We don't ask you to encourage
home industry,—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High-
Grade in the leading cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS
We solicit out of town orders, which receive
our personal attention. The benefit of time taken
to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place
orders as far ahead as possible. Orders are filled
by us in the relation in which they are received,
and customers can always depend on our doing
everything in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEPARATE LINES INSURING PROMPT ATTENDANCE.
OFFICE HOURS—7 A. M. TO 6 P. M.

Make Work Easy

Wash Day is what you make it. If you wish
to lessen the labor of "Wash Day," see our stock
of Laundry Supplies, Washing Machines,
wringers, Wash Boards, Tub Stands, Boilers,
Irons, etc.

We have just received a large shipment of
Electric Irons from which we are selling for \$2.50
5.00, guaranteed for ten years

"FIT-RITE"

Applied to Clothing conveys a wealth of mean-
ing to the average man.

It tells in two syl-
lables exactly what he
wants and should in-
sist upon getting the
right fit in his clothes.

We cater to the
particular man. The
man who knows is
sometimes character-
ized as "fussy" be-
cause he insists, on
getting all he is pay-
ing for and is quite
within his rights in
doing so.

Not so with us.
Our specialty is sat-
isfying "men who
know" for they are
pleased and perma-
nent customers who
build the solid founda-
tion of a steady
growing business.

They appreciate
worth and come back.

ANNUAL SESSION OF TEACHERS' INSTITUTE

Meetings of Restigouche
Teachers Held Here Last
Thursday and Friday

The eighteenth annual sessions of the Restigouche Teachers' Institute were held here last Thursday and Friday at the Grammar School, with an enrollment of 41 including Dr. Carter, Chief Supt. of Education and Professor Peacock, Director of Manual Training, Sussex.

The Institute was formally opened on Thursday morning by Inspector Messereau, and addresses were delivered by Dr. Carter, Inspector Messereau, Director Peacock and Principal J. B. Carr of the Grammar School.

The members then viewed the work in the school, and in the afternoon were treated to a display of drill by the Cadet Corps under the command of Cadet Captain L. Gray.

Professor Peacock then gave an address on "Manual Training" emphasizing the need of a solid basis for the higher manual training being given in the lower grades.

Dr. Carter followed on the same lines and also showed the need of school gardens.

Miss K. McNair then gave a splendid paper on "How to train children to solve arithmetical problems." A discussion followed led by Mr. L. D. Jones, Dalhousie.

Later in the afternoon the members enjoyed an auto ride to Morrisey Rock which was thought to be "just the thing."

A public meeting was held in the Assembly Hall on Thursday evening, many interested in educational matters turning out to hear the speakers. His Worship Mayor Andrew was chairman, and he was supported on the platform by Dr. Carter, Professor Peacock, Inspector Messereau, Dr. Murray, His Honor Justice McLachlan, Mr. A. E. G. McKenzie and other members of the School Board.

The program was as follows:—
Address, Mayor Andrew
Treasurer, Miss Gallagher
Address of welcome, Mr. A. E. G. McKenzie
Address, Dr. Murray
Solo, Mr. H. W. Ferguson
Address, Inspector Messereau
Solo, Mr. R. J. Lavoie
Address, Dr. Carter
Solo, Miss DeCourvent
Address, Professor Peacock
God Save the King

The program was a most interesting one, all the speeches being well received and were touching a high note on educational matters. The establishment of evening or continuation classes was shown to be a vital necessity, and was brought very forcibly before the members of the institute and the school trustees by Dr. Carter and other speakers.

Friday morning's session was taken up with the appointment of committees and other routine matters, and the following officers were elected:—
President—Mr. L. D. Jones
Vice Pres.—Miss K. McNair
Sec'y Pres.—Miss Jennie B. Carter
The remaining members of executive being Miss E. Harquail, Mrs. J. B. Carr, and Miss A. McLachlan.

After the adoption of a resolution relating to next year's session, Mr. L. D. Jones, Dalhousie, read a paper on "Talks for Beginners," which was followed by a discussion taken part in by Dr. Carter, Inspector Messereau and others.

The Institute were in receipt of a telegram from Westmorland County Teachers' Institute conveying greetings, and an appropriate reply was forwarded.

Mr. Geo. King, Addington, then read a paper on "Geography," which was discussed at great length, led by Dr. Carter, Mr. L. D. Jones, Inspector Messereau and others. Two papers on "Best Methods of teaching spelling," one by Miss Duffy and one by Miss Jessie Currie were well received, as was Miss Fish's able paper on "Fads in teaching."

Mr. L. D. Jones then brought forward a number of resolutions, and moving votes of thanks, which were carried unanimously.

The question box was then opened, and the many queries answered by Dr. Carter, Inspector Messereau, Mr. King and Mr. Jones.

It was then arranged that the next meeting would be held in Dalhousie, the arrangements being left in the hands of the executive, and Inspector Messereau then declared the eighteenth annual sessions adjourned until their next meeting, and an interesting series of gatherings was once more over.

The teachers present at the Institute were:—
Aggie Andrew, Eldon
Lydia E. Campbell, Campbellton
Jas. B. Carr, " "
Jennie B. Carter, " "
Elizabeth Cook, Colborne
Jean E. Crawford, Campbellton
Jessie W. Currie, " "
Annie Dickie, Dalhousie
Mary E. Doyle, Durham
Sarah G. Duffy, Campbellton

Frances L. Fish, Campbellton
H. Gladys Gillis, " "
Annie M. Hamilton, Colborne
Ellie May Hamilton, Dalhousie
Grace Hamilton, not teaching
Emma Harquail, Dalhousie
Greta Hayes, Durham
Margaret Henney, Campbellton

TOWN COUNCIL MEETING TUESDAY

New Sewer to be Put Down
From Lansdowne Street
to Rosebury

A regular meeting of the Town Council was held on Tuesday evening, His Worship Mayor Andrew presiding. There were also present Councillors Alexander, Pinault, White, Ferguson and Quinn. The minutes of the previous meeting were read and confirmed.

A communication read from Mr. Wm. Curran, asking for refund of sewer entrance fee of \$10, which on motion was granted.

Reports from standing committees recommending payment of accounts were received and adopted as follows, Councillor White from Police and License committee, \$4.85; White from Electric Light committee, \$605.64; Quinn from Public Charities, \$31; Ferguson from Fire Protection, \$260.10; Pinault from Public Property and Streets, \$11.78; Alexander from Finance, \$12; Alexander from Water and Sewerage committee, \$847.77.

Councillor Quinn from Assessment and Appeals committee recommended that the application of John Parker, Sr., for refund of poll tax be granted. Report was received and adopted.

Councillor Ferguson from the Education and Improvements committee reported that there were two vacancies on the Board of School Trustees, Mrs. A. A. Andrew's term having expired in 1912, and Mr. D. F. Graham's in June 1913, and recommended that they be reappointed.

As there were some doubts regarding the dates of expiry of the Trustees terms the committee recommended that the terms of the several trustees expire as follows:—
A. E. G. McKenzie 1914
John T. Vautour 1915
Max M. Mowat 1916
Mrs. A. A. Andrew 1917
D. F. Graham 1918

Report was received and adopted.

Councillor Alexander presented report from the Water and Sewerage committee, first recommending that a new sewer be constructed from Lansdowne Street to Rosebury Street at an estimated cost of \$2700. This sewer would be 9 in. on Lansdowne Street and 15 in. diameter for the rest of the way.

The committee also recommended that the application of Mr. S. W. Dimock for W. & S. privileges and a 2 in. stand pipe for fire protection purposes be granted on payment of \$30 per annum. The report was received and adopted.

Town Solicitor McKenzie submitted deed of streets in the Helen Gerard property on which it was proposed to lay water and sewer pipes, and also hydrants for fire protection. The plan was approved by the council and ordered to be recorded.

On motion it was resolved to purchase plans relating to the town of Campbellton from the McMillan estate for the sum of \$50. It was stated that several of those plans were very valuable to the town, showing as they did the original layout of many of the lots in town.

The balance of cash due on the street lighting equipment recently purchased amounting to \$821.64 was ordered to be paid to the Canadian General Electric Company.

A request from the City Engineer of Moncton for a car load of hard coal was granted. This is required to try out their new producer, and the price was arranged so that the town would suffer no loss.

In answer to His Worship the Mayor, Councillor Pinault stated that the new town offices in the Murray building would be ready in a few days, and with regard to this the Police and License committee were authorized to procure two steel cells for the lock-up at a cost of \$285 complete.

Council then adjourned.

TWO WITH ONE SHOT
Moncton, N. B. Sept. 29.—A curious incident occurred at Beech Hill, near Pansey Junction recently. Two young men were hunting and came across two bull moose standing side by side in the woods. One of the young men took careful aim with a high-power rifle and fired. Both moose ran for some distance then fell down and died. When they were examined it was found that the bullet had passed clear through the heart of one and touched the bottom of the heart of the other. It is doubtful whether this feat has ever been duplicated in this province.

BOY'S CLUB HOLD
Contest Stores do a Rushing
Business—Friday Will be
Double Day

The Pony Contest goes on apace and its success has already been assured. The double day on Tuesday was a busy one for the ten merchants who are conducting this contest and it is expected that interest will increase as the weeks go by. Everyone is saving the coupons and contestants are using every endeavor to poll heavy votes.

In putting coupons in the ballot boxes do not forget to write the name on each coupon. Coupons in this contest can be had at the following places and are given for cash purchases of all kinds.
Thos. Wynn, The Rexall Store.
Geo. St. Onge, Groceries, etc.
Central Book Store, Books and Stationery.
J. F. Gallagher, Dry Goods and Ladies Furnishings.
Oak Hall, Men's Clothing and Furnishings.
A. E. Alexander & Sons, Hardware, Sporting Goods, etc.
Miss A. A. McIntyre, Millinery Store.
Irvine Floyd's Meat Market.
The Campbellton Graphic.

In the case of the Graphic 500 votes will be given for every dollar paid for subscriptions on regular days and 1000 votes on special days to be announced each week.

In every copy of the Graphic will be found a coupon good for five votes when exchanged at the Graphic office for regular coupons. If interested in this contest induce your friends to subscribe for the Graphic, every dollar counts 500 or 1000 votes.

Tomorrow Friday will be double vote day in all the contest stores.

In counting the coupons for the first period some names were found on coupons which were not on all lists. A contestant who fails to enter his or her name on ALL lists might just as well not poll any votes as they will not be counted.

Another rule which should interest contestants is the one whereby double votes are given for the payment of old accounts standing at least 60 days previous to Sept. 15th. On double days four times the amount paid will be given in coupons.

BOARD OF TRADE MEETING MONDAY

Lack of Houses for Renting
Purposes is Discussed at
Much Length

A meeting of the Board of Trade was held in Murray's Hall, President Harquail in the chair.

Secretary Reid reported that the committee appointed to prepare the literature for the publication of Messrs. Sells, Limited, had attended to that work and that the matter with negatives of ten pictures had been forwarded, and their receipt acknowledged.

The president reported that the committee to prepare a resolution in regard to mail service going west had done that duty and the resolution had been forwarded to the Postmaster General.

The By-law regarding the nights of meetings was changed from the fourth Monday to the fourth Friday of each month.

The committee composed of Messrs. Maclean, Alexander and Reid was appointed to take up with the Telephone Co. the matter of additional pay stations, in town and also one at Athol.

The matter of train service was again taken up. It was requested that the local express stop at Athol Siding. A resolution was passed authorizing the secretary to write Supt. E. Price to have this train make this stop. Also that a shelter be erected at Athol Siding.

The question of the scarcity of flats for rental was discussed but no remedy was advanced.

The Board endorsed the action of the St. John Board of Trade by passing a resolution asking the Railway Commission to prevent the discrimination against the cost of railway companies which carry passengers going west at a lower rate than they will carry them again to the east.

BOY'S CLUB HOLD
GOOD ENTERTAINMENT

Program of Sports Carried on
at Skating Rink Last
Monday

Last Friday evening the "Boy's Club" held a series of indoor sporting events at the skating rink which was kindly placed at their disposal by the management. A fair crowd turned out to encourage the boys and the events were all of a high class nature, the achievements of Llewellyn Gray being of special note. The judges of the events were Messrs Jas. P. Jodine, A. A. Andrew, and A. H. Ingram.

Result of Events
Senior—50 yd. dash—Llewellyn Gray.
Junior—50 yd. dash—Whitney Stevens.
Senior—1/4 mile—Stanley Fraser.
Junior—1/2 mile—Ingram McKennie.
Senior—hop, step, jump—38.9—Llewellyn Gray.
Junior—hop, step, jump—32.8—Whitney Stevens.
Senior broad jump—17.6—Llewellyn Gray.
Junior broad jump—13.9—Tris White.
Senior high jump—4.6 Llewellyn Gray.
Junior pole vault—4.10—Whitney Stevens.
Potato Race—William Fairbanks.
3 legged race—Fraser, Sullivan.
Suffragette race—Harry McLennan.
Sack race—Harold Clark.

The double day will be tomorrow, Friday. Next week the double day will be Tuesday. A large number of new subscriptions to the Graphic were entered last week. Every contestant can get a few subscriptions to the Graphic and every dollar paid means 1000 votes on double day. Buy your subscription and vote for your favorite.

GRAND OPENING OF NEW RACE TRACK

Good Racing Seen Yesterday
Which is Being Continued
To-day, Thursday

The opening of the new race track which has been looked forward to for a long time was brought off yesterday before a goodly crowd of interested sportsmen from the North Shore. The day was all that could be desired, clear, keen and dry and the track was in splendid condition. As one of the visitors said, "The management have done wonders in such a short space of time."

Three events were pulled off yesterday the 230, the Name race, and the Running Race, which provided a good afternoon's sport, the heats being all well contested. Today four events will be brought off the Free For All, the 3 minutes, the auto race, and the two mile men's race. From the entries made this latter race should be worth the price of admission alone. The officials for yesterday's events were:

Clerk and timekeeper, F. C. Lutz.
Starter, H. P. Doyle.
Judges, Messrs. L. T. Joudry, Geo. St. Onge and D. A. Stewart, M. L. A.

VIOLA REID NOT GUILTY OF MURDER

Verdict of Jury Approved by Crowd in Court Room

"Not Guilty" was the verdict returned by the jury in the case of Viola Reid, charged with the murder of her baby son, in the Circuit Court before Mr. Justice White Monday morning. The jury deliberated for an hour and fifteen minutes before a verdict was returned. When the finding was announced the crowd which had thronged the space behind the rail in the court room throughout the trial vented their approval by stamping vigorously upon the floor.

While the crowd had some strong circumstantial evidence against the prisoner, there were several weak points in the case, in view of which the verdict given this morning was almost a foregone conclusion. While witnesses testified to the arrival of Miss Reid at Fredericton Junction on April 16th with a heavy suit case and to the finding of the body of the child on the 28th, there was nothing to show where the body had been kept in the meantime. One witness, who was a doctor, said that decomposition would have set in a few days. Even if it had been shown that the body found was that of Miss Reid's baby, there was no evidence of its having a violent death, or if it had, that she had killed it.

It was late on Saturday before the addresses of Mr. P. A. Guthrie for the defence, and Attorney General Grimmer for the prosecution, to the jury were completed and accordingly the case was postponed until Monday morning. The jury was kept together during Sunday. When the court resumed, His Honor Judge White delivered his charge to the jury. Going over the evidence he indicated the points upon which the jury must judge. He emphasized alike the points made by the crown and the defence and reviewed the circumstances leading up to the arrest of the prisoner as indicated by the testimony. His Honor laid particular stress upon the finding of a small branch of hard-tack rooted to the ground in the dead infant's grasp. "Is it likely," he asked, "that as the crowd contends, the accused could clasp those little fingers about the stem in such a way that the grip would not relax? And even if this were possible, what motive could she have for doing so? She could not have foreseen the circumstances of the present trial and had she possessed the wit to make this attempt to manufacture evidence in her own defence, would she not also of had the wit to take the body into the woods and bury it where it would never be found, instead of allowing it to remain in so conspicuous a place? But these are questions that you must decide. You must weigh the evidence, decide what parts of it you will accept and what you will reject and come to a fair decision upon it."

His Honor concluded his charge and at twenty minutes to twelve the jury withdrew to deliberate. They returned at five minutes to one and the foreman, Mr. Alfred Burley, read the verdict of Not Guilty. Immediately a wave of enthusiasm swept the crowd of spectators behind the rail and for a few minutes the court was in an uproar, stamping of feet and applause indicating the approbation of the people. Miss Reid was the recipient of hearty congratulations from her counsel, Mr. P. A. Guthrie and her friends. Miss Reid has been in jail for some months awaiting trial and her release today will come as a distinct relief. During the progress of the trial, and even from the time of her arrest, public sympathy has been on the side of the accused and the verdict of the jury has met with general approbation.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headaches will disappear. For sale by all dealers.

FRANCE FIRST IN INVENTIONS

Credit Claimed for That Country by French Architect

What nation has created most of the marvels of modern science? A French architect, Mr. Hann, replies to this question in the following manner:—

The first practical automobiles were built by Serpollet and Levassor, about 1889, both Frenchmen.

The first dirigible balloon, able to resist the wind was built by Giffard in 1856. In 1883 the brothers Tissandier and in 1884 Ranard and Krebs built balloons which could be steered perfectly. All five were Frenchmen.

Another Frenchman, Ader, constructed in 1897 the Avion, the first heavier than air machine to leave the ground. This was built on the same principles as the aeroplane, which was later transferred completely and made practical by the Wright brothers, Americans, in 1904.

A Frenchman, Odier, built the first practical submarine in 1897.

The telephone was invented by two Americans, Graham and Bell, in 1876, and the phonograph by an American, Edison in 1877.

The elements of the cinematograph were discovered by a Belgian, Plateau, about 1856. A Frenchman, Marey, photographed the movements of living creatures about 1887, and an American, Edison, in 1895, invented the modern picture camera.

Lippman, a citizen of Luxemburg, discovered a process of color photography in 1891, and the Lumiere brothers, two Frenchmen, invented a practical method, which was entirely different, in 1895.

A German, Roentgen, discovered the X-rays in 1895.

Another German, Hertz, discovered in 1890 the Hertzian waves, which a Frenchman, Branly, about 1900, utilized in inventing wireless telegraphy.

A Frenchman, Moissan, manufactured diamonds and rubies in 1893.

Two French citizens, M. and Mme. Curie, discovered radium about 1900.

A Frenchman, Pasteur, in 1885 discovered and applied successfully vaccination against hydrophobia.

A German, Behring, and a Frenchman, Roux, discovered and applied an antidiphtheria serum and other serums.

CRUEL MURDER OF YOUNG BOY

Fiendish Crime for Which Man is Arrested on Suspicion

Philadelphia, Sept. 29.—A strong web of circumstantial evidence has been woven around Joseph O'Brien, the 37 year old laborer under arrest as a suspect in the murder of seven-year-old Israel Goodman, according to the police.

The boy's nude body was found Saturday on the links of the White Marsh Country Club several miles from his home in the centre of this city. In the O'Brien home, a few doors from the home of the murdered boy, detectives found a blue knit jacket, bloodstained and with the inside pocket torn away. The knit pocket found near the body of the child are of similar texture to the jacket, the police say.

O'Brien, who was taken into custody late Saturday night, was identified by a Coshohocken manufacturer as the man he had seen enter a car with a boy on Friday night and ride in the direction of the golf links. A number of boys living in the same neighborhood as the dead child told of trips to the park and other places on which they had been taken by O'Brien. He seemed unusually fond of children, they said, and frequently bought them ice cream and other delicacies.

The prisoner continued to protest his innocence of the crime, and declared he had spent the evening on which the murder had been committed sleeping in the park.

The murder was one of the most fiendish ever brought to the notice of the local police. The child's skull was crushed and his arms and back were badly bruised, the result, those who found the body believe, of being repeatedly dashed against the trunk of a tree under which the body was found. A string was drawn tightly around the boy's neck and his clothing badly torn, was found in a pile some distance from the body.

A Frenchman, Carrel, who settled in America, kept animal tissues alive after separation from the bodies in 1909.

The north pole was reached in 1909 by an American, Peary, and the south pole by a Norwegian, Amundsen, in 1911.

This list, drawn up by a Frenchman, therefore mentions thirty-two names (counting those mentioned twice as two), of which nineteen are French, seven American and three German.

It Needs No Painting
Amalite ROOFING
THE superiority of Amalite over all other roofing is apparent to anyone who uses it.
Amalite does away with all roofing troubles and unnecessary expenses because it is made with a real mineral surface which needs no painting.
It is durable, fire retardant, proof, steel, successful.
Don't buy any other roofing till you look up Amalite. Write to nearest office for sample.
Creonoid
General contractors can keep every kind of roof in perfect condition with Creonoid.
Everjet Elastic Paint
Everjet Elastic Paint is a new discovery. It is a perfect waterproofing material. It is made of rubber and all kinds of oils and is the best material for painting roofs, walls, and floors.

NO MAN IS SO PARTICULAR ABOUT HIS SUIT OR OVERCOAT AS WE ARE

He can't afford to be so particular. He can't afford to spend the hours and days and years in studying styles—selecting patterns—choosing buttons and linings.

We can. It is our business and our business life. We create, criticize, compare, in order that our styles, our work and our values will be beyond the criticism of the most particular man. Let us show you some of the Suits and Overcoats that are fully up to the criterion of the most particular man.

THE COOL FALL WEATHER IS HERE, ARE YOU READY FOR IT?

UNPARALLELED CHEAP PRICE SALE OF AUTUMN AND WINTER GOODS

Usually CHEAP SALES are made at the end of the season to work off "left overs" and "tag ends" of stock. But at this season, when new fall goods have just been placed upon the shelves, a genuine CHEAP SALE means an opportunity for everyone to get the newest and most seasonable goods at prices never before offered at such an early date in the season. This means DOLLARS SAVED for every householder who takes advantage of them.

Now is the Time to Purchase Your Winter Clothing
And Save Fifty Cents on Every Dollar

We have previously advertised Cheap Sales in the Graphic and the public know that we live up to our advertising. "Bargains for All" will be our motto, irrespective of profit.

SALE COMMENCES **SATURDAY, OCT. 4**
AND FINISHES **SATURDAY, NOV. 1**

At the present time our stock is large and complete, but at the prices quoted goods will move quickly, so come early to insure getting what you want. Extra clerks will be on hand to serve you promptly.

Ladies Fall and Winter Coats.

These are the latest style in heavy woolen cloth in fancy weaves. Made by the best makers. Good enough for any Campbellton lady. Other merchants are asking as much as \$25.00 for the same garments. As we have a very large stock of all sizes and styles we are offering them at a very close margin. Our marked down prices are:

Reg. \$22.00 coats for	\$14.60	Reg. \$20.00 coats for	\$12.25
" 18.00 "	10.75	" 13.00 "	8.00
Reg. \$10.00 coats for	\$5.25		

Ladies Heavy Winter Skirts.

Our new stock of ladies cloth skirts for winter wear is the best we have ever shown, and were bought at the right prices. To move them quickly we have marked them close.

Poplin Skirts	were \$6.40 now	\$4.00

HOUSING PROBLEM

At the last meeting of the Board of Trade the matter of houses to rent in the town was discussed by the members at great length. It was stated that several mail clerks are unable to get houses for their families and consequently have not been located here as was the intention of the postal authorities. Many others are in the same position of being unable to secure houses, and the matter should be taken up by some of the land owners. Small semi-detached houses or flats could be built of four or five rooms, able to rent at \$15 per month, and would give a good return for the money invested. There does not seem much use in trying to get people to locate in the town if we have nowhere for them to lay their head, and our own people should reap any benefit which may accrue from the building of these most necessary dwellings. It just means if we don't do it ourselves some outside building syndicate will come in and do the needful, and one more opportunity of doing good will be thrown away by our own townspeople who are able to do this thing themselves.

EDUCATIONAL

We commend our readers to a letter to the Editor which appears in this issue, and is worth more than a passing thought. Too much stress can not be laid on this great question of continuation or evening classes.

The average scholar has to hustle through school and get out to work, forgetting that instead of finishing his education when he leaves school he is really only beginning. Many of our young lads would welcome such a chance as this would give them, for it has been often noticed in the old country, that immediately a boy starts work, if he is at all thoughtful he begins to see how little he really knows, and the number of scholars enrolled in the evening classes in some of the big cities, is one of the greatest arguments in favor of the continuation classes. The technical classes are of immense value to any young man who is desirous of getting a thorough knowledge of his trade or profession, and there is no doubt that the Board of School Trustees will be alive to the benefit of these classes should such a necessity be shown to exist.

THE U. S. TARIFF

"Conditions with the iron and steel makers of England are reactionary at the present time after two or three years of exceptional activity," said Frank Samuel, the Philadelphia iron and steel merchant, discussing with a representative of The Iron Trade Review, his observations of the business situations abroad gained during an extensive tour of the British Isles, from which he has just returned. "Prices for iron and steel products are lower and the mills not so well engaged. Labor conditions in England are very bad affecting the business situation materially. Strikes in all trades and for all manner of demands, are numerous and there is general unrest among the employed class.

"One favorable factor at this time is the adjournment of parliament after a continuous session of two years. This will stop a certain amount of agitation on pending legislative measures which has been very detrimental to business."

Mr. Samuel is inclined to take a very conservative view of the possible effects of the new tariff upon American iron and steel makers. "I do not believe from my own experience and what I have observed abroad that the reduced duties on steel will have a material adverse effect upon the steel industry of this country. A buyer here much prefers to pay higher for American billets than undergo the uncertainties in taking German or English billets at a lower price."

Mr. Samuel believes the technical situation of ferro-manganese is strong. "The price of manganese ores abroad has gone up considerably. The low priced era of Russian ores is over. I don't know whether we shall ever again see as cheap ores as in the recent past," he says.—The Iron Trade Review.

TAXATION

The Toronto Globe says: "There is only one safe and sure way of making the land speculator pay his fair share of taxation. Were the vacant land already within the city limits assessed at its full value, and were the buildings assessed at a lower rate or not at all, the withholding of land from use would become unprofitable, and speculators would be glad to make way for builders."

If the good advice given by the "Globe" was followed out by Campbellton's civic rulers, great good would follow and less dissatisfaction and grumbling about unjust taxation would be heard. Commission government in the place of the present system is the only remedy.

COST OF LIVING TENDS UPWARDS

Wholesale prices moved upward in Canada again during August according to the Department of Labour's record, though only to a slight degree. The index number of 270 articles was 136.2 compared with 135.8 in July. In August a year ago it was only 133.3. The advance was due to higher prices in grains and fodders, eggs, potatoes, wool, jute, calfskins, lead and anthracite coal. At the same time there were somewhat lower prices for cattle, beef, butter, trout, whitefish, coffee, spelter, benzine, rubber and a few other articles. Comparing the month with a year ago, the chief increase are among animals and meats and the chief decreases among grains and fodders. In retail prices there was a general advance in eggs and butter and in certain meats. Rents were down somewhat sharply in several western cities, but were firm to upward in the east.

MORMONISM IN CANADA

There are few people in Eastern Canada who realize that Mormonism is one of the existing religions in the Dominion today. Yet this is not only the case, but a Mormon Temple on a grand scale is actually being built at a place called Cardston in South Alberta. Of course, polygamy is said to be not practised by the votaries of the Mormon faith in this country, but there is said to be considerable doubt on this head.

WAS TRYING TO REVERSE ENGINE

When Crash Came at Aulac—Only Survivor of Engine Crew Returns Home

Mr. Robert Sharpe, the sole survivor of the two engine crews involved in the smash at Aulac, on Tuesday last, returned to the city from Amherst on No. 15, C.P.R. express, Monday afternoon. Mr. Sharpe has been in the Amherst hospital ever since the wreck.

Seen at his home on Dufferin St., Mr. Sharpe gave a Transcript reporter the following account of the wreck:

"We left Amherst just a few minutes before the wreck occurred and rode all the way on the engine. I was sitting on the brakeman's seat between the boiler and the side of the cab. Just as we approached the curve, I turned my back toward the front of the engine and was looking across and into the cab.

"Colpitts had just put in a fire, and had climbed back on the seat beside me. He had scarcely struck the seat when he exclaimed 'My God, there's a train, look out!'

"He jumped down on the deck as he spoke and that was the last I saw of him. I grabbed the frame of the cab with both hands and held on, preferring to take my chance there, as I have a horror of attempting to get out the gangway in such an emergency, because the moment the engines hit they buckle at the gangway.

"As I grabbed the side of the cab, I looked over my shoulder and saw the corner of the boiler of the other

engine not four car-lengths away. Then we hit, and the shock threw me up against the boiler-head. Something seemed to hit me in the face, and then there was blackness during which everything was blank.

"The next thing I remember was finding myself hanging by one hand to a piece of wreckage, and I crawled out between twisted masses of iron and timber to the side of the track.

"Some farmers and a brakeman came up and carried me back to the van. The first person I met was a young man, not a trainman. My face was streaming blood and I must have frightened him, for he backed away, and then came back with the other fellows.

"The last I saw of Rushton, he had the lever in both hands and so far as I could see he was trying to pull her over. I didn't remember much from the time I got to the side of the track until I found myself in Amherst hospital."

Mr. Sharpe has a bad cut in the corner of his right eye, a cut in his left leg, a scald on his left arm, and several scalp wounds. He is feeling fine, but is still very weak. He speaks very highly of the treatment accorded him in Amherst hospital. Mr. Sharpe's home was a happy place this afternoon, when The Transcript representative arrived. Mr. Sharpe had only been home for about an hour, and after a week's anxiety the little children are naturally delighted to see their father safe home from a "trip" which had turned out so disastrously. To be the only one of six men to escape from two freight engines buried mountains deep under twisted iron and broken cars, is certainly an experience which falls to the lot of but few men in this world.

CUP HERE

The Strathcona Cup won by Cadet Tish White is here and is now on view at the White Drug Co. The trophy is both handsome and sure and should do much to further the enthusiasm for shooting among the Cadets.

FOR SWEET TOOTH

A five pound box of chocolates was voted by the Teacher's Institute, to the boys of the Cadet Corps who drilled in the school grounds last Thursday under the command of Cadet Captain L. Gray. The teachers were well pleased with the opportunity of seeing the work done by the Cadet Corps.

FIXTURES IN

Mr. Thos. Wran has got his complete fixtures in the store. The cases and silent salesmen were made by the J. J. McLaughlin people of Toronto, and the wood is of dark dull finish oak, and gives the store a particularly rich appearance, and is very telling with all the lights on, the effect is very telling.

THANKS

The Boy's Club wish to thank Messrs Andrew, Jardine, Ingram and McLennan for their kindness in acting as judges for the events and also those who donated prizes and the Club take this opportunity of publicly thanking Messrs Ingram and Miller for the free use of the risk during the summer months as well as on Friday evening last.

RECORDS

During the pastorate of nearly eight years of the Rev. J. H. Kirk at Dalhousie, there were over 90 deaths, 46 marriages, 137 baptisms, and 133 names added to the Communion Roll. At the last Communion Services 28 were received into membership, so that the work was blessed spiritually. It was also blessed financially for the first few years had deficits but the last four or five had surplus ranging from \$50 to \$280; and on leaving, Mr. Kirk was given by the congregation \$130 over his salary, besides each section gave a most touching parting address accompanied by a very generous gift.

MALCOLM-MONTGOMERY

On Wednesday, Sept. 24, the marriage of Miss Susie Reta McDonald, only daughter of Mr. and Mrs. Montgomery, of New Richmond, to John Hill Malcolm, manager of the Bank of Nova Scotia, North Sydney, took place at home of the bride's parents. Rev. G. F. Kincaid of Montreal performed the ceremony. The bride, who was given away by her father, wore a white chamoise gown trimmed with shadow lace, and carried a shower bouquet of bridal roses and white heather. Her only ornament was a pin of peridot and pearls set in platinum, the gift of the groom. The mother of the bride wore a black chamoise gown trimmed with royal blue.

Among those present were Miss Bessie Montgomery of Dalhousie and Arch Malcolm, of Largo, Scotland, brother of the groom.

EX-KING MANUEL'S BRIDE IMPROVED

Lisbon, Oct. 1.—A letter received here from Marquis Lavradio chamberlain to ex-King Manuel says, the bride of the latter, who is in a hospital at Munich, is slightly improved. He says the ex-King and his wife will shortly resume their honeymoon. Ex-King Manuel it is added, is constantly with the patient.

BIRTH

At New Carlisle on September 24th to Mr. and Mrs. Fred Main, a daughter.

A FEW REMARKS!

We ask for the floor for just a moment while we offer you a few Fall Shoe suggestions for your consideration.

Firstly—Of all the things you wear, man, woman or child, your shoes give you the best returns for the money invested in them.

A shoe that fits uniformly, lasts much longer than one where the wear falls all in one spot; and so you owe it to your feet and your purse to wear good fitting shoes.

Secondly—we offer you the advantage of a large stock to choose from and the service of salesmen that know how to fit shoes correctly and who are a real help to you in finding out just the shoes you want.

Thirdly and Lastly—You'll save time and money, and obtain perfect satisfaction and foot comfort if you buy your shoes here.

McRae's Shoe Store.

NEW ENGINES

Mr. George E. Evans, of E. Leonard and sons, Ltd., has just returned to St. John from Edmonton, where he installed the first of the 1x large engines built by his company for the Transcontinental Railway, to furnish light and power in their roundhouses. These engines are of English force-feed lubrication direct connected type and of most modern design.

TO INVESTIGATE

Richibucto, N. B., Sept. 30.—Mr. M. H. Nickerson, Inspector of life saving stations, is here to investigate the charges of neglect of duty on the part of the captain and crew of the local life saving station. The Review, the local newspaper, on several occasions has drawn attention to the flagrant neglect of duty of these men who are highly paid by the public to render assistance to vessels in distress.

OPPORTUNITIES ARE NEGLECTED

Many Money-Making Chances in Canada Overlooked by Investors

London, Sept. 27.—Mr. Beime, secretary of the Canadian Chamber of Commerce in London, interviewed respecting Leo Scheff's statements that Canada was full of chances, which were being neglected by British manufacturers, says he fully agrees with Mr. Scheff on every point. British manufacturers are hardly making anything of the marvelous opportunities of Canada, he said, the policy of the Chamber is to encourage Anglo-Canadian trade and the establishment in Canada of Branches of the British factories.

He says that the principal Canadian cities, asked as to what industries are most in request, have replied that there are industrial opportunities in practically every important town in Canada. Britishers contemplating starting factories in Canada would be amply rewarded by a visit to the Dominion. They should send commercial travellers and then open depots and finally factories. There is no doubt said Mr. Beime that financiers and business men were taking a more intimate interest than in the past, but they were still far from realizing their opportunities. Mr. Beime added that a permanent exhibition train through Canada would be established next year.

I.C.R. TRAINMEN MUST KEEP TIME

Bulletin From General Superintendent Anent Delay of Express Trains

The following bulletin has been posted for some weeks past at various points on the North Shore division of the I. C. R.—

Campbellton, Sept. 16 1913,

To all concerned:—

The General Superintendent writes as follows:—

"Our passenger trains, especially the express trains, Nos. 15, 16, 33, 34, 199 and 200, are still making wretched time and such reasons as 'heavy train and travel,' 'baggage and express goods,' 'meets,' 'lost running time,' etc. are given to explain such delays. These are not reasons and will not be accepted as reasons for losing time. You must get after these trains and the men who are running them, on both ends of the train, and give them to understand that, barring accidents, these trains must make their running time and if the men at present on these trains are unable to do so, you will have to ask your Master Mechanic to pick engineers who can and will do so."

E. PRICE,

Superintendent for a crossing train which is late in arriving.

Asked as to exactly what this order means, a Moncton engineer said to the Transcript: "It just means what it says, that no excuse except accidents, such as run-offs and break downs, will be accepted when trains are late. It doesn't make any difference if the engineer is delayed twenty minutes at a station while a car of fruit is unloaded. According to that bulletin he's either got to make up that twenty minutes somewhere or else another man will be put on the engine."

If I have to haul a passenger train which is too heavy for the locomotive, that doesn't count at all. I've either got to make up the time or else off comes my head.

It is simply urging us to reckless speed, under penalty of losing our passenger runs. You know what the result of reckless speed on the New Haven road was, and it would be the same here.

"In a nutshell, the drivers of the express trains are in this enviable position: If they run too fast, because of time lost through means over which they have no control, or because the train is too heavy, and a fatal wreck results, they are liable to indictment for manslaughter if they are lucky enough to escape with their lives. If they consider the lives of their passengers and do not run recklessly to make up time, Mr. Brady threatens to make them give up their express runs. Nice, isn't it?"

"However, they have not yet superseded any of our engineers, and I don't think they will try to do so. If they do, there will be some thing doing right away."

A book of 40 pages, fully illustrated. Tells you where to trap, what to trap, and how to trap. It is a book that every trapper should have. It is a book that every trapper should have. It is a book that every trapper should have.

Address: JOHN HALLAM, 111 Front St. East, TORONTO

FOUGHT ON WAY HOME FROM CHURCH

Winchester, Ky., Sept. 29.—Ellis Brandenburg was killed, and his wife and Ben White were fatally wounded, yesterday, in a revolver duel in the public road, near here, which resulted from a quarrel over efforts of White and his cousin, Charles Hollin, to drive past the buggy in which Mr. and Mrs. Brandenburg were riding. Hollin was arrested.

White and Hollin were on the way home from church, as were Brandenburgs. When White tried to pass the Brandenburg buggy his own vehicle was upset. Some words passed, and later when White and Hollin approached Brandenburg's buggy from the rear, it is said that the latter opened fire on them.

LETTERS TO THE EDITOR

The opinions of correspondents are not necessarily those of the Graphic. Communications to the editor must be written on one side of the paper only and must be accompanied by the name of the writer as an evidence of good faith. The editor reserves the right to without publication of any article which will not be returned unaccompanied by stamps for postage—Editor Graphic.

To the Editor of the GRAPHIC: Dear Sir: It appears to the writer that the citizens of this locality, who were not present at the public meeting in the school building last Friday night, missed hearing some very practical remarks in educational matters of interest to the welfare and culture of our community.

Most people would be benefited by the occasional use of Na-Dru-Co Laxatives. Gently, thoroughly, and without discomfort, they free the system of the waste which poisons the blood and lowers the vitality. 25c. a box, at your Druggist's. National Drug and Chemical Co. of Canada, Limited, 179.

It is not our purpose to try to enumerate the many good things that were told us on that occasion, but to refer briefly to one of the many subjects discussed.

The inauguration of night schools for teaching special subjects, such as mechanical drawing, book-keeping, stenography, typewriting, agriculture, music, etc., was dealt with at some length by the Chas. Supt. of Education, Dr. Carter and Prof. Peacock.

It seems to be the policy of the Board of Education of our province to encourage every effort in the part of communities like ours, to use the school buildings for these night classes, in order that those who are unable to obtain an education in the usual way may have an opportunity given them without interfering with their daily vocation.

These night schools in cities and towns of the United States have been very successful in giving an education to many, who, through the knowledge thus obtained have

GILLETTE'S EATS LYE DIRT

CLEANS-DISINFECTS

Marlin Big Game REPEATING RIFLES

The Special Smokeless Steel barrel, filed deep on the Ballard system, creates perfect combustion, develops highest velocity and hurls the bullet with utmost accuracy and mightiest killing impact.

The mechanism is direct-acting, strong, simple and perfectly adjusted. It never jams. The protruding wall of solid steel between your head and the cartridge keeps the rifle, shot, snow and all foreign matter from getting into the action. The side ejection throws shells away from line of sight and allows instant repeat shots always. New .33-caliber now ready.

Built in perfect proportion throughout, in many high power calibers, it is a quick handling powerful, accurate gun for 25¢ per gun.

De Marlin Firearms Co.

If you shoot a rifle, pistol or shotgun, you should have a copy of the Marlin Handbook. 160 pages of useful information for shooters. It tells all about cartridges, ballistics, powder and reloading tools for all standard rifle, pistol and shotgun calibers. It also tells you how to load your ammunition. This book is free to any shooter who will send three stamps postage to The Marlin Firearms Co., 48 Willow St., New Haven, Conn.

risen from the ranks to honorable and lucrative positions in the different trades and professions.

The adoption of the suggestions made by Dr. Carter would be an opportunity for many to obtain a technical knowledge along the lines of their vocation, at little or no cost, except the time required, which need not interfere with their daily work.

If our citizens are anxious to take advantage of what can be developed from the suggestions of the speakers on Friday night, no doubt our School Board would endeavor to meet the need, as such may be shown to exist.

A discussion in your columns of so important a subject would be profitable.

Yours
CITIZEN

Gurney - Oxford Baking Worthy of the Art of a Chef

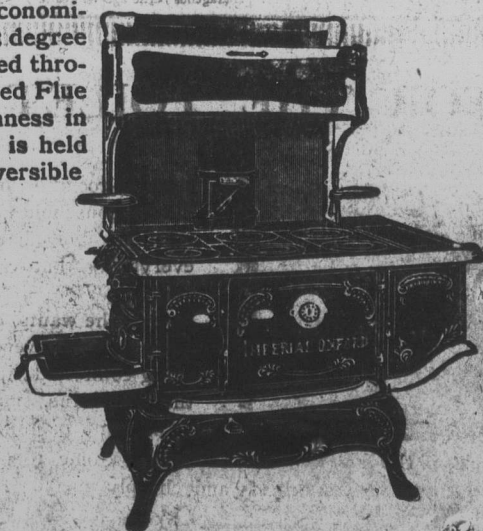

The average woman abhors having to spend all her time in the kitchen striving to accomplish some new dish in baking. But when she can have a range like the Gurney-Oxford, cooking becomes a pleasure and a fascination because of its consistent assured success.

The heat of the whole range is controlled by one lever, called the Economizer, with remarkable ease and effect.

The oven is entirely surrounded by a perfectly even heat of any degree required for any kind of baking. Pans of biscuits, light rolls, or cakes, all cook evenly with a delicate, golden brown crust without having to be constantly changed around next the heat as in other ranges.

This perfect Gurney-Oxford oven encourages a woman to attempt delicious and unusual recipes of her own invention. Her reputation for being a "splendid cook" is at once established.

The Gurney-Oxford Economizer regulates the exact degree of heat which is directed through the oven by a Divided Flue Strip with perfect evenness in every corner. The fire is held low on a Special Reversible Grate which burns every coal to a white ash. The castings are smooth, and the nickle trimming can be lifted off to be polished. The Warming Closet is big enough and strong enough to hold a whole dinner service.

This Gurney-Oxford is the range for women of to-day.

J. J. Fitzpatrick, retired member, Moncton, total disability, \$250.

Daniel Hennessy, laborer, Sydney, total disability, \$250.

In addition to the deaths above reported, the following named members of the Temporary Employees' Accident Fund died from the effects of injuries which they received while they were at work in the railway service:

Robert Bartlett, trackman, Truro, Sept. 5th, 1913.

Oscar Hingley, fireman, Truro, Sept. 23rd, 1913.

I. W. Banks, brakeman, Truro, Sept. 24th, 1913.

The fees and levies for the month are \$2 in Class A, \$1.20 in Class B, and 80c. in Class C.

EXPECT LUMBER TO EQUAL LAST YEAR

Operators Getting Their Plans Formulated—Crews Being Engaged

Fredericton, Sept. 26.—Indications are now pointing to a lumber cut at least the equal of that of last year and perhaps larger on the Upper St. John river this winter.

Many of the operators are getting their plans for the season formulated and crews are being engaged now for the season. The prevailing wages are from \$26 to \$32 per month, which is about the same as last year for the long season.

Harry McClary, who was the first operator to start from here for the Upper St. John water, left with a second crew of men for his operations Randolph & Baker on Green river. Arthur Noble, of this city, is preparing for a cut of about fifteen million feet on the Upper St. John for the Stetson-Cutler Company, making his operation about the same as last year. His father, W. J. Noble will be associated with him.

Reports as to other sections indicate a fair sized cut of lumber in the province. The Restigouche cut will it is said, amount to about 165 million feet, made up as follows:—

The Shives Lumber Co. and the Richards Manufacturing Co., which are controlled by the Stetson-Cutler Lumber Co., are to cut about 35,000,000 each.

The W. H. Miller Co., Ltd., will cut 20,000,000 for the mill at Campbellton.

The Dalhousie Lumber Co., which has a mill about sixteen miles below Campbellton, will cut 30,000,000.

The Chaleur Bay Mills, which are located on the opposite side of the Bay of Chaleur from Campbellton will cut in the vicinity of 25,000,000 feet.

The B. A. Mowat Co., of Campbellton, plans to take out about 20,000,000 feet.

DUNLAP PONY CONTEST

EVERY CHILD HAS A CHANCE. The contest embraces one of the most liberal offers ever presented exclusively to the little folks of Campbellton, and will afford them an opportunity to develop their hustling propensities and at the same time win a splendid reward. The Pony outfit is not to be given to the prettiest child, nor the ugliest or best of either. It will be given to the boy or girl who can hustle. Every child under the age of sixteen years has the same chance.

THE PLAN

The plan is as simple as the offer is liberal. Any child can understand it after a few minutes' explanation. During the contest the business men who are participating in this trade-booming carnival will give Pony Votes on all cash purchases and for the payment of old accounts. With every five cent purchase a five vote coupon will be given. With every ten cent purchase a ten vote coupon will be given. With every twenty-five cent purchase a 25-vote coupon will be given. With every dollar purchase a hundred vote coupon will be given. With every ten dollar purchase a thousand vote coupon will be given to the amount of any purchase made at these business places during the contest. The contest will last for thirteen weeks, ending Dec. 24th. The Pony, Vehicle and Harness will be given to the child who gets the most votes during the contest. Should two children tie for first place \$300 in gold will be divided equally between them. A pretty liberal present, isn't it.

HOW TO ENTER

Any boy or girl can enter the contest by going to all of the above named places and enrolling his or her name in the contest registry book. Or if preferable the contestants can have their parents or some friend do the enrolling for them. Each of the little contestants will be given some printed matter to assist them and the plan will be thoroughly explained to them.

HOW TO VOTE.

On every vote coupon given out by the business men who are in the contest is a black line on which can be written the name of the child voted for. These names should be written plainly.

WHERE TO VOTE

There will be ballot boxes at each of the places interested in the contest. They will not be opened until the contest is over. No contestant can thus find out how many votes another contestant has, and as a result the contest is bound to be fair and above board throughout.

BLUE AND DISCOURAGED

Mrs. Hamilton Tells How She Finally Found Health in Lydia E. Pinkham's Vegetable Compound.

Warren, Ind.—"I was bothered terribly with female weakness. I had pains and was not regular. My head ached all the time, I had bearing down pains and my back hurt me the biggest part of the time. I was dizzy and had weak feelings when I would stoop over. It hurt me to walk any distance and I felt blue and discouraged.

"I began taking Lydia E. Pinkham's Vegetable Compound and in a few days I was in good health. If it had not been for that medicine I would have been in my grave a long time ago."—Mrs. ARTIE E. HAMILTON, R. F. D. No. 6, Warren, Ind.

Another Case.

Edmond, R. I.—"I write to tell you how much good your medicine has done me and to let other women know that there is help for them. I suffered with bearing down pains, headache, was irregular and felt blue and depressed all the time. I took Lydia E. Pinkham's Vegetable Compound and commenced to gain in a short time and I am a well woman today. I am on my feet from early morning until late at night, running a boarding house and do all my own work. I hope that many suffering women will try your medicine. It makes happier wives and mothers."—Mrs. ANNA HANSEN, Edmond, Rhode Island.

LIVERY STABLE.

I am prepared to take picnic crowds to any part of the surrounding country, as I am fully equipped with hacks, also double seated, rubber tire waggons. (Something special). 4 rubber tire, single waggons, all new, and good horses to draw them.

The Original and ONLY GENUINE Chamberlain's Cough Remedy

SHOEPACK CO. WINS GOLD MEDAL

One of the gold medal winners of the Fredericton Exhibition was the Palmer-McLellan Shoepack Co., whose exhibit is attracting much attention at the local fairs. This Company received this distinction for their Shoepacks and leather of which a large exhibit is shown. One of the features to which they call attention is the method recently devised of making the non-slip or draw-string shoepack, a pack that is meeting with a ready sale because of its excellent features. The Company is now manufacturing a riding boot for lumbermen in the moccasin style with drawstring.

Their shoepacks fill all the needs of the lumberman, farmer, sportsman and are carried in suitable sizes for men, boys and children. Recently two carloads of their goods were sent to the States where a very lucrative trade is working up. The Company's representatives across the line being the Clark Hutchinson Co., of Boston, the largest shoe jobbers in the States, who are introducing the Palmer-McLellan Shoepack in every state in the union.

The Company also emphasizes the fact that their manager is Mr. Jno. Palmer, the Originator of the Palmer Shoepack, who is associated only with the Palmer-McLellan Shoepack Company.

KILLED BY CARELESS USE OF REVOLVER

Distressing Accident on North Shore

Chatham, N. B., Sept. 29.—A most distressing accident occurred late last night near the Grand Downs, whereby John Blaine, aged 21 years, the only son of his widowed mother, Mrs. Annie Blaine, of Ferryville, lost his life.

The young man was with William Currie in a team, and while passing a revolver to his companion it discharged and the bullet buried itself in his body. He died before his companion could bring him home.

The deceased who is a most estimable young man, is survived by his mother and two sisters, Miss Jean Blaine, of Messereau's studio, and Miss Mildred Blaine, of the Newcastle exchange. The account of the terrible accident, as given by Will Currie, who is himself in a state very near collapse, showed that the young man had taken a drive that evening, and had with them the revolver belonging to Will Currie's brother, in case they came across any small game while on the way. They had taken the cartridges out of the revolver before they entered a house on the Grand Downs, and on getting into the carriage young Blaine reloaded the revolver and started to pass it to his companion just how the accident happened is not exactly clear, but they both agreed that as John handed the gun over he held the butt first so that the barrel pointed at his own body. As Will Currie took the gun, it is thought that he pressed upon the index finger of young Blaine's hand, which was in front of the trigger. The hammer had been left suspended and the slight pressure on the trigger brought it down and the bullet entered the unfortunate young man's stomach. He did not lose consciousness and asked Currie to drive him to his own or Currie's home. Once on the way up Currie asked him how he was, and young Blaine replied that he was not suffering much, but felt certain he was going to die, and wanted to reach Currie's home first. About opposite Bartibogue he said that he felt cold, and young Currie placed his own coat around him. He said nothing further, and in a short time must have passed away. He was dead before young Currie could reach his home.

Dr. Duffy was summoned and responded at once, but could do nothing.

The young man was a member of L. O. L. No. 90 and was well liked

A GREAT BELIEVER IN "FRUIT-A-LIVES"

Well-Known Ontario Merchant Has Faith Because of Its Success in His Own Case.

MR. JAMES DORSON

BRONX, Ont., March 1st, 1912.

"Fruit-A-Lives has made a complete cure in my case of Rheumatism, that had at least five years standing before I commenced the treatment. The trouble was principally in my right hip and shoulder; the pain from it was almost unendurable. Not being able to sleep on that side, if I changed to turn on my right side while asleep, the pain would immediately awaken me. This kept up until I started taking 'Fruit-A-Lives'. I started by taking one or two tablets with a large glass of water, in the morning before breakfast and experienced pronounced relief very shortly. After a continued treatment of about six months, I was cured and am now in fine health. This I attribute to my persistent use of 'Fruit-A-Lives' and I heartily recommend your remedy to any Rheumatic sufferer."

JAMES DORSON, 601 St. John St., Montreal, P. Q.

Illustration of a box of Fruit-A-Lives.

ESTABLISH FARM FOR DEMONSTRATION

Doaktown, N. B., Sept. 29.—Kenneth M. Fiske, of the staff of the Conservation Commission, Ottawa, has been in this vicinity for several days making a farm survey with the idea of establishing one of the demonstration farms being conducted by the commission in all parts of Canada.

The agricultural possibilities of Northumberland were strikingly demonstrated at the recent Chatham exhibition and the attention of departmental authorities has been attracted by the excellent display. It is something of an coincidence that Mr. Fiske's brother, S. M. Fiske, of Florenceville, N. B., is also in the county on a similar mission, acting in the field crop competition.

Discussing the report sent out regarding the potato crop in Algoma, Ont., yielding 400 bushels to the acre, Mr. Fiske said this hardly surpassed the crops which he had seen here, as one of the winning farms turned out eighteen good potatoes to the hill.

THIS IS A HOME DYE THAT ANYONE CAN USE

CHRYSLER DYE

The Guaranteed "ONE DYE" for All Kinds of Dyeing.

Uncle—Bobby, if you're a nice, quiet boy this afternoon I'll give you a cent.

Bobby—No; I want a nickel.

Uncle—Why, you young rascal, you were quite satisfied to be good for a penny yesterday.

Bobby—I know; but that was a bargain day.

"Odd that we call this an elevator when it's descending."

"What would you call it, then?"

"An elevator—that's something that lowers us in a physical way, you know."

by all who knew him. His early death and the tragic manner of its advent has caused a profound sensation throughout the community and deep sympathy is expressed for his widowed mother and sisters.

JOURNALIST TO BE MAGISTRATE

(Fredericton Mail)

A whole lot of people are wondering who is to succeed Col. Marsh as police magistrate of Fredericton. Several names are mentioned in Tory circles but according to the best information the position has been promised to Mr. George Bidlake, editor of the Newmarket Advocate formerly of this city. Mr. Bidlake claims to have had considerable legal training in the "Old Country" and is being backed up for the position by Hon. H. F. McLeod. So far as can be learned lawyers of the Tory faith here are not anxious for the position and a young man named Hayward living in Carleton county, who was offered it, turned it down.

Hon. Mr. McLeod is on record as saying that Mr. Bidlake has the "political qualifications" for the job, but we presume is all the qualification required.

CAHAN-BRENNAN

A pretty wedding took place at the church of The Holy Family at Bathurst Village on Tuesday morning Sept. 9th when Miss Gertrude Brennan was united in marriage to James Cahan, a popular foreman of the Intercolonial Railway.

The bride was becomingly attired in gray, white, and with ostrich plumes and carried a pearl Rosary. She was attended by Miss Alice Boyle. The groom was supported by Mr. Leonard Brennan.

The happy couple left on the Ocean Limited for a wedding trip to Montreal and other Canadian cities. Their many friends join in wishing them many years of happiness.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers.

DUCHESS MAY RETURN TO CANADA

Expects to Come Back After Her Son's Wedding

London, Sept. 29.—The Duchess of Connaught has so far recovered from her two operations, that she now motors much in Bagshot Park every day. This strengthens the hope that she will be able to return to Canada with the Duke, after the wedding of her son, Prince Arthur, and the Duchess of Fife, but she will not be able to take an active part in social affairs at Ottawa, during the winter, and her daughter, Princess Patricia will take her place. The question which has troubled society for some time as to how ladies should dress for the wedding of Prince Arthur of Connaught and the Duchess of Fife has been settled. "Saint-cout" toilettes will be the proper thing. These will be white court gowns cut low in the back and front, with short sleeves but no trains, veils and feathers, which will allow the wearing of diamond tiaras and other hair ornaments, but colored stones are not permissible in the day time.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar of Saratoga, Ind., "and consider it the best on the market." For sale by all dealers.

The church militant, my son, means the church engaged in warfare.

"And are the canons what it fights with, pa?"

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. F. H. Bogen, of Wilson, Pa., who says "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cold there is nothing that excels it." For sale by all dealers.

She—Did you have any trouble with your French when you were in Paris?

He—I didn't, but the Parisians did.

Flour is essential but it is not your work!

Flour varies from time to time in baking quality. This is because wheat continually varies according to soil conditions, etc.

Therefore, if baking results are to be constantly high, baking tests are essential. It is unreasonable to expect you to make these tests at your expense.

So from each shipment of wheat delivered at our mills we take a ten pound sample. This is ground into flour. If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

By simply asking for **FLOUR** bearing this name you can always be sure of more bread and better bread.

"More Bread and Better Bread" and "Better Pastry Too"

HIGH GRADE Ladies' & Men's Tailoring

Parisian and New York Styles. American System of Workmanship. Always in stock a large variety of Fancy Suitings, Blacks and Blues and the Famous "Perfection" English Broadcloths.

The LAME BACK

By MORACE HAZELTINE

Rime shots Echo in the Woods. Of covering even a fifth of the horror I experienced at Cameron's disclosure I am high hopes. The more we discussed the occurrence the less acceptable it seemed of explanation. And what is so terrible as the inexplicable? Here, apparently, was an array of calm and cunning malignity, who chose to manifest his power in a manner almost ludicrously purposeless as it pointed its brilliant finger to some dire and inevitable sequel yet with such crafty secrecy as completely to mystify and dismay.

Cameron showed me the mutilated portrait. He had taken it down almost immediately, and had hidden it away in a closet of the hall behind an array of raincoats. The cutting had been done, evidently, with an exceedingly keen blade, and very dexterously done. But that it should have been accomplished in twelve minutes, while Cameron sat in the room, not fifteen feet distant, was beyond our comprehension. Absorption in his book was the cause of my not seeing that that was scarcely tenable. For there was the crowded top of the bookshelves. To cut the canvas, the vandal must either have stood upon that or have feared a ladder. There was no room for the foot of a child on the shelf-top; and as for the ladder, it was unthinkable. How could a ladder have been carried in and out without Cameron being conscious of it? From every possible angle we viewed the incident, making every conceivable contention, and no halfway plausible answer to the riddle presented itself. And though our common-sense told us that the time of miracles was long past, that no Gyges' ring nor Alibi's cloak survived to this day to make invisible their wearers, there persisted, nevertheless, a faint, uncanny sense of the supernatural, quite evident to me in Cameron's hushed voice and furtive manner, and in my own unwelcome nervous disquietude.

We sat very late. I, indeed, if possible, to leave it at that. But my friend's life had done much to engender an enmity to which these strange developments could be traced—whether, for instance, in the hot blood of his youth in some far land he had provoked the vengeance of one whose humor it is never to forget. As I talked I came to know Cameron better than I had ever known him before. He bared to me much of his early career; he gave me a clearer view of his temperamental qualities; and yet I could not but feel that he had the vital point untouched, perhaps, beneath his smiling, friendly, friendly hidden, shielded, some one episode, perhaps, which might let the light upon our darkness. For my question was evaded rather than answered. Presently, I went back to the letters and dissected them, coldly and critically, sentence by sentence, and while the weird influence which they had exerted upon me at the first reading increased, stimulated, possibly by the incident of the portrait, still we reached a certain practical common-sense view as to their origin; for we came to see in them what we believed to be the hand of a religious fanatic. Certain expressions, we concluded, were quotations. If they were not Biblical, they were verses of sacred genius. And the discovery was not reassuring. It lent, indeed, an added prick to the perturbation we already experienced.

Nor did the absence of a specified date for the second promised demonstration of power tend to relieve our uneasiness. In this silence we found the acme of cunning cruelty. Any day, at any hour, some other mystifying, soul-torturing incident was able to occur.

I tried to argue that the seventh day was implied, inasmuch as the second note was received on the same day of the month as the first, and was a mere continuation of the original threat. But my contention lacked the intrinsic strength which carried conviction, and, as Cameron put it, we could only watch and wait; for the communications offered no alternative. They made no demand which being complied with would avert penalty. Only implacable and inevitable retribution, calm, patient, and detailed, streamed from every line.

But, in spite of Cameron's evident anxiety—and in using that term I am very mildly stating his obvious condition of mind—he sternly refused to consult either the police or the private detectives.

"You may not know," he explained, "that I am largely interested in a certain line of industrial enterprises, the shares of which are listed on the New York Stock Exchange. Should the public become aware that my life is threatened, very serious consequences might ensue in the market. No, Clyde, whatever is done, must be done by ourselves, and by friends whom we can trust absolutely. I can take no risk of this being thing being laid out in the newspapers. Besides," he added, with a kindly, contemplative smile, "Evelyn must be kept in ignorance. Not for worlds would I have her trou-

"I have found an answer," I cried, while he was still fifty yards away.

He raised his brows in question, and the hound, with open jaws, flung his wrist.

"I had a horseback ride before breakfast," he told me, as he shook his hand. "Then I spent an hour at the kennels. We've a fine new brood of collie puppies. You must see them."

"I want to," I returned.

"What do you say to tennis?" he suggested, irreverently. "Just a set. It's a fine morning for tennis."

"If you can lend me a pair of shoes," I consented, glancing down at my boots.

"A dozen pairs," he smiled. "Come up to my dressing room. Louis will fit you out."

I was scarcely prepared for this change in my friend's mood, and far from happy over it. He was evidently determined to ignore the subject that had so engrossed us the night before, hoping to find success of harassing thought in a restless round of activities.

The condition was a morbid one which I believed, should be disregarded; the more so as I possessed what I fancied was a perfectly practical solution of that which hitherto had seemed to us an inexplicable phenomenon. And I was a little annoyed, too, that my good tidings should be thus disregarded.

(To be continued)

The most remarkable Cough and Cold Medicine ever discovered. Stops a cough, relieves asthma and bronchitis. 108 Nox A Cold is sold at 25c and 50c per bottle at all drug stores.

Factories Come Because of Tariff

How the Canadian Policy of Moderate Protection Brings Industries

If the American manufacturer establishes a branch, let us say in France or Germany, he may do so because he has to meet the powerful tariffs and demands of a people who want the article made there, or at least in a different way from what

the American manufacturer can produce. He may also be influenced by the convenience in distributing to a country on the other side of the world from his factory.

But he is not compelled to establish a branch factory in Canada by the above reasons. One of which may be affected by the case of companies upon another continent. He has an identical constituency in Canada and the United States. When he comes to Canada he has no constituency differently to that of his possible market or demand. So far as possible, his trade is concerned he has no difficulty in selling in Canada what he manufactures in the United States.

Neither have we observed any oceans three thousand miles wide between the United States manufacturer and the Canadian consumer. The manufacturer can distribute to Canadian customers just as conveniently from Boston or Minneapolis as he can from Halifax or Winnipeg.

It is moderate protection which preserves the Canadian home market. The American manufacturer says that they build factories here because they cannot manufacture in the United States, pay the duty and compete in the Canadian market with the Canadian manufacturer. They probably know what they are talking about.

NASHES CREEK

The death of Mrs. Jno. Haley, a highly esteemed resident of this place, occurred at her home here on Wednesday, Sept. 17, about 11:30 P. M.

Deceased was sixty-six years of age and although ailing for some time, was confined to her bed only a short time before her demise.

She is survived by four daughters, Mrs. Jas. Landry of this place, Bertha, Duluth, Mich., and Kate and Ada at home, and two sons, Jos. P. of Elwood, Iowa and Jno. at home.

Her husband, Mr. Jno. Haley, died two years ago.

The funeral took place on Saturday morning, Sept. 20, and was largely attended, interment being made in St. Joseph's cemetery.

The whole community join in extending their sincere sympathy to the bereaved family.

Miss Mary Chancy, is the guest of Miss Kate Haley.

Miss Amelia Lawlor and Kate Nolan of Point La Plante, attended the funeral of Mrs. Jno. Haley last week.

Among the teachers from this place who attended the "Resignation Co. Teacher's Institute" were Misses Doyle, Hayes and Winton.

Mr. Thos. Hayes spent Sunday in Dalhousie.

Mr. Bryan LaPointe, after spending a two month's vacation at his home here, returned to his duties at St. Mary's.

The Misses Bertha and Ada Haley left on Monday for Duluth, Mich. They were accompanied as far as Montreal by their brother Jos. P. who was returning to his home in Elwood, Iowa.

Mr. Paul Doyle spent Sunday in Bathurst.

Miss B. Power of Bathurst spent a few days here visiting friends.

Mrs. and Mrs. A. J. LeBlanc and daughter Marie of Dalhousie spent Sunday here.

Mr. Jno. E. Hickie spent the week-end in Campbellton.

Miss Emma and Alice Miller spent Sunday with their parents here.

Miss Evangeline Tournier, Beldune, was the guest of her sister, Mrs. T. A. Landry.

Mrs. Thos. Loane, Beldune, spent a few days with her mother Mrs. J. Black.

Mrs. Thos. Hayes and daughter Ireta accompanied by Miss B. Power spent Sunday in Charlottetown.

H. E. Perry, Campbellton, spent Thursday here.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

A Scotchman was strolling through the market place in Glasgow one day and close at his heels followed his faithful collie. Attracted by a fine display of shell and other fish, the Scot stopped to admire, perhaps to purchase. The dog stood by, gently wagging his tail, while its master engaged the fishmonger in conversation.

Unfortunately for the dog, its tail dropped for a moment over a basketful of live lobsters. Instantly one of the largest lobsters snapped its claws on the tail and the surprised collie dashed off through the market, yelping its pain, while the lobster hung on grimly, though dashed violently from side to side.

The fishmonger stood for a moment speechless with indignation, then, turning to his prospective customer, he bawled:

"Mont! mont! whist! to yer dog; whist! to yer dog!"

"Hoos, mon," returned the other complacently, "whist! to yer lobster."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

DRUNKARDS CURED IN THREE DAYS By the Gatlin Treatment.

We guarantee more permanent cures than all other so called "Drink Cure" institutions combined. We number among our most successful cases some of the most prominent men of all professions and callings.

Written guarantee is given each Patient to positively cure in 3 days, or money is promptly refunded.

Absolute privacy, ideal location, certificated nurses, and every convenience for the comfort and well-being of all patients.

The Gatlin Home Treatment is for those who cannot find it convenient to come to the Institute. Certificated nurse can be sent within a reasonable distance, without extra charge.

PAIN IN MY BACK IS ALL GONE

Since I Got a Box of Gin Pills

CHURCH ST., CORNWALLIS, N.B. January 23rd.

"About a year ago, I was suffering so much with a dreadful Lame Back and Hips, that I could not stand up straight. I was informed by a friend about GIN PILLS. I got a box. It helped me immediately. I have taken about twelve boxes and the pains in my back and hips are all gone. I cannot speak too highly of the wonderful effects of your GIN PILLS."

B. C. DAVID.

Liniments and plasters won't cure Lame Back—because they never reach the part that is causing the pain. The whole trouble is with the Kidneys and you must cure the Kidneys in order to stop the pain. GIN PILLS cure weak, sick, strained Kidneys as nothing else will. GIN PILLS drive away the pain every time—or your money promptly refunded. 50c a box, 6 for \$2.50. Sample free if you write National Drug & Chemical Co. of Canada, Limited, Toronto.

MANGA-TONE BLOOD AND NERVE TABLETS help pale, nervous women to get well. 50c a box. 199

What Cures Eczema?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D.D.D. PRESCRIPTION as made in the D.D.D. Laboratories of Toronto can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it, although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. PRESCRIPTION.

Drop into our store today and let us tell you more about D. D. D. Ask us also about D. D. D. Soap; it helps.—A. McG. McDonald.

GOOD GROCERIES ARE THE CHEAPEST.

The reason some people buy their groceries outside of this store is: They think they can buy cheaper. They are right. They get cheaper goods at a fraction of a cent less. They lose all the pleasure of eating too. Our grocery patrons get the best quality of groceries and they get correct weight.

Anything you want in the grocery line including Heinz 57 Goods, Crosse & Blackwell's, Fearman's best quality Smoked Meats, Christie's High class Biscuits, Sussex Creamery Butter, etc.

We will not allow inferior groceries to come into our store. "Weigh" the question of where to buy your Groceries. Give us at first only a part of your trade. Our good things to eat will gain for us the balance of your business.

B. A. MOWAT,
PHONE, 23. GENERAL STORE

DALHOUSIE

Dalhousie, N. B., Oct. 1st.—The summer visitors having about all left our quaint little town after a very enjoyable season, it is now in order to devise plans for the amusement of those who remain, and the ladies have inaugurated the sewing circle which is both amusing and profitable. The first evening of a series to be followed during the Autumn was given on Wednesday evening last when Mrs. C. H. LaBelle was hostess at a very enjoyable Thimble party. Mrs. James B. H. Storer receiving the prize, a fancy work bag, for the nearest button hole. Among those present were Mrs. Geo. Haddow, Mrs. W. A. R. Cragg, Mrs. H. A. Hilyard, Mrs. James B. H. Storer, Mrs. G. S. Robertson (St. John), Miss Albert Mott, Mrs. P. B. Troy, Mrs. John Baldwin, Mrs. R. J. Coleman, Mrs. Frank Barbeche, Mrs. Wm. Doherty, Mrs. L. D. Jones and Miss Lena Haddow.

Mrs. P. H. Sheehan entertained at a very enjoyable Bridge on Thursday evening last. The first prize was awarded to Mrs. H. A. Hilyard, while Miss Florine Doherty received the second. The gentlemen's first prize went to Mr. Arthur J. Hilyard and the second to Mr. James E. H. Storer. Among those present were Mr. and Mrs. R. A. Hilyard, Mr. and Mrs. James B. H. Storer, Mrs. G. S. Robertson (St. John), Miss Florine Doherty and Messrs J. W. MacDonald, E. R. Richard, Arthur J. Hilyard, Wm. Smith, and Harry Hubert.

Mr. Bernie Connors of Winnipeg, who has been visiting his aunt, the Misses Phillips for a couple of weeks, returned to the West on Thursday last.

Mr. and Mrs. Andrew Barberie attended the Chatham Exhibition.

Dr. and Mrs. E. Q. Spalding spent Thursday last in Campbellton.

Miss Amanda Babineau of Chatham spent a few days here last week, the guest of Miss Marie LeBlanc.

Mr. Willie Duncan of New York arrived here Thursday to spend some time with his parents, Mr. and Mrs. James Duncan.

Miss Frances Smith of Fredericton is spending a few weeks here a guest at Glen Cottage.

Mrs. James E. H. Storer and little son left for Bathurst on Saturday. While there Mrs. Storer will be the guest of her parents, Mr. and Mrs. Henry Bishop.

Miss Edith Stewart of St. Omer, P. Q., is spending a few days here the guest of the Misses Stewart, Glen Cottage.

Rev. R. J. Coleman spent a couple of days in Jacquet River last week.

Mr. Thomas Hayes of Nash Creek was a visitor to town on Wednesday last.

Mr. Harry Scott of Montreal arrived here on Saturday to spend a few weeks with his parents, Mr. and Mrs. T. G. Scott.

Mrs. Donald, wife of Mr. Edmond Donald, superintendent of one of the large cotton factories at Shawanigan Falls, P. Q., spent the week-end here with her two daughters, Dorothy and Clair, guests of Mrs. Thomas G. Scott. They were just returning from a visit to their old home in Windsor, N.S. They also spent a few days visiting friends in Moncton and Bathurst.

Miss Louise Barthe of Sussex, was here recently the guest of her parents Mr. and Mrs. Anthony Barthe.

Mrs. Albert Mott spent a couple of days in Campbellton last week, the guest of Mr. and Mrs. S. H. Lingley.

On Saturday evening last Mrs. P. H. Sheehan was hostess at a very enjoyable sewing party.

Miss Marie White who has been visiting Miss Margaret Baldwin for a couple of weeks, returned to Bathurst on Monday's Limited.

Mrs. H. S. Alexander, Campbellton, Mrs. W. B. Murdoch and Miss F. Murdoch, Amherst, N. S., came to Dalhousie on Saturday by S. S. Canada.

Mr. and Mrs. H. Trudelle and Mrs. Trudelle's sister, Miss Blanche Mercier, left Montreal on the 25th ulto. for Edmonton, Alta.

Mr. E. McKay and his sister, Miss McKay of Renfrew, Ont., are spending a few weeks here guests at Glen Cottage.

Mr. Palmer of Dorchester, N.B., spent Sunday with his friends Mr. and Mrs. Lloyd McEwan at Miguasha, P. Q.

Miss Rosalind Ferguson spent a few days in Bathurst last week, the guest of Mrs. Arthur Ferguson.

Mrs. John Power and her grandson Master George Conren, left on Tuesday for Boston, West Somerville and Dorchester, U. S., to visit their relations. Mrs. Power will reside in future with her son Ambrose at West Somerville, Mass.

Mr. and Mrs. A. Francy, Kentville, N. S., have been here since last week. They have come to take charge of the Royal Hotel, recently purchased. Improvements are being made to the house which has been closed since local option came in force in the shire-town. The opening of the Royal Hotel will provide a place of entertainment badly needed in the east end of the town. The Royal is splendidly located on William Street, near the retail stores of the town and will be found convenient for the commercial men.

Among the recent arrivals in town are E. A. Legallais, D. A. Stewart, M.L.A., Alex. McLennan, Campbellton, J. H. A. Adams and J. M. Lynch and two sons, Matapedia. Dr. Doucet has purchased a fine automobile. Mr. and Mrs. Henry Good motored to Chatham last week and took in the Exhibition. Rev. Dr. Polley of Pictou, N. S., preached in St. John's Presbyterian church on Sunday last.
