADE OVERALLS SHIRTS & GLOVES R.G. LONG & CO. LIMITED TORONTO

After considerable conversation the council passed the following resolutions: 1. Resolved that this council here assembled appoint as a committee the Revs. H. A. Goodwin, Thomas Marshall, Neil McLaughlin and W. R. Robinson and S. B. Bustin to canvass the whole situation of prohibition enforcement in this city and take all necessary steps to this end, and that this committee have power to add to their number.

2. Whereas we, the council of the New Brunswick Temperance Alliance in session this day recognize that this province, in common with all parts of Canada, is feeling the effects of the organized efforts of the enemies of prohibition to discredit the law and make its enforcement difficult, recognizing that such a campaign is rendering the efforts of those whose special duty it is to enforce the temperance act, a most difficult task, in view of this we desire to congratulate Rev. W. D. Wilson, the chief inspector, because of the wise and statesmanlike manner in which he has administered his department.

3. That the executive be instructed to take immediate steps to appoint a field secretary to work in co-operation with the field secretary of the Social Service Council and to thoroughly organize the several polling districts of the province and generally to carry on a vigorous educational campaign.

4. Resolved that this council of the N. B. Temperance Alliance having heard the report of its four representatives who attended the meeting of the Dominion Prohibition Committee at Ottawa in March, at which meeting a policy with respect to prohibition was adopted and presented to the government, hereby affirm their full support of this committee in their efforts for the fullest possible measures of prohibition.

5. A unanimous vote of appreciation was given to the Rev. Thomas Marshall, vice-president of the alliance, on account of special work done.

6. Resolved that this council desires to express to the government its earnest hope that steps will be taken at the earliest possible date to bring into force the legislation passed at the last session of the legislature dealing with the wholesale distribution of liquors for medicinal, sacramental and scientific purposes by the provincial government and also dealing with the sale of extracts, essences and tinctures.

7. Rev. W. D. Wilson was appointed to represent the alliance at the world's convention to be held in Toronto on Friday, May 23.

8. A hearty vote of thanks was given to the secretary, Rev. C. Flemington, for faithful work in connection with the alliance.

KERENSKY HAS NEW PLAN FOR RUSSIA

Plea for Delegation from Powers and Labor to do Missionary Work

Paris, May 21.—(By the Associated Press)—A. F. Kerensky, former premier of Russia, and seven other members of the Russian constituent assembly and members of the Russian Union for the regeneration of Russia, have issued an appeal to the democracies of the world for prompt action with a view to helping Russia out of her present chaotic condition. It proposes the organization of a mission of delegates from all the powers and including representatives of organized labor which will go to Russia and explain to the people and the various Russian government the democratic aims they are pursuing. The appeal says: "It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereign rights of Russia."

HOLDS TO HIS PHRASE "LOYAL ONTARIO"

Dominion Alliance President Causes a Bit of Flutter at Convention

Toronto, May 21.—President Charles E. Steele, at the annual meeting of the provincial convention of the Dominion Alliance here yesterday, created a flutter by a reference to the recent vote in Quebec on prohibition. The people of Ontario, he said, would not admit that it was wise to "follow the lead of the province of Quebec. Noble Ontario, loyal Ontario, must do its duty," he declared. Joseph Gibson of Ingersoll, one of the oldest and most ardent temperance workers in Ontario, suggested that President Steele should strike out the words "loyal Ontario," as they might be construed as a reflection on Quebec's loyalty. Another delegate also advised the striking out of the words, but Mr. Steele declined to withdraw them. On his motion the speech was referred to the business committee.

Desirable merchandise delayed for opening day of new store has now arrived for presentation at prices that can't be duplicated anywhere.

The opening of our new store, 247 Union Street was a triumph—yes—even beyond our greatest expectations!

Why? Because we knew that people would appreciate low prices this year more than any year we have known. The high cost of living has created an unprecedented demand for good merchandise at reasonable prices; and here, we feel, is not only a most opportune time to fulfil this demand, but at the same time to demonstrate again, and very forcefully, Amdur's position in St. John's retail business.

NEW DETENTION BUILDINGS
The department of public works are calling for tenders for an immigration detention building, which it is proposed to erect on Partridge Island on the site of the building destroyed by fire some time ago. It is to be a two-story wooden structure, 147 feet long and 23 1/2 feet wide, and will have a modern heating and lighting system.
STRAW HATS GALORE
Each incoming train from Upper Canada and the United States brings a fresh contingent of straw-hatted men, indicating the forwardness of the season elsewhere. Yesterday's American boat also brought a summery-looking crowd. It is said that New England vegetation is fully four weeks in advance of that of New Brunswick.

EMPIRE DAY
Friday, May 24, is Empire Day, and will be observed by special exercises in most of the schools, including the high school. The day is of special interest to us because the empire has some nobly through the great war and is more strongly united than ever before. As Victoria Day comes on Saturday, the holiday will be observed by the schools on Monday.

A GOOD SUGGESTION.
In a recent issue of the little High School paper, The Herald, a writer suggests that facilities be installed in the High School for the heating of tea or coffee for those scholars living out of town or at too great a distance to go home for the mid-day meal, and who bring a lunch. The suggestion is well thought to contain considerable merit and is also applicable to other school buildings.

CONDUCTORS IN CONVENTION
C. P. R. Conductor Ernest A. Whelpley, representing St. John Division No. 219 of the Order of Railway Conductors, accompanied by Louis Chisholm of the Truro Division, C. G. R., and T. The convention is the most notable gathering of ticket punchers in many years.

TWO SOLDIERS HONORED.
A very pleasant evening was spent at the home of Mr. and Mrs. Wm. Goldsworthy, 61 Richmond street, on Tuesday, when the Order of Sappers and Miners Driver Beverly Long presented to each a gift as a small token of rejoicing at their safe return to Canada. The presentation was made by J. Ed. Long and in a few well chosen words both soldiers thanked the company. The remainder of the evening was made merry with games and music, after which refreshments were served and the party broke up about twelve. Driver Long was one of the first to enlist in St. John after war was declared and Sapper Long spent almost three years in khaki.

PRIZE IS WON BY R. E. ARMSTRONG
"All New Brunswick, Tourist, Game and Resources League" the Title
The committee having in hand the details of the all-New Brunswick convention in this city, June 8 and 9, at which a campaign in the interest of the province will be inaugurated, have made a decision in the name contest. A prominent citizen offered \$25 as a prize for a suitable name for the yet unorganized body and many hundreds of names were submitted.
The winning name is "All-New Brunswick Tourist, Game and Resources League" which was submitted by R. E. Armstrong of this city. While the appellation is a long one, it is nevertheless comprehensive and tells at a glance the purpose of the organization.
Furthermore it breathes the spirit of the out-of-doors and in its scope quite rightly encompasses the whole province. It furthermore denotes tourist and vacationing activities, hunting and fishing and the word "Resources" has a more serious and unbuilding significance.
The great majority of names submitted to be such hackneyed words as "bonnet", "wreath", "wild", "others wrote purely commercial suggestions or exclusively hunting names. Some clever adaptation of Indian nomenclature cropped up in this contest and these might be useful later on. Patriotic titles were plentiful.
The competitors represented all walks and stations of citizenship. One competitor—and almost a winner—sent her offering from California, where she is visiting.

TWO ST. JOHN V.A.D.'S ARE WELCOMED HOME
Two more St. John V. A. D. workers reached home from England today via the port of Quebec and the steamer Scandinavian. They were Miss Betty Adams, Hampton, but previous to enlisting a teacher in King Edward school, and Miss Eileen Coughlan, daughter of T. L. Coughlan, King street east.
These popular young ladies went overseas with Mrs. Kubring's contingent in December 1916, and have been continuously engaged in war work in English hospitals, mostly at Ripon, Yorkshire. They are in excellent health and say they enjoyed their strenuous work in the Old Country very much indeed. Friends and relatives gave them a hearty reception at the depot. Miss Adams lunched in town at noon and will proceed to Hampton this afternoon.
Both returned V. A. D.'s are in love with England and its people, and hope to return often again to renew friendships and acquaintances made during the war-time stay.
