The Union Advocate from May until Jan. 1st, 1910 FOR 50 CENTS.

THE NEW HIGHWAY ACT

The new Highway Act as amended is now in force and places all Highways under the control of the Highway Boards, consisting of the two County Councillors of each Parish, and another resident of the Parish, appointed by the Chief Commissioner of Public Works, who is to be the Secretary-Treasurer of the Board. The new Act amendments have been printed. The Act provides that the Board shall be organized together by the Secretary-Treasurer on or before the 20th of May and shall then elect one of their number as Chairman, divide the Parish into as many Districts as may be advisable, and appoint a Commissioner for each District, and may also sub-divide the district into sub-districts and appoint a Surveyor for each sub-district.

If road tax has been levied at old rate, same is to be rescinded and Assessors are to make out new road assessment at new rate of \$1.50 poll tax and twenty cent property tax, and new rates may be worked out by ratepayer or a substitute, or tax may be paid to Surveyor when the statute labor is being done, and the Surveyor can expend the tax paid, in same district. Delinquent road taxes may be worked out by statute labor under direction of Surveyor. The Commissioner has charge of all roads in his district, and holds office during the pleasure of the Board. He directs the Surveyor when and where to begin statute labor work in the sub-districts, and he also collects all road taxes that are not paid to Surveyor or worked out by statute labor, and pays same over to the Highway Board.

Non-resident ratepayers are to pay their road tax in cash to the Collector of rates, and same is paid over to the Highway Board, who are to expend all monies collected in the District in which same is collected.

The amount granted by the Provincial Board of Works is to be expended by the Highway Board, who will apportion and expend same as they may determine. The road tax funds now on hand will also be expended by the Highway Board of each Parish.

The rate of pay for men and teams for labor on roads is to be fixed by the County Council, but if they do not fix any rate, then same shall be, for men twelve and a half cents per hour, for double teams with driver, thirty cents per hour, and single teams with driver twenty two and a half cents per hour.

The pay for breaking roads in winter is to be fixed by the County Council, but if they fail to fix the rate, then the rate of pay is to be the same as for statute labor. The Highway Board may contract with parties for keeping the winter roads in a passable condition.

The remuneration of members of the Highway Board shall be fixed by the County Council, amount however not to exceed ten dollars and the Secretary-Treasurer shall receive the same pay as other members of the Board, and same to be paid out of the Provincial monies.

Commissioners are to receive pay as may be fixed by the Highway Board, not to exceed ten per cent of the sum expended in their District.

SIX PEOPLE DROWNED

While Crossing Dangerous Un-bridged River in Small Boat.

3 MEN AND 3 WOMEN

Nine Persons Were so Fortunate as to Get to Land.

Cape Magdalene, Que., May 21—A terrible catastrophe happened yesterday at Ste. Anne de Monts, Gaspé county, when six people lost their lives by drowning. The people, in returning home from Ascension day service, had to cross Grand River, which is bridgeless. Owing to the extra strong current the people decided not to use the scow there for the purpose, but fifteen persons got into a boat, which became unmanageable in the current. It was carried rapidly down stream and coming in contact with a rope used to pull the scow across the river was overturned, causing two smaller boats to go over as well.

There was a desperate struggle by the occupants to reach land, and over half of them succeeded, but six—three women and three men—were swept away to their death. The accident has cast a gloom over the parish, where all the drowned people were well known, and has caused the commencement of an agitation for a bridge over the river, which has always been considered dangerous.

pay their road tax in cash to the Collector of rates, and same is paid over to the Highway Board, who are to expend all monies collected in the District in which same is collected.

The amount granted by the Provincial Board of Works is to be expended by the Highway Board, who will apportion and expend same as they may determine. The road tax funds now on hand will also be expended by the Highway Board of each Parish.

Commissioners are to receive pay as may be fixed by the Highway Board, not to exceed ten per cent of the sum expended in their District.

Surveyors to be exempt from road taxes for attending to statute labor not exceeding twenty-four working hours, if engaged longer then to be paid as Highway Board may determine.

The following gentlemen, who will be the Secretary-Treasurers of the Boards, have been chosen by Hon John Morrissy, chief commissioner of public works, for the parishes in Northumberland county: Alnwick, Louis P. Robichaud. Glenelg, James Hackett. Chatham, Clifford Galloway. Nelson, Wm. Goggin. Newcastle, Thos. Barnett. Rogersville, J. Finnegan. Derby, Randolph Crocker. North Esk, J. O'Shea. South Esk, John D. Goodfellow. Blackville, Wm J. McLaggan. Blisfield, Thos. Parker. Ludlow, W. McMillan. Hardwick, Fred Williston.

GREAT PEACE CONFERENCE.

Men Anxious to do Away With War Assembled at Lake Mohonk.

THEIR DISCUSSIONS.

Hopeful That Time of Universal Peace is Near at Hand.

LAKE MOHONK, May 20—At this morning's session of the Lake Mohonk conference on international arbitration Dr. Wu Ting Fang, Chinese minister to the United States spoke on China's attitude toward arbitration, and was followed by Justice J. J. MacLaren of Toronto.

After referring to the amiable relations between the United States and Canada Justice MacLaren outlined the methods under which the bodies of fresh water which separate Canada from the United States have for nearly a century been free from all warlike demonstration or display. In April, 1877, he said, without a formal treaty or even a convention by a simple interchange of short letters between the British Minister, Mr. Bagot, and Mr. Rush the American acting secretary of state, it was agreed that the naval force to be maintained on the lakes would be confined to a definite small number of vessels. It was a simple stipulation that might be terminated by either country on six months' notice. To their everlasting credit he said that they have not only kept strictly within the limit but actually dispensed with the war vessels entirely and that this pacific condition has now been maintained for more than thirty years. May the day be so far distant when any contrary policy may obtain.

The speaker then told of the successive peaceful steps taken in the delimitation of the boundary between the two countries and said that the land portion is as free from military display as the water portion from naval show. "What an object lesson that," he exclaimed, "on land and water for these nations at present so heavily cursed and burdened with militarism. But the greatest triumph for the principles for which this conference stands is likely to be gained within the next few months. Most of you are aware of what is known as the Waterways Treaty agreed to between the governments of the countries in January of the present year and which would no doubt have ratified ere this had not a member of the U. S. Senate succeeded in persuading that body to add a rider granting to his state an additional advantage on conceding any equivalent or compensation to the other side.

It has been a great cause of surprise that nations whose subjects or citizens settle their differences through arbitration or the courts have been so slow to settle international difficulties in the same manner. The fact is that while in a measure we have as individuals become civilized and christianized we still remain as nations and collectively largely barbarian and heathen. We need to cultivate the corporate and national conscience. In my opinion there is great necessity for our getting back to first principles.

Possibly the adoption tomorrow at the Lake Mohonk Conference on International Arbitration of a platform plank favoring a limitation of armaments among the nations is believed to be indicated by the conservation of leaders of the conference now in session here. Dean Kirschewy of Columbia University who was one of the leaders in the successful fight for such a plank two years ago, is now chairman of the business committee of the conference which prepares the platforms and the comment among the prominent men in the conference is in criticism of the unmet and other burdens of militarism and the unwisdom of war talk between Great Britain and Germany. Albert K. Smiley the founder and host of the conference, who threw his influence against adopting such a plank last year and two years ago, is understood to have modified his views, although skeptical as to any immediate possibility in the direction of limiting armaments.

The attitude of China was declared by Ambassador Wu Ting Fang in an address delivered at the conference today to be in favor of making compulsory arbitration a law of the nations. The amicable relations between the United States and Canada were described by Justice J. J. MacLaren of the court of appeals of the province of Ontario who said that while individuals in a measure have become civilized these great pagan, overwhelming armaments.

A DARING JURY.

In Broad The Express
Co. Office Was
Jotted

\$1500,00 TAKEN

No Trace as Yet of The Perpetrators of The Raid

A daring hold up in the city of the Canadian Express Company, Toronto, on Wednesday at noon by two unknown men, resulted in the capture by the robbers of \$1,500 in cash and a package that is described as valuable, but the real contents of which the agent of the company says he does not know. Of the money stolen \$1,000 was the property of the Royal Bank.

The agent, P. W. Linton, had just gone to lunch and left in charge P. W. Burgess, his assistant. Linton had only got around the corner when two men entered the office and one held Burgess up while the other went through the money package, seized the \$1,500 and made off, but the hold-up man kept Burgess a prisoner for some minutes. Burgess ran to the esplanade at the back of the building and shouted for help. Police along the line have been notified and searching parties are out.

TRURO, N. S. May 20—No trace of the hold up men has been reported since dark last evening. Every section of Nova Scotia for fifty miles and over has been apprised of the robbery. Confidence is expressed that the culprits cannot escape. A three of the men described are easily recognized by distinguishing characteristics, complexion, stature and gait.

COUNCIL MEETS BOARD OF TRADE

The members of the Council and Board of Trade Executive met on Friday afternoon to consider the Drummond Co's proposals. There were present:

Council—Ald. McMURDO, T. Russell, Ritchie and Sargeant.
Board of Trade—John Ferguson, H. Williston, E. A. McCurdy, H. H. Stuart, C. E. Fish.
Members of both—Mayor Miller, Ald. Morrison and Doyle.
Ald. Morrison was elected chairman.

Mayor Miller read to the meeting the proposals of the company, asking the Town for the free use of a \$30,000 wharf, exemption from taxation, a dredged channel, railway facilities, etc.

The following were appointed a committee to draft a reply to the Drummond people: H. H. Stuart, John Ferguson, D. Morrison, C. E. Fish and E. A. McCurdy.

SHRUBB BEATS ST. IVES.

Montreal, May 20 Alfred Shrubbs defeated St. Ives, in a twenty mile race, to-night by nearly half a mile. The distance was covered in 1 hour 51 minutes 28 seconds.

and collectively largely barbarian and heathen?

Governor Ansel of South Carolina spoke in favor of arbitration and the Rev. Frederick Lynch, pastor of the Pilgrim Church, New York, declared that it is the shame of the age that every church in Germany, England and America is not preaching against these great pagan, overwhelming armaments.

Town Council Met Thursday Evening.

Town Council met on Thursday evening, Mayor Miller in the chair. Aldermen Present—Belyea, Doyle, Morrison, McMurdo, Ritchie, T. Russell, S. Russell and Sargeant.

A communication was read from the Trustees of St. James' church asking for the use of the Town Hall for church services during the next three months.

Ald. Belyea and McMurdo moved that the request be granted at the rate of \$12.00 per month light free.—Carried.

A communication from the Military D. O. C. through Major Lawlor, asking that the Town replace the wooden bridge over ditch in front of the Armory. Received and filed and Town Clerk ordered to inform the Military authorities that if they wanted the bridge they would have to put it in themselves as private parties have to do.

Communication read from J. L. Stewart of Chatham complaining that his real estate, which he offers for sale at \$500, is assessed at \$600—much higher than it would be were he a resident citizen. He asked to have the assessment reduced to a figure proportionate to the rating of other people. Received and referred to Petitions committee.

Communications were read from Canadian Union of Municipalities re official journal, and affiliation fees.

On motion of Ald. Morrison and Ritchie, it was resolved to notify the Canadian Union that this Council belonged to the Provincial Union but had never joined, and did not wish to join, the Canadian Union.

Ald. T. Russell read a petition from Wm. Corbett, Jr., on behalf of No Surrender L. O. L. No. 47, stating:

"That in the year 1902, there being no convenient public hall or Opera House in the town of Newcastle, the said Lodge undertook the erection of a public hall, which it carried through to completion at a cost of about fourteen thousand dollars, and there is still owing by the said Lodge for the erection of the said building and equipment about ten thousand six hundred dollars, and the said Lodge is obliged to pay interest thereon at the rate of seven per cent. per annum, which amounts to a yearly outlay of seven hundred and forty-two dollars, and the insurance on the same building amounts to ninety dollars a year, while incidental expenses, fuel, cleaning, etc., amount to approximately one hundred dollars, making a total outlay of nine hundred and thirty-two dollars a year. The rents from the said hall for the year 1907 amounted to \$597, out of which there was paid to the town for electric light \$103.87. In 1908 the rents received amounted to \$583.44 out of which the town received for electric light \$161. In 1907 the town received in licenses for shows in the said hall \$99, and in 1908 it received for licenses \$102. Thus in 1907 the Lodge had to pay for maintenance of the said hall over and above net receipts \$438.87, while the town derived a revenue therefrom for licenses and electric light \$202.87, and in 1908 the Lodge had to pay \$509.56 more than the net rents, while the town received for electric light and licenses \$263.

That the said Lodge was assessed in the year 1907 the sum of \$172.50, and is assessed this year the sum \$225.25.

That the said Lodge undertook the erection and maintenance of this hall as a public enterprise for the benefit of the town and have maintained it and placed it at all times at the disposal of all classes of people of the town, and anything of a public nature; and that it is unable to carry the burden of taxation imposed, in addition to the large sum which it is already taxing itself to maintain this hall for the benefit of the town."

And praying that, therefore, the Lodge be exempted from taxation. Petition was received and referred to Petitions Committee.

Ald. T. Russell read the report of the committee of the whole

council held on May 10th at which were present the Mayor and Ald. Belyea, Morrison, T. Russell, Sargeant, McMurdo, and Ritchie.

On motion of Ald. Morrison and Belyea, the report was received and discussed.

Ald. Morrison of the Finance Committee gave an exhaustive statement of the town's finances, showing the need of the Council hereafter practising the strictest economy if the expenditure were to be kept within the income, to say nothing of reducing the civic debt. He figured out that the financial statement of the town as given for Dec. 31, 1908, put the assets too high, as about \$6000 should be taken off the default tax list of \$12,039.11 as uncollectable; \$25 off the water default list; \$143 off electric light default list; and \$100 off sundry debts. Shrinkage in bonds since Jan. 1st, 1908, was \$3,645, which had to be provided for. On the basis of last year's water and light charges the total deficit this year would be \$3,700. The total floating debt now is about \$29,943, besides a bond issue of \$163,000. [Here the speaker was not considering the new \$40,000 issue of school bonds, which should be added, when figuring the total debt.]

How could any saving be effected? Mr. Morrison went on, \$190 might be saved on water installations this year, \$134 on light installations; \$12 more might be collected in dog taxes, and \$84 in licenses. Last year there was a deficit in light and water department of \$1126. And there was an additional interest charge of \$2,000 this year for the new school building.

Very little could be saved in fuel. Increased revenue must come by raising the rates.

Since May 2, instant, about 200,000 gallons of water a day had been pumped, to supply 250 consumers, for which 50,000 gallons a day should be enough. If water were economically used, pumping by day might be dispensed with and much fuel and one man's wages could thereby be saved. Two-fifths of the four and one-eighth tons of coal used each twenty-four hours is consumed in the daytime. Cost of fuel cannot be reduced.

The council in Committee of the whole had decided to put up the water rates. Campbellton charges \$8 for a single watertap. Fredericton and Moncton charge \$10. Proposed new rates for Newcastle are: \$8 for single tap with \$1 for each additional tap; \$14 for single tap, bath room and water closet, instead of \$10; one tap in hotel from \$8 to \$10 with \$2 for each additional tap; for boarding stables \$10 for 1 to five stalls; \$15 for 5 to 10; \$20 for over 10 stalls; and so forth, raising the charge in about the same proportion for all the classes of consumers.

It was proposed to reduce the discount on electric light to 20 per cent, and to charge 10 cents a month meter rent to everybody.

Ald. Belyea noted that cooling tanks and sewers had not been mentioned.

Ald. McMurdo did not think that anything could be done but raise the rates. He knew of one party that was wasting 450 gallons a day.

Ald. Doyle feared that some people who did not waste water might take out their taps. Some way should be found to stop the waste.

On motion of Ald. Morrison and Ritchie the report of the committee of the whole was received and adopted.

On recommendation of the Finance Committee following bills were ordered paid:

A. A. Davidson	\$150.00
Barnes & Co.	8.43
Assessors	328.67
North Shore Leader	28.00
Union of N.B. Municipalities	20.00
	\$585.10

Mayor objected to payment of assessors which he claimed had been settled at \$200. The discussion brought out that on the day the assessors received their appointment notice had been given

matters of general interest re the Drummond Company.

Ald. Morrison, Belyea, T. Russell and Ritchie gave notice that at the next regular meeting they would move the repeal of the bye laws fixing the charges for water, sewerage and electric light and introduce new ones.

Adjourned.

REDBANK RIFLE ASSOCIATION.

Application for membership for 1909 in the Redbank Civilian Rifle Association should be made on or before June 1st. The Dominion Government has offered a very handsome "salver," ten inches in diameter, to any member making the highest points in each year. No member can win a prize of this kind more than once. In the event of the same member making highest points another year, the salver goes to the member making next highest score, and the other party gets a certificate of marksmanship instead. The salver for 1908 was won by Finley D. Sutherland and is now on exhibition at the store of D. Sullivan & Sons, Redbank.

Calibration should hurry up and introduce the game of base ball into the city. In the fierce joy of roasting the sun, the sanguinary pompos might forget to kill and burn the Americans among them.

NEWCASTLE, MAY 26th, 1909.

ROOM FOR ONE HERE.

It is understood that Sackville is soon to have a factory for the manufacture of harness, boots, and shoes. The people of the North Shore are extensive purchasers of such goods. Why not have another factory in Newcastle?

GENEROUS TO THEMSELVES.

Like the members of the Canadian House of Commons and the New Brunswick legislature in recent years, the Provincial Assembly of Quebec has increased the pay of its members from \$800 to \$1200 and the pay of the ministers from \$4,000 to \$5,000, plus indemnity.

THE PARLIAMENTARY SESSION.

Parliament prorogued on the 19th instant after a comparatively short and business-like session. As usual very much of the business was left until near the close and put through rapidly. The balance of the estimates, some \$30,000,000, was passed in a few hours.

A separate portfolio of Labor has been created, the office going to W. L. MacKenzie King, a man acknowledged by both Liberals and Conservatives as the one best fitted to fill such an important position. Much trouble in industrial circles has been averted by the tactful methods of Mr. King, one of the fathers of the Lemieux Conciliation Act.

During the session the Opposition tried hard to drive Hon. Wm. Pugsley from public life, but failed to dislodge him on such evidence as that of the Mayes telegram and the report of the Central Railway Commission. Dr. Pugsley seems as firmly entrenched in the good opinion of the public as ever. He has begun legal proceedings to have the Central railway monies accounted for, and meanwhile holds his portfolio and goes ahead with his work as if nothing had ever been said or done against him.

The Government has given the Grand Trunk substantial assistance in order to enable them to complete their Transcontinental line.

On account of the general financial depression, the estimates this year were considerably less than formerly.

The government's normal majority in the House has exceeded 40—a good safe position for it to occupy.

Money talks, and Andrew Carnegie has a right to think the man who made the money should be permitted a few polite observations.

There are men in Quebec who are worrying themselves to death because they cannot make this world perfect while they are here to manage the details. But something must be left to posterity to do—something to dream about, hope and strive for.

ABBIE WOOD WON GREAT RACE

Ran the Marathon Distance at Montreal in 2 Hours 39 Minutes

HOLMER ON HIS HEELS

Former Haligonian Only Fifty Yards Behind at the Finish

Montreal, May 24.—Abbie Wood, the Montreal runner, raced home a winner in today's Marathon at the M. A. A. grounds beating Hans Holmer by the narrow margin of 50 yards.

For the first 12 miles there was a fight for first place between Wood and Cibot the Frenchman, with Davis the Indian, third, and Sherring, Meadows and Holmer punched half a lap behind.

Wood then began to let out and by the end of the fourteenth mile had lapped the entire field.

From this on it was a race between Wood and Holmer. The latter spurred in the twenty-fourth mile and cut down Wood's lead to 50 yards.

Sherring was forced to quit in the nineteenth mile and Davis in the sixteenth mile. Third place went to Cibot, fourth to Orphee and fifth to Meadows. The Marathon distance was covered in 2:39.

THERE IS NO RAINY SEASON

General Ashton, of Tacoma, who accompanied Moreton Frewen to Prince Rupert, is a firm believer in the future of the town. The present is his first trip here, and he predicts that with the sale of lots, there will be an influx of people who mean business, and who will stay by the proposition. "I believe," he said yesterday, "that in a great measure, the industrial and commercial history of Tacoma, Seattle and Vancouver will be duplicated here. Your harbor is a truly magnificent one. Prince Rupert is in the path of the growing Alaskan and trans-Pacific trade. The country between here and the prairies presents limitless opportunities for development, and whatever takes place, Prince Rupert must more or less directly benefit. This port is nearer the ports of the Orient than any shipping port to the south. The new railway has an exceptionally easy grade. These are matters to be considered by the great business establishments of the east and middle-west, whose operations extend across the Pacific. Sometimes you hear people talk about the rain. Why the whole coast, from Alaska to California, is in the rain belt. We have no rainy season. The weather doesn't enter into the calculations of the big business men, whatsoever. With them it's a matter of time—of dollars and cents. If they find it more to their advantage to do business through this port, they don't care whether it's hot or cold, cloudy or bright. And they will find that it will be to their advantage to figure on Prince Rupert.—Exchange.

EMERSON.

Ms. Elizabeth Ogden, who has been very ill, is improving slowly.

Miss Eva Beers has been spending a few weeks with friends on the Harley Road.

Mr. T. O'Leary of Silver Town has been visiting friends in Emerson.

Mr. and Mrs. Bradstreet of Roxbury Mass., is visiting friends in Beersville.

A despatch tells of a man who bet a dollar that he could drink a quart of whiskey and live. He lost. Now, the question is, how is the other fellow going to collect that bill?

DOCTORS

say consumption can be cured. Nature alone won't do it, it needs help. SCOTT'S EMULSION is the best help, but its use must be continued in summer as well as winter. Take it in a little cold milk or water. Get a small bottle now. All Druggists. THE STANDARD OF THE WORLD

SAD DROWNING.

(Campbellton Graphic) The sad intelligence reached town Wednesday of the drowning of Mr. Alex. Columbe in the rapid waters of Christopher Brook.

He with his brother Peter was running down stream in a canoe, when it was caught by a projecting branch and without a moment's warning upset.

Peter was thrown clear of the boat and managed to reach shore, but Alex clung to the craft for some time, but eventually became benumbed by the cold water and sank.

The family have the sympathy of all in their sudden bereavement. The overturned canoe was seen floating down the river Thursday.

MINARD'S LINIMENT CO., LIMITED.

Yarmouth, N. S. GENTLEMEN.—In January last, Francis Leclerc, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with use of three bottles he was completely cured and able to return to his work. SAUVEUR DUVAL, Elgin Road, L'Islet Co., Que.

PROSPECTS BAD

Ontario's Minister of Agriculture is Pessimistic

TORONTO, May 19.—Hon. James Duff, provincial minister of agriculture is pessimistic over Ontario's crop conditions.

"Unless we have a good spell of dry warm weather agricultural conditions this year will be very serious," said he tonight. "This is the most backward spring in forty years, and only a spell of steady warm dry weather can save the situation."

Card of Thanks.

Mrs. Patrick Perry, Mrs. Wm. Simmonds and Mr. Frank Perry desire through the UNION ADVOCATE to most heartily thank all the many friends who were so kind and helpful during the illness, and at the death, of their beloved husband and father Mr. Patrick Perry.

A sample copy of this paper is an invitation to subscribe. \$1.00 a year. 50 cents till January 1st. With Toronto Weekly Globe, \$1.50 a Year.

MR. R. L. BORDEN GOING TO EUROPE

OTTAWA, May 15.—The Conservative leader, Mr. R. L. Borden, is sailing on June 18th from Quebec for Europe. He will be accompanied by Mrs. Borden and will spend the summer abroad.

EDITOR STRIKES POLITICANS.

QUEBEC, May 19.—One of the most exciting scenes ever witnessed in the provincial parliament was enacted this morning just as the members were leaving the assembly chambers when Officer Asselin, formerly editor of Le Nationaliste, now of La Patrie editorial staff, struck Hon. Mr. Taschereau in the face. In reply to Mr. Bourassa, Hon. Mr. Taschereau, as Mr. Asselin claims, had referred to the latter as having been a boarder in a house on St. Denis street, Montreal, where a cablegram was received addressed to Premier Gouin in answer to another message which bore the latter's name, but which the premier claimed to be a forgery.

Mr. Asselin was arrested upon the orders of Speaker Pelletier, as the assault happened on the floor of the House. Strict instructions were given by the attorney general that on no condition was Asselin to be allowed out on bail nor to be allowed to telephone or communicate with any person. This morning Mr. Asselin was brought up in the police court, pleaded not guilty, and was remanded until Friday, bail being refused.

The man who makes up his mind to do nothing soon discovers that there's an awful lot to do.

BORN

At Harley Road, Kent Co., May 2nd, to Mr. and Mrs. Isaac Beers, a son.

DIED

At Harley Road, Kent Co., May 7th, J. P. Ouden, leaving one son, William, and two daughters all of Boston Mass.

FOUR YEARS IN DORCHESTER.

Charles Vateur, of Rogersville, was arrested at his home a few days ago by officer Dryden of Moncton accused of stealing a sample case containing hardware samples from a traveller named Kelly travelling for a St. John hardware firm.

After stealing the grip the accused endeavored to sell the samples and had disposed of a quantity.

He was taken to Newcastle and appeared before Magistrate R. L. Malby on Monday. He pleaded guilty and elected to be tried by the Magistrate, who sentenced him to serve four years in Dorchester.

This is the second severe sentence imposed for theft by Magistrate Malby, a young man being sent to Dorchester for two years for breaking into a store at Nelson and taking a few dollars' worth of goods.

I fell out of the window of my flat yesterday. And you were on the fourth floor. That was terrible.

Yes; but I don't know how to face the janitor; I'm sure I've violated some clause in my lease.

Yes, answered Mr. Dustin Stax, if I keep on multiplying my enormous interests I shall have every citizen practically paying the interest on my invested money.

And you will have good security of course, Mr. Cayenne.

Then you do not seek to be the father of your country. You merely want to be its uncle.

Sir Isaac Newton had come back to earth to pass a while and have his vanity flattered.

Again he saw an apple drop and arose to make a few remarks.

But just then he beheld an aeroplane sailing heavenward.

This is no place for me, said he, and hustled away to catch the first train back to Shadeland.

The statement of the Vail of Adana that during the recent massacres of Christians, 1925 Moslems were also killed, is regarded in Constantinople as an obvious and monstrous lie told to draw attention from the arrests of Christians which still continue.

That is a nice picture of oriental enjoyment which tells of how the new Sultan, having glided on the sword and prayed for fifteen minutes, set out for his palace in a boat rowed by eighteen boatmen, he reclining on cushions in the partially enclosed after cabin, smoking a cigarette. He was having the trip of his life.

The German Government is spending large sums in fortifying the Island of Heligoland which was handed over to Germany by Great Britain nearly twenty years ago. The expedition is of very doubtful expediency, however, for the Island has an area of less than a quarter of a square mile and the rock of which it is composed is constantly crumbling away.

It's usually the bridesmaids who weep at the wedding. The bride does her best to shed no tears.

There is a movement on foot, said Mr. Snoope, to prevent the marriage of weak minded persons. What do you think of it?

I think it's rot, answered Mr. Growch. Why, who else ever wants to get married.

It was in the great endurance race and the American car was in the lead. Hurrah for America, shouted the excited crowd in the little western town. How we do love our native soil.

So do we, bellowed the racers by means of a megaphone. We have swaled fifty a neck of it during the last fifty mile run.

Robert Fitzsimmons' intention to fight again is another of the many signs of returning confidence.

Just because a man is no better than he ought to be is no sign that he isn't worse.

Nine hundred million dollars is a big price for England to have to pay for the eradication of landlordism in Ireland, but says the Ottawa Press if it brings peace and prosperity to Erin it will be worth the price.

The story about the circumstances in which Felix Faure met his death was known to hundreds in Paris at the time, and probably to thousands. The newspaper agencies all knew it. But not a word was printed of it, or a word sent out of Paris to other countries. And the fact doesn't speak too badly for them either.

POINTED PARAGRAPHS Flattery would be without force but for our vanity. You cannot keep friendships by keeping your friends in hot water. No man ever travels far standing on his dignity. To great hearts the sorrow of others are never small.

FORTIFIED AT FIFTY.

Dr. Williams' Pink Pills Bring Health and Strength to Women At a Critical Time

Few women reach the age of fifty without enduring much suffering and anxiety. Between the years of forty-five and fifty health becomes feeble, and acute weakness arise with rheumatic attacks, pains in the back and sides, frequent headaches, nervous ailments and depression of spirits.

The secret of good health between forty-five and fifty depends upon the blood supply. If it is kept rich, red and pure, good health will be the result, and women will pass this critical stage in safety.

Dr. Williams' Pink Pills cure by going to the root of the trouble in the blood. They actually make new blood. That is why they cure such troubles as rheumatism, neuralgia, indigestion, kidney troubles, headaches, sideaches and backaches, and the ailments of growing girls and women of mature years.

WEDDING BELLS.

ROWE—GREEN.

On May 10th, at the George Street parsonage, Fredericton, Mr. Alfred E. Rowe of Fredericton, and Miss Gertrude L. Green of Boiestown were married. Rev. A. A. Rideout performed the ceremony.

CURTIS—SMALLWOOD

At the home of Mr. and Mrs. Leonard Smallwood, Protectionville on Wednesday, May 19th, their eldest daughter, Miss Violet, was united in marriage to Mr. Howard Curtis of Blackville. The ceremony was performed by Rev. H. C. Rice in the presence of the immediate friends and relatives of the contracting parties.

BURGLARY IN CHATHAM.

CHATHAM, May 20.—Cleary & Montgomery's large store at Loggerville was broken into last night, and boots and shoes, revolvers, hardware, tobacco and groceries to the extent of \$300 were stolen.

There is little or no clue to the robbery, but it is thought that the thief must have known the premises well. The neighborhood was not aroused, though a woman living next door had to get up twice about two o'clock to silence her dog.

JACK O'BRIEN FIGHTS DEAR WITH JOHNSON.

PHILADELPHIA, May 19.—Jack Johnson, the big colored heavy-weight champion, failed to win over Jack O'Brien, the Philadelphia light heavy-weight, tonight in a six round bout. The fight was even and the consensus of opinion was that it would have been a draw had a decision been permissible.

NO ARRESTS YET IN DALHOUSIE CASE.

Nearly a month has elapsed and yet there are no arrests in the Dalhousie mail robbery case, and it begins to look as if the Post Office department was not anxious to prosecute the matter.

The Post Office was promptly notified and visited Dalhousie. There they conferred with the local police and instructed Inspector D. Noble of the I. C. R. service to spare no time or expense to run the rubber down.

As his expenses would not be paid by the I. C. R. Mr. Noble was obliged to leave the case at that time. It appears as if the department, which loses nothing was not anxious to prosecute the case when it called for an expenditure of cash.

HARCOURT.

Harcourt, May 21.—Mr. Alex. Girvan of St. John on his return from a visit to Rexton friends spent Monday with his brother, Dr. R. G. Girvan.

Miss Katharine Sinclair, of Montreal, is in the village, the guest of her sister, Miss J. M. Sinclair.

Mrs. D. W. Clark entertained a large number of little folks on Saturday afternoon, the occasion being the tenth birthday of her daughter, Helen.

H. H. James, Richibucto, judge of probates for Kent county, is in the village today, looking after the estate of the late J. P. Dorothy.

Miss Maude Smallwood returned to day from an extended visit to Moncton friends.

Mrs. Richard Leet of Oldtown, Me., is here to spend the summer with her parents, Mr. and Mrs. Clarence Wry.

Among those in the village to spend the holiday are Miss Marion Dunn from the Ladies' College, Sackville; Gilchrist Allan, Dalhousie; Wm. Nicholson and Thos. McLean, from Millerton.

Mr. and Mrs. Theall of Plymouth, Mass., are in the village to spend the summer with the latter's parents, Mr. and Mrs. Campbell.

Mrs. Chas. Pascal and children of Cambridge, Mass., arrived in town today to make an extended visit with relatives.

Mr. Barnes Ward is here from Matapedia to spend the holiday with friends.

Mrs. J. D. Buckley, Rogersville, was a guest during the early part of the week, of friends in the village.

Mr. and Mrs. Wm. Morris left on Monday for Millerton, where they will in future reside.

Miss Lizzie O'Connor went to Coal Branch today to spend a few days with the Misses Swift.

His Lordship Bishop Richardson of Fredericton, will administer confirmation to a number of applicants in St. Matthew's Episcopal church on Monday evening, May 24th. On Monday afternoon a reception will be held in honor of His Lordship.

THINKS TWIN A GHOST

Murderer Confesses Murder When he Sees Brother of Victim.

ZACATECAS, Mexico, May 17.—Rendered insane by an unexpected meeting on the street the twin brother of a nephew he had murdered, Antonio Aguillar, believing he saw the ghost of his victim, fell on his knees, pleading for mercy and confessed his crime.

The murder of Eustacia Aguillar had been a mystery until the return of his twin brother Juan, who had been absent from home for years, led to the chance meeting with and prostrating effect upon his uncle Antonio. The uncle was taken into custody, apparently hopelessly insane.

"Think of it," says the Toronto Star. It is just thirty nine years ago last Tuesday since Canada paid the Hudson's Bay Company \$1500,000 for its rights in what was then called Rupert's Land. And now look at the Great West!

HEALTHY LITTLE CHILDREN CLAIMS \$25,000 DAMAGES

A mother should not expect that her children will escape all the ills to which babyhood and childhood are subject, but she can do much to lessen their severity and make baby's battle for health easily won. Baby's Own Tablets should be kept in every home where there are little ones. They are mothers' ever ready help and baby's best friend.

OBITUARY.

ROBERT GORDON.

The death occurred early Friday evening of Robert Gordon, one of Chatham's best known and most highly respected citizens. He was in his 91st year and is survived by three daughters, Mrs. George Robinson, Hamilton, Ont., Mrs. John Brander, Newcastle, and Miss Mary Jane, at home.

MRS. JAMES A. RANGLES.

The death occurred at her home, Greenville Junction, Maine, May 1st, of Mrs. James A. Rangles, leaving a husband and seven small children to mourn their great loss. Mrs. Rangles was formerly Miss Jennie Payne third daughter of Mr. and Mrs. James Payne, of Indian Gardens, Redbank. Interment took place in Greenville.

THOS. SHADDICK.

The funeral of Mr. Thomas Shaddick took place from his residence, Front Street, on Sunday afternoon at 2 p.m. Service was held at the house, hymn "Nearer my God to Thee" and "State in the arms of Jesus" were sung and a few appropriate words spoken.

The deceased gentleman was 64 years of age and will be missed in the community. Rev. J. E. Rowly officiated at the funeral.

WILLIAM JOHNSTON.

William Johnston, for a number of years accountant of the Bank of Nova Scotia here, and afterwards accountant at Anheuser, then manager of the Sussex branch, died at Denver, May 1st. Shortly after leaving in Sussex, Mr. Johnston contracted consumption and went to Muskoka for the benefit of his health. He went to Colorado over a year ago, but the change of climate did not benefit his health, and he passed away.

During his stay in Newcastle, the deceased won many friends who will learn of his death with the deepest regret. He was a native of Prince Edward Island.

JOHN CASSIDY.

The death of John Cassidy, one of Newcastle's best known and most prominent citizens, took place Thursday afternoon. Deceased was 67 years old. He was a native of Bonaventure county P. Q., but had spent most of his life here.

Early in life he learned the trade of ship blacksmith with Hon. Peter Mitchell. Then for fifteen years he was policeman here, then deputy sheriff for nearly nine years, when, about 20 years ago, he resigned on account of poor health and established a grocery store, which he conducted till his death. He had been in poorer health than usual since October, but was out last Sunday and only went to bed on Monday with his last sickness.

Deceased leaves a widow, formerly Miss Flora Astles, of Bonaventure; two brothers, Robert and William in Bangor, Me., a sister Mrs. James Cantwell, Campbellton and the following children: Mrs. David Sinclair, Chatham Head; Mrs. J. A. Stevens, Campbellton; Mrs. A. C. Allen, Mrs. George Cassidy, Robert, Howard and Thomas, of Newcastle.

Deceased was a charter member of No Surrender I. O. L. No. 47, and was for 48 years a Mason. The funeral services were held on Sunday afternoon, Rev. J. S. McArthur officiating at the house and grave, followed at the grave by the Masonic service, conducted by John Robinson Jr., and Mayor Miller assisted by 41 others of the fraternity present from Newcastle, Millerton, Chatham and vicinity.

The funeral procession was one of the largest ever seen here, some 200 men marching behind the hearse to do honor to the departed. The pallbearers were Messrs. Wm. Irving, James A. Rurdie, John McCullam, P. J. McEvoy, P. Hennessy and Thos. Russell.

ALBERT H. JARDINE, HURT ON I. C. R. WANTS SATISFACTION.

ALBERT H. JARDINE, a Chatham man, who was hurt on the I. C. R. train on May 1st, is still in hospital in Toronto. He is now able to get up and walk with the aid of a cane. He is still in Toronto, but is anxious to return home. He is now able to get up and walk with the aid of a cane.

BORDEN TO MAKE A TOUR OF THE WEST

OTTAWA, May 22.—Mr. Borden is expected to start on his tour of the West in a few days. He will visit the various provinces and territories, and will be accompanied by his family.

ENGLISH SPAIN LINIMENT

removes all hard, soft or calloused bumps and blisters from horse, blood-spavin, splints, ringbone, swelling, stifles, sprains, sore shins, swollen throat, coughs, etc. Save \$50 by use of one bottle. Warranted the most wonderful English Cure ever known. Sold by A. E. SHAW'S Pharmacy.

A NEW BRUNSWICK AUTHORESS.

Miss Marion Wathen, of Harcourt, Kent county, is one of the busiest New Brunswick authors and is devoting much of her time to writing stories and sketches for young people. Miss Wathen is well known in St. John, and friends in this city have probably noticed short articles by her in recent numbers of The Ladies' Home Journal.

She figures in the April issue with an article, How Children Are Often Hurt, and has also had articles or stories in March issues of Onward, Toronto; Playmate, Toronto; Pilgrim Teacher and Sunday School Outlook, Boston; The Jewel, Toronto; The Teachers' Monthly, Toronto, and Educational Foundations, New York—a pretty good record for one writer and evidence clearly of Miss Wathen's energy and versatility. One of these contributions, entitled Finding Ourselves, published in Educational Foundations, has attracted much interest and attention. A bright story, Outings of a Photograph, published in Onward met with such success that Miss Wathen is now extending it to book length as a story for young people, and it will no doubt receive a generous welcome from her New Brunswick friends as well as from lovers of good juveniles.

Miss Wathen is also appearing as a contributor in The Housekeeper, Minneapolis, and other western publications. Altogether, this New Brunswick authoress is a pretty busy woman and the number of her selections being accepted by standard publications is the best possible evidence that her work has quality.

All men are born free and equal; then their equality takes a vacation until the undertaker gets busy with them.

My stock is first-class and I will try to satisfy all who will give me a call. Newcastle, May 4th, 1909.

S. McLEOD.

OUR BASEBALL COLUMN

THE FIRST MASK.

BY WARREN R. BRIGGS.

NOTE: The author of this article is at the present time considered one of the country's leading architects, and has his home at Bridgeport, Conn.

The story of the introduction of any one of the many features which now make up the ball-players' battle regalia makes interesting reading at any time, and therefore, I write this in the hope that it will be appreciated by your readers as an authentic piece of baseball history.

In the year 1896, in a story in the New York Sun, Howard K. Thatcher, a practicing physician of Dexter, Me., wrote as follows:

"I entered Harvard University in 1874, and in that year played on the ball team, always catching. Henry Hooper, now a successful merchant in Boston, used to pitch for me, and he always delivered the ball overhand. He was very swift, and I always stood as near the bat as the catchers do now, though I had no protection for the face. I could dodge pretty well, and as curves were unknown, I could judge the ball to a nicety.

"In the winter of 1875, Ernst, a student at the university, thought he would try a new wrinkle, and started practicing the underhand throw, and discovered that the ball would curve. I had to catch for him, too, and I set about thinking how I could protect my face. I used to wear a rubber band over my mouth, but I decided that this was not enough protection for me. When we played our first game in the spring of 1876, I put on a mask which I had made from heavy wire. The edges were wound with leather, and I had a strap on the chin and another at the forehead. My elum, Fred Thayer, helped me to make it, and I confess it was a queer-looking thing. I was ridiculed for wearing it, because people thought that a catcher did not need any protection for his face. Consequently I put it aside, but Thayer stood by it, had it patented, and won many lawsuits against sporting houses who realized the value of the device, and sought to gain control of it.

About a month after this article appeared the following was sent in by James A. Tyng, who was at the time a resident of Bar Harbor, Me.

"As regards the story of the first mask your correspondent was not so far off in his dates. The first appearance was in the spring of 1877, not 1876 as he places it.

"I was at that time a member of the Harvard nine, and Thayer, who was captain of the team, wanted me to fill the position of catcher. To this my family were opposed on account of the danger, and I suggested to him the idea of having a mask made that would protect my face. He followed my suggestion, and a wire maker in Boston made me a mask which, although heavy and clumsy com-

pared with those in use at the present day, answered the purpose for which it was intended, and this mask was worn by me in the three remaining years that I played and caught on the nine.

Thayer took out a patent on the invention, and, according to rumor, made quite a sum of money on it, though I cannot say this as a fact.

Here are the facts as I know them.

In the spring of 1875, I returned from my studies in Europe and assumed my position as catcher for the Beacon team of Boston, at that time catching Beals, Hooper and sometimes Ernst. During the early summer of that year, the Beacons played several games with the Harvards, and I heard rumors at Cambridge of a face protector, or mask, that Fred Thayer, captain and third baseman of the Harvard team, was getting up, and which Thatcher, who was acting for Harvard at that time, was to use. Naturally I was interested in the new fangled protector, and went to Thayer's room sometime during the summer or fall of 1875, saw a working model of the device, and if I remember rightly, made some suggestions concerning it. Soon after this, either late in the fall of 1875, or in the spring of 1876, I procured one of these masks, of whom I cannot remember, but I think through Thayer, and I used it a little during the early games of 1876. I left Boston on the fifth of July, 1876, and came to Bridgeport, Conn., and have since resided here. I brought with me at that time the mask to which I have referred, and have it in my possession today, a relic of the past, and I believe, one of the first face protectors ever used. Later I saw Tyng using the same thing, but as I left Boston a year before the date he mentions and as I saw a model of the device some months before that time, in Thayer's room, I do not think there can be any doubt about the accuracy of my statement.

I had always supposed that the invention was wholly Thayer's, and an still firm in the belief that to him should be given all the credit for it. However, be this as it may, I know that I had and used a mask that is now in my possession in Boston in the spring of the year 1876.

The old relic, while it would look very peculiar if placed side by side with one of the protectors the backstops use these days, was none the less a complete protection, and fully answered all the necessary requirements. The mask is in a very good state of preservation, and if necessary could be used at the present time.

As regards to who wore the mask first, Tyng or Thatcher, there may be some doubt, though I believe the evidence favors Thatcher. There is one thing that cannot be questioned—the first mask was the invention of the captain of the Harvard baseball team of 1875—Fred Thayer.

REDBANK.

Misses Maggie Matchett and Della Nowlan were visiting friends in Strathadam last week.

Miss Bernice Sherard is spending a few days with Mrs. M. Hogan.

Mr. William Stewart has returned from Sullivan's drive looking none the worse of his career.

Miss May Tozer spent Sunday in Cassills, the guest of Miss Lizzie McTavish.

Miss Gladys McColm spent Saturday and Sunday at her home in Strathadam.

Mrs. Allen Nowlan, who has had a severe attack of Pneumonia, is now convalescent.

Mr. Wm. McLean paid a flying visit to Redbank Thursday evening.

Miss Annie Sutherland is staying with her sister-in-law in Lyttleton.

Miss Hannah Nowlan spent an evening with Miss May Tozer last week.

Miss Bertha Gain intends spending a few days here.

I always drive a GENDRON

Because every part of the car is built in the Toronto factory, and of the very best materials—the double curve springs cannot break; the specially welded wheels cannot warp; the tops are of the best satin for parasol and the best leatherette for hoods, and the body of finest wood or prime German reed. They're Canadian made, so if there should be an accident it can be easily and quickly remedied.

You can Always Get Home if you Drive a Gendron

Sold by all first-class dealers. Write us if your dealer doesn't carry them. GENDRON MANUFACTURING CO. Limited Toronto, Canada

BOWLER'S PACIFIC COAST TOURS.

Special Train Party to Leave Montreal on July 16th, via the Grand Trunk Railway Station.

Mr. E. C. Bowler of Bethel, Me., whose Pacific Coast tours have delighted so many people throughout New England and Canada, announces a special train tour to start from Portland and Boston on July 15. The route is via Montreal, Chicago, Denver and Colorado Springs. Two days, brim full of sight seeing, will be spent at the two latter points. From there the party will continue through the famous scenic route of the Denver and Rio Grande, through the Royal Gorge to Salt Lake City, thence to Los Angeles, San Francisco, Mt. Shasta, Portland and Seattle. Will be in Seattle for New England Day, at the Alaska-Youkon-Pacific Exposition, Aug. 5th.

The return trip will be through the Canadian Rockies, thence to St. Paul, Chicago and Niagara Falls. The route for the tour is one of the most cleverly selected, affording the most rare attractions and diversified scenery of any which has ever been advertised between ocean and ocean. Full information may be obtained by addressing

E. C. BOWLER, Bonaventure Station, Montreal, Quebec.

Bulk tea may leave the dealer a larger profit, but "Salada" Tea (packed in sealed lead packets) leaves a lasting and favorable impression upon the palates of all giving it a trial. Hence its enormous sale.

ABORIGINES OF AUSTRALIA

There are now 75,000 of the aboriginal population in Australia. Of this number there are about 20,000 in the colony of Queensland. Queensland has an elaborate system for looking after the welfare of the blacks by means of "protectors" stationed all over the colony to see that the natives are fed and clothed and shielded from interference of white people. Many of the natives are over six feet in height. Like most savages they are polygamists, but they are not cannibals. The natives under civilization have developed habits of economy and saving. They have made good progress in both reading and writing, but missionary reports state that teaching them arithmetic is hopeless.

AN IDEAL TONIC

And Blood Purifier is Mother Seigel's Syrup, made from roots, barks and leaves. It cures indigestion and Constipation, Regulates the Bowels, Tones the Digestive System, Imparts the Vigour and Vitality of Health to every Organ of the Body.

MOTHER SEIGEL'S SYRUP.

60 cts. per bottle. Sold everywhere. A. J. WHITE & CO., LTD., MONTREAL.

WHO IS

The Most Popular Employee OF THE I. C. R?

Beginning with this issue of THE ADVOCATE, until the 26th of June, next, a contest will be waged for the most popular employee of the People's Railway.

Below will be found two coupons. The first when duly filled in and accompanied by one dollar for a full year's subscription to THE ADVOCATE, in advance, entitles the sender to 100 votes for the candidate of his choice. The second coupon when filled in entitles the sender to one vote for the chosen candidate. This coupon may be sent in by any person, whether subscriber or not.

Any person whose subscription is at present in arrears, may, by paying all arrears and one year in advance send in one coupon No. 1 duly filled in for as many dollars as are remitted.

Coupon with remittance enclosed may be handed in at, or sent by mail to, the office of the publishers any time before ten o'clock on Saturday evening, June 26th, next.

Announcement of results will be made in these columns each week until above date.

The person receiving the largest number of votes will be presented with a handsome Morris Chair.

All employees of the I. C. R. and all retired employees are eligible for candidature.

COUPON No. 1	COUPON No. 2
This entitles me to 100 votes for Candidate.....	This entitles me to one vote for Candidate.....

DRIVING HARNESS.

Our stock of the above articles is complete and up-to-date, and our prices are within reach of all.

F. H. Gough's Blacksmith Shop, NEWCASTLE, N. B.

PRINTED STATIONERY.

It is as important that you use neatly printed stationery as it is that you dress well. Many People with whom you correspond judge you by the business paper you use.

WE HAVE THE MOST CORRECT STYLES.

The Advocate Publishing Company,

LANCASTER, ONT. CARRIED BY "FRUIT-A-TIVES"

These Wonderful Fruit Juice Tablets Are Winning Friends on Every Side.

Lancaster, Ont., Sept 16, 1908. I was a martyr for many years to that distressing complaint, chronic Constipation. I tried many kinds of pills and medicines without benefit...

At first, I took five tablets a day, but now I take only one tablet every two days. I am now entirely well, and thanks to "Fruit-a-tives" I give you permission to publish this testimonial.

(Madame) Zenobia Dornville.

It is only one more link in the chain of proof that "Fruit-a-tives" never fail to cure constipation or indigestion of the bowels. LOCAL NEWS.

A piece of Bathurst news which came to hand just in time to be crowded on this issue will appear next week.

John McEgan has started a wholesale and retail flour, feed and grocery business in his warehouse, Wellington street, Chatham.

Thursday being Ascension Thursday, special services were held in St. Mary's and St. Andrew's churches morning and evening.

Thieves entered the residence of the Rev. W. Dixon on the 18th and stole a quantity of provisions from his cellar, and took a small sum of money belonging to one of the servants.

The Rev. F. W. Fawcett of Japan will deliver an address in St. Andrew's church on Friday evening next at 7:30, on the subject of Japanese Missionary work, under the auspices of the Canadian Society.

The population of Newcastle was much reduced on Victoria Day. A large number of the people spent the holiday down river on picnics, many were away fishing, and dozens went to Chatham to see the Base Ball games.

Mr. F. H. Holmes of Cape Ozepo, was in town yesterday undergoing examination as a Methodist Theological Student. The examiners were Revs. A. D. McCully, Bathurst, Geo. F. Dawson, Chatham, and H. C. Rice.

The Newcastle Base Ball team here yesterday challenged the Chatham Stars to a friendly game to be played on Friday the 4th day of June, 1909. An immediate answer is requested. Address all communications to

W. J. McNEIL, MANAGER.

KENT COUNTY

HIGHWAY BOARDS.

The secretary-treasurers in Kent County under the new Highway Act are:

- Carleton—James Tweedie.
- St. Louis—Amadee Maillet.
- Acadieville—Philip Arseneault.
- St. Charles—Peter Babine.
- Richibucto—A. E. Carson.
- Weldford—D. Stothart.
- Harcourt—Wm. Buckley.

Fredericton horsemen have been active in promoting a series of mid-summer races for the Maritime Provinces, to follow the Fredericton meet and announce that they have been successful. The dates arranged are Woodstock, July 8th and 9th; Chatham, July 14th and 15th; St. John, July 22nd, 23rd and 24th; Sussex, July 30th. A few weeks in August are yet to be filled up. There will be fall races at Chatham, Fredericton, Charlottetown, Halifax, and either Sussex or St. John.

THE DRIVE.

Hon. Charles A. Oak stated on Friday that the Miramichi Lumber Company's drives are all coming out and are now in safe waters and that other drives on the Miramichi would also come out. The Miramichi Lumber Company's drive on Taxis River will be on this week, while the company's drives on the Sisters and Duncannon rivers are already out. Michael Welch's drive was in safe water Friday night. The Miramichi Lumber Company's total output this season is about 20,000,000 feet, and about half of last year's cut.

SUNDAY SCHOOL NEWS.

Mr. W. J. Matthews, Supr. of Education, N. S. Work. Fr. New Brunswick, will spend part of July in this country, visiting the following places in the interest of the work:

- Bathurst, July 7th; Dieppe, July 8th; St. John, July 9th; Miramichi, July 10th; Newcastle, July 10th and 11th; Chatham, July 11th; St. John, July 13, 14, 15, and 16.

The New Brunswick County Annual Convention, will be held at St. John, on the 2nd, and though the date has not yet been decided, the place will probably be Newcastle.

By order of the Board, H. S. A. CLARKE, Secretary.

A new Roman Catholic church will shortly be erected in Millerton.

Hickson's mill shut down a little before noon on Saturday, because of the breaking of a crank pin. Work could not be resumed that day.

Mr. Stevenson, who was manager for John F. McKane, has sold out part of his household goods, given up his house at the Bridge and will shortly leave Newcastle.

The eight year old son of Mr. Johnston of Redbank, went to Moncton last week to have his leg amputated. The little fellow cut his leg some time ago with a piece of wire.

CLERGYMAN RESIGNS.

Rev. J. A. Winfield has resigned his position as rector of Trinity church, St. Stephen, and has been appointed immigration agent for P. E. Island, and will travel in England to promote the interests of that province.

BASE BALL GAMES.

At Chatham, Monday, the Richibucto team beat the Chatham boys by 8 to 7. Loggieville and Newcastle juniors had an interesting game at Loggieville, the Loggieville players winning by 10 to 5.

HOTEL DIEU.

Rev. Mother Kane has issued the annual report of Hotel Dieu Hospital. During the year 365 patients were received into the hospital, and 567 treated as out patients. There were eighty-five surgical operations, all successful. The deaths during the year numbered only 19.

F. H. Gough has just received a carload lot of the finest carriages it has been the good luck of any man to receive. They are made by the celebrated McLaughlin Co., of Oshawa, Ont. Anyone wishing to purchase should call at Gough's blacksmith shop, 8 e. Avt.

THE ADVOCATE PUB-

LISHING CO., LTD.

H. B. Anslow, Campbellton; W. J. McNeil, Newcastle; T. H. Whalen, Newcastle; C. W. Anslow, Campbellton; and Mrs. W. J. McNeil have applied for incorporation as the Advocate Publishing Company Ltd., with capital of \$7000 in shares of \$10 each. The first three named above are to be provisional directors. They will take over and continue the publication of THE UNION ADVOCATE.

SACRED CONCERT

A sacred concert will be given in the Methodist church on Tuesday, June 1st, at 8.15 p.m. It is expected that in addition to the musical numbers, a very well known and popular reader will take part, but this cannot as yet be definitely announced. Mrs. Brown, Miss Atkinson and the Misses Crocker, who are leading vocalists of the occasion, are all well-known to Newcastle audiences, and are sure of a cordial reception. Miss Atkinson, who is the only singer from outside taking part, has greatly developed her art in the past few years. She possesses an unusual measure of artistic feeling, as well as a beautiful soprano voice and the combination rarely fails to charm. We have seen some very flattering press notices of this lady's power as a vocalist, from Quebec and elsewhere, and we shall probably have some of our own to add after June 1st.

The main idea in this concert will be the presentation of several famous hymns. Rev. H. C. Rice will speak briefly on the origin and history of each hymn in its turn. The choir, assisted by the soloists, and members of other choirs of the town, will then sing the hymns that has been described. The full program will be announced later.

When it comes to the real thing in complicated sensations the other countries are only childish imitations of France.

Why should those who write on Turkish affairs assume with so much confidence that the overthrow of Abdul Hamid ends, for good and all, the massacres of Christians in Armenia? One dark mind could scarcely be responsible for all these atrocities.

DIED.

At Lytleton, L. S. W., May 18th, James Somers, aged 79 years.

BORN

At Newcastle, July 23rd, to Mr. and Mrs. David Geikie, a son.

The Kind You Have Always Bought

Bears the Signature of J. C. Fletcher

The Patronage

enjoyed during the first four months of 1909 exceeded by far that of the corresponding months of any previous year.

We are the more grateful for this evidence of public favor as it was extended to us before the return of general business prosperity. Now that business is reviving we will try hard to deserve still greater patronage. Send for catalogue.

Christy Mathewson Says:

"The Baseball Magazine just touches the spot. Every true lover of Baseball and Out-Door Sport should read it every month."

THE BASEBALL MAGAZINE

CHRISTY MATHEWSON

Chockful of stories and action pictures, throbs with life from cover to cover. There are magazines that fill you up with a lot of "dead stuff" but The Baseball Magazine is just like the grand old game, alive, pulsating, energetic.

It tells you all about "Cy" Young, Fred Tenney, Frank Chance, and all the great players, just who they are, how they live, and all about them.

To get 100,000 new subscribers within the next month we're making this offer:

3 months' trial subscription Baseball Magazine . . . 45c Watch Fob . . . 95c

All for \$40c
