DRY KILN, DOOR AND SASH FACTORY

CAMPBELLTON, N. B.

HEAVY BOARD
If you are building or going to complete some substantial room, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.
Office Hours—7 A. M. to 4 P. M.

Manufacturers of:
STORE FRONT, STORE OFFICE, CHURCH FITTINGS, Wholesale and Retail Dealers in PUTTY, SERRAVALLO, RED and YELLOW OCHRES, METAL ROOFING and SHEDS, NEPONSSET, PAPERS and ROOFINGS, SHEET LEAD, and ZINC, PLAIN, FANCY, ART and PLATE GLASS, MIRRORS, LOVER SHOES, GENERAL BUILDING HARDWARE.

Manufacturers of:
SASHES, DOORS, MOULDINGS and GENERAL BUILDING MATERIAL, Wholesale and Retail Dealers in CEMENT, LIME, COMMON, PRESSED, and FIRE BRICKS, ROCKWALL, PLASTER, GASTONE, PLASTER, FARM TILE, DRAIN TILE, and FITTINGS, NAILS, SPIKES, PAINTS, OILS, VARNISHES, STAINS.

STOP! LOOK! We will equip your Gramophone with an Electric Motor for \$25.00. No winding, just press the button. We are agents for Unique, Cecilian, and Victor Gramophones and Records.

Our Stock consists of Social and Business Stationery, School and Office Supplies.

Fancy Goods, Sporting Goods, Flashlights, Fountain Pens, Toys and Decorations.

We have the latest in Story Books, Sheet Music Victor Records, etc.

We make a specialty of Picture Framing and Bicycle Repairing and carry a full line of Accessories.

Mail Orders promptly attended to, if sold out we will obtain it.

TOWN COUNCIL FRIDAY EVENING

Committee Appointed to Provide Temporary Hospital—Police-men Ask For More Pay

A meeting of the Town Council was held in the Council Chamber Friday evening. His Worship Mayor Alexander presiding. Couns. Miller, Patterson, Currie and Alexander were present.

His Worship said that Dr. Pinault had a few words to say to the Council and asked him to address them.

Dr. Pinault said that the influenza epidemic was serious and it was necessary to have a temporary hospital to handle cases which could not be cared for in homes or hotels. He spoke also of the necessity of having a number of nurses for families, all of whom were sick. The Board of Health had discussed the matter of a temporary hospital but had decided to leave the matter over for discussion with the Council. He as chairman of the Board of Health had consulted with the Sisters of the Hotel Dieu and they could be used for a hospital. They could permit the use of the building free of cost, the town to heat and provide patients. The Sisters would provide two nurses at regular nurses pay and would also provide food at \$1.00 per day per patient. He suggested that the Council appoint a committee to act with the Board of Health in this matter. With regard to nurses he suggested that the Mayor ask for volunteers as had been done in other towns.

His Worship said that the situation was serious and necessary steps should be taken promptly to check the epidemic.

Coun. Currie asked if it was expected that the Town would have to pay for the board of patients.

Dr. Pinault said that no doubt many would pay for their hospital attendance, but some might not be able to.

Coun. Patterson moved that a special committee be appointed to work with the Board of Health with regard to providing a temporary hospital, with authority to make necessary arrangements and procure supplies and that the offer as contained in letter from the Superior of the Hotel Dieu be accepted.—Carried.

The following committee was named by the Council, the Mayor, Couns. Currie and Champoux.

Mr. Maltais was present to ground rent for lot upon which fire hose shed in Ward III stands.

The matter was referred to the Fire Protection Committee.

A communication from Policemen Allard and Smith, asking for an increase of 10.00 per month was read.

Coun. Currie asked if it was necessary to have these two men. It took them three weeks to capture one man. He thought it would be better to let one man go and then give a good man a good salary.

The much talked matter of the removal of wooden buildings on Water street was again before the Council, and after discussion it was decided that the Council would not interfere with the Town Solicitor in dealing with this matter.

Various departmental accounts were passed and ordered paid.

Coun. Patterson said that it was current street talk that the Electric Light department was buying more coal than it needed and thus making it hard for others to get it. He would like to know how much coal had been received, and how much more was expected.

Coun. Harquail said that last winter, it was decided that the Electric Light Plant should have 1500 tons of peat coal. This was a grade of hard coal that private houses could not use. The Electric Light Department had placed orders with a number of dealers. But none would guarantee delivery. They might get a little over the amount mentioned but it was mighty good stock and they were lucky to get it. He thought they had about 1500 tons on hand with a few cars on the way. The Electric Light Department rendered an account of \$125.00 for dam-

ages done in moving the I. N. R. station building. The account was ordered rendered to the Canadian Government Railway.

The Council then adjourned.

STATEMENT OF G.W.V.A. CONCERTS

Proceeds Not As Large As Expected, Because of Health Regulations.

The entertainment given by the G. W. V. A. in the Opera House were very successful affairs, but the net proceeds were relatively small because the entertainments at Dalhousie and Athol had to be cancelled on account of the Board of Health regulations. The expenses for films, advertising and printing for the four entertainments had to be paid which cut down the amount very considerably.

The receipts were as follows:—
Sale of Tickets \$248.50
Expenses \$76.00
Films, four days 65.00
Rent Opera House 9.25
Adv. and Posters 11.50
Tickets 1.20
Expressage \$162.95
Balance on hand 85.55
Total \$248.50

The programs were paid for by the merchants who so kindly took advertising space on same.

The G. W. V. A. desires to thank all, especially the Tipperary girls, for the kind assistance in making the entertainments a success.

On our left brilliant infantry attacks, supported by a great concentration in guns, resulted after persistent efforts in the storming of Jigsaw Wood and the capture of the all-important Artillery Hill that lies between this wood and Boiry. In the operation we had the assistance of a few tanks.

Particularly fine has been the advance made along the Cambrai road, throughout much of which the troops engaged had both their flanks in the air. Such a position as the network of woods, heights and natural defenses comprised in the triangle Remy-

PROMINENT CITIZEN HAS PASSED AWAY

W. W. Doherty Died at his Home On Last Tuesday Evening.

The death of Mr. W. W. Doherty took place at his home here Tuesday after an illness extending over some months.

The deceased gentleman who was in his 78th year was born in Buctouche, Kent County, and moved to Campbellton when a young man, and for years successfully conducted two saw mills, which were after destroyed by fire.

These were not rebuilt, but shortly afterwards he erected a grist mill which he successfully operated up until the Campbellton fire, 1910. He was quite prominent in business circles. It was he who was instrumental in establishing the first telephone system in our town, having associated with him several other prominent citizens. This system the deceased was in charge of until taken over by the New Brunswick Telephone Co., ten or twelve years ago.

The late Mr. Doherty was the second Mayor of Campbellton, being elected to that high office in 1890. As Mayor, and in all other things in which he was interested he gave unbounded satisfaction. He also represented Ward I. as Councillor on various occasions at the Council Board, and ever had the best interests of our town at heart.

At the time of his death he held the position of Wharfinger, being appointed to this office some five or six years ago.

He leaves to mourn the loss of a devoted husband and a bereaved wife, and is also survived by one sister and four brothers. The brothers are David of Charlottetown, Joseph of Buctouche, Milton of Campbellton, Isaac of Vancouver, and Miss Sarah Doherty of Charlottetown.

To the bereaved family the heartfelt sympathy of all is extended.

PETIT ROCHER GIRL INJURED.

Sackville, Oct. 15.—A Miss Dixon of Petit Rocher, enroute to Prince Edward Island, jumped off the east bound Ocean Limited at Sackville station, last evening, before the train came to a standstill, and sustained serious injuries.

ages done in moving the I. N. R. station building. The account was ordered rendered to the Canadian Government Railway.

The Council then adjourned.

FELL IN FIGHT FOR CAMBRAI

Pte. George Matthews Falls Facing the Foe While Comrades Take Cambrai

Readers of the Graphic who a few weeks ago read that Pte. George Matthews had been killed in action were deeply grieved as wherever George was known he was a general favorite. A boy at heart, he was always full of fun and merriment, and while here with the 132nd Battalion, as Sergeant he was very popular.

We reproduce from "Canada" the Journal published in England for the Cambrai Road where Pte. Matthews together with so many other boys of the Fighting 26th were killed or wounded, but defeated the Germans.

Along the Cambrai Road, August 28, Later.

After very hard fighting all day the entire front of the Canadians has been pushed forward to a depth of 12,000 yards from the "jumping-off" point on Monday last, and it is now in possession of the strong enemy advance positions in front of what he had advertised as his main line of resistance, Drocourt-Queant. Deep penetration has been made into that line east of Boiry and also east of Vis-en-Artois.

On our left brilliant infantry attacks, supported by a great concentration in guns, resulted after persistent efforts in the storming of Jigsaw Wood and the capture of the all-important Artillery Hill that lies between this wood and Boiry. In the operation we had the assistance of a few tanks.

Particularly fine has been the advance made along the Cambrai road, throughout much of which the troops engaged had both their flanks in the air. Such a position as the network of woods, heights and natural defenses comprised in the triangle Remy-

PTE. GEO. A. MATTHEWS Killed in Action.

Vis-en-Artois-Haucourt was only taken through the utmost resolution and gallantry of the troops engaged, who, though they had been in action three days pushed forward unflinching of heavy loss and intent only on attaining their objective. The enemy all along the line has stiffened his defense to the utmost, and we have identified units of no less than a dozen divisions, who held Jigsaw Wood with three companies and 16 machine guns to each, with orders to resist to the death.

His determination to cling to all cost to his chosen line of defense was shown early this evening, when an entirely fresh division was brought hurriedly up from Douai and thrown in a counter-attack on our troops in front of Jigsaw Wood and Boiry, but it failed. They held their ground and demonstrated once again the superiority of the Canadian soldier, even against overwhelming numbers. Our machine gunners are doing great work. Too much praise cannot be given our signallers, who, working under heavy cross shell fire, have maintained over a broken and blasted country wire connection between the scattered units and their headquarters.

It is fine to-day. Our troops this week have been fighting under miserable conditions—constantly drenched to the skin by torrential rains and ploughing their way forward in a sea of mud. The roads have suffered,

and the work of the transport, forward movement of batteries, and so on, has been hampered by the weather. But the chalky soil drains quickly; the sun shines; all goes well.

Pte. George Albert Matthews, son of Mr. and Mrs. A. Z. Matthews was born at Campbellton and was twenty-seven years of age on the 23rd of July. In 1911 he entered the employ of the C. G. R. in the electrical department at Moncton, but later was given charge of the electrical signal work of the Campbellton-Mont Joli section and was in such capacity when he enlisted with the 132nd North Shore Battalion, with which regiment he went to England. In February 1918 he was sent to France with reinforcements for the Fighting 26th and served with that Battalion until he was killed as above stated.

Like every other Canadian soldier he has done his duty valiantly and without complaint. All honor to the gallant boys who have fallen.

EPIDEMIC SERIOUS IN RESTIGOUCHE

Many New Cases in Camp During Past Week—Few Serious

The influenza epidemic which struck Campbellton last week is still on the increase and it is estimated that there are now over four hundred cases here. Of these about a hundred are bad cases, while about thirty are serious. Only one death, a child, has so far resulted.

The committee appointed by the Town Council to provide a temporary hospital got to work Saturday and prepared two wards for the receipt of patients and by Saturday evening twelve cots were occupied, and Sunday there was a call for further beds.

The work at the Hospital is progressing favorably, but the matter of nurses or women to help is a serious one. Two Sisters are in charge, one at night and one by day, but as there are now twenty-one cases in the hospital, it is impossible for them to give the attention to patients, some of whom have pneumonia, they require.

The committee sent out a call for volunteer nurses or women whom would help, but the response was disappointing. Three of the V. A. D. girls have assisted and two or three women have done what they could, but each day the committee has been forced to go from house to house in an endeavor to get some assistance.

The matter is so important and the call for help so insistent that something should be done. Dr. Roberts in speaking of this matter says:—

"We want trained nurses and just plain old-fashioned household nurses in the very worst way. In various parts of the province where mothers and fathers are lying seriously ill, the little ones are suffering for care and attention, as well as the patient. The great need is for women with big hearts and souls who will volunteer

VICTORY LOAN AT SHIRETOWN

Committee At Work and Solicitors to Sell Bonds Appointed—Expect Big Sale.

Dalhousie, Oct. 17.—A very enthusiastic meeting of the members of the Victory Loan Committee. Dalhousie was held in the Council Chamber here last evening. During three hours the committee viewed the situation in all its aspects. A complete list was made embracing the names of all persons in the town proper and outlying districts who might invest in Victory Bonds, copy of which is being sent to His Honor Judge McLachly.

Thos. G. Scott and S. Blanchard were appointed the collectors to select the sale of Victory Bonds in Dalhousie. Two better men could not be chosen, both are splendid types of citizens. Mr. Scott has two sons in the trenches and Mr. Blanchard is a member of the exemption board in Dalhousie.

The people of this district who have been so generous and anxious to help win the war will respond to the present call and invest their money in Victory Bonds.

CARD OF THANKS.
Mrs. G. McAllister wishes to thank her many friends for their kindness shown in her recent bereavement.

ANOTHER DEATH.
Campbellton citizens will be grieved to learn of the death of Aurelie LaCasse, which took place at the temporary hospital this afternoon of pneumonia, after a brief illness of pneumonia. Mr. LaCasse was on duty at his barber shop up to Saturday evening. This is the second death from the present epidemic.

for this work. No better kind of wartime work can be done than combatting the progress of this new disease right at home here."

So far as Campbellton is concerned this is just what is wanted. Women with big hearts, or courageous spirit. Surely Campbellton, which has done so well in war work will not fall down when it comes to looking after our own. Why cannot the various women's organizations take hold of this matter, we are sure they would succeed where "men" cannot. Any person who can assist should notify His Worship Mayor Alexander.

Two of the six doctors are down with the disease and another is out of town so that the remaining three are run off their feet.

While the epidemic is serious we should not become unduly alarmed. Always remember that if taken in time and the doctor called, only mild cases will result. The bad cases are those who go around for days with all the symptoms and only go to bed when forced to.

Rules to combat the disease have been distributed and should be read carefully.

Canada Calls On You To Save

Thrift is the outstanding quality which people at home must display in order to help win the war

One of the best incentives to thrift is a Savings Account in The Bank of Nova Scotia. It is a pleasure to see it grow by systematic weekly deposits, however small

Memorial Service Held In Honor of Methodist Boys

Who Made the Supreme Sacrifice— Sermon By Rev. Mr. Rowley.

On Sunday evening, Sept. 30th, a memorial service in honor of the five young men from the Methodist Church who had fallen in the service of king and country was held in the Methodist church. Rev. Mr. Rowley preached a very fine sermon, and on request we give a short report of his address on that occasion.

There is more than there seems in the death of Jesus upon Calvary. Putting aside the theological and looking at the then condition of affairs; the state of country, the plotting of Jewish leaders, the customary summary dealings of the Roman with any uprising, we think we see from the civil view-point a necessity for the death of Jesus. And no man knew better than the Christ Himself. The disposition and attitude of Peter manifest in that quick action of smiting the servant of the high priest was the attitude of thousands of the common people. It needed but the match to start the whole land in a blaze. To save the country the Carpenter must die. There is significant truth in the words, "I give my life a ransom for many" and apart from any doctrinal motive that man was making a profound statement when he said, "It was expedient that one should die for the people."

He saved others, Himself, it would be better to read it this way, Himself he would not save.

And others by this sacrifice have fallen in the line of succession. We would not like to say that all of them saw their lives actuated, with faith, the same degree of moral intelligence, neither would we care to say that they were all moved with the same spirit of disinterested patriotism, but broadly speaking, we do believe that these men were constrained by the spirit of "Fair Play" which at the bottom is truly moral, by the danger and menace of the hour, by the serious gravity of the situation to face the hordes of the Hun in an effort to save common humanity. And I am proud of the privilege this evening to pay tribute to these men, Judson Nelson, Iotsford Busted, R. K. Norman, Fred Kelly, J. W. Clark, and George Matthews, lately killed in action and in whose memory we held the service this evening, who in the great struggle of the day, in the fiery trial of battle died to save others, but themselves could not save. Brethren these men who are yielding up their lives are the Saviors of civilization.

The main thought in Gutzkow's definition of civilization is that "it is human progress in true development."

And the emphasis is upon this "Human progress by or in true development. It is Progress in arts and science. Progress in moral intelligence which is the basis of all just administration. Progress in social sympathy, from which springs our charitable institutions, our fraternal societies, our labor unions, and our organizations to lift men and social service. Civilization expresses this, that the human race in its evaluation is reaching out to higher, truer existence and no true student of history can fail to see that in spite of many appearances to the contrary, the trend of life has been towards "That far off divine event to which the whole creation moves."

And further we think this true too, that when this "Progress by true development" has been seriously menaced in the crisis of the hour, Providence has provided the man and the men to save civilization. We look back to the time when Lars, Porcenci, false Sextus with a host of armies swept down upon the young republic of Rome. The Janiculum is taken. The city is apparently doomed.

"Then out spake brave Horatius, The Captain of the gate, To every man upon this earth Death cometh soon or late And how can men die better Than facing fearful odds, For the ashes of his fathers, And the temples of his Gods."

We think too of the unrest growing into the chaotic condition of affairs attendant upon the accession of Charles the 1st, to the throne, struggle in the Parliament, tyranny in the country, uprising in Scotland, wars France, war with the Dutch when there gradually loomed into prominence the figure of Oliver Cromwell. And

when the last word of civilization had been said, this still remains, Cromwell was the Savior of Civilization of the day. Reading his closing prayer one cannot help but feel that over the destiny of a nation that is struggling upward there is the guidance of the Divine.

Witness too the disruption in America. Progress is again in danger. The very life of the state as a state is threatened. The nation is plunged into conflict. But in the backwoods, in the country store, at the bar, the Almighty has seen his man, and when Abraham Lincoln said "certainly the negro is not our equal in color, perhaps not in many other respects, still in the right to put into his mouth the bread that his own hands have earned, he is the equal of every other man, white or black" he struck the note of true liberty.

And when upon the fields of Gettysburg he uttered those famous words of his, "It is for us the living rather to be dedicated here to the unfinished work of those who fought here, and have so far nobly advanced, that this nation under God shall have a new birth of freedom and that government of the people, by the people and for the people, shall not perish from the earth." He was sounding the note of victory, of triumph of the betterment of humanity.

Brethren, as never before has civilization been in danger of being overthrown as modern civilization has been in our day. I tremble to think of the British navy had been less strong and less efficient that it has been. For the onward march of those ruthless barbarians, with their utter disregard of any sort of law, with their inhuman, fiendish methods of warfare, with their wilful violation of the recognized common principles of human decency, with their cruel cold brutality, expressive of their military training, would have shattered the whole superstructure of the industrial and social life of the world.

Small wonder that men in our universities flung down their books, that artists left their studios, that ministers left their pulpits, that the freedom loving men of Australia, New Zealand, Canada and the United States from every walk of life offered their lives upon the altar of sacrifice and with every ounce of strength they possessed with all the moral courage they could command stood up against the foe and said

"They shall not pass."

In the hour of the world's greatest danger the prayer has been answered.

"God give us men
Men from every rank,
Fresh, free and frank,
Men of thought and reading
The nation's warfare speeding
Give us men, God give us men.
And the hand of Justice and truth
and mercy has given to us "The Saviors of Civilization."

But at the centre of civilization is the Christian Church. It is the inherent greatness of the soul of man that makes true progress possible, and Christianity, as an eminent historian states, elevates, nourishes, in-

spires the mind to reach out to its high destiny. The Christian Church then is the foundation upon which has been built that which is truly strong in human development. From the teaching of Jesus radiates the influence that is the inspiration of the best in modern progress. And it is that, this the very centre and support of humanity's truest interest, that has been in real danger. You will recall the words of William of Prussia "And my church of which I am, summus episcopus" he says, "in lecturing the office bearers upon their duties. And again "there is only one master in this country, that am I, who opposes me, I shall crush to pieces." He then is the dominating factor in the church as well as in the state. But the ruling passion of his life has been and is to make Germany great, and great by force of arms. He is religious but religion with him is subordinate to the regal militaristic idea. God is on his side, and on the side of the Fatherland to enable him to conquer because he has the strength to successfully over-ride any foe. There is no morality of war with him. Method is nothing so long as the end be accomplished. So then, taking the significance of the meaning of his own words at his door lies the responsibility to say the least, the countenancing of those things that have outraged and shocked the moral intelligence of the world. Apparently it is useless to protest. It seems only to aggravate the situation.

In vain, Cardinal Mercier wrote, "When foreigners from neutral countries, question us as to the manner in which the German invasion was conducted, and when we tell them of certain scenes to the horror of which, in spite of ourselves we are compelled to testify, we strive to lessen this impression, which the narrative would make, feeling that the naked truth passes the bounds of credibility. For we, through direct expression, now and then declare that the German army gave itself up in Belgium, in a hundred different places, to plundering, incendiarism, imprisonment, massacres and sacrileges, contrary to all justice and to every sentiment of humanity."

It was bad enough when the church controlled the state, this was the cause of much darkness and a source of much cruelty. The wheels of progress were chained. But to have the church controlled, dominated over by a government such as that represented by the autocratic militaristic personality of the Kaiser of Germany (for that is what the success of the German arms would mean) far better would it be for the whole world to be blotted out of existence. Not only has the superstructure of civilization been threatened but the very foundation, the Christian church, representing the teaching of Jesus, been in danger. And I am glad this evening, yes, I am proud, that men born of Christian parents, cradled in Christian homes, brought up under the influence of Christian teaching, taking membership at its altar, could not be held back by home ties, by lucrative positions, by parties in the church itself from the great awful battle of death to wickedness and foul sin by the strong arm of moral righteousness. These men are not only the saviors of civilization but they are the protection of the interests of the church of Christ.

Brethren, I would have in every town of any size, in the centre of it, a statue to the memory of these heroes falling now in battle. I would have the base of granite, on one side let there be chiselled the picture of a municipal building, on the other a factory with people issuing from its doors, on the third side a church edifice and on the fourth a public school with the children playing about it. I would have placed upon that granite base a great bronze figure of a Canadian private. Let there be a great wound in his breast, one hand clutching at it. Upon his face the look of death's agony. I would have placed in large letters, upon that granite base the words "The Savior of Civilization." While upon his belt I would put the words of our text, "He saved others, himself he could not save."

My friends, democracy is safe. The liberties of humans are preserved. Posterity will live in greater safety. The world will be all the better to live in because men like George Matthews fell fighting for God, for King, for Country. May the good Father give rest unto their souls. May the great Lord bless them with peace.

Substitute economy for waste. Use only such foods as contain the greatest amount of nourishment, with the least possible waste. No food meets these requirements more perfectly than

BAD SCALD

"Such relief I felt when I applied Zam-Buk to a badly scalded hand" writes Mrs. A. H. H. of 418 Timothy St., Montreal.

"I was standing near the stove when the kettle boiled over on my hand. I applied some ointment which I had in the house, but it did not ease the burning. The skin peeled off and the pain was so bad that I got no sleep for two nights. Then I commenced using Zam-Buk, and the first application gave me wonderful relief. It seemed to cool the burning so that I was able to sleep, and from then the scald began to heal. Zam-Buk grew new skin over the sore place and before long my hand was quite alright again."

Zam-Buk should always be kept in the house for cuts, burns, and scalds, and for eczema, ringworm, boils, pimples, blood-poisoning, ulcers, and all other skin troubles. All dealers of Zam-Buk Co., Toronto, 600 Bloor St. W. Tel. 51-55.

MADE IN CANADA

CANADIANS' PART IN THE CAPTURE OF CAMBRAI

Annihilated Germans Who Sought to Prevent Their Advance to Stronghold.

With the British Army on the Cambrai-St. Quentin front, Oct. 10.—(By the Associated Press).—By last night the British and Americans had reached a point where it was certain that the German lines, with probably one hard blow, could be cracked. As a matter of fact, cavalry might have gone through the German lines last night in considerable numbers. Only patrols were sent out, however, while the main bodies were held just back of the line.

After a night of heavy firing from the British guns, during which the sky seemed to blaze with flashes, the third and fourth armies again attacked this morning from Cambrai south to the front held by the French. At the same time Canadian and English troops, after a "crash" barrage launched a powerful attack extending some miles north from Cambrai.

For miles the front suddenly sprang into action. The Canadians had been going at one place just north of Cambrai, but with great gallantry swept on after annihilating the Germans who tried to bar their way. From there on the resistance weakened, and the Canadians, with the English, hurried eastward, smothering the usual screen of German machine gunners as they went.

Canadian and British troops met in the centre of Cambrai, which was entered from both north and south and quickly mopped up.

Many Germans had escaped, but many hundreds who had been held there to launch a counter-attack were either killed or captured. Some of the enemy troops are still in deep cellars two stories under ground and in the tunnels the Germans dug during their occupation of the city. These are being routed out and sent back to the cages.

Although many fires were started by the Germans the town was found not to be as badly damaged as had been feared. The solid buildings withstood the flames well. It was quite evident, however, that it was no fault of the Germans that the city had not been levelled to the ground by the many fires they had kindled.

South of the city the third and fourth armies rapidly overcame enemy opposition. The Germans started fleeing soon after the attack began, for they realized they were fighting a battle in which they could hope for no success. The front line for twenty miles began moving rapidly eastward. Then came reports from airplanes, with which the sky was literally crowded, that Wambaix had been taken. Soon the capture of Harcourt was reported. From then on tidings

A LIFETIME OF SUFFERING

Prevented by "Fruit-a-lives" The Wonderful Fruit Medicine

23 MANROBERT ST., HULL, QUE.
"In my opinion, no other medicine is so good as 'Fruit-a-lives' for Indigestion and Constipation."

For years, I suffered with these dreaded diseases, trying all kinds of treatments until I was told I was incurable.

One day a friend told me to try 'Fruit-a-lives'. To my surprise, I found this medicine gave immediate relief, and in a short time I was all right again."

DONAT LALONDE

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

came in rapid succession, of villages falling before the allied advance.

Selvigny, Caullery, Ligny, Montigny and Marets were quickly reached and passed and soon the Allies were closing in on Cauchy and Bertry. At the same time from the north it was reported that Escadourves, east of Cambrai, had been taken and that Inchy was being approached.

The Cambrai-Lez-lez road was crossed and then the railway between St. Quentin and Bertry was cut. Sebecourt was then in sight and Montzinc Notre Dame, further south had been reached by the French. By that time it was clear the enemy was badly smashed and that the British and Americans stood on the threshold of the wide open country.

It was about that time that the cavalry, which had been waiting, poured through the wide breach in the now shattered Hindenburg system and streamed out into the country beyond. Fast "whipped" tanks and armored cars also dashed forward and came into action. They performed extremely valuable services in pursuing the fleeing Germans, killing many and rounding up a large number of prisoners. They smashed down strong points held by rear guards who had been waiting for the cavalry, knowing that it had come through the line.

Cavalry forces are now apparently well east of the towns reported captured. The Allies have thus broken the Germans north and south, for many miles are endangered, for their lines are being turned. Retreats on a broader scale than that now in progress may, therefore, be expected.

Such a thing as troops who have town ten thousand yards from the just attacked marching through a place where they started is a thing that has not happened in this war for a long time. Such a thing could only happen now, when the enemy is defeated, disorganized, disheartened and running for his very existence. The troops at Bertry did not tarry there, but swept right on marching.

Where the Germans will stop is of course, impossible to tell. In many cases batteries would gallop over the rolling plains of Artois. They would stop, wheel about and fire for a while, then dash on and repeat the performance. This has developed from a battle of movement to one of very rapid movement.

There is no intention to let the Germans get a chance to regain their breath and organize their smashed forces. The British are absolutely confident they can break down any line the Germans may place in front of them.

The ground in this locality is soaked with German blood and covered with German dead.

Optional.

First Coloured Gent.—"I don't believe it's constitutional to draft a man and make him fight."

Second Coloured Gent.—"Boy, they don't make you fight. They just send you to France, puts you in a trench, and when the Germans charge at you they just leave it to our best judgment whether you better fight or not!"

THERE'S A WARNING IN TRADE FIGURES

Our Unstable Financial Position Indicated—Thrift Will Make Canada Secure.

For those who understand Canada's financial conditions there is a significant lesson in trade figures recently issued from Ottawa.

For the first five months of the present fiscal year there was a decrease in Canada's foreign trade of \$270,000,000 or about 20 per cent. There was a great falling off alike in manufactures and agricultural products exported. The trade was \$875,000,000, compared with \$1,146,000,000 a year ago.

These figures tell in potent terms of the instability of present conditions. Our trade though still large and healthy, is on an insecure and unending foundation. War conditions have created a fictitious prosperity. There may be no reason for alarm but there is reason for caution. The Government must watch and prepare, so should the individuals. Few Canadians but are affected in some way by the present conditions. The wise ones will prepare by practising thrift now.

The Nation can be no stronger than its individual citizens.

LATEST REGULATIONS FOR FLOUR AND SUGAR

Flour.

(1) Dealers must sell consumers one pound of substitute with each four pounds of wheat flour; there must be included in substitutes one pound of some cereal flour with each ten pounds of standard flour.

(2) Consumers must use 20 per cent. of substitutes in bread, pastry, or bakery products. This applies alike to private homes, bakeries, public eating places and to lumber or other camps exempt from the eating house regulations.

(3) Grain, bran, middlings, or other feeds meant for animal use cannot be classed as substitutes.

(4) Wholesale dealers must sell substitutes to all retailers or bakers unless assured that a sufficient supply has been otherwise secured. Lumbermen must purchase substitutes with flour.

(5) No private families living within two miles of a licensed dealer can purchase more than 15 days' supply of flour at one time; if from two to five miles distant the limit is 30 days; from five to ten miles distant not more than 60 days.

(6) The export of flour or sale for export is strictly prohibited.

(7) Prices for substitutes must be reasonable.

Sugar.

(1) A private family living within two miles of a licensed dealer may purchase sugar at one time to the amount of a 15 days' supply, including a reasonable amount therein for preserving fruits. A certificate for such sale is not needed.

(2) A private family serving meals for pay, but not required to have a license, may purchase a sugar supply as mentioned in (1) above. Dealers must ascertain the facts; for if 15 meals a day are served for pay a public eating house license and sugar certificate is necessary for purchase.

(3) Retail dealers purchase sugar on their license number.

(4) All other purchasers must buy on certificate, and allotment received from the Canada Food Board, that is, all licensed eating places, bakeries, beer, syrup, candy, candy manufacturers, or other industries using sugar in production must present certificate. The drug store using sugar in pharmaceutical syrup must have a license and sugar certificate.

(5) Industries using sugar are in many cases compelled to use part or all of their allotment in yellow or soft sugars, and each consumer should take a fair portion of each purchase in sugars.

(6) The sale of sugar for export is prohibited.

(7) Dealers will use their influence to encourage the use of substitutes for sugar.

CHRISTMAS MAIL FOR CANADIANS OVERSEAS

Ottawa, Oct. 9.—The Postmaster-General announces that parcels for the Canadian expeditionary forces in France should be mailed in time to be dispatched from Canadian points not later than the middle of November. Transportation is congested during the Christmas season and those who are sending parcels to friends in the trenches are urged to post them early if they wish to have them delivered by Christmas.

"MURCHIE LIES."

These are the words of Commissioner Friel.

But did Murchie do anything more than merely lie.

Is it not a fact that Murchie, in this particular case committed perjury twice. First, when he made his report to the Crown Land department, when he was under oath, yet he deliberately violated the oath and sent in a false report. Murchie committed perjury.

Second, when he made, or assisted in making and signed his affidavit setting forth his facts upon which the charges upon Hon. Wm. Currie were based. Again he swore to something he knew was false. Murchie again committed perjury.

Disregard for his oath was not a new experience for Murchie. He had committed perjury so many times, with impunity, that another more or less would not matter. Those who heard Murchie's evidence a year or two ago at an investigation before a committee of the County Council will remember now that they know the man, that it was another case of "Murchie lied." The committee at that time ignored Murchie's evidence just as Commissioner Friel did at this later date.

What is the Attorney General going to do in regard to this perjury. Is he to be allowed to run at large, and by his lying tongue blast the fair name of our public men because they happen to be of a different shade of politics from those upon whose coat tails he clings. Murchie is a dangerous man. Any man who has no respect for his oath, a perjurer, is not fit to go at large. There is only one place for such, and the law has provided the way and civilization the place.

It is certainly the duty of the Attorney General to take the necessary steps to bring the perjurer to justice. Murchie is worse than a highway man who robs the wayfarer of his purse. He is he who would rob citizens of their fair name.

Mr. Attorney General the citizens of Restigouche demand you to do your duty.

FIGHT ON!

We must fight on. The German army is cracking. But it has to be broken yet. Peace, while it stands unshattered in the West, would spell the death of all our hopes. There can be no safety, no assurance, for humanity until that foul machine of murder, lust and rapine is broken and broken past all mending.

We must fight on. By all the sacrifice and suffering of the past four years, by all that is at stake to-day, by all our hopes for the future of a world set free, we must not falter now.

We must fight on. And you, who read—you must aid our fighters, share your war-prosperity with these heroes. Stint yourself to do it. That—no less—is the appeal that is coming with Canada's 1918 Victory Loan. Your money is needed to arm and equip those who sustain your cause.

As you guard your honor, as you value your freedom, as you care for your home, as you love your loved ones, save to lend.

Here is the way a New Yorker puts it:

Fighting until they are shot down, pretesting as they are carried off the field, laughing while they suffer and giving with their last breath, these are the boys we are buying bonds to help. It seems unfeeling that we should remind ourselves that we are only lending, that we are benefiting ourselves with every bond we buy. The very least that we can do is to lend to the utmost—"Lend the way they fight"—never stopping to count the cost. Bonds are being sold to help bring to a triumphant finish this crusade against the blackest evil in the world. Every bond you can buy will help to the full value of every dollar it represents and to the full value if every ounce of patriotism you can put back of it.

We do not notice the St. John Globe or the Standard asking for the resignation of Hon. Mr. Baxter and Mr. Jones, M. P. P. who are figuring so

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. A. Lynch, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

prominently in the "patriotic potato" investigation. But of course they are in a different class from Hon. Mr. Currie.

POPULAR MANAGER OF

HAYDEN-GIBSON THEATRE GOES TO CAMPBELLTON.

Mr. S. C. Hurley, who has so ably filled the position of manager of the Hayden-Gibson theatre for several months has been transferred to Campbellton where he will open a new theatre in the F. G. Spencer circuit. Since coming here Mr. Hurley has been an efficient and zealous worker in the field of entertainment. He has used his best endeavors to make the Hayden-Gibson a clean and attractive play-house. He was always ready and willing to help in any local affairs, and on several occasions giving the theatre, for patriotic purposes, free of charge. His splendid personal qualities have won for him the goodwill and admiration of all our citizens. He goes with the best wishes of the whole community and the safe prediction that greater successes, in his chosen field, are in store for him.—Woodstock Sentinel.

FAIR FOOD PRICES.

How will the fair price food project work? In essence it is briefly told. Each municipal area having appointed its committee, will take evidence exactly as in a public inquiry. From this it will learn the average price at which merchants buy. Taking all local factors into consideration, the committee will then decide on a fair price which the consumer should pay. This must give the retailer a reasonable profit. If the findings do not conform to the notion of the majority of consumers in the district, they have the means either of verifying the committee's decision, or of having it immediately revised in the light of local knowledge. Is not this the essence of local self-government, carried out a step farther than has ever yet been done in Canada?

Consumers will be made acquainted with fair prices by means of statements, usually in table form, published in the local newspapers. Thus prices given below were those in force in Massachusetts counties during the week beginning October 3rd.

Flour—

Rye, \$10.75, 12.50 per barrel.

Rye, retailer pays, \$10.75, \$12.50 per barrel; consumer should pay, 6 1/2 cents per pound.

Barley, in bulk, retailer pays, \$9.50 \$12.00 per barrel; consumer should pay, 6 1/2 cents per pound.

Sugar—

Granulated, consumer should pay, 10-11 cents per pound.

Canned Salmon, retailer pays, \$2.00, \$2.25 per 1 dozen case; consumer should pay, 29-34 cents per can.

Potatoes, white, retailer pays \$1.25 \$2.25 per 100 pounds; consumer should pay, 3-4 cents per pound.

Shakespeare was handicapped because there was no automobile in his day to blow up and kill the villains in his plays.

CASUALTY LIST

I. McIntosh, Bathurst, N. B.

Died of Wounds—

Corp. J. McManus, Bathurst, N. B.

R. Daley, St. John's, N. B.

Mr. Wm. LeBlanc of Maple Green,

has received a telegram stating that his son Pte. Hector LeBlanc, Infantry,

is officially reported admitted to General Hospital suffering from shell gas, Sept. 30th.

Word has been received by Mrs. Melvin Shearer of this town, formerly of New Carlisle, Que., that her son,

Pte. T. Shearer, has been admitted to 32 Stationary Hospital, Wimeroux, on

Sept. 29th, with a gunshot wound in right thigh. Pte. Shearer was with the 13th Reserve Highlanders.

Mrs. Shearer has also received word that her son, Pte. Gordon Shearer

is seriously ill at St. John. He went overseas with the 189th Battalion and returned home last April.

Word was received here Sunday morning that Pte. Harry Travers of the 42nd Battalion, R. H. C. had been

gassed on October 2nd. Pte. Travers is a son of Mr. and Mrs. John A.

Travers of this town and enlisted in the 132nd Battalion.

On arriving in England was drafted to the 87th Grenadier Guards with which Battalion

he served until wounded and after spending some time in hospital he

was sent to the base, but was stricken with pleurisy. After being in hospitals

in England for some time he was again transferred to the 42nd

Battalion, R. H. C. and went to France in August. His many friends

wish him a speedy recovery.

Mrs. David Smith of this town has received a very interesting letter

from her brother, Pte. A. S. Cool, now in hospital in England recovering

from wounds which he received while fighting in France. Pte. Cool enlisted

with the 132nd Battalion but was later transferred to the 26th Battalion

in August 1917.

He writes that he was wounded on the 28th of August about two o'clock

in the afternoon and laid out in a shell hole for two days. He was hit

right through the chest, the bullet going under his left arm and coming

out through the right. He was taken to a British hospital in France where

he says that the British sister were very good to him, and later taken to England.

His wife, Mrs. A. S. Cool had also received a letter from Nursing Sister, E. Lillian Dickie, formerly of Charlott,

and a sister of Mrs. Howe Taylor's of this town. She writes that Pte. Cool

was her patient for three days and although the wound was a serious one,

that he would be alright.

SEED TRANSACTIONS OF THE GOVERNMENT

Premier Foster announced on Thursday that a report on the seed grain

transactions of the Department of Agriculture had been presented to the

government. The quantities of seed grain purchased were as follows:—

Wheat, 18,202 bushels; Oats 34,273 bushels; Barley 1,368 bushels; Buck-

wheat 25 bushels; Peas 80 bushels.

The total amount expended for seed wheat was \$173,804. Of that amount,

\$109,700 has already been received by the province. The amount outstanding

is only \$10,171 all of which is amply secured.

On the whole transaction the entire deficit to the province amounted to only \$106.

POINTED PARAGRAPHS.

More men would have indigestion if compelled to eat their words.

A woman never cares for the looks of a thing, if it is style.

Lots of people would rather not own things that they can borrow.

Domestic discord is an apple of which the man is the case gets the core.

When a woman begins to draw a man out she has a plan on tap for pulling him in.

If a woman loves a horse she is apt to love her husband—or anything else she can drive.

Don't be a victim of circumstances: help to shape circumstances by saving.

In Black and Natural Wolf, Fox and Tibbit, in sets or single pieces. Furs have advanced the same as other lines but our prices are right.

Girls' Coats

Made of Heavy Tweed in different styles. Sizes from 6 to 16 years.

Girls' and Children's Underwear

We are showing a big range of Underwear in Cotton, Union and Wool, in single or combination.

It will be to your advantage to come in and see what we are offering as some of the lines we are selling are below the actual cost price of today.

No need of sending out of town for goods which we are selling as you can buy just as cheap from us, and you see what you get.

HERO RETURNS HOME.

Sergt. Henry Arsenau, M. M., one of the original members of the original 26th Battalion arrived here en route to his home at St. John Evangeliste, Que., Friday morning. He was awarded the Military Medal for valor in the field and later was awarded a bar to his medal. Sergt. Arsenau was over three years in France, but has escaped without a wound. He returned to Canada in charge of wounded men and is spending a short furlough at his home. He is being warmly greeted by many friends.

ACKNOWLEDGES FUNDS.

A. R. Fraser, Esq., Manager Bank of Nova Scotia, Dalhousie, N. B.

Dear Mr. Fraser:—Please accept our thanks for your remittance of three hundred and twenty seven dollars and fifty cents (\$327.51) for the Navy League, being the proceeds of an entertainment held by the Dalhousie Navy League at the Inch Arran Hotel, on Sept. 19th.

This is a splendid addition to the Campaign fund, and I think that you are all to be congratulated on the successful outcome of the entertainment, and the thanks of our Executive are due to all who took part in making it a success, and especially to Mr. and Mrs. Dean.

I will have much pleasure in handing your check to our Treasurer. Yours very truly, C. B. ALLAN, Secretary.

DALHOUSIE

Dalhousie, Oct. 15.—The resolution passed at the meeting of the County Council of the County of Bonaventure, E. Q. held at New Carlisle, on Sept. 11th last demanding the Quebec Government to take steps, that all the lumber cut in the County of Bonaventure, be manufactured within the boundaries of that country is the most important question that ever came before any municipal body in any one of the four counties fronting on the Bay of Chaleur. While reference is made to the lumber that is taken to Bathurst, from the Bonaventure River, etc., special attention is directed to the PQ Lumber Co., whose large lumber mill recently erected in Dalhousie, and who own 297 square miles of timber limits on the Nouvelle River, P. Q. The PQ Lumber Co. are the successors in Nouvelle and Shoolbred, of Messrs. Douaher & Miland, who for a long time failed to exploit their limits with any degree of activity. One reason given for this extraordinary move and the main one, is that the farmers of the County of Bonaventure, owning fertile farms, will be forced to neglect them, or if they make a profit it will be lost in expenses in transporting their products to New Brunswick. Everybody will admit that in the world over the farmers who go to the towns and cities with their products get the best prices and are certain of selling everything they have and at all seasons of the year. The natural markets for the people of the Bay of Chaleur are the towns of Campbellton, Dalhousie and Bathurst. Besides the great outlet that is found in the three towns mentioned for produce of all kinds, the people from all the Bay of Chaleur parishes find employment. In fact the large majority of men who are working in our mills belong to the Province of Quebec.

No person will contradict the fact that the owners of large timber limits must consider every phase of the question when they decide to erect a mill. The comfort and convenience of the laboring man is carefully considered. It will be admitted on all sides that in the three towns mentioned there is everything to suit not only the convenience of the mill owners, and laboring men have much to be thankful for. The mill owner has the advantage of convenient railway for the accommodation for shipping, boom for the protection of the logs, good harbours for shipping by water, etc. The laboring man who with their two daughters and near casts his lot in one of our towns, finds their son the Rev. Robert Haddow, boarding accommodation plentiful. If he decides to build a little home for himself, he finds suitable lots to build over half a century in the shiretown op, the advantage of splendid water and electric light system, churches for all denominations, public and convent schools, hospitals in two of the towns in case of accident or illness, amusement in our theatres and in winter in our curling and skating rinks, etc.

After this terrible war no doubt our best thought will be given to the study of problems that will result in greater improvement in every way for our town populations, which must ultimately result in bringing greater prosperity and comfort to our country districts as well. The blood that was shed and is being so shed every day on the battle fields of Europe, must not be shed in vain. We must build up our towns for greater things. Graft and selfishness and all narrow ideas must disappear and problems studied that will make our laboring classes prosperous and contented. With the return of ships after the war to our harbours the people of the County of Bonaventure, who seek employment will find lots of it and it is the first time in our history, after the people of Bonaventure County, especially in the upper parishes, have with the good results profited of the advantage of our towns markets that any complaint has been made.

The Quebec Government who know that the PQ Lumber Company built their large mill in Dalhousie, in good faith, and that they spent a large amount of money in logging operations on the Nouvelle River, and that they purchase a large quantity of produce from the farmers on the Quebec side, and that they employ in their

towing and in their operating at Dalhousie, a great many Quebec hands, will give this important matter very careful consideration.

At the entertainment recently held here celebrating the 50th anniversary of the Restigouche Masonic Lodge, Miss Geraldine Sheehan who arranged about the musical part, was presented with a magnificent bouquet of roses, with the compliments of the members of the Lodge. On Oct. 11th, she received the following letter in addition:

Dalhousie, N. B.
Oct. 11th, 1918.

Miss Geraldine Sheehan,

Dalhousie, N. B.

Dear Miss Sheehan:—

On behalf of the committee arranging the 50th Masonic Anniversary Celebration, and on behalf of Masonic Lodge of Dalhousie, N. B. I beg to convey to you and those associated with you in furnishing music for that occasion an expression of appreciation for your services.

I am,

Yours very truly,

(Sgd.) S. L. T. CLIFFORD.

Those who were associated with Miss Geraldine Sheehan in furnishing music at the Masonic Anniversary, were Mrs. Frank Matheson, Mr. Harry McMillan of Campbellton and Mr. Wallace Sheehan, Dalhousie.

Mr. E. Rene Richard, for the past seven years, clerk of the Circuit and County Courts, and clerk of the Peace for Restigouche County, and town council of Dalhousie, has removed to Sackville and has entered the firm of Powell, Trites & Richard. He is being welcomed back to the bar of his native county. He has the best wishes of many friends throughout New Brunswick.

Gunner Albert C. LaBillette is at home for a few days on leave. He joined the 6th Battery, Canadian Field Artillery at Petawawa Camp. The Battery is now located at St. John N. B.

The deep sympathy of the community goes to Mr. and Mrs. S. Blanchard, in the death of their daughter Florence Blanchard who was very much esteemed by all. She was of a very mild and kind disposition and the affection of all. Her funeral took place on Saturday at 9 a.m. to the R. C. church, where an impressive service was held. Interment was made in the R. C. cemetery.

Mr. and Mrs. George Haddow, who have sold their home Bonnie Brae to Mr. W. A. R. Cragg, manager of the Royal Bank of Canada, Dalhousie, intend leaving for Toronto this week. They will make their future home water, etc. The laboring man who with their two daughters and near casts his lot in one of our towns, finds their son the Rev. Robert Haddow, boarding accommodation plentiful. If he decides to build a little home for himself, he finds suitable lots to build over half a century in the shiretown op, the advantage of splendid water and electric light system, churches for all denominations, public and convent schools, hospitals in two of the towns in case of accident or illness, amusement in our theatres and in winter in our curling and skating rinks, etc.

Miss Haddow, who follows her parents to the great Ontario capital goes away from her native town, with the best wishes of all our citizens. She will be missed in church and patriotic circles. She was always ready and anxious to use her many talents for every good cause.

Mr. Stockton Barberie, of Montreal, is spending a few days with his mother Mrs. J. C. Barberie.

H. L. Sorer, who devotes part of his time to insurance business was agreeably surprised recently with the visit of Mr. Thos. Barrell, General Manager for the Merchants Casualty Company of Moncton, who presented him with a ladies platinum ring set with diamonds result of a contest amongst all the agents of New Brunswick, producing the most business in which Mr. Sorer succeeded in placing himself the fourth at the close of the contest. It may be stated that the Merchants Casualty Company has succeeded in getting the full confidence of the public through the promptitude and generosity in settling claims, which have been plentiful in the shiretown.

To-day a young man was seen sitting in a wagon in front of one of our stores with a face that resembled a very bad case of small pox. It was soon discovered that he had visited a town doctor, who on seeing him,

exclaimed, why you are sick with small pox! The young man who was with his mother hurried home to one of the back settlements, where he will receive the attention required. No doubt our Board of Health will take steps to prevent the spreading of this loathsome disease. Another case is reported in another house in Mountain Brook, a neighbour of the first case mentioned.

There is no improvement in the health of Mrs. John Barberie, Her daughter, Mrs. Wm. McKean, of Halifax, N. S., has been summoned to her bed-side.

Miss Anna Poirier, Upper Balmoral, is spending a few days in Dalhousie the guest of her sister Mrs. Frank Senette. She is busy canvassing for subscriptions for the Acadian organ L'Evangeline. There is a contest going on to increase the subscription list of the paper which will close at the end of October. Miss Poirier stands a good chance of capturing the first prize, which is \$100. Several young ladies in our northern counties are in the contest. The Evangeline is doing splendid work among the Acadian people. It is independent in politics. The motto of the paper is the uplifting of the French people that they may be a credit to the flag that has protected them, for centuries. Miss Poirier who has done splendid work as a teacher, etc., should be encouraged.

Helping Nature,—the Key to Good Health

Watch for these Symptoms

Kidney or Bladder affections don't develop seriously until Nature has given you plenty of warning that the trouble has commenced.

Constant headaches, dizziness, pain in the back or sides, swollen joints and ankles, brick dust deposits, or painful urination should make you realize positively and beyond doubt that your kidneys are out of order and need assistance.

Nature is wise and never sends out unnecessary or foolish warnings. Her call is for help, and you must do your part by bringing relief to those overburdened kidneys, or suffer the consequences.

Rheumatism, Lumbago, Sciatica, Gravel, Stone in the Bladder, Neuralgia, etc., are all caused by inflamed or congested kidneys and the consequent deranged kidney action. Don't suffer the agonies produced by these diseases. Help Nature to relieve the congestion—to heal those inflamed kidneys and to make them strong once more—by taking GIN PILLS.

Gin Pills are the best remedy for Kidney and Bladder troubles on the market to-day. This is a fact proven by hundreds of testimonials. Try them and be sure of instant relief. For sale everywhere at 50c a box. A sample box free if you write to—

The National Drug & Chemical Co. of Canada, Limited, Toronto, Ontario, U. S. residents should address N. D. Co., Inc., 202 Main St., Buffalo, N.Y. 12

OVER ONE HUNDRED YEARS

JOHNSON'S

ANODYNE LINIMENT

(A Doctor's prescription for Internal and External use.)

A wonderful soothing, healing, pain-killing liniment for Cuts, Bruises, Burns, Throat, Croup, Chills, and all other ailments.

The students are preparing a concert for the 14th of October next which shall take place in the R. C. Church at 8 o'clock p.m. for the benefit of the School. The number of students enrolled this year is 47 and there is an average of 30 present during this busy season of harvesting.

The institution is, under the able direction of Miss Amelia Letourneau, who tried her First Class Examination for Normal School last July.

Suggestion on Eczema

It will take just a few moments to step in and ask us what our experience has been in the way of grateful customers with the soothing wash of oil, D. D. D. Your money back unless the first bottle relieves you. A. Mc DONALD, Druggist, Campbellton, N. B.

DDD

McDONALD, Druggist, Campbellton, N. B.

Why Canada must borrow money to carry on

Because Canada has put her hand to the plow and will not turn back:—

—our country is in the war on the side of liberty and justice and will stay in it till complete victory is won and the unspeakable Hun is smashed and beaten to the ground;

—a nation at war must make tremendous expenditures in cash to keep up her armies and supply them with munitions, food and clothing;

—Canada must finance many millions of dollars of export trade in food, munitions and supplies which Britain and our allies must have on credit;

—for these purposes Canada must

borrow hundreds of millions of dollars—

And, this money must be borrowed from the people of Canada:—

Therefore, Canada will presently come to her people for a new Victory Loan to carry on.

Canadians will loan the money by again buying Victory Bonds.

The national safety, the national honor and the national well-being require that each and every Canadian shall do his duty by lending to the nation every cent he can spare for this purpose.

Be ready when the call comes to see your country through in its great war work

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

How the Row Started.

Mr. Brown—"I had a queer dream last night, my dear. I thought I saw another man running off with you."

Mrs. Brown—"And what did you say to him?"

Mr. Brown—"I asked him what he was running for."

The first dollar saved is often the first step on the road to affluence.

Heaven helps those who help themselves. Moral—Save!

Ask yourself the question: "Do I expect my friends more than I am willing to give?"

OBITUARY

Word has been received of the death of Mr. Clifford Collins, who passed peacefully away at the Maine General Hospital, Portland, Maine, on Sept. 26th, after an illness of eight months, which he bore with christian fortitude.

Deceased was 28 years of age and was highly respected and esteemed by all who knew him. He leaves to mourn a wife, who was formerly Miss Gertrude Lunt of Portland, Maine, a mother, four sisters and one brother, of Black Point, N. B.

The late Mr. Collins having long been one of Black Point's respected citizens, his loss will be keenly felt by all with whom he came in contact.

The family have the sincere sympathy of the community in their bereavement.

Robert John St. Onge.

The death of Robert John St. Onge son of Mr. and Mrs. Robt. St. Onge of McKinnon Hill took place Monday, aged 19 years. The young man had been suffering from tuberculosis for some time, but his death came quite suddenly and unexpected. This is the second son Mr. and Mrs. St. Onge have lost within a year and the bereaved family have the heartfelt sympathy of all.

OPERA HOUSE CHANGE.

F. G. Spencer of St. John has taken over the Opera House at Campbellton and the theatres at Dalhousie and Athol. These theatres were formerly owned by S. W. Dimock, Campbellton, and lately managed by Dan McCrea. S. C. Hurley, who has been the manager at Woodstock, will look after the new houses, which will be thoroughly renovated. Mr. Spencer is well known in entertainment circles and has theatres in many cities and towns throughout the Maritime provinces.

ANNUAL REPORT OF THE NEW RICHMOND RED CROSS

During the year just closed the Officers and members of the New Richmond branch of the Canadian Red Cross Society have held ten business meetings for the purpose of arranging details in connection with the carrying on of our work, and also eleven working meetings for the purpose of making Red Cross supplies.

Five suppers were given by the five sections belonging to this district which were very successful, and at which considerable amounts of money were contributed to the funds of the Society.

The Black Cape supper was held at the home of Mrs. McRae's at which the sum of \$45.50 was collected. A social at the Manse at New Richmond brought \$7.25. The New Richmond West supper was at the house of Bertie Gilker and the sum of \$91.50 was collected there. New Richmond Centre at the home of Thompson Fallow's the sum of \$120 was collected. At Grand Cascadia at the home of Albert Robertson, the sum of \$234.70 was collected with an addition of \$30 from the Grand Cascadia Fishing Club. At Christmas a concert was given at which \$75.00 were raised.

The Society also made up and forwarded to the boys at the front 101 boxes at Christmas and 86 at Easter. These boxes contained cake, candy, socks, and many other comforts and were very much appreciated by the recipients and we have received many letters of thanks.

We are most grateful to our friends who have sent to their wool which has been most useful and has greatly helped our Society.

The results of the year's work has been in part the despatch of the following articles:—

80 pneumonia jackets, 65 personal, property bags, 408 pairs of socks, 15 nurses aprons.

In addition our Treasurer's report shows that we have raised and expended the following amounts.

Extracted from Treasurer's book of accounts and certified correct.

T. WILSON, Auditor

New Richmond, Que., Sept. 30th, 1918.

We have material on hand valued at \$240.00.

Respectfully submitted,

EVA T. CAMPBELL, New Richmond, Que.

Sept. 30th, 1918.

At the regular October business meeting of the Red Richmond Red Cross Branch a very pleasing part of the proceedings was the conferring of the honour of life membership upon Rev. E. J. and Mrs. Rattee, Mr. and Mrs. R. H. Montgomery.

Weekly working meetings have also been commenced.

F. E. SHEPARD AND COMPANY OUTFITTERS & FUR COCLES

BLACK CAPE

Mr. and Mrs. A. H. Stewart and family have left for Guelph, Ont., where they will reside.

Mr. and Mrs. James Campbell accompanied by Mrs. Steele Campbell have returned from a very enjoyable visit to Waltham, Mass., Portland, Me., and Montreal.

Mrs. J. C. Fair was called to Point La Garde on Monday, Sept. 30th, to attend the funeral of her father the late William Fair.

Miss Rhoda Fair service and Miss Bessie McLellan who have been in Massachusetts for the past two years are visiting their homes here.

Miss Bessie Cooke representing Miss Henderson of Campbellton was in Black Cape on the 9th and 7th with a full line of millinery.

Miss Cora Sellar of Sellarville and Miss Lila Willett of Dimock Creek were the guests of Mr. and Mrs. Robert Fair service on Sunday.

Miss Ruby Steele spent Thanksgiving in New Richmond with friends.

Mr. and Mrs. Felix Clery are being heartily congratulated by their many friends on an addition to their family. The new arrival is a little girl.

We are pleased to see that Pte. Loggie Woodman who has been overseas for some time, but lately been in St. John, N. B., suffering from shell shock has so far recovered to be able to return home here.

We regret to learn that Mrs. Easton McKensie and Mrs. J. A. Campbell are on the sick list. We wish them both a speedy recovery.

We regret to hear that Mr. Harold Campbell is in the hospital at Campbellton suffering from pneumonia, and the word that was received Sunday stated that his condition was serious.

We notice that the Quebec Oriental Railway Co., has issued a new time table one day giving us a fast service and the next a slow service. Why not give us the fast service daily?

CROSS POINT.

The following communication has been received in connection with the amount raised for the Canadian Red Cross Society by the ladies of the Municipality of Mann:—

185 Grand Allie, Quebec, Sept. 9th.

T. R. Busted, Esq., Dear Sir:—

I have much pleasure in acknowledging receipt of your Post Office order for \$58.53, a contribution to the Red Cross Society, and on behalf of the Committee, I would ask you to convey our grateful thanks to the ladies of Mann for this generous and acceptable donation to our funds.

Yours sincerely,

HELEN A. HOLT, Treasurer.

Red Cross Society.

SHIVES ATHOL.

The Spanish Influenza epidemic has been quite serious here during the past week, as it is said there are over seventy cases in this vicinity.

Mrs. Hendrickson of Dalhousie was the guest of Mrs. Fred Warman last week.

Friends of Miss L. Shannon will be pleased to hear that she is able to be about again after being confined to her home with diphtheria.

Mr. George Wilkins of Newcastle spent the week end at his home here.

Mr. Lambie who has been spending a few days here has returned to his home in Richibucto.

Monday, Thanksgiving Day passed very quietly here.

Friends of Mr. and Mrs. Adolphus Hacquell formerly of this place sympathize with them in their recent bereavement.
