SEVERAL DIE IN A WILD STORM

Northern Ohio Swept and Two Lose Their Lives

WISCONSIN, TOO, SUFFERS

Four Killed and Half Million Property Loss Caused—Tenement Near Pittsburg Demolished and at Least Two Men Killed

(Canadian Press) Columbus, Ohio, May 11.—A severe rain and electric storm which swept over northern Ohio last night, caused the death of two women and great damage to property.

Pittsburg, Pa. May 12.—During a severe rain and wind storm at Ardmore, near here, a building before last night, a three-story tenement occupied by five families numbering thirty persons, was demolished by wind and two negroes were killed and at least ten persons were injured.

Ottawa, May 11.—The news of the death of St. John today of Mrs. Pugsley, wife of Hon. William Pugsley, was received with sincere expressions of regret from members on both sides of the house.

STAR WITNESSES LIKELY ON STAND TODAY IN THE TRIAL OF BECKER

New York, May 12.—In the trial of Charles Becker today, District Attorney Whitman expected to call his two star witnesses, "Jack" Rose and Willie Bhapiro, chauffeur of the car in which the gunman are said to have escaped.

P. E. I. SCHOONER WRECKED Sir Louis and Cargo, Valued at \$7,000, Insured

(Special to Times) Charlottetown, P. E. I., May 12.—Peter McNutt & Sons of Malpeque, received word today that their 400-ton twenty-two-year schooner, "St. John," bound from Halifax to Malpeque with general merchandise, was wrecked off Arichat, C. B.

IT IS KNOWN HERE Harry Vantassel who was reported in the Times yesterday to be under arrest in Yarmouth on authority of the sheriff of New Hampshire, on charges of forgery, obtaining money under false pretenses besides imitating a known to the St. John police, Chief Clark said today that he was arrested in St. John in 1895 on a charge of stealing goods from Hamilton passing in Burgoyne Avenue and was then sentenced to two years in the county jail by Magistrate Ritchie.

PHRENIANO PHELIX AND WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The cool wave is now centered in the northwest states, while the depression is pushing to the southwest of the Great Lakes, with decreasing energy. Rain has fallen heavily in portions of the peninsula of Ontario, and showers have occurred in the eastern portion of the maritime provinces. Heavy frosts were recorded again last night in the west.

SHOWERS A Maritime—Moderate to fresh northeast to east winds, fair today, followed by showers.—The Bay of Fundy district.

WASHINGTON, D.C., May 12.—New England forecasts—Cloudy tonight and Wednesday, probably rain, fresh to strong east winds.

Carson's Wedding Upsets The Ideas of His Followers

Bride a Niece of Former Irish O'Brienite, M. P.—A Request From Unionists of Leinster, Munster and Connaught

(Canadian Press.) Toronto, May 12.—Lindsay Crawford called from London to the Globe under date of yesterday: "Sir Edward Carson was in the House of Commons today. His approaching marriage to a niece of Moreton Frewen, a former Cork O'Brienite member, and cousin of Winston Churchill, has spent his Ulster colleagues and supporters, as they cannot reconcile threats of civil war and marriage bells."

That an consultations which may have taken place on the Irish question are of a confidential character and also that the House of Commons will not be committed to any given course without adequate opportunity for discussion, was the information conveyed in a reply of Prime Minister Asquith to a Scotch member who sought to draw the premier out on the subject. The fear which certain Liberals entertain that the government will make concessions of the generous nature, was reflected in a question asking whether the premier would take steps to prevent ministers from making statements which might involve members of his party in a policy which was unacceptable to them.

SILVER TEA SERVICE FOR PASTOR'S WIFE

Presentation to Mrs. McLaughlin—U. N. B. Students Planned For Summer

(Special to Times.) Fredericton, May 12.—Last evening more than 100 ladies of the Methodist church waited upon Mrs. McLaughlin, wife of the pastor, and presented to her a handsome and costly silver tea service of seven pieces. Rev. Mr. McLaughlin and family are to leave next month for Bermuda, to look after the U. N. B. forestry department have already secured positions for the summer.

CAPT. ROSTROM ON THE NEW CUNARD LINER AULANA

Montreal, May 12.—The new Cunard liner, Captain Rostrom, the officer attached through the ice of the North Atlantic with the Carpathia and saved many from death when the Titanic plunged beneath the water, will be here in a few weeks. The Aulana is a sister ship to the Andania, whose maiden voyage was made last week. She is a twin screw vessel of 18,400 tons.

THE FRESHET

The freshet in the lower St. John still threatens to rise higher and there are many who believe that if it does not reach the record mark attained in '87, it will come very near to it. With the removal of different landmarks under about Indian town through fire or other means, it is not every one who can recall just how high the water came in that year. There is a mark high up on a rock near Randolph and Baker's mill at Randolph which older residents point as the record mark of the freshet of 1877. Last night at high water the freshet of this spring was within five feet of that mark, but this distance may be shortened by heavy rain or particularly soft spelt.

IRRIGATION IN ALBERTA

Calgary, Alberta, May 12.—Approximately 400,000 acres of land in the southern portion of Alberta will be put under irrigation by the dominion government or by the municipalities which obtain from the government the right to operate a system of irrigation, some time in the near future.

MORE GUN RUNNING BY UNIONISTS REPORTED

Belfast, Ireland, May 12.—Gun running operations of Ulster Unionists have been renewed on big scale and twenty machine guns have been landed on the coast of the County Down during the last two nights, according to information received by customs authorities here today. Warships patrolling the Ulster coast have been instructed to maintain a more vigilant watch. The garrison at Holywood barracks is under orders to be ready for any emergency.

"LITTLE NELL" IS DEAD

London, Eng., May 12.—Mrs. Harriet Tice, who said she was the original of Dickens' "Little Nell" in "The Old Curiosity Shop" is dead. She was born in 1877 in a house which is alleged to have been the original of "The Old Curiosity Shop." Mrs. Tice was wont to say that her father, John Peppercorn, was the original of "Little Nell's" Grandfather.

LITTLE TOT IN NIGHTIE WALKS OUT OF HOSPITAL

Walter Irving Meets Her in Early Morning and Takes Her Back—Had Shipped Out While Nurses Were Busy

While the nurses in charge of the floor were busily engaged, a little girl aged about seven years toddled out of the back door of the epidemic hospital early this morning and wandered outside the gates, clad only in her nightie. The escape of the youngster was not noticed for several moments as there were other children to see. She had become convalescent after several fevers and had been taken back to the hospital for attention. The little one after running from the building made her way off into Hospital street where she was seen by Walter Irving, who picked her up and on learning where she had come from, took her back to the hospital. The hospital authorities were unable to account for her disappearance but think that when someone was looking in her direction, she slipped out the rear entrance. It was not thought that her venture outside the hospital today would interfere with her recovery after her illness.

SCHOONER HITS 'BERG; MEN KEEP VESSEL AFLOAT TILL RESCUED

St. Pierre, Miq., May 12.—The captain and thirty-one members of the French fishing schooner, St. Solens were brought here today on the schooner Maria, which rescued them from their sinking vessel a week after it had been in collision with an iceberg. The schooner crashed into the berg on the East Grand Banks on April 28. It is believed that the St. Solens sank a short time after being stranded.

CONDENSED DESPATCHES

Experienced politicians believe the situation in France is pointing in the direction of the appointment of a clearly defined parties, Conservatives and Socialists. Daniel DeLeon, prominent Socialist of New York, has active again last night and slight earthquake shocks were felt at Catania. Ugenio Rios, eminent Spanish statesman, is dead, aged eighty-two. The unemployed in Edmonton are giving trouble to the police. They are holding mass meetings and demanding work. Professor Goodwin of Queens University believes that radium bearing pitchblende is to be found in Thunder Bay district. A train robber boarded the Southern Pacific express near San Francisco and when knocked down by one of the crew, shot himself. Mrs. Emma Leroy was robbed and murdered in Rochester today. There is no trace of her body. A mob in Lyon stormed a prison today, and lynched a prisoner who had recently shot and killed a major of the garrison.

AMENDING BILL TO HOME RULE MEASURE

London, May 12.—Premier Asquith in the House of Commons today, pledged his government to introduce an amending bill to the home rule for Ireland measure in the hope of it being passed by agreement between the parties. Ugenio Rios, eminent Spanish statesman, is dead, aged eighty-two. The unemployed in Edmonton are giving trouble to the police. They are holding mass meetings and demanding work. Professor Goodwin of Queens University believes that radium bearing pitchblende is to be found in Thunder Bay district. A train robber boarded the Southern Pacific express near San Francisco and when knocked down by one of the crew, shot himself. Mrs. Emma Leroy was robbed and murdered in Rochester today. There is no trace of her body. A mob in Lyon stormed a prison today, and lynched a prisoner who had recently shot and killed a major of the garrison.

ARMY OF GOLFERS FOR HONORS IN ENGLAND

Sandwich, Eng., May 12.—Entries for the British amateur golf championships had beaten all records this morning, with a total of 296, and there may be more. The previous highest total was 200. GEOLOGICAL SURVEY Of the field work of the geological survey during the present year a summary statement says: In New Brunswick A. O. Hayes will complete his work in the St. John area, making a special study of materials suitable for building stone and road work. The mapping of the Moncton area will be completed by W. J. Wright, and the geological relations of the oil shales and make a study of the gas and oil fields. Paleontological investigations will be conducted in the maritime provinces, Quebec and New Brunswick by L. D. Burleigh.

BURIED TODAY

The funeral of Stewart Lee Blair was held at three o'clock this afternoon from St. Paul's church, Rothesay. Services were conducted by Rev. A. W. Daniel assisted by Rev. W. R. Hibbard. Interment was in Fernhill. The funeral was attended by a large number of friends.

Southampton Probe Is To Be Begun On July 7

Commissioner Pringle at Fredericton Today—Formal Opening Promises Interesting Sessions

(Special to Times) Fredericton, N. B., May 12.—R. A. Pringle, K. C., of Ottawa, commissioner to enquire into the cost of the Southampton Railway, held the first session of his court here this morning, and after calling upon counsel for the company to produce certain documents, adjourned the hearing until Tuesday, July 7. There were only a few spectators in attendance when the commissioner held his court at 10:30 o'clock. T. J. Carter, K. C. of Andover, appeared as counsel for the dominion government and C. D. Richards represented the Southampton Railway Company. Dr. H. H. McNally, president of the company, and K. F. Pinder, M.P.P., who had been the road, were among the spectators. Commissioner Pringle, in reviewing historical cases, quoted F. B. Cavell, M.P., as saying in parliament that a great wrong had been done. He also quoted H. P. McLeod, M.P., as saying in parliament that some items making up the cost of the road had been "padded." In view of these statements the government had appointed him commissioner to investigate. He found by the records that the road was alleged to have cost \$291,517, or \$22,954 a mile. He had gone over the evidence taken in the Stewart case and had noted many discrepancies. He would endeavor to ascertain the actual cost of the road, and in order to facilitate the work would request Mr. Richards to produce at the hearing the vouchers and books of the company. Mr. Richards said that two engineers who had been engaged on the work were now away, and he had not been able to get into communication with them. While the time was short he would endeavor to comply with the commissioner's request. Commissioner Pringle said that Engineer Johnson was an old employee of the department, and the government had agreed to comply with the commissioner's request. Mr. Richards said that two engineers who had been engaged on the work were now away, and he had not been able to get into communication with them. While the time was short he would endeavor to comply with the commissioner's request. Commissioner Pringle said that Engineer Johnson was an old employee of the department, and the government had agreed to comply with the commissioner's request.

WIFE OF REV. MR. HEINE DIES AFTER ILLNESS OF ONLY A FEW DAYS

Clergyman Away in Cape Breton on Work of the Bible Society After an illness lasting only since last Friday evening the death of Mrs. Cora Belle, wife of Rev. J. Heine, Ph.D., occurred this morning at her home, 183 Prince street, West St. John. She was a bright, amiable woman, greatly respected by many friends to whom the news of her death has caused sincere sorrow. She was fifty-two years of age, and besides her husband is survived by two children, Miss Bessie and Wilkins, and four step-children. Three sisters also survive. A peculiar sad feature in connection with the death is that Mrs. Heine was not thought to be seriously ill until last evening, and word was sent to her husband, who on Monday left for Sydney, C. B., in connection with his Bible Society work. He will be unable to reach home until tomorrow. It will be a sad home-coming for the minister. Mrs. Heine was an active member of Charlotte street Baptist church, and was a valued member of the choir. Her death will be mourned by a large number of friends.

ARRESTED AS DRUNK; HE DECLARES HE DOES NOT DRINK; POLICEMAN IS NOT SURE

A man seventy-nine years of age was arrested last night between twelve and one o'clock by I. C. B. Policeman Scott Smith who charged him with drunkenness. When the name was called in court this morning he came forward with difficulty on account of his age and presented a sad spectacle to the court, using his cane to steady himself. When the charge was read out to him, he asked to have it heard, "Drunk," he said, "Why, I don't drink. I never touch it at all." Policeman Smith said he had been told that a drunken man was asleep in a box car in the I. C. B. yard and I went and arrested him. "Was he drunk?" the court asked. "Policeman—I don't know, sir. I couldn't say. I thought he was drunk but he may not have been. He told me that the night before he had been in a house in St. Patrick street and had \$5 stolen from him." The old man said he lived out of the city and had come in to go to the hospital as he was afflicted with kidney disease. The magistrate remanded him and said he would see about getting him to the hospital.

CATHEDRAL WEDDING

A pretty wedding was solemnized this morning at 5:30 o'clock in the Cathedral, when Rev. Wm. Duke joined in marriage Edmund J. Pratt and Miss Mildred Mary Pope, two popular young people of this city. The wedding was witnessed by gathering of close relatives and friends. The bride was attended by Miss Cleophas Jaffrey, while Philip McBride supported the groom. The bride was prettyly attired in Copenhagen blue with large picture hat of white lace, while the bridesmaid wore a becoming costume of navy blue with white picture hat. Following the ceremony a tempting breakfast was served at the home of Mr. and Mrs. Frederick Johnson, Union street, and later Mr. and Mrs. Pratt left on the Boston train for a trip through the province. The bride's traveling gown was of brown broadcloth with hat to correspond. The groom presented a check to his bride, and to the bridesmaid an amethyst rosary, and to the best man a pearl stick pin. Mr. and Mrs. Pratt, who will have the best wishes of many friends, were accompanied by substantial wedding gifts. They will reside at 207 Carmarthen street.

SITUATION WAS MORE WARLIKE

United States Consul Prisoner of Huerta RELEASE IS DEMANDED

Troops Across the Rio Grande, Unless There is Prompt Compromise—Dictator Says That He Will Be Freed

Washington, May 12.—Ominous clouds today overcast the prospects of mediation in the Mexican embroglio as official Washington waited to see whether General Huerta means to keep his last promise to free John R. Silliman, American vice consul, imprisoned at Saltillo. If Huerta does not comply with the emphatic demand made by Secretary of State Bryan that the American official be set at liberty at once, the only recourse is to send troops across the Rio Grande. Following Mr. Bryan's implied ultimatum the administration was informed that Silliman will be placed in custody of the Brazilian minister at Mexico City and safely conducted out of the country. But the Mexican dictator's actions preliminary to mediation thus far have been so annoying to Washington that there still is fear that the Silliman incident is not yet closed. Another phase of the situation is in the representations which the navy department was prepared to make to the mediators in respect to the lighthouses on Mexico's coasts. It is understood that the navy department will ask the mediators to countenance the landing of marines or blue-jackets in a dozen points on the west coast of Mexico to take possession of lighthouses and maintain beacons which were extinguished by Huerta's order in what is believed to be an attempt to hamper the operations of the American fleet.

SEVENTEEN DAYS LOST IN ICE FLOES

Steamer in Port Today Has Story of Memorable Voyage After a most eventful voyage, during which seventeen days were lost on account of ice, the New Zealand liner Southern arrived in port this morning and docked at No. 7 berth. The Southern left South Shields on March 28 in ballast, bound for Sydney, and for the first twelve days made fairly good time. When about 900 miles off Cape Race, she ran into great quantities of field ice and for five days was compelled to leave the ice drifts to her and steer almost ceaselessly. She was in the ice from Good Friday until the following Tuesday when she was able to get clear of it and resumed her trip to Sydney. On the following Thursday the steamer was approaching Sydney harbor and when within two miles of the harbor again encountered much field ice and for two days more was her journey delayed. After finally reaching Sydney harbor, the Southern took on a shipment of 4,500 tons of steel rails and wire, destined for Australia and New Zealand. While she was loading a great quantity of ice drifted into the harbor and she was unable to get away for ten days. The officers of the steamer say that the ice was so thick that the government ice breaker made an attempt on several occasions to break through it and was forced to give up, being herself caught in the jam and released only with great difficulty.

FATHER HOLLAND IS TRANSFERRED TO WEST

Has Been Eight Years at St. Peter's in North End After having been for eight years a valued member of the staff of priests in the Redemptorist rectory in St. Peter's, North End, Rev. E. J. Holland, C. S. S. R., left last evening for the west, to which he has been transferred. His departure is deeply regretted by the people of the parish, with whom he had become most popular. Father Holland will be stationed in Yorkton, Sask., but before going there will spend a few days in Boston, and will leave for the west next week. He has been active in the work of the church and has rendered able service. He has had charge of the choir and has also had direction of the altar boys, besides which he took a keen interest in the sports of the young men's association. He will be greatly missed but his many friends will wish him continued success in his new field of labor in the west.

THE STEAMERS

The Manchester Exchange called this morning for Manchester via Philadelphia. She took about 1,000,000 lbs for Philadelphia and a shipment of deer for Manchester. She will complete cargo at Philadelphia. R. M. S. F. Liner Chandere sailed at 11:50 o'clock this morning for Halifax and the West Indies with a part cargo of general freight. HAPPY F. C. Wesley is wearing a bright smile today for a baby boy has come to his home.

IT'S HERE—Help Yourself

The information that you need in regard to your purchase will probably be found in the advertising columns today. Every line therein is a message to some one. It is written with a helpful purpose. It is definite and to the point. It will profit the man who puts in the advertisement only as it profits you—remember that. To your question as to what or where to select, the advertising columns contain the answer. It's here—help yourself.

Mary T. Goldman's Gray Hair Restorer Will Restore the Original Color to Gray and Faded Hair

For years we have displayed in drug store windows a woman with gray hair on one side of her head, the other half of her hair being restored to the original color by Mary T. Goldman's Gray Hair Restorer.

The Original Preparation All good things are copied. Mary T. Goldman's Gray Hair Restorer is the original preparation, so beware of imitations with names that sound like the original.

PLANS FOR NEW SCHOOL BUILDINGS

To Replace Bentley Street, St. Peter's Girls' and St. Vincent's Schools—Mrs. Skinner Resigns From School Board

At the meeting of the board of school trustees last evening, Chairman Emerson presiding, the report of the special committee which visited Bangor was received and filed.

Trustee Day was empowered to secure an option on a site of land in Newman street for a new school building, and a committee was appointed to look over sites for buildings on the west side.

Too Much Indors Causes HEADACHE HERBINE BITTER THAT miserable feeling is due to impure blood resulting from winter's indoor living.

ON OVERDOING IT

"The tendency of the age," says a modern philosopher, "is to overdo everything." The same thought has occurred to the writer many scores of times, when, after yawning a very moderate allowance of some sauce, he has been left with a palate apparently given over to an endless stinging and burning sensation, calculated to make a man forego the use of any sauce whatever.

MORNING NEWS OVER THE WIRE

**QUART OF BEER TO SUPREME COURT**

Kansas Judges to Decide as To It Being Intoxicating

**SOME PROHIBITION POSERS**

Witnesses Asked to Tell By Odor of Breath What Brand of Whiskey Has Been Drunk by Defendants

Topeka, Kan., May 12—The smaller the legal point involved the greater the lawsuit it is a cynic often applied to the law. It fits the enforcement of the Kansas prohibitory law, the hardest fought cases that the Kansas courts have to handle and decide are those involving the smallest legal point.

The Kansas supreme court is hearing the arguments of five attorneys, each reading hundreds of pages of law citations to decide whether a quart bottle of beer is to be termed intoxicating and whether the man who sold the beer should be sent to jail for thirty days.

Rollin Thrush, of Topeka, went to P. C. Robert's home, bought a quart bottle of beer and drank it. The police arrested Robert. Thrush testified that he knew the stuff he drank was beer, but it had no more effect upon him than a similar quantity of sweet milk. He also testified that he had not tasted beer for some weeks and seldom drank.

**What Are Effects of Beer?**

The three lawyers for Robert have taken to the supreme court the conviction of their client. They argue that to produce some exhilarating effect upon any man not accustomed to drinking liquor, and that therefore, this beer which Thrush purchased was not intoxicating, and Robert should not be sent to jail.

The three lawyers for Robert and the attorney general and county attorney will argue the case in the supreme court next Thursday. The state will try to prove that beer is intoxicating.

There is always a hot fight along the Kansas-Oklahoma border over hauling liquor from one state to the other. One man had some motor car inner tubes shipped to his order and he shipped these to a distiller, who filled the tubes with whiskey, inserted them into a regular tire on a demountable rim and shipped the outfit to his customer. Now A. G. Bowman is fighting in the courts to prove that the liquor came to him in "original packages" and cannot be confiscated and he cannot be punished for receiving it.

**Court Puts Hard Question.**

At Lawrence, J. W. Ingals and W. S. Jones were arrested on charge of being drunk and fast driving. They were not drunk and had not tasted liquor. Some of the witnesses swore the two men were drunk, as the witnesses had smelled whiskey on their breaths.

The court demanded that the witness tell what kind of whiskey had been consumed by Ingals and Jones, and where the witness failed to identify the brand, the court dismissed the case, holding that a man claimed to be competent to tell whether a man was drunk or not should be able to detect the brand of whiskey from the breath.

But Kansas has one way of getting to do so, without fear of the courts or anyone else. All that is necessary is to buy a jug of apple cider, put a few spoonfuls of sugar into it and drive around a few hours with the sugar and cider mixing and it does not take long to start fermentation and produce an alcoholic beverage.

**Cider Makers Win Victories.**

The Kansas courts have been trying to stop the practice of some cider manufacturers putting sugar into the cider and shipping it into Kansas, but thus far they have failed, as the half-brozen trials held in the state the cider makers were able to prove that the cider was pure and non-alcoholic when it left their factories.

**W. F. Nickle Assails Resolution—The Mail Bag Lock Contract Amended—A Plea For Campbellton Reservation—Cold Storage Regulation**

Ottawa, May 11—The government in this legislation is establishing a most obnoxious and pernicious precedent.

This was the very emphatic opinion expressed this afternoon by W. F. Nickle, Conservative member for Kingston, of the government measure proposing to reimburse the depositors of the defunct Farmers Bank to the tune of \$1,200,000.

Mr. Nickle had listened to the justification of the proposal made by Finance Minister White, and he failed to see the logic of it. So, despite the fact that he himself was a shareholder in the bank, he frankly expressed his opinion of the proposed legislation, which a certain Liberal member speaking before him had declared to have been designed to liquidate political pledges made by government members prior to the last federal election.

Hon. Mr. Pelletier has cancelled the contract made last year for the purchase of 300,000 mail-bag locks and keys at \$1 each. A new agreement has been made for a smaller quantity at seventy-five cents each. This was the contract which came in for such severe censure from the Liberals last session, being exposed by Hon. Mr. Lemieux. Under the

new agreement the locks are only to be supplied as ordered, with no special number agreed upon.

Upon various amendments to the Indian Act being considered, Hon. Mr. Marcell protested against any plan to remove the Indians who had occupied a strip of reserve land across the river from Campbellton, N. B., for a great many years. It would be an injustice to make them leave it now, he said. Hon. Mr. Burrell moved the second reading of a bill to exercise reasonable control over the cold storage industry.

**PROVINCIAL Y. M. C. A. MEN IN CONFERENCE**

The Problem of Leadership Discussed—Rev. C. W. Bishop Addresses Gathering and Speaks Before The Canadian Club in Evening

At an interesting conference of Maritime Y. M. C. A. workers and officials yesterday in the local "Y," in connection with the work of the subdivision organized in New Brunswick since the Canadian National Council was formed, the problems of future leadership was the chief problem discussed. Those present were Rev. C. W. Bishop, general secretary of the national council; A. S. McAllister, of Halifax; J. Hunter White, G. E. Barbour and A. H. Chipman of St. John and J. A. Marven, and Capt. J. E. Masters of Moncton.

The hope of recruiting leaders and helpers through the local associations and colleges was expressed, as well as through the summer schools. Mr. Bishop said the summer school this year will be from July 28 to August 14, while the Boys' Camp at Picou County, N. S., will be held from July 2 to 14.

Before members of the Canadian Club in Bond's restaurant last evening Rev. C. W. Bishop, of Toronto, gave a stirring address on "Canada's Resources of Manhood." He pleaded forcefully for better training and educational equipment of the youth of Canada. J. H. White presided and at the close expressed the thanks of the gathering to the speaker.

Saskatchewan's Telephone System. Saskatoon, Sask., May 12—Subscribers to Saskatchewan's telephone system were increased during the last fiscal year by nearly 5,000 bringing the total number served on the government system up to almost 150,000. Besides 150,000 subscribers served by the government system there are some 9,000 receiving service through rural municipal and private systems, making a total of 240,000 telephone subscribers within the province.

Land's and Realty Quite Active. Saskatoon, Sask., May 12—Some quite important deals have been consummated, particularly in farm lands for which there is the usual seasonal demand. The whole tone of things is distinctly better. A number of residences have recently changed hands at full figures, and houses available for rent are few and far between.

**Three Sisters Cured of Weak, Watery Blood**

A Splendid Example of the Great Blood-Forming Qualities of Dr. Chase's Nerve Food

It is in the red corpuscles of the blood that the nutritive qualities lie. If on analyzing the blood it is found to be deficient in red corpuscles the doctor will say you are anemic, that your blood is weak and watery. But you can find out for yourself, for when the blood is weak you will be pale and your eyelids and lips will be bloodless in appearance.

Other symptoms of watery blood are indigestion, headache, feelings of weakness, and fatigue and lack of energy and ambition.

There is nothing like Dr. Chase's Nerve Food to overcome this run-down condition. Here is a letter to tell you what this food-cure did in one family by curing three daughters.

Miss Effie Bancroft, Lonwood, Ont., writes:—"A year or so ago I was very much run down in health. The blood seemed to be weak and the nerves very much exhausted. Having heard of Dr. Chase's Nerve Food and of its success in curing cases similar to mine, I began to use it, and was very greatly benefited by continuation of this treatment. Two of my sisters also used this medicine, and found it to be a splendid means of building up the system.

"We have also used Dr. Chase's Syrup of Linseed and Turpentine with good results. One of my brothers had pneumonia twice, and we always use this medicine for him, as we find that it breaks up a cold the quickest and best of any medicine we can get."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50. All dealers, or Edmanson, Bates & Co., Limited, Toronto.

DELINQUENT GIRLS

The Maritime Home for Delinquent Girls will, it is announced, be ready for opening in about a month. Under the amendments to the New Brunswick Children's Protection Act, adopted at the last session of the legislature, the courts of this province will be able to deal with delinquent girls more satisfactorily than heretofore.

"Upon the application of the Superintendent of the Maritime Home for Girls or of the Mother Superior of the Home of the Good Shepherd, the Judge shall make an order for the payment to said Superintendent or Mother Superior, by the municipality to which the child so committed belongs, of a sum at the rate of \$75 per annum, payable half yearly, for the period during which the child is ordered to be confined in either of said institutions; and the treasurer of the said municipality shall pay the same as directed, out of any moneys in his possession belonging to the said municipality, to be used for the maintenance and education of said child."

In addition the lieutenant-governor-in-council is "authorized to pay semi-annually to the Superintendent of the said Maritime Home for Girls, or to the Mother Superior of the Home of the Good Shepherd, a sum of not less than \$75 per annum for each child from the province of New Brunswick maintained in either of said homes, which said sum shall be paid by warrant, as in the case of other public services, out of the ordinary revenues of the province." The whole amount, however, to be paid out of the provincial revenue in any one year for this purpose shall not exceed the sum of \$750.

With the necessary institutions and the necessary legal authority it should hereafter be much easier for the courts to deal with delinquent girls.

THE FARMERS' BANK

Mr. W. F. Nickle, who is a Conservative, protested very strongly in parliament yesterday against the bill to reimburse the depositors in the Farmers' Bank. Mr. Nickle represents an Ontario constituency, and he knows very well that the pledges given, to restore their money to these depositors were given for the purpose of getting votes, as there were a larger number of depositors in some Ontario constituencies. Mr. Nickle himself was a shareholder in the Farmers' Bank, but he protests against establishing such "an obnoxious and pernicious precedent."

Hon. Mr. Lemieux named three banks in the province of Quebec that had failed, and asked if it were the intention of the finance minister to reimburse their depositors. The minister replied in the negative.

Mr. Nickle is quite right in saying that the government is establishing a very bad precedent. There is no more reason for paying the depositors in the Farmers' Bank than those in any other bank that has failed. Financial journals all over the country have protested against the government's course, but Mr. Borden and Mr. White pay no attention to the protests. Promises are not always kept by this government, but it evidently intends to reward the shareholders in the Farmers' Bank who voted Tory on the assurance that the government would see that they were reimbursed. This is a flagrant case of the misuse of public funds for partisan purposes.

Have YOU Tried BUTTERNUT BREAD?

RECLAMATION OF CARLETON POND

Might be Filled in For Use as Factory Sites—Answer to Nail Company on Thursday—Paving Programme — Street Railway Extension Approved

A proposal by the Canada Wire & Cable Co. Ltd. to establish a plant for the manufacture of horseshoe nails on the site of the former Gordon mill works, West St. John, was laid before the council yesterday afternoon by a delegation of twelve residents of West St. John.

KODAK FILM CARTRIDGES ALSO a full line of Photographic Supplies kept constantly on hand.

FIRE INSURANCE Absolute security for the lawn company E. L. JARVIS

lands, the Exhibition Association was given a lease of a lot in Sidney ward for five years at \$10 a year, the contract with the Dominion Coal Company for 2,000 long tons of Sydney run of mine coal for ferry steamers at \$4.25, was renewed; the ferry employees were given the usual holidays, and an application of Nicholas Ryan for a renewal lease of a lot in Lancaster was laid over for consideration.

IT IS EASIER TO SAVE THE HAIR YOU HAVE Than to Grow New

The tendency to put off until tomorrow what we should do today accounts for most of the bald heads we see in the front row. Newbro's Herpicide stops falling hair and prevents baldness. The dandruff is destroyed by its use and a condition of health maintained in the hair and scalp.

To Put on Flesh And Increase Weight

A Physician's Advice Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time.

F. W. Daniel & Co., Ltd. LONDON HOUSE

Johnston, James McKimsey and George Dunlavy. The commissioner was authorized to call for tenders for the purchase of 25,000 feet spruce deals for repairs to roadways, wharves, etc. Permission was given Kay & Allison to erect an electric sign in front of Coburg street on the recommendation of the commissioner of public works. Commissioner Potts recommended that the following streets be paved, namely: Estimated Cost. Charlotte street from the Dufferin Hotel to Queen street. 24,121.00 Chipman Hill from the Market square to Union street. 7,510.00 Main street from Acadia street to Paradise Row. 20,629.00 Princess street from Germain street to Charlotte street. 6,020.00 Princess street from Charlotte street to Sidney street. 7,333.00 Duke street from Germain street to Sidney street. 13,970.00 Sidney street from No. 2 engine house to Mecklenburg street. 23,508.00 And also that the following concrete walks be laid down: Estimated Cost. North side of King square. \$1,440.00 South side of King square. 1,735.00 On his motion the recommendations were laid over for consideration in committee of the whole. A recommendation that tenders be called for 2,500 yards of broken stone to be purchased was laid over until Monday.

How I Made My Hair Grow

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy, so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe that injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows: Bay Rum, 6 oz.; Menthol Crystals, 1/2 drachm; Lavone de Composee, 2 oz. If you like it perfumed, add 1 drachm of your favorite perfume. This, however, is not necessary. Apply night and morning; rub thoroughly into the scalp.

## THE MONCTON TEAM

Sketch of Some of The Railway Town Players

Some Snappy Players on the Roster—Manager D. H. McDonald Announces His Line-up For Halifax

The following is a condensed history of the recent achievements of the players that have been signed for the Moncton baseball club:

Frank Wilds—Catcher for the Vies, played last season for Bangor, Fredericton and St. Croix in the N. B. and Maine League. He played in the outfield for these teams and established a batting average of .250 and in the outfield an average of .247. He also played second and third and pulled down respectively .887 and .890 in these positions. He would have tried pitching, only his name was against him.

John Stevenson—Pitcher for a few games in the New England League last year, but was compelled by illness to stay out of the game for the remainder of the season. He is recommended as a good man.

Matthews—First base, last year with Bangor in the N. B. and Maine League. The team led in batting with an average of .278. As a first baseman he came third with .907 of an average.

McPherson—Second base, with St. Croix last year batted for .284. On second base he made the perfect score of 1.000.

George Boardman—Playing manager and third baseman, with Brockton, in the New England League in 1912. During his season with Brockton his batting average was .216 and his fielding average .961. Last season he was with Bangor in the New Brunswick and Main League. His fielding average was .921, while he slugged the ball for .830 slightly better than the year before.

Joe Neptune—Shortstop, was with Lynn in the New England League last year. He batted for .219 only, but as a shortstop he pulled down .905. Was with N. B. and Maine League in 1912.

Jacobson—Outfielder, played with St. Croix in the N. B. and Maine League last year. His batting average was .214 and as an outfielder he acquired a blue-book rating of 80.

Reed—Another outfielder, played with Bangor in the N. B. and Maine League and hit for .268. As an outfielder he had a perfect score in the highest in the league with 1.000.

Purdy—Also an outfielder, has also been signed. His record is not available at present, but he has been highly recommended.

**Halifax Players**

Manager McDonald has certainly lost no time since jumping into the breach left by the retirement of the original Maritime League enthusiasts in Halifax and was able yesterday to announce the complete line-up with which the Halifax team will start the season. Although the names are not familiar to many of the province fans they have all a reputation, having played either with or against Cy Ferris, the player manager of the Halifax aggregation. They have been mostly with the New England League teams and are described as a fast lot of artists.

The St. John roster is being completed and includes good ones. The Pictou county players are not yet known here.

## FOOT CALLOUSES QUICKLY REMOVED

Anything on your feet that should be there—whether corns, calluses or sore lumps—they can all be removed in short order by **Fussner's Corn Excisor**. Think of the pain you are saved when that sore corn goes. It is so easy to use and so effective that you can use it on your feet at home. Fussner's Corn Excisor is better than any other corn excisor and the work will be done quickly and without pain. Fussner's Corn Excisor costs 25c per bottle, sold and recommended by druggists.

## WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lackawanna, N. Y.—"After my first child was born I felt very miserable and could not stand on my feet. My doctor prescribed medicine, but it did not help me. I then tried Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work."—Mrs. A. F. KASPER, 1874 Electric Avenue, Lackawanna, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you want special advice write to Lydia E. Pinkham, Medford, Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## Ritchie Breaks From His Manager

(FROM T. S. ANDREWS)

Milwaukee, May 10—During the last few days two of the most prominent fighters in the world saw fit to break from their managers. Willie Ritchie, the light weight champion, parted company with Harry Foley, who has been looking after his interests since Willie split with his former manager, Billy Nolan, while Tom McCormick, the middleweight title holder, parted with his manager, J. J. Levin, manager of his passport in Australia.

The lightweight champion and near young men who are coming along at a very fast clip—Sam Robideau of Philadelphia and Milburn Saylor of Indianapolis. They have been making a remarkable showing and if they continue at their present gait, they are liable to make trouble for the leaders. Robideau, who is managed by Jack McGuigan of Philadelphia, has been considered a very tough lightweight, but his best performance was when he defeated Jimmy Duffy of Lockport, N. Y., in a twelve-round contest in Waterbury, Conn. And Duffy has been considered good enough to put against Ritchie for a lightweight championship battle.

Saylor has not only defeated all the best lightweights in Australia, but he went out of his class and knocked out Tom McCormick, who was considered the welterweight champion of Great Britain until defeated on points by Matt Wells, former lightweight champion, who recently entered the welterweight class. Saylor's work has really been remarkable and he has authorized the writer, through his manager, Ray Bronson, to post \$5,000 to go as a side bet for a championship battle with Willie Ritchie.

## FIRST GAME MAY 26

### Fairville League Plans Are Further Advanced

### New Athletics Replace Old—Cubs and Royals Are Other Teams—Schedule Committee Appointed Last Night

Last evening plans for the Fairville baseball season were advanced another step at an enthusiastic meeting of which President George O'Reilly presided. It was announced that the team which had been re-organized under the name of Athletics had been disbanded owing to unforeseen difficulties arising, but another aggregation had been formed by William Pink who would adopt the same name, and they entered the list of players and signed contracts last night along with the Royals and Cubs so that now beyond any doubt three good teams will compete.

The committee on rules and regulations read a report which was voted on section by section and proved Messrs. O'Toole, Murphy and O'Reilly to be lovers of good, clean sport, as every safeguard has been thrown around the game to prevent friction or rowdiness of any kind.

John McKinnon was officially elected umpire for the season as his work was very satisfactory last year. Messrs. O'Toole, Murphy and O'Reilly spoke of the recent picnic and dance and reported \$21 proceeds toward the league funds as a result. This tangible aid was very much needed and the committee are to be congratulated.

Gifts from Colonel J. B. M. Baxter, a ball for each team and a glove to the player making the highest batting average were acknowledged. It is also understood that Councillor William Golding has put up \$5 in gold to be used as the league sees fit.

On motion the president and Messrs. Driscoll, Marr and Pink were appointed a field committee to see that the grounds were properly rolled and players' seats provided.

J. J. O'Toole and Arch Ferris and William Murphy were elected a schedule committee to report on dates and games to be played.

It was decided that all games will be commenced at seven p. m. sharp and the league will be opened on the evening of May 26. A vote of thanks was tendered the officials who allowed use of the court room for organization purposes.

## STYLES FOR FALL AS DECIDED UPON BY THE CLEVELAND CONVENTION

Cleveland, May 12—Shorter and fuller skirts, normal waists, accordion pleating, plaids and stripes—these are leading features of the fall styles for woman's clothes as decreed when the style report of the National Cloak, Suit and Skirt Manufacturers' Association in convention here, was adopted.

"The styles are far more becoming to all figures than for many seasons," says the report, which in brief follows:

"Suits—Jackets of finger tip length and longer, satin sleeves, sloping shoulder effects, a tendency toward normal waistline with fullness at sides or back. Skirts will be plaited, flared, and of long tunic designs and somewhat shorter.

"Coats—Three-quarter length will predominate, many cut shorter in front. The coat-cape will be a prominent feature. Separate capes will be desirable. The waist coat effect will appear in capes.

"Materials in suits and coats will include mixtures, checks, sabelines, broadcloths and a variety of new pile fabrics. Fur trimmings will be freely used.

"Dresses—The principal changes will be additional fullness in the skirt, which will be shorter, and the extensive use of the long tunic either from a yoke on the waistline, which will tend to normal in tailored effects and be either high or low in evening gowns. Sleeves will be very long in street dresses, and the very short or entirely absent in evening gowns. Accordion plating will feature dancing frocks. Stripes, plaids and printed fabrics will be used extensively.

A man very much out of breath ran into the railway station and made a wild rush for the ticket seller's window. A few moments later he came back and sat down with an air of dejection.

"So you missed your train," remarked his neighbor. "I suppose there was a woman at the ticket window hunting for her pocketbook?"

"Worse than that," replied the disappointed one. "There was a fat man trying to get through the turnstile."—Lippincott's.

## ACHING BACK GETS RELIEF QUICK!

### ONE RUB WITH "NERVILINE" CURES

Every Bit of Stiffness and Soreness Goes When "Nerviline" Is Used

Pain in back or side is awful hard to reach. Deep in the tissue is a congested and strained muscle. It is a long way for a liniment to go. Liniments you have used have not reached it, and the pain bothers you, whether moving or lying down.

What a pity you haven't tried Nerviline! Penetrating, you ask? Yes, and powerful, too. Nerviline strikes in far deeper than any application you have ever used. You might pay a dollar, ten dollars, a hundred for any matter, but you could not equal Nerviline, either in strength, quickness of action, or permanency of relief.

Don't think this too much to say for Nerviline, try it, and be convinced.

If you receive from Nerviline even a little less relief from pain than this advertisement induces you to expect, you can get your money back.

The only pain remedy in the world sold under a guarantee is Nerviline—Nerviline is safe to try.

Nerviline is sold by druggists everywhere 25 cents or 50 cents a bottle, or direct from The Cartaborneo Co., Kingston, Canada.

## Health and Beauty Helps

BY MRS. MAE MARTYN

Mrs. A. T. B.: You are not shampooing often enough and may not use the best shampoo. Try my favorite, which is canthrox—just dissolve a teaspoonful in a cup of hot water and rub briskly as you pour it on the hair and scalp. This makes an abundance of rich, cleansing lather that is very soothing to tender, itchy scalps. Rinsing leaves the scalp immaculately clean and each strand of hair will be soft, shiny, and full of health. Canthrox shampoo is splendid for correcting oiliness, dryness or profuse dandruff. I like its drying qualities, too.

Mrs. G.: The symptoms you describe, pains and aches in the limbs and small of back, loss of appetite, lack of strength and ambition, are danger signals—warning you of the presence of poisons which will cause serious sickness if not eliminated from the system. The kare-dene tonic of grandmother's day is expensive to use, and can be prepared at home at little cost by dissolving ½ cupful sugar and 1 ounce kare-dene in ½ pint water (not whisky), to which is then added hot water to make a full quart. A tablespoonful before meals is the dose. The timely use of this tonic frequently saves serious ills.

Mrs. L.: Yes, you can cure your weak, watery eyes with a soothing, healing, strengthening eye tonic which can be made at little cost by dissolving an ounce of cryatos in one pint clear water. If you will put 2 or 3 drops in each eye daily it will relieve the inflammation and soreness and reduce swelling. This cryatos tonic is especially fine to make the eyes sparkle and give them expression.

Society Girl: Here is that weight-reducing treatment which she told you would work without danger or incon-

## YANKEE TWIRLER WHO IS PITCHING STAR BALL

Ray Caldwell, the Yankees' star twirler, has a superb record to his credit. In three games that he pitched in twenty-five consecutive innings no runs and nine base hits were gathered from his wonderful delivery. If Caldwell sticks to business Chance says he will lead all major league pitchers in the winning percentage when October rolls around. Chance thinks that Caldwell is the greatest natural pitcher in the profession right now.

## NEW WING OF BRITISH MUSEUM

King George and Queen Mary last week opened a new wing of the British Museum which has just been completed at a cost of \$1,000,000. It is the first part of a large scheme of extension. In 1895 the government bought a considerable portion of the Duke of Bedford's property around the museum for \$1,500,000 and a large area was cleared. A legacy of \$250,000 bequeathed by Vincent Stuckey Lane for the enlargement of the museum gave impetus to the present extension. The bequest was intended particularly for the extension of the reading room and library, to which the testator was a frequent visitor.

The new building is in architectural harmony with the old museum. Its facade, which is flanked by two massive towers, is of Portland stone and the outer walls and pedestals of the four court are of Scotch granite. The main entrance is surmounted by a balcony of the parapet of which is formed by the

## THE MINIMUM WAGE

(The Canadian Courier)

Many people favor a minimum wage for men and minors, but few favor it for men. Nine states of the Union now have a minimum wage law for women, although it is too early to say how they are working out. In Victoria, Australia, they have had a minimum wage law for both men and women for seven years. Recent statistics of the clothing industry in that state show results as follows:

	Men	Women
Minimum wage	\$.10.00	\$.08.00
Average wage	\$.12.84	\$.10.14
Per cent. excess	18.8	17.4

This shows that a minimum wage law may work to help the weak without interfering with the rewards of those who do not need the help of the law.

Toronto is the only place in Canada where a minimum wage has been adopted. In that city the council recently adopted a minimum wage of \$15 a week for male workers. They have fixed a similar rate for women.

## ECONOMICAL—Heats the house well without burning all the coal you can buy.

# McClary's Sunshine Furnace

Gives steady, even heat on least fuel. See the McClary dealer or write for booklet.

Sold by M. J. Sliney, City; W. S. Fairweather, Sussex; Summer Co., Moncton; E. Chestnut & Sons, Fredericton; Boyle Bros., Edmunds; J. H. Faulkner, Woodstock; J. W. Montgomery, Harland; L. A. Dugal, Edmundston.

stone laid in June, 1907, by the late King Edward VII. The doorway itself is formed of marble, surrounded with granite, and is closed by a bronze door, the upper panels of which are sculptured in relief.

The architectural composition of the building is severely simple. In the interior the object in view has been to deprive the extension of everything irrelevant to the main purpose, the primary idea being to make it a mere background for the exhibition of the nation's treasures.

An important feature of the new wing is the staircase, which is the link between the old building and the new one. This is extremely simple in design. Its walls are covered with marble, which has been selected more for its texture as a background for antique sculptures than for its coloring.

The building comprises a basement, as well as subground, ground, mezzanine and top floors.

The top floor will accommodate the print department. In the basement will be stored books or newspapers. The eastern half of the sub-ground floor will be utilized as a copyright office and for book storage, while the western half will be in part a public newspaper room.

The mezzanine floor will be largely given up to staff rooms, and it contains space for the future accommodation of music and maps. The Stein collection of eastern paintings is being temporarily housed there.

## LIVER PILLS

Sugar-coated and all vegetable. Do not, only one pill at bedtime. For constipation, bilious headache, indigestion, Agor's Pills. Sold for 50 years. Ask Your Doctor.

Such Is Fame
When the local newspaper men "came back" last Friday afternoon and snatched the laurels from the Thompson-Woods athletes on the Marathon baseball diamond, it was a foregone conclusion that either the scribes would be picked up individually by big league scouts, or they would be deluged with challenges. And so it comes to pass that the Red Rose Crackerjacks who will amuse the St. John public on the Opera House boards this week, have offered themselves a willing sacrifice to the Scribes on the baseball park next Thursday afternoon.

Lee Released
Pitcher Lee, of the Lynn New England team, has been released, according to a dispatch from Lynn. It is thought that this is Pitcher Lee who was with

THE MAT
After McDonald.
Young Zbysko, who claims to be a cousin of the heavyweight wrestling champion, Stanislaus Zbysko, writes from Marshall, Mich., to say that he is willing to meet Dan McDonald here for \$500 a side, winner to take all.

AT TAMPICO IN MIDST OF FIGHTING

Wife of Captain Young Formerly of Donaldson Writes to St. John Friend

Mrs. R. D. Christie of this city has received another letter from Mrs. Young, formerly of the Donaldson line, and now captain of a steamer plying between New Orleans, Port Arthur, Texas and Mexican ports. The Times, it will be remembered, printed portions of a former interesting letter from Mrs. Young, describing conditions at Mexican ports, where the trouble between the conflicting elements in that country had become very serious prior to the intervention of the United States. In her latest letter, dated at Port Arthur, Texas, May 5, Mrs. Young writes:

"We have just got in after touching New Orleans and landing our refugees there. We had some ladies among them and they kept me up night and day, they were seasick and frightened. They thought the ship was going down, and nothing I could say would convince them. It was hard work for me running after them, as we have no stewardess on board. I helped them out of kindness, but they took advantage of it, and called me at all hours. They tried my patience, and I have declared the next we have may look after themselves. Two passengers marched ashore without paying their passage money, saying that they were refugees and had nothing. It meant \$80 loss to Captain Young. "We were in Tampico in the midst of the fighting. I enclose a picture of the American battleship Chester cleared for action, and one of the prison which I had the nerve to attempt to take. I fully expected to be run in, but the captain of the guard kindly brought the guard out for me to photograph. "We were loading in Tampico, and got an hour's notice to get away, as they were about to commence firing. All foreigners had to leave the town, the doctor and everybody. In a drug store I was in the day before, the bullets had been whizzing in and killed a dear old gentleman, eighty years of age. The day after we left things were so serious that the Americans put the British sailors on one ship and the German sailors on another, and hoisted the Union Jack and the German flag to enable them to get the refugees away. Meantime they are laid up in Port Arthur, eaten alive with mosquitoes, to await a safe time to go back. They are talking of sending us right away to Tampico, as the oil wells are running over, and it would be serious if the rebels and federals set fire to them. Our officials from there have just risked going back on one of the company's boats, on the chance of things settling to allow them to land. "The Lakonia, of the Donaldson Line, was in port here a few days before we arrived, and Captain Young was very sorry to miss seeing her."

MORE SUBSCRIPTIONS  
J. K. Percy acknowledges the receipt of the following additional subscriptions in aid of the Newfoundland sealing disaster fund:

Table with 2 columns: Name and Amount. Includes John R. Armstrong (\$1,828.75), 'Sympathy' (\$5.00), First Church of Christ Scientist, per R. H. Watts, church collection (\$22.80), and Total (\$1,856.25).

Shielded By Mother and Kept For Some Time Concealed in Wood House

The Story of the Escape of Reformatory Boys Comes Out in The Police Court

Two of the four boys who escaped from the Boys' Industrial Home more than a week ago have been accounted for, but the others are still absent. Joseph Wallace returned to the home on last Friday and told Superintendent McDonald how he made his escape with Victor Cobham. The arrest of the latter followed yesterday and he was brought before Magistrate Ritchie this morning. According to the story told by Wallace, the two boys, after they got away from the home hid in a yard near Cobham's home and after dark the Cobham boy went up to his home and told his mother he had escaped. They had cake and milk and afterwards went to the house and a bed was made for them in the woodhouse which is below the main part of the house and the entrance is through two trap doors. Here the two boys were given a bed consisting of a piece of oilcloth and a couple of blankets behind a pile of wood and unknown to Mr. Cobham, the two were kept there for a week or more. They even ventured outside of the house at times during the day. The boys first went to the house on Friday morning, May 2 and on Sunday Mrs. Cobham said she was going out to the home and would ask for Victor, pretending that she did not know that he had escaped. She did so and came back saying that Mr. McDonald met her and told her that her son had escaped and in speaking about him said that he had not been such a bad fellow after all. Mrs. Cobham was in court this morning and said that she had seen her son on Sunday and he had only been there that day. She afterwards said that he

NUMBER THE HOUSES

Campaigns have been started before in St. John with a view to having the street numbers placed on all houses, but there still seems to be a hesitancy on the part of house owners to carry out this small duty to the public, and therein lies the secret of a thousand and one inconveniences, especially to drivers of delivery teams. The matter was brought to the attention of a Times reporter this morning by one of the men engaged in gathering material for the local directory. He said that the difficulty was far more pronounced in the West End and that it was very rare to get three doors in succession bearing numbers; a door with both the tenant's name and the number of the street was a veritable find, and he felt like jumping with joy and pulling in the fire alarm. Now that the names of the streets have been placed on the street corners, it is considered only right that householders should help out by having the number of the house placed in such a position that a man will not be compelled to arouse the whole neighborhood to deliver a grocery order.

HAS GONE TO AMHERST  
Rev. E. B. Hooper left this morning for Amherst where he will sing the service to be held by the choral union of the Rural Deanery of Shediac who are to hold their annual festival service in Christ Church, Amherst, this evening. Mr. Hooper will be the guest of the rector, Rev. H. E. Dibley. He is expected home about the end of the week.

CITY IMPROVED IF POLES REMOVED

A Suggestion That Start Now Would Avoid Extra Expense in Years to Come

One of the discouraging features of the physical appearance of St. John and one which does much to prevent making this an attractive looking city is the great number of unsightly poles which line the streets. Poles for telegraph wires, telephones, electric light and power and street railway purposes make some of the streets look more as if they were lined with giant picket fences and the wire laden poles, in many cases, detract considerably from the appearance of handsome buildings. An illustration of this is found at the corner of Market Square and Dock street, where a new bank building has been erected. Two large poles already stand there and, instead of removing them, workmen were busy today placing another pole. Other poles have been found it not only possible but necessary to place the wires underground, and as St. John increases in population the problem will become more acute here. It must be faced some time and many citizens contend that a start now would avoid extra expense in later years. The telephone company has made a commendable beginning and it is suggested that the city authorities might help by planning for underground conduits when permanent pavements are being laid, and requiring their use by the companies whose wires are now carried overhead.

LOCAL NEWS

A COMPLAINT  
Complaints have been made by residents of Exmouth street regarding the conduct of groups of boys and young men who resort to that street during this small duty to the public, and therein lies the secret of a thousand and one inconveniences, especially to drivers of delivery teams. The matter was brought to the attention of a Times reporter this morning by one of the men engaged in gathering material for the local directory. He said that the difficulty was far more pronounced in the West End and that it was very rare to get three doors in succession bearing numbers; a door with both the tenant's name and the number of the street was a veritable find, and he felt like jumping with joy and pulling in the fire alarm. Now that the names of the streets have been placed on the street corners, it is considered only right that householders should help out by having the number of the house placed in such a position that a man will not be compelled to arouse the whole neighborhood to deliver a grocery order.

BURIED TODAY  
The funeral of Edmund B. Reid took place this afternoon from his late residence, 206 Douglas avenue, and was attended by a large number of friends. There were many floral tributes including a broken wheel from the members of the E. W. Allingham Lodge, No. 854, Brethren of Railroad Trainmen, wreath from Mr. and Mrs. S. W. Mackin; a crescent from Mr. and Mrs. Henry Niles; a bouquet from Misses Mary and Ada Douglas, and a basket from Mr. and Mrs. Angus McLean. Interment took place in Cedar Hill. Rev. B. H. Nobles conducted the services.

ANNIVERSARY CONCERT  
In Carleton Presbyterian church last night under the auspices of the Young Men's Association, the fifty-seventh birthday of its founding was celebrated with an entertainment which proved most enjoyable. There was a large attendance and a nicely varied program was given. Rev. Dr. J. A. Morrison presided. Vocal solos were given by Miss Alcorn, Mrs. Murray, Long, Clarence Givran and How Walker, and songs by Miss Ross, Miss Wilcox, and Miss Wayne; violin solo, Miss Olivia Murray; piano, Miss Olive Murray. The quartette of St. David's church, Fire-side Club. All the numbers were much enjoyed, particularly those of Miss Murray who has established a large and fine reputation for herself as a violinist of ability.

ONE OF FIRST LADIES ON THE SCHOOL BOARD

Retirement of Mrs. R. C. Skinner Learned of With Regret  
After an able and efficient service of eighteen years as a member of the board of school trustees, Mrs. R. C. Skinner has resigned. Her retirement announced last evening at the monthly meeting of the board, was met with expressions of regret amongst her associate members by whom her advice was appreciated on many matters and who realized the excellent work she had done during her period of office. Mrs. Skinner was the first lady to be appointed a member in the province by the government, and she served in the office in 1896, the same year that Mrs. James Dever became a member upon the appointment of the latter. She is still active in the work of the board, though at present confined to her home with a severe cold. Mrs. Skinner is retiring from the board after an enviable record of excellent service performed and the news of her resignation has been received with general regret.

ALFRED F. BAXTER DEAD  
Father of Doctor G. O. and A. E. Baxter of St. John Dies in Lynn, Mass.

News which reached the city today caused regret amongst a large circle of friends as it told of the death of a former resident, Alfred F. Baxter, after an illness of about two weeks in Lynn, Mass., where he had gone only a short time ago. He was seventy-nine years of age, and a native of Norton. For thirty-eight years he was a member of the public school teaching staff of the province and had taught in many places through this county and elsewhere in years ago after an honorable career as a schoolteacher and amongst those who will learn of his passing away, with sorrow, and feelings of old ties severed, will be his former pupils. His body will be brought to Norton for burial. He had resided there for many years. Mr. Baxter is survived by four sons and one daughter, Mrs. G. F. Poland of Lynn, Mass. The sons are Henry of Lynn, Herbert, M. of Sharon, Mass. Dr. G. O. and Dr. A. E. Baxter of St. John.

FOUND STREETS NICE AND CLEAN THIS MORNING

Commissioner Potts Had New Policy Inaugurated Last Night

For the first time in the history of the city clean streets greeted the citizens as they came to town this morning. Commissioner Potts' new policy of carrying on as much as possible of the street cleaning work at night went into effect last night and the results were apparent today. The street gangs in the central part of the city and in the North End started work at midnight and continued until seven o'clock this morning. During these hours they gave a thorough cleaning to all the streets which have permanent pavements which can be attended to at night and the work was eminently successful. Many comments of a favorable nature were made regarding the new departure this morning.

GRAIN FROM BREWERIES AS FEED FOR DAIRY CATTLE

What Health Officer Has to Say of Reported Practice in Some Local Cases  
The attention of this paper has been directed to the fact that the refuse grain from local breweries is being used as cattle feed by some of the dairy men in the vicinity of the city and complaint has been made regarding the practice. When asked about the matter yesterday, Dr. G. G. Melvin, public health officer, said that as far as he knew it had never been brought before the authorities in an official way and that the question had never been raised. Regarding the objections to this class of feed, Doctor Melvin said that it would depend largely upon the age and condition of the matter; that while fresh it might not be so objectionable but that the danger would lie in decomposition. Generally speaking, he said, the practice was not commendable.

ST. MONICA'S SOCIETY CLOSE SEASON WITH DELIGHTFUL BRIDGE

With a delightful bridge held in the C. M. B. A. rooms in Union street last evening, the work of St. Monica's Society for the winter season was brought to a close. Between sixty and seventy of the ladies were present and all spent the evening in a most enjoyable manner, followed by dainty refreshments. In the absence of the president, Mrs. James Dever, who is ill, Mrs. D. P. Chisholm ably presided. Elegant prizes were won as follows:—Mrs. W. E. Scully, Mrs. M. Armstrong, Mrs. A. C. Wilson, Mrs. Wm. Nagle and Mrs. James McCarthy. A list of names of refreshments, Mrs. R. O'Brien and Mrs. James H. Dooey presided and were assisted by an active corps of the younger members of the society.

FAIRVILLE NEWS

It is reported that, commencing this evening, practically all the lumber mills will run quarter time extra, as it is feared the high freshet may ultimately prevent the mills from operating, and full advantage will be taken of such time as there is now. The wharves at the old Woodman and shingle mills are now covered, and the water is still rising. If tourists could pay a visit to the falls at this season of the year, the sight would amply repay them and some idea of our wonderful river obtained. The mighty rush of water at low tide augmented by the heavy freshet pours in nothing short of frenzy through the gap, whirling, twisting and foaming pools, eddies and spectacular effects beyond the ordinary time. Logs and planks occasionally come through, and it is interesting to watch the water play with them, tossing and shoving them in every direction, now on end, now on side, and again sucking them down. The roar of the water as the falls has increased as well, and the whole is awesome and inspiring. The first community council is to meet at once, and it is said the playground matter will be given immediate attention. A suggestion that town cleaning receive support would not be out of order just now, and with three councillors in attendance, vigorous work could be outlined.
