SITUATION IN GREECE IS CRITICAL

30,000 Armed Cretans Hold the Island on Behalf of Venizelos.

FAMOUS GUARDS JOIN REVOLUTIONISTS.

"Must Clean Own House" is Entente Hint to Greek Cabinet — Revolution Continues to Grow.

London, Sept. 25 (6.40 p. m.)—The situation in Greece is most serious, says a Reuter despatch from Athens. Former Premier Venizelos, accompanied by Rear Admiral Condouriotis, commander-in-chief of the Greek navy, a number of superior officers and his supporters, left Athens early today. They are bound probably for Crete, whence they are expected to go to Saloniki.

King's Cretan Guards Desert Him

Athens, Sept. 24, via London, Sept. 25.—Sixty-nine out of the eighty members of King Constantine's famous Cretan Guards, who have disbanded the organization, leaving only eleven loyal members, purpose following Premier Venizelos to Saloniki, should he decide to go there to join the revolutionary movement, according to advices from Crete.

Armed Cretans to the number of 30,000 are now said to control the entire island in behalf of Venizelos, the insurgents now having entered Canea, where they took possession of the government buildings, turning out the Greek authorities.

The revolutionary movement now in progress in Greece had its inception at Saloniki, where there was set up the national defense committee, which, according to last reports, was exercising the functions of government in part of Greek Macedonia. It has been reported that M. Venizelos, leader of the Greek party which favors intervention in the war with the Entente Allies intended to go to Saloniki to put himself at the head of a temporary revolutionary government. On being asked last week about this report, he said he could not answer at the time; that he must wait a brief time, and see what the government purposed to do before deciding on the best course to adopt in the event that Greece did not enter the war. He said that if King Constantine would not listen to the voice of the people, they must consider what measures should be taken by them.

MUST CLEAN ITS OWN HOUSE.

Athens, Greece, Sept. 25, via London, Sept. 25.—It is reported in political circles here that a renewed effort to learn from the diplomatic representatives of the Entente Powers what Greek ministerial changes would mollify the Entente, and enable negotiations to proceed more regularly met with this unofficial suggestion: "The unacceptable members of the cabinet know they are not acceptable without being told. If the Greek government be sincere it will clean its own house."

VICE-REGAL PARTY ARE VISITING OTTAWA

Montreal, Sept. 25.—The Duke of Connaught, accompanied by the Duchess of Connaught and Princess Patricia, arrived in Montreal this evening on a special train from Ottawa, and will spend the week in this city, stopping at the Strathcona residence, Dorchester street. It will be their royal highnesses' farewell visit.

FATE OF COMBLES SEALED BY ALLIED BLOWS YESTERDAY

London, Sept. 26.—The British troops have captured the villages of Morval and Lesboeufs, together with several lines of trenches on a six-mile front between Combles and Martinpuich, south of the Ancre river, says the official report from British headquarters issued about midnight. This front was penetrated to a depth of more than a mile. Many prisoners were taken and heavy losses were inflicted on the Germans.

French Take Town of Rancourt.

Paris, Sept. 25, via London Sept. 26.—In a violent attack against German positions extending from Combles to the Somme, the French troops today made noteworthy gains, according to the official communication issued tonight. The town of Rancourt was captured and German positions were taken in the region of Fregicourt, between the Combles road to Bouchavesnes and in the vicinity of the Canal Du Nord.

Russian Victory in Roumania.

London, Sept. 25.—A Russian success in the Roumanian province of Dobrudja is reported in a semi-official news agency despatch from Odessa. The despatch says the Russians took 2,000 prisoners.

War Office Reports of Fighting in the Several War Zones

London, Sept. 25.—The official statement tonight says: "South of the Ancre our troops attacked Monday and have been everywhere successful. Enemy positions were stormed on a front of about six miles between Combles and Martinpuich to a depth of more than a mile. The strongly fortified villages of Morval and Lesboeufs, together with several lines of trenches, have fallen into our hands.

"The village of Morval stands on the heights north of Combles and, with its subterranean quarries, trenches and wire entanglements, constituted a formidable fortress. The possession of these two villages is of considerable military importance, and practically severs the enemy's communication with Combles.

"A large number of prisoners, machine guns and other war materials were taken. Heavy losses were inflicted on the enemy. In comparison with the results achieved our losses have been, so far, comparatively small.

"On Sunday six enemy aeroplanes were destroyed in air flights and at least three others were driven to the earth damaged. Three of our machines are missing."

French Report.

Paris, Sept. 25.—The official report says:

"North of the Somme, the battle was renewed Monday with violence along the Ancre-French front. The French infantry assuming the offensive about noon simultaneously attacked the German positions at Combles and Rancourt and defenses held by the enemy from the latter village as far as the Somme.

"Northeast of Combles we carried our lines to the outskirts of Fregicourt and captured all the strongly organized ground between that hamlet and Hill No. 148. The village of Rancourt also fell into our hands.

"East of the Bethune road we extended our positions to a depth of about 1 kilometre from the Combles road to as far as Bouchavesnes, and by assault a hill northeast of that village and reached to the southeast of Hill 150. Farther south we carried several systems of trenches in the vicinity of the Canal Du Nord, from the Bethune road as far as the Somme.

"The number of unwounded prisoners taken by us and counted up to the present exceeds four hundred.

"There was no event of importance on the remainder of the front, apart from a somewhat lively artillery duel on the right bank of the Meuse in the region of Vaux-Chapitre and Le Chenois.

Story of War Events Yesterday Told in Short Metre

Attacking simultaneously on an area of fifteen miles, running from Martinpuich to the Somme, the British and French forces have delivered another smashing blow on the German lines and pushed forward their positions for notable gains.

From Martinpuich to Combles, a distance of six miles, the British have driven in their wedge to a depth of more than a mile, and captured in the attack the important and strategic town of Lesboeufs and Morval, the latter a scant mile north of Combles.

To the French fell the town of Rancourt, two miles east and the outskirts of Fregicourt, one mile northeast of Combles. In addition, trenches near Fregicourt, in the vicinity of Bouchavesnes, and to the south from the vicinity of the Canal Du Nord to the Somme were taken.

Fate of Combles is Sealed.

The capture of Morval by the British and of part of Fregicourt by the French apparently seals the fate of Combles, which the Germans have stolidly held for weeks, despite the violent attacks thrown against it. The defenders of the virtually surrounded town have left to them for escape only the valley, a mile in width, running north-northeast, and in the traversing of which they must come under the guns of the British and French respectively from Morval and the vicinity of Fregicourt. Another notable step in their approach upon Fregicourt is marked in the capture by the French of trenches in the Canal Du Nord region.

Except in France there have been no important engagements on any of the various fronts. Berlin reports the repulse of Russian attacks in Volynia, Galicia and the Carpathian mountains.

Petrograd is still silent as to operations on the eastern front, but unofficial advices say the Russians have begun a new offensive on a large scale in the hope of cutting down the counter-attacks of the Teutons and piercing their front before winter sets in. The Roumanians are struggling for supremacy over the Teutonic allies in the Sudrjuk and Vulcan passes in the Transylvanian Alps, but according to Berlin all their attacks have been repulsed.

In Macedonia.

In the Macedonian campaign continued reports of success for the Entente Allies come from their various war chancelleries. West of Florina the Russians have captured a hill from the Bulgarians. The Serbians have crossed the frontier into their own country and reached a position north of Krusograd, while the French northeast of Florina have penetrated

French Capture Village and Russians Drive the Enemy from One of Most Important Strongholds.

London, Sept. 25.—A despatch to Reuter's Telegram Company from Saloniki, dated Sunday, says:

"The Entente Allies began at seven o'clock this morning a vigorous offensive on the extreme westward and northward of Florina. There was fighting all day long. The Russians, shortly after noon, captured an important hill west of Florina; the French advanced, occupying the village of Petrosk, while the Serbians succeeded in crossing the frontier north of Krusograd, but encountered fierce opposition at Verbit."

Berlin's Version of the Zeppelin Raid.

Berlin, Sept. 25, by wireless to Sayville.—The official statement regarding the air raid on England, issued today reads:

"On the night of Sept. 23 and 24 several squadrons of naval airships extensively bombed London and places of military importance on the Humber and the middle counties of England, among which were Nottingham and Sheffield. Success everywhere was visible from the heavy conflagrations which could be seen for a long while.

The airships, when approaching England, before crossing the English coast, were shelled by patrol boats and during the attack by defensive batteries, which used incendiary projectiles. The airships silenced some batteries by well-directed volleys; two airships fell victims to the defensive fire around London. All the others returned undamaged."

Enemy Attacks Checked.

London, Sept. 25.—"South of the Ancre," says the British official statement issued today, "the enemy attacked one of our posts to the east of Courcellette but was repulsed.

"We blew mines last night north of Neuville-Chapelle and north of Hulluch. Much damage was done to the enemy's works.

"The enemy's trenches were raided at several points on the battle front."

SAMPLE OF POLITICAL ENEMY'S VICIOUSNESS, SAYS HON. MR. ROGERS

Special to The Standard.

Ottawa, Sept. 25.—Hon. Robert Rogers was very much amused today at the report appearing in some of the Liberal papers that he was afraid to remain in Winnipeg. "I have been accused of many things in my life," he said, "but I never thought my worst enemy would ever accuse me of being afraid of anything, and it ails me but one more sample of the vicious depths to which some of my political enemies are prepared to descend."

the outskirts of Petrosk. The British to the north of Lake Tabinos, on the eastern end of the battle line, also report an advance, but Berlin says that all their attacks were repulsed.

Aside from the capture by the Italians of an important mountain peak on the Trentino front, only bombardments have taken place on the Austro-Italian theatre.

Alpine Troops Take Summit of Garinal, 1886 Feet High.

BRILLIANT WORK OF BY CADORNA'S MEN

Enemy Defended Position Stubbornly but were Driven Out Leaving Many Dead on the field.

Rome, Sept. 25, via London.—The war office announced today that Italian troops had taken by storm another mountain top on the Trentino front, inflicting heavy losses on the Austrians. The statement follows: "On the Trentino front the enemy's artillery was more active. Our batteries replied energetically. A few shells fell on Ala, in the Legarina Valley, without causing any damage. "Our offensive in the region between the Amisio and the Vanoi Cisono Valley has gained for us a new and brilliant success. On Saturday afternoon our Alpine troops took the summit of Garinal, 1886 feet high, on the northeastern part of Monte Cauriol. The enemy resisted stubbornly, and left many dead on the field.

"We took several prisoners. Notwithstanding an immediate bombardment of the captured position by heavy artillery it was consolidated strongly by us.

"Our batteries continue to direct retaliatory fire on the military stations of Toblach and Silliam, as the enemy persists in shelling Cortina D'Ampezzo.

"Last night one of our airships, having eluded the enemy's searchlights, dropped bombs on the railway station of Dottedeggen and Scappo, on the Carso plateau. The airship returned safely."

INDUSTRIAL TIE-UP IN N.Y. ON WEDNESDAY

Members of State Legislature Urging Governor to Call Special Session to Deal with Strike.

New York, Sept. 25.—With labor leaders continuing their efforts to bring about a general suspension of work as an aid to the striking carmen in this city, members of the state legislature, at a meeting today, decided to urge Governor Whitman to convene the legislature in extraordinary session to deal with the strike situation.

The governor arrived in the city tonight, and it was expected a committee appointed by the legislature would wait upon him tomorrow. The labor leaders have set Wednesday as the time for a general tie-up of the city's industries.

Nearly forty per cent. of the 800,000 union workers in New York and vicinity have avowed their intention of quitting their places, according to Hugh Frayne, organizer of the American Federation of Labor.

The first accident on a subway line since the transit strike began Sept. 6 occurred today. Thirteen persons were injured, two seriously, in a rear-end collision.

LEONARD OUTFOUGHT TILLMAN.

Philadelphia, Sept. 25.—Benny Leonard, of New York, outfought Johnny Tillman, of St. Paul, in a warmly contested six-round bout here tonight. Tillman gave Leonard the hardest fight he had ever had in this city, but the New Yorker's greater ring experience enabled him to win the popular verdict.

NEW RUSSIAN DRIVE TO BALK VON HINDENBURG'S MOVE

Brusiloff's Army Starts New Offensive to Prevent Enemy from Recovering Old Positions Before Winter Sets in—Fight Raging from Pripet Marshes to the Danube.

Petrograd, Sept. 25, via London.—Although the official communications have shed little light on recent developments in the war situation, it is learned from staff officers that after a long lull the battles at all important points on General Brusiloff's front are again assuming the intensity which characterized the first period of his advance. The principal centres of action are the districts near Vladimir-Volynski and west of Lutsk, the Halicz region and the Carpathians, and in each of these territories there has been a general resumption of the fighting, which has spread to adjacent sectors and in the whole southwestern war theatre, from the Pripet marshes to the Danube, may be said to be again in action. The nature of this action, however, has undergone a conspicuous change since the first smashing blows in Brusiloff's campaign.

Berlin Stunned by Loss Of Zeppelin Raiders

No Recent Reverse on Battlefield has had Such a Depressing Effect—Machines were Among Aircraft Just Recently Turned Out.

New York, Sept. 25.—A news agency despatch from Geneva today says:

"Loss of the two Zeppelins in Saturday night's air raid on England has stunned the Berlin public, Swiss correspondents in the German capital telegraphed today.

"No recent reverse on the battlefield has had such a depressing effect on the German people, the correspondents report.

"The two Zeppelins are understood to have been among the new aircraft turned out recently at the Friedrichshafen factory.

AIR RAIDERS AGAIN VISIT GREAT BRITAIN

Several Hostile Machines Appeared Last Night—British Airmen Raid Belgian Town.

Bulletin—London, Sept. 26.—"Several hostile airships crossed the east and northeast coasts of England between 10.30 o'clock and midnight last night," says an official communication issued shortly after midnight.

"Bombs are reported to have been dropped at several places in northern and north Midland counties.

"An airship is also reported off the south coast.

"No reports of casualties or damage have been received."

Amsterdam, via London, Sept. 25.—The Telegraf says that forty Germans were killed or injured in the British air raid on St. Denis Westrem, Belgium, on Friday. Two sheds and three aeroplanes were burned.

EUROPEAN LIQUIDATION AM. SECURITIES ENDED?

Special to The Standard.

New York, Sept. 25.—In view of existing conditions there appears reasonable basis for the belief that European liquidation of American securities has ended. This is a feature that merits careful consideration in connection with railroad developments.

While the active foreign selling of securities has been in progress there has been an obvious lack of operation for railroad managers to secure the large amount of new capital that is so necessary for improvements and extensions that are needed to place the railroads of the country in a physical position in which they conduct fully their activities as common carriers. The amount of new capital so required must be measured by hundreds of millions. The securities returned by Europe comprise the choicest ones outstanding.

TRADES AND LABOR CONGRESS IN TORONTO

Thirty-second Annual Meeting Opened Yesterday with Over Three Hundred Delegates in Attendance.

Toronto, Sept. 25.—The 32nd annual trades and labor congress of Canada was formally opened at the Technical School this morning with an attendance of something over three hundred delegates, every industrial centre from Vancouver to Halifax being represented. The delegates assembled at the Prince Consort hotel, and marched to the Technical School, headed by a brass band furnished by the Toronto Musical Protective Association. Here they were formally welcomed by the Hon. Findlay McDiarmid, Ontario minister of public works.

At the afternoon session the report of the executive committee was read by Secretary Draper. It recommended immediate action by the government to control food prices under the war measures act, opposition to compulsory service in Canada, participation in the peace conference proposed by the American Federation of Labor for all labor bodies in Europe and America after the war, the appointment of a commission on industrial conditions, the nationalization of railways, mines and public utilities, an extensive system of highways, the adoption of a policy for close land settlement, which will provide sufficient aid to guarantee the right kind of settlers and insure social amenities, shortening of the work day to provide employment for unemployed persons, a gradual disbanding of enlisted men covering a period of at least two years and increase of pension for soldiers and incapacitated soldiers, with no distinction between the children of officers and men, a vote of \$20,000 to buy permanent quarters for the congress in Ottawa.

Special to The Standard.
Ottawa, Sept. 25.—The recruiting directors who will be appointed to cooperate with the national director, Sir Thomas Tait, will be announced in the course of the next few days. A conference will then be held at Ottawa with Sir Thomas to work out the plan of organization and the methods to be followed in mobilizing Canada's forces for services at home and abroad. The new director, while cooperating with militia authorities and the militia department, will work directly with Sir Robert Borden and the premier's jurisdiction.

REPLICAS OF COLUMBUS' FLAGSHIP AT YARMOUTH

Yarmouth, N. S., Sept. 25.—For the second time in a few years the caravel Santa Maria, a replica of the flagship of Christopher Columbus, was in port today, sailing for Halifax. She is now in charge of Capt. Stevenson and had just arrived from Buzzard's Bay. Since she was here in 1914 she has been to the big exposition in San Francisco and has also been on exhibition in New York and other ports en route. New York's tug Morton is towing her back to Halifax and Quebec en route to Chicago where the other two caravels of the fleet, the Nina and Pinta are lying. Capt. Stevenson says she is a good sea boat but has a lot of motion in a sea. Sunday night about one o'clock while off Cape St. Mary's she was jumping around so lively that the yawl hanging from the stern davits actually broke in two and disappeared overboard the bow being pulled right out.

GREAT BRITAIN SENDS REGRETS FOR SEIZURE OF GOODS AT HONG KONG

Washington, Sept. 25.—Informal expressions of regret have been made by Great Britain to the state department for seizure at Hong Kong of American owned goods consigned to Manila on board the steamer Chinese Prince, Kagua and Aymeric. It was learned today that in response to a vigorous protest by the United States assurances had been given that there would be no more such seizures.

BISHOP MONTGOMERY IN UNITED STATES FOR CONFERENCE.

New York, Sept. 25.—Bishop Henry Hutchison Montgomery, delegate of the Archbishop of Canterbury to the Protestant Episcopal conference, to be held in St. Louis next month, arrived here today on the Cunard liner Saxonia. Bishop Montgomery is secretary of the Society for the Propagation of the Gospel. He will probably visit Canada during his stay in America.

THRILLING TALE OF MAN HUNT IN THE FAR NORTH

Esquimaux who Brutally Murder Catholic Missionaries Caught After Relentless Chase by Mounted Police.

Special to The Standard.
Ottawa, Sept. 25.—The story of the chase and capture of the murderers of Father Leroux and Father Rouvriere, two Catholic missionaries in the Far North, is told by Inspector C. D. LaNauze in a report received by the Mounted Police Department today. It makes a thrilling tale. The two missionaries had been living with the Eskimos at Coronation Gulf and were respected and popular amongst the natives. In 1913 they decided to move to the timber land and were accompanied by the two Eskimos, Simmiak and Iluuskuk to assist with the dog teams. They were only out two days when Simmiak stabbed Father Leroux in the back, calling upon Iluuskuk to finish him as he ran to head off Father Rouvriere from the sled where his rifle was. Simmiak shot twice at Father Rouvriere and wounded him with his second shot. In the meantime Iluuskuk had killed Father Leroux. They then stabbed to death Father Rouvriere.

With horrible ferocity the two murderers cut open both chests and ate pieces of the liver of the two dead men and taking their outfits returned to the tribe headquarters at Coronation Gulf. They made no secret of their crime. Inspector LaNauze learned that with Dr. Anderson of the Stefenson expedition on the Copper Mine river was an Eskimo named Iluuskuk wearing the coat of a priest and he was found to be of the same tribe as Simmiak and Iluuskuk. This man gave information that incriminated the two murderers. Special Constable Ilvink was told by other Eskimos that the reason they concealed the crime was because they feared that in revenge the white man would kill them all. The long chase after Iluuskuk and Simmiak then began. The latter was believed to be in Victoria Land, several hundreds of miles away, and thither the police went, securing their man. He surrendered without any trouble and showed anxiety to tell his story. He stated that Simmiak was responsible for the crime, and other members of the tribe confirmed the statement that he had been the instigator.

Clear Up Three-Year-Old Mystery.
With Iluuskuk secured the police returned and started on the hunt for Simmiak. They found him with some other Eskimos at the mouth of the Copper Mine. He also surrendered without a fight and confessed his crime. The two criminals were then taken to Herschell Island where they now await the decision of the government as to where the trial will take place. So Inspector LaNauze and his men have cleared up a mystery that had baffled them for three years. The murderers are pagans and missionaries have accomplished little towards Christianizing that tribe.

RELEASE PARCELS CONSIGNED TO CENTRAL POWERS' TERRITORY

London, Sept. 25.—Twelve hundred parcels, consigned to the parcels post from the United States to destinations within the territory of the Central Powers and held up by the British authorities, have been released and possession of them may be had by their consignors on their request. According to the foreign office this proceeding merely follows a long established policy of the government in releasing "non-contributing" parcels. Such goods, being non-contributory, are held under orders-in-council, and in administering these the government is merely concerned in keeping goods of the sort from entering belligerent territory. There is no desire, it was explained, to withhold them from their original owners, but the government has no intention to release such parcels for forwarding to their original destinations.

SAY CAPTURED DUTCH SHIP HAD CONTRABAND AND BOUND FOR LONDON

Berlin, Sept. 25, by wireless to Sayville.—According to an overseas News Agency announcement today reporting the seizure yesterday of the Dutch steamer Batavier by a German submarine, the vessel was bound to London with contraband on board.

MAPLE LEAF MAY BE LISTED ON MONTREAL

Stock has Shared Conspicuously in Prosperity of Milling Industry Since War Began.

Special to The Standard.
Montreal, Sept. 25.—The listing of the shares of the Maple Leaf Milling Company on the Montreal stock exchange is a development being talked about now, according to advances received from Toronto. It is thought that the formal application will be made to the exchange authorities within a short time. The shares of the company were placed on an eight per cent annual dividend basis in March last and as the stock only crossed par today in the Toronto market having closed last week at 97 to 98 it will be seen that it is selling considerably lower than others of the milling shares which are placed on an eight per cent basis. Maple Leaf has shared conspicuously in the prosperity which has come to the milling industry in Canada particularly since the war started and has worked into a strong position.

LOVE'S DOUBTING.

When fevered doubt has set my heart on fire
And parched the flowering concepts of my brain,
When I am faint with unfulfilled desire,
Your love renews me as the summer rain
Renews the earth, a prey to killing drought,
And all my veins run joyous as the rills
That, bank-full, twist new green
For I am glad or sad as your heart wills.
If you withhold from me love's heavenly dew
How shall the good within my being thrive?
I only grow in thoughts of love for you.
In you alone I know myself alive,
O that your love my seeking love would bless,
So should I know the heaven of tenderness.
—Charles Eugene Banks.

SETTING A TABLE.

There is nothing so important as a correctly laid table and proper service and quiet and correct eating. All forks with the exception of the small one used for raw oysters are laid to the left of the plate. The oyster fork, the soup spoon, and the knives with sharp edges inward, are laid to the right in the order in which they are to be used. As oysters are often before soup the oyster fork is laid farthest from the plate. The other spoons should not be laid on the table when the service is formed, but should be put on the table when the dessert and coffee are served. Bread and butter spreaders should be placed on the bread and butter plate. The tumbler should be placed at the tip of the knife, the bread and butter plate in front or at the tip end of the forks. Some prefer to have the butter spreaders placed with the other knives at the right of the plate. For informal serving the teaspoons are sometimes placed at the right side fork, and again they are placed in a spoon tray on the table and passed when the dessert is served. The napkin neatly folded is placed at the left of the fork. It is also good form to have the napkin loosely folded over a roll and placed on the bread and butter plate.

"KILTIES" CAMPAIGN AUSPICIOUSLY LAUNCHED

FIERY CROSS CIRCLES THE PROVINCE WITH MESSAGE OF WAR AND THE CALL TO ARMS

BIG MEETING ON FORT HOWE, LAST NIGHT, WHEN BEACON FIRE WAS LIGHTED AND CALL FOR RECRUITS FOR KILTIES SENT OUT—ONLY FOUR RECRUITS, BUT PROSPECTS ARE GOOD—A SPECTACULAR SIGHT

Meeting in Every Shiretown of the Province Marked by Great Enthusiasm — Whirlwind Campaign Once Launched Promises to be a Signal Success.

St. John last night witnessed the most spectacular recruiting meeting held in the province of New Brunswick since the war began. Thousands of people thronged the streets from King Square to Fort Howe, where the meeting was held. And the hill itself was literally a mountain of people.

The showing and encouragement received from the public in general was gratifying to say the least, but the support of the young men was a disappointment. Only four men came forward out of the five thousand people, and offered their services in defense of the old flag, notwithstanding the fact that the speakers put forth irrefutable arguments why every physically fit man in St. John should attire himself in a suit of freedom. The four young men who volunteered for active service in the 236th Kiltie Battalion were: F. C. Buckingham, St. John, N. B.; J. Stackhouse, St. John, N. B.; Terris Ferris, Amherst, N. S., and one other whose name is withheld.

THE PROCESSION.

At sharp 7.30 last night the grand torchlight procession, headed by the City Cornet band, started on its march from King Square to Fort Howe. Boys carrying recruiting slogans and banners bearing inspiring messages to the eligible of the city immediately followed the band, after them came a khaki column composed of members of the different military units stationed in the city. They were followed by several automobiles bearing the speakers and other prominent citizens.

It was a grand sight, viewing it from Fort Howe, to see the illuminating street parade gradually approaching the platform on which the speakers appealed to the masses.

At the appointed time the beacon light was fired with the blazing brand. It was a glorious sight to see that thirty-five foot structure a mass of seething flames.

The fiery cross which was to have arrived during the speech-making did not arrive in the city until 10.30. Mr. Schofield bringing it from Sussex in his automobile. It should have reached here at the latest at 8.30, but owing to a misunderstanding it did not arrive. However, another cross was carried to the meeting held in the adjoining county.

As Seen From Afar.

Every point of vantage in the city and surrounding districts held large crowds of persons all eager to witness the sight. A few hundreds were gathered on Prince William street near the "three lamps" while many others took their stand on the wharves along the harbor front. On the western side of the harbor many persons assembled on Lancaster Heights near the Tower; on Courtenay hill and at the head of King street. The sight was an imposing one viewed from afar. The first thing that attracted the attention of the crowds was the long procession of torch bearers as they appeared against the black hill and marched in single file. It had the appearance of a long illuminated serpent as it slowly made its way up the hill, then it appeared to proceed in a circle, finally the lights were seen to break clear of the procession and in a few minutes the entire hill was dotted with flickering lights, darting here and there like so many huge fireflies flashing in the darkness.

Through the stillness of the night could be faintly heard the strains of

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans but all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatism, others who have sallow skins, blood disorders and stinky complexion are urged to get a quarter pound of limestone phosphate from the drug store sufficient to make anyone a pronounced crank on the subject of internal sanitation.

successful. They would be powerless, and the first prize that the victors would claim would be Canada. He strongly appealed to the citizens of St. John to assist in completing the establishment of the 236th Kiltie Battalion, for the sooner it is recruited up to full strength the sooner the members will be able to strike a blow in the cause of British freedom.

Four Recruits.

At the conclusion of his stirring appeal four men crowded their way through the vast crowd and climbed up on the platform, amid loud cheers.

Postmaster Sears.

Postmaster Edward Sears was the next speaker. He delivered an inspiring appeal to the young men to join the colors, pointing out the greatness of the British Empire and the many privileges enjoyed by the citizens of the Dominion under the protection of British institutions. He referred to the noble cause for which the Allies were fighting at the present time and declared that the blood of the Empire was never poured out for a more worthy cause than that involved in the present gigantic struggle in Europe. He predicted the triumph of the Allied forces, but pointed out that more men were needed to bring the war to an early and happy termination. He was amazed at the wonderful gathering of citizens and said that it recalled to him a photograph which he had seen of a vast crowd in attendance at a baseball match in a city in the United States.

"If I were young again I would be glad to take advantage of the opportunity afforded to fight for this great Empire to which we owe so much," declared Postmaster Sears amid great applause from the vast audience. It was the duty of every medically fit young man to respond to the call of Empire. The Kilties would undoubtedly be one of the finest battalions that had been mobilized in Canada since the outbreak of this great conflict. With such leaders as Col. Guthrie and other gallant officers who had done such glorious deeds at the front those enlisting in the 236th Battalion would have a rare opportunity. The call from the boys on the firing line was persistent and urgent and no better evidence of appreciation of the great work being done by the boys at the front could be given than by filling up the ranks of the Kilties in record time.

The Gibb children then favored the audience with a clever exhibition of Scotch dances, Piper Stevens furnishing the music. The dancing was greatly appreciated, and evoked enthusiastic applause.

Returned Heroes.

"Bud" Tippetts, the popular president of the European War Veterans' Association, was enthusiastically greeted. He said that the atrocities committed by the Huns in Belgium were sufficient to arouse the fighting spirit of every young man in Canada, particularly their treatment of the noble women of Belgium should serve to arouse the young men to a sense of duty. The Belgian women had been most ruthlessly violated by the terrible Hun and torn away from their homes and loved ones.

After the war has been happily terminated the returned soldier would be the leading citizen of the Dominion and the shirker would have no place in the affairs of the country. Plans were being formulated to provide for the returned men and to give them the very best that the country could offer. No medically fit young man could turn a deaf ear to the call. He heard many excuses being advanced. Some said they would go when conscription was adopted; others said they would go to the United States to evade the call of duty. But the United States did not care for that class of citizen. She wanted men, not cowards. He strongly urged the young men of St. John to "do their bit" and said that the Kilties afforded an excellent opportunity to assist the Empire in her present combat with the enemy.

Pte. Cobolan was the last speaker. He was wounded while in active serv-

ice with the 20th Battalion, and invaded home. He appealed to the real men of the city to enlist in the 236th Battalion, a battalion officered by competent and able officers, everyone a returned soldier.

The National Anthem brought to a close the greatest recruiting rally held in St. John for some time.

Special to The Standard.
Hampton, Sept. 25.—The recruiting rally held here tonight as a commencement of a campaign for recruits for the Kilties proved a success. The recruiting committee arrived with the fiery cross from Sussex and was loudly cheered by the large crowd present. It was then handed to E. A. Schofield who left by automobile to deliver it at the meeting being held in St. John.

As the result of the meetings held in the court house at the Station, and in the agricultural hall in the village three recruits enlisted and there are a number of prospects to be looked after tomorrow. Miss Fisher of Hampton recited "Fire the Pile on Craig Gowan Height," and on its conclusion was loudly applauded.

Both meetings were largely attended and the speakers were Judge Ritchie, Captain May, Lieut. Seely, a returned soldier who will command the Kings County Platoon, Sergt. Hagg and J. D. McKenna. The chairman of the meeting in the court house was E. A. Schofield while F. H. Flewelling was chairman of the meeting held in the village.

Special to The Standard.
Dorchester, N. B., Sept. 25.—The shiretown of Westmorland was the scene of a series of soul stirring events this evening in connection with the opening of the New Brunswick Kilties campaign. The population of the little hillside was nearly doubled by large contingents from every portion of the county. The signal fire was lighted on the "Gun Club Hill" promptly at 8 o'clock by J. Holland, in the presence of 300 people and was viewed with enthusiasm. The great crowd of people filled the Hickman hall, some hundreds falling to gain admission. An overflow meeting was organized and was carried on simultaneously in the county court house, in Hickman's Hall the following programme was carried out with the greatest enthusiasm: Rev. B. H. Thomas presiding. 1. The Moncton City Silver Band. "O Canada." 2. Recitation by Mrs. Malcolm, of Moncton, "Light, Light the Fire on Craig Gowan's Height." 3. Selection of the bagpipes, Piper Urquhart, "Scotland

At Woodstock.
Woodstock, N. B., Sept. 25.—Woodstock was aglow with the fire of the Kilties tonight. The beacon fire across the hill in Grafton was lighted at 7.30 o'clock. The 6th band and the 65th Battery band rendered music, as well as a piper of the Kilties. The Boy Scouts carried the torches in the procession, which marched to the Valley Railway station and escorted Major Laurie to the army, where speeches were delivered by Major Laurie, Lieut.-Col. Wetmore, Judge Carleton and Sergt. Carter. During the evening a horseman arrived at the armory with a flaming torch, which was immediately carried out of the armory to other parts of the county. Rev. Frank Baird was chairman. While only one man signed the roll today, it is expected that others will sign up tomorrow.

At Andover.
Special to The Standard.
Andover, Sept. 25.—The recruiting meeting held at Andover tonight for the 236th Kiltie Battalion was a success as far as attendance went, but the results were anything but satisfactory to say the least. Notwithstanding the fact that Justice Crockett made a stirring and forcible speech,

there was no response from the eligible young men present. The recitation and music were greatly enjoyed by the large audience. There is no doubt but that the speeches of last night will have the desired results in the course of a few days.

Selection by Piper Urquhart, "The Campbells are Coming." 9. Instrumental solo, Master Stanley Jones, of Moncton, Canada's youngest musician. 10. Band selection, "The Red, White and Blue." 11. Addresses by returned war heroes, Lieut. Al Humphrey, Sergts. Geo. L. Stone and Robert Manderson.

Chairman Thomas proposed, "hree cheers for the heroes as they made their appearance before the foot lights. These cheers were given with a will. The speeches were interspersed with selections by the band. The programme was brought to a close with the National Anthem.

The overflow meeting in the court house was a great success and was presided over by High Sheriff Geo. L. Willett. The programme in the hall was duplicated in the court house. Private residences were all brilliantly illuminated. The event goes into history as one that will live in the memories of all. The fire on the summit of Shepody Mountain was beautiful and illuminated the country side for many miles around. The opening of the province-wide campaign was a success. There were no

STRAY BULLET ENTERS HOUSE, HITS WOMAN

North Shore Lady Painfully Injured when Bullet from Rifle Goes Through Window.

Newcastle, Sept. 25.—Mrs. Wm. Williams is suffering from a shot in the arm received Saturday from a 22 bullet from Harry Stymiest's rifle, accidentally discharged while he was passing her house. The bullet came through the window and struck the lady as she was crossing the kitchen floor.

Dr. Desmond dressed the wound; the patient is doing as well as can be expected. The shot struck the bone and glanced. Stymiest is a boy in his teens. He had been out hunting and had neglected to remove the shells from his rifle.

WORKING TOGETHER.

More impressive than any day-to-day happenings in the world war, is the revolution which has of late become so apparent in the minds of the people of Canada. Two years ago—

There are optimists who see in the present condition the beginning of the end. It is to be hoped that their vision may prove true, but to those who best realize the strength of Germany and her dupes, the present phase of the war is in reality the end of the beginning. The past two years have been a period of military preparation on the part of Britain, and to a lesser degree on the part of France. The same interval has seen one of diplomatic preparation, resulting in the active co-operation of Rumania, the gradual elimination of Greece as a possible enemy, the concentration of forces on lines where the most telling results are to be expected, and, as affects Britain alone, the reorganization of the Indian office. But perhaps the outstanding result of that development which alone has made possible the successful outcome of this great struggle, is the co-ordination of strategy on which soldiers and statesmen have been working for a year or more, and which became practically operative only a few months ago. In the earlier days, when each of the Allies went into business on its own account, we suffered the disastrous effect of ill-considered side shows, and of individual action which could not, even under the most favorable conditions, result in other than defeat. Perhaps Britain which is always trying experiments was most largely to blame. It was Britain which undertook in a very inefficient manner, the defence of Antwerp, and lost thousands of men. It was Britain which engineered the tragic expedition in Mesopotamia, leading to the surrender of General Townshend's forces at Kut-el-Amara. It was Britain which projected the awful struggle at the Dardanelles, a campaign now admitted to have been not only hopeless, but absolutely tragic. It was Russia which swept over the plains of Hungary with nothing but men to fight against heavy artillery. It was Russia which bravely attempted an invasion of Northern Germany, using bayonets and rifles against shrapnel and high explosives. It was Italy which, with heroism unsurpassed in this war, stormed the bristling mountain ranges, was caught, almost hemmed in, and swept back before the overwhelming Austrian advance. But those days are over. There will be no more side-shows, no further dissipation of energy on expeditions which cannot seriously affect the outcome of the war. The Allied conference has settled all this, and now and hereafter army commanders work in absolute harmony. Russia, by a brilliant and far reaching offensive saved Italy from serious inconvenience at the hands of Austria. Pressure exerted against the further advance of the Czar's forces has been relieved by the Anglo-French offensive on the

west. The British assault, made in co-operation with Joffre's men, masked General Foch's brilliant movement on the Somme. On all fronts leaders are working in concert, supplementing each other's activities, exerting pressure wherever it is needed to relieve the tension at other points, and, in one common movement gradually forcing Germany, Austria, Turkey, etc., to their utmost endeavors on all lines. This will not result in a speedy ending of the war, but it brings the final appreciably nearer, for only by such united action can success be obtained.

PRESS BUREAU STUFF.

Yesterday morning's despatches contained a report, emanating from Amsterdam, that a serious political crisis is imminent in Germany. This report went on to say that efforts toward the overthrow of the Imperial Chancellor, Von Bethmann-Holweg, are being put forth by the militarist party, and that a certain section of the Reichstag is in revolt against existing political and military conditions. Such yarns should be taken with more than the proverbial pinch of salt. It is evident that this story in common with many others which have preceded it, has been handed out by official Germany for purely German purposes.

Many of us on reading the mass of this and other stuff which is offered to newspapers as part of the German propaganda, might readily reach the conclusion that all German soldiers not actively engaged in the trenches are busy turning machine guns on mobs of starving women and children in alleged food riots. Were we to follow this line further back it might be learned from the same source that Germany's strength was seriously impaired a few days after she set foot in Belgium. Certain it is that those who as this is officially prepared and officially distributed by a part of Germany's military organization, and that the dissemination of false information calculated to create a mistaken idea of her internal conditions and thus perhaps lead to a relaxation of effort on the part of her opponents, is in line with Germany's whole plan of campaign.

As has previously been pointed out in this paper, political conditions and modes of government in Germany are so entirely contrary to our own ideas that it is difficult, without keeping those facts constantly in mind, to give the proper consideration to the various financial and exaggerated reports submitted from German sources for our edification. In the first place, Germany for thirty years carried on active preparations for the present war. Germany was at peace, and it was known in a general sort of way that her military activities were of some importance. But the real facts were not known even to the leaders of British public opinion. This is certain, for had such facts been known Britain's unpreparedness could only be regarded as arising from criminal neglect. Thus since the real condition of affairs was kept secret with Germany at peace, it should not be imagined that the true state of things can be made known to irresponsible news agencies in Holland, Switzerland, Sweden and elsewhere, now, when Germany is at war, and only such information may be given out as is permitted by the government. Again, what matter if the Imperial Chancellor should lose his job? He is only a figurehead anyway. The Chancellor of Germany is no more and no less than private secretary to the Emperor. He represents his master in the Reichstag—largely as a matter of courtesy on the master's part, for the Reichstag itself is a non-entity in German administration. Did it happen that Bethmann-Holweg held a position corresponding to the premiership of a nation enjoying popular government, the matter would be open to a very different interpretation. But in Germany, the Emperor is absolute ruler, and conducts the affairs of the country in a time such as this with the co-operation of the great general staff. It is perhaps true that in this general staff there are jealousies, and that partisanship is not unknown. It is very probable that men of the type of Tirpitz and Hindenburg are somewhat out of agreement with Bethmann-Holweg's more moderate ideas on the conduct of the war. But these differ-

ences of opinion, if they exist at all, are for home consumption only, and in so far as the relations of Germany with the outside world are concerned, the Emperor and the general staff stand united, and stand for Germany. It makes not the slightest difference in the conduct of the war whether Bethmann-Holweg, the Imperial Chancellor, is deposed or not. Von Buelow is looking for the job, it would seem, but neither Von Buelow nor Bethmann-Holweg is a Bismarck, and since the days of Germany's Man of Iron, the Imperial Chancellorship has lost much of its former importance. So long as the Reichstag cares to amuse itself with purely partisan or personal disputes, so long will the German press bureau have a good excuse for endeavoring to mislead foreign opinion. But in so far as having any effect on the administration of Germany is concerned, these disputes might just as well be school-boy squabbles.

UNIQUE IN LINE WITH NEW YORK'S BIGGEST PICTURE THEATRES

Novel Orchestra and New Serial Next Week.

Two features, features in every sense of the word, will be inaugurated at the Unique Theatre next Monday, when the first installment of the wonderful serial, "The Shielding Shadow" will be presented in conjunction with the first appearance of an especially engaged organization of talented musicians known as the Arlington Bando Orchestra, under the direction of Miss Mae Davis. This is the first time in the manner in which every programme will be set with music will represent, on a smaller scale of course, the same idea exactly as has made the Broadway Theatre in New York so popular. The Arlington Bando Orchestra in the large American centers, while "The Shielding Shadow" is proving to be the greatest serial yet produced.

MARRIAGES.

Waterbury-Reeder. Pettitodiac, N. B., Sept. 25.—A very pretty but quiet wedding took place at the residence of Mr. and Mrs. Arthur Reeder, Salisbury, on Saturday, Sept. 23, at twelve o'clock, when their eldest daughter, Sarah Field, was united in marriage to Mr. Harry P. Waterbury, of Pettitodiac. The ceremony was performed by Rev. James Crisp of the parish, in the presence of the immediate friends and relatives. The bride was becomingly gowned in white silk with lace trimmings and carried a bouquet of bridal roses and maiden hair fern. After the ceremony and congratulations the party retired to the dining room where a chicken dinner was served and Mr. and Mrs. Waterbury left on the C. P. R. in the afternoon for New England cities, followed by the good wishes of their many friends. A large crowd were at the depot to wish them "bon voyage." Returning they will reside in their home at Pettitodiac. The bride travelled in a royal blue suit with hat to match and was the recipient of many beautiful gifts, including glass, linen, silver, cash and furniture.

Little Benny's Note Book

I asked ma to give me a dime to buy a skool companion to put pencils and things in, and while she was giving it to me I sed, You awt to see the peachy ones you can get for 15 cents, ma, can I get a 15 cent one, they got flowers on, and all. Wat good do the flowers do, sed ma. They make it bevvifill, I sed. And ma gave me 15 cents to buy a 15 cent one, and while ma was giving it to me I sed, You awt to see the peachy ones you can get for 15 cents, ma, can I get a 15 cent one, they got flowers on, and all. Neither wood I, I sed. Wares your 25 cents, sed Mary Watkins. I got it, I sed. And I hiked the 15 cents in my pocket and we went into Mommy Simmins and Mary Watkins sed, I want a 35 cent skool companion, I want the big red one in the window. Wich Mommy Simmins took it out of the window and gave it to her, and I sed, I want one, to. Wat price? sed Mommy Simmins, and I sed, Heh? and she sed, Thares any more 25 cent one left, sed Mommy Simmins. And she started to get it and I dropped my 15 cents on the floor, sayin, G, thare goes my 25 cents. And me and Mary Watkins and Mommy Simmins hunted for it, hunting about 20 minits and we cood only find a dime, so I had to buy a dime one after all. Proving if you perend your going to get more than you really going to get, sumtimes you dont even get as much as you thawf you was going to get.

At Fredericton.

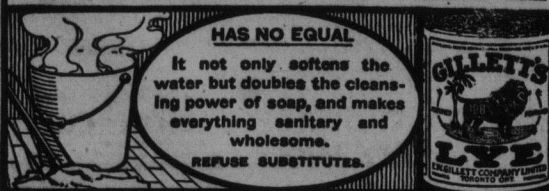

Fredericton, Sept. 25.—The opening night of the 236th Battalion's recruiting campaign was attended by fully four thousand people. Long before the hour set for the opening speech

people began to gather at the square. The result of the meeting was five recruits. Music was furnished by the brass band as well as pipe music by Piper W. Dunbar. Miss Ethel McLean recited "Fire the Pile on Craig Gowan Heigh!" The speakers were Lieut. Col. Guthrie, Dr. A. W. Thornton, Mayor Mitchell and Lieut. McParlane.

POLICE FORCE NEEDS TWENTY MORE MEN

More Complaints from Citizens Over Lack of Protection—Harbor Survey Matter—Up Today Again in Council.

Several matters were discussed at the noon meeting of the Common Council in committee yesterday, among them being the harbor survey, improvements to Market Square, Market St. sidewalks and police protection.

Commissioner Fisher brought up the matter of the extension of the safety platform on Market Square to the eastward but this was deferred for further information.

Commissioner Russell reported that the government surveyors of the harbor were not by any means complete and recommended the adoption of his proposal to have J. K. Scammell make a complete survey of the harbor, including Courtenay Bay.

After some discussion the matter was laid over until today.

Commissioner McLellan reported that he had purchased from J. A. Pugsley Co. a new motor ambulance at a cost of \$3,350.

Commissioner Wigmore was given authority to purchase nine large water metres.

The commissioner of public safety recommended that the tender of Corey & Stevens for laying the sidewalks in the Market streets be accepted. He explained that their tender is for \$1.60 a yard, while Ferris and Clark both tendered at \$1.25, making a difference of \$362.50 in the total cost. On the other hand Corey had excavated the sidewalks, expecting to get this work, and the others were figuring on taking advantage of his work. In addition to this Corey had saved the city \$1,200 on the rest of the contract while he had lost \$800 on it.

Commissioner Fisher thought the lowest tender should be accepted, but it was decided to adopt the recommendation of the commissioner of safety.

A letter from J. Harvey Brown was read complaining of lack of police protection at the foot of Clarence street and on City Road, where property of his had been destroyed.

Commissioner McLellan told of a case which he had been investigating that morning in the North End and said he hoped a lot of these reports would come in before the end of the year and the commissioners would feel more like granting the increased number of men he intended asking for. The police at present were doing all they could but needed twenty more men to properly look after the city.

The letter from J. Harvey Brown to Mayor Hayes stated windows had been broken in his place of business at the foot of Clarence street, also on the City Road; that boys who had broken the windows had been taken to the police court and were allowed to go free. It was suggested at the meeting by Commissioner Fisher that windows in other parts of the city had been broken and notices had been done in the matter.

At police headquarters last night it was learned by The Standard that one of the items referred to by Mr. Brown had taken place about two years ago. Regarding the case of window breaking in the Clarence street building, the boys had been taken in custody by the police, taken before the Police Magistrate, but Mr. Brown did not put in an appearance in the court to prosecute and the boys were allowed to go on suspended sentence. Owing to the small number of men on the force police protection is not as good as it would be if the force was as strong as it should be. Another thing that was rightfully pointed out, is that some complaints that are made at the council regarding damage done to property are never made to those at police headquarters, and the police officials never hear of these things from the persons whose places have been damaged.

OBITUARY.

Capt. Alfred L. Peatman.

At his late residence, 60 Waterloo street, leaving his wife and one son, Captain Alfred L. Peatman passed away yesterday. He was a master mariner and was well known and much respected here. Of a genial disposition and with fine records of achievement in navigation Captain Peatman commanded the respect of all. Harry N. Peatman, the son, is mate on one of the dredges here. Services will be held at the late residence of deceased this evening at eight o'clock. The remains will be taken to Glenwood by the steamer May Queen and the funeral will take place at St. Paul's church, Oak Point, tomorrow morning.

Mrs. Agnes Walsh

Mrs. Agnes Walsh, whose husband (deceased) at one time was in the dry goods business on King street, died recently in New York. Mrs. Walsh was the eldest daughter of the late Edward Hayes, who had an extensive bakery business on Mill street before the fire of 1877. A sister, Mrs. James Sullivan, resides in Boston, and there are other relatives. Mrs. Walsh was highly esteemed by all who knew her.

Mrs. Z. O. Wilson.

After a lingering illness, Nora Lucinda, wife of Z. O. Wilson, 1,5 passed away, in the 56th year of her

Tributes To Gallant Officers

Fitting References Paid by Pastors to Capt. Frank R. Fairweather and Lieut. John D. Brock.

At St. Paul's church, Rotheray, an impressive service was held Sunday morning to honor the memory of Capt. Frank R. Fairweather and Lieut. John D. Brock who made the supreme sacrifice at the front.

Rev. Canon Daniels paid a splendid tribute to both gallant officers and spoke highly of their splendid conduct in the war.

At Stone church and St. Paul's church, in this city, the pastors referred to Capt. Fairweather and Lieut. Brock and extolled the good qualities in them that made them the fine officers and good citizens that they were.

JEWISH NEW YEAR OPENS TOMORROW

First Day of the Month of Tishri and the Feast of Rosh Hashanah.

Tomorrow, at sundown, the first day of the Jewish month Tishri will mark the beginning of the Jewish High Holidays. These holidays, of great significance amongst the Jews, commence with the feast of Rosh Hashanah or the New Year. The New Year is followed by ten days of penitence which reach their climax in the Day of Atonement, October 7.

"On the New Year all the inhabitants of the earth pass before Him as sheep before a shepherd." In these words the ancient Jewish law book, the Mishna, refers to the significance of this day. It is a day of judgment when the sins and the merits of all men are weighed by the Divine Judge. The Talmud tells that in this annual new year judgment scene three books lie open before the Most High. In one book, the Book of Life, the names of the perfectly righteous, the sinless, are inscribed; the second book, the book of death, has recorded in it the names of the utterly wicked; and the third book is for the ordinary "middle type" of men, in whose behalf judgment is suspended until the ten days of atonement when the decision is finally made and recorded.

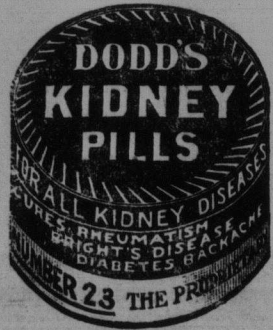

The services for the day are especially solemn. Prayers in prose and poetry, dwelling upon the theme of God's judgment of man, are recited and sung. The Ram's horn, the "Shofar," summoning men to prayer and repentance, is sounded in all synagogues. At the close of the service the worshippers greet each other with the words "May you be written down for a good year." Orthodox Jews observe many ceremonies which suggest the ideas and emotions of the day. In the home honey and fruits are eaten and the pious wish expressed "May it be Thy will to renew to us a good and sweet year." During the first day of the year will go to a river, shake crumbs from their clothes and recite among other prayers the verse from Micah, "and you will cast into the depths of the sea all their sins." While orthodox Jews observe the feast for two days, September 27 and 28 this year, reform Jews return to the ancient Palestinian custom and observe but one day.

An Austrian Detained.

An Austrian was locked up at police headquarters last evening and is being detained for investigation.

The motion picture fraternity of Eastern Canada deeply sympathize with Miss Alice M. Fairweather, whose brother has been killed in France. Miss Fairweather's interesting work in this matter is at present being contributed by friends in this work, with the editor's kind permission.

She was an active member of the Main street Baptist church, and is survived by her husband, two sons and one daughter—Bennett W., now on the active service with the Divisional Ammunition Column, now in France; Percy, at home, and Mrs. F. D. Hoffman, of this city; also two brothers—Jas. T. Brown, of Calgary, and Walker, at Narrows, N. B. A funeral service was held at her late residence, 104 Metcalfe street last evening at 8 o'clock. Interment at the Narrows.

Strength Will Return To Weak People Using This Treatment

You are discouraged. You feel old and worn. You are sick, but not aware of the fact.

You can drag yourself around—but work is impossible.

With your stomach crying out for assistance and the nerves all on edge why not try Ferronzone?—It will surely do you good.

Ferronzone is a wonderful combination of vegetable extracts, fortified by excellent tonic for the nerves and stomach.

When you feel despondent, Ferronzone cheers you up.

When languor and oppression weigh you down, Ferronzone traces you up.

When sleep is impossible Ferronzone calms the nerves and gives you rest.

For bounding health, good looks, good spirits, nothing equals Ferronzone; makes the weak strong and the sick well. Good for men, women and children; try Ferronzone. It can work wonders, as it did for Mrs. Mary McLaughlin of Harbor Bouche, N. S., who writes:

"Ferronzone built me up. Before using it I scarcely knew what good health meant. It was just as miserable and weak as any woman could be.

"Tired from morning to night, bothered by trifles, unceasingly nervous. The first box of Ferronzone improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health."

Try Ferronzone. It will make an unexpected improvement in your looks, your feeling, your health.

Whether anemic, nervous or suffering from secret discharges—if you want cure, use Ferronzone. Price 50c. per box, or six boxes for \$2.50, at all dealers or direct from The Catarrhons Co., Kingston, Ont.

TRAVELLERS' TRIBUTE TO LATE LIEUT. BROCK

Men who heard of Lieut. Brock's death with feelings of deepest sorrow were his associates in the commercial travellers work. Discussing his splendid qualities of heart and mind yesterday one of a group suggested a tribute which would express in some way the esteem in which he was held. This was instantly taken up and it was almost as quickly decided that the best memorial to Lieut. Brock from his fellows of the grip would be a contribution to the Patriotic Fund. Mr. D. McKinney was appointed collector, and in the afternoon he had upwards of eighty dollars of what is planned to be a hundred dollar contribution to the fund for the families of the soldiers overseas.

The Logic Of Good Clothes

is based on common sense. There is not a day that your appearance favorable or otherwise, does not draw a mental note from some one—you are constantly subjected to the spyglass of scrutiny. So much admitted. Now then—while you are about it, why not profit by the experience of others in the choosing of your garments? The store for which hundreds have only words of commendation, and against which only an occasional person is heard to utter a kick, certainly "makes good" every time. This is not sentiment; it's a sound business argument in which you are vitally concerned—think it over.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

A SPLENDID MARKET WITH VALUES SOUND

Wall St. Looks Like Market in Investment Securities Instead of Stocks - Steel Common's Status.

The character of the market is most unusual in the appearance which it shows of supreme confidence in prices. Except for great volume, it looks like a market, not in stocks, but in investment securities, the value of which has been definitely proven and established, and in which the buyers are ready to take what is offered at slight concessions, without hesitation.

A Wonderful Representative Security. There is one stock which is representative of the whole market, and it might almost be said of this whole remarkable period in our commercial history. That stock is United States Steel common. The history of the rise of the country's foreign trade under the stimulus of war orders and of the subsequent concurrent domestic activity, is exemplified in Steel. It rose in its steadily rising price and enormous ratio of profits the story of what is going on in the country's general business.

SENSE OF PROPORTION A VALUABLE ASSET

Real Fortunes Made by those who can Withstand Intoxicating Influence of Bull Market which Seems Limitless.

New York, Sept. 25.—More money has been lost by traders in Wall Street who have endeavored to figure the point at which reactions may begin than is generally understood to be the case. On the other hand, history records authentically the fact that while the market affords in its upward movements ample opportunity for profit, it is rarely transferred from paper into real profits, and from real profits into banking assets, because those who have made money become so obsessed with the insidious influence which advancing prices exert to make them unable to sell their holdings because they fear that in so doing they will fall to catch the top of the market.

When Steel was selling at 65, many holders felt that par was that price at which they could get out with all that they had a right to expect. At 95, the ideas of standards changed and 125 seemed the price to which it will be followed by a readjustment of ideas and the average trader will feel that if he sells his stock at that price there will be others who will get the profits which he should have made. The real fortunes in Wall Street are made by those who have a sense of proportion, and whose natures are strong enough to withstand the intoxicating influence of a market which in its upward movement seems to have no limit.

GAINS WIPED OUT IN THE CLOSING HOUR

Trading on Wall St. Heaviest in Ten Years, but Selling Movement in Final Hour Caused Shrinkages.

New York, Sept. 25.—All records in point of activity for nearly a decade were surpassed on the stock exchange today, when 2,550,000 shares, exclusive of countless "odd lots," changed hands, to the accompaniment of numerous new high records. Many of these gains were sacrificed in the last hour, when a selling movement, as vast as it was unexpected, caused a shrinkage of almost six points.

United States Steel, in which dealings were again on an almost incredible scale, dropped from 120, its new maximum, achieved in the forenoon, to 114 1/4, closing at 115, a net loss of 2 points after a gross gain of 3 points. Coppers, which rivaled steel in prominence and strength, with new records, for Anaconda, Utah, Inspiration and several lesser issues, also broke abruptly, though in some instances retaining a part of their advance.

WILL PAY OFF SHORT TERM OBLIGATIONS

Dominion Steel to Call in \$3,400,000 of Five Year Six per cent. Notes Due Dec. 1, 1918.

Special to The Standard. Montreal, Sept. 25.—Mark Workman, president of the Dominion Steel Corporation, announces that his corporation is preparing to call in and pay off out of revenue the balance of its short term obligations, consisting of \$3,400,000 five year six per cent. notes. These notes do not fall due until December 1, 1918, so that their maturing will be anticipated by two full years. A year ago the corporation met at maturity a smaller issue, consisting of \$1,500,000 five year five per cent. debentures. Obligations to the banks have also been taken care of so that December will see the Steel Corporation free of floating indebtedness.

YESTERDAY ON THE MONTREAL MARKET

Montreal, Sept. 25.—Trading today was the heaviest we have had for a long time. It started at the opening with Dom. Steel. It was announced overnight that they were retiring some of their notes that are not due for two years, showing the cash position that they are in today. Never in their history has this company been in this position. It opened at 88 1/2 and sold up to a high of 90 1/2. Steel of Canada had an advance of 2 points from 64 to 66.

NEWS SUMMARY.

New York, Sept. 25.—Indications are that the number of men who will walk out on Wednesday in sympathy with striking car men will be considerably less than union leaders' revised estimate of 400,000. First New York Herald poll indicates that labor is for Wilson. Business interests stand for Hughes. Carranza charges that American press is misrepresenting deliberations of joint conferences. Postmaster General reports a gain of \$5,000,000 for month of August by postal saving bank. President Loeoe of D. & H. reports railroad securities held abroad decreased \$1,288,809 from January 31st to July 31st, 1916, and of \$807,881,630 for year ended July 31st, 1916. Holdings now \$1,406,628,560. Political crisis led by Pan-German party seeking to oust chancellor and renew submarine attacks expected to develop on reassembling of Reichstag. Wilson to address National Grain Dealers Association at Baltimore today on issues peculiarly related to business. Wholesale price of commodities in the U. S. according to Bureau of Labor statistics showed highest index on record. Twelve industrials 152.16, up 9.89. Twenty active rails, 104.24, up 8.19. N.Y.P.B.

LONG LOOKED FOR REACTION AT LAST

Wall St. Market Brcke Yesterday in Last Quarter of an hour, Prices Slumping Several Points.

New York, Sept. 25.—A reaction which is invariably one of the features of a big bull market and which has been for a considerable time overdue developed today after a trading record which for activity has not occurred since 1907. Up to 2 o'clock over two million shares had been traded in and in that time new high prices in many issues had been recorded. But in the last quarter of an hour the market began to break and uncovering the stop orders which were existent in almost every active issue, a decline developed that carried prices down several points from their high levels. Steel dropped below 115 from a high record in the morning of 120. Anaconda went off over five points. Reading declined over 2 points from its new high record made in the early afternoon and declines in the other active issues were in the same proportion. The reaction has not caused surprise. It was what many had expected last week would develop but the breadth and the interest in this market gained a momentum which continued unchecked until this afternoon. The reaction is only natural. Conditions have not changed. Technically it was an overbought market and all overbought markets must have their readjustment periods. General conditions continued unchanged. Washington reports record exports of \$510,000,000 from this

FAVORITES CARRY OFF THREE EVENTS

Columbus, Ohio, Sept. 25.—Three first choices won handily at this afternoon's Grand Circuit races, when Mabel Trank, Early Don and Queen Hal in turn, took the Chamber of Commerce trotting stakes, the Devereaux trot and the 2.15 paces, second division, in straight heats.

Al McKinney, the other favorite, won the opening heat of the 2.15 paces, first division, but failed so badly in the second one that he was distanced.

HOW THE LEADERS IN RACE NOW STAND

New York, Sept. 25.—All Boston has to do to count Detroit out of the pennant race in the American League, is to win two of its remaining seven games. Chicago has a little better chance than Detroit. Should the White Sox win their remaining four games, all of which are with Cleveland, Boston would have to win four of its seven games, four of which are with New York and three with Philadelphia. The standings:

Team	Won	Lost	P.C.
Boston	87	67	.56173
Chicago	86	64	.57333
Detroit	85	66	.56358

In the National League both Philadelphia and Boston gained a little on the leading Brooklyn team, the champions winning from Cincinnati while Boston scored a double victory over Pittsburgh. Brooklyn could do no better than break even with Chicago, hence is only one game ahead of Philadelphia and four in front of Boston. The standings:

Team	Won	Lost	P.C.
Brooklyn	87	57	.60480
Philadelphia	86	57	.60274
Boston	81	58	.58333

New York, Sept. 25.—There can be no question that powerful interests have identified themselves with the market securities. They feel that inflation is progressing rapidly and may be depended upon to include in its influence securities not less so than commodities. "War millionaires" have developed in such numbers that an entirely new and almost irresistible day buying power for stocks and bonds has been created. Fortunes have been made in the manufacture at high prices of munitions and war supplies generally for foreign governments. Even larger fortunes have accumulated from bold speculation both in crude and finished war materials.

The Traction Tread is an Integral Part of Dunlop Tires.

The durability of the "Traction" grip is assured by moulding the corrugations and tread at one time, thus making a surface which wears larger and lasts longer than that to be found on any other anti-skid tire in existence.

WELSH-CLARK BOUT.

Vancouver, B. C., Sept. 25.—Prudie Welsh and Jimmy Clark boxed six rounds with no decision here, Saturday. Spectators thought Clark earned the decision.

ANNUAL CONVENTION AT ST. JOHN.

The New Brunswick Women's Institutes will hold their Fourth Annual Convention in the Germain Street Institute, at St. John, November 1st, 2nd, and 3rd, instead of at Fredericton, October 3rd, 4th and 5th. The reason for changing the dates and place of meeting is on account of the Fruit Growers' Association having an Apple Exhibition at St. John, the first week in November and the department thought it advisable for one to be held in conjunction with the other.

Doesn't she look chic? She is wearing one of the new fall models now being shown by the leading St. John houses.

Who's Who and What's What in the Picture World and on the Stage--Favorites and What They Say and Do.

woods—who lives in the open—who knows no law except the law of what is right and wrong in his sight, is made a living, breathing person by this favorite as the story slowly takes a grip upon the audience. The story calls for his wife to run away with another man while he journeys to a far post in order to save his little son who has been hurt in an accident—his return to find the house empty gives manifold opportunities and Mr. Edeson avails himself of every one. His determination, strong will and broad sense of right and wrong is clearly impressed upon his audience as he makes a vow to avenge the injustice which has been done him. Mr. Edeson has played in a number of feature films for the Vitagraph Company and every one has scored great success. In this great story from the master pen of James Oliver Curwood, however, he far surpasses his earlier screen interpretations.

BIRTHDAY GREETINGS.

Uncle Dick wishes many happy returns to the following kiddies who are celebrating their birthdays today: Jessie McLean, Watt, N. B. Arthur Osborne, 208 Sydney St. Roberta Annie Perry. Doris Martin, 59 St. James St.

THE COMPETITION.

(Continued from yesterday.) Young Ramsay, for instance, a diminutive youngster from the Third Form, dreamt all night of landing trout as large as whales, and he was too excited to eat a proper breakfast next morning. Saxy watched all these signs with dismay. Ramsay, when morning school and dinner were over, Saxy went with the others to the famous trout river and watched preparations, protesting in a loud voice whenever he could. Punctually at two o'clock Mr. Beauport cycled down and gave the word to start, and lines of all description were cast.

UNIQUE

A drama of the "Old Country" played by Viola Smith and Herbert Barrington, as presented by the celebrated Polish actress, Madama Janashek, entitled "The Harvest," topped the bill at the Unique. Those who have read this well known novel should have a genuine point of witnessing the silent stage version as not only are the various parts perfectly filled, but the scenery has been most appropriately chosen.

OPERA HOUSE

Ann Pennington, the celebrated little Broadway star, makes her motion picture debut in the Famous Players' production "Susie Snowflake," which was paramount attraction at the Opera House yesterday. Known all over the country as dancer and comedienne, Miss Pennington has been wisely starred in a photo-play which is a story of musical comedy life, this giving her the greatest opportunity to display her far-famed talent on the screen.

INTERESTING CONTESTS "Paper" Contest. How many different kinds of paper do you think there are? Here are a few: Newspaper, scrap-paper, brown-paper, and sand-paper. Now you try and make a long list of them all, in your best writing, and to the boy or girl who sends me in the longest, correct list, I shall award a Boy's Watch, or a Girl's Beautiful Bracelet. Each attempt must have the usual coupon attached, and reach this office not later than October 4th, 1916, addressed to: UNCLE DICK, THE STANDARD, ST. JOHN, N. B.

A Question Contest. A Pretty Fancy Work Set, as first prize for a girl, and a splendid camera as the first prize for a boy, and here is what you have to do to try and be the lucky winner of either. Answer the following questions the best way you can, writing them on a piece of paper in your very best handwriting: No. 1—Give the name of a city in Europe, beginning with P and ending with D. No. 2—What city in the States has W Y in the middle of the name? No. 3—What city are the Russians trying to capture, which has C at the beginning of the name? No. 4—Name a town in Canada which makes you think of a great soldier. No. 5—What country has the first letter of the alphabet at the beginning and at the end of its name? No. 6—What river in Europe has T at the beginning of the name and ends in the North Sea? In the event of a tie, neatness of writing will be taken into consideration. The prizes as stated will be a Pretty Fancy Work Set, for the most correct and nearest list received from a girl, and a Splendid Camera goes to the boy whose answers are the most correct and best written. All entries must have the usual coupon attached, and reach this office not later than September 27th, addressed to: UNCLE DICK, THE STANDARD, ST. JOHN, N. B.

(Continued from yesterday.) Young Ramsay, for instance, a diminutive youngster from the Third Form, dreamt all night of landing trout as large as whales, and he was too excited to eat a proper breakfast next morning. Saxy watched all these signs with dismay. Ramsay, when morning school and dinner were over, Saxy went with the others to the famous trout river and watched preparations, protesting in a loud voice whenever he could. Punctually at two o'clock Mr. Beauport cycled down and gave the word to start, and lines of all description were cast.

Correspondents' Corner

CAMPBELLTON

Campbellton, Sept. 25.—An interesting event took place at four o'clock on Wednesday afternoon at the residence of Mrs. James McDonald, when her eldest daughter Stella Marshall became the bride of Dr. C. McDonald, son of Rexton, N. B. The beautiful home had been tastefully decorated for the occasion, and in the living room, where the ceremony was performed, the bride party stood beneath a floral arch of pine and hydrangea. Rev. Wellington Camp, B.D., pastor of the Campbellton Baptist church, officiating. The bride wore a gown of white tulle, with Georgette crepe and duchesse lace trimmings, with veil and orange blossoms, and carried a bouquet of roses and lilies of the valley. Miss Nita McDonald, sister of the bride made a charming bridesmaid, in a gown of yellow tulle, with black picture hat, and carried a bouquet of crimson roses. The groom was supported by Mr. Gordon Black of the staff of the Bank of Nova Scotia in St. John. The wedding march was delightfully rendered by Mrs. (Dr.) McAlene of New York. After the ceremony a delicious luncheon was served in the dining-room, which was decorated with ferns and cut flowers. The groom's gift to the bride was a wrist-watch, to the bridesmaid a cameo ring, to the best man a tie pin, and to the pianist a gold pin with pearl settings. The gifts received were many and of high value, attesting to the high esteem in which the young couple are held by their large circle of friends. Dr. and Mrs. Snow left on the Ocean Limited on a trip to Upper Canadian cities, and on their return will reside in Rexton.

A wedding of much interest to Campbellton friends was celebrated at the home of the bride, in Rexton, on Wednesday last, at the home of Mr. and Mrs. A. B. Carson, when their daughter Helen Bratt, was united in marriage to Mr. John Herbert Irving, son of Mr. J. D. Irving of Buckton. The bride was prettily gowned in a handsome dress of white brocade silk, with real lace trimmings, with veil and orange blossoms, and carried a shower bouquet of white roses and lilies of the valley. The ceremony was performed by Rev. A. R. Riddle, brother-in-law of the groom. Miss Emma Short, who wore a pretty gown of pink georgette crepe with picture hat, and carried a bouquet of pink rose-buds and maiden hair fern. The groom was supported by his cousin, Mr. Rupert I. Irving of Moncton. The drawing-room was tastefully decorated with pink and white asters and ferns, and as the bride entered the drawing-room on the arm of her father, Miss Clark of Rexton rendered the bridal chorus. At the conclusion of the ceremony Miss Lou Irving, sister of the groom, sang very sweetly "For Love Alone." Mr. and Mrs. Irving left by special train for Kent Junction, where they boarded the Ocean Limited on a trip to the coast, thence to San Francisco, returning by the United States. On their return Mr. and Mrs. Irving will make their home in Buckton.

Mrs. Irving has many friends in Campbellton, and during her visit spent at the home of Judge and Mrs. McLatchy. Miss Harriet Anderson has returned from a visit with friends in Dalhousie. Miss Sarah Lutz who has been spending the past two months at the guest of her brother, Mr. John Lutz, manager of the Bank of Nova Scotia, in Victoria, Prince Edward Island, returned home last week. Miss Gertrude McLellan of Moncton, who has been the guest of Miss Margaret Pritchard at Pritchard's Lake, is spending a few days in town, the guest of Mr. and Mrs. Alexander McLellan. TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As if Walking On Air

Orillia, Ont., Nov. 28th, 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives' and I felt like walking on air. This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home. Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind, but I could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can see my children and I am glad to see it is believed that thousands who wear glasses can now discard them in a reasonable time and maintain more will be able to do so."

50% of Belgian comes from Belgians Abroad

They Are Doing Their Utmost To Save Their Own People. The whole-hearted devotion of Belgians in Canada, Great Britain and the United States, to the work of relieving those in their destitute Motherland, should be an added incentive to us to give all we can to the Belgian Relief Fund.

This is not charity—it is a debt of honor we owe to our heroic Allies, who checked the first onslaught of the Germans while France and Great Britain got time to rally and save the day on the Western Front.

The able-bodied men of Belgium are still in the fighting line, holding the trenches at the Belgian left. Their women and children, and their old and wounded men, who have held out bravely under untold sufferings are looking to us for food and life. Our modest contributions to the Belgian Relief Fund will help to save them. Our failure to give our share will bring them a step nearer to grim starvation.

Can you ignore such desperate need, or fail to respond generously to such a pitiful call for help? Can you not undertake to feed at least one Belgian family when a contribution of \$2.50 per month will do it?

Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or

The funeral of Mrs. James E. Arthur took place yesterday afternoon from her late residence, Silver Falls. Services were conducted by Rev. Canon Hoyt, and interment was made in Fernhill. Newcastle, Sept. 23.—The funeral of the late Miss Nellie Donovan, of Douglasville, who died on Friday evening, after a long illness, in Hotel Dieu, Chatham, was held here yesterday afternoon. Interment in St. Mary's cemetery, Rev. P. W. Dixon conducting services. Miss Donovan was for many years and until her last illness, a most successful teacher in the public schools of this and neighboring counties. Several brothers and sisters survive, of whom John Donovan and Mrs. Kelly live in Douglasville, and Mrs. Power in Newcastle.

50% of Belgian comes from Belgians Abroad

They Are Doing Their Utmost To Save Their Own People.

The whole-hearted devotion of Belgians in Canada, Great Britain and the United States, to the work of relieving those in their destitute Motherland, should be an added incentive to us to give all we can to the Belgian Relief Fund.

This is not charity—it is a debt of honor we owe to our heroic Allies, who checked the first onslaught of the Germans while France and Great Britain got time to rally and save the day on the Western Front.

The able-bodied men of Belgium are still in the fighting line, holding the trenches at the Belgian left. Their women and children, and their old and wounded men, who have held out bravely under untold sufferings are looking to us for food and life. Our modest contributions to the Belgian Relief Fund will help to save them. Our failure to give our share will bring them a step nearer to grim starvation.

Can you ignore such desperate need, or fail to respond generously to such a pitiful call for help? Can you not undertake to feed at least one Belgian family when a contribution of \$2.50 per month will do it?

Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or

Around the City

Rev. Mr. Champion in Hospital.
The many friends of Rev. J. B. Champion of Centreville, N. B., formerly of Zion Methodist church of this city, will be glad to hear that he is resting comfortably after undergoing an operation at the General Public Hospital yesterday.

St. Monica's Society.
A meeting of the executive of St. Monica's Society was held last night at the residence of Mrs. James Dwyer at which arrangements were made for the annual meeting which will be held in the Knights of Columbus hall on Monday, October 2.

Patriotic Causes.
Already filled stockings for the sick and wounded in Canadian hospitals overseas are beginning to return to the Red Cross depot, and they are bright and gay, and fat and bulky—ideal Christmas remembrances. Suggestions for gifts include anything that will interest, benefit or amuse a man who is ill, wounded and away from home on Christmas day.

New Rule at the Depot.
Yesterday afternoon the I. C. R. authorities put into force a rule providing for inspection of passengers' tickets in the Union Depot for outward trains. Those not holding tickets and not in company with one who does were not allowed to enter the train shed. The object in view is to prevent overcrowding in the shed.

PERSONAL.
Mr. and Mrs. E. J. McDonald and daughter, Helen, left yesterday morning for Boston, after spending a vacation with Mr. McDonald's parents, Mr. and Mrs. George McDonald, 42 Spring street.

Miss Florence Annetta deMille of Sussex, who was the guest of Mrs. Isaac Duffy, Pleasant Point, last week, has returned home.

Miss Annie A. Conlogue, R. N., superintendent of nurses in St. Margaret's Hospital, is visiting her brother, J. Leo Conlogue, 211 Chesley street.

Miss Edith Arrowsmith of St. John has returned home after spending a pleasant vacation in Boston and New York.

Mrs. George H. McLaughlin and daughter, Helen, of Pleasant Point, have left for Montreal, where they will be the guests of Mr. and Mrs. C. C. Ruff.

Mr. and Mrs. William Courtneil of Boston, and Master Paul, are visiting Mrs. A. E. Macaulay, Princess street.

Walter Ward, manager of the insurance department of the Washington Savings and Loan Association, Seattle, left last night for the West, after a visit to his parents, Mr. and Mrs. Josh Ward.

CARLETON COUNTY DECLARATION DAY

Mutual Help and Spirit Of True Brotherhood As The Keynote of Rotarianism

Rotarians from Halifax and Local Club Exchange Ideas, and Compliments — Visitors Greatly Pleased with City — Interesting Addresses at Gathering Last Night.

Bright and early yesterday morning about twenty representatives of the Halifax Rotary Club arrived in the city and were entertained by the St. John club for the day. In the morning the visitors were given an automobile trip around the city and out the Marsh Road as far as Gondola Point. After lunch they were taken down the river as far as Bedford on the steamer Hampton and in the evening the attraction was a banquet and talk fest at Bond's, interspersed with music, both instrumental and vocal. This is the second visit of the Halifax Rotarians to St. John and judging from the expressions heard last night it will not be the last.

The proceedings last night were of an informal nature and only one toast was drunk that to "The King." H. G. Marr, president of the local club, occupied the chair, and had on his right President Parker of the Halifax club, and on his left Mayor Hayes. Owing to the fact that the Mayor had to leave early to attend the recruiting meeting on Fort Howe, President Marr called on him at the beginning of the dinner to welcome the Halifax brethren, which duty he performed in his usual pleasant manner and voiced the hope that they had enjoyed their short stay in St. John.

During the evening songs were sung by C. A. Munro, F. M. Guldford, Halifax; William Evans, Walter Pidgeon and A. J. Mason. G. D. Davidson and William Evans were heard in a banjo and concertina duet and G. D. Davidson in a banjo solo. D. Arnold Fox acted as accompanist in his usual able manner. After the wants of the inner man had been satisfied the Rotarians sat back to enjoy the "feast of reason and flow of soul," which was to follow and they certainly seemed to enjoy themselves to the limit.

W. P. Parker.
The first speaker was President W. P. Parker of the Halifax club, who spoke of the pleasure and profit he had experienced from attending the convention at Cincinnati and said that he hoped to see a large number attend the convention next year at Atlanta from both the St. John and Halifax clubs. One scheme which they were adopting in Halifax was to appoint a special convention treasurer and those who had any intention of going deposited with him from time to time various sums of money, and when the time came to go to convention all they had to do was draw out the fund which they had saved up and buy a ticket.

W. S. Fisher.
W. S. Fisher of the St. John club spoke on Maritime Co-operation. He said that the Rotary clubs of the two cities could help to bring about a better understanding in the western provinces of the advantages which were possessed by the Maritime Provinces by inducing more of the people to come this way, they would then be in a better position to realize the part which we had played in the successful carrying on of the present war, for it had not been for these ports it would have been impossible for Canada to ship to the Mother Country for about one-half of the year. Another way in which the two clubs could co-operate was in bringing about the building of better roads in the provinces.

Lieut. A. P. Allingham.
Lieut. A. P. Allingham, the first president of the St. John club, expressed his pleasure at being present and said that he believed that the Rotary clubs of the two cities had done much to bring about a better feeling between the cities and provinces. At this juncture Steve Matthews was called on and kept the boys in fits of laughter for about ten minutes with his jokes and songs.

H. H. Marshall.
H. H. Marshall, of Halifax, advocated the formation of an all Canadian contingent for the Atlanta convention next year. He proposed that all the Canadian delegates come to St. John and go together from here. If this were not possible then Halifax and St. John should arrange to have their delegates go together.

Before calling on J. C. Gass of Halifax, President Marr read a telegram of regret from District Governor Chas. J. Burchill, that he was unable to be present.

J. C. Gass.
J. C. Gass said that he was delighted with the evidences of activity which he had seen in their journey around the city. His theme was supposed to be the extension of Rotarianism, and he believed that the spirit of fellowship among Rotarians meant much both for the individual and for the community. It was the aim of the international organization to have clubs wherever there was a possibility of their being a real live factor in the life of the community and they were considering at the present time St. John's, N.B., and Sydney, C. B.

R. E. Armstrong.
R. E. Armstrong, secretary of the Board of Trade, spoke for a few minutes on the development of the port of St. John and quoted a number of figures showing the growth of the business of the port since 1896.

George E. Boak.
George E. Boak, of Halifax, advocated a good attendance of the members at the next convention at Atlanta and said that it was impossible to attend one of these gatherings without receiving some benefit. One thing which he liked about the Rotary club was the fact that it had no religion or politics but welcomed everyone. A great deal had been said about the business men among them but they had professional men as well, and he believed that the Rotary club could help the minister and the lawyer in his business as well as anyone else. The Rotary club stood for mutual help and the spirit of true brotherhood.

F. A. Dykeman.
F. A. Dykeman spoke of the pleasure it gave him to be present with the Rotarians from the sister city and also of the benefit he had received from his visit to Cincinnati, and advised all who could to go to Atlanta next year. A. M. Belding spoke on Journalism and Commissionaire Wigmore spoke on the city and its growth and said the only regret that he had was that it had not been found possible to take the visitors around the harbor, but we had so much of interest here that it was impossible to see it all in one day and he hoped the Halifax boys would soon come back.

President Parker and J. C. Gass extended the thanks of the Halifax Rotarians for the entertainment provided for them and said that the latch string was out in Halifax and for the boys to come along. Auld Lang Syne was called for and everybody joined hands during the singing after which a verse of the National Anthem brought a very pleasant gathering to a close. The members of the St. John club accompanied the visitors to their train and gave them a hearty send off as they started on their return journey. The members of the Halifax Rotary Club who were in the city yesterday were George E. Boak, H. E. Wallace, Andrew R. Cobb, William M. P. Webster, W. W. Walcott, Hugh G. Fraser, Freeman Cook, Charles N. Butcher, William Schon, Walter P. Parker, J. C. Gass, T. M. Guldford, H. D. Romans, W. A. Mort, W. R. Scriven, G. H. Climo and H. H. Marshall.

THE "165TH" IN THE CITY NEXT FRIDAY

Col. Daigle's Men to be Given Fine Reception — 132nd Coming to Sussex — Five Recruits in City Yesterday

HONOR ROLL.
F. C. Buckingham, St. John, N. B.
Terris Ferris, Amherst, N. S.
John Stackhouse, St. John, N. B.
—236th Battalion.
John McMullin, St. John, N. B.
—85th Battery.

Five men enlisted in the city yesterday, four at Fort Howe, and one at the central recruiting office, Prince William street. Sergeant H. Arthur Seely has been promoted to a lieutenancy in the 236th Battalion. He will be in command of the Kings County platoon. Lieut. Seely has two brothers already in khaki, Corp. Leon, with the 26th, and Corp. Ronald Seely, with the 115th Battalion. Prior to enlisting Lieut. Seely was engaged in the banking business in the West. He recently returned from the front having been wounded while on active service with the 8th Battalion. Official word has been received at headquarters that the 165th Battalion, in command of Lieut.-Col. Daigle, will arrive in St. John on Friday. The exact hour of their arrival is not known but it will probably be in the morning. In the meantime the committee appointed to receive Lieut.-Col. Daigle and men are preparing for their arrival. A grand civic welcome will be tendered to the 165th Battalion. The 132nd Battalion will arrive in Sussex on the 30th of this month, according to an official statement, given out at headquarters yesterday. This battalion in command of Lieut.-Col. Mersereau is nearly up to overseas strength, and is considered one of the best at the training camp, Valcartier. The other battalion which is to be stationed in St. John is not yet known, but it is likely that Oct. 1st will see the buildings used for housing troops in the city filled up.

The following officers of the 145th Battalion, who are soon to proceed overseas, are visiting their respective homes prior to sailing: Lieut. A. A. Allingham, F. S. Logie, P. S. Smith, J. F. Salmon, S. F. Stephenson and A. S. Pierce. Lieut. H. Price and Lieut. F. A. Courtney will also sail overseas to take commissions very shortly. Both officers have been attached to the 140th Battalion.

LAD UNDER ARREST FOR THEFT OF 'BIKES'
Arrest Likely to Solve Mystery of Two Bicycles which Disappeared from C. P. R. Baggage Room at Depot.

The two "B's," Detectives Barrett and Briggs at 11.30 o'clock last night arrested a twelve year old boy who was leaving Fort Howe hill, making his way homewards. The little fellow was locked up and is held on suspicion of stealing three bicycles. The detectives have recovered one of the stolen wheels and have learned where they can locate the other two. It is said that the boy has confessed to the robberies.

It was about two weeks ago that two bikes were stolen from the C. P. R. baggage rooms at the Union depot, and the third bike was stolen from Charlotte street last Saturday. From what could be learned last night the youngster after stealing the wheels managed to sell them, and although the price received was not very large it provided him with spending money. The young prisoner will likely appear in the juvenile court this morning to be dealt with.

ANOTHER WAR-SCARRED HERO RETURNS HOME

Gunner Fred Nice, of Msj. Magee's Battery Returns from the Front.

Gunner Fred Nice, who enlisted in Major Frank Magee's heavy battery, and was gassed a year ago this month, arrived at the home of his parents, Mr. and Mrs. Fred Nice, Carleton, yesterday at noon. Gunner Nice has been undergoing special treatment at the Lake Edward Sanatorium, Quebec, and is greatly improved. He has been receiving the congratulations of his many friends since his arrival in the city.

SEE "MILITARY MOLLY" THIS WEEK-END

At St. Andrew's Rink, Thursday, Friday and Saturday Nights and Saturday Afternoon—A Great Big Fair will be Held, Admission 10c.

St. Andrew's Rink will be the scene of a novel amusement gathering Thursday, Friday and Saturday evenings and Saturday afternoon of this week. The "Military Molly" fair as announced will be the fourth and last of the Rotarian picnics, and it is expected that one in such close proximity to our very doors will be the most successful of all. The Pike and various other features which made the Country Fairs so popular this past summer will be more than duplicated in the big Charlotte St. Rink. Scores of ladies and gentlemen are working energetically on each committee and are determined that all more convenient and desirable location for an in-door carnival could not be secured than St. Andrew's Rink; the great floor space gives splendid opportunity for the erection of the various booths and show tent where an entertainment will be presented, the novelty and attractiveness of which will be in keeping with "Military Molly's" offering. Admission has been placed at the nominal sum of ten cents and doubtless the fair will be attended by many thousands during its four seasons.

ATTRACTING HUNDREDS

Crowds of interested spectators gathered yesterday in front of W. H. Thorne & Co.'s King street window to witness the demonstrations of interior adornment with Alabastine tint, conducted throughout the day by Mr. Cale, of the Alabastine Company, who will continue today only to show, how easily and cheaply homes can be beautified with these wonderful cold water tints. He will welcome all inquiries.

Cheap Solid Gold Expansion Bracelet Watches are a Poor Buy.

GUNDREY'S Gold Filled Expansion Bracelet Watches are much less expensive and JUST AS GOOD. The movements are generally better. The cases will wear as long as needed. The bracelet will last longer than a light solid gold one. Our line runs from \$12.00 to \$23.50 in gold filled.

All those interested in the men and officers of No. 7 Siege Battery, and wishing to contribute to their Christmas cheer, may send donations to Mrs. J. S. MacLaren, "Lairin Lodge," 101 Coburg street. This appeal will close on October 4th.
