

BRITAIN AIDS RUSS. SOVIETS TO GET TRADE

Moscow Wireless Tells the World Nations Will Have to Recognize Soviets.

CRIMEAN VICTORIES CHANGE OPINIONS

Ukrainians Unable to Withstand Heavy Bolshevik Attacks on Volhynian Front.

London, Nov. 17.—A wireless message received from Moscow, the seat of the Russian Soviet Government, says:

"The Russian Government will make a great impression on all western countries. There is information that England is carrying on agitation in the United States in favor of a renewal of trade relations with Soviet Russia. Foreign newspapers more and more frequently state that the United States government will not place obstacles in the way of its capitalist trading with Soviet Russia. There is no doubt that the western countries will be forced to recognize the Soviet government."

Reorganize the Crimea.

London, Nov. 17.—A Moscow communication received here by wireless today announces that reorganization of government in the Crimea has already been begun by the Bolsheviks. "Our troops occupied Sebastopol on November 14," says the statement. "Revolutionary committees are being formed at Sebastopol and Yalta and order is being restored. We are reorganizing tens of thousands of general workers' former soldiers who abandoned their arms."

"In the Latin section," says the communication, "the Red cavalry have occupied the town of Yalta. In the direction of Penza the enemy's resistance has been broken at the railway and the town of Ilov (50 miles northwest of Kuznetsk-Podolsk). The Reds have defeated two enemy divisions and have captured points seven miles south of Derzhytska."

LEAGUE IS VERY MUCH ALIVE YET

So Declares Lord Robert Cecil in Reviewing 500,000 Pound Expense to Date.

Geneva, Nov. 17.—"Very much alive" is the condition of the League of Nations as shown by the report of the executive council, Lord Robert Cecil, of England, declared at today's session of the League here. Speaking on the report made by the council to the assembly, Lord Robert remarked:

"While it has been said in some countries that the League is dead, the council's report shows it to be very much alive."

Must Have Good Start.

Referring to criticisms of the League that it was spending all its time going round to do nothing, Lord Robert said that machines to work must be set up well. He considered the report showed great progress has been made. The cost of the League to date has been £500,000, the delegate said. "This sounds like a large sum to some minds," he continued, "but compare the amount with a single day of the cost of the war and you have a ridiculously slight insurance rate."

SCOTTISH PROHIBITION

London, Nov. 17.—Remits of the Scottish prohibition polls so far show no change in 196 districts. Twenty-four districts have voted for limitation of licenses and twenty-three for no licenses.

President Sends His Greetings To League of Nations

Head of United States Hopes Deliberations Will Benefit Whole World.

Washington, Nov. 17.—President Wilson, in a message sent today to Paul Hymans, President of the League of Nations assembly at Geneva, Switzerland, extended his personal greetings to the assembly and expressed the hope and belief that their labors will be of immense value to the whole civilized world. "The message was an acknowledgment of one from President Hymans, conveying an expression of sympathy toward President Wilson unanimously upon the opening of the assembly of the League last Monday."

FEW MINERS ARE ANXIOUS TO GO OUT ON STRIKE

International Union Can Give Only Partial Assistance if Walkout Called.

DELEGATE OBJECTS TO HIRING CLAUSES

Also Claims Men Should Not Be Forced to Accept Compulsory Arbitration.

Toro, N. S., Nov. 17.—"It seems to be the general opinion that a strike is out of the question," said Delegate MacLeod of Cape Breton, speaking at the afternoon session of the Tororo United Mine Workers District 20 conference here this afternoon. MacLeod's remarks apparently retorted the view of the session of the conference. For over two hours sentiment swung for and against the agreement with the various delegates expressed various opinions.

Sibly Barrett, international board member, said that as far as he knew the international union was able to afford only partial effective assistance to district 20 in case of a strike.

One Delegate Objects

William Hayes, member of the executive board, was the first opponent of the agreement to voice his sentiments, criticizing especially the clauses which vested the right with reservation of hiring and discharging employees in the company, placing the right to order employees to do certain work in the hands of the company, making arbitration compulsory, and that recommending a committee be appointed to consider the matter of fiscal privileges.

President Robert Baxter was the chief proponent of the agreement, urging that a clause in the proposed right with reservation to the matter of hiring and discharging did not make miners helpless. No man, he said, was expected to do more than a full day's work.

Production Would Help

If production in Nova Scotia coal fields could be increased, President Baxter thought that a benefit would accrue to the miners who would be able to ask for increases in wages. "We feel," he said, "that in submitting to this thing, we are putting ourselves in a position for further negotiations. This clause may give some men more work, but it is the pioneer of better things."

The agreement did not take away from the miner the right of direct action. Under the pact, the companies would deal with the mine committees as they had previously, he said.

Best Contract Available

John Macdonald, of Glace Bay, fore shadowed the possible protection of some alternative recommendation from the conference other than for the adoption of the rejection of the Montreal agreement, when he said, "This contract may not be ideal, but it is the best other men can get. What is the alternative to acceptance, are you going to stay the way you are?"

HUDSON BAY CO. MAY HAVE RIGHT TO SELL LIQUOR

Perpetual Clause in Original Charter May Clash With Dry Provinces.

Ottawa, Nov. 17.—News of the discovery of a clause in the original charter of the Hudson Bay Co. which gave it the right to sell liquor in perpetuity, has caused a stir in the dry provinces.

The charter, however, was somewhat modified before Manitoba entered Confederation, and the question of what are the present rights is a matter of legal dispute.

When Manitoba went dry the Company asserted its charter rights, but under protest, closed its liquor stores in Winnipeg. It now applies to the Dominion Government for authority to transport liquor in limited quantities for use by its men at the various posts, but it has been refused at Kestora for export to other provinces.

The understanding here is that the dispute as to the perpetual right of the company under its original charter, and the authority of the Province under the agreement of 1870, is to go to the court for final adjudication.

EXTEND PERIOD FOR FREIGHT TRANSPORTATION TO FORMER SOLDIERS

London, Nov. 17.—Colonel Amery, under secretary of state for the colonies, announced in the House of Commons tonight, that the period within which application may be made by ex-servicemen for free passages to other parts of the Empire, had been extended to December 31, 1921. Applicants who applied and who were approved before that date, could avail themselves of the privilege at any time before December 31, 1922.

BRITISH FREIGHT ANSWERS S. O. S. CALL

New York, Nov. 17.—The British freighter Buckle, bound for Rio de Janeiro, reported by wireless to the naval communications bureau here last night that she was carrying to the assistance of the Spanish freight steamer Yata, which went out a wireless call for help this morning. The Yata, bound from Dunfermline, was 240 miles southeast of Cape May, N. J., when she sent out the call for aid.

ST. LAWRENCE CLOSING

Montreal, Nov. 17.—Consistent with the winter conditions of today, notice was issued by the Department of Marine and Fisheries that the government steamers will begin operations Monday next in the removal of the ice floes in the St. Lawrence which will be replaced by winter buoys.

Coming to St. John

The steamer Beta, of the Elder-Downer Line, is due at Sydney, N. S., from Liverpool, next Saturday where she will load 1,500 tons of steel plates. After that the vessel will proceed to St. John, N. B., and will load for South African ports.

HANNA ORDER MAY LEAD TO C. N. R. STRIKE

Manitoba M.P.P., ex-Railwayman, Delivers Ultimatum to Premier Meighen.

DEMAND HANNA STAY HIS HAND

Prime Minister Gave Little Comfort to C. N. R. Employees in Brief Interview.

Winnipeg, Nov. 17.—"A complete stoppage of all Canadian Government Railways will take place almost immediately and your government will be held by the public morally responsible if President Hanna does not back down his order," in these words A. B. Woods, member-delegate for Springfield virtually delivered a strike ultimatum to Hon. Arthur Meighen on Tuesday night.

The Prime Minister took the attitude that the parliament of Canada alone, and not the government could dictate in this matter to Mr. Hanna.

Only Brief Stop.

Mr. Meighen's statement constituted a dramatic close to a hurried conference with a delegation of the Great War Veterans' Association held with the Premier. The train stopped only twenty minutes and discussion of the several matters brought up necessarily was limited.

As it was the final words were punctuated by the conductor's cry of "all aboard."

Mr. Meighen had replied: "What would you have us do? Would you have us do absolutely nothing in principle and politically interfere and ask for the resignation of the directors?"

Wants Hanna Stopped.

"No," replied Mr. Meighen, "but I would like to see you stay his hand until the parliament of Canada has made a decision in this matter."

"To this the Prime Minister rejoined that Mr. Hanna already knew that parliament, and parliament only, could instruct the C. N. R. directors and management in the matter."

SPRACKLIN IS ALWAYS TARGET OF RUM GANGS

Fighting Parson Tells Church Congregations His Life Has Been Threatened Often.

NEVER SITS BESIDE WINDOW ANY MORE

Auto Followed on Roads by Spies and Must be Indoors Always at Dark.

Exeter, Nov. 17.—"I am doing it all for the Lord Jesus Christ; I am thinking of my church, my work, my wife and my people," said Rev. A. G. L. Spracklin, of St. Andrew's, in reference to his experiences as licensee in Exeter, in his sermon at Main street Methodist church here.

"I thought it would be a relief from the strain I have borne during the past two months, to have a Sunday off, but more than anything else I wished for a change in my position, where the people love to go to church. After the recent sad event, a very sad thing, indeed, I thought I should not do so, but this thing got on my nerves and I had to come. I do not know how clear my mind is this morning, after the past week's worries, the tragedy and what I have had to undergo during the past few months."

Life Threatened

"Can you imagine," asked the speaker, "the results coming from my wife being afraid, as she goes upstairs to pass a window where a shot rang out and I had to come. I came this morning to meet you in the spirit of worship, even though my heart is depressed."

"I would rather," said Mr. Spracklin, "be a living fish fighting my way up stream than a dead fish floating down stream with the multitude. Young men and women, it is a shame for you to say you never had a chance. Somehow, some day, you will shake off this mortal coil and you won't be missed. The sacrifice must be an acceptable one, and man cannot do his best work if he be out of touch with God."

"My conception of a useful life is one that has been used in the service of God. If twenty young men and women of this church enlisted for wholehearted service, they would work a revolution in this town."

The preacher said he would rather have God say in the last day, "Spracklin, you did not make money, but you tried to do your duty down in Handwick," than to have Him say, "You became wealthy, but you did not serve Me."

CHURCH WINDOWS ARE SMASHED IN BELFAST RIOTINGS

Belfast, Nov. 17.—In the rioting which broke out in Belfast this morning, an attempt was made to enter the Duncein Presbyterian school, but the doors had been fastened to the crowd exploded itself with smashing the windows, a process which was repeated on many houses along the line of advance.

Provincial Policy for the Third Party Was Discussed by the Representatives.

Special to the Standard.

Montreal, N. B., Nov. 17.—A meeting of the Farmer, Labor and Independent candidates, successful and unsuccessful, was held today in this city. The chief object of the meeting was the discussion of a provincial policy. The question of affiliating with either of the other two was discussed, and it was decided not to enter into any agreement with any party looking for affiliation. Mr. A. C. Fawcett, member-delegate for Westmorland, was chosen temporary leader of the combined forces.

Amazing Heroism of Anti-Reds Was Feature of Last Days' Fighting.

TRIED TO MAKE WAY TO MOUNTAINS

Cavalry Division Was Almost Wiped Out in the Awful Battle.

Constantinople, Nov. 17.—Allied forces here praise the heroism of General Wrangel's troops during the days of the Crimean campaign.

The cavalry divisions of sub-general Marchoff Baravotich and Shanon entered terrific losses in defending Pereski, which it is believed would have held out if Wrangel's forces were not outnumbered on the frozen Purta Sea.

White prisoners, particularly officers, are allowed by Russians here to be tortured and murdered by the Bolsheviks. The Bolshevik regiment determined to flee to the mountains and carry on guerrilla warfare against the Red Army. The Niemi regiment was virtually wiped out there being only five survivors.

SIR GEORGE FOSTER CLASHES WITH HEAD OF NATIONS' LEAGUE

President Hymans Failed to Stop Canadian Minister Who Demanded Information.

London, Nov. 17.—The Daily Telegraph's special correspondent to the conference of the League of Nations at Geneva, writes in his issue this morning that the discussion consequent on the question of a substitute being provided for members of delegations in the event of some being absent from any caucus.

According to the correspondent, Sir George E. Foster, minister of trade and commerce for Canada, and delegate to the conference from Canada, rose to speak when a vote was being taken, but President Hymans for that reason did not allow him to proceed.

Foster Went Out

Sir George E. Foster persisted in his intention, but the president's marshal again beat out a tattoo. The correspondent says:

"The Canadian raising his voice in a not altogether unobscured contest, eventually managed to have his own way. It was not very important, because all he had to state was that he did not understand the resolution. The president had declared the action carried, so Sir George will find him self bound by things he did not understand."

WOOD ALCOHOL VENDOR IS FOUND GUILTY SPEEDILY

Over 100 Persons Were Killed by the Concealed Undertaker Made.

New York, Nov. 15.—A jury in Brooklyn Supreme Court tonight took less than an hour to find John Romaneli, Brooklyn undertaker guilty of grand larceny in the first degree in connection with the theft of 1,000 gallons of alcohol which was colored and sold as whiskey last Christmas in various New England States and resulted in the deaths of about 100. Scores of others were blinded by drinking concoctions in which the wood alcohol had been mixed. Romaneli showed no emotion as the foreman pronounced the verdict. He will be sentenced by Justice Kappner on Monday.

HAIG SUPPORTS WORKLESS VETERANS

London, Nov. 17.—Work is the last thing certain classes of our fellow-countrymen will give to ex-servicemen, declared Field Marshal Haig, addressing the National Farmers' Union today. "They say they have not been through an apprenticeship. Are not five years of war service to count? It is a great shame and disgrace."

EXILED KING IS READY TO TAKE GREEK'S THRONE

But Paris Says Allies Will Not Permit Him to Return to Old Position.

CHANCES LESS AS DAYS PASS AWAY

Constantine Claims New Rulers of Greece Are Strong Monarchists and Friendly.

Lisieux, Nov. 17.—Former King Constantine made his first pronouncement respecting his attitude in the light of the Greek elections today. "I cannot go as far as the head of the one political party, and therefore insist upon a plebiscite for my return or the return of one of my sons," he declared. "It is for the Greek people to decide."

"If the people want me, I shall return to Athens, unless of course, prevented by unjust forces."

Professor Georges Streit, former Greek Foreign Minister and close follower of former King Constantine, said that, according to the latest figures on the Greek elections received tonight, 237 out of 300 deputies elected were loyal to Constantine. He added that, including the 170,000,000 francs loan contracted for the Venizelists.

No Chance For Time

Paris, Nov. 17.—The chances of ex-King Constantine's return to the throne of Greece are steadily diminishing, according to opinion in French circles, as the anti-Venizelists party in Athens is coming to realize the strength of the Allied opinion against such a restoration.

The exact form the opposition to the ex-king will take has not yet defined itself, but it was indicated at the French Foreign Office today that a concrete expression of the French and British viewpoints would probably be formulated by these two countries.

Keeps Old Policy.

Athens, Nov. 17.—Former Premier Gounaris, leader of the successful party in the Greek elections said today:—"We shall continue the foreign policy of Venizelos. We hope to keep Smyrna through an amicable arrangement with the Turks."

FRANK A. KINNEAR DEAD AT MONCTON

Death of Brother Few Months Ago Hastened Collapse of Sick Man.

Special to the Standard

Moncton, N. B., Nov. 17.—The death of Frank A. Kinnear occurred at his home here shortly before one o'clock this morning. He was a son of the late William Stuart Kinnear, and was born at Shediac. He moved to Moncton at an early age and for many years occupied the position of foreman in the mechanical department of the Government Railway system. The late Mr. Kinnear had been in failing health for some time and was deeply affected by the death of his brother, R. F. Kinnear, some months ago. On Friday last he had an attack of acute indigestion with complications, a recurrence of which proved fatal. He is survived by one brother and three sisters. The brother is Fred H. Kinnear, of the purchasing agents department, C. E. R. Co., Toronto. The sisters are: Mrs. C. O. Rowe and Mrs. J. S. Boyd, Moncton, and Mrs. Walter Shaffer of New York.

"Cape Fear" Tragedy Due Lack of Skill and Criminal Negligence of Skipper.

Providence, R. I., Nov. 17.—Captain Harry Higgins, master of the concrete steamer Cape Fear, which was sunk on Newport, October 29, with a loss of seventeen lives in a collision with the Savannah liner City of Atlanta, was found guilty of violating pilot rules, unskillfulness and criminal negligence by the local board of the United States Steamboat Inspection Service. The board ordered Captain Higgins' license as master and pilot revoked.

LABOR WANTS "REASONABLE PROTECTION"

Trades and Labor Leaders of Montreal Before Tariff Com. Urge Moderate Tariff.

DEPLORES CURSE OF TARIFF ELECTIONS

Tariff Board is Suggested as Means to Settle All Problems of Duties.

Montreal, Nov. 17.—Organized labor views regarding the tariff were given today before the tariff commission, both by representatives of the international unions and by Canadian unions. President J. F. Lyster, of the Montreal Trades and Labor Council, presented a statement which he claimed represented the views of 90 per cent. of the labor men of Canada, which pronounced strongly in favor of a moderate tariff of protection sufficient to ensure the continuance of industries which were the source of employment to Canadian labor.

Ask Advisory Board

The speaker further strongly advocated the appointment of a scientific advisory committee to consider all matters relating to the tariff and a permanent tariff board.

By such means he considered the Dominion could get relief from "the curse of tariff elections" from which it was suffering at present. He admitted that the tariff could not be altogether taken out of politics, but hoped that by the appointment of a tariff board and a scientific advisory commission much of the present evil would be avoided.

Supports "Reasonable Protection"

Supporting the speaker was a large contingent of the Canadian National Union, who came forward as an out and out supporter of reasonable protection in the interests of labor in particular and the country in general.

These were the main features of today's session of the tariff commission here, although a number of other important discussions and factious were considered, bearing on the iron and steel industries, the flour milling trade and other industries.

Main Charge Demanded

The general complaint by business men was against the continuous dumping into Canada of surplus American goods to the injury of business, despite the anti-dumping laws.

A statement on behalf of the newly formed Canadian millers national association, submitted by General A. B. L. Abbott, of the St. Lawrence Falls Mills, accompanied by W. B. Black, of the Ouellet Milling Company, urged a moderate duty on wheat and its products, for the protection of Canadian milling, closed the session.

Five Fairville Buildings Burned

Blaze Started in Fire Station, Destroying Apparatus — Loss Estimated at \$50,000.

The fire found made a raid on Fairville, being discovered shortly after four o'clock yesterday morning and before the flames were stopped by buildings were completely destroyed and three others more or less damaged, while the entire fire fighting apparatus of the Parish of Lacrosse was found in smoke. The loss is estimated at about \$50,000, only partially covered by insurance. Eight families were turned out of their homes and through the efforts of Councillor O'Brien have been allowed to occupy the houses on McKell street owned by the county until such times as they can make other arrangements.

Started in Fire Station.

The fire started in the engine house, and had evidently been burning for some time before it was discovered. The first to see it was Miss Gillis, who lived next door, and she alarmed the rest of the household. The alarm was rung in by a G. P. R. call boy, but the firemen were unable to do anything as by this time their extinguishers were gone.

A telephone message to the city and West Side fire departments quickly brought the motor engine, No. 1, siren and a hose wagon to the scene of the conflagration. The motor worked on Main street, and five good streams of water performed excellent service. By the time the apparatus got to work the five buildings were destroyed, but the energy of the Fairville firemen prevented other buildings from destruction and prevented the fire from spreading.

During the early stage of the fire, with the Fairville apparatus destroyed, fears were entertained that perhaps the entire village would be wiped out, and this was only prevented by the assistance of the city department.

The Buildings Burned.

The buildings burned were the fire station with all its equipment. There was no insurance on either building or apparatus, and the loss will be a heavy one to the municipality. The house adjoining, owned by Daniel Murphy, and occupied by Daniel Gillis and Arthur Carter. Mr. Murphy had \$2,000 on the house and Mr. Gillis had his furniture partially insured. Mr. Carter had no insurance. On the other side of the engine house the building owned by Cornelius Driscoll and occupied by himself and Arthur Long. Mr. Driscoll had \$1,000 on the house but neither had any on their furniture.

Across the street the Orange Hall, part of which was occupied by the Glee Theatre, and a house owned by the Baker estate were razed to the ground. On the hall there was \$2,000 insurance. Mr. Rourke, of Glee Theatre, places his loss at \$2,000, partially covered. The house owned by the Baker estate, one owned by Mrs. Mary Dwyer and the liverly stable of W. A. Reed, were slightly damaged. A house on Prospect street owned and occupied by W. A. Reed, was badly gutted. Mr. Reed places his loss at \$3,000 with \$1,000 insurance.

BOY CRUSHED TO DEATH UNDER PULPWOOD BOOM

Fredricton, N. B., Nov. 17.—Fred Chase, of Lower Durham, a 15-year-old boy, was instantly killed at Durham Bridge on the Nashwaak yesterday afternoon, when he was crushed under a brow of pulpwood. He was engaged with a horse in twisting out pieces of pulpwood when the horse became unmanageable, the boy was thrown against the brow and a log fell upon his head, killing him instantly.

LATE KING'S PEASANT WIDOW INHERITS THE WEALTH OF MONARCH

Athens, Nov. 15.—The late King Alexander's marriage with Aspasia Manos has been declared valid by the court here, which dismissed the opposition of former King Constantine and ordered the seals on the apartments of the late monarch broken. Madame Manos will inherit Alexander's personal property.

TO BE TROUBLED WITH Constipation The Cause of Many Ills.

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels. If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery. Keep your bowels moving regularly and you won't be sick. In Milburn's Lax-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not grip, weaken or sicken. Mr. J. S. Harris, Box 936, Halifax, N. S., writes: "For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Lax-Liver Pills and even brought me a trial. I tried them without much faith, but I soon found they were doing me good, and after using the second trial I was relieved of my trouble. Milburn's Lax-Liver Pills are a sure cure for all ailments, or mailed direct on receipt of money to S. Milburn Co., Montreal, Canada, or S. Milburn Co., Toronto, Ontario."

BONAR-LAW TALKS OF PREMIERS' MEET PLANNED FOR 1921

Many Problems of Imperial Defence Are Likely to be Before Gathering.

London, Nov. 17.—(By The Press.) Andrew Bonar Law explained in the House of Commons tonight the meeting of Prime Ministers of the Empire summoned for June next. It will be a meeting along the lines of the Imperial War Cabinet meetings which took place in 1917-18 to deal with urgent problems of common interest, calling for a common policy and action by the different governments of the Empire. It will not be the special constitutional conference contemplated by the resolution of the Imperial War Conference in 1917. Mr. Bonar Law added that there is a general agreement on Imperial defence matters which will require joint examination in the near future, but it is not yet able to say precisely what arrangements will be made for their discussion.

PAPER CLOTHING REACHES CHICAGO

Suits Are Cheap But Not Likely to Make Big Hit in America.

Chicago, Nov. 17.—Cleaners and dyers will retire from business if Americans take kindly to the paper suits, overcoats, suspenders and other garments shipment of which has just arrived in Chicago from Germany and Austria. All one needs to freshen up his clothes is a wad of art gum or an eraser.

One of these suits, made entirely of paper, from the buttons to the collar, sells for 171 cents, or about \$3.50 in American money. A large shipment of the paper goods is on its way to Milwaukee. In addition to the garments for men and women, there are aprons of all kinds, table covers, bedspreads, hotbeds, curtains, hoods, towels, collars and cuffs. The clothing is treated with some sort of shellac that is supposed to make it waterproof. One man wearing a paper suit who was caught out in a heavy rain would return without any clothing. It is not thought that paper clothing will make much of a hit with American buyers, especially at this season of the year, but the shipment was sent over to show that the Germans and Austrians are still on the job and that the people over there have something to wear.

GERMAN MONARCHIST COUP IS PREDICTED

Colonel Bauer Spreading Word at Prague That Big Movement is on Foot.

Berlin, Nov. 17.—Colonel Bauer, chief of staff of the late lamented Kapp revolution in Ludendorff's right hand man during the war and since in Prague spreading word that the monarchist forces are about to stage a coup d'etat in Germany. A statement by M. Benes, Czechoslovak foreign minister, in Parliament a few days ago that a movement from the right was about to break, is understood to have been based on information emanating from Colonel Bauer. German authorities scout the possibility of any outbreak at present. This is supported by the Public Ledger's information from Bavarian sources which is to the effect that the monarchists and Conservatives are for the present content with their absolute control of the situation in Bavaria and the progress they are making in organizing other parts of Germany and are not inclined to risk losing all by a premature offensive. They would, however, a radical rising as an opportunity to display their strength, ostentatiously in the defence of established order.

MODERN "MUSKETEERS" ON LEAGUE PAYROLL

A trio of Frenchmen, who were school boy cronies and university comrades, find themselves in prominent official positions at League of Nations headquarters in Geneva. The best known of the three musketeers is Albert Thomas, Clemenceau's minister of munitions and French Socialist leader. Another, who achieved world fame because of his brilliant services as official interpreter at the peace conference, is professor Paul Mantoux. The third is Pierre Comert, whom all American correspondents at Paris and Versailles will remember as the capable and indistinguishable press representative of the "Quai D'Orsay." Comert is the League's labor bureau; Mantoux is "political director," and Comert is in charge of the press department. They are true companions.

London, Nov. 15.—The capture of the village and station of Kalenki, 130 miles northwest of Kiev, from the troops of General Blaskowitz, is claimed in the Soviet statement of Sunday received here today by wireless.

MRS. NANCY SHARP, of Los Angeles, who says she received one of the greatest surprises of her life when Tanja completely restored her health after she had almost lost hope of ever getting well. Declares she suffered for twelve long years.

After seeing the wonderful results my husband obtained from Tanja, I began taking the medicine myself, and now we both agree that it is the greatest medicine on earth," said Mrs. Nancy Sharp, a prominent and highly esteemed resident of Los Angeles, Calif., living at 921 Canalia street, whose husband is proprietor of the Merchants Express Co. "During the twelve years that I suffered with indigestion and stomach trouble I tried nearly every medicine I heard about, but nothing helped me and I lost faith in everything. So, my wonderful restoration to health has been one of the greatest surprises of my life. "I began to feel an improvement on finishing my second bottle of Tanja, and now, after taking six bottles, I am like a new woman. I have a splendid appetite, eat three hearty meals a day, enjoy them thoroughly, and am never troubled in the least with indigestion or any other disagreeable after-effects. "Before taking Tanja most everything I ate caused my stomach to rebel, and I would suffer for hours after meals. I was so dreadfully nervous that many nights I never closed my eyes in sleep, but now I am not the least nervous, and I sleep like a child. My strength has been wonderfully increased, and I have much more energy. "I just wish it was so everybody troubled like I was knew about this wonderful medicine. "Tanja is sold in St. John by Ross Drug Co., and P. W. Munro under the personal direction of a special Tanja representative.—Adv.

CABINET SPLIT ON TRADE WITH RUSS. SOVIETS

Rumors Current That Reds Will Agree to Recognize Debts to Great Britain.

London, Nov. 17.—The Cabinet today held a long session again discussing the question of the opening of trade relations with Soviet Russia. Premier Lloyd George, Andrew Bonar Law and other members of the cabinet were understood to be pressing for recognition against the opposition of Earl Curzon, the foreign secretary, Winston Churchill, the secretary for war, and Austen Chamberlain, the chancellor of the exchequer, who felt it would be difficult to enforce the provision in the proposed agreement that the Bolsheviks cease propaganda against Great Britain. They desire to meet again with Leonid Krasin, the Soviet representative and endeavor to get from him further assurances on the propaganda question. It is reported the Russians will agree to recognize Russian debts owed to the British Government and private British individuals, with long term payment, but that part of the negotiations has not yet been reached.

KARL OF AUSTRIA WANTS TO GET BACK

Advocates Federation of Danube States Under the Rule of the Hapsburgs.

Paris, Nov. 17.—The former Emperor Karl of Austria, explaining in the "Revue Universelle" the need for a federation of the Danube states under the rule of the Hapsburgs, charges that Germany's one thought is for revenge, and this is what leads her to urge ardently a union with Austria. In this way she would have Italy, one of her enemies in the war, on her borders and would find it easy to strike against her as she now thinks it easy to strike against her other neighbor—France. Karl expects to set again on the throne of the Hapsburgs and he explains that his declaration of withdrawal on November 11th, 1918 must not be construed as his abdication.

HRTZ MOUNTAIN ATTACK BRAUNTAGE

Berlin, Nov. 17.—Details of the extraordinary exploits of a band of German outlaws has reached here from Brauntage, in the Hartz mountains. Thirty desperados with blackened faces attacked the town after cutting the telephone wires. They held up the stationmaster, forcing him to deliver the cash in his safe. The gang looted the shops and houses, but attempts to rob the post-office and bank failed. The fire department was called out and led the inhabitants against the bandits. The men participating in the raid escaped.

The Nimble Fifty

Years ago fifty dollars often took a good while to make—it is now spoken of with scant respect. It certainly is not much to pay for a gold bracelet watch. Yet even to-day at Birks—you can have a 14 kt. gold wrist watch for a lady—15 jewelled—octagonal shape—gift dial—a thoroughly reliable everyday model for a modest \$50. Ask for No. 991603—the supply is not unlimited, but if you decide at once you are fairly sure of getting one.

"VELASQUEZ" FOUND IN WINNIPEG HOME

Believed Painting Picked up for Song is Product of Famous Spaniard.

Winnipeg, Man., Nov. 17.—A grimy canvas picked up years ago in a local antique shop "for a song" by the late Judge A. B. Richards, may prove to be the work of one of the most famous of the old masters, Velasquez, a noted Spanish painter of the early seventeenth century. The picture is the portrait of a lady, dressed in a cloak of a wonderful burnt leather tint of which Velasquez was a master. There is a feather in her hair and in her hand she holds a flower. While around her wrist there is a tiny black bow. This is considered by experts as one of the strong proofs of the authenticity of the picture, for Velasquez was very fond of bows. There is no signature but Velasquez never signed his work, the experts say. The painting is undoubtedly very old. It has been reinforced with canvas at three different times to preserve it. It is believed that the picture will be sent to Christy's, world famous art dealer, at London, England, and will be sold by them. If it is a genuine Velasquez, it will bring an immense sum, experts claim.

I. O. D. E. Friends at Residence of Mrs. T. H. Carter Yesterday.

In spite of the inclement weather friends of the Royal Standard Chapter, I. O. D. E., came out in full force to attend a tea and sale held at the residence of Mrs. T. H. Carter, 53 Queen street, yesterday. Those who attended were: Mrs. J. J. Gordon, Mrs. F. H. Neve and Mrs. William Turner convalescers, while Mrs. E. S. Stephenson and Mrs. J. T. Torry presided at the tea table. Lovely yellow chrysanthemums in a silver basket centred the table, while the yellow color scheme was repeated in yellow candles in silver candlesticks, giving a very pretty effect. Edible articles were supplied by members of the chapter.

The lucky winner of a centre piece was Mrs. John Sherb, Hazen street. A satisfactory amount was raised for the work of the Order.

SEA-GREEN CHIFFON BREAKFAST JACKET

Ribbon Chin Straps on Bowditch Caps and Scarves of Wondrous Design Seen.

London, Nov. 11.—Delightful sea-green breakfast jackets edged with fur or woadsdown and fastened with tiny clusters of flowers, are worn with caps of real lace and tied with ribbon chin-straps. Sea-green might be considered a dangerous color to chose for one's early morning cap, but one of the prettiest of all these dainty jackets seen in Bond Street was of pale green chiffon combined with white fur trim. Scarfs are coming back into prominence, and such scarfs: Some are embroidered with gold, others worked with large flowers or a falling petal design. Some are attached to the wrists with tiny paste straps and ties: free and gracefully held.

Books come and go, but the best that are being bought this autumn from the delicate lace and gold evening affair the bonnet bag made entirely of flowers, to the more subtle variety made of velvet, duvety, brocade, or beaded work and finished with silver and ivory. Embroidered gloves are fashionable once more, and some of these are quaint in shape, made of white, heavy kid, and finished with flower design done in black.

LET'S TALK IT OVER

If you are fond of dogs, and to those of us who are devoted to these noble-hearted four-footed friends of man it seems strange that that classification does not include everybody, doesn't it make you sorry to read in the Lost Columns of a newspaper such items as the following: "Lost—Irish terrier, six months old. Strayed from Deer Park. Reward." "Lost—Lanky Airdale pup, collar engraved 'Mitchell.'" "Lost—Cocker spaniel named 'Gyp.' Reward." "Strayed from home Pine Ave., on Sunday, brown water spaniel. Reward." "Lost from William Ave., Irish terrier, one year old, answers to the name of 'Larry.'" "Strayed from Prince's Park Pavilion, Saturday afternoon, black Pomeranian, has small scratch on the nose." These are interspersed among the walls of those who have mislaid strings of pearls with platinum clasps, diamond sunburst cuff links and brooches, an oval locket valued as a keepsake, twenty-five dollars, a muskrat belt, the tail of a white fox fur, and the tail-board of a truck. While grieving over the bewilderment and homesickness of Larry, Gyp and the rest who would answer so joyfully to their names if called by their owners, it is delightful to know that the dogs, pups mostly you observe, are beloved enough to be wanted home again. That "strayed from home" has a most regretful sound. Rewards are offered in many cases, while in some

stern punishment, it is warned, will follow anyone "found harboring this dog." The little personal characteristics of the wanderers which are pointed out are interesting. Was the "brown water spaniel lost on Sunday" out walking and did some ambition to hunt suddenly revive in its heart, held back till now by city regulations, so that it went in search of broods and streams? We have all seen a "lanky" Airdale and can imagine him peering with those wise eyes of his, looking in vain for his master, but how, one wonders, did the black Pomeranian get a scratch on its nose? Was it from some encounter with its hated rival the cat? How again was such a lap dog as this particular breed, permitted to stray from the Pavilion on Saturday afternoon? Can't you hear its pathetic sharp yaps as, saddened, but that it is, it scurries discomfitedly for its specially prepared meal and soft bed among the cushions: poor little bunch of fluff all its arrogance vanished completely. It would not worry me much if M. 665793 never recovered his bunch of keys and the white fox fur may go tailless so far as I am concerned personally, though I would like to see the owner of the "oval locket—a keepsake" restored to her property, but it would give me very great pleasure indeed to know that the Airdale pup, the water spaniel, the Irish terrier, about six months old, and all the rest of the lost, strayed or stolen doggies get home safely. MARGUERITE.

From Sunny Spain To Foggy London

Painter Who Depicts Sunlight and Dusk With Equal Loveliness.

By MARK ZANGWILL. (Copyright, 1920, By Cross-Atlantic.) London, Nov. 11.—The oil paintings of F. Llanes, the Spanish artist, exhibiting at the Twenty-One Gallery, provide a striking contrast between scenes from sunny Spain, and the sad tonality of London vistas: a brilliant, sunlit "Malaga" is hung in juxtaposition to a "Wet Day, London," a gray, grim picture of a typical London suburban street, seen under the most depressing conditions. "Segorria" swoons in noontide heat, in company of the river "Swirling London Bridge," with its gray, swirling waters, and dim, distant bridges. Sanchez is an artist of temperament, in a sense, the poet; the charm of the London twilight, and has perfectly expressed it in his "London," a deserted square at dusk, enveloped in the dim, violet tonality of the night, when the lamps are lit. He has accounted the melancholy and loneliness by a solitary cab, whose red rear-light is dimly reflected in the roadway. His work is usually in a high key, and he appears to lay on the paint in a fine frenzy of creation. The result is generally admirable. And he is no less admirable in the necessary quietude of mood in which he depicts London scenes. Belgian Artist. Loon De Smet, the famous Belgian painter, is exhibiting at the Burlington, Leicester Square. De Smet is a fine colorist, even if at times a trifle flamboyant. He has a penchant for bright reds, which he uses freely in most of his compositions. Thus his interiors usually contain one or two articles of red furniture, such as a table or commode. And he loves people. Flower-pieces, still life, landscapes, figure compositions, lithographs and charcoal drawings, all testify to the painter's versatility and vitality. His work is usually in a high key, and he appears to lay on the paint in a fine frenzy of creation. The result is generally admirable. And he is no less admirable in the necessary quietude of mood in which he depicts London scenes.

GIRLS KIDNAPPED BY MEN IN AUTO

Whisked Away Before the Eyes of Grandmother on Sidewalk.

Detroit, Mich., Nov. 11.—Muriel and Gwendolyn Shideler, 8 and 6 years old respectively, daughters of Mrs. Albert Shideler, 258 Hazelwood Avenue, were kidnaped in a Hamilton Boulevard and Taylor Avenue. Standing at the curb 15 feet away was their grandmother, Mrs. A. E. Deering, who had taken them to the corner and was watching them as they hurried across the street to school. The automobile, according to Mrs. Deering, appeared suddenly and a man jumped out and whisked the children screaming into the car, which drove west in the direction of LaSalle Boulevard. It bore a Michigan license tag.

Police in Pursuit

A flyer carrying detectives arrived upon the scene a few minutes later and traced the abduction party for several miles. They believe the latter was headed for Toledo.

The two Shideler children have been in Detroit since March, 1919, when a divorce was granted the mother in New York. The father is a business man of that city. Last night according to Mrs. Deering, a man who said he was an insurance agent, called at the house and made considerable inquiries regarding the children.

Exceptionally good addresses were given by three ladies, who came to bring greetings from the Anglican and Methodist Women's Missionary Societies, Mrs. James F. Robertson, Mrs. George F. Smith and Mrs. John Sealy. The excellent singing was led by the choir of Knox church, under the direction of Miss Wilson. The evening's programme was most interesting and was an inspiration to the large number present.

Money Prize For Dusky Beauty

African Editor Claims Women of Negroid Races Rival White Sisters.

(By London Daily Mail and Cross-Atlantic Newspaper Service.) London, Nov. 11.—A prize of \$500 for the most beautiful colored woman of negro extraction in the world has been offered by Duss Mohamed Ali, editor of the Africa and Orient Review, to prove that there are girls and women among the Negroid races who conform with European ideas of beauty.

The competition has already created a stir among the dusky belles of the Sudan, South America, and the West Indies, and photographs of new types of colored beauty are arriving daily at Mr. Mohamed Ali's office. "The competition," he said, "arose out of a long argument I had recently with a distinguished R. A. He had just returned from Italy, and was extolling the beauty of Italian and European women generally.

Claims Justified. "I suggested that I could find beauty equal to any in Europe among women of Ethiopian origin. He laughed at the idea, and said that with the predominant traits of the Negro—high cheek bones, thick lips, and squat noses—beauty was impossible. For this reason I decided to start the competition, and I consider that already my claims have been justified.

All Negroid women do not possess flat noses, as the photographs show. We have one of a girl with an aquiline nose. Were it possible to whitewash the face I feel sure that to the European idea this girl would appear very beautiful.

The police a description of the kidnapper, which coincides with the man who visited the Shideler home last night. The police gave a wired sheriff of all border counties the number of the car and the descriptions, with instructions to hold men and children if found.

SPONSOR HATS OF RIBBON

The leading French milliners are employing ribbon instead of fabric for their hats this season. The claim is made that felt, velvet and duvety make the scalp moist and dry the hair, while ribbon, especially grosgrain, is light and gives air to the hair.

PRESSING

When pressing velvet, or any material having a pile, the iron should be held bottom side up and the velvet passed, wrong side down, over the iron. The velvet must be held tight so it will keep smooth. To prevent finger marks, the velvet should be held in each hand with the pile touching.

Maurice Tournour Warns Parents

Feels That Children Should See Good Motion Pictures—Asks for Criticism.

"Watch your children in their play as much as in their work," says Maurice Tournour, the French producer who filmed Cooper's famous "Last of the Mohicans" for Associated Producers. Realizing that clergymen, educators and people everywhere are attending school shows more every day, he sends a warning to parents. His admonition is just this: "As the twig is bent," he quotes, "so grows the tree," in other words, as parents, it is their duty to see that their children are properly amused—just as they are so carefully educated. "Not a spare moment should be lost," says the French film artist, "when a child is not at work, he must be playing, and that play is what vitally concerns the making of citizens."

Schools Want Films

"School authorities everywhere," he states, "are asking the film producers to make educational pictures. I try to create screen subjects with an appeal to children as well as the grown-up."

"Tournour is not in the Eighth Art" for millions, nor plaudits, but, he says "To see it recognized as the greatest art, there is too much chance for beautiful things in pictures to let them decline."

"I will personally appreciate every person who has a criticism to make on any of my pictures, to write me at once. I want to know just what the public thinks of my work—tell me, please—so I can improve. Let us help each other to make a better, bigger nation by guiding our young people in the right path during the golden moments of impressionable childhood."

Our Travelling Salesmen Enjoy Selling Red Rose Orange Pekoe Tea

Travelling salesmen work very hard as a rule. They put in long hours, and the pleasure of travelling is not so great as to those of us who mostly live at home.

Naturally, therefore, these men must get a great deal of their pleasure and satisfaction from their work—they like to sell the finest of products and represent a good "house".

Our travelling salesmen are exceedingly critical of the products which they are asked to sell, and when we told them last January that we wanted them to sell a new tea of extra quality—much finer than has usually been sold in Canada—they were keenly interested, put the new tea to many tests amongst their friends, and gave it a lot of time and thought.

Having convinced themselves of the extra fine quality of Red Rose Orange Pekoe Tea, they started on their trips full of enthusiasm.

Their satisfaction, however, has been much greater on their later trips, because of the splendid renewal orders which are following their first sales.

The good merchants, our salesmen enjoy selling the very finest tea—Red-Rose Orange Pekoe.

Try the tea which has met with so much success.

WEED TIRE CHAINS

Cars with chainless tires on wet, slippery pavements lack brake power to the same degree as they would if their brake linings were made of wet, greasy slippery bands of rubber.

You'll have no fear of skidding on wet streets if you have a set of these dependable non-skid chains on your tires—they bring a feeling of security which you'll appreciate.

We have them in all popular sizes and at very moderate prices.

TWO ACTRESSES FOUND KILLED IN CHICAGO PARK

Police Searching for Male Companions on Wild Automobile Party Before Death. Chicago, Nov. 17.—The bodies of two young women were found beside the roadway that bridges the lake in Grant Park. Life had been extinct about five hours. Investigation established the victims' identity, but the authors of the crime are still unknown.

PUTS ONE OVER ON FRENCH GOVT

Paris Tailor Swindles French Ministry Out of Sum of \$157,000. Paris, Nov. 17.—All France today is chuckling over the arrest of a swindler and a tailor, who, by impersonating French officers, got 736,000 francs (nominally \$167,000) from the Ministry of France in much the same fashion as the famous cobbler, Volz, of Koenigsberg, who in 1906, stole the strong box of a German garrison town. On October 13 last a man dressed in the uniform of a French lieutenant of infantry, presented himself at the Ministry of Finance with a signed order for 700,000 francs as pay for an army corps stationed at Mayence. The order seemed genuine and the supposed lieutenant got the money.

The Tortures of Dyspepsia Relieved By "Fruit-a-tives." Little Bras Dor C. B. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try "Fruit-a-tives." In a week the Constipation was corrected and that miserable feeling that accompanies Dyspepsia, I continued to take this splendid fruit medicine and now I am well, strong and vigorous."

FIGHTING PARSON IN EXETER PULPIT

Refers Briefly to Shooting and Threatening Letters Received. Exeter, Ont., Nov. 17.—Rev. J. O. L. Spracklin presided to congregations which taxed the capacity of the Main street Methodist church Sunday morning and the James street church at night. Referring briefly to the shooting of Beverly Trumble, he declared that he did it in self-defence. No one, he said, could appreciate the strain he had been under during the last five months, not only in connection with his work, but on account of open threats made regarding his life, and numerous letters of the same nature. Hundreds of persons from miles around motored in for the purpose of seeing and hearing the "fighting parson." Questioned as to rumors that he was about to retire, he pointed out one may expect anything to happen when one is dealing with those in the run traffic.

CO-OPERATIVE TO CONTINUE

Fredericton, N. B., Nov. 15.—The Fredericton Co-operative, Limited, may still continue the operation of their retail grocery store, it was learned today, but under a somewhat revised policy of management. Following the meeting of the shareholders on Friday evening the directors of the business met on Saturday afternoon, and this morning it was said by officers of the company that arrangements would probably be made to have the business continued and

LACK OF HOGS IS CAUSE OF CLOSING

Chicago, Nov. 17.—Armour & Company, who have announced the closing of their plant at Hamilton, Ont., together with their selling agencies at St. John, Sydney, Hamilton, Montreal and Toronto, made the statement today that lack of hogs and the tariff on imported dressed meats, are the causes for the move. Vice-president White, of Armour & Company, says that the company is closing a small packing plant at Hamilton, Ont., as there are practically no hogs there and hogs cost \$6 more than here. "We are also closing," he said, "two branch distributing houses, one at Montreal and one at Toronto, but the total investment in them is only \$20,000. We will continue the Canadian trade and supply it from Chicago."

FARMERS COULD SEND WHEAT TO \$3 IN 20 DAYS

Fargo, N. D., Nov. 17.—If every farmer in the wheat belt would hold his wheat for twenty days, the price would go to nearly three dollars a bushel, and would remain high, Abe Slaughter, National organizer for the Wheat Growers' Association of America, told grain growers here today. Mr. Slaughter is here at the head of a delegation of seven Oklahoma farmers to organize wheat growers of North Dakota.

Grandma Used Sage Tea To Darken Hair

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness. Common garden sage brewed into a honey tea, with sulphur added, will turn gray, bleached and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation. Making the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of "Wynka's Sage and Sulphur Compound" at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

FREDERICTON MAN LOSES LIFE IN AUTOMOBILE ACCIDENT

Machine Skids on icy Road at Welsford, Goes Over Embankment, Turns Turtle and Crushes Out Life of Lorne Merrithew, Well Known Contractor, Member of Firm of Smith & Merrithew.

A fatal accident happened about a mile and a half above Welsford last night when an automobile turned turtle, went over a ten-foot embankment, plunging under its weight Lorne Merrithew, of Fredericton, member of the firm of Smith & Merrithew, contractor, crushing out his life. Mr. Merrithew was alone in his car and was proceeding towards this city from Fredericton when the accident occurred, about six o'clock. Just how it happened no one knows, as there was no eye witness to the fatal affair.

Cries For Help. The first intimation of an accident came when cries for help attracted the attention of Mr. Percy Lingley, living nearby, who, hastening to the scene, found the car down the embankment and Mr. Merrithew pinned beneath the open door. He was unable to extricate him. Assistance was summoned and the body, life extinct, was removed from the wreckage of the machine. The remains were viewed by Dr. Lewin, who found the breast had been crushed to a pulp. An inquest was deemed unnecessary, and the remains were conveyed to this city and given in charge of Undertaker Brennan. Mr. Merrithew is survived by his wife, who was a daughter of the late Rev. Dr. Foster. Mr. Merrithew was associated in business with Mr. Luther Smith of this city, and they were engaged in a government contract at Brookville.

Auto Skidded. Examination of the roadway where the accident occurred shows the automobile to have skidded on the icy roadway, made so by a heavy sleet storm which fell last night. As the approach of the bridge, going over the bank and turning turtle with the results mentioned.

There Are Three Reasons for Our 24th Anniversary Sale. FIRST—As the name suggests, it is just 24 years since we opened our St. John store, and we wish to take this bargain festival as a means to show our appreciation of the large volume of business the St. John Ladies have favored us with. SECOND—We have been most fortunate in preparing for this Sale in securing a number of extra attractive "buys" from Manufacturers who were anxious to turn all their Winter Hats into cash. By this we are enabled to sell new hats at actually less than wholesale. THIRD—This Christmas we will feature Christmas Novelties to a larger extent than ever. At the present time we have many cases of Dolls, etc., to put into stock with more coming every day, so by the first of December we plan to turn our front store over to these Christmas goods. Our Anniversary Sale Prices will enable us to sell large numbers of hats every day, and in this way we will be ready with Christmas Goods by December first. EXTRA—Extra Special Today: Ladies' Trimmed Silk Velvet Hats selling at \$1.98. See window, then inspect the special price tables, which run from 50 cents up.
